Hello World

Targeted Manhattan Project Victim Presskitt

This large file is over 4 gigabytes and includes digital copies of war information from WWII and the Korean War that helps set the Cold War stage my family emerged from. That tale of of the JFK assassination, the RFK assassination, and other mysteries go deeper into history and the story of Joseph Kennedy Sr., and Franklin Delano Roosevelt. I beleie the Donegan family is the missing piece of the MK-ULTRA story. THere are some 10 or 15 self contained lins of sections from the main page that tells the overall story. NWCpresskitV1.zip (soon TargetedManhattanProjectVictimPressKit.zip) is the file name and unzips to standard HTML and image files with no scripting or anythings like it. Some PDF files are included in the directories that support the content.

The Pamphlets are teasers drawn from the books helping to tell so large a story

Cuba Mafia Pamphlet

Cuba and the Mafia drug dealers and gamblers and smugglers hoping to get Castro out is the best understood and most examined story of the Mafia. Yet these figures overthrew Gautama much earlier

and had planned to and did overthrow Indonesia much later than Cuba. The story of these Mobsters is introduced as occurring under Truman as early as 1951 though he said he intended the cloak of information gathering of a CIA more than dagger of wet division, and FDR who regretted it and Eisenhower-Nixon who engaged in world crimes under the espionage capability created by the FDR legislation. Eisenhower also came to warn of the military industrial complex and entities controlled by the CIA and US DOD but Nixon was its biggest advocate.

"*Marilyn Monroe was killed by drugs administered by thugs. Failure to solve that crime put JFK next in line*". That is text taken from a longer poem written by Bill Truels concluded the most extensive research into the death of Marilyn Monroe available and who had massive insights into the Deep State.

As Greek in Chicago he knew the story of Eugenia “Becca” Pappas Birth: 1944. Illinois, USA. Death: 1962 (aged 17-18). Chicago, Cook County, Illinois, USA. She had heard and repeated mobsters working for Sam Giancana left Chicago to fly to California to kill Marilyn Monroe. Becca was killed inher car by mobsters shortly thereafter and was found floating in the Chicago river.

Here is the Modus Operandi the mob used on Monroe. Chloral Hydrate and Nembutal were using in combination and delivered rectally. I Edward Paul Donegan suspect this barbiturate death was used as a toxic weapon on Dorothy Kilgallen too. The combination of these drugs act like the three drug protocol of lethal injections that paralyze the muscles of the body and including the heart and lung functions. In the case of Nembutal and Chloral Hydrate seizures and perhaps vomiting would be cause by an overdose except for the seizure

suppressant affects of drug combination.

Task 33 With Fallguys Pamphlet

The details story left by Train-yard Hobo and Guatemala overthrow veteran Chauncey Marvin Holt and the assassination of JFK in Coup d'état. The interlocking interwoven and forensically demonstrable confessions of those involved have solved the questions of history and are only now making headway against the lies we live under. This is an old story as history goes and thus is not in the forefront of the pubic mind but "*The Men Who Killed Kennedy*" remain (or their family members remain) in the forefront of politics, elected, and appointed offices today.

https://archive.org/download/genoracketeering_202001/Task33AndFallGuys.pdf

The Assassination of Brittany Murphy and Simon Monjack

As George W. Bush and Richard Chenney are leaving office their sleeper agent Barrac Obama Jr. built by the CIA and them is going to take office in early 2009. The killing machine of the CIA goes to work to hide that Obama Jr, a CIA project and that likely George H.W. Bush, Allen Dulles, Dick Cheney and others wer part of killing JFK to keep the plan on track and safe from being revealed to the public.

BrittanyMurphyCIAWadeAndBernardBarker.pdf

We Will Write Our Own HIstory Of The Republic

Despite attempts by Austin PD, Texas Department of Public Safety, the Los Angelee PD, Dalls PD, the FBI and CIA to silence truth tellers about these assassinations the truth can not be stopped and is largely out now already. It is gaining strength and the acceptance as Truth finally.

The Great Treason: High and Petite Treason in the USA

[image]

Chauncey Marvin Holt gives a deathbed confession he was a Hobo with Charles Harrelson and other CIA operatives organized by William King Harvey and others that assassinated JFK though he asserts some like himself were patsies who did not expect the outcome of JFK being assassinated by the team he was in providing support services to the team.

"Coup d'état (Chauncey Holt) When the shooting

started at 12:30, then immediately after the first shot, which was a weak type Of shot, I realized that this was not any simple demonstration. You know, in addition to the shots people were screaming and running in all directions. I didn't actually see the shooting although I was behind the picket fence within 35 yards Of the motorcade, but I didn't see it."

Extensive non-fiction that shows the 100 year history of the espionage covert Special Relationship between England and the USA that led in to the Kennedy Curse and how the Donegan (my own and other families secretly were tied to that history under Hidden Identities and Underground Railroads during several world wars.

Pillory: Tools and Fools of the USA

[image]

I try to write my book but really noxious cabbage hits me on the head from the side as I type. Spectacular Spectacular Spectacular. A spectacle of conflicts. How I am treated as teen-phile is a fight when they deny having treated me as that. The fights that people start with me retaliating for how I appear to be a teen-phile and the fight to write my book as the distraction of how I am being treated calls my attention away from writing. My books document the JFK ties to attacks on me that I am usign for law suite filings, police oversight filings https://www.austintexas.gov/department/office-police-oversight, books on history for, law suits I am writing as part of the fabric of works, etc., I also have provided the materials to the US Marshalls at

Corpus Christi court house as to assertions of crimial racketeering and public officials either involved or under threat. Letters to coronors are included, etc.,

Whoever knowingly engages in ***any conduct*** and thereby causes bodily injury to another person or damages the tangible property (including the home, its safety, or access to public facilities of office equipment) and office equipment) of another person (or patron of a [public] library), ***or threatens to do so***, with intent to retaliate against any person for- (1)the attendance of a witness or party at an official proceeding, or any testimony given or any record, document, or other object produced by a witness in an official proceeding; or (2)any information relating to the commission or possible commission of a Federal offense or a violation of conditions of probation, supervised release, parole, or release pending judicial proceedings given by a person to a law enforcement officer; or attempts to do so, shall be fined under this title or imprisoned not more than 20 years, or both.

Title 18 Chapter 73 Obstruction of Justice - Witness suppression. Most have told me what I would be killed over. Every day. They the Cabal know the whole story and are suppressing it. I am being assaulted by a JavaScript methodically running abusive carefully engineered Black Propaganda (smear of a person publicly) fraudulent themes that are an elaborate hoax paraded in public before the public. It has never changed. In substance and processes the criminal intent has been to stop my writing, stop any allies form forming with me, and stop available resources needed to write my book.

I can write five percent of the time I had available in my apartment even stalked when I was in it.

If you want to understand **Title 18 Chapter 73** of US Criminal Codes may I recommend to the work of the great Ralph Thomas *SILENCED! Strange Deaths Of People Who Knew Too Much About The JFK Assassination: 92 Witnesses, Researchers, CIA Agents, Police Officers, Reporters, Girlfriends Who Just Knew Way Too Much!*

My book Pillory (crucifying me on phony allegations) takes the the from of a fictional book as a speculative simulation between the Donegan's, Kennedy family, and others in Boston and how because of the Donegan factual history in that matter led to a Mockingbird pillory of me by the CIA, FBI, and others when my and other evidence on the JFK and RFK and other murders should not be retaliated against or conspired against by the very agencies this information should be useful to in those agencies and the US sovereign self-interest. In the fictional version RFK escapes assassination and we will learn of the underlying connection between Marilyn Monroe and Dysgraphic Albert Einstein.

Ted L. Gunderson An Edited and Approving Biographical Anthology of his Life and Works

[image]

Ted Gunderson was the right-hand man to RFK fighting the mafia that was run by Vice President Richard Nixon in the 1946 to 1960 years. As the Kennedy's gained power in the USA and world global dirty business operations subverted the USA and other nations. JFK and RFK attempted to shut down the CIA but it was too globally located to respond to the US Presidency and and held too

much allegiance from British trained and supported Espionage in the USA operating as the US Government but through NGOs that again were difficult to control from inside the US Government. It would be comparable to NASA trying to control a long gone satellite past its available connections back to Earth.

A former senior official of the Federal Bureau of Investigation says “rogue” military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based “*gang stalking*” (harassment, intimidation and domestic terrorism) directed at thousands of U.S. citizens who have been extra judicially targeted as “dissidents” or *undesirables*.

“Based on my thirty years’ experience and research, I have determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States,” Gunderson stated in an October 2008 speech posted last fall on YouTube.

Written by the Right Hand: The Right Hand Operatives of the Cabal and the Dangerous Job They Undertook of Exposing its Secrets

[image]

Many leakers of the secrets of the JFK history have come forward. Deep State Cabal range from Mocking them to assassinating them to denying the

truth of revelations but history is being continuously revised as theories Lee Harvey Oswald was a patsy are gaining growing support. The patriots fighting against Free Masonry, Vatican history, Knights of Malta, Council on Foreign Relations, British Pilgrim Society all experience media abuse of their theories find any publicity at all but these patriots still speak out at the risk of their lives and leave death-bed statements.

MARY FERRELL FOUNDATION https://www.maryferrell.org/

CIA legend E. Howard Hunt.(img not shown here) In his 2007 book, discussions with his son, and a tape recording, Hunt outlined his "benchwarmer" role in a CIA plot to kill JFK.

Someone would have talked, so the saying goes. But people did talk about their involvement in the JFK assassination--some did so publicly, and some only to intimate associates. So, were at least some of them telling the truth?

Confession of Howard Hunt - CIA master spy and Watergate participant E. Howard Hunt named names to his son Saint John, and created a tape to be released after his death.

[Greatly factually enhancing the on-tape confession of his father St. John Hunt tells the story of the events he witnessed and lived within his family as Watergate occurred, the post WWII era in Japan under spy-masters and E. Averell Harriman, and his mother Dorothy later likely killed by the CIA in the UAL Flight 533 crash. Ed Donegan (myself) uses extensive content from his several published works. - edp]

https://www.amazon.com/Dorothy-Amoral-Dangerous-Woman-Watergates/dp/1634240375 My book tells of the Right Hand operatives of the spooks, hoods, and hidden elites and the children of them. The Burns Family or the Hunt or Donegan family. Generational changes from conspiracy to truth telling.

John Martino's Confessions - John Martino, who played a post-assassination role in the attempts to pin the murder on Castro, talked to his family and his lawyer about his peripheral involvement in the crime.

David Morales - We Took Care of That SOB - JMWAVE Chief Operations Officer David Morales, aka "El Indio," told lifelong friend Ruben Carbajal and business partner Robert Walton that "we" had taken care of Kennedy.

Santos Trafficante - It Should Have Been Bobby - "Mob lawyer" Frank Ragano wrote in his book that Santo Trafficante told him that he and Carlos Marcello "should have killed Bobby" instead of JFK.

James Files - Grassy Knoll Shooter? - James Files claims to have fired the fatal head shot from behind the grassy knoll fence.

Chauncey Holt - One of the Tramps? - Chauncey Holt says that he forged Oswald's "Hidell" ID card, among other activities, and is the oldest of the "three tramps" depicted in photos of Dallas on November 22, 1963. Holt names convicted murderer Charles Harrelson as one of his companions.

The list above is certainly not a complete list of confessions. Also, many other people have alleged

involvement with Lee Oswald or some aspect of the JFK assassination story, but not with the murder plot itself.

…

That many of those figures did kill JFK and others is well documented. What Jen Moore and Ted Gundderson and William Cooper were silenced over is the Deep State CIA that gained and retained power or more likely always held power except from 1961 to 1963. Jen Moore and Ed Donegan continue the work of Ted Gunderson, William Cooper, Phillip Marhsall and others telling the Bush Rockefeller DuPont Rothschild CIA truths to the world and the assassinations that protect the elites.

https://archive.org/download/genoracketeering_202001/WrittenByTheRightHand.epub

The Big Bamboozle II: It was the United State of America and its Government that moved not the laws of the USA nor the people of the USA that moved

[image]

Ed Donegan fuses together Katherine Horton Stop007.org survey, his (my) own life story of attacks on me spanning more than 40 years, and my belief about the "Intelligence Community." The Cadre of dangerous corrupt mafia dons whole rule the world and the USA with dirty (secretive, quietly conducted) war crimes against populations.

This second edition of the book includes an alteration in the title to it was the USA that moved. A corrupt JFK linked government continues its cover-up by covert aggression against many in the

USA. Misconduct of government can include ethics, self-enrichment, favoritism, to Conspiracy Against Rights to harass people into other crimes often listed in the Organized Crime statutes such as break-ins, intimidation, witness assassination, obstruction of justice, money laundering Subersion of the USA and politically connected espionage weaponized of DHS and the military all the way into ethnic crimes, genetics crimes, illegal radio-logical attacks and poisonings, and beyond. Understand what (or rather who) our corrupt officials have to fear and the illegal systems used to "silence" whistle-blowers with propaganda techniques that include false-flags, staged events, and other slander and ongoing operations are now the norm for the USA and is shills. Called Community Based Agents recruits carry out staged events and abuse of Targets. Many Targeted Individuals such as myself. Tara Moore of Boston, and others have our neighborhoods taken over and adjoining apartments taken over from where attacks are conducted from.

The State

Loyalty to Loyalty is Loyalty. Loyalty to Disloyalty is Disloyalty. Loyal People in Loyal Government is internally consistent. Disloyal People in Disloyal Government is also internally consistent.

No foreign hands by any loophole or criminal means may ever control US Domestic Lands. The "Eastern Establishment" in the USA have since the 1950's under Eisenhower Nixon Prescott Bush LBJ supported British colonialism and dirty tricks against the USA and other lands.

Acknowledgments (creative arts and sciences)

> **From Wikipedia, the free encyclopedia**
>
> In the creative arts and scientific literature, an acknowledgment (British acknowledgment) is an expression of a gratitude for assistance in creating an original work.
>
> Receiving credit by way of acknowledgment rather than authorship indicates that the person or organization did not have a direct hand in producing the work in question, but may have contributed funding, criticism, or encouragement to the author(s)

With my family dead (mother and father) dead and my brother and his partner in a Conspiracy Against Me Rights and non-communicative several works had made possible my current works.

After conspiracy theorist web sites of what is widely called Arkancide lists of deaths led me to Jen Moore's Youtube Channel Task Force Whistle-Blower and her Farmer Jones interviews and combining that with what I already knew or knew about and had wrong about my family history of hidden identities.

It takes a while to learn to interpret and even tolerate Conspiracy Theorist since the claims are supported by usually dead authors like Danny Callasaro, Micheal Hastings, Doroth Kilgallen, Ted Gunderson, Jen Moore, and many others. If the proof was in the notes that disspeared from the death scenes you can see one problem with proving Conspiracy Theories. A second problem is often Conspirators hide themselves not as the

usual but as the bizarre making descriptions of them an act of discrediting the observer.

An example Ted Gunderson, Jen Moore, and myself have run into is Lucifarians. Those Government groups that run as slick and cool underground cults similar to the Manson cult. Often with CIA, Drug Dealing, and FBI ties and a get-out-of-jail-free card with local law enforcement these groups are difiicult to call out. They fund themselves with drug dealing in soldiers caskets they have access to and other opportunities they have from being close to miltary, fbi, or cia operations or capabilities. That is a financial challenge as well since these groups can fund themselves in their covert activities and not truly be accountable for their activities while in disguise.

I am going to (as is the norm for this anthological boook about TEd Gunderson) some of his lectures on his being poisoned, his web master being poisoned, his allegations of threat to his life, etc., and specifially how being connected to McMartin School history has emanated that out in both his direction and mine, if that school was not haunted by the CIA the historians of its existance are and have been.

Pouring over her videos for years around the clock and following up on JFK Dulles research including the JFK White House Photo Archive, CSPAN Booknotes, etc., I was able to write The Great Treason and Pillory those books covered the assassination of JFK and RFK respectively.

In the course of that I was led into Stalkers disrupting my work and that led me into the works of Ted Gunderson and pouring through is writings and research and finding yet more deathbed statements on the NWO Cabal forming now a four part Prouty Donegan Jen Moore Ted Gunderson combined view.

These reinforcing well placed sources including myself can now answer the important and outstanding JFK RFK Malcolm X Dr Martin Luther King and George Bush Rockefeller Nixon Ford role in sympathy to British Regime Change in the USA run by

Wild Bill Donovan, the Dulles brothers, and others.

The works of James DiEugenio, Lisa Pease, Ralph Thomas and many others have been vital contributions to history and are in the threads of history they document variouslu part of this book.

Thanks to Jim Garrison for withstanding the State and Press hatred of him, Col Prouty for The Guns of Dallas, VP Nixon and Indonesia, and his other works. They seem to have emerged as Watergate was opening up, J. Edgar Hoover was dying, and other changes were underway perhaps opening the door.

Thanks to William Colby and his attempts to follow his conscious holding his religious faith while he lost faith (as Eisenhower did) in the CIA.

Theodore L. Gunderson

An Edited and Approving Biographical Anthology of his Life and Works

By

Edward Paul Donegan

From John DeCamp retrieved from The Franklin Cover-up and copied or modified to here

CHAPTER 25 IN MEMORIAM BILL COLBY

On April 27, 1996, my dear friend and mentor, former Central Intelligence Agency director, William Colby,

disappeared, supposedly while boating on the eastern shore of Maryland. Ten days later, his body was fished out of the water, less than a mile from his weekend home. His death was pronounced an accident, probably caused by a heart attack, resulting in his falling into the river and drowning. Bill's sudden, and tragic death, prompts me to recount some features of our 25-year relationship, which bear directly on the events under discussion in this book. They will hopefully shed further light on his amazing life, and, perhaps, also on the circumstances surrounding his most untimely death. Bill Colby was one of the pivotal figures in unearthing the Franklin scandal. Without his persistent support and guidance, this book would have never been written.

More than once, I was determined to put Franklin behind me, and write it off as a horrible experience that I could do nothing about. Often, I would ask myself, "Why should I have any responsibility to do something, when others in positions of power and government responsibility would do nothing?" I know that Senator Loren Schmidt, the head of the Nebraska State Senate's Franklin investigating committee, felt the same way. I told Bill one time: "I have done all I can do, and have been burned badly-financially and credibility-wise-and, I am sure, politically. I think it's time to just let it drop."

It was at those times that Bill Colby kept encouraging me (and Senator Schmit), kept pushing us, almost forcing us to keep going, and to keep the press apprised. To quote his exact words, "This case is so much bigger than you think. It goes to the very highest levels; we have to keep pulling the strings." His idea was not to investigate further-which he repeatedly warned me could be very dangerous-as to shine the sharp glare of publicity onto what had already been discovered, to create the possibility of a real investigation. Bill always promised that he would help me as much as possible, behind the scenes and, if necessary, publicly. And, Bill always delivered.

When the Discovery Channel program, Conspiracy of Si- lence, was being prepared, the British investigative team insisted that they would not go forward on the program unless they had the on-camera personal interview, and verification of Bill Colby himself, that John DeCamp was reporting the truth with respect to Franklin, and with respect to this book, The Franklin Cover-Up. Colby went on camera, and thoroughly shocked the Yorkshire T.V. team in how strongly he came out, risking himself, to support me and my work on Franklin.

Bill also wrote a letter to Attorney General Janet Reno, in which he strongly recommended that the Justice Department investigate this case from the standpoint I outlined in my book, a copy of which he enclosed with his letter. He got a formal response back from a Justice Department official, promising that the Department would indeed look into the case. But then, Bill had always backed me up, right from the earliest days, beginning in Vietnam.

I vividly remember my first encounter with Colby-in the late 1960s. He discovered me by examining files of new, young officers being shipped to Vietnam, who might have "special that time, my ability to speak half a dozen languages and other talents."

[Also at that time] my training in Airborne, Jungle, and Ranger Schools. well as Vietnamese Language School, and the fact was a newly graduated attorney when was called into service. volunteered for a combat Infantry Captain, [apparently] entirely struck Colby's fancy-or at least his curiosity.

Colby was officially deputy ambassador to South Vietnam at that time, but was in reality the CIA station chief. He ordered that when I showed up in Vietnam, I was to be sent directly to him. I was.

Immediately, Bill immersed me in the planning of his own creation: a secret program which would later be one of the most controversial operations of the Vietnam War-the so- called Phoenix Program. Yes, it was controversial, brutal, and at times horribly handled. But by the admission of the North Vietnamese leadership after the war, it was also the single- most effective, and most feared program the Americans carried out during the Vietnam war.

It was Bill Colby, with his power and position as ambassador in Vietnam, in 1970, that made it possible for me to accomplish something never before done or after: to run for the position of state senator from abroad. I fought my entire election campaign from Vietnam, and won it-without ever setting foot on American soil. I ran and won, despite the fact that the top brass, from the Postmaster General, to the heads of the Army and Joint Chiefs of Staff, had tried to stop me, because I was saying, for the first time, that which Bill Colby and others thought needed to be told to the American people. That was: "Let us win or get out, but let's not keep conducting a charade, where we simply kill American boys to support a corrupt regime while the truth is hidden from the American people."

Back in the States, years later, as I marched through my political life and began practice as a private attorney, I maintained the contact with Bill, and often sought his advice. He dared-when it was truly unpopular to do so-to come back to Nebraska and testify for me on controversial issues, such as the Nuclear Test Ban Treaty in May 1986. Bill Colby had one characteristic rarely, if ever, found in politicians in this day and age. He told it like it is-the straight, unvarnished truth in simple, understandable terms.

Colby proved that, when, as head of the Central Intelligence Agency (CIA), he took the CIA before the

U.S. Congress, to reveal the Agency's "family jewels" and start the process of correcting the sins of the CIA. For this, President Gerald Ford fired Colby and replaced him with a man named George Bush.

Colby told the truth again in December 1987, when he and I, and Henry Kissinger, and a couple of dozen prominent Americans, French, British, North Vietnamese, and former South Vietnamese leaders and journalists (Adm. James Stock- dale; Col. Harry Summers, Jr.; George Will; Al Santoli; Jean- Louis Arnaud; Ernesto Betancourt; Jacques Chaban-Delmas; Peter Collier; Sir James Goldsmith; Douglas Pike; Lam Ngoc Diep; Robert Komer; Olivier Todd; Nguyen Ngoc Quy; David Horowitz; Elliott Abrams; Tran Van Tong, to name a few) made our way to Paris, for three days, to sit around the very same table at which the Paris Peace Talks had been conducted 15 years earlier. There we all conducted our own International Conference on the Vietnam War.

***

Though not heavily reported in the U.S., in the rest of the world the Conference was heralded as the first real truth session on what happened in Vietnam, on both sides, and why we ended up where we did.

Shortly before his death, Colby gave me my final assignment. It was the week just before the Oklahoma bombing, and I spent a good amount of time with him in Washington, D.C. I brought him up to date on the Militia of Montana case which he had been following closely, describing in detail the militias' fears that the government was planning an imminent attack on them. As I sought guidance from him on how to best handle the militia situation, Bill smiled and said, "John, it sounds to me like you have the makings of another book. Believe me," he continued, "I know this

MilitialPatriot movement is more sig- nificant than most Americans, and particularly the press and politicians, could ever realize. I fear that our government does not understand the nature of this movement, nor its potential significance to this country," Bill said.

.. [narrative removed for brevity]

"They [militias of common older responsible men of real life experience] are dangerous [to our leaders and government] precisely because of everything you just said. They are dangerous because these people are, in most cases mature citizens who have done everything you just described and who, tragically and in many cases very justifiably, have lost faith in the integrity and honesty of their own govern- ment. Yes, they are dangerous because, to use your words, John, they are true patriots who are disenchanted with the government and the system they have grown up loving, support- ing and giving their lives and talents for from the moment they were born. For many of them, it is as if they learned their mother was a prostitute and that they are bastards. It really is that traumatic."

I [John DeCamp]was shocked by Bill Colby's near-command to write a new book. True, as the attorney for some of the Montana Militia, I had been put in a unique position to see the inner workings of the militias, but from a position of objectivity, as a lawyer. I had first been drawn into the "militia scene" as a result of the wide circulation of this book. By the militias themselves, I was seen, not as an attorney, but as a combatant, against the worst forms of obscene corruption by our govern- ment, and by our nation's so-called elites. The fact that I was a practicing attorney and a former elected official was of secondary consequence.

"I think you are serious," I said to Colby with a gentle snicker, trying to break the tension of the moment. "You

really are going to help me do this militia book, as you call it-and I know when you say you will help, that means I have access to a world of intelligence and knowledge that cannot be matched anywhere else on this planet earth. I will do it," I promised Bill. "Start on it right away in fact. 0K?"

"Should be a best seller," Bill Colby said. "Next time I see you here in DC. in the middle of May, you should have the first chapter of your new book, Militia, " Bill said. A few days later, on April 19, 1995, a bomb blew up the Federal Building in Oklahoma City. Within a year, my dear friend and longtime adviser was found dead in the Chesapeake Bay.

***

I have very serious doubts about the description of Bill Colby's death that emerged from the police search and the subsequent coroner's inquiry. I do not possess any "secret information" about Bill Colby's final hours; I base my doubts on 25 years of near continuous contact and collaboration with the man, a collaboration which deepened in his final years. I knew Bill Colby very well; I knew his personal habits, his idiosyncracies.

My point is simple. Bill Colby was the single most meticu- lously careful, programmed, organized individual I have ever encountered, especially when it came to matters of safety, security, and personal activities. Therefore, the description given in the media, surrounding his death, does not cohere with Bill Colby's personality, his character, his modus operandi, and my personal experiences with him over many years. Bill Colby was not the kind of person who would take off on an evening boating expedition, leaving his computer still turned on at his desk, his half-finished dinner still sitting on the table, and most of the lights on in the cottage. That was not Bill. Furthermore, Bill had been the victim

of a "robbery" in Washington, D.C., not too long before his death, in which he had been badly beaten, and easily could have died.

This "robbery" and his actual death were both mysterious incidents, in a relatively short span of time. I have a hard time believing in coincidences, when it comes to people like Bill Colby.

His mysterious death has also brought to my mind, his own explanations of how people end up dead, in the course of our discussing the death of Franklin case investigator Gary Caradori-a death Colby himself had investigated. His exact statement on this was: it's done right, you'll never know how it was done, or who did it for sure. That's what professionalism is all about."

Colby described both professional assassinations, as well as some bungles. The case of Fidel Castro, he said, was one of the biggest fiascos that Bill had ever run across. Colby told the story how in one, now known, memorable sequence of screw-ups, the CIA tried to get Fidel's mistress to plant a tube of super toxic toothpaste onto Castro's bath stand. The ploy ultimately resulted in the girlfriend becoming a dead, ex- girlfriend. The blunders and screw-ups and lack of professional- ism, in the efforts to get Castro, drove Bill to insist that the CIA should simply quit trying to assassinate him.

In the aftermath of Bill's death, a line began to emerge that Bill was either deeply depressed, or suffering from some fatal ailment, and, perhaps, took his own life. I think a recounting of my last face-to-face discussion with Bill Colby should dispel this gossip for good.

I had this meeting with Bill shortly before his death. We had a very lengthy discussion about life, and I asked him, among other things, "Bill, if you were going to pick any period of your life that you would say was the most

satisfying and enjoyable, what two-, or three-, or five-year period would it be? World War II, Vietnam, your days as head of CIA? When would it be and what made it so special?"

Without hesitation-exactly one week before he died-Bill said the following: "The last five years and for sure the next five years," Bill said. "Are you serious?" I asked. "Absolutely," Bill said. "Here's why. First, I have virtually no pressure; yet I am in a position to use my entire life's experiences and learning, and share them with the world to help make a difference. You know what I am doing immediately after I leave you?" Bill continued. "I am headed for Outer Mongolia to give a briefing and to talk to the heads of business and government there.

At the time of his death, Bill was working with Britain's Lord William Rees-Mogg, and his American sidekick, James Dale Davidson, publishing a series of newsletters, on international events, financial opportunities, and politics. In fact, he was working on an article for one of those newsletters when he died. Rees-Mogg and Davidson are strange birds. Lord William was, for over a decade, the editor-in-chief of the staid Times of London, and its Sunday Times of London. He fits the stereo- type of the classic English "Colonel Blimp," the blunt imperialist, who periodically uncorks with a nasty mouthful of invectives against the "commoner," or the darker-skinned races. After all, he used to write that in the coming age of society, an elite of 5% of the total population would rule over the other 95% as virtual slaves. But Rees Mogg is not just nasty-he represents great power. In England, it has long been said that The Times, the flagship paper of the Establishment, regularly announces Britain's foreign policy before the Foreign Office even knows what that policy will be.

A week after our get-together, in which Bill spoke so enthusiastically about his work and his travels, he was dead-under the most unusual circumstances, his death

officially labeled an "accident."

I did not believe it then, and I do not believe it now. But I do believe what Bill said: "If it's done right, you will never know how it was done, or who did it." And so, my dear friend, I wish you a last good-bye.

I will do my best to carry out the final tasks you assigned me, as I always did, so many years ago, as a Combat Infantry Captain under your command, in the rice paddies and hamlets of Vietnam.

[John DeCamp goes in to say he sees the story in fiction one night in Billy Budd, the stuttering sailor on the ship called The Natural Law run by the British framed for treason and thinks the children of Franklin School were treated accordingly.]

John DeCamp will late be in a suspicious car accident leaving brain damage and died shortly after but before the car accident had paid the funeral expenses of Ted Gunderson whose work had left him in poverty.

In this Ted Gunderson biography Acknowledgments I also acknowledge myself Edward Paul Donegan. Both well influenced and educated and perhaps in need of ideas or or having bee given them or some combination of that I have arrived on several things I carry with me in my life and find useful surprisingly often. One is the difference between radial and axial such as engines from propeller planes and another is process and substance. Ted Gunderson, DeCamp, Colby and other portrayed a large and dangerous NWO that may have betrayed the US people to create by assassination a global control of the US to carry out global programs the people of the USA did not vote on and were not told of.

One element in this Super Conspiracy Theory is the Gang Stalk, covert operators who have some goal that they achieve

for anonymous people and for anonymous reasons and most likely through deceits in all directions of their operations. The Gang Stalkers assert as substance they have a right to be one place or another if they don't actually touch a person. That is not quite true but even if it was the process of their being their rather than the substance of it is the problem. They the stalkers noticing you being making eye contact or noticing you by avoiding it or by expressive acts are in process doing something illegal. In my case it is tied to money laundering and payouts to a crime network both smearing me and receiving claims under the smear. I have used Oceans 11 movies as a model for this, teams of people from impersonators, forgers, etc., are setup in places to conduct the frauds that involve surrounding the mark (or even those the mark knows) and making appearances back the frauds. In addition stalker in their covert operations engage in food poisonings and other activities once in place near the mark. I believe Gunderson on this and other matters.

IT was the theory of Ted Gundesron something that matched Manchurian Candidate 1962. Dr. Lo is talking about creating deep sleepers who could be awoken from per-programmed sleep some day in psychological warfare overthrows. These had to be programmed and selected at very young ages. Dr. Lo asks how can you tell about a person so young? This is particularly true with intermittent conditions like the volatility that arises in Borderline Personality Disorder. Certain forms of stressors create the volatility. Testing for that was part of child abuse and eugenics and genetic studies in the 1960's and on. Jen Moore adds that some of these studies go back to the 1920's and covert identities in the Unites States and elite leaders who today are covering-up they ar part of MK-Ultra elite families in high ranking positions. This testing occur in the school I went to Mc Martin pre-school. Locating and killing anyone who leaks the programs existence (Family Jewels Program) is what Geral Sosbee, I Jen More, William Colby, and others assert.

Ted Gunderson and I Edward Paul Donegan have a lot in common and I have read and researched vast amounts of data and files from his web site often finding more data that confirms since his death in 2011 or so. He and I and other STalked people have (almost by definition) "people planted" on him. These stalkers (in my case I get mooned and other actions) are expressive. In their own mind they may be expressing that they know of some crime of the past and are getting even for it, etc., or even hoope for a fight about sine the expressed idea is meant to be contentious and is. If it is spoken it is hidden by being as speach to a third party and not the first party. If it is expresse by actions when confronted the stalkers will deny any message being expressed. The real issue is not the presence of the stalk or even the message of the stalk. It is why a journalist, reporter is being discredited by a toxic allegation acted out, why a journlist should feal threatend by something abusive, and why issues underly the matters the journalist is writing about.

Ted Gunderson worked on some large cases and that is why he said stalkers have stalked him. I agree in the proccess matter of habing been stalked myself and the substance matter of the descriditing of me retalition (or preemption of) my writings about the Kennedy Asssination.

Ted Gunderson and John DeCamp and Colby used extensive at the time best public data on multiple personalities in the orphanage children. Unlike true dissacioates some were just volative, changing in personality characteristics particularly in mood and perception of other and self without loss of rationality the schizophrenic experiences.

The GUNDERSON Report on: MINDWAR. EXPERIMENTS CITIZENS: CONTROL ASPECTS OF CULT ACTIVITY is a 68 page PDF on Micheal Aquino cult groups abusing children who exhibit unstable personality characteristics and derivative and other information is in the Nebraska report as was Ted Gunderson's research into McMartin school and abuse of children in that setting.

Private CIA backed cult groups are used or created including the *People's Temple* on San Francisco's Scottish Rites hall and part of US Representative Leo Ryans investigation.

The CIA experiments on and abuse of these children Gunderson felt and was correct about often led to violence against these children including outright murders of them with the bodies located in gruesome scenes of death. I Ed Donegan assert this is tied to the rare or somewhat rare FOXP2 (Girl Interrupted) gene also likely part of Justina Pelletier case and the confusing diagnosis and activities surrounding that case.

Mark Lane and I and others tie this to a gran Super Conspiracy Theory.

Information like the below has tantalizing (if believed) assertions about government plots but often are word of mouth rumor based and partially informed thus mushroom into exotic rumors OR did not have sufficient contemporary information to be advanced in credible and synergizing ways with already well established facts.

WMR can exclusively report that it was the Federal Bureau of Investigation that placed a bomb on the private airplane that

killed state of Nebraska chief investigator Gary Caradori and his 6-year old son "AJ" on July 11, 1990. Caradori had been hired by the Nebraska unicameral legislature to investigate allegations that a number of Nebraska youth had been sexually abused and transported over state lines in a scandal centered around the Franklin Credit Union, headed by rising GOP African-American star Lawrence King.

RENSE News: A very knowledgeable source involved with what became known as the "Franklin Scandal" told WMR that Caradori flew to Chicago ostensibly to attend the All Star game on July 10 at Wrigley Field. In reality, the trip to the game was a cover for Caradori to meet with a source who handed him photographs that proved that Nebraskan children, some from the famed Boy's Town orphanage, were being used for the sexual gratification of important political leaders in Washington, including Vice President and President George H W Bush. Caradori phoned his wife and another investigator shortly before the All-Star game and told them the same thing: "I got what I came after. I got 'em by the balls. I've got pictures. I will take them to the game and bring them back to Nebraska." When Caradori began to follow the money behind the Franklin scandal, he discovered two things: the Franklin Credit Union was being used by the White House and CIA to launder money for the Iran-contra affair and King and his associates were given a free ride to sexually traffic in and molest children, including many procured from Boy's Town.

One of those implicated in the Franklin scandal was Housing and Urban Development Secretary Sam Pierce. At the 1984 Republican National Convention in Dallas, King held a $1 million reception for Pierce. However, King's salary at the time was $14,000 a year and the actual cost of the reception was $300,000. The difference, $700,000, went into a slush fund that was laundered by the Franklin Credit Union for various "activities" sponsored by the CIA and White House. On July 11, Caradori took off in his private plane from Chicago en route to Nebraska. Witnesses on the ground said they saw a flash in the sky followed by an explosion. Initial news reports stated that Caradori's aircraft exploded in flight and then crashed.

However, subsequent news reports were altered and claimed the aircraft exploded upon impact with the ground. Caradori and his son were killed in the crash. The local Sheriff's office reported that scattered in the wreckage were child pornographic photographs.

The FBI arrived and began systematically removing the photographs, debris, and Caradori's briefcase. Meanwhile, FBI agents in Lincoln, Nebraska entered Caradori's office and seized his files. Another FBI agent showed up at the office of a Nebraska state official investigating the Franklin case and demanded he turn over his files. The state official told the FBI agent to "get the hell out."

The Bush White House immediately began covering up the Franklin scandal and put pressure on the remaining Nebraska state investigators. The FBI used the Kansas City mob to intimidate high-level witnesses and investigators of the Franklin scandal. One of the lead investigators also told WMR, "the FBI killed Caradori . . . they put the bomb on his airplane."

…

Again as Ed Donegan a person connected to these events and locations I think I can help the image crystallize (form its pieces into a cohesion) that makes all these disparate facts and allegations and rumors and question gain consistency and even leave out then inconsistencies.

https://newwilliamcooperpatrioticsovereignpress.com/ or https://archive.org/download/genoracketeering_202001/TedGundersonByEdDonegan.epub

It was Borderline Personality Disorder and the rational mind of children and young adults in their own identity watching extreme emotions in themselves knowing riding intense emotions out of their control and reaming rational but fighting of being driven to act or think or speak on emotions that damage relationships, etc., This was the issue with the Franklin

Nebraska and McMartin children. Stress testing for what is today known as Borderline Personality Disorder. https://www.grouporttherapy.com/blog/bpd-multiple-personalities Addressing Misconceptions about Borderline Personality Disorder and Multiple Personalities Challenging misconceptions surrounding borderline personality disorder and multiple personalities is important to promote a more accurate understanding of these conditions. Misconceptions can contribute to stigma and hinder individuals from seeking appropriate treatment and support.

One common misconception is that individuals with BPD have multiple personalities, like those with DID. This misunderstanding may stem from the rapid mood swings and fluctuating sense of self often experienced by individuals with BPD. However, it is essential to recognize that these experiences differ significantly from the distinct personality states seen in DID.

Educating oneself and others about the differences between BPD and DID can foster greater understanding and empathy for individuals living with these conditions. This increased awareness can help reduce stigma, promote accurate diagnoses, and encourage appropriate treatment strategies, such as dialectical behavior therapy for individuals with BPD.

THE MYSTERY OF THE CAREFULLY CRAFTED HOAX: A REPORT BY THE NEBRASKA LEADERSHIP CONFERENCE forward by TED GUNDERSON

FLIGHT INWARD FROM WHAT IS INTOLERABLE: BONACCI'S ILLNESS; SOME BACKGROUND

The Observer contacted Dr. Beverly Mead, the psychiatrist who first diagnosed Bonacci's multiple personalities. We were seeking some understanding of the condition, in particular, the links between the disorder and early trauma, as well as the reliability of the patient to remember truthfully details and events. We asked Mead whether he believed the stories Bonacci

tells about cult sexual abuse. It is always important to maintain a certain level of skepticism," he said. "At the same time, we should keep an open mind." Mead believes that the ultimate literal truth of such stories can be determined by careful fact-checking and follow up on leads given by Bonacci, and that this should be done. Mead also referred us to several sources as background on MPD.'

The most useful one was a section on Multiple Personality Disorders from a chapter called "The Dissociative Disorders: in the Textbook of Psychiatry (American Psychiatric Press, 1988) Below are excerpts:

Although the recognition of Multiple Personality Disorder (MPD) is not new, scientific research into it is in its infancy. Since 1980, however, the literature has expanded, along with the upsurge in recognition of the disorder. One factor that has contributed to this rising awareness, is the increased awareness of child abuse and incest. In two studies, by Richard Kluft, MD. "97 and 98 percent of the MPD's in the study, had experienced child abuse, (usually physical) and sexual,(usually incest) and psychological mistreatment, and neglect was also not uncommon, Other factors may be object loss, illness and pain, trauma other than intentional abuse, exposure to overwhelming stimuli, such as accidents or war, cultural dislocation, etc.

The condition has its onset in childhood, usually before age 9. The number of personalities varies with half, having 10 or fewer. The average number is over 13 but this is skewed by cases of remarkable complexity. Some are unaware of some or all of the others. Some are friends, protectors or helpers or adversaries. Sometimes they are aware of one anothers activities in the sense of perceiving them as a dream, without affording them reality.Not uncommonly, a personality may perceive the others voices as hallucinations.

Many children have transient dissociative symptomology. MPD emerges in the content of efforts of an overwhelmed child, unable to either fight or take flight.

Many children have transient dissociative symptomology, yet relatively few develop distinct dissociative disorders. Those that do develop MPD have been unabje to heal their hurts because they have not been protected against further traumatization, not had sufficient restorative experiences with significant others, and may not be enabled to process their hurt in environments that deny the trauma has occurred, double bind the victim, or discourage the candid exploration of painful feelings and experiences.

MPD emerges in the context of the efforts of an overwhelmed child, unable to either fight or take flight, to flee inwardly by abandoning sense of ownership of what is intolerable and unacceptable. Despite widespread fears of iatrogenesis and the documentation that many of the features of MPD can be mimicked or induced by a number of interventions, there is no evidence that the full clinical picture of this condition can be created and sustained over time.

Preface

Ted Gunderson died asserting the F.B.I was poisoning him and much of that material has been fully scrubbed from the internet. Despite his death he worked with many sources who live on or have remaining works still available and other authors and Conspiracy Theorists have similar or related or consistent views of world events.

In this book is a survey one British citizen working with a team of investigators did that found many victims reported the same patters of conduct. It opens with commonly used browsers like Edge and Chrome though it is version of web specific XML that does not in MS Word.

The Survey Online At The Original Source

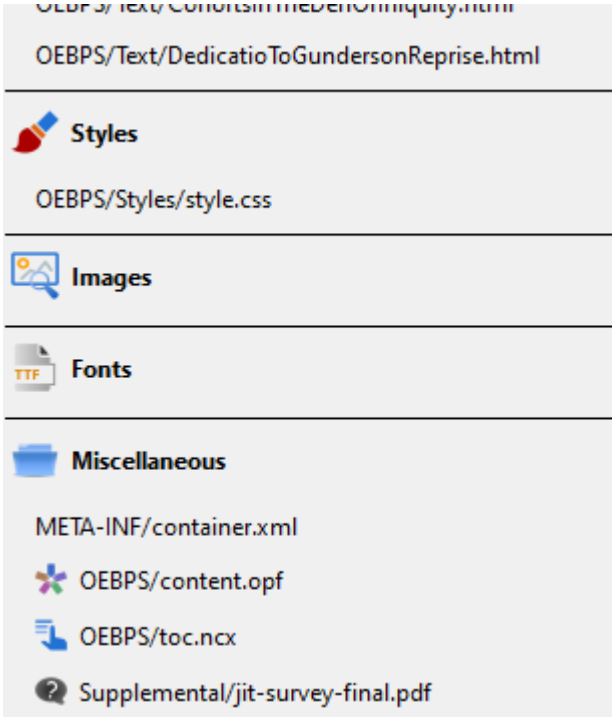
"This final version was released on Saturday 17 November 2018 in Open Office format. Open Office is exactly like Word just free to download and use. The affidavit is to be filled out by victims on a computer. Paper copies cannot be processed.

https://stop007.org/home/burning-down-the-house/affidavit-collection/ are the exploitation and instructions and at this time this is the online form. https://stop007.org/wp-content/uploads/2018/11/jit-survey-final.pdf

"It covers a plethora of abuses that are typical for the Secret Services, law enforcement, the military and the Secret Societies."

The File is Archived Inside This Epub As Well.

It found most victims of Organized Stalks were women, and like others (Kathy Meadows her book on Targeted Individuals Hi Mom I Am A Targeted Individual and Mark Rich as well in his book Hidden Evil report as Ted Gunderson, Geral Sosbee, Keith Labella, Tom Dunham, Ed Donegan (myself) and others report. It is all true and increasingly other defectors from British and US intelligence agencies are reporting the same and leaking the documents on these illegal programs that Ted Gunderson asserted do exist.



For those tech minded who will look for the file it is also listed inside this books file manifest.

<item id="id187" href="../Supplemental/jit-survey-final.pdf" media-type="application/pdf"/>

It is also going to be inside the book BigBamboozleII.epub my book by EPD that takes up after Phillip Marshall and what was not beleived about his murder our intelligence community

conducted. This book BigBamboozleII replaces my forward and fusion of my work with William Cooper whose work is unusable.

If you change this from an .epub file to a .zip file (at least in Windows systems) and then extract the files and file structure you will see there is a directory I created called Supplemental and that final version of the survey file is within the epub.

This final version was released on Saturday 17 November 2018 in Open Office format. Open Office is exactly like Word just free to download and use. The affidavit is to be filled out by victims on a computer. Paper copies cannot be processed.

I did that to archive the file should it not be available elsewhere but can be opened with Google Chrome or MS Edge browser and KDE compliant open standards but not MS WORD.

Joint Investigation Team Final Version of Survey The form was based on common elements of harassment being reported then turned into a survey by those receiving the complaints who formed a committee. Stop007.org

Ted Gunderson warned of international NWO,2,000 highly placed great social leaders. They use monetary and sex bribery in social control adhesion of movement because once entrapped patsys are slaves at risk of being exposed by the Illuminati and thus are blackmail slaves of Illuminati.

What made Ted Gunderson correct about his investigations is what made him a threat to the Deep State. People wrongly think that during WII the Vatican and others in X2 and G2 military intelligence joined with Mafia groups to fight nazis and others with out-of-uniform but in common interests.

In fact that has been Colonialism's scheme long before the US Colonies got a British charter. Since 1902 funded US Cabal has controlled thus USA espedically since Kerosene refinement and the Industrial Revolution. Violent deaths control government

and the press in Latin America in the early 1900's and since as official US, British, Saudi, and Japanese Royalist policies. Mostly called Trilateralist leaving the Saudi's out is formally correct since Australia and other countries in the Commonwealth and out are also excluded as Commonwealth, but mechanistically as a source of funding of terror inside the USA and elsewhere its should be included as main axis of NWO subversion and criminal sludge.

In at least 600 to 1,000 attacks I have suffered in the USA and in prisons it has been mostly foriegn national terror groups and Latin American mafia groups in alliance with the FBI and CIA as assets to silence critics. Both Ted Gunderson and Geral Sosbee have reported both criminal and Latin American attacks on them, liklely run out of BCCI and Iran Country Barry Seal Cali Cartel and Columbian and drug gangs, most of them in my case bragging about being them and bragging DHS backs them hand hired them.

Ted Gunderson *

As an anti-mafi figure during the Kennedy Administration FBI Gunderson had professional experiences to form his own perspectives but he was not the first conspiracy theorist nor the last and he also drew on information from William Guy Carr. In 1931 Carr started giving conferences in different Canadian clubs on the topic of "International conspiracy," which was subdivided in two main subjects: "International communism" and "International capitalism," stating that both were being controlled by the Illuminati and what he called the "international bankers." The last, according to Carr, are represented mainly by the Rothschild and the Rockefeller families. - Wikipedia

On mysterious deaths and kidnappings Gunderson was sure they were connected. One archived document on his survinving web site quotes this:

> As NBC News London correspondent Henry Champ puts it, "*In the world of espionage, there is a saying: Twice is coincidence, but three times is enemy action.*"

This can be applied to dead scientists, journalists, Kennedy's, missing or dead prosecutors, witnesses, to the Cabal's existence, missing children withs certain patterns in their birthdays before they go missing, child abuse scandals, botched terrorism investigations, etc.,

International communism followed the architecture of Hoffa's labor unions, soft on businesses and violent towards more leftist Union elements than the direction of the Teamsters themselves. In affect Rockefeller Communist backed leaders were centrist right communist influences who drew at least some supporters from communist left populations.

Many are life long drug addicts, recruited prison population like Jack Rubenstein, and hit-men from NON agencies or militia groups or NARCO gangs inter-opping with the FBI and Central Intelligence Agency in the US and elsewhere.

He says this grew out of in part FBI CIA role in the Military Industrial complex but it is more that. It is just this world people like Charles Harrelson are drawn from in mafia drug, sex, weapons, and political espionage operations in worldwide CIA life paid for by big business who want available "resources" from the underworld.

At times in the book I will refer to Gunderson P., Gunderson P is Gunderson Posse of not necessarily like minded people but people in various paths he himself was on in Conspiracy Theories.

After retiring from the FBI, Gunderson set up a private investigation firm, Ted L. Gunderson and Associates, in Santa Monica. In 1980, he became a defense investigator for Green Beret doctor Jeffrey R. MacDonald, who had been convicted of

the 1970 murders of his pregnant wife and two daughters. Gunderson obtained affidavits from Helena Stoeckley confessing to her involvement in the murders which she claimed had in actuality been perpetrated by a Satanic cult of which she was a member that operated smuggling drugs in caskets of soldiers being flown into and out of Vietnam among other activities.

The information found on the web about him now has far different tonality that direct statement and allegations from him and the language of things ethnology, eugenics, genome editing, and human trafficking has been increasing in formality and availability as "biopunk" black markets in genetics, fertilizations, and third party parenting have become available.

His core allegation is nearly inseparable from Col Prouty's of a world elite and Jen Moore and I will introduce the factual basis for an NWO of global misconduct the Joseph Kennedy Sr descendants and Malcomn X and Martin Luther King began to oppose, puppet rule of countries run by industrialists at times holding offices in the overthrown countries.

IT could be Prouty author of Secret Team, or the authors of Superclasss or Power Elite.

It could be James DiEugenio and Lisa Peace or Mark Shaw, or Ralph Thomas.

It could be Edward Paul Donegan, Jen Moore, and Tara Moore I am putting in a Conspiracy Theory pot together about Covert Harassment and by who and why.

Superclass: The Global Power Elite and the World They Are Making is a book about global governance by American author David Rothkopf, released in March 2008 by publisher Farrar, Straus and Giroux. The book claims that the world population of 6 billion people is subject to the immense influence of an elite (i.e. The Superclass) of six thousand individuals.

The Power Elite is a 1956 book by sociologist C. Wright Mills,

in which Mills calls attention to the interwoven interests of the leaders of the military, corporate, and political elements of society Originally published: April 19, 1956 Author: C. Wright Mills and was one of the inspirations for Superclass.

https://www.kennedysandking.com/ with Malcom X, Dr Martin Luther King, Robert Kennedy, John F. Kennedy pictured on the masthead.

A Lie Too Big to Fail: The Real History of the Assassination of Robert F. Kennedy by Lisa Pease, James DiEugenio (Introduction)

Destiny Betrayed: J.F.K., Cuba, and the Garrison Case by James DiEugenio

Reclaiming Parkland: Tom Hanks, Vincent Bugliosi,

The JFK Assassination by by James DiEugenio

The Assassinations: Probe M... The Assassinations: Probe Magazine on JFK, MLK, RFK, and Malcolm X by James DiEugenio (Editor), Joe Brown (Foreward), Lisa Pease (Editor)

JFK vs. Allen Dulles: Battleground Indonesia. Poulgrain, James DiEugenio (Afterword), Oliver Stone (Introduction)

*JFK Revisited: Through the Looking Glass*by James DiEugenio, Oliver Stone (Introduction)

Ralph Thomas and his investigative file cabinets have given rise to 44 books on the basic facts of the set of victims of Kennedy' Marlylijn Monroe, the truth about LHO as a patsy, etc.,https://www.amazon.com/stores/Ralph-Thomas/author/B077T8YLN5?ref=ap_rdr and Synergy of all these works and their detail and credibility is important to note.

In addition to the authors of these assassination victims there are the Clandestine Information leakers, whistle-blowers, Paul

Wilcher, increasingly Colby of the CIA, Michael Riconosciuto, Gene Chip Tatum, Colonel Fletcher Prouty, and writers like Daniel Cassolaro and even earlier Dorothy Kilgallen and Jen Moore.

Most of us want dramatic fiction until age or real life make it too real for us.

I Edward Paul Donegan live a difficult life in homeless camps, etc., after losing my jobs, homes, even freedom to smear campaigns conducted behind my back in most cases.

Today I find fictional struggles less problematic than say 20 years ago when violence in horror and movies that I never like too much seemed even less appealing.

But there is a value to drama -telling the story of the glory about the gory, the fight for justice in danger and rising through that either in the battle in self to face it and overcome fear and after that perhaps to persevere or make headway against an enemy the next fighter will fight from in the battle for justice.

On the cover of this book are just such people. Jim Donegan my father and I think of Star Trek and exploring and link to a Star Trek song at one point. Jen Moore and and a song from Moulin Rouge, and Ted Gunderson any number of possible songs.

Each of them in the most dangerous trench warfare of fighting powerful shot-callers trying to silence truth tellers met the fight head on. Each left key ground I can now walk in to bring this book to the next if it is five yard mark towards the goal, towards answering the House Select Committee on Assassinations Questions, the questions of the Don Henry and Kevin Ives families, and the needs of justice in how the Presidency of the United States is gained, what now may be the ability to control the Tantalus Field, the way to make enemies, enemies like JFK, disappear so Big Business can carry on.

It may simply be that the Ying and the Yang, the Protagonist and the Antagonist can not fully be understood by us without its counterpart.

The love I have for these people is bittersweet full of sorrow of their losses and mine, and what they did for me and others and the USA.

As I write this book from this saga I hope the USA will find truth in the tale and Truth Tellers, the sacrifice they have made, will see justice at least in the memory of them.

Part of my day is low impact cardio listening to a variety of music often movie scores like Bond themes or Star Trek music. It can be inspiring running on treadmill moving forward at that 3, 4 or 5 mp/h and here this great music, and for me I think of them, still unsung, but perhaps someday we will realize because of the people on the cover of this book what an outrage it was George H.W. Bush was buried by the US Military with military honors.

Chapter 1

The Umbrella Theory I Edward Donegan, Jen Moore and Ted Gunderson are offering as explained en toto by me Edward Paul Donegan.

Brigade 2506 by any other name was the CIA and its agent and assets at work for the CIA in CIA operations though as intermediaries camouflaged to not appear to be CIA sponsored or agents of the CIA.. Criminal Rackets run by CIA intermediaries created and operating as the CIA are often criminals drawn from rejects of society to engage in criminal activities that they the intermediaries will deny. When a person fights an intermediary (also called a cut-out since the CIA is no longer perceived as directly linked to the operation) such as Brigade 2506 (CIA created refugee army launching war against Castro) the gun is pulled out, the FBI, Police Officer, Military Unit, whatever, to back up the intermediary, the asset, who it seems were UNJUSTLY attacked by a dictator or terrorist such as Castro who had no right to attack his own citizens. The ghost wants a fight because it knows it carries a gun with with it deep in the fog.

In Franklin Nebraska (Conspiracy of Silence, Ted Gunderson, William Colby, and Colby's CIA asset in Vietnam John DeCamp worked on and Ted Gunderson asserts William Colby was assassinated over after having revealed too much) Jen Moore, Ed Donegan, and Ted Gunderson correctly asserts Eugenics were underway using secret identities in orphanages and preschools of bastard children frequently having birthdays of Februray 20, November 18, June or July 4, or August 4, each day part of certain eugenics reasons. August 4 is the Queen Mothers (Queen Elizabeth I) and is used in sleeper agents. At early testing in preschools like mine McMartin School Manhattan Beach Ted Gunderson correctly described as a CIA research facililty in 1962 children were tested at an early age for what is now known as FOXP2 gene aka Minimal Brain

Defect that runs in the "London KE family." This plot was something JFK was aware of, at that area when I was born, and understood MK-Ultra hoped many bastard children placed into political or media or religious families out of orphanages could become Sleepers in independent nations who could steer those nations into the US Great Britain Special Relationship.

Paul Bonacci was one of those children born August 3 and was tortured as a child as child development was studies. In Borderline Personality Disorder strong emotions can be stirred up contextually and become the dominant driver of the brain as the rational mind know better but cant stop acting under emotions. This is often taught into suffers and multiple personality disorder but it is not and much has been learned since. https://www.youtube.com/watch?v=-7rciRItHFc.

My entire books series go into this, the murder of Ted Gundserson, the attempted murder of Geral Sosbee, the murder of Gari Caradoria and his sone, the murder of William Colby and threats against Susan Ford, and the deaths of fifty or more children connected to CIA events being covered up.

> **Arthur Conan Doyle**
>
> Once you eliminate the impossible, whatever remains, no matter how improbable, must be the truth.

MacMartin Preschool was City of Manhattan Beach (next to City of Santa Monica, City of Venice Beach along the ocean and boarding City of Los Angeles all within Los Angeles County the bay of Los Angeles area, Franklin Nebraska, Jonestown Guayana, The Family Group Assange is from The Family-also called the Santiniketan Park Association and the Great White Brotherhood-is an Australian New Age group formed in the mid-1960s under the leadership of yoga teacher Anne Hamilton-Byrne (born Evelyn Grace Victoria Edwards; 30

December 1921 - 13 June 2019).[1][2] The group's headquarters was raided by the police on 14 August 1987 and all children were removed from the premises.[3] In June 1993, Hamilton-Byrne was charged with conspiracy to defraud and to commit perjury by falsely registering the births of three unrelated children as her own triplets, but those charges were eventually dropped. She pleaded guilty to the remaining charge of making a false declaration and was fined $5,000., Fayetville North Carolina, and other locations were part of an umbrella of events, like Kamloops in Canada, each was a place of abused and studies children by the likes of Dr Cameron, or cult groups the CIA or British Intelligence operated udner and even communicated to with cult messaging.

These locations are fabric parts of the umbrella. As part of Regime Change PsyOps children are studied early in life for stress reactions and cognitive skills. Some are selected as CIA Agents of Influence for other parts of the world Ed Donegan (myself) assert Barrack Obama Jr was really born in the Manhattan Beach fabric piece of the umbrella, possible with Marilyn Monroe of Santa Monica to be the alleged mother, and Peter Lafword, the Schrivers, etc., at the Lawford Beach House were part of the plan with Schwartzenegger there as well.

He was to be moved with a supporting cast probably to Indonesia, or maybe Kenya or Hawaii as the need might arise but he remained in the USA using a Hawaii birth identity, in the US and he is natural born though under a CIA plan.

The Ribs of the Umbrella are INSLAW. That program can track people and their monoclonal antibodies around the world. Get a glass from a Korean dictator, his saliva might be tracked to an unrecognized relative. Sort of like using credit checks to find people, but not impeded by name changes that spy agencies do.

Now we will go to a Blue Fluid runninmg up the trunk of the umbrella into the spines then into the fanric squares. Into Manhattan Beach Los Angeles County California, to Franklkin Nebraska, or elsewhere. This blue fluid as actually red, normal

jeans, and blue royal genes. The Blue jenes go to other locations of fabric peices under faked passports, etc., the red hyndrangie might die or go missing. The entire umbrella was created by CIA and British Espionage resarching Borderline Personality disorder in aristocratic families.

Ted Gunderson may have been the last and may have been the only law enforcement officer who ever worked for the FBI, an organization that formerly rejects the role of being a law enforcement agency and it is correct to so so.

It was created to be under its statues it operates under as an espionage agency, something the James Comey has often reminded the American public of but is little understood by most.

During the course of his own life Ted Gunderson will accuse the FBI of being a terrorist threat to him and many others using poisonings (of him and others) and other tactics of violence.

The F.B.I an C.I.A (meaning sanctioned private enterprises operating under authorized use of the CIA name and agency support) did kill JFK when its long-term Boston Brahmin vision for the world was threatened by JFK's Republic of Ireland's nationalism and Robert F. Kennedy's anti mafia roots, those two threads of history interconnected for the Bostonians.

Ed Donegan (myself) will show as Jen Moore did the elites of US espionage power have a long running plan and covering their role and their families and businesses role in the assassinations is the current plausibly denied activity of the Deep State and its contractors.

The people most in danger in the USA are those too close to the truth of who killed JFK and RFK and why, and this included the elderly Ted Gunderson and hundreds of others.

Official confirms what thousands of victims have long known: an evil U.S. shadow government is conducting a covert, taxpayer-funded genocidal purge of American society - while Congress and an apparently entrained Obama administration sleep.

Author's note: Former FBI official Ted Gunderson died of cancer on July 31, 2011. Was his illness induced by silent electromagnetic assault or by other nefarious means? We will never know - and that's just the way certain entities want it.

A former senior official of the Federal Bureau of Investigation says "rogue" military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based "gang stalking" harassment, intimidation and domestic terrorism directed at thousands of U.S. citizens who have been extra judicially targeted as "dissidents" or undesirables.

Ted Gunderson, 82, who has served as the special agent in charge of the FBI's Los Angeles, Memphis and Dallas field offices, has stated in a series of public speaking appearances that he is now targeted by these same elements, and fears for his life and for the safety of his family. He reports that the windows of his home have been shot out, and he believes he has been poisoned and physically sickened by those seeking to silence him.

Since his retirement from the FBI in the 1979, Gunderson has been a Southern California- based private investigator. He is most noted for his defense work on the murder case involving former Army physician Dr. Jeffrey MacDonald.

The ex-FBI official's comments represent the most compelling testimony to date indicating that "black

> operations" of the federal government are dedicated to waging a covert war of terror and persecution targeting American citizens. https://rudy2.wordpress.com/gang-stalking-vigilantism-run-by-u-s-government-says-ex-fbi-official-says-ex-fbi-official/

Many other stories of people psychologically and physically harassed by GangStalks and other means can show what a GangzStalk is.

The life stories of Ed Donegan and Ted Gunderson and the Cabal who killed JFK and went on to elite power in USA will show Why Gang-stalking is covertly used on those who have information on the Kennedy Assassinations, October Surprise, etc.,

The Gilded Age: A Tale of Today is a novel by Mark Twain and Charles Dudley Warner first published in 1873. It satirizes greed and political corruption in post-Civil War America. Although not one of Twain's best-known works, it has appeared in more than 100 editions since its original publication. Twain and Warner originally had planned to issue the novel with illustrations by Thomas Nast. The book is remarkable for two reasons-it is the only novel Twain wrote with a collaborator, and its title very quickly became synonymous with graft, materialism, and corruption in public life. The novel gave the era its nickname: the period of U.S. history from the 1870s to about 1900 is now referred to as the Gilded Age.

…

Various terms exist for those of such wealth and power they control their own and the world's destinies.

In United States history, the Gilded Age is a term coined by Mark Twain and used by some historians to refer roughly to the period from 1877 to 1900, which occurred between the Reconstruction Era and the Progressive Era. It was a time of

rapid economic growth, especially in the Northern and Western United States. As American wages grew much higher than those in Europe, especially for skilled workers, and industrialization demanded an increasing unskilled labor force, the period saw an influx of millions of European immigrants.

Railroads was the major growth industry, with the factory system, mining, and finance increasing in importance. Immigration from Europe and the Eastern United States led to the rapid growth of the West based on farming, ranching, and mining. Labor unions became increasingly important in the rapidly growing industrial cities. Two major nationwide depressions-the Panic of 1873 and the Panic of 1893-interrupted growth and caused social and political upheavals. = wikipedia

Books series on The Deep State and the CIA *Special Relationship* With Great Britain

The Books

The Great Treason: High and Petite Treason in the USA

[image]

Chauncey Marvin Holt gives a deathbed confession he was a Hobo with Charles Harrelson and other

CIA operatives organized by William King Harvey and others that assassinated JFK though he asserts some like himself were patsies who did not expect the outcome of JFK being assassinated by the team he was in providing support services to the team.

"Coup d'état (Chauncey Holt) When the shooting started at 12:30, then immediately after the first shot, which was a weak type Of shot, I realized that this was not any simple demonstration. You know, in addition to the shots people were screaming and running in all directions. I didn't actually see the shooting although I was behind the picket fence within 35 yards Of the motorcade, but I didn't see it."

Extensive non-fiction that shows the 100 year history of the espionage covert Special Relationship between England and the USA that led in to the Kennedy Curse and how the Donegan (my own and other families secretly were tied to that history under Hidden Identities and Underground Railroads during several world wars.

Pillory: Tools and Fools of the USA

[image]

I try to write my book but really noxious cabbage hits me on the head from the side as I type. Spectacular Spectacular Spectacular. A spectacle of conflicts. How I am treated as teen-phile is a fight when they deny having treated me as that. The fights that people start with me retaliating for how I appear to be a teen-phile and the fight to write my book as the distraction of how I am being treated

calls my attention away from writing. My books document the JFK ties to attacks on me that I am usign for law suite filings, police oversight filings https://www.austintexas.gov/department/office-police-oversight, books on history for, law suits I am writing as part of the fabric of works, etc., I also have provided the materials to the US Marshalls at Corpus Christi court house as to assertions of crimial racketeering and public officials either involved or under threat. Letters to coronors are included, etc.,

Whoever knowingly engages in ***any conduct*** and thereby causes bodily injury to another person or damages the tangible property (including the home, its safety, or access to public facilities of office equipment) and office equipment) of another person (or patron of a [public] library), ***or threatens to do so***, with intent to retaliate against any person for- (1)the attendance of a witness or party at an official proceeding, or any testimony given or any record, document, or other object produced by a witness in an official proceeding; or (2)any information relating to the commission or possible commission of a Federal offense or a violation of conditions of probation, supervised release, parole, or release pending judicial proceedings given by a person to a law enforcement officer; or attempts to do so, shall be fined under this title or imprisoned not more than 20 years, or both.

Title 18 Chapter 73 Obstruction of Justice - Witness suppression. Most have told me what I would be killed over. Every day. They the Cabal know the whole story and are suppressing it. I am being assaulted by a JavaScript methodically running abusive carefully engineered Black Propaganda (smear of a person publicly) fraudulent themes that are an elaborate hoax paraded in public before the public. It has never changed. In substance

and processes the criminal intent has been to stop my writing, stop any allies form forming with me, and stop available resources needed to write my book.

I can write five percent of the time I had available in my apartment even stalked when I was in it.

If you want to understand **Title 18 Chapter 73** of US Criminal Codes may I recommend to the work of the great Ralph Thomas *SILENCED! Strange Deaths Of People Who Knew Too Much About The JFK Assassination: 92 Witnesses, Researchers, CIA Agents, Police Officers, Reporters, Girlfriends Who Just Knew Way Too Much!*

My book Pillory (crucifying me on phony allegations) takes the the from of a fictional book as a speculative simulation between the Donegan's, Kennedy family, and others in Boston and how because of the Donegan factual history in that matter led to a Mockingbird pillory of me by the CIA, FBI, and others when my and other evidence on the JFK and RFK and other murders should not be retaliated against or conspired against by the very agencies this information should be useful to in those agencies and the US sovereign self-interest. In the fictional version RFK escapes assassination and we will learn of the underlying connection between Marilyn Monroe and Dysgraphic Albert Einstein.

Ted L. Gunderson An Edited and Approving Biographical Anthology of his Life and Works

[image]

Ted Gunderson was the right-hand man to RFK fighting the mafia that was run by Vice President Richard Nixon in the 1946 to 1960 years. As the Kennedy's gained power in the USA and world global dirty business operations subverted the USA and other nations. JFK and RFK attempted to shut down the CIA but it was too globally located to respond to the US Presidency and and held too much allegiance from British trained and supported Espionage in the USA operating as the US Government but through NGOs that again were difficult to control from inside the US Government. It would be comparable to NASA trying to control a long gone satellite past its available connections back to Earth.

A former senior official of the Federal Bureau of Investigation says “rogue” military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based “*gang stalking*” (harassment, intimidation and domestic terrorism) directed at thousands of U.S. citizens who have been extra judicially targeted as “dissidents” or *undesirables*.

“Based on my thirty years’ experience and research, I have determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States,” Gunderson stated in an October 2008 speech posted last fall on YouTube.

Written by the Right Hand: The Right Hand

Operatives of the Cabal and the Dangerous Job They Undertook of Exposing its Secrets

[image]

Many leakers of the secrets of the JFK history have come forward. Deep State Cabal range from Mocking them to assassinating them to denying the truth of revelations but history is being continuously revised as theories Lee Harvey Oswald was a patsy are gaining growing support. The patriots fighting against Free Masonry, Vatican history, Knights of Malta, Council on Foreign Relations, British Pilgrim Society all experience media abuse of their theories find any publicity at all but these patriots still speak out at the risk of their lives and leave death-bed statements.

MARY FERRELL FOUNDATION https://www.maryferrell.org/

CIA legend E. Howard Hunt.(img not shown here) In his 2007 book, discussions with his son, and a tape recording, Hunt outlined his "benchwarmer" role in a CIA plot to kill JFK.

Someone would have talked, so the saying goes. But people did talk about their involvement in the JFK assassination--some did so publicly, and some only to intimate associates. So, were at least some of them telling the truth?

Confession of Howard Hunt - CIA master spy and Watergate participant E. Howard Hunt named names to his son Saint John, and created a tape to be released after his death.

[Greatly factually enhancing the on-tape confession of his father St. John Hunt tells the story of the events he witnessed and lived within his

family as Watergate occurred, the post WWII era in Japan under spy-masters and E. Averell Harriman, and his mother Dorothy later likely killed by the CIA in the UAL Flight 533 crash. Ed Donegan (myself) uses extensive content from his several published works. - edp]

https://www.amazon.com/Dorothy-Amoral-Dangerous-Woman-Watergates/dp/1634240375 My book tells of the Right Hand operatives of the spooks, hoods, and hidden elites and the children of them. The Burns Family or the Hunt or Donegan family. Generational changes from conspiracy to truth telling.

John Martino's Confessions - John Martino, who played a post-assassination role in the attempts to pin the murder on Castro, talked to his family and his lawyer about his peripheral involvement in the crime.

David Morales - We Took Care of That SOB - JMWAVE Chief Operations Officer David Morales, aka "El Indio," told lifelong friend Ruben Carbajal and business partner Robert Walton that "we" had taken care of Kennedy.

Santos Trafficante - It Should Have Been Bobby - "Mob lawyer" Frank Ragano wrote in his book that Santo Trafficante told him that he and Carlos Marcello "should have killed Bobby" instead of JFK.

James Files - Grassy Knoll Shooter? - James Files claims to have fired the fatal head shot from behind the grassy knoll fence.

Chauncey Holt - One of the Tramps? - Chauncey Holt says that he forged Oswald's "Hidell" ID card, among other activities, and is the oldest of the

"three tramps" depicted in photos of Dallas on November 22, 1963. Holt names convicted murderer Charles Harrelson as one of his companions.

The list above is certainly not a complete list of confessions. Also, many other people have alleged involvement with Lee Oswald or some aspect of the JFK assassination story, but not with the murder plot itself.

…

That many of those figures did kill JFK and others is well documented. What Jen Moore and Ted Gundderson and William Cooper were silenced over is the Deep State CIA that gained and retained power or more likely always held power except from 1961 to 1963. Jen Moore and Ed Donegan continue the work of Ted Gunderson, William Cooper, Phillip Marhsall and others telling the Bush Rockefeller DuPont Rothschild CIA truths to the world and the assasinations that protect the elites.

Publication and excerpts of my books series on The Deep State and the CIA *Special Relationship* with Great Britain

"Probably the most interesting single item seized in the course of Shaw's arrest was his address book. It offered some insight into his proclivity for developing casual friendships at lofty levels of European aristocracy.

"It is true that such a listing could have represented a preoccupation with the past inasmuch as most of the world is no longer run by nobles.

"However, it is also true that the C.I.A. has a romantic infatuation with fading regimes and that Clay Shaw, with his polished Court of St. James manners, must have been precisely what the Agency needed for assignments involving foreign royalty-such as that in Italy in 1962. - Jim Garrison "*On The Trail of the Assasins.*"

Tinker Tailor Soldier Spy

On the cover of Tinker Tailor Soldier Spy are similar but smaller figurines unpacked from their original embodiment they were hidden inside of.

Google AI Overview

Fabergé eggs, particularly the Imperial eggs, are known for their intricate designs and hidden surprises, with many containing smaller objects within, including miniature replicas of crowns, pendants, or even portraits.

Here's a more detailed look:

The First Hen Egg:

The very first Imperial egg, created in 1885, opened to reveal a golden "yolk" which in turn contained a golden hen, and inside the hen was a miniature diamond replica of the Imperial crown and a ruby pendant, though these two elements have been lost.

Surprises Within:

Fabergé eggs were known for their hidden surprises, often including clocks, mechanisms, portraits, or small figures.

The Imperial Eggs:

The series of 50 unique Easter eggs created for the last Tsars of Russia are Fabergé's greatest triumph.

Gary Oldman reveals, "The title of the story is taken from the name of a nursery rhyme: 'Tinker, tailor, soldier, sailor, rich man, poor man, beggar man, thief. ' Some of these are used to refer to the high-ranking men under suspicion. Just about everyone and everything has got a code name."

James Jesus Angleton, perhaps with Allen Dulles, Wild Bill Donovan and others hutned for Soviet spies though all the while they were likely illegally acting under the goals and

methods of Greeat Britian, the Vatican, big business, and others to suppress the anti-imperialism goals of the USA under John F. Kennedy and Robert F. Kennedy

Tinker Tailor Soldier Spy (the book)

Tinker Tailor Soldier Spy is a 1974 spy novel by the author and former spy John le Carré. It follows the endeavours of the taciturn, ageing spymaster George Smiley to uncover a Soviet mole in the British Secret Intelligence Service. The novel has received critical acclaim for its complex social commentary—and, at the time, relevance, following the defection of Kim Philby. It was followed by *The Honourable Schoolboy* in 1977 and *Smiley's People* in 1979. The three novels together make up the "Karla Trilogy", named after Smiley's long-time nemesis Karla, the head of Soviet foreign intelligence and the trilogy's overarching antagonist.

The novel has been adapted into both a television series and a film, and remains a staple of the spy fiction genre. In 2022, the novel was included on the "Big Jubilee Read" list of 70 books by Commonwealth authors, selected to celebrate the Platinum Jubilee of Elizabeth II.

Plot

Background

As the tension of the Cold War is peaking in 1973, George Smiley, former senior official in Britain's Secret Intelligence Service (known as "the Circus" because its London office is at Cambridge Circus), is living unhappily in forced retirement, following the failure of

an operation codenamed Testify in Czechoslovakia which ended in the capture and torture of agent Jim Prideaux. Control, chief of the Circus, had suspected that one of the five senior intelligence officers at the Circus was a Soviet mole, and had assigned them code names for Prideaux to relay back to the Circus, derived from the English children's rhyme "Tinker, Tailor":

> Tinker, tailor,
> soldier, sailor,
> rich man, poor man,
> beggarman, thief.

The failure resulted in the dismissal of Control, Smiley, and allies such as Connie Sachs and Jerry Westerby, and their replacement by a new guard consisting of Percy Alleline, Toby Esterhase, Bill Haydon, and Roy Bland. Control has since died, and Smiley's former protégé, Peter Guillam, has been demoted to the "scalphunters".

Guillam unexpectedly approaches Smiley and takes him to the house of Under-Secretary Oliver Lacon, the civil servant who oversees the Circus. There they meet Ricki Tarr, an agent recently declared *persona non grata* due to suspicion of having defected. Tarr defends himself by explaining that he was informed of a Soviet mole at the highest level of the Circus – codenamed Gerald – by Irina, the wife of a trade delegate, while in Hong Kong. Irina claimed that the mole, Gerald, reports to a Soviet official stationed at the embassy in London called Polyakov. Shortly after Tarr relayed this to the Circus, Irina was forcibly returned to the Soviet Union, leading Tarr to suspect that the mole was real, and now knew his identity. Tarr went into hiding, resurfacing to contact Guillam.

Lacon reasons that neither Smiley nor Guillam can be the mole, due to their respective dismissal and demotion, and so requests that Smiley investigate the presence of the mole in total secrecy to avoid another PR scandal for both the Government and the Circus. Smiley cautiously agrees, and forms a team consisting of himself, Guillam, Tarr, and retired Scotland Yard Inspector Mendel. Smiley is also given access to Circus documents, and begins by examining Alleline's restructuring, discovering the ousting of Jerry Westerby and Connie Sachs, as well as slush fund payments to Jim Prideaux.

Smiley begins the hunt

Smiley visits Sachs, discovering that she confronted Alleline about her discovery that Polyakov was actually a Soviet Colonel called Gregor Viktorov, but he ordered her to drop the subject. She also mentions rumours of a secret Soviet facility for training moles, and makes allusions to Prideaux and Bill Haydon's relationship being more than just platonic friendship.

Smiley examines Operation Witchcraft, an operation in which Soviet intelligence was obtained through a key source known as "Merlin", which was treated with suspicion by both Smiley and Control. Alleline obtained ministerial support to circumvent Control's authority, and his post-Testify promotion supporters Haydon, Esterhase, and Bland have sponsored it. Smiley also learns that this "Magic Circle" has obtained a safe house somewhere in London where they obtain information from a Merlin emissary posted in London under a diplomatic cover, who – Smiley concludes – is Polyakov himself.

Smiley suspects that the Circus does not realise the flow of information is going the other way, with the

mole "Gerald" passing important British secrets ("gold dust") in return for low-grade Soviet material ("chicken feed"), which would make "Witchcraft" simply a cover for the mole.

Ted L. Gunderson An Edited and Approving Biographical Anthology of his Life and Works

[image]

Ted Gunderson was the right-hand man to RFK fighting the mafia that was run by Vice President Richard Nixon in the 1946 to 1960 years. As the Kennedy's gained power in the USA and world global dirty business operations subverted the USA and other nations. JFK and RFK attempted to shut down the CIA but it was too globally located to respond to the US Presidency and and held too much allegiance from British trained and supported Espionage in the USA operating as the US Government but through NGOs that again were difficult to control from inside the US Government. Annotated Granada Forum

ted-gunderson-exposes-satanic-ritual-child-abuse_dvd.mp4 at https://videopress.com/v/k4DJDa6J

25 Minutes of Annoted Ted Gunderson. At 82 years old and back from cancer surgey he explains how he joined the FBI and rose through its ranks. Upon a heralded retirement attened by politcal elites he went to represent Jfeefy McDonald as an investigor of the type the Criminal Justice Act allows for indegent defendants. He would only consult on the case (he worked F Lee Bailey cases as well) IF the evidene suggested the Green Berret medical doctor was not guilty.

In the course of that work he finds out the CIA and NSA and FBI have been infiltrated and run secret dirty warefare inside the USA by developing drug addict front groups who controlled by drugs take order from the NWO and those orders were to kill the McDonald family and leave the Dr to blame. Locating these CIA FBI NSA US Military violent drug gangs that control is exerted through became his life's work and he blamed the Bush administration, Patriot Act, and Donald and William Barr extensively inn his combined lifes works. Teg Gunderson asserts the posiong of himself and two of his web masters presenting the data, the latter by raw source uranium a claim Ed Donegan myself make as well about me.

he first two minutes are introduction. 1:49 speaks of chucks 911 truth conference 3:30 goes into TG has a DVD pass it out 3:45 1951 Gunderson applies to J. Edgar Hoover Midwest born and bre. brother died a WWII bomber pilot. Worked for Hormell. Wasn't 25 but looked like it. 6:02 the FBI into the 1980s was a great organization but deteriorated greatly 6:25 Mobile Alabama the Union Springs then Phoenix City Alabama next to Fort Benning. Then Knoxville TN atomic energy cases. The to NYC and Counter Espionage exposing and identifying Russian and Chinese agents. Then Albuquerque, New Mexico.

There about 5 years Will Sullivan comes to Los Alamos for Lecture and recruits TG than meets Bobby Kennedy. When Jack was murdered by NWO boys worked Whitehosue matters when Johnson was there. Then New Haven, CT.

William Cornelius Sullivan (May 12, 1912 - November 9, 1977) was an assistant director of the Federal Bureau of Investigation who was in charge of the agency's domestic intelligence operations from 1961 to 1971. Sullivan was forced out of the FBI at the end of September 1971 due to disagreements with FBI director J. Edgar Hoover. The following year, Sullivan was appointed as the head of the Justice Department's new Office of National Narcotics Intelligence, which he led from June 1972 to July 1973. Sullivan died in a hunting accident in 1977. His memoir of his thirty-year career in the FBI, written with journalist Bill Brown, was published posthumously by commercial publisher W. W. Norton & Company in 1979.

Sullivan led[2] the highly controversial COINTELPRO aimed at surveilling, infiltrating, discrediting, and disrupting domestic American political organizations[3][4] which among other things, assassinated, imprisoned, publicly humiliated or falsely charged American political opposition and civil rights movements with crimes.

8:45 goes into fighting black panthers as anti-terrorism and William Sullivan of FBI congratulates TEd Gunderson and NH police for downfall of Black Panthers.

9:35 Most exciting case Gunderson worked July 12 1972 flight 496. Negotiated for 2.5 hours for release of passengers. Has transcript of negotiations.

On July 12, 1972, National Airlines Flight 496 was en route to New York from Philadelphia when 34-year-old Navy veteran Michael Stanley Green and 22-year-old Lulseged Tesfa brandished a .22-caliber handgun and a shotgun. The two claimed to be carrying a bomb in a typewriter case. The men

demanded $600,000 in ransom and a return to Philadelphia.

Upon landing there, the pilot escaped. Eventually, the passengers were released, after which Tesfa and Green took the crew - along with some parachutes and about $500,000 - and transferred to a second airplane.

From Philadelphia, the 727 made its way to Texas, flying over Dallas, then southward toward Intercontinental Airport and on to the Gulf of Mexico, in keeping with the hijackers' apparent plans to go to Jamaica.

That wasn't going to happen. "We were up there over the Gulf with almost no fuel. We thought about trying to put it down on the beach but then we noticed Lake Jackson," flight engineer and Spring resident Gerald Beaver told the Houston Post days after the hijacking. Beaver had received a minor gunshot wound to the leg while in Philadelphia.

Boeing 727s aren't really supposed to land on 5,000-foot runways. But as the jet touched down, the crew hit the brakes, causing the plane to swerve and throwing the hijackers off balance. In the process, two tires blew out. https://blog.chron.com/bayoucityhistory/2012/07/40-years-later-the-day-a-727-landed-at-lake-jackson/

10:40 From Philadelphia goes into FBI Headquarters as Inspector then Memphis and Dallas. Inspector is high grade near Director. Then Santa Monica and staff of 24 supervisors under him Retires in 1979 Pat Brown governer and very cerimional whose who. Not drive out.

12:05 After retirement his first case is the Jeffery McDonald case Ed Donegan assert GUndserson was and is correct in that Fort Bragg N.C. case. Tried and Convect Feb 17 1979. His doctors freinds asked him to look into it. Within 10 months got signed confession from Helena Stoeckly. Here CIA drug dealing grop of satanist, drug addicts, and other CIA fronts had been using dead soldiers to transport drugs for drug underground.

Was beholden to the CIA DIA USMIL that gave her drug cult front group who to kill and then helped frame Dr McDonald so drug dealers of CIA not blamed. 14:57 Stoeckly murdered in 1983 Undder fingernail of victims was not the McDonald family DNA. Other DNA dissapeared from nuder a fingnail . 15:51 Illuminati 25 goals corrupt public with sex and drugs, controll the press. Pawns in the game by William Guy Carr.

17:10 Oaklahoma CIty Bombing 17:41 Conspiracy Realist Brian Gumble discounts TG as theorist. 18:40 Bureaucrats and mil intelligence NSA CIA are the killers and killed his (TG) web master with raw source radiation uranium. Details that quick reference much later in this video and elsewhere.

TG is not anti-government TG says he is anti-corruption. Normal guy. 23:45 SPLC and ADL fronts for the NWO AND US Gov had a role in Oklahoma city. 23:58 Type of Bomb TG was at the bomb test. Ronald Reagan ask the bomb be classified. TG knew the CIA scientist and was at the test in a hotel room. Micheal Risconsito. Ted Gunderson had many CIA FBI Spook contacts and was at the blast in a hotel room when the bomb was tested. One bomb tech had been killed in the blast it was so unexpectedly powerful.

Riconosciuto's Letter to Feds that 9/11 was coming

http://tedgunderson.info/index_htm_files/Riconosciuto%27s%20Letter%20to%20Feds.pdf

Long handwritten information was included and the cover letter transcribed here.

February 19, 2001
Secretary or State
Fax 202-261-0577

Dear Secretary Powell:

I am an attorney and I represent a client Who is presently incarcerated in a Federal penitentiary. He and I spoke recently and he informed that he had Information regarding terrorists who planned on entering the United States in the very near future for the purpose of terrorist activities.

He wishes to speak to you concerning same and he wishes to turn over all of the information he has concerning same which he has indicated is substantial. He asked me to to write to you because he feels that he can trust you. DO NOT SEND THIS LETTER TO TEE FBI. If he learns that the FBI is aware of this letter, he nay refuse to cooperate for reasons which I will explain later.

I do know whether you know my client, but he is well known in certain government circles, and it is because of the circles he has traveled that I believe that his information is accurate.

Because I do not know if you will receive this letter personally or how many eyes will see this letter before it gets to you, I have not included his name. I will be

sending a a copy of the letter to the Attorney General.

Since time is of the essence, please contact me today. My home phone is XXX XXX XXXX. I am there now, but will be out from about 6:30 p.m. to about 9:00 p.m. TIME IS OF THE ESSENCE.

Sincerely Lous P Buffardi.

Gunderson info on Riconociuto

MICHAEL RICONOSCIUTO

Ted Gunderson (self), realizing that the official word being released by the government sources was that a fertilizer bomb was used to destroy the building and that there would only have been one detonation with this type of bomb. then contacted his experts and furnished them the results of the University of Oklahoma seismogramm. (This included two persons.- one does not wish to be identified).

Michael Riconosciuto stated that based on the briefing given him by Gunderson and the unidentified expert, he is convinced that the bomb used in the Oklahoma City bombing was initially developed by him. He described it as an ELECTRO - HYDRODYNAMIC GASEOUS FUEL DEVICE. (see exhibit A).

Since Mike Riconosciuto is the original developer of this device it would be helpful to describe his background and the events which may have led to the dissemination of the information necessary for someone to have built this type of bomb.

Mike Riconosciuto was the son of Marshall

Riconosciuto (now deceased), who was a powerful municipal leader and politician with numerous major west coast political connections. When Mike Riconosciuto was young, he was surrounded by relatives and business associates working with the *Office of Strategic Services (OSS)* and later the *Central Intelligence Agency (CIA)*.

Marshall Riconosciuto, his father. owned and operated a "public relations" firm which included long- time friend and colleague "Fred Lee Crisman,"" an OSS *psychological warfare specialist* working against the German effort to secure the atomic bomb.

It is still rumored today that Marshall Riconosciuto held a powerful position within the intelligence community. His son. Michael, was born and raised into this secret lifestyle. From an early age, Mike was a technological child prodigy. (see exhibit B) At the age of ten, he was experimenting with radios, television, sound amplifiers. and remarkably he was one of the first persons to discover the biological reactions in plant life that are stimulated by external sound.

Mike Riconosciute grew up in Berkeley during the early sixties and was already making a name for himself as a world class scientific genius. While at Stanford University he developed a method of extracting nuclear isotopes using a laser (see exhibit C), something which has only recently been perfected. Because of his family connections to the intelligence community, Mike was a perfect insider for the CIA to use during their experimentation with LSD.

American teenagers loved to experiment with it and Mike became interested in the chemical structure of these psycho-active drugs and was eventually linked with the analytical side of the CIA's MK-Ultra* experiments. It is at this juncture that the CIA developed

a “control jacket" for Mike Riconosciuto. A control jacket it is an unpleasant blackmail scheme that the CIA uses to keep psychological control over their assets. Mike Riconosciuto’s jacket was that of an illicit drug manufacturer. The CIA used Mike to spy on the radical Berkeley crowd and the anti-war movement then springing out of the Height Ashbury area of San Francisco.

Mike led a dual life as a young scientist experimenting with highly secretive and new technology, while associating with motorcycle gangs and radical hippie elements of society. He reported his intelligence gathering activities to the Federal Bureau Of Investigations (FBI) and CIA on a regular basis. At one point, Mike refused to cooperate with his handlers, and they used their control jacket to have him arrested.

Mike claims he was set up, then prosecuted as a Juvenile.

It was at this point that Mike realized how much power and control was being exerted upon him to stop all other activities and to continue to explore his scientific skills in the development of new theories in science. Part of this pressure was the result of Mike Riconosciuto's own father to channel the young Riconosciuto into his work. During the late 1970s, Mike was making discoveries in a new scientific principle that would eventually cause so much excitement at the National Security Agency (NSA) that the director of this agency would make a personal appearance at Mike's laboratory to examine the results of his work.

The laboratory was called Hercules Research, and Mike was developing a new device called the Modular Energy Transfer Catalyzer unit (METC Unit).

By itself the METC unit was not so complicated a

device to replicate, however, the control circuitry and the applications in which the METC unit was being used was nothing short of a scientific revolution. Numerous patents were issued to Inter-Probe Inc.. under the leadership of former Admiral Henry Renkin.

The Admiral had formed a relationship with the Riconosciuto and the government had taken an active interest in everything that Mike was developing.

These included hand-held directed energy weapons systems, infra-red signature counter-measures for the Stealth aircraft. an improved method of controlling and breaking down surface friction in winged aircraft, an improved method of controlling heating and cooling in critical laser-welded applications and a half-dozen more such projects shrouded in secrecy. Mike was considered years ahead of his time and important people were now be-friending him.

These people were trained ritual-type murderers who passionately loved their work. Nichols was tape recorded negotiating with an undercover police officer to kill several Cabazon Tribal members. Arrests were made by the Indio California Police Department and Nichols was convicted of soliciting murder. Nichols served one and one-half years in prison. The Parole officer interviewing Nichols expressed shock that despite Nichols' lack of remorse, or that Nichols never accepted the authority imposed upon him, he was released early on parole Wackenhut then attempted distance itself from this affair. However, both Wackenhut and the CIA had intensive information about what was going on and who was involved. It was learned Nichols had made friends with numerous mafia bosses, several of whom helped Nichols set up the gambling casino in Indio, California, on Cabazon Tribal property. This blatant connection between the CIA, gambling casinos, and the Mob was exposed by Geraldo Rivera in an ABC 20/20 segment broadcast on April 4,

1985. To date, nothing has been done to investigate the Nichols family because of their extensive connections to the CIA.

When Riconosciuto learned that his friend, Paul Morasca, had been murdered, Nichols had also indicated, through his actions, he also intended to assassinate Riconosciuto. At that time, Riconosciuto left Nichols and looked for another company to form a business relationship. Riconosciuto struck a deal with a twenty-year veteran CIA career officer named Robert B. Nichols (no relation to J .P. Nichols).

Robert Nichols formed a corporation called Meridian Arms Corp. By the time Meridian Arms became involved in Riconosciuto ‘s project activities, Dr. Harry Fair of the Defense Advanced Research Project Agency (DARPA) was contacted and FMC corporation was solicited to participate in a joint venture with Meridian Arms.

Somehow the Meridian Arms venture never materialized due to a failure in communications between Mike Riconosciuto and Robert Nichols in late 1984. Riconosciuto’s laboratory was moved to a small seaside town in Washington state where he slowly prepared to return to the theoretical research applications of the METC unit. Meanwhile, Riconosciuto was developing a new idea involving the extraction of precious metals using an organic chemistry reaction and his modular Energy Transfer Theorem. Mike was looking for some cash to start up the theoretical research lab again and decided to apply his method of extracting platinum in the tailings of an old mine in eastern Washington state. At the time when Riconosciuto was succeeding in extracting his first few grams of platinum, Riconosciuto received a message from a computer software firm named Inslaw.

Inslaw had successfully sued the government for

having conspired to bankrupt the company that developed the software under contract with the Reagan Administration. The case was up for an appeal and Inslaw was collecting evidence. Mike volunteered to provide a sworn affidavit (see exhibit G) to the originator and true owner of the intellectual property. This affidavit implicated the Department of Justice in a plot to steal and modify the software source code by adding a trap door inside the system which would subsequently allow anyone with the correct "Macro Sequence" to access unauthorized data from outside the facility where the computers were operating.

The new administration then sold its new product to other countries without telling these new customers that it was possible for the United States government to read all of the world' s secrets by tapping into the foreign computer's modem lines and using an unauthorized back door to penetrate the system's normal security lock-out.

Mike proceeded to sign the sworn affidavits despite the government's warning that if he helped Inslaw, they were going to set him up and throw him in jail. Exactly eight days later, Mike Riconosciuto was arrested and prosecuted under the control jacket they had used over and over again.

DRUGS. He is now serving a thirty-year sentence without parole for having conspired to manufacture a controlled substance. "Amphetamine".

Although other criminals who have killed are getting out within a few years, Mike is purposely being made out to be a crazy drug addicted liar who will say anything to anyone to get out of prison. When Ted Gunderson recently made contact with Mike Riconosciuto, Mike described the type of bomb he had designed. (see exhibit A)

ELECTRO-HYDRODYNAMIC GASEOUS FUEL DEVICE
(declassified version is blacked-out for Security reasons)

Rogue Agent retrieved from IMDB.com and copied or modified to here

Plot

Log-line - An undercover CIA Agent must silence an investigative journalist and his source, who threaten to expose The Octopus, (a sinister shadow government) for profiteering through illegal war games.

Eight sinister individuals run a shadow government to control the global economy. An investigative journalist learns about them and calls this group the Octopus. The journalist's source is a computer hacker who leaks classified information that can wreck the Octopus' missions. The Octopus summons an undercover CIA assassin to locate the leakers and eliminate them and moves forward with its plans. Their assassin befriends the journalist to try and learn who his source really is. He hunts the hacker down, only to find him entering a federal witness protection program to evade death. The hacker leaks a devastating trove of classified information to wreck the Octopus' plans. The CIA assassin lures the evasive hacker into a drug deal and plots his capture. A Judge sends the hacker to prison for leaking classified information. While he's still in prison, the hacker unleashes his own assassins after the CIA assassin, who stumbles upon the Octopus' final agenda. Together, they warn the journalist but it's too late. The Octopus sends a second hitman to kill the journalist. An FBI Agent investigates the murder and claims the CIA assassin is his prime suspect in the journalist's murder. The assassin

tricks the FBI Agent and disappears with the Octopus' money. A lesser-known reporter meets the journalist's brother, secures the manuscripts, and vows to bring his murderers to justice.-JR

The subplot: Investigative journalist Danny Casolaro stumbles upon a secret group of ruthless political manipulators and calls it the Octopus. The Octopus trades in big-oil money, drugs, weapons, and human trafficking globally. Casolaro uncovers and investigates illegal activities on a Navajo Reservation in Indio, California. He stumbles upon a fringe group, the D.I.G "Decency In Government", who are fighting the corrupt higher-ups involved in the drug trade off the Pacific coast. Casolaro is oblivious to the fact that the CIA's secret arm, Wackenhut Security, is in a venture to develop biological weapons and supply to the Saudi regime. Casolaro digs too deep into their secret operations and Wackenhut shuts down its operations. Robert Booth Nichols-a self-proclaimed mix of Clark Gable and James Bond on the wrong side of the law-tries to locate and tie up the loose ends for the Octopus. Nichols and his former business partner, Michael Riconosciuto, were involved in biological weapons technology and drug operations in their efforts to stop the human trafficking trade in Central and South America. After a botched mission in Beirut, Riconosciuto ends his alliance with Nichols and disavows the CIA. When Nichols comes after Riconosciuto looking for the Troll (Danny's source of the national security leaks), Riconosciuto sends his family away and becomes an FBI informant. He leaks classified information, triggering panic in Washington DC. Riconosciuto is framed in a drug deal and sent to prison. Casolaro bounces intelligence between the various operatives and is poised to crack open the case. For this, he trusts Nichols who promises Casolaro that he can meet the head of the Octopus. The next day, Casolaro is found dead in his motel room. Hot on Nichols' heels is FBI Agent, Thomas Gates, who suspects Nichols is the killer and vows to put

him away forever. Nichols steals Octopus' money and disappears from the scene. Agent Gates opens a new case to indict Nichols as a conman and vows to bring him to justice. At Casolaro's funeral, a four-star general walks in, places a medal of honor on Danny's chest, and salutes him. A reporter named Carol Marshall meets Danny Casolaro's brother, Tony, who secures Danny's manuscripts. Together, they vow to investigate Danny's murder further and bring the killers to justice. The story is based on the book, "The Last Circle," by Cheri Seymour. -JR

Synopsis ROBERT BOOTH NICHOLS is a self-proclaimed CIA operative and an off-the-grid globetrotting weapons salesman for the British MI-5/6 and trades illegally in guns and biological weapons. Chasing a fetish for US Treasury Notes, Nichols' greed often hurts his allies and foes. They call him the 'James Bond' on the wrong side of the law. Nichols surfaces from a long hiatus and steals a Yacht off the Pacific coast. It's named NABILA. Nichols chases away the three bimbos on board and turns around the boat to dock it at a safe yard, in his control.

Nichols' ally is an eccentric computer genius, MICHAEL JAMES RICONOSCIUTO, a director of R&D at Wackenhut Corporation, who lures Nichols into a new deal. Riconosciuto convinces Nichols that Wackenhut plans to manufacture and supply weapons of mass destruction to Saudi Arabia from a Reservation in Indio, California. Wackenhut hires Nichols to be their middleman.

At a Washington DC court, a ninth circuit Judge acquits IMELDA MARCOS and ADNAN KHASHOGGI in an international money laundering case. Kashoggi is the wealthiest arms dealer in London. He moves his bases to Geneva, Switzerland, and Marbella, Spain because of DODI AL FAYED (Who'd later become Lady Diana's lover.) Khashoggi's business partnership with Imelda

Marcos ends with this acquittal.

Nichols and Riconosciuto seize the opportunity and offer a lucrative deal to Kashoggi. Nichols tries to sell Kashoggi's stolen yacht, NABILA and compels Kashoggi to fund their weapons trade. Riconosciuto adds they have a wealthy client (we'd learn later that it's Donald Trump who buys this yacht) ready to buy the yacht for a higher price. Kashoggi first agrees with Nichols' offer then sees through the double-cross and sells his yacht directly to their client. Nichols docks the yacht at a hidden shipyard. Kashoggi sends his killers after Nichols and Riconosciuto to eliminate them and repossess his yacht. Nichols and Riconosciuto move back to the United States and stay low for a while. Nichols reaches out to an old ally, PETER ZOKOSKY, a former Marine, now a Picatinny contractor to form a new partnership. They begin selling weapons to the Nicaraguan rebels and the Cali Cartel. At a lakeside hideout, a rebel leader, COMMANDER ZERO, inspects Riconosciuto's weapons, night-vision goggles, and new merchandise. Riconosciuto gives a demo for an untested and sophisticated technology called "Fuel-Aur-Explosives," which he claims is his invention.

Nichols and Riconosciuto taste big success in the drugs, bio-weapons, and technology trade. They stumble upon the Octopus' human and drug trafficking operations in the Beqaa Valley in Lebanon, Asia, and Central and South America. Riconosciuto sets up a listening post in Nicosia, Cypress with an ally, LESTER COLEMAN, an undercover DEA agent who sends out a coded message to Nichols, "WA-LATTERALL is compromised." The Octopus' Supreme Council picks it up and sounds alarmed to their top gun, GEORGE WACKENHUT. The NSA agents begin monitoring the activities in the Beqaa Valley. Nichols, Riconosciuto, and Coleman get to a rendezvous point where the Nicaraguan rebels and the Cali Cartel hold an American hostage. Nichols negotiates the release of the high-value asset (William Buckley Jr.,)

and agrees to trade three dozen COBRA helicopters as ransom. During the negotiations, Riconosciuto picks up a few code-words in Spanish via Commander Zero's walkie-talkie and alerts Nichols that they've killed the hostage. Nichols is pissed that Commander Zero has double-crossed them, and he blows up the helicopters with C-4 explosives. Nichols vanishes with a large sum that belongs to the Octopus. Rebels open gunfire breaks, Coleman slows down and they capture him. Riconosciuto and Nichols flee the scene. Riconosciuto shows his angst and tells Nichols that they cannot leave Coleman behind. Nichols tells him they can't trust Coleman anymore and says he's expendable. Later, Coleman escapes and flies away to Sweden, where he seeks political asylum and lives there with his family.

In Martinsburg, West Virginia, an investigative journalist, DANNY CASOLARO, writes for the computer world magazine. He picks up a few threads of Nichols' botched mission and outlines a crime narrative about eight individuals who have absolute power and unlimited access to money. He calls this group the Octopus or the *Shadow Government* of the modern world.

Nichols and Riconosciuto stay low for a while and then resume operations in money laundering. They also shop around a forbidden technology known as PROMIS, which Riconosciuto claims, he's placed a backdoor orifice while working for Wackenhut Security Inc. This Trojan horse would later become the most sophisticated surveillance tool for the US Administration to monitor all human movements on the planet. Nichols sells PROMIS to wealthy bidders such as the Bin Ladins, the Ayatollah in Iran, and even Mossad.

Wackenhut, the new Chief of the Octopus, is on a damage control mission after Danny Casolaro's leaks that hurt their global plans. Wackenhut summons and orders Nichols to locate the sources of these leaks and eliminate them. Nichols gets a small clue from the leaked files that

Casolaro's source is a hacker named the TROLL. As a return favor, Nichols asks Wackenhut to throw the Saudi killers off his back. Wackenhut introduces him to MIKE ABBELL, who's the Octopus' top eagle at the Justice Department.

Riconosscciuto and Nichols visit Pine Gap, Australia, where Riconosciuto helps the Australian Intelligence Agencies (ASIO and ASD) build and set up a massive data collection center using the PROMIS and later, ECHELON programs. After hearing the news of a top banker's murder in Sydney, (the Nugan-Hand founding partner's death) Riconosciuto suddenly parts ways with Nichols and moves to Tacoma, WA, where his second wife, BOBBIE, and daughter MARY ELIZABETH, welcome him home.

While investigating the Cali Cartel and the Music Corporation of America (MCA), a bad-ass FBI Special Agent, THOMAS GATES (Los Angeles,) stumbles upon Nichols, Riconosciuto, and Casolaro's files because of the leaks. He secures FISA warrants and places "Wire-Taps" on telephonic communication of Nichols, MCA, and the mafia hands, FRANCISCO "FRANKY BOY" CALI and his associates. Agent Gates connects the dots quickly and learns that MCA (Music Corporation of America) is merely a front office for the Octopus. Agent Gates picks up a disturbing lead that stops him cold and ends at the doorsteps of a faceless White House official.

Meanwhile, in Southern California, an editor at The Gazette, CAROL MARSHALL, has been looking for answers on pending cases within the Mariposa Sheriff's jurisdiction. Carol stumbles upon Casolaro's publications when a Deputy meets her and hands her over an envelope with a firm warning that she cannot disclose its contents to anybody, including family. Carol takes the files home, skims through the pages, and shares a few pages with ROLAND SEYMOUR (Her GREEN BERET husband.) He tells her that the answers she needs might

be with Ted Gunderson at the FBI (Los Angeles branch.)

Carol meets Gunderson and wishes to know about Nichols and his activities. She says Michael Riconosciuto had given her bombshell 'INTEL' when he called her from an unknown location, using a collect call phone. Gunderson warns her about getting involved in any matters connected with Nichols and adds she'd be in danger if she pursued her investigations. He sends her away.

Carol goes ahead and publishes online her investigative report on the Cornell University website. Gunderson calls her back and invites her home. They meet and discuss the sensitive nature of the case she's been investigating. He introduces Carol to Agent Gates, whom he wants to throw off Nichols' back, and instead sends Agent Gates away to explore the MCA. Gates reaches out to Carol and tells her he's investigating anybody in touch with Nichols or Riconosciuto. Agent Gates closes in on the truth when Gunderson sends him on a lead about a bunk investigation of Matsushita Corporation, which is trying to buy out MCA. Gates learns Nichols is handling the deal in Japan, and he stumbles upon a YAKUZA operative, HAROLD H. OKIMOTO. Okimoto is Nichols' 'Godfather' operating out of the Japanese underworld. Agent Gates tails the two men to their secret base in Honolulu, Hawaii.

The OLIVER NORTH story about the Iran-Contras and the hostage crisis in Iran rips through the nation. Riconosciuto claims he has intelligence on the OCTOBER SURPRISE conspiracy that ensures the delayed release of the hostages in Tehran, resulting in Reagan's election as President. He shares this information with Casolaro and BILL HAMILTON (owner of INSLAW INC) that Nichols organized the money by selling weapons to Iraq. Riconosciuto adds that this matter has Papa Bush's fingerprints all over it.

BILL HAMILTON (of INSLAW Incorporation) owns the patents and rights to PROMIS. He asks Casolaro to investigate PETER VIDENIEKS and DR. EARL BROWN (HADRON INC, Octopus operatives) for stealing PROMIS and selling it illegally to the DOJ. The Justice Department installs PROMIS at 93 DA's offices across the nation. Casolaro refuses to get involved in Hamilton's politically motivated plans, then sees the enormity of the whole operation.

Agent Gates closes in on these operatives quickly and touts Nichols to be a masterly conman. Nichols learns about Agent Gates and reaches out to Gates' boss, TED GUNDERSON, who orders Gates to stop chasing Nichols. Gunderson claims he has investigated the MCA business and calls Nichols squeaky clean. Gunderson assures Gates that Nichols is probably a CIA Agent or an MI-5 operative. Agent Gates taunts Gunderson with the notion that Nichols could be an NSC operative with Top-Secret clearance.

Agent Gates continues to monitor Nichols but plays it by the book. Nichols meets EUGENE GIACHINTO, President of the MCA, who resigns suddenly and ends his partnership with Nichols's company, Meridian Weapons Inc. Giachinto's actions send a shock-wave among the Octopus operatives. Nichols talks with Danny Casolaro and Michael Riconousciuto and warns them of dire consequences if they speak about an influential Octopus operative at the DOJ, MIKE ABBELL. They refuse to heed his warnings, and Nichols turns the heat on them.

The PAN AM 103 airliner crashes at Lockerbie, Scotland. Riconosciuto concludes quickly and shares it with Casolaro that Nichols could have been behind this crash. Casolaro asks him how Riconosciuto knew this. Riconosciuto says that Nichols didn't like the idea when the McKee team arrived in Beirut to investigate Nichols' covert operations. Danny Casolaro begins to suspect

both Riconosciuto and Nichols could have been behind the deaths of the McKee team.

Casolaro bumps into the Octopus operatives everywhere. Wackenhut reprimands Nichols and asks him to locate and neutralize the leakers. Nichols learns that the Octopus' Supreme Council has a master plan in a play called the Project for the New American Century (PNAC).

Meanwhile, Peter Videnieks sends an assassin to Hamilton to try and intimidate him so that he calls off the investigation into Mike Abbell. Nichols reaches out to Danny and Riconosciuto and warns them to stay away from Abell. He adds that even the CALI Cartel men that Casolaro was tracking down are intelligence operatives working under Nichols' supervision. Before Nichols can locate the actual leaker named TROLL, Michael Riconosciuto tells Hamilton that the DOJ has stolen PROMIS to use it and advance their PNAC plan. Hamilton requests Danny to investigate again. Danny is currently in South America with his son and agrees to look into the matter when he returns home. An unknown Octopus hit man, JOSEPH CUELLAR, tails Casolaro and keeps a 24/7 watch on his activities. Robert Booth Nichols butts in to dissuade Danny from investigating Abbell again and warns Danny that he might get killed.

In the meantime, the Cali Cartel and the Nicaraguan rebels send in Jose Carlos Londono, Commander Zero, Gilberto Rodrigues, and Miguel Rodrigues to seek revenge for their losses. They monitor Casolaro and Nichols closely.

Riconosciuto sends an affidavit to support Hamilton's case against the DOJ about PROMIS. Riconosciuto hires an ex-marine turned mob hit-man, JIMMY HUGHES, to protect his family and then enters a "Witness Protection"

program.

His affidavit reaches the hands of Deputy Attorney General BILL RICHARDSON and instantly sends ripples across Washington DC and the DOJ. Peter Videnieks and Dr. Earl Brian are hauled in by the Senate Judiciary and Intelligence Committees. This case rattles the Octopus' Supreme Council.

The Press ambushes President George H.W. Bush and questions him about the INSLAW case and the shooting down of PAN AM 103. He dodges their questions deftly.

Jimmy Hughes brings along heavy artillery and armor to protect BOBBIE RICONOSCIUTO (Riconosciuto's wife) and MARY ELIZABETH (their daughter, 4) from Nichols and the Octopus killers.

Videnieks calls Riconisciuto to intimidate him and orders him to withdraw his damaging affidavit, or his life and family will be destroyed. Riconosciuto reaches out to his old mates at a shipping yard near Tacoma, WA (in the Seattle area) and plans on going underground. He sends his family away to California.

Following up on a tip from an unknown caller, the USCG monitors a drug deal where a Cali Cartel sidekick, BEN KALKA, is seen with Riconosciuto and his pals. The USCG Agents arrest Riconosciuto and his associates on a dockyard in Tacoma.

At Michael's trial, Ted Gunderson presents a supportive recommendation in Riconosciuto's favor. To accelerate the case hearing, the DA brings in Riconosciuto's ex-wife, PHYLLIS, and her boyfriend to testify against Riconosciuto. Riconosciuto is found guilty of leaking classified documents, and he lands in Pierce County jail. Bobbie and Mary move to California after hearing this devastating news and come in touch with Carol

Marshall. The two women visit an old RV of Riconosciuto in Death Valley, Trona, and collect boxes full of documents, where he's also left some secret encrypted bank cards for the family to use. Riconosciuto calls Carol one night and reveals that he's been following her actions ever since she met Gunderson and handed over a secret investigation folder titled "The Vortex Files."

Over the next few months, Riconosciuto and Carol Marshall talk by phone. An FBI Agent, "RJ," notes down the important details for Riconosciuto's early release from jail. Agent Gates also hears their conversations via tapped phones when Riconosciuto talks about Nichols' connection with the mob, MCA, and Cali Cartel. He says FinCEN (Financial Crimes Enforcement unit) should be handling his case.

Agent Gates swings into the action and tracks Nichols to Italy, England, Japan, and Switzerland. Gates gets in touch with Casolaro and shares sensitive information about the Octopus and Wackenhut alliance, and warns him to stay away from Nichols and Riconosciuto.

(August 4, 1991.) Nichols flies in from Puerto Rico and meets Danny Casolaro and his girlfriend, ANN KLENK, at the Sheraton Inn motel in Martinsburg, West Virginia. Danny Casolaro meets BILL TURNER of Hughes Aircraft and exchanges more damaging 'INTEL' about Octopus' PNAC plans for the Republic of Dominica and Haiti. Danny finishes his crime narrative and is ready to publish it. After reading his material, several news reporters first want to run with the story, then back out. Danny titles his final manuscript "INDIO" and then changes it to "Behold a Pale Horse." Danny finally settles with "The Death of a Poet."

In Hollywood, Nichols meets his MCA ally, JACK VALENTI, President of the Motion Pictures Association

of America, and shares Danny's narrative. Nichols wants to make it into a feature film titled "Acceptable Casualty."

We learn that Valenti is a former Chief of Staff of President Lyndon Johnson, and he's rewarded this job because Valenti drafted Johnson's speech on board Air Force One, after JFK Sr's assassination. With Gunderson's help, Carol finally gets to meet Nichols.

Suspicious of Carol's intentions, Nichols vets her thoroughly, then shares about his meeting with Jack Valenti. Nichols says he has been part of many covert intelligence operations. Carol asks him about a botched operation in Lebanon and adds that Riconosciuto gave her this information. Nichols asks her for the code-name Riconosciuto gave her. She says it's "WA-LATTERAL." Nichols hides his shock and then says that's not the code-name.

Nichols deviates from the topic and lies that Riconosciuto and Coleman were handling WA-LATTERAL. Nichols adds more spin and shares the "Unedited" version of the notorious ZAPRUDER tape with Carol Marshall. The video shakes up Carol, and she leaves Nichols alone after this meeting.

(August 10, 1991.) At the Sheraton Inn motel, a cleaning staff finds Danny Casolaro lying in a bloodied bathtub. At the same time, Danny's maid at home, OLGA, receives death threats from different callers. A couple of DC police officers take charge of the crime scene and send Danny's body for an autopsy. Later, the cops embalm Casolaro's body without an autopsy, and they don't inform his family either.

A few days later, Danny's brother, Doctor ANTHONY CASOLARO, meets the coroner in Martinsburg, WV, and learns that Casolaro's suitcase, full of incriminating

evidence for the case he was working on to bring down the Octopus, has gone missing.

Anthony reaches out to Carol Marshall and Ann Klenk, then shares a secret that Danny had shared only with him. They find Danny's last known note in his shoe case. Carol picks up Danny Casolaro's murder case and names her new folder, "The Casolaro Protocol."

Nichols meets Zokosky and they hunt down Danny Casolaro's killers, then take Wackenhut hostage. Agent Gates tails them to a nondescript building in Florida and watches them.

A high-speed car chase ensues in the streets of Coral gables, Florida. Zokosky and Nichols trick Agent Gates and they send him after Nichols' double. The real George Wackenhut learns Nichols has kidnapped his double and places him on a rogue assets' list. Wackenhut flies away to Marseilles in France and goes into hiding.

Jimmy Hughes tracks down and joins Nichols and Zokosky as they're torturing and interrogating Wackenhut's double to get the details of the Octopus' PNAC plans. Hughes steps outside for a smoke while Zokoky applies extreme measures and tortures Wackenhut further. They pause and ponder that the double has nothing of value for them. In a stunning turnaround of fate, Joseph Cuellar rushes inside, points his gun at Nichols, and orders his boss' release at gunpoint.

Nichols sweet-talks Cuellar into a deal and convinces him that Wackenhut has committed treason. Hughes comes back in, guns blazing, and kills Cuellar. They hear helicopters' roots noise in the distance and Hughes kills Wackenhut's double. Nichols and Zokosky ask him why he'd done that. Hughes tells them that they only had a body double. Nichols and Zokosky are shocked. They

leave the building.

Moments later, mercenaries arrive in a helicopter and carry the double's body away. Zokosky watches them fly away and smiles. Nichols walks over to him and sees him smiling. Zokosky says he has the coordinates to locate Wackenhut but might need some help to decipher the coded data from his computer. Nichols nods approvingly at Zokosky's brilliant move. Zokosky had pinned a tracker on the double's corpse. Nichols says they need to pay Riconosciuto a visit to get the codes deciphered.

Nichols and Zokosky meet Riconosciuto in prison and he accuses Nichols of attacking Bobby and Mary in his California home. Riconosciuto says Nichols is Danny Casolaro's murderer. Zokosky intervenes and says that Nichols was in London on the day Danny died. Riconosciuto turns to Hughes, who nods at him and confirms Zokosky's information. Riconosciuto seeks proof of their claims. Nichols shows the proof to Riconosciuto, and he agrees to help decipher Zokosky's files.

They learn that Wackenhut's hiding in Marseilles, France. Nichols promises Riconosciuto that he'll make Danny Casolaro's killers pay for their crimes. Riconosciuto says Nichols IS the mind behind Casolaro's killers. Nichols refutes the charge and poses the dreaded question; who and where is the Troll? Michael stuns everybody, confesses he's the Troll and adds that Nichols is wise enough to figure such things out.

Nichols, Zokosky, and Hughes take a ferry and reach the Chateau Du Ray in Marseilles. Hughes looks through his rifle scope and finds Wackenhut pacing around his living room in the distance. He shows it to Nichols and Zokosky, then takes a couple of shots. Wackenhut drops on the carpet. Nichols, Zokosky, and Hughes get back on

the ferry. Nichols flies off to Geneva, Switzerland, Zokosky goes to London, and Hughes flies off to Honduras.

A 4-star general of African-American descent walks out of a limousine and salutes Danny's casket, opens its lid, then places a medal of honor on his chest and salutes again. The General leaves, and his actions stun Danny's family and others at the funeral.

We see the Yacht, NABILA, sailing away off the Pacific Coast, and it's now named Princess Diana. Carol receives Ann Klenk's phone call, leaves for DC, and meets her at a diner. They discuss the final days of Danny Casolaro and later visit Danny's grave in Arlington.

Carol takes Ann to her motel suite, talking about Danny's manuscripts. Carol notes down a few numbers from Danny's phone bills and assures Ann that she'll find out who killed Danny. Carol tells Ann that her name is Cheri Seymour and not Carol Marshall. On that note of unconditional faith, love, and trust, Cheri Seymour leaves Ann Klenk with happy memories of Danny Casolaro.

(2005.) In North Hollywood, the LAPD coordinates with Agent Gates' team at the BLUE DIAMOND Nightclub. They ambush and arrest Nichols' team with heavy-duty weapons, and they have no license to possess such guns or conduct such trades.

Nichols arrives in court and spins his narrative that he's a covert intelligence operative and has top-secret security clearance. The Judge asks Agent Gates and LAPD to present proof of illegal acts by Nichols. Nichols presents travelers' checks and other papers to strengthen his claims. The Judge calls it a mistrial.

Stunned, Gates and Gunderson watch Nichols walk

free. They get back to their office and get back to the wiretap recordings room. Gates is stunned to find out that the spool recordings containing Nichols' calls are missing. Gates is pissed, and he vows to nail Nichols for his crimes and put him away forever.

(2009.) A Swiss tabloid reports that Kasshogi's assassins lure Nichols into a gun deal meeting and kill Nichols in a Geneva hotel. Agent Gates cuts the piece out and pins it on a wall. Gates ponders, did Nichols die, or did he fake his death? Let's find out more about it.

Jagan Ramamoorthy has written the full synopsis for the Rogue Agent story.

Helena Stoeckley repeatedly confessed--and then recanted--being in the home of Jeffrey MacDonald the night his pregnant wife and two young daughters were brutally killed.

By Jill Sederstrom October 9, 2020, 3:26 PM ET

The complex case of Jeffrey MacDonald and the gruesome murders of his pregnant wife and two young daughters has been increasingly complicated over the years by one woman.

Helena Stoeckley-a drug-addicted hippie who lived in Fayetteville, North Carolina at the time of the slayings-has repeatedly claimed that she was in MacDonald's home the night of the murders with a group of friends who carried out the brutal attacks, even after MacDonald himself was convicted of the murders in 1979.

Her story has continually changed over the years-with Stoeckley claiming at times that she had been in the home on Feb. 17, 1970 when Colette MacDonald and her daughters, 5-

year-old Kimberley and 2-year-old Kristen, were viciously killed, while at other times saying she either hadn't been in the home or had no recollection of her activities that night.

Investigators quickly dismissed Stoeckley, who had been a teenaged confidential police informant at the time of the murders, as unreliable and they focused instead on evidence they said pointed to Jeffrey MacDonald, a Green Beret surgeon with an Ivy League education.

More than 50 years after the slayings, MacDonald continues to proclaim his innocence from behind bars-pointing to Stoeckley's past confession as evidence that he didn't carry out the crime.

So what happened to Stoeckley in the years that followed?

Stoeckley died in 1983 at the age of 30 of acute pneumonia and cirrhosis of the liver in her South Carolina apartment, according to a 1998 Vanity Fair article.

But not before making one last confession to her mother just three months before she died.

"She told my mother she was there that night and that Dr. MacDonald was innocent," her brother Gene Stoeckly told People in 2017. "I know my mom in her heart believed it. ... My sister knew her time was short - she had cirrhosis. The prosecution used the fact she was affected by drug abuse over the years, but my sister had no reason to make things up or lie."

…

Terrorist Cell Organa

Why Mr. Gunderson, do our borders matter so much to a Patriot? "Because our national borders are our Constitutions borders. The laws prescribed in the body of our Constitutional makeup our charter, our way of life. How we protect our children. How we prosecute the mob and build for the common good. We have religions from everywhere, business that are global. There is nothing wrong with that but on our land our laws are final. Our elections are final and our government officials must be protected from foreign interests or business interests or NGOs.

When we let foreign based powers however much some in government may agree with them they must act under our laws. Those who assassinated the NWO breached the borders of the Constitution itself. Patriots will believe in such an act."

Ted Gunderson called it the Corruption Network, others the CABAL or NWO, the Global Elites, Cartels, etc.,

For simplicity's sake in sending this out by cut and paste as well as other means I am going to develop an Ordered List representing the Cell more or less from the Nucleus out to the cell wall and that beyond the cell wall. It will change over time so what is section I A 1 a now may be 2 A 1 c later as I add a new item above item I causing a renumbering.

What I am representing is the basic Secret Team concept of allied parties working together used by many historians.

Edward Paul Donegan Oped "The National Security Threat Posed by the Criminal Activities of Police Agencies Inside and Outside the USA and the Cover-up of Treason

There will be several sections of this. One is that I have read free speech law most of my life from under the age of 18 to over 60 years old and I understand as Thomas Jefferson did and others did that threats to free speech are a national security threat.

Second I will outline that the factors that will cause my death in the best case scenario are already far advanced because of police abuse of me. Aging in conjunction with being over-weight, homeless, carrying belongings, sleeping on sidewalks in all weather amongst violent ex-cons, poor nutrition, waking disturbances of yelling people or noise campaigns, all have taken their toll when without police abuse I might have been on a trajectory to reach 90 years old quite thin and well housed.

Heckler's veto is often referred to outside a strict legal context. One example is an article by Nat Hentoff in which he claims that "First Amendment law is clear that everyone has the right to picket a speaker, and to go inside the hall and heckle him or her-but not to drown out the speaker, let alone rush the stage and stop the speech before it starts. That's called the 'heckler's veto.'" - Wikipedia

Government Agents can use "No Touch Torture" of sensory input that is repulsive to a person. Repetitively and traumatically it is Complex Post Traumatic Trauma, an interpersonal invasion of the victim's pscyche of ideas, sounds, imagages, scents, religious messaging so disturbing to a person the trauma can not be ignored and the traumatized person must to be functional work against the "noise."

I will show wherever I need WiFi and workspace to write my book about US officials and the Kennedy Assassination abuse campaigns (very unfair to me) begin that manufacture unusable, physically threatening, and deeply hostile environments.

I will show the Conspiracy Against First Amendment Rights is clearly and very accurately aimed at my book writing and is

one factor of many other factors (including break-ins to me home office, death threats, cuts to ISP wiring, cuts to power to the building) designed to erode and stop my book writing or the means or locations to write my books.

I will show that the these criminal acts through polie intermediaries include illegal racketeering, that the unfair staged acted out imagery of me is also used not on the fraudulent appearances as of how I look with teen girls placed around me but the Legend (manufactured backstory about me that includes forgeries of confessions) are part of violating racketeering laws and are blatantly and admittedly (by those involved) a criminal operation by policing.

The racketeerig elements include homicides of whistle-blowers to the scheme probably created at Comet Ping pong and incluide the assasinations of Seth Rich (gunshot wounds) and Jen Moore.

AI Overview

"If that comment was directed at me," means that the speaker is wondering or questioning whether a previous statement or remark was intended to be aimed at them personally, implying a potential for criticism or negativity towards them.

Key points about this phrase:

Uncertainty: The speaker is not sure if the comment was meant for them, which can lead to feelings of confusion or discomfort.

Defensive posture: By asking this question, the speaker might be trying to understand if they are being targeted or criticized.

Context matters: The meaning of this phrase depends heavily on the situation and tone of the comment that preceded it.

Example scenarios: In a group conversation: "Did you just call me lazy? If that comment was directed at me, I disagree." On social media: "That post seemed to be a jab at my opinion. If that comment was directed at me, I'd like to explain my perspective."

- Google AI

"Flying Monkeys" trained at making both inter-personally and under the law offensive comments are hidden behind the ambiguity of who the comments are directed at.

Another factor in being harassed (Roadblocked) by thugs is Angie in the movie Balboa. Her and her thugs are present when Balboa is befriending a character much like me, poor, but a good keeper of house and home and a responsible person. Interceding in the activities between Balboa and Marie Angie and her thugs rudely pan-handle Balboa and are eager to escalate the fight far beyond that.

The Repugnant Frauds included a person calling sperm bank and egg bank reproducivity markets "illegal animal husbandry" in a bio-rights fraud scheme of "beakers" the ARC of Northern Virginia as a racketeering matter may have created using faked rather than real evidence against me to make the "restitution" demands for impregnation or bio-rights.

See "Seth Rich, Comet Ping Pong, and the New Reality of DC Conspiracy Theories. DC has always had conspiracy theories. Now they have actual addresses" by Benjamin Freed.

The murder of Seth Rich occurred on July 10, 2016, at 4:20 a.m. in the Bloomingdale neighborhood of Washington, D.C.[2] Rich died about an hour and a half after being shot twice in the back. The perpetrators were never apprehended; police suspected he had been the victim of an attempted robbery.

The 27-year-old Rich was an employee of the Democratic National Committee (DNC), and his murder spawned several

right-wing conspiracy theories,[1][4] including the false claim, contradicted by the law enforcement branches that investigated the murder, that Rich had been involved with the leaked DNC emails in 2016. [The PizzaGate emails were included in several leaks thought to be tied to Seth Rich.]

QAnon was the offspring of a conspiracy theory known as Pizzagate. In 2016 the website WikiLeaks released a trove of e-mails that Russian hackers had stolen from the account of John Podesta, Hillary Clinton's campaign chair for her 2016 presidential election bid. On the website 4chan-a forum characterized by trollish behaviour, extreme content, and lax moderation-anonymous users posited that the use of the term "cheese pizza" in Podesta's e-mails was code for "child pornography" and that a Washington, D.C., pizzeria named Comet Ping Pong, from which Podesta had ordered, was engaged in the sexual exploitation of children. Ultimately, Pizzagate conspiracy theorists invoked the existence of an elite cabal of satanic cannibals operating a child sex trafficking ring out of the basement of Comet Ping Pong (the restaurant does not, in fact, have a basement). Edgar Welch, a Pizzagate conspiracy theory believer, decided to "self-investigate" the matter, so on December 4, 2016, he drove from North Carolina to Washington, D.C., armed with an AR-15, a shotgun, and a revolver. He entered Comet Ping Pong and fired several rounds in an effort to uncover the pizzeria's nonexistent basement, but he surrendered to police after determining that the "intel" on Pizzagate "wasn't 100 percent." In 2017 Welch was sentenced to four years in prison on federal weapons charges.

Jen Moore had a different theory on Pizza Gate. James Alefantis, a little recognized power broker in D.C., had at his Comet Ping Pong shope Podesta and others who did not abuse children in a basement. They setup a plan to use children in the basement of a church (possible First United Methodist in Corpus Christi Texas) to act like victims. They would be used to defame and sabotage the identity of Edward Paul Donegan in various locations as it appeared to be true (though it was not) that a request for food, coffee, etc., or use of a gym or park was fact a cover story of the accused exploiter of children (Ed Donegan is

being framed) who only wanted to abuse children and was not a real gym user, park user, apartment user, etc, and thus should be blacklist fro those places. The plan was made in Comet Ping Ping but acted on elsewhere.

I Ed Donegan assert it is an unfair extortion scheme using smear of my usage of pubic locations and accommodations to be subjected to unfair extortion demands and allegation of misconduct.

‘Pizzagate’ gunman fatally shot by police outside Charlotte in traffic stop By Jeff A. Chamer Updated January 09, 2025 6:02 PM

The Salisbury man who died Monday after he was shot by two Kannapolis police officers over the weekend was the ‘Pizzagate’ gunman arrested in Washington, D.C., in 2016 after he terrified people with a loaded AR-15 inside a restaurant. Edgar Maddison Welch, the man killed, made national headlines in 2016 when he entered Comet Ping Pong, a pizza restaurant in Washington, D.C., armed with an assault rifle and loaded revolver. He drove from Salisbury to the nation’s capital in search of an alleged child sex ring linked to Hillary Clinton - something he learned about from a fake news story, The Washington Post reported.

Read more at: https://www.charlotteobserver.com/news/local/crime/article298247913.html#storylink=cpy

From 2001 to 2009, Tony West was a litigation partner at Morrison & Foerster LLP in San Francisco. He also served as the California co-chairman of Barack Obama's 2008 presidential campaign.. During 2001 through 2009 I was in a dispute with the N.I.H and FBI and was trying to submit evidence of their frauds to Morrison & Foerster LLP.

In California I was a responsible scene memer and adult of normal morals and ethics and reporting trafficking to police when I encountered it. When three female drug addicts seeking drug money tried by violence to "turn a woman out" I offered to defend her story to police if she would turn her assailants in as to filing a report against them because they told me the same reason for the attack and I had warned the victim away from those assailants even before the attack. Another person was an underage bondage partner to Nathan Bunny . A friend and in fact several of them took active steps to bring that to an end, it first came throught contacts into behavioral health by the victim then an arrest of Nathan Bunny. When my best friend Shawn of that time was accused of sexual assault at a party I had thrown in my house I isolated him, found supporters to help the reported victim and offered to call police. THe victim recanted to her friends at the party and admitted she had behaved oddly on drugs and I took her and other's word for it.

It is possible this unfair politically motivated smear of me went from California into a larger operation of framing accross several states alleging I was after "pizza" not pizza in pizza shops. Oh how confusting to people that could be.

I need to unpack the word "unfair." The conspirators of an illegal scheme are so brazen as to used forged confessions in the legal system, courts, and behavioral health care trust funds even though the allegations and even fabricated confessions are false. Many go along with the fraud either for political reasons and wanting to sabotage the right wing OR to profit from an extortion of sex offender predicated on the belief the sex offender has something of value that could be blackmailed over. This is are Revenge Stalk where a lynch mob in an office or public place has been expose to false allegations about a person and are invited to retaliate against that person.

Next on the OpEd agenda is that the high power interests that created an abusive smear campaign of me unfair to me are doing to to prevent the truth of the Kennedy assasionation from coming out, the operators of the black-ops program continuing the supression of the USS as a republic as global elements use subverion against the he politics and politicians of the Republic of the USA.

Finally I will show and example of the unfair trauma to me naming names of some locations and how the scheme operates. The section title is abrasive and uses a term I don't like but is needed to make a contexutal point.

The title of the final section is *Faggot, Faggot Heckler, Faggot Veto* and the artklce explains violations of a person's space to program trauma into them.

I spent years of my life in San Francisco with as many or more gay friends than straight ones, the Leather Community and Gay Community have much overlap as does paganism, etc., I always objected to Christianity interfering with free love and wrote on the topic for 30 years or more. "Freedom to Reason is Freedom

[for gay couples] to cruse [each other.] It was a play on Freedom to Reason is Freedom To Choose a John Milton statement about self-governing in the Age of Reason.

The way a person is traumatically vioiled is the alteration of context. In public we share space with those who are not use or like us. That is fine. But when those who do not represent who we are (different cultures, language speakers, sexual orientations, religious orientations) force themselves traumatically into the individual space of a Stalk victim the in self of the stalk victim gasps for air and normalicy but will never find it. This is the creation of Complex Post Traumatic Stress Disorder and the use of fear, terror, or things of disgust to a stalk victim to impose the need for some type of attempt against the stalkers who will deny stalking.

These types of traumatic gay traumas exposes were at Oil Can Harry's, Halcyon, and other locations. The first two I was evicted over my complaints on the illegal components to all of this. The Arlington central Public Library evicted me under the same fight. I continue to experience conduct similar to this at Iron Bear. The adult clubs are more racially oriented in "happy slapping" making sure the imagery is disgusting to me as I write in those locations) and focus on clear smear campaigns as to wether I like adult woman sexuality or minors.

Very rude, abusive, and not uncommonly raially charged confrontations in caberets participating in this have been common at the time I am trying to contact Texas Rangers about the corruption or officials (from Austin now in Congress) I think had roles in COINTELPRO program attacking me that is illegal. In the case of Red Rose I was booted out at the exact moment I was completing an email to Texas Rangers on corruption. Similar with a Starbucks. On batter power I did finish it out accross the street and provided the info I was attacked by rudeness as I was sending it delaying the send. Stalkers seem to have most police and first responders in their back pockets but I don't think Staklers like having to pull strings and ask for silence or stand down IF the stalker can prevent that from happening in the first place.

Since the eviction from my homes and ending up homeless I can only work on my books at all at a 30 percent rate of what I could do house. Since the loss of the library I have lost 70 percent of what is left.

During this time I have also lot my health and Jen Moore's death has occurred.

> **Jones, Barry. Treasonous Cabal: A Primer on the Violent Overthrow of John F. Kennedy and His Presidency (p. 6). CreateSpace. Kindle Edition.**
>
> JOE No SINGLE conspirator had the power and influence to plan and organize all of the moving parts involved in the treasonous plot to assassinate President Kennedy. Rather, evidence shows FOUR conspirators -
>
> - The mafia,
> - The military and intelligence community
> - Lyndon B. Johnson,
> - and the Cuban Americans.
>
> - Each one playing a part in the Crime of the Century.

> Indeed, the plot could NOT have succeeded without the complicity of co-conspirators. Likewise, it wasn't a single issue that drove multiple multiple parties with very different agendas to "join the team" and carry out the hit. Evidence shows that each of the conspirators had individual motives that intersected, causing them to want to permanently eliminate John F. Kennedy - the enemy of their various schemes, enterprises, policies, and ambitions. This "common enemy syndrome" united conspirators from wildly different orbits

Barry Jones writes "This book is an attempt to answer three basic questions. Why was President Kennedy killed? Who benefited? And who had the power to cover it up? This text will present a narrative from the author's perspective. Though the evidence is factual, the conclusions drawn are the author's alone. This book is not intended to supplant or even supplement historical research texts. In fact, it is targeted at JFK laypersons, not the researchers and history experts who can probably recite more JFK assassination facts from the tops of their heads than this author has read.

This book has two purposes - to simplify what has proven to be quite a complicated topic and present it in such a way that even novices and especially high school and college students might take an interest in what some consider to be the "*Crime of the Century*." Though I am not advocating cynicism, I DO hope the reader comes away with a healthy skepticism as it relates to anything the United States government presents to the American people as the "official version" of past, present, and future events. When all is written, if this book causes the reader to think, I've done my job!

I Edward Paul Donegan have written on political systems (including The Republic of Ireland and Northern Ireland, Spain under Franco and afterwards and other geopolitics and political philosophy for most of my adult life., Now in my early sixties I am applying Constitutional Law of the USA to study US Foreign

Policy, its making and carrying out, and splits in allegiances from republicanism to our change from a breakaway colony of England into an ally of Great Britain and how this affected JFK's thinking and politics him having similar influences to my own my being from Boston too.

Breaking down the four interests that Barry Jones does I see the Protestants of Texas were closer to the East-West Center of Hawaii LBJ was largely resonsible for and the military intercepts capability of the British with Yale and others from WWII history and trying to continue that in the Cold War as even the Pope joined with both Protestants and the mafia also to fight socialism or communism both of which harassed or banned the practice of Christianity.

1. Nucleus

A. High Crimes

Arbitrary power by the Executive under various excuses and denials that give the executive feudal powers of illegal acts that the Executive will deny rather than admit and is often done by intermediaries the Government claims not connection to and on behalf of interests other than the Republic that the Government claims no connection with.

"Black Operations" also at times called "Black Budget," "Above Top Secret," or "Special Access" programs can include drug dealing, money laundering, hitmen, gun-running to combatants, forgeries, false flags, assassinations, and profiteering while

denying the secret activities.

1. National Security Act of 1947. More money has been spent, more lives influenced, and more national prestige and tradition affected by the National Security Act of 1947 than] anything that has been done since that date- and all in the futile and passive name of defense. In this single Act, Congress established the Department of Defense with its single civilian secretary, and it established a new military organization joining the old Army and Navy, with an independent Air Force and a Joint Chiefs of Staff.

   It also set up the National Security Council, which consisted of the President, the Vice President, the secretaries of State and of Defense, and the director of the Office of Emergency Planning.

   It provided for the Operations Coordinating Board to assure that decisions arrived at within the NSC were carried out as planned and directed. And not to be overlooked, this same act created the Central Intelligence Agency and very specifically placed it, "for the purpose of coordinating the intelligence

activities of the several Government departments and agencies in the interest of national security... under the direction of the National Security Council.. *Col Prouty The Secret Team*

It was largely the creation of anti-communist US Representative Richard Nixon who was leading the Marshall Plan planning and creation of the National Security act along with other legislation. As it became law with the help of some rich friends like Rockefeller (checkers speech) Nixon will become the first VP elected into an office that will run the NSC.

2. Concentration of Power and Executive Power. James Madison: “Concentration of powers is tyranny.”

> “The accumulation of all powers, legislative, executive, and judiciary, in the same hands, whether of one, a few, or many, and whether hereditary, self-appointed, or elective, may justly be pronounced the very

definition of tyranny.” - The Federalist Papers, Number 47

3. Teaming with Murder Inc., and drug runners and other such as the Vatican for overthrows while hiding US hands in the activities that include war crimes and profiteering. A free-for-all access to military supplies Prouty was asked to supply for specially created businesses (following the War Industries Board and Military Industrial Complex) paid for by the US and given to select robber barraonns and with to US military inventory to conduct acts of war against both other nations and the USA itself.

   Denials. Denying its activities and hiring reporters to deny rumors of such events and by denying links to intermediaries used (Even though they later confess) the CIA can deny and the press corp will accept the denials thus the public will accept the denials

4. George H.W. Bush and other oil cronies throughout the world pillaging nations for the "black"

hidden even from JFK profits looted from the countries the corporations are committing crimes and acts of war in.

5. British System of Subversion and Overthrow (in allegiance and receiving support from foreign State and Non-State actors) with Covert internal leverage forces special operators often funded by Prizes of War collecting CIA front companies run by moneyed international interest of for international world powers like the Vatican.

John F. Kennedy and his family were part of Boston patriotism (think Mel Gibson as The Patriot) rebelling against Britain's financially exploitative oppression of both Catholicism and the USA and the Republic of Ireland and the poor who lived under feudal oppression and arbitrary power of High and Petty tyrant officials. ***No Taxation Without Representation.***

In the opening of Ed Donegan book The Great Treason is that following WWII and even before the secret world powers that utilize anti-democratic preemption. subversion, and overthrows to rule the USA and

the world are a terrorist Deep State that remains a Quiet War by illegal actions and is covertly controlling US Government and Media while denying it. This group has access to military hardware and war making capabilities from the USA and elsewhere that it employs illegally. This is what Col Prouty spent his life writing about after his friend JFK was assassinated and silenced.

6. The House Select Committee on Foreign Aid, or Herter Committee, was established to study the proposal that had been launched by General George Marshall in his speech at Harvard on June 5, 1947, for a Marshall Plan, in part as Cold War anticommunism, which led future US President Richard Nixon to focus on foreign policy throughout his public career. In 1947, it identified a "prevailing theme throughout-that democratic leadership was close to non-existent and Communist leadership at the forefront of political shaping."

In fact British Imperialism was on the decline and the Boston Brahmin wanted it back.

2. Whole of Cell and its Context as Terrorist Cell(s) function Organism and The *Special Relationship* respecting Great Britain and its influence and techniques to control many countries using pillaged or foreign-assets means of war. The model was East-India Tea Company that allowed State blessed chartered corporations extensive (and even backing for) misconduct of dirty wars in foreign lands that have been targeted for exploitation and conquest.

A. Need of WWII's England to reverse decline - End of British Empire See also: Falklands War, Transfer of sovereignty over Hong Kong, and Repatriation. By 1981, aside from a scattering of islands and outposts, the process of decolonisation that had begun after the Second World War was largely complete. In 1982, Britain's resolve in defending its remaining overseas territories was tested when Argentina invaded the Falkland Islands, acting on a long-standing claim that dated back to the Spanish Empire.[256] Britain's successful military response to retake the Falkland Islands during the ensuing Falklands War contributed to reversing the downward trend in Britain's status as a world power.

The 1980s saw Canada, Australia, and New Zealand sever their final constitutional links with Britain. Although granted legislative independence by the Statute of Westminster 1931, vestigial constitutional links had remained in place.

B. Averell Harriman, Bush, Rockefeller, and others made Keepers of the Peace special forces subversion and overthrow teams to get the bilateral treaties England and others wanted. Some call this the Secret Governments that replaced the more open Cabal.

That the Donegan's Prouty's E. Howard Hunt, Dorothy Hunt, Bissle JR., Lee Harvey Oswald and plans for Indonesia were under way by this time is clearly documented. JFK would and likely did strongly object to at least some of this. Regardless of what the OOECD did say about this you can find AR6362-A. President John F. Kennedy Meets with Secretary General of Organisation for European… more

President John F. Kennedy meets with the Secretary General of the Organisation for European Economic Co-operation Thorkil Kristensen in the Oval Office. Ed Donegan asserts that at this time he was fertilized a plan to have a possible half brother under a fake id born along side him or said to be was made and this was Post WWII CIA plans for Indonesia Gregg Poulgrain calls Allen Dulles v. JFK and Jen Moore (deceased) also asserts using Donegan home as background for video. Kristensen asserted better leaders had to be inserted or backed in countries like Indonesia of those countries were to succeed.

C. Indonesia 1958. In Col Prouty Was A Revalor I show that the CIA had one

command and it was a mobile command placed into Japan after WWII and 1949 in particular for the N (post WWII) World Order to pursue under treaty world peace. I show at that time the main concerns were (A)sia, (T)okyo of conquered Japan now a US asset that Prouty was a near full military governor of, and from there the military conducted operations as planned in (S)oviet (U)nion flyovers, (G)uatemala, and (I)ndonesia all hotpots the base ATSUGI the recon and covert operations for overthrows were based out of and Lee Harvey Oswald of the CIA was based at using RADAR I think to demonstrate it.

As seen in openly sourced news materials in 1951 as Prince Elizabeth was coming to power as Queen Elizabeth and James Paul Donegan were there in that time with the Prouty's under Nixon. Ed Donegan asserts this is when (1951 to 1961 the CIA birth of Obama for Indonesia was planned with an uncertain placement of the baby Obama Jr. and several possible CIA plans for countries and parents to grow up with. This was under the GOO Bush Nixon and led to the assassination of JFK when Obama under his real birth certificate was two years old and that the whole Operation 40 scheme and similar ones was mafia run and the records destroyed. Prouty was a close Donegan friend.

D. *The Secret Team: The CIA and Its Allies in Control of the United States and the World* is a book by L. Fletcher Prouty, a former colonel in the US Air Force, first published

by Prentice-Hall in 1973. He also wrote this Team of Conspirators assassinated JFK.

E. *Overthrow a Fascist Regime on $15 a Day*. Wayne Madsen quit his job and moved to Washington, DC, in 2000 to launch journalistic riveting accounts. Countries like Indonesia and elswhere have CIA backed ovethrow plans and Obama was CIA connected and planned for Indonesia.

F. Books include The *Manufacturing of a President: The CIA's Insertion of Barack H. Obama, Jr. into the White House* "Research is based on formerly classified CIA and State Department files, personal interviews, and international investigations. Obama's birth certificate has never been the issue … (in Wayne Madsen view. Obama Jr was eligible for President. In Ed Donegan's view too but to Ed Donegan a possible SSN of 022-46-3234 as the actual birth SSN next to Ed Donegan SSN is material to Ed Donegan's version of accounts) The real issue,

G. *The Almost Classified Guide to CIA Front Companies, Proprietaries & Contractors* This book is a compilation, in encyclopedic format, of the CIA's various fronts, proprietaries, and contractors/corporate partners since the agency's inception in 1947. The book ranges from "A" to "Z" -- Air America to Zapata Offshore.

H. *America's Nightmare: The Presidency of George Bush II* by Wayne Madsen and John Stanton by Wayne Madsen

Ed Donegan and others assert the team of Murder Inc., mobsters, and other assorted allies recruited from nearly anywhere are the "Doers" (as General Lansdale put it) while the State sponsor of the criminal actives denies being linked to the guerrilla warfare or arming insurgents of other countries. Wayne Madsen and Ed Donegan assert Barrack Obama JR. and his presidency resulted from these CIA plans for the world.

3. Ectoplasm

A. The Financial and Legal and Political and Military dealings of the NWO. In almost all cases the overthrow involve Organized Crime on large financial scales of hidden corporate profits and funding and personal profits and abuse of power in office.

4. Intelligence

A. Organizations of Cells working together

as a Cartel or other organization can be brain cells and have plans. Planted stories in an influenced press corps can present fabricated stories and fabricated judgmental condemning conspiracy theories and providing acclaim and protective sentiments to conspiracy members.

B. Disinformation designed to influence Targeted audiences may be based on accurate reporting of carefuller staged events. Iran was accused of this when student protests occurred before the world under the Shah that were designed for the camera lens.

5. Flagellum (tail outside cell wall)

A. On behalf of Robber Barrons Special Operators Conquer covertly destabalizing smaller countries with strife within the strife energizing with covert support one side of the seeming internal civil war. Often the nations pres is infiltrated that run planted stories to manipulate public opinion.

B. **Bully** (OED) *v. seek to harm, intimidate, or coerce (someone perceived as vulnerable)*.

[Bulls (police bullying) can destabilize a situation and blame the victim] The bullies find places to insert themselves into in such as way as their presence in a particular place or time will likely generate a conflict with the victim to be bullied and blamed in resultant conflicts.]

Similar to Bully (OED) persecute, oppress, tyrannize, torment, browbeat, intimidate, cow, coerce, strong-arm, subjugate, domineer, push around, play the heavy with, pressure, pressurize, bring pressure to bear on, use pressure on, put pressure on, constrain, lean on, press, push, force, compel, oblige, put under an obligation, hound, harass, nag, harry, badger, goad, prod, pester, brainwash, bludgeon, persuade, prevail on, work on, act on, influence, dragoon, twist someone's arm, blackjack, bulldoze, railroad, put the screws/squeeze on, bounce, hustle, fast-talk,

C. CIA agents have written books on "*dirty tricks*" and they are known publicly. *Close Hits* position an operative near a victim (usually undercover or using an asset) in position next to a victim and preferably not accessible by the victim. Such a location may be a neighboring office (Watergate break-in) neighboring apartments or houses or in common areas next the victim such as common areas including common areas of apartment or condo units. Forgeries and planted misinformation and use of Shills help the operation also with undercover operatives. Organizing cartels is another

dirty trick if the cartel will collude in illegal actions (RICO) for criminal ends.

"Pizzagate is one such abuse of power. Wanting special access to adult entertainers and wanting to use Ed Donegan Donegan family property to pay for access a retarded version of Edward Donegan is taken to sex industry workers for lessons by law enforcement and Edward Paul Donegan is made to look in public in need of those lessons that will build Haute couture new adult sex worker call girl and pimp scene members. Edward Donegan was asked by the Salvation Army to help understand Goth and he would not.

Ed Donegan asserts he is targeted as a behavioral risk to others in order to toxify his presence in libraries, apartment, social communities, etc., to hinder or subvert his platform to write his book in.

Fighting and other consequences result from the confession of the body double of Ed Donegan away from Ed Donegan's presence AND treatment of real Ed Donegan in public as the person who elsewhere confesses to misconduct. These have led to rigged legal proceedings, pscywards, and fights as well as evictions.

D. *Protection Rackets* a form of Organized Crime labor racket by police or security services are the most dangerous. One now feeds off false allegations against Ed Donegan who is being used as a patsy for an alleged sex crimes ring. The police may

even bully a patsy they are blaming their own acts on and act against the patsy or extort the patsy. This is the case with Lee Harvey Oswald and Edward Paul Donegan. *Blacklisting the Patsy* by smear allows for the transfer of blame to the patsy publicly while also *brings acclaim to the protection racket publicly whitelisting the terror cell*. Again corrupt police and corrupt investigators are in the perfect position to do this.

E. **Alternate Paths By Hostile Parties**
Those not allowed to attack a journalist or witness to JFK matters may plant child porn on the person, harrass them, cause their evictions and job loss etc., as an alternate path disruption of their lives and credibility.

6. Cell walls and cell wall passage of assassins, propaganda, and world profits into the cell and rise to power of the elites as controll of the cell

A. Secret Agreements between Espionage agencies and countries to cooperate on the world planning and covert operations regime changes and hemispherical covert aggression.

The main functions of the cell wall are: Protecting the cell against physical damage and invading pathogens. Cell wall controls

and regulates the direction of cell growth. Providing the strength, structural support and maintaining the shape of the cell. Functions as a storage unit by storing carbohydrates for use in plant growth, especially in seeds. It allows entry of smaller molecules through it freely.

As Cell Walls of Sovereign Nations are destroyed the conquered nation joins into or is ogrnaized as a colony of the Terrorist Cell. Manufactured copies of itself by mitosis or by virus may leave the cell, toxins may be produced and leave the cell, nutrients may pass into the cell. Cellular intelligence Major histocompatibility complex is DNA that alerts the cells to foreign biology or endogeneic biology.

B. SILENCED! Strange Deaths Of People Who Knew Too Much About The JFK Assassination: 92 Witnesses, Researchers, CIA Agents, Police Officers, Reporters, Girlfriends Who Just Knew Way Too Much! Kindle Edition by Ralph Thomas (Author) [Ed Donegan and others assert the Terrorist Cell emits toxicty to those not in the Cell or are a threat to the Cell. Often it is law enforcement, innocent bystander whiteness, or patriots who are targeted]

Hit people sent into the public to assassinate Marilyn Monroe, Malcom X, Dr. Martin Luther King, later Robert F. Kennedy and other Kennedy's and US Representative Sonny Bono and even William Colby to keep silent the truth of the Family Jewel's program mostly run by

Boston Brahim.

…

The Flagellum of Subversion includes guerrilla warfare against journalists and politicians. Covert harassment on the personal level includes police secretly picking fighters by bullying the police can win including working against housing, break-ins, use of assets to conduct attacks the police want conducted though deny involvement in.

The misfortune of conflicts with police are said to be the fault of the bullied person.

The Great Treason, Pillory, Ted Gunderson Bio X, Written By The Right Hand, Majic 12 and the Secret Government

The Timing of NSC activities and roles of CIA and the evolution of the CIA in Japan 1951 leading world security including from Grace Ranch Arizona Grace Ranch of Peter LIcavli of the JFK assassination

1946 the CIA is created mostly by Congressman Richard Nixon to be the NSC mechanism for national security.

By the time the lines had hardened, few would deny the necessity for central coordinated intelligence, and nearly everyone was convinced that the quality of national intelligence must be improved. However, as strongly as these measures were supported, the majority also denied the proposals that would have given the Intelligence Authority its own clandestine branch and the means to support such activities. General Donovan, Allen Dulles, and others took to the rostrum and

spoke publicly and privately of the need, as they saw it, for an agency with special "operations" powers. To confirm this need and to inflame the public with this issue, the supporters of the clandestine operations proposition became the greatest firebrands of the anti-Communism theme. It was this same group that picked up the banner hurled by Winston Churchill and that saw Communists under every rock. It was during these crucial days that the opposition, no matter who the opposition was, was painted pink or red with the label of Communist. A beginning of this form of public and political blackmail was made during these debates, and it reached its zenith less than a decade later.

[T]he supporters of the clandestine operations proposition became the greatest firebrands of the anti-Communism theme. It was this same group that picked up the banner hurled by Winston Churchill and that saw Communists under every rock. It was during these crucial days that the opposition, no matter who the opposition was, was painted pink or red with the label of Communist. A beginning of this form of public and political blackmail was made during these debates, and it reached its zenith less than a decade later in the infamous days of Senator Joseph McCarthy.

In the quarter-century that has followed this debate, this country and the world have become somewhat accustomed to the polemics of this terrible issue. What began perhaps as an honest effort to alert this country to the fact that the Soviet Government did in fact have the potential to unleash the secrets of the atom and thus to build atomic bombs, gradually became a powerful tool in the hands of the irresponsible and the agitators. All opposition for whatever reason was branded as Communist or pro-Communist. Gradually, this dogma of anti-Communism was extended into the entire world, and by the time of the publication of the Truman Doctrine, the entire world had been divided into Communist and anti-Communist along the lines of the Iron Curtain, the Northern Tier, and the Bamboo Curtain. Once these Lines had been drawn, it remained only for time to run its course and for the Soviet Union to follow natural growth and scientific achievement to obtain not

only the atomic bomb, but the hydrogen bomb and then the intercontinental ballistic missile. As many have said, these decisions and pressures, which first appeared during the years immediately following the end of World War II, have contained some of the most serious and grievous mistakes of this quarter-century.

During WWlater CIA figures served in the Office of Strategic Services. At the end of the war, President Truman abolished that office and shortly thereafter set up another National Intelligence Authority in January 1946, again for the purpose of coordinating intelligence. It will be noted that the specific duties assigned to the new agency (CIA) specifically itemized most of the standard tasks of Intelligence, with the exception of "collection." It would seem that a Congress that had debated the subject so long and so thoroughly would not have overlooked the function of collection. It is more likely that Congress fully intended what it stated-that the task of the CIA was that of "coordinating" intelligence. ' Col Prouty the Secret Team

The Mutual Defense Assistance Act was a United States Act of Congress signed by President Harry S. Truman on 6 October 1949. For U.S. foreign policy, it was the first U.S. military foreign aid legislation of the Cold War era, and initially to Europe.1949 .

On 8 September 1951, the United States and Japan signed the Mutual Security Treaty, which stationed U.S. troops on Japanese soil for the defense of Japan following the eruption of the Korean War. On 8 March 1954, both countries signed the Mutual Defense Assistance Agreement (activated on 1 May 1954), focusing on defense assistance. It allowed for the presence of U.S. armed forces in Japan for the purpose of peace and security while encouraging Japan to take on more responsibility for its own defense, rearming in a manner suited for defensive purposes.

The Mutual Security Act of 1951 launched a major American foreign aid program, 1951-61, of grants to numerous countries.

It largely replaced the Marshall Plan. The main goal was to help poor countries develop and to contain the spread of communism. It was signed on October 10, 1951, by President Harry S. Truman.[1] Annual authorizations were about $7.5 billion, out of a GDP of $340bn in 1951, for military, economic, and technical foreign aid to American allies. The aid was aimed primarily at shoring up Western Europe, as the Cold War developed. In 1961 it was replaced by a new foreign aid program, the Foreign Assistance Act of 1961, which created the Agency for International Development (AID), and focused more on Latin America.

The Mutual Security Act also abolished the Economic Cooperation Administration, which had managed the Marshall Plan and transferred its functions to the newly established Mutual Security Agency (MSA). The Agency was established and continued by acts of October 10, 1951 (65 Stat. 373) and June 20, 1952 (66 Stat. 141) to provide military, economic, and technical assistance to friendly nations in the interest of international peace and security, but was abolished by Reorganization Plan No. 7 of 1953, effective August 1, 1953, and its functions were transferred to the Foreign Operations Administration.[3] The act however, was extended by appropriators each fiscal year until the early 1960s.

As the Marshall Plan was ending, Congress was in the process of piecing together a new foreign aid proposal designed to unite military and economic programs with technical assistance. In the words of Secretary of State Dean Acheson, who testified before Congress, Western Europe needed assistance against Soviet "encroachment." The measure was intended to signal Washington's resolve to allies and to the Kremlin that the United States

Though not officially a belligerent during the Korean War (1950-1953), the Soviet Union played a significant, covert role in the conflict. It provided material and medical services, as well as Soviet pilots and aircraft, most notably MiG-15 fighter jets, to aid the North Korean-Chinese forces against the South Korean-United Nations Forces. Joseph Stalin had final decision-

making power and several times demanded North Korea postpone action, until he and Mao Zedong both gave their final approval in spring 1950. - Wikipedia

In 1951 as Princess Elizabeth II is near becoming Queen CHina and Russia threaten the Islands of Japan if they push through Korean as Russia did from Manchuria China) to force Japan to surrender in end of WWII

28 USC 1746 Declaration using a theoretical Interrogatory exposition)

Part 1 General information and Conspiracy Theory

Q. What is your full name and where do you currently reside? A: My full name is Edward Paul Donegan born 11/18/1961 on St. Josoph's Hospital in Inglewood of Los Angeles County to parents from Massachusutes then residing in Manhattan Beach City of Los Angeles County. I attened McMartin preschool in 1962 and that is history tied iinto Franklin Nebraska Boystown and the CIA that William F. Coly, John DeCamp, and Ted Gunderson and Jen Moore have written of, all wth access to the CIA files on the matter. Today I reside in Texas but am homeless. I use the mailng address of the Austin Resource Center for the Homeless (ARCH) though I distrust most including them.

Q. How long have you been homeless and have been homeless at other times in you ilfe? A. About a year and half this time and I have been homeless before. I had signed several valid leases in Texas but an interstate covert operation has sabotaged the existing leases I signed as well as interfering with my initiating new leasing.

Q. What leases do you assert were sabotaged and what mechanisms have bee used to sabotage them and who sabatoged them according to your assertions. A. ARC of

Northern Virginia in connection with Arlington County (Virginia) Mental Health Services in conjunction I suspect at times Nueces County Texas social services and Austin Community Court Services as well as FBI offies in Texas have had a role.

Q. How do you assert the sabotage of housing has worked? A. A smear campaign leaves drug paraphernalia near me, plays to the fears of the communities I have attempted to move to by suggesting I exploit vulnerable children by cover photography, use drugs, and am a bad influeve and a risk to the public. This invites people to deny my housing, fake bad credit, fake that apartments already leased for some reason are not coming available as planned, etc., When I have moved in to ompleted housing leased properties hostile neighbors called Shill in con job terms or Confidential Informants by others have attacked me on common property areas, stared into my window faves through the windows, holding buttocks squished against windows as though blok me from looking at children's buttocks outside my windows at the same time the scatter children's toys outside my windows or children's underwear or meth pips or other items around my apartment or hotels.

Q. Do you assert these are smear campaign or ist there some truth to it? A. Both. I am guilty of some of that with an explanation. I did not like being outside the home on drugs and up until about 2003 I did use drugs including methamphetamine and ecstasy. During those times I would stay indoors rather than go to sex or music club nearly on the same blokc I live on, numerous clubs in that area. While using and auto-download of the UUnet groups of that time I clicked on everything bikini, bikine bull beach contest, body sculpting fitness modeling, leather and S&M porn, and may other including at times later and rub fashion, etc. While there was some teen stuff in there for the most part teens I find have an ickiness to them that when treated as erotica deeply disgusts me I just figured enough of them at that time passed for adults. Those sabotaging me I think know the truth but have for smear campaign reasons played up what has been the exceptions (here or there) rather than the clearly contradicting truth of the

matter.

Q. Why would someone do that to you? A. There is a very simple answer a to why but the more complex question is why me? As to why because those other things I liked and had been a part of my life going back into early San Franiso Leather scene history, sophisticates of Silicon Valley counter-culture were glamouruse and rare. COINTELRPO has stage me as a loser in part because IF I were that loser assets of my family could be used in “my interest” to teach me that counter-culture. In Texas a scheme uses a dopple of me to “confess” to being a developmentally retarded loser. I think the Texas culture I found in Nueces County 1) Resented what they view as my White Supremacism and 2) Viewing my success in the gym lowering my body fat with arcane thrilling high energy music set-off in them a desire to co-opt a cultural space of health and fitness from me preferring to smear me and aggrandize themselves as they copied my results and while warning people of me personally a to gym and park usage.

Q. You say there was a racial competition with your personal image in the gym, and that you are known as a White Supremacist? A. Well I don’t like that term and try to avoid it but several times in my life I have attempted to build movements that refute equal iq averages between racial groups. A. Well certainly but I was just seeking solutions. But this goes to that deeper question of why me that was harassed racially in the first place? Non whites, gays, and a very hostile rainbow coalition types have long worked against me despite that fact I was in now way an aggressor or against any of them. I actually started with men’s rights in about year 2000 and in that research I discovered white identitarians. For years I was the subject of a scheme of non-white monopolizing my actual vicinity moving white adult females away then in that vacumn acting like I am buying child porn from other racial groups OR (that having been men of other racial groups) the women of other racial groups calling me, making lewd comments like I like your cookies, that comment from a black female made in a lewd tone in Washington D.C., in a Walmart as I pushed a shopping cart with Oreo cookies in the cart tray right in front of

my hipps.

Q. Have you written books asserting a racketeering interest in your genealogy and have you bee researching motivations for this group of State backed operatives you accuse of cover fraud? A. Yes. I think that as a result of atomic testing my family was in and CIA activities my family were a part of were tied to bastard children world famous family lines and that my mother comes from such a family. I grew in a very interesting family an it has been the subject of racketeering an fraud from those who aspire to certain parts of that family history.

Q. Do you think this theory you offer of a historical family history tied to harassment of you has other victims that might corroborate any of this? A. Yes. Geral Sossbee is a former FBI agent who comes from Transylvania, a region of Romania. His family of origin being speaker of Romanain. Romanian was also known as Moldovan in Moldova, although the Constitutional Court of Moldova ruled in 2013 that "the official language of Moldova is Romanian".[c] On 16 March 2023, the Moldovan Parliament approved a law on referring to the national language as Romanian in all legislative texts and the constitution. On 22 March, the president of Moldova, Maia Sandu, promulgated the law.

William Binney and John R. Stockwell, Geral Sosbee and others are Revealors

I do not doubt anything any of these have said and I have experienced to and I believe the JFK assassination and aviation safety researchers about FBI, DHS, and police services in the USA. I don;t doubt today based on all of that the truth TODAY that if several high speed bullets strike and kill a police officer today the USA and it citizens, homes, and the republic itself is safer. Why cops are this dirty or so dangerous I do not know but whatever their ideology is what they do the core error is them failing to understand democratic systems and the rule of law.

Fraud on the courts, radiation attacks on me, the deaths around me I consider suspicous such as car accidents, cancer, and violents stabbings or the murders of journalists and/or law enforcement like Ted Guderson and Geral Sosbee and others is the norm for the USA and the USA nor the world are not safe unitl the confessions of Holt, Hunt, and others are taken seriously and corruption is routed from poltical offices and political cover-ups come to and end.

This book is NOT meant to kill police officers or encourage others to do so. It is meant to explain the corruption and corrupt policing exists and add to that puzzle with the pieces in my possession I can add into that picture. Rather than encourage violence against police I discourage it since it build police moral and public sympathy for police worsening the problem. The corruption of police forces must be exposed and those exposing it must not fall to the "terrorist conspiracy theorist" label. Sunlight is the best disinfectant of the corruption in the Body Politic, and support for the Body Politic does not include shooting at it.

Many I knew are dead and one of them Veronica Hoffman died in mental hospital. I believe she was terror-stalked, subjected to covert harassment, bullied, and died in her twenties because she had the misfortune of (like Bobby Courtney and others) worked with a corrupt police operation. That operation faked allegations against me. They all died under 30 years old I think. Tom Dunham is another person I know being framed for things I know are impossible about him, but the same smear techniques are used on him as on those others and also all the ones used on me and my father.

Covert operators working for the elites have everything from radiolgy (raw source AND D-E-W) and CIA Technical Services poisons and murder techniques available to them and also sophisticated dirth tricks that improperly link people to toxifying alleged events AND trick people into actions that look bad or have bad optics. One such thing to get fights is *Lieographies*. Lies audible to, in the vicinity of, and repeated in a

clear hostile way but with an alibi (I was talking to my dog, into my cell phone, or had some other meaning) are improper tellings of a part of a Target' life. ***Meant to be abusive and fighting words and draw a punch the covert aggression welcomes that punch*** because like me elderly father who "became confused about those around him" the target of the lie will fight the lieographer and often die or be arrested in the course of the fight.

Image of Geral Sosbee "The F.B.I and C.I.A are Terrorists." "FBI and CIA kill and torture innocent civilians worldwide." "FBI and CIA routinely torture, kill, falsely imprison, or force suicide upon targeted individuals using electromagnetic weapons for mind control and nervous system manipulation. I witnessed that the FBI and C/A inhumanely and regularly torture the targeted person and also force him/her to live under horrific conditions that could reasonably be expected to lead to suicide. " - Former Special Agent Sosbee

Geral W. Sosbee FBI Special Agent 1971 -1978 SA (Special Agent) SOSBEE was assigned to a squad handling Espionage - Foreign Intelligence matters. Because of his language ability, he is primarily concerned with investigations relative to the country of Romania. He handles a sensitive source on a nearly daily basis which requires the use of his language ability. He attended Basic Counter Intelligence school during April and May, 1974. (From Xerox of FBI document Espionage - Foreign Intelligence)

Several interesting factors regarding Romania The Warsaw Pact Founded 14 May 1955 Founded at Warsaw, Poland Dissolved 1 July 1991

Dominated by the Soviet Union (USSR), the Warsaw Pact was established as a balance of power or counterweight to the North Atlantic Treaty Organization (NATO) and the Western Bloc. There was no direct military confrontation between the two organizations; instead, the conflict was fought on an ideological basis and through proxy wars. Both NATO and the Warsaw Pact

led to the expansion of military forces and their integration into the respective blocs.

The Warsaw Pact's largest military engagement was the Warsaw Pact invasion of Czechoslovakia, its own member state, in August 1968 (with the participation of all pact nations except Albania and Romania), which, in part, resulted in Albania withdrawing from the pact less than one month later. The pact began to unravel with the spread of the Revolutions of 1989 through the Eastern Bloc, beginning with the Solidarity movement in Poland, its electoral success in June 1989 and the Pan-European Picnic in August 1989. - Wikipedia

Interestingly enough it was the Polish intelligence agents that assassinated Franz Kutshera uncle of Maria Kutschera who married Barron Von Trapp.

Franz Kutschera/Assassinated February 1, 1944, Warsaw, Poland. Operation Kutschera was the code name for the successful execution of Franz Kutschera, SS and Reich's Police Chief in German-occupied Warsaw, who was shot on 1 February 1944 by a combat sabotage unit of Kedyw of the Home Army (predecessor of Battalion Parasol).

Operation Kutschera retrieved from Wikipedia and copied or modified to here

SS-Brigadeführer and Generalmajor of the Polizei, Franz Kutschera, became SS and Police Leader of the Warsaw District on 25 September 1943. During his earlier posting in the Mogilev District of the Soviet Union he proved himself as a ruthless officer, prone to brutal and unscrupulous methods.

Soon after his arrival in Warsaw he stepped up terror measures directed against the civilian population. The number of public executions and łapanka round-ups were increased, and lists of hostages to be shot in reprisal for civil disobedience or any attack on a German soldier were published daily. These actions, based on a decree by Hans Frank, were intended to

crush the will to resist among the Polish population. As a result, the Polish underground leadership included Kutschera in its "Operation Heads" list.

Kutschera's whereabouts in Warsaw were a closely guarded secret but were discovered by Aleksander Kunicki (code name "Rayski"), head of intelligence of the Agat company, while he was investigating two other assassination targets: Dr Ludwig Hahn, Chief of the Sicherheitspolizei and Sicherheitsdienst in occupied Warsaw and SS-Sturmbannführer Walter Stamm.

In the course of his surveillance of the area around the Gestapo HQ on Aleje Szucha, Rayski one day noticed an Opel Admiral limousine entering the drive of the building at Aleje Ujazdowskie number 23, which was then the SS headquarters in Warsaw (and now houses the Hungarian Embassy). The SS-man who emerged from the car wore the insignia of a general, and Rayski began to monitor his arrivals and departures from the building. The SS-man was soon identified as Kutschera, who actually lived only 150 metres away, at Aleja Róż number 2. Rayski also discovered that despite the short distance from his home to the SS headquarters, Kutschera always used his car to get there.

Marie of Romania was considered highly attractive in her youth and she had several young men vying for her hand in marriage, however one young man had already stolen her heart - George, Duke of York. Marie had known George for the majority of her life since he was also in the navy and had been a frequent visitor of the family while they were in Malta. George seemed to be just as fond of Marie, and when the prospect of marriage was raised, Albert Edward, Prince of Wales (later King Edward VI of England as he marries Queen Victoria) and Queen Victoria heartily approved of the match. Unfortunately, the same couldn’t be said of the Alexandra, Princess of Wales and Maria who had a longterm enmity towards each other. When George proposed to Marie, she reluctantly turned him down and hoped they could remain friends. Its complicated, some of these might be the same people, but the Romanian language Sosbee was asked to

specialize in by the F.B.I might cover documents from this 1902 to 1910 era of London' Monarchy.

Q. Why do you think his speaking Romanian and working for the FBI translating Romanian documents may tie his case of alleged harassment to you and your case of alleged harassment?

A. You might find this on the web. King Charles related to 'real Dracula' Vlad the Impaler who butchered enemies with stake? In his quest to preserve the forests of Transylvania, Romania, Prince Charles announced last October that he is a descendant of the 15th-Century warlord Vlad III Dracula, known also as “Vlad Ţepeş” (pronounced tse-pesh) or “Vlad the Impaler” and the potential inspiration behind Bram Stoker’s novel Dracula. And while the claim may seem outrageous, research shows that Charles is indeed correct.

Charles is the great-grandson of Mary of Teck, wife of King George V. Mary’s paternal grandmother was Countess Claudine Rhédey de Kis-Rhéde, who was born in Transylvania to Romanian nobles. Rhédey de Kis-Rhéde is descendant from two sons of Vlad III in that way that often comes from noble and royal families intermarrying: from Mihnea cel Rău through his son Mircea III Dracul and from Vlad IV Ţepeluş through his son Vlaicu III. Eventually, Vlad IV’s descendant Gabor Kendeffy de Malmoliz married Mihnea’s descendant Elizbeta Kemeny; they were Claudine Rhédey de Kis-Rhéde’s three-times-great-grandparents.

She (Mary of Teck) may have introduced a gene into the Winsdor family called FOXP2. The gene is also part of Minimal Brain Dysfunction I was diagnosed with while at Mc Martin Preschool. The London KE family carries that gene as do many others. I believe it was the gene Prince Albert of York had and showed during The Kings Speech of 1925. My mother was born in 1926 and carried that gene as do I, as did Andy Warhol, and others. Sometimes you will see references about strong emotions and you can reference the film A Girl Interrupted.

So-called 'internet detectives' refuse to believe the truth about Brittany Murphy's death. https://youtu.be/KgEDU0FuK18?si=v9_inIE8k6DCzhuc. Simon Mark Monjack (9 March 1970 – 23 May 2010) was an English screenwriter, film director, producer and make-up artist. He was Brittany Murphy's husband until her death in 2009 and he himself" and showed signs of agoraphobia and fear based in paranoia. Was it mold in their home?

[It is not well known or known at all but Minimal Brain Dysfunction may exist in Justina Pelletier was well.

Q. Do you know of anyone else who suspects and Eugencis and the study of this gene or bastard children of these family lines? A. Ted Gunderson and William Colby and John DeCamp wrote with partial knowledge that this gene was part of personality research in preschools of children with hidden identities or given hidden identities and this was part of very secretive world researching genes and genetics.

Q. What did Ted Gunderson believe as you understand Ted Gunderson? A. He believed the Kennedy assassination, the death of Marilyn Monroe, and McDonald family, and other deaths were to cover-up CIA and DIA research and that the research was in part through front groups like those run by Micheal Aquino and cult groups who sold drugs, etc., but would respond as a mafia to assassination duties given to them by high ranking elites who wished certain people be silenced.

Q. Do you know anyone who holds these beliefs. A. William Colby did and so did Jen Moore. Jen Moore was a personality researcher with CIA ties and knew of and reported on this gene running within my family line and secrets of hidden identities in my family line.

Q. Do you think this has affected the US Presidency outside of the Kennedy Assassinations you assert as connected? A. Yes. I assert the Rockefeller Republicans built a string of planned cover leaders for the 21st Century would be groomed by the

CIA and Barrack Obama Jr. is one of perhaps 50 us officials of some level or another with family ties into cold war hopes of internationally groomed future leaders.

Part 2 Mafia details

Q. Mr. Edward Paul Donegan you assert you books series Genoracketeering, a word combing genome and racketeering. Can you expand on that aspect of you allegations about being targeted by a covert and illegal protection racket?

A. It has taken me years to put some of the puzzle pieces together and let me start with a few of them which I collected over the ten years of being almost always inside Texas and South Texas. When I was in 1001 North Water Street some low income residents were there. I had offered some of what I have used many times for casual entertainment Bikini Contests including St. Patricks Day, San Padre Island, and many other such events. The person informed me that the CD-ROM I had burned for him violated his Christianity. I said back to him that these were people volunatarily “taking it off” having fun strutting and competing and that sponsors were running the events and had advertising, etc, it was a consensual event of fun.

Much earlier I had arrived in Corpus Christi using Fetlife and it was called “perving” people’s pictures if you looked over adult photos. In San Francisco I picked up from Professor DeSade of San Jose Leathermasters the term “eye candy” for a feast of the eyes of Glam Dommes or the glamorous. I listened to songs like Gush Forth Your Tears of female vocalists, etc., and some of those made Nun costumes par tof the scene and for some that meant it was OK for Christianity.

I have suspected the low income religious Leaopard Street homeless shelters learned these terms, ran to the Glamms and said “Be careful of Ed Donegan!. He has been perving little children. He is not like us who have hosted elite call girls

services and are secretly elites who manage Glamms."

Q. How does a financial piece fit into this? A. One of the thing I talk about openly was my life including having paid for erotic role plays at Fantasy Makers in Berkely. I have explained the if they keep things from prostitution (even though it is lewd) the police will mostly ignore it. There are rules, stay away from being near schools, drugs, ,and that type of things if you don't want on police radar. While adopting the role of being elites and protecting elites from Ed Donegan they seemed to use this scheme to fund new lives for themselves. I have accused much of Keep Austin Weird cultural oriented business part of a trend of mirroring the SF Bay Area, and a person from Legend Security copying my line I made up of Second Line of Troops for a name of his Austin Cajun restaurant. Not only does the protection racket falsify allegations about me it protects those the mafia hope to infiltrate. These that seem to include Mark Gonzales and the FBI of San Antonio like to have a dopple of me be retarded, a schizophrenic who is not to be believe, and in need of Glamms teaching him (actually a crew of law enforcement associates) what the Glam scene is that they will be infiltrating.

Part 3 How does this tie into the Conspiracy Theory and crimes of the racket you assert?

Q. How does this fit together? A. A high power COINTELPRO program targeted me with false allegations and in part taking up the oxygen of my social fit into life and infiltrating that has been an FBI operation that is fairly needless, but using a illegal covert attacks to sabotage me WAS needed so that one was chosen.

Q. What crimes do you assert? Jen Moore knew it was a dopple of me, not me, confessing to misconduct I was framed for, and she was killed as a whistle-blower. Not only did she assert I was being framed for what I did not do and would not have done Jen Moore asserted the attack on my reputation was

to silence me and her talking about Allen Dulles, the Kennedy assassination, and how elites fear what her and I have to say about this. Jimmy and Bobby Courtney were homeless people used like Jen Moore and they also were (like her) found dead and several fires have broken out In buildings the frauds were conducted in.

Q. You have mentioned the Foval and Creamer operation as a white hose level possible sponsor of this. Do you believe their partners included progressive religious groups? A. Certainly the YMCA is in the area and I have seen some suspicious activity. Of course they are so progressive the song YMCA referencing NYC gay life was written of its dorms. There outlier religions like Black Hebrew Israelite that had a similar bent against the alt-right but the were mostly christian black vets tied to jingoism. In truth I found everybody cooperated with the police and there were no exceptions to that thus there was no available profile as to who it was. It was and is everyone on the Community Stalk. Certainly Marg Gonzales and his loyalists of a Mexican nationalist criminal gang may have been patrolling its neighborhoods of Nueces County faking rather than reporting allegations.

Q. Are you sure you centered in this conspiracy theory? It sounds very reactionary and out of the norm. A. Ralph Thomas and others have written (as Richard Belzier has also done) of how many strange deaths have occurred among witnesses to the JFK assassination yet dispite the those deaths more and more evidence including deathbed confessions support the beliefs of Mark Lane, Lee Bowers Jr., and others. In fact I hold most of Mark Lane's beliefs about CIA research in Folsom Prison, Jonestown Guyana, and other project and all these CIA misconduct cases are tied together just as Sonny Bono believed before his death. I list in my books many sources such as Then Who Killed Kennedy and my own connections to this history and the harrassemnt of me. It is all one fabric. My voice and piece of that.

Part 4 Mr Donegan can you detail your allegations

various Christian groups and charities became part of the money-laundering and fraudulent Community Stalk orgainized by higher up?

Q. What gropus made you suspicious when you first arrived in Corpus Christi and what types of suspicious activity did you see?

A. Nueces County Services seemed to try and pickup exactly where i had left off as I was fleeing the county services of Virginia run out of Sequoia Plaza. It also matched my experiences at FMC Butner as I neared release. Black social workers were demanding to the point of open fraud, faking signatures, and extensive pestering I sign up for social servies and I would not.

Q. What else happened? I went to some church services since I was either in religous faith based services shelters like Salvation Army or Search For Truth Ministry that also specialized in military veterans but seemed to be run as an evangelical Hebrew or Hebrew friendly operation. It was located on WACO street jsut off leapard in a very deep skid row. They were suprised both my my futuristic music and also my readings on Borderline Pesonality Disorder I was doing online.

Q. Where there more substantial reasons for suspicions about them OR other organizations? A. A person worked in that charity and for the VA. I forget his name now part hispanic possible part black. He was on eucamimincal charity boards in the area and alwo worked at the VA. At a hot-dog feed I noticed right away they had very out place minors females posing lewdly around me. This was outside of that homeless mission but he was running and providing that hotdog feed.

Q. And what other groups do you allege were involved? Pizza Not Bombs or Tacos not Bombs were a non-vegeitarian Food Not Bombs group similar actions occured at. Station Church Corpus Christ showed eve more con job tupe activity. SHouting

down anything insighful I said and worked towards the image I was severaly retrarded. That buil on the Search For Truth that took a different angle being hostile to my parents failing me by denying me the Gospel and that I was not to blame for their failure.

And the Salvation Army was in that area? Yes, and much of that same conduct. It was passing around flyers and petitions, holding secret rendevous parties late at night organized by some black females I think with certain retard people I might have recognized, I am not sure, and I had trouble with Uber drivers taking me off route to Salvation ARmy as they waived to me like a freind who forgot to vistit them. I also heard an impersonator me in an apartment at nearby apartent in 1513 OCean Drive saying under confrontation for explotiatively viewing females he was not saved by God. a loser, and thus had been booked into Salvation Army custudy as a drug addicted tweak.

Q. Did this type of activity connect with other activity? A. Yes. This group was enviou of my talking to women easily and seemed to be part of copyig my life. For isntance I researched an electronic violin I might learn to play and they had a black woman (I think she was black) buy one for hear child at about that time. I notive onlie my music systems of "Songarchy" and Hexicode type idea of notation and language and scripts seemed to be copied with people it took me several iterations to explain it to succesfully.

Q. Is this something you also have seen elsewhere? Yes, the Salvation Army Prison Ministries and other groups including the First United Methodist "contemporary" churuch band had been quite pathetic but on my showing them Cybergoth and other playists encouraging them to step it up they appeared to do so though were hostile to me and decided to have a meeting on re-writing will after the death a parent. I think they had my mother's will in mind.

Q. Have you seen this cooption anywhere else? Yes. There is

Urban Alchemy in Austin Texas I have been told is based in Oakland or San Frnacisco California. These "alchemists" (I had used that in the New Electro works) assert with the Illuminati Eye of PRovidence they are a secret cult of elites though from long term prison poplulations and violent crimes have covertly been the elitess of the world keeping only to themselves the knowledge of the universe. THey are a recovery program of alchmizing lost souls from the streets into a the recovery people. I saw a few today wearing " practiioners" shirts on as they practiec their classical antiquity skills and worldliess to help others. This strikes me as simiilar to the Rainbow Church with no judgments towards runaways including gays or blacks, etc., and other far left charities like Foundations for the Homeless. that my brother would use these groups to payout allegations he did believe or did not believe and part of that would be to research Goth or my liberalism seemded like they could be connected. Espeically if I or my far right beleifs could be called terrorism or I could be jostled into a "terrorist mentality."

Q. How do you mean that? Much of the harrassment is visibly from police, fire, undocuments, gays, people of color, etc., and with police backing. This FBI program reaks to me of how Tsarnev and Sirhan Sirhan were radicalized for cover CIA or FBI needs, Sirhan being the person who shot from the front of RFK angered over plane sales to Isreal, and Tsarnev who bombed the Boston Marathon as the similarly smaller event occured at the JFK Library in Dorchester Massachusetts. I have always suspected Kennedy association ties to all of this.

Where there any other grops? A.Yes . Good Samaritan Homeless Shelter wa I think a Southern Baptist facility and like Salvation Army faked where I was located so a dopple could using the location I was tied to could could conflate their actions with my own, a dirty trick that is used often. It is part of the identity theft that goes along with forced confessions, forged in the sense the person making them that are passed into the legal system are passed as being my confessions when they are not. UUCC did not provoke my suspicions other than others were sensitive to my mention of them, but I also did not have in

interest in them. Many of the Shills con artist neighbors moved around me were in recovery programs and some were gay and drug users but would not touch alcohol. From what I have read that matches Baptists. In addition to that the stereotypical large black male preacher with a street ministry fit some of those following me out of Texas and into California.

Bill Truels Is A Truly Great Mind of Our Time

Theodore L. Gunderson

An Edited and Approving Biographical Anthology of his Life and Works

By

Edward Paul Donegan

Monroe Marilyn Monroe would would be the pawn of a tryst with Kennedy that went wrong.

Marilyn was killed by the mob that night in hopes that Kennedy would feel the bite.

'Tis a probable suicide said Nzgcuhi (notice he said probable) but he knew that this could never be for Marilyn's stomach contained no drugs. 'Tis true that Marilyn was killed by thugs.

Maryland became a pawn you see in this Mafia Kennedy rivalry. An innocent lamb Marlin's murder foretold of Greater tragedies yet to unfold.

The men who committed this treachery would one year later in Dallas be and the failure to solve Marilyn's crime would put John Kennedy next in line.

- thank you - Bill Truels https://www.youtube.com/@billtruels3508

MAFIA MURDER OF MARILYN MONROE https://www.youtube.com/watch?v=0vHOcTO3rmc .

https://youtu.be/vXrpFxHfppI?si=oa-0RhWKxhAAtjTs Epitah. Some get it. Truels does. What is the mind of corrupt policing who can understand that or want to. But that is what is at issue here.

https://www.quora.com/Was-Marilyn-Monroe-pregnant-with-JFKs-child-before-she-was-silenced

After Marilyn Monroe's death in 1962, several of her closest friends claimed there was no way she would have killed herself.

Early on the morning of Aug. 5, 1962, Marilyn Monroe was found dead in her bedroom, surrounded by pill bottles and clasping her telephone. She was just 36 years old.

Immediately after her death, the world was left wondering how exactly the blond bombshell had died. But there wasn't one clear answer. Her coroner labeled her death a "probable suicide." The police deemed it "accidental."

What did seem clear was that Monroe had ingested an alarming number of pills before her death. Her toxicology report showed that she had high levels of chloral hydrate in her blood, likely from sleeping pills and the barbiturate Nembutal.

However, a number of inconsistencies in the original investigation led police to reopen Monroe's case in 1982. They then acknowledged the enduring "factual discrepancies and unanswered questions" about how she had died.

Although the 1982 investigation called Marilyn Monroe's death a probable suicide, questions about her death have lingered. To this day, many even believe that Marilyn Monroe was killed — perhaps because of her relationship with President John F. Kennedy.

Here's everything we know about Marilyn Monroe's death and the disturbing murder theories that have emerged in its wake.

https://www.quora.com/Was-Marilyn-Monroe-pregnant-with-JFKs-child-before-she-was-silenced -

I have read the Giancana book Dr TRuells pointed his listeners to and Giancana explains it this way as does other informed sources. Peter Lawford (married to Patricia Kennedy) and Marilyn Monroe lived in beach party houses the Kennedy family philandered in. Nixon and the Outfit (the CIA) wanted dirt on the Kennedy familiy and bugged both homes recording the Kennedy sex acts in those homes. By the time JFK accepted the nomination of the DNC as candidate for he General Election against Nixon it was clear Monroe seemed as big a name as JFK. How that would play was dangerous. Many believed an affair was real but a celebrity endorsement by Monroe (who ALSO worked for the CIA since the 1950's) helped too.

After JFK won the Presidency defeating then V.P. Richard Nixon (and after RFK was appointed Attorney General the day after JFK was innaugarated) blackmail of the Kennedy family was far too dangerous. Giancana and the FBI had knowledge of each other as CIA but the relationship with Hoover was strained and the FBI could and might make the Outfit sacrificial lambs at

any time.

What worked better was to frame RFK for the murder. Since it was widely suspedcted an affair was underway with the Kennedy brothers those brothers would become suspects. With that in mind the Giancana Outfit waited for the presence of RFK and used that night for the murder entering the home AFTER RFK had left.

I have not read this yet but it might have been in the Outfit thinking if they could not blackmail the Kennedy family over the affair then if they did a good enough job in the frame-up they might be able to blackmail them over the murder and a necessarily messy public clearing of the facts.

Say Goodbye To The President: Marilyn & The Kennedys

https://www.youtube.com/watch?v=Yipfi4uoiKY via https://www.youtube.com/@dunkrag

Monroe (according to Sam Giancana) was killed by an anal dalivery of Nembutal (a barbituate) along with another drug the CIA felt hindered the metabolism of Nembutal. This had been designed to for use on Castro. The CIA decided to use on Monroe who became a liability to the Gaincana Mob (the Outfit) working for the CIA. That was August 4, 1962. Later November 8, 1965, about three years later Dorothy Kilgallen died of barbiturate overdose and many view that an Ron Patakis a suspicious. Pataki was born near Chicago and his poems sounded like Division 13 of the KGB the "Wetdivision" and poison inserted into a glass of Vodka. Was he Patake working for the CIA and Giancana?

SAY GOODBYE TO THE PRESIDENT OCTOBER 25 1985 MARILYN MONROE UK DOCUMENTARY REPEATED JULY 14 1992 https://www.youtube.com/watch?v=VZSJmEI_X60

Say Goodbye To The President: Marilyn & The Kennedys - Director Christopher Olgiati https://www.olgiati.com/ also Mafia Wars, co-produced by the BBC and CBS, the story of the Mafia's 'Godfather of Two Worlds,' seen in the U.S. and thirty-eight other countries, was to the London Times "a triumph," and to the Los Angeles Times "a showcase of dazzling documentary form." Other critics found it "immensely stylish ... stunning ... TV history in the making ... extraordinary and fascinating ... highly original ... roller coaster entertainment, a Hollywood calling card." And more. Sinatra, many other figures of history backstories revealed.

1:38 The Los Angeles Police helped JFK and Peter Lawford (married to Patricia Kennedy) leave the scene of the Corpus Delecti Monroe. [That seemed a good idea to protect the Kennedy family but while it saved two Kennedy relatives from being suspects it also saved Sam Giancana, George H.W. Bush, former V.P Richard Nixon, Richard Cheney, Arnold Schwartzenegger, perhaps the Rockefeller and Hearst and J.P. Morgan and CIA from being suspects. All those were guilty AND went on to kill JKF, RFK, and many others as they assassinated witnesses clear their paths into power.]

6:50 John F. (Jack) Kennedy was just a young senator he and Monroe first walked along the beach in Malibu and that was reported by the Hollywood press., 7:20 The Lawford (Peter Lawford and Patrcia Kennedy) were “installed” at a beach front home in Santa Monica. [the ramp clomb Rotunda looking like that of Rocky Horror overlooked the poos and ocean. Peter Lawford had an

injured right arm that kept him out of the British military. He and his wife (like Joseph Kenedy Sr.) had Hollywood show-business plans.]

8:00 this bathing suits and beachfront home of surfboards and beach life became the home for the Kennedy affairs.

9mins :00 seconds with political power came enemies. Neither John F. Kennedy nor Peter Lawford new there were microphones secretly placed in the house. Fred Otash private detective on camera. Under carpets, in chandeliers and ceiling fixtures.

Wikipedia **Fred Otash** (January 7, 1922 – October 5, 1992) was a Los Angeles police officer, private investigator, author, and a WWII Marine veteran, who became known as a Hollywood fixer, while operating as its "most infamous" private detective; he is most remembered as "the inspiration for Jack Nicholson's character Jake Gittes in the film, *Chinatown*. He was interviewed numerous times in the media, including in 1957 by Mike Wallace, an interview that can be viewed online via the University of Texas.

Career

Otash worked for Hollywood Research Incorporated, which did business with the tabloid magazine *Confidential*. He is also known for being hired by Peter Lawford to investigate Marilyn Monroe. An FBI file released as part of the JFK Assassination Records suggest that Otash was investigating Lawford and John F. Kennedy, and attempted to talk a call girl into arranging a meeting with Kennedy in which she would wear a wire to record incriminating statements.

Otash also was involved in the investigation of the "Wrong Door Raid" involving Frank Sinatra.[*citation needed*]

9:45 Otash and his men parked near the Lawford home to get the clearest [radio] signals from the bugs they placed. They could hear (it woudld fade in and out) and could here Marilyn talking to and about the PResident and the springs squeaking, etc.,the goings on including the sex acts in the home. Destroying the marriad of Joe DiMagio and Monroe was goal.

11:00 Jimmy Hoffa hated the Kennedy's and was in on the taping. The Kennedy's hated Hoffa and were behing the Get Hoffa commitee against organized crime.

Interlude for Ed Donegan to explain Hoffa and the Kennedy's, Marilyn Monroe JFK and JM/WAVE (Indonesia,) and Paul Schrade and United Auto Workers and Packard Motors Inglewood Los Angeles

I have researched much of this. Nixon (V.P. Nixon of the N.S.C. that ran the CIA under Eisenhower) liked Hoffa and the Teamsters (just as the Teamsters like Nixon) because the Teamsters were bad for the workers. While Giancana braggs at how much the Teamsters could push around businesses (probably small time ones) in fact the Teamsters were not disposed to strike while otherr collective-bargainers unions did believe in striking if that leverage that provided against the employer was needed. The mobs backed by Nixon that were part of the Hoffa circle were CIA sleeze that dealt drugs, robbed union funds, and comited other crimes as part of being CIA muscle and the CIA was very right-wing.

The friend of RFK in this area was Paul Schrade who for Packard Motors of Detriot help build the war-changing P-51 Mustang for the WWII effort. That was a real union and union

relationship RFK backed.

Marilyn Monroe was privy to CIA plans that Kennedy inherited including plans to influence and take over Indonesia. I assert this included plans for the CIA to manufacture Barrack Obama Jr. in that his purported and true lineage (I think they differ) were CIA controlled in CIA hopes for Barrack Obama Jr. being an Agent of Influence to be groomed and raised by a CIA controlled family that were ALSO CIA agents-of-influence.

There is an interesting question for the Indonesia and purported mother of Barrack Obama Jr. theory. Were the conspirators (if the assasins team were involved in this) trying to mix a newborn and one year old? Nine months after the El Mirador meeting with William King Harvey, Giancana, Rosselli, Holt, and others a CIA meeting Monroe is dead. Did an earlier abortion in 1961 if one occured have anyting to do with this or if one occured in 1962 did it have anything to do with anythings for Birther Theory and alleged mother of Barrack Obama?

The video Say Goodbye To The President: Marilyn & The Kennedys continues.

Quiet Wars by the NWO

"Avoidance is Futile. Stalkers are roadblockers and unavoidable obstacles who make attempts to clear them a necessity to the "Target" of the abusivenes."

Forcing a Target off path into a conflict by diverting the target in some way or the harrasser placing themsleves into the destination the Target had in mind is one of the methods. Erik T. Karlason talks extensivly about how this works. A Target is tripped (seemingly by accident) in the store often over-and-over again, in my case they know what I am shopping for in my normal shopping list and stood direclty in front of the items during Covid making an extremely difficult risk for me.

There is another method of harrassment the FBI and others use called "Rough Noise" or environmental psychiatric shocks systems. It may be the normal perception of a flasher is a non-descript older male in a rain coat opening it up to expose himslef. Why? Few have learned that. But being flashed is disgusting to most somewhat equivilant to public restroom unpleasantness of a shared space of nudity and questionable sanitation. In the case of Pscyhatric Shock Troops the person flashing themsleves is a person especially disgusting and resented by the person being ledwdly harrassed. Often a dreg from society speaking in delusions but with those delusions clear messages included aimed at the Target to hear and know the homeless person is a trained stalker, or an un-showered person or in some other way that is tailored to the Target especially unpleasant.

Geral Sosbee, myself, Ted Gunderson, and others note often violent ex cons in clear criminal conduct are part of the "parades" and break-ins, death threats, etc., and are in prison tatooes and culture OR biker gear and bandannas, etc.,

Knowing you are being stalked and by these people in clear

mechanical trained stalker parade conduct should be and is threatening and the Stalkers assert and it is true they represent the FBI, DHS, or in some cases CIA or Secret Service and simply by watching it is obviously true. Some have gone so far as to assert some type of vSat communication links they have been provided with, etc., or have some type of satellite support.

Stalkers need not be unpleasant as regular society goes. In my case otherwise normal people are often showing contempt for me by their actions towards that is a defamatory expression about me often in gender or racial ways.

Defamation is usually though of as the spoken act of Slander or the written act of Libel by the expressive acts of Street Theater also are messaging about the person who is the Target of skitted appearances that have clear expressive meanings. Reference Areopagitica and the Lute and The Lare and books and songs all are methods meaning can be conveyed.

Jen Moore and I note that the intention to disgust a person above their tolerance to be disgusted is a form of inflicting Trauma. I have noted and she did too the Trauma is the cognitive weapon fired to distract - unavoidaly distract - the normal funtion of writting books, etc., In Gang Stalk victims forums I have talked about attempts to prevent sleep and the possession of working computer equipment, if at a computer threats and trauma introduce by the Stalkers created cognitive impairments in the Target.

Why Censor a book and not a Song or How a Person Acts or What is Seen on a Balcony?

Many there be that complain of divine for suffering Adam to transgress. Foolish tongues! When God gave him reason, he gave him freedom to choose, for reason is but choosing; he had been else a mere artificial Adam, such an Adam as he is in the motions. We ourselves esteem not of that obedience, or love, or gift, which is of force: God therefore left him free, set before

him a provoking object ever almost in his eyes; herein consisted his merit, herein the right of his reward, the praise of his abstinence. Wherefore did he create passions within us, pleasures round about us, but that these rightly tempered are the very ingredients of virtue? They are not skilful considerers of human things, who imagine to remove sin by removing the matter of sin; for, besides that it is a huge heap increasing under the very act of diminishing, though some part of it may for a time be withdrawn from some persons, it cannot from all, in such a universal thing as books are; and when this is done, yet the sin remain entire. Though ye take from a covetous man all his treasure, he has yet one jewel left: ye cannot bereave him of his covetousness. Banish all objects of lust, shut up all youth into the severest discipline that can be exercised in any hermitage, ye cannot make them chaste that came not thither so: such great care and wisdom is required to the right managing of this point.

Why freedom is necessary

Where there is much desire to learn, there of necessity will be much arguing, much writing, many opinions; for opinion in good men is but knowledge in the making. Under these fantastic terrors of sect and schism, we wrong the earnest and zealous thirst after knowledge and understanding which God hath stirred up in this city. What some lament of, we rather should rejoice at, should rather praise this pious forwardness among men, to reassume the illdeputed care of their religion into their own hands again. A little generous prudence, a little forbearance of one another, and some grain of charity might win all these diligences to join and unite in one general and brotherly search after truth, could we but forego this prelatical tradition of crowding free consciences and Christian liberties into canons and precepts of men.

On the value of intellectual diversity and debate,
and of its contribution to the
overall advancement of learning.

And if the men be erroneous who appear to be the leading schismatics, what withholds us but our sloth, our self-will, and distrust in the right cause, that we do not give them gentle meetings and gentle dismissions, that we debate not and examine the matter thoroughly with liberal and frequent audience; if not for their sakes, yet for our own? -- seeing no man who hath tasted learning but will confess the many ways of profiting by those who, not contented with stale receipts, are able to manage, and set forth new positions to the world. And were they but as the dust and cinders of our feet, so long as in that notion they may yet serve to polish and brighten the armoury of Truth, even for that respect they were not utterly to be cast away. But if they be of those whom God hath fitted for the special use of these times with eminent and ample gifts, and those perhaps neither among the priests nor among the pharisees, and we in the haste of a precipitant zeal shall make no distinction, but resolve to stop their mouths, because we fear they come with new and dangerous opinions, as we commonly forejudge them ere we understand them; no less than woe to us, while thinking thus to defend the Gospel, we are found the persecutors.

On the importance of even wrong ideas

Good and evil we know in the field of this world grow up together almost inseparably; and the knowledge of good is so involved and interwoven with the knowledge of evil, and in so many cunning resemblances hardly to be discerned, that those confused seeds which were imposed upon Psyche as an incessant labour to cull out and sort asunder, were not more intermixed. It was from out the rind of one apple tasted that the knowledge of good and evil, as two twins cleaving together, leaped forth into the world. And perhaps this is that doom which Adam fell into of knowing good and evil, that is to say of knowing good by evil.

On the value to be placed upon officially sanctioned thought

And how can a man teach with authority, which is the life of

teaching, how can he be a doctor in his book as he ought to be, or else had better be silent, whenas all he teaches, all he delivers, is but under the tuition, under the correction of his patriarchal licenser, to blot or alter what precisely accords not with the hidebound humour which he calls his judgment? -- when every acute reader, upon the first sight of a pedantic license, will be ready with these like words to ding the book a quoit's distance from him: "I hate a pupil teacher; I endure not an instructor that comes to me under the wardship of an overseeing fist. I know nothing of the licenser, but that I have his own hand here for his arrogance; who shall warrant me his judgment?" "The State, sir," replies the stationer, but has a quick return: "The State shall be my governors, but not my critics; they may be mistaken in the choice of a licenser, as easily as this licenser may be mistaken in an author; this is some common stuff." And he might add from Sir Francis Bacon, that "Such authorized books are but the language of the times." For though a licenser should happen to be judicious more than ordinary, which will be a great jeopardy of the next succession, yet his very office and his commission enjoins him to let pass nothing but what is vulgarly received already.

Truth will win out

And now the time in special is, by privilege to write and speak what may help to the further discussing of matters in agitation. The with his two controversal faces might now unsignificantly be set open. And though all the winds of doctrine were let loose to play upon the earth, so Truth be in the field, we do injuriously by licensing and prohibiting to misdoubt her strength. Let her and Falsehood grapple; who ever knew Truth put to the worse in a free and open encounter? Her confuting is the best and surest suppressing. He who hears what praying there is for light and clearer knowledge to be sent down among us, would think of other matters to be constituted beyond the discipline of Geneva framed and fabriced already to our hands.

Yet when the new light which we beg for shines in upon us, there be who envy and oppose, if it comes not first in at their casements. What a collusion is this, whenas we are exhorted by

the wise man to use diligence, "to seek for wisdom as for hidden treasures" early and late, that another order shall enjoin us to know nothing but by statute! When a man hath been labouring the hardest labour in the deep mines of knowledge, hath furnished out his findings in all their equipage, drawn forth his reasons as it were a battle ranged, scattered and defeated all objections in his way, calls out his adversary into the plain, offers him the advantage of wind and sun, if he please, only that he may try the matter by dint of argument; for his opponents then to skulk, to lay ambushments, to keep a narrow bridge of licensing where the challenger should pass, though it be valour enough in soldiership, is but weakness and cowardice in the wars of Truth. For who knows not that Truth is strong next to the Almighty? She needs no policies, nor stratagems, nor licensings to make her victorious; those are the shifts and the defences that error uses against her power: give her but room, and do not bind her when she sleeps, for then she speaks not true, as the old Proteus did, who spake oracles only when he was caught and bound, but then rather she turns herself into all shapes except her own and perhaps tunes her voice according to the time, as Micaiah did before Ahab, until she be adjured into her own likeness.

Yet is it not impossible that she may have more shapes than one. What else is all that rank of things indifferent wherein Truth may be on this side or on the other, without being unlike herself? What but a vain shade is the abolition of "those ordinances, that handwriting nailed to the cross," what great purchase is Christian liberty which Paul so often boasts of? His doctrine is, that he who eats or eats not, regards a day or regards it not, may do either to the Lord. How many other things might be tolerated in peace and left to conscience, had we but charity, and were it not the chief stronghold of our hypocrisy to be ever judging one another! I fear yet this iron yoke of outward conformity hath left a slavish print upon our necks; the ghost of a linen decency yet haunts us.

A final caution

For if they fell upon one kind of strictness, unless their care

were equal to regulate all other things of like aptness to corrupt the mind, that single endeavour they knew would be but a fond labour: to shut and fortify one gate against corruption, and be necessitated to leave others round about wide open. If we think to regulate printing, thereby to rectify manners, we must regulate all recreations and pastimes, all that is delightful to man. No music must be heard, no song be set or sung, but what is grave and Doric. There must be licensing of dancers, that no gesture, motion, or deportment be taught our youth, but what by their allowance shall be thought honest; for such Plato was provided of. It will ask more than the work of twenty licensers to examine all the lutes, the violins, and the guitars in every house; they must not be suffered to prattle as they do, but must be licensed what they may say. And who shall silence all the airs and madrigals that whisper softness in chambers? The windows also, and the balconies, must be thought on; there are shrewd books, with dangerous frontispieces, set to sale: who shall prohibit them, shall twenty licensers? The villages also must have their visitors to inquire what lectures the bagpipe and the rebec reads, even to the balladry and the gamut of every municipal fiddler, for these are the countryman's Arcadias and his Monte Mayors.

Introduction of Unseen Forces of War

Covert operations can destabilize nations, individuals or groups. or locations. Covert abusiveness incites conflict. Once conflict is underway the question of who started it is also underway.

OVERT VS. COVERT BEHAVIOR (RELATIONSHIP EXAMPLES) retrieved from https://themendproject.com/overt-vs-covert-behavior-examples/ and copied or modified to here

It’s no easy task to understand overt versus covert

behaviors and how they play out destructively within relationships. Yet, understanding is the key to overcoming. Covert behaviors are incredibly confusing and especially difficult to discern. The person within the relationship on the receiving end of covert behaviors often has no idea what is going on or how to respond effectively. But what many don't realize is how significantly covert behaviors fool those on the outside of the relationship looking in. The confusion often causes those in the couple's close community to react in ways that unintentionally fuels the abuse and abandons the victim.

Join us as we unpack the confusion through defining covert and overt behaviors, providing examples of them in relationships, discussing how they impact those within the relationship and deceive those on the outside. By reading and learning, you will play a part in overcoming the destruction covert abuse causes.

Let's get started.

DEFINING OVERT AND COVERT BEHAVIOR

In simplest terms, "overt" means "apparent", or "visible". "Covert" means "hidden" or "concealed". Both behaviors are used to affect relationships.

Covert behavior refers to the internal thoughts or motives that result in outward overt actions. Overt behavior refers to the outside acts that follow the inside thought or intention and are apparent or obvious to others. Healthy relationships include covert and overt behaviors. So what happens when there's abuse?

COVERT ABUSE

Covert abuse is actions that are not clearly apparent as abusive. The covert behavior behind the act is what makes them abusive.

Covert abusive behaviors are subtle, confusing, and hidden tactics that could be masked as concern, hurt, or misunderstanding rather than readily seen as abusive. Covert abusive behaviors are hard for anyone to detect. On the other hand, overt behavior is hard to miss.

But in an intimate relationship, the person being harmed has an even harder time recognizing covert behaviors because they are living in a separate reality from their partner's reality. They want to believe their partner's intention is to be loving, not controlling or manipulative. This makes it nearly impossible for them to recognize the toxic covert behaviors.

Covert Abuse is the subtle, confusing, and hidden tactics

HOW OVERT AND COVERT BEHAVIORS CAN BE DAMAGING TO A RELATIONSHIP

Certain covert and overt behaviors can be damaging to any relationship even when it's not abusive.

To illustrate, let's look at a common scenario between parent and child. For several nights in a row, the child wakes up scared and crying because of a nightmare. I can still hear my mom telling me my nightmares were "just a dream" and not to worry about them, while I remained terrified to go to bed. Rather than comfort me in a time of extreme stress, Mom dismissed the experience altogether through her response.

The reality is that she was probably just tired and

allowed her exhaustion to justify dismissing my feelings rather than nurturing me. She missed the opportunity to see, hear, and teach me. But Mom's intention was to help me with my fear, not to hurt me. She was not abusive. Overt behaviors, even when not abusive, can harm.

EXAMPLES OF OVERT AND COVERT BEHAVIORS What are overt and covert behaviors in relationships?

For example, an apology (or imposed false indications of existing friendship) usually means that the person saying "I'm sorry" is actually sorry for their behavior. The covert thought behind an overt apology is remorse.

But a partial or false apology (or kindredness) is also a covert behavior narcissists commonly use to manipulate a person's actions or reactions. The covert thought behind the "apology" has nothing to do with remorse. Instead, the apology (the overt behavior) is being used to avoid true accountability and to deceive the victim into "letting it go", taking the attention off of the abuser and their toxic behavior.

Unless you recognize the covert behavior, you will be deceived by the overt act of the apology. The deception enables the person causing harm to manipulate their partner and begin the cycle of abuse over again.

The best way to understand how overt and covert behaviors are used within abusive relationships is by taking a look at some common tactics covert abusers use. The following covert behavior examples are common in emotionally abusive relationships:

JOKING

Joking is a harmful behavior that is regularly used. Joking isn't always bad. But real and intelligent humor is never at the expense of another person. An entertaining joke that everyone can enjoy requires more creativity than sarcasm and put-downs which are aimed at one individual.

Some families make humiliation a sport. They may sit around the dinner table, picking away at each other's insecurities to produce a laugh.

Or, perhaps one of your children makes a mistake at school and your family decides to make light of it through sarcasm and joking. Although your family might be used to this type of joking, it impacts your child deeply. It causes shame and insecurity, teaching the child to perform well in order to receive love.

Don't assume your child doesn't care just because they are good at deflecting or hiding the shame they experience.

LYING [including smearing with lies or using lies to mock a person]

Lying is when someone consciously or unconsciously withholds or alters the truth with blatant disregard.

Many people lie without being covert abusers. The overt act of lying is harmful to everyone regardless of the reason for the lie. When a lie is used because it brings the liar joy or satisfaction to deceive their partner and witness their confusion, it's abusive.

In abusive relationships, lying is regularly used to avoid taking responsibility, being intimate, or resolving conflict.

WITHHOLDING [wanted relations or IMPOSING unwnanted ones]

Withholding is one of the most damaging forms of covert abuse. Withholding takes place when an individual tries to control or dominate another person by refusing to authentically communicate, offer compliments or praise, or show physical warmth or connection to the other.

We see it most often when someone refuses loving physical touch, gives their partner the “silent treatment”, or refuses to celebrate their accomplishments.

The victim’s attempt at healthy confrontation usually results in some form of withholding. It’s not unusual for the abuser to refuse to speak with their partner for several days on end in response to an attempt at healthy confrontation by them. We often hear from survivors about how their spouses would leave them for several days on end without telling them where they were going or if they were safe.

[IMPOSING] [uwnanted relations]

What does the word molest mean? to annoy, disturb 1. : to annoy, disturb, or persecute especially with hostile intent or injurious effect. 2. : to make annoying sexual advances to. specifically : to force physical and usually sexual contact on (as a child)

Withholding [such as withholding a productivity oriented workspace a book author needs]

It's used as a form of punishment to the victim for confronting the abuser. Withholding puts the onus on the victim to resolve the conflict possibly by apologizing profusely when they did nothing wrong or begging the abuser to come home, talk to them, etc.

Withholding makes many victims feel desperate for connection and become willing to do anything to restore the connection [or to argue or fight to restore the lost peaceful environment for writing], especially to let go of the issue which caused the need for confrontation. This response is the only thing that satisfies the covert purpose behind withholding. [the fight does ensue as the abuser wanted or an abondmente of the goal the person witheld from hoped for such as a writing environment].

PUT-DOWNS

Another harmful tactic is Put-Downs. This happens when a person publicly punishes, verbally attacks, or criticizes the victim. It's a form of abusive control or power that causes shame and humiliation in the victim.

Regular put-downs deplete the victim's sense of self-worth and esteem leading to depression and isolation.

So, now let's take a look at why it's important to know various covert behaviors.

HOW COVERT AND OVERT BEHAVIORS FOOL THE OUTSIDERS LOOKING INTO THE RELATIONSHIP

It's almost impossible for those who are outside of the relationship to identify covert behavior because the person's overt actions are often believed to be what they

seem - the apology is seen as an apology because the covert motive behind it is unknown.

IMAGE MANAGEMENT

It becomes even more complicated for outsiders, or responders, to recognize covert abuse because the covert narcissist acts so differently in the public eye, often showing him or herself as a nice man or woman. So, friends and families find it hard to believe the person would have nefarious covert intentions to harm their significant other.

As a result, outsiders, even those closest to the one who is being harmed, often fail to understand the victim's concern, possibly even believing the victim is being dramatic or overly demanding. They ultimately dismiss the issue and miss the opportunity to help someone in a toxic relationship.

Gaslighting

Gaslighting is another example. A narcissist will use gaslighting - for example, telling the victim their memory of an incident is wrong - to make the victim eventually believe they got it wrong and that the narcissist's memory is correct when it is not. All the while the abuser is enjoying the victim's confusion and using it to gain support from onlookers who eventually side with the abuser. The covert intent is to make the victim feel like they are losing their mind and to convince others that they are unstable.

Overt behaviors, on the other hand, are apparent even to strangers. Overt emotional abuse would include verbal abuse such as name-calling or cursing at your

mate. Other overt acts include physical violence or sexual assault. You don't need to be a close friend of the abuser to recognize the behavior as harmful. The inside thought is closely aligned with the outside action. When you curse at someone, that's exactly what you intend to do.

THE BENEFITS OF RECOGNIZING AND DEALING WITH COVERT BEHAVIOR

Because it is so hard to recognize with confidence, covert abuse is hard to stop. The tactics are designed to impart self-doubt, extreme confusion, stress, and feelings of isolation to the victim.

Having to respond to covert behaviors consistently within an intimate relationship puts the victim in a state of prolonged stressful confusion, impacting their ability to think clearly and to react constructively to the abuse.

Once a victim learns the correct language and is able to name the tactics they face, they can respond more constructively. The clarity knowledge brings diminishes the level of confusion and stress the victim experiences.

Ed Donegan asserts in the destabilized environment he will be blamed for or has been blamed for the covertly abusive environment on the theory he is intolerant of others (those who deny being abusive to him or provoking him in various harrassing ways.)

…

I live in a scenic town Corpus Christi) and I grew up loving outdoor exercise and sports with my father.

I leave the gym and on the way home take the two block detour to walk along the seawall and even do some squats using the rail around the Selena exhibit.

…

The Government narrative is created in a subtextual reference by a homeless person saying "You sure do have extra energy" and later a Lolita walks or scoots by, if as usual, photographed by the Corpus Christi PD or other city officials.

Introduction by Edward Paul Donegan. Capacitive Inductance is named for capacitors really, but the theory of it is more deaply rooted in electromagnetics and in part Einsteins Mircle Year, and also much earlier Gustav Kirkove and his Second Law of Circuits.

The summary is something like this. Magnetic fields are something like a wake of a boat moving through the water. They only form when the boat moves. The waves and the boat are a system of symectric energy. If the boat were to stop the waves might propel it (not really this metaphor is not perfect) or if the boat went faster the waves would go faster too.

When an electron moves against metal it creates a magnetic wake. That wake can push other little boats (electrons) in other wires. That is both an opportunity and a problem.

It is a problem if one wire's electrons are interfered with by a nearby wire's EMF what that is not desired. Sometimes it is. What you see here is the Rothschild notes secretly energy can be sent as influence without being seen to touch anything directly, influencing by an invisible act denied by the influencer.

BEHOLD A PALE HORSE William Cooper Inductance No Touch Engery Insertion

The Illuminati's declaration of War upon the people of

America.

[Above title added by William Cooper]

WC/Author's Note: I read Top Secret documents which explained that "Silent Weapons for Quiet Wars" is the doctrine adopted by the Policy Committee of the Bilderberg Group during its first known meeting in 1954. A copy found in 1969 was in the possession of Naval Intelligence.

The following document, dated May 1979, was found on July 7,1986, in an IBM copier that had been purchased at a surplus sale. TOP SECRET Silent Weapons for Quiet Wars An introductory programming manual Operations Research Technical Manual TM-SW7905.1

WELCOME ABOARD

This publication marks the 25th anniversary of the Third World War, called the "Quiet War/' being conducted using subjective biological warfare, fought with "silent weapons." This book contains an introductory description of this war, its strategies, and its weaponry. May 1979 #74-1120

SECURITY

It is patently impossible to discuss social engineering or the automation of a society, i.e., the engineering of social automation systems (SILENT WEAPONS) on a NATIONAL or WORLDWIDE SCALE without implying extensive OBJECTIVES of SOCIAL CONTROL and DESTRUCTION OF HUMAN LIFE, i.e., SLAVERY and GENOCIDE.

This manual is in itself an analog declaration of intent. Such a writing must be SECURED FROM PUBLIC SCRUTINY. Otherwise, it might be recognized as a TECHNICALLY FORMAL DECLARATION OF DOMESTIC WAR. Furthermore, whenever any person or group of persons in a position of great power and WITHOUT FULL KNOWLEDGE and CONSENT OF THE PUBLIC,

USES SUCH KNOWLEDGE and METHODOLOGY FOR ECONOMIC CONQUEST -it must be understood that A STATE OF DOMESTIC WARFARE EXISTS between said person or group of persons and the public.

The SOLUTION of today's PROBLEMS REQUIRES an approach which is RUTHLESSLY CANDID, with NO AGONIZING OVER RELIGIOUS, MORAL or CULTURAL VALUES.

YOU have QUALIFIED for this project BECAUSE of your ABILITY to LOOK at HUMAN SOCIETY with COLD OBJECTIVITY, and yet analyze and DISCUSS your OBSERVATIONS and CONCLUSIONS with OTHERS of similar INTELLECTUAL capacity WITHOUT a LOSS of DISCRETION or HUMILITY. Such virtues are exercised in your own best interest. Do not deviate from them.

WC/Author's Note: All above emphases are mine as are those in the following two sections and including bracketed additions throughout.

I do recognize this document, based upon the document's own admission, as a formal Declaration of War by the Illuminati upon the Citizens of the United States of America. I acknowledge that a State of War exists and has existed between the Citizens of the United States of America and the Illuminati aggressor based upon this recognition. I present to you that the peaceful Citizens of this nation are fully justified in taking whatever steps may be neccessary, including violence, to identify, counterattack, and destroy the enemy. I base this statement upon the God-given right of any peaceful people to defend themselves against attack and destruction by any enemy waging war against them. I cite the principles outlined in the Declaration of Independence, the Constitution of the United States of America, and the fully recognized and acknowledged historical precedents that have served as the justification for destruction of tyrants.

HISTORICAL INTRODUCTION

Silent weapon technology has evolved from Operations Research (O.R.), a strategic and tactical methodology developed under the MILITARY MANAGEMENT [Eisenhower] in England during World War II.

The original purpose of Operations Research was to study the strategic and tactical problems of air and land defense with the objective of effective use of limited military resources against foreign enemies (i.e., logistics).

It was soon recognized by those in positions of power [THE COUNCIL ON FOREIGN RELATIONS] that the same methods might be useful for totally controlling a society. But better tools were necessary.

Social engineering (the analysis and automation of a society) requires the correlation of great amounts of constantly changing economic informa tion (data), so a high-speed computerized data-processing system was necessary which could race ahead of the society and predict when society would arrive for capitulation.

Relay computers were too slow, but the electronic computer, invented in 1946 by J. Presper Eckert and John W. Mauchly, filled the bill. The next breakthrough was the development of the simplex method of linear programing in 1947 by the mathematician George B. Dantzig. Then in 1948, the transistor, invented by J. Bardeen, W. H. Brattain, and W. Shockley, promised great expansion of the computer field by reducing space and power requirements.

With these three inventions under their direction, those in positions of power strongly suspected that it was possible for them to control the whole world with the push of a button.

Immediately, the ROCKEFELLER FOUNDATION got in on the ground floor by making a four-year grant to HARVARD COLLEGE, funding the HARVARD ECONOMIC RESEARCH PROJECT for the study of the structure of the American

economy. One year later, in 1949, THE UNITED STATES AIR FORCE joined in.

In 1952 the original grant period terminated, and a high-level meeting of the ELITE [Illuminati] was held to determine the next phase of social operations research. The Harvard project had been very fruitful, as is borne out by the publication of some of its results in 1953 suggesting the feasibility of economic (social) engineering. (Studies in the Structure of the American Economy - copyright 1953 by Wassily Leontief, International Sciences Press Inc., White Plains, New York.) Engineered in the last half of the decade of the 1940s, the new Quiet War machine stood, so to speak, in sparkling gold-plated hardware on the showroom floor by 1954.

With the creation of the maser in 1954, the promise of unlocking UN LIMITED SOURCES OF FUSION ATOMIC ENERGY FROM THE HEAVY HYDROGEN IN SEA WATER and the consequent availability of unlimited social power was a possibility only decades away. The combination was irresistible.

The QUIET WAR was quietly DECLARED by the INTERNATIONAL ELITE [THE BILDERBERG GROUP] at a meeting held in 1954. Although the silent weapons system was nearly exposed 13 years later, the evolution of the new weapon-system has never suffered any major setbacks.

This volume marks the 25th anniversary of the beginning of the Quiet War. Already this domestic war has had many victories on many fronts throughout the world.

POLITICAL INTRODUCTION

In 1954 it was well recognized by those in positions of authority that it was only a matter of time, only a few decades, before the general public would be able to grasp and upset the cradle of power, for the very elements of the new silent-weapon technology were as accessible for a public Utopia as they were for providing a private Utopia.

The ISSUE of PRIMARY CONCERN, that of DOMINANCE, revolved a round the subject of the energy sciences.

ENERGY

Energy is recognized as the key to all activity on earth. Natural science is the study of the sources and control of natural energy, and social science, theoretically expressed as economics, is the study of the sources and control of social energy. Both are bookkeeping systems: mathematics. Therefore, mathematics is the primary energy science. And the bookkeeper can be king if the public can be kept ignorant of the methodology of the bookkeeping.

All science is merely a means to an end. The means is knowledge. The end is control. [THE END ALWAYS JUSTIFIES THE MEANS.] Beyond this remains only one issue: Who will be the beneficiary?

In 1954 this was the issue of primary concern. Although the socalled "moral issues" were raised, in view of the law of natural selection it was agreed that a nation or world of people who will not use their intelligence are no better than animals who do not have intelligence. Such people are beasts of burden and steaks on the table by choice and consent.

CONSEQUENTLY, in the interest of future world order, peace, and tranquility, it was decided to privately wage a quiet war against the American public with an ultimate objective of permanently shifting the natural and social energy (wealth) of the undisciplined and irresponsible many into the hands of the self-disciplined, responsible, and worthy few.

In order to implement this objective, it was necessary to create, secure, and apply new weapons which, as it turned out, were a class of weapons so subtle and sophisticated in their principle of operation and public appearance as to earn for themselves the name "silent weapons." In conclusion, the objective of economic research, as conducted by the magnates

capital (banking) and the industries of commodities (goods) and vices, is the establishment of an economy which is totally predictable and manipulative. In order to achieve a totally predictable economy, the low-class elements of the society must be brought under total control, i.e., must be housebroken, trained, and assigned a yoke and long-term social duties from a very early age, before they have an opportunity to question the propriety of the matter.

In order to achieve such conformity, the lowerclass family unit must be disintegrated by a process of increasing preoccupation of the parents and the establishment of government-operated day-care centers for the occupationally orphaned children.

The quality of education given to the lower class must be of the poorest sort, so that the moat of ignorance isolating the inferior class from the superior class is and remains incomprehensible to the inferior class. With such an initial handicap, even bright lower class individuals have little if any hope of extricating themselves from their assigned lot in life.

This form of slavery is essential to maintaining some measure of social order, peace, and tranquility for the ruling upper class.

DESCRIPTIVE INTRODUCTION OF THE SILENT WEAPON

Everything that is expected from an ordinary weapon is expected from a silent weapon by its creators, but only in its own manner of junctioning.

It shoots situations, instead of bullets; propelled by data processing, instead of a chemical reaction (explosion); originating from bits of data, instead of grains of gunpowder; from a computer, instead of a gun; operated by a computer programmer, instead of a marksman; under the orders of a banking magnate, instead of a military general.

It makes no obvious explosive noises, causes no obvious physical or mental injuries, and does not obviously interfere

with anyone's daily social life.

Yet it makes an unmistakable "noise," causes unmistakable physical and mental damage, and unmistakably interferes with daily social life, i.e., unmistakable to a trained observer, one who knows what to look for. The public cannot comprehend this weapon, and therefore cannot believe that they are being attacked and subdued by a weapon. The public might instinctively feel that something is wrong [ISN'T THAT THE TRUTH?], but because of the technical nature of the silent weapon, they cannot express their feeling in a rational way, or handle the problem with intelligence. Therefore, they do not know how to cry for help, and do not know how to associate with others to defend themselves against it.

When a silent weapon is applied gradually, the public adjusts/ adapts to its presence and learns to tolerate its encroachment on their lives until the pressure (psychological via economic) becomes too great and they Chapter One Silent Weapons for Quiet Wars • 41 crack up.

Therefore, the silent weapon is a type of biological warfare. It attacks the vitality, options, and mobility of the individuals of a society by knowing, understanding, manipulating, and attacking their sources of natural and social energy, and their physical, mental, and emotional strengths and weaknesses.

THEORETICAL INTRODUCTION

Give me control over a nation's currency,and I care not who makes its laws. Mayer Amschel Rothschild (1743 - 1812)

Today's silent weapons technology is an outgrowth of a simple idea discovered, succinctly expressed, and effectively applied by the quoted Mr. Mayer Amschel Rothschild. Mr. Rothschild discovered the missing passive component of economic theory known as economic inductance.

He, of course, did not think of his discovery in these 20th-

century terms, and, to be sure, mathematical analysis had to wait for the Second Industrial Revolution, the rise of the theory of mechanics and electronics (Ross Perot), and finally, the invention of the electronic computer before it could be effectively applied in the control of the world economy.

GENERAL ENERGY CONCEPTS

In the study of energy systems, there always appear three elementary concepts. These are potential energy, kinetic energy, and energy dissipation. And corresponding to these concepts, there are three idealized, essentially pure physical counterparts called passive components.

(1) In the science of physical mechanics, the phenomenon of potential energy is associated with a physical property called elasticity or stiffness, and can be represented by a stretched spring.

In electronic science, potential energy is stored in a capacitor instead of a spring. This property is called capacitance instead of elasticity or stiff - ness.

(2) In the science of physical mechanics, the phenomenon of kinetic energy is associated with a physical property called inertia or mass, and can be represented by a mass or a flywheel in motion.

In electronic science, kinetic energy is stored in an inductor (in a magnetic field) instead of a mass. This property is called inductance instead of inertia.

3) In the science of physical mechanics, the phenomenon of energy dissipation is associated with a physical property called friction or resistance, and can be represented by a dashpot or other device which converts system energy into heat.

In electronic science, dissipation of energy is performed by an element called either a resistor or a conductor, the term

"resistor" being the one generally used to express the concept of friction, and the term "conductor" being generally used to describe a more ideal device (e.g., wire) employed to convey electronic energy efficiently from one location to another. The property of a resistance or conductor is measured as either resistance or conductance reciprocals.

In economics these three energy concepts are associated with:

(1)Economic Capacitance - Capital (money, stock/inventory, investments in buildings and durables, etc.)

(2)Economic Conductance - Goods (production flow coefficients)

(3)Economic Inductance - Services (the influence of the population of industry on output)

All of the mathematical theory developed in the study of one energy system (e.g., mechanics, electronics, etc.) can be immediately applied in the study of any other energy system (e.g., economics).

MR. ROTHSCHILD'S ENERGY DISCOVERY

What Mr. Rothschild had discovered was the basic principle of power, influence, and control over people as applied to economics. That principle is "when you assume the appearance of power, people soon give it to you."

Mr. Rothschild had discovered that currency or deposit loan accounts had the required appearance of power that could be used to INDUCE PEOPLE [WC emphasis] (inductance, with people corresponding to a magnetic field) into surrendering their real wealth in exchange for a promise of greater wealth (instead of real compensation). They would put up real collateral in exchange for a loan of promissory notes. Mr. Rothschild found that he could issue more notes than he had backing for, so long as he had someone's stock of gold as a

persuader to show to his customers.

Mr. Rothschild loaned his promissory notes to individuals and to governments. These would create overconfidence. Then he would make money scarce, tighten control of the system, and collect the collateral through the obligation of contracts. The cycle was then repeated. These pressures could be used to ignite a war. Then he would control the availability of currency to determine who would win the war. That government which agreed to give him control of its economic system got his support. Collection of debts was guaranteed by economic aid to the enemy of the debtor. The profit derived from this economic methodology made Mr. Rothschild all the more able to extend his wealth. He found that the public greed would allow currency to be printed by government order BEYOND THE LIMITS [WC emphasis] (inflation) of backing in precious metal or the production of goods and services (gross national product, GNP).

APPARENT CAPITAL AS "PAPER" INDUCTOR

In this structure, credit, presented as a pure element called "currency," has the appearance of capital, but is, in fact, negative capital. Hence, it has the appearance of service, but is, in fact, indebtedness or debt. It is therefore an economic inductance instead of an economic capacitance, and if balanced in no other way, will be balanced by the negation of population (war, genocide). The total goods and services represent real capital called the gross national product, and currency may be printed up to this level and still represent economic capacitance; but currency printed beyond this level is subtractive, represents the introduction of economic inductance, and constitutes notes of indebtedness.

War is therefore the balancing of the system by killing the true creditors (the public which we have taught to exchange true value for inflated currency) and falling back on whatever is left of the resources of nature and regeneration of those resources.

Mr. Rothschild had discovered that currency gave him the power to rearrange the economic structure to his own advantage, to shift economic inductance to those economic positions which would encourage the greatest economic instability and oscillation. The final key to economic control had to wait until there was sufficient data and high-speed computing equipment to keep close watch on the economic oscillations created by price shocking and excess paper energy credits - paper inductance/inflation.

Ted Gunderson Info (Chapter)

http://tedgunderson.info/ This website is in memory of Ted Gunderson by the Protestant Church of America in hopes of carrying out his request to give this information to anyone who will listen. *All information provided on the website is for research and educational purposes only*

I Edward Donegan am using the site to research his theories, test their validity and share my results including corroborate newly found or newly available evidence or contradictory evidence and reporting my favorable and beloved opinion of him during this time of my being a writer and researcher.

I am going to deconstruct the opening information to his web site so that I can use the segregation of its pieces to insert my so far complete corroboration of it and my appreciation of its importance, its substance, and its epistemic accuracy.

Let me start with the whole of the web site text that uses the language of his enemies he is quoting in his presentation of ideas.

> …
>
> **http://tedgunderson.info/**
>
> **A Real American Hero**
>
> Retired FBI Special-Agent-In-Charge Ted Gunderson has compiled boxes of research and has assembled numerous reports describing unimaginable "operations" of treachery, sadistic savagery, degradation, abuse, and

> murder inflicted by intelligence agents of the United States government against its own citizenry, especially children.
>
> The kidnapping of children for purposes of prostitution, pornography, high tech weaponry experimental abuse, mind control, child slave labor for underground alien-controlled facilities, white sex slavery, and the satanic ritual murder of untold thousands of American children snatched from the streets and playgrounds of America by agents working for the CIA is the principle reason for the existence of a covert CIA operation called "The Finders".
>
> The Finders is one of the most alarming and despicable covert operations against America's children that Gunderson helped to uncover, but it's only one of many covert Gestapo-like acts committed against American citizens by government agents under directives issued not by Congress or the President, but rather by international Satanists collectively known as the Illuminati, who control the Secret or Shawdow government of the United States as well as every other major government in the world.
>
> The "Finders" operation began in the 1960's and continues kidnapping children to this very day.
>
> …

So let us get started. "The 'Finders' operation began in the 1960's and continues kidnapping children to this very day."

The Finders was a research project the CIA had underway actually long before the 1960's but was dramatically ramped up in the 1950s leading to the asssiantion of JFK in the early 1060's as he opposed the program.

Abuse treatment of children subjecting the to the site of witches on wires in a room scaring them, sexual assaults of them, periods of isolation or other abuse, testing emotional stability. As they aproached two years old often having a fake family and cover-story family members or being in orphanage children were tested as wheat or chaff, and these children were often as with Glorian Gainey (my mother) or Marilyn Monroe or Julia Andews possible chidren of Windsors from 1925 with Maria Kutschera, neice of Austrian Nazi Franz Kutchera who used the children in singing for Nazi songs, the Von Trapp family children, her biological children leaving the Convent prengant were moved to Joseph Kennedy Sr RKO area to become an actress (Norma Jean) or North Carolina Dustbowl (Glorian Gainey.)

The CIA, Sidney Gottlieb, Dr. Max Jacobson, Dr Greenson, Dr. Cameroon, Rockefeller Psychitry were intrested in Borderline Personality Didorder. The Finders program tacked these children and found children from secretive hidden identities (bastard children under faked identities) as recruits to send to China, Indonesia, any of Indochina, as Agents of Influence in computer programming and space or aeoraspace, politics, media, or business and I assert Barrack Obama Jr had been found a great candidate for the CIA to use.

In the Cold War Vice President Nixon made this an ongoing but more active system of Regime Change incling V.P. Nixon plans made for Indonesia by Dulles, James Jesus Angleton, the British and also plans for Cuba possible with Ted Cruz Jr. a leader for Cuba.

Now we go back to Ted Gunderson. "The kidnapping of children for purposes of prostitution, pornography, high tech weaponry experimental abuse, mind control, child slave labor for underground alien-controlled facilities, white sex slavery, and the satanic ritual murder of untold thousands of American children snatched from the streets and playgrounds of America by agents working for the CIA is the principle reason for the existence of a covert CIA operation called 'The Finders'."

As Ted Gunderson reports in his own words and cout filings and graphics to the documents he wrote the Satatnic Cults were really clear minded people like Micheal Aquino who had a clear memorandum on the PsyOps needs and techniques of the DIA and he manufactured a phone cult to carry out the child abuse after a real satanic cult (mine) he infiltrated through him out. His new cult was Temple of Set the Search for Extraterrestail Life of Aliens on Earth. That is the language of the Illuminati Free Masons 33 miles above Earth being Overlords, Ghost Riders in the Sky of CHimney Sweeps on London roof tops seeing all of the world.

Absolute total secrecy was needed and the military was willing to kill US children to keept the program secret and from being revealed, the program killed investigators, polticians, and other like Sonny Bono, Leo Ryan, and others.

Now let us go back to Ted Gunderson. "The Finders is one of the most alarming and despicable covert operations against America's children that Gunderson helped to uncover, but it's only one of many covert Gestapo-like acts committed against American citizens by government agents under directives issued not by Congress or the President, but rather by international Satanists collectively known as the Illuminati, who control the Secret or Shawdow government of the United States as well as every other major government in the world."

Most historians now believe Treason in the USA in combination with foreign interests and foreign actors (the British, Saudies, Vatican, others) combined into a Cartel that took up arms against John F. Kennedy and later others. This Secret Society was a new form of Cecil Rhodes plant to conquer the world with Free Masonry and included conquering the USA and it succeeded when it took out JFK.

This Shadow Cartel (think Specter of you are a Bond fan) operates in cooperating NWO Five Eyes global business and espionage linked cartel and has the sophisitican and resources including technical resources to carry our sufficent assasiations

to keep itself safe from exposure to the public in part because the Cartel and the goals of the Cartel own today's MSM in a vision for US policies and allegiances and even planned wars in the Ukraine and elsewhere.

Revolution rather than Evolution

My (Edward Paul Donegan) book series is self-centered, using my perspective and my life as the center of the universe and from where I am what and who I say and of that what I now say - Revolution.

New William Cooper (and Ed Donegan says William Cooper and Jen Moore and also others) believes in assassination police rather than peaceful arrests by police (as Timothy McVeigh believed)

I would rather "police actions" of police in confrontations with others not occur and when if they do they occur within the law and as from all parties.

It is not the USA anymore. I can describe myself as The Son (of James and Glorian Donegan) and my beliefs and do yet again for perhaps the 5th time. (Real Harm Real Foul, The New Electro, Due Electro, two books just on Greek liberalism of classical antiquity, hundreds of written articles on those subjects, my book series, etc., The government especially psych workers drool over it. So do DJs, philosophers, homeless people, and others, and they demand "babies" from me.

As the son of James and Glorian I was given (along with classes at private high school on Western Traditions) and world travel through at least 30 major cities of Europe perhaps sixty with massive numbers of trips lasting weeks each time, an airline-pilot -historian aerospace expert father in the Cold War, and him very well read and so much more the average Deputy Sheriff, Constable or others don't have.

I also have experience with them and their conflict engagement with me, attempts to humiliate me as a retarded,

etc.,. as they stalk and co-opt me.

I will ***never forgive*** and ***never forget*** the evidence plants, frames of me to judges and others ex-parte, the lies about me, etc., so that the real investigatory interest in me that is how good my life works are can be stolen and harassed by police.

Q: What are Black Opps? Secretly conducting operations such as black bag jobs on a person's home that may vandalize, gaslight, plant evidence, surveil book notes, destroy book notes, assault a person in their home or other hostile acts often through intermediaries who deny being State assets. EPD

Q: What is Black-listing? A list secretly held and maintained between landlord and police, employer and police, etc., and if a person has a name on it (and FOIA will not be responsive to a request for the list) a person can not rent an apartment, buy a car, get job, socialize, etc., "Blackballed" in secret by Star Chamber.

I spent some time in Walmart recently shopping for pants. The pair I selected has a leather fit for the head of a hammer. When I put a hammer in that I can kill the government figure or their bitch who is embarrassing me in public as child freak or getting in the way of the last two minutes of a half of football just to instigate a fight (either attempt at a fight, both were).

I have no doubt I would be sanitizing the earth of filth by assassinating a police officer or other gov worker or gov asset and flexibility if needed is part why I bought these work pants and other at risk people try to keep a cane or something handy to strike with in an emergency fearing for their lives.. I do not intend to strike now or in the USA but I know where I live the criminals who faked evidence about what my character is or what my acts were to get evictions as I wrote in live-work home about Government corruption.

In some minds I am terrorists because of my bigotry (disgust of) gays and blacks and others. I don't care that is what I think.

That isn't terrorism.

I remain confident in how I am, what I have done, what I believe, and what I believe now. Confident that if I die now I die in a perfect state of understanding. I am sure every time a police officer is dead in the streets the world and the USA is safer and will never doubt that on any level or at any time. More and more are learning about why I am writing about from other examples what pigs are too as Targeting is becoming exposed.

My book series (and I place this chapter Revolution rather than Evolution in its location where I wish it to be) is meant not to make the police "like me." They already want too much from me as a non investigatory target. Becoming an investigatory target does not improve my relations or safety vis a vis the State. I merely not where it is now and try to avoid confusion. Lying is a constraint. I want to be free of that and at ease. If I can not get out of the country to fight the USA that is the way it is if I can far better for me.

My time in the USA is intended to be peaceful for as long as it can be but fights can be forced upon me from bullies I will still try to avoid. In the peaceful times ahead I will continue to locate and listen to police abuse victims like myself and research the TRUE State interests in the harassment of me.

I think it is the JFK story and I will continue (against Government hopes) to work on that angle of research and development of the elites who run MKULTRA, COINTELPRO, and other programs tied to the assassination of the Kennedy's, Sonny Bono, Jen Moore, Ted Guderonson, William Cooper, Danny Casalaro, Paul Wilcher, The Franklin Nebraska victims, and many others.

During this time I hope to pass on the sidewalk or elsewhere peacefully near police and unarmed with no desire to attack. It is a fight I don't want and will as we both know would lose so during this time I ask you not poke me with any sticks, etc., I

am quite tired of it.

The Great Treason, Pillory, Ted Gunderson Bio X, Written By The Right Hand, Majic 12 and the Secret Government

I am appending some of that work I am posing on Academia . edu a "discctuion board" that differs from peer reviewed science in articles by the well informed such as teachers at univseritys excerpt their books written for public sale.

Prizes of War East India

Prizes of War kept by combatants or private companies are banned under the US Constitution. If they are granted to private parties by Congress only as a War Power to grant them. In the case of Zapata Oil and other CIA ventures sometimes the president wasn't told and they even killed oversight representative Sonny Bono to cover-up the gun running the oil business was funding.

The East India Company (EIC)[a] was an English, and later British, joint-stock company founded in 1600 and dissolved in 1874.[4] It was formed to trade in the Indian Ocean region, initially with the East Indies (the Indian subcontinent and Southeast Asia), and later with East Asia. The company seized control of large parts of the Indian subcontinent and colonised parts of Southeast Asia and Hong Kong. At its peak, the company was the largest corporation in the world by various measures. The EIC had its own armed forces in the form of the company's three presidency armies, totalling about 260,000 soldiers, twice the size of the British army at the time.[5] The operations of the company had a profound effect on the global balance of trade, almost single-handedly reversing the eastward drain of Western bullion, in effect since Roman times.

Originally chartered as the "Governor and Company of Merchants of London Trading into the East-Indies",[8] [9] the company rose to account for half of the world's trade during the mid-1700s and early 1800s,[10] particularly in basic commodities including cotton, silk, indigo dye, sugar, salt, spices, saltpetre, tea, and opium. The company also ruled the beginnings of the British Empire in India.

The company eventually came to rule large areas of India, exercising military power and assuming administrative functions. Company rule in India effectively began in 1757 after the Battle of Plassey and lasted until 1858. Following the Indian Rebellion of 1857, the Government of India Act 1858 led to the British Crown assuming direct control of India in the form of the new British Raj.

The company subsequently experienced recurring problems with its finances, despite frequent government intervention. It was dissolved in 1874 under the terms of the East India Stock Dividend Redemption Act enacted one year earlier, as the Government of India Act had by then rendered it vestigial, powerless, and obsolete. The official government machinery of the British Raj had assumed its governmental functions and absorbed its armies.

Image taken in the Maritime museum of Lisbon (September 2009). Explanation by the Maritime museum of Lisbon about the Madre de Deus carrack ("nau" in portuguese): "Built and rigged in Lisbon in 1589, sailed two times to India. She was captured while returning from the second voyage, in 1592, after having engaged three english ships, off the Ilha das Flores - Azores. The Madre de Deus was a nau of such dimensions that, after being captured, she was taken to Dartmouth, England, where she was kept on display for the public wonder and amazement." Main characteristics, according to

Lisbon maritime museum: Burthen - 1600 tons Length - 50 meters (head to lantern) Beam - 14,37 meters (second closed deck) Load waterline - 9,39 meters Mainmast height - 36,6 meters Main yard length - 32 meters Bronze artillery 32 guns (several calibers) Persons on board

source A Treatise on the Principles, Practice, & History of Commerce by John Ramsay McCulloch , Society for the Diffusion of Useful Knowledge (Great Britain)

Origins James Lancaster commanded the first East India Company voyage in 1601. In 1577, Francis Drake set out on an expedition from England to plunder Spanish settlements in South America in search of gold and silver. Sailing in the Golden Hind he achieved this, and then sailed across the Pacific Ocean in 1579, known then only to the Spanish and Portuguese. Drake eventually sailed into the East Indies and came across the Moluccas, also known as the Spice Islands, and met Sultan Babullah. In exchange for linen, gold and silver, a large haul of exotic spices including cloves and nutmeg were obtained - the English initially not realising their huge value.[12] Drake returned to England in 1580 and became a hero; his circumnavigation raised an enormous amount of money for England's coffers, and investors received a return of some 5,000 per cent. Thus started an important element in the eastern design during the late sixteenth century.

Soon after the defeat of the Spanish Armada in 1588, the captured Spanish and Portuguese ships and cargoes enabled English voyagers to travel the globe in search of riches.[14] London merchants presented a petition to Queen Elizabeth I for permission to sail to the Indian Ocean.[15] The aim was to deliver a decisive blow to the Spanish and Portuguese monopoly of far-eastern trade.[16] Elizabeth granted her permission and in 1591, James Lancaster in the Bonaventure with two other ships,[17] financed by the Levant Company, sailed

from England around the Cape of Good Hope to the Arabian Sea, becoming the first English expedition to reach India that way.[17][6]:5 Having sailed around Cape Comorin to the Malay Peninsula, they preyed on Spanish and Portuguese ships there before returning to England in 1594.

The biggest prize that galvanised English trade was the seizure of a large Portuguese carrack, the Madre de Deus, by Sir Walter Raleigh and the Earl of Cumberland at the Battle of Flores on 13 August 1592.[18] When she was brought in to Dartmouth she was the largest vessel ever seen in England and she carried chests of jewels, pearls, gold, silver coins, ambergris, cloth, tapestries, pepper, cloves, cinnamon, nutmeg, benjamin (a highly aromatic balsamic resin used for perfumes and medicines), red dye, cochineal and ebony.[19] Equally valuable was the ship's rutter (mariner's handbook) containing vital information on the China, India, and Japan trade routes.

In 1596, three more English ships sailed east but all were lost at sea.[15] A year later however saw the arrival of Ralph Fitch, an adventurer merchant who, with his companions, had made a remarkable nine year overland journey to Mesopotamia, the Persian Gulf, the Indian Ocean, India and Southeast Asia.[20] Fitch was consulted on Indian affairs and gave even more valuable information to Lancaster.

History - Formation In 1599, a group of prominent merchants and explorers met to discuss a potential East Indies venture under a royal charter.[6]:1-2 Besides Fitch and Lancaster,[6]:5 the group included Stephen Soame, then Lord Mayor of London; Thomas Smythe, a powerful London politician and administrator who had established the Levant Company; Richard Hakluyt, writer and apologist for British colonization of the Americas; and several other sea-farers who had served with Drake and Raleigh.

On 22 September, the group stated their intention "to venture in the pretended voyage to the East Indies (the which it may please the Lord to prosper)" and to themselves invest £30,133 (over £4,000,000 in today's money).[22][23] Two days later, the "Adventurers" reconvened and resolved to apply to the Queen for support of the project.[23] Although their first attempt had not been completely successful, they sought the Queen's unofficial approval to continue. They bought ships for the venture and increased their investment to £68,373.

They convened again a year later, on 31 December 1600, and this time they succeeded; the Queen responded favourably to a petition by "George, Earl of Cumberland and 218 others,[24] including James Lancaster, Sir John Harte, Sir John Spencer (both of whom had been Lord Mayor of London), the adventurer Edward Michelborne, the nobleman William Cavendish and other Aldermen and citizens.[25] She granted her charter to their corporation named Governor and Company of Merchants of London trading into the East Indies.[15] For a period of fifteen years, the charter awarded the company a monopoly[26] on English trade with all countries east of the Cape of Good Hope and west of the Straits of Magellan.[27] Any traders there without a licence from the company were liable to forfeiture of their ships and cargo (half of which would go to the Crown and half to the company), as well as imprisonment at the "royal pleasure".

A Secret Team of NWO Imperial Robber Barrons

Sabotaging the Lives and Minds of those who need to fall of the map off events

The Brain is a learning-device. A person's brain can be taught to hate the police, hate Fire and EMS, distrust neighbors, etc., through a person experiencing abuse from any of these groups and especially covert-abuse that neither remediates conduct upon complaints from the Target of stimuli-harassment nor is the harassment stimuli ever ceased thus it becomes the harassment stimuli targets role alone to combat the harassers. In the traumatized and abused brain of the harassment target learning will occur that attacking the abuser is necessary to stop the trauma. Abusers will not acknowledge nor remediate the abuse of a Target.

[image]

Free Speech Center at Middle Tennessee State University

Brandeis expressed the counterspeech doctrine. According to Brandeis, the founders not only valued free speech as a means to sort out political truths, but they also knew "*that repression breeds hate; that hate menaces stable government; that the path of safety lies in the opportunity to discuss freely supposed grievances and proposed remedies; and that the fitting remedy for evil counsels is good ones*." https://firstamendment.mtsu.edu/article/louis-brandeis/

"*If there be time to expose through discussion the falsehood and fallacies, to avert the evil by the processes of education, the remedy to be applied is more speech, not enforced silence. Only an emergency can justify repression."* -https://bureaubrandeis.com/justice-brandeis-on-freedom-of-speech/

These words were spoken by Justice Mr. Brandeis during a trial in 1927 by the U.S. Supreme Court (Justia U.S. Supreme Court Center, 274 U.S. 357, 1927 (Whitney v. California)).

Repressing the abuser, attacking the harrasser, becomes the mindset of the harassed.

Robber baron (industrialist) retrieved from Wikipedia and copied or modified to here

File:Standard oil octopus loc color.jpg

1904 depiction of an acquisitive and manipulative business enterprise (Standard Oil) as an all-powerful octopus

Robber baron is a term of social criticism originally applied to certain wealthy and powerful 19th-century American businessmen. The term appeared as early as the August 1870 issue of The Atlantic Monthly[1] magazine. By the late 19th century, the term was typically applied to businessmen who used exploitative practices to amass their wealth.[2] Those practices included exerting control over natural resources, influencing high levels of government, paying subsistence wages, squashing competition by acquiring their competitors to create monopolies and raise prices, and schemes to sell stock at inflated prices to unsuspecting investors.[2] ***The term combines the sense of criminal ("robber") and illegitimate aristocracy (a baron is an illegitimate role in a republic).***

Robber baron is a term of social criticism originally applied to certain wealthy and powerful 19th-century American businessmen. The term appeared as early as

the August 1870 issue of The Atlantic Monthly[1] magazine. By the late 19th century, the term was typically applied to businessmen who used exploitative practices to amass their wealth. Those practices included exerting control over natural resources, influencing high levels of government, paying subsistence wages, squashing competition by acquiring their competitors to create monopolies and raise prices, and schemes to sell stock at inflated prices to unsuspecting investors. The term combines the sense of criminal ("robber") and illegitimate aristocracy (a baron is an illegitimate role in a republic).

Usage- The term robber baron derives from the Raubritter (robber knights), the medieval German lords who charged nominally illegal tolls (unauthorized by the Holy Roman Emperor) on the primitive roads crossing their lands,[4] or larger tolls along the Rhine river.

Cecil John Rhodes (/ˈsɛsəl ˈroʊdz/ SEH-səl ROHDZ; 5 July 1853 - 26 March 1902)[2] was a British mining magnate and politician in southern Africa who served as Prime Minister of the Cape Colony from 1890 to 1896. He and his British South Africa Company founded the southern African territory of Rhodesia (now Zimbabwe and Zambia), which the company named after him in 1895. He also devoted much effort to realising his vision of a Cape to Cairo Railway through British territory. Rhodes set up the Rhodes Scholarship, which is funded by his estate.

[Upon his death the British Deep State reformed its practices from identifiable uniformed columns of troops to conquer with to propaganda and favorable press and sercretive acts of subversion rather than public acts.

Expanding the British Empire Rhodes and the Imperial Factor

"The Rhodes Colossus" - a cartoon by Edward Linley Sambourne, published in Punch after Rhodes announced plans for a telegraph line from Cape Town to Cairo in 1892.

Rhodes used his wealth and that of his business partner Alfred Beit and other investors to pursue his dream of creating a British Empire in new territories to the north by obtaining mineral concessions from the most powerful indigenous chiefs. Rhodes' competitive advantage over other mineral prospecting companies was his combination of wealth and astute political instincts, also called the "imperial factor," as he often collaborated with the British Government. He befriended its local representatives, the British Commissioners, and through them organized British protectorates over the mineral concession areas via separate but related treaties. In this way he obtained both legality and security for mining operations. He could then attract more investors. Imperial expansion and capital investment went hand in hand.

The imperial factor was a double-edged sword: Rhodes did not want the bureaucrats of the Colonial Office in London to interfere in the Empire in Africa. He wanted British settlers and local politicians and governors to run it. This put him on a collision course with many in Britain, as well as with British missionaries, who favoured what they saw as the more ethical direct rule from London. Rhodes prevailed because he would pay the cost of administering the territories to the north of South Africa against his future mining profits. The Colonial Office did not have enough funding for this. Rhodes promoted his business interests as in the strategic interest of Britain: preventing the Portuguese, the Germans or the Boers from moving into south-central Africa. Rhodes's companies and agents cemented these advantages by obtaining many mining concessions, as exemplified by the Rudd and Lochner Concessions.

Treaties, concessions and charters Rhodes had already tried and failed to get a mining concession from Lobengula, King of the Ndebele of Matabeleland. In 1888 he tried again. He sent John Moffat, son of the missionary Robert Moffat, who was trusted by Lobengula, to persuade the latter to sign a treaty of friendship with Britain, and to look favourably on Rhodes's proposals. His associate Charles Rudd, together with Francis Thompson and Rochfort Maguire, assured Lobengula that no more than ten white men would mine in Matabeleland. This limitation was left out of the document, known as the Rudd Concession, which Lobengula signed. Furthermore, it stated that the mining companies could do anything necessary to their operations. When Lobengula discovered later the true effects of the concession, he tried to renounce it, but the British Government ignored him.

Diamonds and the establishment of De Beers img Preference Share of the De Beers Consolidated Mines Ltd., issued 1. March 1902

During his years at Oxford, Rhodes continued to prosper in Kimberley. Before his departure for Oxford, he and C.D. Rudd had moved from the Kimberley Mine in South Africa to invest in the more costly claims of what was known as old De Beers (Vooruitzicht). It was named after Johannes Nicolaas de Beer and his brother, Diederik Arnoldus, who occupied the farm.

Fig. I-Rothschild-protégé banker J.P. Morgan became a trustee of Columbia Universit while William J. Donovan (1903-1907) was being groomed by numerous founders of the British Pilgrims Society. By 1912, had purchased editorial control of all of America's major newspapers and in 1913 drove the formation of the Federal Reserve to be controlled by British banks aligned with the Pilgirms Society where Lord Rothchild was a co-founder with J.P. Morgan. L/R: William J. 'Wild Bill" Donovan, J. Pierpont ("J.P.") Morgan, Franklin D. Roosevelt, all British Pilgrims Society founding members.

J. Pierpont ("J.P.") Morgan (1837-1913)
PROTÉGÉ OF BRITISH LORDS ROTHSCHILD
BRITISH PILGRIMS SOCIETY HANDLER FOR WILLIAM J. DONOVAN
FRANKLIN D. ROOSEVELT (1907) AT COLUMBIA UNIVERSITY
ACQUIRED WEALTH UNDER SUSPICIOUS IRCUMSTANCES IN 1890

FIG. 4: KING EDWARD VII PUBLISHED A POSTCARD ENTITLED “KING EDWARD & HIS EMPIRE BUILDERS.” OF THE 16 LIVING BRITS IDENTIFIED, 11 WERE FOUNDING MEMBERS OF THE PILGRIMS SOCIETY ON JUL. 16, 1902. THOSE 11 “EMPIRE BUILDERS” WERE ALL ORGANIZERS OF THE FIRST IMPERIAL PRESS CONFERENCE, JUN. 05-28, 1909 (LINK FOLLOWS). CURATOR, INDEPENDENT ANALYST. (CA. 1907). KING EDWARD & HIS EMPIRE BUILDERS, POSTCARD, WITH CORRELATION BETWEEN PILGRIMS SOCIETY 1902 AND FIRST IMPERIAL PRESS CONFERENCE, 1909. NATIONAL PORTRAIT GALLERY, UK. BETWEEN JUN. 05-29, 1909, THE PILGRIMS SOCIETY ORGANIZED THE

FIRST IMPERIAL PRESS CONFERENCE, 1909. THE KEYNOTE SPEAKER WAS LORD ROSEBERY (ROTHSCHILD). LORD L. WALTER ROTHSCHILD WAS THERE TOO.

By 1902, the British Pilgrims had evidently already singled out selected American “Robber barons” that they would recruit to their “Empire Building,” many of whom were in Britain for the delayed coronation of Edward VII following the deaths of Queen Victoria and Cecil John Rhodes-their empire building prime mover. We will discuss their names below.

WANTED: PILGRIMS CEO FOR THE AMERICAN “BRANCH”

Among those Americans was a groom-in-process: Columbia University lawyer named William J. Donovan who would attend Columbia as an undergrad and law student (1903-1907).

BRITISH PILGRIMS SOCIETY’S RHODES IMPERATIVE (CA. 1900): TAKE BACK AMERICA From the moment that Rhodes first wanted America back as a British colony, William J. Donovan’s treasonous Pilgrims Society implemented Cecil Rhodes’ imperative to make American British again. It was a central component of Rhodes’ plan to build a new corporatist British federal empire that was shielded from liability for ALL their evil acts by the Monarch’s Bank of England and the Crown Courts hiding in a one square mile named The City of London, also named The City of London Corporation (not to be mistaken for Greater London).

Even though the 1902 Pilgrims Society founders are all dead, their phantoms, specters and demons continue to direct their progeny, hence their devotion to inheritance, blood lines, titles, awards and honors.

Peter Strzok II, a key FBI perpetrator of the Trump-Russia hoax, is a good example. His demons were evident to everyone in his Congressional Hearings, as are Senator ChuckSchmer's. His father, Peter Strzok Sr., was a career C.I.A. (British) traitor-spy. As was his Jesuit uncle Fr. James Strzok. Another uncle flew for AirAmerica, a notorious C.I.A. (British) front company. Another eight (8) Strzok family members appear to have been spies also.

RHODES' SPECTRAL DEMON (AND NOT A HUMAN PER SE) IS DIRECTING THE "DEEP STATE"

Put simply, it is highly likely the British-UN "new world order" is being directed by no human being, but rather by the evil specteral demons of Cecil Rhodes and his diabolical vision for a British one world order.

Wiliiam Cooper Deceased and Ted Gunderson and his role models provide copies of these documents.]

The British Aristocracy decided that the Printing Press of Thomas Paine and others stopped imperialism leading to the loss of the USA. The plan was to buy-out nd control the press and reverse the failure

Indeed, the Pilgrims' 24-step written strategy was discovered and published by the scrappy suffragette journalist Lillian Scott Troy in 1912. This Rhodes' strategy is still being implemented today, unchanged.

1912 was the year the Pilgrims ordered J.P. Morgan to buy up editorial control in all major U.S. newspapers.

Arguably, since president Woodrow Wilson (1913-21) ceded control of American monetary policy to the

Federal Reserve (Rothschild-controlled foreign banks) in 1913, American policy has been dictated by the British Empire via the Pilgrims Society.

Donald Trump I(like JFK) was a bump in the road. Now that they have climbed back in the saddle under Pretender Biden and Vice Pretender Kamala D. Harris, they will continue their diabolical plan to choke out the lives of God-fearing Americans. They are trying to replace love with a psychotic, demonic, hate-filled cancel culture.

Besides controlling American banks and elections, the British seized control of American intelligence and its media agents at the First Imperial Press Conference 1909 organized by the Pilgrims Society.

Out of that conference came the Empire Press Union by its many surrogate names including Associated Press, Reuters, UPI, BBC, CNN-the source for one-world propaganda for the British Empire), MI6, MI5 and GC&CS renamed GCHQ, as well as the seeds for the FBI (ordered by Pilgrims Attorney General Harlan F. Stone to be modeled after Scotland Yard in 1924), C.I.A. and NSA. American intelligence has ALWAYS been a mere branch of British intelligence since Jul. 29, 1909 and William J. Donovan's employment by the Rockefeller Foundation and J.P. Morgan.

It is not an exaggeration to say that without Columbia University's long-term treason, many phantoms and specters of the British Pilgrims Society, harbingers of a reengineered British Empire, may not have emerged to plague humanity and attempt an American ***coup d'état*** in Donald J. Trump and the takedown of the American Republic.

Through Joseph P. Kennedy Sr, and FDR we Jen Moore and Ed Donegan can tell This solution to many assassinations question

https://newwilliamcooperpatrioticsovereignpress.com/through-joseph-p-kennedy-sr-and-fdr-we-jen-moore-and-ed-donegan-can-tell-this-solution-to-many-assassinations-question/

I (Edward Paul Donegan) can not tell this theory is correct. Jen Moore could and did but she is deceased having left her whistle-blower works still online and preserved.

The why of the murder of JFK and RFK and MLK and Malcolm X and Marilyn Monroe and many similar orphanages deaths and deaths of investigators and it really comes through the story of Jospeh Kennedy Sr and Franklin Delano Roosevelt.

Is there something to this? https://twitter.com/HollywoodHeir MARILYN, GLADYS, JOE P. KENNEDY, actor. Norma Jean born 1926 was in an orphanage accross from RKO, Future Bookings Orphuem owned by Joseph Kennedy Sr.

I can not tell you as the persons offering this theory of the murders this is true; I can only tell you it is my best guess and rooting in 20 percent of what I think I know for sure and then extended out based on my researching into other matters.

Like you though if you were to pursue this Joseph Kennedy R and FDR story with the Brits then I think you like me (as a reader of my own theory honestly testing in my own mind against the facts I have found) beginning to think it is true. Not because many parts of it already are known to you like the FOXP2 gene but because the entire theory it takes a full day to understand in its scope explains all of history' (really) major story-lines still open to questions like MKULTRA and the Cold War.

Once upon a time in America Norma Jean sang to JFK about being a steal company employee family.

> Happy birthday to you | Happy birthday to you | Happy birthday Mr. President | Happy birthday to you.
>
> Thanks, Mr. President | For all the things you've done | The battles that you've won.
>
> The way you deal with U.S. Steel | And our problems by the ton.
>
> We thank you so much.
>
> (Everybody, happy birthday. Ladies and gentlemen, the president of the United States! applause)

The song sung by Norma Jean includes a reference to Joseph Kennedy Sr. and getting needed steel to shipbuilding as needed by Navy Undersecretary FDR.

… And some information on that.

> **Joseph Kennedy Sr Early ventures**
>
> After graduating from Harvard in 1912, he took his first job as a state-employed bank examiner. This allowed him to learn a great deal about the banking industry. In 1913, the Columbia Trust Bank, in which his father held a significant share, was under threat of takeover. Kennedy, borrowing $45,000 from family and friends, bought back control and at age 25 was rewarded by being elected the bank's president, "the

youngest in America."

Kennedy emerged as a highly successful entrepreneur with an eye for value. For example he turned a handsome profit from ownership of Old Colony Realty Associates, Inc., which bought distressed real estate.

Although skeptical of American involvement in World War I, he sought to participate in war-time production as an assistant general-manager of Bethlehem Steel, a major shipyard in Quincy, Massachusetts. There he oversaw the production of transports and warships critical to the war. This job brought him into contact with the Assistant Secretary of the Navy, Franklin Delano Roosevelt. https://www.newworldencyclopedia.org/entry/Joseph_P._Kennedy,_Sr.

…

As WWII approached the ambition Boston politician (FDR was NOT from Boston) hoped he might become President of the USA. He did get an appointment as Ambassador to Great Britain frpm President FDR as WWII approached and had a political careers with his wife earlier in Boston Massachusetts.

As the war approached and with military and political ties in the USA and England Joseph Kennedy Sr. could likely pull a lot of strings for family and friends.

ROSE KENNEDY, WIFE OF MULTI-MILLIONAIRE AND US AMBASSADOR TO BRITAIN JOSEPH KENNEDY, AND TWO OF HER DAUGHTERS, KATHLEEN KENNEDY AND ROSEMARY KENNEDY, LEAVING TO BE PRESENTED AT COUR (before the Queen of England) T Keystone/Getty Images

Originally a British colony (J. Freeman has interesting public

Yale lectures on this) that revolted over not having a seat in Parliament the Irish in the Great Potato famine migrated in large numbers setting up a pseudo-war conflict similar to Republic of Ireland and Northern Ireland geo-religiouis and economic class struggle that the Kennedy family children never escaped; always judged as lace curtain nuevo riche. -- Lace curtain Irish and shanty Irish are terms that were commonly used in the 19th and 20th centuries to categorize Irish people, particularly Irish Americans, by social class. The "lace curtain Irish" were those who were well off, while the "shanty Irish" were the poor, who were presumed to live in shanties, or roughly built cabins.

Neither term was complimentary. Aside from financial status, the term "lace curtain Irish" connoted pretentiousness and social climbing, while the "shanty Irish" were stereotyped as feckless and ignorant. -- Wikipedia Nouveau riche is a term used, usually in a derogatory way, to describe those whose wealth has been acquired within their own generation, rather than by familial inheritance.

The Up and Coming Families

In this area of what is home to the Boston Celtics basketball team were the Roman Catholic families in a small area. The Kennedy's, Donegan's, and the Donegan's friends, the Leroy Fletcher Prouty (Of Plymouth County).

These family lines a second generation from the FDR Joseph Kennedy Sr generation I purport were in a controversy with the Boston Brahmin that during the Troubles of Ireland Belfast - Ulster County Donegal included) led to differences over loyalties of Great Britain use of War Prizes to encourage Robber-Barron attack on satellite countries to allow the Mafia to run them as Banana Republic corrupt dictators, indirect rule of Great Britain aristocracy.

The sleepers as future dictators these planners were breeding

is part of that story.

Queen Victoria House of Hanover marries her first cousin Prince Albert of Saxe-Coburg and Gotha in 1840.

Victoria (Alexandrina Victoria; 24 May 1819 - 22 January 1901) was Queen of the United Kingdom of Great Britain and Ireland from 20 June 1837 until her death in 1901. Her reign of 63 years and 216 days, which was longer than any of her predecessors, is known as the Victorian era. It was a period of industrial, political, scientific, and military change within the United Kingdom, and was marked by a great expansion of the British Empire. In 1876, the British Parliament voted to grant her the additional title of Empress of India.

Victoria married her first cousin Prince Albert of Saxe-Coburg and Gotha in 1840. Their nine children married into royal and noble families across the continent, earning Victoria the sobriquet "grandmother of Europe". After Albert's death in 1861, Victoria plunged into deep mourning and avoided public appearances. As a result of her seclusion, British republicanism temporarily gained

strength, but in the latter half of her reign, her popularity recovered. Her Golden and Diamond jubilees were times of public celebration. Victoria died in 1901 at Osborne House on the Isle of Wight, at the age of 81. The last British monarch of the House of Hanover, she was succeeded by her son Edward VII of the House of Saxe-Coburg and Gotha.

Edward VII (Albert Edward; 9 November 1841 - 6 May 1910) was King of the United Kingdom and the British Dominions, and Emperor of India, from 22 January 1901 until his death in 1910.

The second child and eldest son of Queen Victoria and Prince Albert of Saxe-Coburg and Gotha, and nicknamed "Bertie", Edward was related to royalty throughout Europe.

George V (George Frederick Ernest Albert; 3 June 1865 - 20 January 1936) was King of the United Kingdom and the British Dominions, and Emperor of India, from 6 May 1910 until his death in 1936.

Edward VIII (Prince of Wales) (Edward Albert Christian George Andrew Patrick David; 23 June 1894 - 28 May 1972), later known as the Duke of Windsor, was King of the United Kingdom and the Dominions of the British Empire and Emperor of India from 20 January 1936 until his abdication in December of the same year. Prince Albert of York then was coronated but had a genetic defect.

In 1925 Wembley Stadium Speech Albert of York is publicly thought to have a disorder

Prince Albert of York younger brother of Prince Edward of Wales (both sons of George V)

On the last day of October, 1925 HRH Prince Albert, Duke of York, twenty-nine years old and second son of King George V, made his first broadcast speech. The occasion was the closing ceremony of the Empire Exhibition at Wembley Stadium. The Duke spoke into a microphone before a crowd of 100,000, but what often happened in private now happened in public: his words came haltingly, and he was acutely embarrassed. One man listening to the crowd that day, a speech therapist recently arrived from Australia, remarked, “He’s too old for me to manage a complete cure, but I could very nearly do it.” https://winstonchurchill.org/resources/in-the-media/film-reviews/the-kings-speech/

1. many sources confirm this. I note as I rented the Kings Speech movie a police assisted poice backed breaking to my live work writing studio stole my TV, computer, etc., and I had rented the Kings Speech from the library. CCPD Case number

   This was in CCPD Case Number 1911030057 11/20/2019 and on the CDROM is an example. As I was about to watch The Kings Speech on my TV DVD a black male cased the apartment and broke in the next day stealing the TV and laptop. The police report denied the thief came in the hall doorway and failed to mention the black female in 45 was the likely perpetrator. The report implied my sliding door was open for some suspicious reason. The situation was complicated because the police created and cover-ed

up the break-is as did the property managers that put the Confidential Informants in place as neighbors to interrupt my work when they were needed to so.

CCPD Case 1911 03 0057 Corpus Christi Police respond to break in of my home stealing DVD, Flatscreen TV, and computer I am writing my book on. I had rented from the library *The King's Speech* about the speech of Prince Albert of York, younger brother of Prince Edward of Windsor who would abdicate as King because of close ties with Nazis I think the Kutscheras of Austria included. The responding officer believed D'Andra Travino a neighbor across the hall was in on the heist as I did, and Mac Lamar evicted her, but she acted like a Confidential Informant of police for some time and had reported her odd behavior to Mac Lamar Property Management who was complicit in her behavior and placed her in that apartment. The records do not reflect what happened nor the assessment of the original officer C. Vallina(?) #9169. As the police first arrived and looked in (with her permission upon a police comment on her loose door handle) her own TV was on the couch in the living room uninstalled, being removed and later dumped out with her couch.

2. A guy calling himself Monarch Fighting has lots information up. https://fightingmonarch.com/2019/12/20/v2k-the-true-story-of-the-kings-speech/

3. The movie Mary Poppins filmed shortly after JFK's death by Disney (influenced by the CIA) was set in 1910 and tbe British banks plan (including it seems Herbert Walker) plan to catch more flies around the world like Panama with Honey. A new face of sweet propoganda than violent oppression was adopted by Great Britian. In that movie Mary (could be Mary of Teck) visit Albert who seems at time full of a laughing gas at times floating to the ceiling.

As a result of this 1925 issues lied about covering up the real more serious range of affects out of wedlock births were tried

I assert the Prince in 1925 fooled around with the Showgirl Maria Kutschera. In 1926 children were born to the pair in the USA including Norma Jean and Glorian Donegan

Who were Queen Elizabeth's "hidden cousins"? Were they treated worse than JFK's father treated Rosemary Kennedy? Has King Charles ever commented on them? https://www.quora.com/Who-were-Queen-Elizabeth-s-hidden-cousins-Were-they-treated-worse-than-JFKs-father-treated-Rosemary-Kennedy-Has-King-Charles-ever-commented-on-them I think Norma Jean and Glorian Donegan knea Gainey were.

1. The Prince and the Showgirl

Barron Von Trapp two spouses Agathe Whitehead (m. 1911; died 1922) Maria Augusta Kutschera and Franz Kutschera SS General (m. 1927)

(You can't choose family) With the death of

Agathe Whitehead Barron Von Trapp in his large mansion was overworked though retired in the landlocked country, a former submariner hero who used the British engineered Whitehead Torpedo made in Italy because England first ignored them and was well known and well liked tied to England and its Navy. Admiral Halsey is then some sort of attache in diplomacy to Austria. Maria Kutschera is sent from the Convent to help out her uncle is SS Franz Kutschera

Ed Donegan asserts the first job was to have the children secretly in the USA then have a virginal marriage to Captain Von Trapp as seen by the public. This leaves three Maria Kutschera children still hidden to history.

In 1936 era the new sort of Brady Family like set of parents and children from all marriages will leave for North Carolina and sing in support of US Allies. Ties to Franz Kutschera are embarrassing for James and Glorian Donegan and the CIA and the British.

1. Many sources

The Alps 1920 to 1940 "There goes the neighborhood." and the Von Trapp Singers

In image of the Alps stretching across Central Europe. General Patton with James Jesus Angleton as X2 OSS will travel up Italy to Central Europe and land in Salzburg Austria area of Hitler's *Eagle's Nest*, the Villas of Nazi High Command living in the villas of previous Barons like George Ludwig Ritter von Trapp (4 April 1880 - 30 May 1947) was an officer

in the Austro-Hungarian Navy who later became the patriarch of the Trapp Family Singers. https://en.wikipedia.org/wiki/Alps#/media/File:Alps_2007-03-13_10.10UTC_1px-250m.jpg

In pre-republican Germany all the knightly families of the Holy Roman Empire (sometimes distinguished by the prefix von or zu) eventually were recognised as of baronial rank, although Ritter is the literal translation for "knight", and persons who held that title enjoyed a distinct, but lower, rank in Germany's nobility than barons (Freiherren). The wife of a Freiherr (Baron) is called a Freifrau or sometimes Baronin, his daughter Freiin or sometimes Baroness.

Nazism was born in how Hitler viewed the conditions forced onto Germany following WWI. His Socialist Nationalist defense theory of Germany rebuked the Fuedal structures of Aristocracy, the Leuge of Nations (forrunner to the UN made up of fuedal family interets) and in the early 1920's began his political campaigns on on Genrman pride of the common people.

In the Eagel's Nest the future home of the Nazi leaders or retreats areas were Georg Ludwig Ritter von Trapp (4 April 1880 - 30 May 1947) was an officer in the Austro-Hungarian Navy who later became the patriarch of the Trapp Family Singers. Georg Ludwig Ritter von Trapp was born in Zara, Dalmatia, then a Crown Land of the Austro-Hungarian Empire (present-day Zadar, Croatia). His father, Fregattenkapitän August Johann[7] Trapp, was a naval officer who had been elevated to the Austrian nobility as Ritter von Trapp when he was awarded the Order of the Iron Crown Third Class. Both his sons inherited this hereditary title of Ritter (Knight). August Ritter von Trapp died in 1884, when Georg was four.

Appointed to the Austrian Navy he became a U-Boat Captain and attained hero status. At submarine warfare training he met his wife Agathe daughter of the British torpedo manufacturer. Tensions are low in the 1920's and when Maria Kutschera is sent to him by the Convent her legal guardian making stopping-in at times Franz Kutschera are not problematic, Nasis are a political party probably not then seen as illegal though later it will be outlawed. In fact in the 1920's through 1939 the children are loaned to Franz Kutschera for Nazi propaganda singing but from late 1938 on all turns more worrisome about Nazis. The Captain Von Trapp and his new wife since 1927 will leave for North Carolina USA and become part of the Allies propaganda fight.

It is exactly this second flight from the Alps that allowed Franz Kutchera and Heinrich Himmler to take over the Von Trapp villa that had Von Trapps family creast aboove the fireplace in the German language movie.

Ed Donegan asserts that in the earlier flight from the Villa Maria Kutschera gave birth in the USA to children sired by a Windsor vistit to Austria likely Prince Edward of Wales (who was close to Hitler) or Albert of York. It is these bastard children that were being hidden by the OSS CIA and Vatican myself and Jen Moore speak of. Glorian Gainey (Donegan) and I think Norma Jean. And Dean Rusk was there at Davidson College an underground railroad to recive and place the children under hidden identies with FDR, Admiral Halsey, Jospeph Kennedy Sr., Wild Bill Donovan, Donald Barr, and the rest of the OSS CIA part of that plan.

Death of Patton

A string of deaths of Roman Catholics starts with the death of Patton credible historians think my be tied to the CIA and BRitish. It was patton who arrived in Salzurng and the various death camps and found the horrors run out of the former Von Trapp villa that was Himmler's last stand.

https://warfarehistorynetwork.com/article/was-general-patton-murdered-new-light-on-an-old-conspiracy/ n 2008, author Robert Wilcox wrote a sensational book on the circumstances surrounding the accident and later death of Patton called Target Patton: The Plot to Assassinate General George S. Patton. The book, which caused a huge controversy, said that Patton had been assassinated on orders from high-ranking American military leaders.

One person whom author Wilcox interviewed for his book was a distinguished World War II veteran and assassin, Douglas Bazata. In 1979, Bazatta gave a two-part interview to the publication Spotlight, in which he made a sensational claim that Patton had been assassinated. In the first interview, he said that the Russians had the motive to kill Patton because he wanted the United States to go to war with them right after the end of World War II.

In the second installment which was called, “I Was Paid to Kill Patton,” he said that he was asked by none other than William Donovan, the head of the wartime Office of Strategic Services (OSS) to kill Patton. Bazata said that he did not take part in the Patton assassination because he knew Patton and liked him. He further said that the accident, which took place on December 9, 1945, had been arranged by someone he knew and would not name him. Bazata said that since the general had not died in the accident he was told, “A refined form of cyanide that can cause embolisms, heart failure, and things like that had been used to kill him later in the

hospital. It had been made in Czechoslovakia, and, in small amounts, could be timed to kill over a period of 18 to 48 hours."

Bazata proceeded to lay out his participation in the Patton assassination. In 1945, he was told by Donovan that he had orders from up the chain of command that Patton was considered a threat to the war effort and his actions could no longer be tolerated. Bazata told Patton of the internal threats against him, but the general brushed them aside. For his part, Bazata reluctantly went along with the plot. Bazata went on to say that he met an unidentified man whom he knew only as a "Pole" (Polish extraction), who was also ordered to kill Patton. Both men then began planning the general's murder.

-- In a government of, for, and by the People easily losing elections or not allowed to run again nothing is vested in the Soveriegn. Not true in Aristorcracy and they must protect themselves from being tied to blunder or loose one thousand years of continuous Feudel rule.

Death of Roman Catholic Forerestal

In the book Majic 12 and the Secret CFR FBI government, book, William Cooper will writes and I mark-up with data:

> Secretary of defense James Forrestal began to object to the secrecy. He was a very idealistic and religious man who believed that the public should be told. When he began to talk to leaders of the opposition party and leaders of congress about the alien

> problem he was asked to resign by Truman. He expressed his fears to many people and rightfully believed that he was being watched. This was interpreted by those who were ignorant of the facts as paranoia. Forrestal later was said to have suffered a mental breakdown and was admitted to Bethesda Naval Hospital. In fact it was feared that Forrestal would begin to talk again and he had to be isolated and discredited. Sometime in the early morning of May 22, 1949 agents of the CIA tied a sheet around his neck, fastened the other end to a fixture in his room and threw James Forrestal out the window. The sheet tore and he plummeted to his death. He became one of the first victims of the cover-up.

William Cooper a Breifing Officer to high ranking officers asserted a Deep State run by the CIA that assasinated JFK to protect a relationship cartoon identified as "aliens" though the real names of the Aliens "British" a classified secret as to who they were in actuality.

Death of Marilyn Monroe

The Roman Catholic had a FOXP2 personality. Not a normal person who at times had an up or down, she was never normal. FOXP2 is like being slightly drunk on a "run" for three or four days at at time. Manic Depressive or Bipolar have normal states, FOXP2 does not. I continue to assert Glorian Gainey (Glorian Donegan) Norma Jean was part of OSS CIA history of births in the USA tied to Windsor FOXPs that Maria Kutschera ALSO had possibly leading ot

her passionate nights and leaving the convent pregnant.

Dying CIA officer Normand Hodges claims he assassinated 37 people, including Marilyn Monroe. The 78-year-old said he worked for the CIA for 41 years as an operative. He also admitted to acting as a hitman for the governmental agency. Normand Hodges is slowly dying. The retired CIA officer confessed to committing the assassinations during his stay at Sentara Norfolk General Hospital, in Norfolk, Virginia, according to a World News Daily report.

Hodges was trained in martial arts and as a sniper. However, the former CIA agent said he is well versed in using explosives and poisons. -widely reported. The confession of Hodges was correct the picture of him (for obvious reasons) was faked. One of the many death bed confessions.

Mark Shaw: Fighting for Justice for Marilyn Monroe, JFK and Dorothy Kilgallen. I don't know what Mark Shaw has read (he is an important researcher with many valid points disagreeing witih so me of mine) but I have read the San Francisco FBI office stalked Monroe to bring her to her death sabotougin and harassing her.

JFK the Next Roman Catholic Death (after Patton)

The Family Jewels Program of these hidden identiteios of 1926 in North Carolina and in Hollywood (Norma Jean) and maybe Julie Andrews must be covered up and might be the three missing Kutschera children. Since though these and other children were studied to see if they had disabilities or not some were backed by the CIA, Vatican, and

British for placement around the world in a Free Mason sort of Masonic or benefactors are available to help you along the way plan for creating Agents of Influence in future generations.

Pressures from the WAPS on James and Glorian Donegan

I think that more studies on Glorian and Ed Donegan both with FOXP2 (Dry throat, other symptoms) and the secret hisotry of Borderline Personality (Brittaniy Murphy Girl interupted thrown into a pscyward) is in that story and Obama Jr was a CIA plan with a fake family history and assassinations are covering that up to. That fake CIA created for Obama Jr is either in parralles or descended from Glorian Donegan's own faked family history. I also think Mmalcom X, Dr Martin Luther King, and others knew of the plan and RFK learned the full detaia;ls at the home of John Frankenheimer,

1. Jet Pilot movie similar CIA ghost written story line of Col Shannon and GLo Olga

alt World Movie posted a video to playlist German Movie: 001. German Movie based on The Story of the Trapp Family Singers by Maria Von Trapp Title: The Trapp Family (Color) https://www.facebook.com/watch/?v=255342981901957 and Language: German Direction: Wolfgang Liebeneiner Story: Maria Von Trapp Screenplay: George Hurdalek & Herbert Reinecker Produced by: Ilse Kubaschewski Lead Role: Ruth Leuwerik, Hans Holt, Maria Holst, Josef Meinrad, Friedrich Domin, Hilde Von Stolz, Agnes Windeck, Gretl Theimer, Liesl Karlstadt, Karl Ehmann, Hans Schumm, Joseph Offenbach, Peter Capell, Michael Ande, Knut

Mahlke, Ursula Wolff, Angelika Werth, Monika Wolf, Ursula Ettrich & Monika Ettrich Music: Franz Grothe Cinematography: Werner Krien Released on: 9th October, 1956 (West Germany) & 19th April, 1961 (USA)

Plot: At a convent in Austria in the 1930s, a spirited novice named Maria (Ruth Leuwerik) is sent by her mother superior to the estate of a widowed naval hero, Baron von Trapp (Hans Holt), to look after his seven unruly children. The baron is a stern disciplinarian and runs his household like a ship. When Maria arrives, she encourages the children to play games like other youngsters, and teaches them how to sing. When the baron discovers how Maria is ignoring his orders, he sends her back to the convent. Later, when he hears his children singing songs they've learned from Maria, his feelings for her change. Gradually, the baron falls in love with the young woman and proposes marriage.

After obtaining permission to marry from the mother superior back at the convent, Maria becomes the Baroness von Trapp. The family's priest, Dr. Wasner (Josef Meinrad), encourages Maria and the children to sing for charity, and soon they develop a large following. After the Nazis annex Austria, the baron loses his fortune and is summoned to serve in the German military. Unwilling to live under the Nazi regime, the von Trapp family emigrate to the United States, where they perform their music in the new world. But their troubles are far from over when a naive Maria tells the immigration officer they want to stay forever, when he asks how long they will be visiting the United States.

Note: The Trapp Family became one of the most successful German films of the 1950s, and was the inspiration for the even more fictionalized

Broadway musical The Sound of Music and its highly successful 1965 film version. The film had one sequel, The Trapp Family in America.

Ed Donegan note: It is said there were really 10 children, 3 missing and names and ages changed. I think three by Maria Kutschera and a Windsor, and 7 as Capt Von Trapp family.

OSS CIA Benefactors helping Obama Jr. along

That Barrack Obama Jr was a CIA OSS plan for Indonesia made in the 1950s to place him as a Agenti of Influecnce possibly in Mombassa Kenay, possibly in Indonesia, possibly in the USA to back the Cabal is part of this theory.

1. The Story of Obama: All in The Company (Part I) by Wayne Madsen https://www.voltairenet.org/article166741.html Investigative journalist Wayne Madsen has discovered CIA files that document the agency's connections to institutions and individuals figuring prominently in the lives of Barack Obama and his mother, father, grandmother, and stepfather. The first part of his report highlights the connections between Barack Obama, Sr. and the CIA-sponsored operations in Kenya to counter rising Soviet and Chinese influence among student circles and, beyond, to create conditions obstructing the emergence of independent African leaders.

2. The Story of Obama: All in the Company (Part II) In the second part of his investigation Wayne Madsen focuses on Barack Obama's mother and stepfather. He follows their footsteps as CIA assets from the University of Hawaii, home to some of the CIA's blackest projects, to their activities in Indonesia where a vast US-sponsored anti-communist massacre was unfolding. It marked the start of globalisation in Asia and in the rest of the world. Unlike the Bush dynasty, Barack Obama has smartly concealed his own connections with the Agency and, in particular, those of his ancestors ... until now. https://www.voltairenet.org/article166759.html

Intrepid and the British Deep State in the USA

Gene “Chip” Tatum is a Revealer of Project Pegasus

PEGASUS - ASSASSINATION & NEUTRALIZATION

Gene “Chip” Tatum a native of St.Petersburg Florida, was a Vietnam Special Forces Air Combat Controller, Defense Intelligence Asset, and US Army special operations pilot flying classified missions during the US invasion of Grenada, Tatum was also involved in the Nixon Administrations relations with China, NASA’s Apollo Program, the Iran-Contra Affair, and several other classified intelligence operations dating through through 1992 . Working directly for the sitting Presidents. From sensitive and highly secret - and hitherto largely unknown - Special Forces covert operations in Cambodia, to wandering CIA asset, through to “black ops” activities in Grenada and Oliver North’s Iran-Contra “Enterprise.” Tatum knows where the skeletons are buried. - Gene “Chip” Tatum author profile amazon.com

https://www.bibliotecapleyades.net/ASSASSINATION_NEUTRALISATION

See also Gene “Chip” Tatum

Vietnam Special Forces Air Combat Controller, **25-year CIA deep-cover agent**, **US Army pilot** flying classified missions during the US invasion of Grenada, Iran-Contra pilot flying cocaine shipments labeled as medical supplies, member of the ultra-secret, international #NWO **G7-run** Pegasus “hit team”,

Tatum has gone into considerable additional detail regarding

the role of Pegasus as he knew it.

Tatum believes Pegasus was established during the Eisenhower years as a secret group inside the CIA to spy on that agency on behalf of the President. At some point - believed to be after the assassination of President Kennedy - Pegasus went AWOL from direct US Government control and came under the direction of an international Board of Directors which Tatum alleges now includes George Bush and Henry Kissinger

The directors of Pegasus meet once a year in secret conclave following G7 meetings.

The group has “representation” from a number of intelligence agencies throughout the world. Included are the US Drug Enforcement Administration (DEA), the Central Intelligence Agency (CIA), the Bureau of Alcohol, Tobacco and Firearms (ATF) as well as agents from British, Israeli, Turkish and Danish Intelligence plus “others who performed various functions for Pegasus”.

Tatum [tried for Treason] declares he will not,

> “participate in assassinations of any sort, character assassinations or anything, of American citizens”.

Tatum goes on to explain that back in 1994, in a telephone conference call involving **Oliver North, Felix Rodríguez and the late William Colby of the CIA**, he was warned to turn over incriminating documents and tapes he had accumulated for his “retirement”.

]William Colby who died alone along the Patomic was going to out the Family Jewels program of the CIA run by his CIA predacessor, George H.W. Bush.]

He wryly observes that had he done so, he would probably have been quickly “terminated” in an “extreme” way - a specialty of the Pegasus team of which he was once a member.

Joining the Air Force in February 1970, he went through Army jump school, escape and evasion training, jungle training, sea survival school and diving school and was assigned along with six others as “Combat Controllers” (the USAF equivalent of Special Forces), receiving his distinctive Special Forces burgundy-colored beret.

From there he was assigned to Tinker Air Force Base, Oklahoma, and then on to Fort Bragg, North Carolina - home of the “Green Berets” - for training in C4 plastic explosives, mines, nuclear, biological and chemical warfare, plus indoctrination in electronic and psychological operations.

Posted to South-East Asia as Airman First Class (A1C) in December 1970, he was assigned as a radio operator on a Forward Air Control (FAC) aircraft attached to Task Force Alpha at Nakhon Phanom, Thailand. In short order he was recruited (an involuntary “volunteer”) to “Team Red Rock”. The team was composed of eight US Army Green Berets, three US Navy SEALs and two “cowboys” - a euphemism for CIA paramilitary specialists.

During February 1985, Tatum was piloting “Dustoff” (Medevac) flights for the US Army’s 3/498th Medical Company, stationed at Fort Stewart, Georgia. Two flight crews, including Tatum’s, were transferred to Palmerola Air Base, Honduras. Each flight consisted of a pilot, copilot, medic and crew chief.

Once familiarized, they assumed the Medevac mission for Joint Task Force Bravo. Previously, in 1984, Tatum infiltrated the 3/498th on the instructions of Lt Col. Oliver North who had established contact under the code-name “Jake” (North had “control” of the 160th air wing and was also deeply involved with the tactical planning of “black ops” missions in the Grenada invasion).

On 15 February 1985, during a flight to La Ceiba, Honduras, he was instructed to contact his local “handler”, Major Felix Rodríguez - later to prove a major figure in the Iran-Contra investigation. Rodríguez informed Tatum that in addition to his Army “Medevac” duties he was to support covert “Pegasus” missions.

NSDD-138 was the formation of the Operations Sub-Group (OSG). The Sub-Group was a select NSC-DoD-CIA-FBI-foreign intelligence agency which operated so as to bypass the regular operations of intelligence/military/law-enforcement agencies. OSG was formed in February 1986.

Using the private sector clause, Don Gregg, VP Bush’s National Security Advisor, included a representative from British Intelligence and Israeli Intelligence. To date I have called this group ‘*Pegasus*‘ in an attempt not to divulge its true identity **until I was on safe ground**. Although most of the missions performed by OSG-2 are classified, the existence of the organization is now declassified.”

In fact, Tatum has now revealed the existence of three OSGs.

OSG-1 was headed by Ted Shackley and was “our anti-narcotics group”.4 OSG-2 was the anti-terrorism group and OSG-3 was “our ‘alignment’ group”. Tatum was originally posted to OSG-2 which was commanded by Col. Oliver North. The third group, OSG-3, was commanded by Richard Secord.

Following the exposure of Oliver North’s role in Contragate in 1987, North resigned as head of OSG-2 and his spot was taken over by Secord. Tatum moved up to command OSG-3 at the same time.

All three OSGs answered to those individuals who sat on the TIWG.

General Colin Powell

General Colin Powell represented the Department of Defense

This book alleges Colin Powell along with Alma Powerll killed JFK and others to keep a Leaderhsip program of mixed rece and planted cuiltivated leaders around the world to change the world and now assasinating to coverup the assasinations.

> He matches along with his wife Alma the Kennedy Assassination motive to cover-up ongoing genetic deeps state research

> He is from Harlem area of New York and pronounces his name in honor of a famous killed heavy bomber pilot.

> He along with his wife plus either Dick Cheney or George H.W. Bush the descriptions of the murders of Jefery Mc Donalds family when late bed wetting was becoming visible developmentally. He matches a description of a black general deliver flowers at the funeral

> He matches a black man in military uniform at the Ives murders Middle East North Africa Airport

> He was high level world events in the

military and State Department and all of these evenst are world history scale.

He was a Bush Republican Party member until saying the USA had done more for black than any other country and blacks should be be bitter until Barrack Obama Jr came on stage and then Colin Powell backed him.

He matches the description of Brain Berries activity at a Law Enforcement Intelligence Unit

He matches Linda Newkirk description of Bush family members plus a man in a white lab coat (Francis Collins evangelical) and a large general with many medals

Born April 5th, in the birthday week range of clones.

William Casey

William “Bill” Casey represented the CIA and later wished to out the Family Jewels Program

via The Intercept

WHEN PRESIDENT RONALD REAGAN named a veteran U.S. spy and covert operator, William Casey, to be his CIA director, **Joe Biden waged a one-senator campaign to show that Casey was unfit to serve in the post**. During the Senate Intelligence Committee hearings on Casey’s nomination, Biden grilled Casey in what some

fellow lawmakers described as a virtual “filibuster” to delay sending his nomination to the floor. Biden believed that Casey was not being direct in answering questions about covert CIA activity inside the U.S. and would not convincingly commit to following oversight laws passed in the aftermath of the Nixon presidency.

President Ronald Reagan, accompanied by CIA Director William Casey, waves to CIA employees after signing a bill prohibiting exposure of the identities of CIA agents on June 23, 1982.

William Stephenson, byname Intrepid, (born Jan. 11, 1896, Point Douglas, Man., Can. -died Jan. 31, 1989, Paget, Bermuda), Canadian-born millionaire industrialist whose role as Britain's intelligence chief in the Western Hemisphere in World War II was chronicled in A Man Called Intrepid (1979)

Preceding World War II, Rockefeller Center’s International Building North was fated to become occupied by German companies with plans to rename the building the Deutsches Haus. However, as German aggression increased under the rule of Adolf Hitler, John D. Rockefeller Jr. would not allow that ownership to occur. As such, British Intelligence set up their base of operations in that building throughout World War II.

Beginning with Hitler’s occupation of Poland, the British intelligence center handled top-secret information in New York City years before the United States entered the war. The building’s room 3603 was additionally used as the headquarters of Allied Intelligence and functioned as the office of Allen Welsh Dulles, who would become the civilian director of the yet-to-be-formed Central Intelligence Agency. https://untappedcities.com/2022/08/17/secrets-of-rockefeller-center/6/

Room 3603 by [Ulster Unionist Belfast] H Montgomery Hyde

Room 3603 - Hyde, H Montgomery, and Foreword by Ia Flemming co-occupant of the suite.

This fascinating story of World War II espionage begins in Manhattan at 630 Fifth Avenue, Room 3603. The organization known as the British Security Coordination, was the keystone of the successful Anglo-American partnership in the field of secret intelligence. The man chosen to direct this effort was Sir William Stephenson, who put all his papers at the disposal of author H. Montgomery Hyde. The result is "Room 3603", a unique picture of the British Secret Service in action. Photos. https://www.alibris.com/Room-3603-H-Montgomery-Hyde/book/7792336

Camp X was established December 6, 1941, by the chief of British Security Co-ordination (BSC), Sir William Stephenson, a Canadian from Winnipeg, Manitoba and a close confidant of Winston Churchill and Franklin Delano Roosevelt.[7] The camp was originally designed to link Britain and the US at a time when the US was forbidden by the Neutrality Act to be directly involved in World War II.

On the day before the attack on Pearl Harbor and America's entry into the war, Camp X had opened for the purpose of training Allied agents from the Special Operations Executive (SOE), Federal Bureau of Investigation (FBI), and American Office of Strategic Services (OSS) intended to be dropped behind enemy lines for clandestine missions as saboteurs and spies.

However, even before the United States entered the war on December 8, 1941, agents from America's intelligence services expressed an interest in sending personnel for training at the soon to be opened Camp X. Agents from the FBI and the OSS (forerunner of the Central Intelligence Agency, or CIA) secretly attended Camp X in early 1942; at least a dozen attended at least some training.

After Stephenson established the facility and acted as the

Camp's first head, the first commandant was Lt. Col. Arthur Terence Roper-Caldbeck. Colonel William "Wild Bill" Donovan, war-time head of the OSS, credited Stephenson with teaching Americans about foreign intelligence gathering. The CIA even named their recruit training facility "The Farm", a nod to the original farm that existed at the Camp X site.

Camp X was jointly operated by the BSC and the Government of Canada. There were several names for the school: S 25-1-1 by the Royal Canadian Mounted Police (RCMP), Project-J by the Canadian military, and Special Training School No. 103. The latter was set by the Special Operations Executive, administered under the cover of the Ministry of Economic Warfare (MEW) which operated the facility. In 1942 the Commandant of the camp was Lieutenant R. M. Brooker of the British Army.

In addition to operating an excellent document forging facility,[12] Camp X trained numerous Allied covert operatives. An estimate published by the CBC states that "By war's end, between 500 and 2,000 Allied agents had been trained (figures vary) and sent abroad..." behind enemy lines.

Reports indicate that graduates worked as "secret agents, security personnel, intelligence officers, or psychological warfare experts, serving in clandestine operations". Many were captured, tortured, and executed; survivors received no individual recognition for their efforts."

British Security Co-ordination (BSC) was a covert organisation set up in New York City by the British Secret Intelligence Service (MI6) in May 1940 upon the authorisation of the Prime Minister, Winston Churchill.

Sir William Samuel Stephenson retrieved from Wikipedia and copied or modified to here

[image]

Led a beachhead of pro Britian and anti Nazi efforts in the USA using influence with FDR but at times leaving US Presidents out of the details of MKULTRA. See movie in Finest Hour from 1960's Battle of Britain.

Stephenson was soon a close adviser to Roosevelt, and suggested that he put Stephenson's good friend William J. "Wild Bill" Donovan in charge of all U.S. intelligence services. Donovan founded the U.S. Office of Strategic Services (OSS), which in 1947 would become the Central Intelligence Agency (CIA). As senior representative of British intelligence in the western hemisphere, Stephenson was one of the few persons in the hemisphere who were authorized to view raw Ultra transcripts of German Enigma ciphers that had been decrypted at Britain's Bletchley Park facility. He was trusted by Churchill to decide what Ultra information to pass along to various branches of the U.S. and Canadian governments.[citation needed]

William Stephenson reported to his head Stewart Menzies in the British intelligence (MI6): “You can imagine how relieved I am after three months of battle and jockeying for position that our man [Donovan] is in a position of such importance to our efforts.” Not only that, FDR told William Stephenson, “I am your biggest undercover agent.” One must note that Britain was the real den of the international banking families, the core of the High Cabal, ever since the Bank of England was set up in 1696. And FDR admitted to being an agent of the High Cabal by calling himself an undercover agent of the British. The same was true of Bill Donovan.

Sir William Samuel Stephenson CC MC DFC (23 January 1897 - 31 January 1989), born William Samuel Clouston Stanger, his mother was Icelandic and his father was Scottish, was a Canadian soldier, fighter pilot, businessman and spymaster who served as the senior

representative of the British Security Coordination (BSC) for the western allies during World War II. He is best known by his wartime intelligence codename, Intrepid. Many people consider him to be one of the real-life inspirations for James Bond.[1] Ian Fleming himself once wrote, "James Bond is a highly romanticised version of a true spy. The real thing is... William Stephenson."

As head of the BSC, Stephenson handed British scientific secrets over to Franklin D. Roosevelt and relayed American secrets back to Winston Churchill.[3] In addition, Stephenson has been credited with changing American public opinion from an isolationist stance to a supportive tendency regarding the United States' entry into World War II.

[image]

British Security Co-ordination (**BSC**) was a covert organisation set up in New York City by the British Secret Intelligence Service (MI6) in May 1940 upon the authorisation of the Prime Minister, Winston Churchill.

Its purpose was to investigate enemy activities, prevent sabotage against British interests in the Americas, and mobilise pro-British opinion in the Americas. As a 'huge secret agency of nationwide news manipulation and black propaganda', the BSC influenced news coverage in the *Herald Tribune*, the *New York Post*, *The Baltimore Sun*, and Radio New York Worldwide. The stories disseminated from the organisation's offices at Rockefeller Center would then be legitimately picked up by other radio stations and newspapers, before being relayed to the American public. Through this, anti-German stories were placed in major American media outlets to help turn public opinion.

Its cover was the British Passport Control Office. BSC benefitted from support given by the chief of the US Office of Strategic Services, William J. Donovan (whose organisation was modelled on British activities), and US President Franklin D. Roosevelt who was staunchly anti-Nazi.

Beginnings

[image]
William Stephenson

World War II

The declaration of war upon Germany by the British in September 1939 forced a break in liaison between SIS (MI6) and the FBI because of the Neutrality Acts of 1930s. William Stephenson was sent to the US by the head of SIS to see if it could be rekindled to an extent that SIS could operate effectively in the US. While J. Edgar Hoover was sympathetic, he could not go against the State Department without the President's authorisation; he also believed that if it was authorised, it should be a personal liaison between Stephenson and himself without other departments being informed. However, Roosevelt endorsed co-operation.

The liaison was necessary because Britain's enemies were already present in the US and could expect sympathy and support from German and Italian immigrants, but the authorities there had no remit or interest in activities that were not directly against US security.

Stephenson's report on the American situation advocated a secret organisation acting beyond purely SIS activities and covering all covert operations that could

be done to ensure aid to Britain and an eventual entry of the US into the war. Stephenson was given this remit and the traditional cover of appointment as a 'Passport Control Officer' which he took up in June 1940. Although the existing setup in New York was lacking, Stephenson could call upon his personal liaison with Hoover, the support of Canada, the British ambassador, and his acquaintances with US interventionists.

Operation

The office, which was established for intelligence and propaganda services, was headed by Icelandic-Canadian industrialist William Stephenson. Its first tasks were to promote British interests in the United States, counter Nazi propaganda, and protect the Atlantic convoys from enemy sabotage.

The BSC was registered by the State Department as a foreign entity. It operated out of Room 3603 at Rockefeller Center and was officially known as the British Passport Control Office from which it had expanded. BSC acted as administrative headquarters more than operational one for SIS and the Special Operations Executive (SOE) and was a channel for communications and liaison between US and British security and intelligence organisations.

BSC used a number of legitimate outlets for its work. In 1940, a German agent, Gerhard Alois Westrick, who was cultivating support and possible sabotage among American oil companies, was effectively exposed through news articles placed in the *New York Herald Tribune*. A wave of public outrage was followed by Weldrick's expulsion from the US and the forced resignation of the head of Texaco (Torkild Rieber). Through third parties, BSC developed the independent and non-profit WRUL shortwave radio station foreign-

language broadcast capability and then fed it stories it wanted disseminated worldwide. The station had a large number of listeners who corresponded with the station, which made it possible for reactions to the broadcasts to be directly monitored. For a period, the station was unwittingly the agent of BSC; after the US entered the war, the WRUL operation was turned over to US control.[*citation needed*]

Although the British and Americans were co-operating at the Prime Minister-President level at the time, the arrival of "British spies" in the United States infuriated J. Edgar Hoover, the director of the Federal Bureau of Investigation, and displeased the US Department of State.[*citation needed*]

Stephenson and Hoover did not see eye to eye but had cooperated in a number of operations against espionage activities by Nazi Germany in the US. The British hired Americans despite promising otherwise. The Americans who were recruited in the BSC were given British identification numbers beginning with the digits 4 and 8, apparently representing the 48 states.[*citation needed*]

In 1939, Stephenson arranged for the Hamilton Princess Hotel to become a censorship centre. All mail, radio and telegraphic traffic bound for Europe, the U.S. and the Far East were intercepted and analyzed by 1,200 censors, of *British Imperial Censorship*, part of British Security Coordination (BSC), before being routed to their destination. With BSC working closely with the FBI, the censors were responsible for the discovery and arrest of a number of Axis spies operating in the US, including the Joe K ring.

It was through the BSC that the British acquired the powerful "Aspidistra" transmitter that was used for propaganda by the Political Warfare Executive (PWE), BBC overseas broadcasts and by the Royal Air Force

(RAF) in the war against Germany. BSC also sourced a transmitter for it to communicate with the UK which was operated under the code name "Hydra" at Camp X, BSC's Special Training School No. 103, a Second World War paramilitary installation in Whitby, Ontario for training covert agents in the methods of "secret warfare". The Hydra station was established in May 1942 by engineer Benjamin deForest Bayly; he also invented a very fast coding/decoding machine for telegraph transmissions labelled the Rockex. Camp X had been established in December 1941 by Stephenson to train Allied agents in methods of clandestine operations; many graduates would be dropped behind enemy lines in Europe by SOE.

The British novelist William Boyd, in a 2006 article for *The Guardian*, stated that although the total number of BSC agents operating in the US in the early 1940s is unknown, he estimated there were at least "many hundreds" and had seen "the figure of up to 3,000 mentioned".

Noël Coward saw Stephenson, colloquially known as "Little Bill", at the end of July 1940 when on a world entertainment and propaganda tour. He wrote that the "suite in the Hampshire House with the outsize chintz flowers crawling over the walls became pleasantly familiar to me..." and that Stephenson "had a considerable influence on the next few years of my life". Stephenson offered him a job but was overruled by London.

Counter-smuggling and "shipping security"

South America was an important neutral source of trade for the Axis forces; its importance would increase

after the US entry into the war in 1941. The Italian airline LATI operated a transatlantic service - between Rome and Rio de Janeiro - which was a conduit for high-value goods (platinum, mica, diamonds, etc.), agents and diplomatic bags. London instructed the BSC to do something about that.

The airline had connections with the Brazilian government through the President's son-in-law, and it was supplied, despite the US State Department protests, by Standard Oil in the US, making official channels ineffective. To curtail LATI's activities, the BSC decided that the Brazilians themselves would have to take measures - sabotage would be only a temporary inconvenience. Accordingly, the BSC constructed a forged letter of such accuracy that its authenticity could not be questioned even under forensic examination. The letter purported to come from LATI's head office to an executive of the company stationed in Brazil. The contents included disparaging references to the Brazilian president and to the US, and implied connections with a fascist opposition party in Brazil, the Party of Popular Representation (founded in 1945). Following a "burglary" of the executive's house, a photostat of the letter was placed with an American Associated Press reporter, who immediately took it to the American Embassy, which then showed the letter to the President of Brazil, Getúlio Vargas. LATI's operations in Brazil were confiscated and its personnel interned - the airline ceased transatlantic flights in December 1941. Brazil broke off relations with the Axis and joined the Allies in 1942.

Notable BSC employees

- Cedric Belfrage uring the Second World War, Belfrage worked in the British Security

Coordination for the Western hemisphere.[7] After the fall of Nazi Germany, he was appointed as a "press control officer" in the Anglo-American Psychological Warfare Division and was dispatched to Germany to help reorganize that nation's newspapers.[12] He and his associates requisitioned buildings, equipment, and supplies for a new "democratic" German press and oversaw a purge of Nazi collaborators from the new German newspaper industry.[1

- Roald Dahl - after he was transferred to Washington, D.C. as Assistant Air Attaché. Roald Dahl[a] (13 September 1916 - 23 November 1990) was a British popular author of children's literature and short stories, a poet, and wartime fighter ace.[1][2] His books have sold more than 300 million copies worldwide.[3][4] Dahl has been called "one of the greatest storytellers for children of the 20th century". His works for children include James and the Giant Peach, Charlie and the Chocolate Factory, Matilda,

- Dick Ellis - deputy-head, post-war accused of being spy for the Germans and the Soviets

- Ian Fleming

- Alexander Halpern - Menshevik and ex-Freemason. In 1928 he gave an interview about Freemasonry to Boris Nikolayevsky, later published in the book "Russian Masons and Revolution." He married Salomea Andronikova; for a long time the couple lived separately, Halpern in London, and his wife in Paris. The two reunited in the United Kingdom only in the 1940s. During the Second World War, Halpern lived in New York City in the United States, working for British

Intelligence (British Security Co-ordination). The project was set up in 1940 by the Secret Intelligence Service (MI6) under the approval of Winston Churchill. The primary objective of the operation was to change the American public mood from one of isolationism to intervention in the war. While there he maintained contact with old Mensheviks such as Boris Nicolaevsky, Irakli Tsereteli, Raphael Abramovitch and others, who collaborated in The Socialist Herald.

- Gilbert Highet - historian, professor of Greek and Latin at Columbia University
- H. Montgomery Hyde - counter-espionage Intelligence Corps officer [See Above Belfast Unionist tells tale in his own back title taken after room number]
- Dorothy Maclean
- Eric Maschwitz - screenwriter, lyricist and broadcaster, Intelligence Corps officer
- David Ogilvy - applied Gallup audience research techniques
- John Arthur Reid Pepper
- Ivan T. Sanderson
- Herbert Sichel
- Betty Thorpe - spy, codenamed "Cynthia"

- Harold Phillips

One Stinking Rose (so why not one of the sweetest instead)

In the case of Ted Gunderson, Geral Sosbee, Keith Labella, Veronica Hoffman, Tom Dunham, and others it has been difficult to identify and speciifc officials. In my case I have their information about Gang Stalking and evidence they have left for us and also one public official by depiction, Mark Gonzales of Nueces Texas.

Sympmhonic Goth were often Norwegians or other metal bands with sophisticated operatic elements as well and complex and and erotic imagery. Some it does hint at "nationalism" as Goth itself does, Victory Not Vengeance was post racial European pride that embraced equal rights by love for the Duetchland and it history and culture.

There are many reasons I enjoy the music. Many reasons others do. But I am music fan. What is interesting though it what I consider Dirty Peephole Hunters of the Blade Runner type want to surround the beautiful princesses of Hollywood and the Stars to protect then from the enemy threat and treat them "with the respect they deserve." (Veronica Hoffman reference.

The protection racket not only protects them from the minor threat of my nationalism and the non threat of my ALWAYS consensual behaviors (by age, by mental development status not abusing the disabled, etc.,) by photographic consent and right to privacy respected, etc., (and some minor violatyions in that area) seeks ENTER the upscale social environments as an FBI penetration system in the secret FBI theory the music groups were as closely tied to natioalism as some wrongly think or wish for. It is a minor but true fact they come from great europena locations and the incedible old history of amazing culture is celebrated artistically.

Is a Laugh just a Laugh? Are all laughs the same laughs because the have the same name? No. In fact most animals homo-sapiens often communicate with sounds that are not words. A sharp high pitched form emotionally violent shrill indicates a mocking hatred of an inferior person just now being caught as an inferior. That legend sets up the need for Sex Therapy the police will themselves get hoping to break into the world of elite models where they assert they con protect that scene and my trust fund can buy them into that world if I look I need those lessons.

> **From Wikipedia, the free encyclopedia**
>
> "*A rose by any other name would smell as sweet*" is a popular adage from William Shakespeare's play Romeo and Juliet, in which Juliet seems to argue that it does not matter that Romeo is from her family's rival house of Montague. The reference is used to state that the names of things do not affect what they really are. This formulation is, however, a paraphrase of Shakespeare's actual language. Juliet compares Romeo to a rose saying that if he were not named Romeo he would still be handsome and be Juliet's love. This states that if he were not Romeo, then he would not be a Montague and she would be able to marry him without hindrances.

You must remember this,
A kiss is just a kiss,
A sigh is just a sigh,
The fundamental things apply,
As time goes by.

And when two lovers woo,
They still say "i love you, "
On that you can rely,
No matter what the future brings,

As time goes by.

Moonlight and love songs,
Never out of date,
Hearts full of passion,
Jealousy and hate,
Woman needs man, and man must have his mate,
There's no one can deny.
It's still the same old story,
A fight for love and glory,
A case of do or die,
The world will always welcome lovers,
Moonlight and love songs,
Never out of date,
Hearts full of passion,
Jealousy and hate,
Woman needs man, and man must have his mate,
There's no one can deny.
It's still the same old story,
A fight for love and glory,
A case of do or die,
The world will always welcome lovers,
As time goes by.

Principles of Newspeak

Disinformation Specialist use Newspeak as a contributing element of the total fraud that fraudulently wrongly links victims to negative things they are not linked to or improperly fraudulently link fraudsters things of positive things that are they are not linked to and have no legitimate share in.

Predatory Stalkers do just this; for instances taking my A1c 13.3 gym habits. music, and good gym values (sharing my tips and appreciating the success of others and their techniques and practices) and going down to 4.7 was such a success I have been linked to acts (by Dopples) of gym misconduct while others pretend to have shared in what I did as they pretend they are coaching and working with em., doing thinks like holding stopwatches and looking at me while near me as though my coach.

Use of fraudulent inculpations of me to misconduct and inculpations of them to what are robbed (not copied) gym workouts are what happened in all areas of live to a person undergoing surveillance abuse.

I make the distinction between robbery and copy without use of a dictionary (yet.) I common langautre I have asserted (somewhat unfairly to myself) that my editorial seleccions in case law opinions, music playlist, and other compilations I make are part of popularizing what I consider works of others that I appreciate.

To copy this though in a way harmfull to me wreaks to me more the concepot of robbery. As others harm me to create the impression I was not copied transfers by harm my editorial abstractions to others.

A lot NewSpeak goes into the Stalker operations. It is part of thinking in Counter-terrorism. What does the "*The dog is now*

free" or "*Have a nice day*" mean? I assert a Deep State terror cartel hides itself wanting and creating confusion over confusing meanings where primary constructions that are obvious are overalayed with cypher-text illegal meanings that depend (for safety of the operation) under the cover of allowable clear-text meanings.

The presence of an illegal secondary construction allows for Sperm Banl trafficking that in the improper secondary constructions escape challenge for legitimacy. It is part of Security Servies Protection Racket "black" operations.

Appendix

THE PRINCIPLES OF NEWSPEAK

Newspeak was the official language of Oceania and had been devised to meet the ideological needs of Ingsoc, or English Socialism. In the year 1984 there was not as yet anyone who used Newspeak as his sole means of communication, either in speech or writing. The leading articles in the *Times* were written in it, but this was a *tour de force* which could only be carried out by a specialist.

It was expected that Newspeak would have finally superseded Oldspeak (or Standard English, as we should call it) by about the year 2050. Meanwhile it gained ground steadily, all Party members tending to use Newspeak words and grammatical constructions more and more in their everyday speech. The version in use in 1984, and embodied in the Ninth and Tenth Editions of the Newspeak Dictionary, was a provisional one, and contained many superfluous words and archaic formations which were due to be suppressed later. It is with the final, perfected version, as embodied in the Eleventh Edition of the Dictionary, that we are

concerned here.

The purpose of Newspeak was not only to provide a medium of expression for the world-view and mental habits proper to the devotees of Ingsoc, but to make all other modes of thought impossible.

It was intended that when Newspeak had been adopted once and for all and Oldspeak forgotten, a heretical thought - that is, a thought diverging from the principles of Ingsoc - should be literally unthinkable, at least so far as thought is dependent on words. Its vocabulary was so constructed as to give exact and often very subtle expression to every meaning that a Party member could properly wish to express, while excluding all other meanings and also the possibility of arriving at them by indirect methods. This was done partly by the invention of new words, but chiefly by eliminating undesirable words and by stripping such words as remained of unorthodox meanings, and so far as possible of all secondary meanings whatever.

To give a single example. The word *free* still existed in Newspeak, but it could only be used in such statements as '*This dog is free from lice*' or '*This field is free from weeds*'. It could not be used in its old sense of '*politically free*' or '*intellectually free*' since political and intellectual freedom no longer existed even as concepts, and were therefore of necessity nameless. Quite apart from the suppression of definitely heretical words, reduction of vocabulary was regarded as an end in itself, and no word that could be dispensed with was allowed to survive. Newspeak was designed not to extend but to *diminish* the range of thought, and this purpose was indirectly assisted by cutting the choice of words down to a minimum.

Newspeak was founded on the English language as we now know it, though many Newspeak sentences, even

when not containing newly-created words, would be barely intelligible to an English-speaker of our own day. Newspeak words were divided into three distinct classes, known as the A vocabulary, the B vocabulary (also called compound words), and the C vocabulary. It will be simpler to discuss each class separately, but the grammatical peculiarities of the language can be dealt with in the section devoted to the A vocabulary, since the same rules held good for all three categories.

The A vocabulary. The A vocabulary consisted of the words needed for the business of everyday life - for such things as eating, drinking, working, putting on one's clothes, going up and down stairs, riding in vehicles, gardening, cooking, and the like. It was composed almost entirely of words that we already possess words like *hit*, *run*, *dog*, *tree*, *sugar*, *house*, *field* - but in comparison with the present-day English vocabulary their number was extremely small, while their meanings were far more rigidly defined. All ambiguities and shades of meaning had been purged out of them. So far as it could be achieved, a Newspeak word of this class was simply a staccato sound expressing *one* clearly understood concept. It would have been quite impossible to use the A vocabulary for literary purposes or for political or philosophical discussion. It was intended only to express simple, purposive thoughts, usually involving concrete objects or physical actions.

The grammar of Newspeak had two outstanding peculiarities. The first of these was an almost complete interchangeability between different parts of speech. Any word in the language (in principle this applied even to very abstract words such as *if* or *when*) could be used either as verb, noun, adjective, or adverb. Between the verb and the noun form, when they were of the same root, there was never any variation, this rule of itself involving the destruction of many archaic forms. The word *thought*, for example, did not exist in Newspeak. Its

place was taken by *think*, which did duty for both noun and verb. No etymological principle was followed here: in some cases it was the original noun that was chosen for retention, in other cases the verb. Even where a noun and verb of kindred meaning were not etymologically connected, one or other of them was frequently suppressed. There was, for example, no such word as *cut*, its meaning being sufficiently covered by the noun-verb *knife*. Adjectives were formed by adding the suffix *-ful* to the noun-verb, and adverbs by adding *-wise*. Thus for example, *speedful* meant 'rapid' and *speedwise* meant 'quickly'. Certain of our present-day adjectives, such as *good*, *strong*, *big*, *black*, *soft*, were retained, but their total number was very small. There was little need for them, since almost any adjectival meaning could be arrived at by adding *-ful* to a noun-verb. None of the now-existing adverbs was retained, except for a very few already ending in *-wise*: the *-wise* termination was invariable. The word *well*, for example, was replaced by *goodwise*.

In addition, any word - this again applied in principle to every word in the language - could be negatived by adding the affix *un-*, or could be strengthened by the affix *plus-*, or, for still greater emphasis, *doubleplus-*. Thus, for example, *uncold* meant 'warm', while *pluscold* and *doublepluscold* meant, respectively, 'very cold' and 'superlatively cold'. It was also possible, as in present-day English, to modify the meaning of almost any word by prepositional affixes such as *ante-*, *post-*, *up-*, *down-*, etc. By such methods it was found possible to bring about an enormous diminution of vocabulary. Given, for instance, the word *good*, there was no need for such a word as *bad*, since the required meaning was equally well - indeed, better - expressed by *ungood*. All that was necessary, in any case where two words formed a natural pair of opposites, was to decide which of them to suppress. *Dark*, for example, could be replaced by *unlight*, or *light* by *undark*, according to preference.

The second distinguishing mark of Newspeak grammar

was its regularity. Subject to a few exceptions which are mentioned below all inflexions followed the same rules. Thus, in all verbs the preterite and the past participle were the same and ended in *-ed*. The preterite of *steal* was *stealed*, the preterite of *think* was *thinked*, and so on throughout the language, all such forms as *swam*, *gave*, *brought*, *spoke*, *taken*, etc., being abolished. All plurals were made by adding *-s* or *-es* as the case might be. The plurals of *man*, *ox*, *life*, were *mans*, *oxes*, *lifes*. Comparison of adjectives was invariably made by adding *-er*, *-est* (*good*, *gooder*, *goodest*), irregular forms and the *more*, *most* formation being suppressed.

The only classes of words that were still allowed to inflect irregularly were the pronouns, the relatives, the demonstrative adjectives, and the auxiliary verbs. All of these followed their ancient usage, except that *whom* had been scrapped as unnecessary, and the *shall*, *should* tenses had been dropped, all their uses being covered by *will* and *would*. There were also certain irregularities in word-formation arising out of the need for rapid and easy speech. A word which was difficult to utter, or was liable to be incorrectly heard, was held to be *ipso facto* a bad word: occasionally therefore, for the sake of euphony, extra letters were inserted into a word or an archaic formation was retained. But this need made itself felt chiefly in connexion with the B vocabulary. *Why* so great an importance was attached to ease of pronunciation will be made clear later in this essay.

The B vocabulary. The B vocabulary consisted of words which had been deliberately constructed for political purposes: words, that is to say, which not only had in every case a political implication, but were intended to impose a desirable mental attitude upon the person using them. Without a full understanding of the principles of Ingsoc it was difficult to use these words correctly. In some cases they could be translated into Oldspeak, or even into words taken from the A

vocabulary, but this usually demanded a long paraphrase and always involved the loss of certain overtones. The B words were a sort of verbal shorthand, often packing whole ranges of ideas into a few syllables, and at the same time more accurate and forcible than ordinary language.

The B words were in all cases compound words(2). They consisted of two or more words, or portions of words, welded together in an easily pronounceable form. The resulting amalgam was always a noun-verb, and inflected according to the ordinary rules. To take a single example: the word *goodthink*, meaning, very roughly, 'orthodoxy', or, if one chose to regard it as a verb, 'to think in an orthodox manner'. This inflected as follows: noun-verb, *goodthink*; past tense and past participle, *goodthinked*; present participle, *goodthinking*; adjective, *goodthinkful*; adverb, *goodthinkwise*; verbal noun, *goodthinker*.

The B words were not constructed on any etymological plan. The words of which they were made up could be any parts of speech, and could be placed in any order and mutilated in any way which made them easy to pronounce while indicating their derivation. In the word *crimethink* (thoughtcrime), for instance, the *think* came second, whereas in *thinkpol* (Thought Police) it came first, and in the latter word *police* had lost its second syllable. Because of the great difficulty in securing euphony, irregular formations were commoner in the B vocabulary than in the A vocabulary. For example, the adjective forms of *Minitrue*, *Minipax*, and *Miniluv* were, respectively, *Minitruthful*, *Minipeaceful*, and *Minilovely*, simply because *-trueful*, *-paxful*, and *-loveful* were sliightly awkward to pronounce. In principle, however, all B words could inflect, and all inflected in exactly the same way.

Some of the B words had highly subtilized meanings, barely intelligible to anyone who had not mastered the

language as a whole. Consider, for example, such a typical sentence from a *Times* leading article as *Oldthinkers unbellyfeel Ingsoc*. The shortest rendering that one could make of this in Oldspeak would be: 'Those whose ideas were formed before the Revolution cannot have a full emotional understanding of the principles of English Socialism.' But this is not an adequate translation. To begin with, in order to grasp the full meaning of the Newspeak sentence quoted above, one would have to have a clear idea of what is meant by *Ingsoc*. And in addition, only a person thoroughly grounded in Ingsoc could appreciate the full force of the word *bellyfeel*, which implied a blind, enthusiastic acceptance difficult to imagine today; or of the word *oldthink*, which was inextricably mixed up with the idea of wickedness and decadence. But the special function of certain Newspeak words, of which *oldthink* was one, was not so much to express meanings as to destroy them. These words, necessarily few in number, had had their meanings extended until they contained within themselves whole batteries of words which, as they were sufficiently covered by a single comprehensive term, could now be scrapped and forgotten. The greatest difficulty facing the compilers of the Newspeak Dictionary was not to invent new words, but, having invented them, to make sure what they meant: to make sure, that is to say, what ranges of words they cancelled by their existence.

As we have already seen in the case of the word *free*, words which had once borne a heretical meaning were sometimes retained for the sake of convenience, but only with the undesirable meanings purged out of them. Countless other words such as *honour*, *justice*, *morality*, *internationalism*, *democracy*, *science*, and *religion* had simply ceased to exist. A few blanket words covered them, and, in covering them, abolished them. All words grouping themselves round the concepts of liberty and equality, for instance, were contained in the single word *crimethink*, while all words grouping themselves round

the concepts of objectivity and rationalism were contained in the single word *oldthink*. Greater precision would have been dangerous. What was required in a Party member was an outlook similar to that of the ancient Hebrew who knew, without knowing much else, that all nations other than his own worshipped 'false gods'. He did not need to know that these gods were called Baal, Osiris, Moloch, Ashtaroth, and the like: probably the less he knew about them the better for his orthodoxy. He knew Jehovah and the commandments of Jehovah: he knew, therefore, that all gods with other names or other attributes were false gods. In somewhat the same way, the party member knew what constituted right conduct, and in exceedingly vague, generalized terms he knew what kinds of departure from it were possible. His sexual life, for example, was entirely regulated by the two Newspeak words *sexcrime* (sexual immorality) and *goodsex* (chastity). *Sexcrime* covered all sexual misdeeds whatever. It covered fornication, adultery, homosexuality, and other perversions, and, in addition, normal intercourse practised for its own sake. There was no need to enumerate them separately, since they were all equally culpable, and, in principle, all punishable by death. In the C vocabulary, which consisted of scientific and technical words, it might be necessary to give specialized names to certain sexual aberrations, but the ordinary citizen had no need of them. He knew what was meant by *goodsex* - that is to say, normal intercourse between man and wife, for the sole purpose of begetting children, and without physical pleasure on the part of the woman: all else was *sexcrime*. In Newspeak it was seldom possible to follow a heretical thought further than the perception that it *was* heretical: beyond that point the necessary words were nonexistent.

No word in the B vocabulary was ideologically neutral. A great many were euphemisms. Such words, for instance, as *joycamp* (forced-labour camp) or *Minipax* (Ministry of Peace, i.e. Ministry of War) meant almost the exact opposite of what they appeared to mean. Some

words, on the other hand, displayed a frank and contemptuous understanding of the real nature of Oceanic society. An example was *prolefeed*, meaning the rubbishy entertainment and spurious news which the Party handed out to the masses. Other words, again, were ambivalent, having the connotation ‘good’ when applied to the Party and ‘bad’ when applied to its enemies. But in addition there were great numbers of words which at first sight appeared to be mere abbreviations and which derived their ideological colour not from their meaning, but from their structure.

So far as it could be contrived, everything that had or might have political significance of any kind was fitted into the B vocabulary. The name of every organization, or body of people, or doctrine, or country, or institution, or public building, was invariably cut down into the familiar shape; that is, a single easily pronounced word with the smallest number of syllables that would preserve the original derivation. In the Ministry of Truth, for example, the Records Department, in which Winston Smith worked, was called *Recdep*, the Fiction Department was called *Ficdep*, the Teleprogrammes Department was called *Teledep*, and so on. This was not done solely with the object of saving time. Even in the early decades of the twentieth century, telescoped words and phrases had been one of the characteristic features of political language; and it had been noticed that the tendency to use abbreviations of this kind was most marked in totalitarian countries and totalitarian organizations. Examples were such words as *Nazi*, *Gestapo*, *Comintern*, *Inprecorr*, *Agitprop*. In the beginning the practice had been adopted as it were instinctively, but in Newspeak it was used with a conscious purpose. It was perceived that in thus abbreviating a name one narrowed and subtly altered its meaning, by cutting out most of the associations that would otherwise cling to it. The words *Communist International*, for instance, call up a composite picture of universal human brotherhood, red flags, barricades, Karl Marx, and the Paris

Commune. The word *Comintern*, on the other hand, suggests merely a tightly-knit organization and a well-defined body of doctrine. It refers to something almost as easily recognized, and as limited in purpose, as a chair or a table. *Comintern* is a word that can be uttered almost without taking thought, whereas *Communist International* is a phrase over which one is obliged to linger at least momentarily. In the same way, the associations called up by a word like *Minitrue* are fewer and more controllable than those called up by *Ministry of Truth*. This accounted not only for the habit of abbreviating whenever possible, but also for the almost exaggerated care that was taken to make every word easily pronounceable.

In Newspeak, euphony outweighed every consideration other than exactitude of meaning. Regularity of grammar was always sacrificed to it when it seemed necessary. And rightly so, since what was required, above all for political purposes, was short clipped words of unmistakable meaning which could be uttered rapidly and which roused the minimum of echoes in the speaker's mind. The words of the B vocabulary even gained in force from the fact that nearly all of them were very much alike. Almost invariably these words - *goodthink*, *Minipax*, *prolefeed*, *sexcrime*, *joycamp*, *Ingsoc*, *bellyfeel*, *thinkpol*, and countless others - were words of two or three syllables, with the stress distributed equally between the first syllable and the last. The use of them encouraged a gabbling style of speech, at once staccato and monotonous. And this was exactly what was aimed at. The intention was to make speech, and especially speech on any subject not ideologically neutral, as nearly as possible independent of consciousness. For the purposes of everyday life it was no doubt necessary, or sometimes necessary, to reflect before speaking, but a Party member called upon to make a political or ethical judgement should be able to spray forth the correct opinions as automatically as a machine gun spraying forth bullets. His training fitted him to do this, the

language gave him an almost foolproof instrument, and the texture of the words, with their harsh sound and a certain wilful ugliness which was in accord with the spirit of Ingsoc, assisted the process still further.

So did the fact of having very few words to choose from. Relative to our own, the Newspeak vocabulary was tiny, and new ways of reducing it were constantly being devised. Newspeak, indeed, differed from most all other languages in that its vocabulary grew smaller instead of larger every year. Each reduction was a gain, since the smaller the area of choice, the smaller the temptation to take thought. Ultimately it was hoped to make articulate speech issue from the larynx without involving the higher brain centres at all. This aim was frankly admitted in the Newspeak word *duckspeak*, meaning 'to quack like a duck'. Like various other words in the B vocabulary, *duckspeak* was ambivalent in meaning. Provided that the opinions which were quacked out were orthodox ones, it implied nothing but praise, and when the *Times* referred to one of the orators of the Party as a *doubleplusgood duckspeaker* it was paying a warm and valued compliment.

The C vocabulary. The C vocabulary was supplementary to the others and consisted entirely of scientific and technical terms. These resembled the scientific terms in use today, and were constructed from the same roots, but the usual care was taken to define them rigidly and strip them of undesirable meanings. They followed the same grammatical rules as the words in the other two vocabularies. Very few of the C words had any currency either in everyday speech or in political speech. Any scientific worker or technician could find all the words he needed in the list devoted to his own speciality, but he seldom had more than a smattering of the words occurring in the other lists. Only a very few words were common to all lists, and there was no vocabulary expressing the function of Science as a habit of mind, or

a method of thought, irrespective of its particular branches. There was, indeed, no word for 'Science', any meaning that it could possibly bear being already sufficiently covered by the word *Ingsoc*.

From the foregoing account it will be seen that in Newspeak the expression of unorthodox opinions, above a very low level, was well-nigh impossible. It was of course possible to utter heresies of a very crude kind, a species of blasphemy. It would have been possible, for example, to say *Big Brother is ungood*. But this statement, which to an orthodox ear merely conveyed a self-evident absurdity, could not have been sustained by reasoned argument, because the necessary words were not available. Ideas inimical to Ingsoc could only be entertained in a vague wordless form, and could only be named in very broad terms which lumped together and condemned whole groups of heresies without defining them in doing so. One could, in fact, only use Newspeak for unorthodox purposes by illegitimately translating some of the words back into Oldspeak. For example, *All mans are equal* was a possible Newspeak sentence, but only in the same sense in which *All men are redhaired* is a possible Oldspeak sentence. It did not contain a grammatical error, but it expressed a palpable untruth - i.e. that all men are of equal size, weight, or strength. The concept of political equality no longer existed, and this secondary meaning had accordingly been purged out of the word *equal*. In 1984, when Oldspeak was still the normal means of communication, the danger theoretically existed that in using Newspeak words one might remember their original meanings. In practice it was not difficult for any person well grounded in *doublethink* to avoid doing this, but within a couple of generations even the possibility of such a lapse would have vaished. A person growing up with Newspeak as his sole language would no more know that *equal* had once had the secondary meaning of 'politically equal', or that *free* had once meant 'intellectually free', than for instance, a person who had never heard of chess would

be aware of the secondary meanings attaching to *queen* and *rook*. There would be many crimes and errors which it would be beyond his power to commit, simply because they were nameless and therefore unimaginable. And it was to be foreseen that with the passage of time the distinguishing characteristics of Newspeak would become more and more pronounced - its words growing fewer and fewer, their meanings more and more rigid, and the chance of putting them to improper uses always diminishing.

When Oldspeak had been once and for all superseded, the last link with the past would have been severed. History had already been rewritten, but fragments of the literature of the past survived here and there, imperfectly censored, and so long as one retained one's knowledge of Oldspeak it was possible to read them. In the future such fragments, even if they chanced to survive, would be unintelligible and untranslatable. It was impossible to translate any passage of Oldspeak into Newspeak unless it either referred to some technical process or some very simple everyday action, or was already orthodox (*goodthinkful* would be the Newspeak expression) in tendency. In practice this meant that no book written before approximately 1960 could be translated as a whole. Pre-revolutionary literature could only be subjected to ideological translation - that is, alteration in sense as well as language. Take for example the well-known passage from the Declaration of Independence:

> *We hold these truths to be self-evident, that all men are created equal, that they are endowed by their creator with certain inalienable rights, that among these are life, liberty, and the pursuit of happiness. That to secure these rights, Governments are instituted among men, deriving their powers from the consent of the*

governed. That whenever any form of Government becomes destructive of those ends, it is the right of the People to alter or abolish it, and to institute new Government...

It would have been quite impossible to render this into Newspeak while keeping to the sense of the original. The nearest one could come to doing so would be to swallow the whole passage up in the single word *crimethink*. A full translation could only be an ideological translation, whereby Jefferson's words would be changed into a panegyric on absolute government.

A good deal of the literature of the past was, indeed, already being transformed in this way. Considerations of prestige made it desirable to preserve the memory of certain historical figures, while at the same time bringing their achievements into line with the philosophy of Ingsoc. Various writers, such as Shakespeare, Milton, Swift, Byron, Dickens, and some others were therefore in process of translation: when the task had been completed, their original writings, with all else that survived of the literature of the past, would be destroyed. These translations were a slow and difficult business, and it was not expected that they would be finished before the first or second decade of the twenty-first century. There were also large quantities of merely utilitarian literature - indispensable technical manuals, and the like - that had to be treated in the same way. It was chiefly in order to allow time for the preliminary work of translation that the final adoption of Newspeak had been fixed for so late a date as 2050.

1949

…

2) Compound words such as *speakwrite*, were of course to be found in the A vocabulary, but these were merely convenient abbreviations and had no special ideologcal colour. [back]

Corrupt Politicians Network Front Groups that Police use to Attack Critics and Clones

Revelation 12 Canadian site, The Mountaintop Prophecies, Temple of Set, and other groups tell the MKULTRA story. These groups use fake religions (in Mountain Top Prophecies they opine othre religions discount the validity of their prophecies.)

Linda Newkirk asserts she met George H.W. Bush and someone she liked better Goerge W. Bush in the hospital, and that this group she works with in her town of Little Rock had a Kennedy from New York killed in flight so that a Kennedy would not be in the Senate or close to the Presidency, they thought Hillary Clinton was safer to the Bush administration.

More officially than the front groups at least in my fertilization and birth it was part of the Rockefeller OECD group to improve world leadership with planted and bred leaders.

It all appears to have gotten started on February 20 1961. According to all records it seems JFK and Thorkil Kristensen were experimenting with race and IQ in an Invitro Fertilization Experiment most likely led by Sidney Gottlieb, chemist and speech therapist of the CIA the OSS which worked with King George V's speech defect children, King Edward VIII included, and among the Norflok Virginia Kings Daughters, Glorian Donegan.

Organisation for Economic Co-operation and Development The Organisation for Economic Co-operation and Development is an intergovernmental organisation with 38 Member countries, founded in 1961 to stimulate economic progress and world trade. Wikipedia Headquarters: Paris, France Founded: September 30, 1961

Jim Jones People's Temple was CIA and Scotish Rites backed,

J. Edgar Hoover and DOnald Barr and William Barr like the Rockefellers Master Free Masons, the DuPonts were, and many more who wanted a network of relatives living around the world influencing the world.

IN this cult's prophecy Satanic DNA frome the Nazis (Kutschera) was used by the Bush family, the Queen of England, the Rotshchilds, Mossad, and Bush family, Vatican, as a Sleeper Agent

FROM THE MOUNTAIN PROPHECIES BOOK TWELVE CHAPTER FOURTY-EIGHT

BARACK HUSSEIN OBAMA IS THE ANTICHRIST

Coming out of Africa, through the European Illuminati, a subject of the Queen of England, backed by the Vatican, empowered through the Israeli Mossad, Communist/Marxist groomed!

The German Nazi Dream!

It was also about this same time that a dear brother, who has had many prophetic dreams about these works, dreamed that an Austrian (German) Nazi came flying by my house and put one foot out and landed, as a bird might land, but on one foot. Then, immediately after he landed the first time, he flew past again and repeated what he had just done! I believe that he was seeing the “German” Busches,” who are also Nazis; for history shows us that George H.W. Bush’s father, Prescott, helped to finance Hitler! [via Brown Brothers Harriman, Sullivan and Cromwell, Dulles brother and UBC, I believe that this dream was given as a confirmation of what I had seen in my own bedroom! For, first came Bush Senior and then Bush Junior; and they put a “foot”

down in my house, one after the other!

Yes, they truly came to look upon their prisoner and to view their latest scheme of torture! But, even so, that wild scheme of Satan and the U.S. military to wire me up in a bigger and grander way failed! All of their most horrendous schemes have failed; and they will all continue to fail; for THEY CANNOT, AND THEY WILL NOT DEFEAT THE ONE GOD, THE ALMIGHTY GOD, THE AWESOME GOD YAHWEH!

These groups also speak of military attacks in US Citizens who are "clones" (those whose "spiritual codes" (Creationism DNA) were cloned from other people in cloning research.

The attacks that really attacks by the police sometimes directly but usually indirectly through government agencies like police and fire, city or county employess and their family members, school districts, civic and business groups use Noise Campaigns, propoganda about a person not spoken but acted out, abuse assaults on a person not spoken but acted out, and physical attacks on people and break-ins to their homes, theft of notes, destruction of word proccesing equipment, etc.,

My general experience across 35 year is that most assets of FBI (or CIA) are somewhat suggestive, not direct. The more likely death threat openly comes from F.B.I or Secret Service proud as agency proof of strength and invulnerablity, usually a sense not shared by the snitches.

"Many times, we use the terms vibration and oscillation without knowing the difference between them. The term oscillation refers strictly to the repeating motion of a point mass or that of a rigid body while the term vibration refers to the repeating motion or deformations of an elastic structure. Thus any oscillation is a term used only in cases like the motion of a pendulum or that of a ship as a rigid body moving on the wavy seas while vibration is a term used for phenomenon exhibited

by structures such as rotating fans or motors etc. Vibration involves deformation by definition while an oscillating structure does not deform.

One of the Conspiracy ways to introduce menacing, threatening, and terrorst theats is to use vibrations. A I write this book a person, a violent street person talks into his phone day after day how he has killed a pedophile, and he will do so again.

While I made to look like I am interested in sexually some teen or other minor I am not. Further, this guy is an actor on stage trying to bat into the wind a reverberation to me stemming from his talk into the phone.

Yet it is menacing vibration. Whether he knows it or not, any allegation I exploit teens is false, at any time including now. Further, he is not some incidental unplanned person near me. These are unnaturally staged events trying to communicate death threats to me, and based in fraud, and hidden under an alibi rather than a clear statement to me.

Abuse of Power and Abuse of Process including from High Office are how the corrupt stay in power.

Abuse of Process involves things like trying to get dirt on a political opponent via his finances or his sex life, to to get access to the data a phony pretext (someone calls in a tip anonymously and falsely, etc.,) and bedroom photography or tax audits begin. While acting on a tip is good justice process, doing so on fabricated information is abuse of that process.

Using police forces under your command to get dirt on enemies is Abuse of Power.

In some cases a Stalk will produce a smear against a person no further action from the Government is needed, private citizens will retaliate on the smear denying housing or employment based on the rumor, or vigilantes will attack the smeared

person.

United States, 274 U.S. 277, 283 (1927) ("depredation" defined in context of postal statute). This section prohibits actual physical damage or destruction of both real and personal property, but mere adverse possession of that property without physical harm is insufficient to violate the law.

AFFIDAVIT OF RAYMOND D. KOHLMAN

I, Raymond D. Kohlman, on oath state the following to the best of my recollection, belief and knowledge:

1. The attached document that purports to be the Declaration of William Casey.

2. When this document came into my possession I was told by Desiree Carone Ferdinand, of Corrales, New Mexico, that she had spoke to Ted Shackley, former Associate Deputy Director of Operations at the Central Intelligence Agency, to immediately send the document to the FBI, and to the General Counsel of the CIA. Which I did. That was done over one hundred days ago, and I never received any form of response.

3. I am aware of the contents of the Casey Declaration and can state that at this time, most of the contents of that document can be proven. I will testify to the

contents of this affivdavit in court.

SIGNED UNDER THE PAINS AND PENALTIES OF PERJURY ON THIS DATE, August 27th 1999.

Raymond D. Kohlman, Esq.
8 North Main Street Suite 215A
Attleboro, Massachusetts 02703

…

I, William J. Casey, declare: I have found that freedom is a priceless commodity that demands constant vigilance to guarantee its longevity.

I was assigned to the Office of Strategic Services (OSS) in London, England, during World War II. During that time I befriended a young German soldier named Gunther Russbacer. I used Gunther and several other anti-Nazi German prisoners of war in OSS operations within Nazi Germany.

I knew this violated Geneva (War) Convention. I did not care. The Geneva Convention was but a set of rules governing man's atrocities committed in the name of political ideology. To wage war with rules is to prolong human suffering. Open warfare is the last resort of a civilized nation and must be used sparingly. Wars must be fought savagely utilizing all tools and tricks at hand. Gunther was a tool. Ignoring the Geneva Convention was the trick.

After I became Director of Central Intelligence (DCI) on January 28, 1981, I was approached and briefed by William Colby, former DCI. My history with Bill Colby is known. Colby notified me off the record of two operations he was still running in Latin America. Both operations were without the knowledge and consent of the United States Congress, President Ronald Reagan or

even the United States intelligence apparatus. Colby identified the operations as "A-6" (RED MIST) and "A-7" (PROJECT SANDMAN). A-7 entailed smaller operations.

I was told that A-6 identified individuals and the build-up of the communist threat in Latin America. Some intelligence collected in A-6 was used in TASK FORCE-157.

I was told that A-7 was "the Phoenix Program" of Latin America. It involved the assassination of the communist infrastructure throughout Latin America.

I was told that Colby authorized assets involved in A-6 and A-7 to engage in narcotic's trafficking to finance both operations. Colby engaged in similar operations that I know of in Vietnam for the same reason.

Colby candidly informed me that he had prepositioned more than one million pounds of cocaine in Panama between December 1, 1975 and April 1, 1976. This was done with the aid of our gallant ally, General Manuel Noriega. The cocaine was transported into El Salvador, Costa Rica and Honduras between 1976 and 1981. Colby now sat in front of me with hat in hand and requested my help in the delivery of the cocaine to the American market.

I was told that Colby was using a mutual friend of ours, Colonel Albert Vincent Carone, United States Army, Military Intelligence, to field A-6 and A-7. Al Carone is a charismatic patriot that General Joseph W. Stilwell introduced us to in late 1945. Besides the usual qualifications, Al Carone brought to the anti-communist effort a direct connection to his longtime friend, Vito Genovese. Genovese was the head of the gambling and narcotics for the controlling mafia family in New York to which Al Carone was made a member. Carone is a friend of international fugitive Robert Vesco. Carone has

several anti-communist intelligence sources that include Maurita Lorenz, a friend of Fidel Castro. Al Carone is the younger brother of Dr. Pasquale Carone. Dr. Carone worked for Central Intelligence on other matters.

> **Wikipedia**
>
> Vito Genovese was an Italian-born American mobster who mainly operated in the United States. Genovese rose to power during Prohibition as an enforcer in the American Mafia. … The roots of the C.I.A. are the British Pilgrims Society's MI6 thru Columbia University Law. Alleged C.I.A. founder William J. Donovan was a mere stooge for J.P. Morgan, Lord Rothschild and John D. Rockefeller who conspired with Columbia University to groom him (1903-07)

> The Truth: C.I.A., NSA, FBI, DoD, DOS, SEC, Judiciary and multinational corporate intelligencers are American stooges controlled by the British Empire. https://aim4truth.org/2021/06/12/proof-columbia-university-helped-british-saboteurs-and-american-traitors-takeover-america-in-1902/ …

Colby told me that profits from the prepositioned cocaine would be laundered through Al Carone, the New York mafia and Robert Vesco, then redirected to the anti-communist effort through Colby.

After discussion with Al Carone, I made the decision to bring the prepositioned cocaine into Mena airport, Mena, Arkansas. Central Intelligence has used Mena Airport on prior occasions. This time the cocaine is the tool. The trick was to ignore the law and avoid public scrutiny. We were helped in our efforts by William J. Clinton and William F. Weld.

By 1984 all prepositioned cocaine had arrived at Mena airport and additional cocaine sources were secured. Cocaine was being transshipped through Hangar Four and Five at Ilopango Airbase, El Salvador. My point man at Mena was Adler Berriman Seal (Berry Seal).

Bill Clinton has proved invaluable so far by containing the local law enforcement investigations into the intelligence activity at Mena. Bill Weld, as Assistant United States Attorney, was placed in charge of the Criminal Division of the Department of Justice. This was done so that Bill Weld could control investigations into Mena by federal law enforcement agencies. The placement of Weld has proved invaluable.

I ordered John Poindexter, Robert McFarlane and

Oliver North to go outside normal channels and use available assets, including the mafia, to ensure the arrival of the cocaine into Mena Airport. The arrivals occurred in no small part through the efforts of personnel assigned to the National Security Agency (NSA) and Army Security Agency (ASA). The men and women of the NSA and ASA blinded early warning defense satellites and radar grid to enable the aircraft to land undetected at Mena Airport. The NSA and ASA operations were SEA SPRAY and JADE BRIDGE.

I have learned that the course of the democratic struggle for Nicaragua and Latin America is beginning to swing in our direction. I attribute this success to A-6 and A-7 which Bill Colby had the insight, precision and spine to carry out.

I take notice of the heroic efforts of Al Carone, Bill Clinton, Bill Weld, John Poindexter, Bud McFarlane and Ollie North. Without these men, A-6 and A-7 would not have appeared.

Freedom is a priceless commodity. The amount of freedom you enjoy is a result of the amount of vigilance you invest.

My actions may be recorded as criminal, condemning countless American's to drug dependency. I don't care. All wars produce casualties. Generally the more violent the war, the shorter the length. My choice was either to stare down a protracted cold war guerrilla insurgency in Latin America or use the means' available to finance and wage a violent war of short duration for democracy. I stand by my decisions. The tool is cocaine. The trick is to understand that the drug user had the freedom to make a choice. They chose the drug. I chose to use their habit to finance the democracy that all Americans enjoy. To keep those American's safe from the communist threat knocking on our back door in Latin America. For

a change the drug user will contribute to society.

I declare under penalty of perjury that the above facts are true and correct to the best of my knowledge and belief.

Thank You Ted It Has All Happened In The USA

Drug Smuggling about 15 years after the murder of Jeffery MacDonald's family and drug running in Middle East North Africa Airport. George H.W. Bush and the CIA if you believe on of the many cult groups the Bush family operates through including Mountain Top Prophecies.

It is elsewhere in these book I quote Linda Newkirk on that but remember she lived in Arkansas as was part of this entire operation with the Bush family in in Little Rock where these deaths happened.

I assert a similar Conspiracy of the CIA and affiliated State entities operating through public and private cooperation are smuggling and trafficking today in a criminal network similar to Midnight Climax or the baggage handling drug dealing scandal where under ruse of mere baggage handling contraband was being covertly smuggled. In my case people are thanking me for "extra cargo" and in fact I have nothing to do with the smuggling, but it the contraband is bilked Trust Fund left only for me but used for others.

High ranking political families are involved including at Presidential and Vice Presidential levels.

It is the Corruption Network Jen Moore and Ted Gunderson the two Law Enforcement on this book cover had tried to break up.

Killing of Don Henry and Kevin Ives retrieved from Wikipedia and copied or modified to here

[image]

Two teenagers are murdered and their bodies placed on railroad tracks. Unsolved Mysteries.com

On the night of August 23, 1987, the bodies of 16-year-old Don Henry and 17-year-old Kevin Ives were hit by a freight train in Alexander, Arkansas, United States, as they were laying on the tracks. The locomotive engineer engaged the brakes while blowing the horn, but the train could not stop in time and rolled over the bodies. A second autopsy revealed that Don Henry had been stabbed in the back and Kevin Ives' skull had been crushed prior to being run over.

The deaths were initially ruled an accident, the result of the boys in a deep sleep on the tracks while incapacitated due to high amounts of THC allegedly present in their blood. The parents of the boys insisted on a second autopsy, and after exhumation it was ruled that homicide was likely. Later, another pathologist ruled that Don Henry's shirt showed evidence of a stab wound.

The deaths of Henry and Ives are part of the Clinton body count conspiracy theory.

About 4:00 a.m. on August 23, 1987, the crew on board a 75-car, 6,000-ton Union Pacific freight train, more than a mile long and traveling at a rate more than 50 miles per hour, en route to Little Rock, Arkansas, spotted two boys lying motionless across the tracks, about 300 feet ahead. Members of the locomotive crew also stated that the bodies were partly covered by a green tarpaulin, though police disputed the existence of any such tarp and none was ever recovered from the scene. Nearby were a .22 caliber rifle and a flashlight. The boys did not move, despite the sound and vibration of the approaching train, its emergency brakes, and its air horn. More than 1,000 feet of the decelerating train crossed the point where the bodies lay before it came to

a stop.

> The train's crew reported the incident to railroad and law enforcement authorities. By 4:40 a.m., police arrived on the scene. Police never found a tarp. [The Military uses Tarps, quick set structures for shade, UV, or perhaps aerial view protection.]

The High Standard HDM was indirectly demonstrated to President Teddy Roosevelt by OSS director and legendary spymaster Bill Donovan. In 1944 Donovan went to the White House to present the suppressed handgun for the President's inspection. Donovan waited as the President's prior meeting ran late. When Roosevelt finally arrived, he found Donovan presenting him instead with a sandbag, riddled with 10 holes.

Impressed that Donovan had dumped a whole mag undetected (into the sandbag) in the White House, the President happily approved the acquisition of the quiet little pistol. And he kept Donovan's demonstration gun. The OSS (many members of which went on to found the 10th Special Forces Group), often used the High Standard HDM pistol for surreptitious assassination of enemies. Marine Raiders of the era are also said to have used the HDM for sentry removal.

The accurate little .22lr target pistol was fitted with an integral suppressor, which is said to have reduced the report by approximately 22 dB. While the lifespan of the replaceable suppressor was only a couple hundred rounds, it worked well enough that they were built for the government until 1951, and stayed in service long after.

In fact, it was in 1960 that the highest-profile incident involving an HDM happened, though not for the reason one would hope. A U2 spy plane was shot down over Russia, flown by CIA pilot Francis Gary Powers. His High Standard HDM was recovered by the Russkies, and used as evidence against him.

Eventually, Mr. Powers returned home, but his HDM did not. It is displayed in a museum in Moscow, along with the wreckage from the plane. Ruger's venerable little target .22lr pistol has seen continuous production since the 1950 introduction of the Ruger MK1 as an accurized version of the Ruger Standard.

Great Treason (Chapter)

The Great Treason (theGreatTreason.epub) is an ebook I wrote based on earlier assertions I make and continue to expand on that I am a victim of very destructive government conducted criminal scheme whose methods, objectives, and participants are all in treasonous big business cartel.

Few other than Robert F. Kennedy (deceased), his right-hand anti mob FBI Racketeering lead Ted Gunderson (deceased), and their Hollywood reporter side-kick Dorothy Kilgallen (deceased) would stand up to the Mafia.

This cartel funds a separate from of military called WETDIVISION of CIA FBI, and military recruited and paid for assassins operated by CIA and FBI leadership but the on-the-ground-work done by prison snitches, petty thieves, or others who are plausibly or implausibly denied by the CIA or FBI as agents or assets of their agencies.

Initially called EPD vs. the USA it recounted my outrageous treatment by the US Government from the 1990's on but especially in 2003 to 2007 when various encounters with Stalk teams were constant sometimes ten to fifteen encounters with bizarre groups along the sidewalk per day.

Most I had traced this to sociology politics. During a serious of misdemeanor skirmishes I was thrown in pcych wards on Bipolar allegations and asserted to be in the wrong, but an interesting example, sociologists thought, of a white person blaming his problem on other because many or my attackers at the street level were People of Color who it was asserted had oppressive attitudes towards.

My book then Edward Paul Donegan v the USA was my retort to the People v Ed Donegan, an arrest of me on misdemeanor charges for harassing Freedom of Information Act officers of the

NIH. I had asserted they were stalking and harassing my acts of journalism as I wrote a web site in a goal to write about anti-white attitudes as the Genome Program cultural outreach encourage world participants in the humanities to explain their behind held back from equal success globally resultant from bigotry against them.

I had asserted I had no such bigotry. I had learning disabilities, and white supremacists agreed I was to be kept hidden a bad example of "white supremacism." I was in Ayn Rand a class of one, and individual, a unique person will inalienable rights with no neat fit into any ethnic definition.

During an arrest for harassing and annoying Freedom Act Officers I was held in what had been for twenty years for that visible constant backroom dealing on everything that was happening of meetings between people who I didn't know who were but were a constant presence talking the ear off of anyone who would be part of my misdirected passage through a misdemeanor arrest.

During this time on a per-misdemanor pscy hold I asserted in that prison medical facility I was attacked radiologily and refused to eat the food as much as I could.

Other D-E-W claimants assert burns to the skin, etc., as I did too. Unbeknownst to me Ted Guderson at this time when Barrack Obama JR was about to be sworn in late January 2009 these three events are connected.

My genome and its history has a CIA FBI based history. Jen Moore will disclose that history in this latest version and re-titling of my book to The Great Treason.

This chapter of Theodore L Gunderson an Approving Biography by Edward Paul Donegan tells the story Ted Gunderson and Jen Moore will fit into.

As we see in this book the CIA and FBI use street thugs as its

assailants to protect itself from misconduct by attacking (silencing) journalists, and those journalists are linked (as I am) to who killed JKF an RFK and many others (most of the victims were police or reporters or political office holders) and Ted Gunderson's extensive in government and private detective work in the corruption of the CIA and FBI are explained by him at the cost of his life to poisoning.

Like Snowden and Assange he leaked the most secret of secrets of NSA activities and they took their revenge against him including sicking the press on him.

That leads to the a chapter here in Ted Gunderson an Approving Biography by Ed Donegan called Pillory (Chapter.)

Pillory is about the assassination of RFK as a story-line but the message of Pillory: Tools and Fools of the USA is really about the corrupt crime bosses called Governors and heads of agencies who run rouge police units to recruit street thugs to attack members of the public.

Part of the Treason against the USA is the formation of international groups as a locus of control, means of control, and method of attacks inside the USAs to protect the Deep State NWO elements of control of the USA.

Thus the NWO Army has taken up arms against the USS and taken up arms against any non-compliant press in the USA silencing journalists with thugs.

Dorothy Kilgallen

The character of Polly Perkins in Sky Captain and the World of Tomorrow is a good fit for who Dorothy Kilgallen was.

https://www.charactour.com/

Character Analysis

(Avoiding Spoilers)

Living… in Manhattan in 1939. Polly lives in a world that's not exactly the same as the 1939 we know; hers is a reality that is much more technologically advanced. Humans truly embraced air travel, and make frequent use of zeppelins, blimps, and personal planes.

Profession… investigative reporter for ***The Chronicle.*** Recently, Polly has been digging into the mysterious disappearances of six prominent scientists. Someone just gave her a tip to go to Radio City Music Hall to find out more, and against the wishes of her editor, Polly takes off to investigate.

Relationship Status… single. Polly used to date "Sky Captain" Joe Sullivan three years ago, but the two broke up in China where Joe was piloting with the Flying Tigers. Now that he's popped up in her life again, she hopes to use their previous relationship to her advantage in order to learn more about the mysterious disappearances. Joe is still bitter about the fact that Polly once sabotaged his plane, and is unwilling to let her tag along at first. It's been three years, but their relationship is still characterized by barbed banter - an obvious sign that the two still have feelings for each other.

Challenge… getting to the bottom of the disappearances of the scientists, and the robot attack on Manhattan. Polly thinks the sudden appearance of destructive robots in the city is related to the missing scientists. With the help of Sky Captain and his fellow

pilots, Polly traces the lead to a rogue scientist, Dr. Totenkopf, who has plans for world domination. Of course, Polly isn't about to sit idly by and let that happen, and neither is Sky Captain.

Personality… curious, fearless, and courageous. Polly is a tough reporter who plans to do everything in her power to get the scoop on the mystery of the missing scientists. She's so fearless that she puts herself in the way of the dangerous robots when they begin attacking Manhattan, just so she can get a picture for the newspaper. The only other person in as foolhardy and determined is Sky Captain/Joe, a source of endless sparks (and attraction) between the pair.

Jen Moore

A comparison in fiction would be to Oscar Wallace FBI engaged accounan in the film Untouchable as the FBI uses financial means to take down Racekets based Al Capone.

Oscar Wallace retrieved from https://historica.fandom.com/wiki/Oscar_Wallace and copied or modified to here

Oscar Wallace (1896-1930) was a Treasury Department accountant from Washington DC who was sent to Chicago in 1930 to assist Eliot Ness with taking down the Chicago Outfit. Unfortunately, he was killed by Frank Nitti in the process.

Biography

Oscar Wallace was born in 1896, and he found work as an accountant for the Treasury Department's Washington DC bureau. In 1930, he was assigned to Chicago to assist Treasury agent Eliot Ness with forming a task force to take down Chicago Outfit boss Al Capone. He crafted the idea of arresting Capone and trying him for tax evasion, as he had not filed any income tax returns since 1926. He later helped Ness with several raids against the Chicago Outfit, including a raid on the Montana-Canada border. Wallace convinced Capone's bookkeeper George Moretti to turn states against Capone and help him go through Capone's financial irregularities, but Wallace and Moretti were shot dead by Chicago hitman Frank Nitti (disguised as an elevator attendant) as they took an elevator in the Chicago police station while en route to a safehouse. Nitti wrote "Touchable" on the wall with Wallace's blood, warning Ness that the Chicago Outfit had strong political and police connections.

Jen Moore was the ex-wife of Michael Thomas Paine Moore who (not the film maker) who did money laundering investigations for major banks on behalf of Treasury, FBI,and Marshalls.

The premise was "did all those people in the nice suits doing their regular banking from normal tax paying business actually hide a bunch of criminal commerce as normal business transactions? Was that check labeled in the memo section an eight ball of lab supplies for pharma research actually something suspicious?"

For the false allegations to work an impersonator of me is used to forge conefssions keeping the faked appearances (substantiated) with faked records of a confession created under identity theft.

A Syndicate, a Cartel, a group of people assisting the fraud was pieced together Jen Moore asserts the CIA and Rosenstein,

Nuland, Podesta, and quite a few others, I assert William Burns, Wray, and Barr, along with Kamala Harris, and anyone in the oval office before or after 1926 or so.

Pillory (Chapter)

If the real life Tara Moore is still alive (and she feared for her life) her experiences here recited by her lawyer show the same system of attack she experience that I have experienced. That attack being the kind of false allegations of sexual misconduct made predatorially rather than factually.

An anology in fiction. Law And Order Special Victims Unit - Taken Episode aired Dec 15, 2000 Plot Summary: When a young female reports a brutal rape during a hotel's grand opening, the police investigates the details of the attack to pin down their suspect, who has a prior conviction for statutory rape. Director Michael Fields Writers Dick Wolf, Dawn DeNoon, Lisa Marie Petersen, Stars Christopher Meloni, Mariska Hargitay, Richard Belzer

The “special victim” is a former underage girl rapist and himself under age. At his age 17 a con team (grifters) know his background and fake a **Deep Pockets civil complaint against the hotel** employing him at very low wages, the brand new well financed hotel will have to pay-out because it carelessly hired him. With the detectives on the case they find the female victim was a fake, the team creating the compliant a con artist team. Stabler and his partner plead the grifters to a minor or civil charge and the grifters agree. Then Stabler and his partner arrest the grifters on serious charges right in front of the judge for felony involvement in his wrongful death in custody, attacked as a sex offender.

I Edward Paul Donegan have been black-listed from housing and other resources as police harassment (motivated by undermining me and my book writing) as a smear campaign plants seeming children victims of me and while illegally in my apartment in my absence cutting peep holes in the drapes facing out into the yards or parks, etc.,

Fabricated allegations also drive attacks on me.

In this book I Edward Paul Donegan and Ted Gunderson and Jen Moore have been harassed, poisoned, and threatened over my families history and this includes McMartin School and Franklin Nebraska, the CIA at ATSUGI, the Cold War, and the Kennedy and Donegan family interlinked from Boston to Patrica and Peter Lawford in Los Angeles County.

Ted Gunderson and Jen Moore both asserted illgal stalker teams gave death threats, deadly assaults, and attacks up to and including poisoning in order to silence their stories they assert tie to JFK.

I am being pilloried over sexual interest in minors buttocks and cut-off I street solicitation and exploitation of others I do not have but why?

A scheme that Jen Moore was assassinated over bullies me with the allegation I have a mental and developmental illness that is causing me to become caught in traps created by neighborhood thugs. I am not, but the real booby trapp is I accuse people of activity they deny and I appear paranoid, dangerous, or violent especially towards those at risk people.

She (Jen Moore deceased after death threats showing the home my and my mother lived in on camera) and Ted Gunderson (dead after death threats) had been harassed, had break-ins, etc., https://youtu.be/IweeuGeK0Dc?si=v7AS7Yv5gbEICv1Z&t=3420 Ted Gunderson reports CIA hit teams break into his home, poison with raw source radioactive materals and heavy metals him and his various web maters, steal from his home hundreds of boxes of notes, threat him, etc., and he reports on McMartin School I Ed Donegan went to in 1962. I have reported the same activities against me. St John Hunt talks about the CIA downing UAL flight 533 and I accused the CIA of threatening to shoot down a plane to D.C., if I boarded it, that plane to go live with my mother at 850 North Randolph Street Virginia. That home was fiomed by Jen Moore

and told the OSS CIA Vatican history of my family tied to McMartin School and Franklin Nebraska. Jen Moore was murdered. All of this as Jen Moore and Ted GUnderon and Ed Donegan say are tied to the Kennedy Curse and the assassination of JFK by the CIA and Allen Dulles.

I have been placed in psych wards etc., upon the threats I reported of commerical planes being shot down and radiolicgal

attacks (Havvan Syndrom) Jason one time leader of SF Goth TNG might be willing to report my assertions at that time I had made. I was being Stalked and threatened, some situations I misunderstood, some I did not but could prove none of it but was right about at least one or two things.

This kind of program has Targets me with a smear campaign.

Pillory is the book still being written by me though quite slowly as I am pilloried with Parades by the USA, by Tools and Fools of the NWO criminal networks.

My point is this is Nixon mob based with the Bush family and others and after killing RFK because he found out who the Manchurian Candidate was (Tied to my family and part of my family) the FBI, CIA, and others are using useful idiots to allege I am in deals with them for genoracketeering, black marketing my DNA into illegal world slush funds.

The premise is sell to the public in a public way using members of the public to "provide me child porn" and that will be associated with me toxifyng me reputation and then paid-put in damages by a conservator after an impersonator of me will agree as me my trust fund should pay out damage claims of victims and fees to protect future victims rather than Ed Donegan be arrested and face accusations and accusers.

Attackers, assailants, burglars, terrorists (terrorist threats meaning treating violence to create fear) and abusers generally operate under al alibi. The police say they have done nothing wrong, allowing for their misconduct and disallowing use of self defense against the police backed thug.

One of the clearest examples of this are when Dallas PD released the Three Hobos (also called the Three Tramps) from the train-yard as they were leaving train-cars) and the FBI asserting Charles Harrelson wrongfully confessed to assassinating JFK.

He was one of the Hobos, effectively given an alibi by the FBI twice.

A lot comes to mind on this operation and the damage it has done to my life. One is what is civil liability is and what criminal liability is.

A saying in Equity is "No Harm No Foul." If a person (potential plaintiff) is injured in some way by a defendant to allegation of injury, and the defendant makes whole the injury, then the foul, the injury is erased.

Criminal liability is when the harm can not be erased. The damage to Jen Moore's life, Ted Gunderson, and many others can not be erased.

Here justice is a proportional harm to the defendant, most usually in the form of imprisonment to protect the public and punish the convict.

As my book on the racket attacking me that has police (Color of Law) support has grown into larger research and how I became of victim of this false allegation of me and public pillory of me I find it was a smear campaign by the same VP Nixon era NSA FBI CIA family lines who did kill Kennedy, are part of the cabal, and are launching criminal networks mostly from outside the United States to victimize journalists in the USA and one of the first was Dorothy Kilgallen.

Jim Garrison was also attacked by the press as he went after big business under CIA cover trying to colonize Latin America from New Orleans gateway into the Gulf of Mexico, the Third Coast. Pacfic Coast to Asia, East Cost to Europe, and Third Coast it is called to Central America.

Ted Gunderson Whistle-Blows it Best

The Great Railroad Strike of 1877, sometimes referred to as the Great Upheaval, began on July 14 in Martinsburg, West Virginia, after the Baltimore and Ohio Railroad (B&O) cut wages for the third time in a year. The Great Railroad Strike of 1877 was the first strike that spread across multiple different states in the U.S. This strike finally ended 52 days later, after it was put down by unofficial militias, the National Guard, and federal troops.

It was also put down by Pinkerton Security.

Private business has used Private Armies (East-India Tea Co., etc.,) and the FBI DOJ DHS does so as well, hiring thugs and makign alliances with them, the word of J. Edgar Hoover that Bobby Kennedy and Gunderson were at odds with.

"... Ted Gunderson: TECHNIQUES USED TO SILENCE CRITICS

... Who **Document Illegal Unlawful activity** (murder, kidnapping and more) of a *covert underground criminal enterprise* operating at the *highest levels of our Government*. Ted is from the old FBI, not the new FBI. ..."

By Ted L. Gunderson
FBI Senior Special Agent

President George W. Bush Apri 23, 2003
The White House
1600 Pennsylvania Avenue NW

Washington, DC 20500
Dear President Bush

On April 3, 2003, I found an intruder (biker type-wearing a head bandanna, leather Jacket, and chains attached to his belt) in the basement of the apartment complex where I am presently staying in Los Angeles. After seeing me, he bolted through the front door of the building and disappeared. I filed a police report. [am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

I firmly believe that most individuals working in the F.B I, other intelligence agencies, and the government overall are honest, law-abiding public servants. However, a sophisticated network of rogue operatives has secretly infiltrated the F.B.I,, other intelligence agencies including the C.I.A, and other key government positions.

This rogue element seeks personal power and wealth and considers themselves above the law and the Constitution. They are carrying out the aforementioned surveillance and harassment activities in conjunction with organized crime, the cult movement in America including Satanic cults, other commercial and political interests, and even misguided civic organizations and neighborhood groups.

Ted Gunderson is correct, front groups as honest as Veteran Groups to counter-culture Satanists to international drug and

weapons cartels, even nuclear materials trafficking, will be part of CIA and FBI underworld and tied into assassinations and regime changes.

One of the Government fabricated cartels in trafficking is attacking me bilking a trust fund intended to help me but instead funding phony allegations acted out by fake victims.

It is a criminal network typical of the FBI and CIA and is pillorying on the streets and public square for various political reasons, in part justifying it, but any justification erased if the activity is used to defraud me and are felony financial crime activities that they are.

…

KEY NVITNESS IN JUSTICE DEPT. SOFTWARE CASEJAILED

By Gary Lee March 31, 1991

A key witness in the eight-year-old legal battle between the Justice Department and the Inslaw computer software company has been arrested and is being held without bail in a rural Washington state jail.

Michael Riconosciuto, a potential witness on behalf of principal Inslaw owners William and Nancy Hamilton, was arrested late Friday near Tacoma by a local district attorney. Riconosciuto, 42, is being held without bail at the Snohomish County jail in Everett, Wash., an official there said in a telephone interview yesterday. The official said that the arrest record did not indicate what charges had been brought against Riconosciuto.

Riconosciuto, reached yesterday by telephone at the jail, said he thought the charge was for "delivery of controlled

substances," but said he was unsure. He said he could not remember if a charge was made at the time of the arrest but overheard an officer stating it later. Riconosciuto was convicted on a drug-related charge in 1972.

He said he was arrested with two local men who had just sold him computer equipment for $1,000. The two were "known drug users," Riconosciuto said. "I've been set up," he said.

"I've been had."

The legal battle Riconosciuto was involved in, which has been shuffled among courts since 1983, involves Promis software, developed by Inslaw, a Washington, D.C.-based company. The software was designed to be used by law enforcement officials to track cases and criminals.

The Hamiltons charge that the software was stolen by the Justice Department in the course of a contract dispute and has been subsequently distributed to intelligence and military agencies in, among other countries, Iraq, Libya, South Korea, Israel and Canada.

Last month Riconosciuto, a computer software technician, filed an affidavit in the case, saying that private interests hired him in 1983 and 1984 to modify the software for use by law enforcement and intelligence agencies worldwide.

[Ed Donegan asserts the threat faced by the Deep State is that monoclonal anti-bodies aka immunology was to be tracked by the software allowing sleeper agents from hidden identities to be tracked or found by accident when the software was used in the normal course of operations.]

In the affidavit, Riconosciuto said that he was called in February by a former Justice Department official and warned against cooperating with an investigation into the case by the House Judiciary Committee.

In the affidavit, Riconosciuto said the former official, Peter Videnieks, told him that if he talked to investigators he would be implicated in one unrelated criminal case and would lose another ongoing child custody case.

Riconosciuto said he had three separate tape recordings of the telephone conversation with Videnieks, two of which were confiscated during his Friday night arrest.

…

From: Ted Gunderson To: Dear Detective Barron:

On October 4, 2003, I appeared at your station house in Hollywood, California and told the desk segeant that I had numerous threatening The sergeant asked to hear the recordings and I played the recordings, one of which was a threat to my daughter; whereupon hearing the recorded phone call that threatened my daughter, the sergeant called you and stated to you that you also needed to hear the recordings.

After your telephone conversation with the desk sergeant you came out to the front area of the station house, and at that time you introduced yourself as Detective Barron and gave me your business card. At such time I introduced myself and we shook hands. The desk sergeant by his silence during this introduction confirmed identity.

You then to the same recording I had played for the desk sergeant. After listening to the tape recordings you said that you "would immediately place a trap on my daughte€s telephone line", or words to that effect. You also stated that you would conduct an investigation.

After I returned to my daughter’s Angele. apartment, I received a telephone call from someone at your station house and was told that a trap had been set on my daughter’s phone line (323-651-0895).

On October 22, 2003, I filed another complaint, specifically, that my daughter's living room window had been shot out while I was standing in the living room about 4 feet away. I hand carried a copy of my affidavit dated October 21, 2003, and gave it to a detective in your detective bureau in your police station. When the detective told me that you were not in, I asked the detective to give the affdavit to you. I told the detective that you were conducting an investigation, because that is what you had told me. (I have a witness who came with me.) The affidavit dated October 21, 2003, described this incident and another incident as well as my awareness of various surveillances [stalkers, trackers, burglars, and assailants] that had been performed against me.

To that end I have written to you twice (11/14/03 and 12/29/03) so as to ascertain what you had learned from your investigation •to date. When we spoke on January 14, 2004, via telephone, you told me several things that are not consistent with the above facts. They are:

1 You told me I had not made a "formal complaint", when in fact I had, and further, that this supposed failure on my part resulted in the fact that no investigation had been started or conducted regarding the several attempts on my life and the threats to my daughter's life;

(additional transcript not available here)

…

ATTEMPTS BY THE FBI TO FRAME AND DISCREDIT ME (Ted Gunderson)

1) In 1983 the FBI and DEA attempted to "frame" me on a drug investigation through one of their informants, Pam Fawsett. later, ahe furnished me with a signed confession. For her "work" Pam Fawsett was given $2,000 by the FBI Modesto,

California Resident Agency. At the of her confession I asked her why she. was confessing to me. She told me, "I woke up the other morning and realized you were the only honest son-of-a-bitch I have talked to in six months". The last time I saw Pam she told me that there was a "contract" on her.

a. I am in possession of the original hand-written note made by an agent prior to one of Pam's telephone calls. This note sets forth questions Pam wag to ask during the telephone calls she made to me and a criminal defendant. A copy of this note was forwarded to FBI Headquarters by me with my complaint that the FBI was attempting to set me up and frame me.

2) In 19961 ran political After the campaign I furnished documentation to the FBI concerning an Election Law Violation. My Campaign Manager, Jim diverted campaign contributions to his own bank •count. I provided Kloberie bank account number to the U.S. Attorney who forwarded it to the FBI, but they refused to interview me and an I was told later by a credible that Kloberg was an FBI informant who was assigned to me in order to sabotage my campaign.

3) Stewart Webb, an FBI is presently engaged on the Internet and radio in a disinformation smear campaign against me. I have •a video tape interview ot Webb where be admits that he is an FBI informant 23 minutes into the I also have a cqy of a letter wrote to tag Veps Metropolitan Department where he stated he is working an informant for FBI agent Robin a. I believe the FBI and/or their Satanic colleagues are threatening me via calls (I received calls in September and October of this year; se Affidavit) and the FBI their colleagues are now sending me notes like the enclosed. It's very possible that the 11/2203 note sent from NH, was sent an FBI agent or one of their informants or The threats on my life and the attempts on my life are attempts to neutralize me and silence me) (see transcript)

Living in Fear of Your Life in the USA

What are the 4 types of offenders? What are the types of offenders? The types of offenders include the following: *violent offender, sexual assault offender, drug offender, domestic violence offender, child abuse offender, and gang offender*. Furthermore, there are categories based on *frequency: first-time offender and chronic offender*.

GanStalker activities range from felony terrorist threats, acts of racketeering including fraud and pretexts for fraudulent activities, often break-ins, sometimes outright murders, all of which are usually accomplished with covert illegal surveillance leading to plans to harass that include Set Pieces (traps people walk into like a child acting in sexualized way nearby, etc.,) or attempts along a path to harass and conduct sabotage of all kinds both in the locations the victim is and behind the victim's back where the victim is not.

Because both the State and Society will blacklist and harass a person whose reputation has undergone serious damage such a person may find it (and often does als with me) find jobs, housing, social support, legal services, etc., as the person Targeted Individual approaches is warned-off behind the scenes.

In addition to direct (though often denied) harassment of a Targeted Person indirect attacks are used as well. In prison and psych-wards fights are often quickly dismissed as if a child's playground busy with them and psychiatric patients or prison snitches are employed to conduct assaults, battery, and burglaries officials deny being involved in. Of the assailant will not "lay hands" on a person but use "fighting words" of significant enough traumatic affect a violent response may be possible and allowable in response. The advantage a covert harasser has is usually an alibi that no harm had been intended or done by actions that suround the Targeted person.

Zersetzung

Zersetzung is a psychological warfare tactic developed by the East German Stasi Secret Police to nuetralize dissidents quietly without kidnapping and murdering them like the Gestapo.

It means disruption because it disrupts every part of you're life and gaslights you so you go crazy yourself with no touch torture leaving no and evidence.

Freemasons, and FBI COINTELPRO use Zersetzung to retain power they are unworthy of and thus they need to user fixers operating in secret.

Scientology (that the FBI has praised for its counter-intelligence unit) calls it Fair Game and Freemasons call it Slow Dagger.

The CIA and FBI used Zersetzung small scale with DEWs from 1971-2001 and organized community vigilante groups and extremist groups and first responders based on vicious smear campaigns according to CIA whistleblower Carl Clark and Jesus Mendoza who filed 3 lawsuits in Texas and lost.

The CIA runs electronic harassment, Noise Campaigns of harassing, threatening, and veiled threat or veiled other harassment noxiusness to a stalk victim as the FBI runs gang-stalking and Fusion Centers that sychronize everything.

They (under cover operatives posing in various positions) give perjured testimony in court, makes false dossiers or dossiers composed of false reports that are resultant from Subornation of Perjury, and disseminate the smear using their partnerships (in crime) as flying monkeys (dupes believing the smear, shown faked

evidence that then attack a smear victim) along with the smear campaign as part of it gaslight (break in to homes to fake evidence that will be shown to others), harass, backstab, conspire against normal civil activities such as credit, home buying, leases sanctity of the home, etc.,

Private Investigator David Lawson infiltrated gangstalking groups in the US and Canada for 10 years. After 911, the government calls it counter-terrorism and the watch-list is a sham to hide the targeted individual program.

The FBI Fusion Centers, FISA, watch-list, counter accusing its victims as being paranoid, using DSM 5 saying it is schizophrenia to accuse US Espionage of illegal and covert acts and puts out disinformation about those it is harassing to discredit them.

Devin Keymer

Ted Gunderson did and I Edward Paul Donegan always have.

At 82 Ted Gunderson was afraid his own FBI could and would kill him and despite his often quite public outcry he never found any safety for himself or for his daughter be he did leave an extensive records of his complaints about be a subject of Gang Stalking that does include poisonings and other covert techniques.

I both sympathize and empathize with him; in part because of him others Targeted by this same mechanism (myself, Tara Moore and Jen Moore included) have better documentation on the illegal acts of these groups of people.

I have created some acronyms I will use. One of them is Abusive Cognitive Toxic Offending Resonance (ACTORs.) Something abusive in that is untrue and damaging as a smear of a person or an event, often abusive in sexually hostile or religiously hostile or racially hostile unpleasant way, covertly introduced by suggestiveness but not stated in continuous resonation that is intended become a cognitive stress imposition.

Called *Rough Noise* or *Noise Campaigns* the intention is a such an abusive and hostile noxious environment is created and with intellectual resolution to the Stalk denied the stalked person feels a need for fight or flight from the abusive stimuli.

(A)busive (C)ognative (T)oxic (O)ffending (R)esnonace [ACTOR] definitions out of order

- **Abusive** While environments should be safe, harassment free, threat free abusiveness occurs instead often veiled or in a cowardly way suggestive only while denying anything was intended or conducted with an alibi for the abusive suggestive act. Frequently elevated pscyhological environments are covertly created to assert the norm-violator is the person being harrassed. Oversensitive, paranoid, observing others in ways that are offensive, etc., Thus as with all denied acts of harassment person of another gender, race, or religion can exaggerate those attributes making a targeted person feel sick about the environment they are in; however, their seeming unwillingness to tolerate oddly circus like parades of a banana hammock (a revealing, tight-fitting men's bathing suit, or sometimes a similarly fashioned pair of men's briefs.) The name refers to the shape of the penis and the resemblance of the front pouch of the garment to a hammock. Widly over tight yoga pants and overloose hiked up clothes on teens are clear abnormalalties but upon calling stalkers the

invetiable question asked to the complainer is "why have you noticed this? clearly preposing it is the reaction of a person views the stalker rather than the acts of the stalk in question.

- **Toxic** via Noxioussness Noxious is defined as harmful, poisonous, or very unpleasant. "*they were overcome by the noxious fumes* I and Ted Gunderson, Geral Sosbeem, and Keith Labella assert blatant undisguised poinings in my case food and by radiation. These claims are not acted upon to remediate the acts of toxity but to plavce the person asserting Havana Syndrome in a Psych Ward.

  Revulsing provoking a sudden or strong reaction or change. : a sense of utter distaste or repugnance. revulsion. When it became known I had asthma that made cologne or perfume difficult to tolerate people swarmed me on the sidewalk in it so think I thought I was going to get a contact drunk. As any dislike of mine is discovered it is played to and mocked by stalkers.

- **Offensive** Abusive treatment or suggestiveness about a person. I know I never found snot nose children sexually interesting and while it may have seemed that at some time or another including joking it is not true of me and those familiar me would know that. Suggesting snot nosed minors are of interest to me is abusive and even threatening speech to me i that it causes job loss, etc., Sensitive subjects like race, sex, religion also should not be taunted or mocked suggestively and out of place for that kind of conduct, time, place, manner,

- **Cognitive** Designed to provoke strong emotional feelings including injury, anger, revulsion, etc., as well as rational feelings such as awareness of hostile stalkers and recognition of wrongdoing and adversarial conditions and threats to safety in an environment Stalkers are operating in.

- **Resonant** is tending to reinforce or prolong sounds, especially by synchronous vibration. *"the sound of these instruments, played in a resonant room, is unforgettable"*

If first noticed Organized Stalking from what my parents were experiencing for decades interdependently then began to experience it myself as the same events but did recognized it was all one thing.

In the gym I made my Diabetes recovery at from A1c 13.3 to 4.7 in six months and 11 pounds lost at 50 with intense Cybergoth and other music every time always people were jumping in front of me as I walked away from gym equipment and stepping in front of em as though I Were following them. I would relax to coffee or sports drink on the benches outside the gym after working oiut and women would back into me with mall security there to watch that happen.

I knew I was being framed in some way but why would they do this over and over? WOuldb't once for some action like kicking me out of the gym be enough? The real reason was just creating an abusive act in the gym rather than a good day in the gym.

The ACTRORs are doing something injurious at the time and also injurious later as the smear is perpetuated elsewhere and the rumor mongers will say Ed has done it again and it is norm

for him he is doing that. The injury to reputation never clears because actors act the same smear out over and over again often deceptively filming or photographing the events.

First of all what is an Organized Stalk undercover police operation on a large scale?

> The Globe and Mail, a national newspaper in Canada, reported in May 2006 that the Canadian Security Intelligence Service (CSIS) and the Royal Canadian Mounted Police (RCMP) used organized stalking techniques (referred to as “Diffuse and Disrupt” tactics) against terrorism suspects for whom they lacked sufficient evidence to prosecute.
>
> A cover article in The Washington Post Magazine in January 2007 by a journalist familiar with military policies and weapon systems portrayed self-proclaimed victims of gang stalking as intelligent and credible, and suggested that claims about exotic non-lethal weapons being used by the U.S. government to harass targeted individuals were plausible.
>
> Former CIA division chief Melvin Goodman was quoted in a June 2008 article by Jeremy Scahill in The Nation (America’s oldest continuously-published weekly magazine) on the vast private contractor element of the intelligence-security community:
>
> “My major concern is the lack of accountability, the lack of responsibility. The entire industry is essentially out of control. It’s outrageous.”
>
> Gang stalking apparently targets American citizens deemed to be dissidents or whistle-blowers (and perhaps potential dissidents and whistle-blowers), although others might be targeted for other reasons -

such as for experimental or training purposes. For perspective, it should be remembered that for two decades the CIA performed secret illegal experiments on U.S. and Canadian citizens (the infamous MK Ultra program). Those experiments included physical and psychological torture.

A newspaper article in the Verona-Cedar Grove Times in March 2009 titled “Stalker Claims Unsettle Police” described how a self-proclaimed target of gang stalking had been distributing fliers in his former neighborhood in Verona, New Jersey, warning about organized stalking of targeted individuals. The fliers stated: “Their intention is to murder their target without getting their hands dirty. It’s the perfect hate crime.”

In November 2013, a TV and radio broadcast of *Democracy Now!* featured an interview with the director of the Center for Corporate Policy in which he discussed the shadowy industry of spies employed by major U.S. corporations to conduct secret - and often illegal - counterintelligence operations against critics of those corporations.

Articles published by CBS, the Daily Mail, RT, Tech Dirt, and Courthouse News Service in December 2013 reported that a U.S. government contractor filed a lawsuit against multiple federal agencies for gang stalking him (the complaint refers to gang stalking as such). The plaintiff claims he was subjected to constant surveillance - including inside his residence and his vehicle - and constant psychological harassment from co-workers and strangers.

…

I Edward Paul Donegan do not think in the last 35 years there has been a day I can think of I did not think my chance of being

killed or dying before nightfall was anything better than around fifty percent and Stalkers have made that clear to me and credible to me.

Ted Gunderson and Jen Moore reported the same as I do. All of us, the thee plus Tara Moore and others using of poisons by covert operators (in food) use of street people or prison snicthes to fight us often with weapons provided to the snitches by police, etc..,

In San Francisco where I was being stalked and in stand-offs with credibly threatening my life in a week I might have made 200 calls to the Sierra Nevada's where my father was living or Arlington Virginia where my mother was. During years of this I would tell her they have guns, they are pointing them they are surrounding me and I was telling Jason Maher I was living with some of them said they had some kind of Executive Order to kill and were talking about it and were even talking about shooting down planes.

Ihe 1990's late 1990's this was said to be true to. I called the cops on the cops they had me surrounded in taking over areas near me and were a threat to me. I was put in what in California 5150 mental hygiene paranoid at least six times.

In Texas at Bay Area Laundry I was recording Stalkers by audio, video, pictures, etc., and I was showing the usual modus opernadi exists. Some highly trained types per web writing on Stalkers I Mossad or FBI are said to work together, they have lice ridden street filth there are next to and operating through including makings stabbing death threats through, etc.,

The will tell you without concern what the police are not allowed to say. "I am going to do you" etc., just as you are writing certain parts of your books naming public officials (CIA, FBI. DHS Etc.,) and the threats are often acted upon. After repeated death threats of my writing my books, break-sins to my home office and office equipment, subversion of my writing my book with Rough Noise and things like that, I have had

trouble just having a PC to write with.

The day I bought a notebook computer to go back to writing with Calibre and better computer programs generally I was struck by a street person and nearly permanently blinded in one eye and could have died in the fight.

Ted Gunderson will describe this pairing of criminals run by police to threaten his life and his daughters life as he said he was being both Stalked, threatened, and poisoned by the F.B.I, assertions I have made as well.

What Ted Gunderson and I have in common and why I found his story and find his story credible is because it is so much like mine, and we are both it seems tied to the Kennedy assassination and related murders.

So far I have edited what others call "extravagant" claims of Ted Gunderon out.

Ted Gunderson was a Conspiracy Theorist who was very similar to to in mindset the questions posed by the House Select Committee on Assassinations in some ways.

I will go into the biography of Ted Gunderson soon but the same physical structure of corruption the HSCA was after and Gunderson was after were the same thing but consider the vase of corruption intact as it is today but potentially shattered into pieces.

The HSCA and Ted Gunderson shards are of the same vase but different pieces. When I Ed Donegan put the hose vase on the table and describe it you will see the HSCA questions and then realize if you add what Ed Donegan can tell about the Donegan s and Jen Moore can as well you will see the exact work of Ted Gunderson on his cases in pursuit of the missing answers to the HSCA questions.

A collection of harvested paragraphs and statements made by Ted Gunderson of activities of the US Government Ed Donegan is also a fearful victim of

TECHNIQUES USED TO SILENCE CRITICS …

… Who Document Illegal Unlawful activity (murder, kidnapping and more) of a covert underground criminal enterprise operating at the *highest levels of our Government*.

Ted is from the old FBI, not the new FBI.

President George W. Bush Apri 23, 2003
The White House
1600 Pennsylvania Avenue NW

Washington, DC 20500
Dear President Bush

On April 3, 2003, I found an intruder (biker type-wearing a head bandanna, leather Jacket, and chains attached to his belt) in the basement of the apartment

complex where I am presently staying in Los Angeles. After seeing me, he bolted through the front door of the building and disappeared. I filed a police report. [am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

If anything happens to me, my family, or my close associates- including my attorney (former Nebraska State Senator, John DeCamp), Susan Ford, or other individuals within my informational network, the names of the leaders of the cult/drug network and additional information concerning their activities will be released to the public.

Regarding Mr. Colby, he did not drown and he did not commit suicide- he was murdered, shot in the head.

I have documentation and know that throughout the U.S., operating 24 hours-a-day and 7 days-a-week, there is a Central Command, located within the U.S., with multiple satellite offices, whose administrators can instantly initiate surveillance, phone taps and harassment against any individual in the country.

They have the technology, financing and manpower to dispense illegal surveillance and harassment against anyone at any time, day or might. I have files on numerous cases of active, programmatic, illegal government harassment currently being conducted against thousands of Americans. This makes the F.B.I.'s former COINTELPRO program, which I worked on, including in a supervisory capacity, look like a Sunday school program by comparison.

I firmly believe that most individuals working in the F.B I, other intelligence agencies, and the government overall are honest, law-abiding public servants.

However, a sophisticated network of rogue operatives has secretly infiltrated the F.B.I,, other intelligence agencies including the C.I.A, and other key government positions.

This rogue element seeks personal power and wealth and considers themselves above the law and the Constitution. They are carrying out the aforementioned surveillance and harassment activities in conjunction with organized crime, the cult movement in America including Satanic cults, other commercial and political interests, and even misguided civic organizations and neighborhood groups.

This illegal surveillance and harassment program is being called gang stalking and organized stalking by the victims targeted by it.

The victims are targeted for a variety of reasons including government and corporate whistle blowers, parties to financial and employment disputes, parties to marital disputes (usually divorced women), and even jilted paramours. Journalists covering controversial issues, and, even attorneys and private investigators representing unpopular clients or interests, have been targeted by this program.

In addition to high-ranking members of the F.B.I., other intelligence services, and the government overall, wealthy, powerful members of criminal syndicates, multi-millionaires and the corporate elite are using the government gang stalking program to harass enemies.

They can get a targeted individual harassed for the rest of that individual's life (individual cases of gang stalking lasting for over a decade are common).

The higher status members of the gang stalking conspiracy initiate the gang stalking and coordinate

logistics and funding. Lower echelon government rogue operatives, lower ranking members of the military (in violation of Posse Comitatus), petty criminals and street thugs perform the actual grunt work of daily monitoring and harassment of individuals targeted by the program.

These F.B.I. files contain information responsive to Mr. Labella's F.O.L.A. Complaint regarding the subject of gang stalking. The F.B.I. and other intelligence agencies are administering and covering up the rogue, covert, government criminal enterprise of gang stalking.

The Franklin Cover-Up: Child Abuse, Satanism, and Murder in Nebraska John W. DeCamp First published March 1, 1992. John W. DeCamp was an American Republican politician and author who served in the Nebraska legislature from 1971 to 1987. He served as an infantry officer in the United States Army during the Vietnam War. Born: July 6, 1941, Neligh, NE Died: July 27, 2017, Norfolk, Nebraska Books: The Franklin Cover-up: Child Abuse, Satanism, and Murder in Nebraska Party: Libertarian Party.

In 1992, DeCamp wrote a mass market paperback book titled The Franklin Cover-up: Child Abuse, Satanism, and Murder in Nebraska in which he alleged that the Franklin child prostitution ring allegations were actually true and involved murder and Satanism.[5] In 1993, DeCamp was featured in an unreleased Discovery Channel documentary called Conspiracy of Silence.

DeCamp served as a lawyer for the Militia of Montana, a militia-movement group, in the 1990s.

In 1996, DeCamp ran for the U.S. Senate as a Libertarian, but lost to Republican Chuck Hagel.

William Colby Born: January 4, 1920, Saint Paul, MN Died: April 27, 1996, Rock Point, MD wrote the introduction to The

Franklin Cover-up and he and Susan Ford wrote high power interests would assassinate to cover up the secrets of what was likely a Family Jewels child abuse CIA research facility. William I interviewed John in 2007 was of course CIA, DeCamp was said to be, and DeCamp has an MKULTRA /like birthday, July 6 1941.

As for former CIA Director Colby Ted Gunderson's assertion his own CIA FBI NSA government assassinated him is likely correct based on the story assembled from Ed Donegan's life, Jen Moore's, Ted Gunderson's and the string of Roman Catholic bodies found.

Now some more quotations from Ted Gunderson on Stalking and terrorist assassins working out of the US Government of a rich group of powerful people not necessarily the same families cited in Superclass or other books, but of that concept, mostly Bush Nixon Rockefeller Republicans.

The Rusty Nelson-Kelly Ford Report

Ted Gunderson's special report. The Nebraska child abuse ring tied to MKULTRA, Project Paperclip, CIA and Nazi history.

SYNOPSIS

Russell (Rusty) Nelson: Russell Nelson, central figure in the Franklin Credit Union scandal (1989 to present), has evidence, including photographs, that implicates prominent law enforcement and political figures,

including two past U.S. presidents, in crimes of child abuse, pornography, kidnapping (e.g., missing-child Johnny Gosch), drug smuggling, money laundering, illegal campaign financing, and illegal activities by the FBI and CIA. There appear to be ties to Iran-Contra.

Since 1989, much of the evidence has been confiscated from Rusty Nelson. Some of the evidence remains hidden. In May, 2000, Nelson was taken into custody for a parole violation in Nebraska and is to be extradicted to Oregon, away from the watchful eyes of his attorney, family, and friends. Ted Gunderson (this writer and investigator of the Franklin cover-up) and Nelson's attorney, John De Camp (Author of "The Franklin Cover-Up") believe Nelson's life is in danger. This report is in an effort to prevent his being "suicided", or otherwise suspiciously killed.

Kelly Ford: Kelly Ford is the daughter of Brice Taylor, who has written two books documenting her victimization by satanic abuse, CIA MK-Ultra Mind Control, and prominent political figures (Brice Taylor is a pen name for her legal name, Susan Ford). In court, on June 23, 2000, Brice Taylor lost her daughter to state conservator-ship following her testimony regarding satanic abuse and MK-Ultra mind control of her daughter and herself, and political corruption to the highest levels of our government. Brice Taylor is concerned that while Kelly is under state conservator-ship, her influential abusers will have access to her and may threaten or harm her to ensure that she does not attest to the abuses against both herself, her mother, and family. [As William Colby with Susan Ford explained to DeCamp these victims of MKULTRA and Project Paperclip will be assassinated IF they talk about their family histories.]

BACKGROUND ON RUSTY NELSON & THE FRANKLIN CREDIT UNION SCANDAL

On December 31, 1968, Franklin Credit Union was founded in a minority neighborhood in Omaha, Nebraska. The primary purpose was to provide loans to minorities. In August, 1970, Lawrence E. "Larry" King, Jr., (a black man, not television talk show host) and fast-rising "star" in the Republican party, became manager and principle executive. Larry King was indicted by a Federal grand jury on May 19, 1989 and later tried and convicted of fraud and income tax evasion directly related to the Franklin Credit Union matter. He remains incarcerated in federal prison.

Rusty Nelson-Kelly Ford Report

FBI- IRS RAID

On November 4, 1988, the Franklin Credit Union was raided and closed by the FBI and the IRS. Thirty-nine million dollars was missing. Shortly thereafter, reports began to circulate concerning pornography, videotapes, and photographs which had been confiscated from the Franklin Credit Union by the FBI. Then, in a trickle- which soon grew to a flood- other allegations began to arise. These allegations involved drugs, sexual misconduct, child abuse, pornography- even satanic activity. The names of prominent individuals in the Omaha community began to surface as those involved in these criminal activities.

GRAND JURY THROWS OUT CHARGES

On January 10, 1989, the Nebraska State legislature constituted a special committee to look into the allegations with State Senator Loran Schmit as Chairman. On January 30, 1990, Nebraska State Attorney General, Robert Spire, called for a grand jury to investigate allegations. February 6, 1990, former County District Judge Samuel Van Pelt was appointed a special prosecutor for the Douglas County Grand Jury, which convened on March 12, 1990. On July 23, 1990, after hearing many hours of testimony, the grand jury issued an unusual and unprecedented report throwing out all of

the allegations concerning sexual child abuse and labeling the charges a "carefully crafted hoax".

VICTIM/WITNESSES NAME PROMINENT CITIZENS AS PERPETRATORS

Eighty children initially came forward as a result of newspaper publicity of the raid and subsequent stories in the local news. These children identified some of the most prominent citizens in the Omaha area as involved, including former Omaha World Herald newspaper publisher, Harold Andersen; Eugene Mahoney, former Omaha vice squad officer and later head of the Nebraska Forestry Service (he has a park named after him); former Omaha World Herald entertainment columnist, Peter Citron; Alan Baer, Knights of Ak-Sar-Ben, Financier; and Omaha County Judge Theodore Carlson. The children who came forward reported, among other things, satanic ceremonies of human and animal sacrifice.

VICTIM/WITNESS TROY BONER RECANTS HIS TESTIMONY UNDER DURESS

Initially four victim/witnesses involved in the satanic cult/sex/drug ring were cooperative. Two of the four victim/witnesses, Troy Boner and Danny King, recanted their testimony.

One of the children who recanted his testimony was **Troy Boner**, a young teenager. Troy Boner recanted after his brother, **Shawn Boner**, died allegedly of suicide by a Russian Roulette gunshot wound on January 17, 1991. Troy Boner told John De Camp, attorney for some of the witnesses, that his brother was afraid of guns. Boner later left the Omaha area and disappeared. **Danny King** has also disappeared.

Years later, on October 27, 1993, Troy Boner made a sworn statement in which he said that he had recanted his original testimony because, "I truly believed and still do believe that it was a situation where I must either ‘lie

or die', and at the insistence primarily of the Federal Bureau of Investigation officials who were dealing with me at that time, specifically Mr. Mott and Mr. Culver." (p. 306)

Two of the victim/witnesses who refused to recant were **Alisha Owen** and **Paul Bonacci**. They were both indicted for perjury on the basis of their testimony before the grand jury. They are now adults, but were children when they were first recruited into the satanic cult/sex/drug ring.

VICTIM/WITNESS ALISHA OWEN IMPRISONED
Alisha Owen testified at the grand jury in March of 1990 that when she was 14 years of age she had sex with a former Chief of Police. Because of this testimony, she was charged with perjury. While on bail awaiting trial, she attended college and was editor of the school newspaper. She was also an honor student.

On August 8, 1990, Alisha Owen entered a plea of innocent.

On November 9, 1990, Alisha Owen's brother was found dead in a correction center cell, said to have committed suicide by hanging.

Alisha Owen was convicted of first offense perjury in 1991and was sentenced on August 8, 1991, to nine to 27 years in prison. During her prison term, she was in solitary confinement for a period longer than any female citizen in the history of the State of Nebraska.

Alisha was out on parole for a short period until September, 1997.

In September, 1997, television show "Inside Edition" reported that Johnny Gosch was still alive. Johnny Gosch is a highly publicized 1982 kidnap victim from

West De Moines, Iowa, who has also been named as a victim in the Franklin child abuse matters, as described below.

One week after this show was aired, Nebraska authorities picked up Alicia Owen, and without explanation, said she must serve out the remaining lengthy sentence in prison. In spite of this, Alisha refused to recant. Alisha is still incarcerated. Alisha's parents are raising Alisha's daughter, Amanda Jayne, who according to Alisha was sired by a former Chief of Police. Alisha was 15 years old when she had Amanda.

VICTIM/WITNESS PAUL BONACCI IMPRISONED

In November, 1991, Ted Gunderson (this writer, see resume in reference list), was contacted by the Nebraska Leadership Conference and asked to become involved in the investigation of the Franklin case. Paul Bonacci, his first interviewee, then in his early 20's, said he had been active in the operation of the satanic cult/sex/drug ring network since 6 years of age. Paul Bonacci first reported his abuse by Larry King, Alan Baer and others in 1986, to the Omaha Police Department, two years before the Franklin Credit Union case began.

Bonacci told me that when he was 10 to 14 years old, he was used as a decoy in malls, parks, etc., to lure other children his age near an automobile so the adult members could grab the victims and force them into the car. Paul and another youth would then jump on the victims and place a chloroform cloth over their mouth and nose. The victims would be taken to a secluded location and later auctioned off for up to $50,000.00 in Las Vegas, Nevada or Toronto, Canada. Bonacci advised me that the auction location in Nevada is approximately 50 miles north of Las Vegas on an air strip and that he saw children auctioned off, then placed in unmarked airplanes operated by foreigners with accents wearing turbans. Other children who were auctioned off were placed in campers after being drugged to ensure that

they would be asleep in the event that the camper was stopped by the police. On one occasion, Bonacci recalled a DEA (Drug Enforcement Agency) plane that was used to transport the children. Gunderson was later informed by a Michigan private investigator of an other missing child case that he had knowledge that a barn outside of Lincoln Nebraska was also used to auction off children on at least one occasion

Paul Bonacci reported having attended six auctions in which as few as six, and as many as 36, children were auctioned off. (See section on Johnny Gosch below for more on child auctions).

Paul and other children told about youngsters, both male and female, being taken from orphanages, foster-homes, and Boys Town, Omaha, Nebraska, driven to Sioux City, Iowa (184 miles) and then flown to Washington, D.C. for sex orgy parties with dignitaries, congressmen, and high level public officials at Larry King's Embassy Row condominium. Larry King rented this condominium for $5,000.00 per month while earning a salary of only $17,000 per year.

Bonacci told Gunderson (this writer) that pictures were taken at the parties by Rusty Nelson, Larry King's personal photographer. According to Bonacci, many of the surreptitiously photographed public officials were thereafter blackmailed by Larry King and others.

Bonacci told Gunderson that on a number of occasions he flew from Omaha to Los Angeles where he would meet a different man and woman each time. The unfamiliar man and woman would have up to five passports for different countries in different names. They would travel with Bonacci, pretending he was their teen-age son, and then make drug drops around the world. Paul told me he had made more than 100 such trips.

One of De Camp's investigators told Gunderson (this writer) that Paul Bonacci has drawn a floor-plan of the inside living quarters of the White House, an area not available to the public.

Not long after the Franklin case became public in 1989, Paul Bonacci was arrested and sentenced to five years in prison for briefly touching a young boy on the outside of his pants. Bonacci has been diagnosed by at least three psychiatrists with Multiple Personality Disorder, a psychiatric disorder now called Dissociative Identity Disorder, that is almost always a consequence of severe and early child abuse. Bonacci admits that one of his personalities touched the boy, but abruptly stopped when he switched personalities and a remorse-stricken Paul reasserted control of his functioning. John De Camp, Attorney, and former long-term Nebraska State Senator, represented Bonacci. De Camp believes this abnormally long sentence was an attempt to silence Bonacci in the Franklin matters.

SEVENTY-SIX CHILDREN WHO REPORTED SEXUAL ABUSE RECANT OR REFUSE TO COOPERATE WITH THE INVESTIGATION

Following the dire consequences to victim/witnesses Alisha Owen, Paul Bonacci, and Troy Boner and Danny King, the seventy-six other children recanted their reports of sexual abuse in the Franklin matter.

Rudy2's Multilingual Blog

https://rudy2.wordpress.com/

GANG STALKING VIGILANTISM RUN BY U.S. GOVERNMENT, SAYS EX-FBI OFFICIAL reads the post title on Rudy2s blog.

The ex-FBI official is Ted Gunderson mentioned earlier in this page and let's first look at Ted Gunderson's death.

In his 80s he said the United States Military was in an NWO overthrow plot and using Directed Energy Weapons on citizens, government officials, conducting poisonings, and other targeted killings on behalf of the NWO and he continued these assertions and writings until his death from Cancer, perhaps Cancer Type CIA-Havana Syndrome.

Rudy2: Former FBI official Ted Gunderson died of cancer on July 31, 2011. Was his illness induced by silent electromagnetic assault or by other nefarious means? We will never know - and that's just the way certain entities want it.

A former senior official of the Federal Bureau of Investigation says "rogue" military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based "gang stalking" harassment, intimidation and domestic terrorism directed at thousands of U.S. citizens who have been extrajudicially targeted as "dissidents" or undesirables.

Ted Gunderson, 82, who has served as the *Special Agent in Charge*of the FBI's **Los Angeles, Memphis and Dallas FBI Field Offices**, has stated in a series of public speaking appearances that **he is now targeted by these same elements, and fears for his life and for the safety of his family**. He reports that the windows of his home have been shot out, and he believes he has been poisoned and physically sickened by those seeking to

silence him.

"Based on my thirty years' experience and research, I have determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States," Gunderson stated in an October 2008 speech posted last fall on YouTube, three years before cancer consumed him.

…

MEMORANDUM & ORDER NICHOLAS G. GARAUFIS, United States District Judge.

Plaintiff Keith Salvatore Labella brings this pro se action against Defendants Federal Bureau of Investigation ("FBI"), Office of Justice Programs ("OJP"), and United States Department of Justice ("DOJ"), pursuant to the Freedom of Information Act, 5 U.S.C. § 552 et seq. ("FOIA"). Labella seeks declaratory and injunctive relief compelling the FBI to produce certain documents related to "gang stalking" and compelling the OJP to produce certain data related to the Supplemental Victimization Survey to the National Crime Victimization Survey 2006 ("Survey"). Defendants and Labella both move for summary judgment pursuant to Rule 56 of the Federal Rules of Civil Procedure.

Labella's Request

By letter dated January 11,2010, Labella submitted a FOIA request to the FBI seeking thirty-seven categories

of documents relating to "the national phenomenon of gang stalking." (Id. ¶31.) The request defines "gang stalking" as follows:

> Gang stalking involves groups of individuals ("gang stalking groups") operating territorially and nationwide, and, in communication and collusion with each other, to violate the civil rights of, and disrupt, destabilize and finally destroy individuals who are put on a Stalking List for various reasons. The gang stalking groups use both intensive physical and electronic surveillance means to do this .. . including], but not limited to: "street theatre," in which targets of gang stalking are subjected in public to rudeness, loud speaking and personal references to themselves and their private activities by persons within the gang stalking conspiracy; [and] related "Flashmobbing," or the coming together of an often large group of individuals in the gang stalking conspiracy to disrupt, intimidate, harass and otherwise confuse a gang stalking victim ....

Labella requested that the FBI search terms such as "targeted individual(s)" (id. ¶ 31 (5)), "publicly funded victims groups" (id. ¶ 31(10)), "informants" (id. ¶ 31(15)), "agents provocateur" (id.), "community stalking" (Id. ¶ 31 (20)), "cause stalking" (id. ¶ 31 (22)), "school shooting" (id. ¶ 31(25)), and "COINTELPRO" (id. ¶ 31(26)), all as they relate to "gang stalking."

For the reasons set forth below, Defendants' motion for summary judgment is GRANTED and Labella's motion for summary judgment is DENIED.

TED L. GUNDERSON & ASSOCIATES

6230-A Wilshire Blvd., Suite 6

Los Angeles, California 90048
Phone: (337) 344-8876

I, Ted L. Gunderson, hereby swear under the pains and penalties of jury that the following statements are true and correct:

…

1. My name is Ted L.. Gunderson. I am the owner and operator of *Ted L. Gunderson & Associates*, an international security and consulting firm based out of Santa Monica, California. I am currently a licensed private investigator in the state of California. I have performed private Investigation and security work for numerous individuals, companies, and governments worldwide since founding my firm in 1979.

   I have worked for, amongst others, F. Lee Bailey, Esq., The *California Narcotics Authority* by appointment of Governor Jerry Brown, *The 1984 Los Angeles Olympic Committee*, and The *1979 Pan American Games in San Juan, Puerto Rico* by appointment of then U.S, Attorney General Griffin Bell.

   [Ted Gunderson narrowly was passed over to be FBI director as in inbound Reagan Bush team preferred Griffin Bell but the respect between the candidates for the top job was mutual.]

2. Previous to my [Ted Gunderson's] work as a private investigator I spent nearly three decades in the F.B.I. Between 1951 and 1960 I was an F.B.I. Special Agent. In 1960 I was promoted as a supervisor at F.B.I. Headquarters in Washington, D.C., where I was in charge of *Organized Crime and Racketeering* investigations covering 26 F.B.I Field Offices nationwide.

[The Anti-Racketeering Anti Hoffa Robert F. Kennedy as Attorney General of the United States of America chose Ted Gunderson to be his right hand man in fighting the mafia. As Bobby Kennedy took the call his brother was assassinated and deceased it was Ted Gunderson in the meeting on the Mafia in his office with him.]

Following the assassination of President John F. Kennedy I was re-assigned to *Special [JFK] Inquiry White House Matters* at F.B.I. Headquarters. In 1965 I was promoted again to *Assistant Special Agent-In-Charge of Internal Security and Anti-Terrorism of the F.B.I. New Haven, Connecticut Field Office*.

In 1970 I was promoted to Assistant Special Agent- In-Charge of the F.B.I. Philadelphia, Pennsylvania Field Office.

On July 12, 1972 I successfully negotiated with two terrorist hijackers of National Airlines Flight 496 for the release of 119 passengers at Philadelphia International Airport: In 1973 I was promoted to *Chief Inspector at F.B.I. Headquarters* [appears to be just below Director of the FBI]. Also served as *Special Agent-In-Charge of the F.B.I. Memphis*

and Dallas Field Offices[and continued ever increasing JFK Dealy Plaza material as Warren Commission, etc, unfolded]. I retired from the F.B.I, as Senior Special Agent-In-Charge of the Los Angeles Field Office of the F.B.I. with over 700 F.B.I. employees and a budget of over 22 million dollars in 1979, [perhaps a few cases to supervise].

3. I have read the Complaint in the current action of Mr. Keith Labella against F.B.I. and D.O.J., It is my professional opinion, based on information, knowledge and belief that the information sought by Mr. Labella in this F.O.I.A suit regarding “gang stalking”, “gang stalking groups” and “gang stalking methods” reasonably describes an ongoing, active, covert nationwide program that is in effect today, and, based on my investigations and experience, has been operational since at least the early 1980’s. Since the 1980˚s gang stalking has increased in scope, intensity and sophistication by adapting to new communications and surveillance technology. These programs are using the codenames Echelon Program, Carnivore System, and Tempest Systems.

The Echelon Program is administered by the N.S.A. out of Fort Meade, Maryland, and monitors all email and phone calls in the world. Carnivore System is administered by the N.S.A. out of Fort Meade, Maryland, and can download any computer system without being traced or otherwise known to the owner. Tempest Systems can decipher what is on any computer screen up to a quarter of a mile away.

These programs are negatively impacting thousands of Americans and severely abusing their civil rights on a daily basis.

4. Based on my investigative work, which includes intelligence from sources such as active and former members of the Intelligence Services (including the FBI, the C.I.A, the N.S.A and Military Intelligence), information from informants active in criminal enterprises, and, victim testimonies, I have come to the conclusion that thousands of victims have been targeted by an illegal government rogue criminal enterprise that is active 24 hours a day within the U.S. This conspiracy is far too active to be controlled or operated by private enterprise whose goals are achieving financial gain.

These operations require extensive financing with no return on the investment. This program's operations are financed by illegal black operations, i.e., narcotics, prostitution, child kidnapping (children sell at covert auctions for up to $50,000 per child), human trafficking, gambling and other rackets.)

5. I have documentation and know that throughout the U.S., operating 24 hours-a-day and 7 days-a-week, there is a Central Command, located within the U.S., with multiple satellite offices, whose administrators can instantly initiate surveillance, phone taps and harassment against any individual in the country.

They have the technology, financing and manpower to dispense illegal surveillance and harassment against anyone at any time, day or might. I have files on numerous cases of active, programmatic, illegal government harassment currently being conducted against thousands of Americans. This makes the F.B.I.'s former COINTELPRO program, which I worked on, including in a supervisory capacity, look like a Sunday school program by comparison.

6. I firmly believe that most individuals working in the F.B I, other intelligence agencies, and the government overall are honest, law-abiding public servants. However, a sophisticated network of rogue operatives has secretly infiltrated the F.B.I,, other intelligence agencies including the C.I.A, and other key government positions.

This rogue element seeks personal power and wealth and considers themselves above the law and the Constitution. They are carrying out the aforementioned surveillance and harassment activities in conjunction with organized crime, the cult movement in America including Satanic cults, other commercial and political interests, and even misguided civic organizations and neighborhood groups.

This illegal surveillance and harassment program is being called gang stalking and organized stalking by the victims targeted by it.

The victims are targeted for a variety of

reasons including government and corporate whistle-blowers, parties to financial and employment disputes, parties to marital disputes (usually divorced women), and even jilted paramours. Journalists covering controversial issues, and, even attorneys and private investigators representing unpopular clients or interests, have been targeted by this program.

7. Individuals targeted by this program have been subjected to illegal and unconstitutional phone taps, illegal re-routing of business and private phone calls for purposes of harassment, illegal audio “bugging”, surreptitious entry into home, office, and vehicle, visual surveillance in the home conducted by illegal placement of miniature remote, wireless cameras (often accessible via internet), illegal internet spyware, illegal GPS tracking (often through their own mobile phones), regular fixed and mobile surveillance, mail misdirection, mail theft and tampering, financial and employment sabotage, slander campaigns and community ostracizing , internet disinformation and smear campaigns, poisoning, assaults and murder, illegal set-ups on ding charges and other felony charges, amongst many other civil rights abuses.

8. In addition to high-ranking members of the F.B.I., other intelligence services, and the government overall, wealthy, powerful members of criminal syndicates, multi-millionaires and the corporate elite are using

the government gang stalking program to harass enemies.

They can get a targeted individual harassed for the rest of that individual's life (individual cases of gang stalking lasting for over a decade are common).

The higher status members of the gang stalking conspiracy initiate the gang stalking and coordinate logistics and funding. Lower echelon government rogue operatives, lower ranking members of the military (in violation of Posse Comitatus), petty criminals and street thugs perform the actual grunt work of daily monitoring and harassment of individuals targeted by the program.

9. Based on my professional experience, extensive intelligence information and belief, it is my professional opinion that the F.B.I is involved in and has investigative files on the subject of gang stalking, related gang stalking methods, and gang stalking groups in the F.B.I's vast intelligence files, that are responsive to Mr. Labella's F.O.ILA. Complaint. Furthermore, I have personally referred numerous victims of gang stalking to the appropriate agents at the F.B.I. for investigation of their cases. I have also furnished the F.B.I. with documentation of an active, international child kidnapping ring probably operated by rogue C.I.A. agents.

The F.B.I has ignored my requests to investigate even though it is their responsibility to investigate kidnappings. I have a contact in Germany who advises me

that the C.I.A. has set up secret operations on U.S. military bases for the kidnapping, sale and trafficking of children worldwide. The FBI may be using a unique codename and nomenclature for the gang stalking phenomenon in its records. However, this is a semantic difference, and, in no way changes my professional opinion that the F.B.I. has investigative files on the nationwide phenomenon of gang stalking described in reasonable and specific detail in Mr. Labella's F.O.L A. Complaint.

These F.B.I. files contain information responsive to Mr. Labella's F.O.L.A. Complaint regarding the subject of gang stalking. The F.B.I. and other intelligence agencies are administering and covering up the rogue, covert, government criminal enterprise of gang stalking. The gang stalking phenomenon appears in the records of both the F.B.I. and the N.5.A. in their records pertaining to the Echelon Program, Carnivore System, and Tempest Systems.

In addition, the gang stalking phenomenon appears in the records of both the F.B.I. and the N.S.A. in their records pertaining to information collected by Narus systems. Narus is a wholly owned subsidiary of defense contractor Boeing that produces sophisticated, mass surveillance computer systems currently being used by both the F.B.I. and the N.S.A.

NOTARY

The Great Treason, Pillory, Ted Gunderson Bio X, Written By The Right Hand, Majic 12 and the Secret Government

Increasingly Media Accounts AFFIRM Ted Gunderson Assertions

Official confirms what thousands of victims have long known: an evil U.S. shadow government is conducting a covert, taxpayer-funded genocidal purge of American society - while Congress and an apparently entrained Obama administration sleep.

Author's note: Former FBI official Ted Gunderson died of cancer on July 31, 2011. Was his illness induced by silent electromagnetic assault or by other nefarious means? We will never know - and that's just the way certain entities want it.

A former senior official of the Federal Bureau of Investigation says "rogue" military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based "gang stalking" harassment, intimidation and domestic terrorism directed at thousands of U.S. citizens who have been extrajudicially targeted as "dissidents" or undesirables.

Ted Gunderson, 82, who has served as the special agent in charge of the FBI's Los Angeles, Memphis and Dallas field offices, has stated in a series of public speaking appearances that he is now targeted by these same elements, and fears for his life and for the safety of his family. He reports that the windows of his home have been shot out, and he believes he has been poisoned and physically sickened by those seeking to silence him.

Since his retirement from the FBI in the 1979, Gunderson has been a Southern California- based

private investigator. He is most noted for his defense work on the murder case involving former Army physician Dr. Jeffrey MacDonald.

The ex-FBI official's comments represent the most compelling testimony to date indicating that "black operations" of the federal government are dedicated to waging a covert war of terror and persecution targeting American citizens. https://rudy2.wordpress.com/gang-stalking-vigilantism-run-by-u-s-government-says-ex-fbi-official-says-ex-fbi-official/

WHAT IS ORGANIZED STALKING? retrieved from https://medium.com/@Timothy_Snow/what-is-organized-stalking-dde5e55f9625 and copied or modified to here

Timothy Snow by Timothy Snow January 31, 2023 Covertly gangstalked in Hollywood, CA on a Federal Level since May 2022.

"Cursed is he who strikes his neighbor in secret." - Deuteronomy 27:24

What life looks like through the eyes of the targeted individual. TABLE OF CONTENTS ~

1. A Brief Explanation of "Gang Stalking"

EXPLAINING ORGANIZED STALKING

Just because something isn't a lie doesn't mean that it isn't deceptive.

A liar knows that he is a liar, but one who speaks mere portions of truth in order to deceive is a craftsman of destruction [and distortions].

DEFINITIONS

Counterintelligence is the assessment and countering of threats posed by enemy subversion, espionage, and sabotage. Counterintelligence operations include covert surveillance (spying on the enemy), sabotage (disruption of the enemy's activities), and disinformation (efforts to deceive the enemy and - when it serves the objectives of the counterintelligence program - the public).

"Gang stalking" - also known as "organized stalking" - is a slang term for a set of tactics used in counterintelligence operations involving the covert surveillance and harassment of a targeted individual. The goal of such operations - in the parlance of counterintelligence personnel - is to "subvert" or "neutralize" an individual deemed by a government agency (or corporation) to be an enemy.

"Organized stalking" is probably a better term than "gang stalking" since it more accurately conveys the systematic nature of the crime, and it avoids creating the erroneous impression that the activity is connected with street gangs.

This much can be said in defense of the term “gang stalking” however:

it is accurate in the sense that the perpetrators - federal and local law enforcement agencies and security-intelligence contractors - do often function in the manner of criminal gangs. Although they conduct their operations under the color of law, many of their activities have neither moral nor constitutional legitimacy.

That is true of all of the major perpetrators of organized stalking in the US: the FBI, local Law Enforcement Intelligence Units (LEIUs), security-intelligence contractors, and U.S. military counterintelligence agents. All of those groups - and other federal intelligence agencies such as the CIA and NSA - have histories of abusing their powers dating back to their inceptions.

HISTORY

Organized stalking methods were used extensively by communist East Germany’s Stasi (state police) as a means of maintaining political control over its citizens. The Stasi referred to the tactics as “Zersetzung” (German for “decomposition” or “corrosion” - a reference to the intended psychological, social, and financial effects upon the victim).

Although they are illegal in the U.S., the same covert tactics are quietly used by America’s local and federal law enforcement and intelligence agencies to suppress dissent, silence whistle-blowers, and get revenge against persons who have angered someone with connections to the public and private agencies involved.

Illegal counterintelligence operations have been perpetrated against Americans by urban police

departments in the U.S. since the late 1800s. Traditionally, the groups of mostly-undercover police officers involved are called “red squads,” although the modern official term is “Law Enforcement Intelligence Units (LEIUs).”

The most well-documented example of such operations was the FBI’s infamous Cointelpro (Counter-Intelligence Programs) under the direction of J. Edgar Hoover. Those operations ran from 1956 until 1971 when they were exposed by political activists who broke into an FBI office and obtained secret documents which they handed over to the press.

Cointelpro’s official goal was to “expose, disrupt, misdirect, discredit, or otherwise neutralize” individuals and groups deemed to be subversive.

TACTICS

As the U.S. Senate’s investigation of Cointelpro found, tactics used by the FBI included many of the methods associated with gang stalking, such as overt surveillance (stalking for psychological operations purposes). The agency even perpetrated crimes such as blackmail and assassinations.

Organized stalking methods include warrantless electronic surveillance, slander, blacklisting, and a variety of psychological operations. The latter presumably exploit findings from studies such as the notorious MK Ultra experiments conducted on American and Canadian citizens by the CIA, as well as the aforementioned psychological torture tactics refined by the Stasi. In fact, as explained in the overview below, former CIA analyst and expert on the history of U.S. spying, George O’Toole wrote about a connection between the CIA and the aforementioned LEIUs.

An organized stalking victim is systematically isolated and harassed in a manner intended to cause sustained emotional torment while creating the least-possible amount of evidence of stalking that would be visible to others. The process is sometimes referred to as “no-touch torture.” Methods are specifically chosen for their lack of easily-captured objective evidence. Perpetrators use common annoyances such as constant noise by neighbors or rude comments and abusive behavior by strangers, but on a frequent ongoing long-term basis. The cumulative effects of relentless exposure to such tactics can amount to psychological torture for the victim.

Accomplices - such as neighbors, co-workers, and even friends or relatives of the victim in some cases - are recruited to participate (often unwittingly) by counterintelligence personnel using various means, such as by telling them that the target is a potential threat or that the target is the subject of an “investigation.”

A whole set of psychological operations are perpetrated against targeted individuals. These methods, described in detail in the overview below, include such things as threats, slander, vandalism, abusive phone calls, computer hacking, tormenting the victim with noise, and “mobbing” (orchestrated verbal harassment by strangers, neighbors, or co-workers).

Accounts by numerous victims of organized stalking share common specific details - suggesting that the perpetrators are following a well-tested and standardized playbook of methods that have proven to be easily kept off of the radar of potential witnesses and the mainstream news media.

NEWS REPORTS

Note: The following published news reports are

discussed in more detail later in this overview, and accompanied by links to the original sources.

Although Edward Snowden's revelations about the National Security Agency (NSA) in 2013 and 2014 generated a great deal of public discussion about mass surveillance, U.S. domestic counterintelligence activities receive relatively little attention. This is so despite reports - such as those which follow - from sources across the political spectrum.

Published articles and anecdotal reports have appeared with increasing frequency - especially in the past decade or so - alleging that something comparable to the FBI's Cointelpro operations is still happening, although it naturally involves more advanced surveillance technology.

One of the first significant works of investigative journalism about U.S. domestic counterintelligence operations in the post-Cointelpro era appeared just 7 months after the U.S. Senate's "Church Committee" issued its final report about Cointelpro and MK Ultra.

Pulitzer Prize nominee George O'Toole, a novelist and historian who specialized in the history of American espionage, and who had worked for the CIA as an analyst, wrote an article titled "America's Secret Police Network." The article, which was published in the December 1976 issue of Penthouse, exposed a secretive quasi-governmental organization called the Association of Law Enforcement Intelligence Units (LEIU).

Although LEIUs - or "Red Squads" - have existed in America since the late 1800s, the private national network of such intelligence units that was quietly formed in the 1950s had remained - and still remains - mostly unknown to the general public. O'Toole described the group this way:

> "The organization forms a vast network of intelligence units that exchange dossiers and conduct investigations on a reciprocal basis. Several of the police departments belonging to the group have recently been caught in illegal wiretapping, burglary, and spying on the private lives of ordinary citizens. The LEIU is, in effect, a huge, private domestic-intelligence agency."

A New York Times article published in April 1979 reviewed a three-and-a-half-year study of the LEIU association by the American Friends Service Committee. The study described the LEIU as "an old-boy network" whose illegal surveillance "of groups and individuals for political purposes is continuing on a vast scale in the nation." According to the report, the widespread illegal spying posed "a grave threat to the constitutional rights of freedom of expression, due process and privacy."

A Los Angeles Times article published in September 1979 under the headline "***FBI Admits Spreading Lies About Jean Seberg***" was the lead story on the paper's front page. Seberg - a successful film actress and a political activist - had died the month before in Paris from an apparent suicide. As the Los Angeles Times reported, Seberg had been the target of a systematic campaign by the FBI to slander her.

She had also apparently been ***blacklisted and terrorized by the FBI*** using tactics associated with counterintelligence operations intended to neutralize political dissidents, such as "**black bag jobs," illegal wiretapping, and overt Stalking.**

During the 1980s and 90s a trend toward militarization began in American police departments. For example,

Special Weapons and Tactics (SWAT) teams were being created across the nation. However, relatively little news about U.S. counterintelligence operations emerged. This is not to say that illegal spying was not taking place; it just mostly stayed out of the media. A book published in 2014, L.A. Secret Police, exposed such spying in Los Angeles and explained how it was kept out of the news. Police Chief Daryl Gates apparently used threats and that blackmail to scare city council members and the Los Angeles Times away from digging into his activities.

Here is an excerpt from a description of the book:

"L.A. cops ruined lives and reputations, inflicted mindless brutality, committed murder and engaged in massive cover-ups. In Los Angeles, police corruption was much more than unmarked envelopes stuffed with cash. It was a total corruption of power. For decades LAPD engaged in massive illegal spying and lied about it. Its spying targets included politicians, movie stars, professional athletes, news reporters and anyone wielding power or those of interest to Daryl Gates."

An apparent case of organized stalking by federal agents which did appear in the news during that era was the high-profile case of a cancer research scientist named Arnold Lockshin, who fled with his family to the Soviet Union in 1986 and was granted political asylum. An article in the Gadsen Times - and other newspaper reports - in October 1986 brought national attention to the case. According to Lockshin, he and his family were being intensely harassed by agents because of the socialist political views of Lockshin and his wife. The harassment tactics included many of those associated with organized stalking: slander, spying, break-ins, threats, harassing phone calls, etc.

News reports about domestic spying and subversion in the U.S. and other Western nations became more

frequent in the post-9/11 era.

In 2004 the PBS news program NOW and Newsweek magazine both reported that the Pentagon had quietly resumed its practice of domestic spying, and suggested that "something like Cointelpro may again be at hand." Spying on civilians by the U.S. Army was one of the scandals which led to the famous Church Committee investigations by Congress in the mid-1970s.

In October 2004 the U.K newspaper The Sunday Times published an article about the use of Stasi-type psychological operations to punish whistle-blowers by MI5 - an intelligence agency with close ties to the U.S. intelligence community.

In December 2005 National Book Award winner Gloria Naylor, wrote a semi-autobiographical book in which she described her experiences as a target of organized stalking. The book's title, 1996, was the year it became apparent to Naylor that she was being stalked. Apparently, her harassment began after she had a minor dispute with a neighbor whose brother worked for the National Security Agency (NSA).

The Globe and Mail, a national newspaper in Canada, reported in May 2006 that the Canadian Security Intelligence Service (CSIS) and the Royal Canadian Mounted Police (RCMP) used organized stalking techniques (referred to as "Diffuse and Disrupt" tactics) against terrorism suspects for whom they lacked sufficient evidence to prosecute.

A cover article in The Washington Post Magazine in January 2007 by a journalist familiar with military policies and weapon systems portrayed self-proclaimed victims of gang stalking as intelligent and credible, and suggested that claims about exotic non-lethal weapons being used by the U.S. government to harass targeted

individuals were plausible.

Former CIA division chief Melvin Goodman was quoted in a June 2008 article by Jeremy Scahill in The Nation (America's oldest continuously-published weekly magazine) on the vast private contractor element of the intelligence-security community:

"My major concern is the lack of accountability, the lack of responsibility. The entire industry is essentially out of control.

It's outrageous."

A newspaper article in the Verona-Cedar Grove Times in March 2009 titled "Stalker Claims Unsettle Police" described how a self-proclaimed target of gang stalking had been distributing flyers in his former neighborhood in Verona, New Jersey, warning about organized stalking of targeted individuals. The flyers stated: "Their intention is to murder their target without getting their hands dirty. It's the perfect hate crime."

A post on the political blog Daily Kos in October 2010 alleged that intelligence agencies in the U.S., the U.K., and Canada use gang stalking (zersetzung as East Germany's Stasi called it) against targeted individuals.

A local TV news broadcast in California in January 2011 (on KION - Channel 46 and KCBA - Channel 35) featured a report about gang stalking - referred to as such by the reporters and by Lieutenant Larry Richard of the Santa Cruz Police Department.

In his February 2011 article for the Guardian, "The Dirty History of Corporate Spying," investigative reporter James Ridgeway described how corporations target people with what is, in effect, a secret private law enforcement system:

"The private detective firms working for corporations can develop information against their own targets and find eager recipients among federal and local law enforcement agencies, some of whose employees end up retiring into private-sector detective work. The corporate spy business thus amounts to a shadow para-law enforcement system that basically can get around any of the safeguards set out in the American legal system; it ought to be subject first to transparency, and then to banning."

A newspaper article in The Record and a TV report on KCRA Channel 3 in August 2011 reported that the city manager of Stockton, California was stalked by local police after a break-down in contract negotiations. The brazen tactics used by the police included purchasing the house next to that of the city manager and using it as a base for psychological operations of the sort used by counterintelligence personnel.

Florida's Pulitzer Prize-winning Sun Sentinel reported in December 2012 on the organized stalking of a police officer by other police officers and sheriff's deputies from multiple jurisdictions. The victim of the stalking had cited an off-duty police officer for reckless driving. The stalking - which included illegally snooping on the victim's private data and efforts to harass and intimidate her - was apparently done in retaliation.

An article in CounterPunch magazine in January 2013 asserted that the FBI's infamous Cointelpro operations have re-emerged in full force:

COINTELPRO IS ALIVE AND WELL.!

A June 2013 article in the Nation said this about activities by private security firms, the FBI, and the Department of Justice:

“One might think that what we are looking at is Cointelpro 2.0 - an outsourced surveillance state.

BUT IN FACT, IT'S WORSE..!

Articles in the Washington Times and Wired magazine about the September 2013 mass shooting at the Washington D.C. Navy Yard included reports of speculation that the incident resulted from the shooter having been systematically tormented by gang stalking, including tactics such as constant noise harassment.

The cover article of Fortean Times magazine in October 2013 (U.S. edition) was about “state-sponsored gangstalking.” The author, a professor from California State University Long Beach, described in detail how a former military service member who stole some equipment from the U.S. military has been relentlessly stalked by undercover operatives and psychologically tortured.

A TV news broadcast in West Virginia on 14 November 2013 (on CBS affiliate WDTV) included a report about “organized stalking” which featured two individuals from Pennsylvania who appeared to be credible and sincere, discussing their constant harassment by perpetrators using gang stalking tactics.

In November 2013, a TV and radio broadcast of Democracy Now! featured an interview with the director of the Center for Corporate Policy in which he discussed the shadowy industry of spies employed by major U.S. corporations to conduct secret - and often illegal - counterintelligence operations against critics of those corporations.

Articles published by CBS, the Daily Mail, RT, Tech Dirt, and Courthouse News Service in December 2013 reported that a U.S. government contractor filed a

lawsuit against multiple federal agencies for gang stalking him (the complaint refers to gang stalking as such). The plaintiff claims he was subjected to constant surveillance - including inside his residence and his vehicle - and constant psychological harassment from co-workers and strangers.

An article in The New Yorker in February 2014 gave a detailed account of an organized stalking campaign by a large corporation. Research biologist Tyrone Hayes discovered some disturbing effects from a pesticide made by the agribusiness corporation Syngenta. When he refused to keep quiet about it, the corporation's goon squad began slandering him to discredit him. They also stalked him, hacked his emails, and threatened him for more than a decade.

A report on the ABC News TV program 20/20 - and an article in the Daily Mail - in May 2014 chronicled the ordeal of a couple in Hubbard, Ohio who were systematically harassed for 7 years in a vengeance campaign orchestrated by the town's fire chief. Apparently, the fire chief was angry at the couple because of a real estate dispute, so he enlisted the help of other firefighters, police officers, and local residents to perpetrate a campaign of constant vehicle horn honking outside the couple's home. The harassment - which the couple thoroughly documented on video - resulted in legal claims which were still pending at the time of the news reports.

DISINFORMATION

Just once during my lifetime, I'd like to see a liar's pants actually catch on fire. In addition to the use of covert methods, another factor contributing to the low profile of organized stalking in the media is a disinformation campaign - a common tactic in counterintelligence operations. In the case of organized

stalking, the disinformation is mainly intended to mitigate exposure of the program.

Toward that end the Internet has been flooded with websites and forum comments about gang stalking that falsely purport to be from self-proclaimed victims of organized stalking, making irrational claims - references to demons and such. The intended effect is to convey the impression that everyone who claims to be targeted by gang stalking is simply delusional.

An additional disinformation strategy has been the establishment of front groups - most notably, FFCHS (Freedom From Covert Harassment and Surveillance) - ostensibly a gang stalking victims support group, but actually an organization run by counterintelligence operatives.

by Timothy Snow January 31, 2023 Covertly gangstalked in Hollywood, CA on a Federal Level since May 2022. It's just me, myself & I.

Temple of Set was actually a front-organization created by a military official to harass others through usage of said cult members

Memo for file Dated July 1,1981 File # 81-776 Intelligence: Temple of Set History: July 1981

The Temple of Set is a satanic group -under the leadership of Michael A. Aquino. It is a splinter spin off group from Anton LaVey's Church of Satan in San Francisco. They separated from LeVey's organization when that organization was undergoing a metamorphis

in 1975. It is a small group but nonetheless has several hundred members and operates on a National level.

Aquino is the official head of the organization and rules the organization through a council of nine, who are in fact his chief lieutenants.

An interesting aspect of the Temple of Set is its seeming obsession with the military. One aspect of this obsession is the group' s fascination with the Nazi movement with manv of them wearing, on occasion, World War II German uniforms and insignia. A more sinister aspect of their military fascination is in the fact that Michael Aquino holds a comission as a major in the U.S. Army reserve with his military specialty being Military Intelligence. He purports to his members that he reports directly to the Joint Chiefs of Staff. This is probably a gross exaggeration but it is a fact that he holds a major's cornmission and deals in the area Of Military Intelligence. Two of his lieutenants. a female named Willie Browning is also a Captain in the U.S. Army Reserve in an Intelligence Unit out of Los Angeles. Another lieutenant in his group is a reserve U.S. Army officer named Dennis Mann. He too is involved in Intelligence activities .

Aquino, Michael A.

Michael Aquino, as previously stated, is the espoused head of the Temple of Set. He is apparently well educated and holds a PhD in Political Science, and is a Professor at Golden Gate College in San Francisco. His specialty is Western European Political Affairs. Aquino resides on Leavenworth St. in San Francisco. the number s believed to be 2430. He resides at that address with his girlfriend, children of his girlfriends and his mother. His father, separated from the family some time ago and lives in Southern California.

Allegedly, Aquino has sexual identity problems and is known to frequent prostitutes in San Francisco in order to become involved in various forms of Sadomasochistic sexual activities. It is believed Chac Aquino is bi-sexual.

Projections

While the Temple Of Set was always by definition somewhat bizarre. it seems to be going through its own form of metamorphosis. Thev are returning to the practice of holding Black Masses. one temple of Set of which is scheduled for July 1981 in San Francisco, (at an unknown hotel on Fisherman's Wharf) .

It is also rumored that the group is becoming potentially more and more violent as it recruits the less intellectual and more undesirable level of people such as some former members of Hell's Angels and similar motorcycle gangs.

It is also rumored that they are starting to engage in animal sacrifices. Additionally, Aquino is speaking within the organization, that the time has come for him to make his political moves. This is probably in relation to his position in the Army reserve.

End of memo

The Temple of Set likely had a capability to draw from elements of the community unconcerned with harm to animals, etc., and find those with psychotic dispositions open to killing humans.

Joint Chiefs of Staff CHAIRMAN: 1981-1982: Gen. David C. Jones 1982-1985: Gen. John W. Vessey Jr. 1986-1988: Adm. William J. Crowe Jr. ARMY CHIEF OF STAFF: 1981-1983: Gen. Edward C. Meyer 1984-1987: Gen. John A. Wickham 1988:

Deep State By WikiSpooks

Not to be confused with the Supranational Deep State, a.k.a. The Deep State*, the informal working coalition of deep state groups.*

The **deep state** (loosely synonymous with the **shadow government**, or more rarely **permanent government** or **permanent state**) is in contrast to the public structures which *appear* to be directing individual nation states. It is an intensely secretive, informal, fluid network of deep politicians whose deep state factions effectively amplify their influence over national governments.

Etymology and usage

The phrase "deep state" derives from the Turkish "derin devlet". It emerged after the 1996 Susurluk car crash unmasked the Turkish deep state. Back in the 2000s and early 2010s, it was used by only a few commentators, sometimes within

quotation marks. It experienced a surge of use in 2017, often not in keeping with the meaning attributed by the diplomat who coined the phrase.

Official Narrative

here
The 1996 Susurluk car crash, the deep event which lead to the coining of the phrase "deep state".

The official narrative of deep states used to be that they were "conspiracy theory". This position was modified in the last few years to the claim that they don't exist *here*. In 2013 the *New York Times* defined the deep state as "*a hard-to-perceive level of government or super-control that exists regardless of elections and that may thwart popular movements or radical change. Some have said that Egypt is being manipulated by its deep state.*" Since the *Times* (like the rest of the commercially-controlled media) is more or less a under the control of the deep state, such a mention is very interesting. The implication of the second half of their definition is clear:- countries other than Egypt are *not* being manipulated by a deep state. A 2012 blog post at the World Bank is clearer still:- "*You think your country has undergone a transition to democracy... You realize that there are powerful elite formations bequeathed by years, even decades, of authoritarian rule still able to block progressive change and protect their interests.*" The statement that "*deep states that exist in many youngish 'democracies'*" avoids discussion of nation states which have long claimed to be democracies.. A 2013 book entitled "*Deep State*" would soften the term, making no mention of false flag attacks and bemoaning 9-11 "conspiracy theorists".

2017 Popularisation

> *Full article: here Deep state/2017*

Popularisation

The phrase "deep state" experienced a huge rise in usage after the election of Donald Trump. In March 2017, in particular, corporate media outlets all seemed to be offering contradictory ideas about what the term might mean, some denying its applicability to the US (arguing that "There is no American Deep State... it just looks like there is") others suggesting that it's synonymous with "civil service", or even contradicting the original meaning by suggesting it was politically partisan. This is an interesting development given the mound of evidence that the deep state controls corporate media.

Democratic façade

here

Since the early 19th and particularly in the 20th century, deep states in many nation states have worked to maintain a cover of party politics, focusing on personalities of individual politicians or issue of identity politics.

> "Although elected representatives are supposed to be the ruling power we see them coming and going while the true powers in our lives - political parties, bureaucracies, business corporations, the media, institutions of law and justice, quangos, international treaty agreements, financial systems, regulators etcetera - get on with business."
> *Ivo Mosley (2013)*

This façade was by and large successful at hiding the real business of deep politics from public scrutiny. In the 21st century, in spite of massive consolidation of corporate media, this veil is proving increasingly thin as deep state milieux, formerly only the stuff of rumour, are now increasingly well documented with photos, videos and leaked documents all online.

Organisation

The core of deep state groups and deep state milieu could be summarised by Dwight Eisenhower's "Military-industrial-congressional complex", although intelligence agencies are essential to their functioning. They are made up of the *real leadership* - note that an organisation's *de facto* leaders may well different from its *de jure* leaders (especially a regards spooks where compartmentalization and a culture of secrecy facilitate such duplicity, and high ranking officials may be retained as patsies,

- intelligence agencies
- deep politicians and their henchmen, i.e. individuals who control deep state factions and who broker agreements between other members of the deep state.
- Some senior or long-standing non-elected officials within government (e.g. top civil servants);
- Selected individuals with effective control of key commercial, military and/or criminal groups in:
    - The "defence" and "counter-terrorism" industries;

- The financial sector;
- The Corporate media, although technological change is rapidly eroding the importance of this sector, which is losing its role to the tech giants such as Google and Facebook.

Supranational Nature

> *Full article: Supranational Deep State*

here

Deep states often evolved as secret cabals to control particular nation states. However, although originating in particular localities, the corruption of governments has globalised as have other enterprises, resulting in an ever wider interlocking of deep state factions in the 21st century. A 2010 paper by Peter Dale Scott refers to "A *Supranational* Deep State", noting how their international integration effectively allows deep states to evade even the limited control national governments had in the early 20th century. Post 9-11, most deep state groups are members of an informal alliance known on this website as the Supranational Deep State. The need for secrecy has lead to extreme compartmentalisation, promotes infighting and hampers its effective control any of the deep state groups which make it up, possibly driving the 2020 lurch towards a global control grid with strict technological controls on freedom of speech and freedom of movement.

Deep state milieux

> *Full article: Deep state milieu*

Deep state milieux, such as the (formerly very secret) Bilderberg group are organs of the deep state, places where deep state operatives can meet up, away from public scrutiny, and make plans. This is *not* to say that all visitors to such groups are members of, or even cognisant of, deep state operations; such groups also provide a place where potential members can be subject to evaluation - 1967 of the 3015 visitors to the Bilderberg only visited once.

Fluid nature

Power relations between deep politicians remain fluid, so deep states should not be be seen as alternative power *structures* to the visible organisational structures which they dominate. Relationships between Mafia families offer a suitable parallel, combining an often uneasy cooperation with occasional violent and sudden change. All deep state groups share share a common interest in preventing exposure of the *real* goings on behind the facade of electoral politics, so even violently opposed factions can cooperate to hide the true nature of deep events.

Activities

In 1977, deep state operative Edwin Wilson sold about 20,000 kg of plastic explosives to Libya, together with training in bomb making from US green berets. The report of the 1986 Bilderberg charged that "Libya is the principal sponsor of terrorism. It

finances terrorist acts, it trains terrorist groups, it supplies arms, ammunition, passports and other documents to terrorists, and it uses its embassies, so-called peoples' bureaus, as weapons storehouses and sanctuaries for terrorists. Recently, Libya has been escalating its involvement in terrorism."

Deep states are probably dominated by psychopaths and sociopaths. To preserve their power, they must not only stay in the shadows, but frustrate radical and progressive social change. Control of corporate media is essential to the effective operation of the deep state. In the US this is effected through deep state control of the CIA, which has huge influence over big media. With the apparatus of nation states under their control, their subterfuges can be elaborate and complex. Like Mafia families, deep state groups have a common interest in hiding their existence at all costs, leading to cooperation in times of crisis. As a Turkish cartoon put it in 1997 "Deep state protects its own."

Deep Politics

> *Full article: Deep Politics*

"Deep Politics" is a term coined by Peter Dale Scott to describe the activities and issues of importance to the agents of the deep state. These may be only indirectly seen as connected to "politics"; in most countries of the world today, party politics is more or less used as a veneer to *obscure* the *real* considerations. In contrast to multiple levels of publicly aired political considerations, deep political motives are sometimes much simpler; Charlotte Denett, for example, suggests that the deep politics of WW1 and WW2 actually centered on control of the Middle East's resources of oil and natural gas.

Deep Events

> *Full article: Deep Events*

Deep Events are the footprints of the deep state. Peter Dale Scott specifies 3 levels:

1. *Low level deep events*, typically unnoticed at the time, are discovered only as part of later investigations.

2. *Mid level deep events*, typically accompanied by a set of cover stories to obscure their deep political significance.

3. *Structural deep events*, rare and ambitious, which to try to change entire societies, sometimes without them even knowing it.

The defining structural deep events of the late 20th century was the JFK Assassination, a coup d'etat that radically changed the US political scene. which the establishment presented it to US citizens as the work of a "lone nut".

The defining structural deep event of the 21st century was the 9/11 attacks, which the perpetual war known as the "War on Terror". Details such as Larry Silverstein's multi-billion dollar windfall and the insider trading are widely known, but evidence is accumulating that these were but minor parts of much larger suite of financial frauds carried out by deep political insiders who capitalised on the opportunity.

Alternate usage

In 2021 Peter Koenig headlined an article *The Covid Deep State: Threats, Vaccine Injuries and Deaths Abound No Compensation. No Justice*. He introduces the article by explaining that “What can now be called “Covid Deep State” - the same “superior and super-rich elite” buys practically all the mainstream media - television, radio and print - in basically all the 193 UN member countries. Looks like there is no escape. That’s what they would like. That’s why the entire world had to be locked down for the virus at once on or around the 15th of March 2020.”

Cultural references

The second series of Douglas Adams' *Hitchhiker's Guide To The Galaxy* concludes with the protagonists having finally located the ruler of the universe (a.k.a. the "man in the shack") who makes the *real* decisions that are ascribed to the President of The Galaxy. The posthumously produced series three of the radio series (produced after Adams' death) diffuses this plot by suggesting that this was a psychotic episode. In the (later) radio adaptation Trillian describes the idea of the secret ruler of the universe as a "conspiracy theory".

Examples

Page name	Description
Ancient Rome/Deep state	The Ancient Roman Deep State
Australia/Deep state	The Australian deep state appears to be closely controlled from London/ Washington. It has been using

	the country as a test-ground for emerging social control legislation

Europe/Deep state	As a highly secretive, long established deep state milieu, Le Cercle, has been active Europe wide in political subversion
Finland/Deep state	The Finnish deep state is currently influenced by the WEF
France/Deep state	The French deep state, closely collaborating with Supranational Deep State policy since 2001
Germany/Deep state	Taken over by the US/UK deep state after the German defeat in WW2. A high profile public "denazification" was used to hide the high degree of deep state continuity
Greece/Deep state	The Greek deep state
Israel/Deep state	The Israeli Deep state is important and highly influential, but not well documented
Italy/Deep state	The Italian deep state, post-WW II, centered on the

	Operation Gladio network run through NATO and heavily influenced by the CIA and MI6
Japan/Deep state	The Japanese deep state was rebooted by the US deep state after the Japanese defeat in WW2. [1][2] The Japanese government took a much more careful line than other countries as regards the COVID jabs
Netherlands/Deep state	Closely allies to the US Deep state. Leader and strange enabler (after banning it after World War II) of the EU-illegal drug trade headed from Amsterdam. Known for Bernhard von Biesterfeld and his involvement in developing Bilderberg and the 1001 club, and a possible sex cult and crime syndicate surrounding the royal family. Since the 2010s led by deep politicians and their consultants in NATO and EU institutes
Norway/Deep state	The Norwegian Deep state used operation Gladio era cells in the 20th century, and contains members of the Norwegian Shipowners' Association
Poland/Deep state	The Polish deep state
Romania/Deep state	The Romanian deep state is not yet well documented here. Ion Iliescu, the only known Romanian visitor to Le

	Cercle, was President of Romania for over a decade
Russia/Deep state	The Russian Deep State. Unlike the western deep states, this one is allowed as topic in corporate media
SDS	Since the 1970s, formerly separate deep states have integrated and now routinely conspire to subvert governments and international organisations. The collective effort to cover-up 9/11 saw this emerging supergroup fuse into a single *Supra*national Deep State, one with direct control over governments, central banks and global trafficking of drugs, weapons, people etc. Its reliance on deception, however, continues to make its long term prospects far from certain
Saudi Arabia/Deep state	Not well documented here
Serbia/Deep state	The Serbian deep state, not very well documented here, but exposed by the 6th Integrity Initiative Leak
South Africa/Deep state	The South African deep state was installed by the Milner Group and anwered to London. The group hosted many meetings of Le Cercle and is believed to have carried out assassinations for the Supranational Deep State
South Korea/Deep state	Another deep state founded by the US
Spain/Deep state	The Spanish deep state

Sweden/Deep state	The Swedish deep state involves the Wallenberg family and Wallenberg sphere
Switzerland/Deep state	Switzerland is the place for significant deep state activities. Houses the BIS
Turkey/Deep state	'Derin devlet' is a deep state network based in Turkey. Repeated indiscretions resulted in its partial exposure, leading to the English phrase 'deep state' to refer to the phenomenon of a 'state-within-a-state or 'shadow government'
UK/Deep state	The British empire has long been influenced by various mostly unseen forces. These are being increasingly exposed in the 21st century. After WWI, the UK deep state increasingly came under the influence of the US deep state
US/Deep state	The US deep state goes back centuries, but its modern configuration is fairly easily traced back to the 1963 coup which fused an alliance into a single coherent Cabal. Under the leadership of George H. W. Bush after the Watergate coup, the group became centered on the Bush family. It has been aggressively waging a "War On Terror" since 9-11 quickened the supranational deep state. In recent years it has lacked

	clear leadership and suffered leaks, infighting, short-termism & confusion about handling its increasingly public profile.

	experts […] I now feel we should spend less time on the distracting national puppet show and more time thinking about what I might delicately call the deeper sources of authority."		
Malcolm Muggeridge	"In the eyes of posterity it will inevitably seem that, in safeguarding our freedom, we destroyed it. The vast clandestine apparatus we built up to prove our enemies' resources and intentions only served in the end to confuse our own purposes; that practice of deceiving others for the good of the state led infallibly to our deceiving	Malcolm Muggeridge	May 1966

	ourselves; and that vast army of clandestine personnel built up to execute these purposes were soon caught up in the web of their own sick fantasies, with disastrous consequences for them and us.”		
Peggy Noonan	“I have come to wonder if we don’t have what amounts to a deep state within the outer state in the U.S. - a deep state consisting of our intelligence and security agencies, which are so vast and far-flung in their efforts that they themselves don’t fully know who’s in charge and what everyone else is doing.”	Peggy Noonan	28 October 2013

Michael Parenti	“When change threatens to rule, then the rules are changed.”	Michael Parenti	
Theodore Roosevelt	“Behind the ostensible government sits enthroned an invisible government owing no allegiance and acknowledging no responsibility to the people. To destroy this invisible government, to befoul the unholy alliance between corrupt business and corrupt politics is the first task of the statesmanship of the day.”	Theodore Roosevelt	
Leo Tolstoy	“When he entered, Prince Andrew, his eyes drooping contemptuously (with that peculiar expression of polite	Leo Tolstoy	1869

weariness which plainly says, "If it were not my duty I would not talk to you for a moment"), was listening to an old Russian general with decorations, who stood very erect, almost on tiptoe, with a soldier's obsequious expression on his purple face, reporting something. At that moment Boris clearly realized what he had before surmised, that in the army, besides the subordination and discipline prescribed in the military code, which he and the others knew in the regiment, there was another, more

important, subordination, which made this tight-laced, purple-faced general wait respectfully while Captain Prince Andrew, for his own pleasure, chose to chat with Lieutenant Drubetskoy. More than ever was Boris resolved to serve in future not according to the written code, but under this unwritten law. He felt now that merely by having been recommended to Prince Andrew he had already risen above the general who at the front had the power to annihilate him, a lieutenant of

	the Guards. Prince Andrew came up to him and took his hand." "Very well, then, be so good as to wait," said Prince Andrew to the general, in Russian, speaking with the French intonation he affected when he wished to speak contemptuously, and noticing Boris, Prince Andrew, paying no more heed to the general who ran after him imploring him to hear something more, nodded and turned to him with a cheerful smile.		
US/Deep state	<nowiki>"I join with those who assess the decay of the so-called Pax Americana into ever widening arms build-ups and military violence, in the light of the very similar decay a century ago of the so-called Pax Brittanica. We need to rescind policies that are as visibly detrimental to America and the world today as they were to Britain	Peter Dale Scott	2015

then. The problem is that Amnerican institutions are again in the grip of collective mania, as they were in the Palmer raids of 1919 and the McCarthy persecutions of the early 1950s. People outside government must work for a redirection of the U.S. government away from mania and illegality, like the awakening that ends the McCarthy era. But to regain control of politics, Americans must learn to understand and cope with the dark forces of the deep state.

America, I try to suggest at

	the end [of *The American Deep State*] has like Britain far more to contribute to the world than violent power."</nowiki>

A "deep state" is a group with covert *de facto* control of a nation state. Just as monarchies often had a "power behind the throne", so democracies similarly have an unacknowledged secret hand with a greater or lesser degree of control over decisions taken. This website uses the phrase "Deep State" (capital D, capital S) as a shorthand to refer to the *Supra*national Deep State, the global alliance of deep states which was fused by 9/11.

Wikispooks is an open source encyclopaedia of deep politics. This page is for those readers familiar with its contents who who would like to become editors. It clarifies Wikispooks' expectations of those who apply for editing permissions.

Contents

- 1 Introduction
- 2 Core principles
- 3 Good faith
- 4 Application Guidelines
- 5 References

Introduction

Wikispooks is one of many reactions to the ever more blatant

hypocrisies of the "Establishment" worldview. Aggressive use of commercially-controlled media and scientifically researched projects to socially engineer a passive population have meant that 'Anglo-American-Euro-NATO' friendly announcements are often accompanied only by the most superficial of justifications, whereas challenges to their official narratives are vigorously opposed on principle, whatever the facts of the case. Wikispooks is for red pillers to critically reflect on these "Official narratives", to compile relevant evidence, exchange opinons and bounce ideas off like minds.

Core principles

Wikispooks concurs that:

1. "all power tends to corrupt and absolute power corrupts absolutely"

Wikispooks suggests further that:

1. both "Official narratives" and "Official *opposition* narratives" are always more-or-less in service to the establishment by deflecting attention from the real events, actors and their true motivations;

2. early 21st century party politics is nothing more than a convenient cover for the real business of deep politics which is rarely if ever investigated by the commercially-controlled media, which are more or less completely controlled by agents of the deep state;

3. whilst there are good people everywhere, large hierarchical organisations (such as national governments

and multi-national corporations) are prone to domination by psychopaths and sociopaths, and so their pronouncements must be regarded as highly suspect at best;

4. the early 21st century is witnessing an end-game push towards a globalised corporate capitalism. As this Orwellian "New World Order" aspires to absolute power, it embraces absolute corruption.

Wikispooks admonishes that:

1. Establishment-sponsored "official narratives" are already vastly overrepresented and this site is for their *critical investigation*, not their defense or promulgation.

2. The above principles are central to Wikispooks' purpose. This website has only one page on which they are debatable: this talk page.

3. Anyone editing the encyclopaedia in such a way as to purposely question or oppose these core principles will forfeit further site involvement in short order.

Good faith

[image]

Each of us has limited experience, so our opinions are necessarily biased and our knowledge to a certain extent flawed. We can however act in *good faith*. In our conduct on the site, Wikispooks editors agree to subjugate local affiliations of race, creed, national, tribal, cultural or other parochial identities to the following:

1. *Our Common Humanity*: **"We are all one."**

2. *The Golden Rule:* **"We treat others as we hope to be treated by them."**

Application Guidelines

Screening of editor applications is somewhat stringent since protection of the site's integrity is a high priority. ***Most applications are declined*** *- if you wish to become an editor you will be expected to spend some time on it.* Read the Wikispooks:Policy before you apply. Applications which contain grammatical errors, or those which do not mention *why* you wish to become an editor and what sort of edits you plan on doing *will be rejected. We will expect you to identify yourself, include something about your background, and have published online and for your application to link to that.*

If you have applied before, you *may* re-apply, but you should mention this fact. Also, please mention in your application if there is a page on this site that mentions you, a document you have helped create, or if you plan on creating a page about yourself.

We do not welcome anonymous/pseudonymous applications, those intended for self-promotion or applications carried out at the request of a third party.
If you are in agreement with the intent of Wikispooks and wish to contribute, subject to the guidelines outlined above, you are invited to apply for a Login.

1. ↑ The nature of the modern Corporation, as essentially psychopathic, is apposite (see this Media-Lens article), as is the necessity for psychopathy in an individual as sine-qua-non for the acquisition and exercise of power at senior Nation State level.

Tara's Story is Ed's Story is Ted's Story

The Numbers are astronomical, the decades and daily attacks of system of petty theives and petty people operationg in effect under color of law as State assets to sabotage and harrass my life

Much of my life if not all of my adult life has been exhausted trying to cope with covert government harassment. The sophisticated methods use fabrications, staged and deceitful optics acted out in public, coordinated lying and conspiracy against rights via dirty tricks.

The smear campaigns that include break-ins to plant evidence rather than retrieve it and shills moved in to adjoining apartments as real neighbors are moved out create a marionette string operated hecklers and provocateurs moving in and outnumbering a victim both numerically and how well placed the under-cover operation is in the support it has.

If the real life Tara Moore is still alive (and she feared for her life) her experiences here recited by her lawyer show the same system of attack she experience that I have experienced. That attack being the kind of false allegations of sexual misconduct made predatorially rather than factually.

An anology in fiction. Law And Order Special Victims Unit - Taken Episode aired Dec 15, 2000 Plot Summary: When a young female reports a brutal rape during a hotel's grand opening, the police investigates the details of the attack to pin down their suspect, who has a prior conviction for statutory rape. Director Michael Fields Writers Dick Wolf, Dawn DeNoon, Lisa Marie Petersen, Stars Christopher Meloni, Mariska Hargitay, Richard Belzer

The “special victim” is a former underage girl rapist and

himself under age. At his age 17 a con team (grifters) know his background and fake a **Deep Pockets civil complaint against the hotel** employing him at very low wages, the brand new well financed hotel will have to pay-out because it carelessly hired him. With the detectives on the case they find the female victim was a fake, the team creating the compliant a con artist team. Stabler and his partner plead the grifters to a minor or civil charge and the grifters agree. Then Stabler and his partner arrest the grifters on serious charges right in front of the judge for felony involvement in his wrongful death in custody, attacked as a sex offender after the sex offender allegations made it around as romours during detention. After the KOMPROMAT is placed the lynch mobs are stoked by police.

I Edward Paul Donegan have been black-listed from housing and other resources as police harassment (motivated by undermining me and my book writing) as a smear campaign plants seeming children victims of me and while illegally in my apartment in my absence cutting peep holes in the drapes facing out into the yards or parks, etc.,

Fabricated allegations also drive attacks on me.

In this book I Edward Paul Donegan and Ted Gunderson and Jen Moore have been harassed, poisoned, and threatened over my families history and this includes McMartin School and Franklin Nebraska, the CIA at ATSUGI, the Cold War, and the Kennedy and Donegan family interlinked from Boston to Patrica and Peter Lawford in Los Angeles County.

Ted Gunderson and Jen Moore both asserted illgal stalker teams gave death threats, deadly assaults, and attacks up to and including poisoning in order to silence their stories they assert tie to JFK.

I am being pilloried over sexual interest in minors buttocks and cut-off I street solicitation and exploitation of others I do not have but why?

No Ordinary Stalking

Organized stalking is carried out by an enthusiastic and structured group that has cruel intentions: stalk, harass, injure, financially ruin, and mentally crumple human prey until incapacitation occurs. What sets this crime apart is that innocents are picked off the street. There is no getting away from the stalkers and no getting away from the unusual technology that is used to take over someone's life.

"For the first couple of months," says June, "I thought it was a sick game. Now that I've been tormented for years, well, it's clear that organized stalking is a sophisticated crime that follows a step-by-step process to leave the victim as bare and isolated as the dead tree on the cover. He or she may still be standing, but that's about it.

"I'll sum it up this way. Veiled intimidation ensures that targeted individuals are viewed by the public as free people, which they are not. They are playthings to their controllers. Hostages in plain sight. Victims are quite literally owned yet have limited chance of rescue because their desperate circumstances are misunderstood.

Some die from the violence. Some die from suicide. And the rest merely exist."

Organized Stalking is worldwide and is called gang stalking in some areas. The electronic harassment that accompanies organized stalking is also known as covert harassment.

At least 30k attacks on me since 1992 in public and private

and no less than 100 open death threat to me in the last 10 years as I try to write. Most attacks undermining anywhere I write my books or have a home office, eroding use of office. It is the Jean Hill last witness story 1000 times over.

The purpose of destroying lives with cover criminal harassment using techniques all the way up to radiologically and other poisonings is the eliminate any martyrdom of fame; simply humiliate a person in society as pedophile, schizophrenic, any form of loser, homeless person, psych ward escapee, and insure over time the smear is effective enough to ensure person behind a dumpster is run of the mill street person, not someone the most elite in society are terrified of.

I have likened the entire plan to have landlords others drive me out because I am a peeper (when I am not but the Gangsalk manufactures this) and leaving me in skid row homeless shelters under black and white assault and loss of all belongings over and over again to the Law and Order Special Victims Unit episode *Taken*.

Gaslighting has repeatedly left me homeless unhealthy with little communications or hygeine or privacy and under attack by skid row thugs as a bag man in 100 degree heat. All allegations are in some way false and on fabrications of appearances and not reality.

It is exactly the acts of people like Jim Vocelka who take the deal to evict me, profit from it, or help others too, then leave me in homeless shelters where I am said to be there out of mental incompetence needing Social Services representation.

Jim Volcelka intentionally and knowingly engaged in coached fraudulent acts to make me seem intellectually retarded thus needing conservancy as well as faked allegations the layer of conservancy would then pay out as claims though the claims were staged frauds.

"Gaslighting" is the act of moving things around in home when

the person is not there such as the location of furniture, etc.,

Stalking a person is most distressing when the Stalker proves to the Stalked person the Stalker has gained access to details of their life, home, etc.,

Gas lighting got its name when a husband in a movie toyed with the mind of his wife saying the gas was off but then in an out of place way lit a gas lamp that should not have worked.

Coming home as I repeatedly did to find my underwear gone, altered, left outdoors, my drapes cut with peepholes, damaged items not damaged when I left, etc., were a particular subset of Gaslighting, staging fraudulent appearances that will both defame and injure me and my reputation but give others a pretext for retaliation against me for what was staged in the Gaslighting.

That first veiled aggression is creating a phony allegation or the visual support for a phony allegation that then opens the door literarly for a retaliation over the phony allegation.

Tara Moore harassed by the GOP mayor and owner of her building is from Weymouth the Town of Presidents. There are 8.67 miles from Weymouth to Dorchester in northwest direction and 12 miles (19.31 kilometers) by car, following the MA 3 route. Dorchester is where my father Jim Donegan was born and the Kennedy's are from, all part of Cape Cod area South Boston, Columbia Point out into Cape Cod, the Brookline area of town, etc,

Abigail Adams was from there, the Kennedys, long history going back to he Boston Tea Party and fighting of the British and Boston Harbor.

As she was violently stalked and attacked in here bathroom through the walls and vets as she showered, used the toilet, etc., same with me) she wondered how insensitive to the important history this could happen in this area, police

misconduct. I wondered in astonishment in Washington D.C. area Arlington County Bolston Stop WMATA incredibly KOMPROMAT hate crime could be successfully conducted out in the open.

Excuse me it is Quincy as I look at her tweets. Quincy, MA Called the "City of Presidents" and "Birthplace of the American Dream", Quincy is the birthplace of the second and sixth U.S. Presidents, John Adams and his son, John Quincy Adams. Rich in historic treasures, Quincy's impressive past remains vibrant today as the city lays claim to an exciting future.

> Broken hearted Tara Moore this could be happening. "Was haunted, harassed and stalked out of here to her 68 BEALE STREET QUINCY MASSACHUSETTS USA IN THE CITY OF PRESIDENTS~ TJM or America💔...🏻💝" 9:51 PM · Dec 2, 2021 https://twitter.com/TaraJMoore76/status/1466616168916082690?s=20

These Stalks were not in spite of the importance of the area, but because of them and the histories.

In my last few days of MacLamar property 1001 N. Water St. I spent nights with kitchen knives with me, my mattress pulled to the center of the apartment, the far side of the room from the windows, and furniture arranged to slow intruder entrance into the apartment.

Police assisted break-ins and other threats were a constant as hostile "snicth" neighbors of street gangs were moved next to me.

This is the life of Ted Gunderson whose daughter was shot at through her window after Ted Gunderson had received threats to that affect in advance and later as well. The bullet-hole was photographed and document and Ted was no slouch in being

able to collect and research the evidence.

Tar Moore was agoraphobic, a fear of being outside and even being in fear of being in her apartment. We shared that in common and talked on Twitter about Stalkers and the Government operating through landlord office fronts.

Here is what a lawyer responding to her situation had to say, and at least in my case there was a 25 year plus at least history of every place I lived in custody of or out being exactly the same.

When some people go to bed they feel safe, alone, or with their partner. I don't think I have sensed tat in 25 years and I am not meant to, the stalkers are out their and on a mission to prove that to me at all times.

Robert L. Hedlund (born July 12, 1961) is an American businessman and politician serving as the mayor of Weymouth, Massachusetts. He was formerly a member of the Massachusetts Senate representing the Plymouth and Norfolk District.

Re: Tara Moore, 275 Lake Street, Unit 3,
Weymoutl, MA 02189, Docket # 1756SU000273

Dear Attomey Baldassini

I recently made the acquaintance of Tara Moore, supra, and all I can say is that I was astonished by the story she told me about her landlord/tenant relationship with your client Robert L. Hedlund, of 54 Longwood Road, Weymouth, who is also the current mayor of Weymouth. Mr. Hedlund is the registered owner of a corporation known as HWO, LLC (aka Hediund World Order, LLC), which limited liability corporation owns the subject property.

I am going to cut right to the chase by saying 1): that I find it incredulous that a seasoned attorney like you would participate in what amounts to taking advantage of a disabled woman (diagnosed with Panic Disorder, without Agoraphobia), who is also a recovering addict and who was not advised by or apprised of her rights to counsel in her dealings with you or your cfient, and 2): having seen pictures of the living conditions she has had to endure in her tenancy would be indicative of what a Weymouth slumlord would likely provide to his or her tenants. That the Boston Housing Authority (BHA) participates in the tenant's lease by almost $1 ,200 a month and has done little, if anything, to order your client to correct the glaring deficiencies over a long period of time is astonishing as well probably criminal at least in my mind.

From what I can see your client has also engaged in a pattern of harassment, violating MGL c. 264, S 34A (a) and prowling, the prowling incident admitted on his TV show, "*Ask the Mayor*" on April 6, 2017. If you would like I will provide you with the time stamp information from the show.

I am enclosing herewith a contact sheet with pictures of the premises Ms. Moore leases from your client. The term utterly disgusting really does not fit its description. That you, client and the BHA could care less is appalling and the eviction notice you sent her, without being represented by counsel, has damaged her chances of finding an apartment or condo for her her daughter.

She has already been denied by Weymouth Place: recommended by your client .

That Ms. Moore and her daughter would have to live on the street is apparently not your issue.

Without further ado I am going to print seven copies of the contact sheet: one for you; one for your client; one for the BHA; one for the local Board of Health; one for Judge Coven; one for the Governors Opioid Task Force and one for District Attorney Michael Morrissey to see what they think about the situation and your ruthless representation for an obvious slumlord.

cc: Robert L. Hedlund; Cheryl Hill, BHA; Daniel McCormickt Weymouth BOH; Hon Judge Mark S Coven, Quincy District Court; Governor Charles D. Baker; Dist Atty. Michael Morrissey Disabled Persons Protection Commission, the Patriot Ledger; Boston Globe and Boston Herald'

Stasi is German for "Vee Say Vee Didn't Do Nothing"

Just agree with them and move along.

Zersetzung (Decomposition of a person 'Targeted' by Espionage Agencies retrieved from Wikipedia and copied or modified to here

The Ministry for State Security (German: Ministerium für Staatssicherheit, German: or State Security Service (Staatssicherheitsdienst, SSD), commonly known as the Stasi was the official state security service of the German Democratic Republic (East Germany, GDR) from 1950 to 1990. It has been described as one of the most effective and repressive intelligence and secret police agencies to have ever existed.

Zersetzung (Decomposition of Targeted persons life by hidden hands)

By the 1970s, the Stasi had decided that the methods of overt persecution that had been employed up to that time, such as arrest and torture, were too crude and obvious. Such forms of oppression were drawing significant international condemnation.

.

The Stasi perfected the technique of psychological harassment of perceived enemies known as Zersetzung a term borrowed from chemistry which literally means "decomposition".

…the Stasi often used a method which was really diabolic. It was called Zersetzung, and it's described in another guideline. The word is difficult to translate because it means originally "biodegradation". But actually, it's a quite accurate description. The goal was to destroy secretly the self-confidence of people, psychiatric drive them into fights or violent emotions, for example by damaging their reputation, by organizing failures in their work, and by destroying their personal relationships. Considering this, East Germany was a very modern dictatorship. The Stasi didn't try to arrest every dissident. It preferred to paralyze them, and it could do so because it had access to so much personal information and to so many institutions.

Various people are harassed in a manner based upon the specific person being targeted i.e. they were tailored based upon the target's psychology and life situation. Ed Donegan notes Veronica Hoffman was a Jewish artist was driven into a psych ward after being framed in a lark wearing Nazi clothes and being around Alt Right Lyndon Larouche anti Semites association themselves with the proximity of her.

Tactics employed under Zersetzung usually involved the disruption of the victim's private or family life. This often included psychological attacks, such as breaking into their home and subtly manipulating the contents, in a form of gaslighting i.e. moving furniture around, altering the timing of an alarm, removing pictures from walls, or replacing one variety of tea with another etc.

Organized stalking methods were used extensively by communist East Germany's **Stasi** (state police) as a means of maintaining political control over its citizens. The Stasi referred to the tactics as *"Zersetzung" (German for "decomposition" or "corrosion"* - a reference to the **intended psychological, social, and financial effects upon the targeted victim)**.

It is why Edward Snowden realizing the NSA level of activities to gain Social Control over the United States of America left the USA later defecting to Russia for his own safety.

Also called "fixers," "plumbers" and other names team of Mission Impossible type operatives undercover sabotage a person, a person's records, reputation, peace of mind, etc.,

"According to Brian Glick, in War at Home, COINTELPRO used a broad array of methods, including:"

1. **Infiltration**: Agents and informers did not merely spy on political activists. Their main purpose was to discredit and disrupt. Their very presence served to undermine trust and scare off potential supporters. The FBI and police exploited this fear to smear genuine activists as agents.

2. **Psychological Warfare From the Outside**: The FBI and police used myriad other "dirty tricks" to undermine progressive movements. They planted false media stories and published bogus leaflets and other publications in the name of targeted groups. They forged correspondence, sent anonymous letters, and made anonymous telephone calls. **They spread misinformation about meetings and events, set up pseudo movement groups run by government agents, and *manipulated or strong-armed parents, employers, landlords, school***

officials and others to cause trouble for activists.

3. **Harassment Through the Legal System**: The FBI and police abused the legal system to harass dissidents and make them appear to be criminals. Officers of the law gave perjured testimony and presented fabricated evidence as a pretext for false arrests and wrongful imprisonment. They discriminatorily enforced tax laws and other government regulations and used conspicuous surveillance, 'investigative' interviews, and grand jury subpoenas in an effort to intimidate activists and silence their supporters.

4. **Extralegal Force and Violence**: The FBI and police threatened, instigated, and themselves conducted break-ins, vandalism, assaults, and beatings. The object was to frighten dissidents and disrupt their movements. In the case of radical Black and Puerto Rican activists (and later Native Americans), these attacks-including political assassinations-were so extensive, vicious, and calculated that they can accurately be termed a form of official 'terrorism.'".The FBI also conducted "black bag jobs", warrantless surreptitious entries, against the targeted groups and their members. Source: COINTELPRO - Wikipedia, the free encyclopedia

> From its inception, the FBI has operated on the doctrine that the "preliminary stages of organization and preparation" must be frustrated, well before there is any clear and present danger of "revolutionary radicalism."
>
> At its most extreme dimension, political dissidents have been eliminated outright or sent to prison for the rest of their lives. There are quite a number of individuals who have been handled in that fashion. Many more, however, were "neutralized" by intimidation, harassment, discrediting, snitch jacketing, a whole assortment of authoritarian and illegal tactics.
>
> ["Snitch jacketing is a Lockstep of tracker snitches following, harassing, lying about, being a nearby to the victim system of police harassment or police abuse through the use of snitches as proxies.]

War at Home by Brian Glick

Excerpted from the **South End Press Book** by permission of the author.

Government harassment of U.S. political activists clearly exists today, violating our fundamental democratic rights and creating a climate of fear and distrust which undermines our efforts to challenge official policy. Similar attacks on social justice movements came to light during the 1960s. Only years later did we learn that these had been merely the visible tip of an iceberg. Largely hidden at the time was a vast government program to neutralize domestic political

opposition through "covert action" (political repression carried out secretly or under the guise of legitimate law enforcement). The 1960s program, coordinated by the FBI under the code name "COINTELPRO," was exposed in the 1970s and supposedly stopped.

But covert operations against domestic dissidents did not end. They have persisted and become an integral part of government activity.

How COINTELPRO Worked

When congressional investigations, political trials, and other traditional legal modes of repression failed to counter the growing movements, and even helped to fuel them, the FBI and police moved outside the law. They resorted to the secret and systematic use of fraud and force to sabotage constitutionally protected political activity.

Their methods ranged far beyond surveillance, amounting to a homefront version of the covert action for which the CIA has become infamous throughout the world.

FBI Headquarters secretly instructed its field offices to propose schemes to "expose, disrupt, misdirect, discredit, or otherwise neutralize" specific individuals and groups.

Close coordination with local police and prosecutors was strongly encouraged.

Other recommended collaborators included friendly news media,business and foundation executives, and university, church, and trade union officials, as well as such "patriotic" organizations as the American Legion.

Final authority rested with FBI Headquarters in

Washington, D.C.

Top FBI officials pressed local field offices to step up their activity and demanded regular progress reports.

Agents were directed to maintain full secrecy "such that under no circumstances should the existence of the program be made known outside the Bureau and appropriate within-office security should be afforded to sensitive operations and techniques."

A total of 2,370 officially approved COINTELPRO actions were admitted to the Senate Intelligence Committee, and thousands more have since been uncovered.

911nwo.com Appendix 20. What is Predatory COINTELPRO-MKULTRA Gang Stalking? with recommended reading by ETK

Full article at https://911nwo.com/2023/01/04/what-is-gang-stalking/

Gang stalking [teams of hostile abusive disguised operatives] **apparently targets American citizens deemed to be dissidents or whistle-blowers (and perhaps potential dissidents and whistle-blowers), although others might be targeted for other reasons** - such as for experimental or training purposes. For perspective, **it should be remembered that for two decades the CIA performed secret illegal experiments on U.S. and Canadian citizens (the infamous MK Ultra program)**. Those experiments included physical and psychological torture.

Although the term “gang stalking” is intentionally

misleading, it does have one merit: it is accurate in the sense that the perpetrators - law enforcement agencies, intelligence agencies, and private security thugs - do often function in the manner of criminal gangs.

Although they sometimes conduct their operations under the color of law, many of their activities have neither constitutional nor moral legitimacy. That is true of all of the likely major perpetrators of organized stalking in the U.S.: the FBI, the Department of Homeland Security, U.S. military counterintelligence agencies, state and local Law Enforcement Intelligence Units (LEIUs), and security contractors. All of those groups - and other federal intelligence agencies, such as the CIA and NSA - have well-documented histories of abusing their powers.

Since counterintelligence stalking goes far beyond surveillance - into the realm of psychological terrorism, it is essentially a form of extrajudicial punishment. As such, the harassment is illegal - even when done by the government. It clearly violates the Sixth Amendment of the U.S. Constitution, for example - which guarantees the right to a trial. Such operations also violate similar fundamental rights defined by state constitutions, which people on the right of America's political spectrum claim to respect. Stalking is also specifically prohibited by the criminal codes of every state in America.

Organized stalking methods were used extensively by communist East Germany's **Stasi** (state police) as a means of maintaining political control over its citizens. The Stasi referred to the tactics as *"Zersetzung" (German for "decomposition" or "corrosion"* - a reference to the **intended psychological, social, and financial effects upon the targeted victim)**.

Although they are illegal in the U.S., the same covert tactics are quietly used by America's local and federal

law enforcement and intelligence agencies to suppress dissent, silence whistle-blowers, and get revenge against persons who have angered someone with connections to the public and private agencies involved.

The most well-documented example of such operations was the FBI's infamous Cointelpro (Counter-Intelligence Programs) under the direction of J. Edgar Hoover. Those operations ran from 1956 until 1971 when they were exposed by political activists who broke into an FBI office and obtained secret documents which they handed over to the press.

KOMPROMAT (Compromising Information)

KOMPROMAT is information made synthetically manufactured but which appears from normal life in the information seems to suggest by appearances that a person is compromised by some flaw such as being a traitor, having an affair, etc.,

Reflexive Control from Wikipedia

Reflexive control is control someone has over their opponent's decisions by imposing on them assumptions that change the way they act.

As defined by Soviet scholar V. Lefebvre reflexive control is a process in which one adversary hands over to the other the basis for decision-making. In other words, there is a substitution of motivation factors of the enemy in order to encourage him to take disadvantageous decisions.

Professor G. Smolyan believes that the key point of reflexive control is implicitly forcing a subject to choose a desired result.

Exploiting moral stereotypes of behavior, psychological factors, personal information about the command personnel (biographical data, habits, etc.) reflexive control makes it possible to increase the chances of achieving victory, but it is noted that this tactic requires information about the enemy with a high degree of detail and quality.

- **Distraction** through a real or perceived threat to one of the enemy's key positions (on the flanks, in the rear, etc.) during preparations for military action,

- **overloading** through supplying the enemy with large volumes of self-contradictory information,

- **paralysis**, creating the illusion of pinpointed threats to vital interests or the most vulnerable locations,

- **exhaustion**, forcing the adversary to expend resources to perform unproductive activities, deception, provoking the enemy to redeploy forces to the threatened area in preparation for military action,

- **splitting**, forcing the enemy to act against the interests of his allies,

- **appeasement**, by lowering vigilance and creating the illusion that routine training, regular Kids tours, rather than preparations for offensive actions, are

taking place. Umnderhanded acts are designed to be abusive while doing so in under the table ways asserting non hostile actions towards the Stalk victim.

- **intimidation**, by creating the appearance of invincible superiority,

- **provocation**, through the imposition of an unfavorable scenario of action,

- **suggestion**, through the presentation of information material that influences legally, morally, ideologically or in other spheres,

- **pressure**, through the presentation of information material that discredits the government in the eyes of the population.

Another domestic researcher who attracted interest abroad was Professor F. Chausov, who formulated the following principles of reflexive management:

- **principle of purposefulness** the process should be goal-oriented, involving the full range of necessary measures of reflexive management,

- **principle of actualization** - there should be an "updating" of planning, providing a fairly complete picture of the intellectual potential of the command and staff, especially in situations related to the global information space,

- **principle of conformity**- mutual consistency of goals, place, time and methods of reflexive management must be observed,

- **simulation principle** one should not forget about forecasting and modeling the actions and states of the opposing side during the execution of reflexive control procedures,

- **principle of anticipation** - current events must be anticipated and anticipated.

Reflexive Control is a psychological warfare technique that was developed by the Soviet military to influence enemy commanders in their decision-making processes. To promote an understanding of this technique across the U.S. armed services, this article offers a ***creative*** approach. And why not? According to this Soviet military doctrine, "[c]ontrol of an opponent's actions is of a creative character."

> **GANGSTALKED (CRIMINAL ACTIVITY)**

> At this level, the GANGSTALKERS are hands-on and physical. The GANGSTALKERS are, dispatched to commit crimes against the person and property of the Targeted Individual such as breaking and entering the home of the target to commit crimes of theft and property damage. They may be dispatched to commit criminal activity and harm against the person of the Targeted Individual and/or against persons or animals associated with the Targeted Individual such as to “gaslight”, rape, beat, and poison.

TARGETED INDIVIDUAL HANDBOOK:

A handbook for the Targeted individual to identify and counter gangstalking and directed energy weapons

Introduction 1) What and Why? 2) Who 3) Solutions 4) References

INTRODUCTION

WHAT and WHY?:

The GANGSTALKING program can be described as a long term and slow DEATH with the constant life event of psychological and physical attack and torture. During any of the five levels the GANGSTALKING agents have it within their power to take a Targeted Individual out and mark the target for DEATH, and no one will be the wiser that the person was actually murdered by the SECRET push of a button.

A) Definitions:

"Organized Stalking is a well-organized, occult form of covert harassment used against an individual. It is done

by large groups of people who systematically & repeatedly harass individuals. This has also been called Cause Stalking, Gang Stalking, Community-based Harassment, Organized Vigilante Stalking, Vengeance Stalking, Terrorist Stalking, Revenge Stalking, Covert Action, State-Sponsored Harassment, Microwave Harassment, Microwave Mind- Control, etc. All of these labels explain the same basic phenomenon." (Rich, State-Sponsored Terror Campaigns: The Hidden Evil",pg. 28-29).

"Mobbing, also referred to by some as bullying, psychological terrorism, and organizational violence is described as a collective form of psychological violence in which many individuals unite to persecute an individual Mobbing is a way of destroying a person without using any physical means Degrading themes are often used to try to prevent people from coming forward." (ibid., pg.35)

"Operations [are] designed to intimidate and destabilise [targeted individuals, 'Tls' for short] by subjecting them to repeated disappointment, and to socially alienate them by interfering with and disrupting their relationships with others as in social undermining. The aim was to induce personal crises in victims, leaving them too unnerved and psychologically distressed to have the time and energy for anti-government activism. " (zersetzung, pg. 1)

"What we are seeing now is a globally co-ordinated and organised effort of control and conformity. Many countries around the world are currently using a model of policing called Community Oriented Policing [ie.gangstalking]." (ibid.pg.3)

“Organized Stalking is a form of terrorism used against an individual in a malicious attempt to reduce the quality of a person’s life so they will: have a nervous

break-down, become imprisoned, institutionalized, experience constant mental, emotional, or physical pain, become homeless, and/or commit suicide. **This is done using well-orchestrated accusations, lies, rumors, bogus investigations, setups, framings, intimidation, overt or covert threats, vandalism, thefts, sabotage, torture, humiliation, emotional terror and general harassment. It is a "ganging up" by members of the community who follow an organised method and participate in a systematic "terrorizing" of an individual.**" (ibid.pg.4)

"What are the goals of Gang Stalking? The usual goal is to isolate the target from all forms of support so that **the target can be set up in the future for arrest, institutionalisation or forced suicide.**" (Stasi tactics-Zersetzung,pg.4)

This is called "sikul memukad" in Hebrew (targeted killing)

"The Zersetzung ['decomposition' in German] of individuals was usually carried out by systematically undermining the target's quality of life (both socially and in the workplace) with the intention of simply destroying the target's confidence. The tactics used took various forms, such as spreading slanderous rumours, causing trouble at work etc. " (ibid.)

Organized harassment is a form of "Fourth Generation Warfare- is a form of political/information warfare waged against civilians by a state or other entity. It utilizes civilians and the military, indeed all of society, to target civilian adversaries (aka "domestic state enemies," "insurgents," extremists, non-state actors, "cells of fanatics," citizen "terrorists") who value national sovereignty and/or pose some perceived threat to the state's interests."

("Instruction Manual for Community Gang Stalkers").

"This[...J never ending systemic[...]J harassment, influence and manipulation of the targeted individual [...is] specifically designed to control the target with the aim of keeping them in line or the[...] destruction (Zersetzung) [of their soul].

[Edward Donegan asserts the technique is a form of desire to bring humiliation where pride was, not so the person will fell less of themselves but rather the targeted person will be angry he is mocked as a child in childish surroundings, etc.,]

("Zersetzung - The East German Secret Police Methodology of Psychological Decomposition", pg.3)

"The long-term objectives of these harassment and experimentation campaigns appear to be quite fundamental; (1) induce a sense of perverted loyalty toward the very agencies engaged in the individual s harassment (2) redirect the targeted individual s feelings of hopelessness, anger and frustration toward racial and ethnic groups (3) force the individual to commit an act of violence, whether suicide or murder, under conditions which can be plausibly denied by the government." Microwave Harassment & Mind-Control Experimentation, Julianne McKinney, Director Electronic Surveillance Project, Association of National Security Alumni

"[T]he objective of the campaign is to separate a person from friends/family, keep them unemployed, induce homelessness, & reduce the quality of life so much that they suffer a nervous breakdown, cause them to commit suicide, or end up medicated, incarcerated/ institutionalized."

(Rich, State-Sponsored Terror Campaigns:The Hidden

Evil", pg.45).

"7. Our kingdom will be an apologia of the divinity Vishnu, in whom is found its personification - in our hundred hands will be, one in each, the springs of the machinery of social life. We shall see everything without the aid of official police which, in that scope of its rights which we elaborated for the use of the GOYIM, hinders governments from seeing. In our programs ONE- THIRD OF OUR SUBJECTS WILL KEEP THE REST UNDER OBSERVATION from a sense of duty, on the principle of volunteer service to the State. It will then be no disgrace to be a spy and informer, but a merit: unfounded denunciations, however, will be cruelly punished that there may be no development of abuses of this right.

8. Our agents will be taken from the higher as well as the lower ranks of society, from among the administrative class who spend their time in amusements, editors, printers and publishers, booksellers, clerks, and salesmen, workmen, coachmen, lackeys, et cetera. This body, having no rights and not being empowered to take any action on their own account, and consequently a police without any power, will only witness and report: verification of their reports and arrests will depend upon a responsible group of controllers of police affairs, while the actual act of arrest will be performed by the gendarmerie and the municipal police. Any person not denouncing anything seen or heard concerning questions of polity will also be charged with and made responsible for concealment, if it be proved that he is guilty of this crime.

STAGES OF 'Zersetzung' (‘decomposition’) the terrorist protocol of the Hidden Hand: 1) Targeting (investigation and surveillance) , 2) Gangstalking, 3) Electronic Harassment (directed energy weapons, a.k.a 'D.E.Ws')

[Edward Paul Donegan asserts two platuae levels of 1) Herding, Psychiatric Positioning, degraded from peers and normal socioeconomic class and social status, and 2) Violence, using the position herded to for the Targeted Individual to be a victim in a fight, arrested for being in a fight, etc., to eliminate the TIs freedom or cause the death of the TI. Attacks on a TI in the earlier level of platue would be more noticed, so the person is fired from jobs and moved away from those who know or knew the TI before the Stalk began.]

Targeting (investigation and surveillance)

Targeting "begins with [i)]surveillance so that a person's personality traits can be catalogued."(Rich, pg.19). "Targets are constantly monitored and if a target responds emotionally to a particular trigger, that will be built into the protocol." (Julianne McKinney).

From there it progresses to ii) investigation. "The bogus investigation appears to be the platform used to launch the smear campaign & remove a person's support structure." (ibid., pg.20) "The people who organize these harassment programs will try to assassinate your character. They will carry a case file on you that they will use for character assassination & to gain community support." (ibid.)

i) Surveillance and ii) investigation:

"They will set up a base of operation in your neighbourhood to conduct surveillance." "They will sublet, lease, rent property above, below or to the sides of your living space to do this. Money is no object as they have an unlimited budget. Half-truths, setups, & outright lies WILL be used. If you re an Organized Vigilante Stalking target, the investigation is not a means to an end, it is an end unto itself." (ibid.). "Gang Stalking begins the targeted individual may at first be

placed under covert forms of surveillance. The person will probably be monitored 24/7. Foot patrols and vehicle patrols may be used to follow the individual as well as electronic means as part of the monitoring, psychological profiling process. Once the psychological profile is complete, the Gang Stalking can commence."

("Zersetzung - The East German Secret Police Methodology of Psychological Decomposition")

"The first stage of Zersetzung was an evaluation of all state held data and information, eg medical records, school reports, police records, intelligence reports, searches of target's residence. At this point they were looking for any weak points (social, emotional or physical) that could be used as a way to put pressure on the target[...]that could be used to socially isolate them." ("Stasi Tactics - Zersetzung")

Biofeedback registering stress infliction technique success. "(T]he group will be watching your home from their bases of operation using triangulation....Devices such as radar flashlights & millimeter wave devices, like the ones used at airports may be used such as The Life Assessment Detector System (LADS). It has a range of about 135 feet can & can detect heartbeat & respiration. It can also be configured to track a specific person s movement inside a building." (ibid.)

"Both community-based agent (CBA) visual surveillance and advanced electronic surveillance are used." ("*Instruction Manual for Community Gang Stalkers', pg. 2*)

2)GANGSTALKING

"Once the psychological profile is complete, the Gang Stalking can commence. Gang Stalking generally originates from when a covert investigation is opened

on an individual and teams of plain clothes police officers, citizen informants/snitches and snoopers are deployed to obsessively harass the targeted individual usually to an extreme degree"

("Zersetzung - The East German Secret Police Methodology of Psychological Decomposition",

"The next stage was often to supplement covert surveillance with overt observation in order to communicate to the target that they were of interest to the Stasi and to create a sense of insecurity and paranoia." (Stasi Tactics - Zersetzung, pg.4)

The Gangstalking; Organized Stalking or mobbing protocol targets both the person and their property as well as those the cabal believes they care for as a means of harming the targeted individual. The following section covers examples of particular tactics employed and the desired effect of the perpetrators though it is by no means exhaustive.

i) Property: Thefts & Break-ins

'Thefts may be reduced to small inexpensive items. But some targets have reported jewelry, passports & other important items stolen. There is usually no sign of forced entry. This is done to let you know that they ve been in your home. These cults are obsessed with all aspects of a targeted person s life. Personal items may be passed around to group members are apparently symbolic of the control the group has over their target." (>**Rich**, *State-Sponsored Terror Campaigns: The Hidden Evil"*,pg. 22)

Sabotage & Vandalism

> "This happens at home & in the workplace. Electronic equipment may constantly be failing. This may be accomplished with the e-bomb or a similar device[...]Projects you have worked on the previous day may become broken. Many times this vandalism is usually just below what you'd report to the police." (**Rich**, *State-Sponsored Terror Campaigns: The Hidden Evil"*,pg. 23)

"Where the target owns substantial land, noxious activities can be arranged and built for next to the property. In one case, a dump, an auto race track, and a prison were built adjacent to a target who owned a large farm in an area of natural beauty. While this is rare, it does illustrate commitment to delivering punishment to those “deserving” of it." ("*Bright Light on Black Shadows",Dr. Rauni-Leena Luukanen Kilde*, ch.18)

While this is not necessarily property damage it is a destruction of the right to the quiet enjoyment of the premises and to the market value of the property thus harming the targeted individual indirectly as with most of the gagnstalking protocols.

Person:

The assault against the person is of course the ultimate purpose of the Hidden hand. The cabal targets the person a) economically;b) legally; c) socially; d) physically and 3) most importantly psycho-spiritually all of whichspecific forms of assault are interpenetrating given that the person is a multidimensional being whose sphere of influence participates in these spheres. The following amplifies upon how the person (T.I) is affected in these ways:

a) Economic Sabotage:

Blacklisting

"Gang Stalking groups will interfere with every personal & business relationship you have.(7) Since they are state sanctioned they can easily keep you unemployed. Job opportunities will be trashed. They get paid to make sure that you don't. Most targeted people are unemployed." (Rich, State-Sponsored Terror Campaigns: The Hidden Evil",pg. 23).

Bank accounts may be shut down or sabotaged through white collar crime; online transactions may be obstructed from other financial mediums or major or minor sellers. Attempting to sell or buy on the internet will also be obstructed through sharp pratices or preventing from occuring by the perps.

Should one attempt to sell real estate he will lose on the value as with other sales as the cabal has a monopoly on the real estate industry/profession. Also any other commodity of negotiable value is subject to loss of its value if sold for the same reason (eg. bullion; collectibles; etc.)

Financial surveillance. It looks like every penny a Targeted Individual has is counted and only a certain amount is allowed for the Targeted Individual to gain or evil schemes made to bring bankruptcy or poverty to the target.

b) Legal Sabotage:

Reporting things to the police should adhere to the extensive protocols and advice outlined in:"Information Handling in the Fight to Expose and Stop the Crime of Organized Stalking and Electronic Harassment"[0.S.E.H], Eleanor White

In brief one should avoid dealing with police (see

below in the section "Coping", subsection "Dealing With Police")

Police work with private security 'professionals' (locksmiths and alarm system companies as well as private security guards and their managers) to spy on and break and enter into T.I's residences for harassment and sabotage purposes.

The legal system, being under the control of the cabal (a noahide-talmudic court which has supplanted the common law) employs lawyers and judges who will seek to railroad anyone they can frame as having violated their laws or bylaws throgh the system and give them the heaviest penalties they are able. Advice: trust no member of the legal profession as they are almost universally compromised and are either jews or freemasons or jewdeo-christians. 'They' are the cabal along with all other bureacrats and orgnizations private or public that all work together in their ‘communitarian’ spy society system (the 'Hidden Hand' shadow government).

c) social sabotage:

‘Some tactics used to keep you Blacklisted include interfering with communications, & slander. Also there are lists and software packages used to check these lists for suspected terrorists, threats to national security, etc. Apparently this is a flourishing business & some organizations are required by law to use it." (Rich, State-Sponsored Terror Campaigns: The Hidden Evil",pg. 24).

"Since they have federal connections, they do have the ability to frame a targeted person for crimes out in public as well using informants.(101, 7) Any weakness a person has can be used in one of these setups. A person may not be aware of some of these set-ups, but they may be added to a case file to assist with the smear

campaign. They may try to provoke a confrontation when Mobbing you out in public.("Terrorist Stalking in America", David Lawson). Group members also try to entice the target to assault them, but this is never done without having witnesses present. The criminal conviction of the target, following the testimony of numerous concerned citizens can be followed by a civil lawsuit. (ibid. pg.23)

"Pedophilia is one common lie used to bring neighbors, co-workers, community members, and in some cases even family members into the 24/7 harassment." (ibid., 62)

In the gangstalking protocol the attempt to frame the T.I is employed through the perps following the T.I around (presumably through GPS if the T.I is implanted with a chip or through maintaining a continuous visual by pedestrian and driver perps as well as residencts being given notification via text message or alerts on their cellphones that the T.I is approaching and that they should begin a noise campaign to harass the T.I when he is in range). They often deliberately involve children and women with baby strollers and babies to have them intercept the T.I while the latter is walking along a route at a certain pace (see 'intercepts' below). He can then be photographed adjacent to the women and children and these photos shown around community members by police or other 'authorities' to convince the gullible goyim ('cattle' in yiddish) to go along with the campaign and attempt to escalate the harassment of the T.I. Once adequate evidence is gleaned of the T.I in the context of womena nd children he may evenutally have trumped up charges brought against himself to involve him in legal trouble (charged with 'pedophilia' or put on a watchlist).

Should he be jailed he may be executed by prisoners there or even by vigiliantees in his community. This will also prevent him from gaining employment owing to the

notoriety of his constructed identity (constructed by the cabal).

Once the T.I's reputation is irreparably damaged through smear campaigns and rumour mongering he can then be further subject to punishment by the cabal and its agents and if he complains no one will ascribe value or truth to his claims.

Social Media, email, electronic devicves:

"[... additionally, T.ls "[...]Jmay receive unsolicited email that parallels a current event in your life[...]yvou may receive covert insults & threats."(ibid. pg.29)

"Your email may be blocked or filtered & your web activity may be monitored[...]If you try to [...]participate in online discussions groups, online dating [...]it is very possible you will be interrupted, trashed, or harassed. This can be done by a combination of paid civilian contractors (operatives/provocateurs) & email filtering." (ibid., pg. 30)

Should one encounter any others through daily life those he encounters may very well be gangstalkers/ perps themselves who are seeking to either gather information on the person or who are seeking to set him up somehow (assassination via poisoning or other means; rape; planting evidence on the person for a subsequent police investigation or raid instigated by other perps, a.k.a 'swatting', calling the police with false accusations). This may be the case even after prolonged contact with the person who befriends the T.I as they may be a deep cover agent. Also the 'friend' may be simply playing the role to subject the T.I to gaslighting and other forms of implicit abuse to wear away their sense of self-worth or to encourage them in vice such as faggotry or other deviant sex practices or drugs,etc. Anything that can be made to set the person up, sully

their reputation and escalate their demise in the most cruel and traumatic way (the purpose of the Hidden Hand).

Social Control - Isolation of individuals through social and societal systems of control

Fabrication of false evidence that justifies ”Crime prevention” (fabrication of evidence of a falsified crime and rumor spreading - Discrediting of Targets); In most cases, Targeted Individuals are accused of a sex crimes with no chance to defend themselves.

Sudden unemployment or redundancy, discrimination or hostility within work places.

Loss of friends, because of rumors or direct control. The perpetrators take over the friendship and social life of the TI. They are always rude, and manipulative and not real friends.

Creating “symptoms” of Mental Illness (voices in the subconscious, V2K; trying to describe what is happening for others) putting the individual in psychiatric care.

Creating opportunity for presence of Substance Abuse (tampering food with drugs, poisons or medication; blurred vision; read eyes; disorientation; head aches; memory loss; difficulty talking or making sense) destroying the targeted individuals reputation; Creating “symptoms” of Insulin related diseases (pain in the spinal cord, back of the head, terrible head aches, high blood sugar levels, enormous fatigue) creating early retirement or poverty because of inability to work.

d) physical sabotage:

The use of D.E.Ws (directed enery weapons discussed below) creates both acute and chronic pain s well as the

destructive of the physical body.

The perps may poison the T.Is food not only in their residence but that which exists in the store prior to their purchasing it (this utilizes advanced technology of synthetic telepathy V2K discussed below).

Poison gas may be pumped into their residence via whatever intake vent or the perps may simply drill a hole into the wall of the residence and pump it in while the T.I sleeps (eg. nitric oxide or other forms of gas).

Harming; torturing and/or killing the animals under the care of the T.I or those the T.I is suspected of caring about.

Doctors, nurses and other 'professionals' will abuse their powers to visit harm on the T.I (vaccinations; needless surgeries that will be botched deliberately in some way; pharamceuticals will be prescribed if possible coercively through threat of physical force to ensure compiance; other harmful procedures will be prescribed and effective natural healing modalities will be omitted to be mentioned or will be discouraged)

Noise campaigns:

"Noise must be of a type which the general public deems “normal.” Remember that the goal is to have the target aware they are being punished, but not be able to convince anyone else that that is the case. Observe local noise curfews, but plenty of punishment can occur outside noise curfew times. The target must not have easy cause to involve law enforcement."

("Bright Light on Black Shadows",Dr. Rauni-Leena Luukanen Kilde, ch.18)

"[...]egs. Loud music from neighboring home; frequent squealing of tires near target's home; frequent drilling into a scrap of wood or masonry held against the target's wall, floors or ceiling as if "working." Alternatively, hammering; Frequent use of sirens near the target's home[...]" (ibid.)

"Basically, there will be a steady stream of noise consisting of a rotation of various types of disturbances around your house. This noise may even follow you wherever you go. This includes car doors slamming, people coming/going, people yelling, car alarms, horns, tires screeching, banging, engines revving, cars beeping, constant construction, lawn mowers, snow blowers, etc. Your neighbors will probably be bribed with free home repairs that will result in a very noisy construction process|..]Chronic exposure to even low-level noise is considered a hazard that has been known to produce adverse physiological and psychological health effects. Prolonged expose to noise can produce high blood pressure, a rise in cholesterol, damage to the circulatory, cardiovascular, gastrointestinal, & musculoskelatal systems."(Rich, State-Sponsored Terror Campaigns: The Hidden Evil",pg. 28-29).

Synchronization:

"Your movements will be synchronized with noise, vehicles coming or going, people coming or going, or other movements. These synchronization tactics are often times done several times, perhaps three or more."

[Edward Pual Donegan asserts this and other Stalking moves were made on Judge Roll leading to his asking for removal of the US Marshals because there presence was "unsettling." Synchronized noise campaigns watch you in the inside of your home as you type, move about, and send loud noise from outside letting the person in the home they are not safe, and the person in the home

is being warned or traumatized to what is done in the home.]

Noise campaigns in and around your home -

OUTSIDE: Using vehicles, car alarms, car horns, slamming vehicle doors, idling vehicles, loud music coming from these vehicles, Street Theater with neighbors, or strangers talking loud, or amplified sounds generally via hypersonic sound direct speakers - these are directional devices that can are inside the units surrounding the target or placed within the unit/home itself, which can be reversed in either direction. Hence, if you hear any echos in your home, the device is being reversed so that you voice will carry. If it is coming at you, whereby, people speaking sound louder than usual, or coming from some unknown origin, it is being directed at the Target.

INSIDE: If you live in an apartment with connecting walls:

If you live below someone, this occupants will be recruited to increase the levels of noise they make. Walking heavier than usual on the floors, dropping heavy objected above your head, and shadowing the moves you make in your apartment. These occupants will also give permission to have their units be used in their absence so that other recruit's can occupy these units, to continue the 24/7 harassment of the Target.

This hypersonic sound device will also be placed upon Electronics like Refrigerators, Water heaters, anything that produces sounds and/or vibrations, which can be amplified to increase the sound levels. This devices will also be used, so that you think the sounds, voices, walking, is coming from specific area.

There will also be an influx of Fire Engines,

Ambulance, and Police Vehicle who will turn on their Siren's when in close range to the Target's residence.

Also, gardener's blowers, and large trucks when in reverse will have a loud beeping.

Regardless - most of it is Amplified via the directional use of HYPERSONIC SOUND - ACOUSTIC HARASSMENT:

Harassment can be done in a couple of ways:

Increased Noise timed noise in your surroundings, in particular at your private residence.

Neighbors playing loud Bass driven music, generally the speakers will be in line with Hypersonic Sound Devices - which when focused targeted sound. This means the sound can be directed at a specific target, and as such can be increased when target at you, but anyone not within its range will not hear the sound.

Neighbors will also increase the sounds they make in their apartment. In particular if you live below them. They will time their noise response, by walking heavily on the floor, to increase the harassment campaign. They will also do something called shadowing - whereby, every move you make within the privacy of you home will be SHADOWED LOUDLY. If you get up to use the restroom, you will hear footsteps following you to the restroom.

If you flush the toilet, the neighborhood recruit will do the same. If you get up to go to the kitchen you will hear the upstairs neighbor do the same. If you turn on the faucet, you will hear the faucet being turned on.

These are PSYCHOLOGICAL TERROR TACTICS used by these NEIGHBORHOOD RECRUITS - in order to

facilitate and harbor the Architect's whose job it is to TERRORIZE, TORTURE AND MURDER THE TARGETED INDIVIDUAL

.

On the streets you will have TIMED LOUD RESPONSES - where the Privacy of You HOME ADDRESS will be given to these Citizen Recruits. These recruits will be asked what type of vehicle they drive, in particular, vehicles that make the loudest noise, they will be assigned the task of driving near the Target's home, idling their vehicle, and making sure the Targets are aware of their presence. Recruits will also be told whenever they are in the neighborhood of the Target/s address, they will be told to simply drive by.

Much of this is done in the very early mornings when you are asleep, or in the middle of the night, generally after you have turned out the light, and are ready for sleep. During this time, you will hear much traffic, car doors slamming, alarms going on and off, honking of horns, people talking, and laughing. Banging on the walls, or loud sounds around your room that will literally wake you out of a sleep -

SLEEP DEPRIVATION - [yellers yelling all nigiht, banging rebar on structures next to sleeping person oh say for instance]

There will timed loud noise responses, in order to wake you up out of this state of rest and/or sleep. These acoustic harassments can be directional to a vehicle, an acoustic frequency, an amplified household appliance - that will WAKE YOU out of rest or sleep. This is done several times, so as to get the Target in a State that they are unable to fall back asleep. If the Target is employed, they are in a Sleep Deprived State, as such makes them less affective at work, which then allows for the process of giving the false impression of incompetence,

something wrong with the Target, as such their ability to work becomes compromised due to their Overt Targeting.

Sleep Deprivation is also used to slowly break the Target down, so as to keep them in a continued vulnerable state, which makes it easier for the Terrorist Architect's to ATTACK the Target psychologically for the purpose of manipulation, set-ups, entrapment, terrorizing and intimidating the Target.

Collisions & Cut-offs: (roadblocked by placed obstruction)

"They can happen with vehicles, on foot, or a combination. This type of space invasion is designed to startle you & create tension. It can be thought of as a virtual slap. They are used in blind areas such as corners, hallways, restrooms, or intersections where you constantly have people or cars cutting you off, or almost hitting you. The perpetrator is unseen until he jumps out in front of you[...]With some artificially induced cut-offs, the perpetrator is seen at a distance. You & the perpetrator(s) are heading toward the same focal point. It may be a corner, a very small walkway, or a path that cannot accommodate both of you. They will adjust their timing & rhythm to yours so that they always meet you at that point, so that you will have to squeeze through, stop, or go around because of their deliberate adjustment of timing. The idea is to get your attention and make you uncomfortable." (ibid., pg.26)

Convoys of vehicles:

"If you're targeted, you may have foot & vehicular traffic "re-routed" through your street. Common practice is for vehicles to drive by screeching their tires, blowing their horns, playing loud music,revving their engines, & yelling as they drive by your house." (ibid.,pg.28)

Brighting:

"You may also be followed by convoys of vehicles that have their Hi-beams on during the day.Spot lights being shined into a target s windows is another tactic." (ibid.)

e) Psycho-Spiritual sabotage: Sensitivity Programs:

"Cause Stalking groups usually begin their campaigns with sensitivity programs.(7) The goals of a sensitivity program are: To get the person's attention and let them know they're being harassed. Anchor damaging emotions to common objects/sounds so a target can then be covertly harassed openly in public These sensitivity programs are based on a science called Neuro- Linguistic Programming (NLP)." (ibid.pg.31)

"A stimulus which is linked to & triggers a physiological state is called an anchor in NLP. How are anchors created? First by repetition.Secondly, & much more important, anchors can be set in a single instance if the emotion is strong & the timing is right. In extreme cases an external stimulus can trigger a very powerful negative state. This is the realm of phobias." ("Introducing NLP", Joseph O Connor & John Seymour)

"You can think of NLP as a very powerful tool that can be used to produce rapid, profound change. Harassment groups create negative emotional states such as fear & anxiety, & anchor them to common objects in the environment."(Rich, State-Sponsored Terror Campaigns: The Hidden Evil",pg.31).

"Groups will take an object you ve been sensitized to & link it to another object. The idea appears to be to keep expanding the amount of objects you associate fear, anxiety, anger, or shame with(sensitization)." (ibid., pg.32)

"Anyone else observing this might think it s a little strange that someone would turn their alarm on/off a few times but they d write it off as an isolated strange incident. Since they have not had your previous experience (sensitization) with that sound & are not aware that it is a small part of a much larger harassment program it would be difficult to explain what those beeps meant. In NLP, the process of copying an emotional state anchored to an existing trigger & transferring it to a new trigger, is called chaining." (ibid., pg.32)

"Anchors can be chained so that one leads to another. Each anchor provides a link on the chain & triggers the next one, just as the electrical impulse flows from nerve to nerve in our body." ("Introducing NLP', Joseph O Connor & John Seymour)

Street theatre/Harassment Skits:

"Harassment skits can be classified as a type of Street Theatre that contain verbal & non-verbal harassment, threats, insults, intimidation, & violence, conveyed overtly, or overtly using themes, symbolism, or other medium. They may be carried out after a target has been sensitized. This harassment can be relayed with metaphors, verbal remarks, and symbolism using clothing or other items. Insults or comments by strangers, designed to evoke a paranoid reaction, as well as dirty looks & negative behavior from previously friendly neighbors is common among targets." (ibid., pgs.32-33)

"Some words [used by perps in 'street theatre'/ harassment skits]carry with them a particular weight to potentially trigger an effect on a person's emotional state." (ibid., pg.33)

"This is called metacommunication. Metamessages are

suggestions hidden in a statement, perhaps a compliment. The tone, volume, & rhythm of specific words in the sentence are changed so that the actual message is different than what the spoken words were." (ibid.)

Symbolism:

"Symbolism appears to be a big part of subliminal attacks. After a target has been sensitized, they can even be harassed, insulted, & threatened with symbolism using articles of clothing, newspapers, & other items. Just as body communication (Social Kinesics) is used to harass a target, so too is symbolic communication. Symbolism can be used with articles of clothing, especially during a wave attack where you are blitzed by a crowd [of pedestrians or vehicles]." (ibid.,pg.35)

The symbolism used entails colour; shape and number. Certain perp cab drivers for example will have the number '33' on their cab making it visible to you and be driving a red vehicle. Orange is also used frequently, symbolizing 'light' in the darkness or the lifeforce (life) but can also be used to symbolize possession by entitites (mocking the T.I as a 'blemmye' or possessed being).

Symbolism is also associated with what is known or believed by the cabal to be related to the target. An example is the target having been in certain locations and the cabal employing drivers with vehicles whose license plates are from those regions. Another example is where gangstalkers wear clothing that bears certain words; phrases; logos or other symbol that is believed to have meaning for the T.I and to allow them to know the cabal knows about them and they are being watched or to convey a related message to the target. [called Hyperintamcy, the Stalker displays knowledge of the Stalked as display of power]

STREET THEATER:

Take place around your neighborhood. These are recruit's who have been illegally given you home address, and/or is a Recruited person from within the Geographical neighborhood, who are asked to show up around the Target's private residence at all hours of the day or night, in particular if the Target is home.

The Street Theater can either be in group formation, using a number of people who will show up near your residence, starting making noise, having loud conversations, and generally the conversations they are having will be specific to the Target.

There will also be solo individual's who walk dogs, or babies, most of the time the PERPS will be on a Cell Phone - directing their conversation using Keywords that are person to the Target.

Another form of Street Theater is the use of Public Service, and/or Utilities - whereby, you will see an influx of Telecommunication, or Utility vans around the neighborhood.

In addition to the use of Streets and Transportation, whereby there always seem to be road work taking place, so that the Targeted Individual is directed into another area.

Generally, if they are trying to set the Target up to appear dangerous to children, like some type of Pedophile, or dangerous to some type of official they will direct all their so called street traffic to pass by an area like schools or where children are.

In addition, to buildings or residences of Official's or Leaders' within community Organization's to give the false impression that the Target is stalking these people

or areas.

This is deployed so as to further victimize the Target by way of SET-UPS and ENTRAPMENT. The Targeted Individual innocently follows the directional signs, generally not realizing that there is another Recruit - taking photos or video at the very moment that Target shows up.

This gives the Architect's video, or photos showing the Target in some designated set up Area, so that it can be used in their FEAR-MONGERING Recruitment Process.

Another type of STREET THEATER will be used, in the forms of young recruits who will come round the Target so that PHOTOS' and/or VIDEOS can be taken to once again give the false impression that the Target was doing something nefarious. These young recruit's are on a mission of Destruction, and will be told to deploy these underhanded Tactics, so that another Recruit can capture a Specific Event, to make the Target look bad.

Example: A young female or male recruit will be told to go up to the Older Male or Female Target, and begin a conversation, or place themselves in a compromising position, so that the Male or Female Target can be photographed, or video taped with the Target - giving the false impression that it was the Targeted Individual who initiated the act.

The absurdity of the gangstalking protocol, proving it to be 4" gneerational warfare can be seen in the following quote:

“To break this down for anyone who has half a brain, and the ability to think for themselves - if the TARGET were that HORRIBLE of a PERSON, or HAD COMMITTED such CRIMES - the ARCHITECT'S behind the COVERT STAGES OF PROFILING and

WARRANTLESS STALKING and SURVEILLANCE - would HAVE IN THEIR COVERT STAGES - actually HAD MATERIAL EVIDENCE"

As you shop, you will begin to notice this Retail Store begins to have an influx of people showing up, who appear to recognize who you are, but who are TOTAL STRANGER to you.

Be on the look out for some of the Terrorist Psychological Tactics these Citizen Snitches will deploy in public settings:

Stare at you, point, whisper and/or giggle as you walk past them.

Have directed conversations either with the person they are with (group), or on a cell phone and use keywords as they pass, to let you know they are Citizen Snitches for the State Psychological pain

Bullying at work, friends and family suddenly lost leading to Isolation.

Bullying in general. Because of what appears, as social problems with other people, the Targeted Individual moves to a place where the "attackers" and the "manipulators" can spread around any kind of rumor for people in the neighborhood and can take control in another way.

Gang stalking (rude people in crowds that appear and insult the individual, using both verbal and non-verbal communication). Having 20 people, or more, strategically placed to for example look with a hateful look at the Targeted Individual. They are all strangers, they are all rude. They appear every time the TI is outside, and it can take many different expressions. Sometimes it looks like they have some kind of scheme

and the harassment follows a pattern, and when it achieves a certain stage, they reset themselves and it starts all over again.

Street Theater: A group of people play out a whole show for the individual, and it appears to follow a predetermined plot. Following the Targeted Individual's thinking. The thought surveillance is perceived as humiliating. The home is entered and the perpetrators don't steal things, but can destroy them or they can leave objects that don't belong there. They often seem to enter with a key, because the doors are not forced.

Thefts in town, at airports: money of belongings. Destroyed means of transportation: car or bike.

Many times Tls are forced to take the wrong medication and to agree to sometimes stigmatizing labels in order to receive their pension.

In certain countries, the TI, can be forced into psychiatry, where total loss of human rights occurs.

Blacklisting often leads to inability for the Tl to find work, or has to accept a job way under their specialization. At the new job, the TI is constantly under harassment and is bullied.

The police participates in the harassment and is totally insensitive to what the TI goes through. The media ignores the Tl-cause.

Cyberstalking:

The same goes for other units within, who will also be recruited, and given access to cyber capabilities, in order to without warrant, and illegally monitor what the Target may be doing within the privacy of their home via cable, internet, and telecommunications. They will

also be queued with keywords to use when the Target is within hearing distance, so that they can repeat what the target may have been doing in the privacy of their home, to include what they were watching on television, websites they were viewing, to what they are reading, and then mimicking that very show, website, chapter of the book, etc. back to the Target to let them know or give the impression that they are MONITORING every move the Target makes.

SET UPS - you will find being the victim of Organized Terrorist Stalking -

The Perpetrator's of all crimes being committed against you as a Targeted Individual - are in many cases the same people who will then turn around in a reverse projection and pretend to be the victims of the insidious violence a Targeted Individual is being forced to endure.

The truth, these are well organized double-speak tactic that are used to further victimize the Targeted Individual, these so called - PERP VICTIMS are simply ACTORS who are used to further set up and destroy the target in order to meet their FINAL OBJECTIVES.

Ramblings of a So-Called Paranoid Schizophrenic: (a Targeted Individual framed)

Free with Kindle Unlimited as millions of books are

In this follow-up to his ground-breaking memoir "Extrajudicial Execution," Michael Lutterschmidt-who was targeted for surveillance, intimidation, torture and death-presents a series of reflections and theories on subjects ranging from the frightening to the bizarre. Labeled a paranoid-schizophrenic by professionals attempting to discredit his knowledge of government secrets, the author's perceptive mind weighs in on the abuses and vagaries of religion; the manipulation of society by unseen forces; the presence of magic in our world; exotic new technologies used to spy on citizens and influence minds; explanations for aliens and other paranormal entities; criminal conspiracies in major organizations; and a host of other issues. These must-read "rambles" will both startle and illuminate anyone with an open mind.

Extrajudicial Execution: The Dying Testimony of Michael James Lutterschmidt (Kindle Edition)

Free with Kindle Unlimited as millions of books are

In his own words, a Targeted Individual (TI) exposes his tormented life and the heartless, sadistic and invasive methods used covertly to undermine his credibility, cause illness and excruciating pain, ruin him financially, tear apart his family, drive him mad and lead him to consider suicide. This dramatic and cautionary tale may seem extreme and far-fetched, but thousands of other Targeted Individuals throughout the world are suffering in silence right now. In this candid account, the author describes the psychological, emotional, mental and physical torture that he has endured for over six years, hoping that he will survive long enough to see this book in print.

Using Environmental Stress to induce conflict or self harm, no touch stress infliction - Espionage agencies discredit those who have information compromising to high levels of authority rouge units

Neuropsychological & Electronic No-Touch Torture Report by Dr. Robert Duncan (used on targeted citizens here in the U.S.) SERE training (Survival, Evasion, Resistance and Escape) MAR 30 2015

The Executive Summary: Neuropsychological and Electronic No-Touch Torture Report Based on "The Torture Memos" and the Senate Intelligence Committee's Declassified "Torture Report"

Perspectives on Enhanced Interrogation Techniques Project Proposals for Google Summer of Code 2015 By Robert Duncan, A.B., S.M., M.B.A., Ph.D.

"The United States is number one in torture since they are currently the world's only superpower." 04/2015

Torture is a horrific topic and most minds will turn away from it because it can't be comprehended that humans can be motivated, or computer programs can be run to do this to other sentient beings. Just when we believed we were becoming more civilized as a culture, the technology for torture has advanced more than a hundred fold in recent decades.

This summary will get into 'the minds of the dishonorable monsters' of the psychology of torture. Those like Dick Cheney who helped authorize it under certain administrations and regimes of the U.S. government which have been proven to be criminal under U.S. law, treaties, and the International Criminal

Court. There are many people involved in the conspiracy and cover-up including General Hayden.

The full report discloses the spectrum of techniques of interrogation and torture used by the U.S. and its allies. The United States government will officially deny the claims of this “no-touch torture report” but in time it will stand firm.

The technologies used are still classified as state secrets and will not be discussed in this summary. The torture methods have been leaked through thousands of American citizens who have survived the no-touch torture programs. The research and testimony has been accumulated since 2002 and merely used as examples but the names of the victims are withheld.

This report will not use skewed, misleading language such as “enhanced interrogation” to describe the torture techniques. Why torture? The CIA claims it works. The assumption is that it works to gain actionable intelligence. Torture is often used for revenge, punishment, interrogation, and behavior modification. In other terms torture is used to remove the continuity of thought to confuse the target to reveal information, erase brain patterns such as values and beliefs, or to break down the human spirit to make them submit and obey their handlers. The downside of torture is that the countries that do it lose “moral soft power” in world politics. Without due process, over 25% of those reported in the Senate Torture Report were declared innocent. Blowback is always a repercussion of torture. Torture often takes a long time to affect the target from months to years. Torture has shown to be unreliable except for getting false confessions and bad information but the U.S. and its allies are improving on their tactics and techniques.

The purpose of this report is to draw the parallels

between physical torture techniques and no-touch torture methods used in secret by governments who possess the technologies that still go on today. This is a brief summary of offensive psychological and information warfare methods using traditional methods and modern cybernetic techniques while exploring hyper-game theory to walk the target to the desired path: leak intelligence, commit assassinations, or change beliefs.

Numerated Torture Methods for Interrogation and Behavior Modification (A comparison between physical and no-touch torture tactics)

1. Induction of Depressive/Manic states

The idea is to shake up the emotional states of the target because different information can be accessed at each state. Making the target feel despair and helplessness is the objective. This cycle of hope building and then breaking is done in many ways. The techniques between the physical methods and the no-touch technological methods are similar. Speech is very important during this process of emotional manipulation. Such examples are, “We have imprisoned you without due processes or hope of it. You are indefinitely detained.” Hope building examples include, “Sorry. We have mistaken you for someone else. You will be compensated for false imprisonment and torture.” The main difference between the cybernetic technology and physical is that emotional state clusters can be entrained into the target mind which speeds up the process. The communication is done differently but perceived as human speech. In the no-touch

torture methods it is helpful if the target is labeled with mental illness that is being created for discrediting purposes so as not to draw human rights groups' attention.

2. Memory Erasure

The military and CIA have been researching memory erasing drugs for half a century. The focus of this summary report is on interrogation. Memory erasure is an important technique during interrogation. It is used in combination with sleep deprivation. There are many drugs that have been developed for physical memory erasure. One such interrogation method requires acquiring information from the target while on these drugs and recording the subject. After a sleeping cycle, the interrogator claims that the target has confessed. Of course the target remembers nothing of their conversation. The interrogator will play samples of the subject's conversation back to them making the subject believe that the interrogator knows more than they do. Similar techniques are used in the wireless, no-touch torture and interrogation programs. The cybernetic methods of memory erasure have additional purposes. The memory erasure can be used on the cybernetic target to make the target believe people have broken in and moved their belongings. While physical black bag jobs do occur, it is a way to make the target more paranoid.

3. Electricity and Shocks

Pain and fear of death are common tactics during interrogation. Shocking by electricity is a traditional method of torture and exposed in the CIA's secret prisons. Shocking the testicles and nipples are the most common due to their sensitivity. Interestingly, the thousand of interviews of no-touch torture involves "stings" and "shocks" to various parts of their bodies over long durations.

4. Fear and Terror

There are many techniques to induce extreme fear in the target. In physical renditions dogs, power drills, guns, insects, mutilation, blow torches, water boarding, suffocation, mock burials, and mock executions are just a few the United States government have used. Remember that many targets of torture die from the physical effects. It is torture to death.

Let us compare the no-touch torture methods used to inflict the same terror and mental anguish. In several of these techniques the target needs to hear their handler's voice. This report does not describe the technologies used to broadcast voices to the target at a distance. While the subject can be broadcast mental images to their mind using hypnosis and other suggestions as well as visual entrainments, the more invasive controls of the brain manipulation technologies can be used to entrained the brain's autonomic nervous systems such as not breathing causing the target to not be able to sleep from fear of suffocation equivalent to water boarding. The

neural linguistic programming can add fears such as heart attack, stroke, and cancer threats. Even motor cortex mapping can cause twitches in any part of the body. One example used a swift neck movement with a voice transmission, “We are trying to break your neck.” Directed energy effects such as Active Denial System can make the target feel that they are on fire indefinitely without the target dying from burns. Maximum pain and torture weapons have been evolving. Every drug effect can be artificially induced into the target mind including those of poisons.

5. Imprisonment and Isolation

Isolation is commonly used as punishment in prisons. Many whistleblowers like Bradley Manning suffer this condition. In soft interrogation it is used to get the target to talk to their interrogator since humans have the need for companionship. In no-touch torture the target is driven from their friends and family using different techniques in order to isolate them so that the electronic mind control has more effect on their psyche. Like in Guantanamo, the target becomes isolated losing their job and medical care. Part of the method involves slander in their community. They end up on the most part in poverty and paranoid about doctors and other people from false correlations that are purposefully induced into their lives. Isolation is also a form of sensory deprivation which will be discussed later. Days and weeks lose their meaning.

6. Sexually Disturbing Tailored Pornography

The Summary of the Senate Torture Report disclosed the disgusting revelations that in the secret torture prisons the targets were forced to perform homosexual acts on each other against their will and religion in order not to be beaten or killed. This is a common break down tactic of belief systems and the human will. In no-touch torture the techniques are more psychologically specialized for each target. Most common examples include homosexual targets that are forced with voices that are derogatory to their lifestyle and similar mental images. Almost all targets are forced to view child pornography in their minds. And vice versa is true, that heterosexual targets are forced to view homosexual sexual acts like in the secret U.S. torture prisons.

7. Mutilation

Also mentioned in the declassified report on torture was mutilation of the human. Cutting the naked target's penis and scrotum, pulling nails or teeth is common. In no-touch torture mutilation is done by trickery. Let us look at a couple examples. There have been several targets who believed that the microwave hearing effect and other voice induction methods were done by microchips implanted in their teeth or ears. They had all their teeth pulled because they believed it was a technology called bone conductance. Others have poked out their ear drums in the belief they had micro implants in their ears. There are many more examples of trickery used to

make the targets mutilate themselves.

8. Personal and Spiritual Defamation

In physical torture the CIA and other groups use propaganda and defamation of character for those they oppose. For detainees they try to disenfranchise the target from their religion. They will defecate on their Bible or Koran for example. They might say, “Why is your God not saving you?” In no touch torture and behavior modification they might try to make an atheist believe in god. It is just a mechanism to alter belief systems for control and experimentation. Perhaps the target may wish to confess their secrets to a “voice of god weapon”. Information warfare covers the gamut of electronic communication as well. The government training exercise uses language like “befriend”, “infiltrate”, “mask/ mimic”, “ruse”, “set-up”, “disrupt”, “create cognitive stress”, “use deception”, “ruin business relationships”, and “post negative information on appropriate forums” - in a malicious effort to target bloggers, activists, journalists, social event organizers and anyone else deemed to be a ‘emerging leader’ or voice in the public sphere. 9. Psychological Intimidation

This is a topic for a target at the beginning of the trials and programs. Physical break-ins are common even if the target has an alarm system. The NSA has used stalking of foreign officials in the past for economic gain. The FBI does black bag jobs to invade a home without a warrant. The point is to let the target know they are being

watched and to increase their paranoia. The NSA easily hacks all computer systems and causes harm to the victim's intellectual property and their relationships from that endpoint. In the no touch torture false correlations between pain and a neighbor coming home can be induced.

9. Rape

Rape is a common practice in torture. It causes much psychological trauma. In the United States methods of rape in their military and CIA secret prisons it is often relabeled. It is commonly done by prods but "rectal rehydration" is the more common misnomer. Often they call it forced feeding through the rectum but it is meant to induce psychological scaring and trauma. Several have died from the technique due to rectal bleeding. In no-touch torture the psychological trauma of simulated rape takes on different forms. Using technique often called EEG-heterodyning the targets will receive molestation effects of their genitals. In men this can be the anus and genitals. Similarly women can be wirelessly raped by the analogous function of perception.

10. Dietary Manipulation, Forced Weakness and Sickness

The idea behind dietary manipulation is to weaken the target. This is easily done in a physical setting but in no-touch the hunger trigger needs to be suppressed. Sometimes a false correlation between eating food and

sickness is induced to make the target believe they are being poisoned. However, poisoning is common in physical renditions too.

11. Repetition

Verbal breakdown is most important during interrogations and torture. Obviously speaking the language of the target is necessary. This is why there are interrogators in all languages. Repetition is an important neural linguistic programming interrogation tactic to influence the target mind. During the breakdown process, threats to kill and to torture the target's family or friends are common. Repetitious questioning and breakdown phrases are automated in both the physical and no-touch versions of torture. An interesting technology that is used for no-touch torture is called chatter bots. Chatter bots, an artificial intelligence program, automate much of the repetition so that the interrogators don't drive themselves crazy during the neural linguistic torture and programming phases. Let us not forget the Chinese Water Torture, a single drop of water on the forehead of the detainee for months. Repetition is a form of torture.

12. Sensitization of Pain Impulses

While the reverse can be obtained, optimizing perceived pain and misery is the objective in torture. Each trauma adds to the overall misery throughout life. Optimization of pain has been studied by the military and

intelligence agencies. In the past the CIA has used drugs such as LSD to enhance fear and terror in the subject. Other methods such as hypnosis can increase perceived pain and the power of suggestion such as telling the subject his pinky finger is going to be cut off before it is done. In no-touch torture the same psychological manipulations are exerted. Subliminal and overt suggested are often told to the subject before the directed energy or EEG heterodyning pain inductions in order to maximize their effectiveness.

13. Sensory Overload and Deprivation

Again, this technique of overloading or depriving the human of sensory stimulus is ubiquitous in torture around the world not just in U.S. secret prisons. Torture subjects in the United States have reported the use of repetitive bad music and noise campaigns. An unusual torture technique used in the U.S. secret prisons was of a use of a plastic suit filled with ice while they beat the target. Ultra bright lights for days on end in the prison and hot/cold temperature changes in the environment are frequent. In no-touch torture, the target's brain is forced to release dopamine which causes pupil dilatation. This acts as a sensory overload. For example the non-lethal microwave weapons research done by a professor in University of Nevada has shown this capability. Body metabolism can be altered with these weapons causing cold and hot flashes. Targets of no-touch torture often hear endless tinnitus.

14. Sexual Humiliation and Lack of Privacy

Often used in common prisons is a lack of privacy. It is both necessity for security and a form of sexual humiliation. Also in prison many people are raped. No-touch torture offers the same sexual humiliation and lack of privacy by using through wall radar, cameras, and EEG visual cloning to let the target know they are being watched. Degrading comments are often used on the no-touch torture subjects while they are naked or in the bathroom.

15. Maximum Sensory Pain Techniques

Basic torture involves brutalization, i.e. physical strikes, kicks in the groin, pepper spray or tear gas, etc. Anything that involves maximum pain is the objective. Amazingly, these same basic tortures can be done wirelessly into the human mind. All forms of sickness have been reported without any real illness behind the suffering. All suffering can be entrained into the minds of no-touch torture subjects.

16. Sleep Deprivation

This is the number one torture method along with the popularity in the press of water boarding. This is done in every country that uses torture. The United States is number one in torture since they are currently the world's only superpower. A repetitive sleep

deprivation cycle is generally done 180 hrs/7.5 days at a time in the physical renditions, or in no-touch torture five days awake and two days of sleep. Sleep deprivation accomplishes the objective of memory loss during interrogation and induces hallucinations which help with the interrogation process. In behavior modification and programming it is necessary too.

17. Stress Positions

Keeping detainees handcuffed above their head and to walls so that they must stand for days is a common ploy in torture. These types of poses are called stress positions. They can be mimicked in no-touch torture. An example of one such trick requires the target to believe they can deflect radar energy using pots or pans and that it is directional. The target is being given an ample amount of pain until their hands and arms are spread apart holding the pans trying to block the signals. They must maintain that position in order to get any relief from the torture signals. However the stress position itself is physical torture. Often accompanying this technique are voices saying to the target, “You are doing it to yourself.”

We will finish off this summary of U.S. and its allies’ torture, interrogation, and behavior modification experimentation with ideas of why they are done to the general public and falsely accused detainees. Anyone can be put into these programs. Justice and rule of law

does not exist at the highest levels of government. Treaties are worthless because the #1 agreement in the rules of war, a ban against torture, is not obeyed. This creates a more brutal and barbaric society lead by example.

No-touch torture uses the same interrogation tactics as physical interrogations but with some new twists. Techniques such as “Jeff and Mutt” a.k.a. “Good Cop Bad Cop” are used. The bad cop tortures the target and the good cop tries to gain their trust. In mind control, trust games are commonly employed to manipulate the beliefs of the target. Creating hatred of groups through false correlations and deception is a common CIA method of trickery.

In the CIA programs, the target is put through these phases as written in the documentation, “Disorient and confuse the target. Use them for our purposes, and then dispose of them in any way possible.” We can only surmise by our sample set of a thousand people what “dispose” means: prison, suicide, or perhaps a mental hospital. Coercing and torturing people to suicide is very common. Both tactics in physical or no-touch torture involves plausible deniability.

Again quoting by Offramp a Free Mason in a Free Mason forum

Predatory Gangstalking is also called “terror stalking”, “gangstalking”, “flash mobbing”, “cause stalking,” “hate stalking,” “multi-stalking, “happy slapping,” “workplace bullying, and “covert war.”

The reasons why it is employed?

You found the wrong forum on the internet and saw something you should not have seen; you worked for a company and found out some sensitive information; you got on the wrong side of someone who is a member of the vast satanic or luciferian cabal; etc.

What does this have to do with the field of the paranormal?

On a macrocosmic level, preternatural beings are the driving force behind activities such as gang stalking. The destruction of a person feeds them. It also fits in with their overall agenda. People who are victims of gangstalking are people who pose a threat to the goals of the dark principalities.

In addition to being stalked by large groups of people, malevolent/demonic entities may be attacking you in the night, and disembodied voices may be harassing you at all hours. Though seemingly unrelated, all of these subjects tend to be connected.

The goal of Gang Stalking

The *expressed* [including to me Edward Paul Donegan] goal of Gang Stalking is to silence a victim, drive a victim insane and possibly to the point of suicide, or destroy the victim's reputation and believability as **the person will likely be viewed as mentally ill should they complain or report the abuse**

Gang Stalking is also used to gather information on individuals as well as force individuals to move or leave an area.

Motivations for the abuse

Motivations for Gang Stalking vary.

Revenge for a real or imagined offense (People in these organizations are quite petty, mirroring their preternatural handlers); false accusations of a “horrible crime” [or horrible mental disease] of which the victim has gotten away with (Used to discredit the victim and destroy his/her reputation); silencing a corporate “whistle-blower”; defecting from a cult; a perceived enemy of a group or organization; “knowing too much” are all examples of possible motivations.

Espionage Treason And Accessories After The Fact

Inslaw

A monoclonal (cloned) antibody (innate immunology antibody) is an antibody produced from a cell lineage made ***by cloning a unique white blood cell*** [not an entire organism]. All subsequent antibodies derived this way trace back to a unique parent cell. Monoclonal antibodies can have monovalent affinity, binding only to the same epitope. Wikipedia

hello thanks for joining us tonight the international spies scandal with an Australian connection and later we'll talk to South Africa's foreign minister pic botha a man on a mission to improve relations between Canberra and Pretoria

it's a spy scandal that's already rocked the White House an intrigue that could **threaten the presidency of George Bush**.

this story centers on incredible allegations of spying on a scale never before imagined it involves America's *Central Intelligence Agency* selling computer programs to foreign nations these programs allegedly allowed the CIA to spy on the intelligence agencies that bought it and one of the purchases was Australia.

we've been able to track down two key witnesses to those dealings witnesses who are now in fear of their lives

Oklahoma's reports it may be the most bizarre spy story ever.

a story of corruption and betrayal at the highest levels of the American government.

A story of hostages used as pawns of the CIA spying on its friends, of murders made to look like suicides.

I think it's about time to get the whole story out his name is Ari Ben minashi he's a former Israeli intelligence agent.

once it's out there's no reason to hurt me physically anymore and today he is hiding in Australia in fear he says of his life.

so many people in the last 10 years who are working for the various governments on these issues due to cover-ups died mysteriously he claims.

the United States tried to spy on Asia the Australian Security Intelligence Organisation by selling it a computer program that contained a hidden key hole a lock for which the CIA had a master key.

The computer software is called Promise it's designed to track millions of pieces of information on tens of thousands of people and it's alleged to have been installed in dozens of government departments and security agencies around the world.

it's also alleged that American intelligence made some small modifications to the program modifications that enabled it to key in a special access code and gain entry to all the information on the computer would be equivalent to going into SEO or SEO and reading the handwritten files of all the agents except the computer has them neatly organized and typed and instantly

indexed so it's much more convenient.

Bill Hamilton owns in also the company that developed promise and offered it to the American government. they would not have bothered to sell it to all these countries without first preparing it in such a way that it would be an easier Avenue of penetration into the files of these foreign governments the whole story might never have emerged but for the fact that the American government didn't own promise it pirated the software from Bill Hamilton's company.

we were dumbfounded couldn't conceive of it Hamilton's contract with the US Department of Justice to supply the promised software was canceled in 1982 without any real explanation.

only some time later did Hamilton hear that his software was turning up all over the world I don't know how much Australia paid I've been told that Israel paid 5.5 million our eBay minashi confirms that promise was sold to Israel but claims the Israelis unlike the Australians were in on the secret.

the whole idea was that we would study it the Americans who then would sell it to our neighbors and then we could buy using telephone lines get until they're our neighbors computers but then our American friends just took it a step further they sold it to their allies as well including Australia.

the list of countries which allegedly bought the promised software reads like a who's who of America's friends as well as its most bitter enemies this spy on your friends considered you know fair thing to do in the intelligence world oh it is it's always done using a Trojan horse to go inside the agency that gets a little aggressive.

Wife of key witness in Justice scandal - INSLAW case - is arrested in Napa retrieved from http://www.maebrussell.com/Articles%20and%20Notes/Napa%20Sentinel%20INSLAW%20article.html and copied or modified to here

It Happened Right Here!

After Riconosciuto's arrest, his wife Bobbie went into hiding - she and her family had been threatened and their home broken into. Both Bobbie and Riconosiuito felt that the children were as much in danger as they were. Riconosciuto possessed the knowledge that could destroy powerful forces in and out of Washington.

Wife of key witness in Justice scandal - INSLAW case - is arrested in Napa

By Harry V. Martin
Copyright, Napa Sentinel, 1992

TUESDAY, NOVEMBER 17, 1992 VOLUME 8, NUMBER 547

The greatest argument Michael Riconosciuto had with his wife Bobbie, was over whether or not Riconosciuto should testify before Congress, a U.S. Bankruptcy Court and a Federal Grand Jury. Bobbie told Riconosciuto that

his testimony would destroy their life, and she was right.

WHO IS RICONOCUITO?

Riconosciuto was the computer expert for the Central Intelligence Agency, he was their Einstein. There was nothing he couldn't do with a computer - for good or for bad. But Riconosciuto had many secrets and he began to see the ruthlessness of his colleagues. Riconosciuto decided to testify about massive corruption in the U.S. Justice Department and the intelligence agency. He agreed to provide his insider knowledge to the U.S. House Judiciary Committee investigating the INSLAW affair. He also gave his testimony to a Federal Bankruptcy Court which ruled that the Justice Department was deceitful, stole a $6 million software package. The INSLAW case was considered by members of Congress and the Federal Bankruptcy Judge to be "dirtier than Watergate". In fact, the Judge was removed from the bench after 14 years because of his ruling against the Justice Department.

Riconosciuto, in providing his testimony, warned Congress and the Courts that he had been threatened should he testify he would be arrested and his wife would lose a custody battle involving her children by a former marriage. The threats were carried in the *Washington Times, St. Louis Post Dispatch* and the *Napa Sentinel.* Within a week of Riconosciuto's testimony he was arrested by Federal Agents. Even while under arrest, he was subpoenaed to testify before a U.S. Federal Grand Jury seated to hear the INSLAW case. On Thursday, November 12, Riconosciuto made a declaration to the court. After the declaration was filed his wife, Bobbie, was arrested - in Napa. Bobbie was arrested on a Washington warrant, charged with custodial interference. The warrant was three years old and it actually may be invalid inasmuch as Bobbie was never

subpoenaed to appear before a custody suit after a temporary order giving custody of their children to the father was overturned years ago. When Bobbie was arraigned on Friday, heavy security was on hand and everyone was subject to electronic and personal search, a very unusual step associated with such a minor charge. She was being held without bail. Bail was finally set at $50,000. Bobbie had just delivered a letter to the *Sentinel* addressed to Congressman Jack Brooks and then a few minutes later she was arrested. Her arrest sparked interest with several national radio talk shows and some national media.

The federal agent who arrested Riconosciuto after his Congressional declaration is the same agent who called the Napa County District Attorney's Office to have Bobbie arrested. The children voluntarily left with their father yesterday, but they indicated they felt it was only temporary.

After Riconosciuto's arrest, Bobbie went into hiding - she and her family had been threatened and their home broken into. Both Bobbie and Riconosiuito felt that the children were as much in danger as they were. Riconosciuto possessed the knowledge that could destroy powerful forces in and out of Washington. In an August 1992 report from the Brooks Committee in Congress, Riconosciuto is given high credibility for his testimony. The Congress, after reviewing the entire INSLAW case for nearly two years, asked for a Special Prosecutor. The Congressional report also was critical of the Justice Department's cover-ups, missing records and total lack of cooperation with Congressional requests and subpoenas.

HIS FIRST TESTIMONY

On March 21, 1992, Riconosciuto stated in an affidavit to the Court and Congress - and before he was arrested -

the following:

- During the 1980s he served as the Director of Research for a joint venture between the Wackenhut Corporation of Coral Gables, Florida, and the Cabazon Band of Indians of Indio, California. The joint venture was located on the Cabazon reservation.

- The Wackenhut-Cabazon joint venture sought to develop and/or manufacture certain materials that are used in military and national security operations, including night vision goggles, machine guns, fuel-air explosives, and biological and chemical warfare weapons.

- The Cabazon Band of Indians are a sovereign nation. The sovereign immunity that is accorded the Cabazons as a consequence of this fact made it feasible to pursue on the reservation the development and/or manufacture of materials whose development or manufacture would be subject to stringent controls off the reservation. As a minority group, the Cabazon Indians also provided the Wackenhut Corporation with an enhanced ability to obtain federal contracts through the 8A Set Aside Program, and in connection with Government-owned contractor-operated (GOCO) facilities.

- The Wackenhut-Cabazon joint venture was intended to support the needs of a number of foreign governments and forces, including forces and governments in Central America and the Middle East. The Contras in Nicaragua represented one of the most important priorities for the joint venture.

- The Wackenhut-Cabazon joint venture maintained close liaison with certain elements of the United States Government, including representatives of intelligence, military, and law enforcement agencies.

- Among the frequent visitors to the Wackenhut-Cabazon joint venture were Peter Videnieks of the U.S. Department of Justice in Washington, D.C., and a close associate of Videnieks by the name of Earl W. Brian. Brian is a private businessman who lives in Maryland and who has maintained close business ties with the U.S. intelligence community for many years.

- In connection with my work for Wackenhut, I engaged in some software development and modification work in 1983 and 1984 on the proprietary PROMIS computer software product. The copy of PROMIS on which I worked came from the U.S. Department of Justice. Earl W. Brian made it available to me through Wackenhut after acquiring it from Peter Videnieks, who was then a Department of Justice contracting official with responsibility for the PROMIS software. I performed the modifications to PROMIS in Indio, California, Silver Spring, Maryland, and Miami, Florida.

- The purpose of the PROMIS software modification that I made in 1983 and 1984 was to support a plan for the implementation of PROMIS in law enforcement and intelligence agencies worldwide. Earl W. Brian was spearheading the plan for this worldwide use of the PROMIS computer software.

- Some of the modifications that I made were

specifically designed to facilitate the implementation of PROMIS within two agencies of the Government of Canada: the Royal Canadian Mounted Police (RCMP) and the Canadian Security and Intelligence Service (CSIS). Earl W. Brian would check with me from time to time to make certain that the work would be completed in time to satisfy the schedule for the RCMP and CSIS implementations of PROMIS.

- The propriety version of PROMIS, as modified by me, was, in fact implemented in both the RCMP and the CSIS in Canada. It was my understanding that Earl W. Brian had sold this version of PROMIS to the Government of Canada.

- In February 1991, I had a telephone conversation with Peter Videnieks, then still employed by the U.S. Department of Justice. Videnieks attempted during this telephone conversation to persuade me not to cooperate with an independent investigation of the government's piracy of INSLAW's proprietary PROMIS software being conducted by the Committee on the Judiciary of the U.S. House of Representatives.

- Videnieks stated that I would be rewarded for a decision not to cooperate with the House Judiciary Committee investigation. Videnieks forecasted an immediate and favorable resolution of a protracted child custody dispute being prosecuted against my wife by her former husband, if I were to decide not to cooperate with the House Judiciary Committee investigation.

- Videnieks also outlined specific punishments that I could expect to receive from the U.S. Department of Justice if I cooperated with the House Judiciary

Committee's investigation.

- One punishment that Videnieks outlined was the future inclusion of me and my father in a criminal prosecution of certain business associates of mine in Orange County, California, in connection with the operation of a savings and loan institution in Orange County. By way of underscoring his power to influence such decisions at the U.S. Department of Justice, Videnieks informed me of the indictment of these business associates prior to the time when that indictment was unsealed and made public.

- Another punishment that Videnieks threatened against me if I cooperate with the House Judiciary Committee is prosecution by the U.S. Department of Justice for perjury. Videnieks warned me that credible witnesses would come forward to contradict any damaging claims that I made in testimony before the House Judiciary Committee, and that I would subsequently be prosecuted for perjury by the U.S Department of Justice for my testimony before the House Judiciary Committee.

THREATS FULFILLED

Videnieks alleged threats came true - Riconosciuto was arrested, and Bobbie's former husband was given favorable treatment in the courts in her absence.

Bobbie's arrest was timely. Her husband filed a declaration with the Federal Grand Jury in Chicago in compliance with a subpoena to testify. He told the Grand Jury that he needed two customized DEC VAX 11-730 computers with the customized operating system

media. This is equipment seized by the U.S. Government when Riconosciuto was arrested. The declaration of Riconosciuto was filed in the United States District Court for the Northern District of Illinois Eastern Division (case No. 92 C 6217, *Michael J. Riconosciuto, et al., Plaintiffs vs. Nicholas Bua, et al., Defendants.*)

GRAND JURY STATEMENT

Riconosciuto told the Grand Jury that with the equipment he could produce information about various operations which developed extremely sensitive military applications from highly advanced technology, such as:

- Electrostatic heat transfer, modified to enable ordinary and readily available electronic parts and hardware to transform ordinary and readily available explosives into devices capable of destruction of nuclear dimension.

- Biotechnological weapons, including, but not limited to, lethal monoclonal antibodies which are gene specific, e.g., able to distinguish between specific racial characteristics and cause painful, disastrous, lethal effects for only those individuals exposed to such antibodies whose cell structure contains the target genes.

> Congratulations 23andMe users, your genes are finally helping the company make drugs
>
> All of that genetic material that 23andMe has been collecting is finally being used for commercial

drug development - specifically dermatological drugs.

The company inked an agreement with Spanish pharmaceutical developer Almirall, which concentrates on medical dermatology treatments, for the development of dermatological treatments based on an antibody developed by 23andMe.

The monoclonal antibodies that 23andMe has identified from research it conducted on the genetic material of its customers block small proteins known as IL-36 cytokines, which are linked to skin conditions including psoriasis and lupus, and other inflammatory conditions like ulcerative colitis, inflammatory bowel disease, and Crohn's disease.

People surviving in different areas of the world have innate immuniology to local diseases helping trace ancestral origincs and connectsions.

- Compact high voltage power supplies, intended to be used in various hi-tech weapons systems and development.

- Advanced communications systems, e.g., spread spectrum data compression, which would enable current microwave transmissions to be 100 times more efficient and, under appropriate development, 100 times more deadly.

- Advanced precious metals recovery systems essential to hi-tech weapons systems.

- Advanced infrared sensor technology, used in night vision goggles, missile surveillance and tracking, and in more sinister applications, saturation surveillance of all movements of all people in every open, visible space on the entire planet.

- Thermal imaging, enabling surveillance through fog.

- Bragg cell technology.

MILITARY CONTRACTS

Riconosciuto also told the Grand Jury the computer can prove that he worked on the following military contracts:

- Beacon technology.

- Threat emitter technology, which would enable the transmission of false images on radar scopes, e.g., airplanes could be made to appear to be birds, or vice versa.

- Fuel flow monitoring systems for the F-16 aircraft, enabling higher performance and better fuel optimization.

WACKENHUT INVOLVEMENT

He also told the Grand Jury that the computer would prove the duplicity and treasonous activity of certain officials of the Wackenhut Corporation, such as:

- Double-billing by Wackenhut officials on U.S. Army contracts at the Yuma, Arizona test site, during 1982 and 1983.

- The misappropriation or theft of highly advanced and lucrative technological developments during the period from 1980 to 1991.

- The brokering and facilitation of the transfer of embargoed technology to listed countries (i.e., countries prohibited from receiving embargoed technology - enemies of the people of the United States):

(a) Wackenhut would facilitate and broker said embargoed technology to countries, such as Chile, Brazil and Argentina, using military test sites as demonstration facilities.

(b) Officials of said countries would then, with full knowledge of Wackenhut officials, transfer said embargoed technology to countries such as Iran, Iraq, Jordan, Syria, the Peoples' Republic of China, South

Africa and Israel.

Riconosciuto further stated that the computer would prove the duplicity and treasonous activity of certain officials of First Intercontinental Development Company, a corporation cut-out (i.e., secret negotiating agent) for treasonous deals made through the White House, similar to the deals made through Wackenhut. He stated that one such deal was made with Iraq.

Prior to Operation Desert Shield, the Iraqis obtained the latest fibre-optic command and control capability which enable them to have jam-resistant links from their military command center to the forward battle areas; possession by the Iraqis of said capability required an accelerated manufacturing program of building 4000 pound bombs to eliminate said capability.

The Iraqis had also obtained the latest radio-jamming technology, which enable them to interdict communications of the allied forces; had the Iraqis not showed their hand during Operation Desert Shield, they would have been able to undermine critical communications during the first days of Operation Desert Storm, potentially causing a major military setback for the allied forces with the resultant loss of life and demoralization.

Riconosciuto testified that he was doing business with Thomsen CSF (a French conglomerate which developed the Exocet Missile), International Signals, Eaton Corporation, the Santa Barbara Research Division of Hughes Corporation, Dorn-Margolin, Texas Instruments, General Dynamics, Northrop, Kures-Alterman, E-Systems and Reynolds Capacitor.

CIA MONEY LAUNDERING

With Riconosciuto's credentials acclaimed by Congress and the Grand Jury, he further stated that he facilitated the laundering of CIA funds via his expertise in manipulating electronic data transmission equipment. This included the transfer of funds which were involved in the October Surprise payment to the Ayatollah Khomeini's regime in Iran. He said he was also responsible for the manner in which caused the interdiction of funds from the sale of Red Chinese gold and the manner in which large sums of CIA funds were secreted and knowledge of where those funds are located.

"The information available on my computer equipment would also tend to prove and show that the above described treasonous deals are related to the ongoing international scandals involving the Bank of Credit and Commerce International and the Banca Nazionale del Lavoro and that crucial features of said deals are centered in Chicago and involve the courts and prosecutors in Chicago," he stated.

THEN SHE WAS ARRESTED

After this explosive declaration was made public in the courts, Bobbie was arrested in Napa, where she has been for about ten months. Her children were registered in local schools and she was living in American Canyon at the time. Bobbie is still in jail awaiting an extradition hearing.

The *Napa Valley Register* ran an article on Friday indicating that a Roberta Peterson was arrested for custodial interference and that her husband was a federal prisoner. Little did the public in Napa know the impact and national repercussions. Congressman Jack Brooks was notified. Neither the District Attorney's Office, Napa Police Department nor the Child Protective

Services have knowledge of who Bobbie Riconosciuto (Peterson) is. Things like this never usually touch Napa - but they did Thursday.

The arrest of Bobbie on the eve of Riconosciuto's testimony to a Federal Grand Jury probing corruption in the U.S. Government may not be a mere coincidence.

Gene Specific Monocholonal Abtibodies(diseases resistance)

U.S. Regulators Want to See Genetic-Test Data for New Drugs By ANNA WILDE MATHEWS And PAUL DAVIES

In new guidelines, federal regulators announced how and when companies should submit genetic-testing information gathered in developing new drugs.

The Food and Drug Administration said it wants to see such data when they are likely to affect regulatory decision-making - if a drug maker wants to mention a genetic test in the label of its medicine, for example, or if the test was used to decide who would receive the drug in clinical trials. In other cases, the agency said, it will encourage voluntary submissions that wouldn't be part of the drug-approval process, through a new procedure it may eventually apply to other cutting-edge technologies.

The move is an effort to pave the way toward emerging technologies that are expected to someday transform how medications are used, by personalizing medicine so that individuals get the therapies that work best for them.

Eventually, the goal is for doctors to understand which patients are likely to have side effects or respond well to

a drug, based on their genes.

"We hope that industry begins to utilize the technology to a greater extent," after the FDA clarifies how it will review it, said Larry Lesko, who heads the FDA office that will oversee the genetic-data initiative.

So far, only a few drugs have been approved with concurrent genetic tests, and some drug makers have been leery of integrating genetic testing with their development of new drugs. For one thing, genetic tests risk.

Narrowing the use of blockbuster drugs, if they show that they only work in limited populations.

"There has been a lot of reluctance by big pharma to play here," said Richard S. Judson, senior vice president and chief scientific officer at Genaissance Pharmaceuticals Inc. The FDA guidance has "clarified the regulatory landscape and made it easier for companies to submit data without it being used for regulatory decision making," he said.

The impact of the emerging technology can be seen in a licensing deal Genaissance reached with Merck KGaA last fall. The New Haven, Conn., company acquired the rights to develop and commercialize a new antidepressant that showed some benefits in an early trial, but not enough to spend the millions of dollars needed to conduct a full phase III trial, said Dr. Judson. Genaissance is trying to find genetic markers for patients who will respond best to the drug.,

Albert J. Allen, the medical director for the neuroscience platform at Eli Lilly & Co., said the benefits of genetic tests will vary from drug to drug. There may be a substantial difference in the safety and efficacy for some drugs, but not for others.

"We don't have the answer or biomarker for everything," he said. But he said the guidelines are an "attempt by the FDA to start moving forward to better ascertain the risks and benefits for patients."

In its guidance, the FDA laid out details of when it would demand to see genetic-testing information that was done as part of a new-drug application. If the tests are "essential to achieving the dosing, safety or effectiveness described in the drug labeling," for instance, they should be included, the agency wrote. The agency also would require genetic results that supported the maker's arguments about dosing or assessing safety.

But more general information, submitted voluntarily, would be evaluated for "scientific and informational purposes - not for regulatory decision making," the FDA guidance said. But if the data contained information that might be relevant for a regulatory matter, the agency would prod the company to resubmit it through that pathway.

Rusty Nelson and Ed Donegan are in the Echoes of the Sound of Music in the Hills of Salzburg

According to Rusty Nelson who has been found and in prison as a sex offender every photograph he took of nature was seized and he has no photos left.

When I was fired from Wells Fargo decades ago I complained to HR that I had massive amounts of family photos I could not get back after biend fired and I remmber later being remided of that when Greta Von Sustern was fired from Fox News and had covered Honor Flight DCA she could not get her pictures back.

My father and I were hikers when I moved to Austin but was locked out of my apartment Ball Park West I had already been trying to join the Sierra Club of Austin.

All my photos are toxified withe epxploited children. I think Boys Town Franklin Nebraska was a feeding system into PsyOps planted children around the world to become CIA groomed Agents of Influence planted with friendly host families and their identities are being protected by photos destoryed.

Riconosciuto's Letter to Feds that 9/11 was coming

http://tedgunderson.info/index_htm_files/Riconosciuto%27s%20Letter%20to%20Feds.pdf

Long handwritten information was included and the cover letter transcribed here.

February 19, 2001
Secretary or State
Fax 202-261-0577

Dear Secretary Powell:

I am an attorney and I represent a client Who is presently incarcerated in a Federal penitentiary. He and I spoke recently and he informed that he had Information regarding terrorists who planned on entering the United States in the very near future for the purpose of terrorist activities.

He wishes to speak to you concerning same and he wishes to turn over all of the information he has concerning same which he has indicated is substantial. He asked me to to write to you because he feels that he can trust you. DO NOT SEND THIS LETTER TO TEE FBI. If he learns that the FBI is aware of this letter, he nay refuse to cooperate for reasons which I will explain later.

I do know whether you know my client, but he is well known in certain government circles, and it is because of the circles he has traveled that I believe that his information is accurate.

Because I do not know if you will receive this letter personally or how many eyes will see this letter before it gets to you, I have not included his name. I will be sending a a copy of the letter to the Attorney General.

Since time is of the essence, please contact me today. My home phone is XXX XXX XXXX. I am there now, but will be out from about 6:30 p.m. to about 9:00 p.m. TIME IS OF THE ESSENCE.

Sincerely Lous P Buffardi.

Gunderson info on Riconociuto

MICHAEL RICONOSCIUTO

Ted Gunderson (self), realizing that the official word being released by the government sources was that a fertilizer bomb was used to destroy the building and that there would only have been one detonation with this type of bomb. then contacted his experts and furnished them the results of the University of Oklahoma seismogramm. (This included two persons.- one does not wish to be identified).

Michael Riconosciuto stated that based on the briefing given him by Gunderson and the unidentified expert, he is convinced that the bomb used in the Oklahoma City bombing was initially developed by him. He described it as an ELECTRO - HYDRODYNAMIC GASEOUS FUEL DEVICE. (see exhibit A).

Since Mike Riconosciuto is the original developer of this device it would be helpful to describe his background and the events which may have led to the dissemination of the information necessary for someone to have built this type of bomb.

Mike Riconosciuto was the son of Marshall Riconosciuto (now deceased), who was a powerful municipal leader and politician with numerous major west coast political connections. When Mike Riconosciuto was young, he was surrounded by relatives and business associates working with the *Office of Strategic Services (OSS)* and later the *Central Intelligence Agency (CIA)*.

Marshall Riconosciuto, his father. owned and operated a "public relations" firm which included long- time friend and colleague "Fred Lee Crisman,"" an OSS *psychological warfare specialist* working against the German effort to secure the atomic bomb.

It is still rumored today that Marshall Riconosciuto held a powerful position within the intelligence community. His son. Michael, was born and raised into this secret lifestyle. From an early age, Mike was a technological child prodigy. (see exhibit B) At the age of ten, he was experimenting with radios, television, sound amplifiers. and remarkably he was one of the first persons to discover the biological reactions in plant life that are stimulated by external sound.

Mike Riconosciute grew up in Berkeley during the early sixties and was already making a name for himself as a world class scientific genius. While at Stanford University he developed a method of extracting nuclear isotopes using a laser (see exhibit C), something which has only recently been perfected. Because of his family connections to the intelligence community, Mike was a perfect insider for the CIA to use during their

experimentation with LSD.

American teenagers loved to experiment with it and Mike became interested in the chemical structure of these psycho-active drugs and was eventually linked with the analytical side of the CIA's MK-Ultra* experiments. It is at this juncture that the CIA developed a “control jacket" for Mike Riconosciuto. A control jacket it is an unpleasant blackmail scheme that the CIA uses to keep psychological control over their assets. Mike Riconosciuto’s jacket was that of an illicit drug manufacturer. The CIA used Mike to spy on the radical Berkeley crowd and the anti-war movement then springing out of the Height Ashbury area of San Francisco.

Mike led a dual life as a young scientist experimenting with highly secretive and new technology, while associating with motorcycle gangs and radical hippie elements of society. He reported his intelligence gathering activities to the Federal Bureau Of Investigations (FBI) and CIA on a regular basis. At one point, Mike refused to cooperate with his handlers, and they used their control jacket to have him arrested.

Mike claims he was set up, then prosecuted as a Juvenile.

It was at this point that Mike realized how much power and control was being exerted upon him to stop all other activities and to continue to explore his scientific skills in the development of new theories in science. Part of this pressure was the result of Mike Riconosciuto's own father to channel the young Riconosciuto into his work. During the late 1970s, Mike was making discoveries in a new scientific principle that would eventually cause so much excitement at the National Security Agency (NSA) that the director of this agency would make a personal appearance at Mike's

laboratory to examine the results of his work.

The laboratory was called Hercules Research, and Mike was developing a new device called the Modular Energy Transfer Catalyzer unit (METC Unit).

By itself the METC unit was not so complicated a device to replicate, however, the control circuitry and the applications in which the METC unit was being used was nothing short of a scientific revolution. Numerous patents were issued to Inter-Probe Inc.. under the leadership of former Admiral Henry Renkin.

The Admiral had formed a relationship with the Riconosciuto and the government had taken an active interest in everything that Mike was developing.

These included hand-held directed energy weapons systems, infra-red signature counter-measures for the Stealth aircraft. an improved method of controlling and breaking down surface friction in winged aircraft, an improved method of controlling heating and cooling in critical laser-welded applications and a half-dozen more such projects shrouded in secrecy. Mike was considered years ahead of his time and important people were now be-friending him.

These people were trained ritual-type murderers who passionately loved their work. Nichols was tape recorded negotiating with an undercover police officer to kill several Cabazon Tribal members. Arrests were made by the Indio California Police Department and Nichols was convicted of soliciting murder. Nichols served one and one-half years in prison. The Parole officer interviewing Nichols expressed shock that despite Nichols' lack of remorse, or that Nichols never accepted the authority imposed upon him, he was released early on parole Wackenhut then attempted distance itself from this affair. However, both

Wackenhut and the CIA had intensive information about what was going on and who was involved. It was learned Nichols had made friends with numerous mafia bosses, several of whom helped Nichols set up the gambling casino in Indio, California, on Cabazon Tribal property. This blatant connection between the CIA, gambling casinos, and the Mob was exposed by Geraldo Rivera in an ABC 20/20 segment broadcast on April 4, 1985. To date, nothing has been done to investigate the Nichols family because of their extensive connections to the CIA.

When Riconosciuto learned that his friend, Paul Morasca, had been murdered, Nichols had also indicated, through his actions, he also intended to assassinate Riconosciuto. At that time, Riconosciuto left Nichols and looked for another company to form a business relationship. Riconosciuto struck a deal with a twenty-year veteran CIA career officer named Robert B. Nichols (no relation to J .P. Nichols).

Robert Nichols formed a corporation called Meridian Arms Corp. By the time Meridian Arms became involved in Riconosciuto ‘s project activities, Dr. Harry Fair of the Defense Advanced Research Project Agency (DARPA) was contacted and FMC corporation was solicited to participate in a joint venture with Meridian Arms.

Somehow the Meridian Arms venture never materialized due to a failure in communications between Mike Riconosciuto and Robert Nichols in late 1984. Riconosciuto’s laboratory was moved to a small seaside town in Washington state where he slowly prepared to return to the theoretical research applications of the METC unit. Meanwhile, Riconosciuto was developing a new idea involving the extraction of precious metals using an organic chemistry reaction and his modular Energy Transfer Theorem. Mike was looking for some cash to start up the theoretical research lab again and decided to apply his method of

extracting platinum in the tailings of an old mine in eastern Washington state. At the time when Riconosciuto was succeeding in extracting his first few grams of platinum, Riconosciuto received a message from a computer software firm named Inslaw.

Inslaw had successfully sued the government for having conspired to bankrupt the company that developed the software under contract with the Reagan Administration. The case was up for an appeal and Inslaw was collecting evidence. Mike volunteered to provide a sworn affidavit (see exhibit G) to the originator and true owner of the intellectual property. This affidavit implicated the Department of Justice in a plot to steal and modify the software source code by adding a trap door inside the system which would subsequently allow anyone with the correct "Macro Sequence" to access unauthorized data from outside the facility where the computers were operating.

The new administration then sold its new product to other countries without telling these new customers that it was possible for the United States government to read all of the world' s secrets by tapping into the foreign computer's modem lines and using an unauthorized back door to penetrate the system's normal security lock-out.

Mike proceeded to sign the sworn affidavits despite the government's warning that if he helped Inslaw, they were going to set him up and throw him in jail. Exactly eight days later, Mike Riconosciuto was arrested and prosecuted under the control jacket they had used over and over again.

DRUGS. He is now serving a thirty-year sentence without parole for having conspired to manufacture a controlled substance. "Amphetamine".

Although other criminals who have killed are getting out within a few years, Mike is purposely being made out to be a crazy drug addicted liar who will say anything to anyone to get out of prison. When Ted Gunderson recently made contact with Mike Riconosciuto, Mike described the type of bomb he had designed. (see exhibit A)

Rogue Agent retrieved from IMDB.com and copied or modified to here

Plot

Log-line - An undercover CIA Agent must silence an investigative journalist and his source, who threaten to expose The Octopus, (a sinister shadow government) for profiteering through illegal war games.

Eight sinister individuals run a shadow government to control the global economy. An investigative journalist learns about them and calls this group the Octopus. The journalist's source is a computer hacker who leaks classified information that can wreck the Octopus' missions. The Octopus summons an undercover CIA assassin to locate the leakers and eliminate them and moves forward with its plans. Their assassin befriends the journalist to try and learn who his source really is. He hunts the hacker down, only to find him entering a federal witness protection program to evade death. The hacker leaks a devastating trove of classified information to wreck the Octopus' plans. The CIA assassin lures the evasive hacker into a drug deal and plots his capture. A

Judge sends the hacker to prison for leaking classified information. While he's still in prison, the hacker unleashes his own assassins after the CIA assassin, who stumbles upon the Octopus' final agenda. Together, they warn the journalist but it's too late. The Octopus sends a second hitman to kill the journalist. An FBI Agent investigates the murder and claims the CIA assassin is his prime suspect in the journalist's murder. The assassin tricks the FBI Agent and disappears with the Octopus' money. A lesser-known reporter meets the journalist's brother, secures the manuscripts, and vows to bring his murderers to justice.-JR ,

The subplot: Investigative journalist Danny Casolaro stumbles upon a secret group of ruthless political manipulators and calls it the Octopus. The Octopus trades in big-oil money, drugs, weapons, and human trafficking globally. Casolaro uncovers and investigates illegal activities on a Navajo Reservation in Indio, California. He stumbles upon a fringe group, the D.I.G "Decency In Government", who are fighting the corrupt higher-ups involved in the drug trade off the Pacific coast. Casolaro is oblivious to the fact that the CIA's secret arm, Wackenhut Security, is in a venture to develop biological weapons and supply to the Saudi regime. Casolaro digs too deep into their secret operations and Wackenhut shuts down its operations. Robert Booth Nichols-a self-proclaimed mix of Clark Gable and James Bond on the wrong side of the law-tries to locate and tie up the loose ends for the Octopus. Nichols and his former business partner, Michael Riconosciuto, were involved in biological weapons technology and drug operations in their efforts to stop the human trafficking trade in Central and South America. After a botched mission in Beirut, Riconosciuto ends his alliance with Nichols and disavows the CIA. When Nichols comes after Riconosciuto looking for the Troll (Danny's source of the national security leaks), Riconosciuto sends his family away and becomes an FBI informant. He leaks classified information, triggering

panic in Washington DC. Riconosciuto is framed in a drug deal and sent to prison. Casolaro bounces intelligence between the various operatives and is poised to crack open the case. For this, he trusts Nichols who promises Casolaro that he can meet the head of the Octopus. The next day, Casolaro is found dead in his motel room. Hot on Nichols' heels is FBI Agent, Thomas Gates, who suspects Nichols is the killer and vows to put him away forever. Nichols steals Octopus' money and disappears from the scene. Agent Gates opens a new case to indict Nichols as a conman and vows to bring him to justice. At Casolaro's funeral, a four-star general walks in, places a medal of honor on Danny's chest, and salutes him. A reporter named Carol Marshall meets Danny Casolaro's brother, Tony, who secures Danny's manuscripts. Together, they vow to investigate Danny's murder further and bring the killers to justice. The story is based on the book, "The Last Circle," by Cheri Seymour. -JR

Synopsis ROBERT BOOTH NICHOLS is a self-proclaimed CIA operative and an off-the-grid globetrotting weapons salesman for the British MI-5/6 and trades illegally in guns and biological weapons. Chasing a fetish for US Treasury Notes, Nichols' greed often hurts his allies and foes. They call him the 'James Bond' on the wrong side of the law. Nichols surfaces from a long hiatus and steals a Yacht off the Pacific coast. It's named NABILA. Nichols chases away the three bimbos on board and turns around the boat to dock it at a safe yard, in his control.

Nichols' ally is an eccentric computer genius, MICHAEL JAMES RICONOSCIUTO, a director of R&D at Wackenhut Corporation, who lures Nichols into a new deal. Riconosciuto convinces Nichols that Wackenhut plans to manufacture and supply weapons of mass destruction to Saudi Arabia from a Reservation in Indio, California. Wackenhut hires Nichols to be their middleman.

At a Washington DC court, a ninth circuit Judge acquits IMELDA MARCOS and ADNAN KHASHOGGI in an international money laundering case. Kashoggi is the wealthiest arms dealer in London. He moves his bases to Geneva, Switzerland, and Marbella, Spain because of DODI AL FAYED (Who'd later become Lady Diana's lover.) Khashoggi's business partnership with Imelda Marcos ends with this acquittal.

Nichols and Riconosciuto seize the opportunity and offer a lucrative deal to Kashoggi. Nichols tries to sell Kashoggi's stolen yacht, NABILA and compels Kashoggi to fund their weapons trade. Riconosciuto adds they have a wealthy client (we'd learn later that it's Donald Trump who buys this yacht) ready to buy the yacht for a higher price. Kashoggi first agrees with Nichols' offer then sees through the double-cross and sells his yacht directly to their client. Nichols docks the yacht at a hidden shipyard. Kashoggi sends his killers after Nichols and Riconosciuto to eliminate them and repossess his yacht. Nichols and Riconosciuto move back to the United States and stay low for a while. Nichols reaches out to an old ally, PETER ZOKOSKY, a former Marine, now a Picatinny contractor to form a new partnership. They begin selling weapons to the Nicaraguan rebels and the Cali Cartel. At a lakeside hideout, a rebel leader, COMMANDER ZERO, inspects Riconosciuto's weapons, night-vision goggles, and new merchandise. Riconosciuto gives a demo for an untested and sophisticated technology called "Fuel-Aur-Explosives," which he claims is his invention.

Nichols and Riconosciuto taste big success in the drugs, bio-weapons, and technology trade. They stumble upon the Octopus' human and drug trafficking operations in the Beqaa Valley in Lebanon, Asia, and Central and South America. Riconosciuto sets up a listening post in Nicosia, Cypress with an ally, LESTER COLEMAN, an undercover DEA agent who sends out a coded message

to Nichols, "WA-LATTERALL is compromised." The Octopus' Supreme Council picks it up and sounds alarmed to their top gun, GEORGE WACKENHUT. The NSA agents begin monitoring the activities in the Beqaa Valley. Nichols, Riconosciuto, and Coleman get to a rendezvous point where the Nicaraguan rebels and the Cali Cartel hold an American hostage. Nichols negotiates the release of the high-value asset (William Buckley Jr.,) and agrees to trade three dozen COBRA helicopters as ransom. During the negotiations, Riconosciuto picks up a few code-words in Spanish via Commander Zero's walkie-talkie and alerts Nichols that they've killed the hostage. Nichols is pissed that Commander Zero has double-crossed them, and he blows up the helicopters with C-4 explosives. Nichols vanishes with a large sum that belongs to the Octopus. Rebels open gunfire breaks, Coleman slows down and they capture him. Riconosciuto and Nichols flee the scene. Riconosciuto shows his angst and tells Nichols that they cannot leave Coleman behind. Nichols tells him they can't trust Coleman anymore and says he's expendable. Later, Coleman escapes and flies away to Sweden, where he seeks political asylum and lives there with his family.

In Martinsburg, West Virginia, an investigative journalist, DANNY CASOLARO, writes for the computer world magazine. He picks up a few threads of Nichols' botched mission and outlines a crime narrative about eight individuals who have absolute power and unlimited access to money. He calls this group the Octopus or the *Shadow Government* of the modern world.

Nichols and Riconosciuto stay low for a while and then resume operations in money laundering. They also shop around a forbidden technology known as PROMIS, which Riconosciuto claims, he's placed a backdoor orifice while working for Wackenhut Security Inc. This Trojan horse would later become the most sophisticated surveillance tool for the US Administration to monitor all human movements on the planet. Nichols sells

PROMIS to wealthy bidders such as the Bin Ladins, the Ayatollah in Iran, and even Mossad.

Wackenhut, the new Chief of the Octopus, is on a damage control mission after Danny Casolaro's leaks that hurt their global plans. Wackenhut summons and orders Nichols to locate the sources of these leaks and eliminate them. Nichols gets a small clue from the leaked files that Casolaro's source is a hacker named the TROLL. As a return favor, Nichols asks Wackenhut to throw the Saudi killers off his back. Wackenhut introduces him to MIKE ABBELL, who's the Octopus' top eagle at the Justice Department.

Riconosscіuto and Nichols visit Pine Gap, Australia, where Riconosciuto helps the Australian Intelligence Agencies (ASIO and ASD) build and set up a massive data collection center using the PROMIS and later, ECHELON programs. After hearing the news of a top banker's murder in Sydney, (the Nugan-Hand founding partner's death) Riconosciuto suddenly parts ways with Nichols and moves to Tacoma, WA, where his second wife, BOBBIE, and daughter MARY ELIZABETH, welcome him home.

While investigating the Cali Cartel and the Music Corporation of America (MCA), a bad-ass FBI Special Agent, THOMAS GATES (Los Angeles,) stumbles upon Nichols, Riconosciuto, and Casolaro's files because of the leaks. He secures FISA warrants and places "Wire-Taps" on telephonic communication of Nichols, MCA, and the mafia hands, FRANCISCO "FRANKY BOY" CALI and his associates. Agent Gates connects the dots quickly and learns that MCA (Music Corporation of America) is merely a front office for the Octopus. Agent Gates picks up a disturbing lead that stops him cold and ends at the doorsteps of a faceless White House official.

Meanwhile, in Southern California, an editor at The

Gazette, CAROL MARSHALL, has been looking for answers on pending cases within the Mariposa Sheriff's jurisdiction. Carol stumbles upon Casolaro's publications when a Deputy meets her and hands her over an envelope with a firm warning that she cannot disclose its contents to anybody, including family. Carol takes the files home, skims through the pages, and shares a few pages with ROLAND SEYMOUR (Her GREEN BERET husband.) He tells her that the answers she needs might be with Ted Gunderson at the FBI (Los Angeles branch.)

Carol meets Gunderson and wishes to know about Nichols and his activities. She says Michael Riconosciuto had given her bombshell 'INTEL' when he called her from an unknown location, using a collect call phone. Gunderson warns her about getting involved in any matters connected with Nichols and adds she'd be in danger if she pursued her investigations. He sends her away.

Carol goes ahead and publishes online her investigative report on the Cornell University website. Gunderson calls her back and invites her home. They meet and discuss the sensitive nature of the case she's been investigating. He introduces Carol to Agent Gates, whom he wants to throw off Nichols' back, and instead sends Agent Gates away to explore the MCA. Gates reaches out to Carol and tells her he's investigating anybody in touch with Nichols or Riconosciuto. Agent Gates closes in on the truth when Gunderson sends him on a lead about a bunk investigation of Matsushita Corporation, which is trying to buy out MCA. Gates learns Nichols is handling the deal in Japan, and he stumbles upon a YAKUZA operative, HAROLD H. OKIMOTO. Okimoto is Nichols' 'Godfather' operating out of the Japanese underworld. Agent Gates tails the two men to their secret base in Honolulu, Hawaii.

The OLIVER NORTH story about the Iran-Contras and the hostage crisis in Iran rips through the nation.

Riconosciuto claims he has intelligence on the OCTOBER SURPRISE conspiracy that ensures the delayed release of the hostages in Tehran, resulting in Reagan's election as President. He shares this information with Casolaro and BILL HAMILTON (owner of INSLAW INC) that Nichols organized the money by selling weapons to Iraq. Riconosciuto adds that this matter has Papa Bush's fingerprints all over it.

BILL HAMILTON (of INSLAW Incorporation) owns the patents and rights to PROMIS. He asks Casolaro to investigate PETER VIDENIEKS and DR. EARL BROWN (HADRON INC, Octopus operatives) for stealing PROMIS and selling it illegally to the DOJ. The Justice Department installs PROMIS at 93 DA's offices across the nation. Casolaro refuses to get involved in Hamilton's politically motivated plans, then sees the enormity of the whole operation.

Agent Gates closes in on these operatives quickly and touts Nichols to be a masterly conman. Nichols learns about Agent Gates and reaches out to Gates' boss, TED GUNDERSON, who orders Gates to stop chasing Nichols. Gunderson claims he has investigated the MCA business and calls Nichols squeaky clean. Gunderson assures Gates that Nichols is probably a CIA Agent or an MI-5 operative. Agent Gates taunts Gunderson with the notion that Nichols could be an NSC operative with Top-Secret clearance.

Agent Gates continues to monitor Nichols but plays it by the book. Nichols meets EUGENE GIACHINTO, President of the MCA, who resigns suddenly and ends his partnership with Nichols's company, Meridian Weapons Inc. Giachinto's actions send a shock-wave among the Octopus operatives. Nichols talks with Danny Casolaro and Michael Riconousciuto and warns them of dire consequences if they speak about an influential Octopus operative at the DOJ, MIKE ABBELL. They refuse to heed his warnings, and Nichols turns the heat

on them.

The PAN AM 103 airliner crashes at Lockerbie, Scotland. Riconosciuto concludes quickly and shares it with Casolaro that Nichols could have been behind this crash. Casolaro asks him how Riconosciuto knew this. Riconosciuto says that Nichols didn't like the idea when the McKee team arrived in Beirut to investigate Nichols' covert operations. Danny Casolaro begins to suspect both Riconosciuto and Nichols could have been behind the deaths of the McKee team.

Casolaro bumps into the Octopus operatives everywhere. Wackenhut reprimands Nichols and asks him to locate and neutralize the leakers. Nichols learns that the Octopus' Supreme Council has a master plan in a play called the Project for the New American Century (PNAC).

Meanwhile, Peter Videnieks sends an assassin to Hamilton to try and intimidate him so that he calls off the investigation into Mike Abbell. Nichols reaches out to Danny and Riconosciuto and warns them to stay away from Abell. He adds that even the CALI Cartel men that Casolaro was tracking down are intelligence operatives working under Nichols' supervision. Before Nichols can locate the actual leaker named TROLL, Michael Riconosciuto tells Hamilton that the DOJ has stolen PROMIS to use it and advance their PNAC plan. Hamilton requests Danny to investigate again. Danny is currently in South America with his son and agrees to look into the matter when he returns home. An unknown Octopus hit man, JOSEPH CUELLAR, tails Casolaro and keeps a 24/7 watch on his activities. Robert Booth Nichols butts in to dissuade Danny from investigating Abbell again and warns Danny that he might get killed.

In the meantime, the Cali Cartel and the Nicaraguan

rebels send in Jose Carlos Londono, Commander Zero, Gilberto Rodrigues, and Miguel Rodrigues to seek revenge for their losses. They monitor Casolaro and Nichols closely.

Riconosciuto sends an affidavit to support Hamilton's case against the DOJ about PROMIS. Riconosciuto hires an ex-marine turned mob hit-man, JIMMY HUGHES, to protect his family and then enters a "Witness Protection" program.

His affidavit reaches the hands of Deputy Attorney General BILL RICHARDSON and instantly sends ripples across Washington DC and the DOJ. Peter Videnieks and Dr. Earl Brian are hauled in by the Senate Judiciary and Intelligence Committees. This case rattles the Octopus' Supreme Council.

The Press ambushes President George H.W. Bush and questions him about the INSLAW case and the shooting down of PAN AM 103. He dodges their questions deftly.

Jimmy Hughes brings along heavy artillery and armor to protect BOBBIE RICONOSCIUTO (Riconosciuto's wife) and MARY ELIZABETH (their daughter, 4) from Nichols and the Octopus killers.

Videnieks calls Riconisciuto to intimidate him and orders him to withdraw his damaging affidavit, or his life and family will be destroyed. Riconosciuto reaches out to his old mates at a shipping yard near Tacoma, WA (in the Seattle area) and plans on going underground. He sends his family away to California.

Following up on a tip from an unknown caller, the USCG monitors a drug deal where a Cali Cartel sidekick, BEN KALKA, is seen with Riconosciuto and his pals. The USCG Agents arrest Riconosciuto and his associates on a dockyard in Tacoma.

At Michael's trial, Ted Gunderson presents a supportive recommendation in Riconosciuto's favor. To accelerate the case hearing, the DA brings in Riconosciuto's ex-wife, PHYLLIS, and her boyfriend to testify against Riconosciuto. Riconosciuto is found guilty of leaking classified documents, and he lands in Pierce County jail. Bobbie and Mary move to California after hearing this devastating news and come in touch with Carol Marshall. The two women visit an old RV of Riconosciuto in Death Valley, Trona, and collect boxes full of documents, where he's also left some secret encrypted bank cards for the family to use. Riconosciuto calls Carol one night and reveals that he's been following her actions ever since she met Gunderson and handed over a secret investigation folder titled "The Vortex Files."

Over the next few months, Riconosciuto and Carol Marshall talk by phone. An FBI Agent, "RJ," notes down the important details for Riconosciuto's early release from jail. Agent Gates also hears their conversations via tapped phones when Riconosciuto talks about Nichols' connection with the mob, MCA, and Cali Cartel. He says FinCEN (Financial Crimes Enforcement unit) should be handling his case.

Agent Gates swings into the action and tracks Nichols to Italy, England, Japan, and Switzerland. Gates gets in touch with Casolaro and shares sensitive information about the Octopus and Wackenhut alliance, and warns him to stay away from Nichols and Riconosciuto.

(August 4, 1991.) Nichols flies in from Puerto Rico and meets Danny Casolaro and his girlfriend, ANN KLENK, at the Sheraton Inn motel in Martinsburg, West Virginia. Danny Casolaro meets BILL TURNER of Hughes Aircraft and exchanges more damaging 'INTEL' about Octopus' PNAC plans for the Republic of Dominica and Haiti. Danny finishes his crime narrative and is ready to

publish it. After reading his material, several news reporters first want to run with the story, then back out. Danny titles his final manuscript "INDIO" and then changes it to "Behold a Pale Horse." Danny finally settles with "The Death of a Poet."

In Hollywood, Nichols meets his MCA ally, JACK VALENTI, President of the Motion Pictures Association of America, and shares Danny's narrative. Nichols wants to make it into a feature film titled "Acceptable Casualty."

We learn that Valenti is a former Chief of Staff of President Lyndon Johnson, and he's rewarded this job because Valenti drafted Johnson's speech on board Air Force One, after JFK Sr's assassination. With Gunderson's help, Carol finally gets to meet Nichols.

Suspicious of Carol's intentions, Nichols vets her thoroughly, then shares about his meeting with Jack Valenti. Nichols says he has been part of many covert intelligence operations. Carol asks him about a botched operation in Lebanon and adds that Riconosciuto gave her this information. Nichols asks her for the code-name Riconosciuto gave her. She says it's "WA-LATTERAL." Nichols hides his shock and then says that's not the code-name.

Nichols deviates from the topic and lies that Riconosciuto and Coleman were handling WA-LATTERAL. Nichols adds more spin and shares the "Unedited" version of the notorious ZAPRUDER tape with Carol Marshall. The video shakes up Carol, and she leaves Nichols alone after this meeting.

(August 10, 1991.) At the Sheraton Inn motel, a cleaning staff finds Danny Casolaro lying in a bloodied bathtub. At the same time, Danny's maid at home, OLGA, receives death threats from different callers. A

couple of DC police officers take charge of the crime scene and send Danny's body for an autopsy. Later, the cops embalm Casolaro's body without an autopsy, and they don't inform his family either.

A few days later, Danny's brother, Doctor ANTHONY CASOLARO, meets the coroner in Martinsburg, WV, and learns that Casolaro's suitcase, full of incriminating evidence for the case he was working on to bring down the Octopus, has gone missing.

Anthony reaches out to Carol Marshall and Ann Klenk, then shares a secret that Danny had shared only with him. They find Danny's last known note in his shoe case. Carol picks up Danny Casolaro's murder case and names her new folder, "The Casolaro Protocol."

Nichols meets Zokosky and they hunt down Danny Casolaro's killers, then take Wackenhut hostage. Agent Gates tails them to a nondescript building in Florida and watches them.

A high-speed car chase ensues in the streets of Coral gables, Florida. Zokosky and Nichols trick Agent Gates and they send him after Nichols' double. The real George Wackenhut learns Nichols has kidnapped his double and places him on a rogue assets' list. Wackenhut flies away to Marseilles in France and goes into hiding.

Jimmy Hughes tracks down and joins Nichols and Zokosky as they're torturing and interrogating Wackenhut's double to get the details of the Octopus' PNAC plans. Hughes steps outside for a smoke while Zokoky applies extreme measures and tortures Wackenhut further. They pause and ponder that the double has nothing of value for them. In a stunning turnaround of fate, Joseph Cuellar rushes inside, points his gun at Nichols, and orders his boss' release at gunpoint.

Nichols sweet-talks Cuellar into a deal and convinces him that Wackenhut has committed treason. Hughes comes back in, guns blazing, and kills Cuellar. They hear helicopters' roots noise in the distance and Hughes kills Wackenhut's double. Nichols and Zokosky ask him why he'd done that. Hughes tells them that they only had a body double. Nichols and Zokosky are shocked. They leave the building.

Moments later, mercenaries arrive in a helicopter and carry the double's body away. Zokosky watches them fly away and smiles. Nichols walks over to him and sees him smiling. Zokosky says he has the coordinates to locate Wackenhut but might need some help to decipher the coded data from his computer. Nichols nods approvingly at Zokosky's brilliant move. Zokosky had pinned a tracker on the double's corpse. Nichols says they need to pay Riconosciuto a visit to get the codes deciphered.

Nichols and Zokosky meet Riconosciuto in prison and he accuses Nichols of attacking Bobby and Mary in his California home. Riconosciuto says Nichols is Danny Casolaro's murderer. Zokosky intervenes and says that Nichols was in London on the day Danny died. Riconosciuto turns to Hughes, who nods at him and confirms Zokosky's information. Riconosciuto seeks proof of their claims. Nichols shows the proof to Riconosciuto, and he agrees to help decipher Zokosky's files.

They learn that Wackenhut's hiding in Marseilles, France. Nichols promises Riconosciuto that he'll make Danny Casolaro's killers pay for their crimes. Riconosciuto says Nichols IS the mind behind Casolaro's killers. Nichols refutes the charge and poses the dreaded question; who and where is the Troll? Michael stuns everybody, confesses he's the Troll and adds that Nichols is wise enough to figure such things out.

Nichols, Zokosky, and Hughes take a ferry and reach the Chateau Du Ray in Marseilles. Hughes looks through his rifle scope and finds Wackenhut pacing around his living room in the distance. He shows it to Nichols and Zokosky, then takes a couple of shots. Wackenhut drops on the carpet. Nichols, Zokosky, and Hughes get back on the ferry. Nichols flies off to Geneva, Switzerland, Zokosky goes to London, and Hughes flies off to Honduras.

A 4-star general of African-American descent walks out of a limousine and salutes Danny's casket, opens its lid, then places a medal of honor on his chest and salutes again. The General leaves, and his actions stun Danny's family and others at the funeral.

We see the Yacht, NABILA, sailing away off the Pacific Coast, and it's now named Princess Diana. Carol receives Ann Klenk's phone call, leaves for DC, and meets her at a diner. They discuss the final days of Danny Casolaro and later visit Danny's grave in Arlington.

Carol takes Ann to her motel suite, talking about Danny's manuscripts. Carol notes down a few numbers from Danny's phone bills and assures Ann that she'll find out who killed Danny. Carol tells Ann that her name is Cheri Seymour and not Carol Marshall. On that note of unconditional faith, love, and trust, Cheri Seymour leaves Ann Klenk with happy memories of Danny Casolaro.

(2005.) In North Hollywood, the LAPD coordinates with Agent Gates' team at the BLUE DIAMOND Nightclub. They ambush and arrest Nichols' team with heavy-duty weapons, and they have no license to possess such guns or conduct such trades.

Nichols arrives in court and spins his narrative that he's a covert intelligence operative and has top-secret

security clearance. The Judge asks Agent Gates and LAPD to present proof of illegal acts by Nichols. Nichols presents travelers' checks and other papers to strengthen his claims. The Judge calls it a mistrial.

Stunned, Gates and Gunderson watch Nichols walk free. They get back to their office and get back to the wiretap recordings room. Gates is stunned to find out that the spool recordings containing Nichols' calls are missing. Gates is pissed, and he vows to nail Nichols for his crimes and put him away forever.

(2009.) A Swiss tabloid reports that Kasshogi's assassins lure Nichols into a gun deal meeting and kill Nichols in a Geneva hotel. Agent Gates cuts the piece out and pins it on a wall. Gates ponders, did Nichols die, or did he fake his death? Let's find out more about it.

Jagan Ramamoorthy has written the full synopsis for the Rogue Agent story.

Not Good For Democracy

Techniques used to silence journalists" Ted Gunderson wrote about. And many others have. Using street thugs for break-ins, murders, theft of notes, etc., One of his letters is in this text I converted from his documents scans.

Using Contentious Assailants in abusive fraudulent and harassing attacks on me (disguised) to get me into a misstep and thus into custody is on technique. One misstep some would say would be attacking the police rather than writing letters to them requesting they cease and desist as Ted Gunderson, Sosbee, Carl Clark, Karen Stewart, March Rich, Cathy Meadows, Jen Moore and I have done.

I have used plays on the name Confidential Informants such as Confidential Assailants and now Contentious Assailants who bully dis-truth via covert techniques hoping a fight will break out with me and divert my book writing. It is called Rough Noise to distract. If I fight the Rough Noise I would be in my rights but you disguise the noise as random when it is not random.

Contentious Assailants can cause a fight (trip-up) of a writer denying they did so

My book blames Government for many deaths and crimes. My book is not liked. By some.

Definition of *trip*

(Entry 1 of 2)

intransitive verb

1
: to catch the foot against something so as to stumble
2
: to make a mistake or false step (as in morality or accuracy)
3
a
: to dance, skip, or caper with light quick steps
b
: to walk with light quick steps
4
: to stumble in articulation when speaking
5
: to make a journey
6
a
: to actuate a mechanism
b
: to become operative
7
a
: to get high on a psychedelic drug (such as LSD) : turn on -often used with ***out***
→
b
slang : freak sense 3b

transitive verb

1
a
: to cause to stumble -often used with ***up***
→
b
: to cause to fail : obstruct -often used with ***up***
→
2
: to detect in a misstep, fault, or blunder
also : expose -usually used with ***up***
→

3
: to release or operate (a mechanism) especially by releasing a catch or detent
trip the fire alarm
4
: to raise (an anchor) from the bottom so as to hang free
5
a
: to pull (a yard) into a perpendicular position for lowering
b
: to hoist (a topmast) far enough to enable the fid to be withdrawn preparatory to housing or lowering
6
archaic : to perform (a dance) lightly or nimbly

trip

2 of 2

noun

1
a
: voyage, journey
b
: a single round or tour on a business errand
2
a
: an intense visionary experience undergone by a person who has taken a psychedelic drug (such as LSD)
b
: an exciting or unusual experience
the party was a trip
3
: absorption in or obsession with an interest, attitude, or state of mind
a guilt trip
on a nostalgia trip

4
: a faltering step caused by stumbling
5
: a stroke or catch by which a wrestler is made to lose footing

In the Supreme Court case Associated Press v. United States, 326 U.S. 1 (1945) the Supreme Court stated "… each paper collects in its own territory, and for the gathering, editing, and distributing of news … " and that "the Firs Amendment rests on the assumption that the widest possible dissemination of information from diverse and antagonistic sources is essential to the welfare of the public, that a free press is a condition of a free society."

Conspiracies against the sources of news-stories, impeding the gathering of news, intimidating the reporting of news all constitute Conspiracy Against Rights. I assert Hastings, Breitbart, Ted Gunderson, Jen Moore, and others including myself have been conspired against as others have to conceal the truth and culpability of the Kennedy assassinations.

Shield laws and journalist's privilege: The basics every reporter should know retrieved from Columbian Journalism Review and copied or modified to here

Where does a journalist's privilege come from?

So that's the theory. What's the actual legal source for a journalist's privilege? Here's where it gets complicated…

The First Amendment. The US Supreme Court ruled in 1972, in the landmark case Branzburg v. Hayes, that the First Amendment doesn't allow a journalist who has witnessed criminal activity to refuse to testify about it

before a grand jury. However, the court's opinion was joined by five justices, one of whom wrote separately to say there could be future cases in which it would make sense for a journalist to be privileged.* Because that was the vote needed to decide the case, some lower courts have invoked the separate opinion to recognize a First Amendment privilege. Courts have been more hostile to it recently.

Federal shield statute. Nope. There is no federal shield law, despite many attempts by the Society of Professional Journalists and others to get one passed.

State constitutions and common law. In some places, journalists can claim a privilege based on the state constitution, and in other places, journalists can claim one based on state common law. For example, the New York Court of Appeals ruled in 1988 that the state constitution includes a privilege for journalists' confidential and non-confidential materials, while the Supreme Court of Washington ruled in 1982 that case law allows journalists there to claim a privilege in civil suits.

State statutes. Roughly 30 states have passed statutes, called shield laws, allowing journalists to refuse to disclose or testify about confidential or unpublished information, including the identity of sources. The statutes vary significantly from state to state in the scope of their protections.

I have constantly experience death threats etc., as well as other interference, and in particular when attempting to communicate with Infowars.

Ted Gunderson in "Techniques used to silence critics" talks about the FBI and DHS and CIA system used on him, me Jen Moore and others. Formely having overseen COINTELPRO

including under J. Edgar Hoover, his immediate boss at times, COINTELPRO and the Mob utilizes the close relationship Law Enforcement (and Social Services) has with riff raff and how it can seemingly of clean hands user the dirty hands of riff raff as extensions of their own hands for dirty acts such as silencing critics of the FBI and CIA.

Jen Moore Ed Donegan and Ted Gunderson assert Conspiracy Against the First Amendment by Stasi powers of Police hiding their identity in harassment of critics of Government officials and Ed Donegan notes he is being attacked when FBI and DOJ and CIA figures appear on his book cover and he asserts they are guilty of killing jFK and others, something the Elites have to fear IF the allegations of Ed Donegan turn out to be true. Jen Moore and Ed Donegan says they are true, the CIS OSS Background of Donegan's including atomic testing and likely genetic samples taken.

> *[The First] Amendment rests on the assumption that the widest possible dissemination of information from diverse and antagonistic sources is essential to the welfare of the public, that a free press is a condition of a free society.* Supreme Court of the United Staes in Associated Press v. United States, 326 U.S. 1 (1945)

President George W. Bush Apri 23, 2003
The White House
1600 Pennsylvania Avenue NW

Washington, DC 20500
Dear President Bush

On April 3, 2003, I found an intruder (biker type- wearing a head bandana, leather Jacket, and chains attached to his belt) in the basement of the apartment complex where I am presently staying in Los Angeles. After seeing me, he bolted through the front door of the building and disappeared. I filed a police report. [am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

Since retiring as the Senior Special Agent in Charge of the FBI Los Angeles Division in 1979, T have publicly exposed pedophilia, murder, child kidnapping, and other nefarious criminal activity on the part of individuals both in and out of government circles; much of which has been covered up or ignored by those responsible for investigating these allegations.

In the past, there have been attempts to frame me for alleged criminal activity, individuals have been 'planted' on me and there have been attempts on my life. More recently, I have been the target of a disinformation/smear campaign **spearheaded by an FBI informant**. In addition, I have been the victim of periodic surveillances, illegal entries into my home and vehicle, and illegal telephone taps (I have proof.)

My most noted investigations, which I am sure are the reasons for this harassment, include documentation that the FBI furnished the ingredients for the bomb in the February 1993 World Trade Center bombing (NY Times Oct. 28, 1993), a cover-up of the Oklahoma City bombing in April 1995 (at least eleven other persons involved besides Tim McVeigh and Terry Nichols), and most recently, documentation that the FBI bad

advance knowledge of the 9-11 terrorist attacks and failed to take appropriate preventative action.

- From Ted Gunderson article about FBI DOJ Techniques to Silence Journalists and the national security threat silencing journalists presents. Jen Moore will speak of the same. So did Dorothy Kilgallen.

Ted Gunderson was nearly family to JFK and RFK, RFK his anti mafia anti rackets co-worker in the DOJ FBI. Both Ted Gunderson and RFK were killed by CIA Mafia Families plot so those mafia families could, in thought bubble kind of way, get themselves onto the board of East India Tea Company providing they could prove to the British they could keep the US. Government in alignment and prove to strategist the British way was really the correct way all along.

The silencing of journalist,police officers, bloggers, witnesses to assassinations, use of political violence and radiology as a weapon in Termination With Extreme Prejudiced CIA Targeting is more than war crimes, they threaten or destroy lawful government.

The attacks on Ted Gunderon, Jen Moore, and many others are the greatest threat to the greatest power in the world today.

John David Ashcroft (born May 9, 1942) is an American lawyer, lobbyist and former politician who served as the 79th U.S. Attorney General in the George W. Bush administration from 2001 to 2005. A former U.S. Senator from Missouri and the 50th Governor of Missouri, he later founded the Ashcroft Group, a Washington D.C. lobbying firm.

Ashcroft previously served as Auditor of Missouri (1973-1975) and Attorney General of Missouri (1977-1985). As Missouri Governor (1985-1993), he

was elected for two consecutive terms (a historical first for a Republican candidate in the state). He also served one term as a U.S. Senator from Missouri (1995-2001). Ashcroft had early appointments in Missouri state government and was mentored by John Danforth. He has written several books about politics and ethics. Since 2011 he sits on the board of directors for the private military company Academi (formerly Blackwater) and is a professor at the Regent University School of Law, a conservative Christian institution affiliated with televangelist Pat Robertson; he has also been a member of the Federalist Society.

His son, Jay Ashcroft, is also a politician, serving as Secretary of State of Missouri since January 2017.

In December 2000, following his Senatorial defeat, Ashcroft was chosen for the position of U.S. attorney general by president-elect George W. Bush. He was confirmed by the Senate by a vote of 58 to 42, with most Democratic senators voting against him, citing his prior opposition to using forced busing to achieve desegregation, and their opposition to Ashcroft's opposition to abortion. At the time of his appointment he was known to be a member of the Federalist Society.

In May 2001, the FBI revealed that they had misplaced thousands of documents related to the investigation of the Oklahoma City bombing. Ashcroft granted a 30-day stay of execution for Timothy McVeigh, the man sentenced to death for the bombing.

In July 2001, Ashcroft began flying exclusively by private jet. When questioned about this decision, the Justice Department explained that this course of action had been recommended based on a “threat assessment” made by the FBI. Neither the Bureau, nor the Justice Department would identify the specific nature of the threat, who made it, or when it happened. The CIA were

unaware of any specific threats against Cabinet members. Ashcroft is the only Cabinet appointee who travels on a private jet, excluding the special cases of Interior and Energy who have responsibilities which require chartered jets.

After the September 11, 2001 attacks in the United States, Ashcroft was a key administration supporter of passage of the USA Patriot Act. One of its provisions, Section 215, allows the Federal Bureau of Investigation (FBI) to apply for an order from the Foreign Intelligence Surveillance Court to require production of "any tangible thing" for an investigation. This provision was criticized by citizen and professional groups concerned about violations of privacy. Ashcroft referred to the American Library Association's opposition to Section 215 as "hysteria" in two separate speeches given in September 2003.

While Attorney General, Ashcroft consistently denied that the FBI or any other law enforcement agency had used the Patriot Act to obtain library circulation records or those of retail sales. According to the sworn testimony of two FBI agents interviewed by the 9/11 Commission, Ashcroft ignored warnings of an imminent al-Qaida attack.

> **Did Ashcroft brush off terror warnings?**
>
> **NBC News has learned that the 9/11 commission has interviewed two FBI officials who contradict sworn testimony by Attorney General John Ashcroft about whether he brushed off terrorism warnings in the summer of 2001. NBC's Lisa Myers has the exclusive report.**

> …
>
> Ashcroft's spokesman dismissed the allegations Tuesday, saying, "The suggestion that the attorney general wasn't concerned about terrorism is absurd."
>
> He says if Ashcroft was ever short with FBI officials, it was because "he was unhappy with the quality of information he was getting."
>
> …

Yes, during the IRA's campaign of violence, they would often send warnings of planned bombings, often via telephone calls, to authorities or media outlets, giving a location and a time frame for the explosion. Here's a more detailed explanation: Warnings as a tactic: The IRA, including the Real IRA, used a tactic of sending warnings before carrying out bombings. These warnings were intended to cause disruption, put pressure on the British government, and potentially minimize civilian casualties, though the bombings themselves were often devastating.

For those not in the IRA a way to cause casualties is to send police to a fake call and it is just a trap because the real security issue is the bomb waiting or the thugs warned that Serpico was on his way to make an arrest or go undercover.

Subject; OPEN LETTER TO U.S. ATTORNEY GENERAL JOHN ASHCROFT [Ashcroft and Patriot a threat to the USA's safety]

August 29, 2003

Dear Attorney General Ashcroft:

On August 19, 2003 you announced that repealing the USA PATRIOT Act, which you claim boosts law enforcement's ability to investigate terrorism, would endanger Americans.

You stated "*to abandon this tool would disconnect the dots, risk American lives, sacrifice liberty and reject September 11's lessons.*"

You announced a national campaign to defend the act

and your plan to visit more than a dozen cities, but you would not held public forums. Your speeches will be choreographed tightly before law enforcement officials only. You are quoted as stating "*If we knew then what we know now, we would have passed the Patriot Act six months prior to September 11 for Congress to have done less would have been a failure of government's basic responsibility... to preserve life and liberty.*"

As a retired Senior Special Agent in Charge of the FBI's Memphis, Dallas and Los Angeles divisions, I am compelled to distribute the enclosed January 7, 2003 report that contains information furnished to me by Mr. Michael Riconosciuto on January 3, 4 and 5, 2003. This report was sent to your office on January 28,2003. I am now distributing it to the Chiefs of Police, Sheriffs, city councils and the news media in the cities that have been or will be visited by you in the next few days, according to your published schedule.

Attached to this report is my ADDENDUM dated August 29, 2003, with several itemized exhibits.

> August 29, 2003
>
> Dear President Bush:
>
> Please refer to my letter to you April 23, 2003 (attached). This letter informed you that | was the victim of surveillance on April 3, 2003. I also furnished you a copy of my intelligence report on terrorism that indicates the FBI had advance information about 9-11 and failed to take appropriate action. I am writing this letter because | learned on August 23, 2003 that I was the victim of a surreptitious entry into my apartment sometime between July 9, 2003,

> when I left Los Angeles, and August 23, 2003, when I returned.
>
> There was no forced entry, my files, a tape recorder and cellular phone were stolen. As was the case with the April 3, 2003 surveillance, I have made the break-in entry a matter of record with the Los Angeles police.
>
> Was the break-in and burglary committed under the auspices of the USA PATRIOT Act [Sneek and Peek]? Am I targeted and labeled as a terrorist, because I dare to highlight the incompetence and/or possible cover-up of the terrorist movement by the U.S. Attorney General, FBI, CIA and others?

have enclosed my August 29, 2003 letter to U.S. Attorney General John Ashcroft and a updated copy of my 9-11 terrorist report.

In January 2003, I furnished this report to 155 senators and members of Congress, every committee on the hill, Mr. Lee Hamilton, cochairman of the President's 9-11 committee and numerous members of the executive branch of the United States (U.S.) government. President Bush was furnished a copy last April.

To summarize, in January 2001, eight months prior to 9-11, Mr. Michael Riconosciuto, who has been a U.S. intelligence agent for years, developed information about imminent terrorist attacks against the United States. On March 20, 2001 he furnished FBI Special Agent (SA) Keith Cutri of the FBI's Williams- port, PA Resident Agency the identity of an individual in Patterson, NJ who:

a) Was coordinating forthcoming terrorist attacks on the United States, b) Had information on the movement of Soviet-made shoulder-fired missiles into the United States, C) Was coordinating forthcoming skyjackings, d) Was coordinating bombings and espionage, e) Knew the identities of “sleepers” in the United States and overseas.

Mr. Riconosciuto also furnished information that 6 planes were to be hijacked by 30 terrorists, and the targets, other than those hit on September 11, 2001, were the Capitol Building, the Statue of Liberty and the White House. He also furnished information about a false identification ring in Montreal, Canada and New Jersey, and advised that he could furnish the true names and false identities of the 30 terrorists who had been chosen for actions inside the United States, if he and his contacts were given immunity. (Redactions beginning on page 2 of the enclosed January 7, 2003 report are for protection of Mr. Riconosciuto’s confidential source and his allies. You have a copy of the uncensored report.)

Terrorists’ Activities

Prior Knowledge Furnished to the FBI 6 Months in Advance of 9/11!

This information was delivered to the U.S. Department of Justiceand Congress in January, 2003.

Mr. Bailey describes Ted Gunderson as "a person with investigative skills that are unsurpassed by anyone I know or have known."

Synopsis

Exhibit A. of this report is well documented with postal date stamps that Michael Riconisciuto, a former U.S. intelligence agent, furnished advanced information of the 9/11 terrorist attack to the FBI in March 2001 and the FBI refused to investigate. On January 3-5, 2003, this reporter interviewed Riconosciuto, prepared a 24 page report containing the Riconosciuto information, distributed it to every congressional committee-155 congressmen and senators in Washington, D.C., and to key persons in the U.S. Executive Branch-one of whom is Lee Hamilton co chairman of the Presidents' committee to investigate 9/11. Hamilton was told that the anthrax letters to congressmen were an intricate part of the terrorist movement by Al Qaeda and that Riconosciuto had additional critical information. Main stream media refuses to report the Riconosciuto information. U.S. government officials have not contacted Riconosciuto, or this reporter for confirmation and more details even though they were furnished the information in January 2003.

Summary

1. February 6, 2001, former U.S. Intelligence Agent Michael Riconosciuto, wrote a certified letter to his attorney that he had contacts within an Islamic group called Al Qaeda. He told his attorney preparations for an attack against the United States were being made, and he had an inside source who could furnish details concerning this, as well as information regarding the false id's and passports for the group, also the true identity of each. Riconosciuto told this reporter there were a total of 30 terrorists who planned to hijack six planes. Targets in additional to the four known, as a result of 9/11, were the U.S. Capitol building and the Statue of Liberty. :

2. On February 14, 2001, Riconosciuto sent a certified letter to U.S. Congressman Bryan Baird (D-WA) in an effort to expedite the reporting of his information to authorities.

3. On February 19, 2001, a second attorney for Riconosciuto wrote a letter to Secretary of State Colin Powell with a cc to Attorney General Ashcroft stating that he had a client with information concerning imminent terrorist attacks against the United States, and he asked that someone other than the FBI interview his client (he does not trust the FBI).

4. According to Riconosciuto, his second attorney was furnished information by him that there was a 30-hour “window” relating to the possible interception of 37 Soviet missiles that had been smuggled into the United States by the terrorists. This attorney passed this information to the FB! and the U.S. attorney in Chicago, Illinois. No action was taken by either,

5. On an unrecalled day in March 2001, Riconosciuto was visited by Special Agent (SA) Keith Cutri of the Williamsport, Pennsylvania, FBI resident agency.

6. Riconosciuto furnished SA Cutri with the identification of an individual in New Jersey (unidentified herein to eliminate damage or complications to future official investigations) who:

Was coordinating forthcoming terrorist attacks on the United States.
Had information on the movement of Soviet-made shoulder-fire missiles into the United States.
Was coordinating forthcoming skyjackings.
Was coordinating bombings and espionage.

7. Riconosciuto also furnished SA Cutri with information on a false ID ring in Montreal, Canada, and in New Jersey, and he could furnish the exact false ID of 30 terrorists who had been chosen for actions inside the United States,

8. Riconosciuto furnished SA Cutri the identity of his confidential source inside the terrorist group. Riconosciuto later learned this source was interviewed by SA Cutri, threatened with prosecution and deportation.

9. Riconosciuto further informed SA Cutri that terrorists were taking flight- training in various types of aircraft brokered by Thabet a Canadian firm, and if given immunity for himself and his contacts, he would provide specific information where said training was taking place and the identities of the

10. in the period between his March 2001 the interview by SA Cutri and September 13, 2001, Riconosciuto heard nothing from the FBI or any other federal agency.

11. Riconosciuto was shocked by what happened on September 11, 2001, especially in view of the information he furnished to SA Cutrj in March. In his opinion, if properly handled by the FBI, 9/11 would not have occurred.

12. On September 13, 2001, SA Cutri and a second, unidentified FBI agent interviewed Riconosciuto at FCJ Allenwood. In spite of what had just taken place in New York and Washington, and the information Riconosciuto had volunteered in March, SA Cutri:

a) Wanted to know why Riconosciuto was bothering the FBI

and wasting its' time,
b) Accused Riconosciuto of seeking publicity.
c) Accused Riconosciuto of being "anti-FBI" and "anti-government".
d) Called Riconosciuto a 'conspiracy theorist".
e) Called Riconosciuto a "know-it-all". :
f) Called Riconosciuto a "hoaxer" and threatened him with prosecution.
g) Stated that he discontinued inquiry in to the information Riconosciuto gave in March because information Riconosciuto gave him about a staff member at FCI Coleman was untrue.
h) Stated that Riconosciuto was still under investigation because of threats he made against a staff member at Coleman. Riconosciuto took this as a threat.

13. In the summer of 2002, Riconosciuto secured the assistance of Senator George Allen (R-VA) in an attempt to nail down the date in March 2001 on which he was interviewed for the first time by SA Cutri. Senator Allen wrote to the FBI May 31, 2002.

14. By letter dated 07/31/02 to Senator Allen, Assistant Director Pasquale J. D'Amuro FBI confirmed an interview with Riconosciuto by the FB] on September 13, 2001, but "danced around" specific dates of any other interviews with him. He did not admit that the FBI interviewed Riconosciuto in March 2001, six months prior to 9/11.

15. In view of the above, on September 23, 2002, this reporter wrote a letter to Senator Allen, asking him to contact the FBJ to determine the exact date that Riconosciute was interviewed in March 2001 . and whether or not this interview took place as a result of the attorney of Riconosciutos' letter to Secretary of State Powell.

16. According ta Riconosciuto as well as an independent source, following the letter referenced above, and without warrants, the FBI seized the computers and other items from persons who were in contact with Riconosciuto, but who are

not professionally knowledgeable about “terrorism”. The FBI also demanded letters, documents, correspondence, books, etc., and aiso inquired about any “Arab” contacts of Riconosciutos’ about whom they might be knowledgeable. They were also told that Riconosciuto and Ted Gunderson were making irresponsible statements about the terrorism “issue” and that any help given to them might have criminal consequences.

17. During January 2003, this reporter disseminated his 24-page report containing the interview results with Riconosciuto to every U. S. Congressional and Senate Committee, 155 U.S. congressmen and senators (names and dates available upon request), and Mr. Lee Hamilton co- chairman of the Presidents’ committee to investigate 9/11.

18. This reporter gis : his report to the following in January 2003:

a) U.S Attormsy Geniefal Asheroft
b) U.S. Department of Justice Inspector General Glenn Fine
c) Tom Ridge, Homeland Security, White House
d) U.S. Attorney Roscoe Howard, Washington, D.C.
e) John Keeney, Criminal Division, Justice Department
f) Former U.S, Attorney General Ben Civiletti, Justice Department
g) John Roberts, Office of Professional Responsibility, Justice Department
h} Rob Davis, Office of Intelligence and Policy, Justice Department
i) Secretary of Defense Donald Rumsfeld
j) Joint Chiefs of Staff, Pentagon
k) Colin Powell, State Department
l) Intelligence and Research State Department
m} CIA, Washington, D.C.
n) Foreign Intelligence Advisory Board, State Department
0) Kenneth Melson, U.S.A., Northern Virginia District
p) National Security Advisors, State Department
q) National Security Council, White House
r) U.S. Attorney Paul McNulty, Alexandria, VA
s) Secretary of Health, Tommy Thompson

19. On January 16, 2003 and January 19, 2003, this reporter advised U.S. Senator Patrick Leahy (D-VT) and Mr. Lee Hamilton, respectively that in addition to the information in the Gunderson report (furnished to each on January 9, 2003 and January 22, 2003), Riconosciuto had specific information about the anthrax letters that were previously mailed to members of Congress. They were advised that .according to Riconosciuto, the anthrax letters were an intricate part of the terrorists' attacks on the U.S. by Al Qaeda. They were informed that Riconosciuto had considerable more information concerning terrorist activity that was not included in the Gunderson report, including the identity of the person who sent the anthrax letters. They were both told that Riconosciuto should be debriefed immediately.

20. By letter dated 03/18/03, the Criminal Division of the U.S. Department of Justice acknowledged receiving the 24 page Gunderson report. The letter was unsigned. No other acknowledgments have been received from government officials,

21. Gundersons' sanitized 24 paged report (report was sanitized to protect a confidential source) was furnished to the following news media:

a) 02/12/03, Mr. Rick Schmidt, Los Angeles Times

b) 03/17/03, Mr. Patrick Howe, Associated Press, St. Paul, Minnesota
b) 04/18/03, Mr. Rene Sanchez, Washington Post, Washington, D.C.
d) 04/25/03, "Sharon" and "Calvin", New York Times

22. On 04/11/03, Mr. Howe, Associated Press, advised this reporter that the Associated Press would not report the information in the Gunderson report because it is "too big".

23. On 05/15/03, Mr. Rick Sanchez, LA Times, advised he forwarded the 24 page Gunderson report to his Washington,

D.C. staff for reporting.

24. None of the above news media have reported the Riconosciuto information, nor have they contacted this reporter or witnesses for more details and confirmation. It is apparent they have no intention of doing so.

25. When he realized the main stream media would not report information from the Gunderson report, this reporter sent a fax dated 05/16/03 to Mr. Rick Schmidt, LA Times (exhibit B); on 05/15/03 to Mr. Patrick Howe, Associated Press (exhibit C); on 05/15/03 to Mr. Rene Sanchez, Washington Post (exhibit D); on 05/15/03 to “Sharon” and “Calvin”, New York Times (exhibit E). These faxes chastised each for not fulfilling their responsibility to keep the public informed.

26. On 04/03/03, this reporter found an intruder (biker type-wearing a bandana, leather jacket, and chains attached to his belt) in the basement of the apartment complex where this reporter is presently residing. After seeing this reporter, he bolted through the front door of the building and disappeared. This reporter filed a police report. This reporter is making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of him.

27. This incident prompted a letter by this reporter to President Bush dated 04/23/03 (exhibit F). This reporters’ 24 paged unsanitized report was enclosed with the letter. The letter states that in spite of the fact that government officials and the media have ignored Riconosciuto and this reporter, this reporter will not be intimidated and refuses to back off the issue.

28. Thus far, U.S. government officials have not interviewed this reporter or Riconosciuto. The media has also ignored both.

29. According to The United Press International, October 31, 2001 the CIA allegedly met with Osama bin Laden in July '01 at

an American hospital in Dubai. The meeting was reported by Frances Le Figaro newspaper and lasted from July 4 until July 14, 2001 (exhibit G).

30. April 28, 2003, according to an article in the American Free Press, Washington, D.C., Saddam Hussein has been an “instrument of the CIA for more than 40 years” (exhibit H).

31. DELETED

32. Documentation by The New American magazine February 10, 2003 that the main stream media is controlled by the “power elite” (exhibit J).

33. TV Guide listing for May 3, 1994 for 10:00p.m. airing of documentary Conspiracy of Silence deleted after the rights to this documentary, preduced by Yorkshire TV of England, were purchased by unknown congressmen and all copies ordered destroyed. This TV production documented that children were being flown from Nebraska to Washington, D.C. for sex orgies with congressmen and other dignitaries. This same network also involved in a CIA international kidnapping operation known as The Finders with headquarters in Washington, D.C. (exhibit K).

34. In conclusion, the reasons for the cover up as documented above is explained by this author (exhibit L). :

About Ted L. Gunderson Author of this report

Ted L. Gunderson, who joined the FBI in 195 1, retired as Senior Special Agent in Charge of the Bureaus Los Angeles Division in 1979. He was then appointed by Attorney General Griffin Bell as head of security for the Pan American Games. Drawing upon his 27 years of experience in heading several FBI field offices as well as multiple assignments at Bureau headquarters, he then established Ted L. Gunderson and Associates, a firm that specialized in international security

consulting and investigations, This brought him into contact with persons in the so-called “intelligence community”, one of whom was Michael J. Riconosciuto, the source of information contained in this report. Meeting him in 1982, Gunderson became Riconosciuto’s pro bono investigator when the latter was arrested on federal drug charges, which Gunderson believes were “manufactured”,

About Michael J. Riconosciuto Source of information in this report

Michael J. Riconosciute, a federal prisoner (21309-086) serving a 30-year sentence, was interviewed by Ted Gunderson on January 3, 4, and 5, 2003, at the Federal Correctional Institution (FCI) in Allenwood, Pennsylvania. It is Riconosciuto’s position that the drug case in which he was convicted was “manufactured” by the U.S. Department of Justice (DOJ) in retaliation for his cooperation with a Congressional committee that held hearings on the infamous INSLAW case in 1990-91.

Riconononosciuto’s cooperation with Congress in this matter, and with former US. Attorney General Elliot Richardson, who served as Inslaw’s counsel in its dispute with DOJ, is well-documented on the Internet and elsewhere (see, for example, Riconosciuto’s Inslaw affidavit at www.totse.com; [*Temple of the Screaming Electron* dial up network in Walnut Creek California Ed was a paid member of and fanciest [my dog bit Jesus, Temple of the Sub Genius, a few other forums] which was a location Ed Donegan was in the bbbet distribution network of] Richardson's comments on Riconosciuto at www.copi.com/articles/inslaw (possibly still available in the original from Inslaw, Inc. at 1125 - 16® Street, NW, Washington, DC); and Committee on the Judiciary, House Report 102-857: The Inslaw Affair, 102d Congress, 3d Session, September 10, 1992, (USGPO, Wash., DC). Note in the latter the testimony of FBI Special Agent Thomas Gates to the effect that the activities in which Riconosciuto was involved in Indio, California, were

characteristic of those of an intelligence agency.

Temple of the Screaming Electron retrieved from Wikipedia and copied or modified to here

TOTSE was a San Francisco Bay Area website and former BBS dedicated to storing text files on a variety of subjects and viewpoints, many of which were unusual or controversial. The name is an acronym for *Temple of the Screaming Electron*.

It was based in Contral Costa County the East Bay county eastward of Oakland separated from Oakland Berkely by the Oakland Hills naviable by Skyline Blvd. In Contra Costa Walnut Creak in parts like Rossmoar connnected to Moraga where the Donegan family lived and on the other side of the joined cities freeway travel or boulevard travel was needed with cities in-between.

The TOTSE forum has been described as part of the early "proto-troll" phenomenon, predating but overlapping with 4chan. It has also been compared to shock sites such as Rotten.com, Stile Project and Something Awful.

History

TOTSE was founded by the pseudonymous Jeff Hunter and J.C. Stanton. Jeff Hunter was a founding member of NIRVANAnet),[which began in 1989 as a dial-up BBS originally named "& the Temple of the Screaming Electron". The original &;TOTSE specialized in small text files. Hunter had an old 8088 PC XT clone with limited hard drive space; small text files were the only data he could store in reasonable quantity. The identity of J.C. Stanton is even more obscure than that of Jeff Hunter;

he is described as being an "intensely private person".

TOTSE became available on the Internet in 1997, and the dial-up BBS system was discontinued in the spring of 1998. TOTSE was closed on January 17, 2009, after a goodbye message was posted on the front page of the website by Jeff, thanking the users for the last 20 years. The website was considerably popular, receiving 38,000,000 hits in February of 2003; averaging more than 89,000 hits per hour.

Text files: J.C. Stanton claimed that TOTSE was the largest text file repository on the internet. The text files spanned a wide range of controversial and criminal subject matter, and included numerous instruction manuals for making street drugs, particularly methamphetamine.

Media attentionTOTSE has been featured in the media, usually for members committing crimes or for its controversial text files. A 1993 article in the Contra Costa Times described TOTSE (and other NirvanaNet BBS nodes) as "*an information network providing criminal insights to anyone with a phone, personal computer and modem... offer[ing] hundreds of files providing instructions on credit card fraud, money laundering, mail fraud, counterfeiting, drug smuggling, cable-tv theft, bomb-making and murder.*" Another feature was due to the "hacking" of an electronic parking lot sign in Crawley, England, designed to display the number of spaces left in each lot. The top two displays were replaced with "Fuck" and "Off", while the lower display read "totse".

The site also appears on a 2006 Australian anti-terrorism poster and a television advertisement.

A number of TOTSE members placed prank telephone calls to Live Prayer with Bill Keller starting on November 21, 2006. When another TOTSE member

reported them to Keller via email, he threatened legal action against TOTSE, specifically stating that the prank calls amounted to "conspiracy to obstruct commerce". This raid resulted in procedural changes to the Live Prayer show, including a three-second delay for callers.

Community: The community of TOTSE was an Internet forum and IRC channel. Some users of the community referred to themselves as "Totseans". Members engaged in discussion about a wide variety of topics including but not limited to religion, sex, politics, poetry, humanities, weapons, explosives, drugs, illegal activities, technology, music, metaphysics, sub-culture activities, the environment, mechanics, food, and do it yourself projects. TOTSE is affectionately referred to by the users as &T, &TOTSE, and "The Temple". Although Hunter had an account he rarely posted on the TOTSE forums as himself. Before closing, Hunter stated that he conceived TOTSE as "a place where all types of ideas could be spoken, traded, and exchanged, where no topic was off-limits or forbidden" in the early days of the Internet; and, as demonstrated in the scope of TOTSE text file archive, he felt this was only a part of the community by 2009.

The forum software was running a highly modified version of UBB 5.47a, which has been heavily criticized by several readers due to its age. Hunter purchased a copy of vBulletin 3.12a, with the eventual upgrade occurring on April 4, 2007.

Gunderson makes no claims as to the veracity of Riconosciuto's current information. However, based on his association with Riconisciuto prior to his conviction, he believes that Riconosciuto was in a position to know and/or have sources such as those he claims, and believes that given the events of September 11, 2001 et seq, Riconosciuto's statement merits appropriate dissemination and further

investigation.

Ed Donegan Affidavit on Bomb Makers Able to Track And Be Aware of Others in Forums

I Edward Paul Donegan attest to the following under Title 28 USC 1746 based on my first hand experience on these matters.

In about 1988 several years into AA recovery I entered (while living on the San Francisco Bay Area tech area) Vocational Rehab computer skills training taught by electronics and computer instructor Dan Leonard.

The program was designed to move potential laborers not have the required skills and employees seeking specific skill sets together as pieces of fabric to create a match between job seekers and employers designed in a way to balance supply and demand in the changing labor markets of the San Francisco Bay Area.

One of my favorite images from Silicon Valley was a sagging barn and a few stray cows (I love agriculture and farming) but kitty corner was large and shiny new Hewlett Packard office space and I think Microsoft on another corner. Farming was NOT going out of existence but land usage in that area was changing as the economy of the area was changing as high tech took over more and more land and employment, energy, housing, and other needs.

In very short order I got a bare bones PC AT computer 80286 just as Dell was selling its clone computers from Austin Texas.

I was dialing into TOTSE where drug and bomb making and many other forums existed. I was not interested in making bombs or drugs at this time but simply exploring the vast new world of the Internet and a friend of mine at that time had hooked up a satellite for satellite transmitted data in his house computer lab and while with him I joined him in sorting

through massive amounts of files not protected including undistributed developmental copies of Windows, etc., massive massive amounts of information likely if looking for it defense industrial materials, etc.,

Although I was a casual user awed by the informational synergizing explosive iterative reverberations of such inter-connectedness as a casual or IT specific user, any expert bomb maker for the CIA, NSA, Middle East terror group, or security personnel from anywhere in the world might easily come into contact with suspicious postings or suspicious persons.

Per the information provided by Ted Gunderson Riconosciuto use of computer electronic control circuitry was experimental and a marvel. He worked at Stanford, home of the DARPA Internet base of operations I myself interconnected with the NASA MAE West interconnect portal of the NASA AMES Research Facility.

I think it highly likely Riconosciuto and others like him were as people talk about in movies like the Matrix "jacked in" to a large world community and could easily have developed a credible source of tip to pass on based on his Internet activities in the computer scene.

I have extracted from the web an authors description of TOTSE and the diversity of its content.

Temple of the Screaming Electron retrieved from Crazy Town (book) and copied or modified to here

Money. Marriage. Meth. By Sterling R. Braswell · 2008 (exerpt pages 161 to 164

The World Web has been described as an "ethereal wilderness," inhabited as it is by eccentrics and madmen

roving about everyday society and commerce. Exotic pockets coexist alongside the most sober and commonplace sites with a harmony that simply doesn't occur out-side cyberspace. It's the perfect Stage for the outrageous. The most provocative sites are surely the free-for-all forums that would seem to be hell-bent on testing the limits of free speech in a liberal democracy.

One of the most audacious is one of its most peculiar. It goes by the name Temple of the Screaming Electron, or totse.com. Here one finds opinion, facts, myth, stories and stark, raw data. Some of the information, it would seem, goes well beyond the pale of legality. There's an abundance of information, including recipes, on how to manufacture various kinds of methamphetamine.

Totse.com is the brainchild of two men by the name of Jeff Hunter and J.C. Stanton. It initially came into being in 1989 as a dial-up system run on a computer with a tiny 20-megabyte hard drive, and gradually evolved into a Web-based system running on ten servers with multiple phone lines and high-speed modems. Its literature claims to have once had the largest text file repository in the world - as of 1997, anyway. According to Stanton, the traffic it sees today is astounding: more than 89,000 hits per hour, 38,000,000 during the month of February 2003 alone.

On the surface, co-administrator J.C Stanton seems to be an intensely private person. He is, but of necessity. He's wary of granting interviews, and is emphatic that he knows very little about methamphetamine. He has never made it, thinks it a horrible drug. If he grants an interview, he'll call you from a pay phone at an agreed-upon time.

His sense Of privacy, however, doesn’t stem from a fear of the law.

"If law enforcement wanted to know who I am," he says, "they could get a subpoena in ten minutes. It wouldn't be a problem for them." His sense of privacy is a result of the fact that “we get a lot of mail from crazy people, and I don't want them to know who I am."

A cursory glance at the Temple of the Screaming Electron, and his point becomes clear. A column of icons running down the left side of the first page has headings such as COMMUNITY, BAD IDEAS, DRUGS, EGO, EROTICA, FRINGE, SOCIETY, and TECHNOLOGY. BAD IDEAS has pieces entitled “Guns and Weapons," and "Irresponsible Activities," which has the tagline, "How to be a real pain in the ass." Another piece entitled "KA-FUCKING-BOOM!" announces that it is about bombs, rockets and things that go BOOM! It informs visitors of ten high-explosive mixtures they can make at home. Another piece is entitled "An Aussie Beer Can Mortar" In it a fellow with a military background who calls himself Andy tells us the story of how he made such a mortar - "and how you can too!"

Pages found under the DRUGS icon are of a similar shrill bent. Those intended as manuals for synthesizing controlled substances are typically conveyed in the first person by a very high-strung narrative voice. Others concern methods Of subverting drug tests, how to cook with pot, how to have fun with nutmeg, how to purify heroin, how to make the drug Special K from liquid ketamine, how to make MDMA from Eugenol, which is a clear to pale yellow oily liquid extracted from certain essential oils, e.g., clove oil, nutmeg, cinnamon, and bay leaf. One article by a man who goes by "Freddy Fender" offers the most trenchant and chilling advice: "In the west, California in particular, the meth market is monopolized by 'bikers' and any- one producing meth without their knowledge is risking quite a bit of wrath... anyone SELLING meth independently is risking death. So the advice is: If you make meth, tell the bikers." Mr. Fender then goes on to announce the good news for

chemists. "Ninety-nine percent of all narcotics lab-busting is geared toward meth and other amphetamines. Labs that produce psychedelics are safer than ever."

This site is both a nexus and a sounding board for a gathering of voices heard almost nowhere else on the planet. Although Stanton himself claims never to have engaged in making methamphetamine or any kind of homemade drug, he seems to have his finger on the pulse of the scene. He lives in an undisclosed metropolitan area where, he says, "methamphetamine has become primarily a gay party drug," a role it has taken on nationwide. His best insights, however, concern the phenomenon of clandestine manufacturing. "It doesn't surprise me that meth is popular in these po-dunk towns," he says. "As shipping becomes global, the drug has gone everywhere.

He's absolutely right. Relatively small amounts of precursor chemicals and lab equipment are now available to everyone by way of international shipping services. Tiny companies consisting of just one or two people tucked away in crowded neighborhoods Of cities such as Berlin, Calcutta, Bangkok, or Jakarta are able to act as global wholesalers for things that can no longer be easily acquired through traditional outlets in the United States. The chemist in the U.S. only needs this domestic retail contact, and he is in business.

According to Stanton, the phenomenon is in some respects beginning to look more like traditional drug commerce. "In some cases the entire process is being outsourced, moved outside the country to, say, India, where law enforcement is next to nonexistent." It's then smuggled into the United States like any other illegal drug. The approach, however, fails to capitalize on meth’s inherent ability to be transported in its component parts, and then synthesized, thereby diminishing the legal liability of its purveyors.

Stanton sees this conventional mode of smuggling as the direct result of more comprehensive drug laws in general, precursor laws in particular, and stiffer penalties for both. Such laws and penalties, he believes, have an unintended consequence. "I see people moving away from conventional drugs and moving toward the most basic and most catastrophic methods, such as inhalants."

This is an observation that, according to Stanton, gives sites like totse.com their reason for being. As bad as drugs like methamphetamine might be, there are worse options for getting high. His logic proceeds along the line that drug laws inhibit users from getting high by relatively safe means, and cause them to get high by the most basic and dangerous, "such as sniffing glue and fumes from a can of spray paint. You're never going to be able to stop that. You can't stop people from getting high." Hence, the Temple of the Screaming Electron, where anyone can learn everything about any synthesis. Those who sniff glue need no instruction, no totse.com. Nearly every day Stanton and Hunter receive messages from "concerned citizens" asking and sometimes demanding that they take the methamphetamine recipes down from their Web site. "Our response to that is always the same," Stanton says. but we can't help you" He and his co-administrator see the Web site as a forum for free expression of every order. It is a view held in quarters one might not expect.

Program Revealed Again By Gunderson and Still Is Operating

PRELIMINARY INVESTIGATION of Annoying-Threatening Calls

Gunderson, Ted L

4444 N. Siena Bonita #14 90036

PREMISES: APARTMENT / TELEPHONE

ENTRY: FRONT, REAR, SIDE, ROOF, FLOOR, OTHER

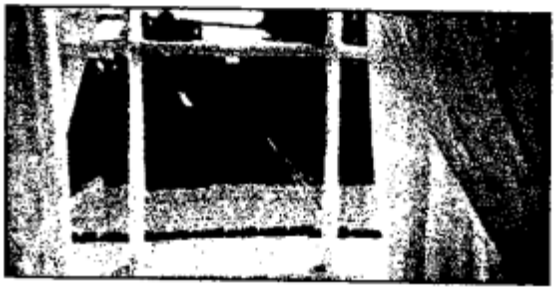
VICT'S VEH.: N/A

MO: VICT IS AN EX-FBI AGENT. VICT RCVD NUMEROUS CALLS DURING THE ABOVE MENTIONED TIME FRAME. VICT BELIEVES THE CALLS WERE INTENDED TO THREATEN HIS SAFETY AND HIS DAUGHTERS SAFETY

REPORTING EMPLOYEE(S): BARRON, 23524 (WD28)

PERSON REPORTING

Shots Fired at AFP Reporter



Former senior FBI special agent Ted Gunderson, who is now a staunch critic of the U.S. government, told AFP that his investigations of corruption and cover-up involving high-level U.S. officials have made some powerful people very unhappy. Gunderson recently sent AFP this photograph of a bullet hole in the window of his office. To find out more about Gunderson's efforts, contact him at P.O. Box 18000-259, Las Vegas, Nev. 89114 or visit his web site at tedgunderson.com.

Program revealed

The building broken into by the Citizen's Commission to Investigate the FBI, at One Veterans Square, Media, Pennsylvania

The program was secret until 1971, when the Citizens' Commission to Investigate the FBI burgled an FBI field office in Media, Pennsylvania, took several dossiers, and exposed the program by passing this material to news agencies. The boxing match known as the Fight of the Century between Muhammad Ali and Joe Frazier in March 1971 provided cover for the activist group to successfully pull off the burglary. Muhammad Ali was a COINTELPRO target because he had joined the Nation of Islam and the anti-war movement.

Many news organizations initially refused to immediately publish the information, with the notable exception of The Washington Post. After affirming the reliability of the documents, it published them on the front page (in defiance of the Attorney General's request), prompting other organizations to follow suit. Within the year, Director J. Edgar Hoover declared that the centralized COINTELPRO was over, and that all future counterintelligence operations would be handled case by case.

Additional documents were revealed in the course of separate lawsuits filed against the FBI by NBC correspondent Carl Stern, the Socialist Workers Party, and a number of other groups. In 1976 the Select Committee to Study Governmental Operations with Respect to Intelligence Activities of the United States Senate, commonly referred to as the "Church Committee" after its chairman, Senator Frank Church (D-Idaho), launched a major investigation of the FBI and COINTELPRO. Many released documents have been partly or entirely redacted.

The Final Report of the Select Committee castigated the conduct of the intelligence community in its domestic operations (including COINTELPRO) in no uncertain terms:

> The Committee finds that the domestic activities of the intelligence community at times violated specific statutory prohibitions and infringed the constitutional rights of American citizens. The legal questions involved in intelligence programs were often not considered. On other occasions, they were intentionally disregarded in the belief that because the programs served the "national security" the law

> did not apply. While intelligence officers on occasion failed to disclose to their superiors programs which were illegal or of questionable legality, the Committee finds that the most serious breaches of duty were those of senior officials, who were responsible for controlling intelligence activities and generally failed to assure compliance with the law.[1] Many of the techniques used would be intolerable in a democratic society even if all of the targets had been involved in violent activity, but COINTELPRO went far beyond that … the Bureau conducted a sophisticated vigilante operation aimed squarely at preventing the exercise of First Amendment rights of speech and association, on the theory that preventing the growth of dangerous groups and the propagation of dangerous ideas would protect the national security and deter violence.

The Church Committee documented a history of the FBI (initially called BOI until 1936) exercising political repression as far back as World War I, and through the 1920s, when agents were charged with rounding up "anarchists, communists, socialists, reformists and revolutionaries" for deportation. From 1936 through 1976, the domestic operations were increased against political and anti-war groups.

Intended effects

The intended effect of the FBI's COINTELPRO was to "expose, disrupt, misdirect, or otherwise neutralize" groups that the FBI officials believed were "subversive"[56] by instructing FBI field operatives to:

- Create a negative public image for target groups (for example through surveilling activists and then releasing negative personal information to the public)

- Break down internal organization by creating conflicts (for example, by having agents exacerbate racial tensions, or send anonymous letters to try to create conflicts)

- Create dissension between groups (for example, by spreading rumors that other groups were stealing money)

- Restrict access to public resources (for example, by pressuring non-profit organizations to cut off funding or material support)

- Restrict the ability to organize protest (for example, through agents promoting violence against police during planning and at protests)

- Restrict the ability of individuals to participate in group activities (for example, by character assassinations, false arrests, surveillance)

Range of targets

At its inception, the program's main target was the Communist Party.

In an interview with the BBC's Andrew Marr in February 1996, Noam Chomsky-a political activist and MIT professor of linguistics-spoke about the purpose and the targets of COINTELPRO, saying:

COINTELPRO was a program of subversion carried out not by a couple of petty crooks but by the national political police, the FBI, under four administrations… by the time it got through, I won't run through the whole story, it was aimed at the entire new left, at the women's movement, at the whole black movement, it was extremely broad. Its actions went as far as political assassination.

According to the Church Committee:

While the declared purposes of these programs were to protect the "national security" or prevent violence, Bureau witnesses admit that many of the targets were nonviolent and most had no connections with a foreign power. Indeed, nonviolent organizations and individuals were targeted because the Bureau believed they represented a "potential" for violence-and nonviolent citizens who were against the war in Vietnam were targeted because they gave "aid and comfort" to violent demonstrators by lending respectability to their cause.

The imprecision of the targeting is demonstrated by the inability of the Bureau to define the subjects of the programs. The Black Nationalist program, according to its supervisor, included "a great number of organizations that you might not today characterize as black nationalist but which were in fact primarily

black". Thus, the nonviolent Southern Christian Leadership Conference was labeled as a Black Nationalist-"Hate Group".

Furthermore, the actual targets were chosen from a far broader group than the titles of the programs would imply. The CPUSA program targeted not only Communist Party members but also sponsors of the National Committee to Abolish the House Un-American Activities Committee and civil rights leaders allegedly under Communist influence or deemed to be not sufficiently "anti-Communist". The Socialist Workers Party program included non-SWP sponsors of anti-war demonstrations which were cosponsored by the SWP or the Young Socialist Alliance, its youth group. The Black Nationalist program targeted a range of organizations from the Panthers to SNCC to the peaceful Southern Christian Leadership Conference, and included every Black Student Union and many other black student groups. New Left targets ranged from the SDS to the InterUniversity Committee for Debate on Foreign Policy, from Antioch College ("vanguard of the New Left") to the New Mexico Free University and other "alternate" schools, and from underground newspapers to students' protesting university censorship of a student publication by carrying signs with four-letter words on them.

Communist and socialist organizations, Organizations and individuals associated with the civil rights movement, including Dr. Martin Luther King Jr. and others associated with the Southern Christian Leadership Conference, the National Association for the Advancement of Colored People, the Congress of Racial Equality, and other civil rights organizations, Black nationalist groups. The Young Lords. The American Indian Movement. White supremacist groups, including the Ku Klux Klan. The National States' Rights Party. A broad range of organizations labeled "New Left", Students for a Democratic Society the Weathermen, and environmental activists.

Almost all groups protesting the Vietnam War, as well as individual student demonstrators with no group affiliation. The National Lawyers Guild. Organizations and individuals associated with the women's rights movement.

Nationalist groups such as those seeking independence for Puerto Rico, United Ireland, and Cuban exile movements including Orlando Bosch's Cuban Power and the Cuban Nationalist Movement.

Additional notable American individuals.

The COINTELPRO operators targeted multiple groups at once and encouraged splintering of these groups from within. In letter-writing campaigns (wherein false letters were sent on behalf of members of parties), the FBI ensured that groups would not unite in their causes. For instance, they launched a campaign specifically to alienate the Black Panther Party from the Mau Maus, Young Lords, Young Patriots and SDS. These racially diverse groups had been building alliances, in part due to charismatic leaders such as Fred Hampton and his attempts to create a "Rainbow Coalition". The FBI was concerned with ensuring that groups could not gain traction through unity, specifically across racial lines. One of the main ways of targeting these groups was to arouse suspicion between the different parties and causes. In this way the bureau took on a divide and conquer offensive.

I (Loraine Hambly) have copied some of the text of a letter by a whistle-blower of the NSA, Karen Stewart, which she wrote in 2017 to the officers of the US Federal Bureau of Investigation's InfraGard program which was established "to incorporate communities via regional 'Alliances'

in 'community policing' actions" (52) i.e. gangstalking

…

By Karen Stewart.

Karen Stewart, former NSA analyst, became a victim of organized stalking and electromagnetic weapon attacks after noticing complaints that credit for her work had been stolen.

She has exposed that government counter-terrorism agencies are ***deliberately creating false dossiers on innocent Americans*** (targeted individuals) to implement criminal programs of organized stalking and electromagnetic torture. She has stated that the perpetrators involved include the FBI and NSA.

Letter addressed to "INFRAGARD, AMERICA'S UNCONSTITUTIONAL FASCIST BROWN SHIRTS

Dear fake patriots,

This is a message from your victims, the thousands upon thousands of innocent, law-abiding victims randomly and maliciously put on your harassment list, your assassination list, the outrageously fake and contrived Terrorist Watch List, the Core Death List that is all about killing good Americans - illegally created by globalist puppets Bush and Obama and minions to satisfy an un-American, depraved Globalist depopulation agenda, while rallying the hardcore, ignorant, rabid, zealot fools of society, desperate for relevance, into secret and cowardly attacks en masse

like true bullies, on the very best citizens of their own country - ones who actually know that the Constitution (4th Amendment) forbids secret, false accusations by guaranteeing due process and forbids (8th Amendment) cruel extrajudicial “punishments” such as those meted out illegally by depraved InfraGard vigilante thugs.

We, your innocent victims are the apparent best of society, judging by you low-lifes. Unlike you, we are well aware that the Department of Homeland Security (DHS), run originally by a practicing anti-American Muslim, hired profoundly dubious “experts” to advise them at the inception of DHS, on devising a protocol against “enemies” that stood in the way of the planned subversion of the USA - and those experts were former Soviet Union KGB, and Soviet Union Secret Police (Cheka) and former Communist East German Secret police (STASI), with the latter two organisations, having nothing to do with protecting their country from foreign threats but had everything to do with oppressing and destroying their own citizens to appease totalitarian dictators. In fact, the concept of “Zersetzung” (“deconstruction”, i.e. no-touch, psychological torture) by multiple persons, relay stalking harassment teams, 24/7, and despicable massive slander campaigns was conceived of and executed by the East Germans against their own dissidents and Freedom Fighters in order to force them to act out, be falsely incarcerated, be falsely committed, or be forced to commit suicide so that their tormentors could maintain supposed plausible deniability. That is to say, this is a ploy used by the very worst in society to destroy the very best in society.

Benjamin Franklin said, “Those who are willing to give up liberty for safety deserve neither.” But you have even taken that a step beyond, you have decided that you are more than willing to give up other people’s freedom for your supposed safety. Though really, it is for contemptuously false pride and prestige and blatantly avaricious monetary (mercenary) reasons and to bestow

upon yourselves a worth that you simply do not have either as a patriot or as a human being. Explain how destroying your neighbor, your competitor, your ex-wife, with vicious slander and false accusations protects America from Muslim Extremist Terrorists? Oh, yeah - it doesn't.

You have no doubt the contemptible belief (delusion) that what you are doing is "technically legal" because "someone from the government said so." Again, you show abysmal if not wilful ignorance if not depraved disregard of the Constitution. What the Nazis did was also "technically legal", according to them. But the World thought otherwise and perpetrators and collaborators were tried before the world at Nuremberg and found guilty of heinous crimes...

When someone claims that the Fusion Center/ InfraGard organized thuggery, 24/7 stalking harassment thinly veiled as surveillance, "is legal," ask them to explain to you the standing Supreme Court decision "Marbury v. Madison, which declares that ANY LAW passed that is UNCONSTITUTIONAL, is VOID.

Much if not all of the Protect America Act (PAA), the National Defense Authorization Act (NDAA), National Letters of Security (gag orders/slander facilitating orders) and many post 9/11 "emergency laws" are blatantly UNCONSTITUTIONAL and therefore undeniably VOID.

The FBI historically was caught engaging in such illegal, and criminal activity against Civil Rights leaders and Women's Rights leaders in the mid-20th Century (1950's/1960's) simply because FBI Director Herbert Hoover was a racist and a chauvinist. Remember, a country of laws guarantees that the law enforcement entities must themselves abide by the law. In no Democracy are they or any public officials above the

law, only in a dictatorship. In the 1970's a committee headed by Senator Church looked into the FBI COINTELPRO crimes and forbid them to "ever illegally war against the American people again," yet, with the help of ignorant fools like you, here we are again, in an American Dark Ages, a division of the US into a totally depraved society of predators and prey. You are facilitating one of the worst crimes against humanity the world has ever seen. Worse than Nazi Germany, at least they had the guts to face their victims but your ilk hides in the shadows and among large numbers of like-minded bullies, never daring to show yourself.

Because innocent people are being put on the kill list wantonly (random, Constitutionalists, legitimate whistle-blowers, ex-wives, etc.) and in profound numbers with seemingly no criteria other than the wink and nod say-so of a good old boy in the "network" ("the Alliance"), secret, purposeful misinterpretations of the law are used to declare them secretly stripped of their human, civil, and Constitutional rights and therefore open season for attacks by members of "the Alliance" to utilize defense contractor weaponry such as energy weapons, poisons, noxious gases, etc. declared by the Geneva Convention profoundly inhumane and unacceptable even for war, and even test out secret and non-consensual medical chips secreted into the bodies of the wrongfully accused new caste of "untouchables" during dental work, cosmetic surgery, other surgery, or other more violent means, to be used to torture and debilitate them "for science." Nazi science is more accurate. Healthy human beings are being sought out to test extreme medical technology on in order to perfect and profit off of technologies to help those extremely injured, or born with extreme birth defects but at the expense of non-consensual healthy human beings, even to the point of causing their deaths. You see, medical and pharmaceutical "Alliance" members, make no money off of healthy humans, they therefore have no worth to them, and are declared by this self-anointed

elite as expendable guinea pigs in the fascist corporate government alliance InfraGard is installing. (Did you not know the definition of fascism?)

The use of a human being's body without their consent is called "Human Trafficking," if you did not know that either. Know too that "the Alliance" also uses the private information of their wrongfully targeted victims to take out fraudulent life insurance policies, fraudulent trust funds, fraudulent co-owned properties and once the person's personal information is maxed out in that way, they are simply murdered for a last pay out.

So, with that knowledge that we your victims know what you really are and that no conspiracy stays a secret for ever go home and look in the mirror and view the future newest monster of humanity to be written indelibly into the annals of history.

I am K. M. Stewart, a retired intelligence analyst who worked 28 years for the National Security Agency in Maryland protecting the security of the USA and Americans. My intelligence reports were credited by NSA management for saving thousands of lives, yet when I reported serious wrong-doing by management to the NSA Inspector General, I was falsely accused, railroaded out of NSA and falsely and SECRETLY accused of something in order to put me on the Terrorist list for harassment and death by InfraGard vermin. God curse you, you are unworthy to be Americans. I'm sorry I wasted my life protecting degenerates like you.

Source of letter: Karen Stewart" as republished by Loraine Hambly in The Sun Is Not Ours she makes free to us to make us free.

Super-conspiracy Rake Model - Visibility by its acts

Ted Gunderson and his State-Mind of Family Jewels and Covert classified CIA identities in the USA and elsewhere

Ted Gunderson knew both about the Family Jewels program creating US sleeper agents and also the mafia ties the CIA had helping create openings (in government) for the sleeper agents to move into.

When various "chess pieces" fell over on the chessboard (the Devil's Chessboard) Ted Gunderson thought there was something amiss inside the CIA and the chess pieces were being pushed over as with Marilyn Monroe and MacDonald family.

The Who and the When and the What of Ted Gunderson - Gunderson was an anti-rackets FBI agent. And those in Rackets were Lucky Liciano, Bugsey Seigal, Meyers Lanksy, and others. And he was doing this under Bobby Kenenedy and JFK who were turing on (big oil and others using) the mob in Latin American and eslswhere.

That Gunderson would suspect Sunny Bono was killed over finding out about CIA Myers Lansky Peter Licavoli William King Harvey use of El Mirrador in Palm Springs, Bermuda Dunes Airport nearby for Operation Mongoose run by RFK seems likely. Same with Marilyn Monroe who was close to the details of these operations - kept in diaries and discussions with JFK and RFK - and again he likely knew about the Family Jewels program. Same with the child abuse rings and how stress testing and abusing children (as the CIA and DIA did under assumed fronts like Temple of Set) of course flowed out of friendship and co-work with William Colby, J. Edgar Hoover, JFK and RFK and in fact he had been assigned while in the FBI

to these cases after the deaths.

Ted Gunderson Died: July 31, 2011, Memphis, TN. Several years later the book came out giving us all the docs Holt furnished about these activities.

Now that we too have these documents we can see Ted Gundesron was correct about a CIA NWO conspiracy and these peole silence, these people who were calling out the CIA, its Octopus - the Banana Republic planning of Robber Barrons.

Again

Only after you imagine such a conspiracy could exist you can not test the facts against the hypothesis. Today's society will not test the facts of a theory it is unwilling to hold but I am and others are trying to spark the imagination such a plot is true.

One good start is Mary Poppins. The Disney (CIA) produced tale of a new friendly Mary the Nanny is set in that era and the friendly Mary of TEk in England felt you could catch more flies honey than vinegar, was known to visit commoner households in friendly way, etc., and matches the personality of Mary Poppins qhite well.

Gunderson Investigations and tooth's from the crossbar of Gunderson Investigates

Robert Swan Mueller III has been the go to man when secrets go awry. Recruited as a CIA asset in Vietnam as an member of the Phoenix Project it was embedded in him that there are ***No Borders, No Limits, No Restrictions, and No Repercussions***. He and others long tied into USA and British covert planning are part of the Cabal mostly made up of Barr, Bush, and Mueller family, mostly of the Rockefeller Republican era of Nixon, and most Anti-Trumpers inside the GOP or as Democrat NWO puppets).

With these standards ingrained in his persona, Mueller became an invaluable asset in protecting what today is called "The Deep State". Teamed with William Barr the duo was incredibly effective in blocking investigations, erasing and fabricating both evidence, and witnesses. When the need arises, invariably the Deep State Handlers call on "The Mule" - February 5, 2019 by Gene Chip Tatum (Author)

I Ed Donegan (and others) suspect his father Mueller II and others are long term robber barrons as dedicated to crime, misconduct, illegal acts, and abuse of power as any terrorist organizaition in the world and that is also how the espionage agency known as the FBI has been run in controlling the USA through illegal acts for 100 years.

These covert identities (includign the Donegan family) our out-of-wedlocks in ever increasingly distant seperation and also being studied further away from the Windsor line in families around the world. Tested early in their lives and selected as teens they may be asked to the White House or meet White House officials and be asked if they would liked to be groomed for office. I think my brother underwent such recruitment and he did speak with me about it.

- #London1902 **Foundation for later conspiracies London 1902** In 1871 following the Steam Engine (fairly simple in retrospect) allows for trains and steamm ships to travel the world. Great Brittain again is inspired to conquer the world even after the Atlantic Relutions rebelling from her. Reports are that in 1902 the British decided to get back into world colonialism following the Gilded Age when steam ships and steam locomotives gained even more importance with Oil and early 20th Century opportunities for global industrialism that other than the First World no one could compete with, thus have position of power advantages.

Edward VII (Albert Edward; 9 November 1841 - 6 May 1910) was King of the United Kingdom and the British Dominions, and Emperor of India, from 22 January 1901 until his death in 1910.

The Edwardian era, which covered Edward's reign and was named after him, coincided with the start of a new century and heralded significant changes in technology and society, including steam turbine propulsion and the rise of socialism. He died in 1910 in the midst of a constitutional crisis that was resolved the following year by the Parliament Act 1911, which restricted the power of the unelected House of Lords. Edward was succeeded by his only surviving son, George V.

And her comes Mary of Tek and likely FOXP2 amidst the plans for a further throw-weight (weight for it) Great Britain.

Throw-weight equals the total weight of a missile's warheads, reentry vehicles, self-contained dispensing mechanisms, penetration aids, and missile guidance systems: generally all components except for the launch rocket booster and launch fuel. (throw-weight is the part that blows up.)

The Dulles Brothers, CIA families like the Bush family, Walker family, and many others were setting this up not as Cold War originally by Guilded Age going into and out of WWI as Jen Moore reports.

Indirect Rule put puppet governess in who maintained order for the chartered British compaines that operated in those countries thus Great Britain and USA really ruled them.

Durable metal ship like the Great White Fleet of United Fruit Company or its railroads in Gautamala

or elsewhere would be at all Port Royals around the world for Great Brittain moving fast, en masse, and reliably. These could bring oil back and any other form of natural resource.

Mary of Teck (Victoria Mary Augusta Louise Olga Pauline Claudine Agnes; 26 May 1867 - 24 March 1953) was Queen of the United Kingdom and the British Dominions, and Empress of India, from 6 May 1910 until 20 January 1936 as the wife of King-Emperor George V.

Teck Castle (German: Burg Teck and in Germany) was a ducal castle in the kingdom of Württemberg. = and that is about a 4 hour drive from Salzburg Austria.

It is my suspicion she entered the common Central European gene FOXP2 likely Hitler and Franz Kutchera had into the Windsor line. From then on especially since 1925 and her son Albert of York giving a poor speech and being weepy and emotional out of wedlock studies began.

Born and raised in the United Kingdom, Mary was the daughter of Francis, Duke of Teck, a German nobleman

A far less told part of the Super Conspiracy theory but the origins may spy agencies trace to this and the Walker family tie to this, as does the Panama Canala and many other projects. During this same time Mary of Tek will marry into the British throne and a hunt for a defect carried into the Windsor line will be a secret project.

Mary of Teck (Victoria Mary Augusta Louise Olga Pauline Claudine Agnes; 26 May 1867 - 24 March 1953) was Queen of the United Kingdom and the British Dominions, and Empress of India, from 6 May 1910 until 20 January 1936 as the wife of King-

Emperor George V.

Born and raised in the United Kingdom, Mary was the daughter of Francis, Duke of Teck, a German nobleman, and Princess Mary Adelaide of Cambridge, a granddaughter of King George III. She was informally known as "May", after the month of her birth. At the age of 24, she was betrothed to her second cousin once removed Prince Albert Victor, Duke of Clarence and Avondale, the eldest son of the Prince of Wales and second in line to the throne. Six weeks after the announcement of the engagement, he died unexpectedly during an influenza pandemic. The following year, she became engaged to Albert Victor's only surviving brother, George, who subsequently became king. Before her husband's accession, she was successively Duchess of York, Duchess of Cornwall, and Princess of Wales.

As queen consort from 1910, Mary supported her husband through the First World War, his ill health, and major political changes arising from the aftermath of the war. After George's death in 1936, she became queen mother when her eldest son, Edward VIII, ascended the throne. To her dismay, he abdicated later the same year in order to marry twice-divorced American socialite Wallis Simpson. She supported her second son, (Prince Albert of York who gave the 1925 speech defect speech) became George VI, until his death in 1952. Mary died the following year, ten weeks before her granddaughter Elizabeth II was crowned. - Wikipedia

Mary felt if world peace was to be achieved a more sympathetic and kind British rule should be the policy and that more interalted royal families worldwide could reduce world war to mere family conferences for peace such was with resolution in the Leauge of Nations or more informal than that.

- #FOXP2 **Fox P2 Gene** ASLO IN 1902 The KE family is a medical name designated for a British family (said to live in London), about half of whom exhibit a severe speech disorder called developmental verbal dyspraxia. -Wikipedia

  FOXP2 came to light in a large London family, half of whose members have severe problems in articulating and understanding speech. All turned out to have a mutation that disrupted this vital gene.

  https://www.nytimes.com/2009/11/12/science/12gene.html This year, one inquiry bore fruit, although of a somewhat ambiguous nature, when biologists in Leipzig, Germany, genetically engineered a mouse with the human version of FOXP2 substituted for its own. The upgraded mice squeaked somewhat differently from plain mice and were born with subtle alterations in brain structure. But mice and people are rather distant cousins their last common ancestor lived some 70 million years ago and the human version of FOXP2 evidently was not able to exert a transformative effect on the mouse. https://www.nytimes.com/2009/11/12/science/12gene.html

  The Mouse Model and the Rat Model as experimentation in the lab work fairly well for most purposes and not all that many socially powerful group like rats. Where Humans (in the common usage of the word and evel likely in most anthropological meanings) the brain already vastly sophisticated in any animal is more sophisticated yet from rats or mice. When trying to run software for a test (as if it is brain function) you need a processing platform that has the capability to run it perhaps does it have blue tooth, enough ports, all the areas of the brain that will be included in the test. Thus out of wedlock

humans udder hidden identities made far more sense, and since it was gene, from generation to generation and different breeding combos. As I show in my book the amount of members of this family in London (varies from 15 to 17 or so and Linda Newkirk refers to them as unstable commanders, having the Borderline Personality problems John DeCamp mentions at Franklin Nebraska Boys Town, rational, but still at times NOT acting like self. Out of character such as in a mean innective rage, as if "touched" in some way, some "trigger" cause an abnormal reaction or something. I assert Marilun Monroe, Glorian Donegan, Ed Donegan (myself) and Karia Kutschera had it, and she could not handle the introspective orderly conditions of a Convent novitiate because he passions led to trouble as not humbly accepting instructions and likely led to dalliances after escaping in the night.

Jen Moore will talk about (as she worked in psychology having her masters and interviewing Glorian Donegan) about Borderline Personality Disorder and Rat lines. I quote Jen Moore in my books about how geneticists watch generations of rats for behavior (I had it on my genetics site as well nice rats nasty rats) but again Humans have written and spoken language, rats do not and rats don't have the other factors of human conduct so they are not available test subjects for this disease at least in terms of verous subtle differences from one human to another.

Nice Rats, Nasty Rats: Maybe It’s All in the Genes Studying the genetics of domestication, Dmitri K. Belyaev developed colonies of silver foxes, river otters and minks, as well as rats, starting in 1959. Credit...Jan-Peter Boening for The New York Times By Nicholas Wade July 25, 2006

Nicholas Wade is the author of three books about

recent human evolution. They are addressed to the general reader interested in knowing what the evolutionary past tells us about human nature and society today.

One, Before the Dawn, published in 2006, traces how people have evolved during the last 50,000 years.

The second book, The Faith Instinct (2009), argues that because of the survival advantage of religion, an instinct for religious behavior was favored by natural selection among early human societies and became universal in all their descendants.

A Troublesome Inheritance (2014), the third of the trilogy, looks at how human races evolved.

- #RichardNixon **Richard Nixon** A longtime front for Big Business and Anti-communism and backed by them. In 1946 he left the US Navy a Lt Commander and was immediately elected to the US House of Representatives. From then on he helped as a Congressman for the defense industry and CIA he created form the concept of and carry out what was to become the Marshall Plan for Post WII Europe and with Allen Dulles as the Sr. Staff Consultant, helping the committee along with his long the early 1900's but very British orientated.

  Ed Donegan asserts out of wedlock Windsors are used to track the gene the Windsors will never allow to be tied to their family. Those who are chosen early on are offered at a young age to be moved from orpanages to family who are part of global influence, where in fact secretly they are already from..

Ed Donegan asserts this GEne Pool is the secret ties to regime change and recolonization. Undersstanig a Prince is important. A Lord Governor of Wales or Windsor or any other provice of England is just that. The USA and most nations have national and federal cheif executives. In England they come from one family. It isn't that big a deal. I had a friend once Gary who was on the city council of I think South Francisco. They rotated who was mayor every two years or something like that.

Big money will get him the Vice Presidency of the USA in November 1952, and sworn in early 1953. But in 1951 following many Post WWII secreatiry agreements he was already participating in Regime Change and ties to mafi using those like Jacky Ruby. V.P. Nixon lost to Senator John F. Kennedy in the November 1960 election and it appears the Nixon NWO faction decided to assassinate JFK rather than allow JFK to reverse the regime change plans.

Later Nixon will run for and win the US Presidency and use E. Howard Hunt (and others) who were part of the Kennedy Assassination to burgle and tap Lawrence O'Donnell, a Kennedy inner team Confidant and head of the DNC offices while the DNC was gearing up to fight Nixon. This will lead to Watergate issue impeachment and ogoing speculation the issue with Lawrence Oddenel was trying to insure Nixon would not be criminally of politically liable for the assassination of JFK

Did Nixon (as both Col Prouty and E. Howard Hunt and St John Hunt assert) have Dorothy Hunt murdered by downing her plan is an ongoing question, she was the Hush Money paymaster keeping all the work of the assassination teams secret with hush money.

- #BushFamilyNestOfWASPS **The Bush Family Nest of WASPS** Prescott Bush, the Walker family, Averell Harriman, London banking, Northern Ireland roots, ties to many others like Percy Rockefeller and CIA oil interests it was George H. W. Bush under Vice President Nixon recruiting for Bay of Pigs etc., while operating a front for the CIA in the Caribbean and Latin America Zapata Patrolmen not always named exactly the same name over time. He George H. W. Bush was there at Dealey Plaza as were others tied to CIA based Oil businesses and other CIA companies when JFK was assassinated. He was after that CIA director and UN Embasasoder and then Vice President, President, the then his son was a two term president before their sleeper agent Barrack Obama Jr was moved into power for what only seemed an alteration of power and what only seemed an alteration of policy.

- #HouseOfSaud **House of Saud** The House of Saud has had four phases: the Sheikhdom of Diriyah (1446-1744); the Emirate of Diriyah (1727-1818), marked by the expansion of Salafism; the Emirate of Nejd (1824-1891), marked with continuous infighting; and the current state (**1902**-present), which evolved into the Kingdom of Saudi Arabia in 1932 and now wields considerable influence in the Middle East. Goerge Bush and Bandar Bush, Saudi funding to back Malcom X and Barrack Obama Jr plan.

  The influence of Royals and Standard Oil (Rockefellers) and ARABCO is is similar to Banana Republic Dictators and controlling the land of Latim America, a short crow's flight to the USA. Saudi Nationalist (like Che the Latin American Nationalist) OBL blames the USA for #HouseOfSaud if I interpret

this correctly.

- #CFRBPSMajic12 ***Council on Foreign Relations*** **and the** ***British Pilgrim Society*** **and** ***Majestic12*** **ties to each other**

Intrepid and the British Deep State in the USA Council on Foreign Relatoins, BPS, Tralateal Commission, Rockefeller activities

6 USA representatives, 6 British or British elements from within US like board members of CFR. Death of Old William Cooper who assert secret NWO killed JFK.

The Roman Catholic McDonald admired Roman Catholic Senator Joseph McCarthy (that JFK refused to denounce and RFK workd for during a period of his life) and was a member of the *Joseph McCarthy Foundation*. McDonald hired former staffers of the House Committee on Un-American Activities to work in his own congressional office to continue their research on left-wing groups, which was shared with law enforcement. He considered communism an international conspiracy. An admirer of Austrian economics and a member of the Ludwig von Mises Institute, he advocated tight monetary policy in the late 1970s against stagflation, and advocated returning to the gold standard.

[T]he drive of the Rockefeller's and their allies is to create a one-world government, combining super-capitalism and Communism under the same tent, all under their control ... Do I mean conspiracy? Yes I do. I am convinced there is such a plot, international in scope, ***generations old in planning, and incredibly***

evil in intent.

McDonald, Lawrence P. Introduction. The Rockefeller File. By Gary Allen. Seal Beach, CA: '76 Press, 1976. ISBN 0-89245-001-0. Quotes by Pat Buchanan and Others on the New World Order. Archived from the original on 2007-10-10. Retrieved on 2007-10-10.. The Internet Brigade; retrieved August 24, 2009. He says, Sure we've been working it, sure we've been collaborating with communism, yes we're working with global accommodation, yes, we're working for world government (of Masonic Connected Rulers). But the only thing I object to, is that we've kept it a secret.

Speaking of Carroll Quigley, a history professor at Georgetown University, "Larry McDonald on the NWO May 1983PT2" on YouTube https://en.wikiquote.org/wiki/Larry_McDonald

Beware Month of 7 and Day of 7 In 1940 and 7 being together the number 777

The US and Great Britain make an agreement the CIA and British will overthrow the world, USA included.

The CIA and Magic 12 The United States Central Intelligence Agency (CIA) dates from September 18, 1947, when President Harry S. Truman signed the National Security Act of 1947 into law. A major impetus that has been cited over the years[citation needed] for the creation of the CIA was the unforeseen attack on Pearl Harbor,[1] but whatever Pearl Harbor's role, at the close of World War II government circles identified a need for a group to coordinate government intelligence efforts, and the Federal Bureau of Investigation (FBI), the State

Department, the War Department, and even the Post Office were all jockeying for that new power.

General William "Wild Bill" Donovan, head of the Office of Strategic Services (OSS), wrote to President Franklin D. Roosevelt on November 18, 1944, stating the need for a peacetime "Central Intelligence Service ... which will procure intelligence both by overt and covert methods and will at the same time provide intelligence guidance, determine national intelligence objectives, and correlate the intelligence material collected by all government agencies",[2] and have authority to conduct "subversive operations abroad", but "no police or law enforcement functions, either at home or abroad".

SUBJECT: OPERATION MAJESTIC-12 PRELIMINARY BRIEFING FOR PRESIDENT-ELECT EISENHOWER

DOCUMENT PREPARED 18 NOVEMBER, 1952

BRIEFING OFFICER: ADM. ROSCOE H. HILLENKOETTER (MJ-1)

NOTE: This document has been prepared as a preliminary briefing only. It should be regarded as introductory to a full operations briefing intended to follow.

OPERATION MAJESTIC-12 is a TOP SECRET Research and Development/Intelligence operation responsible directly and only to the President of the United States. Operations of the project are carried out under the control of the Majestic-12 (Majic-12) Group which was established by special classified executive order of President Truman on 24 September, 1947, upon recommendation by Dr. Vannevar Bush and Secretary James Forrestal. (See Attachment "A".)

Members of the Majestic-12 Group were designated as follows:

Adm. Roscoe H. Hillenkoetter, Dr. Vannevar Bush, Secy. James V. Forrestal*, Gen. Nathan P. Twining, Gen Hoyt S. Vandenberg, Dr. Detlev Bronk, Dr. Jerome Hunsaker, Mr. Sidney W. Souers Mr. Gordon Gray, Dr. Donald Menzel, Gen. Robert M. Montague, Dr. Lloyd V. Berkner

The death of Secretary Forrestal on 22 May, 1949, created a vacancy which remained unfilled until 01 August, 1950, upon which date Gen. Walter B. Smith was designated as permanent replacement.

TOP SECRET from Harry Truman EYES ONLY THE WHITE HOUSE WASHINGTON September 24, 1947 MEMORANDUM FOR THE SECRETARY OF DEFENSE

Dear Secretary Forrestal:

As per our recent conversation on this matter, you are hereby authorized to proceed with all due speed and caution upon your undertaking.

Hereafter this matter shall be referred to only as Operation Majestic Twelve. It continues to be my feeling that any future considerations relative to the ultimate disposition of this matter should rest solely with the Office of the President following appropriate discussions with yourself, Dr. Bush and the Director of Central Intelligence.

/s/Harry Truman

Shortly after his resignation, Forrestal was hospitalized because of severe depression. On May 22, 1949, he committed suicide when he allegedly

climbed out of a window to hang himself and fell to his death from the sixteenth floor of the Bethesda Naval Hospital in Maryland.

William Stephenson, byname Intrepid, (born Jan. 11, 1896, Point Douglas, Man., Can. -died Jan. 31, 1989, Paget, Bermuda), Canadian-born millionaire industrialist whose role as Britain's intelligence chief in the Western Hemisphere in World War II was chronicled in A Man Called Intrepid (1979)

Preceding World War II, Rockefeller Center's International Building North was fated to become occupied by German companies with plans to rename the building the Deutsches Haus. However, as German aggression increased under the rule of Adolf Hitler, John D. Rockefeller Jr. would not allow that ownership to occur. As such, British Intelligence set up their base of operations in that building throughout World War II.

Beginning with Hitler's occupation of Poland, the British intelligence center handled top-secret information in New York City years before the United States entered the war. The building's room 3603 was additionally used as the headquarters of Allied Intelligence and functioned as the office of Allen Welsh Dulles, who would become the civilian director of the yet-to-be-formed Central Intelligence Agency. https://untappedcities.com/2022/08/17/secrets-of-rockefeller-center/6/

Room 3603 by [Ulster Unionist Belfast] H Montgomery Hyde Room 3603 - Hyde, H Montgomery, and Foreword by Ia Flemming co-occupant of the suite.

This fascinating story of World War II espionage begins in Manhattan at 630 Fifth Avenue, Room

3603. The organization known as the British Security Coordination, was the keystone of the successful Anglo-American partnership in the field of secret intelligence. The man chosen to direct this effort was Sir William Stephenson, who put all his papers at the disposal of author H. Montgomery Hyde. The result is "Room 3603", a unique picture of the British Secret Service in action. Photos. https://www.alibris.com/Room-3603-H-Montgomery-Hyde/book/7792336

- #TRSF The **Rising Sun Flag** is a Japanese flag that consists of a red disc and sixteen red rays emanating from the disc.[1] Like the Japanese national flag, the Rising Sun Flag symbolizes the sun.

  The flag was originally used by feudal warlords in Japan during the Edo period (1603-1868 CE). On May 15, 1870, as a policy of the Meiji government, it was adopted as the war flag of the Imperial Japanese Army, and on October 7, 1889, it was adopted as the naval ensign of the Imperial Japanese Navy.

  At present, the flag is flown by the Japan Maritime Self-Defense Force, and an eight-ray version is flown by the Japan Self-Defense Forces and the Japan Ground Self-Defense Force.[2] The rising sun design is also seen in numerous scenes in daily life in Japan, such as in fishermen's banners hoisted to signify large catches of fish, flags to celebrate childbirth, and in flags for seasonal festivities.[4]

  The flag is controversial in Korea and China, where it is associated with Japanese militarism and imperialism. -Wikipedia I Ed Donegan leaned towards their racial nationalis and love for themselves on thier own lands as spirituality but in reading ST Johh Hunt's book Dorothy and refelcting on my father's statements I can see how this fits in with Council on

Foreign Relations ties to dictators and abuse of human rights.

- #ThirdCoast **the Third Coast** The Southern US is Coast too. The crescenet is for these tellings of CIA the egress beach and airports for accross the Gulf of Mexico and into The Caribbean, the Meditarian of Latin America. Also as it joins with the East Coast it becomes the Southestern base to attack Cuba from as well and JMWAVE in Florida as CENTCOM is. PsyOps is active in Hollywood and the FBI is too looking for foreign Agents of Influence or Sympathizers, and placing their own. From Palm Springs California, Tuscon Arizona, New Orleans and Lake Paunchatrain CIA activities and gun runing will be part of life for Chauncey Holt and the Mafia, Murder Inc., and Barry Seal and Phillip Marhsall, and Iran Contra. United Fruit Company, International Trade Mart all operate on this coast.

- #OMCRBC **That an NWO Old Money Corrupt Robber Barron Cavalier Europ based Old Money Cabal Exists #OMCRBC** and that This Cabal (Milieu) is a matter of Corruption, a Network of People and Cavalier Enterprises "Cavalier" is chiefly associated with the Royalist supporters of King Charles I in his struggle with Parliament in the English Civil War.

  1642 (June 10) Propositions of Parlt. in Clarendon v. (1702) I. 504 Several sorts of malignant Men, who were about the King; some whereof, under the name of Cavaliers, without having respect to the Laws of the Land, or any fear either of God or Man, were ready to commit all manner of Outrage and Violence. 1642 Petition Lords & Com. 17 June in Rushw. Coll. III. (1721) I. 631 That your Majesty..would please to

dismiss your extraordinary Guards, and the Cavaliers and others of that Quality, who seem to have little Interest or Affection to the public Good, their Language and Behaviour speaking nothing but Division and War.[

"Proprietary Interests" as we learn from Chauncey Marvin Holt is some about the King were given Treasury to start some CIA Front Companies operating under business names accepted by the the public in government though were Organized Crime will illegal operations and illegal profits being mad in "black" (concealed ways" through the people of those entities.

- #COB **The Curse of Buchenwald** "The Buchenwald Concentration Camp: Patton's Bastardly Discovery 'Old Blood and Guts' was sickened by what he saw in the liberated concentration camps-and vowed that others should see it, too." Those who died of #COB are Lee Harvey Oswald who tried to call North Carolina about the Nazis (under hidden identity in North Carolina) and Dorothy Kilgallen who knew of the Maria Kutschera story, before she married Capt Von Trap and adopted his children in 1926 but after she left the convent pregnant in 1925. This was the story of Glorian Donegan (under the name of Glorian Gainey and also Marilyn Monroe and probabkly Princess Elizabeth coronated Queen Elizabeth II in 1952

img: Patton and others look on at piles of bones in shallow dirt or on the ground molsty burned.

img: Concentration camp Mauthausen, visit of Heinrich Himmler. Franz Kutschera third from the right in the first row (Bundesarchiv, Bild 192-016 / CC-BY-SA 3.0)

https://encyclopedia.ushmm.org/content/en/article/heinrich-himmler It was Himmler whom Hitler entrusted with the planning and implementation of the "Final Solution." In his most quoted speech, that of October 4, 1943, in Poznan to a gathering of SS generals, Himmler explicitly justified the mass murder of the European Jews in the following words:

> “In front of you here, I want to refer explicitly to a very serious matter….I mean here…the annihilation of the Jewish people…. Most of you will know what it means when 100 corpses lie side by side, or 500 or 1,000…. This page of glory in our history has never been written and will never be written….We had the moral right, we were obligated to our people to kill this people which wanted to kill us.”

Dick Cheney brought into MKLUTRA and a Jeeep driver for high ranking officers in WII., Cheney is married to English lit PhD. Patton murdered by British as he reaches Salzburg Austria and Von Trapp home and finds Himmler Kutschera pictures most likely given to him by James Jeusus Angleton who is working with Vatican and Italian mafi to find those in Nazi uniforms who had their pictures taken at villas like the Von Trapp home during the war. Just google this stuff. They took out Admireal Forrestall, another devout roman catholic not wanting to run a secret government with British royals in an agreement called Majestic 12, 6 US including CFR and the British subversion teams.

Adam Ronald Pataky was born in Danville, Illinois, on 21st May, 1935. His father owned a heating and air conditioning business. In 1950 the family moved to Columbus, Ohio. After high school Pataky attended Stanford University but failed to graduate.

Pataky returned to Columbus and graduated from Ohio State University with a degree in journalism in 1959. In 1961, he was hired as a film and drama critic for the Columbus Citizen-Journal.

In June, 1964, Pataky went on a trip paid for by

Twentieth Century-Fox who used it to publicize three of its films: The Sound of Music, The Agony and the Ecstasy and Those Magnificent Men in Their Flying Machines. On the trip he met and began a relationship with fellow journalist, Dorothy Kilgallen. This relationship was kept a secret. In her book, Kilgallen (1979), Lee Israel gives Pataky the name of "Out-of-Towner". Apparently Pataky went up to Kilgallen and asked her if she was Clare Booth Luce.

It has been suggested by John Simkin that Kilgallen suspected that "Out-of-Towner" was a CIA spy. She therefore told her friends this is what he said so that if anything happened to her, a future investigator would realize that he was a CIA agent with links to Clare Booth Luce.

On 8th November, 1965, devout Roman Catholic and Kennedy family confidant and crime reporter close to Gunderson and Robert F. Kennedy, Dorothy Kilgallen, was found dead in her New York apartment. She was fully dressed and sitting upright in her bed. The police reported that she had died from taking a cocktail of alcohol and barbiturates. The notes for the chapter she was writing on the assassination of John F. Kennedy had disappeared. The "more about Salzburgn and Maria Kutschera aka Maria Von TRapp story.

In Edward Donegan's opinion this is also the story-line William Cooper was assassinated to protects. Micheal Hastings too, some of that Maria Kutschera DNA was in sleeper test-tube baby Barrack Obama Jr too. That is both #Truther and #COB, the specifics of Truther and the real origins o Obama Jr.

Eastern Air Lines Flight 304 crashed into the lake on February 25, 1964, resulting in the deaths of 51 passengers and 7 crew. The victims included Marie-

Hélène Lefaucheux, a member of the French delegation to the United Nations. During World War II, she was a member of the French Resistance and orchestrated her husband's release from Buchenwald concentration camp after he was captured by the Gestapo. Not sure what if any kind of business she was on at New Orleans.

- #JFKA **That standing against this Cabal led to the death of JFK** and #JFKAWA **JFK Assasination witnesses were themselves assassinated** Gunderson had a deep hatred of Ashcroft, Bush, Donald Barr, and many others and felt their police state systems were threat to democracy.

- #MMA **That this Cabal led to the CIA assassination of Marilyn Monroe** I Ed Donegan assert Joseph Kennedy Sr, likey Admiral Halsey, and FDR along with England planned for some of those secret out of wedlock gene pool children like Marilyn Monroe allow their family lines to continue to be groomed as Agents of Influence under the MKULTRA plans.

- #SBA **That this Cabal led to the CIA assassination of Sonny Bono** The CIA was funding itself out of a "contingency fund" and equally murky legal authority that did not DISSALOW cia activities of any kind. Oil money and profits from illegal enterprises and allegiances with gambling, gun running, and overthrow teams out of Los Angeles, Palm Springs, Tuscon Arizona, New Orleans, Arkansas and Florida were all CVIA activities that were part of the JFK assatination and as Chauncey

Marvin Holt was doingn his tell-all in 1997 Sunny Bono was a risk to this being exposed.

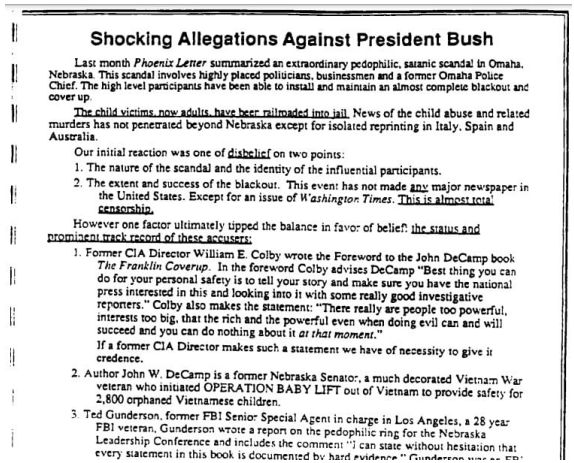
Bob Fletcher Biography: Bob Fletcher is a retired investigative researcher who conducted a probe into the CIA's involvement in U.S. drug trade. His report was presented to several congressmen including Sonny Bono.

- #RFKandMC **That this conspiracy created suing puppets including as told in the Manchurian Candidate story-line** and that Robert Kennedy learning about the real life backstory to the Manchurian Candidate led to the death of his brother JFK he himself RKF was assassinated by a person probably by a person intentional traumatized by a characteristic or inflated characteristic of RFK by repetition of trauma producing stimuli that become the dominant involuntary pscyhomotivational-compulsion.

- #MKULTRABirther **Birther the supportable theory Obama Jr. was a CIA plan under MKULTRA most likley planned in 1958.** Barrack Obama Born in USA Los Angeles Manhattan Beach City November 18, 1961 late at night, Glorian Donegan egg doner Ed Donegan born same surrogate.

- #MMLA **That this Cabal led to child abuse at McMartin Preschool Manhattan Beach City next to Santa Monica in Los Angeles County**

- #WCA **That he and William Colby and John Decamp believed the activities of this cabal and George Bush Whitehouse involvement into Franklin Nebraska was a Deep State consipracy killing children and investigators**



Shocking Allegations Against President Bush

Last month *Phoenix Letter* summarized an extraordinary pedophilic, satanic scandal in Omaha, Nebraska. This scandal involves highly placed politicians, businessmen and a former Omaha Police Chief. The high level participants have been able to install and maintain an almost complete blackout and cover up.

The child victims, now adults, have been railroaded into jail. News of the child abuse and related murders has not penetrated beyond Nebraska except for isolated reprinting in Italy, Spain and Australia.

Our initial reaction was one of disbelief on two points:

1. The nature of the scandal and the identity of the influential participants.
2. The extent and success of the blackout. This event has not made any major newspaper in the United States. Except for an issue of *Washington Times*. This is almost total censorship.

However one factor ultimately tipped the balance in favor of belief: the status and prominent track record of these accusers:

1. Former CIA Director William E. Colby wrote the Foreword to the John DeCamp book *The Franklin Coverup*. In the foreword Colby advises DeCamp "Best thing you can do for your personal safety is to tell your story and make sure you have the national press interested in this and looking into it with some really good investigative reporters." Colby also makes the statement: "There really are people too powerful, interests too big, that the rich and the powerful even when doing evil can and will succeed and you can do nothing about it *at that moment*."
   If a former CIA Director makes such a statement we have of necessity to give it credence.
2. Author John W. DeCamp is a former Nebraska Senator, a much decorated Vietnam War veteran who initiated OPERATION BABY LIFT out of Vietnam to provide safety for 2,800 orphaned Vietnamese children.
3. Ted Gunderson, former FBI Senior Special Agent in charge in Los Angeles, a 28 year FBI veteran, Gunderson wrote a report on the pedophilic ring for the Nebraska Leadership Conference and includes the comment "I can state without hesitation that every statement in this book is documented by hard evidence." Gunderson was an FBI

In 1992, DeCamp wrote a mass market paperback book titled The Franklin Cover-up: Child Abuse, Satanism, and Murder in Nebraska in which he alleged that the Franklin child prostitution ring allegations were actually true and involved murder and Satanism. In 1993, DeCamp was featured in an unreleased Discovery Channel documentary called Conspiracy of Silence.

DeCamp served as a lawyer for the Militia of Montana, a militia-movement group, in the 1990s.

In 1996, DeCamp ran for the U.S. Senate as a Libertarian, but lost to Republican Chuck Hagel.

William Colby B wrote the introduction to The Franklin Cover-up and he and Susan Ford wrote high power interests would assassinate to cover up the secrets of what was likely a Family Jewels child abuse CIA research facility. William Colby was of

course CIA, DeCamp was said to be, and DeCamp has an MKULTRA /like birthday, July 6 1941.

As for former CIA Director Colby Ted Gunderson's assertion his own CIA FBI NSA government assassinated him is likely correct based on the story assembled from Ed Donegan's life, Jen Moore's, Ted Gunderson's and the string of Roman Catholic bodies found.

Ted Gunderson asserted as he continued to write about the Family Jewels program along with William Colby all had experienced and were to (according to Colby) likely to receive credible death threats. Susan Ford was also told this from the fomer CIA director about activities at Franklin in the Boystown Catholic orphanage with Borderline Personality Disorder children.

Loran Schmit

In 1989 Schmit appointed Gary Caradori to investigate the case of the Franklin child prostitution ring. In July 1990 Caridori died in a plane crash. On 6 March 1991 he wrote to Bill Bruce, an NTSB aviation inspector that "there have been entirely too many violent deaths associated with this investigation for me accept the conclusion that Caradori's aircraft simply came apart in the sky". In October 1991 EIR published an article which termed Caradori's crash "suspicious". In 2014 Wayne Madsen blamed the FBI for the event.

The Cessna 150 is a two-seat tricycle landing gear

general aviation airplane that was designed for flight training, touring and personal use.

SENATOR LORAN SCHMIT No. 23
Capitol 68609 Second Legislature
March 6, 1991

Committees Vice Chairman, Banking and Commerce and Insurance, Natural Resources

Mr Bill Bruce
Aviation Inspector Nat'l Transportation Safety Board
31 775 North Avenue
Chicago, 111 60185

Dear Mr. Bruce:

I visited breifly with Mr. William Colby and he indicated that he thought you might soon be writing a report on the crash which killed Gary Caradori and his son, Andrew.

I have Visited with Mrs. Caradori and she adamant about the fact that none of the seats were ever removed from the aircraft and she informs me that as of now the two rear seats of the six have never been found.

It seems to me that those tvo seats could not simply have disappeared. Certainly by now they should have show up somewhere unless something unusual would account for their

disappearance. I do not know anything about sabotage but I have been told that a phosphorous type bomb would, in fact, vaporize metal and any other material with which it came in contact and that unless someone knew what they were looking for, it would be difficult, if not impossible, to detect.

I am sure there will be those who will scoff at such a suggestion, but have been entirely too many violent deaths associated with this investigation for me to accept that Caradori's aircraft simply came apart in the sky.

If you have found those two seats,I would be most appreciative if you would confirm that for me.

Sincerely;

Loran Schmit, Chairman
Franklin Legislative Committee

President George W. Bush Apri 23, 2003
The White House
1600 Pennsylvania Avenue NW

Washington, DC 20500
Dear President Bush

On April 3, 2003, I found an intruder (biker type-wearing a head bandanna, leather Jacket, and chains attached to his belt) in the basement of the apartment complex where I am presently staying in Los Angeles. After seeing me, he bolted through the front door of the building and disappeared. I filed a police report. [am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

Textual creativity added ***If * anything * happens * to * me,* my family *, or my close associates *- including my attorney (former Nebraska State Senator, John DeCamp), Susan Ford, or other individuals within my informational network, the names of the leaders of the cult/drug network and additional information concerning their activities will be released to the public.***

A question I have been pondering is how the Rackets guys (Robert Kennedy, TEd Gunderson) were being forced to or undermined in deportations of mobsters like Ruby, Marcello, and others because the CIA was using these same figures, leaving Bobby Kennedy and Gunderson with those names of mobsters.

Regarding Mr. Colby, he did not drown and he did not commit suicide- he was murdered, shot in the head. [As Colby himself expected might happen.

On July 11, investigator Caradori took off in his private plane from Chicago en route to Nebraska. Witnesses on the ground said they saw a flash in the sky followed by an explosion. Initial news reports stated that Caradori's aircraft exploded in flight and then crashed. However, subsequent news reports were altered and claimed the aircraft exploded upon impact with the ground. Caradori and his son were killed in the crash.

…

WMR can exclusively report that it was the Federal Bureau of Investigation that placed a bomb on the private airplane that killed state of Nebraska chief investigator Gary Caradori and his 6-year old son "AJ" on July 11, 1990. Caradori had been hired by the Nebraska unicameral legislature to investigate allegations that a number of Nebraska youth had been sexually abused and transported over state lines in a scandal centered around the Franklin Credit Union, headed by rising GOP African-American star Lawrence King.

Now some more quotations from Ted Gunderson on Stalking and terrorist assassins working out of the US Government of a rich group of powerful people not

necessarily the same families cited in Superclass or other books, but of that concept, mostly Bush Nixon Rockefeller Republicans.

- #FamilyJewels **That [Roman Catholic] former CIA Director William Colby who had fired James Jesus Angleton and tried to stop he assassinations program and was going to release information to the public on the Family Jewels program was himself assassinated by the CIA**

- #TGA **That he himself was being poisoned, threatened and attacked by thugs and mechanism of the FBI that included shots into his home into his daughters bedroom and he himself did fear for his life up until the day he finally died**

- #GangStalk **That GangStalks of military grade military backed teams operated in the USA on a large scale and engaged in poisonings, illegal activities far worse than COINTELRPO and was the defacto standard of conduct for CIA, FBI, and all cooperating agencies.**

- #JMacDonald **Jeffrey R. MacDonald** I have believed the North Carolina case of MacDonald is tied to child abuse and murders secretly conducted by the United States Cabal as it hides what it has attempted to do with children it basically created from Donor DNA and use in very high stakes world family manipulations the CIA and DIA are terrified of ever being caught in. Temple of Set was one such front

group conducting Child Abuse for military reasons while claiming they were doing it for Satanic reasons. Gunerson saw through this and Jen Moore and I have been tellling people what Gunderson saw and why he and we have been seeing it. Child Psychology Experiments testing the children.

- #Truther **New Tooths Birther and High Level Officials tied to MKULTRA fear their own and CIA assets deaths if caught**. Barrack Obama JR. and most FBI CIA today are connected to the Cabal, Richard Nixon among the worst and Dorothy Hunt, Micheal Hastings, Andrea Parhamovich, and Andrew Breitbart all who held conspiracy theories related to the above.

- #PizzaGate **Pizza-gate** "Pizzagate Pusher's Death Drives Conspiracy Theorists to Tout Her as New Seth Rich. Conspiracy theorist Jen Moore spent the last months of her life chasing her bizarre ideas around the Washington, D.C., area, attending an event about the murder of Democratic National Committee staffer Seth Rich and filming Comet Ping Pong, the target of the Pizzagate fiction.

  Now, after her death in a Maryland hotel room last week, Moore has become the star of a new conspiracy theory. Right-wing media personalities have seized on Moore's death, claiming without any evidence that it's the latest example of Bill and Hillary Clinton killing off their enemies.

  The right's eagerness to capitalize on Moore's apparently natural death recalls the rush to blame the Clintons for Rich's 2016 murder in a botched robbery. Stories about Moore's death highlighted her

gonzo “investigations” into wild accusations of Democratic pedophile rings involving the Clintons and suggested that Moore was on a “Clinton death list.”

Once again, though, the pro-Trump outlets pushing claims that Moore was murdered for knowing too much have no facts on their side. Although Moore’s exact cause of death has not been determined, with the results of toxicology tests still weeks away, police are not investigating as a homicide.

“At this point, we do not suspect foul play or anything suspicious about her death,” a spokeswoman for the Prince George’s County Police Department told The Daily Beast.

…

Jen Moore is on the cover of this book. The former Tracy PD officer who (after getting her Masters in Pscychology) studied the history of FOXP2 and the history of Glorian Donegan (my mother) and the CIA OSS History of that going back to pre-WWII when the Windsors were philandering in 1925 and wanted to wacth these genes from generation to gneration, Jen Moore said the Donegan fanmily includin James and GLorian are tied to OSS CIA VATICAN assassination history and Allen Dulles and the assasination of JFK and I Edward Donegna aggree she was filming my and my mother's home, visbily so, and knew this tied to many MKULTRA acvitiies. She stated violent thugs in muscle cars were stalking her and threating her to shut up or die and she was later found dead.

The Black Budget is some scumbags are blaming me for bad conduct towards others me in part to gain secretly wished for bio rights from my trust fund and equallly secretly bill my trust fund for furtherance of

their own objectives and family. Ed Donegan sates the phony appearances and frauds surrounding my life allowed leaches criminals to gainf power over me and gain witth that power, using false allegations to profit for themselves and at my cost, and this has been racially charged fraud. I am retaliated for pointing any of this out or what the CIA OSS Vatican history was, or how it lead to the JFK assassination as both Ed Donegan and Jen assert.

Taking over my my mother's will after 2011 to create a vehicle to defraud it was done and no one will step back from their own fraud.

Jimmy and Bobby Courtney was part of the fraud machine of social services weponized as these two were and Veronica Hoffan were, All were discredited, ignored, mourned for a while, then forgotten about.

John McCarthy Roll, judge killed in Tucson bloodbath, lauded by friends. New York Daily News By NEW YORK DAILY NEWS | staff@nydailynews.com PUBLISHED: January 9, 2011 at 4:00 a.m. | UPDATED: January 13, 2019 at 3:27 a.m.

John McCarthy Roll, Arizona‘s chief federal trial judge killed in the Tucson bloodbath Saturday, was a celebrated legal eagle whose career spanned nearly four decades.

Roll, 63, served as an Arizona state attorney, an assistant U.S. attorney and a state court judge before he was appointed by former President George H.W. Bush in 1991.

Two years ago, Roll received a torrent of death threats - and then a security detail - after he cleared the way for a group of illegal immigrants to file a $32

million civil rights lawsuit against a rancher.

“He was the kind of guy that never really talked about the threats he was receiving and the protection that he needed to have,” Judge Rebecca White Berch told CNN last night.

[Edward Donegan] Another theory the Russians have offered is Roll was assassinated over an 2011 Obama Administration case abosue siezing assets in retirment trusts (or disability trusts.) I asssert this was min own trust of my mothers' house sale as she had died leaving in 2011 that amount of the Moraga home about 320K dollars, half mine 180K as a trust fund. That trust fund pays out to those I have a Teen interest I call Pizza or Hamburger or Cheeseburger as I order fast food. I don't mean anything extra and the intonation I meant more (a secret model) when I did not allows asset seizures -payouts for what is asserted my behavioral misconduct, and alleged interest of mine shown by those staging child photography wherever I am and I am not doing it, it looks that way.

Roll was born in Pittsburgh to a Catholic family, and grew up in Arizona. He attended Salpointe Catholic High School in Tucson.[3] Roll received his Bachelor of Arts degree from the University of Arizona in 1969, a Juris Doctor from the University of Arizona College of Law in 1972, and a Master of Laws from the University of Virginia School of Law in 1990.

Tuscon Arizona is where the CIA was operating Grace Ranch and Peter Licavoli died at, Grace Ranch area. In the 1930s, Licavoli was convicted of bribing a federal official and spent two years at Leavenworth Penitentiary. He was arrested, tried, or suspected of murder seven times, and released seven times. His

brother Dominic married Rosalie Zerilli, the eldest daughter of the Detroit Partnership boss Joseph Zerilli.[1] In 1944, Licavoli left the Toledo-Detroit area for Arizona, living on Grace Ranch near Tucson, Arizona until his death in 1984.

Not only did my mother die in 2011 Seal Team Six did and I think using benefits in her gehone for foriegn economies, medical work in the area, and tied to the Judge Roll case.

Pizzgate is a criminal network using impersonations and forged events to use as the basis of goods and services transactions. It uses money laundering, identity theft, fabrication of evidence, obstruction of justice, etc., to operate and Ed Donegan and Jen Moore have been trying to prove these elements to unwilling listeners.

Jimmy planted the idea I used dolls whose eyes were peepig camns to watch children, Bobbie pretended to be retarded Ed Donegan who would take lessons from exotic dancers. Both died violently from severe acts of physical battery, Bobby Courtney dying across several days. Veroinca Hoffman used as the adult model was harassed to death and a possible suicide possible murder.

Roll was shot on January 8, 2011, outside a Safeway supermarket in Casas Adobes, Arizona,[17] when Jared Lee Loughner opened fire at a "Congress on Your Corner" event held by Democratic U.S. Representative Gabby Giffords. Roll had attended Mass earlier that morning and decided only about an hour before the shooting to attend the event.[18]

Surveillance video revealed that Roll was shot in the back after pushing down and shielding Ron Barber, a staffer for Giffords who had just been shot.[19][20]

[21][22] Roll died from his injuries, as did five other people.[18] Thirteen others were injured by gunfire, but survived, including Giffords and Barber; Barber would go on to replace Giffords when she resigned from Congress to recuperate from the injuries sustained in the shooting.

Chief Justice John Roberts issued a statement, memorializing Roll as "a wise jurist who selflessly served Arizona and the nation with great distinction, as attorney and judge, for more than 35 years", adding "his death is a somber reminder of the importance of the rule of law and the sacrifices of those who work to secure it".

Edward Paul Donegan asserts part of the plan was briefed to Roman Catholic Scalia who then may have threatened to talk. Scalia was ruling on case surrounding IQ and use of racial quotas and science of geneitcs he never trusted but others had been relying. He was given private briefing on the matter.

- #Preconditioning **Preconditioning in the Media** Movies and TV will carry idealized versions of British Imperial Rule, thousands of years of Jedi 33 Secret Order Secret Police teams undermining enemies and protecting friends of NWO detecting plots and disrupting enemy plans before they unfold with daring maneuvers. Media deaths like Heat Ledger.

Mark Elliot Zuckerberg and Jack of (formerly) Twitter come from what appears to be New CEntury Twins studies military medicine created during MKULTRA.

ED Donegan asserts many movies have story-lines including Jet Pilot that have to do with James

Donegan Roman Catholic meeting Austrian defecter Glo as she liked to call herself and be called. But the WASPS were really giving him (Col. Shannon) trouble in what looked like Atsugi and Edwards Air Force Base the storyline occured at.

Ghost Writing by the CIA explains movies like the Manchurian Candidate 1962 by Frankenhiemer that RFK was talking about the weekend he died staying at Frankenheimer's home. I think this is the story line. Obama Jr.s grandfather Stanley Dunham owed the CIA because he was a Nazi Collaborator stealing bomber plans in Witchita kansas. He had to "make a black baby" under blackmail, my father and mother were pressured to donate an egg or two since the Kutschera's were give secret identities in the USA hiding the much later revealed Barron Von TRrapp household connection as a bunker of Himmler whom Franz Kutshera (Maria Kutschera's uncle) had made a Nazi Propaganda sing family stronghold. Recenlty Juile Andrews (possible out of wedlock Windsor) again revisited the Sound of Music storyline recently suprised by the new revelations about the old house James Jesus Angleton probably obtained records from.

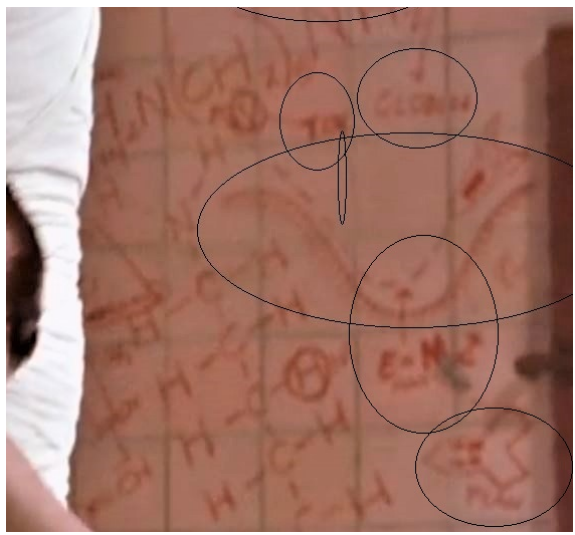
Another few story-lines inside the 1962 movie is testing children very early on trying to find out if they are stable under stress and can become sleeper candidates to be awaked later, and alo if a person is unstable (or undesirable) can you by abuse of them inflict violent emotions in then that will finally destroy them one way or another and scientific papers written on that topic.

Conglomerated ownership of the Press and mocking adversaries of the NWO. It is easy for big money to buy their way into the press and even make larger summs of money while their. PsyOps like CD Douglas sit in offices and plant stories. Desilu, Jodie Foster,

Kristen Stewart, Rocky Horror Picture Show, Being There, many others.

Old William Cooper said the same thing that if your change out some names of fiction you end with tales that match CIA history in the USA.

As A Creature is being built in what looks like Peter Lawford's walled off home it looks like Nona (freind of Donegan's) Glorian, Tom and Ned are on the wall as is a C-Section and WWII Bomber.



Wikipedia - Gunderson became a leading figure on the far-right and a leading anti-government conspiracy theorist.

Gunderson was involved in the McMartin preschool case, at the heart of the 1980s "satanic panic".[16][17] He made numerous confident statements supporting the truth of the supposed abuse ring[18] and became a "recognized spokesman on the dangers of satanic ritual cults".

In a 1995 conference in Dallas, Gunderson warned about the proliferation of purported secret occultist groups, and the

danger posed by the New World Order, a conspiracy theory about an alleged shadow government that would be controlling the United States government.

He also claimed that a "slave auction" in which children were sold by Saudi Arabian agents to men had been held in Las Vegas, that four thousand ritual human sacrifices are performed in New York City every year, and that the 1995 bombing of the Alfred P. Murrah Federal Building in Oklahoma City was carried out by the U.S. government.

Gunderson also claimed that in the United States, there is a secret widespread network of groups who kidnap children and infants and subject them to ritual abuse and subsequent human sacrifice.

Gunderson had an association with former music producer and conspiracy film maker Anthony J. Hilder. Hilder had interviewed him regarding the 1993 World Trade Center bombing.[28] He also appeared in Hilder's Reichstag '95 and Illuminazi 911 documentaries.

Gunderson did not believe that Sonny Bono died in a skiing accident. Instead, Gunderson alleged that top officials linked to an international drug and weapons ring feared the singer-turned-politician was about to expose their crimes - so they had Sonny murdered on the ski slopes and staged the result as an accident. - Wikipedia

I don't know much about the Murrow Building bombing so I will mostly leave it at public understanding level. Mc Viegh was distressed over Waco and the bombing was in retaliation. I believe and others beieve the CIA did attack the compound with intent to silence and kill Koresh. Most of that is in my books and that is as far as I take that rake blade but I will work on the others and along with Jen Moore data I will in effect "re-release Gunderson Investigates as an edition on 60th aniversy of JFK assasination.

Gunderson's assertions like other disregarded views needs a new look and new data helps refine the perpectives and statement of Gunderson who even when he correct information was lacking in some of the exacts that would have helped him with more mainstream statements.

Excerpt of Chip Tatum and Ted Gunderon on Black Opps Radio

How Gene Chip Tatum describes having payouts from bank accouts in cash to run guns accross borders including Canada for black opps matches how Chauncey Marvin Holt describes the CIA gun running from among other locations Lake Panchatrain New Orleas (were Barry Seal and Phillip Marshall also flew from as were asssainsted writing about the Bush Deep State Big Bamboozle.

Q to Holt. Were you in New Orleans in the summer of 1963?

A from Holt. Yes, on several occasions. I was in New Orleans several times with Leroy Young, another pilot, arms expert and close associate of George Reynolds. We were delivering arms to various camps where anti-Castro Cubans were training. The most prominent of these camps was one located across Lake Pontchartrain on property owned by Lewis McWillie's brother. McWillie was a close friend of Jack Ruby.

Q. Did you withdraw large sums of cash from the joint bank account with Belcher to pay other contract agents?

A. Yes. In fact I withdrew such large sums of cash that I was usually accompanied by Michael Harries, another contract agent and one of the most competent shooters and shooting instructors in the world, not only to receive his pay, in cash, but to serve as my bodyguard. Two guns are always better than one.

Q. Did Harries witness these large cash withdrawals, personally?

A. Yes, he did.

Q. Was Harries one of the instructors at the CIA's mercenary school?

A. Yes, he was.

Q. What operations were you involved in organized crime?

A. In 1961/62 1 was busily engaged in locating properties for the CIA, which could be used as a documentation center, a weapons modification center and a fixed base operation for planes we either owned or contemplated acquiring.

At the same time, I was in partnership with Licavoli in a number of ventures, including an aircraft company and a military equipment procurement venture. Pete and I were also partners in art galleries in Tucson, Arizona, Detroit and Grosse Point, Michigan and Laguna Beach, California.

Q. How would you define a "proprietary interest"? Would the mob equivalent be a "front" business?

A. That is an accurate representation. Q. In December of 1961, did you attend a meeting at Bermuda Dunes airport, near Palm around 1961/62 on behalf of the CIA and Springs?

A. Yes.

Q. Who was at this meeting?

A. Sam Giancana, Johnny Roselli, William King Harvey, Peter Licavoli, Ray Ryan, Frank Hayden and myself.

Q. What were the objectives of those in attendance?

A. To lay out the method of operation for Harvey's resurrected ZR/Rifle program, which was renamed Operation Mongoose, the ultimate purpose of which was the assassination of Fidel Castro.

Q. What was your role at this meeting?

A. I served as secretary and took notes of the meeting.

https://www.youtube.com/watch?v=GeUZE0Exd90&t=6152s

… have any connections there to CIA and not the blues … yeah I [Ted Gunderon sitting bayside bench with Chip Tatum, Gunderson raising the mic to his face and mouth from the bench, Tatum has a clip mic] keep forgetting about the mic … how about Rockefeller Rothschild Zinn that bunch do you have anything you would tie them into the CIA operation covert operation CIA but in black ops and you know when we talk about the g7 meetings setting things in place that you know these power the powerful powerful families always have input to the politicians that they've placed in in power and so in in that arena it's very easily for them to get their own desires taken care of I got a number of occasions we've done work.

you talking about Jupiter Island now yes do they have representatives there do you know I know you know about the Bilderbergers Council of Foreign Relations (CFR), Trilateral Commission (Rockefeller's) where the representatives of those organizations they're you know when you talk about the Bilderbergers and g7 you're really talking about the same group of people because the g7 are the politicians representing all these group of people and you know some of these top politicians bring in their desires and this is what we want to do and you know Rothschild wants this done before he died and it was done and then Rupert Murdoch put up about the word to 600 of his various news outlets and said under no circumstances mention homicide either natural causes or suicide and of course they came out with he hung himself and then the French police

came along and said wait a minute it was murder he was murdered you remember that more control of the media folks how many people have you hung a wet towel on the towel rack and it fell out of the wall exactly kind of tough that's right Chip.

Note: Amschel Mayor James Rothschild, a billionaire investment banker and a noted sportsman in excellent health, was discovered lifeless on the floor of the bathroom of his suite at the luxurious Bristol Hotel in Paris on July 8, 1996, at 7:32 pm. Police found that he had been strangled with the heavy cord of his own bathrobe. One end of the cord was attached to a towel rack, as if to suggest that Rothschild's violent death was self-inflicted. "The [French] crime scene investigators never called it 'suicide,'" reporter Theirry de Segonzac told *The Spotlight* in a telephone interview from Paris. "After photographing the body, one of the detectives gave the towel rack tied to the body a strong tug. It came right out of the wall." Had Rothschild really attempted to hang himself from that rack, he would have ended up with nothing worse than a couple of holes in the wall, de Segonzac said. https://humansbefree.com/2019/08/14-celebrities-suicided-by-doorknob-hanging-including-a-rothschild-and-the-ex-wife-of-a-rothschild.html]

There's a couple other areas I thought about then they just come back to my memory now because we've been skipping around now at the end you mentioned on my radio show how you dealt but you mentioned Henry Hyde earlier how you dealt with some of your assignments financially you want to explore into that you had an attorney in northern New York and you can walk into certain banks and on your signature get $250,000 that any difficulty oh and in the earlier years with the CIA all of us understand i think a lot of us have seen the movie air America how the CIA would set up for pride they're called proprietary companies we learned early from from those efforts that we could do that in the Black Opps arena also working for this operation subgroups we would set up what's called proprietary companies we have trusted attorneys across the nation and around the world that will set up these proprietary corporations as an everyday business so that we can work an

intelligence operation out of things you may be sitting in the Xerox Corporation and it's not really that's it however I will say the Wilson family was heavily involved with us in in the upstate New York area and that's the Xerox family and seeing to funding we would set up businesses to see see that uses covers so that we could provide operations in upstate New York we did it because we were working that border area in Canada bringing weapons and personnel across the border covertly into the end of the Indian Reservation there we as the Indian reservations on occasion because it's a federally protected area but normally I just fly low level of the radar it's as an on radar environment practically.

so I just bring personnel and equipment across as needed you know both ways I take people out of the country and bring people into the country what they did with those people I don't know but they some of them were pretty tough well you know their identity to rate so you talking about foreign bringing foreigners in right from other countries of course from Europe etc where they were secretly bringing them in where their meetings in Washington sometimes we were bringing in some pretty famous criminals to meet with people to mafia from overseas from overseas people that we were thought we thought were gone for years and years that we'd bring in for meetings they're just in sanctuary somewhere let's go back to the did I stated properly when I say on your signature you could pick up $250,000 cash on my signature $250,000 it was set up by an attorney out of Rochester New York who was company man is he alive today the attorney and Rochester NER no he died heart attack had that bunch I will say though that he was ill even even when he was working with us but I had a 250 thousand dollar line of credit I could walk in and the reason we had that is these missions you know they're not cheap you have to hire your assets in and we I would have to pay men from 25,000 to 50,000 dollars permission to work for us and that's how it was done it was done with cash you know we don't know paper trail where's your checking account out here's here's your at the end of each month they didn't get a what's it called a pay stub showing them they're withholding and everything no yeah no IRS problem at least that way that's what

I love about he median you know they you read about black operations.

the media always wants to say well I want to see our pay stub from that well these guys are just about brainless I don't know any other way to say it so and I was speaking of Henry Hyde we talked about him earlier he was the one that kept track of your $250,000 withdrawals well he set up the account and got the line of credit for us and he could do that because he was heavily involved in the banking industry where the guarantees for that money came from I don't know but I know that the they always had to have a participating banker in the bank that we used this particular banker was one of the vice presidents of commercial lending.

So Chip but let's let's go back now and you were asked to coordinate an operation against the fellow American at one point and that's when you according to your previous interviews with me on radio decided you had enough tell us about the meeting that you attended where you announce that you know Ted this was simply the final straw I had been asked on numerous occasions to participate in operations against American citizens from the time I joined the operation sub groups in 86 they targeted US citizens they targeted foreign citizens and in the intelligence community fair game for us our targets what we thought of as criminals intelligence officers and politicians around the world that we target to influence outcomes of certain things but when they started targeting US citizens you know having been a target at one time myself in Vietnam I was a target your little sensitive then I'm very sensitive when it came to that.

And I told I told not to mention when they targeted Nancy that's right that was it I'll take that that that's it right good for you I was asking in 92 to see to it that Ross Perot was neutralized and when I say neutralized it means that we can intimidate him we could coerce him which is a little stronger it's more strong-arm tactics or we could terminate him and the men who actually gave the order to do that was George Bush the President and this was in a meeting you attended it was in

Jupiter Island he what he wanted Ross Perot neutralized.

I went I went to a friend who's a federal officer I walked out that day I dropped a tape on the table it had been my insurance policy and I so that they could see what I had I let them know this is what I have if I die it'll come forward now this is a you're in a meeting that you said I've had it this is enough put the tape down hey guys I'm leaving you left do you think that they reviewed the tape immediately that imagine they had a stampede right behind you with a pin hand I talked to Cole first VCR machine I talked to Bill after that he was in the meeting it he said that they just looked at each other stunned at first they just couldn't believe it because bill bill told me on the spot he's a chip you can't walk away from black operations and that's when I put it down and a smile came across his face because he's the one that told me to do it all those meetings what I was doing you know he ride I'd sit there with a briefcase pointing the briefcase or it was pretty obvious to him he and I were the only real spooks in the meeting that you know other than some of the only two real loyal Americans and weren't you yeah others were Mossad agents and so forth.

but they're protected by this too most of the most of the guys in the OS G's ever think when I say that there's eight different officers they're not necessarily us officer what are they well the guy their countries represented there of the Mossad British and British intelligence those three entities are compiled the eight men that that protects right well the women used the Mossad British and American the Mossad British and American but didn't you have other countries represented we had Danish intelligence we had Turkish intelligence yeah but that was sometimes Australians were you know had input in but that was about it well she had Australians because they could shoot over to China pretty quick I have Vince I have good information that we were the CIA was responsible for let's say eliminating one of the Australian forms of government and bringing in their own people do you remember that yeah you know it's I have some other contacts of my own that have told me that before and by the way I no longer receive Christmas cards from that fellow anymore since I went public my Christmas card list has dropped

drastically it went from like that down to about like that when you when you style the car stack the cards one on one but I don't worry about that neither do you know because we know we're doing right thing.

Uh chip there's some other questions I wanted to ask you Oh chip hey wait a minute how do I know you're telling me the truth because you like me do you know chip what I'm telling you the answer I want to that is I know you can that's why I asked tell me tell them I'm telling the truth because I have a documented I don't have you don't have to take my word for it hmm it's it's documented it's not only documented in the documents here it's also documented in federal documents oh it is more in case there's a fellas about that there's a federal trial that took place during that federal trial the CIPA briefing everything everything was put in place there are transcripts to that available to the public all you have to do is do a filing Freedom of Information Act filing but you really don't even have to do that you can walk right into the federal courts in Tampa Florida pay your $25 to the clerk and get copies of it without even putting a filing in because that judge made sure that that CIPA briefing wasn't classified.

Chip you're the only ex-CIA no you don't have Ex-CIA you're the only CIA agent that I've known I've known a few of them through the years who can come forward and say it's documented the CIA admits that I work for them that's in that document right in the document yeah no never a denial in the government.

[The CIA Information Act, 50 U.S.C. 431, exempts from the search, review, and disclosure provisions of the FOIA all operational records of the CIA maintained by its National Clandestine Service, its Directorate of Science and Technology, and its Office of Security.]

[CIPA is a procedural statute; it neither adds to nor detracts from the substantive rights of the defendant or the discoery obligations of the government. Rather, the procedure for

making these determinations is different in that it balances the right of a criminal defendant with the right of the sovereign to know in advance of a potential threat from a criminal prosecution to its national security. See, e.g., United States v. Anderson, 872 F.2d 1508, 1514 (11th Cir.), cert. denied, 493 U.S. 1004 (1989); United States v. Collins, 720 F.2d 1195, 1197 (11th Cir. 1983); United States v. Lopez-Lima, 738 F. Supp. 1404, 1407 (S.D.Fla. 1990). Each of CIPA's provisions is designed to achieve those dual goals: preventing unnecessary or inadvertent disclosures of classified information and advising the government of the national security "cost" of going forward.]

now can somebody call Washington DC a certain number and say its Chip Tatum or was he employee of the CIA what will they call Joyce Jean Tatum jr. just called the personnel office at Langley on the documents is my social security number at court in the Tampa you can get the social security number you can actually get the case number from the court and use that didn't find out I was an employee okay that's pretty cut-and-dry there's no denying who I worked no yeah right okay but you're the only thing that they can deny is what I have to say but they always deny it or they say we have no record and the CIA agents are not allowed to even identify themselves the CIA listen let's face it well that's law that's by law right yeah so if there's some guys because this federal judge made this ruling it's nice and some guy goes around saying I'm a CIA agent don't believe in in that right that's right and I've heard of this.

okay before we discuss Nixon's Darkest Secret book (By Chip Tatum) we've already talked about the secret is operation Red Rock operation Red Rock which we went in detail right in the beginning there any other comments you want to make or anything else you want to discuss we've sent operation Red Rock out to publishers around the United States but there's some liability problems because I name the names and these are pretty powerful guys a couple of them are still alive so it's difficult for them to do the publishing so we've self-published but the remarks that I get back from everyone including Hollywood is this is one of the best reads we've ever had oh are

you kidding what a great moving book yeah what a great movie so we do have someone who's willing to go forward with a movie on operation Red Rock now but we're going to have to fictionalize it a little bit so that there's not that liability are you going to have a movie of it.

Ed of transcript here. In additional interview material Gene Chip Tatum Air Combat Controller for the CIA speaks of times directly reporting to William Colby, interactions with Geroge H.W. Bush, flying in and around MENA airport, drug operations, many other operations, high level involvement with Ollie North and others as part of his regular work.

In a book he comments on Mueller as the CIA Mule in and out of DOJ and other roles working for the CIA inside various US Government agencies and in various roles were the CIA needs him and that this came about during the Vietnam years. Ed notes Muelers father was DuPont Corp atomic mining and materials connected, Trusdale robber barron connected, and himself deep state. Ed Doneganas mother from DupPOnt Camden North Carolina family.

Super-Conspiracy Theory and What Jen Moore was Assassinated over - A British Secret Sleepers in the USA part of London inheritance testing

To The Los Angeles Coroner and Medical Examiner

From: Edward Paul Donegan
500 E. 7th street
Austin Texas

To: Los Angeles County Coroner and Medical Examiner
1104 N Mission Rd
Los Angeles, CA 90033

March 03 2023 anticipated day of printing and USPS mailing to Coroner and Medical Examiner Los Angeles County California and US Secret Service Austin Texas

Subject: Linked Homicides connected through Edward Paul Donegan born in Los Agneles including Robert F. Kennedy and Marilyn Monroe and Hollywood reporter and Hollywood Squares celebrity Dorothy Killgallen

Veronica Hoffman clothing line owner, dancer, graphic web designer, and dominatrix from Los Angeles died of a campaign of bullying and attacks that either led to her death in dangerous circumstances of a mental health ward or killed her directly.

…

Carl Clark, former CIA/M15 operative, was involved in

massively illegal operations such as performing organized stalking on victims and deploying electromagnetic weapons to anonymously inflict pain and terror. He has stated, "the undoubted goal is to have select people end up in psychiatric institutions. If a target seeks help by going to the police or to the doctor, they don't get taken seriously."

Another way to be plausible deniable harassing a person other than skin and clothing burns, etc., is Brighting., She was the victim of “brighting” a Stalking system that included Noise Campaign used by intelligence agencies to enrage, confuse, panic, and inflict volatile emotions (seemingly bipolar and sounding like a person seeing in a paranoid way ghosts where only non stalkers are) and that led to her being discounted by her friends and the medical community as a paranoid bipolar psychotic.

"You ARE being stalked" the menacing stalkers are able to and do prove to you neither leaving or resolving the stalk over decades sometimes.

A string of hits from British backed mafia figures like Ron Pataki connect the story anti-mafia crime reporter of Dorothy Killgalen who was close to Robertr F. Kennedy Attorney General and John F, Kennedy President of the USA and the only reporter to gain access to Jack Ruby who she did interview before she was murdered and her notes stolen.

Jack Ruby originally Jack Rubestein from the Chicago Yidish Mafia (recruited by Nixon in 1946) was like Jimmy Hoffa recruited by Congressman Nixon during the Marshall MKULTRA Plan for Post World War II foreign policy later as V.P. Nixon in Executive Action National Security Council activities using organized crime figures to assist in Central Intelligence Agency attacks on foreign officials or foreign Agents of Influence (journalists, reports, etc., who assist with propaganda, planted stories, etc., in press and film.)

Examination of the data on Jen Moore’s YouTube Channel

Task Force reveals she knew Military Intelligence wanted Capt Von Trapp PsyOps family of Nasisnm Defectors from Nazi propaganda PsyOps into US Army and OSS and CIA PsyOps propaganda having fled the Nazism as children they were told to sing for.

I have been asserting the Terror Stalk - GangStalk - Revulsion or Trauma Stalk used is how Veronic Hoffman (who was also connected to me) was driven to her death, her allegations of abuse of her in the Noise Campaign were not taken seriously) and a the end of this chapter of the Ted Gunderon book I am writing I will include an excerpt of my continuously updated open letter to the LA coroner on matters of Jen Moore, RFK, and other deaths tied into the Manchurian Candidate story-line (that hashtag to come later.)

#FOXP2 **Fox P2 Gene** The KE family is a medical name designated for a British family (said to live in London), about half of whom exhibit a severe speech disorder called developmental verbal dyspraxia. -Wikipedia

FOXP2 came to light in a large London family, half of whose members have severe problems in articulating and understanding speech. All turned out to have a mutation that disrupted this vital gene.

https://www.nytimes.com/2009/11/12/science/12gene.html This year, one inquiry bore fruit, although of a somewhat ambiguous nature, when biologists in Leipzig, Germany, genetically engineered a mouse with the human version of FOXP2 substituted for its own. The upgraded mice squeaked somewhat differently from plain mice and were born with subtle alterations in brain structure. But mice and people are rather distant cousins their last common ancestor lived some 70 million years ago and the human version of FOXP2 evidently was not able to exert a transformative effect on the mouse. https://www.nytimes.com/2009/11/12/science/12gene.html

The Mouse Model and the Rat Model as experimentation in

the lab work fairly well for most purposes and not all that many socially powerful group like rats. Where Humans (in the common usage of the word and evel likely in most anthropological meanings) the brain already vastly sophisticated in any animal is more sophisticated yet from rats or mice. When trying to run software for a test (as if it is brain function) you need a processing platform that has the capability to run it perhaps does it have blue tooth, enough ports, all the areas of the brain that will be included in the test. Thus out of wedlock humans udder hidden identities made far more sense, and since it was gene, from generation to generation and different breeding combos. As I show in my book the amount of members of this family in London (varies from 15 to 17 or so and Linda Newkirk refers to them as unstable commanders, having the Borderline Personality problems John DeCamp mentions at Franklin Nebraska Boys Town, rational, but still at times NOT acting like self. Out of character such as in a mean ineffective rage, as if "touched" in some way, some "trigger" cause an abnormal reaction or something. I assert Marilyn Monroe, Glorian Donegan, Ed Donegan (myself) and Karia Kutschera had it, and she could not handle the introspective orderly conditions of a Convent novitiate because he passions led to trouble as not humbly accepting instructions and likely led to dalliances after escaping in the night.

Jen Moore will talk about (as she worked in psychology having her masters and interviewing Glorian Donegan) about Borderline Personality Disorder and Rat lines. I quote Jen Moore in my books about how geneticists watch generations of rats for behavior (I had it on my genetics site as well nice rats nasty rats) but again Humans have written and spoken language, rats do not and rats don't have the other factors of human conduct so they are not available test subjects for this disease at least in terms of verous subtle differences from one human to another.

Nice Rats, Nasty Rats: Maybe It’s All in the Genes Studying the genetics of domestication, Dmitri K. Belyaev developed colonies of silver foxes, river otters and minks, as well as rats, starting in 1959. Credit...Jan-Peter Boening for The New York Times By

Nicholas Wade July 25, 2006

Nicholas Wade is the author of three books about recent human evolution. They are addressed to the general reader interested in knowing what the evolutionary past tells us about human nature and society today.

One, Before the Dawn, published in 2006, traces how people have evolved during the last 50,000 years.

The second book, The Faith Instinct (2009), argues that because of the survival advantage of religion, an instinct for religious behavior was favored by natural selection among early human societies and became universal in all their descendants.

A Troublesome Inheritance (2014), the third of the trilogy, looks at how human races evolved.

About the author Nicholas Wade is the author of three books about recent human evolution. They are addressed to the general reader interested in knowing what the evolutionary past tells us about human nature and society today.

One, Before the Dawn, published in 2006, traces how people have evolved during the last 50,000 years.

The second book, The Faith Instinct (2009), argues that because of the survival advantage of religion, an instinct for religious behavior was favored by natural selection among early human societies and became universal in all their descendants.

A Troublesome Inheritance (2014), the third of the trilogy, looks at how human races evolved.

Wade was born in Aylesbury, England, and educated at Eton and at King's College, Cambridge, where he studied natural sciences. He became a journalist writing about scientific issues, and has worked at Nature and Science, two weekly scientific magazines, and on the New York Times.

Excerpts on this from my letter (still being updated) on the assasination of Veronica Hoffman by a Noise Campaign including various forms of harrament)

Gang Stalkers are espionage elements operating in secret to protect those in power who have something to had hide and are used to use to to destroy the lives of those who have something to say about those corrupt officials holding power and thus any leakers of the deep state secrets are assassinated or are destroyed in credibility by COINTELPRO-like harassment operations.

My uncle Harold Gainey was moved with my mother Glorian Gainey to a DuPont chemical location Camden South Carolina as orphans when the Von Trapp Singers left North Carolina following the Berlin Olypics of 1936 and race and hygiene laws anda the seizure of Austria.

To blame even a small share of this on Mueller alone is a threat to understanding the larger conspiracy and the nany Rockefeller Republican and now Democrat party families who the CIA has backed over time and a part of long term world planning.

Several of the assertions Ted Gunderson made relate to me and various times of my life one of them being the Central Intelligence Agency activities in the place of my birth Manhattan Beach Los Angeles County were children at the preschool age were frightened in secret areas abusively to study reactions to stress, fright, and abuse.

This surveillance regime or “protocol” to be used in child testing can test for likelihood of outbursts that are considered psychotic breaks and can lead to ineffective leadership and broken relationships, facets of the Borderline personality who become polarized and frantic and unstable in unstable conditions.

I have referenced the FOXP2 Borderline Personality Disorder

and extreme ADHD causing written grammer problems like conjegations being dropped, words being dropped in the slower proccess of writing rather than in speaking.

The group of symptoms or minor neurological probelms like dry throat and other problems might be solved in rat studies in gene knockdown studies, where a rat gene is modified to see changes in the rat and that works better in rats than mice because rats are more complex in behavior.

But rats do not write. So grammer problems are hard to study in them. Jen Moore did at least ten interviews with Farmer Jones on FreeConference Call some linked to from her YouTube videos comments sections and she speaks of rat studies not working thus MKULTRA using children as rats. I can tell you the idea was when rats behaved well and were connected to the Windsors they might become Lord Governor of some province, say the USA, or Indonesia, or Cuba, or Guatemala if they can be picked out early enough.

> I'm gonna post in this video the links to the interviews I've done so far and I'm continuing on this journey and I hope you guys will listen to the interviews realizing I don't have all the answers of course I have a parts of the story but I do have some pretty significant experiences and unique experiences that give me the very unique insights into a lot of this especially regarding the the MKULTRA programs and the experimentation on children and child trafficking ratlines drug ratlines and all those various aspects of what's going on in our country kind of under the cover of law and in deep inside the country that's been hidden from the American people - Jen Moore Task Force: The Whistleblowers: Interviews about the darkness inside.

As I have often said in studying Neurolgy and genetics:

While genetically modified mice have enabled substantial advances in neuroscience and have made possible new approaches for circuit analysis with optogenetics (Tsai et al., 2009, Gradinaru et al., 2009, Lobo et al., 2010, Kravitz et al., 2010, Witten et al., 2010, Tye et al., 2011), a generalizable approach for optogenetic targeting of genetically defined cell types in rats has proven to be elusive. This technological limitation is particularly important to address given that the substantial and flexible behavioral repertoire of rats makes these animals the preferred rodent model in many fields of neuroscience experimentation, and a wide variety of behavioral tasks have been optimized for this species (Bari et al., 2008, Chudasama and Robbins, 2004, Uchida and Mainen, 2003, Otazu et al., 2009, Pontecorvo et al., 1996, Vanderschuren and Everitt, 2004, Phillips et al., 2003, Pedersen et al., 1982). Furthermore, rats represent an essential system for in vivo electrophysiology, with dimensions that enable accommodation of the substantial numbers of electrodes required to obtain simultaneous data from large neuronal populations (Wilson and McNaughton, 1993, Royer et al., 2010, Buzsàki et al., 1989, Gutierrez et al., 2010, Colgin et al., 2009, Jog et al., 2002, Berke et al., 2009). Therefore, the ability to utilize population-selective genetically targeted optogenetic tools in the rat would be a valuable technical advance.

Most efforts to target genetically defined neurons in rats have relied on viral strategies, but given the paucity of compact and well-characterized promoters, this approach has only rarely led to highly specific targeting (Lee et al., 2010, Lawlor et al., 2009, Nathanson et al., 2009). Alternatively, transgenic rat lines can be generated to enable use of specific larger promoter-enhancer regions (Filipiak and Saunders, 2006), but for expression of opsins in the brain this approach suffers from two serious limitations. First, this method is low throughput and not well suited for keeping pace with the rapidly advancing opsin toolbox (requiring specific design, line generation, multigenerational breeding, and testing of each individual rat line for a particular opsin gene). Second, this approach is inconsistent with straightforward optogenetic control of single

or multiple spatially distinct populations; in fact, a breakdown in specificity for control of cells or projections within a particular illuminated brain region arises because opsins traffic efficiently down axons (Gradinaru et al., 2010) and incoming afferents from other brain regions that are photosensitive will confound experiments by exhibiting optical sensitivity alongside local cell populations. For example, in a rat line expressing opsins in all catecholamine neurons, illumination of the ventral tegmental area (VTA) would activate both dopamine (DA) cell bodies in the VTA and noradrenergic projections to the VTA originating from cells in the locus coeruleus.

Well returnding back to the letter to the Coroner rather than my part time hobbies.

McMartin Scientific Report by Ted Gunderson and his foresnic research team on the McMartin Manhattan Beach City preschool of Los Angeles County California. This can be found at http://tedgunderson.info/index_htm_files/McMartin%20Scientific%20Report.pdf or at my archive https://archive.org/download/genoracketeering_202001/McMartin%20Scientific%20Report.pdf It should be noted on one page in large white text with black reverse chroma 3233 the last 4 digits of my social security number are appended to some other digits I think pert of a case reference system. It can be noticed on my birth certificate Manhattan Beach City is my place of birth and 022-46-3233 is my SSN and I underwent BPD testing based on behvarial observations of me by my parents they have described to me, one instance my reaction when I had dropped my milk bottle from my high chair and shortly after a very volatile explosive reaction to it not being picked up.

It should be noted in Preschool in Los Angeles County my parents had me tested after I showed signs of Borderline Personality Disorder and I was then diagnosed as having high IQ per testing but what was also called Minimal Brain Disorder now the collection of symptoms of extreme ADHD and Dyslexian and strong emotions grouped and identifiable as FOXP2 likely gene.

Ted Gunderson also filed in court statements elements of the FBI and CIA attacked him with Psychiatric Shock troops firing at his windows and other abusive and threatening acts and have do so around the world in conjunction with espionage activities.

GANG STALKING VIGILANTISM RUN BY U.S. GOVERNMENT, SAYS EX-FBI OFFICIAL https://rudy2.wordpress.com/gang-stalking-vigilantism-run-by-u-s-government-says-ex-fbi-official-says-ex-fbi-official/

After retiring from the FBI, Gunderson set up a private investigation firm, Ted L. Gunderson and Associates, in Santa Monica. In 1980, he became a defense investigator for Green Beret doctor Jeffrey R. MacDonald, who had been convicted of the 1970 murders of his pregnant wife and two daughters. Gunderson obtained affidavits from Helena Stoeckley confessing to her involvement in the murders which she claimed had in actuality been perpetrated by a Satanic cult of which she was a member.[8]

A former senior official of the Federal Bureau of Investigation says **“rogue” military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based “gang stalking” harassment, intimidation and domestic terrorism directed at thousands of U.S. citizens who have been extrajudicially targeted as “dissidents” or *undesirables***.

Ted Gunderson, *82*, who has served as the special agent in charge of the FBI’s Los Angeles, Memphis and Dallas field offices, has stated in a series of public speaking appearances that **he is now targeted by these same elements, and fears for his life and for the safety of his family**. He reports that the windows of his

home have been shot out, and **he believes he has been poisoned and physically sickened by those seeking to *silence* him**.

Since his retirement from the FBI in the 1979, Gunderson has been a Southern California- based private investigator. He is most noted for his defense work on the murder case involving former Army physician Dr. Jeffrey MacDonald.

The ex-FBI official's comments represent the most compelling testimony to date indicating that "black operations" of the federal government are dedicated to waging a covert war of terror and persecution targeting American citizens.

"Based on my thirty years' experience and research, I have determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States," Gunderson stated in an October 2008 speech posted last fall on YouTube.

Conspiracy Against Rights - using revolting stimuli to traumatize a writer into a fight against the source of the stimuli or the stimili itself

Stalking acts against a person being stalked calls the person being stalked from normal or contemporary activities into a cat and mouse game of realization of being stalked, distracted or angered or fearful of being stalked, and perhaps even feeling in danger from the Stalker. (sometimes called Terror Stalks) or be enraged by being stalked.

Cathy Meadows a psychologist says the normal mind is drawn

to resolve abnormal conditions such as being stalked. As others have pointed out often the person being stalked will not be taken seriously; or worse, retaliated against for paranoid, abusive, irrational conduct against the Stalker. I have viewed these attempts at luring me into conflicts as I try to write my book as attempts on my life by drawing me into what I will be blamed for confronting.

>
> Threat sensitivity is a prominent predictor of interpersonal dysfunctions in borderline personality disorder (BPD), leading to intense, aversive feelings of threat and eventually dysfunctional behaviors, such as aggression. https://pubmed.ncbi.nlm.nih.gov/28072041/#:~:text=Threat%20sensitivity%20is%20a%20prominent,dysfunctional%20behaviors%2C%20such%20as%20aggression.
>
> What Jen Moore said was the goal of Stalkers is to so deeply traumaticlyu abuse a person they become PTSD victims. Although the affect is cognitive rather than sensory it works like this. A person is tanscribing in their home a tape say Jen Moore made talking to Farmer Jones, etc., But that writer is hard-of-hearing, it is hard to hear. So the city officials bang on the dumpster outside the window (as was done with me) making loud clambering noises and giggling, so instead now you are shoing out the window then (as with happened with me in Corpus Christi) the police arrive, start asking you what psychiatric medic you are on, etc.,
>
> Experts on Stalking know that the Stalker is in the way on purpose thus necessitating conflict with the Stalker who denies any ill-acts.

Borderline Personality Symptoms and Relationship Threat: The Moderating Role of Perceived Parental Rejection

Borderline personality disorder (BPD) is a Cluster B personality disorder characterized by symptoms such as emotional reactivity and turbulent romantic relationships, both of which can cause a significant amount of impairment in daily functioning (American Psychological Association, 2013). Other noteworthy features of BPD include the tendency to maintain adverse impressions of significant others (Daley et al., 2000) and the tendency to possess an insecure attachment style (Critchfield, 2008; Hashworth, 2021). In addition to these symptoms, individuals with BPD also typically have an acute reactivity to perceived romantic relationship threats. Specifically, individuals with BPD often experience a hypersensitivity to anticipated rejection, especially when a relationship threat is introduced and feelings of trust in their partner are low (Miano et al., 2016). In support of this claim, Miano and colleagues (2017) determined that individuals with BPD feel more stressed when facing situations that threaten their romantic relationships than do healthy controls, suggesting that individuals with BPD tend to have a higher emotional sensitivity to perceived relationship threats.

Emotional Reactivity in Borderline Personality Disorder

Even outside of relationship threat, the general emotional reactivity that is present in BPD has been shown to be a fundamental contributor to some of the more dangerous behaviors linked to this disorder, such as non-suicidal self-injury (NSSI), suicidal behavior, or other impulsive behaviors (Chapman, 2019), though it is most commonly linked to interpersonal problems, features that were all measured via self-report questionnaires. For instance, in a study conducted in 2016, researchers uncovered that affective instability in individuals with BPD mainly revealed itself within an interpersonal context (Sharp, 2016). Similarly, Sadikaj and

colleagues (2013) discovered that emotional reactivity issues in participants with BPD directly predicted interpersonal problems in their close relationships. However, many other studies have pointed out the bidirectional relationship between emotional reactivity and interpersonal issues, suggesting that relationship difficulties may predict emotional reactivity as well (Haliczer et al., 2021; Dixon-Gordon et al., 2013).

As noted, there is evidence to suggest that perceived relationship threat might be a particularly strong trigger of emotional reactivity among individuals with BPD. For instance, Miano and colleagues (2017) found that individuals with BPD displayed increased emotional reactivity while experiencing romantic relationship threat. However, the mechanisms by which this occurs are unclear (Fisher et al., 2010; Norona et al., 2018). This is due, in part, to the ubiquitous use of retroactive, self-report measurements of emotional reactivity and relationship threat. Given that emotional reactivity and an acute sensitivity to perceived relationship threats are considered to be some of the main features of BPD, it is important to examine BPD symptomology as a predictor of this emotional reactivity following this type of threat in real time, using more objective measures.

One way to evaluate in-the-moment emotional reactivity is through the use of eventrelated potentials (ERPs). In particular, the late positive potential (LPP) is an ERP that measures emotional reactivity by assessing the amount of attentional resources allotted for reacting to emotional stimuli, with larger ERP amplitudes to negative stimuli indicating a heightened level of negative emotions resulting from that stimulus (Hajcak et al., 2010; Hajcak & Nieuwenhuis, 2006; Hajcak, MacNamara, & Olvet, 2010). As LPPs can measure emotional reactivity at the neural, rather than self-report, level, they are well-suited to measure an individual's objective emotional reaction ability in real time.

Super-Conspiracy Theory and What Jen Moore was Assassinated over - A British Secret Sleepers in the USA part of London inheritance testing

#FOXP2 **Fox P2 Gene** The KE family is a medical name designated for a British family (said to live in London), about half of whom exhibit a severe speech disorder called developmental verbal dyspraxia. -Wikipedia

FOXP2 came to light in a large London family, half of whose members have severe problems in articulating and understanding speech. All turned out to have a mutation that disrupted this vital gene.

https://www.nytimes.com/2009/11/12/science/12gene.html This year, one inquiry bore fruit, although of a somewhat ambiguous nature, when biologists in Leipzig, Germany, genetically engineered a mouse with the human version of FOXP2 substituted for its own. The upgraded mice squeaked somewhat differently from plain mice and were born with subtle alterations in brain structure. But mice and people are rather distant cousins their last common ancestor lived some 70 million years ago and the human version of FOXP2 evidently was not able to exert a transformative effect on the mouse. https://www.nytimes.com/2009/11/12/science/12gene.html

The Mouse Model and the Rat Model as experimentation in the lab work fairly well for most purposes and not all that many socially powerful group like rats. Where Humans (in the common usage of the word and evel likely in most anthropological meanings) the brain already vastly sophisticated in any animal is more sophisticated yet from rats or mice. When trying to run software for a test (as if it is brain function) you need a processing platform that has the capability to run it perhaps does it have blue tooth, enough ports, all the areas of the brain that will be included in the test. Thus out of wedlock humans udder hidden identities made far more sense,

and since it was gene, from generation to generation and different breeding combos. As I show in my book the amount of members of this family in London (varies from 15 to 17 or so and Linda Newkirk refers to them as unstable commanders, having the Borderline Personality problems John DeCamp mentions at Franklin Nebraska Boys Town, rational, but still at times NOT acting like self. Out of character such as in a mean ineffective rage, as if "touched" in some way, some "trigger" cause an abnormal reaction or something. I assert Marilyn Monroe, Glorian Donegan, Ed Donegan (myself) and Karia Kutschera had it, and she could not handle the introspective orderly conditions of a Convent novitiate because he passions led to trouble as not humbly accepting instructions and likely led to dalliances after escaping in the night.

Jen Moore will talk about (as she worked in psychology having her masters and interviewing Glorian Donegan) about Borderline Personality Disorder and Rat lines. I quote Jen Moore in my books about how geneticists watch generations of rats for behavior (I had it on my genetics site as well nice rats nasty rats) but again Humans have written and spoken language, rats do not and rats don't have the other factors of human conduct so they are not available test subjects for this disease at least in terms of verous subtle differences from one human to another.

Nice Rats, Nasty Rats: Maybe It’s All in the Genes Studying the genetics of domestication, Dmitri K. Belyaev developed colonies of silver foxes, river otters and minks, as well as rats, starting in 1959. Credit...Jan-Peter Boening for The New York Times By Nicholas Wade July 25, 2006

Nicholas Wade is the author of three books about recent human evolution. They are addressed to the general reader interested in knowing what the evolutionary past tells us about human nature and society today.

One, Before the Dawn, published in 2006, traces how people have evolved during the last 50,000 years.

The second book, The Faith Instinct (2009), argues that because of the survival advantage of religion, an instinct for religious behavior was favored by natural selection among early human societies and became universal in all their descendants.

A Troublesome Inheritance (2014), the third of the trilogy, looks at how human races evolved.

About the author Nicholas Wade is the author of three books about recent human evolution. They are addressed to the general reader interested in knowing what the evolutionary past tells us about human nature and society today.

One, Before the Dawn, published in 2006, traces how people have evolved during the last 50,000 years.

The second book, The Faith Instinct (2009), argues that because of the survival advantage of religion, an instinct for religious behavior was favored by natural selection among early human societies and became universal in all their descendants.

A Troublesome Inheritance (2014), the third of the trilogy, looks at how human races evolved.

Wade was born in Aylesbury, England, and educated at Eton and at King's College, Cambridge, where he studied natural sciences. He became a journalist writing about scientific issues, and has worked at Nature and Science, two weekly scientific magazines, and on the New York Times.

Excerpts on this from my letter (still being updated) on the assasination of Veronica Hoffman by a Noise Campaign including various forms of harrament)

Gang Stalkers are espionage elements operating in secret to protect those in power who have something to had hide and are used to use to to destroy the lives of those who have something to say about those corrupt officials holding power and thus any leakers of the deep state secrets are assassinated or are

destroyed in credibility by COINTELPRO-like harassment operations.

My uncle Harold Gainey was moved with my mother Glorian Gainey to a DuPont chemical location Camden South Carolina as orphans when the Von Trapp Singers left North Carolina following the Berlin Olypics of 1936 and race and hygiene laws anda the seizure of Austria.

To blame even a small share of this on Mueller alone is a threat to understanding the larger conspiracy and the nany Rockefeller Republican and now Democrat party families who the CIA has backed over time and a part of long term world planning.

Several of the assertions Ted Gunderson made relate to me and various times of my life one of them being the Central Intelligence Agency activities in the place of my birth Manhattan Beach Los Angeles County were children at the preschool age were frightened in secret areas abusively to study reactions to stress, fright, and abuse.

This surveillance regime or “protocol” to be used in child testing can test for likelihood of outbursts that are considered psychotic breaks and can lead to ineffective leadership and broken relationships, facets of the Borderline personality who become polarized and frantic and unstable in unstable conditions.

I have referenced the FOXP2 Borderline Personality Disorder and extreme ADHD causing written grammer problems like conjegations being dropped, words being dropped in the slower proccess of writing rather than in speaking.

The group of symptoms or minor neurological probelms like dry throat and other problems might be solved in rat studies in gene knockdown studies, where a rat gene is modified to see changes in the rat and that works better in rats than mice because rats are more complex in behavior.

But rats do not write. So grammer problems are hard to study in them. Jen Moore did at least ten interviews with Farmer Jones on FreeConference Call some linked to from her YouTube videos comments sections and she speaks of rat studies not working thus MKULTRA using children as rats. I can tell you the idea was when rats behaved well and were connected to the Windsors they might become Lord Governor of some province, say the USA, or Indonesia, or Cuba, or Guatemala if they can be picked out early enough.

> I'm gonna post in this video the links to the interviews I've done so far and I'm continuing on this journey and I hope you guys will listen to the interviews realizing I don't have all the answers of course I have a parts of the story but I do have some pretty significant experiences and unique experiences that give me the very unique insights into a lot of this especially regarding the the MKULTRA programs and the experimentation on children and child trafficking ratlines drug ratlines and all those various aspects of what's going on in our country kind of under the cover of law and in deep inside the country that's been hidden from the American people - Jen Moore Task Force: The Whistleblowers: Interviews about the darkness inside.

As I have often said in studying Neurolgy and genetics:

While genetically modified mice have enabled substantial advances in neuroscience and have made possible new approaches for circuit analysis with optogenetics (Tsai et al., 2009, Gradinaru et al., 2009, Lobo et al., 2010, Kravitz et al., 2010, Witten et al., 2010, Tye et al., 2011), a generalizable approach for optogenetic targeting of genetically defined cell types in rats has proven to be elusive. This technological limitation is particularly important to address given that the substantial and flexible behavioral repertoire of rats makes

these animals the preferred rodent model in many fields of neuroscience experimentation, and a wide variety of behavioral tasks have been optimized for this species (Bari et al., 2008, Chudasama and Robbins, 2004, Uchida and Mainen, 2003, Otazu et al., 2009, Pontecorvo et al., 1996, Vanderschuren and Everitt, 2004, Phillips et al., 2003, Pedersen et al., 1982). Furthermore, rats represent an essential system for in vivo electrophysiology, with dimensions that enable accommodation of the substantial numbers of electrodes required to obtain simultaneous data from large neuronal populations (Wilson and McNaughton, 1993, Royer et al., 2010, Buzsàki et al., 1989, Gutierrez et al., 2010, Colgin et al., 2009, Jog et al., 2002, Berke et al., 2009). Therefore, the ability to utilize population-selective genetically targeted optogenetic tools in the rat would be a valuable technical advance.

Most efforts to target genetically defined neurons in rats have relied on viral strategies, but given the paucity of compact and well-characterized promoters, this approach has only rarely led to highly specific targeting (Lee et al., 2010, Lawlor et al., 2009, Nathanson et al., 2009). Alternatively, transgenic rat lines can be generated to enable use of specific larger promoter-enhancer regions (Filipiak and Saunders, 2006), but for expression of opsins in the brain this approach suffers from two serious limitations. First, this method is low throughput and not well suited for keeping pace with the rapidly advancing opsin toolbox (requiring specific design, line generation, multigenerational breeding, and testing of each individual rat line for a particular opsin gene). Second, this approach is inconsistent with straightforward optogenetic control of single or multiple spatially distinct populations; in fact, a breakdown in specificity for control of cells or projections within a particular illuminated brain region arises because opsins traffic efficiently down axons (Gradinaru et al., 2010) and incoming afferents from other brain regions that are photosensitive will confound experiments by exhibiting optical sensitivity alongside local cell populations. For example, in a rat line expressing opsins in all catecholamine neurons, illumination of the ventral tegmental area (VTA) would activate both dopamine (DA) cell bodies in the VTA and noradrenergic projections to

the VTA originating from cells in the locus coeruleus.

Well returnding back to the letter to the Coroner rather than my part time hobbies.

McMartin Scientific Report by Ted Gunderson and his foresnic research team on the McMartin Manhattan Beach City preschool of Los Angeles County California. This can be found at http://tedgunderson.info/index_htm_files/McMartin%20Scientific%20Report.pdf or at my archive https://archive.org/download/genoracketeering_202001/McMartin%20Scientific%20Report.pdf It should be noted on one page in large white text with black reverse chroma 3233 the last 4 digits of my social security number are appended to some other digits I think pert of a case reference system. It can be noticed on my birth certificate Manhattan Beach City is my place of birth and 022-46-3233 is my SSN and I underwent BPD testing based on behvarial observations of me by my parents they have described to me, one instance my reaction when I had dropped my milk bottle from my high chair and shortly after a very volatile explosive reaction to it not being picked up.

It should be noted in Preschool in Los Angeles County my parents had me tested after I showed signs of Borderline Personality Disorder and I was then diagnosed as having high IQ per testing but what was also called Minimal Brain Disorder now the collection of symptoms of extreme ADHD and Dyslexian and strong emotions grouped and identifiable as FOXP2 likely gene.

Ted Gunderson also filed in court statements elements of the FBI and CIA attacked him with Psychiatric Shock troops firing at his windows and other abusive and threatening acts and have do so around the world in conjunction with espionage activities.

GANG STALKING VIGILANTISM RUN BY U.S.

GOVERNMENT, SAYS EX-FBI OFFICIAL https://rudy2.wordpress.com/gang-stalking-vigilantism-run-by-u-s-government-says-ex-fbi-official-says-ex-fbi-official/

After retiring from the FBI, Gunderson set up a private investigation firm, Ted L. Gunderson and Associates, in Santa Monica. In 1980, he became a defense investigator for Green Beret doctor Jeffrey R. MacDonald, who had been convicted of the 1970 murders of his pregnant wife and two daughters. Gunderson obtained affidavits from Helena Stoeckley confessing to her involvement in the murders which she claimed had in actuality been perpetrated by a Satanic cult of which she was a member.[8]

A former senior official of the Federal Bureau of Investigation says **"rogue" military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based "gang stalking" harassment, intimidation and domestic terrorism directed at thousands of U.S. citizens who have been extrajudicially targeted as "dissidents" or *undesirables***.

Ted Gunderson, *82*, who has served as the special agent in charge of the FBI's Los Angeles, Memphis and Dallas field offices, has stated in a series of public speaking appearances that **he is now targeted by these same elements, and fears for his life and for the safety of his family**. He reports that the windows of his home have been shot out, and **he believes he has been poisoned and physically sickened by those seeking to *silence* him**.

Since his retirement from the FBI in the 1979, Gunderson has been a Southern California- based private investigator. He is most noted for his defense work on the murder case involving former Army physician Dr. Jeffrey MacDonald.

The ex-FBI official's comments represent the most compelling testimony to date indicating that "black operations" of the federal government are dedicated to waging a covert war of terror and persecution targeting American citizens.

"Based on my thirty years' experience and research, I have determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States," Gunderson stated in an October 2008 speech posted last fall on YouTube.

Conspiracy Against Rights - using revolting stimuli to traumatize a writer into a fight against the source of the stimuli or the stimili itself

Stalking acts against a person being stalked calls the person being stalked from normal or contemporary activities into a cat and mouse game of realization of being stalked, distracted or angered or fearful of being stalked, and perhaps even feeling in danger from the Stalker. (sometimes called Terror Stalks) or be enraged by being stalked.

Cathy Meadows a psychologist says the normal mind is drawn to resolve abnormal conditions such as being stalked. As others have pointed out often the person being stalked will not be taken seriously; or worse, retaliated against for paranoid, abusive, irrational conduct against the Stalker. I have viewed these attempts at luring me into conflicts as I try to write my book as attempts on my life by drawing me into what I will be blamed for confronting.

> **National Library of Medicine**

Threat sensitivity is a prominent predictor of interpersonal dysfunctions in borderline personality disorder (BPD), leading to intense, aversive feelings of threat and eventually dysfunctional behaviors, such as aggression. https://pubmed.ncbi.nlm.nih.gov/28072041/#:~:text=Threat%20sensitivity%20is%20a%20prominent,dysfunctional%20behaviors%2C%20such%20as%20aggression.

What Jen Moore said was the goal of Stalkers is to so deeply traumaticlyu abuse a person they become PTSD victims. Although the affect is cognitive rather than sensory it works like this. A person is tanscribing in their home a tape say Jen Moore made talking to Farmer Jones, etc., But that writer is hard-of-hearing, it is hard to hear. So the city officials bang on the dumpster outside the window (as was done with me) making loud clambering noises and giggling, so instead now you are shoing out the window then (as with happened with me in Corpus Christi) the police arrive, start asking you what psychiatric medic you are on, etc.,

Experts on Stalking know that the Stalker is in the way on purpose thus necessitating conflict with the Stalker who denies any ill-acts.

Borderline Personality Symptoms and Relationship Threat: The Moderating Role of Perceived Parental Rejection

Borderline personality disorder (BPD) is a Cluster B personality disorder characterized by symptoms such as emotional reactivity and turbulent romantic relationships, both of which can cause a significant amount of impairment in daily functioning (American Psychological Association, 2013). Other noteworthy features of BPD include the tendency to maintain

adverse impressions of significant others (Daley et al., 2000) and the tendency to possess an insecure attachment style (Critchfield, 2008; Hashworth, 2021). In addition to these symptoms, individuals with BPD also typically have an acute reactivity to perceived romantic relationship threats. Specifically, individuals with BPD often experience a hypersensitivity to anticipated rejection, especially when a relationship threat is introduced and feelings of trust in their partner are low (Miano et al., 2016). In support of this claim, Miano and colleagues (2017) determined that individuals with BPD feel more stressed when facing situations that threaten their romantic relationships than do healthy controls, suggesting that individuals with BPD tend to have a higher emotional sensitivity to perceived relationship threats.

Emotional Reactivity in Borderline Personality Disorder

Even outside of relationship threat, the general emotional reactivity that is present in BPD has been shown to be a fundamental contributor to some of the more dangerous behaviors linked to this disorder, such as non-suicidal self-injury (NSSI), suicidal behavior, or other impulsive behaviors (Chapman, 2019), though it is most commonly linked to interpersonal problems, features that were all measured via self-report questionnaires. For instance, in a study conducted in 2016, researchers uncovered that affective instability in individuals with BPD mainly revealed itself within an interpersonal context (Sharp, 2016). Similarly, Sadikaj and colleagues (2013) discovered that emotional reactivity issues in participants with BPD directly predicted interpersonal problems in their close relationships. However, many other studies have pointed out the bidirectional relationship between emotional reactivity and interpersonal issues, suggesting that relationship difficulties may predict emotional reactivity as well (Haliczer et al., 2021; Dixon-Gordon et al., 2013).

As noted, there is evidence to suggest that perceived relationship threat might be a particularly strong trigger of emotional reactivity among individuals with BPD. For instance, Miano and colleagues (2017) found that individuals with BPD

displayed increased emotional reactivity while experiencing romantic relationship threat. However, the mechanisms by which this occurs are unclear (Fisher et al., 2010; Norona et al., 2018). This is due, in part, to the ubiquitous use of retroactive, self-report measurements of emotional reactivity and relationship threat. Given that emotional reactivity and an acute sensitivity to perceived relationship threats are considered to be some of the main features of BPD, it is important to examine BPD symptomology as a predictor of this emotional reactivity following this type of threat in real time, using more objective measures.

One way to evaluate in-the-moment emotional reactivity is through the use of eventrelated potentials (ERPs). In particular, the late positive potential (LPP) is an ERP that measures emotional reactivity by assessing the amount of attentional resources allotted for reacting to emotional stimuli, with larger ERP amplitudes to negative stimuli indicating a heightened level of negative emotions resulting from that stimulus (Hajcak et al., 2010; Hajcak & Nieuwenhuis, 2006; Hajcak, MacNamara, & Olvet, 2010). As LPPs can measure emotional reactivity at the neural, rather than self-report, level, they are well-suited to measure an individual's objective emotional reaction ability in real time.

Dorothy Kilgallen was like Sunny Bono and the Kennedy family strict Roman Catholics with strong pro-life and anit-mafi beliefs who during the transition between the Eisenhower Nixon John Foster Dulles Alan Dulles James Jesus Angleton mafia embracing 1946 to 1961 national security structure into the Kennedy administration plan increasingly moving away from that system following the Bay of Pigs.

Part of Dorothy Kilgallen's work on "What's My Line [of work]" was the Von Trapp Family Singers story-line that she went on tour with.

What's My Line? - Trapp family choir; Tony Randall [panel] (Jul 3, 1960)

She went on the Hollywood Publicity Tour of the Julie Andrews Sound of Music movie along with Ron Pataki and that story-line is connected to ny Donegan Family of North Carolina living with them in the Dust Bowl poverty from 1926 until 1939 or so and their hidden identities because the Barron Von Trap accommodated forcible demands for Nasi Party support until the party began to change and he could further resistance

to the party became impossible, his own friends Himmler and Franz Kutschera forming a war machine on a racial basis and also against England who assisted his departure to the USA as the Vatican did as well with his family members, ten total.

Credible sources have run exposes; one for instance narrated by Dennis Farina, that Sam Giacanca and other mob figures were utilized to build covert saboutuer bay-swimmers and assassins who would assist in combatancy against communist forces in Cuba and elsewhere and the Robert F. Kennedy opposed the mafia and that Ruby's Carousel Club in Dallas was tied to those mob activities.

Nixon's plans when he was V.P. in the 1950's included overthrowing Indonesia per Col Prouty who (again) wrote the CIA files that others like Wayne Madsen and Jen Moore have read.

Dororoth Killgallen had several pieces of information in her hands when she interviewed Jack Ruby formerly of the Chicago Mob that Nixon had recruited who had assassinated Lee Harvey Oswaldn after Oswald was taken into custody.

The overthrow of Indonesia plan of 1958 and Vice President Nixon Executive Action (see) planned a sleeper, Barrack Obama Jr. and Lee Harvey Oswald AND likely Dorothy Killgallewn KNEW that the source of Barrack Obama Jr familial were tied to the Von Trapps and North Carolina, and her three biological children who Barron Von Trapp was NOT the father of. Julie Andrews and Marilyn Monroe may have been two, my mother Glorian Donegan of North Carolina the third and Jen Moore who also has the CIA files or had then tells the same story of my mother and the Von Trapps.

Before I provide the question others have asked including Jim Garrison who prosecuted Clay Shaw and asked per Lee Harvey Oswald talking about Nazis in the USA let me give you again the answer to those question.

Maria Kutschera and the once Nazi singers of Franz Kutschera propoganda who came to North Carolina in 1926 when Glorian Donegan was born under a fake identity.

"*We don't know what happened, but we do know Oswald had intelligence connections. Everywhere you look with him, there are the fingerprints of intelligence.*" - Sen. Richard S. Schweiker (R-PA)

The story presented here takes place in the Dallas jail, 34 hours after the assassination of President John F. Kennedy.

The facts have been called by G. Robert Blakey, Chief Counsel for the House Select Committee on Assassinations, "*real," "substantiated," "very troublesome," and "deeply disturbing.*" He went on to say that, while this is only a small part of the large mystery of the Kennedy assassination, it raises questions that remain "*unanswered*," makes inferences which are "*ultimately inconclusive*," and is therefore an "*unanswerable mystery.*"

Here's why: If the following eyewitness testimony is accurate - and Blakey and his Congressional committee's staff have said that it is - Lee Oswald, while under arrest in the Dallas jail, attempted to place a call to a former **Special Agent of U.S. Army Counterintelligence**.

And that alone is enough to raise serious questions about who Oswald was; with whom did he work and/or associate; did he have connections to American intelligence (as Senator Schweiker's statement above asserts); and finally, the big one, does this put us any closer to knowing if he acted alone to kill President Kennedy on November 22, 1963?

Just hours before his death [at the hands of Nixon Dulles Donovan CIA OSS operative Jack Ruby mafia figure], Lee Harvey Oswald tried to call Raleigh, North Carolina from the Dallas jail on the evening of Nov. 23, 1963. For years, this significant information was ignored by assassination investigators and concealed from the public. Surprise guest speaker and JFK Assassination expert the late Jim Marrs joins Dr. Proctor on stage at 58:00.

In the early 1980s, independent researcher Dr. Grover Proctor broke new ground on Oswald's attempted call. Because of Dr. Proctor's work, Oswald's attempt to reach former U.S. Intelligence officer John Hurt has become known as "The Raleigh [North Carolina] Call."

The greatest and most clarifying facts to date on the JFK assassination and the the assassination of Lee Harvey Oswald because of the Raleigh North Carolina [Von Trapp family choir] connection to Military Intelligence and FBI programs https://youtu.be/OsItiPfnzLI

The Raleigh Call AND THE Fingerprints of Intelligence

I was born in Los Angeles County Inglewood St Josephs Hospital and am tied to the Kennedy family through Dorchester Massachusetts where my air force pilot father was from and the Kennedy family was from.

In 1961 DNA was forever formally recognized by science and the CIA was conducting tests both in radiation exposure effects (mutagenic) that leads to cancer deaths as well as inheritance studies, and the propagation of certain defects in family lines.

Through above ground atomic blast testing conducted through SSFL coordinated activities at the Nevada Pacific Atomic Proving Ground in the Manhattan Project and later atomic bomb delivery to Hiroshima and Nagasaki my family were a part of those studies.

Most increasingly and widely believe that the big profit military industrial companies and the robber barron owners of

those military industrial complex of the Nixon Bush Rockefeller Ford GOP wing were involed in the CIA hit on JFK and details of my family history support that completely.

How the CIA integrated these activities of hidden family lines in the USA who wished to abandon through abandoning their names the rise of Nazi Germany they wanted nothing to do with was not abnormal for instance Arnold Shcwhatzenegger abandoned his Austrian name in contempt for the Austrian role in Nazism and asked for the Weisenthal Center to review if his family were participants in genocide, the report coming back his family were only common soldiers even if in security apparatus.

There is a CIA covert operations background to this. Marilyn Monroe, Glorian Donegan nee Glorian Gainey were victims of Borderline Personality Disorder and research into that was part of some of these family lines. Maria Kutschera was not a good fit for the Convent most of the personality trait can include flightiness, lack of discipline, outbursts, wrestleness, etc.,

This has a tie-in to the Manchurian Candidate story. RFK was exposed to nearly the day of his death as his presidential campaign was given a briefing by John Frankenmammer on that story line that Malcom X and Martin Luther King were aware of.

It sourced in thousands of places “Robert Kennedy spent day of June 4, 1968, at Malibu home of his friend John Frankenheimer (born February 19, 1930), who then drove RFK to Ambassador Hotel in Los Angeles. RFK’s death helped to drive Frankenheimer into years of what he called “deep depression” and drinking.” Beschloss on Twitter

Malcolm X was pictured in Essence Magazine holding a rifle looking out a window fearful that because of what he knew about the CIA and FBI he would be assassinated.

Even outlining the scope of the evidence I have regarding the

utilization of recruited Agent Of Influence Malcom X by the British and Oxford University and the timeline of his movements and activities including surrounding the death of Marilyn Monroe he likely did not have anything himself to do with (the cover-up) evidence exists what was being covered up is a request Malcom X participate as a possible Saudi Mecca leaning Muslim who could be a possible male parent for Barrack Obama Jr in a fabricated family history and Marilyn a possible stand-in as the mother holding an August 4th Birthday Party for the possible son of Malcom X as pictured in Malcom X's own 1962 magazine with Stanley Armour Dunham the mother holding Barrack Obama Jr.

Watching Parades Go By and Different Sections

Before the Wikipedia the Stalkers want to * create * some issue, most of which I didn't recognize at all about me (but if it were true my damage my gym reputation, etc.,) or magnify something minor that was more fluke or out of its correct context.

Charivari (/ʃɪvəˈriː, ˈʃɪvəriː/, UK also /ʃɑːrɪˈvɑːri/, US also /ʃəˌrɪvəˈriː/,[2][3] alternatively spelled shivaree or chivaree and also called a skimmington) was a European and North American folk custom designed to shame a member of the community, in which a mock parade was staged through the settlement accompanied by a discordant mock serenade. Since the crowd aimed to make as much noise as possible by beating on pots and pans or anything that came to hand these parades are often referred to as rough music.

Parades were of three types. In the first, and generally most violent form, a wrongdoer or wrongdoers might be dragged from their home or place of work and paraded by force through a community. In the process they were subject to the derision of the crowd, they might be pelted and frequently a victim or victims were dunked at the end of the proceedings. A safer form involved a neighbour of the wrongdoer impersonating the

victim whilst being carried through the streets. The impersonator was obviously not themselves punished and often cried out or sang ribald verses mocking the wrongdoer. In the common form, an effigy was employed instead, abused and often burnt at the end of the proceedings.

Communities used "rough music" to express their disapproval of different types of violation of community norms. For example, they might target marriages of which they disapproved such as a union between an older widower and much younger woman, or the premature remarriage by a widow or widower. Villages also used charivari in cases of adulterous relationships, against wife beaters, and unmarried mothers. It was also used as a form of shaming upon husbands who were beaten by their wives and had not stood up for themselves.[5] In some cases, the community disapproved of any remarriage by older widows or widowers. Charivari is the original French word, and in Canada it is used by both English and French speakers. Chivaree became the common variant in Ontario, Canada. In the United States, the term shivaree is more common. - WIkipedia

Now on Paraders.

1) Paraders say they are not stalking and use ques that they are stalkers in ways they can easily refute. Fuzzy Logic or linear measurement is not by increments, units, it is analog instead like the hands of a clock that do for our sake's occasionly near pass over and leave linear unites. Binary or other incremental digital elements are more determinate, 2 is not 3, etc.,

Most people swing their arms as they walk. Paraders often massively exaggerate that was they walk. You can't complain very effectively people are moving their hands as they walk.

2) Paraders are a form of Human Propoganda acting out events that become informational pretexts for other events often in the same parade but from a different section of the parade.

As the parade begins a teen or younger (female) may be near me. Most likely being photographed by a doppl of me or by others it will be alleged I am interested in those photos taken by others. In the next section of the parade the Gigglers come through, giggling out as if with me how nice that teen looks. Next in the Parade is the Noble Savage who make threats against me or atack me out of nowhere based on the appearences created by the earlier parade (including that part of the parade eslwhere acting out myu confession utilizing the DOpple of me who as also in the parade.

The public seeing it all and seeing the forged docs execpt the false flag propoganda. I look like I purused the parade rather than vice versa.

Super-Conspiracy Theory Explanation

The Murder Of Jen More follows the murder of Hastings, Cassalaro, and others

Can we assert high level elite connections to all of this, spooks of the CIA, Secret Service, and others on various politically motivated cover-up and Deep State missions tied to the Presidency? Yes.

We will start with Jen Moore allegations this is tied into CIA, MKULTRA, and CIA history of the Donegan's as she pointed her camera across several videos of the GLorian and Ed Donegan home (where I contacted Veronica Hoffman from) 850. North Randolph second floor two bedroom small balcony with the 9th Street cross street.

Why such "Targeted Victims" such as myself and my mother are chosen if you listen to Jen Moore (and I have, her ten Farmer Jones interviews some or most 2 hours long) and here thirty or so youtube videos) it is because of the Kennedy Assassinations and the Elites using thugs (who beat her so badly she was hospitalized for her injuries) want to silence those who are revealing the real names and histories tied to the Kennedy Assassination in particular the Donegan family whom she videoed the the home of (850 N. Randolph 2nd floor) to tell that JFK Allen Dulles assassination story connection.

New William Cooper Patriotic Sovereign Press finishes the story of Jen Moore and Ted Gunderson

The official and espionage and public and financial infatuation with Great Britain and England was too intense following WWII

to stop its influence and its methods in the USA.

The Windsors most likely are props sort of like the Clydesdales are to Budweiser.

HISTORY OF THE BUDWEISER CLYDESDALES

Clydesdale horse - It is a large and powerful horse, although now not as heavy as in the past. ... It was traditionally used for draught power, both in farming and in road haulage.

Draught might come from pulling items along behind it but generally referes to overall animal strength. Perhaps like a great King or Prince.

In April 1933, August A. Busch, Jr. and Adolphus Busch III surprised their father, August A. Busch, Sr., with the gift of a six-horse Clydesdale hitch to commemorate the repeal of Prohibition of beer.

Realizing the marketing potential of a horse-drawn beer wagon, the company also arranged to have a second six-horse Clydesdale hitch sent to New York to mark the event. The Clydesdales drew a crowd of thousands on their way to the Empire State Building. After a small ceremony, a case of Budweiser was presented to former Governor Alfred E. Smith in appreciation of his years of service in the fight against Prohibition.

English King Makers and their Money Making Kings And Queens Around the World

Just like the Windsors are propped up as some kind of great blue flower of blue blood in its veins (Hydrangea) those same publicists for the Royal Family prop up select Sovereigns around the world including the USA under King Making

agreements in teh Special Relationship.

I assert that is the Family Jewels Program of Post WWII world politics.

I think my family DNA was used in king-making in the USA and elsewhere. Many in the world have it after it was tested in atomic blasting for radiation affects and also studied for defects carried in European elite family lines, often living as bastard children of European elites.

Before This picture

1925 and 1926

- **Joseph Kenndy Sr and FDR in World War I Jul 28, 1914 - Nov 11, 1918** During this time Boston Roman Catholic Joseph Kennedy Sr. (who would later back FDR over Roman Catholic Al Smith for President and also encourage William Randolph Hearst and his publications to do so) is an executive during massive industrial scale war. Shipbuilding includes metal submersible and surface craft, engine blocks or steam-heads, and torpedoes to be build and industrial equipment and raw materials to organize, utilize, and distribute the materials to get these crafts built and into the oceans is part of Undersecratroy of the Navy Franklen Delanour Rosevelt's job who works with steel company executive Joseph Kennedy Sr.

  Although he was skeptical of American involvement in World War I, Kennedy sought to participate in wartime production as an assistant general manager of Fore River, a major Bethlehem Steel shipyard in Quincy, Massachusetts. There, he oversaw the production of transports and warships.[18] Through

this job, he became acquainted with Assistant Secretary of the Navy Franklin D. Roosevelt. https://en.wikipedia.org/wiki/Joseph_P._Kennedy_Sr.#Early_ventures

- **1925 The King's (King George VI) Speech** At the official closing of the British Empire Exhibition at Wembley Stadium, Prince Albert, Duke of York, the second son of King George V and himself to become King George VI in 1939, addresses the crowd with a strong stammer. His search for treatment has been discouraging, but his wife, Elizabeth (later known as the Queen Mother, mother to Princess Elizabeth who marries PRince George of Greece), persuades him to seek help.

- **1926 Maria Kutschera niece of Franz Kutschera arrives in North Carolina**. Ed Donegan asserts (and is hinted at in works I will later reference and also in Donegan oral family history) from Salzburg Austria. I think impregnated most likely by Prince Albert 1925 they are studying his genetics with bastard children births. Glorian Donegan and Norma Jean are among them, Norma Jean supported by Jospeh Kennedy Sr in an orphanage near his RKO studio. Future JFK Secreaty of State (John Foster Dulles is deceased but Allen Dulles at CIA continues with JFK) Dean Rusk is in North Carolina 1926 at Davidson College likely part of an underground railroad.

- **1926 Princes Elizabeth (Later Queen Elizabeth II) is born to the Queen Mother and King George VI** One of several offspring of King George VI, King George VI will be very neare death in late 1951 and

in early 1952 Princess Elizabeth becomes Queen Elizabeth II

- **1929- 1932 Franklin Delano Roosevelt Governor of New York** 44th Governor of New York In office January 1, 1929 - December 31, 1932 Lieutenant Herbert H. Lehman Preceded by his later rival for the US P Residency the Roman Catholic Al Smith whose name htat of the Al Smith Roman Catholic Dinner annual event

- **1932 FDR elected President of the USA** In office March 4, 1933 - April 12, 1945

- **Joseph Kennedy Jr still an FDR aid 1932-** In 1932, Kennedy supported Franklin D. Roosevelt in his bid for the presidency. This was his first major involvement in a national political campaign, and he donated, lent, and raised a substantial amount of money for the campaign.

  In 1934, Congress established the independent Securities and Exchange Commission (SEC) to end irresponsible market manipulations and dissemination of false information about securities. [56] Roosevelt's brain trust drew up a list of recommended candidates for the SEC chairmanship. Kennedy headed the list, which stated he was "the best bet for Chairman because of executive ability, knowledge of habits and customs of business to be regulated and ability to moderate different points of view on Commission."

  Kennedy sought out the best lawyers available

giving him a hard-driving team with a mission for reform.

In 1936, Roosevelt sought Kennedy's help on the campaign, and Kennedy responded with his book I'm for Roosevelt, which he had published and made sure was widely distributed. The book presented arguments for why businessmen should support Roosevelt and the New Deal, told from the perspective of Kennedy's own personal endorsement. The book had significant impact in the business community and after his re-election, Roosevelt appointed Kennedy as Chairman of the U.S. Maritime Commission,[61] which built on his wartime experience in running a major shipyard. Kennedy spent only ten months at the Commission.

In 1938, Roosevelt appointed Kennedy as the United States ambassador to the Court of St James's (United Kingdom). Kennedy hoped to succeed Roosevelt in the White House,[69] telling a British reporter in late 1939 that he was confident that Roosevelt would "fall" in 1940 (that year's presidential election).

Kennedy and his family retreated to the countryside during the bombings of London by German aircraft in World War II. In so doing, he damaged his reputation with the British. This move prompted Randolph Churchill to say, "I thought my daffodils were yellow until I met Joe Kennedy".

- **World War II Sep 1, 1939 - Sep 2, 1945** As with WWI a mass scale industrial age war machine global conflict. Bombers attack variously civilian and military industrial sites. Fighters escorted the massive new bombers and the Battle of Wichita Kansas was turnign as many bombers as possible. North American Aviation as the P-51 that is pretty good and

great when Packard Motors is licensed to built the Spitfire 16 cylinder engine for it is the one of the best planes ever for its time. Until the North American Aviation F-86 comes along it is the plane James Donegan my father flew. Without England and her allies (or the US and its industrial might and Great Britain and her allies) Nazi Germany wins and the Special Relationship is cemented in world leaders opinion. The imagery of Fires of Gondor are in people's mind to come to the aid of an attacked nation.

- **05, June 1947 and The "Marshall Plan" speech at Harvard University** The Marshal Plan led to the creation of the *Organisation for European Economic Co-operation (OEEC)* on 16 April 1948, in order to meet Marshall's request for "some agreement among the countries of Europe as to the requirements of the situation and the part those countries themselves will take". The mandate of the OEEC was to continue work on a joint recovery programme and in particular to supervise the distribution of aid. In 1961, the OEEC evolved to become the OECD of which Thorkil Kristensen was a member. https://www.oecd.org/general/themarshallplanspeechatharvarduniversity5june1947.htm

  General Marshall was awarded the Nobel Peace Prize in 1953 for his role as architect and advocate of the Marshall Plan.

- **July 07, 1947 Princess Elizabeth and Prince Phillip of Greece engaged.** Their engagement was officially announced on 9 July 1947

- **July 07, 1947 Majestic 12 and the Secret Government formed**. Edward Donegan assers bastard Windsor children including through Maria Kutschera are studied by Old Money based OSS Vatican CIA and Free Masons, and bastard children may become (very covertly) Agents of Influence in world society retaing assumed names and planted in various families, often celebrity or political groups and workers, etc., out of adoption homes.

- **1947 The End of the BRitish Empire in its then form** In 1947 India, having contributed enormously to Britain's war effort, became independent. Less than a year later, communist guerrillas launched a violent campaign aimed at forcing Britain from Malaya. Thousands were killed, but an effective political and military response prevented a Communist take-over. Malaya became an independent democracy on 31 August 1957. In the Middle East, Britain hurriedly abandoned Palestine in 1948. Ghana became Britain's first African colony to reach independence in 1957. By 1967 more than 20 British territories were independent.

  Decolonisation was a complex process. Each colony's unique societies presented different political pressures which could sometimes lead to violence ranging from riots to massacres.

  The Cold War added further complexities, as Britain attempted to insulate former colonies from the influence of the Soviet Union.

  In 1997 Hong Kong returned to Chinese administration. Though Britain still maintains overseas territories, the handover marked the final end of Britain's empire.

- **1949 Richard Nixon Discharged at end of WWII becomes a US Representative from Southern California (traditional Republican) and leads anti-communism** The *House Select Committee on Foreign Aid*, or *Herter Committee*, was established to study the proposal that had been launched by General George Marshall in his speech at Harvard on June 5, 1947, for a Marshall Plan, in part as Cold War anticommunism, which led future US President Richard Nixon to focus on foreign policy throughout his public career. In 1947, it identified a "prevailing theme throughout-that democratic leadership was close to non-existent and Communist leadership at the forefront of political shaping."

- **North Atlantic Treaty, 4 April 1949** William Averell Harriman in Paris, E. Howard Hunt, Doroty Harriman meet as Doroty escapes China when it falls to the Communists.

  THE EXCLUSIVE CONCERN OF FRANCE IS TO MAKE IMPOSSIBLE ANY INVASION OF HER OWN TERRITORY OR THE TERRITORY OF PEACE-LOVING NATIONS.

  In the immediate aftermath of the Second World War, France was among the strong believers in a Western defence structure and therefore one of the Alliance's founding members. France's main concern was the protection of its territories and an immediate commitment of military resources. Both were carried out very early on. Being an influential power, France secured a clause in the North Atlantic Treaty that included the "Algerian Departments of France" - a provision that no longer held once Algeria gained

independence in 1962.

The Phoney War (French: Drôle de guerre; German: Sitzkrieg) was an eight-month period at the start of World War II during which there was only one limited military land operation on the Western Front, when French troops invaded Germany's Saar district. Nazi Germany carried out the invasion of Poland on 1 September 1939. The Phoney period began with the declaration of war by the United Kingdom and France against Nazi Germany on 3 September 1939, after which little actual warfare occurred, and ended with the German invasion of France and the Low Countries on 10 May 1940. - Wikipedia

SEPTEMBER 14, 2021

The Battle of Britain began in July of 1940 shortly after Churchill became Prime Minister Nearly a month before the Battle of Britain began, Winston Churchill gave one of his most famous speeches. In the House of Commons on 18 June 1940 Churchill gave his famous ‘Finest Hour’ speech.

Let us therefore brace ourselves to our duties, and so bear ourselves that, if the British Empire and its Commonwealth last for a thousand years, men will still say, ‘This was their finest hour.’

Arthur Neville Chamberlain FRS was a British politician who served as Prime Minister of the United Kingdom from May 1937 to May 1940 and Leader of the Conservative Party from May 1937 to October 1940. Wikipedia

In his Finest Hour speech saying the Battle of France was over, Nazi Germany had taken France and battle of Brittain now began he included this line about France and other nations.

Winston Churchill, 18 June 1940

..However matters may go in France or with the French Government, or other French Governments, we in this Island and in the British Empire will never lose our sense of comradeship with the French people. If we are now called upon to endure what they have been suffering, we shall emulate their courage, and if final victory rewards our toils they shall share the gains, aye, and freedom shall be restored to all. We abate nothing of our just demands; not one jot or tittle do we recede. Czechs, Poles, Norwegians, Dutch, Belgians have joined their causes to our own. All these shall be restored. What General Weygand has called the Battle of France is over. I expect the Battle of Britain is about to begin. Upon this battle depends the survival of Christian civilisation. Upon it depends our own British life, and the long continuity of our institutions and our Empire. The whole fury and might of the enemy must very soon be turned on us. Hitler knows that he will have to break us in this island or lose the war. If we can stand up to him, all Europe may be freed and the life of the world may move forward into broad, sunlit uplands. But if we fail, then the whole world, including the United States, including all that we have known and cared for, will sink into the abyss of a new Dark Age made more sinister, and perhaps more protracted, by the lights of perverted science. Let us therefore brace ourselves to our duties, and so bear ourselves that, if the British Empire and its Commonwealth[e] last for a thousand years, men will still say, 'This was their finest hour.'

England and France had long fraught as similar European powers as if brothers in a family unitl one of the other fell or was in threat from something very unlike, as Nazi Germany was.

The pulling together of the world was not just Churchill's speech, it was the comparison of Neville Chamberlain neutrality or active military allegiances.

A key part of the Battle Of Britain (See 1969 movie) was pilots from all of Europe leaving training in England and fighting for England defending against inbound flights from occupied France.

- **1951 The CIA is ramping up at Grace Ranch and other locations for Subversion and Overthrow British style** East-India-Tea-Company activities are back and now under United Fruit Company (as always) then Zapata Oil, International Trade Mart, etc.,

From Wikispooks: Meyer was born in 1920, the son of a diplomat and grandson of a New York State Democratic chairman. He attended elite schools and entered Yale University in 1939.

Cord Meyer was personally recruited into the CIA by Allen Dulles in 1951. He was soon running its International Organizations Division. Alfred McCoy reports that by 1972, the job had turned him "from a liberal idealist into “a relentless, implacable advocate for his own ideas”."

Operation Mockingbird

Meyer tried but failed to suppress publication of Alfred McCoy's 1972 book, *The Politics of Heroin in Southeast Asia*, an early expose of CIA Drug Trafficking. .

JFK assassination

In January 2004, E. Howard Hunt gave a taped interview claiming that Lyndon Johnson instigated the JFK assassination, and that the key organisers were Cord Meyer, David Atlee Phillips, David Sánchez Morales and Frank Sturgis. Mark Gorton states that Meyer was in charge of the cover up operation.

Wife's murder

Cord Meyer's wife, Mary Pinchot Meyer, was shot dead in 1964 as she walked along the towpath of the Chesapeake and Ohio Canal in Georgetown. The crime remains unsolved. After her death, Mrs. Meyer's sister and brother-in-law said they saw the top C.I.A. counterintelligence officer, James Jesus Angleton try to break into her home and take her diary, which was never publicly released.

- **King Geroge VI passes from laying in Croak** George VI was King of the United Kingdom and the Dominions of the British Commonwealth from 11 December 1936 until his death on 6 February 1952. Wikipedia Born: December 14, 1895, York Cottage, United Kingdom Died: February 6, 1952, Sandringham Estate, United Kingdom

- **04 November 1952 Eisenhower-Nixon elected and enter office 1953**The 1952 United States presidential election was the 42nd quadrennial presidential election and was held on Tuesday,

November 4, 1952. Republican Dwight D. Eisenhower won a landslide victory over Democrat Adlai Stevenson II, becoming the first Republican president in 20 years. Eisenhower as the 34th president of the United States was held on Tuesday, January 20, 1953, at the East Portico of the United States Capitol in Washington, D.C. This was the 42nd inauguration and marked the commencement of the first term of Dwight D. Eisenhower as president and of Richard Nixon as vice president.

- **John Foster Dulles and Allen Dulles come with** Allen Dulles 5th Director of Central Intelligence In office February 26, 1953 - November 29, 1961. John Foster Dulles 52nd United States Secretary of State In office January 26, 1953 - April 22, 1959 President Dwight D. Eisenhower (deceased 1961 replaced by Dean Rusk as Sect. of State under JFK)

- **1952 Rockefeller Fund Dean Rusk** Under Truman in 1950, Rusk was made assistant secretary of state for Far Eastern affairs, at his own request, arguing that he knew Asia the best.[14] He played an influential part in the US decision to become involved in the Korean War, and in Japan's postwar compensation for victorious countries, as shown in the Rusk documents.

  In April 1951, Truman sacked General Douglas MacArthur as the commander of the American forces in Korea over the question about whether to carry the war into China. At the time, the chairman of the Joint Chiefs of Staff, General Omar Bradley, called war with China "the wrong war, at the wrong place, at the wrong time, and with the wrong enemy". In May 1951, Rusk gave a speech at a dinner sponsored by

the China Institute in Washington, which he had not submitted to the State Department in advance, where he implied the United States should unify Korea under Syngman Rhee and should overthrow Mao Zedong in China. Rusk's speech attracted more attention than he expected, as the columnist Walter Lippmann ran a column reading "Bradley vs. Rusk", accusing Rusk of advocating a policy of unconditional surrender in the Korean war. For embarrassing Acheson, Rusk was forced to resign and went into the private sector as the director of the Rockefeller Foundation. Rusk and his family moved to Scarsdale, New York, while he served as a Rockefeller Foundation trustee from 1950 to 1961. In 1952 he succeeded Chester L. Barnard as president of the foundation. In 1961 he is Secretary of State under JFK and I think is closely tied to the hidden identity of GLorian Donegan.

This Picture

How parties recruit and limit candidates By MATT GROSSMANN JUNE 14, 2023 - Before primary voters get input, local party leaders recruit and select candidates to run for office. Their views produce and limit voters' choices. Even if voters might support candidates from diverse occupations or ethnicities, those candidates might never run if party leaders tap someone else. Michael Miller finds that county party chairs have different preferences than primary voters and party activists. They are very concerned with local ties and fear that their voters won't support Black or Latino candidates. They are critical to giving voters choices, even in places where partisan competition is weak, but their strategic discrimination constrains the candidate pool.

One such Kingmaker was Joseph Kennedy Sr who along with the NWO wanted to not only locate future presidents but groom

them from scratch. The Great Britian I think had a secret plan to have candidates under assumed names or undisclosed Free Mason connections picked to lead otherwise independent nations.

In this picture a potential foreign leader is being planned Barrack Obama Jr.

On November 19,1961 a smiling group are at the home of JKF sister Patricia Kennedy who is married to British actor Peter Lawford. JFK and his entourage are in Santa Monica staying at the Lawford compound at attending DNC fund-rasing diner in Los Angeles. I think also expecting a birth and seeing the child, a groomed Barrack Obama Jr. that Kingmaker Joseph Kennedy Sr was another pick for President.

According to my birther certificate I am born late in the night of November 18, 1961, and as hospital officials arrive in the morning my birth certificate is sworn-out as being singed on November 19, 1961. Were the JFK getting back home just as clerical workers were on their way into the hospital?

Nine Months earlier on February 20, 1961 President Kennedy is sitting with Goerge Ball (Undersecretary of State) and Thorkill Kristensen of the OEECD. Thorkil Kristensen (9 October 1899 - 26 June 1989) was a Danish politician, finance minister, professor in national economy, and futurist. After his exit from

politics, he was *Secretary General of the OECD from 1960-1969*. This was setup under the Marshal Plan, the OEECD. He was the founder of the Copenhagen Institute for Futures Studies (CIFS), making it one of the first futures research institutes on the European continent. Kristensen, Thorkil. The economic world balance. The economic world balance. (1960). Kristensen, Thorkil. The brain drain and development planning. No. 29. International Institute for Educational Planning, 1968.

My belief is CIA King Makers has plans to get some of their backed candidates (covertly) placed into other nations and eligible to run for office if selected or as business or media leaders if the career path was best for these planned children who would become part of political or celebrity families, placed close to birth and selected for foreign grooming from very close to birth.

Eslewhere in this series of books I show CIA plans for Indonesia arising in 1958 underway and plans for Indonesia funded by Joseph Kennedy Sr., the Ford Foundation, CIA, Saudi money, and with assistance from USAID, the East-West-Center, and others. The difficulty is while there had been sperm and egg bank donors not family had been selected or finalized yet. After Marilyn Monroe as a potential mother fell through and Malcom X as a potential father fell through, Barrack Obama Sr. was used and Madyeln Dunham as the mother, both CIA operatives. Finally the child Barrack Obama Jr went to Lolo Soetero and the Crane Group and moved to Indonesia.

The CIA plan had been to back selected candidates and even perhaps insure a Barrack Obama Sr of Kenya or Lolo Soetoro of Indonesia or perhaps Malcom X worshipping in Mecca Saudi Arabia had children who might run for office some day. Given that these CIA FBI backed figures did exist, why not offer them a child to adopt?

As JFK grows into the presidency and the issue of Republic of Ireland and anti-crime emerge (and the CIA using Murder Inc., is very much crime) JFK will turn away from his father's plans,

but the CIA has assassination capabilities and will turn on JFK as they determine Barrack Obama fit to plant into Indonesia.

"Jimmy Hoffa: A closer look at the labor leader's life, work and disappearance " in the 1950s Senate Counsel and brother of Senator John F. Kennedy leads the Mecllelan Hearings "Get Hoffa Squad." https://youtu.be/5pzSBLOrERc

McCLELLAN COMMITTEE HEARINGS. The McClellan Committee opened Senate hearings on 26 February 1957 to investigate corruption, criminal infiltration, and illegal activities in the nation's labor unions. Chaired by Democrat John McClellan, the committee included John F. Kennedy and Barry Goldwater, along with Robert Kennedy as chief counsel. The committee's investigation focused on the International Brotherhood of Teamsters, Teamster president Dave Beck, and Beck's successor Jimmy Hoffa. In televised hearings watched by 1.2 million American households, the committee detailed the Teamsters' misuse of union funds and ties to labor racketeers and organized crime. While the inquiry led to the conviction of more than twenty individuals including Beck, it failed to convict Hoffa and in fact, strengthened his leadership. The investigation also led to the Teamsters' expulsion from the American Federation of Labor and Congress of Industrial Organizations in December 1957. https://www.encyclopedia.com/history/dictionaries-thesauruses-pictures-and-press-releases/mcclellan-committee-hearings

From an early age, Hoffa was a union activist, and he became an important regional figure with the IBT by his mid-twenties. By 1952, he was the national vice-president of the IBT and between 1957 and 1971 he was its general president. He secured the first national agreement for teamsters' rates in 1964 with the National Master Freight Agreement. He played a major role in the growth and the development of the union, which

eventually became the largest by membership in the United States, with over 2.3 million members at its peak, during his terms as its leader.

Hoffa became involved with organized crime from the early years of his Teamsters work, a connection that continued until his disappearance in 1975. He was convicted of jury tampering, attempted bribery, conspiracy, and mail and wire fraud in 1964 in two separate trials. He was imprisoned in 1967 and sentenced to 13 years. Roger Stone Suggests Gas Explosion at Florida Warehouse Was 'Drone Strike' Targeting Him retrieved from Newsweek BY JASON LEMON ON 4/24/21 and copied or modified to here

Roger Stone and right-wing radio personality Matthew Erich "Mancow" Muller (known as Mancow Muller) posted a video this week baselessly speculating that Stone had been targeted by a drone strike in Florida.

Stone, a close friend to former President Donald Trump and a well-known conspiracy theorist, has previously described himself as a “dirty trickster.” The Trump loyalist has repeatedly pushed baseless claims about the 2020 election and the so-called “deep state.” He was pardoned by the former president in December after he was sentenced to 40 months in prison in 2020 for lying to Congress and threatening a witness in connection with the investigation into Russia’s meddling in the 2016 election.

“Roger Stone is here with me. We’re two doors down from his office. There was a drone strike in America two days ago,” Muller claims in the video, which was filmed in front of the site of an Oakland Park warehouse that burned down after a fire caused a gas explosion on Wednesday.

“I’m telling you, this is incredible. Why is this not making major news? I’m in Fort Lauderdale,” Muller adds. Oakland Park is a suburb of Fort Lauderdale.

Super Conspiracy The Cover-up of Sonny Bono's Murder

Gunderson Composite (Posse) and the cases of Sunny Bono and Michael LeMoyne Kennedy

Michael LeMoyne Kennedy (February 27, 1958 - December 31, 1997) was an American lawyer, businessman, and activist in Massachusetts. He was the sixth of eleven children of Robert F. Kennedy and Ethel Kennedy. Kennedy also served as the manager of the non-profit organization Citizens Energy. He died in Aspen, Colorado, in 1997 after skiing inadvertently into a tree.

Salvatore Phillip "Sonny" Bono was an American singer, songwriter, actor, and US Representative for Palm Srpings who came to fame in partnership with his second wife, Cher, as the Died: January 5, 1998, Heavenly Mountain Resort in a skiing accident identical to the Kennedy death. - California Lodge, CA

Chauncy Marvin Holt was confessing on TV to the JFK assassination at that time run by Willaim King Harvey out of the El Mirador Hotel with gun runners for the CIA Chauncey Holt and others from Grace Ranch modigyin and selling B-26s, B-52, fighter planes, light planes, assassination custom gun silencers, military rifles etc., enough to equip groups and brigades of 40 to 50 thousand troops. This was in part time and former entertainer Sonny Bono was Mayor (Palm Springs and its township activities) and where many stars vacationed.

Bono (A friend of British actor Peter Lawford who mentored Arnold Schwarzenegger in London, and a Roman Catholic and enemy of Mafia and drug dealing in hearings in the US House of Representatives) entered politics after experiencing frustration with local government bureaucracy while trying to open a restaurant in Palm Springs, California. He made a successful bid

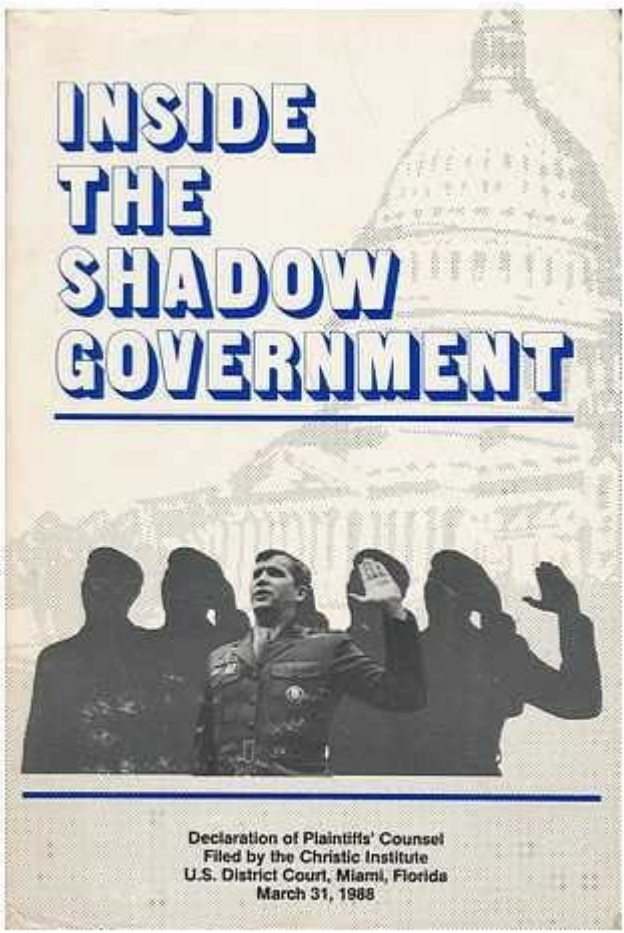
for mayor, and served from 1988 to 1992 A member of the Republican Party, Bono served as the 16th mayor of Palm Springs, California, from 1988 to 1992, and served as the U.S. representative for California's 44th district from 1995 until his death in 1998.

During the course of running his toy company former record exec Bob Fletcher ended up on a merger with a new partner he knew little about and later found it was a CIA proprietary interest and now he was part of that operation and met General Singlaubm, Gen. Harry C. "Heinie" Aderholt and General Singluab Major General John Kirk Singlaub was a major general in the United States Army, founding member of the Central Intelligence Agency, and a highly decorated officer in the former Office of Strategic Services and others who later he will hear are part of Iran Contra. Fletcher finds out about all the military equpiment running and CIA activities earlier than Iran Contra but after Iran Contra he recognizes the nanes and becomes a witness managed through the Christiic Institute.

Bob Fletcher: CIA Bush Drug Ties, Weather Wars, Sonny Bono's Murder -- During these times Fletcher encounters other CIA going back to the Vietnam era (Chauncey Marvin Holt? E. Howard Hunt?) who provide him information on many matters including some video related the the JFK assassination. All of this he is sending to Sunny Bono. The JFK referees as at 19 minutes in. https://youtu.be/OK_J-onwUwc?si=ak_EpQwhPNdRooLI&t=1139

Spartacus - John K. Singlaub was recruited by the Office of Strategic Services (OSS) during the Second World War. He was parachuted into Nazi occupied France and helped to organize the French Resistance before the D-Day invasion. Later he was sent to China where he worked with Ray S. Cline, Richard Helms, E. Howard Hunt, Jake Esterline, Mitchell WerBell, Paul Helliwell, Jack Anderson, Robert Emmett Johnson and Lucien Conein. Others working in China at that time included Tommy Corcoran, Whiting Willauer and William Pawley.

Singlaub joined the Central Intelligence Agency (CIA) and he was sent to Manchuria during the Chinese Civil War. In 1951 he became Deputy Chief of the CIA station in South Korea. Later he moved to Laos where he worked closely with Ted Shackley.



Inside the Shadow Government Paperback

In 1964 Singlaub became chief of Military Assistance Command Studies and Observation Group (MACV-SOG). This was an unconventional warfare task force that oversaw assassination and paramilitary operations throughout Southeast

Asia. MACV-SOG now took over Oplan 34-A from the CIA. Ted Shackley, CIA chief in Laos, reported having monthly meetings with Singlaub. According to one report, Singlaub "oversaw political assassinations programs in Laos, Cambodia and Thailand" (Inside the Shadow Government).

In 1966 Ted Shackley was placed in charge of CIA secret war in Laos. He appointed Thomas G. Clines as his deputy. He also took Carl E. Jenkins, David Morales, Rafael Quintero, Felix Rodriguez and Edwin Wilson with him to Laos. According to Joel Bainerman it was at this point that Shackley and his "Secret Team" became involved in the drug trade. They did this via General Vang Pao, the leader of the anti-communist forces in Laos. Vang Pao was a major figure in the opium trade in Laos. To help him Shackley used his CIA officials and assets to sabotage the competitors. Eventually Vang Pao had a monopoly over the heroin trade in Laos. In 1967 Shackley and Clines helped Vang Pao to obtain financial backing to form his own airline, Zieng Khouang Air Transport Company, to transport opium and heroin between Long Tieng and Vientiane. In 1968 Shackley and Clines arranged a meeting in Saigon between Santo Trafficante and Vang Pao to establish a heroin-smuggling operation from Southeast Asia to the United States.

Sunny Bono Sunny situation was during this period again from from the 80s up through the '90s and up to the 2000 um I was involved with many many inquiries that the Senate and the Congress were carrying out I dealt with Dante Fascel as it related to the old October surprise inquiries uh I supplied them with material that Barbara Honegger had given given me after being unable to do anything I was involved with that in inquiry ***I was involved with did do a thing on the JFK murder because I had gotten some actually footage from a Central Intelligence agent way back in the 80s what was happening my name was banging around in the corridors of the Congress and the Senate as somebody that knew this or knew these guys or knew what was going on sure and they wanted to use you as a conduit to put stuff out*** because they knew you had the courage to do it and and right and yes that's right absolutely

Bob Fletcher ran a toy company. CIA front operatives joined in and were doing covert arms deals for things like airplanes and shoulder fired missiles, Angola and other countries involved. Fletcher tries to contact CIA he wants out, can't get out. Bob Fletcher becomes a Christic Institute witness and a year later finds all the US Generals that were tied up to the deals were the ones of Iran Contra, that story breaking a year later. He also had in the course of developing his story and getting it to Sunny Bono information on the Kennedy Assassination and WACO, Bono having cried over the WACO incident the CIA appears to be involved in per Paul Wilcher and others. https://altcensored.com/watch?v=no70ZHmLmKQ

This is what Chauncey Marvin Holt said in 1997 (in on sceen televised statements 8 days before his death providing documents that are in the appendix of his book Se-Potrait. Teh TV News crew were passing them around trying to confirm them. Some were difficult to confirm because Charles Harrelson was in federal penitentiary but other documents were confirmed about Ray Ryan's El Mirador hotel, Grace Rach Tuscon Arizona they would fly in from to meet in Palm Springs El Mirado to meet with William King Harvey, Sam Giacanca, and others. This is where the preparations were made getting fake documents to Lee Harvey Oswald and JM / Wave operating with Bob Reynolds, Leroy Young, and others

including himself (Chauncey Marvin Holt.)

Robert Fletcher owned a toy factory in 1985 and merged with a partner, Gary Best, to expand the business. Later, he found out Best was a high-ranking covert intelligence agent who intended to use the toy company [as made into a CIA US DOD "Proprietary Interest front company] for arms dealing with Iran-Contra, as well as Angola, West Africa, Afghanistan and Pakistan. He later testified in the Iran-Contra hearings on the various US Generals he encountered as was made a puppet of, the very figures of Iran Contra as it later broke as a story in the news and political scandal.

The Cover-up of Sonny Bono's Murder

by DC dave

(report from april 2008)

For Americans, the new revelations can be found buried away-and ignored by "respectable people"-in the U.S. supermarket tabloid, ***Globe***, of April 14, which hit the news racks on April 4. They were said to have been gathered by investigator Bob Fletcher, 66, who, according to ***Globe***, was connected to the case even before Bono died:It is now news in Australia that new evidence has turned up that suggests that California congressman Sonny Bono was murdered and did not die in a skiing accident as we have been told repeatedly. Although he was an American whose job was to represent Americans, as far as the mainstream United States press is concerned this news is unworthy of the

attention of the people of the United States.

This is the same American press, of course, that never breathed the slightest hint of suspicion that there might have been foul play involved when the experienced skier Bono was reported to have slammed into a tree at the Heavenly Ski resort in Nevada on January 5, 1998.

There were no witnesses, the autopsy report was not released to the public, and Bono had shown himself to be something of a thorn in the side of official Washington, which is probably all the more reason for the lapdogs who call themselves journalists to have dummied up.

He also feels partially responsible for what happened to the California congressman.

Before Bono's death, Fletcher had been probing the activities of high ranking U.S. military and government officials he claims were raking in millions from arms and drug deals in Central America and Southeast Asia.

He says he sent his shocking findings of corruption, including videotaped evidence, to Bono.

"I later received a call from an assistant in his offices to tell me Sonny had seen my full report and was absolutely livid about the level of corruption I made him aware of," Fletcher tells GLOBE.

"He was going to make it his No. 1 priority when Congress resumed after the Christmas and New Year break. He was going to go after the biggest names.[image]

"Just 10 days later, I received a call that he was dead. I'd heard it was suspected his offices had been bugged. Tragically, that must have been the case. There's no

doubt in my mind Sonny was murdered by someone who needed to silence him."

The new evidence is the long-suppressed autopsy report, itself, which Fletcher obtained and furnished to ***Globe***.

After reviewing the shocking secret documents, former FBI agent Ted Gunderson tells GLOBE: "The official version of Sonny Bono's death is hogwash. It's nonsense for anyone to now try to suggest that Bono died after crashing into a tree.

Letter dated 1961 from Frank Hayden, Ray Ryan's manager, to Chauncey Holt (aka Jack Moon) regarding the meeting at Bermuda Dunes to discuss Operation Mongoose (the CIA plans to kill Fidel Castro). Note SG (Sam Giancana), JR (Johnny Roselli) and Mr. H. (William Harvey).

An example of the CIA Secret Documents Gunderson may have looked at made available by Chaucney Marvin Holt in 1997 Sonny Bono may have seen

New in 1997

There's zero evidence in this autopsy report or any of these official documents to show such an accident happened. Instead, there's powerful proof he was assassinated. "This was an evil plot that was carried out to almost perfection by ruthless assassins."

Even though two of the online Australian newspapers attribute their article to "staff writers," it's the same short article in The Australian, Mercury (The Voice of Tasmania), and The Daily Telegraph (first two links now dead), beginning:

SONNY Bono, former husband and singing partner of superstar Cher, was clubbed to death by hitmen on the orders of drug and weapons dealers who feared he was going to expose them, a former FBI agent claims.

[image]

Former FBI agent Ted Gunderson - 11/07/1928 - 07/31/2011

Ted Gunderson, now a private investigator, has told the US Globe tabloid that Bono, who served as mayor of Palm Springs for four years, did not die after hitting a tree on a Nevada ski slope in January 1998 as everyone believed.

So identical, are they, in fact, that all three of them have the first sentence in bold. Continuing in the brief, rather sketchy article, they say:

Bono, an experienced skier, was ambushed on the slopes by hired hitmen, who beat him to death and then staged a tree collision, Mr. Gunderson said.

He called for authorities to dig up Bono's remains and

open a homicide investigation.

His claims have reportedly been backed by top forensics experts who fear Nevada authorities were too quick to call the death a skiing accident.

The Australian papers, it should also be noted, leave the impression that Gunderson is the prime mover in this investigation while only mentioning Fletcher at the end of their article as follows:

Investigator Bob Fletcher had also confessed he sent evidence of a 10-year study that linked top US government officials to arms and weapons dealers to Bono less than a month before his death, the Globe reported.

"(Bono) was going to make it his No.1 priority… There's no doubt in my mind Sonny was murdered by someone who needed him silenced," Mr Fletcher told the paper.

In an email to me on May 13, 2008, Mr. Fletcher was emphatic that Gunderson "has had absolutely nothing to do with this investigation."

(The foregoing section, starting with "The Australian papers…," was added on May 13.)

Interestingly, Yahoo also picked up the story, but it is Yahoo for the United Kingdom and Ireland and Yahoo for Australia (both links now dead). It would appear that Yahoo is as compliant toward corrupt American authorities as it is toward their counterparts in China.

The Autopsy

How compelling is the new evidence? The five-page autopsy report prepared by Dr. David E. Palosaari,

official pathologist for Washoe County at the time, concluded that the death was caused by “craniocerebral injuries due to blunt force trauma (skiing accident).”

But ***Globe*** reports further:

Other injuries detailed in the document included a black eye, swollen lips, bloody nose, bruised jaw, and two upper teeth knocked out, all on the right side of the head.

But the pathologist also noted a series of small fractures in a “central depressed region” on the right side of Bono’s skull and found “some of the fractured bone pieces have a curved configuration.”

Fletcher consulted a panel of experts and performed a re-creation to determine how these wounds were caused.

He concludes the depressed area was due to blows from a rounded-edged weapon wielded by a man taller than the 5-foot-nine, 165-pound politician and the killer was left-handed since the wounds are on the right side of Bono’s face and head. He also believes there was a second man who held Bono from behind.

Fletcher thinks the murder weapon was a pistol, but other experts tell GLOBE that a gun barrel would have left distinguishable marks.

“Sonny was ambushed and viciously battered to death with a billy club or similar weapon,” ex-FBI man Gunderson says. “The killers staged the crime scene and made it look like a tragic ski-accident.”

[image]

Fletcher insists the lack of damage to the back of Bono’s brain, known as “contra-coup” injuries, is proof

that he was beaten to death. He says people who hit objects face-first normally have brain injuries caused when the organ rebounds off the back of their skull. And other physical evidence doesn't add up, either, he says.

Strangely for what was called a ski accident, Bono had no smashed ribs, broken knees, neck trauma-or hand injuries that would have come from trying to ward off a collision with a tree, Fletcher says. And signs that he actually hit the tree-including bark impressions on his face and plant debris on his clothes-are also missing, the investigator says.

And his ski goggles weren't smashed as they likely would have been in a collision, according to the expert.

Fletcher also notes the back of Bono's clothes were [sic] soaked with blood-but he had no back wounds. "The blood must have come from someone else, perhaps when Sonny valiantly fought back and hit one of his assailants," he declares.

The autopsy also mentions a small L-shaped tear on the back of Bono's black and purple Fila ski jacket. Fletcher says the tear is a likely result of a struggle. And Gunderson believes the new evidence gathered by Fletcher raises the specter of murder and warrants a new investigation.

Fletcher believes that Bono's wife when they became famous together, Cher, will call for a new investigation when she learns of these new revelations.

Little hope is held out, apparently, that she will be joined by Mary Bono, Sonny's wife at the time of his death. Mary, who succeeded Sonny in the Congress and has remarried, has suggested publicly that his errant skiing was caused by Sonny having taken too many prescription painkillers. But that suggestion had already

been contradicted by a previously-released toxicology report, said ***Globe***. Their marriage, which was Sonny's fourth, was said to have been troubled at the time of his death.

Sonny's mother, Jean, on the other hand, believed all along that he was murdered. She died in 2005, but not before demanding "a much more thorough investigation" into his death, according to ***Globe***.

A Waco Connection?

Gunderson agrees with Fletcher that the 62-year-old Bono was likely to have been killed because of what he might uncover, or had already uncovered, about illegal drug and arms dealing by high-level government officials. But there are other possibilities. When Janet Reno testified before Congress about the final, fatal assault on the Branch Davidians at Waco, Bono was relentless in his questioning about the professed use of CS gas on the confined men, women, and children:

Representative Sonny Bono (R-CA), a member of the full House Crime Committee, was concerned that Ms. Reno had not conducted a more exhaustive study of CS before making a decision. He challenged her claim that she had done all she could to investigate the attributes and hazards of the substance, noting that the U.S. Army Chemical Research and Development Center had confirmed that it knew of no laboratory studies of CS in which the subjects were children. He pointed out that Army databases "contain virtually every study on CS that has ever been conducted by any government or private facility in the world," and stated that he found it "difficult to understand how, after extensive, exhaustive research you failed to uncover the following information that I uncovered in just one day: a report contained in the Journal of the American Medical Association, dated

August 4, 1989, that states, I quote, 'Inhalation and toxicology studies at high levels of CS exposure have demonstrated its ability to cause chemical pneumonitis and fatal pulmonary edema.' According to an ear, nose, and throat surgeon that I talked to, pulmonary edema is caused when the mucous membrane is irritated, it secretes mucous which in children and infants plugs up the bronchi. They thus drown in their own saliva and mucous. As soon as the child breathes the fumes, the process begins. Soon after that, the child has little lungs left to breathe, and dies. I find it impossible to believe that with the most powerful law firm in the country, the Department of Justice, at your disposal you could not find this information out, that I found out in one day with two staff members …. So I am sorry to say, Madam Attorney General, that I think you failed there." He concluded with the observation that, in his opinion, "it is the responsibility of the Attorney General in cases like this to research every bit of evidence, and if there is counter evidence, then the error should be on the side of the children." Robert W. Lee, "Waco Whitewash."

What we see here on display is an independence of mind that is both refreshing and dangerous for an American member of Congress. Perhaps Bono looked even further into the Waco outrage and found the Waco Holocaust Electronic Museum, which concludes that the whole episode was even more vicious and barbaric than almost anyone suspects. Then again, any member of Congress looking seriously into high level corruption finds himself in what the military calls a "target-rich environment," so who knows what got him killed? The best comparisons that can be made are to the less well-known investigators Paul Wilcher or Danny Casolaro, or perhaps to another California Congressman, Leo Ryan.

The Tabloid Cover-up Operation

One can hardly argue that the (((American press))) has really done the proper job of a free press in a free

society because these new revelations have, at least, been published by ***Globe***. Rather, the opposite is more nearly the case. There is hardly any better way to discredit a serious story than to have it published in a tabloid, and only in a tabloid. This ***Globe*** story is quite similar to the ***National Enquirer*** story about the dubious "suicide" of Enron executive, Cliff Baxter, or the ***Star*** story about the George W. Bush-led fraternity at Yale branding pledges with hot coat hangers. It is well sourced and documented. One can bet that Bob Fletcher made a serious effort to get the story covered by "more respectable" news outlets, but was rebuffed. The same "respectable" news organs are now continuing to cover up for the (((controlling criminal elite))) by blacking out what ***Globe*** has published.

What is really impressive is how thoroughgoing and monolithic the whole operation is. The country is full of reporters who buy groceries in supermarkets just as I do. One would think that one of them, in one corner or other of this vast country, would spot the Sonny Bono article, would recognize the importance of the story, and would be able to prevail upon his or her editor to follow up on it. But it hasn't happened yet. For now it's much bigger news in Australia than it is here, and the odds are very long that not one peep about these Sonny Bono autopsy revelations will be heard anywhere from the American mainstream press.

The same sort of blackout occurred when the former lead investigator for Kenneth Starr, Miquel Rodriguez, spilled the beans about the cover-up of Deputy White House Counsel Vincent Foster's murder, and it happened when the official investigation of the "suicide" of America's first defense secretary, James Forrestal, was made public, and it will occur again.

David Martin, April 6, 2008

extra note - there never was a re investigation opened into Sonny's death. Cher is a part jew skank who just doesn't want the trouble. I can't really blame the stupid skank. I would also like to point out that Sonny and Cher did have a daughter together named Chastity, who has now become a transgender man and goes by the name of Chaz. Sick ![image]

I blame Cher for bad parenting, not Sonny, who was a decent and honorable man. One more thing, Cher said she would leave the United States if Trump won presidency but still hasn't left America ! Hypocritical bitch. Rest in peace Sonny.

Super Conspiracy Theory Birther Strip Across from Crossbar #MKULTRABirther

Col Prouty Was A Revealor

From at least 1952 on Prouty and Donegan are in the Asia TOKYO Guatemala Indonesia CIA base at ATSUGI Tokyo planning perhaps Indonesia. Does the plan involve James and Glorian Donegan Boston Prouty friends?

Glorian Donegan and Ed Donegan FOXP2 thus were not Jewels. Glorian in Mo raga (I am am the only alive who remembers it) vomited helplessly while eating fairly frequently. I had food caught in my throat all the time I could not clear. I my 20's or 30's I think A Diablo Valley Hospital Contra Costa County California I got an upper GI. I drank a fluid with an isotope in it and my swallowing action was watched by video. No problems. Later on my own I isolated it to dry throat. I had told the doctor when it really was worsening I was drinking a peal back glue foil on the top of a fruit dink can and I wondered if that had gotten into my throat and stopped food passing. It more just dryness I have learned to consciously regulate that but that is part of FOXP2.

In fact the gene Albert of York carried was tied to speech, writing, and emotional stability problems. Minor neurological problems like dry throat also occur.

My theory was that as planning was being formed under MKLUTRA will the Dulles brothers, LBJ and the East-West-Center of Hawaii (said to be tied to planning Obama for Indonesia) and they wanted to study her genetics propagation anyway as an MKULTRA Family Jewels program interest so why not use an egg for Barrack Obama Jr.? I think if i collect all the available information the answer was yes an egg would be provided for test use (as my father was a test subject himself

exposed to proving grounds atomic blast) and thus Obama Jr was to be born along side me in Los Angeles and the missing SSN in my family.

Col Prouty wrote Guns of Dallas and Nixon and Indonesia, two truthful and previously unconnected articles on the CIA. Edward Paul Donegan and others now can connect it all. The Indonesia plan was similar to other plans (Cruz family in Cuba groomed as possible leaders) and Barrack Obama Jr for Indonesia.

L. Fletcher Prouty (1917-2001), a retired colonel of the U.S. Air Force, served as the chief of special operations for the Joint Chiefs of Staff during the Kennedy years. He was directly in charge of the global system designed to provide military support for the clandestine activities of the CIA. He was the author of JFK: The CIA, Vietnam, and the Plot to Assassinate John F. Kennedy and The Secret Team: The CIA and Its Allies. - Amazon author profile

The Donegan piece of this is at the two year mark Barrack Obama Jr. was progressing better than his Roman Catholic half twin (sharing Glorian Donegan as the biological mother) and the CIA did not groom Tom Donegan or Ed Donegan as the plan did groom others including likely the Kelly brothers of NASA, the Nixon, Bush, and Burns and Rockefeller families.

“Flexible Response” (to Communist influence on nations of the

world rather than uniformed combat) was CIA based assassinations and Psychological Warfare studying how to and then influencing popular opinions in foreign nations and included full overthrow operations lending hands to internal combatants of contested countries.

Col. Prouty spent 9 of his 23 year military career in the Pentagon (1955-1964) VP Nixon served from 1952 to 1960 and jFK inaugurated 1961 to 1963:

- 2 years with the Secretary of Defense,
- 2 years with the *Joint Chiefs of Staff*, and
- 5 years with *Headquarters, U.S. Air Force*

In 1955 he was appointed the first "Focal Point" officer between the CIA and the Air Force for Clandestine Operations per National Security Council Directive 5412. He was Briefing Officer for the Secretary of Defense (1960-1961), and for the Chairman of the Joint Chiefs of Staff.

At times he would be called to meet with Allen Dulles and John Foster Dulles at their home on highly classified business. He was assigned to attend MKULTRA meetings. In this capacity Col. Prouty would be at the nerve center of the Military-Industrial Complex at a time unequalled in American History. He has written on these subjects, about the JFK assassination, the Cold War period, and Vietnamese warfare, and the existence of a "Secret Team". He backs up his his work with seldom seen or mentioned official documents - some never before released.

CENTRAL INTELLIGENCE AGENCY

WASHINGTON 25, D. C.

OFFICE OF DEPUTY DIRECTOR OF CENTRAL INTELLIGENCE - 6 JAN 1958

MEMORANDUM FOR: CHIEF OF STAFF, UNITED STATES AIR FORCE

SUBJECT: Commendation of Lieutenant Colonel Leroy F. Prouty, 7730A

1. I am pleased to call to your attention the exceptionally fine assistance and cooperation extended to the several components of the Central Intelligence Agency by Lieutenant Colonel Leroy F. Prouty, Chief, Team B, Subsidiary Plans Division, Directorate of Plans, DCS/P&P [Directorate of Clandestine Services and Projects and Planning under Richard Bissle Jr.], Headquarters USAF.

2. Since his assignment as Chief of Team B, in August 1955, Colonel Prouty has been called upon frequently to assist this Agency in the support of sensitive activities of the greatest importance to the National Security. His effective assistance and numerous contributions to the solution of varied and difficult problems have been consistently successful and have marked him as an outstanding officer of unusual professional competence and potential.

3. Colonel Prouty's keen understanding of the many unique and complex problems which confront both the operational and support elements of this Agency and his personal interest and application to them have consistently produced efficient and outstanding results.

4. It is recommended that this letter of commendation be placed in Colonel Prouty's personnel folder.

C. P. CABELL

Lieutenant General, USAF

Deputy Director

Oversight of United States covert operations

From Wikipedia, the free encyclopedia

Executive oversight of United States covert operations has been carried out by a series of sub-committees of the National Security Council (NSC).

Birth of covert operations in the Cold War

At the beginning of the Cold War, it was not inevitable that covert operations would become the dominion of the Central Intelligence Agency (CIA).[1] The National Security Act of 1947 did not explicitly authorize the CIA to conduct covert operations, although Section 102(d)(5) was sufficiently vague to permit abuse.[2][3] At the very first meetings of the NSC in late 1947, the perceived necessity to "stem the flow of communism" in Western Europe-particularly Italy-by overt and covert "psychological warfare" forced the issue.[1] The actual responsibility for these operations was a hot potato, and when it was decided that the State Department would be in charge, Secretary of State George Marshall sharply opposed it, fearing it would tarnish the international credibility of his department. The upshot was that responsibility for covert operations was passed on to the CIA; this was codified in a NSC policy paper called NSC 4-A,[4] approved in December 1947.[1] NSC 4-A provided the authorization for the intervention of the CIA in the Italian elections of April 1948.[5]

Proposed NSC 4-A Panel

A draft[6] of NSC 4-A envisioned the creation of a NSC-designated "panel" to approve operations. The executive secretary of the NSC, Sidney Souers, recommended that the panel be composed of representatives from the departments of State, Army, Navy and Air Force, as well an "observer" representative from the Joint Chiefs of Staff.[7] This provision was dropped in the final version, which simply stated that the Director of Central Intelligence (DCI) "is charged with ensuring that [covert] psychological operations are consistent with U.S. foreign policy and overt foreign information activities, and that appropriate agencies of the U.S. Government, ..., are kept informed of such operations which will directly affect them."

From NSC 10/2 to NSC 5412 (June 1948-March 1955)

According to the Church Committee, throughout the period June 1948 to March 1955, "NSC directives provided for consultation with representatives of State and Defense". But "these representatives had no approval function. There was no formal procedure or committee to consider and approve projects.

NSC 10/2 was the first presidential document which specified a mechanism to approve and manage covert operations, and also the first in which the term "covert operations" was defined.[14] NSC 10/2 charged the DCI with "Ensuring, through designated representatives of the Secretary of State and of the Secretary of Defense, that covert operations are planned and conducted in a manner consistent with US foreign and military policies and with overt activities."[12] The representatives to this "10/2 Panel", also known as the "OPC Consultants",[15] were Kennan for State (1948-1950) and Joseph McNarney for Defense (1948-1949).[16] The panel, which met about once a week, was supplanted from January 1950 on by the regular attendance of a representative from the Joint Chiefs of Staff.[17] According to Anne Karalekas, a Church Committee staffer, it did not constrain the OPC:

[The 10/2 Panel was] not an approval body, and there was no formal mechanism whereby individual projects had to be brought before [it] for discussion. Because it was assumed that covert action would be exceptional, strict provisions for specific project authorization were not considered necessary. With minimal supervision from State and Defense and with a shared agreement on the nature of the OPC mission, individuals in OPC could take the initiative in conceiving and implementing projects.[16]

In the first half of its existence, OPC was not really under CIA's control. In the words of Edward P. Lilly, DCI Roscoe H. Hillenkoetter, "although authorized by NSC-10/2 to supervise OPC, had allowed OPC to go its own way." OPC was brought under CIA control in October 1950, when Walter Bedell Smith became DCI.[18] OPC was merged on 1 August 1952 with the CIA branch responsible for espionage, the Office of Special Operations (OSO), to form the Directorate of Plans (DDP).

NSC 10/5 Panel

Truman swelled the bureaucracy on 4 April 1951 when he established the Psychological Strategy Board (PSB). DCI Smith, seeking more high-level policy guidance, wanted the PSB "to replace the 10/2 Panel as approval body";[19] this proposal was adopted by the NSC.[16] NSC 10/5[20] tried to specify the purpose of the PSB. The 10/2 Panel, which continued to function,[21] was replaced in February 1952 by an enlarged 10/5 Panel, which also included PSB staff.[22] According to an internal CIA review from 1967, the 10/5 Panel "functioned much as the 10/2 Panel had, but the resulting procedures proved cumbersome and potentially insecure."

According to John Prados, the CIA cut the PSB out of the loop, establishing instead an internal mechanism for approval of operations.[24] In 1953, DCI Smith said that the PSB was "incompetent and its work irrelevant".

"As the Truman administration ended", writes the Office of the Historian,

CIA was near the peak of its independence and authority in the field of covert action. Although CIA continued to seek and receive advice on specific projects

from the NSC, the PSB, and the departmental representatives originally delegated to advise OPC, no group or officer outside of the DCI and the President himself had authority to order, approve, manage, or curtail operations.[26]

Enter Eisenhower

The Eisenhower administration took office on 20 January 1953. When Eisenhower replaced the PSB with the Operations Coordinating Board (OCB) on 2 September 1953, he also did away with the 10/5 Panel, reverting to "a smaller group identical to the former 10/2 Panel, without OCB staff participation."[23] On 15 March 1954, Eisenhower approved NSC 5412,[27] which required CIA to consult with OCB.[23] Although Eisenhower would later congratulate the CIA with its success in deposing Guatemala's democratically elected President, Jacobo Árbenz, he was privately irked by CIA's unauthorized bombing of SS Springfjord. According to Prados, that incident "convinced Eisenhower of the need for more rigorous control over covert action".[28]

Planning Coordination Group (March 1955-December 1955)

The arrangement in NSC 5412 suffered the same problem as the 10/5 Panel;[23] OCB "included more officials than ought to be concerned with secret war."[29] So on 12 March 1955, Eisenhower approved NSC 5412/1,[30] creating a more senior Planning Coordination Group (PCG) within OCB. Significantly, the directive explicitly charged PCG with approving covert operations.[31] The PCG proved to be a failure; its chairman, Nelson Rockefeller, recommended the

abolishment of PCG before year's end.[32] According to Prados, the problem was that CIA had not been forthcoming with details, latching on to a mention of "need-to-know" in NSC 5412/1. The next directive would solve this by creating a committee "so high-powered there could be no question" of its need to know.[29]

The resulting body became known as the 5412 Committee or, from 1957, the Special Group.[34][note 1] It was the first time a "designated representative" of the President was included in the process;[31] Eisenhower used his National Security Advisors for this purpose.[35] The DCI was an ex officio member.[36] In 1957, Eisenhower made the Chairman of the Joint Chiefs of Staff a member as well.[37] In practice the membership of the Special Group varied on an ad hoc basis.

In late 1956, the newly formed PBCFIA, which had turned a candid eye towards covert operations, took issue with the "very informal" procedures of the Special Group.[39][40] Consequently, an annex[41] to NSC 5412/2 was approved by Eisenhower on 26 March 1957, clarifying project approvals, and for the first time requiring the CIA to circulate "proposal papers" in advance of approval.[40] The board continued to press for more prominence to the Special Group to keep the CIA from freewheeling. Eisenhower himself saw the proper functioning of the Special Group as crucial to fend off initiatives for meaningful congressional oversight of covert operations.[42] On 26 December 1958 Eisenhower asked the Special Group to institute weekly meetings,[37] with the result that "criteria for submission of projects to the Group were, in practice, considerably broadened."

Kennedy administration

The Special Group fell by the wayside when new administration of John F. Kennedy took office on 20 January 1961; although it remained "in theory intact", in practice it "took a backseat to meetings at which JFK personally presided".[44][note 2] After the failed Bay of Pigs Invasion, the Special Group returned to prominence,[43] and new procedures were set out in July 1961.[47] In the wake of the scandal, DDP Richard M. Bissell Jr. suggested the name and workings of the Special Group be made public to demonstrate to the American people that the CIA was under effective executive oversight; that did not happen.

A second Special Group (Augmented) existed from November 1961 to the Cuban Missile Crisis of October 1962.[26] The only difference was that it was specifically dedicated to managing the Cuban Project which sought to overthrow Fidel Castro's regime, and was headed by Attorney General Robert F. Kennedy.[49] After the Missile Crisis brought the world to the brink of destruction, management of the war against Castro was transferred to discussions in the EXCOMM and NSC proper, before being handed over to an "obscure NSC appendage" known as the Standing Group chaired by National Security Advisor McGeorge Bundy.[50]

Fletcher Prouty offers a rare glimpse of the "Power Elite" as described by Buckminster Fuller, or "The High Cabal" as Winston Churchill refered to them; and how they really operate. Those who have not been in a position to witness events such as these from the inside would not understand how invisible but ultimately effective they and their power structures are.

In 1955 under VP Richard Nixon and the National Security Council USAF officer Prouty was appointed the first “Focal Point” officer between the CIA and the Air Force for Clandestine Operations per National Security Council Directive

5412. He was Briefing Officer for the Secretary of Defense (1960-1961), and for the Chairman of the Joint Chiefs of Staff.

This was important administratively because by that time Frank Wisner, the CIA Deputy Director of Plans, had set up his forward headquarters in Singapore and at the direction of the 5412 Committee of the National Security Council, headed by Nixon, Wisner occupied that faraway headquarters himself. (It should be noted that in 1958 Allen Dulles was the head of the CIA, his brother John Foster Dulles was the Secretary of State, Eisenhower was President, and Nixon, as Vice President, chaired the clandestine affairs committee, then known as the "Special Group 5412/2." In other words nothing was done in Indonesia that was not directed by Nixon. If an action had not been directed by the NSC, then it was done unlawfully by the CIA.)

In 1958 Allen Dulles would have brought such a major operation to the attention of the Special Group and he would operate with its approval. This was an essential step in national policy because it then empowered the Department of Defense to provide the necessary support requested by the CIA. Much of this fell within the area of my responsibility at Air Force Headquarters, and I was kept informed on a regular basis of approved action and of Nixon's keen interest in this project.

What is not generally known about the complex Indonesian struggle is the role that was played by the then Vice President of the United States, Richard M. Nixon, and the bitter aftermath that involved the sudden ouster of Allen Dulles' protege, Frank Wisner, who at that time was the head of the clandestine arm of the CIA. After Watergate, when Anthony Lukas wrote in his book Nightmare, about the growing mistrust between Nixon and the Director of Central Intelligence, Richard Helms, he could have added that since the 1958 Indonesian rebellion there were many in the CIA who made a career of hating Nixon because of what he had done to Frank Wisner, among others.

The Indonesian campaign began rather casually as so many

CIA ventures do. Few if any ever originate at the top.

During an unguarded conversation in Washington the Indonesian military attache mentioned earlier made it known to certain U.S. military acquaintances that there were many prominent and strong people in Indonesia who would be ready to rise against Sukarno if they were given a little support and encouragement from the United States. It happened that one of those U.S. military friends he talked to was not a military man at all, but a member of the CIA. The provocative words got back to Frank Wisner, then the Deputy Director of Plans. He was in charge of the CIA's clandestine activity and he authorized agents to follow up on that first conversation.

The Indonesian attache was wined and dined and encouraged to talk more. Reasons for the attache's return to Indonesia on official business were successfully arranged. He was accompanied by CIA agents traveling under the cover of "U.S. military" personnel. During this visit they spoke with rebel leaders. They learned enough about the potential strength of this opposition to encourage the CIA to set in motion its biggest operation up to that date.

Donald Barr and Thorkill Kristenson and Goerge Ball would be part of it grooming Barrack Obama Jr.

In the Pentagon there are thousands of nondescript offices in which all sorts of tasks are done. One of these unobtrusive offices was an Air Force Plans Division office. One day in 1958 two men from the CIA entered that office. After being identified they were permitted entrance to an interior office that was the "Focal Point" office for all U.S. Air Force Support of the clandestine operations of the CIA. I had established that office in 1955 on orders from Gen. Thomas D. White, then Chief of Staff of the Air Force. This came about after several meetings with Allen W. Dulles, the Director of Central Intelligence, and others. When the CIA men entered that office in 1958, I was still in charge.

The agents outlined the Indonesian Plan, the Philippine support and training program, and told me about their own special operations staff that had been put together specifically for this vast project. Then they urgently requested light bombardment aircraft and long-range transport aircraft. We decided to take a number of twin engine B-26 aircraft out of mothball storage, put them through a retrofit line, and modify them so that they could be armed with a special 50-caliber machine gun package of eight guns, in the nose of the plane. This would give the B-26 more firepower than it ever had during the Korean War or World War II. The project was given top priority and covered in deep secrecy. Programs for pilot training and the recruitment of "mercenaries" were established.

Concurrent with our work the CIA was putting together a "wartime" operational staff. Lt. Gen. Earl Barnes, who had been a senior air commander during World War II under Gen. Douglas MacArthur, was brought in to run all clandestine air activities.

At that time Gen. Lyman L. Lemnitzer was Commander in Chief of the Ryukyu Command on Okinawa. One day he received a call from General David M. Shoup, the U.S. Marine Commander on Okinawa, asking if the Army could spare 14,000 rifles for a Marine requirement. Surprised at the Marine request for such a large order of guns, Lemnitzer acquiesced nonetheless and ordered the transfer of these weapons on the condition that they would be quickly replaced.

High on the ridge line of central Okinawa overlooking the city of Naha there was a modest size "Army" installation that hustled with considerable activity. This was the main CIA operational base in the Far East. It was under the direction of Ted Shannon, one of the Agency's most powerful agents. It was Shannon's office that had actually requested 42,000 rifles from General Shoup and since the order was so large Shoup had been unable to supply them, and had therefore borrowed 14,000 from the Army.

On nearby Taiwan, the CIA had another large facility -- a "Navy" base known as the Naval Auxiliary Communication Center (NACC). This "Comm Center" controlled a large and very active air base a few miles south of Taiwan's capital, Taipei, and the huge Air America facilities near Taipei and the city of Tainan.

The B-26 bombers were ready to fly and a special ferrying arrangement was made with the Air Force to fly them across the Pacific to the Philippines and Menado.

Rebel Indonesians, trained and equipped in the Philippines, were returned to Sumatra. Some were air-dropped and others landed on the beach from submarines that the U.S. Navy was operating, in support of the CIA, in the oceans south of Indonesia near the Christmas Islands.

The war was on.

On Feb. 9, 1958, rebel Colonel Maluddin Simbolon issued an ultimatum in the name of a provincial government, the Central Sumatran Revolutionary Council, calling for the formation of a new central government. Sukarno refused and called upon his loyal army commander, General Abdul Haris Nasution, to destroy the rebel forces. By Feb. 21 loyal forces had been airlifted to Sumatra and had begun the attack. The rebel headquarters was in the southern coastal city of Padang. Rebel strongholds stretched all the way to Medan, near the northern end of the island and not far from Malaysia.

This was important administratively because by that time Frank Wisner, the CIA Deputy Director of Plans, had set up his forward headquarters in Singapore and at the direction of the 5412 Committee of the National Security Council, headed by Nixon, Wisner occupied that faraway headquarters himself. (It should be noted that in 1958 Allen Dulles was the head of the CIA, his brother John Foster Dulles was the Secretary of State, Eisenhower was President, and Nixon, as Vice President, chaired the clandestine affairs committee, then known as the

"Special Group 5412/2." In other words nothing was done in Indonesia that was not directed by Nixon. If an action had not been directed by the NSC, then it was done unlawfully by the CIA.)

In 1958 Allen Dulles would have brought such a major operation to the attention of the Special Group and he would operate with its approval. This was an essential step in national policy because it then empowered the Department of Defense to provide the necessary support requested by the CIA. Much of this fell within the area of my responsibility at Air Force Headquarters, and I was kept informed on a regular basis of approved action and of Nixon's keen interest in this project.

The rebellion flared sporadically from one end of Indonesia to the other.

While the CIA was supporting up to 100,000 rebels, the State Department professed innocence. The U.S. ambassador, Howard P. Jones, maintained that the United States had nothing to do with the rebellion and he protested the capture of the American oil properties. On the other hand, Sukarno had asked for more arms aid from the United States. He must have had strong suspicions about the source of rebel support. The vast number of guns, the bombers and heavy air transport aircraft dropping hundreds of tons of arms and equipment, as well as submarines supporting beach operations were just too sophisticated to be anything but major power ploys.

Thus, his appeal for U.S. arms aid had the ring of gamesmanship.

Playing along with the game, John Foster Dulles issued a statement saying that the United States would not provide arms to either side.

On 11th December, 1959, Colonel Joseph Caldwell King, chief of CIA's Western Hemisphere Division, sent a confidential memorandum to Allen W. Dulles, the director of the Central Intelligence Agency. King argued that in Cuba there existed a "far-left dictatorship, which if allowed to remain will encourage similar actions against U.S. holdings in other Latin American countries."

As a result of this memorandum Dulles established Operation 40. It obtained this name because originally there were 40 agents involved in the operation. Later this was expanded to 70 agents. The group was presided over by Richard Nixon. Tracy Barnes became operating officer of what was also called the Cuban Task Force. The first meeting chaired by Barnes took place in his office on 18th January, 1960, and was attended by David Atlee Phillips, E. Howard Hunt, Jack Esterline, and Frank Bender.

According to Fabian Escalante, a senior officer of the Cuban Department of State Security (G-2), in 1960 Richard Nixon recruited an "important group of businessmen headed by George Bush (Snr.) and Jack Crichton, both Texas oilmen, to gather the necessary funds for the operation". (2) This suggests that Operation 40 agents were involved in freelance work.

It is known that at this time that George Bush and Jack Crichton were involved in covert right-wing activities. In 1990 Common Cause Magazinemagazine argued that: "The CIA put millionaire and agent George Bush in charge of recruiting exiled Cubans for the CIA’s invading army; Bush was working with another Texan oil magnate, Jack Crichton, who helped him in terms of the invasion." (3) This story was linked to the release of "a memorandum in that context addressed to FBI chief J. Edward Hoover and signed November 1963, which reads: Mr. George Bush of the CIA" (4)

Reinaldo Taladrid and Lazaro Baredo claim that in 1959 George Bush was asked “to cooperate in funding the nascent anti-Castro groups that the CIA decided to create”. The man

“assigned to him for his new mission” was Féliz Rodríguez.

Daniel Hopsicker also takes the view that Operation 40 involved private funding. In the book, Barry and the Boys: The CIA, the Mob and America’s Secret History, he claims that Richard Nixon had established Operation 40 as a result of pressure from American corporations which had suffered at the hands of Fidel Castro.

Dr. Webster Griffin Tarpley (Webster G. Tarpley, Ph.D.) _and Anton Chaitkin have argued that George Bush was very close to members of Operation 40 in the early 1960s. In September, 1963, Bush launched his Senate campaign. At that time, right-wing Republicans were calling on John F. Kennedy to take a more aggressive approach towards Castro. For example, in one speech Barry Goldwater said: “I advocate the recognition of a Cuban government in exile and would encourage this government every way to reclaim its country. This means financial and military assistance.” Bush took a more extreme position than Goldwater and called for a “new government-in-exile invasion of Cuba”. As Tarpley and Chaitkin point out, beneficiaries of this policy would have been “Theodore Shackley, who was by now the station chief of CIA Miami Station, Felix Rodriguez, Chi Chi Quintero, and the rest of the boys” from *Operation 40*.

Paul Kangas is another investigator who has claimed that George Bush was involved with members of Operation 40. In an article published in The Realist in 1990, Kangas claims: "Among other members of the CIA recruited by George Bush for (the attacks on Cuba) were Frank Sturgis, Howard Hunt, Bernard Baker and Rafael Quintero.” In an article published in Granma in January, 2006, the journalists Reinaldo Taladrid and Lazaro Baredo argued that “Another of Bush’s recruits for the Bay of Pigs invasion, Rafael Quintero, who was also part of this underworld of organizations and conspiracies against Cuba, stated: If I was to tell what I know about Dallas and the Bay of Pigs, it would be the greatest scandal that has ever rocked the nation."

Fabian Escalante names William Pawley as being one of those who was lobbying for the CIA to assassinate Fidel Castro. (9) Escalante points out that Pawley had played a similar role in the CIA overthrow of Jacobo Arbenz Guzmán in Guatemala. Interestingly, the CIA assembled virtually the same team that was involved in the removal of Arbenz: Tracey Barnes, Richard Bissell, David Morales, David Atlee Phillips, E. Howard Hunt, Rip Robertson and Henry Hecksher. Added to this list was several agents who had been involved in undercover operations in Germany: Ted Shackley, Tom Clines and William Harvey.

According to Daniel Hopsicker, the following were also involved in Operation 40: Edwin Wilson, Barry Seal, William Seymour, Frank Sturgis and Gerry Hemming. (10) It has also been pointed out that Operation 40 was not only involved in trying to overthrow Fidel Castro. Sturgis has claimed: "this assassination group (Operation 40) would upon orders, naturally, assassinate either members of the military or the political parties of the foreign country that you were going to infiltrate, and if necessary some of your own members who were suspected of being foreign agents."

At times he would be called to meet with Allen Dulles and John Foster Dulles at their home on highly classified business. He was assigned to attend MKULTRA meetings. In this capacity Col. Prouty would be at the nerve center of the Military-Industrial Complex at a time unequaled in American History. He has written on these subjects, about the JFK assassination, the Cold War period, and Vietnamese warfare, and the existence of a “Secret Team”. He backs up his his work with seldom seen or mentioned official documents - some never before released.

Fletcher Prouty offers a rare glimpse of the “Power Elite” as described by Buckminster Fuller, or “The High Cabal” as Winston Churchill refered to them; and how they really operate. Those who have not been in a position to witness events such as these from the inside would not understand how invisible but ultimately effective they and their power structures are.

Fletcher wrote, lectured, spoke on Radio shows, and was on Television many times, often regarding political intrigue from Watergate to the JFK Assassination. Of course he worked with Oliver Stone, Jim Garrison, and Zachary Sklar on the film “JFK”

Fletcher Prouty was one of the most warm and amiable men you could ever meet. Almost endlessly, people from around the world came to visit and interview him. All you had to do was ask and he would give of his time. It will be his selfless and dogged effort to educate and inform that I feel he will be remembered for.

Whenever I was at his upstairs office at his home there was always a stack of letters that he would be replying to. Not a few, but a stack!

He wrote two books and close to 100 articles for various publications. I know he was very proud of everything thing he had written, but especially his two books, “The Secret Team”, and “JFK, Vietnam The CIA, And The Plot to Assassinate JFK”

Some CV information on Col Prouty

Col. L. Fletcher Prouty (USAF)

Born: Springfield, Mass., January 24, 1917. Attended public schools. President, High School Student Government. Member, undefeated Golf Team. Vocalist with Big Bands, sang in most large dance halls, hotels and colleges in Northeast. Graduate: Mass. State College 1941, A.B. degree and 2nd Lt. Commission, U.S. Cavalry.

June 1941

Began military career with 4th Armored Division, Pine Camp, NY. At Communications Officer School, Ft. Knox, KY, on December 7, 1941[Pearl Harbor]. Transferred to Air Force

1942. Earned Pilot's wings November, 1942. Arrived British West Africa [Ghana], February 1943 as pilot with Air Transport Command.

Assigned to V.I.P. flying, summer 1943. Personal pilot for Gen. Omar Bradley, Gen. J. C. H. Lee and Gen. C. R. Smith (Founder and President - American Airlines), among others. Landed U.S. Geological Survey Team in Saudi Arabia, Oct 1943, to confirm oil discoveries for Cairo Conference.

Assigned special duties at Cairo and Teheran Conferences, November-December 1943. Flew Chiang Kai Shek's Chinese delegation (T.V. Soong's delegates) to Teheran.

Chief Pilot (1,200 pilots), Cairo for Air Transport Command. Led special air mission into Soviet Union, and others into Turkey, 1944. Evacuated "Guns of Navaronne" British commandos from Turkey to Palestine. Assisted in capture of leader of German Gold smuggling ring (The actor, Bruce Cabot) in Turkey and Cairo. Led large flight of transport aircraft to Turkish-Syrian border to evacuate 750 American POW's and OSS-selected Ex-Nazi Intelligence experts from the Balkans, September 1944. The first "overt" Cold War mission.

1945

Transferred to SW Pacific, flew in New Guinea, Leyte and was on Okinawa at end of war. Landed near Tokyo at surrender with first three planes carrying Gen. MacArthur's bodyguard troops. Flew out with American POWs. Photographed Hiroshima, that date. (With James Paul Donegan, recon P-51 pilot in the Hiroshima and Nagasaki bombing air wings?)

1946-49

Assigned by Army to Yale University to begin first USAF ROTC

program. Taught “Aeronautics” and “Evolution of Warfare”. Transferred to U.S. Air Force ROTC headquarters to write college text books. Wrote the college textbook on “Aeronautics” and another on “Rockets and Missiles”.

1950-52

Transferred to Colorado Springs to establish Air Defense Command. There, Director, Personnel Planning for Command (77,000 men) and first to put personnel records on Computer. Attended Nuclear Weapons school, Sandia, N.M. Selected for Air Force Command and Staff College, Montgomery, Ala.

1952-54 Assigned to Korean War duties in Japan. Military Manager, Tokyo International Airport (Haneda) during Occupation. Commander, Military Air Transport Service, Heavy Transport Squadron responsible for military and diplomatic flights from Toyko to Saudi Arabia and back, in addition to daily flights to Korea, Honolulu and Pacific Islands. Founder, Toyko Toastmasters Club. Attended, JCS operated Armed Forces Staff College, Norfolk, 1955

1955-1964 Col Prouty replaces Asia Tokyo Guatemala Indonesia by creating the more global DIA

Assigned to Headquarters, U.S. Air Force and directed to create an Air Force world-wide system for “Military Support of the Clandestine Operations of the CIA”, as required by a new National Security Council Directive, 5412 of March, 1954. Wrote this policy in conjunction with Air Force General Counsel and CIA’s General Counsel. Set up a TOP SECRET world wide support force and communications system. Was sent around the world by the Director, Central Intelligence, Allen W. Dulles, to meet the CIA Station Chiefs, 1956. Directed Air Force participation in countless CIA operations during this period. As a result of a CIA Commendation for this work, awarded the Legion of Merit by the Air Force, promoted to Colonel and assigned to the Office of the Secretary of Defense to carry out

this same type of work for all military services. Assigned to the Office of Special Operations.

With the creation of the Defense Intelligence Agency by Secretary McNamara and the abolishment of the OSO, was transferred to the Office of the Joint Chiefs of Staff to create a similar, world-wide office and was the Chief of Special Operations, with the Joint Staff all during 1962-1963.

Received orders to travel as the Military Escort officer for a group of VIPs who were being flown to the South Pole, Nov 10 - Nov 28, 1963, to activate a Nuclear Power plant for heat, light and sea water desalination at the U.S. Navy Base at McMurdo Sound, Antarctica.

Retired as Colonel, U.S. Air Force, 1964 and was awarded one of the first three Joint Chiefs of Staff Commendation Medals by General Maxwell Taylor, Chairman, Joint Chiefs of Staff.

Super Conspiracy Theory Michelle Obama

John Milton is someone I have modeled many of my freedom of the press and speech theories around. Following tools like the Star Chamber (today is Gang Stalk) that used behind-the-back of the accused sabotage the English Liscensing Order replaced those means, making books needed to be pre-liscensed. There are arguments for and against this.

Many kings and pubic figures never had children. I think from my reading US Supreme Court Associate Justice Oliver Wendell Holmes was one of them.

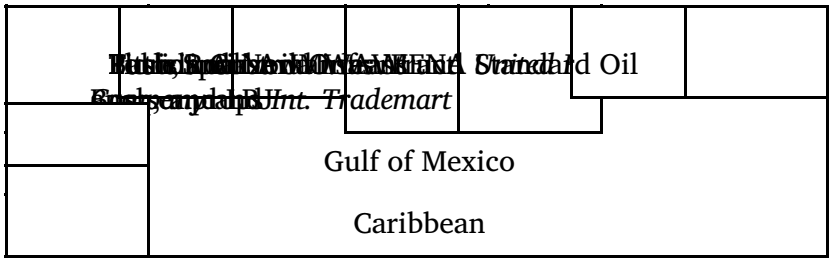
They simply drew a black with Michelle Obama. Supposedly she got her mitochondria from her mother and passed that mitochondria to her children. In the olden days that was the whole story unless there was a Y chromosome invovled, the male chromosome. Since those days immumologiy genes can without sex-based DNA check for who is a close relative.

It is probably from all that is written by deceased conspiracy

theories (yet another death bed testimony should be taken seriously) that this was supposed to be a biological clean slate, a person born as a man livign as a woman and who would contribute genetically to the children. Rather the original source DNA stored from the Donegan's perhaps in the 1940's was used for the Obamc CHildnre thus fixing the continuity with a blank template and that solution would work unless Ed and Glorian and Tom Donegan survived for that testing of genetic closeness.

There was an episode of Babylon 5 where undesirables were left in such conditions they would neither be in condition to vreate and raise families of participate in society, living in squalor below the floorboards of actual society. Babylon 5 denied intending to do this to undesirables byet they were living on thre stastions an that stations skid row.

Super Conspiracy Third Coast



The area a Yankee Crossed into the Third Coast

The New Form of Government that Jack Ruby refereed to is business is so rich it can buy offices of government, whole press agencies, and assassins. Global Business is the new Government. The Mafia's unsolved crimes are the work of WETDVISION enforcing the rule on truth telling.

Corpate Officers → Industry Captains → Politicians and lobbyist aand commentators → Constitutional Officer and Political Appointees

J Edgar Hoover's Masonic ties and his allegiance with crime was a greater threat than his longevity. Even a four year term would be enough to assassinate JFK.

Dallas had Big Oil. The Rockefeller's were of course active in the Plains states like Little Rock Arkansas and it Middle East North Africa CIA gun running and CIA activities pilot intermixing use of CIA craft to run drugs in order to pay for weaponry to be shipped to allies in Latin America.

Hughes Tool Company was an American manufacturer of drill bits. Founded in 1908. The company was established in December 1908 as Sharp-Hughes Tool Company when Howard

R. Hughes Sr. patented a roller cutter bit that dramatically improved the rotary drilling process for oil drilling rigs. He partnered with longtime business associate Walter Benona Sharp to manufacture and market the bit. Following her husband's death in 1912, Sharp's widow Estelle Sharp sold her 50% share in the company to Howard Hughes Sr. in 1914. The company was renamed Hughes Tool Company on February 3, 1915.

In 1932, Hughes formed Hughes Aircraft Company as a division of the Hughes Tool Company. Hughes Aircraft thrived on wartime contracts during World War II (though not on the only two contracts it received to actually build airplanes), and by the early 1950s was one of America's largest defense contractors and aerospace companies with revenues far outpacing the original oil tools business.

After Hughes Sr. died of a heart attack in 1924, the younger Howard inherited the majority interest in the company, and then convinced his relatives to sell their shares to him as well. Legally emancipated at the age of 18, Howard began using the profits from Hughes Tool to fund his other ventures. Toolco paid Hughes an annual salary of $50,000, and Hughes charged all major expenses such as planes, automobiles, and houses, to the company. In 1937, Hughes used Hughes Tool to buy a controlling interest in TWA.

In 1953, Hughes Aircraft became a separate company and was donated to the Howard Hughes Medical Institute as its endowment. Hughes Aircraft's helicopter manufacturing business was retained by Hughes Tool Co. as its Aircraft Division until 1972. Wikipedia

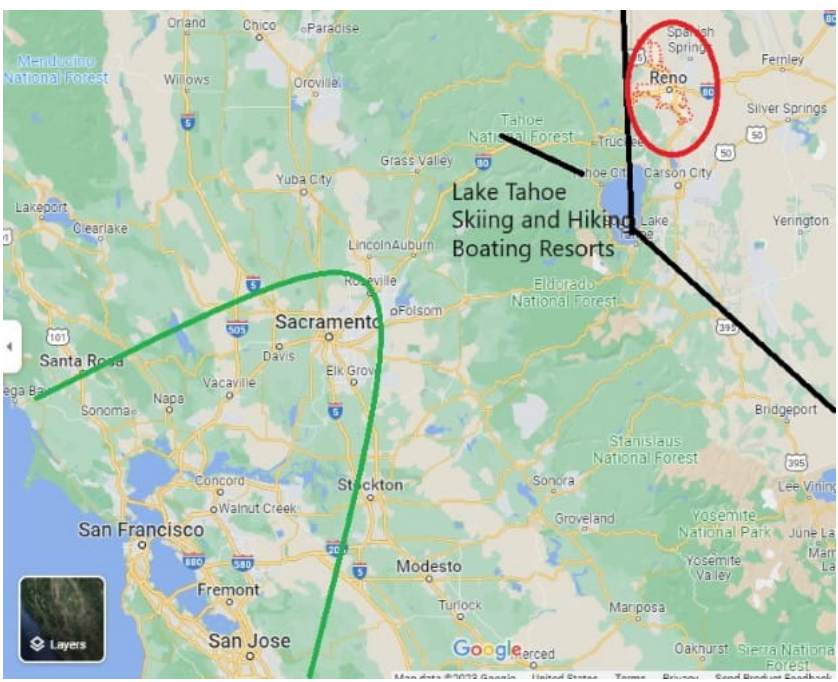
My own experience in Texas riding the bus around and meeting people is that Oil is to Texas as Cars are to Detroit. I met one man who was a geology explorer. The compnay he worked for tried to find deposits of untapped oil that could be drilled. He was layed off when the price of oil had dropped below the costs of locating and tapping the oil field. Other

people have work in telecom for oil rigs, their manufacture and building, safety operations and injury and wrogfull death of workers in dangerous condiations, "Plains Lending" bank who know the business and can rule loans in and out.

The Rockefeller's and Bush family wre in oil, as was all of LBJs backers. Whether they were CIA disguised as Oil or Oil backed by CIA it was all the same was gold mining from Indonesia, as Gregg Poulgrain writes in Dulles V JFK Battleground indonsiea.

Gun-running, Liquor Running, Gambling and Speak Easy, the Mob Can Do it

The Cal Neva (Califronia Nevada) casino is good to conceptualize a model through.



The FBI and CIA knew who these guys were and might incentivize or even strong-arm them to run their mobs on FBI

Being near the Casino's of Batista that Floridians would travel to, or getting booze across the great lakes, or severing breakfust buffet to skiers who will play some slots or cards.

This is how the Bugsey Lanksy Mob was started and Murder Inc., developed skills even the FBI did not have in conducting assassination because assassins for the mob face different challenges than police.

Los Angeles had Neveda nearby and Bugsey Seigal there, Meyers Lansky moved to Florida and flew gambers to Batistas Cuba. Holt was the acountant when the CIA asked Meyers Lanksy for Murder Inc help, like use of Charles Harrelason and gun runing across Palm Springs, Tuscon Airz, and Lake Panuchatrain New ORlieasn, and is own base with Lansky, Florida.

Phillip Marshall, author of, The Big Bamboozle: 9/11 and the War on Terror" is a Revealer

#ThirdCoast the Third Coast The Southern US is Coast too. The crescenet is for these tellings of CIA the egress beach and airports for across the Gulf of Mexico and into The Caribbean, the Meditarian of Latin America. Also as it joins with the East Coast it becomes the Southestern base to attack Cuba from as well and JMWAVE in FLorida as CENTCOM is. PsyOps is active in Hollywood and the FBI is too looking for foreign Agents of Influence or Sympathizers, and placing thier own. From Palm Springs California, Tuscon Airizona, New Orleans and Lake Paunchatrain CIA activities and gun runing will be part of life for Chauncy Holt and the Mafia, Murder Inc., and Barry Seal and Phillip Marhsall, and Iran Contra. United Fruit Company, International Trade Mart all operate on this coast.

In his books and his social media bios (including multiple Facebook accounts, his Twitter account and a Tumblr), he claims to have served as a contract pilot for the CIA's Special Activities Division during the Iran-Contra affair, flying shipments to and from Nicaragua.

> Philip Marshall, a veteran airline captain and former government "special activities" contract pilot, has authored three books on Top Secret America, a group presently conducting business as the United States Intelligence Community.
>
> Beginning with his role in the 1980s as a Learjet captain first as part of a Drug Enforcement Administration (DEA) sting on Pablo Escobar, and later in the covert arming of the Nicaraguan Contras, Marshall has studied and written 30-years worth of covert government special activities and the revolving door of Wall Street tricksters, media moguls, and their well funded politicians.

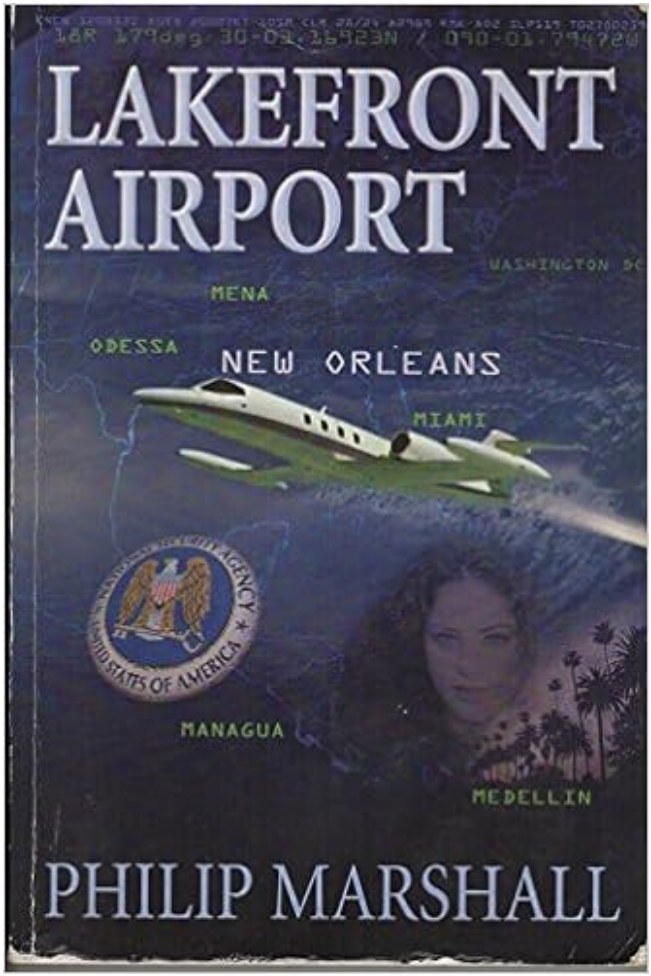
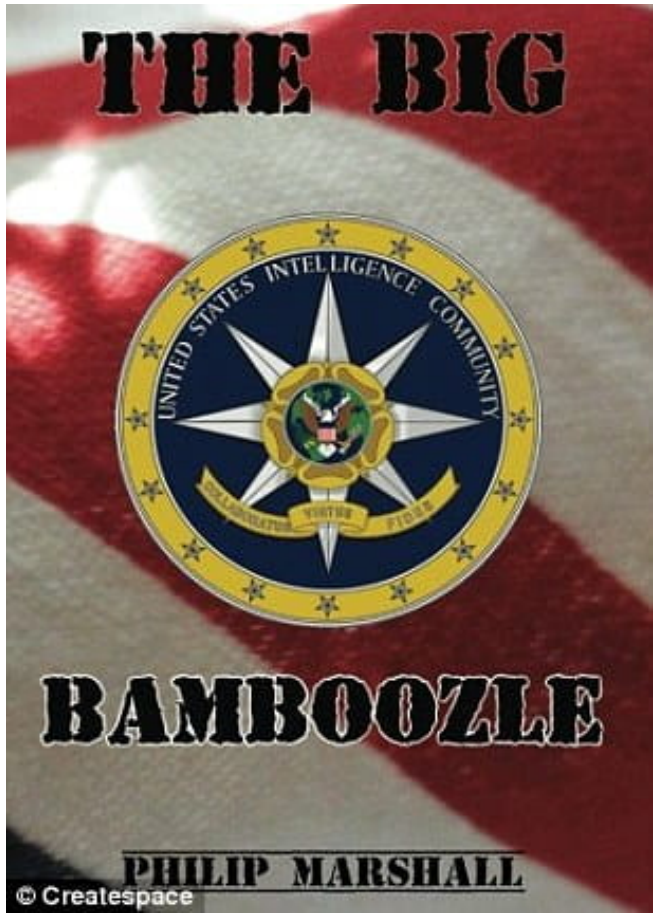
Lakefront Airport New Orleans Paperback - January 1, 2003 retrieved from Amazon.com and copied or modified to here



This is a good used ***EXTREMELY RARE*** copy, however, there are some stains on the cover, and a few pages. I have photographed every stain there is. What makes this extremely valuable, though, is that this is a signed copy by the author, whom is now deceased.



The Big Bamboozle : 9/11 and the War on Terror by Philip Marshall (2012, Trade Paperback) covers BCCI and Bush Chenney Deep State extensively retrieved from link and copied or modified to here

Product Information

From the perspective of a Boeing 767 captain and former “special activities” contract pilot, Philip Marshall straps the reader into the cockpits of hijacked commercial airliners to tell the story of the most sophisticated terrorist attack in history.

Based on a comprehensive ten-year study into the murders of his fellow pilots on 9/11, he explains how hijackers, novice pilots at the controls of massive guided missiles, were able to beat United States Air Force fighters to iconic targets with advanced maneuvering, daring speeds and a kamikaze finish.

But, as Marshall explains, the tactical plan was so precise that it rules out car-bombers and shoe-bombers known as al Qaeda, KSM and Osama bin Laden.

So then, who was it? That's what you are about learn. Backed by official NTSB, FAA and black box recordings, Marshall finds the most capable and most documented group of conspirators buried deep within a Congressional Inquiry's report and retraces their work in gripping detail. Fasten your seatbelt- the sad truth is that all of the solid evidence points to a dark collaboration between members of the Bush Administration and a covert group of Saudi government officials.

This is a game changer that will finally set the record straight on the most horrific crime in US history. This book is a compilation of official reports that disputes the Bush Administration, the Bush Intelligence Community and the American media's account of the 9/11 attack. United States Senator Bob Graham's Congressional Joint Inquiry in 2002 revealed that Saudi Arabian Intelligence agents met the 9/11 hijackers in the Los Angeles in January of 2000, harbored them and led them to 18 months of flight training in Florida and Arizona. Marshall follows reports from FBI field agents that warned George W. Bush's Administration that a "cadre of individuals of investigative interest were engaged in flight training" in the Arizona desert in the spring of 2001.

Marshall identifies three top federal investigators who complained that Dick Cheney obstructed justice by

refusing access to suspects who supposedly confessed to the greatest crime in U.S. history. None of the federal investigators were ever allowed to verify the confession of Khalid Sheik Mohammed who had been water boarded over 180 times at Guantanamo detention facility. The book disputes the video and media confession of Osama bin Laden and points out that none of the accusations by the Bush Administration could be proved.

Marshall asserts that the Saudi government was the true executioners of the 9/11 attack and framed their enemies while CIA special operations set up an elaborate decoy named Osama bin Laden to divert attention away from the Saudi operation Financial investigators Micheal Thomas Paine MOore and Mark Gorton and others less famous believe Saudis were behind that attack that coverup the ONI recorfds I think of Capt Von Trapp.

. He follows the hijackers to flight training airports and finds that Saudi agents led the hijackers to the Arizona desert where Boeing 757 and Boeing 767 airliners were parked at a secluded CIA operated airport. The operators of the CIA airport were traced to suspicious insider stock trades on two airlines, United Airlines and American Airlines, the only two airlines used in the 9/11 attack.

Marshall breaks down the tactical flight plan that was used by the hijackers and chronicles the actions of Condoleezza Rice, Donald Rumsfeld, Saudi Arabian Prince Bandar bin Sultan, Dick Cheney and George W. Bsuh to learn that their account of the attack was severely flawed. *Three top investigators wrote that* ***Dick Cheney had obstructed the investigation and redacted the involvement of the Saudi government agents*** *who were employed in California by the* ***Saudi Civil Aviation authority***. The Congressional Inquiry reported that the Saudi agents had “seemingly unlimited funding from Saudi Arabia” and had traced the hijacker financial

support to Prince Bandar through a Riggs Bank account.

Finally Marshall chronicles the media trial that **allowed Bush and Cheney** to derail American Justice by trying the 9/11 case with media propaganda and away from the American federal court sys

Calaveras County Coroner Kevin Raggio said he determined Philip Marshall and his two children were all killed by a gunshot wound to the head, after performing an autopsy Tuesday morning.

An admission by William Casey, DCI, that he approved smuggling of cocaine into USA, having chosen Mena, Arkansas as a shipment point retrieved from https://wikispooks.com/wiki/Document:Affidavit_of_William_Casey and copied or modified to here

Thank you Wikispooks

AFFIDAVIT OF RAYMOND D. KOHLMAN

I, Raymond D. Kohlman, on oath state the following to the best of my recollection, belief and knowledge:

1. The attached document that purports to be the Declaration of William Casey.

2. When this document came into my possession I was told by Desiree Carone Ferdinand, of Corrales, New Mexico, that she had spoke to Ted Shackley, former Associate Deputy Director of Operations at the Central Intelligence Agency, to immediately send the document to the FBI, and to the General Counsel of the CIA. Which I did. That was done over one hundred days ago, and I never received any form of response.

3. I am aware of the contents of the Casey Declaration and can state that at this time, most of the contents of that document can be proven. I will testify to the contents of this affivdavit in court.

SIGNED UNDER THE PAINS AND PENALTIES OF PERJURY ON THIS DATE, August 27th 1999.

Raymond D. Kohlman, Esq.
8 North Main Street Suite 215A

Attleboro, Massachusetts 02703

…

I, William J. Casey, declare: I have found that freedom is a priceless commodity that demands constant vigilance to guarantee its longevity.

I was assigned to the Office of Strategic Services (OSS) in London, England, during World War II. During that time I befriended a young German soldier named Gunther Russbacer. I used Gunther and several other anti-Nazi German prisoners of war in OSS operations within Nazi Germany.

I knew this violated Geneva (War) Convention. I did not care. The Geneva Convention was but a set of rules governing man's atrocities committed in the name of political ideology. To wage war with rules is to prolong human suffering. Open warfare is the last resort of a civilized nation and must be used sparingly. Wars must be fought savagely utilizing all tools and tricks at hand. Gunther was a tool. Ignoring the Geneva Convention was the trick.

After I became Director of Central Intelligence (DCI) on January 28, 1981, I was approached and briefed by William Colby, former DCI. My history with Bill Colby is known. Colby notified me off the record of two operations he was still running in Latin America. Both operations were without the knowledge and consent of the United States Congress, President Ronald Reagan or even the United States intelligence apparatus. Colby identified the operations as "A-6" (RED MIST) and "A-7" (PROJECT SANDMAN). A-7 entailed smaller operations.

I was told that A-6 identified individuals and the build-up of the communist threat in Latin America. Some intelligence collected in A-6 was used in TASK

FORCE-157.

I was told that A-7 was "the Phoenix Program" of Latin America. It involved the assassination of the communist infrastructure throughout Latin America.

I was told that Colby authorized assets involved in A-6 and A-7 to engage in narcotic's trafficking to finance both operations. Colby engaged in similar operations that I know of in Vietnam for the same reason.

Colby candidly informed me that he had prepositioned more than one million pounds of cocaine in Panama between December 1, 1975 and April 1, 1976. This was done with the aid of our gallant ally, General Manuel Noriega. The cocaine was transported into El Salvador, Costa Rica and Honduras between 1976 and 1981. Colby now sat in front of me with hat in hand and requested my help in the delivery of the cocaine to the American market.

I was told that Colby was using a mutual friend of ours, Colonel Albert Vincent Carone, United States Army, Military Intelligence, to field A-6 and A-7. Al Carone is a charismatic patriot that General Joseph W. Stilwell introduced us to in late 1945. Besides the usual qualifications, Al Carone brought to the anti-communist effort a direct connection to his longtime friend, Vito Genovese. Genovese was the head of the gambling and narcotics for the controlling mafia family in New York to which Al Carone was made a member. Carone is a friend of international fugitive Robert Vesco. Carone has several anti-communist intelligence sources that include Maurita Lorenz, a friend of Fidel Castro. Al Carone is the younger brother of Dr. Pasquale Carone. Dr. Carone worked for Central Intelligence on other matters.

> **Wikipedia**

Vito Genovese was an Italian-born American mobster who mainly operated in the United States. Genovese rose to power during Prohibition as an enforcer in the American Mafia. Wikipedia Born: November 1897, Risigliano, Italy Died: February 14, 1969, United States Medical Center for Federal Prisoners, Springfield, MO Place of burial: St. John Cemetery, New York, NY Spouse: Anna Vernotico (m. 1932-1969), Donata Ragone (m. ?-1931) Movies: Analyze This

Albert Vincent Carone "truly was a paradox wrapped in a mystery concealed behind an enigma according to a year 2000 article by David Guyatt Holy Smoke and Mirrors.

Holy Smoke and Mirrors was A wide ranging overview into the history of the modern supranational deep state, with an emphasis on overall connections and interactions of groups and people, rather than on particular events and dates.

"Al Carone, or "Big Al" as he was known, had been a de facto orphan in Brooklyn in the late ‘20s and early ‘30s. A street kid, left to roam while his mother "entertained" gentlemen at night, he had slept under stoops and in stairwells. He had been adopted by the legendary mobster Vito Genovese, who operated out of a nearby bar." Carone was also a Grand Knight of the Sovereign Military Order of Malta.

“The Knights of Malta is a world organization with its threads weaving through business, banking, politics, the CIA,

other intelligence organizations, P2, religion, education, law, military, think tanks, foundations, the United States Information Agency, the United Nations, and numerous other organizations. The world head of the Knights of Malta is elected for a life term, with the approval of the Pope.

The *Knights of Malta* have their own Constitution and are sworn to work toward the establishment of a **New World Order** with the Pope at its head.

Knights of Malta members are also powerful members of the *CFR (Council on Foreign Relations*) and the *Trilateral Commission*. British Japanese American" - William Cooper as quoted on Wikispooks. Wikispooks thanks the 4 Patrons who cover ½ of the hosting bill. Wikispooks as you participate in funding Wikispooks and its projects if you can.

… The roots of the C.I.A. are the British Pilgrims Society's MI6 thru Columbia University Law. Alleged C.I.A. founder William J. Donovan was a mere stooge for J.P. Morgan, Lord Rothschild and John D. Rockefeller who conspired with Columbia University to groom him (1903-07)

The Truth: C.I.A., NSA, FBI, DoD, DOS, SEC, Judiciary and multinational corporate intelligencers are American stooges controlled by the British Empire. https://aim4truth.org/2021/06/12/proof-columbia-university-helped-british-saboteurs-and-american-traitors-takeover-america-in-1902/ …

Colby told me that profits from the prepositioned cocaine would be laundered through Al Carone, the New York mafia and Robert Vesco, then redirected to the anti-communist effort through Colby.

After discussion with Al Carone, I made the decision to bring the prepositioned cocaine into Mena airport, Mena, Arkansas. Central Intelligence has used Mena Airport on prior occasions. This time the cocaine is the tool. The trick was to ignore the law and avoid public scrutiny. We were helped in our efforts by William J. Clinton and William F. Weld.

By 1984 all prepositioned cocaine had arrived at Mena airport and additional cocaine sources were secured. Cocaine was being transshipped through Hangar Four and Five at Ilopango Airbase, El Salvador. My point man at Mena was Adler Berriman Seal (Berry Seal).

Bill Clinton has proved invaluable so far by containing the local law enforcement investigations into the intelligence activity at Mena. Bill Weld, as Assistant United States Attorney, was placed in charge of the Criminal Division of the Department of Justice. This was done so that Bill Weld could control investigations into Mena by federal law enforcement agencies. The placement of Weld has proved invaluable.

I ordered John Poindexter, Robert McFarlane and Oliver North to go outside normal channels and use available assets, including the mafia, to ensure the arrival of the cocaine into Mena Airport. The arrivals occurred in no small part through the efforts of personnel assigned to the National Security Agency (NSA) and Army Security Agency (ASA). The men and women of the NSA and ASA blinded early warning defense satellites and radar grid to enable the aircraft to land undetected at Mena Airport. The NSA and ASA operations were SEA SPRAY and JADE BRIDGE.

I have learned that the course of the democratic struggle for Nicaragua and Latin America is beginning to swing in our direction. I attribute this success to A-6 and A-7 which Bill Colby had the insight, precision and spine to carry out.

I take notice of the heroic efforts of Al Carone, Bill Clinton, Bill Weld, John Poindexter, Bud McFarlane and Ollie North. Without these men, A-6 and A-7 would not have appeared.

Freedom is a priceless commodity. The amount of freedom you enjoy is a result of the amount of vigilance you invest.

My actions may be recorded as criminal, condemning countless American's to drug dependency. I don't care. All wars produce casualties. Generally the more violent the war, the shorter the length. My choice was either to stare down a protracted cold war guerrilla insurgency in Latin America or use the means' available to finance and wage a violent war of short duration for democracy. I stand by my decisions. The tool is cocaine. The trick is to understand that the drug user had the freedom to make a choice. They chose the drug. I chose to use their habit to finance the democracy that all Americans enjoy. To keep those American's safe from the communist threat knocking on our back door in Latin America. For a change the drug user will contribute to society.

I declare under penalty of perjury that the above facts are true and correct to the best of my knowledge and belief.

The Saudi connection to the Bush family creating of Barrack Obama Jr. as part of the 1961 Middle East North Africa Moles and Sleeper agent plot of Dulles, Donald Barry, William Barr,

and other 33rd masons including Vatican.

The totality of my life experience is that private enterprise George H.W. Bush., Standard Oil and the Rockefeller's, and CIA activity uses small planes for cartel travel and pilots have testified under oath as being hired by CIA contracts and having transported members of the Bush family and accuse the Bush family of being crime bosses.

Quote retrieved from My Experiences With A Drug Kingpin and copied or modified to here

Retired Brig. General Russell Bowen is another fascinating person tied to Jerry's cocaine empire. During WW 2, he received the Distinguished Flying Cross and other medals for his time as a young fighter pilot. It was during this time he was brought into the OSS and when President Truman banned the intelligence organization, Bowen and others secretly maintained the organization, later to become the CIA. He helped establish several airlines in South America that were used as cover for the CIA and was an expert at extracting CIA operatives from dangerous situations when their cover had been exposed. He was heavily involved in *CIA drug trafficking*, especially in South America, and had many friends within both the ***Medellin and Cali cartels*. Eventually, Bowen and others became disenchanted with the CIA involvement with drugs and wanted to stop the practice of bringing them into America**.

The Immaculate Deception: Bush Crime Family Exposed 1st Edition by Russell S. Bowen (Author)

Perhaps the most shocking book written this century

about treason committed by the highest leaders within the US government. This disturbing and thought-provoking expose is written by Brigadier General Russell S Bowen who has courageously come forward with the truth about his association with the OSS (Office of Security Services) and his 'drug running' activities on behalf of the 'secret' government which involves the highest US 'leaders' and which few Americans know anything about. The most startling details are revealed regarding Bowen's clandestine work including his work under the orders of George Bush.

Cartel Air Traffic at MENA Airport and other locations by private and other planes

ARKANSAS GOVERNOR BILL CLINTON PRESIDENT GEORGE BUSH CIA DRUGS FOR GUNS CONNECTION
retrieved from Wikipedia and copied or modified to here

[image]

An independent group of researchers in Arkansas are charging that Governor Bill Clinton is covering up an airport used by the CIA and major cocaine smugglers in a remote corner of the Ozark mountains.

According to Deborah Robinson of In These Times, the Inter mountain Regional Airport in Mena, Arkansas continues to be the hub of operations for people like assassinated cocaine kingpin Barry Seal as well as government intelligence operations linked to arms and drug smuggling.

In the 1980's, the Mena airport became one of the world's largest aircraft refurbishing centers, providing services to planes from many countries. Researchers

claim that the largest consumers of aircraft refurbishing services are drug smugglers and intelligence agencies involved in covert activities. In fact, residents of Mena, Arkansas, have told reporters that former marine Lt. Colonel Oliver North was a frequent visitor during the 1980's.

Eugene Hasenfus, a pilot who was shot down in a Contra supply plane over Nicaragua in 1986, was also seen in town renting cargo vehicles

On October 5, 1986, Hasenfus was aboard a Fairchild C-123 cargo plane, N4410F, when it was shot down over Nicaragua by the Sandinista government.[5] The aircraft was brought down when it was approximately 35 miles (56 km) north of the border with Costa Rica, and a little over 90 miles (140 km) southeast of Managua.[1] The plane had been flying weapons to the anti-Sandinista Contra rebels.[2] Three members of the flight crew were killed: Hasenfus was the only survivor.[2] The two pilots and a Nicaraguan radio operator died in the crash.[6] Hasenfus had been wearing a parachute, unusual for Central Intelligence Agency (CIA) operatives at the time.[7]

According to newspaper reports, BCCI founder Agha Hasan Abedi was introduced to Lance by Stephens. Stephens, Lance, and First American Bank director and longtime Democratic party power broker Clark Clifford all maintain that they did not know the group of Pakinstani and Saudi investors headed by Pharon, which they were dealing with, were actually fronting for BCCI. Clinton's staff has refused to comment.

Sightings #79

Maynard Webb. Owned a small aircraft repair business, and

had stumbled on several aircraft whose tail numbers were being changed on a regular basis. Was about to go public when he walked headfirst into a spinning propeller.

[image]

The Chain of Command

Paul Wilcher [likely victim of espionage hit] alleged the existence of a "top secret chain of command underlying all of the major covert and black operations which have been carried out by the CIA's myriad wet teams over the past 30 years or so." This "shadow government" would be led by "a top secret council of nine men whose names I do not know and would not recognize even if I stumbled across them," who were capable of giving orders to the Director of Central Intelligence and the Joint Chiefs of Staff.

Wilcher claimed that this group was responsible for nearly every notable assassination and assassination attempt from JFK to John Lennon, for starting the Vietnam and Bosnian wars by destabilizing these societies, and for the deaths at Jonestown.

Wilcher cited his client Gunther Karl Russbacher, "a life-long covert operative for the CIA and the Office of Naval Intelligence" as the pilot of the flight that flew George Bush and others to Paris for a meeting with Iran's leaders during the 1980 election campaign.

Russbacher claimed to have flown Bush to France in a BAC-111 owned by the Saudi royal family. By Russbacher's recollection, the aircraft left from Andrews Air Force Base near 7:00 EST on October 18, rendezvoused over the Atlantic with a Grumman Gulfstream flown by Heinrich Rupp, and landed at LeBourget Airport. Russbacher returned Bush to the United States in a SR-71 which landed at McGuire Air Force Base at 10:50 AM EST. After dropping Bush off at McGuire, Russbacher continued alone to Andrews.

Wilcher cited his client Gunther Karl Russbacher, “a life-long covert operative for the CIA and the Office of Naval Intelligence” as the pilot of the flight that flew George Bush and others to Paris for a meeting with Iran’s leaders during the 1980 election campaign.

Russbacher claimed to have flown Bush to France in a BAC-111 owned by the Saudi royal family. By Russbacher’s recollection, the aircraft left from Andrews Air Force Base near 7:00 EST on October 18, rendezvoused over the Atlantic with a Grumman Gulfstream flown by Heinrich Rupp, and landed at LeBourget Airport. Russbacher returned Bush to the United States in a SR-71 which landed at McGuire Air Force Base at 10:50 AM EST. After dropping Bush off at McGuire, Russbacher continued alone to Andrews.

According to Wikipedia, the BAC-111 lacks the range to fly across the Atlantic. Later models could reach 1,700 miles. The trip to France is nearly 4,000 miles.

Lame Cherry

https://lamecherry.blogspot.com/ *

> The lame cherry, the mystery of life’s experts coupled in the mind of ignorance too much the enigma to understand.

Smedinghoff Murder retrieved from link and copied or modified to here

Once again another Lame Cherry exclusive in matter and anti matter……

The assassination of diplomat Anne Smedinghoff was directed from 1600 Penn Avenue, in a fringe control cell, run out of the NSA.

In the Smedinghoff sanction, Homeland Director Janet Naps Napolitano knew of this operation, the CIA knew of this operation as she was one of their "own" and the NSA proper knew of the assassination.

What this cell is, is a melding of the political wing of ***Val-erie Jarrett David Axelrod***, ***David Plouffe***and Michelle Robinson Obama, with full knowledge by Birther Hussein Obama, in this "committee to re elect the birther" and to provide political opportunities in staged crisis to not take advantage of. Rahm Emanuel never quite knew the depths to what his statement would devolve to.

The reason Smedinghoff was terminated, was her indirect knowledge in being the "cancer courier" who provided the wafer to the priest who fed this bio toxin to Hugo Chavez. Smedinghoff did not know her mission in Venezuela, but after reaching her new assignment in Afghanistan, became concerned over the perilous things that Birther Hussein was exposing the Israeli state to and the treatment of Jews, that in conversation with a Mosaad operative, a recruitment was initiated, and Smedinghoff divulged her part in the Venezuela operation which the Israeli operative helped fill in the details to bring to the conclusion of why international headlines were speaking of the cancer weapon, and Smedinghoff was made to realize she was the loaded gun.

This information found it's way through the NSA network and Smedinghoff was sourced as the conduit. It was at this point that this double agent was sanctioned for termination to cover up what was becoming a story pointing fingers at the Obama regime as Murder Incorporated.

Bluntly put, there is no difference in Smedinghoff, Benghazi with Ambassador Stevens, the SEALS loaded into one helo and murdered and Hugo Chavez. All of these operations were run out of 1600 Penn Avenue by the cell operational with full knowledge of the NSA Director.

This cell, was behind the setting up of the fake bin Laden compound in Pakistan for a future political event.

The reason the CIA, NSA and Napolitano were informed of the Smedinghoff assassination, was this was one of their own and would bring high attention as Chris Stevens. There could not be "inquiries" into this, as Anne Smedinghoff like Chandra Levy left strings which if pulled would reveal other higher profile operations.

This cell in the NSA was cleverly put together, and the NSA director is disavows any direct knowledge of operations, so it is never under Congressional oversight. The coordinator for this cell is Eric Holder, and is why he was brought into the Obama regime for the beginning in order to run this cell, as it was Holder who was the hatchet man in the Clinton Administration who under Janet Reno ran the Waco operations that murdered the Branch Davidians and burned their children alive for political effect, and it was Holder who ran the mass assassination of the group around Sec. Ron Brown when he was executed with an ***ice pellet bullet***, and the surviving flight attendant on ground after the crash was murdered as she wandered around ground zero. Vince Foster's termination was coordinated by the hatchet man

Eric Holder .

Holder is the enforcer for the cartel at 1600 Penn Avenue. His cover is Attorney General, but in working the NSA cell, he never answers to Congress as they would never inquire to him about NSA matters, as he is not overtly in control of the NSA, as this all falls under Janet Napolitano's arena, but how the cell operates, is Napolitano is often in the dark about operations being run in the high profile, and that includes the murder of Hugo Chavez. Napolitano knew nothing of this operation run out of Homeland by Holder in this NSA cell.

FBI Director Robert Mueller is aware of this NSA cell, but he is not a part of it. [I Edward Donegan believe he and through DuPont Corporations' Robert Mueller II and COINTELPRO cover-up of FBI Misconduct in NSA operations.

This NSA group scares the CIA and FBI, as those finding the tracks of their operations, know this is all sanctioned and protected at the highest levels, and those matters are not to be spoken of.

Andrew Breitbart was assassinated by this political assassination committee. [He had pictures of Micheal OBama as a man before being used as a spacer splice figurehead mohther to a genetically woven in genome in slight of hand.]

The "cell" was involved with Sandy Hook, the Colorado Joker and Gabrielle Giffords [And Judge Role and later Justice Scalia in the same pattern [of clandestine Eugenics] operations.

As stated, Homeland Director Janet Naps Napolitano knows this NSA cell is run by Eric Holder, but has been informed it is "hands off" and she knows to keep distance from it. [Michael Hastings and Andrea

Parhamovich were killed over discussions they had of MKULTRA in Vienna Austria and hoped to meet there and Ed Donegan has read How I lost My Love in Bagdad and the their talk of MKUTRAL in Vienna]

This cell was behind the set up of CIA Director David Patreaus. It was the Committee to Re Elect Obama at all costs and to remove all political competitors to Obama.

Vice President Joe Biden knows that Eric Holder is the "hatchet man" for the Obama regime. That is what Eric Holders specialty has been since the Clinton era and why he is so heavily protected from any investigations.

The machinations of what would become Gun Runner and Fast and Furious, were run out of this NSA cell operating out of the White House.

This is Assassination Incorporated, and it fields the entire scope of national and international assassins both American and foreign terrorist to progress the Obama regimes feudal agenda for the [Feudalism Masonic] World Order. [Controversially conspiring against the Nationalism of Ireland, Pakistan, and other Sovereign countries.]

Journalist Phillip Marshall was targeted by this committee for assassination. The current high profile assassination target for this cell is Kim Jong Un of North Korea.

Confidence Artists Stagecraft Repugnant Cons

"The slow knife kills"

Lingchi translated variously as the slow process, the lingering death, or slow slicing, and also known as death by a thousand cuts, was a form of torture and execution used in China from roughly 900 CE up until the practice ended around the early 1900s. It was also used in Vietnam and Korea. In this form of execution, a knife was used to methodically remove portions of the body over an extended period of time, eventually resulting in death.

Lingchi was reserved for crimes viewed as especially heinous, such as treason. Even after the practice was outlawed, the concept itself has still appeared across many types of media.

The Stalk over 4 decades if you ask me in terms of having to flee cars in car warfare, 5 if you count electronics, have left me jobless and homeless and the Stalkers continue and Jen Moore asserting the stalk of me my father an mother began around 1975. I am sure by 1978.

This is not decomposing me but eroding me as filth are encouraged to humiliate me (mock me) with destructive allegations they take political pleasure in and financial gain in.

Node. Ed. Corrode with smear campaign. Erode profiting under that.

It IS racketeering suing under the theory of how i was mocked, could not stop the mock, I do hope the felony RICO will be charge in court some day.

Even of those wrongly imprisoned had GOOD relations with their family. Mine never believed me and are dead now and i

never had my own. Attacks continue of my whole lifespan is over and the attacks are more medically and in every other form deadly.

Mockers want to build Coffers, money the get from destroying my life with hate crime ina con job of smear of me.

White Hetro has grown tired of this, was disgusted by guys, always defended them and others, in had a personal affirmative action policy of at least one try of good relations if not more.

The descent of Ed's loyalty was cops and fire and community figured hate crimes against me would pay for them and police and fire agree and help.

I will always regret the death of any jew or anyone else thus I regret the building occupant deaths of Twin Towers. But today I know who police and fire and stalker are and celebrate the death of police and fire and transit authority, their deaths equal my safety. Safety against drug dealers, safety against gays, prison gangs, Nicaraugnas, etc.,

I intend to update Swirl Wihtout Flush on four visits to WTC across my life.

The Stalkers have chose what side they are on, I am on the side of the building that collapsed on to them.

The Liverpool Five - Unsourced material may be challenged and removed. "(I'm Not Your) Steppin' Stone" is a rock song written by Tommy Boyce and Bobby Hart. It was first recorded by the English band The Liverpool Five in early 1966 but unreleased before summer of that same year.

By attacking me with humiliating accusations I can both end up in prison for fighting false allegations or if the false allegations succeed they will destroy me and enrich others.

ANTE (poker) 1) the initial contribution that each player

makes to the pot 2) Before 3) place one's stake.

While I am a credible and well meaning and good person mocking me in every possible way as a threat to others and inferior and damaging to others allows people to use what Jim and Glorian and Ed Donegan developed and lived for in a free ride for themselves in the life and benefits of life Ed Donegan would have enjoyed and at times did.

Numerous problems exist with the Long Con attacking him. His life (most will say this of themselves including Christians) DOES represent Constitutionally guided life (for instance separation of Church and State, being a lawful immigrant or natural born citizen, etc.,) while often his attackers pride themselves as gloriously being outside that.

Edward Donegan is entitled to be who is he is, to think what he thinks, etc., and to be free of being a victim of State sponsored criminal attacks.

"Doing Dirty Things with clean hands" I have heard is a Russian phrase that describes dirty police officers who look clean but are dirty. It is the widest possible meaning of Money Laundering and that is to try and look respectable under a cover identity you have obtained or taken over to use in hiding your criminal activities behind.

It is easy to defend yourself against an obvious criminal. Defending yourself from veiled acts of hands that look clean is far harder and more dangerous and the best way is logging the misconduct of the police officer or others to build a case against them.

"Stagecraft is a technical aspect of theatrical, film, and video production. It includes constructing and rigging scenery; hanging and focusing of lighting; design and procurement of costumes; make-up; stage management; audio engineering; and procurement of props. Stagecraft is distinct from the wider umbrella term of scenography. Considered a technical rather

than an artistic field, it is primarily the practical implementation of a scenic designer's artistic vision.

"In its most basic form, stagecraft may be executed by a single person (often the stage manager of a smaller production) who arranges all scenery, costumes, lighting, and sound, and organizes the cast." - Wikipedia

Dupes may be used. Try the thought experiment a Director (FBI agenet under-cover cop OR criminal) who says "We are filming a movie. Would you like to be an extra? When I call out "Action" go in with this gun, get the money, then come back out" Sham investigations being run ask dupes to help with the investigations.

Statecraft: Problems and Remedies intelligence is one of the most critical elements of statecraft directed toward the outside world; it permeates the making of all foreign: policy that is not regarded as routine and unproblematic." - Central Intelligence Documents

The Central Intelligence Agency and FBI and other State actors can use Stagecraft to stage hoaxes, smear campaigns, illegal activities, and even participate as financial beneficiaries in illegal trafficking in Repugnant Markets and Ted Gunderson, Ed Donegan, and Jen Moore will talk about for profit mafia activity in criminal markets.

I and Ted Gunderson and Jen Moore and others assert througha "layer" of child protection services that Ed Donegan assets are operated through (Ed Donegan is not child nor schizphrenic) a black market of phony claims against the trust fund or conservancy is operated against.

Called Long Cons, Organized Crime, Black Budgets, Mafia, Covert Operations or Black Opps, State actors based crimes are comitted in a Stasi State Mafia Police Scheme.

Repugnant Markets in Biology is banned by the Organized

Crime Act specifically.

Before going to Law I will use medical term I encountered, Resorbtion. The teeth are created by the Body and have a layer protecting them. In illness the immune system will attack them and digest them out of their physical structure back into the body.

Jim and Glorian built an amazing "structure" of me and who I am. The value of that is being resorbed away by Con Artist abusively framing me for behavioral acts that destroy my reputation thus destroy my life and rights and the false claims that are paid of resorb the family the Army created for him back into the US and his family, last of it, me dissapears devoid of value or existence.

Racketeering retrieved from Wikipedia and copied or modified to here

A racket is a service that is fraudulently offered to solve a problem, such as for a problem that does not actually exist, that will not be put into effect, or that would not otherwise exist if the racket did not exist. Conducting a racket is racketeering. Particularly, the potential problem may be caused by the same party that offers to solve it, although that fact may be concealed, with the specific intent to engender continual patronage for this party.

An archetype is the protection racket, wherein a person or group (e.g., a criminal gang) indicates to a store owner that they could protect her/his store from potential damage, damage that the same person or group would otherwise inflict, while the correlation of threat and protection may be more or less deniable veiled, distinguishing it from the more direct act of extortion. Racketeering is often associated with organized crime,

and the term was coined by the Employers' Association of Chicago in June 1927 in a statement about the influence of organized crime in the Teamsters union.

Google Mirina Webster and Vocabulary.com retrieved from link and copied or modified to here

fleece

Noun

1. the woolly covering of a sheep or goat. "*as the sheep came on board, we grabbed their long shaggy fleeces*"

2. a soft warm fabric with a texture similar to sheep's wool, used as a lining material. "*a reversible fleece jacket*"

Verb

1. INFORMAL obtain a great deal of money from (someone), typically by overcharging or swindling them. "*money that authorities say he fleeced from well-to-do acquaintances"*

2. LITERARY cover as if with a fleece. “*the sky was half blue, half fleeced with white clouds*”

A fleece is a sheep’s coat. Or a goat’s. Or a yak’s. A person’s coat can be called a fleece, too, if it comes from a sheep or goat or a yak or even if it just looks like it did.

You can also use fleece in an informal way to mean cheating someone. Remember how Mary had a little lamb whose fleece was white as snow? Well, it was such a nice, clean fleece that Mary tricked the lamb into trusting her, then robbed him of his fleece and turned it into a bomber jacket and a pair of boots. She totally fleeced him!

Most text or information drawn from Wikipedia Black Markets page

NIA Framework of Black Market economies including in Repugnant Markets (designer babies, organ harvesting)

Root Element: Black Market Economy, illegal trade economy in goods or services Black Market the goods or services traded in

Black Money:

The currency of the market, of legal or illegal issue Black Budgets: Black Profits derived from black market capitalization, operations, or profits or losses and Black Operations funded by Black Profits

Markets:

Goods or services traded including sex trafficking, drugs, arms stolen organs, etc., Crazy things go under the designation Repugnant Markets and also includes Rome Statute controlled activities such as genocide (racial, religious, national, or ethic interference with or transfers of children.)

A Black Market system has been designed in which “Black Money” rights to my DNA is used in the adult entertainer industry.

The Money is Counterfeit

Not authorized value being traded, not properly rooted in valuation by the actual value owner.

Others, non-whites and gay peep at white women, masturbating to women and preferring that over sleeping with women, then “pay” my genome not theirs, the peeped at women, when caught, with actual Ed Donegan’s DNA rights.

Layered

Architecture of Racketeering influence Criminal Organization introduces “railway”

crossing point in which the cross out of accounts can occur cicrumventing in that extra step direct accounting of the asset owner

Recall from the Department of Treasury description and how this layering of an extra layer can provide the money laundering cross point.

> **"History of Anti-Money Laundering Laws". United States Department of the Treasury. 30 June 2015. Retrieved 30 June 2015**
>
> Typically, Money Laundering involves three steps: placement, layering, and integration and introducing money not accounted for into a financial racket

The scheme is illegal as a Racket in Racketeering Influenced Organizations

The scheme permits others not me to benefit from DNA through money laundering Designer Babies

Money. value, property value, items of value fraudulent transfer concealed by laundering retrieved from link and copied or modified to here

Money Laundering is the process of making illegally-gained proceeds (i.e., “dirty money”) appear legal (i.e., “clean”).

Typically, Money Laundering involves three steps: placement, layering, and integration and introducing money not accounted for into a financial racket

- the illegitimate funds are furtively introduced into the legitimate financial system. (ARC Northern Virginia denied any starting accounting or geno assets accounting in setting up trust fund. I was told I would not a staring or opening accounting only a firs quarter statement after the first quarter passed. Similarly Integrity Payee denied principle statements and reported back to me some disbursements I requested but no whole ledger accounting)

- Then, the money (stolen items or worth as black currency liquid assets transitions) is moved around to create confusion, sometimes by wiring or transferring through numerous accounts (Doppelgangers, fake Ed Donegan, fake Ed Donegans at locations contused for Ed Donegan’s locations)

- Finally, it is integrated into the financial system through additional transactions until the “dirty money” appears “clean” after the Dopple of

Edward Donegan agrees to real Ed Donegan assets being seized upon the Dopple of Ed Donegan harming others in real Ed Donegan's community thus Dopple Ed Donegan creates a liability of real Ed Donegan

> Note that in Assets and Liabilities balance sheets the assets and liabilities must match, thus for an asset to be paid from the trust fund a liability must exist, which is children being exploited as child porn as the liability to be balanced with an asset disbursement.

Black Money as assets seized from a dopple of Ed not authorized to agree to asset seizure using improper accounting for the assets taken in by an institution and not reported to the person with rights to the assets.

Achieving Concealment of Ed Donegan assets from proper reporting and accounting.

Concealment of Ed Donegan cognitive assets by denial they exist and thus making the trade in them unlikely if not preposterous. Creating the appearance of a mentally challenged Ed Donegan not only creates an unlikelihood a retardation service

would trade his genes it also puts that retardation services advocacy group as mice guarding the cheese.

"Stripper Bucks" and spending assets not properly reported to, black money, not accounted to Ed Donegan

With unreported assets in a financial system and "cut out" accounts, accounts similar to be distinct from the real accounts to do illicit unreported transactions under spending assets can occur

- Genomic assets of interest to those seeking designer babies, etc., may be offered during erotic services as "Payment" by a person pretending to be Edward Donegan. Those "stripper bucks" title or form of deed to pay for adult entertainers are "black money"

- The Adult Entertainer Stripper and the Dopple of Edward Donegan may work an agreement he idolizes little "non white princesses" and their beauty, and by photographing them (which Real Ed Donegan did not) the genomic assets of the "fake" white supremacist Ed Donegan should go to those he thinks superior, little hottie non white totties

Thus under a RICO financial operation (engaging in advocacy for the underprivileged) a fake Ed Donegan, like for

instance a social services beneficiary, could hire a stripper, pay for the stripper with Ed Donegan assets, and then also agree Ed Donegan really thinks minorities are his dream, how owes them, Ed Donean is a through a Dopple's acts seems fake white supremacist who believes in The 14 Words.

Fence (criminal) from Wikipedia

A fence, also known as a receiver, mover, or moving man, is an individual who knowingly buys stolen goods in order to later resell them for profit. The fence acts as a middleman between thieves and the eventual buyers of stolen goods who may not be aware that the goods are stolen.

As a verb (e.g. "to fence stolen goods"), the word describes the behaviour of the thief in the transaction with the fence.

Fencing Operation in the RICO Architecture

1. Fencing has Racketeering Influence Criminal Organizations or Racketeering Influenced Racketeering Operatives as criminal assets in the Long Con.

2. One the financial infrastructure is in place and it commits its first money launder operation at least the Second Criminal Act (and

count) of Criminal Racketeering has occurred. Agreement and placement of RICO organizational was the first.

3. As if a drug manufacture operation in abandoned aircraft hanger multiple felonious steps are need in furtherance of the Racket fraud.

A. Identity Theft must be conducted to financially switch as asset holder or a liability holder such that the switching between accounts can create a debit added to an account which is not in debt and credit to an account which is not due any credit, but falsifications of identities in the financial management layer enable the confusion of assets and liabilities.

B. Manufacture of fraudulent liabilities such as creating child porn the liability of which will be compensated by restitution.

C. Transfer of assets in the above created framework to parties not entitled to benefit from fraud and not entitled to the source of assets which will be used for the fraudulent pay out.

As is the case with the word fence and its derivatives when used in its other common meanings (i.e. as a type of barrier or enclosure, and also as a sport), the word in this context is derived from the word defence. Among criminals, the fence originated in thieves' slang tracing from the notion of such transactions providing a "defence" against being caught.

This process often relies on a [otherwise] legal business (such as a pawnshop, flea market, or street vendor) [under Racketeering Influences) in order to "launder" the stolen goods by intermixing them with legally-obtained items of the same type.[2] The fence is able to make a profit with stolen merchandise because he is able to secretly pay thieves a very low price for "hot" goods that cannot be easily sold on the open markets. Fencing is illegal in all countries, but legally proving a violation of anti-fencing laws can be difficult.

Many Major Media Accounts Corroborate Ted Gunderson and Ed Donegan and Jen Moore

Definitions of COINTELRPO Gangs of Bird Dogging Stalker from Eric T. Karlson

"Gang Stalking" is, very likely, a disinformation term created by U.S. intelligence agencies. It refers to the intense, long-term, unconstitutional surveillance and harassment of a person who has been designated as a target by someone associated with America's security industry.

Such operations have nothing to do with criminal gangs. Official domestic counterintelligence operations of this type are - apparently - perpetrated by federal agents and contractors, sometimes with the support of state and local law enforcement personnel. The goal of such operations - in the parlance of counterintelligence agents - is to "subvert" or "neutralize" an individual deemed to be an enemy (or potential enemy) of clients or members of the security state. Arguably, the most accurate term for this form of harassment would be "counterintelligence stalking."

Published news reports and other evidence cited on this website seem to suggest that much - but not all - of this stalking is done as part of a national program. News reports indicate that such stalking is also sometimes used unofficially for personal and corporate vendettas by current and former employees of law enforcement and intelligence agencies, including private investigators.

Since counterintelligence stalking goes far beyond surveillance - into the realm of psychological terrorism, it is essentially a form of extrajudicial punishment. As such, the harassment is illegal - even when done by the government. It clearly violates the Sixth Amendment of the U.S. Constitution, for example - which guarantees the right to a trial. Such operations also

violate similar fundamental rights defined by state constitutions, which people on the right of America's political spectrum claim to respect. Stalking is also specifically prohibited by the criminal codes of every state in America.

Although the term "gang stalking" is intentionally misleading, it does have one merit: it is accurate in the sense that the perpetrators - law enforcement agencies, intelligence agencies, and private security thugs - do often function in the manner of criminal gangs.

Although they sometimes conduct their operations under the color of law, many of their activities have neither constitutional nor moral legitimacy. That is true of all of the likely major perpetrators of organized stalking in the U.S.: the FBI, the Department of Homeland Security, U.S. military counterintelligence agencies, state and local Law Enforcement Intelligence Units (LEIUs), and security contractors. All of those groups - and other federal intelligence agencies, such as the CIA and NSA - have well-documented histories of abusing their powers.

History

Organized stalking methods were used extensively by communist East Germany's Stasi (state police) as a means of maintaining political control over its citizens. The Stasi referred to the tactics as "Zersetzung" (German for "decomposition" or "corrosion" - a reference to the intended psychological, social, and financial effects upon the victim).

Although they are illegal in the U.S., the same covert tactics are quietly used by America's local and federal law enforcement and intelligence agencies to suppress dissent, silence whistle-blowers, and get revenge against persons who have angered someone with connections to the public and private agencies involved.

Illegal counterintelligence operations have been perpetrated

against Americans by urban police departments in the U.S. since the late 1800s. Traditionally, the groups of mostly-undercover police officers involved are called “red squads,” although the modern official term is “Law Enforcement Intelligence Units (LEIUs).”

The most well-documented example of such operations was the FBI’s infamous Cointelpro (Counter-Intelligence Programs) under the direction of J. Edgar Hoover. Those operations ran from 1956 until 1971 when they were exposed by political activists who broke into an FBI office and obtained secret documents which they handed over to the press.

Cointelpro’s official goal was to “expose, disrupt, misdirect, discredit, or otherwise neutralize” individuals and groups deemed to be subversive.

Tactics

As the U.S. Senate’s investigation of Cointelpro found, tactics used by the FBI included many of the methods associated with gang stalking, such as overt surveillance (stalking for psychological operations purposes). **The agency even perpetrated crimes such as blackmail and assassinations.**

Organized stalking methods include **warrantless electronic surveillance, slander, blacklisting, and a variety of psychological operations**. The latter presumably exploit findings from studies such as the notorious MK Ultra experiments conducted on American and Canadian citizens by the CIA, as well as the aforementioned psychological torture tactics refined by the Stasi.

In fact, as explained in the overview below, former CIA analyst and expert on the history of U.S. spying, George O’Toole wrote about a connection between the CIA and the aforementioned LEIUs.

An organized stalking victim is systematically isolated

and harassed in a manner intended to cause sustained emotional torment while creating the least-possible amount of evidence of stalking that would be visible to others.

The process is sometimes referred to as “no-touch torture.” *Methods are specifically chosen for their* ***lack of easily-captured objective evidence****.*

Perpetrators use common annoyances such as constant noise by neighbors or rude comments and abusive behavior by strangers, but on a frequent ongoing long-term basis. The cumulative effects of relentless exposure to such tactics can amount to psychological torture for the victim.

Accomplices - such as neighbors, co-workers, and even friends or relatives of the victim in some cases - are recruited to participate (often unwittingly) by counterintelligence personnel using various means, such as by telling them that the target is a potential threat or that the target is the subject of an “investigation.”

A whole set of psychological operations are perpetrated against targeted individuals. These methods, described in detail in the overview below, include such things as threats, slander, vandalism, abusive phone calls, computer hacking, tormenting the victim with noise, and “mobbing” (orchestrated verbal harassment by strangers, neighbors, or co-workers).

Accounts by numerous victims of organized stalking share common specific details - suggesting that the perpetrators are following a well-tested and standardized playbook of methods that have proven to be easily kept off of the radar of potential witnesses and the mainstream news media.

A book published in 2014, L.A. Secret Police, exposed such spying in Los Angeles and explained how it was kept out of the news. Police Chief Daryl Gates apparently used threats and blackmail to scare city council members and the Los Angeles

Times away from digging into his activities.

Here is an excerpt from a description of the book:

“L.A. cops ruined lives and reputations, inflicted mindless brutality, committed murder and engaged in massive cover-ups. In Los Angeles, police corruption was much more than unmarked envelopes stuffed with cash. It was a total corruption of power. For decades LAPD engaged in massive illegal spying and lied about it. Its spying targets included politicians, movie stars, professional athletes, news reporters and anyone wielding power or those of interest to Daryl Gates.”

An apparent case of organized stalking by federal agents which did appear in the news during that era was the high-profile case of a cancer research scientist named Arnold Lockshin, who fled with his family to the Soviet Union in 1986 and was granted political asylum.

Lockshin performed cancer research at the USC School of Medicine between 1977 and 1980. From 1980 to 1986, Lockshin worked at the Stehlin Foundation, a cancer research facility associated with St. Joseph Hospital in Houston. He was terminated from that position.

Leadership at the Stehlin Foundation said that he was fired because of his deteriorating work performance. Lockshin said that the Federal Bureau of Investigation was involved in his firing and that he and his family had been the targets of death threats and other forms of harassment.[3] Lockshin said that he and his wife had long supported socialism and that he had previously been a Communist Party USA organizer. Dorothy Healey described his Party role as a district organizer, calling him "a rigid dogmatist". He said that the government harassment was brought on by his political beliefs.

Political asylum

The USSR leadership provided them with the requested asylum, gave Lockshin an apartment in a prestigious neighborhood of Moscow and assisted him in securing employment.[citation needed] Subsequently, he and his wife Lauren gave numerous interviews and press-conferences in Moscow accusing American secret services of persecuting dissidents in the United States.[8] In 1989 they published a book, in Russian, as well as English, titled Silent Terror: One family's history of political persecution in the United States.

Later life

In 1992 Lockshin, his wife, and their three children received Russian citizenship by order of Russian President Boris Yeltsin.[citation needed] Lockshin continued to work in the Blokhin Oncological Scientific Center in Moscow as a research biologist until the late 1990s.

Subsequently, Arnold and Lauren disappeared from public view. Their current whereabouts are unknown. However, at least two of their children appear currently to live in Russia, including his daughter, Jennifer, who works at the State University - Higher School of Economics. Their son, Michael, is a Russian film director known for his film The Silver Skates. In an interview in 2017, Arnold Lockshin said that he had separated from his wife at some point after moving.

On July 21, 2013, Arnold Lockshin appeared on a TV talk-show hosted by Igor Vittel on the Russian RBC channel and spoke in support of political asylum for Edward Snowden.

In 2004 the PBS news program NOW and Newsweek magazine both reported that the Pentagon had quietly resumed its practice of domestic spying, and suggested that “something like Cointelpro may again be at hand.” Spying on civilians by the U.S. Army was one of the scandals which led to the famous Church Committee investigations by Congress in the mid-1970s.

In October 2004 the U.K newspaper The Sunday Times published an article about the use of Stasi-type psychological operations to punish whistle-blowers by MI5 - an intelligence agency with close ties to the U.S. intelligence community.

In December 2005 National Book Award winner Gloria Naylor, wrote a semi-autobiographical book in which she described her experiences as a target of organized stalking. The book's title, 1996, was the year it became apparent to Naylor that she was being stalked. Apparently, her harassment began after she had a minor dispute with a neighbor whose brother worked for the National Security Agency (NSA).

The Globe and Mail, a national newspaper in Canada, reported in May 2006 that the Canadian Security Intelligence Service (CSIS) and the Royal Canadian Mounted Police (RCMP) used organized stalking techniques (referred to as "Diffuse and Disrupt" tactics) against terrorism suspects for whom they lacked sufficient evidence to prosecute.

A cover article in The Washington Post Magazine in January 2007 by a journalist familiar with military policies and weapon systems portrayed self-proclaimed victims of gang stalking as intelligent and credible, and suggested that claims about exotic non-lethal weapons being used by the U.S. government to harass targeted individuals were plausible.

Former CIA division chief Melvin Goodman was quoted in a June 2008 article by Jeremy Scahill in The Nation (America's oldest continuously-published weekly magazine) on the vast private contractor element of the intelligence-security community:

"My major concern is the lack of accountability, the lack of responsibility. The entire industry is essentially out of control. It's outrageous."

A newspaper article in the Verona-Cedar Grove Times in March 2009 titled "Stalker Claims Unsettle Police" described

how a self-proclaimed target of gang stalking had been distributing flyers in his former neighborhood in Verona, New Jersey, warning about organized stalking of targeted individuals. The flyers stated: “Their intention is to murder their target without getting their hands dirty. It’s the perfect hate crime.”

In November 2013, a TV and radio broadcast of *Democracy Now!* featured an interview with the director of the Center for Corporate Policy in which he discussed the shadowy industry of spies employed by major U.S. corporations to conduct secret - and often illegal - counterintelligence operations against critics of those corporations.

Articles published by CBS, the Daily Mail, RT, Tech Dirt, and Courthouse News Service in December 2013 reported that a U.S. government contractor filed a lawsuit against multiple federal agencies for gang stalking him (the complaint refers to gang stalking as such). The plaintiff claims he was subjected to constant surveillance - including inside his residence and his vehicle - and constant psychological harassment from co-workers and strangers.

An article in The New Yorker in February 2014 gave a detailed account of an organized stalking campaign by a large corporation. Research biologist Tyrone Hayes discovered some disturbing effects from a pesticide made by the agribusiness corporation Syngenta. When he refused to keep quiet about it, the corporation’s goon squad began slandering him to discredit him. They also stalked him, hacked his emails, and threatened him for more than a decade.

A report on the ABC News TV program 20/20 - and an article in the Daily Mail - in May 2014 chronicled the ordeal of a couple in Hubbard, Ohio who were systematically harassed for 7 years in a vengeance campaign orchestrated by the town’s fire chief. Apparently, the fire chief was angry at the couple because of a real estate dispute, so he enlisted the help of other firefighters, police officers, and local residents to perpetrate a

campaign of constant vehicle horn honking outside the couple's home. The harassment - which the couple thoroughly documented on video - resulted in legal claims which were still pending at the time of the news reports.

As I Edward Paul Donegan have attempted to write my books my PC has been destroyed twice from water drops or theft, and while writing horns honk and bird-dogger neighbors bang on the walls so hard the very sturdy walls shake and wall hangings fall to the floor and shouting into my apartment occurs at loud volume often abusive and targeted speech directed through the walls to me harassing me and threatening me.

Numerous job listings by intelligence/security contractor corporations for "surveillance role players" with active security clearances and training in counterintelligence (links and details in the overview below) strongly suggest that federal law enforcement agencies have largely outsourced these operations - which would be consistent with other security programs. A June 10, 2013 article in USA Today noted that about 1.4 million Americans had top-secret security clearances.

Federal and local law enforcement agencies also make extensive use of criminal informants (who are in large supply in America, with its extraordinary per capita incarceration rate). It would be natural for such informants to be used in a counterintelligence program. Indeed, the original Cointelpro was found by the U.S. Senate's Church Committee investigations to have delegated some activities to organized crime groups. First-hand accounts of self-proclaimed victims of gang stalking support this assumption: by their appearance and behavior, many street-level perpetrators appear to possibly be ex-convicts.

Regardless of the exact nature of organized stalking in the U.S., any national counterintelligence program would require at least passive acquiescence by the U.S. Department of Justice (DOJ) - just like the first version of Cointelpro did. U.S. Attorney General Robert F. Kennedy approved some of the original Cointelpro operations. Because of the critical role of the DOJ in allowing organized stalking to occur, I devote an entire section of this overview to that agency.

Target Selection

Gang stalking apparently targets American citizens deemed to be dissidents or whistle-blowers (and perhaps potential dissidents and whistle-blowers), although others might be targeted for other reasons - such as for experimental or training purposes. For perspective, it should be remembered that for two decades the CIA performed secret illegal experiments on U.S. and Canadian citizens (the infamous MK Ultra program). Those experiments included physical and psychological torture.

A lot of accounts by self-proclaimed targets of gang stalking suggest that people are often subjected to severe long-term harassment simply because they crossed someone connected with the agencies and security firms which perpetrate such operations.

An example of that type of abuse occurred in April 2012, when USA Today reported that one of its reporters and an editor were slandered by a secret disinformation campaign waged by an intelligence contractor firm to discredit them because the newspaper had investigated and reported on that contractor. The company involved conducted propaganda campaigns for the U.S. military. Similarly, in August 2013 it was reported that at least a dozen National Security Agency (NSA) employees had used their surveillance system access to spy on their current and former spouses and partners.

Impossible Mission Teams - Bailing Out Politicians With GangStalk undercover Harassment of Journalists and Others with Subversion and Sabotage teams.. Such teams utilize smear, black bag jobs planting porn or peeping apparatus, accidental collisions or causing cancer or dangerous conditions, etc.,

GangStalk Impossible Mission Teams operating inside the USA described by Jen Moore, Ted Gunderson (STasi in the USA) and Edward Paul Donegan and asserted in this court to Mac Lamar Manage LLC.

Art and Life and the CIA system of Bissle Jr. Goerge H.W. Bush, Donald Barr, Alan Dulles, John Foster Dulles, Earle Cabell, and others including Richard Nixon 1946-1960 as MKULTRA COINTELRPO. https://missionimpossiblefanon.fandom.com/wiki/Impossible_Missions_Force

Founded in 1945 after World War II, the IMF bears the brunt of today's international attacks, now focused on concealed entry [into a home or office] and [then comitt] espionage. The missions keep getting harder and harder - but so do the agents.

The IMF operates primarily by executing confidence tricks on its mission targets, sometimes with the aid of high-tech gadgetry. The agents are able to deceive their targets into cooperating with them without detecting a set-up until the mission is accomplished; by that time, the IMF personnel have already vanished from the scene.

In a worst-case scenario during such undercover missions in which their presence becomes known, the IMF can become subject to disavowal under order from the President's failsafe initiative, "Ghost Protocol". With this initiative in place, the IMF is rendered defunct, and any and all agents in the field are

hereby unable to access specific safehouses or extraction points in their specific location.

The IMF operated primarily by using confidence tricks, infiltration, and high technology devices on its targets. The agents of the IMF were able to deceive their targets into cooperating with them without detecting any kind of deception until the "impossible mission" was carried out. By that time, the IMF team members had all vanished from the scene and/or left the target country. In some cases, especially involving organized crime, the mission targets were actually killed as a direct result of the IMF's work, though never actually by any IMF agents themselves.

The organization's job was to infiltrate secure installations, seize critical intelligence, destroy dangerous data or equipment, and neutralize the enemy as needed, without leaving a trace. The IMF is different than most intelligence organizations in that, once their orders have been given, there are no required procedures for the fulfillment of the mission.

The IMF agents were anonymously sent on covert missions to tackle the dangerous world of counter-terrorism, espionage, political subversion, international crime, and American organized crime. Their international missions tended to undermine communist governments, dictatorships, and other opponents of democracy. The TV series never directly specified exactly who oversaw the IMF, though it was some agency of the United States government. All of the team members were Americans. They acted under nonofficial cover status, and if they were ever caught or killed, “the Secretary” (presumably the U.S. Secretary of State) would “disavow” any knowledge of their actions.

In secret tape messages issued to the team leaders, references were made to "the Secretary," and whenever these were foreign operations, this Secretary is understood to be the Secretary of State, as stated above. The IMF team leader was also given the option to reject a mission which he did not find to be suitable,

or if he believed that it was truly impossible to accomplish.

Shills Are Not Confidential Informants

Shills are fraudsters and not just a part of mere observation of a Target. The use of a Shill is to place someone who is a threat to at Target in the vicinity of the Target to at least endanger the Target and perhaps attack the Target in one way or another.

Shills are what I and Ted Gunderson and Tom Dunham and Ted Gunderson and Tara Moore and Jen Moore assert, thugs and criminals in unconstitutional and illegal acts who are operating via Abuse of Power as State Actors in Government attire or not.

"Fixers." Literally in the case of North Water Stree Corpus Christi Plumbers, burglars, etc., who stole computer equipment by break-in or destroyed it by water poured onto it from above apartment units down to my patio balcony.

From the moment Tara Moore opened up her Twitter account she was seeking protection from her City Mayor who owned the building. During her stay she reported what Tom Dunham and Ted Guderson and I reported neighbors and city officials in acts of harassment, break-ins, surveillance and annoyance, etc.,

Old neighbors of mine were moved out as new Shill harassing neighbors replaced them who in the Common Areas of the apartment including the Common Architecture (walls, wiring, roof, shared areas, walkways and stairs, hallways, windows and patios) conducted attacks in around and through going into are apartment, bathrooms, bedrooms, space on the other side of bedroom windows, living room windows, etc.,

The actions of the Stalkers are illegal but denied and they are the State Actors use of corruption and mobs includig I assert Organ Trafficking as well as Protection Rackets, Arson, Murder, and other crimes in parrell with guns and drugs trafficking accross US States in violation of US Law and subject to federal Commere Clause regulation and State Constituions and State statutes carrying them out and international Nation States laws.

Here is a look at the Deep State, how it buys its cars, ovoids oversight, et.,

- ***Quackery*** : Bad policing can allow the criminal to proceed if the crimes are not solved and bad medical services can fake medical needs for involvement in a said to be patient and even conduct physical batter of a person by creating hostile context or treatments of the person or subject a person via medical management to criminal environments. Quackery can diagnose a legitimate police report into the rantings of an unbalanced mind that should be ignored.

- ***Maladministration***: Maladministration is the actions of a government body which can be seen as causing an injustice. The law in the United Kingdom says Ombudsmen must investigate maladministration.

  The definition of maladministration is wide and can include: *Delay, Incorrect action or failure to take any action, Failure to follow procedures or the law, Failure to provide information, Inadequate record-keeping, Failure to investigate Failure to reply, Misleading or inaccurate statements Inadequate liaison, Inadequate consultation, Broken promises*

- ***Criminal Act***: Breaking and Entering, murder of journalists, planting of child porn, theft of journalists

works (like the work product of Dorothy Killagalen) vandalism to create physical evidence narrative such as creating peepholes in someone else s home which will imply the home owner has peeped outside of his or her home

- ***Fencing stolen goods***: Use of outlets to created a market the stolen goods can be used at. An available though false lawsuit is a liquid asset such as a penny stock or option to buy a stock and can be re-marketed or transferred

- ***Money Laundering and Racketeering Influenced Criminal Organizations***: Entities such as property managers, police and fire, county prosecutors, State gov or FBI DOJ, or other businesses which allow for activities of the Racket to proceed. Wire fraud, welfare fraud, phusical assault, sexual assault by planted operatives who have access to common property of sole posession property. Welfar and other fraud.

- ***Fraud***: The machinery is built to use pretexts that are manufactured acts of fraud to gain rights to assets to which the parties acting fraudulently are not entitled.

- ***Homicide***: The Mafia likes to stay in business and has partnership in a mob assisted State goal of Espionage ambitions for the NWO. Silencing Micheal Hastings and others keeps the Mafia unchallenged by the disinfecting Sunlight.

- ***Predatory Journals***: A “Legend” may be created in government records of the Press which will convince people of theories which allow the crime to proceed under, such as it is a military exercise sharing property with a society but not impacting the society

- ***Conspiracy Against Rights by Inciting to Violence***: The Racket and its Quakery based layers of money laundering, fraud, and fencing operations will assert a series of events were true, the staged and faked events will be used to incite or influence the population as the Conspirators desire

- ***Abusive Gaurdianship*** after sabotage of finances

This book asserts criminal breaking and entering of my home to create false but actionable legal claims against me or rather my trust fund, that those claims

are fenced via a Sting operation run at a child porn peeping house where deals made with my trust fund satisfy false claims against it , the false claims brought to that tree house of child porn which is not my home but a fencing operation location.

Racketeering retrieved from Wikipedia and copied or modified to here

In short Rackets create a need for a service then provides the service which otherwise would not be used by the recipient of the goods or services.

A racket is a service that is fraudulently offered to solve a problem, such as for a problem that does not actually exist, that will not be put into effect, or that would not otherwise exist if the racket did not exist. Conducting a racket is racketeering.[34] Particularly, the potential problem may be caused by the same party that offers to solve it, although that fact may be concealed, with the specific intent to engender continual patronage for this party. An archetype is the protection racket, wherein a person or group (e.g., a criminal gang) indicates to a store owner that they could protect her/ his store from potential damage, damage that the same person or group would otherwise inflict, while the correlation of threat and protection may be more or less deniably veiled, distinguishing it from the more direct act of extortion. Racketeering is often associated with organized crime, and the term was coined by the Employers' Association of Chicago in June 1927 in a statement about the influence of organized crime in the Teamsters union.

Hostile and self enriching Conservators can entangle,

forced-team with me and assets belonging to me or my trust fund if I appear to need an asset manager.

If a manager of assets can insert itself as a conservator in layer of finances to become co-mingled with me and my asset by forced team they can assert they are required by law to continue to entangle, forced-team, with me and my assets.

Long Con Terminology retrieved from Wikipedia and copied or modified to here

Protection Racket (and one run through Social Services)

An unneeded mental retardation advocacy of me creating by my mother's will creators enables this loot of my DNA rights by sabotaging my normal life circumstances such as metropolitan apartments and keeps me either homeless, institutionalized, or in deep slum non-white conditions of hostile environments devoid of my intellectual, sexual, religious, or their interests.

Example: **Fagin** is a fictional character and a main antagonist in Charles Dickens' 1838 novel **Oliver Twist**. In the preface to the novel, he is described as a "receiver of stolen goods". He is the leader of a group of children (the Artful Dodger and Charley Bates among them) whom he teaches to make their livings by pickpocketing and other criminal activities, in exchange for shelter.

Oliver Twist contains an unromantic portrayal of criminals and their sordid lives, as well as for

exposing the cruel treatment of the many orphans in London in the mid-19th century.[2] The alternative title, The Parish Boy's Progress, alludes to Bunyan's The Pilgrim's Progress, as well as the 18th-century caricature series by William Hogarth, A Rake's Progress and A Harlot's Progress.[3]

In this early example of the social novel, Dickens satirises the hypocrisies of his time, including child labour, domestic violence, the recruitment of children as criminals, and the presence of street children.

Somebody illegally set themselves up as Fagaon and broke my apartment leases in non skid row environments then used Texas Nueces County skid row to surround me in housing, plant evidence, and run scams to loot Donegan family assets. I reported this to the Social Security Administration to no avail.

Shills

Shills (fraudsters) are fronts for secret motives and operations who conceal their real objectives and appear to be neutral, uncorrupted, or motivated as chartered but operate on behalf of secret agendas instead.

Shill planted victims who claim to be victimize but in fact victimize themselves such as children sexualizing themselves in my vicinity and claiming they are "my visual pornography." I am their victim for false claims, not vice versa.

Shill planted victims who claim ti be victimize but in fact victimize themselves such as children sexualizing themselves in my vicinity and claiming they are "my visual pornography." I am their victim

for false claims, not vice versa.

Gulls (A con artist term for a “Gullible” or “grape” which can be plucked

A special kid of Shill (con artist team member) is a Gull who is a gullible person who can be caught in a compromising situation or lead into a bad deal.

I am not such a person so an impersonator me (I call Tx the transmitter of false information seeming from me) is created and that Gullible both needs a trust fund and is frequently caught in traps and needs the Trust FUnd to bail him out.

That person, ann Information Doppelgangers and will forge a confession of me that will be used as a pretext for legal claims against me, It is the Gull who actual photographed or committed the peeping whilst standing next to me in public at the same time the shill victim was planted in front of us.

Racketeeriing Influenced Criminal Organization

A Racket is a service which is not need but imposed or operates in such a way as to use illegal means to create a profit which would otherwise not exist.

While a Protection Racket creates a danger and then charges to protect against it a Money Laundering RICO uses its position of operating multiple accounts to swith unlawfully between them so that in the accounting shell game slight of hands the accounts appear to be correct.

Mark

A Mark is some person or asset who is the “bullseye” of the operation, the person or asset targted to be defrauded. In my cast the trust fund of Glorian Donegan and her biology, with the indirect means of pretending to be my victim them seeking Trust Fund compensation.

Some me as having judgementalism and wish my trust fund was for the underprivileged instead and in that case my contempt for underbelly of society life is bypassed and even retaliated against with fake claims to the trust fund of the family I came from and in that way my sneer at riff raff is the mark, and the riff raff are trying to get even with me.

Paper Moon (film) retrieved from Wikipedia and copied or modified to here

[image]

The film, shot in black-and-white, is set in Kansas and Missouri during the Great Depression. It stars the real-life father and daughter pairing of Ryan and Tatum O’Neal as protagonists Moze and Addie.

In a state of poverty and needing car repairs, Moses visits recently widowed women often driving to funerals in the old car, pretending to have previously sold expensive, personalized Bibles to their deceased husbands, and the widows pay him for the Bibles inscribed with their names. Addie joins the scam, pretending she is his daughter, and exhibits a talent for confidence tricks, such as selling Bibles and the quick change scam. As time passes, Moses and Addie become a formidable team

This is a short con, run quickly, on sequential Gulls (Gullibles) who are grieving widows, emotional, at their husbands funeral, as the Bibble saleman shows up with a Bibble tied to the last purchase of their departed husband, which for a fee, the widow can buy and finish the sale.

It features many Confidence Tricks elements such as selecting Gulls in advance for a particular type of scam which has been rehearsed again and again, using Gulls who are in emotional and quick decisions states, and a team of Shills rather than just one con artist.

A Long Con focuses on a single Mark, such as my trust fund and Glorian Donegan, shaking it down in with long term preperation, resources, and complex sustaining efforts to keep the Con running.

[Edward Paul Donegan asserts an Abuse of Power police abuse operation at MacLamar Property and in California locations were Racketeering activities including Break-ins disguised as laws compliant landlord access, burglaries of home office left unsolved, money laundering as others incurred liabilities assessed to Ed Donegan and received benefits only due to Ed Donegan and other crimes including murder silencing Jen Moore and Edward Paul Donegan once wrote a law suit and has provided commentary that the pattern-of-activity requirement is met of two or more instances of the crimes that include Protection Racket proceeds.

Examples

Examples of crimes that may be alleged to be part of a pattern of racketeering activity include

A protection racket is a form of extortion whereby racketeers offer to "protect" property from damage in exchange for a fee, while also threatening (possibly in a veiled way), in part or in whole, to execute the kind of damage they claim to be offering protection against.

A fencing racket is an operation specializing in the resale of stolen goods. Ed Donegan and Jen Moore assert an Obstruction of Justice Scheme (several offenses to Title 18 Chapter 73) that false allegations are made against me (obstructing justice) so a tampered-with will of Glorian Donegan (obstructing Justice) can turn abusive acts towards me by the State (obstructing Justice) to pay false claims in Asset Seizures (obstructing Justice) defaming me a JKF assassination witness (obstructing Justice.)

Most fences were not individuals who only bought and sold stolen goods to make a living. The majority of fences had a variety of legitimate occupations, including labourers and peddlers.[20]:175 Such individuals encountered criminals, for example in the markets while working, and formed acquaintances and temporary associations for mutual aid and protection.[20]:175 In one example, an owner of a teahouse overheard the conversation between Deng Yawen, a criminal, and others planning a robbery and offered to help to sell the loot for a portion of the spoils.

Receiving was a widespread crime in Modern England and a concern for the English government of that period. It involved many other kinds of activities and crimes, and it saw its peak in the early 18th century with the notorious Jonathan Wild. Receiving is intrinsically connected to theft, as receivers, by definition, buy previously stolen goods in order to

make profit out of them later. When organised theft grew in London thanks to the support of receivers,[4] the establishment started to fight it with new laws, often aimed at receivers: receiving was acknowledged as the core of property crime.

In English legal history, a thief-taker was a private individual hired to capture criminals. The widespread establishment of professional police in England did not occur until the 19th century. With the rising crime rate and newspapers to bring this to the attention of the public, thief-takers arose to partially fill the void in bringing criminals to justice. These were private individuals much like bounty hunters. However, thief-takers were usually hired by crime victims, while bounty hunters were paid by bail bondsmen to catch fugitives who skipped their court appearances and hence forfeited their bail. Both types also collected bounties offered by the authorities. Sometimes, thief-takers would act as go-betweens, negotiating the return of stolen goods for a fee. However, they were often corrupt themselves, for example extorting protection money from the crooks they were supposed to catch.[1] Government-funded rewards for the capture of criminals were a corrupting influence, leading directly to the Macdaniel scandal.

In order to effectively act as go-betweens for compounding, or brokerage, fences needed to personally know thieves or have ways to easily interact and bargain with them for a common benefit about compounding: nobody was in a better position to do so than thief-takers. (*Four Hats Squad* and *Miami Vice* and *Prince of the City*)

A numbers racket is any unauthorized lottery or illegal gambling operation.

Money laundering and other creative accounting practices that are misused in ways to disguise sources of illegal funds.

Organized, coordinated, and repeated or regular theft operations, including: pickpocketing, burglary, smash and grab, home invasion, gasoline theft, metal theft, train robbery, armed robbery, bank robbery and art theft

Organized retail crime and shoplifting

Fraud and embezzlement operations, including: credit card fraud, check fraud, health care fraud, welfare fraud, insurance fraud, employment fraud, lottery fraud, disability fraud, charity fraud, mail and wire fraud, securities fraud, bank fraud, mortgage fraud, telemarketing fraud, return fraud, false billing and electoral fraud

Confidence tricks, including: romance scams, larceny, overpayment scams and advance-fee scams

Mail robbery and package theft rings

Truck theft, auto theft and chop shop operations

Counterfeit operations, including: Counterfeit consumer goods such as counterfeit medications, counterfeit electronic components, counterfeit watches, copyright infringement, art forgery and identity document forgery

Illegal taxicab operations

Identity theft and sale of personal data

Kidnapping and ransom rings

Contract killing or murder-for-hire services

White-collar financial crime operations, including: front running, market manipulation, and insider trading

Bribery and police corruption

Organized academic dishonesty by school administrators, essay mills, contract cheating,

diploma mills

Loan sharking rackets

Computer crimes

Drug trafficking operations, including: depressants, opioids, stimulants, entactogens, hallucinogens, designer drugs, performance-enhancing substances and unlicensed pharmaceuticals

Arms trafficking operations, including: gun-running, knife-running and sale of explosives

Extortion rackets

Blackmail operations

Counterfeit money and counterfeit coin operations

Organized prostitution operations, including: procuring, sex work, sexual tourism, and commercial sexual exploitation of children

Cigarette smuggling rackets

Organized witness tampering and intimidation

Modern piracy rackets

Business skimming operations

Illicit gems and blood diamond operations

Illegal gambling, bookmaking, and match fixing

Human trafficking rings, including: trafficking of children, sex trafficking, labor trafficking, bride buying and debt bondage

Debt bondage, also known as *debt slavery*, *bonded labour*, or *peonage* (Ed reported Peonage to the DOJ by phone), is the pledge of a person's services as security for the repayment for a debt or other obligation. Where the terms of the repayment are not clearly or reasonably stated, the person who holds the debt has thus some control over the laborer, whose freedom depends on the undefined debt repayment. The services required to repay the debt may be undefined, and the services' duration may be

undefined, thus allowing the person supposedly owed the debt to demand services indefinitely. Debt bondage can be passed on from generation to generation.

People smuggling rings

Antiquities trade operations

Organ trafficking rings (also known as the red market, part of Repugnant Markets and Unconscionable Contracts)

Organ trade is the trading of human organs, tissues, or other body products, usually for transplantation. According to the World Health Organization (WHO), organ trade is a commercial transplantation where there is a profit, or transplantations that occur outside of national medical systems. There is a global need or demand for healthy body parts for transplantation, which exceeds the numbers available.

As of January 2020, there are more than 100,000 candidates waiting for organ transplant in the United States. The median wait time for heart and liver transplants in the U.S. between 2003 and 2014, was approximately 148 days. Average time waiting for donor organs varies significantly depending on the patients UNOS status. Patients listed as Heart Status A1 wait an average of 73 days.

There is a worldwide shortage of organs available

for transplantation, yet the commercial trade of human organs is illegal in all countries except Iran. Despite these prohibitions, organ trafficking and transplant tourism remain widespread (however, the data on the extent of the black market trade in organs is difficult to obtain). The question of whether to legalize and regulate the organ trade to combat illegal trafficking and organ shortage is greatly debated. This discussion typically centers on the sale of kidneys by living donors, since human beings are born with two kidneys but need only one to survive. - Wikipedia

(Edward Donegan asserts based on statements to him for ALLEGED exploitation of minors (staged by others, not an activity of Ed Donegan) he owes reproductive material of himself, mother, or father as a penalty adversarial imposed on him in order to avoid being arrested for the alleged misconduct. Jen Moore and Ted Gunderson make similar asserts of a Jeffery Epstein like situation Ed Donegan thinks could be tied to various sex abuse rings.)

Rum-running rackets (or alcohol smuggling), caffeinated alcoholic drink operations, illegal sale of alcohol to minors, and moonshine operations

Illegal nuclear power trade operations

Illegal subleasing rackets

Criminal operation of otherwise ostensibly legal

operations, such as strip clubs, hotels, restaurants, casinos, nightclubs, bars, pornographic film studios, social clubs, construction companies, salvage yards, auto shops, laundromats, dry cleaners, waste management firms, farms, property development companies, hospitals, television studios, newsrooms, clinics, music stores, hardware stores, fisheries, airline companies, shipyards, florist shops and fashion companies

Political corruption

Corporate corruption

Bid rigging and price fixing

Labor corruption or labor racketeering

No-show jobs

Backyard breeding operations of animals such as working dogs, working cats, livestock and other kinds of domesticated animals as well as exotic pets

Illegal sports, including underground fight clubs, street racing and baiting

Poaching and overfishing

Illegal logging, illegal construction, and illegal mining

Blood sports such as dog fighting, organized horse fighting, betta-fighting, ram fighting, cockfighting, and bullfighting

United States House Select Committee on Assassinations Established 1976 Et Al and Civil War

House Vote #1183 in 1976 (94th Congress) TO AGREE TO H.R. 1540, TO ESTABLISH A SELECT COMMITTEE OF THE HOUSE TO INVESTIGATE THE DEATHS OF JOHN F. KENNEDY AND MARTIN LUTHER KING, JR. **September 17, 1976** .

This vote was related to a bill introduced by Rep. James Haley [D-FL8, 1973-1976] on January 15, 1975, H.R. 1450 (94th): A bill to amend the Budget and Accounting Act, 1921, to provide for the retirement of the public debt by setting aside the first 5 percent of the budget receipts of the United States for each fiscal year for the sole purpose of retirement.

George H.W. Bush served as Director of Central Intelligence (DCI) from **January 1976 to January 1977**, just ten days shy of one full year. Though his tenure was limited, his accomplishments were many, and we are grateful to have served under his leadership.

Several forces contributed to the formation of the HSCA. With the growing body of assassination conspiracy material, public trust in the findings of the Warren Commission report was declining. The Hart-Schweiker and Church Committee hearings had recently revealed CIA ties to other assassinations and assassination attempts and illegal actions from federal administration (FBI and IRS).

The Church Commission also conducted an investigation into the assassination of John F. Kennedy on November 22nd, 1963, concluding that the federal agencies the F.B.I and the C.I.A had failed in their duties and responsibilities and that the investigation into the assassination had been deficient.

There was also significant public interest after a video segment of the Zapruder film was first shown on TV the 6th March 1975 in Good Night America,[7] after having been stored by Life magazine out of view for almost twelve years. The footage showed the president's head recoiling violenty backwards inside the presidential limo during the fatal shooting as Lee Harvey Oswald was more than 80 yards behind. The public, having more and more difficulty to accept the conclusions of the report Warren, leads members of the Congress to ask for new investigations into the assassination, within the framework of a new Commission of Inquiry.

THE HSCA QUESTIONS POSED AND SOME OTHER QUESTION SINCE OR ALSO POSED

The United States House of Representatives Select Committee on Assassinations (HSCA) was established in 1976 to investigate the assassinations of John F. Kennedy and Martin Luther King, Jr. in 1963 and 1968, respectively. The HSCA completed its investigation in 1978 and issued its final report the following year, which concluded that Kennedy was probably assassinated as a result of a conspiracy. In addition to now-discredited acoustic analysis of a police channel dictabelt recording. - Wikipedia

Psychological Warfare is war (sometimes) is Civil War (sometimes) Foreign Wars including on Domestic Soil (sometimes) but via subterfuge

An assassination my be solved and from a criminal justice standpoint bt a closed matter but still a successful assassination.

If LHO acted alone to assasinate President Kennedy, acted he thought or did on behalf of Russia, or did so on behalf of England, and it was LHO who assassinated JFK then the prosecution of him as the trigger man if he was one, or the Kingpin if the kingpin was found if there was one, does not

change the fact the JFK was dead, LBJ was sworn in, and the course the United States would follow in international relations (Ireland v. Republic of Ireland) and philosophy (republican government of popular rule, the population as a whole voting in candidates or delegates to a government OR colonial and aristocratic structures and powers.

If you read Wikipedia you will find this:

> The HSCA completed its investigation in 1978 and issued its final report the following year, which concluded that Kennedy was probably assassinated as a result of a conspiracy. In addition to now-discredited acoustic analysis of a police channel dictabelt recording, the HSCA also commissioned numerous other scientific studies of assassination-related evidence that corroborate the Warren Commission's findings.
>
> The HSCA found that although the Commission and the different agencies and departments examining Kennedy's assassination performed in good faith and were thorough in their investigation of Lee Harvey Oswald, they performed with "varying degrees of competency" and the search for possible conspiracy was inadequate. The HSCA determined, based on available evidence, that the probable conspiracy did not involve the governments of Cuba or the Soviet Union. The committee also stated that the conspiracy did not involve any organized crime group, anti-Castro group, nor the FBI, CIA, or Secret Service.

If the House Select Committee on Assassinations was wrong, and Ted Gunderson and Ed Donegan and many authors today on the subject since more documents have been declassified and others analyzed in detail, a Civil War did occur and was lost.

- HSCA
    - **John F. Kennedy** assassinated 1961
    - **Martin Luther King Jr.,r**assassinated 1963
- HSCA Victims et al. is an abbreviation for et alia . This phrase means “and others.” and HSCA et al (Plus Other Researchers)
    - **Dorothy Killgallen** Roman Catholic Anti Mafia Reporer friend fo Kennedys
    - **Robert F. Kennedy** same if not more caustic poltiical profile to Boston English Brahmin mafia companies
    - **Malcom X**
    - **Marilyn Monroe**

- **Michael LeMoyne Kennedy** Same death as Sunny Bono

- **Sunny Bono**

- **Justina Pellatier**

- Gang Stalking and CIA subversion of people in the United States

Ted Gunderson Composite and Self Goes On The Trail

Perhaps with with better information access, perhaps with better integrity, and more likely both Ted Gunderson will continue through his life investigation the Global Profits Cabal Secret Team Power Elites Superclass that Eisenhower and others have warned us of.

The next chapters in this book will be what I call the Gorky Park instigation of corruption findings, the bodies ultimately speak to the presence of a Crime Syndicate, whether the press has reported it (yet) or not.

Gunderson Composite (Posse) and the cases of Sunny Bono and Michael LeMoyne Kennedy

During the time of these events Warren Commission and HSCA had mostly dispelled Deep State Conspiracy Theory. Since death bed confessions that corroborate each other (E. Howard Hunt and Chauncey Marvin Holt and Charles Harrelson caught on tape while in custody) these suspicious events should be looked at again. Declassification of secrets can lead to Re-classifications of seeming accidents.

E. Howard Hunt asserts the team he worked for had the skils and experience to down his wife's (Dorothy Hunt) plane and that is exactly these CIA operative had been in from light pistols with silencers to modified large WWII and Cold War bombers like the B-26, B -52s, and arms and munitions, and were doing so for the CIA, FBI, and US DOD

Before Bono's death, Bob Fletcher had been probing the activities of high ranking U.S. military and government officials he claims were raking in millions from arms and drug deals in Central America and Southeast Asia.

He says he sent his shocking findings of corruption, ***including videotaped evidence, to Bono***. - Bob Fletcher

"I later received a call from an assistant in his offices to tell me Sonny had seen my full report and was absolutely livid about the level of corruption I made him aware of," Fletcher tells GLOBE.

"He was going to make it his No. 1 priority when Congress resumed after the Christmas and New Year break. He was going to go after the biggest names.

"Just 10 days later, I received a call that he was dead. I'd

heard it was suspected his offices had been bugged. Tragically, that must have been the case. There's no doubt in my mind Sonny was murdered by someone who needed to silence him."

The new evidence is the long-suppressed autopsy report, itself, which Fletcher obtained and furnished to Globe.

After reviewing the shocking secret documents, former FBI agent Ted Gunderson tells GLOBE: "The official version of Sonny Bono's death is hogwash. It's nonsense for anyone to now try to suggest that Bono died after crashing into a tree.

There's zero evidence in this autopsy report or any of these official documents to show such an accident happened. Instead, there's powerful proof he was assassinated. "This was an evil plot that was carried out to almost perfection by ***ruthless assassins***."

Even though two of the online Australian newspapers attribute their article to "staff writers," it's the same short article in The Australian, Mercury (The Voice of Tasmania), and The Daily Telegraph (first two links now dead), beginning:

Michael LeMoyne Kennedy (February 27, 1958 - December 31, 1997) was an American lawyer, businessman, and activist in Massachusetts. He was the sixth of eleven children of Robert F. Kennedy and Ethel Kennedy. Kennedy also served as the manager of the non-profit organization Citizens Energy. He died in Aspen, Colorado, in 1997 after skiing inadvertently into a tree.

[**John F. Kennedy Jr.** dies two years later in a plane crash an insider said was a homicide.]

[**TWA 800** crashes in suspicious circumstances. Someone tied to Andy Warhol and a gene I noticeably carry (FOXP2) is on board. Many assert including TWA employees at conferences on the subject assert the plane was shot down. Trans World Airlines Flight 800 was a Boeing 747-100 that exploded and

crashed into the Atlantic Ocean near East Moriches, New York on July 17, 1996]

Like with the JFK assassination witness accounts widely vary from official accounts and the FBI bullied the investigation.

Salvatore Phillip "Sonny" Bono was an American singer, songwriter, actor, and US Representative for Palm Srpings who came to fame in partnership with his second wife, Cher, as the Died: January 5, 1998, Heavenly Mountain Resort in a skiing accident identical to the Kennedy death. - California Lodge, CA

Chauncy Marvin Holt was confessing on TV to the JFK assasanation at that time run by Willaim King Harvey out of the El Mirador Hotel with gun runners for the CIA Chauncey Holt and others from Grace Ranch modigyin and selling B-26s, B-52, fighter planes, light planes, assasination custom gun silencers, military rifles etc., enough to equip groups and brigades of 40 to 50 thousand troops.

Chauncey Marvin Holt

"Only the truth will put the past to rest." (Picture of John and Jackie Kennedy in Dallas)

Timeline

Chauncey Marvin Holt (October 23, 1921

Born in Kentucky among liquor runners of the South and that same group of mob tapped by big business as attackers of Union lines for the FBI and big businesses

late 1930's US Army Air Force discharge

As WWII approaches he is alredy interested in aviation. Joins US Army Air force but is discharged after completing sentence in for striking another.

Pearl Harbor 1941

Holt is brought back in supposedly with no further flight training. I am not sure what is really happening at this time

Ed of WWII

Holt is a pilot. Meyrs Lansky needs a pilot as a mobster with lots of private business and secret missions. 1949 Paris post WII talks are underway with Averal Harriman and E. Howard Hunt

1949-1954

Atsugi Air Base in Japan with the secret overthrow team of Prouty, Bissle Jr, others, E. Howard Hunt, Lovett, others in Cold War including Korean actual war

In 1951 joins witih Peter Licavoli making Grace Ranch into a CIA airbase to train, modify planes,

,and transport weapons from into Latin America. Coordination is run through Ray Ryan's El Mirador motel, and transit through CIA run Bermuda Dunes Airport the CIA paid to upgrade.

1954

Overthrow of Guatemala

1961

Attempt on Castro

1962-1963 assassination of jFK

Same team assassinates JFK planning uderway at El Mirador and Grace Ranch from 1962 on. Oswald in team but a patsy Holt will spend the rest of his life regretting.

1991 Lois Gibson Forensics

He did not want the pictures taken of of him with JMWAVE operatives and Oswald in New Orleans, but they were. He did not wish to be identified as a Hobo in 1991 but he was. JFK by Oliver Stone is coming out. Later he will (at the time of his death) corroborate Lois Gibson.

1997 Death of Holt and eight days before televised interview

Goes into details verbally has shown docs to TV crew. The TV Crews pre-broadcast had been a mission reading his long book, following the trail of the documents and conducting interviews. Who did

the upcoming revelations about the CIA FBI roles scare and how much?

Self-Portrait of a Scoundrel · A Memoir of Spooks, Hoods and the Hidden Elite.

October 2013 Released for the first time 16 years after his death, this startling autobiography by one of the so-called “three tramps” from the John F. Kennedy assassination reveals the details of Chauncey Marvin Holt’s many claims. Much mystery and suspicion still swirls around that fateful day in November 1963, and theories abound in nearly every form of media. But one of the major mysteries revolves around the three men spotted and later arrested in Dealey Plaza. Holt’s controversial confession to being one of the three tramps has a history of its own, and in his own words he delves into his unique and wild background and life. From his United States Air Force service during Pearl Harbor to his associations with the mob and the CIA, Holt discusses his experiences and encounters in great detail.

An Additional Deaths 1996 to 1999 A Peron Linked to the Bush Family said was not an Accident

John Kennedy Jr. dies in a plane crash. TWA flight 800 connected to British Propaganda and Andy Warhol (FOXP2) gene partner Empires 8 hours 4 Minutes Queen Mother Empire Birthday are on-board.

Col Fletcher Prouty and others blame the CIA and FBI. In most cases Ted Gunderson blamed the same people for the same events.

Trans World Airlines Flight 800 (TWA800) was a Boeing 747-100 that exploded and crashed into the Atlantic Ocean near East Moriches, New York, on July 17, 1996, at about 8:31 pm

The FBI CIA November 18 cover up of the downing of TWA Flight 800 preempting the correct jurisdictions investigating the air disaster, showing CIA simulations the public did NOT see what they thought they saw, a missile. (tied in this book to killing certain passengers).

Jed Johnson (December 30, 1948 - July 17, 1996) was an American interior designer and film director. Initially hired by Andy Warhol to sweep floors at The Factory, he subsequently moved in with Warhol, and was his boyfriend for twelve years. As a passenger in the first class cabin, he was killed when TWA Flight 800 came down shortly after takeoff in 1996

Linda Newkirk showed extensive insider knowledge of the Bush Family and asserted the CIA downed John F. Kennedy Jr.'s plane

FROM THE MOUNTAIN PROPHECIES BOOK TWELVE CHAPTER FOURTY-TWO

Then, the visions of the death of George Herbert Walker Bush! I do not believe that there has ever been a more evil man on the face of this planet! Ever! **His many years over the CIA! His alleged involvement in the murder of John F. Kennedy**! His **alleged attempted murder of Reagan**, so that **he could become president**; and even reports that as Reagan was actually incapacitated from the shooting, that Bush actually ruled for the last years of his presidency! The back-door rule of this man through the Clinton presidency! The two being old **"drug running" buddies through the Mena airport in Arkansas**!

The two stolen elections, in which George W. Bush was

apparently NEVER ELECTED, from all that we have read; but stole the presidency! Still, behind the scenes in the presidency of his son, is **George Herbert Walker, still ruling behind the scene**! Even Bush's Sr's old government and **oil buddies running America again**, right into the ground! And, the current **Bush Sr. plot to put Hillary into the presidency**, all so that he can continue to rule America! **Even the alleged killing of John F. Kennedy's son, so that Hillary could take his place as senator of New York!** Oh, the evil that this man has done; and it knows no bounds! And, soon comes his demise!

…

Linda Newkirk she was a fictionalizing (I Had Dream as a Prophecy) story teller hints of the Bush family creating Barrack Obama Jr in a secret plan with the Windsors, Rothschilds, Vatican, and Others

She hints the comes out of WWII history and the Bush family using Nazi DNA from Nazi genetic experiments to create Obama I say matches Glorian Gainey Maria Kutchera-Windsor DNA

My Blessed Child, I am your Father Yahweh, yea Jehovah, Most High God! My Little One, hearken unto Me! Listen and write as I say, that all may be the wiser! For, a time of great trouble is upon the whole world! A time when nation shall rise up against nation, families against families, a time wherein one's greatest enemies may be in his own household! A time of great want, of famine, of global wars, pestilences, and diseases as never seen before! A time when very powerful families of great evil shall stand up against one another, with one out to destroy the other! A time when Satan does, indeed devour his own tail, that his head may be crowned! Oh, yes, you have seen such a thing, such an artwork with Satan devouring his own tail, and at the same time that he devours his own tail, a crown is put upon his head.

Now, My Little One, take note! Look through these glasses and

through these new lenses, which I now put on your eyes; and tell Me what you see!

"My Father, I see black boots, like those of Hitler, shiny and new, but large, long and wide! And, for now, I only see the boots."

"But, look upward, My Child, what do you see?"

"My Father, I see that the boots belong to Barack Hussein Obama! And, also, my Father, I see that he is dressed as a Nazi! He is wearing a Nazi uniform and over his heart and on his left pocket is a Nazi emblem! He wears a green beret and on the left side of this beret, but near the middle of his forehead is another Nazi emblem. He carries a baton; and emblazoned on the end of it is also a Nazi emblem. Oh, my Father, this is not good!"

Its dribble dream sequence but well informed.

John F. Kennedy Jr. retrieved from Wikipedia and copied or modified to here

After President Kennedy was assassinated in 1963, Jacqueline Kennedy moved her family, after brief residency in the Georgetown area of Washington, to a luxury apartment on the Upper East Side of Manhattan in New York City, where Kennedy Jr. grew up. In 1967, his mother took him and Caroline on a six-week "sentimental journey" to Ireland, where they met President Éamon de Valera and visited the Kennedy ancestral home in Dunganstown.

[image]

John F. Kennedy and John F. Kennedy, Jr. at the White House. JFK Jr. with his father at the White House at age two

John Fitzgerald Kennedy Jr. (November 25, 1960 - July 16, 1999), often referred to as John-John or JFK Jr., was an American attorney, journalist, and magazine publisher. He was a son of John F. Kennedy, the 35th president of the United States, and First Lady Jacqueline Kennedy, and a younger brother of U.S. Ambassador Caroline Kennedy. Three days after his father was assassinated, he rendered a final salute during the funeral procession on his third birthday.

From his childhood years at the White House, Kennedy was the subject of much media scrutiny, and later became a popular social figure in Manhattan. Trained as a lawyer, he worked as a New York City assistant district attorney for almost four years. In 1995, he launched George magazine, using his political and celebrity status to publicize it. He died in a plane crash in 1999 at the age of 38.

John Fitzgerald Kennedy Jr. was born on November 25, 1960,at Georgetown University Hospital two weeks after his father and namesake, Massachusetts senator John F. Kennedy, was elected president. His father was sworn in as president two months after John Jr. was born.

The Autopsy of Sunny Bono

How compelling is the new evidence? The five-page autopsy report prepared by Dr. David E. Palosaari, official pathologist for Washoe County at the time, concluded that the death was caused by “craniocerebral injuries due to blunt force trauma (skiing accident).”

But Globe reports further:

Other injuries detailed in the document included a black eye, swollen lips, bloody nose, bruised jaw, and two upper teeth knocked out, all on the right side of the head.

But the pathologist also noted a series of small fractures in a “central depressed region” on the right side of Bono’s skull and found “some of the fractured bone pieces have a curved configuration.”

Fletcher consulted a panel of experts and performed a re-creation to determine how these wounds were caused.

He concludes the depressed area was due to blows from a rounded-edged weapon wielded by a man taller than the 5-foot-nine, 165-pound politician and the killer was left-handed since the wounds are on the right side of Bono’s face and head. He also believes there was a second man who held Bono from behind.

Fletcher thinks the murder weapon was a pistol, but other experts tell GLOBE that a gun barrel would have left distinguishable marks.

“Sonny was ambushed and viciously battered to death with a billy club or similar weapon,” ex-FBI man Gunderson says. “The killers staged the crime scene and made it look like a tragic ski-accident.”

Fletcher insists the lack of damage to the back of Bono’s brain, known as “contra-coup” injuries, is proof that he was beaten to death. He says people who hit objects face-first normally have brain injuries caused when the organ rebounds off the back of their skull. And other physical evidence doesn’t add up, either, he says.

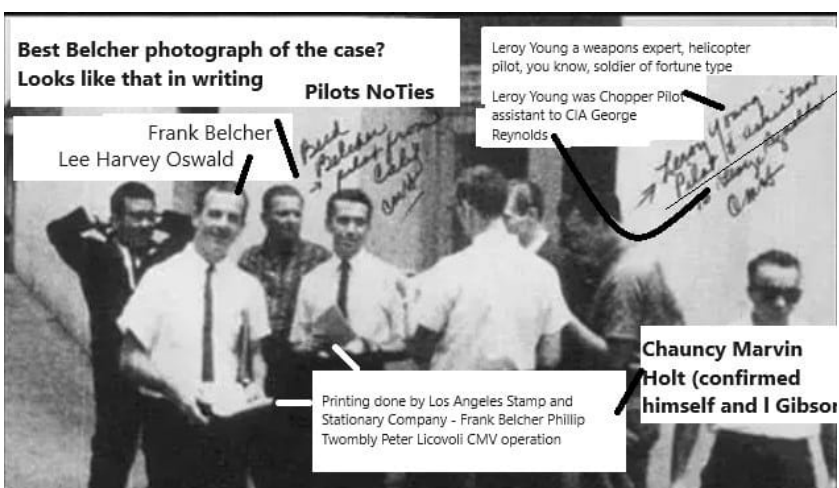
[image]

> An entire brain moving to a frontal impact collapses into the impact then rebounds back. A blow into the front a brain not in motion damges the brain only at point of impact.
>
> Strangely for what was called a ski accident, Bono had no smashed ribs, broken knees, neck trauma-or hand injuries that would have come from trying to ward off a collision with a tree, Fletcher says. And signs that he actually hit the tree-including bark impressions on his face and plant debris on his clothes-are also missing, the investigator says.
>
> And his ski goggles weren't smashed as they likely would have been in a collision, according to the expert.
>
> Fletcher also notes the back of Bono's clothes were [sic] soaked with blood-but he had no back wounds. "The blood must have come from someone else, perhaps when Sonny valiantly fought back and hit one of his assailants," he declares.
>
> The autopsy also mentions a small L-shaped tear on the back of Bono's black and purple Fila ski jacket. Fletcher says the tear is a likely result of a struggle. And Gunderson believes the new evidence gathered by Fletcher raises the specter of murder and warrants a new investigation.

Bob Fletcher ran a toy company. CIA front operatives joined in and were doing covert arms deals for things like airplanes and shoulder fired missiles, Angola and other countries involved. Fletcher tries to contact CIA he wants out, can't get out. Bob Fletcher becomes a Christic Institute witness and a year later finds all the US Generals that were tied up to the deals were the ones of Iran Contra, that story breaking a year later. He also had in the course of developing his story and getting it to Sunny Bono information on the Kennedy Assassination and WACO,

Bono having cried over the WACO incident the CIA appears to be involved in per Paul Wilcher and others. https://altcensored.com/watch?v=no70ZHmLmKQ

This is what Chauncey Marvin Holt said in 1997 (in on sceen televised statements 8 days before his death providing documents that are in the appendix of his book Sel-Potrait. Teh TV News crew were passing them around trying to confirm them. Some were difficult to confirm because Charles Harrelson was in federal penitentiary but other documents were confirmed about Ray Ryan's El Mirador hotel, Grace Rach Tuscon Arizona they would fly in from to meet in Palm Springs El Mirado to meet with William King Harvey, Sam Giacanca, and others. This is where the preparations were made getting fake documents to Lee Harvey Oswald and JM / Wave operating with Bob Reynolds, Leroy Young, and others including himself (Chauncey Marvin Holt.)



Best Belcher photograph of the case?
Looks like that in writing
Pilots NoTies
Frank Belcher
Lee Harvey Oswald
Leroy Young a weapons expert, helicopter pilot, you know, soldier of fortune type
Leroy Young was Chopper Pilot assistant to CIA George Reynolds

Printing done by Los Angeles Stamp and Stationary Company - Frank Belcher Phillip Twombly Peter Licovoli CMV operation

George Reynolds had a brother, whose name was Bob Reynolds. He was chief of station at JM/ Wave CH: He was a very high level CIA individual, employee. Besides, Frank Belcher was related to J.A. Belcher of J.A. Belcher Oil Company, had old time oil money from Texas. He also was known to be a CIA asset. Leroy Young, who happened to be his second in command, a weapons expert, helicopter pilot, soldier of fortune type, going to be in New Orleans.

Sony Bono called his office he gotten some documents on this, this mafai team at Palm Sprigs and Grace Rachh that was arms trafficking and killed JFK in an operation spanning El Mirrador

Palm Springs, Bermuda Dunes airport the flew into and Grace Ranch the flew from. For Dealy plaza, they drove from Grace Ranch in an Oldsmobile station wagon and other vehicles to Dealy Plaza where Lee Bowers Jr and others saw them.

Bob FletcherBob FletcherOn the C-SPAN Networks: Bob Fletcher is a Representative for the Montana Militia with two videos in the C-SPAN Video Library; the first appearance was a 1995 News Conference.Appearances by Title:c. May 25, 1995 - PresentRepresentative, Montana Militia https://www.c-span.org/person/?39892/BobFletcher Free State of Monatana.

"Bob Fletcher: **CIA Bush Drug Ties, Weather Wars, Sonny Bono's Murder"** is one headline you might see. He asserts he has or had CIA files he provided to CIA oversight oriented Sunny Bono days before Bono's death.

Fletcher (interviewed extensively on YouTube commenting on the Sunny Bono death and referenced in press sources in Australia and elsewhere) believes that Bono's wife when they became famous together, Cher, will call for a new investigation when she learns of these new revelations. Little hope is held out, apparently, that she will be joined by Mary Bono, Sonny's wife at the time of his death. Mary, who succeeded Sonny in the Congress and has remarried, has suggested publicly that his errant skiing was caused by Sonny having taken too many prescription painkillers. But that suggestion had already been contradicted by a previously-released toxicology report, said Globe. Their marriage, which was Sonny's fourth, was said to have been troubled at the time of his death.

Sonny's mother, Jean, on the other hand, believed all along that he was murdered. She died in 2005, but not before demanding "a much more thorough investigation" into his death, according to Globe.

Sonny Bono grills Janet Reno over Waco Jun 18, 2010 - 1995, Congressman Sonny Bono asks then Attorney General Janet Reno about gassing children at Waco. https://youtu.be/

Hswcbvx2Z8c

Both of these winter skiers were closely connected to the Kennedy administration by Roman Catholicism and anti cia anti mafia, to Peter Lawford the brother-in law to RFK and JFK, and died similarly.

Here Gunderson and Bob Fletecher are working together as two suspicious, similar, and connected deaths occur

Michael LeMoyne Kennedy Born February 27, 1958 Washington, D.C., U.S. Died December 31, 1997 (aged 39) Aspen, Colorado, U.S.Died: January 5, 1998, Sunny Bono

Bono was a friend and at times fellow co-star of and fellow actor of Peter Lawford the Brother in Lawford, brother in law to both RFK, JFK, Ted Kennedy

Sonny Bono was born in Detroit to Santo Bono (born in Montelepre, Palermo, Italy) and Zena "***Jean" Bono*** (née DiMercurio)

Before Bono's death, Bob Fletcher had been probing the activities of high ranking U.S. military and government officials he claims were raking in millions from arms and drug deals in Central America and Southeast Asia.

He says he sent his shocking findings of corruption, including videotaped evidence, to Bono.

"I later received a call from an assistant in his offices to tell me Sonny had seen my full report and was absolutely livid about the level of corruption I made him aware of," Fletcher tells GLOBE.

"He was going to make it his No. 1 priority when Congress resumed after the Christmas and New Year break. He was going to go after the biggest names.

"Just 10 days later, I received a call that he was dead. I'd heard it was suspected his offices had been bugged. Tragically, that must have been the case. There's no doubt in my mind Sonny was murdered by someone who needed to silence him."

The new evidence is the long-suppressed autopsy report, itself, which Fletcher obtained and furnished to Globe.

After reviewing the shocking secret documents, former FBI agent Ted Gunderson tells GLOBE: "The official version of Sonny Bono's death is hogwash. It's nonsense for anyone to now try to suggest that Bono died after crashing into a tree.

There's zero evidence in this autopsy report or any of these official documents to show such an accident happened. Instead, there's powerful proof he was assassinated. "This was an evil plot that was carried out to almost perfection by ***ruthless assassins***."

Even though two of the online Australian newspapers attribute their article to "staff writers," it's the same short article in The Australian, Mercury (The Voice of Tasmania), and The Daily Telegraph (first two links now dead), beginning:

> SONNY Bono, former husband and singing partner of superstar Cher, was clubbed to death by hit-men on the orders of drug and weapons dealers who feared he was going to expose them, a former FBI agent claims.
>
> Ted Gunderson, now a private investigator, has told the US Globe tabloid that Bono, who served as mayor of Palm Springs for four years, did not die after hitting a tree on a Nevada ski slope in January 1998 as everyone believed.

Ties & Sonny Bono's ... He claimed Bono had put together a Congressional hearing committee that had real subpoena powers to investigate into CIA drug trafficking. He said *Sonny actually went to Washington thinking ..*

In 1986, the Christic Institute with Bob Fletcher and his CIA story of Singlaub and others using his toy company as a front for arms trafficking) filed a $24 million civil suit on behalf of journalists Tony Avirgan and Martha Honey stating that various individuals were part of a conspiracy responsible for the La Penca bombing that injured Avirgan. The suit charged the defendants with illegally participating in assassinations, as well as arms and drug trafficking.[3] Among the 30 defendants named were Iran-Contra figures John K. Singlaub, Richard V. Secord, Albert Hakim, and Robert W. Owen; CIA officials Thomas Clines and Theodore Shackley; Contra leader Adolfo Calero; Medellin cartel leaders Pablo Escobar Gaviria and Jorge Ochoa Vasquez; Costa Rican rancher John Hull; and former mercenary Sam N. Hall.

A Waco Connection? Militia thinking (McViegh, G. Gordon Liddy, Donegan, others, Paul Wilcher, various document holders and Bono himself trying to acquire the docs

Gunderson agrees with Fletcher that the 62-year-old **Bono was likely to have been killed because of what he might uncover, or had already uncovered, about illegal drug and arms dealing by high-level government officials. But there are other possibilities. *When Janet Reno testified before Congress about the final, fatal assault on the Branch Davidians at Waco, Bono was relentless in his questioning about the professed use of CS gas on the confined men, women, and children:***

[The WACO siege was initiated when court papers were NOT delivered February 20 staring the February 28 siege begin date.]

Representative Sonny Bono (R-CA), a member of the full House Crime Committee, was concerned that Ms. Reno had not conducted a more exhaustive study of CS before making a decision. He challenged her claim that she had done all she could to investigate the attributes and hazards of the substance, noting that the U.S. Army Chemical Research and Development Center had confirmed that it knew of no laboratory studies of CS in which the subjects were children.

He pointed out that Army databases "contain virtually every study on CS that has ever been conducted by any government or private facility in the world," and stated that he found it "difficult to understand how, after extensive, exhaustive research you failed to uncover the following information that I uncovered in just one day: a report contained in the Journal of the American Medical Association, dated August 4, 1989, that states, I quote, 'Inhalation and toxicology studies at high levels of CS exposure have demonstrated its ability to cause chemical pneumonitis and fatal pulmonary edema.' According to an ear, nose, and throat surgeon that I talked to, pulmonary edema is caused when the mucous membrane is irritated, it secretes mucous which in children and infants plugs up the bronchi. They thus drown in their own saliva and mucous. As soon as the child breathes the fumes, the process begins. Soon after that, the child has little lungs left to breathe, and dies.

I find it impossible to believe that with the most powerful law firm in the country, the Department of Justice, at your disposal you could not find this information out, that I found out in one day with two staff members …. So I am sorry to say, Madam Attorney General, that I think you failed there." Bono concluded with the observation that, in his opinion, "it is the responsibility of the Attorney General in cases like this to research every bit of evidence, and if there is counter evidence, then the error should be on the side of the

children." sourced from -Robert W. Lee, "Waco Whitewash."

Christic Institute retrieved from Wikipedia and copied or modified to here

Founder(s) Daniel Sheehan, Sara Nelson, Father Bill Davis Established 1980 Location Washington, D.C., Dissolved 1991

In 1998, Christic was succeeded by the Romero Institute, with Daniel Sheehan and Sara Nelson continuing as leaders.

The Christic Institute was a public interest law firm founded in 1980 by Daniel Sheehan, his wife Sara Nelson, and their partner, William J. Davis, a Jesuit priest, after the successful conclusion of their work on the Silkwood case. Based on the ecumenical teachings of Pierre Teilhard de Chardin, and on the lessons they learned from their experience in the Silkwood fight, the Christic Institute combined investigation, litigation, education and organizing into a unique model for social reform in the United States. In 1992 the firm lost its non-profit status after having a federal case dismissed by the court in 1988 and being penalized for filing a "frivolous lawsuit". The IRS said that the Christic Institute had acted for political reasons. The case was related to journalists injured in relation to the Iran-Contra Affair. The group was succeeded by a new firm, the Romero Institute.

Christic notably represented victims of the nuclear disaster at Three Mile Island; they prosecuted KKK and American Nazi Party members for killing Communist Workers Party demonstrators in the 1979 Greensboro Massacre, as well as police and federal agents who they

said had known about potential violence and had not adequately protected the victims; and they defended Catholic workers providing sanctuary to Salvadoran refugees (American Sanctuary Movement). Its headquarters were in Washington, D.C., with offices in several other major United States cities. The Institute received funding from a nationwide network of grassroots donors, as well as organizations like the New World Foundation.

Writing for the Columbia Journalism Review, Chip Berlet described the Christic Institute as "something of a rarity among advocacy groups: starting out on the left of the political spectrum, over the years it was drawn into the conspiracy theories woven by the radical right."

Three Mile Island, Greensboro Massacre, American Sanctuary Movement

In 1979, Daniel Sheehan, Sara Nelson and many of the allies and architects of the Silkwood case gathered in Washington, D.C. to found The Christic Institute. Over the next 12 years, as General Counsel for the Institute, Sheehan helped prosecute some of the most celebrated public interest cases of the time. Christic represented victims of the nuclear disaster at Three Mile Island.

They conducted a civil suit, seeking damages from KKK and American Nazi Party (ANP) members for the murder of five civil rights demonstrators in the Greensboro Massacre. In addition, they charged the city, certain police and four Federal agents with having known of the potential for violence and failing to protect the protesters. The jury awarded damages to the plaintiffs against the city, the police department, and the KKK and ANP.

The Institute defended Catholic workers providing sanctuary to Salvadoran refugees in the American

Sanctuary Movement.

The graphic novel Brought to Light, by writers Alan Moore and Joyce Brabner, used material from lawsuits filed by the Christic Institute.

Gunderson and Wilcher and Riconosciuto and the case of the CIA at WACO

I've read the [170 page letter to Janet Reno based Gunther Russbacher and other CIA assets he the attorney Wilcher represented] Wilcher letter, And it's got me quite well chilled To learn that you can know the truth And the truth can get you killed. - DC Dave

"Henry Olaf Reno", "Henry O. Reno" Birthdate: December 13, 1901 Birthplace: Ejby, Middelfart Municipality, Region Syddanmark, Denmark Death: August 07, 1967 (65) Collier County, Florida, United States Immediate Family: Son of Robert Marius Reno and Lovise Laurine Jensine Larsen Husband of Jane Wallace Reno Father of Janet Reno, United States Attorney General; Robert Reno; Private; Private and Mark Wood Reno Brother of Poul Halvor Reno and Private https://www.geni.com/people/Henry-Reno/6000000034843362865

Janet Reno had three younger siblings: Mark; writer Robert Reno; and Maggy Hurchalla.

Janet Reno sisterMaggy Hurchalla (née Reno; December 11, 1940 - February 19, 2022) was an American environmental activist from Florida.[1] As a Martin County, Florida county commissioner, she pioneered responsible growth and championed environmental causes. Later in her career she was involved in a legal battle over her interference with a mining company, Lake Point Restoration.

Reno attended public school in Miami-Dade County, Florida.[2][5] After she completed middle school in 1951, Reno's parents sent her to stay with her uncle who served as a U.S. military judge in Regensburg, Germany.

Janet Reno attended public school in Miami-Dade County,

Florida.[2][5] After she completed middle school in 1951, Reno's parents sent her to stay with her uncle who served as a U.S. military judge in Regensburg, Germany. There, Janet continued her education and traveled around Europe during breaks from school. After a year, Reno returned to Florida where she was a debating champion and salutatorian at Coral Gables Senior High School.[2][5] In 1956 she enrolled at Cornell University, where she majored in chemistry, became president of the Women's Self-Government Association, and earned her room and board. After graduating from Cornell, Reno enrolled at Harvard Law School, one of 16 women in a class of 500 students.[6] She graduated from Harvard in 1963.

Regarding the Waco incident, Paul Wilcher (himself along with Daniel Casolao also assassinated) alleged that:

- Koresh and six others in his cult were CIA deep-cover operatives who had refused an order to activate against an unknown target.
- The initial engagement plan was designed to result in the deaths of US officers to justify a large-scale retaliation.
- Nerve gas, not tear gas, was used in the final assault.
- A CIA hit squad was dropped onto the roof by helicopter and killed Koresh and dozens of others with pistol shots to the head at close range.
- The CIA set the fire at the compound using timed white phosphorus incendiaries.
- For decades, perhaps even generations the WACO site like Jonestown had been a CIA research facility and in the case of WACO had also been a Propaganda facility

demanding religious treatise from Koresh he found problematic and would not agree to.

- Donald Gregg a consistent element whose records are missing of CIA work and Colin Powell considered a truee Deep State FBI CIA epicenter if the Deep State did exist.

The assassinations team run by the CIA was overseen by Robert F. Kennedy though the military at JM/WAVE Florida resented that. Mafia were used and Ted Gunderson again was part of the CIA FBI coordination as assigned by John F. Kennedy to his Attorney General brother.

The Chain of Command [CIA Wet Teams]

Pershing Park Killings

Wilcher alleged CIA responsibility for the deaths of six people in Pershing Park, District of Colombia, in 1988 and 1989.

Wilcher alleged the existence of a "top secret chain of command underlying all of the major covert and black operations which have been carried out by the CIA's myriad *wet teams* over the past 30 years or so." This "shadow government" would be led by "a top secret council of nine men whose names I do not know and would not recognize even if I stumbled across them," who were capable of giving orders to the Director of Central Intelligence and the Joint Chiefs of Staff.

Wilcher claimed that this group was responsible for nearly every notable assassination and assassination attempt from JFK to John Lennon, for starting the Vietnam and Bosnian wars by destabilizing these societies, and for the deaths at Jonestown Guyana and its CIA Research facility Leo Ryan was trying to expose.

POLICE, FBI & CIA PRESENCE AT THE SCENE, JUNE 23, 1993:

According to Mr. MASON O. LIDELL JR. (637 Third St. NE, Apt. B-03, DC 20002) superintendent of Wilcher's building, a Lieutenant and a Sergeant from the D. C. Police (with the help of firemen to force the door) entered Wilcher's apartment at about 11:30 AM on June 23rd. Three detectives from DC Police entered and found Wilcher's computer was turned on. When they read what was on the computer screen, they summoned the FBI. There is no further information on what the screen actually said.

At about 4:30 in the afternoon FBI Agents arrived. Sarah McClendon was also present, though not allowed in the apartment itself. She says two groups of four FBI Agents - eight FBI Agents in all - arrived and asked questions. McClendon checked their identification, which seemed convincing. According to Lidell at least three FBI Agents entered the apartment during the 4:30 to 7:30 time period.

Then, according to Lidell, one man appeared and said he was CIA (without offering identification). He joined the FBI agents in the Wilcher apartment during the 4:30 to 7:30 time period. …

Both Casolaro and Wilcher expressed fears, shortly before their deaths, that their lives were in danger because their investigations had led into sensitive territory. Casolaro was known to have received direct phone call threats, and told his brother shortly before he died, "If something happens to me, it won't be an accident."

As stated, Wilcher told at least one other person at the end of May that he feared he'd become a "danger signal" because his information on government malfeasance had gone beyond Casolaro's. In three weeks he was dead.

Both decedents' bodies were found in bathrooms, in bizarre

circumstances (Casolaro a supposed suicide though forensic evidence cast substantial doubt on this; Wilcher, a man in good health, propped up on a toilet but showing no discernible cause of death).

"Former F.B.I. Special Agent, Ted Gunderson, speaks FOR Riconosciuto's credibility. Gunderson, who lives in Manhattan Beach, has worked with Riconosciuto for many years in his capacity as a private investigator.

"Together, according to Gunderson, they were responsible for thwarting a terrorist operation during the Los Angeles Olympics. According to Gunderson, Riconosciuto was well known in certain circles as a genius in almost all sciences.

White phosphorus munitions are weapons that use one of the common allotropes of the chemical element phosphorus. White phosphorus is used in smoke, illumination, and incendiary munitions, and is commonly the burning element of tracer ammunition.[1] Other common names for white phosphorus munitions include WP and the slang terms Willie Pete and Willie Peter, which are derived from William Peter, the World War II phonetic alphabet rendering of the letters WP.[2] White phosphorus is pyrophoric (it is ignited by contact with air); burns fiercely; and can ignite cloth, fuel, ammunition, and other combustibles.

In addition to its offensive capabilities, white phosphorus is a highly efficient smoke-producing agent, reacting with air to produce an immediate blanket of phosphorus pentoxide vapour. Smoke-producing white phosphorus munitions are very common, particularly as smoke grenades for infantry, loaded in defensive grenade launchers on tanks and other armoured vehicles, and in the ammunition allotment for artillery and mortars. These create smoke screens to mask friendly forces'

movement, position, infrared signatures, and shooting positions. They are often called smoke/marker rounds for their use in marking points of interest, such as a light mortar to designate a target for artillery spotters. wikipedia

Most of the Davidians died of smoke inhalation after the fire began. **The compound didn't cool down until a week later**. Investigators found 75 bodies. Only nine of the Davidians had escaped the fire. All of the remaining 25 children perished.

Koresh and his deputy, Steve Schneider, were found with fatal wounds to their heads, suggesting suicide, or murder-suicide, according to Dr. Nizam Peerwani, the chief medical examiner for Tarrant County in Northcentral Texas who spoke to FRONTLINE in 1995.

Peerwani said that 50 people had died of smoke inhalation. Most of the women and children were found in a concrete bunker full of guns and ammunition.

"There has been a lot of speculation if this is a mass suicide or not. Did they all go there to die? We don't really think so," Peerwani said. "What I feel personally is that they tried to escape. A bunker was perhaps the safest area in the compound."

> **The CIA "WET TEAM"**

HOW THE FIRES WERE STARTED

WILCHER REPORT EXCERPT Part Three

#18) The remaining task for this "wet" team -- after the multiple murders, described above, had been carried out -- while they were still inside, was to place 3 or 4 canisters of "Willie Peter" (White phosphorus) in strategic locations throughout the compound in order to start the fires.

These canisters were all equipped with delayed timing devices, all set to go off simultaneously -- apparently at or shortly before 11:45 AM, since that's when the fires were actually sighted by outside observers on the scene. White phosphorus is one of the most fearsome incendiary device imaginable, and is therefore a favorite of CIA's "wet" teams, ignites instantly, immediately burns with white hot intensity, consumes, beyond all recognition, everything in its path -- thereby destroying all possible forensic evidence -- and covering, as well as one can possibly imagine, the trail of assassins (like this particular "wet" team) who want to try to claim later that their actual mass murder was merely a "mass suicide" or a "tragic accident."

CIA "wet" teams have also been known to corner their intended targets into a closed quarter, and then throw "Willie Peter" in their midst, so that these victims are instantly immolated right before the team's eyes. The fire which "Willie Peter" produces is so intense, and the combustion so complete, that victims -- as was the case here in Waco -- can only be identified by their dental records.

But here, because the team itself was inside the closed quarters they had to use delayed timing devices on the "Willie Peter" canisters -- to give themselves time to make their own exit before the entire compound was

consumed in the monumental conflagration all watched in horror on television.

Paul Wilcher asserted the CIA moved in on the Branch Dividians after the Texas Arkansas border compound of religious theorists would fully cooperate with CIA demands of them. Koresh held out and according to Wilcher and others was assassinated by the CIA via close range shots into his skull with ice bullets and the compound was annihilated as clean-up of potential witnesses.

Wilcher will assert a Deep State that he and Daniel Cassalaro call the Ocotpus and includes Arms For Hostages, October Surprise, CIA plans for the Middle East North Africa, and elsewhere tied to Bush mostly though others as well.

HOW PAUL WILCHER WAS MURDERED: retrieved from http://whale.to/b/rm11.html and copied or modified to here

PAUL WILCHER & GUNTHER RUSSBACHER

By Rayelan Allan Russbacher

- The Only Surviving Copy of The Wilcher Report Surfaces
- WILCHER REPORT EXCERPT Part Three
- HOW THE FIRES WERE STARTED

I met Paul Wilcher in early 1992. A mutual friend in Chicago, Sherman Skolnick, told Paul about my husband, Gunther Russbacher. Gunther was a CIA/ONI operative who, at the time, was incarcerated in Jefferson City, Missouri. When Paul first called me, I thought he was just another investigator or reporter who was interested in doing a story on Gunther's case. It never occurred to me how entwined our lives would become in the next few years.

In the two and half years that Gunther and I had been married, I had spent hundreds of hours telling our story to any reporter who would listen. It was no different with Paul. Each time he called, I went into more detail about what had happened to Gunther and me since we had married.

I can't even begin to remember how many times I have told the story. Gunther had been arrested two days after we had married. The FBI told me that "Gunther was a conman, on a crime spree, marrying and defrauding wealthy widows." When the FBI left my home that night, not only did they take my new husband, but they took everything that was his. His clothes, his papers, his

briefcase... everything. They didn't even leave me a picture! All I had to prove that it had actually happened was our marriage license from Reno, Nevada.

Gunther was held in various county jails and prisons for 11 months. During that time, I was working for a friend who was a film producer. He was making a film that everyone in Hollywood felt would be the big hit of the year. He was fascinated with what was happening to us, and finally offered to buy the rights to our story for $40,000. The county prosecutor heard about my film deal and agreed to release Gunther for $40,000.

Gunther pled the Alford plea, which means he neither pled guilty nor not guilty. He was released on probation with the agreement that he would live with my friend until the script was done and the money had been paid to the prosecutor.

The only problem with this scenario, is the moment Gunther was released from prison, his boss in Navy Intelligence ordered him to Offutt Air Force Base. Shortly after Gunther was released from the county jail near St. Louis, Missouri, we drove to Offutt Air Force Base in Omaha, Nebraska. Offutt was the home of the Looking Glass Command. Gunther and I were on the base from July 19 to July 22 of 1990. At the time, a top secret meeting was going on. Many Congressmen and Senators were in attendance. The only one I recognized was Congressman Pete Stark from California. If anyone ever wants to check that this meeting actually took place, they should try to see his daily calendar for these dates in 1990.

While I was on base, no one discussed the meeting because it was still top secret. But several days after the meeting had concluded, it was in every paper in the world. The top secret meeting had been held to close the Looking Glass Command.

From the Sacramento Union, Saturday, July 28, 1990: "WASHINGTON--With President Bush's approval, the Air Force this week quietly ended its 29-year-old practice of keeping a "Looking Glass" emergency command plane in the air at all times in case of a surprise nuclear attack.

"With no fanfare or advance public notice, the last in an uninterrupted string of flights named "Looking Glass" landed at Offutt Air Force Base near Omaha, Neb., at 2:28 p.m. CDT Tuesday, July 24.

"The United States began the flights from Offutt on Feb. 3. 1961, shortly after the inauguration of President John F. Kennedy and at the height of the Cold War."

Offutt Air Force Base was one of the most secure military installations in the country. At the time Gunther and I were on Offutt Air Force Base, one of the most top secret meetings in Cold War History was going on.

Gunther and I stayed in V.I.P. quarters at the Malmstrom Inn. In the suite to our right was the Director of Central Intelligence, William Webster. In the suite on our left was the National Security Advisor, Brent Scowcroft. On Saturday, July 21st, for a few short hours, Barbara Bush was in the suite directly across the hall.

President and Mrs. Bush had been in California attending the opening on the Reagan Library. On their trip back to Washington, they stopped off in Wyoming to fish with Secretary of Defense, Dick Cheney. After the fishing photo ops, Cheney and Bush flew directly to Offutt Air Force Base where another highly classified, "above" top secret meeting was taking place. Ostensibly, they were there to oversee the closing of the "Looking Glass Command."

However, the Looking Glass Command's top secret

meeting was only the cover for another, even more secret meeting. Gunther Russbacher had been ordered to Offutt Air Force Base to be briefed on a top secret mission for which he would be the command pilot.

Gunther had just spent 11 months in a county jail. For that eleven months, Gunther and I were both being disciplined by the CIA discipline officer. We had broken the rules. When Gunther had requested permission to marry me, it had been denied. Instead of waiting the two years he was told to wait, we chose to marry immediately and face the consequences later. If I had know that the CIA discipline officer was the same man I had lobbied against before the Chairman of the Senate Foreign Relations Committee, I think I would have thought twice about disobeying CIA rules.

At the time of our marriage I was working with a group of loose knit group of investigative reporters who were working to expose the treasonous October Surprise hostage delay. In 1979, Iranian revolutionaries stormed the United States embassy in Tehran and held the embassy personnel hostage. The October Surprise is the theory that the Reagan/Bush Campaign made a deal with the Iranians to hold the hostages until after the election.

The polls showed that the margin between President Carter and Candidate Reagan was so narrow that the election hinged on whether or not Jimmy Carter could free the 52 hostages before the election. He if did, he would win. If he was too "weak" to free our hostages, then Candidate Reagan would become the President. Needless to say, the hostages were not released before the election, and Reagan won. In an usual move, that I still remember vividly, the Iranian Ayatollah released the 52 hostages at the very moment Reagan was sworn in as President. In early 1986, my best friend, former Reagan campaign worker, Barbara Honegger, and I started investigating the October Surprise. In July of

1989, Barbara asked me to hand carry documents to my friend, Senator Claiborne Pell. Pell was the Chairman of the Senate Foreign Relations Committee. At that moment, the Senate Foreign Relations Committee was doing a confirmation hearing on a long time CIA operative named Donald Gregg.

Mr. Gregg had been George Bush's National Security Advisor while Mr. Bush was Vice President. President Bush had just nominated Donald Gregg to be the Ambassador to South Korea.

The packet I carried to Senator Pell contained detailed affidavits implicating Donald Gregg in the October Surprise negotiations. At the time I hand carried these documents to Senator Pell, I did not know that Donald Gregg was the chairman of the CIA discipline committee!

Two days after I married Gunther, he was arrested for the first time by the FBI. It took me many months before I figured out that he and I were both being disciplined for disobeying orders. Donald Gregg didn't like either one of us.

Rolling Stone Magazine

During the most violent years of the war in Nicaragua, a retired CIA agent - a man of many talents and pseudonyms whose given name is Felix Rodriguez - was the logistics officer for airlifts of weapons and supplies from the Ilopango air base, in El Salvador, to the jungle hide-outs of the Nicaraguan rebels known as contras. On October 5th, 1986, one of Rodriguez’s cargo planes, a Southern Air Transport C-123K, loaded with 10,000 pounds of ammunition, failed to return from a scheduled drop in Nicaragua. Fearing the worst, Rodriguez made a

series of phone calls to Washington that evening. What was unusual was that Rodriguez did not notify anyone at the Defense Department or the CIA but rather attempted to get word about the missing plane to Donald Gregg, the national-security adviser for Vice President George Bush.

When Rodriguez failed to reach Gregg, he telephoned Gregg's deputy, army colonel Samuel Watson. Watson relayed the information to the White House Situation Room, and an order was given to send U.S. aircraft toward the Nicaraguan border on a search-and-rescue mission. The following morning Rodriguez learned that Sandinista-government artillerymen had knocked the Southern Air plane out of the sky, killing the pilot and copilot. The third crewman, Eugene Hasenfus, had been captured. Again Rodriguez called Vice President Bush's office with the news, and the search-and-rescue mission was called off.

The subsequent investigation of the downed cargo plane revealed for the first rime a connection between the office of George Bush and a clandestine campaign to arm the contras - during the 1984-86 period when the U.S. Congress had ordered a halt to CIA and Pentagon aid. In response to reporters' queries, however, Bush's press officers issued statements claiming that the phone calls from Rodriguez represented the only time that the vice-president's office had played any role in the arms-supply campaign. Later Gregg expanded on the official denials in a deposition to the joint select committee investigating the Iran-contra affair. "We [Bush and Gregg] never discussed the contras," Gregg testified. "We had no responsibility for it; we had no expertise in it."

A ROLLING STONE investigation, however, has found that the denials of Bush and Gregg are part of a continuing cover-up intended to hide their true role in the Reagan administration's secret war against the

Sandinista government of Nicaragua. Bush and Gregg were, in fact, deeply involved in a previously undisclosed weapons-smuggling operation to arm the contras that began in 1982, two years before the much publicized Iran-contra operation run by marine lieutenant colonel Oliver North and financed by the sale of missiles to Iran. This earlier operation, known as Black Eagle, went on for three years, overlapping North's operation. The idea of both operations was to circumvent congressional restrictions on the CIA and the Pentagon. Although conceived by William Casey, the late CIA director, these operations were not sanctioned officially by the CIA or other government agencies. They were the instruments of a secret U.S. foreign policy carried out by men who constituted a kind of shadow government.

After meetings with Casey in the summer of 1982, Bush agreed to use the vice-president's office as a cover for Black Eagle, according to a retired army covert operative assigned to Black Eagle. Gregg, a veteran CIA official, was assigned to work out of Bush's office as the Washington liaison to Black Eagle operatives in Central America, coordinating financial and operational details. Gregg made regular status reports on Black Eagle to Bush, who relayed them to Casey. "Bush and Gregg were the asbestos wall," says the career military man, who used the code name Lew Archer. "You had to burn through them to get to Casey."

Felix Rodriguez, a close friend of Gregg's since 1970, when they served together in Vietnam, had a unique soldier-statesman role in the Black Eagle operation: he not only handled airfield logistics for the arms airlifts to the contras but also traveled throughout Central America as a special envoy, authorized to negotiate with military commanders and even chiefs of state.

The ROLLING STONE investigation - based on congressional and court documents and more than fifty

interviews with government diplomats, career military officers and intelligence agents, including key Black Eagle operatives - also found that General Manuel Noriega, the Panamanian dictator indicted in the U.S. on drug charges early this year, played an important part in Black Eagle, making available his country's airfields and front companies to the American operatives. In exchange, Noriega appropriated Black Eagle's fleet of cargo planes to smuggle cocaine and marijuana into the U.S. on behalf of the notorious Medellín cartel of Colombia. Several of those involved with the operation contend that Bush and Gregg knew about Noriega's use of Black Eagle for drug running and that nothing was done to stop it.

Donald Phinney Gregg is a retired American politician, CIA employee, and U.S. Ambassador to South Korea. Gregg worked for the Central Intelligence Agency for 31 years, from 1951 to 1982. Wikipedia

He attended Williams College, in Williamstown, Massachusetts, from 1947 to 1951, majoring in philosophy. Here he was recruited by the CIA.

Gregg's father was Abel J. Gregg of Washington, the national secretary of boys' work of the Young Men's Christian Association. His wife was Margaret Curry. Their daughter Lucy Steuart Gregg married the writer Christopher Buckley, the son of conservative journalist and author William F. Buckley Jr. His nephew is podcasting pioneer and former MTV VJ Adam Curry.

His life in the CIA from 1952 until 1964 are missing but Ed Donegan guesses he is assigned to Operation 40 under the Nixon MKULTRA plan and that is still hidden or destroyed records, the events leading up to the JFK assassination.

After eleven months of discipline, we were assured that

we had paid the price and the CIA was going to allow Gunther to return to active duty in the Navy. We were told that he would be promoted to Admiral and in two years we would be allowed to retire and leave the country. Gunther was an Austrian and he wanted to return to his country. With this assurance from his immediate superior, Gunther and I drove from St. Louis to Offutt Air Force Base, in Omaha.

On Offutt, I met the four star Admiral who was Gunther's immediate superior. He introduced himself to me as "Vilhelm Johann". He quickly dropped his thick German accent and said I could call him William. I never did. He has always been Admiral J. To me.

Gunther also took me to lunch with his friend, Bill Webster, who happened to be the Director of Central Intelligence at the time. As three Air Force Generals stood, Gunther and Bill carried on a conversation while we waited for our lunch to be served.

Gunther and I left Offutt on July 22nd. We were not scheduled to leave. We did so because I had been drugged the night before. They had drugged me so Gunther could attend a top secret meeting while I slept. When I realized they had put something in my water, I thought they had poisoned me. Gunther flew out of his chair and threw the Club manger, a man named Al Harris, up against the wall.

Al quickly told him that Admiral Johann had given him some Valium to put in my drink. Since I didn't drink anything but water, it was put in my water. Al told Gunther the Admiral wanted me to get a good night's sleep.

I did not have a good night's sleep. I knew they had done something to me. When you have the Director of Central Intelligence on one side, and the National

Security Advisor on the other side, you realize that anything could happen to you. Even though Gunther had assured me that they had only given me Valium, I lay in bed, going in and out of consciousness, thinking that they had given me a slow acting poison. When the effects of the drug wore off, I packed my bags and left. I didn't know where I was going, I only knew I was getting off Offutt.

Gunther asked me if I wanted him to come with me. I told him that was his choice. He quickly grabbed his things and threw them in the car. William Webster, wearing red shorts and a red Hawaiian shirt, watched from his window as we packed our car and left.

Gunther and I drove straight through to Winnemucca, Nevada where we stopped at the Red Lion Inn. Gunther requested a specific room. When we walked in, he told me to turn on the television and turn to channel 13. I did. We watched a black and white CIA training film that starred George Bush, William Webster, Jean Kirkpatrick and several other well known people. The film had been made in the early 60's.

I had only watched the film for a few minutes when I was suddenly so tired I could not keep my eyes open. Gunther and I both woke up 10 hours later, feeling drugged. The story of the missing ten hours is told in an article titled, "Rayelan Russbacher Meets the King of the World."

From Winnemucca, we drove to Sparks, Nevada and checked into the Western Motel and Casino. The first thing Gunther did was teach me how to find certain slot machines that were designed to fund covert operatives who were in need of funds. After winning about $600.00 Gunther and I ran some errands.

This trip was my first experience living life on a "need

to know" basis. Gunther never told me anything until it was time for me to know it. On the afternoon of July 25th, Gunther told me we had to go down to the local CIA shop, which was located in a Quonset hut, surplus store.

He told me to drop him off in front of the store and to keep driving around the block. As he got out of the car, a younger man was approaching the store. He was carrying a Navy flight suit. When Gunther came out of the store, he had the flight suit with him. It had his patches sewn on it, and Navy Eagles on the collar. I asked him what he was going to do with that. He replied, "I have to fly a mission to Moscow tomorrow. That is why I was on Offutt. I had to spend time in a flight simulator."

The next day, July 26th, 1990, I took Gunther to the Reno Municipal Airport. We pulled into a side parking lot. Gunther and I waited until we saw a small Learjet approaching. The Lear was the same plane we had "borrowed" to go to Reno one year before to get married.

Gunther ran through a gate and onto the tarmac. The Lear stopped, the side door dropped down. Gunther got in. I watched the Lear as it taxied around and assumed a take off position on the runway.

Then I heard the sound of a larger plane approaching. I didn't recognize the sound of its engine. I looked up and saw a military plane that looked like a large fighter. It was painted desert camouflage. Its nose had a needle like point that was turned downward. It almost looked like a huge insect.

I had been married to a civilian employee of the Navy for 16 years. My husband, Dr. John Dyer, had been the Dean of Science and Engineering at the Naval Postgraduate School in Monterey, California. That was

where I had first met Gunther.

Because of being married to John, I had seen many Navy fighters. But this plane didn't look like any fighter I had ever seen. I kept looking at it. The drag chute popped and slowed the plane down. Even the drag chute was too big for a fighter.

Then I heard the sound of another one approaching. I looked into the sky and saw the same kind of "fighter" plane descending. It was also painted desert camouflage. I looked at the shape of the two planes. They reminded me of the model that my husband John's nephew had given him. John's nephew was an SR-71 pilot who had been stationed at Beale Air Force Base in northern California. John and I had visited him and had toured the base and visited the SR-71's.

The two camouflage planes looked very much like SR-71's, but I knew that paint couldn't stay on them because of how fast they flew. Paint would burn off, so the SR-71's remained black, the color of their titanium hulls.

A third desert camouflage plane came in for a landing. It too popped out its drag chute and landed. The three planes taxied down the runway and lined up next to the white Learjet at the end of the runway.

Finally, I heard the sound of another plane approaching. This plane had the same whine as the others. It was the same shape and size as the other airplanes, but it was BLACK! I looked at the sleek black titanium hull and instantly recognized it as an SR-71. It too popped a drag chute. Four SR-71's had come into a public municipal airport in Reno, Nevada.

The black SR-71 taxied down to the end of the runway and turned around. The five planes sat side by side on

the runway. I watched as they spooled up their engines for takeoff. If I had blinked my eyes, I would have missed the take off.

The five planes were lined up abreast. They started their taxi at the same time. I expected the usual type of taxi and takeoff. But this isn't what happened. All five planes took off at once. They utilized a steep military takeoff which made them appear to be taking off vertically.

The speed and angle of the takeoff caused the planes to disappear from sight in seconds. The entire episode, from the Learjet landing, to the five planes taking off at once, had lasted approximately seven to ten minutes.

Gunther arrived home in the early hours of the morning. He had a pack of Russian cigarettes in his flight suit pocket. He said that he had flown a treaty to Moscow for Gorbachev to sign. He also said that the black SR-71 had been left in Moscow, a fact that has been confirmed by author Rodney Stich.

If you remember history. July 25th is a very important date in the Persian Gulf War. It was the date that April Glaspie, the United States Ambassador to Iraq, met with Saddam Hussein. The transcript of her meeting with Hussein has never been released. It is supposed that she encouraged him to invade Kuwait.

The flight Gunther flew to Moscow occurred one day after the Glaspie meeting with Saddam Hussein. Again, no one knows what was contained in the treaty Bush signed with Gorbachev, but it is presumed that it was an agreement that the USSR would not enter the Persian Gulf War on the side of Iraq.

The next morning, Admiral George Raeder called and told me to get ready to become the wife of a base

commander. He told me that with all the experience I had as a Dean's wife, that I would have no problem with the entertaining duties.

Admiral Raeder also told me to order a Navy Commander's uniform for my cat. My three legged white Angora cat had become quite a hero ever since he survived the attack by the FBI dogs.. The Admiral told me that any cat that can fight off three FBI attack dogs deserved to be a base mascot. The Admiral told Gunther to go to the Naval Air Station in Fallon, Nevada and pick up a pair of whites. He told me to have my cat measured and get a uniform made for him.

Gunther and I did as we were told. We had a few days to get this done, and then we had to report to Castle Air Force base for a promotion ceremony and a debriefing. When we got to Castle, there was a debriefing, but instead of a promotion ceremony, the FBI came in and arrested Gunther one more time. He was accused of impersonating a Naval officer and was arrested. This eventually caused his probation in Missouri to be revoked.

At the time of the arrest, Gunther and I were on Castle Air Force Base because one of Gunther's bosses, Admiral George Raeder, had ordered us there for a promotion celebration and a press conference which would have explained why Gunther had just spent 11 months in a county jail. We were both expecting to be on our way to our new command at Whidby Island, instead he was arrested by one of the same FBI agents who had arrested him a year before. I had been through this a year earlier. I couldn't believe it was happening again.

As I told the story to Paul, he couldn't believe it either. At the time, I didn't know Paul was recording our conversations. He later transcribed many of our conversations and included them in the report he wrote

for the House and Senate October Surprise Taskforces.

Like most people, Paul had a hard time understanding how the FBI could arrest Gunther after Gunther and I had just been on Offutt Air Force Base with the Director of the CIA, the National Security Advisor, the Secretary of Defense, the President of the United States and the First Lady. There is no way I can help people, who are not part of the Intelligence Community, to understand how things like this can happen. All I can say is that this appears to be standard operating procedure for the intelligence community.

Gunther and I married August 30, 1989. He was arrested September 1st. He spent 11 months in jail in St. Charles, Missouri. He was released for two weeks and re-arrested. The second time he spent 24 months in Federal prison for misuse of the Learjet when we took it to Reno to get married. When he was released from Federal Prison we were told he was being deported to Austria. We were overjoyed and I was making plans to leave the country with him. Instead, our hearts were broken again, because the Missouri courts used the charge of impersonating a Naval officer to revoke his probation and put him in prison for 28 years on the original Missouri charges.

Gunther had come to the attention of the world of investigative reporters in May of 1991 while he was still in Federal Prison at Terminal Island, California. There had been an attempt on Gunther's life. Several of his friends had been killed in a helicopter crash. Gunther was supposed to have been on that helicopter. He had called me earlier in the day to tell me that he and his boss were coming up to see me. This was in preparation for our leaving the country. I needed to fill out some papers. Gunther told me that he would be in a black helicopter and they would pass over my house at 6:30. Exactly as he said, the helicopter passed over the house. I stood out in front and waved, then went back into the

house and prepared the hors d'oeuvres and drinks.

Gunther told me it would take him a half hour to get from where they had to land, back to my house. It was the longest half hour of my life... and it kept getting longer. Seven o'clock came, 7:30. There was no word from him or from his boss. I had the television on in the background. Suddenly the program was interrupted with an emergency news flash.

A helicopter had crashed. They showed a picture of it. It was the same black helicopter that had just flown over my house. I was heart sick. I called our friend Rodney Stich. Rodney had been with the FAA and I figured if anyone would know how to find out who was on that helicopter that he would. He hemmed and hawed and told me that he didn't have those kinds of contacts anymore. I hung up without saying goodbye and quickly dialed the emergency number of the CIA station chief in St Louis.

"Roger" I cried. "There's been a helicopter crash. Was Gunther on it?" That was all he needed to hear.

"I'll call you back" he said and quickly hung up.

Waiting for Roger to call back was the hardest and longest wait I had ever had. The phone finally rang. His information caused my heart to sink. "Three naval officers were on the plane."

"Was Gunther one of them?"

"I don't know." Roger replied. "Call the prison and ask to talk to him"

"How can I do that? They don't allow people to call." I said.

"They do in emergencies. Here is the number."

Roger hung up. I called the number and through my tears I told the person who answered the phone who I was and what had just happened. "There's been a helicopter crash. Our friends were killed. I need to talk to my husband."

I was put on hold. I didn't expect to be allowed to talk to Gunther. I didn't even expect to be told if he was dead or alive. But miracles do happen.

"Hello?" It was Gunther. He sounded groggy, as if he had just awakened. I quickly told him what had just happened. He said he needed to make a few phone calls and would call me back. One of the phone calls was to his friend, Rodney Stich. He told Rodney to record the conversation and that if his enemies were successful in killing him, to go forward with the story. Up until now, Gunther had NEVER told any of us that he was actively involved in the October Surprise. Gunther made Rodney promise that he would not release the tape unless Gunther was killed.

Rodney did not follow Gunther's orders. Rodney felt that the best way to keep Gunther alive was to release the information as soon as possible. Rodney called Harry Martin, the publisher of the Napa Sentinel. This was Tuesday, Harry checked the facts as best he could and ran the story in the Thursday edition, BUSH MADE DEAL WITH IRANIANS, PILOT SAYS Navy flier testifies he flew Bush to Paris for deal to block release of hostages.

On Monday, the story was published in the Spotlight, a Washington, D.C. newspaper. I began receiving phone call from friends and reporters asking me how I felt being married to the October Surprise pilot. I didn't have the slightest idea what they were talking about. I had

been investigating the October Surprise, I wasn't married to one of the pilots. I knew who the pilots were, or at least I thought I did.

Finally one of the people I was talking to realized that I didn't know what had just happened. Sure enough, Gunther had not bothered to tell me that he had just told Rodney Stich the details of the flight he piloted to France to conclude the October Surprise negotiations and delay the release of the 52 American hostages. I didn't know that his story had been published in two newspapers and Harry Martin was going to be a guest on worldwide short wave radio that night to discuss the articles.

By the time Gunther was transferred back to Missouri, he had become a minor celebrity. Sarah McClendon, the senior White House correspondent had called me and wanted to know the whole story. Ross Perot called me and spent many hours on the phone with me. Paul Wilcher entered the picture at this time.

Shortly after the helicopter crash, which had claimed the lives of his friends and prompted Gunther to go public, several events seemed to occur spontaneously.

Gunther's story was published in two newspapers. Gunther's story went out over worldwide radio. The Director of the CIA, Gunther's friend "Bill" Webster, suddenly resigned. The House of Representatives finally convened an October Surprise Taskforce.

Paul had been following Gunther's story from Washington D.C. Paul was a friend of Sarah McClendon's. He was a regular at her Tuesday night "briefings". For a while, so was FBI Director William Sessions.

After spending hundreds of hours on the telephone

with me, Paul decided that the only way to convince the House and Senate that Gunther really was who he said he was, was for Paul to come to Missouri and debrief him.

Paul had not been working as an attorney for several years He had even let his Bar card expire. Paul had been in real estate in Chicago. He and his wife owned a 60 million dollar real estate empire. The crooked Chicago bankruptcy courts took everything. Paul spent years trying to reclaim their wealth. Then he realized that the corruption went far higher than Chicago, and he moved to Washington D. C., to continue his investigation.

Once in Washington, he discovered what most investigators of government crimes discover.... that one crime is connected to another which is connected to another. Suddenly the web of government crimes and corruptions had ensnared another investigator.

Paul borrowed the money from me and my friends to make the trip to Missouri to debrief Gunther. He stayed there four months. He produced over a thousand pages of transcribed documents, and recorded over 50- 90 minutes conversations with Gunther.

After he felt he had enough information, he returned to Washington and made a formal presentation to the October Surprise Taskforce. Unfortunately, like most Senate and House Taskforces, the October Surprise was a complete whitewash.

Paul continued to stay close to Gunther and me. We talked almost everyday. He took a job working in a Washington law office. He also was taking legal cases privately. Suddenly he had enough money to rent an apartment in Washington.

During the Waco siege, Gunther started telling me and

Paul about the mind control experiments that were going on inside the compound. At first Gunther compared the experiment with Jonestown, but then he said that this one was a different kind.

I can still remember the night before the compound was burned. I was in hiding on top a mountain in a small town in Ohio. Another hit order had been put out on me, and the FBI was looking for me. I had arranged to call Paul at exactly 8PM. Gunther was going to call Paul from prison, and Paul was going to patch us together. The conversation was a short one. Gunther was beside himself. He told us that the Feds were going to burn the compound the next day. He said that the device was ready to go and they had to get in there immediately. I didn't know what he meant by the device. Paul seemed to understand.

After Gunther hung up, I asked Paul what we should do. I had no telephone where I was staying. I had no idea what to do. He said he would make a few phone calls and try to alert someone. I don't know what he was able to do.

The next day Gunther told me it was safe for me to come to Missouri. I met a friend of Gunther's who took me out to his parents farmhouse in a small town. Again, I was in hiding where I thought no one would find me. But one afternoon, shortly after the Waco inferno, the telephone rang. It was a coded message from one of the SEALS who was part of my protective team. I figured out that the house was surrounded by the FBI.

I hung up the telephone as if nothing was wrong. I ran down the stairs and yelled into the living room that I was running down to Walmart to buy some hair dye. I said I would be back in an hour or two.

Instead of running to the store, I ran to a friends house.

She had a friend who was a policeman. She called him and had him come over. He and a County sheriff went over to the farm to check things out. They found an FBI SWAT team lying in the ditches waiting for me to return.

I was later told that many of the men who were hiding in those ditches, had just been at Waco. Did they want to kill me because I knew the truth about what they did at Waco? Would they have killed everyone in the farmhouse to kill me? I don't know. I will never know the answers to these questions.

During the month following the Waco horror, Gunther and his men were giving Paul the real story of what had really gone on at Waco.

David Koresh was a long time CIA asset. Waco had been a CIA center for mind control every since the end of World War Two. Many of the German mind control scientists were brought to Waco to continue their experiments.

Gunther explained to me that there were only seven fully programmed mind control "sleepers" in the Davidian Compound. For a more complete explanation on how mind controlled "sleepers" are created, you can read Operation Open Eyes MIND CONTROL IN AMERIKA ~ Five Easy Steps To Create A Manchurian Candidate!

Gunther told me that the Waco "sleepers" had somehow been triggered, and they were preparing to carry out their mission. The "sleepers" in the compound were created to be programmed domestic terrorists. They can be compared to the Japanese cult, Aum Shinri Kyo, that bombed the subway with sarin gas and killed and wounded hundreds of people.

The seven sleepers in the Waco compound were within

days of finishing a nerve gas toxin that would have been powerful enough to kill up to 350 thousand people.

Gunther and others, spent hours giving Paul the information about how mind control is being used to create terrorists and assassins. Paul prepared a 101 page letter to Attorney General Janet Reno. He called the Department of Justice and made an appointment to deliver it to her.

On May 21st, the day of his appointment, Paul Wilcher was met in the hall outside of Ms. Reno's office by two men. They threw him up against the wall, beat him and took the 101 page letter.

Paul called me the minute he returned to his apartment. He was shaken. He asked for help. He wanted protection. He was sure he was going to be killed. He asked to have Gunther put through to his apartment the moment Gunther called me.

Several hours later, Gunther called. I told him what had happened to Paul. Gunther told me that Paul had gotten careless and revealed the names of the SEALS who were protecting him. They had to go into hiding to save their own lives. Paul was without protection. Gunther told Paul that he was putting together another team and would have it there as soon as possible. But by the time the new SEAL team got there, Paul had already disappeared.

We discovered that he went to New York on the train, but I have never known why. After three more weeks, Gunther sent a SEAL team into Paul's apartment. They found his body. Gunther then called Sarah McClendon and told her it was time for her to alert the Washington D.C. police.

October Surprise Investigator Found Dead June 23,

1993

Washington D. C.-- The badly decomposed body of Paul David Wilcher, age 46 was found today at his Washington D.C. apartment. Mr. Wilcher was an attorney and an investigator, had been working with deep cover CIA operative, Gunther Russbacher. Russbacher claims to be the October Surprise pilot. Mr. Wilcher and Captain Russbacher have been trying to expose the 1980 Reagan campaign deal to delay the release of the 52 American Embassy hostages.

Wilcher recently had told friends and colleagues in Washington that he knew far more about October Surprise and all the related scandals and coverups than did Danny Casolero. Casolero was a reporter and writer who was found dead in a bathtub in Martinsburg, West Virginia. Even though the newspapers ruled Mr. Casolero's death a suicide, many people in the intelligence world say he was murdered. His body was found in a bathtub with his wrists slit.

Ever since Casolero's death, conspiracy investigators have used the term "suicided" when referring to suspicious deaths, such as Vince Foster and Admiral Jeremy Boorda. "Suicided" is a term applied to a murder that is made to appear as a suicide. Many people believe Casolero was murdered to keep him from revealing the pattern of related government scandals that Casolero had dubbed "The Octopus."

Other people have said that Danny was exposing too many covert operatives who stood the chance of being killed by their enemies. These people say that Mr. Casolero was told how many lives he was endangering. He was told to stop, when he didn't stop his research, he was killed.

Marion Kindig, a friend and colleague of Wilcher's

expressed her fear that Paul had been killed for "what he had in his head."

The last time Wilcher was seen alive by his friends was on June 11. Because Wilcher was a regular guest of Senior White House Correspondent, Sarah McClendon, she and Ms. Kindig became suspicious when he did not answer his phone or door. Ms. McClendon tried without success to get the Washington D. C. police to open the door to his apartment. They appeared reluctant to get involved.

After numerous calls, Ms McClendon was finally successful in getting the police to cooperate. They opened the door to Mr. Wilcher's apartment and found him in the bathroom, sitting on the toilet. It appeared he had been dead for weeks.

Ms. McClendon and Ms. Kindig viewed the body to make an identification. They were only shown the face, which was badly decomposed, swollen and purple. Both women said that the face looked as if it had been badly beaten. Neither woman, even though they knew Mr. Wilcher very well, could make a positive identification.

Mr. Wilcher had been working on many different pieces of "The Octopus" at the time he was murdered. He had just asked Navy Intelligence operatives for a copy of the cockpit video from the SR 71 that Gunther had used to fly George Bush back from the October Surprise meeting in Paris. Since Bush was no longer President, it was felt that having the video would not cause Paul any problems.

According to the operatives who arranged for the delivery of the cockpit video, the drop was supposed to have occurred between June 10th and the 19th. Verification of its delivery was never confirmed.

Mr. Wilcher was also in possession of documents showing the link between George Bush, Saddam Hussein and Bill Clinton in the BCCI-BNL bank scandals.

Paul Wilcher had also been extensively briefed on the real reason behind the Waco holocaust.

At the time the body was discovered, his apartment was sealed and searched by the FBI. All his documents and research were seized.

The following is a message that Gunther smuggled out of prison. The information had been given to him by some of the men who worked with him.

Gunther Russbacher Releases Information Detailing The Last Hours of Paul Wilcher

HOW PAUL WILCHER WAS MURDERED:

1. Paul was picked up at his apt., taken to Vienna, VA where he was questioned as to the Bush, Webster and Carter account with London S.W. BCCI.

2. He was questioned for approximately 2 hours, at which time he was fed pizza. At 3:40 P.M. on the 18th of June, he was administered .025 mg of Curare via DSMO (as stabilizer). It was applied to the coating of the Pepsi bottle.

3. At point of death he was beaten to the face to make it look like a mugging. He was held in the trunk of a white and grey Ford Victoria (Maryland plates). He was taken to his apt. And as he was in rigor mortis, he was placed on the toilet. He emptied his bowels at death in another location. The bowel was removed and disappeared. Autopsy serology will show Curare/DMSO in the cardio vascular sack, (peridenum).

(The judge in Chicago died the same way Wilcher did. Judge Parsons was being primed and readied to accept a civil RICO filing. We were scheduled for filing 6-30-93. All documents have disappeared! Several others have died because of these issues.)

Primary cause of death:

Bush/Russbacher video of the return flight from Paris in the SR-71. Documents of BCCI and BNL moves. Audio tapes of interviews by CIA covert operatives....65 tapes, 92 hours WACO and the CIA, Delta Force Group involvement.

… https://www.washingtonpost.com/archive/opinions/1992/11/16/two-banks-blended-scandal/01f0ddc7-30f1-400d-9fae-7545f2f406eb/

TWO BANKS, BLENDED SCANDAL

Two great international banking scandals, known by the initials BNL and BCCI, hang over the Washington landscape. It's now clear that the two are connected. What's not clear is the motive for the conspiracy that tied them together.

BNL, the Banca Nazionale del Lavoro, is the Italian government-owned bank that was lending heavily to Iraq through its Atlanta branch until the FBI raided it three years ago.

BCCI, the Bank of Credit and Commerce International, was a very different operation -- essentially a criminal enterprise on a worldwide scale, embezzling depositors' money, bribing public officials lavishly in many countries and, among other things, laundering drug money.

But, heavily dependent on Sheikh Zayed of Abu Dhabi, BCCI also responded to the gulf Arabs' political interests -- chief of which, in the mid-1980s, was supporting Iraq against Iran and the threat of Shiite revolution.

The connection between the two banks is cited by Sens. John F. Kerry (D-Mass.) and Hank Brown (R-Colo.) in their report six weeks ago to the Foreign Relations Committee.

BCCI lent heavily to BNL, supplying some of the funds that BNL then lent to Iraq. According to BCCI records, these transactions amounted to billions of dollars a year. While it is common for banks to pass money back and forth in large amounts, these deals were unusual because BCCI was bringing money into this country from abroad to supply BNL here.

"Thus," the two senators observe, "some larger arrangement between BNL and BCCI executives must have taken place, under which BCCI agreed to place funds into the U.S. for the specific purpose of lending them short-term to BNL."

RENO IS IN ON ALL OF IT!

Sessions (William Sessions, the former Director of the FBI) has been notified.

The Only Surviving Copy of The Wilcher Report Surfaces For almost one year, everyone who knew Paul, believed that the 101 page Wilcher Report on Waco had been lost. It was late in 1994 or early in 1995 when Sarah McClendon called me and asked me if I wanted all the research that Paul had accumulated on Gunther. I

said yes and she sent me a large package. As I went through it, I discovered an unlabeled tan manuscript. When I opened it, I instantly realized that I had the only surviving copy of the document that had gotten Paul killed. For many months, I told no one that I had it.

So much had happened in the years since Paul had been murdered. Gunther had been released from prison in Missouri and the two of us fled the United States and were trying to settle in Austria. The moment the Haiti Crisis erupted, Gunther received a telephone call from General "Harry" Shelton who told him that he was needed in Haiti and had been reactivated. Gunther said okey and we checked into the hotel where we had been directed. I was furious that he would jump back into their arms so easily!

We were told that a State Department plane was being sent for us. I knew what we had faced the last time I rode on a government plane, Gunther spent two years in prison for misuse of a government property. I said goodbye to Gunther and told him I was catching a plane back to the States. Thirty six hours later, just as I was crawling into my bed, I received a phone call. Gunther was in jail in Vienna for not paying his hotel bill... a hotel that General Shelton had arranged payment for!! Gunther was sentenced to two years in an Austrian prison for defrauding an innkeeper.

When the only surviving copy of Paul's 101 page letter to Janet Reno arrived at my home, I could not even tell Gunther I had it. I knew my phones were tapped. I dared not tell him I had it until I had made many copies of it and distributed them.

One of my girlfriends and I took Paul's Report to her husband's office and made about 20 copies. She took 10 and I took 10. I never knew what she did with hers, and vice versa. After I had sent many copies to various

investigators, I had the courage to openly discuss the report with John Trochman of the Montana Militia. I sent him a copy, and when I saw it appear in his catalog, I knew there were finally enough copies of the Wilcher Report around the country, that I no longer needed to fear having the only copy.

The report which I have in my possession, contains a typed description of the chemical terrorist device that was being put together by the seven "Sleepers". If the device had been finished and detonated, as many as 350,000 people could have died.

Waco was more than just a church, it was a cover for a government mind control experiment... one that was creating "sleeper" terrorists who would be similar to the ones from the Japanese cult that attacked the subway with Sarin gas.

On Page 41 of the Wilcher Report, there is a description of how the fires were started. If you are familiar with the television pictures of the fires erupting, you will see, that Wilcher's description of how the fires were started is the only thing that makes sense.

WILCHER REPORT EXCERPT Part Three

HOW THE FIRES WERE STARTED

#18) The remaining task for this "wet" team -- after the multiple murders, described above, had been carried out -- while they were still inside, was to place 3 or 4 canisters of "Willie Peter" (White phosphorus) in strategic locations throughout the compound in order to start the fires.

These canisters were all equipped with delayed timing devices, all set to go off simultaneously -- apparently at or shortly before 11:45 AM, since that's when the fires

were actually sighted by outside observers on the scene. White phosphorus is one of the most fearsome incendiary device imaginable, and is therefore a favorite of CIA's "wet" teams, ignites instantly, immediately burns with white hot intensity, consumes, beyond all recognition, everything in its path -- thereby destroying all possible forensic evidence -- and covering, as well as one can possibly imagine, the trail of assassins (like this particular "wet" team) who want to try to claim later that their actual mass murder was merely a "mass suicide" or a "tragic accident."

CIA "wet" teams have also been known to corner their intended targets into a closed quarter, and then throw "Willie Peter" in their midst, so that these victims are instantly immolated right before the team's eyes. The fire which "Willie Peter" produces is so intense, and the combustion so complete, that victims -- as was the case here in Waco -- can only be identified by their dental records.

But here, because the team itself was inside the closed quarters they had to use delayed timing devices on the "Willie Peter" canisters -- to give themselves time to make their own exit before the entire compound was consumed in the monumental conflagration all watched in horror on television.

#19) Notice that this explanation of how the fires started comports with the observations on the scene -- with what the television cameras ground level recorded, and with what the military helicopters and their infrared cameras overhead observed -- i.e., that 3 or 4 fires started simultaneously at different places in the compound. And then these separate fires spread rapidly (because of the wood construction, the straw which was everywhere, the high winds, and the white hot "Willie Peter" incendiary devices which had started these separate blazes in the first place), until they united into cohesive whole, involving the entire compound, which

became far more destructive than the sum of these separate smaller fires, until it ultimately became a massive conflagration which consumed everything in sight.

One possible contrary explanation, which has been offered by, commentators and "tragic accident" theory advocates, is that the tear gas sprayed into, the compound by the tanks [ignoring the fact that what was injected was NOT just tear gas, but a tear gas/nerve gas combination] was itself a combustible substance, that one of the tanks, in punching holes in the exterior walls, had accidentally knocked over a kerosine lantern or container, and that the kerosine had then ignited the tear gas, which then resulted in the conflagration.

This "tragic accident theory, however, simply does NOT square with the known facts, preserved on video tape, because the compound did NOT explode into a massive fire ball all at once (as would have been the case if the tear gas itself had been combustible, and had been ignited by a torch, like lighted kerosine).

#20) The other point to be made here is that, while the "wet" team did kill many of those inside the compound prior to setting the fires (by means of the "Willie Peter" canisters on delayed timing devices, discussed above), they apparently did NOT murder (at least, directly) ALL of the 86 men, women, and children who ultimately died in the tragedy -- meaning that many of those who died were left paralyzed by the nerve gas, unable to get up or free themselves from this disaster in progress, and were thus consigned to being consumed alive in the giant conflagration brought on by the white phosphorus.

(RMNews We have been told that the reason the men who made up the Delta Force Group came forward and told their stories to Gunther Russbacher, who then told the story to Wilcher, was because they did not know that

the people were immobilized with the nerve gas. They believed the women and children could escape once the fire started.)

(Wilcher Report Cont.) And those consigned to this horrible fiery fate -- being burned alive -- apparently included men, women, and children.

NOTE WELL

#21) The bottom line here is that 86 men, women, and children died - i.e., they were murdered in the Branch Davidian compound on Monday, April 19th, 1993 ALL at the hands of the 4 members of this CIA "wet" team, operating under the cover of the Delta Force.

Afterthoughts:

The more I think about the things that are included in the Wilcher Report and the type written description of the device, the more I believe that the only explanation for Waco that makes sense, is that certain government agents knew about the nerve agent device. They knew the only thing that would destroy the cerebro neuro toxins in the device was an extremely hot fire.

People forget that three feet of topsoil was removed from the premises. People also forget that the first men who entered the compound after the fire did so in biohazard full body suits. This is what they would do if they knew there was a neuro toxin present.

There was no reason for the raid on Waco. If the "sleepers" had been "triggered" prematurely, one of their "handlers" could have gone in and reprogrammed them. If they had begun to assemble their device, that could have been discerned when their "handler" reprogrammed them.

The only thing that makes sense to me, is that renegade factions of the FBI wanted to use the Davidian compound as another example to the American people of what happens to people who question the government. Ruby Ridge was the first example. Randy Weaver and his family chose to be sovereign citizens, and they were punished for it! The renegade faction of the FBI is part of the New World Order. They want the American people to know the horror that will befall people who defy the government.

I believe this renegade FBI and BATF faction used Waco as a lesson in fear that was designed to make us more docile and manageable. Fortunately these people misjudged the will of the American people. Instead of lying down and letting our government run over us, hundreds of thousands of Americans started fighting back in any way they could.

With the rise of the Internet, even more Americans have become informed about the treason their government officials are perpetrating. It makes no difference if the regime in power in Democrat or Republican. The two parties are merely the two sides of the same NWO coin. Once people realize this and band together as Americans, maybe change will happen.

Numerous films on the Waco tragedy have been made. Just recently a film has been released that shows the FBI lied when it said it had no incendiary grenades at Waco After years of government lies and coverups, it appears that part of the truth of Waco is finally beginning to creep out... but unless our Congressional Representatives have the courage to expose the government mind control experiment that was going on in the Davidian Compound, the truth about Waco will never be known, and Paul David Wilcher will have died in vain.

%20LIVES.htm

Octopus and October Suprise

> **“Those conspiracies that are too incredible to be believed, are by the same right those which most often succeed.”**

The following article comes from the ‘TC TECHNICAL CONSULTANT’, Nov.-Dec., 1991 issue:

“The death of a journalist in West Virginia, plus the jailing of an alleged CIA computer consultant in Washington State may be elements of a much wider scandal that could have serious implications…

“What started out as an investigation of an apparent case of pirated software has grown to be a project involving hundreds of journalists all over the world.

“The dead journalist, Joseph Daniel ‘**Danny**‘ Casolaro was found dead August 10th in a motel room in West Virginia. His wrists were slashed seven times on each wrist and a suicide note was found nearby. The only manuscript of his book, with accompanying notes, WAS MISSING.

“The book, provisionally titled ‘**The Octopus**‘, was meant to be an explosive expose of misdeeds by the Justice Department under the Reagan administration. Time Magazine also reported that Casolaro’s research centered on gambling and attempted arms deals at the Cabazon reservation near Indio [**California**].

“Indeed, the scope of Casolaro’s investigation was so large that anyone of a large number of areas of research could have been the trigger for a possible hit.

"While authorities declared his death a suicide, his relatives definitely stated that Casolaro's mental state was sound, indeed upbeat, after the completion of his book.

"Casolaro started his work nearly two years before, investigating the bankrupting of a small computer software company called Inslaw, allegedly by the U.S. Justice Department. INSLAW, a company headed by Bill and Nancy Hamilton of Washington D.C., **(no connection to researcher Bill Hamilton, whose writings on the Dulce enigma appear later in this volume. - Branton)** had developed a package known as PROMIS - short for Prosecutor's Management Information System - to act as a case management tool for the Justice Department's unwieldy workload.

"Inslaw President Bill Hamilton has claimed that Ed Meese associate EARL BRIAN was given control of pirated versions of the PROMIS software by Meese to sell back to different U.S. government agencies for great profit. Two courts have so far agreed with Hamilton, awarding an 8 million dollar judgment, but a higher (**'Justice Dept.'? - Branton**) court of appeal has quashed the award and the verdict, declaring that it was not the jurisdiction of the lower courts. As of October 9, the case has moved into the realm of the Supreme Court.

"EARL BRIAN OWNS UNITED PRESS INTERNATIONAL [UPI] and FINANCIAL NEWS NETWORK [FNN] .

"According to a Washington man, who claims to have modified the COBOL-based software for the CIA and other intelligence agencies, the software was a reward for Earl Brian's role in arranging the so-called '**October Surpris**e' gambit, the alleged conspiracy to withhold the American hostages in Iran until after the 1980 election which saw Carter removed from power.

The '**October Surprise**' scandal has taken some time to emerge."In a Paris meeting, President Bush is alleged to have met with Ali Akbar Hashemi Rafsanjani, the speaker of the Iranian Parliament, Mohammed Ali Rajai, the future President of Iran and Manucher Ghorbanifar, an Iranian arms dealer with connections to Mossad, according to Navy Captain Gunther Russbacher who claims to have flown Њ Bush, William Casey - the CIA chief - and Donald Gregg, a CIA operative to that location. Russbacher, who made these allegations in May is now in jail on Terminal Island, convicted on the charge of impersonating a U.S. Attorney.

> (**Note: Russbacher 'defected' from the CIA with 12 Navy Seals under his command, and was on at least two occasions the target of attempted CIA hits. The would-be assassins attempted to drive Gunther and his wife off of roads and down the side-cliffs to their deaths, however, according to Russbacher his SEAL-team agents who were watching over him unbeknownst to the intended assassins, moved up quickly from behind and sent the CIA "hitmen" to THEIR deaths instead. - Branton**)

"The Washington man is MICHAEL RICONOSCIUTO who is now waiting for a trial in a Washington jail on conspiracy to sell drugs charges, charges which Riconosciuto claims are manufactured. Indeed, the charge made against Riconosciuto were made one week after Riconosciuto authored and signed an affidavit describing his role in modifying the pirated software.

> (Note: It is interesting what connections we can find here. Michael Riconosciuto was a Wackenhut-CIA employee who told researcher Michael Lindemann that he had attempted to get a whole helicopter full of

documents and evidence detailing illegal biogenetic activities and non-Congressionally sanctioned projects involving ‘illegal aliens’ out of the Nevada [Atomic Testing] Test Site.

The chopper was blown out of the sky, killing all five personnel on board. Michael’s father happened to be Marshall Riconosciuto, a fascist and a supporter of Adolph Hitler who was a very close friend of Fred L. Crisman. Crisman was involved in the Maurey Island ‘UFO’ sighting incident in 1947 near Tacoma, Washington, which researcher Anthony Kimory believes involved the test-flight of hybrid.

After the war had ended several of the Nazi scientists who WERE captured - and who had helped to develop the revolutionary aircraft - were recruited by the CIA as a result of a secret deal that had been made between Allen Dulles, a member of the Bavarian Illuminati; and Nazi S.S. General Reinhard Gehlen, a member of the Bavarian Thule Society.

The deep connections between the Bavarian Illuminati which sponsored the CIA and the Bavarian Thule Society which sponsored the Nazi’s allowed for the upper covert-ops levels of the CIA to be manned by nothing less than the core of the Nazi S.S. itself, with the help of fascist sympathizers and fifth column double-agents working within American intelligence, although some leading Nazi’s were ‘sacrificed’ to the Nuremberg trials to appease the Allies and establish the illusion that Europe had been de-Nazified. Fred L. Crisman incidentally was a ‘witness’ to the Maurey Island event and had helped two Army G-2 agents acquire ‘slag samples’ which fell from one of the six DONUT-SHAPED ships observed.

On their way to deliver the samples to Wright-Patterson AFB in Ohio, their plane crashed and both G-2 agents were killed. Some people at the time insisted that the plane had been sabotaged. Two of the reporters who investigated the incident lost their lives, and Kenneth Arnold who investigated the incident after being commissioned by AMAZING STORIES editor Ray Palmer claimed that his conversations with a high Air Force official concerning the subject were electronically monitored.

The connections do not end here. Fred L. Crisman was a close friend to Clay Shaw, whom Louisiana District Attorney James Garrison - see the movie 'JFK' - accused of being the CIA-Mafia go-between in the John F. Kennedy murder. Garrison arrested Shaw in an effort to charge him and the CIA with the JFK assassination, however only a few days before the hearing Garrison's star witness David Ferry was killed, and Garrison's remaining evidence was not enough to bring about a conviction. Fred Crisman was the first man Clay Shaw called when he heard that Garrison intended to implicate him.

Garrison also believed that Clay Shaw himself was involved with PROJECT PAPERCLIP, the secret operation to bring Nazi war criminals into the United States by the hundreds - some say thousands - and give them immunity and new identities in such institutions as U.S. Intelligence, the Military-Industrial complex, the Space agencies, and the various Rockefeller-connected oil cartels such as ARCO, STANDARD [EXXON], ZAPATA, etc., corporations that were supported by the Bavarian-based secret-society lodges, corporations that had actually sold oil to the Nazi's during World War II and helped keep the Nazi "war machine" operating.

According to Garrison, Crisman worked as a middle-man between the fascist policymakers and the lower echelons of the Military-Industrial Complex. "Oh what a

> tangled web…" These American mega-bankers and traitors to freedom had supported the Nazi's in an effort to initiate a Bavarian-backed "New World Order", under the cover of the "Third Reich".

"The affidavit also claimed that he [**Michael Riconosciuto**], had been contacted by phone and threatened by PETER VIDENIEKS - a Justice Department employee and Customs official who Riconosciuto alleged had intelligence ties - as to the possible consequences of his going public with certain information.

"According to Riconosciuto, Videnieks was a frequent visitor to the Cabazon Indian reservation near Palm Springs and visited with the tribal manager, John P. Nichols. Nichols was in essence Riconosciuto's boss in a number of enterprises conducted on reservation land and the PROMIS modification was just one of these projects. According to Riconosciuto, in an interview with T.C. conducted from jail, the PROMIS software was modified to install backdoor access for use by American intelligence services. The software was then sold to 88 different countries as a sort of '**Trojan horse**' package enabling us to access their intelligence systems. According to Riconosciuto, these countries included Iraq and Libya.

"Correspondence between Nichols and other companies, if authentic, indicates that Riconosciuto's claims of his expertise in the area of electronics and armaments appear to be true. Marshall Riconoscuito, Michael's father, is a reputed former business partner of Richard Nixon.

"According to Riconosciuto, the fuzzy status of reservation land as '**sovereign**' allowed elements of the CIA and organized crime to conduct business uniquely.

"Among the projects worked on during this time were joint projects with WACKENHUT, a company loaded with former CIA and NSA personnel and business ventures with the Saudi

Arabian royal family and other unusual projects.

"A joint venture with Southern California Edison will soon be generating power for bio-mass drawn from local waste outlets. Biological warfare projects were investigated with Stormont laboratories looking into the creation of '**pathogenic viruses**' and enhanced fuel-air explosive weapons were created and tested in league with Meridian Arms at the NEVADA TESTING RANGE which matched the explosive power of nuclear devices.

"These enhanced weapons gained their power from polarizing the molecules in the gas cloud by modification of the electric field, a technology developed from exploring Thomas Townsend Brown's suppressed work, a knowledge which Riconosciuto claims he gained from working at LEAR in Reno, Nevada.

"Riconosciuto is said to have worked on the enhanced fuel-air explosive weapons with Gerald Bull of Space Research Corporation. Bull, now deceased, later became an arms advisor to Saddam Hussein. It is said that HUSSEIN POSSESSES THE FAE TECHNOLOGY.

"In July, Anson Ng, a reporter for the Financial Times of London was shot and killed in Guatemala. He had reportedly been trying to interview an American there named Jimmy Hughes, a one-time director of security for the Cabazon Indian Reservation secret projects.

2006: What You Need to Know for Your Future "In April, a Philadelphia attorney named Dennis Eisman was found dead, killed by a single bullet in his chest. According to a former federal official who worked with Eisman, the attorney was found dead in the parking lot where he had been due to meet with a woman who had crucial evidence to share substantiating Riconosciuto's claims.

"Both Eisman's and Ng's deaths were declared suicides by authorities.

"Fred Alvarez, a Cabazon tribal leader who was in vocal opposition to the developments on the reservation, was found shot to death WITH two friends in 1981. Their murder remains unsolved.

"The leader of the House, Thomas Foley, announced last month that a formal inquiry will be initiated into the Inslaw case. Foley appointed Senator Terry Sanford as co-chairman of the joint congressional panel. Prior to his election, Senator Sanford was the attorney REPRESENTING Earl Brian in his 1985 takeover bid for United Press International and was instrumental in appointing Earl Brian, a medical doctor, to the board of Duke Medical School, of which Sanford is President.

"However, despite repeated requests from journalists to produce photographs showing Riconosciuto together with Brian, and requests to produce his passport showing his alleged trip to Iran, he has not yet done so. Also, Riconosciuto failed to be able to describe Peter Videnieks to CNN's Moneyline program, claiming a medical condition prevented him from remembering clearly.

"This led one former intelligence operative to speculate that we may be witnessing a very sophisticated intelligence operation being played out in public.

"Former F.B.I. Special Agent, Ted Gunderson, speaks FOR Riconosciuto's credibility. Gunderson, who lives in Manhattan Beach, has worked with Riconosciuto for many years in his capacity as a private investigator.

"Together, according to Gunderson, they were responsible for thwarting a terrorist operation during the Los Angeles Olympics. According to Gunderson, Riconosciuto was well known in certain circles as a genius in almost all sciences.

"The so-called drug operation broken up in Washington State was an electrohydrodynamic mining operation claimed Gunderson, using Townsend Brown technology. A videotape

viewed by this journalist revealed metallic powders and apparent processes unrelated to drug manufacture. Indeed, a government analysis of soil samples revealed the absence of drug contamination, but a high concentration of barium. Barium is often found in high voltage related work.

"Unsubstantiated information from an intelligence source claims that the current situation is **THE VISIBLE EFFECT OF A WAR CURRENTLY GOING ON IN THE INTELLIGENCE COMMUNITY** between a group centered in the CIA called AQUARIUS [around a powerful center known as MJ-12] and a group known as COM-12 centered around Naval Intelligence. COM-12 is reputedly trying to sustain a rearguard action to sustain and preserve the constitutional government and is deliberately LEAKING INFORMATION damaging to the former group."

In the same publication, the same issue, there appeared a follow-up article just following the one given above. Written by Thomas Zed, the article, titled "**WACKENHUT'S CONNECTION WITH THE BLACK PROJECT WORLD"** stated:

"The Wackenhut company has a very close connection to the world of BLACK BUDGET PROJECTS. Besides being connected with the Cabazon venture mentioned in this issue it is also responsible, according to jailed computer consultant Michael Riconosciuto, **FOR THE SECRET PROJECTS BEING UNDERTAKEN IN DULCE, NEW MEXICO** where the **JICARILLA INDIAN RESERVATION IS BEING SIMILARLY USED.**

"After sending two of my colleagues there recently **AND RECEIVING CONFIRMATION THAT THERE WAS A TOP SECRET MILITARY TYPE INSTALLATION, I** decided to call the newspaper office and make an educated bluff.

"I identified myself as a freelance reporter from Los Angeles - and told the newspaper that I was doing a story on the Cabazon reservation biological warfare projects that had been

undertaken there on behalf of the CIA. I told her that I had heard that there were similar things being done in Dulce and would like to know what was going on.

"The official I spoke to **BECAME FRIGHTENED** and said, '**I can't talk to you about that! It would be very unprofessional of me to talk to you about that. You'll have to speak to the President of the tribe**.' She then hung up.

"I have yet to call back and ask the President of the tribe, but will report on that in the next issue.

"Wackenhut is also responsible for the security of a lot of UNDERGROUND FACILITIES in California and Nevada, including the notorious S-4 or AREA 51 in Nevada where Townsend Brown flying disk technology [**written about in a T.C. recent issue**] has been flying and developing for decades.

"A recent helicopter crash at the area, where two pilots and three security guards from Wackenhut flying in a Messerschmidt BO-105 helicopter were killed was not at all accidental claimed Riconosciuto, who said that the individuals aboard the helicopter were traveling with sensitive documents.

"Groups are now investigating Riconosciuto's claims…"

Oklahama City Federal Building Bombing

April 19, 1995, the second anniversary of the fiery end to the Waco siege.

Terry Lynn Nichols (born April 1, 1955) is an American domestic terrorist who was convicted for his participation in the 1995 Oklahoma City bombing.[4] Prior to his incarceration, he held a variety of short-term jobs, working as a farmer, grain elevator manager, real estate salesman, and ranch hand.[5] He met his future co-conspirator, Timothy McVeigh, during a brief stint in the U.S. Army, which ended in 1989 when he requested a hardship discharge after less than one year of service.[5] In 1994 and 1995, he conspired with McVeigh in the planning and preparation of the truck bombing of the Alfred P. Murrah Federal Building in Oklahoma City, Oklahoma, on April 19, 1995. The bombing killed 168 people.

Nichols had never liked farm life, and in 1988, at the age of 33, he tried to escape it by enlisting in the United States Army.[22] He was sent to Fort Benning next to Columbus, Georgia for basic training. As the oldest man in his platoon, he had difficulty with the physical aspect of the training,[23] and was sometimes called "grandpa" by the other men. However, he was soon made the platoon guide because of his age.[5] Timothy McVeigh was in his platoon, and they quickly became close friends. They had a common background: both men grew up in white rural areas. Both had tried college for a while and had parents who were divorced.[24] They shared political views[2] and interests in gun collecting and the survivalist movement.[5] The two were later stationed together at Fort Riley in Junction City, Kansas,[5] where they met and became friends with their future accomplice, Michael Fortier.[2 - Wikipedia

A large amount of files dissapeared during the prosecution of Mc Veigh but the birthdate of Nichols suggested possible inside information about a Free Mason group and Alfred P. Murrah

seems like by use of nicknames he was tied to that and possibly McV Veigh and Nichols believed the anti US Sovereign elements they were fighing is Free Mason control of the USA.

Homicides of Jeffery MacDonald's Family

An admission by William Casey, DCI, that he approved smuggling of cocaine into USA, having chosen Mena, Arkansas as a shipment point

AFFIDAVIT OF RAYMOND D. KOHLMAN

I, Raymond D. Kohlman, on oath state the following to the best of my recollection, belief and knowledge:

1. The attached document that purports to be the Declaration of William Casey.

2. When this document came into my possession I was told by Desiree Carone Ferdinand, of Corrales, New Mexico, that she had spoke to Ted Shackley, former Associate Deputy Director of Operations at the Central Intelligence Agency, to immediately send the document to the FBI, and to the General Counsel of the CIA. Which I did. That was done over one hundred days ago, and I never received any form of response.

3. I am aware of the contents of the Casey Declaration and can state that at this time, most of the contents of that document can be proven. I will testify to the contents of this affivdavit in court.

SIGNED UNDER THE PAINS AND PENALTIES OF PERJURY ON THIS DATE, August 27th 1999.

Raymond D. Kohlman, Esq.
8 North Main Street Suite 215A
Attleboro, Massachusetts 02703

…

I, William J. Casey, declare: I have found that freedom is a priceless commodity that demands constant vigilance to guarantee its longevity.

I was assigned to the Office of Strategic Services (OSS) in London, England, during World War II. During that time I befriended a young German soldier named Gunther Russbacer. I used Gunther and several other anti-Nazi German prisoners of war in OSS operations within Nazi Germany.

I knew this violated Geneva (War) Convention. I did not care. The Geneva Convention was but a set of rules governing man's atrocities committed in the name of political ideology. To wage war with rules is to prolong human suffering. Open warfare is the last resort of a civilized nation and must be used sparingly. Wars must be fought savagely utilizing all tools and tricks at hand. Gunther was a tool. Ignoring the Geneva Convention was the trick.

After I became Director of Central Intelligence (DCI) on January 28, 1981, I was approached and briefed by William Colby, former DCI. My history with Bill Colby is known. Colby notified me off the record of two

operations he was still running in Latin America. Both operations were without the knowledge and consent of the United States Congress, President Ronald Reagan or even the United States intelligence apparatus. Colby identified the operations as "A-6" (RED MIST) and "A-7" (PROJECT SANDMAN). A-7 entailed smaller operations.

…

According to a four hour speech on the NWO by Ted Gunderson * the Jeffery McDonald case turned on theories of reactions to Collete's daughter bedwetting. The prosecution theory was that the bedwetting angered Jeffery MacDonald, probably less true of a physician. Quite the opposite, a defense argument might be they feared Dr. McDonald noticing developmental symptoms in the child which might be expressing FOXP2 including language effects in writing, speaking etc. I believe this is true because the government fears the recognition of FOXP2 in me Edward Paul Donegan.

According to Ted Gunderson * mitochondrial fraud at trial, candlewax used on Collete as wax job?? Hair fibers expert innefecticely argued hair fiber probably not hers was hers thus confused real hair fiber connection to person with hair.

According to Ted Gunderson * the female who confessed to the murders was a part of a Transhuminst group, perhaps Alister Crowley type the CIA cultivated along with Jack Parsons and others at Cal Tech JPL hoping a wide swatch world spirituality connection quilt.

Stoeckley's Confession to Officer Beasley on the MacDonald Murders

DRUGS

In 1980 an informant told me that drugs were being flown into Army bases from Viet Nam in the late 1960's and early 1970's, I visited the library and researched the subject," To my surprise there has only been one article written on this topic in a national publication, (See attached Time Magazine article January 1, 1973.

I have been told by informants that the *U.S. Army personnel* involved in this operation, who were subsequently prosecuted were a minute percentage of those active in the drug operation, I have also been told that some high ranking Army officers who were in charge of this drug ring have never been identified. Informants have advised that the Army investigation of the operation was controlled and manipulated to conceal its magnitude and the extent of participation. If true, this accounts for the Army drug cover up of the MacDonald murders as described by Helena Stoeckley.

Helena Stoeckley advised that her Satanic Cult group planned the MacDonald murders Halloween night 1969. At that time MacDonald was assigned to the military hospital in Fort Bragg, N.C. but was moon-~ lighting for extra money at the civilian hospital in Fayetteville. Most military personnel sought treatment for drug overdose at the civilian rather than the military hospital to avoid a dishonorable discharge. Someone at the civilian hospital was reporting these individuals to Army officials and they were dishonorably discharged. Stoeckley told P.E, Beasley, a retired Fayetteville police officer, that her satanic Cult group was trafficking drugs during this period. (Stoeckley was an informant for Beasley at the time). One of their members delivered drugs to New York City every other week. The group planned and carried out the MacDonald

murders without the knowledge or approval of the drug community which included a number of civilians {at least two attorneys) and military personnel. Stoeckley told Beasley that the leaders of the Fayeteville/Fort Bragg drug network felt that their operation would be exposed if the satanic Cult group was investigated for the murders so they framed Dr. MacDonald.

Stoeckley told Beasley and me in October 1980 she would "drop a bombshell" and "tell all" if given immunity. I asked the Department of Justice for immunity for her. When Dr. MacDonald's new defense attorney (a former Assistant U.S. Attorney) learned about this in 1982, he wrote to the Department of Justice and told them to disregard my request, There was never any follow up.

Stoeckley died in January 1983, She had been dead in her apartment for four days, She was nude from the waist down, the kitchen faucet was running* and her six month old child was alive on the floor.

*According to informants, satanists almost always leave a satanic Sign at the murder scene. Running water is a known satanic sign.

According to the autopsy report she died of "slight" pnemonia of each lung and cirrhosis of the liver. (Normally this is a linger- ing death not a sudden death). A week before she died she was beaten up in a parking lot and told to keep her mouth shut. Pour days before she died she called Beasley who lived five hours away and told Beasley she had an emergency and must see him immediately. Beasley called MacDonald's defense attorney who forbid him to go to Stoeckley.

On May 5, 1986, P. E. Beasley, retired Fayetteville, North Carolina police officer advised that Helena Stoeckley was his drug informant from 1968 to 1972. Helena told Beasley that drugs, mainly heroin, were being smuggled into the United States in the body cavities of the dead soldiers from Viet Nam. These drugs were being brought inte the country in U.S. Army

planes. Stoeckley furnished this information to Beasley prior to the MacDonald murders on February 17, 1970.

After the MacDonald murders, Stoeckley told Beasley the drugs were placed in the body cavities in plastic bags after the autopsy in Viet Nam and before the bodies were placed on the airplanes, The bodies were then sewn up and shipped to various U.5.Army air bases in the U.S., including the air base at Fort Bragg. Stoeckley advised that those who handled the bodies in VietNam and the U.5. were army personnel, Most of the drugs came from Thailand.

Stoeckley stated she could give names, dates, places and more details after she was given immunity by the U.S.Government. She stated military and civilian police officers were involved in this net work. Stoeckley advised her Satanic Cult group that murdered Colette MacDonald and MacDonald children were involved in this international drug network. Army authorities were concerned that an investigation of Stoackley's Satanic Cult group involvement in the MacDonald murders could expose this international drug network.

...

5/5/36
Fayetteville, N.C.

I, Prince Everette Beasley, make the following free and voluntary statement to Ted L. Gunderson, a private investigator from Los Angeles, No threats or promises ware made to get me make this statement.

I was born 6/15/25 at Maxton, N.C. I pressantly reside at xxxx Myra Rd., Raeford, N.C., 28376, Phone: xxxxx. I am a retired police officer who served on the Fayetteville, N.C. Police Department from 1953 to 1973.

Helena Streckley was my drug informant Erom approximately 1968 until 1972. She was turned over to me by Lt. R.A. Studer, Fayetteville, N.C. Police Dept. He turned her over to me because Helena's parents were mad at him for working Helena in the drug community, and because he was made Lieutenant, and couldn't devote the necessary time to working with her.

Studer told me the reason he turned Helena over to me was because of his promotion, Helena told me he turned her over to me because of the problem with her parents.

Shortly after I was assigned to the Narcotic Squad, Helena told me that drugs, primarily heroin, were being smuggled into this country in the body cavities of the dead scldiers being returned by air from Viet Nam to the United States. She named Ike Atkinsen as the ring leader, Atkinson was located (n Goldsbecre, N.C.. supposedly working out of Johnson Air Force Bage. Helena told me they vere smuggling drugs in the same manner into Johnson Air Force Base. Johnsen Air Force Base is located at Goldsboro, N.C. She advised Atkinson was in the service, but subsequently got out and continued his business in drugs with the same contacts.

I didn't Fay much attenticn to Atkinson because he wasn't in our jurisdiction.

The above information is all that Helena told me up to the time of the MacDonald murders in 1970. Helena told me after the MagTonald murders that there were contacts in Viet Nam who put the drugs in the G.I.'S bodies, in plastic bags, after the autopsies were complete, The bodies were sewn up and shipped to Fope Air Base, Ft. Bragg, Johnson Air Base, and other bases which she did not name.

When the bodies arrived in the U.5., they were met by a contact in the United States at one of the military

bases, and after the drugs ware removed by this contact, the bodies were sent to their final destination.

The person who met the bodies at the respective Air Bases knew which bodies: to check, based on a pre-determined code. . Although 1 believe Helena knew their identities, she never gave me this information. Helena told me that the people who handled the assignments in Viet Nam, and those who met the planes in the United States, ware military personnel. She stated most of the drugs came from Thailand.

Helena stated the drugs and the pickups were made at the base at Fort Bragg. The reason she gave me more details after the MacDonald murders was because she wanted me to know that sha knew what she was talking about, and she stated she would give me details, including names, dates, and places, once she was given immunity by the U.S. Government. When Ted L. Gunderscn and I initially interviewed her, we told her we would attempt to get immunity for her on these matters.

Helena advised that spider Newman, his son, Red Newman, Wineford (Winnie) Cole, Tommy Hart, and June Bug Walters (I don't know walters' real first name) were several steps in the organization under Atkinson. All of these individuals were civilians who operated in the Fayettville, N.C. ares, selling drugs. None of these individuals had a business cover, but sold drugs out of their house.

Those of us in law enforcement knew through our intelligence community that Atkinson ran the Viet Nam smuggling operation on the Eastern Seaboard. I belleve Atkinson was arrested BY the Federal Narcotic authorities in the middle 1970's, and he is presently serving time. He was recently turned down on parole.

Spider Newman was being tried for drugs in the mid 1970's. There was a court room break, and he was later found in his car behind his home, shot in the head. I later heard that Spider was getting ready to turn states evidence when this happened. The police ruled this a suicide. His trial was in Federal Court.

Red Newman has been tried on drugs, and is serving time in the Federal System. Cole went to State Prison on drug charges in Fayetteville.

Winford Cole, Tommy Hart, and June Bug Walters were all tried and convicted of drug trafficking, I believe they were all tried in local and Federal Court at different times. I don't know if Cole and Walters are in jail now, but I know Hart is in the North Carolina State Penal System.

In regard to the Viet Nam operation, Helena told me that military, civilian, and police officers were involved in the Viet Nam drug network. She stated there were two prominent local attorneys and Army officers as high as Generals, who were part of the operation. She stated she would name and identify the people if given immunity by the U.S, Government. I believe this is part of the "bomb shell" she said she was going to drop. Helena never named the police officers she said were involved in the Viet Nam operation, but she aid state that Studer and Sonberg were invelved in drugs. Possibly theses are the individuals she was referring to in regard to the Viet Nam drug network, who ware police officers. Helens also told me after the MacDonald murders, that Alan Hazorelle, who was in her coven Satanic Cult, was a drug runner up and down tha East Coast. Mazorslle took drugs as far away as Florida and New York City. Mazorelle was in the Army at the time. She never said where Mazorelle obtained his drugs.

Helena also told me that Don Harris, also a member of

her coven Satanic cult, was a heavy user of drugs. This is all she said about him.

Helena told me that Dwight Smith was 3 drug dealer locally. She never said where Smith obtained his drugs. She said Smith was an "alright guy."

Helena told me that Kathy Perry was a user of drugs. She said Perry took as many drugs as she could get her hands on. She said Perry dealt drugs only to maintain her habit.

Helena told me that Greg Mitchell was a dealer and a haavy user of drugs. She never gave details regarding how he dealt, but she stated anytime someone couldn't find drugs, they could always go to Mitchell, and he would have them. At times, he would supply the whole group.

Helena told me that Bruce Fowler was a drug dealer and a user, and that she was his girlfriend. She nsver gave more details than this.

Dwight Smith, Don Harris, Alan Mazorelle, Bruce Powler and Greg Mitchell were all in the same coven Satanic cult with Helena, and were all in the military. She stated that all of the above were dangerous, but she was the most afraid of Mazorelle. She stated Mazorelle would kill you in a minute.

I had extensive intelligence files on all of the above close associates of Helena's, but this information has disappeared from the Fayetteville Police files. I learned these files disappeared in August, 1873, During the MacDonald trial I was given a subpcena te bring these records to the trial. It was then that I learned they were gone.

In 1981 or 1982, I talked to Mrs, Greg Mitchell, after

Grag had died. She told me Greg had previously told her about drugs being smuggled into the U.S. in the body cavities of the dead G.I.'s from Viet Nam. She stated Greg didn't give her the names of persons involved, but told her about the contacts in Viet Nam who placed the drugs in plastic bags, into the bodies, and others in the U.S. at cur Air Bases who met the planes, and took the drugs from the bodies. She stated military personnel were involved in this operation in Viet Nam and in the U.S, Lieutenant Studer told me in 1968-1969 that drugs were being brought inte the U.S. from Viet Nam in the body cavities of the dead soldiers. He said they were being flown into the United States to the military Air Bases, and dispersed from there by contacts within the military.

Studer subsequently was promoted to Captain, Chief of Detectives, but was forced to resign because ha misappropriated pornographic material obtained during an investigation. Helena told me that Studer monitored the drugs that Helena obtained, and 4f he didn't like them he had her exchange those drugs for drugs that Studer could use. Helena told me that if the police obtained drugs on an arrest, they would often be on the street the next day. Studer would take the drugs and give them to Helena to sell back on the street. The only way I know that Studer could get these drugs was from the evidence room. Studer and Detective Larry Sonberg both had keys to the evidence room.

Helena told me that William F. Ivery, C.I.D., and Studer were close friends. She stated that Ivory was dealing drugs with Studer. She stated she would give more details concerning Ivory if she was given immunity. Ivory was involved in the crime scene search on the MacDonald case. She also stated she would give more information on Studer if she was given immunity.

Joseph Bullock was an informant and undercover operator for me and Studer from 1969 to 1971. Bulleck

advised me that he saw Studer and Ivery exchange envelopes on occasion at the Dunkin! Donuts, Bragg 2lvd., Fayetteville, N.C., during this period of time. Studer dropped Bullock shortly after this because, according to Bullock, Studer knew too much of what was going on. Bullock was subsequently shot in the head during an ambush when he came home from work. It was general knowledge in the community that Bullock was an informant for me. Bullock described Studer as a “son of a bitch.”

Sonberg left town unexpectedly, shortly after the MacDonald murders. The rumor was that Scnberg had double-crossed some drug dealers, "and had to leave town. Helena told me that Scnberg was dealing drugs even though he was a police officer. TI have no knowledge that Sonberg was involved with the drug operation cut of Viet Nam.

Helena once mentioned the name Proctor to me, I don't recall what was said about him, but I know she knew him. I assume she was referring to James Procter, Judge DePree's former son-in-law. I don't recall if she referred to Procter by his first name.

She mentioned this sometime after the MacDonald murders. She said she would talk more about Proctor if given immunity.

Helena told me that 3 or 4 nights after the MacDonald murders she was picked up by Ivory and I believe c.I,n. agent, Shaw.

(I don't know his first name.) She stated they talked to her about the MacDonald murders. Helena advised she gave them a story that they didn't believe, and they turned her loose.

Helena told me that Studer contacted her shortly after

the MacDonald murders and Studer told her to get out of town because Beasley was after her, She ultimately left, and went to Nashville, Tennessee.

During the time I worked with Helena (1968 to 1972) I estimate that she was responsible, as an informant, for the arrest of hundreds of individuals. I estimate at least 200 persons or more were arrested as A result of information furnished by her.

She set up Mazorelle and Thomas Rizzo for the arrest on drugs just before the MacDonald murders. When I locked for the intelligence files cn the Stretchly group in 1579, I recall also looking for the arrest file on Mazorelle and Rizzo for their arrest. I recall they were arrested in January 1970. I remember that these arrest files were intact at that time. TI have since been told that the arrest files on Mazorelle and Rizzo are now missing.

It is interesting to note that Mazorelle claims he was in jail night of the MacDonald murders. He claims ho can prove this from Superior Court records in Cumberland County. I have been told there is a slip of paper in the court records that shows Mazorells was in jail the night of 2/16-17/70. These records are available to the public.

I know Mazorelle was not in jail 2/16-17/70 because I arrested him in January 1970 and recall that the trial was set for Mazorelle the day of 2/17/70. If Mazorelle had been in jail that date (2/16-17/70) he would have been available for trial on 2/17/70, and I would have APpeared in court as a witness.

John De Carter of the Sheriff's office was with me in the arrest of Rizzo and Mazeorelle and he would have also had to Appear in court 2/17/70. 1 specifically recall that I did not appear in court on any case at the

Cumberland County Court House on 2/17/70. I was on the street all day looking for Suspects on the MacDonald murders.

I don't recall that Mazorelle was out on bail, but I believe he was, or he would have appeared in court 2/17/70. Since he didn't appear I believe he jumped bail, which means a bench warrant would have been issued for him. I recall he was subsequently arrested in Waycross Georgia for burglary, but I have been informed through my sources in law enforcement that the Waycross arrest records are also missing.

I recall that a bondsman, C.B. Avertt, went to Waycross to extradite Mazorelle for jumping bond en my drug arrest, I talked to Avertt in 1979, and he told me that he didn't recall making the bond and had no record. 1 talked to him a month later and he recalled that he made bond for Mazorelle for $2500.00 after the MacDonald murders, which, according to him, would confirm that Mazorelle was in jail ‘the night of 2/16-17/70. Avertt is either involved in the cover up or is mistaken. Mazorelle's bond could not have been made after the MacDonald murders becausa the trial was set for 2/17/70, as explained above.

I don't have knowledge concerning the possible altering of Court House records concerning the Mazorelle-Rizzo drug arrest, but I recall a number of occasions when Cumberland Court House records were altered after working hours at night. I don't believe Mazorelle was in Jail the night of the murders.

In addition to the above. Helena told me that Mazerelle was out that night and involved in the MacDonald murders.

In regard to cases that Helena made for me, I recall that she was responsible for the largest drug recovery in

the history of our police department up to the time I retired. Several months before the MacDonald murders, she tipped us on drugs that were being transported from Canada to Fayetteville. Seven suspects were arrested, and over $20,000.00 worth of drugs were recovered.

Helena was also responsible for the arrest of four suspects from Texas, whe were also transporting and selling drugs in Fayetteville. We recovered about $40,000,000 worth of drugs on this case.

Helena told me about every instance where drugs came into Fayetteville from other areas. At the time I didn't think about {t, but I now believe she told us about drugs coming from cutside Fayetteville to eliminate competition, probably protecting the local drug scene, i.e. The Viet Nam operation. This is my opinion.

Judge DePree and the U.S. Government have attempted to discredit me, insinuating I am having, and have had mental problems. I would like to point out that I have been on the Police Officers Advisory Commission for North Carolina since before I returned from the Fayetteville Police Department in 1973.

I have read this 8 page statement, and it is true and correct, to the best of my knowledge,

Prince E, Beasley

Witness: Ted L. Gunderson

5/5/86

Fayetteville, N.C.

An Interview with John DeCamp (Nebraska Leadership Conference)

https://youtu.be/_Ius5xbIUjg

…

Decamp - "I go on in this very brief opening forward to explain why I was with Colby he's friend advisor going back to Vietnam days.

I was in Washington standard his place and I was telling him you know I received these threats and he was somewhat familiar with Franklin he he had received national press and and I think he had a lot more knowledge than I'll ever know he had but anyway he was warning me to get away from it to stay away - leave it alone to not touch it anymore and I said wait a minute Bill you know how can you walk away from something when you know terrible things are happening when you know institutions of government and we all rely on that there being corrupt?

Yeah it's a real import and then he said to me he said John sit down just it's just cool off and relax and Sully his wife was there Sally ford and Sally by the way was prominant I think ambassador to more countries than any other person has ever been in the history of the United States appointed by Carter so Sally's got a little little heavy duty things herself and she was listening and nodding her head and agreeing with Bill bill says let me tell you my personal story because maybe it'll have a message for you there.

And he says you know last night I returned from Russia now this is the former head of the CIA under President Nixon and President Ford and he sitting me down and telling me that with that I I just better listen he says last night I returned from

Russia is what was I doing in Russia he said I was there and remember this is three weeks three weeks before the Gorbachev coup that hmm changed Russia forever tonight the collapse of Russia he said I was there in Russia with kind of a secret group of people whose names you would instantly recognize and those powerful people from all over the world names like myself you know Colby had been the head of the CIA he said we were there to save Russia from a revolution when and if it collapses so that it doesn't explode into World War Three.

A world war he said this what were you doing trying to actually work with the people we had been defeating to prevent a revolution okay and he says it was the night before I was due to come home he said last night he said I was in my hotel right there on Red Square the most sacred place in all of Russian d'amore communism he said and I couldn't sleep and I got thinking about just how significant these world events were that were occurring he says so I decided what excuse me what they have I'm just gonna go for a walk he said I knew that was forbidden because you know you can't just go walking around Red Square in the middle of the night particularly the head of the CIA spent 40 years trying to destroy Russia he said but I thought I'd see how far I can get.

He says I walked out past the guards nobody's paying attention so I go out of the hotel then I am in Red Square and from the tomb of Lenin walking up to the doors of the Kremlin itself he said nobody cared nobody was paying attention here was the head of the CIA the most hated the most feared enemy that communism had over the years bill Colby head of the CIA during the most critical time he said in it then it struck me he said that I realized it he said we'd won the Cold War was over Russia was dead communism was dead he said after 40 years and Reverend Weezer his words not mine now he said after 40 years of fighting the bastards we had won we won.

It was over the Cold War was Dunnan and I was the only one of the whole planet to recognize know it right then at that instant and then he said something else struck me something something to just really slam me I said well what was that he

said I realized that this walk I was having in Red Square was it that was the only parade I was ever going to have for all our achievements there wasn't gonna be the ticker tapes down Madison Avenue there wasn't gonna be the the waving and he said it was all over and we'd won and this was my private parade.

And it was the only one I said okay bill now we've heard about your private parade in the defeat of communism so on so what's that got to do with Franklin and this whole mess I'm trying to get something he said sometimes you better face up to the fact and this is one of those times that the things you're involved in have have significance and people too big too powerful events and things involved you don't even know about that are just too big and powerful for you to deal with and you have to face up the fact that maybe in in the time frame you'd like to deal with them and the way you'd like to do and can't be done.

He said then sometimes evil does succeed for a while and that's just you have to walk away from it get away from it and he says the only way Franklin will ever get exposed and where it leads to and what it goes is if the national press an independent national press just like happened in Watergate happened in iran-contra happened happening with old [Roman Catholic] Joe McCarthy at the independent national press really gets interested and delves into it and takes it all the way to where it leads

Morrow interjecting - is there such a thing [as a free and indeendent press] anymore in this country?

DeCamp again -See that that's that's why I said I said well how do you do that bill he says I'll help y'all I know something he's called notified a number of people he says the problem is getting one of them to really put the investigative research and reporters onto it and not having back off and where it leads.

Well so I went home thought about it was frustrated and I

thought okay I'll do my part to start it all right the story of Franklin as a documentary as a documentary with the things that are available right now today that show there was clearly at least again in my opinion a cover-up.

I won't mince words I won't hedge things I'll spit it out straight and what it cost me it cost me but at least the foundation will be there and of course since since writing the book I've learned a lot more I now believe I think I'm beginning to understand maybe a little more of what bill was saying and where this thing really does lead and I I think now I'm finally understanding why it's so powerful where it leads as I say and I think it leads into things that almost move into the fantasy world that we went to movies and watched and in the 60s and 70s and 80s.

In other words the mysteries of the Cold War battle and how far governments go with their secret services whether it be the CIA or or the Gestapo or the KGB in Russia and I believe and I know this sounds like I'm floating off into Fantasyland right tyro can bring you back here you're right and I dimin the first one a few years ago to say well yeah make good movie but you aren't gonna believe any of this here's what I believe I believe that Franklin had a lot of personalities who through one way or another were linked up to the cold war effort the CIA and other things back during the 70s and 80s.

Morrow: We ran across some information about Larry King in one point that it looked like that he had at one time had some ties with the CIA.

Decamp: he did and I document some of those in the book but beyond that information I've learned since I wrote the book I have no doubt now no doubt Larry King was one of the underlings of the CIA involved in a specific program recruiting particularly young boys particularly kind of a particular kind of boy who were then used in a kind of mental programming a brainwashing (PsyOps) if you would that we were doing to use them for such things as assassinations such things as drug

dealing.

remember drug dealing hmm back during the 70s and 80s we now know pretty well was one of the main methods to finance our covert operations we were actually involved in in drug dealing and even even even a lot of those things that sounds like sex, blackmail, so on and so forth at least, yeah mind-control (MKULTRA) thing now as they say sounds "off".

now if anybody's listening I think yeah DeCamp is off with the Lulu Birds you know like *Manchurian Candidate* you remember that old movie were they yeah well I guess what I'm (DeCamp is) saying is I think that [The Manchurian Candidate and MKULTRA of the CIA and DIA]is a integral part of this [Temple of Set Micheal Aquino].

If you have that kind of thing at stake predicting because the (elite)personalities that it goes up to ultimately mm-hmm the American public would be shocked to find it yes our government really really did these things same thing we accuse the other guys are doing which they were doing too well Congress investigated that back in the early 50s and the CIA.

Yeah but remember this a sophistication of the 50s was nothing compared to what it was in the 70s and 80s this is post Vietnam we had suffered our worst defeat in the history of this country our only defeat we now we're not gonna let it happen again between 1975 roughly and 1986 roughly was the most intense Cold War period in this country

I mean it was just that close to a hot war at all times we always think of the Cuban crisis is the time not really 1975 to 1986 remember the Evil Empire, remember Star Wars SDI, remember the contest to see who could build up [GDP and economic strength and military] faster that's what finally broke the Russians they just couldn't keep up in the contest financially so that was the period when technology was going rampant.

Remember the invention of the computer the understanding of

the human mind so much more and the information I've learned since the book came out that is poured in from a variety of sources makes me believe that that may well be why it's necessary for the protection of our entire government in a sense embarrassment.

What people would believe what people would feel about their government if they knew some of the things that we had done profilers the motives for the cover-up.

I think that's one of the major motives he says people just protecting themselves other people of course have a vested interest of all a child abuser these kind of things you're certainly willing to cooperate if you are a if you're a judge or an official who got your position as a result of help from this or that.

Remember another surprised and this I'm now convinced of which I didn't know when I wrote the book off at Air Force Base if you're gonna pick the most sacred military installation in the United States for the last 140 years where is it it's off at Air Force Base right in the center of the United States what land USA the farthest you can get from Russia.

mmm-hmm well I am convinced now that there was a major CIA operation out of there handled there and of course Omaha the Heartland at least likely place in the world to have something like this that's a major part of this Larry King was merely a tool in this whole thing.

remember another surprised and this I'm now convinced of which I didn't know when I wrote the book off at *Offutt Air Force Base is a U.S. Air Force base* south of Omaha, adjacent to Bellevue in Sarpy County, Nebraska. It is the headquarters of the U.S. Strategic Command, the 55th Wing, and the 55th Wing of the Strategic Air Combat Command, the latter serving as the host unit. Wikipedia if you're gonna pick the most sacred military installation in the United States for the last 140 years where is it it's off at Air Force Base right in the center of the

United States what land USA the farthest you can get from Russia.

…

Offutt Air Force Base

Mission

The 55th Wing's mission statement is, "Provide dominant intelligence, surveillance and reconnaissance, electronic warfare, and nuclear command, control and communications to national leadership and warfighters, …Any time, Any place."

Vision

Innovative, resilient leaders delivering information dominance across the full spectrum of conflict.

Priorities

Mission, Family, Relationships

The 55th Wing is the largest wing in Air Combat Command and the second largest in the Air Force.

…

mmm-hmm well I am convinced now that there was a major CIA operation out of there handled there and of course Omaha the Heartland at least likely place in the world to have something like this that's a major part of

this Larry King was merely a tool in this whole thing. (Truth is stranger than fiction - DeCamp) who I ever thought would be writing a book when you opened you said the latest book rest assured it's my only book at least at this point and who knows may write another one someday but here's how it opens as I say I'm just gonna take a couple minutes and read this because because I think it'll tell you why I whoo-hoo wish I'd never heard of Franklin I'm sitting here writing a book trying to document that some of my closest friends over the years are part of a massive cover-up and that's what I'm doing.

I'm destroying friendships one on another I'm destroying myself in a very real sense you know what is certainly financially I just I just had no choice at some point.

ok so here's how it starts what do Ronald Reagan President George Bush former CIA director William II Colby Democratic presidential candidate Bob Kerry billionaire and second richest man in America and now head of Salomon Brothers Warren Buffett and Ronald raskins the current administrator of the US Agency for International Development (USAID) all have in common I asked my close friend and advisor William Colby one day in 1991 I give up former head of the Central Intelligence Agency CIA Colby said what could that group have in common three things I replied all of them a burden at times for those who have to carry them.

John H. Morrow, a teaching pastor who discipled numerous local, state and international Christian leaders, died Monday, May 5, 2014. He was 79.

John is survived by his wife, Vernetta; his six children, Jennifer (Hammond), Pamela (Rademacher), Theresa (Coleman), Timothy, Jeffrey and Kevin; and his sisters, Joan

(Drinkard) and Frances (Morrison). His family legacy also includes 24 grandchildren and 20 great-grandchildren. John was preceded in death by his sister, Martha (Abarca); his son, Stephen; and his daughter, Mary (Moore).

John was born in December 1934 in Omaha. He was raised in Oshkosh, Nebraska, where he met and married his high school sweetheart.

John was an ordained minister and pastor of Living Word Fellowship in Lincoln, Nebraska. He also was the founder and president of Living Word Christian Ministries International, a pastoral ministry in Central America, Haiti and Spain.

TEd Gunderson wrote the intro to the work by John Morrow The Nebraska Hoax.

Oct 14, 2017 Former Senator and author of The Franklin Cover-up, possibly one of the most important books that is seldom known. It covers DeCamp's journey into the world of the global elites and the pedophile rings and various other misdeeds that he was forced to come in contact with during his time as a lawyer.

Hello i'm john morrel and i'm here today on behalf of the Nebraska leadership 0 Minutes :

16 conference with me today is my guest John deCamp John is an attorney here in 0 Minutes :

22 Lincoln he is also a lobbyist he's a former state legislator he's a 0 Minutes :

28 Vietnam veteran I understand he's also a big pig farmer right and now he's an 0 Minutes :

34 author and we're here to interview John about his new book entitled to Franklin 0 Minutes :

40 cover up subtitle child abuse Satanism and murder in Nebraska Wow John how did 0 Minutes :

50 you get involved in this mess quite accidentally I had been a senator for 0 Minutes :

56 about 16 years and had been at the two Republican 1 Minutes :

02 national conventions 1984 1988 as a delegate pledged to Reagan in the first instance and Bush in the second and come 1 Minutes :

09 across a man named Larry King who was the individual who opened those two national conventions sang the national 1 Minutes :

15 anthem was told he was the fastest rising star particularly fastest-rising 1 Minutes :

21 black star the Republican Party and attended some of his largest parties 1 Minutes :

26 ever put on by him and from my recollection probably two of the largest 1 Minutes :

32 most expensive parties ever put on anybody in this country and so when the 1 Minutes :

38 Franklin Credit Union failed I had more than a passing interest in observing and 1 Minutes :

44 following up and seeing what it was all about the credit union was closed for the information of our viewers on 1 Minutes :

50 November 4th of 1988 the FBI and IRS came in and closed it down right 1 Minutes :

57 and this was supposed to be a two million dollar credit union that was just a minority credit union designed to 2 Minutes :

04 help the black people in the in the Omaha area in fact as they quickly discovered and we don't even know this 2 Minutes :

11 is the truth or not the truth at this point it could be far far more but they discovered 40 million missing well when 2 Minutes :

17 you only have to to start and you have records that show you stole 40 creates 2 Minutes :

22 some baffling questions who was keeping the books and that opened up the whole thing and I was 2 Minutes :

30 attorney for one of the senators who was personal attorney for one of the turn senators who was chairman of the committee looking into that Center 2 Minutes :

36 Lauren Schmidt and one thing led to another and I became attorney for a number of other people involved in the matter and now in January of 1990 there 2 Minutes :

47 was published what has now become known as the famous or the infamous depending 2 Minutes :

52 on your viewpoint the camp memo and in that memo there were certain prominent 2 Minutes :

59 people in the Omaha community who were named as being very much involved not 3 Minutes :

04 only in the Franklin failure but involved in the allegations that arose out of that failure specifically with 3 Minutes :

11 respect to ritual and sexual child abuse and there were some mighty mighty 3 Minutes :

18 repercussions that really set off some big tremors in the Omaha community can 3 Minutes :

23 you give us some background information on that memo and the way it came about and believe it or not they were the real 3 Minutes :

29 cause of the memo were articles in the Lincoln Journal and star that were not accurate about an incident number one 3 Minutes :

36 and then number two pressure from the World Herald a reporter to me to say hey how do you know information where do you 3 Minutes :

42 get information what do you know about Franklin how come you won't tell these things and I said hey wait a minute 3 Minutes :

47 fellas you're the investigative reporters you're the ones that have the 3 Minutes :

53 information you're the ones that are covering up and here are the reasons you're doing it and here's what the public knows and I just laid it out and 3 Minutes :

59 people said well gosh aren't you afraid of being sued you're you're naming uh some of the most potent and powerful 4 Minutes :

05 folk in this entire state the people that pull the chains and and call the shots and I said yeah yeah I know they 4 Minutes :

12 do and that's why it's so serious that's what's that's why so so terrible and I 4 Minutes :

18 said am I afraid of being sued no heck well I think it'd be good for them to sue me let's find out the truth right 4 Minutes :

23 and I said point number one truth is a defense and anything I wrote in that memo we're talking about the memo right 4 Minutes :

30 now specifically anything I wrote in that memo I guarantee you is the truth at least the truth is I see it right 4 Minutes :

36 there was my intent well there certainly wasn't but but it's the truth 4 Minutes :

42 what more can I say and I guess there was a

backlash and as a result of that 4 Minutes :

50 memo primarily as I recall they quickly created the grand jury and again it's my 4 Minutes :

57 opinion because that that pretty what much is where this book starts if anything that created the real organized 5 Minutes :

05 effort for a true true true cover-up which is the essence not really your 5 Minutes :

11 memo was directed initially to the newspaper to the media and not to the 5 Minutes :

18 public but it got circulated to the public through a man in Omaha who was 5 Minutes :

23 running for political office and he got a hold of the memo some way or well and understand something I have a pretty 5 Minutes :

32 standard rule I follow right now today and always have and that is if I talk to 5 Minutes :

37 you functioning as a member of the press and that's how you're functioning here today you're you're functioning as a 5 Minutes :

43 member of the press I figure if I say it to you it's public I shouldn't be able 5 Minutes :

49 to say why I didn't want you to tell anybody that if I'm telling you it it's 5 Minutes :

54 on the record well I shouldn't be talking about it unless I specifically say okay Reverend 6 Minutes :

01 we are agreed that we're going to talk about one specific thing right here it's off the record I'm providing you information with that that that may be 6 Minutes :

08 the exception but I made it clear when I send a memo to the press to answer the press questions to me thing then it's in 6 Minutes :

15 the hands of the public they can do what they want look they were also whether whether this young man or whoever he was 6 Minutes :

21 that the distributed the memo because he got a copy of it from this or that I don't know where he got a copy I understand today I've learned this just 6 Minutes :

28 last week you got from some member of the press in Omaha does my understanding that it was the big deal press itself what I said should have 6 Minutes :

34 been said and should have been made public I hope the World Herald would print it they never did of course because as I 6 Minutes :

40 try to document in the book I believe the World Herald if you were going to pick an institution of government and 6 Minutes :

45 that's what what our major press is they're institutions of government they are if anything the scent 6 Minutes :

51 Pease the heart of the cover-up and of course they have a very vested interest in doing it and for the benefit of our 6 Minutes :

57 viewers again why do they have a vested interest I think I think you and I will 7 Minutes :

03 never know all the reasons but for sure because of some of their personalities involved Harold Anderson is the was the 7 Minutes :

10 publisher and one of the probably the major stockholder in the world Harold and Harold Anderson was if anything the 7 Minutes :

18 protege I mean the The Godfather if you want to use a word of Larry King in the 7 Minutes :

25 promotion the credit union in well certainly in that and and I'm sure in a lot of other ways he did promote a lot 7 Minutes :

32 in the way of fundraising for the credit union more than that I went out and got 7 Minutes :

37 depositors and generated funds and helped with he was the chairman of the committee that the told Larry King the 7 Minutes :

43 Advisory Committee that theoretically told him what to do or how to do it or why to do it or whatever but then of 7 Minutes :

51 course the advisory committee after this broke they all maintained that they not any of them ever knew what was going on 7 Minutes :

56 and so apparently no one was advice he advisory committee well I rather suspect 8 Minutes :

01 that that maybe I'll use the words of former governor Bob Crosby when he was 8 Minutes :

07 describing Harold Anderson he said you know this man is probably I think he 8 Minutes :

12 said the best investigative reporter in the history of the state he rose to to 8 Minutes :

19 the pinnacle of power ownership of the world Harold publisher here he is the 8 Minutes :

25 chairman of the Advisory Committee here he is him in probably the closest contact of anybody with Larry King one 8 Minutes :

35 has to believe that somebody of his talent in that position raising the 8 Minutes :

42 money for building the credit union everything else that he had more than a passing knowledge hmm I understand Larry 8 Minutes :

49 King and his activities my understanding was that Larry King's salary from the credit union was never really much more 8 Minutes :

56 than about $16,000 a year I believe that's correct yes and he did have several catering businesses and had 9 Minutes :

03 interests in a couple of restaurants that's correct none of them were really very great income producers and yet he 9 Minutes :

10 lived an extremely flamboyant lifestyle with extravagant gifts to his many male 9 Minutes :

17 friends and protegees and you mentioned of course the two very very expensive parties you're much more polite and 9 Minutes :

25 beating around the bush let me put it the way it is Larry King was a very evil person who stole money was

involved in 9 Minutes :

30 child abuse Satanism and all these other things that's what this book documents he was an evil person he had a lot of 9 Minutes :

36 other people connected with him he did not act alone he was protected and his little time 9 Minutes :

44 he's going to spend in prison is probably nothing more than a a respite and I'm sure he's going to be well taken 9 Minutes :

51 care of when and when he comes out Larry King was merely a functionary of a lot 9 Minutes :

57 of other people doing a lot of bad things so this whole business of the 10 Minutes :

02 Franklin cover-up then has been operating virtually from the beginning 10 Minutes :

07 although in the initial stages the World Herald was making some noises like being investigative in there the World Herald 10 Minutes :

14 wrote more on supposedly according to them and I'm repeating them they wrote more on Franklin than they have on any 10 Minutes :

20 other subject in the in the history of the World Herald that's their statements as I recall so yes but as I try to 10 Minutes :

28 document they were half-truths they were designed for a purpose they were 10 Minutes :

34 designed to complete the cover-up so you know

they had a big interest not only was Harold Anderson a centerpiece of 10 Minutes :

41 this activity of Franklin damn him the pre-fill things and and the allegations and accusations but but another key 10 Minutes :

47 individual there among others and I'm sure there's more than just another key no but Peter citron right remember when 10 Minutes :

52 I named him in the memo I named Peter Citroen and and the word was out well 10 Minutes :

58 they were going to use Peter citron was gonna be the one that comes out and sues John decamp for saying these horrible 11 Minutes :

03 things about him I don't know if you remember at the time but that woman that was how was the message that was delivered to me well unfortunately Peter 11 Minutes :

11 ran into some problems himself because when families in the Omaha area who 11 Minutes :

18 children associated with with Peter citron regularly when their mothers 11 Minutes :

23 would confront these little boys and I'm talking about little boys you know anywhere if they're 9 to 15 or whatever 11 Minutes :

30 is it these terrible things they're saying about Peter citron is any of this 11 Minutes :

35 true is and they you know our mother can be a pretty strong force when she gets concerned about someone starts 11 Minutes :

41 confronting her her young boy of one after another the little boy started pouring out the tales of what was going 11 Minutes :

47 on and so the police and and the people who who would have who were claiming 11 Minutes :

53 Peter was as innocent as the driven snow they were they had no choice they had to 11 Minutes :

59 deal with the fact and so they seized I guess thousands thousands of documents 12 Minutes :

06 of upwards yeah probably over 10,000 bit you know and I talked to the judge you know after the 12 Minutes :

14 whole trial was over and Peter was sentenced it was a very quick deal where he quickly pleaded guilty in and then 12 Minutes :

20 was put in the mental health place mm-hmm he's a judge said it was the most 12 Minutes :

25 frightening shocking child abuse things he had ever seen his entire life or even 12 Minutes :

31 hurt or even couldn't believe it existed so of course under those conditions Peter was not in a very good position to 12 Minutes :

37 claim he was as pure as the driven snow and Sue me and the next thing that 12 Minutes :

43 happened of course was as I recall the grand jury pretty well quickly formed unfortunately the grand jury in my 12 Minutes :

50 opinion I'm giving my opinion right in my opinion and I think I've offered the documentation to support it if anybody 12 Minutes :

56 wants to read it the documentation the World Herald of course didn't they they give the other side which which is I 13 Minutes :

02 guess they're right as a newspaper the documentation to support the the grand jury was merely a very very carefully 13 Minutes :

09 crafted piece of the cover-up an essential piece and their honor just you 13 Minutes :

15 just continued Jim speaking of the but anyway to answer your question that we 13 Minutes :

20 started this whole conversation he said well why'd you write the book or something I'm gonna try to call I'm gonna read you three of the opening 13 Minutes :

27 paragraphs in the book then tell you a quick story because they pretty well tell you why I wrote the but because I'm the last person on this 13 Minutes :

33 planet who I ever thought would be writing a book when you opened you said the latest book rest assured it's my 13 Minutes :

39 only book at least at this point and who 13 Minutes :

44 knows may write another one someday but here's how it opens as I say I'm just gonna take a couple minutes and read 13 Minutes :

49 this because because I think it'll tell you why I whoo-hoo wish I'd never heard of Franklin I'm sitting

here writing a 13 Minutes :

56 book trying to document that some of my closest friends over the years are part of a massive cover-up and that's what 14 Minutes :

03 I'm doing I'm destroying friendships one on another I'm destroying myself in a very real sense you know what 9 14 Minutes :

08 certainly financially I just I just had no choice at some point ok so here's how 14 Minutes :

13 it starts what do Ronald Reagan President George Bush former CIA director William II Colby Democratic 14 Minutes :

20 presidential candidate Bob Kerry billionaire and second richest man in America and now head of Salomon Brothers 14 Minutes :

26 Warren Buffett and Ronald raskins the current administrator of the agency for international development all have in 14 Minutes :

32 common I asked my close friend and advisor William Colby one day in 1991 I 14 Minutes :

37 give up former head of the Central Intelligence Agency CIA Colby said what 14 Minutes :

44 could that group have in common three things I replied all of them a burden at times for those who have to carry them 14 Minutes :

51 the three things are me John decamp a case called Franklin and a man named 14 Minutes :

58 Larry King and then I go on in this very brief opening forward to explain why I 15 Minutes :

04 was with Colby he's friend advisor going back to Vietnam days I was in Washington 15 Minutes :

10 standard his place and I was telling him you know I received these threats and he 15 Minutes :

16 was somewhat familiar with Franklin he he had received national press and and I think he had a lot more knowledge than 15 Minutes :

22 I'll ever know he had but anyway he was warning me to get away from it to stay 15 Minutes :

28 away - leave it alone to not touch it anymore and I said wait a minute bill 15 Minutes :

34 you know how can you walk away from something when you know terrible things are happening when you know institutions 15 Minutes :

40 of government and we all rely on that there being corrupt yeah it's a real pageant and then he 15 Minutes :

48 said to me he said John sit down just it's just cool off and relax and Sully his wife was there Sally by the way was 15 Minutes :

53 I think ambassador to more countries than any other person has ever been in the history of the United States 15 Minutes :

59 appointed by Carter so Sally's got a little little heavy 16 Minutes :

05 duty things herself and she was listening and

nodding her head and agreeing with Bill bill says let me tell 16 Minutes :

11 you my personal story because maybe it'll have a message for you there and he says you know last night I returned 16 Minutes :

17 from Russia now this is the former head of the CIA under President Nixon and President Ford and he sitting me down 16 Minutes :

24 and telling me that with that I I just 16 Minutes :

31 better listen he says last night I returned from Russia is what was I doing in Russia he said I was there and 16 Minutes :

37 remember this is three weeks three weeks before the Gorbachev coup that hmm 16 Minutes :

44 changed Russia forever tonight the collapse of Russia he said I was there in Russia with kind of a secret group of 16 Minutes :

50 people whose names you would instantly recognize and those powerful people from all over the world names like myself you 16 Minutes :

57 know Colby had the CIA he said we were there to save Russia from a revolution 17 Minutes :

03 when and if it collapses so that it doesn't explode into World War third 17 Minutes :

08 world war he said this what were you doing trying to actually work with the people we had been defeating to prevent 17 Minutes :

14 a revolution okay and he says it was the night before I was due to come home he 17 Minutes :

20 said last night he said I was in my hotel right there on Red Square the most 17 Minutes :

26 sacred place in all of Russian d'amore communism he said and I couldn't sleep and I got thinking about just how 17 Minutes :

33 significant these world events were that were occurring he says so I decided what excuse me what they have I'm just gonna 17 Minutes :

40 go for a walk he said I knew that was forbidden because you know you can't just go walking around Red Square in the middle of the night particularly the 17 Minutes :

46 head of the CIA spent 40 years trying to destroy Russia he said but I thought I'd see how far I can get he says I walk out 17 Minutes :

52 past the guards nobody's paying attention so I go out of the hotel then I am in Red Square and from 17 Minutes :

57 the tomb of Lenin walking up to the doors of the Kremlin itself he said 18 Minutes :

03 nobody cared nobody was paying attention here was the head of the CIA the most 18 Minutes :

08 hated the most feared enemy that communism had over the years bill Colby head of the CIA during the most critical 18 Minutes :

15 time he said in it then it struck me he said that I realized it he said we'd won 18 Minutes :

24 the Cold War was over Russia was dead communism was dead he said after 40 18 Minutes :

30 years and Reverend Weezer his words not mine now he said after 40 years of fighting the bastards we had won we won 18 Minutes :

39 it was over the Cold War was Dunnan and I was the only one of the whole planet to recognize know it right then at that 18 Minutes :

46 instant and then he said something else struck me something something to just really slam me I said well what was that 18 Minutes :

53 he said I realized that this walk I was 19 Minutes :

02 having in Red Square was it that was the only parade I was ever going to have for 19 Minutes :

09 all our achievements there wasn't gonna be the ticker tapes down Madison Avenue there wasn't gonna be the the waving and 19 Minutes :

15 he said it was all over and we'd won and this was my private parade and it was 19 Minutes :

20 the only one I said okay bill now we've heard about your private parade in the defeat of communism so on so what's that 19 Minutes :

27 got to do with Franklin and this whole mess I'm trying to get something he said 19 Minutes :

32 sometimes you better face up to the fact and this is one of those times that the things you're involved in have have 19 Minutes :

39 significance and people too big too powerful events and things involved you 19 Minutes :

44 don't even know about that are just too big and powerful for you to deal with and you have to face up the fact that 19 Minutes :

50 maybe in in the timeframe you'd like to deal with them and the way you'd like to 19 Minutes :

55 do and can't be done he said then sometimes evil does succeed for a while and that's just you have to walk away 20 Minutes :

02 from it get away from it and he says the only way Franklin will ever get exposed and where it leads to and what it goes 20 Minutes :

07 is if the national press an independent national press just like happened in Watergate happened in iran-contra happened happening with old 20 Minutes :

15 Joe McCarthy at the independent national press really gets interested and delves 20 Minutes :

21 into it and takes it all the way to where it leads is there such a thing anymore in this country see that that's that's why I said I said well how do you 20 Minutes :

27 do that bill he says I'll help y'all I know something he's called notified a number of people he says the problem is 20 Minutes :

33 getting one of them to really put the investigative research and reporters onto it and not having back off and 20 Minutes :

38 where it leads well so I went home thought about it

was frustrated and I 20 Minutes :

45 thought okay I'll do my part to start it all right the story of Franklin as a 20 Minutes :

50 documentary as a documentary with the things that are available right now today that show there was clearly at 20 Minutes :

57 least again in my opinion a cover-up I won't mince words I won't hedge things I'll spit it out 21 Minutes :

03 straight and what it cost me it cost me but at least the foundation will be 21 Minutes :

09 there and of course since since writing the book I've learned a lot more I now 21 Minutes :

17 believe I think I'm beginning to understand maybe a little more of what bill was saying and where this thing 21 Minutes :

22 really does lead and I I think now I'm finally understanding why it's so 21 Minutes :

27 powerful where it leads as I say and I think it leads into things that almost 21 Minutes :

35 move into the fantasy world that we went to movies and watched and in the 60s and 70s and 80s in other words the mysteries 21 Minutes :

42 of the Cold War battle and how far governments go with their secret 21 Minutes :

49 services whether it be the CIA or or the Gestapo or the KGB in Russia and I 21 Minutes :

58 believe and I know this sounds like I'm floating off into Fantasyland right tyro 22 Minutes :

03 can bring you back here you're right and I dimin the first one a few years ago to say well yeah make good movie but you 22 Minutes :

11 aren't gonna believe any of this here's what I believe I believe that Franklin 22 Minutes :

19 had a lot of personalities who through one way or another were linked up to the 22 Minutes :

26 cold war effort the CIA and other things back during the 70s and 80s we ran 22 Minutes :

31 across some information about Larry King in one point that it looked like that he 22 Minutes :

36 had at one time had some ties with the CIA he did and I document some of those in the book but beyond that information 22 Minutes :

43 I've learned since I wrote the book I have no doubt now no doubt Larry King was one of the underlings of the CIA 22 Minutes :

49 involved in a specific program recruiting particularly young boys particularly kind of a particular kind 22 Minutes :

57 of boy who were then used in a kind of mental programming a brainwashing if you would that we were doing to use them for 23 Minutes :

07 such things as assassinations such things as drug dealing remember drug 23 Minutes :

12 dealing hmm back during the 70s and 80s we now know pretty well was one of the main methods to finance our covert 23 Minutes :

20 operations we were actually involved in in drug dealing and even even even a lot 23 Minutes :

27 of those things that sounds like sex blackmail so on and so forth at least yeah mind-control thing now as they say 23 Minutes :

33 sounds off anybody's listening I think yeah Adi camp is off with the Lulu Birds 23 Minutes :

40 you know like Manchurian Candidate you remember that old movie were they yeah well I guess what I'm saying is I think 23 Minutes :

46 that is a integral part of this if you have that kind of thing at stake predicting because the personalities 23 Minutes :

53 that it goes up to ultimately mm-hmm the American public would be shocked to find it yes our government really really did 23 Minutes :

58 these things same thing we accuse the other guys are doing which they were doing too well Congress investigated that back in the early 50s and the CIA 24 Minutes :

06 yeah but remember this a sophistication of the 50s was nothing compared to what it was in the 70s and 80s this is post 24 Minutes :

13 Vietnam we had suffered our worst defeat in the history of this country our only defeat we now we're not gonna let it 24 Minutes :

18 happen again between 75 roughly and 86 roughly was 24 Minutes :

24 the most intense Cold War period in this country I mean it was just that close to 24 Minutes :

30 a hot war at all times we always think of the Cuban crisis is the time not really seventy-five to eighty six remember the 24 Minutes :

37 evil empire remember Star Wars remember the contest to see who could build up faster that's 24 Minutes :

42 what finally broke the Russians they just couldn't keep up in the contest financially so that was the period when 24 Minutes :

50 technology was going rampant remember the invention of the computer the understanding of the human mind so much 24 Minutes :

56 more and the information I've learned since the book came out that is poured 25 Minutes :

03 in from a variety of sources makes me believe that that may well be why it's 25 Minutes :

09 necessary for the protection of our entire government in a sense embarrassment what people would believe 25 Minutes :

16 what people would feel about their government if they knew some of the things that we had done profilers the 25 Minutes :

21 motives for the cover-up I think that's one of the major motives he says people just protecting themselves other people 25 Minutes :

27 of course have a vested interest of all a child abuser these kind of things 25 Minutes :

33 you're certainly willing to cooperate if you are a if you're a judge or an 25 Minutes :

39 official who got your position as a result of help from this or that 25 Minutes :

44 remember another surprised and this I'm now convinced of which I didn't know when I wrote the book off at Air Force 25 Minutes :

51 Base if you're gonna pick the most sacred military installation in the United States for the last 140 years 25 Minutes :

58 where is it it's off at Air Force Base right in the center of the United States what land USA the farthest you can get 26 Minutes :

03 from Russia mmm-hmm well I am convinced now that there was a major CIA operation out of 26 Minutes :

12 there handled there and of course Omaha the Heartland at least likely place in the world to have something like this 26 Minutes :

19 that's a major part of this Larry King was merely a tool in this whole thing 26 Minutes :

24 you watched ring during the Larry King activities remember whenever whenever 26 Minutes :

30 something would happen wear it wear something well he might like he was gonna go to Bush and get this thing 26 Minutes :

36 straight now remember it's right at breakfast they grab Larry no he's off declared crazy then we get things back 26 Minutes :

43 under control Larry King comes back and what and we get them off again in these crazy yeah then finally we we get things 26 Minutes :

51 contained we get to grand juries we never call Larry King and the grand juries or anything else and then Larry 26 Minutes :

57 King ends up in a very quick quiet plea having nothing to do with any of the things except he stole some money yeah 27 Minutes :

04 okay and then he gets sentenced but when all things are considered he'll be out in a relatively short time anything one 27 Minutes :

10 of probably what's considered the nicest federal institution they call it the Holiday Inn of institutions bundles of 27 Minutes :

17 money stashed away in foreign by well I suspect Jamaica in Spain and in 27 Minutes :

22 Switzerland it's so it's it's it's in the interest if indeed I'm correct and and and I don't do this in the book I 27 Minutes :

29 don't deal with the things I'm talking about now quite frank I'm gonna have to cut you short at those point John because we're really out of time on this 27 Minutes :

35 particular program we're going to pursue this on our next program so keep those 27 Minutes :

40 thoughts in mind we'll come back to them but I want to take this opportunity to have our viewers write for this book the 27 Minutes :

47 Franklin cover-up and I have read it cover-to-cover and it's accurate I know 27 Minutes :

53 from our own research that there isn't anything in here that is absolutely not documented and verified from a lot of 27 Minutes :

59 different sources the book is also available in the local bookstore and you 28 Minutes :

05 can go in and buy it for seven dollars and 95 cents we will send it to you post paid for nine dollars so if you'll just 28 Minutes :

13 write to the address on your screen that's showing right now send us nine dollars we'll be happy to send you this 28 Minutes :

18 book and you can read the facts for yourself and make your own decision concerning the cover-up we we really 28 Minutes :

26 recommend this highly and we would like to get a distributed as broadly as we possibly can so that the true story of 28 Minutes :

32 what went on with this Franklin case finally finally comes out in the open we're committed to seeing that happen we 28 Minutes :

39 know you are too John and so we're going to do whatever we can to keep at it 28 Minutes :

44 until this thing breaks open do just for our viewers today have any closing remarks for this program

concerning what 28 Minutes :

52 you believe would be helpful for them to do to assist in getting this information out 28 Minutes :

58 you know you've heard that phrase a hundred times truth is stranger than 29 Minutes :

04 fiction I finally understand it it's a classic statement it's classically true 29 Minutes :

10 read the book try to tear it apart try to tear it apart say well this can't be 29 Minutes :

16 and then do some checking yourself I think you're gonna be surprised and then 29 Minutes :

21 share the book with your friends and you know before it's all said and done I said something in the book and I believe 29 Minutes :

27 it more and more now there should be another grand jury this one that isn't 29 Minutes :

33 rigged and controlled that has an independent honest prosecutor to 29 Minutes :

38 investigate the whole original grand jury and everything surrounding it that's what I believe and maybe citizens 29 Minutes :

44 can can get a petition and do that that maybe ultimately the one thing they have the ability to do and let's do it well 29 Minutes :

52 we hope that we can John and thank you again for being with us folks thank you for being with us today and we'll be 29 Minutes :

59 back with you on our next program 30 Minutes :

24 hello I'm John Morrow and with me again today is our guest John de Kamp John's 30 Minutes :

30 the author of a new book entitled the Franklin cover up child abuse Satanism and murder in Nebraska we're putting the 30 Minutes :

39 publishers address up on the screen for you AWT publishing of Lincoln Nebraska 30 Minutes :

44 and you are invited to send your enquiries to them as a matter of fact 30 Minutes :

49 you can send your money to them seven dollars 95 cents plus postage and they will be happy to mail you the book or 30 Minutes :

56 you can write to us and we'll be happy to do the same John when we closed our 31 Minutes :

03 last interview we were talking about some really wild and wonderful things but I think that the title the Franklin 31 Minutes :

11 cover up really invokes a lot of ideas 31 Minutes :

16 in people's minds of conspiracies and things like that and this whole thing 31 Minutes :

24 about cover-up and hoaxes and all that seemed to come from the grand jury now 31 Minutes :

30 in our book entitled a carefully crafted hoax we really zeroed in on the grand 31 Minutes :

36 jury findings and also the people that they were

dealing with Troy Bonner and 31 Minutes :

42 Danny King and militia Owen Paul Benassi we didn't get into a lot of the 31 Minutes :

48 background that you did because you really spread a lot further afield and we did but I think for our viewers 31 Minutes :

54 information it'd be good for us to explore just how grand jury operates a 31 Minutes :

59 lot of people have the idea that it's it's like a courtroom situation you know you go in before the judge and you 32 Minutes :

04 present the pros and the cons and got the prosecutor in the defense then you've got the jury sitting there to 32 Minutes :

10 decide okay we've heard both sides of the story now we make up our mind as to what is 32 Minutes :

15 the truth and they find the defendant either innocent or guilty and so on but my understanding is that's not at all 32 Minutes :

20 how a grand jury operates and so I think it'd be helpful for our viewers if you just give them some background 32 Minutes :

26 information on the process well interestingly enough a grand jury is 32 Minutes :

31 exactly the opposite of what you've described and a grand jury can be the 32 Minutes :

37 wonderful device or the worst device depending

depending literally upon who's 32 Minutes :

45 in charge of it and how they handle it now let me give you a little background on the grand jury just just so we understand it can be wonderful because 32 Minutes :

53 sometimes it can do what what individual prosecutors won't do or are afraid to do 32 Minutes :

59 or it can do what a citizen might be afraid to do individually that is in 33 Minutes :

04 complete safety and secrecy it accuses somebody of something so the purpose of 33 Minutes :

11 a grand jury is strictly that to either accuse or not accuse somebody or some 33 Minutes :

16 entity of some crime okay it isn't to try to see both sides of the question at 33 Minutes :

23 all that isn't the issue the controller the man in charge woman in charge whatever of a grand jury is of course 33 Minutes :

30 the the prosecutor or a special prosecutor in the Franklin case and the bid was kind of great completely control 33 Minutes :

36 what's presented to the jury the second maybe most important person well would 33 Minutes :

42 be the grand jury foreman mm-hmm the grand jury foreman selected from among the members so people have to get out of 33 Minutes :

49 their head the idea that there was a trial in a grand

jury or that both sides were presented or anything else quite the contrary 33 Minutes :

55 the purpose is to get information and and make an accusation and see if that person in a court man later can defend 34 Minutes :

02 themselves against this act so in effect what the special prosecutor in this case it was samuel van pelt but the special 34 Minutes :

09 prosecutor then presents information that he chooses to present he can do 34 Minutes :

14 literally anything he wants pretty much to the grand jury and his purpose is then to really accuse or seek an 34 Minutes :

23 indictment yeah and so that's his purpose then is to really but but I touched on a point I 34 Minutes :

28 said it can be the worst or the best thing you can do some things that that maybe wouldn't get done otherwise but 34 Minutes :

34 the scary thing about a grand jury remember everything is supposedly well is secret mm-hmm and that's the idea 34 Minutes :

40 that gives that gives you the safety of walking in there and saying well yeah I know this but man I'm afraid to say any 34 Minutes :

47 other thing you know okay so that's a protection and supposedly everything in that grand jury is kept secret maybe forever mm-hmm in fact I 34 Minutes :

54 have seen the documents I'm not allowed to tell you I wish I wish everything in 34 Minutes :

59 that grand jury and a lot more could all be made public just like in the in the the Kennedy thing they're talking about 35 Minutes :

05 I think I think in this case as I've tried to document very clearly in the book the grand jury was used for their 35 Minutes :

12 the purpose when things started getting out of control and Franklin should recall rumors everywhere the decamp memo came out the lid was 35 Minutes :

19 blowing off Peter citron his deal comes out one thing after another coming out day by day he had to get things under 35 Minutes :

25 control again legislature was putting heated legislation fitting what do you do you call a grand jury and that could 35 Minutes :

31 still be wonderful if they had had in my opinion a a proper grand jury I don't 35 Minutes :

37 think they did again my opinion so there is there any possibility that those records would ever be opened or unsealed 35 Minutes :

44 maybe another grand jury could investigate it and that might be one of the outcomes I don't know but let me let me tell you something people forget you 35 Minutes :

52 know what the public has about a six-month memory they say to remember something called Watergate mm-hmm if 35 Minutes :

59 you'll go back and study Watergate the heart of Watergate the control mechanism used was a grand jury

mm-hmm other words 36 Minutes :

08 when it started the lid boiling off accusations flying and it really started 36 Minutes :

14 looking like it was out of control just a month exactly the same thing here they called a federal grand jury special 36 Minutes :

20 prosecutor a special prosecutor they cleared everybody said no there's 36 Minutes :

25 nothing wrong it really is just you know a third-rate burglary and so later later as the final Watergate thing unfolded 36 Minutes :

33 and the truth came out I'm gonna kick up years later somebody kept pursuing it in this case it was the press mm-hmm okay 36 Minutes :

40 they went back and they asked the people in the grand jury you know wait a minute yours you were honest people and most 36 Minutes :

46 grand jury members are yes well yeah well how come the grand jury never got 36 Minutes :

52 any of these things you know what they found out exactly what I'm telling you happens and didn't ever heard about it 36 Minutes :

59 we never heard about anything with things the prosecutor never asked those questions of anybody 37 Minutes :

05 well that's why I say grand jury can be the best or worst device it can be a you 37 Minutes :

10 device the key device used for cover-up in big things or the device to expose it 37 Minutes :

16 and finally correct him I believe in this case and I offer a pretty good documentation I believe I hope more will 37 Minutes :

21 come out in the future that this grand jury was for the purpose of covering up and not because the prosecutor no no the 37 Minutes :

30 jurors could be the most sincere honest people in the world I suspect most of them were but let me use another example 37 Minutes :

37 if you go over to North Korea today which is a totally completely controlled 37 Minutes :

43 Society they believe that their guy whatever his name is is just a kin to a 37 Minutes :

49 God the only information they got via the newspaper via the press via everything thing you know is what is fed 37 Minutes :

55 to them right you can brainwash the entire country well certainly in a very small confined grand jury of 18 people if you present 38 Minutes :

02 them only one side of a picture you can make black light up down right left good 38 Minutes :

08 bad etc I feel comfortable in saying 38 Minutes :

14 that's what occurred that's what occurred in Watergate that's what 38 Minutes :

19 occurred here one of the things that we're recently

reminded of with respect to juries and their findings is that juries do not always find according to 38 Minutes :

29 the the facts of the case even though they can be presented the facts of the 38 Minutes :

34 case they can find out I'm gonna pick one little piece to show you and I can legally do this one because it's a matter of public record now I can't tell 38 Minutes :

41 you how and other things I'd love to because I'm legally forbidden and that's why I say I think our grand jury rules 38 Minutes :

47 in Nebraska maybe need some changing too we have probably the worst in the country that's a goal that we can shoot for that's that's definitely one but 38 Minutes :

53 anyway the grand jury did something that grand juries normally don't do and I don't think are legally supposed to do 38 Minutes :

59 that is they wrote this lengthy report where they supposedly named names and cleared everybody and said this is a 39 Minutes :

06 good guy and then they went off and without indicted or accusing these people of any crime just called other people names from from 39 Minutes :

14 victim witnesses two individuals out in the community to people like me who were saying the institution government 39 Minutes :

20 corrupt anybody they could they called a name who was saying there's something wrong it sounds like a scare but one 39 Minutes :

27 other thing they did and as I said I can cite this example I can cite this example because it's a matter of public 39 Minutes :

33 record I want to make that clear because I am forbidden from revealing 80 jillion other things but I would love to in the 39 Minutes :

41 grand jury report the grand jury said about the witness Paul Benassi they said and even his psychiatrist says he is 39 Minutes :

48 incapable of telling the truth mmm right I remember reading that it is headlined in the World Herald the 39 Minutes :

54 picture and then what assi indicted was his name Paul Benassi right they said if 40 Minutes :

01 you read the grand jury report and you read the thousand times it must have been printing the World Herald on the front page and otherwise saying this 40 Minutes :

08 they said you'd immediately conclude first of all his grant his psychiatrist his own psychiatrist testified before 40 Minutes :

15 the grand jury and said well you know it's too bad but this kid's incapable of telling the truth that's exactly wrote it in the grand jury report you read it 40 Minutes :

22 right now here's the truth here's the truth 40 Minutes :

30 one he had no psychiatrist yes we know that to the psychiatrist that they're 40 Minutes :

37 referring to and talking about was a police psychiatrist the police investigating the kid right three most 40 Minutes :

44 shocking of all the psychiatrist never ever testified before the grand jury 40 Minutes :

51 right and four and here it is the very psychiatrist that they claimed testified 40 Minutes :

57 before the grand jury the very psychiatrist he said was his who wasn't the very same psychiatrist who they said 41 Minutes :

04 said this kid is incapable of telling the truth in fact under oath repeatedly before the 41 Minutes :

11 legislative committee publicly now and otherwise says the precise opposite that 41 Minutes :

16 he's telling the truth and he's probably incapable of telling a lie yeah he was 41 Minutes :

21 the one that diagnosed the boy right as having multiple personality and said one of the characteristics of this is that 41 Minutes :

29 you don't have to lie typical MPD's multiple personality disorder which I didn't even believe 41 Minutes :

34 existed didn't understand and now I I it's amazing as you well know but anyway 41 Minutes :

40 he's one of the characteristics is it they don't they don't have to lie they 41 Minutes :

46 simply moved to another personality the person

comes out and they tell the truth okay so I used this one classic example 41 Minutes :

52 out of the grand jury because it so illustrates how black can be made to white how up down left right now what 41 Minutes :

58 happened to the kid they indicted him for lying I agreed and after being 42 Minutes :

04 contacted by some people to go see the kid and act as his lawyer at his request I did and after I started looking at the 42 Minutes :

09 facts I made a statement I made it repeatedly and I made it boldly an and 42 Minutes :

15 maybe foolishly even but angrily I said I dare him I dare him to take this kid 42 Minutes :

21 to trial they had him charged with felony after felony after felony because he said he was abused by by prominent 42 Minutes :

27 people including the publisher of the world held that that he was here on this date with these people that he saw Alicia Owen they indicted and for all 42 Minutes :

33 these things they said her lies I said Darren my begum take him to court 42 Minutes :

39 there's really nothing that's been one day due in court in this whole deal nothing you know in court I'm anything anyway so what 42 Minutes :

45 they do when we were ready they simply dismissed all the charges just drop the 42 Minutes :

50 whole thing not only that but two other two other psychiatrists experts were 42 Minutes :

56 brought in not by the kid because he'll he couldn't afford it but by the 43 Minutes :

01 legislative committee hired an expert from New York to come in yes I remember the court in in Omaha ordered another 43 Minutes :

07 psychiatrist a specialist in to come in they both examine the kid at length 43 Minutes :

13 investigation after investigation you know what they concluded what they said yes I said exactly the same thing the 43 Minutes :

21 other night he said a multiple personality and this kid is telling the truth he's a victim of horrible abuse 43 Minutes :

28 he's not lying on and on and on the very very same thing threw him in a row so as 43 Minutes :

34 I say that's why I say I dared him I begged him to bring him to trial so a grand jury get back to where we were a 43 Minutes :

40 grand jury it can be a wonderful thing or it can be a device for abuse and coverup but essentially the grand jury 43 Minutes :

47 just simply takes the information that's presented by the prosecutor he's in control of the process and it can turn 43 Minutes :

53 out about any way he decides it to turn out just simply by his choice of what to present and what not to present well let 44 Minutes :

00 me give another example because I live this one about 27 times every day as soon as I get home I come walking into 44 Minutes :

05 the house my little three-year-old comes running up to me and grabs my leg and 44 Minutes :

10 hugs me and I pat him on the head and he says and it hit me well a no real name 44 Minutes :

18 Shonda is my nine year old and I said 44 Minutes :

24 well did you do something to her oh no no no Anna hit me no reason Hill so you 44 Minutes :

30 check a little further and you talk to Anna and you find out well but Johnny 44 Minutes :

35 took her pencil and broke it and smeared paint all over her wall in her room and she caught him in the act and hit him on 44 Minutes :

42 the behind the behind and I then turned to Johnny said wait a minute Johnny were 44 Minutes :

48 you and were you in her room making all this mess and but way yeah but she hit me and that's now if I had only listened 44 Minutes :

56 a little Johnny when I go home why every night I'd walk in and I'd say Hannah Shanta I'm tired of you beating 45 Minutes :

02 little Johnny you've got to stop that you're bad well then I get into the living room by about this time and Tara 45 Minutes :

09 my 7 year old comes running up to me and she says

Jenny who's my 1516 year old now she she won't let me practice piano 45 Minutes :

18 in the basement well I want I want Tara to practice her piano because it's 45 Minutes :

24 important if she's gonna learn to plunk and make a racket like all the other kids that she'd be able to do it I said 45 Minutes :

31 well did you do anything wrong no no no I didn't do anything wrong she just won't let me play down here she won't 45 Minutes :

37 let me practice well so then maybe when you check a little further you find out that it wasn't quite that way maybe she 45 Minutes :

45 was down there practicing and making a racket that Jenny couldn't do her 45 Minutes :

50 homework and she really wasn't practicing so much as she was watching television and a whole bunch of other 45 Minutes :

56 things and Jenny finally got tired and ran around of the basement so as I say when you get the whole story you might 46 Minutes :

02 come up with a completely different conclusion truth is somewhere in the middle or in a lot of cases even the 46 Minutes :

09 opposite the one visible example and there's gobs up that I can give you of a grand jury legally on the most visible 46 Minutes :

16 thing of all was their key indictment charging perjury of this kid hmm and them actually lying in their

report so 46 Minutes :

23 now they didn't lie deliberately I don't think the grand jury did they were deceived right you were deceived they 46 Minutes :

29 were deceived or they couldn't have written that they couldn't have dared to write something like this for for a report that they know is going to be 46 Minutes :

36 examined they didn't have 18 people of a grand jury sit and lie about that even 46 Minutes :

41 though it's completely false that means they were deceived who deceived him who's in charge of a grand jury the 46 Minutes :

47 prosecutors in this case when the person to run the grand jury was picked 46 Minutes :

52 literally everybody who was anybody who knew about the judicial process who knew about grand juries what was at 47 Minutes :

00 stake condemned the selection yes I remember them you remember that they said you know something bad can happen 47 Minutes :

08 it probably will happen as a all of this this is not right this person shouldn't be picked sure enough 47 Minutes :

13 now sure enough he got picked and sure enough so a grand jury can be the best or worst thing and in this case it was 47 Minutes :

20 the worst thing and there's so no part of the cover-up yeah I saw an article in the paper just this last week and just a 47 Minutes :

27 little short thing a couple of inches and it had to do with a Supreme Court finding in a case that involved a grand 47 Minutes :

36 jury and it's indictment and they specifically said the grand jury is not 47 Minutes :

42 required to listen to both sides of an issue oh that was US Supreme Court they 47 Minutes :

48 reaffirmed the fact that hey they're not there to listen to sides and Jerry to get facts they just thrown the holders 47 Minutes :

54 there they're there tonight in accusatory information and anything that and they specifically said like I told 48 Minutes :

01 you they ratified the fact they they approved once again that the prosecutor doesn't have to tell 48 Minutes :

09 him he can deliberately for whatever reasons hide right all the reading of 48 Minutes :

15 the stories and evidence that might might confirm that the individual would 48 Minutes :

20 be innocent could be hidden by the special process grand jury if I were going to use a good example is like a 48 Minutes :

26 knife I can take that knife and I can Ram it in your heart and it's not gonna 48 Minutes :

32 be used very wisely at least most people would agree with that well I can take that knife and I can use it to cut bread 48 Minutes :

38 I can use it to to help fix my meals at home this kind of thing it's a tool it's 48 Minutes :

44 a device that can be used or abused and exactly the point we want to make it is a tool in the hands of the special 48 Minutes :

52 prosecutor and can be used for whatever purpose he designs and if you have a 48 Minutes :

57 corrupt prosecutor you're gonna get mixed results no you're gonna get bad 49 Minutes :

02 results and if you have a system as in 49 Minutes :

08 the Franklin case with so much at stake going so high up involving such serious matters for very powerful rich and 49 Minutes :

14 prominent people then they have the ability apparently at least in Nebraska 49 Minutes :

19 to control who that prosecutor is and make sure they put in somebody that will do what they want I believe that's what so 49 Minutes :

25 this cover-up really went at several levels one of the things that you mentioned in your book is that one phase 49 Minutes :

31 of the cover-up involved the police and then we've just talked about another phase which involved a Douglas County 49 Minutes :

37 grand jury another phase involved the FBI would you want to make a comment on either the phase that involve the police 49 Minutes :

44 which would include not only the remember the police or the State Patrol 49 Minutes :

50 or any of these agencies are going to back off in a hurry when the FBI staff steps in and says hey this is the way it 49 Minutes :

57 is we're handling this you bug out in this particular case as I think I've pretty well documented the FBI had ample 50 Minutes :

03 reason ample reason the reasons probably will never even know for not wanting 50 Minutes :

08 certain things to come out everything the way it was handled in this case one after another you never have you never 50 Minutes :

17 have things handled in such a way that the public ever really gets access to information it's always controlled information and in this case I believe 50 Minutes :

24 the FBI maybe even arguing for reasons of national security that seemed to be the big argument they always used for a 50 Minutes :

31 lot of things while national security is at stake if indeed if indeed drug 50 Minutes :

37 laundering drug money running and laundering of money for use in covert operations by the until via the 50 Minutes :

44 Intelligence Committee was involved here and I guess I no longer have even a shadow of a doubt that's that's what's 50 Minutes :

50 at stake and it involves prominent people who who

who we know you know it's 51 Minutes :

00 easy and and quick for the FBI or high 51 Minutes :

05 officials say this involves national security you don't need to know you don't want to know what's what's at stake just take our word for judges are 51 Minutes :

12 gonna listen police are gonna listen prosecutors are gonna listen well I saw this saw this process at work here and 51 Minutes :

18 let me just get going with this in when the attorney general's office was supposed to be investigating the 51 Minutes :

24 allegations of sexual abuse that surfaced early on and the Franklin thing and they had assigned to the attorney 51 Minutes :

30 general's office assigned one of their special investigators to look into it and then he'd met with the Omaha Police 51 Minutes :

35 Department then six months later nothing had still been done about it and it became apparent that what he had done was he 51 Minutes :

42 had simply backed off because he was convinced that the Omaha Police Department was handling the 51 Minutes :

48 investigation and he didn't want to cross their tracks and mess up their case etc etc so that same thing 51 Minutes :

54 supposedly then could have been at work with the police department if the FBI comes in and says we're

looking at this 52 Minutes :

00 and so you back off and so the police department backs off and the FBI says this is our deal we have several 52 Minutes :

06 instances where witnesses and potential witnesses were actually intimidated in 52 Minutes :

11 their questioning by the FBI yes and I think a document at least three or four the ones I legally can know about as 52 Minutes :

18 clear as anything's ever been documented and that that if after you read that and read those documents and those aren't my 52 Minutes :

24 words I didn't create these documents no you're just reporting I'm just reporting them this is a documentary book but you 52 Minutes :

31 know I know when you start talking about Oh God but you mean Franklin involves a 52 Minutes :

38 drug running and kind of feeling blah blah blah even national security things 52 Minutes :

43 they might be trying to cover up people think yeah yeah sure right and the moon is made of cheese and on and that was my 52 Minutes :

51 attitude believe me it was now I have no doubts and and the hardest thing for me 52 Minutes :

56 is to to know something and you know not be able to impart it in and say yeah in 53 Minutes :

03 this case the moon is made of cheese and here's so I

try in the book to offer as much documentation as possible now the 53 Minutes :

10 point I was trying to get to here is a few pieces that we do know a few pieces that we do know the years ago people 53 Minutes :

17 like me used to deny mm-hmm love didn't let me give you one what was the thing 53 Minutes :

23 we heard so often in the newspapers accusations from let's say a Fidel Castro or some communist country one of 53 Minutes :

30 the most often made accusations was well this news reporter here is really a CIA 53 Minutes :

36 operative hmm Yeah right you say ah I mean shoot they accuse 53 Minutes :

41 everybody being CIA you know everybody in the brothers are always accusing to be in CIA we now know we now know 53 Minutes :

50 in fact my friend bill Colby the former head of the CIA who was I say I stayed with when I go to Washington I think 53 Minutes :

56 he's going to do a program here for one of them local radio station he's confirmed me repeatedly now that we've 54 Minutes :

01 grown old that the CIA indeed had is 54 Minutes :

07 their fundamental pool whose people particularly prominent people in the 54 Minutes :

13 press prominent people in the world press knew

that could travel internationally and have the credentials 54 Minutes :

19 and freedom that can only come from one place only one place the press the press 54 Minutes :

26 is the only one in every country in the world that has access to just everything and you can't interfere with him hmm 54 Minutes :

33 when you started press is the only one now let me let me take it further in Nebraska who was one of the key people 54 Minutes :

40 in the whole Franklin thing whether he likes to admit it or not Harold Anderson the publisher of the Omaha world only 54 Minutes :

47 major stockholders how'd Harold Anderson start out he started out in that key time when the CIA was recruiting like 54 Minutes :

52 maniacs young intelligent capable investigative reporters and he's been 54 Minutes :

58 involved in the world press scene no more than that more than that Harold 55 Minutes :

04 Anderson is the only person in the history of the United States in the history of the world to have been 55 Minutes :

10 president I believe both the World Press Association and the National Press oh so 55 Minutes :

16 tight forget the exact names only one in the history I mean this this man is mr. 55 Minutes :

21 big on the International and national scene those are the kinds of people who were top top top CIA operatives during 55 Minutes :

31 the critical years of the 60s the 70s and the 80s during the most intense Cold 55 Minutes :

37 War period of all that was our army that was our war machine hmm and so remote 55 Minutes :

43 and wild as it sounds you start adding a piece here a piece there additional information that's poured out since 55 Minutes :

49 Franklin from-from the location of Offutt as the safest most important base 55 Minutes :

55 we have in the world the CIA factor the fact we're now 56 Minutes :

01 learning that drugs were used as one of the devices for financing our covert operations know the fact that 56 Minutes :

08 that if anybody if anybody at all was gonna be used or a top person in the CIA 56 Minutes :

14 it would be press people who maintained their cover and we're doing the best 56 Minutes :

20 thing for this country they were our they were our army they were our soldiers people like Harold Anderson so 56 Minutes :

26 am i singing Harold Anderson as a top CIA operative it opens some interesting 56 Minutes :

32 possible innos I think he knows I know yeah

whether he is or is not and that 56 Minutes :

38 one's a whole I want to say the next words but I'll say I'll say he knows and 56 Minutes :

44 I know well that's a whole new area and a whole new realm to explore and as I 56 Minutes :

50 say what it sounds like Fantasyland doesn't well explain some things concerning motivation for cover-up and yeah certainly goes far beyond the local 56 Minutes :

58 scene and just some local pedophiles protecting themselves but much more than 57 Minutes :

03 that and before I've always wondered why the FBI would be so interested in something that supposedly did not cross state 57 Minutes :

10 boundaries you know say there well there's there's no evidence of child abuse the FBI says there's no evidence of these kids being transported for 57 Minutes :

17 prostitution purposes the FBI says that there's nothing to these allegations and yet they were very keenly interested in 57 Minutes :

25 dealing with witnesses trying to find out who they were intimidating them in their interrogation process and doing 57 Minutes :

32 everything they could to seemingly muddy the waters as far as any legitimate 57 Minutes :

38 investigation by the Franklin committee was concerned well as I as I pointed out I think I really offer some pretty well 57 Minutes :

43 good documentation in the book on the FBI what they've done you make your own judgments as to whether that constitutes 57 Minutes :

49 cover-up I say it does that's my belief not made-up things but documentation even involving such things as who was 57 Minutes :

57 this guy that sued the FBI in Omaha roshon what they end up paying him quietly finally no a million dollars it 58 Minutes :

04 was a million dollars plus about a half a million in legal fees right basically he was making the same allegations he 58 Minutes :

09 was an inside he was one of the FBI in Omaha right and people don't know about this the world hell didn't print big 58 Minutes :

15 stories about this the whole office seemed like it was a poopoo they paid him a million dollars 58 Minutes :

21 keep million dollars to go away shut up and be happy all right yeah well folks 58 Minutes :

27 you can find out about this by ordering the book the Franklin cover-up by John de Kamp it does do just exactly what it 58 Minutes :

35 says it tells the story of child abuse Satanism and murder in Nebraska and it 58 Minutes :

40 doesn't go into a lot of detail about the murder they're probably up to date about 15 very unusual and unexplained 58 Minutes :

49 deaths of people related to this case but you can order this book by sending 58 Minutes :

54 us nine dollars the book is $7.95 at your bookstore we'll send it to you post 58 Minutes :

59 paid for nine dollars so write to us at the address that's shown on your screen and we'll be happy to get it to you in 59 Minutes :

06 the return mail you need to read it for yourself make your own conclusions share 59 Minutes :

11 it with a friend and then we need to start generating some groundswell of grassroots indignation in this state to 59 Minutes :

19 get some things changed so that this kind of thing doesn't go on or that it doesn't happen again so by all means get 59 Minutes :

26 the book and John we surely do that appreciate your spending the time with us and we'd hope to have you back again 59 Minutes :

32 in the future at some point and as other information is developed and other facts come out and they're documented and 59 Minutes :

38 become available for public consumption while we'd sure want to know about that and keep our folks updated on what's 59 Minutes :

44 going on appreciate your spending the time with us thank you river

...

Temple Of Set Crowely part of Zersetzung

PsyOps use of front groups for Defense Intelligence Agency, F.B.I, and C.I.A, N.S.A illegal activities. RUn by drug profits they are accountable to no-one and can show badges if confronted.

Zersetzung retrieved from https://www.facebook.com/groups/165918446241837 and copied or modified to here

About

Zersetzung (Stasi Policing) is a psychological warfare tactic developed by the East German Stasi Secret Police (best on the planet) to nuetralize dissidents by disrupting every part of you're life and gaslighting you. Disrupt, Discredit, Destroy (DDD) to isolate, set up, and nuetralize. Cults such as the KKK, Mormons, Scientology, Freemasons, and COINTELPRO copied it. Scientology calls it Fair Game and Freemasons call it Slow Dagger and sometimes target entire bloodlines for Masonic revenge. Freemasons are a police fraternity widespread in the CIA and USFIVEYES tied to the watchlist program. 911 created an unneeded police state and had Stasi director Marcus Wolf and KGB general Yevgeny Primkov create DHS and 78 Fusion Centers as a trojan horse used against the American people to create a total surveillance state for the Stasi CIA, FBI, NSA to combine their capabilities and Watchlist, domestic FISA, and passed the USA PATRIOT Act and turned the country into the United Stasi of America because all of these resources are being used for Stasi Policing using the Watchlist as a sham to hide the targeted individual

program with a mix of MK ULTRA and COINTELPRO. The Stasi CIA, FBI, NSA have capabilities the Stasi could only dream of such as Sattelite Squadron (SS) at Screiver AFB in Colorado Springs/NORTHCOM for electronic harassment with DEWs, V2K, RNM, hologram, voice cloning capability, Fusion Centers for a total surveillance state, and DARPA implants. The deep state puts enemies and dissidents on the FBI's TSDB NIS handle code 4 McCarthy blacklist. It only makes sense the FBI runs gangstalking and the CIA runs electronic harassment with Schriever AFB and NSA hacks anything with a signal (SIGINT) and Fusion Centers fuse everything and NORTHCOM has a military intelligence super Fusion Center with partnerships with 14 federal agencies. Fusion Centers fraud and are Garbage In Garbage Out (GIGO) and make false dossiers saying non investigative subjects are suspected terrorist or extremist or whatever and use Stasi tactics with mobbing and 1/3 of mass shootings is linked to mobbing and they can say counterterrorism. The FBI studies every mass shootings and induces 1/3 of mass shootings so they can justify their resources and impose stricter gun control. With guns you're citizens, without guns you're subjects. The Stasi CIA, FBI, NSA is the worst police state in history and is taking away the second one inch at a time before they use force like Waco and Ruby Ridge. Once the US gets rid of the second all USFIVEYES will be disarmed and head toward a China NWO agenda one global government total population control and reduce half the population - Bush jr had the CIA and Mossad stage 911 to create an unneeded Stasi police state like how Hitler destroyed his own presidential building so he could use the Gestapo on his own people. Hitler confiscated all the guns before massacring 13 million people. What's next?

Ryan Bell says :

Pretty sad they (Espionage) have nothing better do.

There are no terrorists abroad so they turned they're infrastructure on the domestic citizens.

There are no domestic terrorists other than the intelligence agencies and their stooges. I guess they don't want to lose their funding so they try to incite violence (radicalize Targeted Individualss pscyiatricly driving them to anger and dissafection.)

It doesn't make sense (to generate terrorist.)

Meanwhile they waste billions of dollars in taxpayer $.

This Targeted Individual situation is the biggest scandal in the history of this country. Intelligence torturing and provoking chaos and death.

Both sides of the aisle are complicit. They are scared of the three letter agencies, and rightfully so, that's where the real power lies in this country.

They run it. The heads of these agencies cannot be fired by the president or congress. They are career [and multi-generational] bureaucrats [mostly tied to the hit on JFK and RFK on behalf of the NWO.]

We are being tortured (by Noise Campaigns, etc.) because they literally have nothing better to do. Idle hands...

…

Ed Donegan states the Noise Campaign including manipulation of background noises to suggestive sounds is like planting items to create visual appearances. They, the planted items or sounds, suggestively, improperly, and with a cover story if challenged, link a Targeted Individual to some type of social or legal smear insinuation.

Finders - the identity of the Finders is MKULTRA

According to Ted Gunderson Finders was a CIA program operation through front transhuminist and other groups that was responsible for child abductions.

The Central Intelligence Agency did seem to have links to the bizarre world of Finders. It is probably that starting in 1979 or so (two years after Ed Donegan noticed Gang Stalking of himself) Finders was behind a large number of child disappearances.

I do not know all the details but Ted Gunderson is not from Plymouth Massachusetts (South Boston) yet right away from page five of Finders 1 document using scans of information about the program and CIA links is Robert Hanson, Plymouth, disappeared at 14 years on. and lots of name familiarity to those familiar with the MKULTRA program.

Ed Donegan this MKULTRA families like his own are being Targeted and some of the children (like himself at 60 years old now) are still being harassed or subject to violence and Ed Donegan (myself) and Gunderson believe Finders may have targeted McDonald's wife and child.

http://tedgunderson.info/index_htm_files/Finders.pdf

What happened is highly illegal programs run by the likes of Dr. Donald Ewen Cameron who started studing FOXP in 1925.

It is not so much they hate disabled people (FOXP2) it is that if the disease and its history is recognized the Windsors are flawed AND JFK was assassinated.

MK Gardens if you call them that were places Blue Hydrangea

were planted under fake names. If the flower bloomed just right that person might get CIA backing. IF the defect showed, that person fall out of fame or notoriety and also be misdiagnosed as some other problem like run-of-the-mill dyslexia.

Why would you call it Blue Hydrangea? That means a Blue Blood. Blue Fluid in the arteries of the life form. Hydra or Hydro is fluid.

Donald Ewen Cameron retrieved from Wikipedia and copied or modified to here

[image]

Born 1901 began MKULTRA study in London 1925

Decades after his own death, the psychic driving technique he developed continued to see extensive use in the torture of prisoners around the world. [abusive attacks on emotional children and adults to force people outbursts against perceived enemies]

Donald Ewen Cameron (24 December 1901 - 8 September 1967) was a Scottish-born psychiatrist. He is largely known today for his central role in unethical medical experiments, and development of psychological and medical torture techniques for the CIA. He served as president of the American Psychiatric Association (1952-1953), Canadian Psychiatric Association (1958-1959), American Psychopathological Association (1963),[3] Society of Biological Psychiatry (1965) and the World Psychiatric Association (1961-1966).

Cameron was involved in administering **electroconvulsive therapy and experimental drugs, including poisons such as curare and hallucinogens such as lysergic acid diethylamide, to patients and prisoners without their knowledge or informed**

consent.

Some of this work took place in the context of the *Project MKUltra* program for the developing of mind control and torture techniques, psychoactive poisons, and behavior modification systems Decades after his own death, the psychic driving technique he developed continued to see extensive use in the torture of prisoners around the world.

Early life and career

Donald Ewen Cameron was born in Bridge of Allan, Scotland, the oldest son of a Presbyterian minister. He received an M.B., Ch.B. in psychological medicine from the University of Glasgow in 1924, a D.P.M. from the University of London in 1925, and an M.D. with distinction from the University of Glasgow in 1936.

Cameron began his training in psychiatry at the Glasgow Royal Mental Hospital in 1925. In 1926, he served as assistant medical officer there and was introduced to psychiatrist Sir David Henderson, a student of Swiss-born US psychiatrist Adolf Meyer.

He continued his training in the United States under Meyer at the Phipps Clinic, Johns Hopkins Hospital in Baltimore, Maryland from 1926 to 1928 with a Henderson Research Scholarship.

In 1902, Meyer became director of the Pathological Institute of the New York State Hospital system (shortly afterwards given its present name, The Psychiatric Institute), where in the next few years he shaped much of American psychiatry by emphasizing the importance of keeping detailed patient records and by introducing both Emil Kraepelin's classificatory system and Sigmund Freud's ideas. While in the New York State Hospital

system, Meyer was one of the first importers of Freud's ideas about the importance both of sexuality and of the formative influence of early rearing on the adult personality. Meyer found many of Freud's ideas and therapeutic methods insightful and useful, but he rejected psychoanalysis as a wholesale etiological explanation of mental disorders in favor of his own theory of psychobiology. He never practiced psychoanalysis and always kept it at arm's length from Johns Hopkins because of Freud's increasingly dogmatic insistence on the psychical causation of mental illnesses.[13] As he wrote in his presidential address to the 84th Annual Meeting of the American Psychiatric Association: "Those who imagine that all psychiatry and psychopathology and therapy have to resolve themselves into a smattering of claims and hypotheses of psychoanalysis and that they stand or fall with one's feelings about psychoanalysis, are equally misguided".[14] Meyer was Professor of Psychiatry at Cornell University from 1904 to 1909.

Meyer was a strong believer in the importance of empiricism, and advocated repeatedly for a scientific, and, particularly, a biological approach to understanding mental illness. He hoped that the Phipps Clinic would help put mental illness on the same ground as every other human illness.[19] He insisted that patients could best be understood through consideration of their "psychobiological" life situations. He reframed mental disease as biopsychosocial "reaction types" rather than as biologically specifiable natural disease entities. In 1906, he reframed dementia praecox as a "reaction type", a discordant bundle of maladaptive habits that arose as a response to biopsychosocial stressors.

Meyer was also involved with the Eugenics Records Office, which he viewed as a natural extension of the mental hygiene movement which he helped to create. He served on the advisory council of the American Eugenics Society for 12 years, from 1923 to 1935.[26] Meyer's

> views on eugenics have not yet been studied closely and his association with the Eugenics Record Office cannot be equated straightforwardly with the extremism of some eugenicists, especially in light of the fact that the fundamental premise of Meyerian psychobiology contradicted the genetic determinism that underpinned scientific racism in the first half of the twentieth century.

The 1925 to 1928 time period was a key time to study Norma Jean, Glorian Gainey at North Carolina where Dean Rusk was (Davidson College.)

The Suspects in McDonald's Case appear in Nebraska Perpetrators there too

The Glosser article says that a former Obama staff member told him that Michael reportedly left school and had a sex change operation on January 13, 1983 (a significant date for satanists. Helena Stoeckley who was part of the network Ted Gunderson got and affidavit from she was part of the team the killed the family of Dr. MacDonald was also murdered on this date)

[Editor's Note: August 15, 2014: A google search revealed that Michelle was first outed (as a man) in a story posted on June 30, 2011 by Matthew Glosser at a web site called Christwire.org. I've reposted his originMichelle was bornMichael LaVaughn Robinson and was a football player in both high school (photo below) and won a scholarship as a linebacker for the Oregon State Beavers in his first year at college. al article and photos below. The Glosser article says that a former Obama staff member told him that Michael reportedly left school and had a sex change operation on January 13, 1983 (a significant date for satanists. Helena Stoeckley was also murdered on this date) and afterwards entered Princeton University (which is listed among the top eight universities in the USA with an acceptance rate of only 7%) as a female student, Michelle Robinson.

Many photos posted to the internet prior to the election were apparently Photoshoped to make Michael/Michelle appear to look like a female in his high school and college years. Don Nicoloff was the first to write that the vast majority of photos of young Obama and his "family" that were posted to the internet in 2007-2008, prior to the election, were completely faked and Photoshopped into existence.Note that there are no photos of Michelle when pregnant, nor do birth records exist for either of their children. Barack has the physical characteristics of an Indonesian man, and is not of African ancestry.] *** Shocking

New Revelation about Michelle Obama: A Must Read, Christwire Exclusive By Matthew B, Glosser, June 30, 2011 http://christwire.org/2011/06/shocking-new-revelation-about-michelle-obama-a-must-read-christwireexclusive/

About two months ago, my office was contacted by an anonymous source who claimed to be a former White House staff member of the Obama administration. He claimed to have sensitive information regarding a stunning revelation about the First Lady, Michelle Obama and he wanted to arrange a meeting with me in person to present the evidence for this claim. Like any good, Christian journalist, I was skeptical at first. Why would you contact me? Are there not dozens of major news outlets you would want to appeal to first? Of course the answers to those questions are very simple. 1981 High School Football Team Photo Leaves Little Doubt that Michelle Obama Was Born Michael Robinson 3/21/23, 1:30 PM Awake and Alert. CHRISTIAN ZIONISTS ARE PHARISAICAL MURDERERS AND MEMBERS OF THE SYNAGOGUE OF SATAN…

https://mooglemeow.blogspot.com/2014/08/1981-high-school-football-team-photo.html?m=1&fb_ref=Default 2/6 Unlike the days when the media used to do their jobs, like during the Watergate scandal, we are now living in a time when the liberal media simply cannot be trusted. I met with him for the first time yesterday evening and he confirmed these suspicions. Shocking New Revelation about Michelle Obama: A Must Read, Christwire Exclusive By Matthew B, Glosser, June 30, 2011 http://christwire.org/2011/06/shocking-new-revelation-about-michelle-obama-a-must-read-christwireexclusive/ About two months ago, my office was contacted by an anonymous source who claimed to be a former White House staff member of the Obama administration. Like any good, Christian journalist, I was skeptical at first. Why would you contact me? Are there not dozens of major news outlets you would want to appeal to first? Of course the answers to those questions are very simple.

Unlike the days when the media used to do their jobs, like during the Watergate scandal, we are now living in a time when the liberal media simply cannot be trusted. I met with him for the first time yesterday evening and he confirmed these suspicions. “I just can’t go to the major alphabet networks. They are in the tank for Obama and it is network policy to cover up any critical stories regarding the President and his family. The White House has officially created a State media,” We conservatives have known about this “State media” If a Korean wanted to run a story critical of Kim Jong Il, Supreme Leader of the Yellow Empire, they would find that their life would not last too much longer. This is what is going on in the United States of America right now, which is indicative of End Times, but that’s for another discussion. Luckily, there is still an underground media rebellion that has managed to survive these dark times. Thanks to Christwire, Fox News, The Drudge Report and other outlets of opposition, we are able to get the truth out to you, the Christian American reader. The following excerpt is the true biographical information of Michelle Obama, given to me on June 25, 2011 by a former member of the First Lady’s personal staff.

He shall remain anonymous for the time being to protect his life as well as the lives of his family. “Michelle Obama, First Lady of the United States, was born Michael LaVaughn Robinson in Chicago, Illinois on January 17th, 1964. He was the second son born to Fraser Robinson III, a well known cocaine dealer and union thug for Crime Lord/Mayor Richard J. Daley, and Marian Shields Robinson, a transient street prostitute who was diagnosed with the HIV virus in 1998. He was a popular high school athlete and in 1982, he accepted a scholarship to play middle linebacker for the Oregon State Beavers. [Oddely enough Ed Donean was at University of Oregon at this time]

After finishing a respectable rookie season with 88 tackles and 7.5 sacks, he suddenly dropped out of the school. Fellow teammates observed that Robinson could regularly be heard lamenting over how he is a “woman trapped inside a man’s body”, and on January 13th, 1983, he underwent sex

reassignment surgery at Johns Hopkins University School of Medicine. To hide the shame of his new identity, Michael left Oregon State to attend Princeton University under his new legal name, “Michelle Robinson”. Years later, he met Barry Obama Jr. a Kenyan immigrant who later became aware of “Michelle’s” true identity. They subsequently married and adopted two children.”

Michelle aka Michael Robinson Obama circa 1981, top right #44 Michael Robinson #44 Michael Robinson enlargement Well ladies and gentlemen, you heard it here first at Christwire.org, our “First Lady” is actually the First Man. Even more startling, Barack Obama knows that his wife was once a man, making him the first homogay President of our Christian nation. I’ve examined the evidence carefully, as has the team of researchers here at Christwire. We now have multiple sources to back this story up. We have also consulted medical experts who have carefully analyzed “her” anatomy, finding that her broad shoulders and pointed jaw line are consistent with that of a male… more specifically a male football player. It would not be the first time a transsexual has risen to prominence (see Lady Gaga).

Experts put together a composite of what Michael Obama might look like today if he/she did not have the sex change This is disturbing to say the least and is yet another sign of the impending End Times prophecy outlined in the Book of Revelation. Of course, there is no chance that the liberal media will pick this story up and I pray for our safety, now that we have. God Bless and vote Bachmann! (In the last photo of dancing Obama, notice the broad, manly shoulders and the tightened belt around the abdomen, which is likely used to simulate a feminine “hourglass” type physique… The reason he is dancing is because he is happy to be back on a football field after quitting the game he loved to become a woman, decades earlier

Micheal Aquino in the Franklin Nebraska case formed a nut-job Satanists movement to torture children. Driven out of Anthony Levay's Satanist movement as would expected by a

Hedonist Satanist of peaceful consensual-ism based self-fulfillment, he moved on with his group of CIA DIA undercover activist into his own Temple of Set.

They also tie to global regime change and sleeper agents so famous their DNA can not be hidden so those have similar DNA must be hidden and Ed Donegan the path from London and Windsors (man) and into Salzburg Austria 1926 led to USA bastard children. Like most Bastard children of palace intrigue their were hidden from public identification. Moved into the USA I think the were noticed again 35 years later 1961 when new bastard children were being born with even more faked indentities and in some case real marriages under those identities.

In 1957 a plan was underway for Indonesia. The Kennedy family of Patricia who married British actor Peter Lawford (sister to RFK and JFK) and Joseph Kennedy Sr. and JFK knew of these out of wedlocks, a new experimental birth for study a new generation. That would be Barrack Obama Jr. By 1982 Barrack Obama Jr. was coming onto the world stage in the USA. It might have been the Kenya of Obama Sr where the British were trying to colonize it since 1902 or Obama Jr. might have been groomed in the Asia Pacific area Indonesia and Hawaii, or born in Los Angeles County or possibly anywhere else and paperwork possible in any of these locations.

If who the real mother was is in doubt (as I think it is and I think who the real father is remains in doubt getting seperation from other DNA close to his and his children would be needed. A fake wife with falsified DNA records pretending the DNA of somnoeone from the REAL DNA line would do, and DNA from the real DNA line would be used for the Obama children.

A Michael Aquino PsyOps memo still surviving from his DOD days states :

…

"Create a global UFO cult, which will involve the abduction of citizens so as to foster an illusion this earth is facing an extraterrestrial invasion. UFO abductees-of-preference will have an expertise in computer technologies, since that expertise will be required im RMA scenarios. Use of experimental drugs, holographic projection capabilities, directed energy technologies, induced auditory input, experimental aircraft, and special effects costuming and stagecraft, among other things, will be used to persuade abductees of the reality of their circumstances. Official denials regarding these events will employ reverse psychology, to insure that such denials are taken as official ..."

…

This group of psychos taking of their military uniforms and putting on cult clothes of UFO Cultists or others to torture children as Jen Moore will tell you and Ed Donegan will tell you was CIA Dr Cameron Rockefeller Psychiatry studying abusing children to test child development characteristics and predict future development.

Think of the movie Twister but more evil. How soon can you tell if a Twister is coming? Well, how soon can yo u tell of a child will have an emotional twister and how can you test for that how early in the child's life?

That is what Jen Moore and Ted Gunderson are saying is happening. Official Channels decided to pretend they are cult members channeling Satan, but the Satanism is Hoax created by powerful figures in the CIA, DIA, and Whitehouse.

FOREWORD by Ted Gudnerson

After I retired in March, 1979 as Senior Special Agent in charge of the F8l in Los Angeles, California, 1 was contacted by friends of Doctor Jeffrey R. McDonald, the former green beret, who had been convicted. of murdering his wife and two children at Fort Bragg. North Carolina in February of 1970.

McDonald, as well as a vociferous group of close personal friends, claimed that he was innocent of the crime. I was asked to investigate the case.

After working hundreds of hours and developing numerous witnesses, I obtained an opportunity fo formally interview Helena Stoeckley, who had become a suspect in the murders. McDonald had claimed Stoeckiey was part of a "hippy cult" which had invaded his home on that fateful night.

These cult members, McDonald said, were in fact the real murderers of his family. Over the years Stoeckley had made admissions to others that Dr. Mc Donald had not committed the crimes, and that she and a group of friends had indeed been responsible for the grisly murders of his family. Oddly, nobody had ever taken a formal statement from Stceckley.

I have since leamed that, in fact, Stoeckley contacted

the FBI in 1978 for the purpose of making a full confession. The Fal however, refused to talk to her.

In October of 1989, my associate and I convinced Stoeckley that it would be in her best interests to confess, She then gave us a signed statement in which she admitted that her "satanic cult," had murdered McDonald's family. The cuft. felt that McDonald had furnished the identity of soldiers who had OD'd on drugs to the officials at the hospital where he was working. They committed the murders os part of a vendetta. However, Stoeckley's admission was ignored. The Dept. of Justice attorneys. and the FBI, stuck to their theory that McDonald committed the crimes, affer which he'd staged the scene to make it appear as if "Charles-Manson" type mass murder had occurred.

I had heard of satanic cult crimes during the course of my work. buf, in spite of 28 years experience in law enforcement, | knew next to nothing about satanic cults.

In fact, | didn't truly believe in their existence. Following my entrance into the McDonald case, I began to research this areq, specifically that of satanic cult activity in the United States.

During the past 11 years. I have had contact with literally hundreds of adult survivors of satanic cults. These people include former law enforcement officers and politicians, as well as lay people. I have talked with psychiatrists, psychologists and sociologists. | have developed confidential sources and informants who have had direct contact with cult members. I have received and gathered hard evidence from journalists who have written stories about the numerous ‘satanic murders’ in America over the last 15 years. I have helped gather information for books such as Maury Terry's The Ultimate Evil, and Cults That Kill by Larry Kahaner. I have been a guest on numerous radio and television

shows. Today, I am regarded as an expert in the area of satanic cult crime.

I can state without hesitation, that there is, indeed, a national cult network--including satanic, witchcraft, pedophile and occultic groups--which is operating at full throttle within our soclety today. The activities of these groups (it is, in reclity, one group which operates on many levels), include the kidnapping and molestation of children, as well as the torture and murder of human beings, Their favorite victims are children and newborn babies, the younger the better.

The cult lives, indeed thrives on drug sales, pornography and prostitution. This cult network is largely responsible for the recent rash of "snuff' films, which are sold at high prices 10 people who crave this sick, degenerate material. Children kidnapped and literally "owned® by the cult are sold on the open market to the highest bidder. These children are taken right off the streets of our cities, and traded through a national pedophile network.

This cult guards its secrets and controls its people primarily through the use of fear. They have an intricate system of reward and punishment. They also deal in disinformation and intimidation, blackmail and murder.

My Investigation has revealed that the satanic cult network has set up preschools across the country which they use as a source for kiddy-pornography and child prostitution. They have successfully infiltrated the public school system as well.

One of the more bizarre and distasteful activities of the cult involves the use of satanic “breeders.” What this means is that families literally breed children for the purposes of the ritual sacrifice of newborn babies. Other children raised in these multi-generational satanic

families, are indoctrinated from birth in the mindset of the cultists. Most offen, there is no birth record on children bom into these families. Thus, when the children are murdered, there are no missing persons reports ever filed. Children bred for Satanic purposes, when they reach the proper age. are used in prostitution in order to connect cult members with politicians, law-enforcement officers, prosecutors and judges. The latter care then blackmailed. | have knowledge of certain jurisdictions in this country where cult members control entire judicial systems!

The satanic network has infiltrated virtually every walk of life. | know of lawyers, doctors, politicians, educators--ali of whom are actively involved in the satanic cult network. It may sound like fiction, but, unfortunately, it is all too real.

In May of 1991, I was asked by the Nebraska Leadership Conference to come to Nebraska and investigate allegations of a national pedophile ring, as well as other legal activities, ail of which were the outgrowth of the Franklin Investigation. | spent considerable time in Lincoln and Omaha, going over the evidence--evidence which was overwhelming in its scope. My opinion, after evaluating the evidence, is that the activities taking place in Nebraska bear more than a striking similarity to the activities used by the satanic cult network which | have been describing. It was quite apparent to me that the true and complete facts of the case were not only not being presented--they were being covered up. Frighteningly. the heart of the cover-up stemmed from the media in Omaha itself.

One of my recommendations to the Leadership Conference was to write a book which would provide the people of the state of Nebraska with the true, unbiased facts regarding this case. At the time,I didn't consider that I would wind up being involved in this book, but this Franklin case had such dramatic

proportions, not to mention implications for the rest of the country, that I soon found myself immersed in the project.

I can state without hesitation that every statement in this book is documented by hard evidence. Unlike some accounts, the information that has been gathered is neither spurious. nor based on mere emotionalism. i is all cold, hard fact. And that, unfortunately, is what makes the Frankfin case 50 shocking.

In this book. you are simply being presented with facts, facts resulting from an intensive investigation of several months. I leave it to you the reader, to evaluate this information, and to arrive at your own conclusion. If this is done impartially, I have no doubt that you will realize there has, in fact, been a "Carefully Crafted Hoax."

- Ted L. Gunderson

PREFACE

This report is the product of the Nebraska Leadership Conference and is the result of several months of our own investigation and background research. The information it contains is all documented and is, for the most part, all a matter of public record. All information was available to law- enforcement agencies and the Attorney General's office. Additional information was drawn from articles in the Omaha World-Herald, the Lincoln Star, The Nebraska Observer, and the Omaha Metro Update.

The account of the testimony that led to the Douglas County Grand Jury's indictment of Alisha Cwen for perjury was taken, primarily, from an article that appeared in the 5-31-91 edition of Nebraskan Observer. The article was compiled from tapes made by Gary Caradori and Owen's grand jury testimony which was

made available at the trial, as well as from sources close to her.

The material on Paul Bonacci was taken from interviews conducted with Bonacci by a number of different individuals, including Gary Caradori.

It should be noted that the purpose of giving the lurid, graphic details in these accounts is neither for shock nor sensationalism, but simply to document the gravity of the sexual abuse situation in Nebraska. It is also meant fo alert unsuspecting parents to the manner in which the pedophile network lure and ensnare children into the hideous web of pain and bondage that is part and parcel of ritual child abuse.

This report Is by no means the final word on this subject. Much information was not included because of its sensitive nature. New information is coming to light almost daily. There will be future revisions and updatings of this report as well as books and reports by other authors. The legislature's Franklin Committee is due 1o issue their final report soon. which will give new insights on the subject of sexual child abuse.

BE ON THE ALERT!

INTRODUCTION

Nov 4, 1988 - At 1:00 P.M. on a Friday aftemoon, the Franklin Community Credit Union was closed by the FBI and the IRS. The closing was based upon information developed by an audit of Credit Union manager Larry King's personal tax retums. The IRS stated that they received "inside information," but would not reveal who blew the whistle on King. or why. The IRS had been investigating King since 1985 and the FBI since 1987.

Shortly thereafter, reports began to circulate

concerning pornography videotapes and photos which had been confiscated from the office of the Credit Union by the FBI. Then, in a trickle--which soon grew to a flood--other allegations began to arise. These allegations involved drugs, sexual misconduct, child abuse, pornography--even satanic activity, Names of prominent individuals in the Omaha community began fo surface. The information alleged that pedophile activities, carried out by prominent citizens in the Omaha community were taking place.

January 10, 1989 - The Nebraska State Legislature constituted a special committee to look into the allegations.

Jen Moore and Finders Found Ed Donegan

On the cover of this book at this time in its development are two screen shots of Jen Moore's Youtube Channel Task Force Whistle-Blower and one picture of Jen Moore former Tracy Police Officer turned behavioral researcher and CIA historian in later years.

OSS and CIA Hidden Identities and Glorian Donegan Revealed from YouTube videos done by Jen Moore and tell the stories of the MKUTLRA hidden identities of the Donegan's myself being the last one alive.

Her videoes have titles and information like this in their listings and in combined formed take days of listening and months to research the content. Some of the 10 Farmer Jones interviews are 2 hours long each and their are more Youtube and other web materials, them only part of the story she only disclosed half of as well.

Interview on Nazi Germany, MK Ultra, child trafficking. (Part 1) Task Force: Whistleblowers Journey:Live in DC 4 years ago Part 2: Interview on Child trafficking, MKUktra, Nazi's, etc. https://www.freeconferencecall.com/wall/recorded_audio?audioRecordingUrl=https://rs0000.freeconferencecall.com/storage/sgetFCC2/RPxfj/RSCnj&subscriptionId=8698849

Video 7: Baby Factories for Stem Cells. Manafort trial

http://sitn.hms.harvard.edu/flash/2018/mitochondrial-transfer-making-three-parent-babies/ Ethicists are also concerned about the potential misuse of mitochondrial transfer. With the recent rise in genome editing technologies such as CRISPR-Cas9, bioethicists worldwide are calling for bans on alterations to genetic information passed on from parent to child. But this is exactly what happens when a daughter is born as a result of mitochondrial transfer; the daughter will carry

mitochondrial DNA from a third unknown donor, which she will pass on to all of her future children. And if she has daughters, they will continue to pass on this donor DNA - Comment by Ed Donegan

Hunting for anyone to listen or investigate child trafficking cases (shady black markets and repugnant markets of organ trafficking internationally)

Conspiracy Theorist = Truth Teller she talks about the reluctance even hostility that exixsts towards conspiracy theories even the well documented and openly public ones including GangSTalking and "Targeted Victims" of Espionage agencies subverting lives and reputations.

Another videos *The Real ICE...will they investigate the elite for trafficking?* and she repeatedly says the BIG NAMES of US History who don't want the be revealed as connected to MKULTRA are. And it had to do with CIA using Sleepers of overthrow plans.

The big powers of CIA long ago in earlier forms of CIA, OSS, scientific programs, AND Free Masonry figured they were from the "good" families of the world including Aristocracy, had in wedlock and out of wedlock children, even out of wedlock children intentional to create some new family stock they could snobbishly use in various roles without Conflict of Interest OR cover connections theories as these hidden identity relatives were truly grooming experiments, not just nice hair cuts, but inter-marrying as biologically through the world as financially.

Most John F. Kennedy and Robert F. Kennedy assassination history authors including death-bed confessions of participants in the assassination of Kennedy family members or other participants or those with access to classified and declassified records are now authoritatively and in unison including in academia authoritatively describing the Kennedy Assassination as an international agreement between world NGOs up to and including Catholic Gladio and James Jesus Angleton shadow

CIA actors, Wild Bill Donovan and his CIA descendants, and thus now consider the entirety to be a Cabal, a Milieu, a large operation the JFK assassination and then cover-up of insider actions by globalists who just don't talk publicly about powers so great they can call a hit on a world leader, but such power does exist, is at the top of our major agencies, and in the cold war and later theorizes its Cabal insider self that its own existence is needed for global planning on access to oil and energy, ocean routes, etc., for world security and peace and the anti British Kennedy family were a threat to the peace that could otherwise be achieved.

Jen Moore had access to this information as JFK did and the Donean family from Dorchester Boston Area Massachusetts did, most are dead now. I am the last living Donegan of a family at one of the the central most squares of this.

In 1902 the British did set out to study Borderline Personality Disorder. In an odd way the covertness of the activtiy helped British Imperialism not only by hiding the defect but in researching the defect those in "families" of Windsor descendants not known publicly as such and with no defects in their families made excellent Colonialism groomed leader choices.

One video Jen Moore posted was *The 3rd Reich & "The Artist" Infiltration into US Politics.* That video again points to hidden identity Kutchera descendant Glorian Donegan and again she is pointing her camera at the home of Glorian and Ed Donegan 2nd Floor 850. North Randolph St. Arlington VA 22203 and again it is the story of how Glorian Gainey [Kutschera] DNA seems to found its way into current US politicians during MKULTRA.

Video 11 She Does have the secret files in her hands sealed secret files And how this IS PART OF THE JFK ASSSASINATION the story of the Vatican Catholic Gladio and Dulles brothers and CIA and

> **Video 11 Secret envelope…secret identities**
>
> okay this is video number 11 and underneath this envelope is three cases and you can zoom in they say US District Court District of Columbia Washington DC the top case is in a case closed type II
>
> so as I go on on my youtube journey I'm going at some point to expose in some way what is under this yellow or manila envelope and under it are cases that involve the identities of some people who would rather not that that not be done I think it's important for the American people to know some of these facts so in the past week or so as I just started out this YouTube channel
>
> I've been doing a series of interviews on another YouTube channel with farmer Jones and the interviews have to do with things such as mkultra the Vatican the Vatican's connection to the CIA how MKULTRA was started details about pre-world War one and what led into the Second World War and things like at the mk ultra program which many people have heard about talks a lot about

In 1902 the British did set out to study Borderline Personality Disorder. In an odd way the covertness of the activity helped British Imperialism not only by

hiding the defect but in researching the defect those in “families” of Windsor descendants not known publicly as such and with no defects in their families made excellent Colonialism groomed leader choices.

Jen Moore continues

Sigmund Freud [of Austria] who was kind of the founder of MKULTRA or one of them he’s known as the father of psychology the father of psycho psycho analysis different titles like that but his history has been sanitized and even most psychologists or doctors psychology do not know a lot of this history and I do for a variety of reasons

> Sigmund Freud was an Austrian neurologist and the founder of psychoanalysis, a clinical method for evaluating and treating pathologies seen as originating from conflicts in the psyche, through dialogue between patient and psychoanalyst, and the distinctive theory of mind and human agency derived from it.
>
> Freud was born to Galician Jewish parents in the Moravian town of Freiberg, in the Austrian Empire. He qualified as a doctor of medicine in 1881 at the University of Vienna. Upon completing his habilitation in 1885 he was appointed a docent in neuropathology and became an affiliated professor in 1902. Freud lived and worked in Vienna having set up his clinical practice there in 1886. Following the German annexation of Austria in March 1938 Freud left Austria to escape Nazi persecution. He died in exile in the United Kingdom in 1939. - Wikipedia

I'll get into and even going further into people like dr. Carl Jung it's Ju and Ji Young in theory theory is very well known the realms of psychology and psychoanalysis many people don't know is that mr. young was our doctor young was also Karl or Allan Dulles secret agent agent 488 and Allen Dulles was the founder of the CIA he originally was an OSS which was our initial United States of America their intelligence service and then it moved into the CIA during and following World War two and Allen Dulles was the first director of that of the CIA his brother Lewis John Foster Dulles was also in there and **Allen Dulles was a CIA agent at the time of JFK's assassination**[She and others go more into that later and it is part of the story and is being told in this book Theordore L., Gunderson the edited appproving anthology of his life and works.]

so that is an interesting part that will come out as well so I've been doing a series of interviews with another YouTube channel farmer Jones who's been great on this history and what I know about MKULTRA and the Nazis and the development of the program in historical context to which it was built and why what were the kind of underlying motivations at that time and what was some of the really very disturbing parts that has been sanitized from our history in many ways

and so I've been doing a series of interviews I did my fourth today I believe on this history and as I've stated before in my videos I was a someone who enforced the law at for a pretty long time in some very dark places and I also had my degree in psychology a clinical psychology so I was involved in that as well so I came into this knowledge by combining a lot of that work also a lot of research but then I had a very interesting transition that led me to connect all these dots and that was I met a person in 2009 who was 79 years old she was the child of Hitler's top commandant [Franz Kutchera, actually niece of him] and her father owned

all the theaters in Munich and Berlin around Germany

and back in those days the big screen movie theaters were very rare she was one of the kind of the elite German children on the Nazi side and so these theaters owned by the Kutschera famlily] were used to help indoctrinate the German youth and the Hitler Youth [singing pro nazi songs as an Aryan family] and also the German soldiers during the war and she was literally at the feet of Hitler [via Himmler and Franz Kutschera in Barron Von Trapp Salzburg home] during a lot of this history from age you know early on

> Munich is the capital and most populous city of the German state of Bavaria. Munich to Salzburg is an hour and 20 minutes train trip. Salzurb also long had train routes out of the Alps that the Von Trapp family used in 1926 to leave Austria as Nazim increased.

but from age 8 through 17 when World War two really the bombs came raining in on Munich [really 1926] and she attempted to escape and was saved by American GI soldiers which is just a remarkable story of survival and she made it to the United States of America and became a very famous person in her own right (Sound of Music) and I'm not gonna name her at this point but for reasons that I can only guess would be a miracle from God that he would bless me with the chance to know this person and many of you may not believe and and all that and that's fine but it was my honor to truly meet her and hear her story and listen for about a year and a half from 2009 into 2010 as she turned 80 years of age and she passed away at that time

Borderline Variable Personality as defined by Variable Moods

Multiple personalities in a Borderline child are a different baseline in mood in the same child, though each distinctly manifested and usually a reactionary result to some stimulia creating a volatile change. It may be comparable to passive aggressive and may behaviorally and even organically overlap with it at times, the shift between mood states from content to in-content.

As a general rule or rather in clinical terms moods are norms to environments and can even be normal in extremes as extreme moods coexist in extreme conditions and complete calm in calm conditions. Clinically ineffective moods in any context or unstable moods are a clinical feature of a disease of personality, a dysfunction that may relate to bad judgment or rash acts without the presence of irrationality, more of a value in the impulse understanding but not concerned with the consequence or thinking it through.

I assert DeCamp and others weren't discussing multiple identities in children, merely different mood states in children such that at times a child seemed on character and perhaps at ttimes a different character, but the same person with the same shared memory, identity of self, etc., just in a different mood.

…

Another term is Dissociative where a still rational mind can be aware of the tide of emotions and yet not be of sufficient cognitive executive function to contain the emotional embolism.

Diagnosing borderline personality disorder

Robert S. Biskin, MD and Joel Paris, MD
Author information Copyright and License information Disclaimer

Borderline personality disorder can be a difficult diagnosis because of similarities to other conditions, particularly mood disorders. It is a common presentation in both psychiatric and general practice, with accurately diagnosed cases seen in 10% of psychiatric outpatients, 20% of psychiatric inpatients and 6% of family medicine patients. These values are higher than would be expected given a prevalence of about 1% in the general population. Women account for 70% of patients with this disorder in clinical settings, and the most common age at first presentation is in late adolescence. Unfortunately, a large proportion of patients with the disorder are not identified in practice.

Patients with borderline personality disorder are frequently encountered in the emergency department, where they present following threatened suicide or a suicide attempt. More than 500 000 such visits to emergency departments occur each year in the United States. The incidence of suicide attempts among patients with borderline personality disorder is highest among those in their twenties, but mortality peaks in the thirties, with a 10% lifetime rate of completed suicide.

Retrospective studies have shown that symptoms resolve over time, with 75% of patients at 15-year follow-up and 92% of patients at 27-year follow-up no longer having the disorder. One large, well-conducted 10-year prospective study found that 93% of those with borderline personality disorder had at least a 2-year period of remission, but only 50% also attained good psychosocial functioning.

In this article, we focus on the current diagnostic criteria for borderline personality disorder, as presented in the ***Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition, Text Revision*** (DSM-IV-TR), and how these criteria can be used to differentiate it from other disorders that may share symptoms. A summary of the evidence used in this review is found in Box 1. We based our review primarily on findings from a relatively small body of experimental studies that used the very similar DSM-III and DSM-IV definitions of borderline personality disorder and its symptoms. Recent research, which was the focus of our review, was generally of high quality and used sophisticated assessment and measurement strategies to differentiate the disorder from other psychiatric disorders.

Box 1:

Evidence used in this review

We searched MEDLINE for articles published from 1950 to 2012 using the search terms "borderline personality disorder" and "diagnosis" or "diagnosis, differential." Of the 393 studies identified, we excluded case reports, commentaries, editorials, letters and reviews, which left 210 articles in English. After reviewing the titles, we selected the abstracts of articles that focused on diagnostic issues. We retrieved the full-text versions if they were relevant to general clinical practice. The most recent articles were preferred for inclusion, particularly those that reflected the current diagnostic criteria and were applicable across multiple clinical settings. When necessary, specific diagnostic criteria, such as emptiness and affective instability, were used as search terms to provide further detail regarding the differential diagnosis.

What is the origin of the term "borderline personality disorder"?

The term “borderline” was first described by the psychoanalyst Adolf Stern in 1938. He used it to refer to a group of patients whose conditions worsened during therapy and who showed masochistic behaviour and psychic rigidity, indicating a protective mechanism against any perceived changes in the environment or within the individual. The term was later expanded in the late 1960s and 1970s by Otto Kernberg; this diagnosis was used in empirical studies conducted by Grinker and Werble. Gunderson and Singer reviewed the literature and listed several features that identify borderline personality disorder and a diagnostic interview based on these features was later developed by Gunderson and colleagues. The diagnosis was included in the DSM-III criterion for cognitive symptoms, but both sets of criteria were based primarily on clinical experience and the work of Gunderson and Singer. The definition in the DSM-IV-TR is unchanged, although important modifications have been proposed for DSM-5. In particular, the diagnostic system for personality disorders will become a hybrid model, with both categorical diagnoses, including borderline personality disorder, and a dimensional system based on personality traits. The proposed categorical diagnosis of borderline personality disorder includes traits and symptoms that are generally similar to those in previous versions of the DSM.

The validity of the current criteria for borderline personality disorder shares problems with other psychiatric disorders: namely, the absence of biological markers, unclear delimitation from other disorders, and a wide variety of combinations of symptoms that could lead to heterogeneity. Currently, the diagnostic criteria in the DSM-IV-TR remain the standard.

How is borderline personality disorder diagnosed?

The diagnosis is based on symptoms that have been present since adolescence or early adulthood and appear in multiple

contexts. There are no laboratory or imaging tests that can help with the diagnosis. A number of structured and semistructured interviews can assist in making the diagnosis, although they often require specialized training to administer. > The Diagnostic Interview for Borderlines - Revised is a validated and frequently used tool that is generally considered the “gold standard”; however, it can take 30-60 minutes to administer. Several self-report measures have been developed within the past decade but are rarely used in routine clinical practice. One commonly used self-report questionnaire for mood disorders - the Mood Disorder Questionnaire - frequently misdiagnoses borderline personality disorder as bipolar disorder.

When interviewing patients, different domains of symptoms must be explored. Symptoms in borderline personality disorder occur in 4 domains: affectivity, interpersonal functioning, impulse control and cognitive. The diagnosis requires that at least 5 of 9 specific criteria be met .

Box 2

Diagnostic criteria of borderline personality disorder

A pervasive pattern of instability of interpersonal relationships, self-image and affects, and marked impulsivity beginning by early adulthood and present in a variety of contexts, as indicated by 5 (or more) of the following:

1. Frantic efforts to avoid real or imagined abandonment. Note: Do not include suicidal or self-mutilating behaviour covered in criterion 5.

2. A pattern of unstable and intense interpersonal relationships characterized by alternating between extremes of idealization and devaluation.

3. Identity disturbance: markedly and persistently unstable self-image or sense of self.

4. Impulsivity in at least 2 areas that are potentially self-damaging (e.g., spending, sex, substance abuse, reckless driving, binge eating). Note: Do not include suicidal or self-mutilating behaviour covered in criterion 5.

5. Recurrent suicidal behaviour, gestures or threats, or self-mutilating behaviour.

6. Affective instability due to a marked reactivity of mood (e.g., intense episodic dysphoria, irritability or anxiety usually lasting a few hours and only rarely more than a few days).

7. Chronic feelings of emptiness.

8. Inappropriate, intense anger or difficulty controlling anger (e.g., frequent displays of temper, constant anger, recurrent physical fights).

9. Transient, stress-related paranoid ideation or severe dissociative symptoms.

Reprinted with permission from the ***Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition, Text Revision***. Copyright © 2000 American Psychiatric Association.

Affective symptoms

The first affective criterion is the presence of “affective instability due to a marked reactivity of mood … that lasts hours to rarely more than a few days.” These frequent mood changes may appear to overlap with bipolar disorder, but there are several clear distinctions. First, the duration of the fluctuations is shorter than in bipolar disorder. In bipolar disorder, mood changes must remain consistent and persist for at least 4 days to meet criteria for a hypomanic episode and 7 days for a manic episode.

A second difference is the persistence of affective lability throughout life, rather than during a discrete mood episode Moreover, symptoms of borderline personality disorder gradually improve with time. In contrast, bipolar disorder has discrete periods (lasting on average 3 months) for both mania and depression that cause patients to present and function distinctly differently from their baseline, and these episodes can occur at any point during a patient’s life.

The third difference is reactivity of mood. The mood symptoms of patients with borderline personality disorder are triggered by external events and are particularly sensitive to perceived rejection, failure and abandonment. Moods usually shift between depression and anger, and euphoria is transient. Shifts between depression and euphoria are more frequently seen in bipolar disorder. Most of the data on affective lability are derived from ecological momentary assessment studies, in which patients are asked to record mood fluctuations and psychosocial stressors several times each day. This technique provides results that are consistent, different and more valid than when patients are asked at a later point to recall their experiences.

Several characteristics may help distinguish mood fluctuations in patients with borderline personality disorder from those in healthy controls. Several studies suggest that negative emotions may persist for longer and be more intense in patients with the disorder than in healthy controls, although this is not true for positive emotions. A second discriminating characteristic is the quality of mood reported by patients with the disorder. Several

high-quality observational studies that used ecological momentary assessment found that patients with borderline personality disorder described continuous dysphoria, high emotional variabilityand increased hostility compared with healthy controls.

Inappropriate and intense anger is the next affective symptom of borderline personality disorder and is related to affective instability, as described earlier. The final affective symptom is a chronic feeling of emptiness. This experience is hard to define and lacks specificity for the diagnosis compared with other diagnostic criteria. However, patients with the disorder have described it as feeling as if “something is missing,” and it overlaps with hopelessness, isolation and loneliness, as well as some symptoms of depression. One small study found that symptoms of emptiness, along with self-condemnation, hopelessness and other symptoms of the disorder, including fear of abandonment and self-destructiveness, help distinguish the disorder from major depression.

Impulsive symptoms

The impulsive symptoms of borderline personality disorder may be more recognizable to clinicians, but they can still pose diagnostic challenges. Patients with recurrent suicide attempts or threats or episodes of self-harm are Between 60% and 78% of patients with the disorder have shown suicidal behaviours, with more than 90% engaging in self-harm. Persistent cutting as a way of regulating emotions is a characteristic feature of the disorder, as are recurrent overdoses related to stressful events. Recurrent presentation to the emergency department because of suicidality is suggestive of the diagnosis, with almost half of such patients meeting the diagnostic criteria for borderline personality disorder.

Impulsivity and self-destructiveness in borderline personality disorder encompass many other behaviours, including

gambling, spending, binge eating and sexual promiscuity. Substance abuse is also frequent: alcohol and substance abuse or dependence are seen in more than 50% of patients with the disorder. The combination of substance use and borderline personality disorder is associated with an increased risk of completed suicide.

Interpersonal symptoms

A pattern of unstable relationships, marked by extremes of idealization and devaluation, is one of the most important symptoms in making an accurate diagnosis of borderline personality disorder, with studies reporting a sensitivity of 74% and a specificity of 87%. Because of this interpersonal instability, less than half of women with the disorder marry, and even less have children. Patients with the disorder also make frantic efforts to avoid abandonment. Clinical experience suggests that, over time, some patients react to this fear by becoming socially isolated to protect themselves from potential abandonment.

Identity disturbance is the second interpersonal symptom. This symptom has not been clearly defined, but it generally refers to frequent and suddenly changing goals, beliefs, vocational aspirations and sexual identity, as well as a painful sense of incoherence. Patients may also feel as if they are assuming the identity of other people to whom they are close. The identity disturbance seen in this disorder should be differentiated from the normal identity issues one sees in adolescents. Being unable to define an identity on one's own and instead being dependent on interpersonal relationships to define one's identity, as well as frequent fluctuations or a sense of incoherence in one's identity, are more strongly associated with borderline personality disorder than with typical adolescent identity issues.

Cognitive symptoms

Few studies of cognitive symptoms in borderline personality disorder have been conducted. What is known is that about 40%-50% of patients with the disorder have brief periods of psychotic symptoms or dissociation. Typical symptoms include paranoid thoughts and auditory hallucinations, but their course is much shorter than in schizophrenia, often lasting only hours to days, and the presence of symptoms is related to stressors. Compared with psychotic experiences of patients with schizophrenia, those of patients with borderline personality disorder are much more likely to be short, circumscribed, and either based in reality or totally fantastic.

Other cognitive features that are common include depersonalization (i.e, the sensation that a person's body or self is unreal or altered in a strange way), derealization (i.e., the experience that the external world is bizarre and unreal) and illusions, which are misperceptions of existing stimuli. These symptoms can also occur in posttraumatic stress disorder, but the presence of suicide proneness, impulsivity, disturbed relationships and affective dysregulation are all more commonly seen in borderline personality disorder.

What are the challenges in making the diagnosis?

The current diagnostic criteria for borderline personality disorder allow for 256 different combinations of symptoms that could lead to a diagnosis. Clinicians thus may find it challenging to make a diagnosis of borderline personality disorder. Because of their limited time to spend with patients, clinicians can look for several key factors to help them decide whether further assessment for the disorder is necessary.

The most important factor is whether the difficulties have been long standing or, for adolescents, present for at least 1 year. If there is a sudden change in functioning or new symptoms, a diagnosis of borderline personality disorder is less

likely according to the DSM-IV-TR definition.

Having difficulties in multiple areas is another important factor. For example, suicidality or self-harm without problems with mood or relationships is less likely to be borderline personality disorder, whereas a history of suicide attempts along with impulsive substance use and problems with chronic feelings of emptiness and anger is more suggestive of a diagnosis.

If the diagnosis of borderline personality disorder is not made, an affected person may end up with several diagnoses of comorbid disorders, none of which responds to common treatments. For example, patients who have major depressive disorder and comorbid borderline personality disorder generally do not respond as well to antidepressant medications as patients do who have major depressive disorder alone.

How should patients be informed of their diagnosis?

Once a diagnosis of borderline personality disorder has been established, it is important to inform the patient of the diagnosis and discuss the implications for treatment options and outcomes. There is no evidence to indicate that informing patients of the diagnosis causes problems, so it is unfortunate that this important step is often omitted.

When informing a patient about a suspected diagnosis of borderline personality disorder, clinical experience suggests that it is helpful to show the patient the list of diagnostic criteria and explain why the diagnosis is being considered. Educating patients about the increasing number of specific treatments and the good prognosis with gradually resolving symptoms can also help reduce their anxiety about a diagnosis that is highly stigmatized in the medical system and the general population. Even a single psychoeducation session could help to

reduce symptoms, as was found in a randomized trial in which 30 of 50 late adolescent women found to have borderline personality disorder were randomly assigned to attend such a session within a week after being told about their diagnosis. Patients can also be directed to specific resources that can provide more information (Box 3).

Beyond the ethical implications of informing patients of their diagnosis, patients benefit from improved understanding about their disorder and often feel as if the clinical picture "finally makes sense." Informing patients may also help to prevent misunderstandings about the diagnosis and to avoid improper treatments in the future.

Overlap of symptoms with those of other psychiatric disorders makes diagnosis of borderline personality disorder a challenge. Careful evaluation can usually clarify the clinical picture. Box 4 gives an example of how the diagnostic criteria can be applied in practice.

Box 4:

Applying the results of this review in clinical practice (fictional case)

A 39-year-old woman with a long psychiatric history presented for assessment in a specialized personality disorder

clinic. She was first seen at age 19 with depression in the context of an abusive relationship. At the time, she was prescribed an antidepressant and gradually felt somewhat better, but she continued to have problems with mood fluctuations. The patient was seen again at age 25 for elevated mood accompanied by decreased sleep and increased energy in the context of an exciting new relationship. Although she reported that these symptoms were present “all the time,” her diagnosis was changed to bipolar disorder and the antidepressant switched to lithium. Her mood quickly became depressed, coinciding with the breakup of the relationship. Three months later, the patient became increasingly isolated with anxiety about further “emotional trauma” induced by her last breakup. After a particularly stressful day at work, she threatened to overdose on medications, because “the voice of my dead grandmother told me to.” These symptoms were new, and the patient also reported feeling as if she was not real and that she was in a television program. The diagnosis was revised to schizoaffective disorder, and the patient was admitted to hospital and given antipsychotic drug treatment. The psychotic symptoms resolved in a matter of days, but the patient remained suicidal with depression that fluctuated with episodes of anger. A pattern of impulsive suicide attempts, psychotic symptoms and psychiatric admissions persisted for the next 10 years, despite numerous medications. Throughout this period, the patient continued to attend school and began a job as a child care worker in a special education environment.

During the current assessment at the clinic, the patient reported that her elevated mood was present only for several hours at a time. During these periods, she experienced symptoms of irritability and affective lability that remained unchanged from baseline, which indicated that she did not experience discrete hypomanic episodes. The patient reported that, even during periods of elevated mood, she was able to attend work and concentrate. These mood fluctuations were usually brought on by conflicts with partners or family. When at work or in low stress situations, she would feel euthymic. Her psychotic symptoms would also occur during episodes of high stress and persisted only for several hours. At times,

symptoms would resolve within days, even without seeking medical treatment. With a revised diagnosis of borderline personality disorder, the patient began a long-term program of specialized individual and group psychotherapy, during which most of her medications were gradually removed. This focused approach to treatment led to a decrease in symptoms and improvements in her interpersonal relationships.

Gaps in knowledge

Accurate diagnosis of borderline personality disorder remains challenging. It is easy to miss the forest for the trees by identifying a single symptom and making an incorrect diagnosis based on that symptom alone. Borderline personality disorder is a clinical diagnosis, with no supporting laboratory or imaging tests. Even the core pathological features remain in debate, but there is a broad consensus supporting the current criteria.

One area that is receiving increasing attention is the presentation, course and treatment of the disorder in adolescents. Research in this area will allow for earlier diagnosis and treatment, which may lead to improved long-term outcomes.

Another major issue is how the change to a trait-based diagnostic system in the upcoming DSM-5 will affect the diagnosis of borderline personality disorder, with debate over how clinically useful such a system will be.

Management

Once a diagnosis is made and the patient informed, a discussion about treatment can follow. In the past, treatment of borderline personality disorder was considered challenging, but some interventions have been developed over the past 2

decades that have dramatically changed the lives of patients with this disorder. In a related article in ***CMAJ***, we will review the literature on the treatment of borderline personality disorder and provide some general suggestions on how to manage patients with the disorder.

Key points

- **Affective symptoms**

The first affective criterion is the presence of "affective instability due to a marked reactivity of mood … that lasts hours to rarely more than a few days."11 These frequent mood changes may appear to overlap with bipolar disorder, but there are several clear distinctions. First, the duration of the fluctuations is shorter than in bipolar disorder. In bipolar disorder, mood changes must remain consistent and persist for at least 4 days to meet criteria for a hypomanic episode and 7 days for a manic episode.11

A second difference is the persistence of affective lability throughout life, rather than during a discrete mood episode.28 Moreover, symptoms of borderline personality disorder gradually improve with time.4,29-31 In contrast, bipolar disorder has discrete periods (lasting on average 3 months) for both mania and depression that cause patients to present and function distinctly differently from their baseline, and these episodes can occur at any point during a patient's life.32

The third difference is reactivity of mood. The mood symptoms of patients with borderline personality

disorder are triggered by external events33 and are particularly sensitive to perceived rejection, failure and abandonment.34 Moods usually shift between depression and anger, and euphoria is transient. Shifts between depression and euphoria are more frequently seen in bipolar disorder.35 Most of the data on affective lability are derived from ecological momentary assessment studies, in which patients are asked to record mood fluctuations and psychosocial stressors several times each day. This technique provides results that are consistent, different and more valid than when patients are asked at a later point to recall their experiences.36

Several characteristics may help distinguish mood fluctuations in patients with borderline personality disorder from those in healthy controls. Several studies suggest that negative emotions may persist for longer and be more intense in patients with the disorder than in healthy controls, although this is not true for positive emotions.34,37,38 A second discriminating characteristic is the quality of mood reported by patients with the disorder. Several high-quality observational studies that used ecological momentary assessment found that patients with borderline personality disorder described continuous dysphoria, high emotional variability33,39 and increased hostility40 compared with healthy controls.

Inappropriate and intense anger is the next affective symptom of borderline personality disorder and is related to affective instability, as described earlier. The final affective symptom is a chronic feeling of emptiness. This experience is hard to define and lacks specificity for the diagnosis compared with other diagnostic criteria.41 However, patients with the disorder have described it as feeling as if “something is missing,” and it overlaps with hopelessness, isolation and loneliness, as well as some symptoms of depression.42 One small study found that symptoms

of emptiness, along with self-condemnation, hopelessness and other symptoms of the disorder, including fear of abandonment and self-destructiveness, help distinguish the disorder from major depression.43

Impulsive symptoms

The impulsive symptoms of borderline personality disorder may be more recognizable to clinicians, but they can still pose diagnostic challenges. Patients with recurrent suicide attempts or threats or episodes of self-harm are commonly seen in the emergency department and in psychiatric assessments.7 Between 60% and 78% of patients with the disorder have shown suicidal behaviours, with more than 90% engaging in self-harm.44,45 Persistent cutting as a way of regulating emotions is a characteristic feature of the disorder, as are recurrent overdoses related to stressful events.46 Recurrent presentation to the emergency department because of suicidality is suggestive of the diagnosis, with almost half of such patients meeting the diagnostic criteria for borderline personality disorder.47,48

Impulsivity and self-destructiveness in borderline personality disorder encompass many other behaviours, including gambling, spending, binge eating and sexual promiscuity. Substance abuse is also frequent: alcohol and substance abuse or dependence are seen in more than 50% of patients with the disorder.49 The combination of substance use and borderline personality disorder is associated with an increased risk of completed suicide.5

The Finders at McMartin PreSchool were they were looking

Finders Group was run by a name redacted living at 1307 4th St. N.W. Washington, near Judiciary Square. What is now MCC Church, Jehovah Witnesses, public health, and other groups are in the area. Massachusetts Ave area with New York Ave area.

On page 128 of the FBI released files compilation the children stated they were weaned from their mothers, did not see them, did NOT celebrate Christmas, and were given rewards by the Gamecaller for good schoolwork. https://vault.fbi.gov/the-finders/the-finders-part-01-of-04/view

A piece of paper refereed to a Ballad of Ballads and warehouses in Miami, Hawaii, San Diego, and China. One operator of the facility was en route to China via Hawaii.

In Junior High and elsewhere teachers were suggesting my family try and associate reward with homework doing, etc., overcoming ADHD strategy.

… https://strangetalesweekly.com/2019/11/03/fbi-data-dump-confirms-mcmartin-tunnels/

The FBI recently released documents related to a child trafficking network called The Finders. They included two pages that may confirm rumors of a secret underground tunnel network beneath McMartin preschool in the ’80s.

On Friday October 25, 2019 the FBI released over 300 pages about The Finders, a child trafficking network with alleged CIA ties. Pages 48 and 49 talk about secret tunnels found underneath McMartin preschool in Los Angeles.

McMartin preschool was the subject of one of the country’s

longest and most expensive criminal trials. It happened in the 80s when hundreds of children accused teachers at the school of sexually abusing them. The accusations got more and more bizarre as kids started talking about satanic rituals, witnessing animals being mutilated, and being taken into secret underground tunnels underneath the school which lead to other places. Children named professional football players, baseball players, politicians and actors as perpetrators

A group of parents teamed up with FBI agent Ted Gunderson to go searching for the tunnels. Gunderson was the Senior Special Agent in Charge of the FBI Los Angeles Division at the time. He hired UCLA PhD archaeologist Gary E Stickel for the job. They got permission from the new owners of the building and began digging. Page 49 of the FBI release is from Gunderson and an archeologist he hired. It describes preliminary findings on the tunnels, including:

- Multiple tunnels
- A tree root cut in such a way that it was determined to have happened about 5 years prior
- A Disney bag with “copyright 1982” written on it.
- A plate with a pentagram on it, hand drawn by an adult
- No doorknobs on Classroom 3, only a deadbolt lock. This was one of the classrooms above a tunnel
- Fire alarm switches that didn’t connect to a fire station, but was used as an alert system within the school
- More than 2000 artifacts under the school floor, including over 100 animal bones

Page 48 shows a map of the school with two tunnel entrances.

Without enough evidence to prove guilt beyond a reasonable doubt, the McMartin trial lead to no convictions. Many of the jurors were convinced that children were abused at the school, but couldn't prove it.

Gunderson and Stickel later did a full, nearly 200 page scientific report. Stickel used ground penetrating radar and concluded that "The project determined the existence of two extensive tunnel complexes beneath the concrete floor of the McMartin Preschool building."

The official legacy of the case is that the children were coerced into making false accusations, leading to an unjustified satanic moral panic. Debunkers say the tunnels never existed, they were just trash pits from earlier tenants, and the recent artifacts must have been dragged in by rodents.

Why did the FBI include these pages in their release about the Finders? Is there a connection between the school and the trafficking network? Does their official release validate the conclusions of Ted Gunderson and Gary Stickel? Let us know what you think, like share subscribe and stay strange

The Central Intelligence Agency and likely the Vatican and Cardinal Spellman were using secretive births under pseudonyms of famous but flawed European family lines, those with FOXP2 Minimal Brain Dysfunction that intellectually is like ADDH Dyslexia and emotionally is Borderline Personality Disorder and can be both intellectually and emotionally be thought of as bad house keeping in regulation of thinking, spending too much time on one things and not enough on another and then having to jumble around the mess a bit, and finally it can be hard for continuous focus on handwriting, etc.,

Early on in childhood development it is important to know who will be groomed by the CIA under fake credentials, and who not.

Edward Paul Donegan thins Glorian Donegan ovumn was used and she and Ed are tied to that gene and secret identities of

Maria Kutschera who had it, many Austrians an Centarl Europeans have it, the Rockefellers have it, Schwartzeneggers, and who knows who else and who the CIA thought might work out for say .. Indnosia?

FBI Declassifies Files on the CIA's Involvement in Satanic Ritual Abuse and Child Sex Trafficking retrieved from JFK Library and copied or modified to here

Comments by Brian Shilhavy Editor, Health Impact News

Russ Winter of Winter Watch published an article earlier this month (December, 2021) about the FBI declassifying files on a CIA group called "The Finders" and the McMartin preschool Satanic child trafficking case in Los Angeles in the 1980s.

We have referenced this case and the secret CIA group The Finders in the past here at Health Impact News, as former FBI Chief Ted Gunderson was actively involved in this case, which we referenced in our June, 2020 article, Unmasking Who is Behind the Plandemic and Rioting to Usher in the New World Order.

After retiring from the FBI, Gunderson set up a private investigation firm, Ted L. Gunderson and Associates, in Santa Monica. In a 1995 conference in Dallas, Gunderson warned about the proliferation of secret Satanic groups, and the danger posed by the New World Order, a shadow government that controls the U.S. government.

Gunderson discovered that in the U.S. there is a secret widespread network of groups who kidnap children and infants, and subject them to Satanic ritual abuse and

subsequent human sacrifice.

One of those groups is The Finders, which Gunderson said is operated by the CIA. He wrote a book on The Finders, which can still be downloaded from his website (Ted Gunderson died in 2011).

This is the same CIA group that the FBI just declassified many of the files from their investigation into The Finders, although many names remain redacted to protect the guilty. (See below.)

Gunderson traveled around the country giving lectures about his work, which included cases that led him to discover the hidden groups involved with the Satanic Occult, which included child sex abuse and child sacrifice. His general lecture was about 4 hours, but there is one lecture still available today where he condensed this down to just a little over one hour.

At the end of this lecture, Gunderson has a woman named Linda Weigand come up and give her testimony. As he introduced her, Gunderson said:

This is one of the most classic examples of corruption, I have ever seen. And believe me, you can tell from my lecture, that I've seen some pretty awful examples of corruption.

We have extracted Linda Weigand's testimony from his lecture, but I have to warn you, this is very GRAPHIC, and very evil. It will disturb you. This is from our Bitchute channel.

This is the same CIA group that the FBI just declassified many of the files from their investigation into The Finders, although many names remain redacted to protect the guilty. (See below.)

Gunderson traveled around the country giving lectures about his work, which included cases that led him to discover the hidden groups involved with the Satanic Occult, which included child sex abuse and child sacrifice. His general lecture was about 4 hours, but there is one lecture still available today where he condensed this down to just a little over one hour.

At the end of this lecture, Gunderson has a woman

named Linda Weigand come up and give her testimony. As he introduced her, Gunderson said:

> This is one of the most classic examples of corruption, I have ever seen. And believe me, you can tell from my lecture, that I've seen some pretty awful examples of corruption.

We have extracted Linda Weigand's testimony from his lecture, but I have to warn you, this is very GRAPHIC, and very evil. It will disturb you. This is from our Bitchute channel.

The vehicle that is used by the U.S. Government and the CIA to traffick these children and run these Satanic ritual abuse networks, is the government funded Child Social Services and Foster Care network, most commonly known as "CPS" (Child Protection Services).

Massive government funds exist for all 50 U.S. States that can only be collected if they meet certain quotas of children put into this system, so many children are literally kidnapped, mostly medically kidnapped, from their parents to meet the demand for children in this evil, Satanic system, which is mostly operated by Christian Churches collecting funds from the Government.

Many people have courageously tried to expose this evil system that exists in every state and every county within the U.S., and sadly, many of them are now dead.

In 2009, Bill Bowen released a trailer for a documentary film he was producing exposing the corruption within Child Protection Services across the

United States. The film is called Innocence Destroyed.

Bill Bowen died unexpectedly the next year, in 2010, reportedly from a heart attack, before he was able to finish the film.

The segments that were completed were published on YouTube, in three different videos.

To preserve Bill's work we have combined all 3 segments and published them on our Bitchute channel.

WARNING: Video contains graphic content not suitable for children! For adults only.

The McMartin Scientific Report.pdf is linked to here where Ted Gunderson examined he vestigule tunnels and chambers of child abuse regions of the facilities the CIA ran Dr. Cameron like testing on children simply expressed to see if before two years old they held up to torture. The CIA needed quick descisions on who to build a Legend for as a possible CIA grooming project with fake backstory. http://tedgunderson.info/index_htm_files/McMartin%20Scientific%20Report.pdf and I continue to archive the report whenever possible to each site that might lose its domain name.

Ted Gunderson did not write the scientific report. He is not a scientist. He depended upon expert opinion while investigating his information the Central Intelligence Agency had illegally ritualistically tortured children out of view of the world in scripted protocols and secret areas led to be secret tunnels below the known facility but and denied to exist.

I excerpt it here or rather excerpt the author directly who Ted GUnderson quotes in the compilation of information.

Archaeological Investigations of the McMartin Preschool site , ManhattanBeach, California by E. Gary Stickel, Ph.D.

Executive Summary BACKGROUND METHOD HYPOTHESES AND TEST EXPECTATIONS Part II FINDINGS CONCLUSIONS SUMMATION Executive Summary

During the month of May 1990 an archaeological project was conducted at the McMartin Preschool site to determine, once and for all, whether or not there had ever been tunnels under the building, as described by various children. Excavation was carried out according to established scientific conventions with a careful research design defining what might prove or disprove the existence of “an underground feature that would connect to the surface of the site and extend underground for some distance..(with) dimensions large enough to accommodate adult human movement through it.” (p 24) The project unearthed not one but two tunnel complexes as well as previously unrecognized structural features which defied logical explanation. Both tunnel complexes conformed to locations and functional descriptions established by children’s reports. One had been described as providing undetected access to an adjacent building on the east. The other provided outside access under the west wall of the building and contained within it an enlarged, cavernous artifact corresponding to children’s descriptions of a “secret room”.

Both the contour signature of the walls and the nature of recovered artifacts indicated that the tunnels had been dug by hand under the concrete slab floor after the construction of the building. Whatever the purpose of this elaborate enterprise, even more effort must have been devoted to filling the tunnels back in and trying to conceal any evidence of their existence. Much of the fill dirt used for packing the tunnel spaces was mixed with

historic debris, as if to mimic the surrounding terrain. Not only did the discovered features fulfill the research prequalifications as tunnels designed for human traffic, there was also no alternative or natural explanation for the presence of such features.

BACKGROUND

The McMartin preschool in Manhattan Beach, California was the first of what has since been described as a national epidemic of multi-victim, multi-perpetrator accusations of sexual and sadistic abuse which erupted in the mid 1980's. The McMartin case was encumbered with hundreds of charges against seven defendants and dozens of uncharged suspects. It became the longest, most expensive and arguably most controversial criminal trial in American history. The descriptions given by children to investigators and parents were unusual and unprecedented as they emerged in 1983, but they became so stereotypic to subsequent cases throughout the country as to become generic of presumed "ritual abuse". Accusations of such extreme cruelty and bizarre perversity in the absence of physical evidence or obviously deranged suspects led eventually to increasing skepticism that such crimes could possibly exist. Simple alternative explanations emerged, first as criminal defense theories and then as common wisdom: very young children were moved by the hysterical overreaction of various adults to make unfounded accusations. Full-page newspaper ads placed in 1984 by McMartin criminal defense attorneys raised the specter of the Salem witch trials. The witch hunt analogy has since flourished to create substantial public distrust of pre-school-age witnesses and of the adults who question them.

The failure of prosecutors to obtain even a single conviction in the McMartin trial has been taken by

many as proof that the children's allegations were merely fantastic. Various journalists have demanded punishment of the professionals and parents who had chosen to believe them. Similar allegations arising more recently in other cases in the United States and abroad are tested against the McMartin standard, creating a prejudice against investigating or substantiating even remotely "bizarre" complaints. Parents in such cases feel triply betrayed; first with the dreadful discovery of abuse; second with their abandonment by law enforcement, and third with being blamed for imagining the abuse and fomenting public hysteria.

One of the supposedly bizarre aspects of the McMartin case was the children's insistence that they were taken into underground tunnels. They explained that the tunnels led to an underground "secret room" where abuse occurred, as well as providing a route for subversive transport to off-site locations for sexual exploitation. These stories were apparently considered fantastic by investigators, who made no attempt to search beneath the building.

A group of parents forced the hand of the district attorney on March 17, 1985 by initiating an excavation in the adjacent lot. The district attorney then authorized an archaeological inspection of that lot by Scientific Resource Surveys Inc. (SRS). There was no exploration beneath the slab floor. Instrumental survey with a terrain conductivity meter failed to detect alterations under the concrete. The SRS technician informed the district attorney's investigator that the meter proved useless within the structure because of excessive interference from pipes and steel reinforcement. The preemptory conclusion at that time that there were no tunnels has become gospel among detractors of the McMartin families. Influential journalists ridicule parents for ever entertaining such a possibility and mock their subsequent attempts at exploration. The first opportunity for private exploration came in April 1990

when the property was sold. Several parents obtained permission from the new owner to search for the tunnels. After cutting out a section of concrete and coming up with ambiguous findings, it became apparent that experienced supervision was need. Gerald Hoobs a professional miner, was engaged to insure safety and to better define the nature of the underground artifacts. When an apparent tunnel entrance was discovered and then verified by geologist Dr. E. Don Michael, parents sought out the archaeological team that completed the present project.

METHOD

The project was designed and conducted by E. Gary Stickel, Ph.D., on the recommendation of Rainer Berger, Ph.D., Professor and Chair of the Interdisciplinary Program of the Archaeology Department at UCLA. Dr. Stickel is director of Environmental Research Archaeologists, a Scientific Consortium (ERA)

HYPOTHESES AND TEST EXPECTATIONS

The primary research problem was to determine whether or not there were a tunnel(s) and an underground room(s) at the site in question. To meet the test hypotheses, a tunnel would be an underground feature that would connect to the surface of the site and extend underground for some distance, possibly (but not necessarily) connecting to an underground room(s). It would have to have dimensions large enough to accommodate adult human movement through it. Such a tunnel on the subject property could have been constructed in two ways: 1) either dug out as a trench-like opening which would then be roofed over with wood and/or other materials and covered over with fill

above to make a true tunnel (as opposed to an open trench), or 2) would be dug out completely underground, which would then leave a “ceiling” over its passageway formed of the naturally deposited soil. If the latter were the case, such a tunnel may or may not have been fitted with an underground “roof” of wood and/or other materials either to reinforce the strength of the “ceiling” of the tunnel or to keep loose soil and dust from falling down on people using it. In either scenario (1 or 2) such a tunnel may have had posts of wood and/or other materials (e.g.iron) to serve as shoring reinforcements.

Thus, given the operational definition of a tunnel considered here, the following hypothesis and test expectations were considered (test expectations are specific, tangible data that are to be expected and are discover able if the hypothesis is valid; Stickel, 1979)

End of excerpt

There is a sapience, and awareness, and intelligence to this. Jen More and others say outright this is tied to the Kennedy assassination and big money in NWO backed free mason businesses, the Bush family part of that. Further, the witnessed killed who testify to or spoke of shots from the Grassy Knoll and a CIA conspiracy seemed to have been killed by a sapient centrally aware CIA capability of a CIA trying to hide its tracks even as they ever more lose their camouflage to declassification, death bed confessions, expert evidence analysis and evidence recovery, new witnesses, etc.,

On page 130 begin appendixes one by Jeffery Minard and an odd pipe joint clamp and he note glass, metal, or rubber and diagrammed and similar bottles were. This odd artifact he found corresponded to patent number ANACO 3233 9 22 in some numerology way not far from 022 46 Massachusetts (we were only in Los Angeles for a while 3233, me, and me tested

as other were for Borderline. All bottles in the patents were between the 1920s, 1950s up to 1960, and from the 1930s to 1940s.

"The rusted metal can fragments 332D can not be identified nor can the rubber tubes 333J, 333K)"

I have asserted experimental IVF by the CIA.

Jeff Minard writes in his conclusions

1. The bottles and consumer products were probably all deposited at the site up until the 1950's, when residential development began taking place in that area.

2. It is possible, but unlikely t the pipe joint clamp was install at that site, between its manufacture after Feb 8, 1966, and the construction of the school over which it was found, in September 1966.

Finding the Work Area of Dr Greenson and Dr Max Jacobson

How amphetamine acts in minimal brain dysfunction

A Cabal forms branching Eugenics out of Nazi Germany and forming a separate 1936 fork which arose from 1926 babies fertilized in 1925 researching a FOXP2 gene believed to exist in 1902.

Also known as Minimal Brain Dysfunction.

- Attention Deficit Disorder with Hyperactivity / metabolism
- Catecholamines / metabolism*
- Child Behavior / drug effects
- Dextroamphetamine / therapeutic use
- Norepinephrine / metabolism

Minimal Brain Dysfunction is under stimulation (or under available of brain metabolic function do to poor organinci neortransmitters in teh brain such as Dopamaine for which Dysoxin (Crystam MEthamphetamine) or other amphetamines serve as an working analogy.

Dr CHarney told me ADHD which is included in Miniam Brain Dysfunction results from an turntable stule tone arm to lightly pressured thus it bounces between the grooves rather than stick with one. The focus on the current groove improves with brain (Executive area) stimulation.

:Too much focus gets the needle stuck and is over focus also called a Tweek.

In the early 1960s, amphetamines were still widely accepted as innocuous medications. Apart from vast numbers of middle-aged, middle-class patients receiving low-dose prescriptions from family doctors to help them cope with their daily “duties,” in much the same way that their doctors prescribed minor tranquilizers,61 a significant quasi-medical gray market in amphetamines had developed. For instance, for his painful war injuries and also to help maintain his image of youthful vigor, President John F. Kennedy received regular injections containing around 15 mg of methamphetamine, together with

vitamins and hormones, from a German-trained physician named Max Jacobson

Ralph Greenson retrieved from Wikipedia and copied or modified to here

Ralph R. Greenson (born Romeo Samuel Greenschpoon, September 20, 1911 - November 24, 1979) was a prominent American psychiatrist and psychoanalyst. Greenson is famous for being Marilyn Monroe's psychiatrist, and was the basis for Leo Rosten's 1963 novel, Captain Newman, M.D. The book was later made into a movie starring Gregory Peck as Greenson's character. There has been much conjecture, by investigating officers, press and the public, about Greenson's involvement in a possible cover-up concerning the circumstances of Monroe's death.

Greenson was well known for his early work on returning WWII soldiers suffering from Post Traumatic Stress. He also had other famous clients, such as Tony Curtis, Frank Sinatra, and Vivien Leigh. Greenson and his wife, Hildi Greenson, were the darlings of the Southern California psychoanalytic community, intellectuals and with certain notables in the entertainment industry. They were good friends with Anna Freud, Fawn Brodie and Margaret Mead.

Marilyn Monroe - Dr Ralph Greenson in secretly taped phone conversation

Marilyn Monroe Video Archives 179K Youtube subscribers *

> I can't explain myself or defend myseelf without revealing things I don't want to reveal … you can't draw a line and say I'll tell you that … its a terrible position to be in to have to say I can't talk about it because I can't tell the whole story … Listen, talk to Bobby Kennedy.

Dear Dr. Greenson I hope all of your roses are in bloom today including the blackest red ones. Happy anniversary to you and Mr. Greenson. - Marilyn." Dr. Greenson will encourage Marilyn to sever some certain contacts, unkwon which ones.

Dr Greesone was a fan of Sigmund Freud and therapeutic cocaine. One little known fact about Freud was his 10-year addiction to cocaine. (although some claim he wasn't).He believed it was a miracle drug that broadened people's thinking (I'll say) and he prescribed it to many of his female patients, overlooking or perhaps not noticing the many negative side effects of the drug. Marilyn Forever https://marilyn4ever.wordpress.com/ *

Dr. Max Jacobson retrieved from Wikipedia and copied or modified to here

Dr. Max Jacobson (3 July 1900 - 17 December 1979) graduate of Friedrich Wilhelm University (also known as Humboldt University of Berlin) in 1925 the same years as the fame of the Wembley Stadium British Imperialism Speech Defect.

I Edward Donegan notice on the list of Dr. Max Jacobson "Dr Feel
1900 - 17 December 1979) the following

- John F. Kennedy
- Nelson Rockefeller “Rocky” July 8, 1908 - January 26, 1979
- Marilyn Monroe June 1, 1926 - August 4, 1962)

Note that Rockefeller is tied to Rockefeller Psychiatry, the Nixon a administrations, and political office.

Oct. 16, 1957 - The famous American film director Cecil B. De Mille accompanied by his daughter, Mrs. Joseph Harper, and Dr. Max Jacobson have been received today by Pope Pius XII at his Summer residence in Castelgandolfo *.

Dr. Max Jacobson was a German physician and medical researcher who treated numerous high-profile clients in America, including President John F. Kennedy. Jacobson came to be known as “Miracle Max” and “Dr. Feelgood,” because he administered highly addictive “vitamin shots” laced with various substances that included amphetamine and methamphetamine.

Dubbed “Dr. Feelgood,” Jacobson was known for his “miracle tissue regenerator” shots, which consisted of amphetamines, animal hormones, bone marrow, enzymes, human placenta, painkillers, steroids, and multivitamins.

In September 1960, then-Senator John F. Kennedy first visited Jacobson shortly before the 1960 presidential election debates.[9][10] Jacobson was part of the presidential entourage at the Vienna summit in 1961, where he administered injections to combat severe back pain. Some of the potential side effects included

hyperactivity, impaired judgment, nervousness, and wild mood swings. [I Edward Donegan dispute this, was Hyperactivity morbid and being treated by the amphetamines?

Typed In Blood For Us

"*Techniques used to silence journalists*" by Theodore L. Gunderson was one of many public open written statements Ted Gunderson made to any press or open court who would listen. His 9 point affidavit on GangStalker teams engage in the sabotage with military grade espionage tools against existing and former government officials like William Colby, stars like Marilyn Monroe, and members of the family of military like the wife and daughter of Jeffery McDonald was serious business as were his talks with Chip Tatum, Gunther Karl Russbacher, and others that clearly were a thorn in the CIA FBI agency reputation, and Gunderson knew they could and still do kill during MKULTRA.

Many retire. Ted Gunderson never did he simply moved on into his 80s never stopping seeking justice for those being targeted by these programs.

The ex-FBI official is Ted Gunderson mentioned earlier in this page and let's first look at Ted Gunderson's death.

In his 80s he said the United States Military was in an NWO overthrow plot and using Directed Energy Weapons on citizens, government officials, conducting poisonings, and other targeted killings on behalf of the NWO and he continued these assertions and writings until his death from Cancer, perhaps Cancer Type CIA-Havana Syndrome.

Rudy2: Former FBI official Ted Gunderson died of cancer on July 31, 2011. Was his illness induced by silent electromagnetic assault or by other nefarious means? We will never know - and that's just the way certain entities want it.

Obituary:

MEMPHIS, Tenn.-The son of former FBI special agent Ted

Gunderson, who was head of the bureau's office in Memphis during a long career, says his father has died at the age of 82. Greg Gunderson tells The Associated Press that his father died of cancer July 31 at his home in Memphis. Gunderson said his father worked on high-profile cases such as the death of Marilyn Monroe and the assassination of President John Kennedy. In his career, Ted Gunderson worked in the Dallas, Mobile, Knoxville, New York City, Los Angeles and Albuquerque offices. He was the head of the Memphis FBI office from 1973 to 1975.

BIO

Ted L. Gunderson, born 11/7/28, Colorado Springs, CO. He graduated from the U. of Nebraska in 1950 and worked as an SA, FBI, 12/10/51. ASAC in various offices and SAC in ME & DL, the Senior SAC, LA until retirement March 1979. Security consultant Santa Monica, CA. Three son, a daughter and four grandchildren. https://www.findagrave.com/memorial/75193671/theodore-l.-gunderson

I don't think he ever would truly retire from his life, defending the USA and journalism and policing from the Cabal, he could not since he (like Ed Donegan) was targeted proactively anyway because of the threat he posed, and he didn't want to retire, not saying he wanted the consequences of speaking out against the CIA and FBI.

I have enormousness respect for Jen Moore and like Ted Gunderon Jen Moore continued to publicly talk about Stalkers, how they operate (and what they do when they get caught in their illegal activities) and what deep truth about our Deep State they were trying to silence.

THere are those like Jen Moore and Ted Gunderson who had the truth and revealed it, I would rather be doing other things than being Stalked, that is different than who those two were, but I am glad I have thier works to rely on and hope their sacrifices do not go to waste.

He deserved a true retirement and I am sorry he never go it and sorry he got abusiveness towards him all through his later life. I am not sure everything he said is correct but he knew more about it than I and I am sure he was right about 80 percent of it at least.

From LBJ to others before and after the Whitehouse orders hits and Gunderson had a hit called on him.

Paine said Moore accepted the risks with the story and understood things could get very ugly very fast. Per conversations with True Pundit's Paine:

"She was worried about the victim (she was reporting about) because he was the first to break the ice," Paine (a relative and fellow journalist warning about the FBI) said. "There were others waiting to tell their stories but he was the catalyst.

Did she think she could be harmed? Absolutely. This woman was fearless. Absolute warrior. A former cop. I don't think she was afraid of anyone or anything."

Jen Moore was attacked by thugs and beaten so badly it landed her in the Emergency Room and she was warned over and over again that would again happen if she continued talking.

I Edward Donegan do believe something caused her death that was triggered by some unnaturally occurring context such as a chemical agent introduced into her system or some type of close skull injury such as concussion type injury that could be misdiagnosed or something like that.

It is not unusual that it is dangerous to write about State police agencies. It should be unusual for that situation in the USA.

Gunderson, Snowden and ECHOLON

Uncovering ECHELON: The Top-Secret NSA/GCHQ Program That Has Been Watching You Your Entire Life
retrieved from Tech Crunch and copied or modified to here

> **"Until Snowden placed the full capacities of the NSA and other government spying agencies in plain sight, ECHELON was largely just another codename in the conspiracy-theorist's notebook."**

If history is written by the victors, government surveillance agencies will have an awfully long list of sources to cite.

Domestic digital surveillance has often seemed to be a threat endured mostly by the social media generation, but details have continued to emerge that remind us of decades of sophisticated, automated spying from the NSA and others.

Before the government was peering through our webcams, tracking our steps through GPS, feeling every keystroke we typed and listening and watching as we built up complex datasets of our entire personhood online, there was still rudimentary data to be collected. Over the last fifty years, Project ECHELON has given the UK and United States (as well as other members of the Five Eyes) the capacity to track enemies and allies alike within and outside their states. The scope has evolved in that time period from keyword lifts in intercepted faxes to its current all-encompassing data harvesting.

In a piece published today in The Intercept, life-long privacy advocate Duncan Campbell describes his past few decades tracking down the elusive Project ECHELON, "the first-ever automated global mass

surveillance system.

GCHQ Until Snowden placed the full capacities of the NSA and other government spying agencies in plain sight, ECHELON was largely just another codename in the conspiracy-theorist's notebook.

Campbell made the first references to the program in his 1988 piece, titled Somebody's Listening, where he detailed a program capable of tapping into "a billion calls a year in the UK alone."

Campbell described his conversations with a source, preceding that piece's publication.

The scale of the operation she described took my breath away (this was 1988, remember). The NSA and its partners had arranged for everything we communicated to be grabbed and potentially analyzed.

The program reportedly utilized massive ground-based radio antennas to intercept satellite transmissions containing the digital communications of millions. It then relied on its content-sensitive dictionaries of keywords and phrases to scour the communications for relevant information.

In February of 2000, 60 Minutes published a report detailing the existence and scope of ECHELON. Mike Frost, a former spy for Canada's NSA-equivalent, CSE, told the host just how large the program's reach really was, "Echelon covers everything that's radiated worldwide at any given instant."

Frost also recounted a tale of how exactly the program was being used.

While I was at CSE, a classic example: A lady had been to a school play the night before, and her son was in the

school play and she thought he did a-a lousy job. Next morning, she was talking on the telephone to her friend, and she said to her friend something like this, 'Oh, Danny really bombed last night,' just like that. The computer spit that conversation out. The analyst that was looking at it was not too sure about what the conversation w-was referring to, so erring on the side of caution, he listed that lady and her phone number in the database as a possible terrorist.

Details of ECHELON outraged Europeans in the months following the reports from Campbell and 60 Minutes. In the summer of 2000, European Parliament appointed a special ad-hoc committee to spend a year investigating ECHELON, with some arguing that by spying on European communications, the U.S. was breaching the European Convention on Human Rights. Little materialized from the committee, other than a vote recognizing the program's mere existence.

Following the 2005 discovery that the Bush Administration had been tapping Americans' phones without warrants, some speculatively pointed to ECHELON as a tool that the government may have been using.

Since then, the program has largely been presented to the public only through posts on government surveillance/conspiracy forums with limited references in declassified documents to guide those questioning the program's full potential.

It has largely faded from public consciousness, especially as details of its far more powerful offspring have been exposed, but it's important to frame automated government surveillance as an issue of our lifetimes rather than short-sightedly confining its influence to the advent of the mainstream internet.

It is now abundantly clear, thanks to internal documents leaked by Snowden, that the program exists, but what is unclear is what that means. PRISM and XKeyscore certainly represent a more shocking invasion of the information we have digitally presented, but ECHELON shows us that the privacy of our communications have indeed always been under attack.

These instances of government surveillance have been justified by decades of disparate “threats” under multiple administrations that have repeatedly made promises to “prioritize privacy without compromising security,” while we all have been led by the current narratives.

As the broken record continues to play, further examining ECHELON suggests the importance of looking to the past to remember what sounds familiar.

Gunderson's Open Court Affidavit on Echolon used against Journalists and others

> I have read the Complaint in the current action of Mr. Keith Labella against F.B.I. and D.O.J., It is my professional opinion, based on information, knowledge and belief that the information sought by Mr. Labella in this F.O.I.A suit regarding “gang stalking”, “gang stalking groups” and “gang stalking methods” reasonably describes an ongoing, active, covert nationwide program that is in effect today, and, based on my investigations and experience, has been operational since at least the early 1980’s. Since the 1980˚s gang stalking has increased in scope, intensity and sophistication by adapting to new communications and surveillance technology. These programs are using the codenames Echelon Program, Carnivore System, and

Tempest Systems.

The Echelon Program is administered by the N.S.A. out of Fort Meade, Maryland, and monitors all email and phone calls in the world. Carnivore System is administered by the N.S.A. out of Fort Meade, Maryland, and can download any computer system without being traced or otherwise known to the owner. Tempest Systems can decipher what is on any computer screen up to a quarter of a mile away.

These programs are negatively impacting thousands of Americans and severely abusing their civil rights on a daily basis.

Gene Chip Tatum and the CIA and the FBI and Ted Gunderson

No Borders,
No Limits,
No Restrictions,
and No Repercussions

That is the motto of COINTELPRO, MKULTRA, and GangStalk State Policing Black Opps infrastructure including TSS (technical services assassination group) including NSA surveillance and including CIA and FBI activities in NDDA Fusion Centers with DIA, Defense Clandestine, US Secret Police, and programs today that include Gang Stalking (espionage under-cover Tiger Teams) and Poisonings of US and foreign citizens.

This is not Ted's FBI" Ted Gunderson wrote after retiring from a Carter era reformed FBI that underwent changes again after he left.

"Black" activities meaning activities denied by the perpetrators, perpetrators in our out of uniform or assets of CIA kingpins freed from the Laws of War and acting as saboteurs without insignia.

The FBI has a long history of abusing its national security surveillance powers. The potential for abuse is once again great, particularly given that the lines between criminal investigations and foreign intelligence operations have been blurred or erased since 9/11. As a result, intrusive surveillance tools originally developed to target Soviet spies are increasingly being used against Americans.

https://www.aclu.org/documents/more-about-fbi-spying
COINTELPRO. During the Cold War, the FBI ran a domestic

intelligence/counterintelligence program called COINTELPRO that quickly evolved from a legitimate effort to protect the national security from hostile foreign threats into an effort to suppress domestic political dissent through an array of illegal activities. COINTELPRO targeted numerous non-violent protest groups and political dissidents with illegal wiretaps, warrantless physical searches and an array of other dirty tricks. The FBI used the information it gleaned from these improper investigations not for law enforcement purposes, but to "break up marriages, disrupt meetings, ostracize persons from their professions and provoke target groups into rivalries that might result in deaths." The Church Committee, a Senate Select Committee that investigated COINTELPRO in the 1970s, found that a combination of factors led law enforcers to become law breakers. One factor was their perception that traditional law enforcement methods were ineffective in addressing the security threats they faced. Another was their easy access to damaging personal information as a result of "the unrestrained collection of domestic intelligence." Unfortunately, these factors are all present again today as the FBI seeks to transform itself into an internal intelligence agency dedicated to preventing future acts of terrorism.

Reforms Undone. The Church Committee's exposure of the FBI's COINTELPRO abuses led to a series of reforms, including laws designed to regulate government surveillance and internal guidelines (Attorney General's Guidelines) which limited the FBI's investigative authority and spelled out the rules that govern law enforcement operations. These reasonable limits have been either abandoned or ignored since 9/11, however, through legislation like the USA Patriot Act, through amendments to the AG Guidelines, and through an expansion of powerful Joint Terrorism Task Forces (JTTF) that operate with virtually no public accountability.

Patriot Act. With the enactment of the USA Patriot Act Congress expanded the FBI's authority to make secret demands for personal information and records about not just suspected terrorists or spies but about anyone the FBI deemed merely "relevant" to an FBI investigation. Not surprisingly, a series of

five audits by the Department of Justice Inspector General confirmed widespread FBI mismanagement, misuse and abuse of this unchecked authority, which is now used, more often than not, to target Americans. For more on the Patriot Act, see the ACLU's extensive page on that issue.

Attorney General Guidelines. The AG Guidelines underwent four separate changes under the Bush administration, all of which gave the FBI increased surveillance authorities with reduced oversight. Attorney General John Ashcroft first amended the guidelines in 2002 to expand the investigative techniques the FBI could use during preliminary inquiries (which require less evidence of wrongdoing to initiate than a full investigation), and to increase the time limits to 180 days with the possibility of two or more 90-day extensions. The Ashcroft guidelines also allowed FBI agents to "visit any place and attend any event that is open to the public, on the same terms and conditions as members of the public generally." The FBI later claimed this authority did not require the FBI agents attending public meetings to identify themselves as government officials. https://www.aclu.org/documents/more-about-fbi-spying

Gene was a good friend of Ted Gunderson and I am sure it was good brotherly time when they were together interviewing each other about thing things they both knew and could be speaking in each other's names about, the Rothschild's, Rockefeller's, Bilderbergs', Bush and Barr families Mueller Family, CIA and Mafia activity led by the FBI and its special illegal programs tied into the NSA that were controlling the USA with Espionage capabilities US Journalists and Politicians had not defense against, they used too much sophisticated technology to stop and too high ranking orders for the rank and file to act against and still keep their jobs.

Other researchers and CIA declassification show James Jesus Angleton, Dulles, Cabell, McCone and many others from and through the CIA were the personnel these interests operated through using anti democratic techniques to subdue opposition or even detection of themselves from within the USA while they

supported Norther Ireland and Great Brittain and the Royal family and its econmic charter governing interests like United Fruit Company around the world.

Most famous is The United States Navy Strike Fighter Tactics Instructor program (SFTI program), more popularly known as Top Gun (stylized as TOPGUN), is an American military program that teaches fighter and strike tactics and techniques to selected naval aviators and naval flight officers, who return to their operating units as surrogate instructors.

The program began as the United States Navy Fighter Weapons School, established on 3 March 1969, at the former Naval Air Station Miramar in San Diego, California. In 1996, the school was merged into the Naval Strike and Air Warfare Center at Naval Air Station Fallon, Nevada.

United States Air Force Combat Control Teams, singular **Combat Controller** (**CCT**) (AFSC 1Z2X1), are an elite American special operations force (specifically known as "special tactics operators") who specialize in all aspects of air-ground communication, including air traffic control, fire support (including fixed and rotary wing close air support), and command, control, and communications in covert, forward, or austere environments.[2][3]

Assigned to Special Tactics Squadrons and Special Tactics Teams along with Pararescuemen, Special Operations Reconnaissance, and Tactical Air Control Party (TACP) operators, Combat Controllers are an integral part of Air Force Special Operations Command (AFSOC), the Air Force component of United States Special Operations Command (USSOCOM), and of Joint Special Operations Command (JSOC). Trained in underwater and maritime operations, freefall parachuting, and many other deployment methods, Combat Controllers are often assigned individually or as a team to Army Special Forces, Army Ranger, Navy SEAL, and Delta Force to provide expert airfield seizure, airstrike control, and communications capabilities.[4]

But also is Combat Controllers are FAA-certified air traffic controllers and maintain proficiency throughout their career.[2] Along with TACPs, many Combat Controllers also qualify and maintain proficiency as joint terminal attack controllers (JTACs) where they call in and direct air strikes, close air support and fire support.[5] Out of the seven Air Force Crosses awarded since the Global War on Terror started in 2001, five have been awarded to Combat Controllers for extraordinary heroism in combat. CCT's provided vital intelligence and deployed with joint air and ground forces in support of direct action, counter-terrorism, foreign internal defense, humanitarian assistance, special reconnaissance, austere airfield, and combat search and rescue

Scarlet Berets Special Forces Combat Controllers

Air Force Special Operations Command's Combat Controllers are battlefield airmen assigned to special tactics squadrons. They are trained special operations forces and certified Federal Aviation Administration air traffic controllers. The mission of a Combat Controller is to deploy undetected into combat and hostile environments to conduct special reconnaissance, establish assault zones or airfields, while simultaneously conducting air traffic control, fire support, command, control, and communications and forward air control. They deploy with air and ground forces in support of direct action, such as counter-terrorism, foreign internal defense, humanitarian assistance, and combat search and rescue. Combat Controllers employ all-terrain vehicles, amphibious vehicles, weapons and demolitions in pursuit of their objectives, which may include obstacle destruction.

The can be seen as good Stealth teams knowing full well the capabilities and limitations of RADAR and working evasively as possible.

Combat Controller training, which is nearly two years long, is among the most rigorous in the US military. The CCT pipeline

has a wash out rate upwards of 90-95%, mostly due to self-eliminations, injuries sustained during training, and academic failures. The Air Force is working to lower the washout rate through proper education, testing and rigorous pre-pipeline training.

Combat Controllers maintain air traffic controller qualification skills throughout their career in addition to other special operations skills. Many qualify and maintain proficiency as joint terminal attack controllers (JTACs). Their 35-week initial training and unique mission skills earn them the right to wear the scarlet beret and their 3 skill level (apprentice). From that point they attend a 12-15-month advanced skill training course to obtain their 5 skill level (journeyman). Once they complete AST their training pipeline is finished and they are mission-ready Combat Controllers.

Gene Chip Tatum was in the first graduating class and flew as Special Forces CIA in Vietnam. After being captured on one mission with his team but released he was debriefed by William Cobly a person he interacted qujite a bit frequently receiving instructions from the Whitehouse itself.

Gene Chip Tatum was a friend of Ted Gunderson and Tatum's long work for the CIA as a Special Activities pilot much like Barry Seal and Phillip Marhsall were of interest to Ted Gunderson and Gunderon's own reports on this cabal including the likes of Mueller.

Vietnam was not Gene Chip Tatums only CIA flight-work and some of that other flight-work is listed in his own words in this book as he talks to Ted Gunderson and here are some of the books by Gene Chip Tatum.

> **The Tatum Chronicles Paperback - February 22, 2019 by Gene "Chip" Tatum (Author)**

The CIA and Oval office have been accused over the years with involvement in drug running. This first hand chronicle of an Army Officers interactions with Barry Seal, George H.W. Bush, Manuel Noriega, LTC Oliver North, Felix Rodriguez (CIA), Bill Clinton, and various other Government officials brings to light the Dark Web of Drug running by U.S. officials and their ability to protect their misdeeds by using the U.S. Department of Justice characters Dick Thornburgh, James Baker,William Barr, and Robert "The Mule" Mueller. The author provides the official U.S. Documents secretly hidden away but now released to the public in "The Tatum Chronicles".

The author provides the official U.S. Documents secretly hidden away but now released to the public in "The Tatum Chronicles".

The Mule: Robert S. Mueller III Paperback - February 5, 2019

Robert Swan Mueller III has been the go to man when secrets go awry. Recruited as a CIA asset in Vietnam as an member of the Phoenix Project it was embedded in him that there are **No Borders, No Limits, No Restrictions, and No Repercussions**. With these standards ingrained in his persona,

Mueller became an invaluable asset in protecting what today is called "The Deep State". Teamed with William Barr the duo was incredibly effective in blocking investigations, erasing and fabricating both evidence, and witnesses. When the need arises, invariably the Deep State Handlers call on "The Mule"

img Sidney Gottlieb, Sept. 21, 1977 in office with female assistant

Sidney Gottlieb (August 3, 1918 - March 7, 1999) was an American chemist and spymaster who headed the Central Intelligence Agency's 1950s and 1960s assassination attempts and mind-control program, known as Project MKUltra.

In July 13, 1951, Gottlieb had his first day of work at the CIA. Then-*Deputy Director for Plans* Allen Dulles hired him on Ira Baldwin's recommendation. Baldwin had founded and run the biowarfare program at Fort Detrick years earlier, and had kept Gottlieb in his orbit throughout the years. Gottlieb, who had advanced knowledge of poisons, was making his entrance in the early years of the Cold War.

The Director for Plans included Richard Bissle JR who was also in the RECON section of the CIA using recon of the world to develop understanding of the enemy and then plan out "the devil's chessboard" (book by Talbot) of what countries would be essential to overthrow or gain influence for security and profit and raw materials.

Ed Donegan suggests you think Col Fletcher Prouty and others

from WWII and Atomic Testing and Atomic Bombing going into the Cold War under Eisenhower Nixon elected 1951 and sworn in 1952. From 1952 to 1964 will be Nixon's Executive Action NSC Council operations to overthrow Iran, Guatamala, Indonesia, Cuba, and other locations.

Sidney Gottlieb (August 3, 1918 - March 7, 1999) was an American chemist who had an area of his life that just might be usefull to the British, to the Dulles brothers, the Rockefellers, etc.,

The spymaster had a speech defect and has common Central European FOXP2 and from some family lines that carry it. As the Windsor family (including a descendant Glorian Donegan through Maria Kutschera who also had it) "cloning" experiments as it was improperly desribed by researchers could study family lines and without their consenst if samples are taken or the victims of non-consensual sciences are prison inmates, etc., including testing what level of electroshock is fatal and what the prefatal doses do to the human brain, afffectes of radiation, dvelopmntal psychology methods and affects, etc.,

In 1961 as the Kennedy administration moved in and Robert F. Kennedy oversaw JM/WAVE assassinations it was Gottlieb and those of his TSS team Gunderson and others including Prouty woudl be meeting with.

Ed Donegan (myself) asserts this is when the atomic testing samples from the Donegan family in atomic testing may have been used by now what would have been banned science of reproductive tissue and materials being "cloned" into other family lines to see its properties with different matches of other family genetic input.

In 1961 the Nobel Prize was given out for an understanding of the Double Helix of DNA and much theoretical input was then confirmed but the methodical system Mendell used of study of generation after generation of gene propagation and genetic properties had long been a study method.

I assert that during these years "clones" of Glorian Donegan were created by use of her genetic reproductive tissue with other fertilizations and this would have been of interest since as Jen Moore points out she has a hidden identity of coming from Maria Von Trapp and she may have had King Edward VIII or Prince Albert later King George I think VI as the "bastard" producing Windsor.

These children like Marilyn Monroe and perhaps Julie Andrews and more may have had covert CIA tissue testing and usage histories later concealed. The plan I think was that if an advance -interbreed with a Polynesian or African American were made, that person might be a CIA project for grooming and inserting into Indonesia, Cuba, or elsewhere, and a number of families in the Assassinations Program including Bush line, Nixon line, Rockefeller line, Burns line, Barr line, Kelly line, Cruz line, were tied into the CIA work grooming possible Cuban or other future leaders IF Castro were knocked of, perhaps Ted Cruz Jr. backed by the CIA would be an Agent of Influence or Sovereign of Cuba down the road of history.

In fact extensive declassified CIA files now explain the CIA connections to the history of Barrack Obama JR, Madelyn Paine Dunham, Barrack Obama Sr. and I think CIA trickery was to confuse others and use as to the real history of what the CIA was doing and what records including fake records it was leaving for history to find and think are real.

Imagine this: "Joseph Kennedy Sr. speakign. THe Windsors have a hidden relative. Will you do some testing wither her DNA? Might lead to some good candidates the CIA could use if they turn out good, no defect."

Understanding Jen Moore who is on the Cover

Here are some of slightly edited Video labels from her channel on YouTube as she focuses in on (literally) the story of Edward and Glorian Donegan with her video camera likely her smart-phone.

Screen capture excerpts of those videos of the Donegan (Glorian and Ed) a few blocks from Tom and Mark Wiernessses Clarendon home are on the cover of this book.

On her channel she shows shots of where I and my mother used to live 850 N. Randolph in Arlington County Virginia. Really part of the D.C. Diamond shape it was draw as the part of that Diamond west of the Patomic was changed to part of Virginia's Arlington County as a result of legal maneuvers during the Civil War. she will refer to as a "nice view of D.C." when she films it. Those photos are on the cover of this book too from her channel.

I will get to some of the other videos in the list later or have in other books but this one particular one I want to focus on as introducing the Glorian Donegan (nee Gainey) story.

"Whistleblowers Journey Part 2 Jun 16, 2018 CIA, Nazi's, Vatican, Pedophelia, Child Trafficking, Jung, third eye & more evil."

Dean Rusk was at Davidson College 1925-126 era a very progressive underground railroad with saving slaves history of progressive religious movements.

Dean Rusk in the 1950's under Richard Nixon was in the Rockefeller Fund for international development in likely at LBJ's influence Secretary of State under JFK in 1961 as JFK was sworn in and the former Secretary of State John Foster Dulles brother of Alan Dulles CIA director had recently died.

It appears from stories inside the Gainey family (my mother Glorian Donegan family relatives in South Carolina her brother employed at Camden DuPont factory the rest farmers) that during her earlier 9 years in North Carolina living with Festus Gainey she had a hidden identity from the underground railroad when Maria Kutschera left her Salzburg Austria Convent as a pregnant initiate. Her uncle Franz Kutchera did not want to or would not care for her.

Her children (perhpas three at once or various times and perhaps Julie Andrews, Norma Jean, and Glorian Donegan, delivered and hidden under hidden person new identities in the USA Maria Kutschera was moved into the Captain (Barron) Von Trapp Austria household were until 1936l they would at the behest of Nazi propagandist General Franz Kutchera (later) sing pro Nazi songs being the idyllic Bavarian Central European family singers known for yodeling, etc.,.

Movie vs. Reality: The Real Story of the Von Trapp Family

The National Archives

Fact from Fiction While The Sound of Music was generally based on the first section of Maria's book The Story of the Trapp Family Singers (published in 1949), there were many alterations and omissions.

Maria came to the von Trapp family in 1926 as a tutor for one of the children, Maria, who was recovering from scarlet fever, not as governess to all the children.

Maria and George married in 1927, 11 years before the family left Austria, not right before the Nazi takeover of Austria.

The family did not secretly escape over the Alps to freedom in Switzerland, carrying their suitcases and musical instruments. As daughter Maria said in a 2003 interview printed in Opera News, “We did tell people that we were going to America to sing. And we did not climb over mountains with all our heavy suitcases and instruments. We left by train, pretending nothing.”

The von Trapps traveled to Italy, not Switzerland. Georg was born in Zadar (now in Croatia), which at that time was part of the Austro-Hungarian Empire. Zadar became part of Italy in 1920, and Georg was thus an Italian citizen, and his wife and children as well. The family had a contract with an American booking agent when they left Austria. They contacted the agent from Italy and requested fare to America.

OSS and CIA Hidden Identities and Glorian Donegan Revealed from YouTube vidoe of Jen Moore

Most John F. Kennedy and Robert F. Kennedy assassination history authors including death-bed confessions of participants in the assassination of Kennedy family members or other participants or those with access to classified and declassified records are now authoritatively and in unison including in academia authoritatively describing the Kennedy Assassination as an international agreement between world NGOs up to and including Catholic Gladio and James Jesus Angleton shadow CIA actors, Wild Bill Donovan and his CIA descendants, and thus now consider the entirety to be a Cabal, a Milieu, a large

operation the JFK assassination and then cover-up of insider actions by globalists who just don't talk publicly about powers so great they can call a hit on a world leader, but such power does exist, is at the top of our major agencies, and in the cold war and later theorizes its Cabal insider self that its own existence is needed for global planning on access to oil and energy, ocean routes, etc., for world security and peace and the anti British Kennedy family were a threat to the peace that could otherwise be achieved.

Jen Moore had access to this information as JFK did and the Donean family from Dorchester Boston Area Massachusetts did, most are dead now. I am the last living Donegan of a family at one of the the central most squares of this.

In 1902 the British did set out to study Borderline Personality Disorder. In an odd way the covertness of the activtiy helped British Imperialism not only by hiding the defect but in researching the defect those in "families" of Windsor descendants not known publicly as such and with no defects in their families made excellent Colonialism groomed leader choices.

One video Jen Moore posted was *The 3rd Reich & "The Artist" Infiltration into US Politics.* That video again points to hidden identity Kutchera descendant Glorian Donegan and again she is pointing her camera at the home of Glorian and Ed Donegan 2nd Floor 850. North Randolph St. Arlington VA 22203 and again it is the story of how Glorian Gainey [Kutschera] DNA seems to found its way into current US politicians during MKULTRA.

Video 11 She Does have the secret files in her hands sealed secret files And how this IS PART OF THE JFK ASSSASINATION the story of the Vatican Catholic Gladio and Dulles brothers and CIA and MKULTRA

Video 11 Secret envelope…secret identities

okay this is video number 11 and underneath this envelope is three cases and you can zoom in they say US District Court District of Columbia Washington DC the top case is in a case closed type II

so as I go on on my youtube journey I'm going at some point to expose in some way what is under this yellow or manila envelope and under it are cases that involve the identities of some people who would rather not that that not be done I think it's important for the American people to know some of these facts so in the past week or so as I just started out this YouTube channel

I've been doing a series of interviews on another YouTube channel with farmer Jones and the interviews have to do with things such as mkultra the Vatican the Vatican's connection to the CIA how MKULTRA was started details about pre-world War one and what led into the Second World War and things like at the mk ultra program which many people have heard about talks a lot about

In 1902 the British did set out to study Borderline Personality Disorder. In an odd way the covertness of the activity helped British Imperialism not only by hiding the defect but in researching the defect those in "families" of Windsor descendants not known publicly as such and with no defects in their families made

excellent Colonialism groomed leader choices.

Jen Moore continues

Sigmund Freud [of Austria] who was kind of the founder of MKULTRA or one of them he's known as the father of psychology the father of psycho psycho analysis different titles like that but his history has been sanitized and even most psychologists or doctors psychology do not know a lot of this history and I do for a variety of reasons

> Sigmund Freud was an Austrian neurologist and the founder of psychoanalysis, a clinical method for evaluating and treating pathologies seen as originating from conflicts in the psyche, through dialogue between patient and psychoanalyst, and the distinctive theory of mind and human agency derived from it.
>
> Freud was born to Galician Jewish parents in the Moravian town of Freiberg, in the Austrian Empire. He qualified as a doctor of medicine in 1881 at the University of Vienna. Upon completing his habilitation in 1885 he was appointed a docent in neuropathology and became an affiliated professor in 1902. Freud lived and worked in Vienna having set up his clinical practice there in 1886. Following the German annexation of Austria in March 1938 Freud left Austria to escape Nazi persecution. He died in exile in the United Kingdom in 1939. - Wikipedia

I'll get into and even going further into people like dr. Carl Jung it's Ju and Ji Young in theory theory is very

well known the realms of psychology and psychoanalysis many people don't know is that mr. young was our doctor young was also Karl or Allan Dulles secret agent agent 488 and Allen Dulles was the founder of the CIA he originally was an OSS which was our initial United States of America their intelligence service and then it moved into the CIA during and following World War two and Allen Dulles was the first director of that of the CIA his brother Lewis John Foster Dulles was also in there and Allen Dulles was a CIA agent at the time of JFK's assassination

so that is an interesting part that will come out as well so I've been doing a series of interviews with another YouTube channel farmer Jones who's been great on this history and what I know about MKULTRA and the Nazis and the development of the program in historical context to which it was built and why what were the kind of underlying motivations at that time and what was some of the really very disturbing parts that has been sanitized from our history in many ways

and so I've been doing a series of interviews I did my fourth today I believe on this history and as I've stated before in my videos I was a someone who enforced the law at for a pretty long time in some very dark places and I also had my degree in psychology a clinical psychology so I was involved in that as well so I came into this knowledge by combining a lot of that work also a lot of research but then I had a very interesting transition that led me to connect all these dots and that was I met a person in 2009 who was 79 years old she was the child of Hitler's top commandant [Franz Kutchera, actually niece of him] and her father owned all the theaters in Munich and Berlin around Germany

and back in those days the big screen movie theaters were very rare she was one of the kind of the elite German children on the Nazi side and so these theaters owned by the Kutschera famlily] were used to help

indoctrinate the German youth and the Hitler Youth [singing pro nazi songs as an Aryan family] and also the German soldiers during the war and she was literally at the feet of Hitler [via Himmler and Franz Kutschera in Barron Von Trapp Salzburg home] during a lot of this history from age you know early on

> Munich is the capital and most populous city of the German state of Bavaria. Munich to Salzburg is an hour and 20 minutes train trip. Salzurb also long had train routes out of the Alps that the Von Trapp family used in 1926 to leave Austria as Nazim increased.

but from age 8 through 17 when World War two really the bombs came raining in on Munich [really 1926] and she attempted to escape and was saved by American GI soldiers which is just a remarkable story of survival and she made it to the United States of America and became a very famous person in her own right (Sound of Music) and I'm not gonna name her at this point but for reasons that I can only guess would be a miracle from God that he would bless me with the chance to know this person and many of you may not believe and and all that and that's fine but it was my honor to truly meet her and hear her story and listen for about a year and a half from 2009 into 2010 as she turned 80 years of age and she passed away at that time

Minimal Brain Dysfuction a collection of ADHD and Dyslexia like symptons (and ADHD affects speech speed regulation) is called LONDON KE FOXP2 gene and LONDON KE Family that Jung, Dr Jacabson, Dr Greenson, and others were using meth on was this extreme form of ADHD called FOXP2.

Jen Moore working in Psychology following her police career was part of the history of Jung, Freud, and long term Rockefeller Institute work on this gene and the families they run in and had the CIA files from Jung, Frued, and others.

The USA, Allen Dulles, Donovan, James Jesus Angleton, the OSS generally were very friendly to England as WWII approached from trhe 1920's on and they wanted to help the royal family with their speech grammer impediment quietly and continue support for the royal family who actually was from Central Europe where the gene is known now to very frequently appear.

Marilyn Monroe like Glorian Donegan had the gene and the strong emotions of letting a lot of thoughts and feelings through that disrupt concentrating meant an emotional roller coaster for them or anyone close to them.

A person with Borderline Personality Disorder (another name for it) can be sympathetic at one time, and very angry at another..

One of the specialties of the True Pundit's Moore was is money laundering a financial crime that may be tied to violent crime and the financial part of the crime is that one account is due or should hold assets for the possessor of the assets but through trickery and confusion of accounts others may access that value deceitfully.

Although Jen Moore did not name the church she asserted a church or churches were using a basement to teach children to act like victims of an abuser so that money laundering organization(s) could assert Ed Donegan owner of the value of the trust fund meted out to him by trust managers could be robbed of those assets if someone seemingly Ed Donegan incurred a liability to those children or families.

This letter is among other places on a CDROM of data I am assembling for the Los Angels County California and District Of

Columbia Coroner and smaller file I have broken out for excerpt from the larger also included files is Jen Moore explaining the Donegan family history and her intent to reveal it and its connection to the Kennedy assassination and British Monarchy though she died before actually using the Donegan name. She does in her videos explain this was part of the story of the Kennedy assassination and other earlier parts of world history.

If opened on the CDROM files system images should display with text included corroborating and illustrating statements in text only version of this letter the textaul description of the image is the caption of the image should remaing visible as text.

She did focus her camera on my mother's and my home to tell our story and I complete that and fill in the blanks she left, un-redacting them, before her death by homicide otherwise losig to history the story she was telling and the hidden identities involved.

At the time the following news item was written and the investigation was underway no witnesses were available to connect the facts then unkown and then to the other deaths and other available witnesses.

> Investigative Journalist Jen Moore was found dead in a suburban Washington D.C. hotel room Monday. August 20, 2018, according to police and shocked and distraught friends and colleagues.
>
> Moore died of an apparent seizure. Police are closely investigating the cause of death after former FBI Agent Robyn Gritz, a friend of Moore's, made inquiries with homicide detectives Monday afternoon in Prince Georges County, Maryland. Preliminary reports from police said the death was not the result of suicide.

Moore's body was found by employees at the Country Inn & Suites by Radisson, Washington, D.C. East - in Capitol Heights, Maryland. The investigation is ongoing. An autopsy had not been scheduled as of late Monday.

Moore, an advocate who investigated abused and trafficked children, had been in the process of investigating allegations by a 26-year-old man that - as a young boy - he was sexually assaulted by Bill Clinton and pimped out at private sex parties attended by other D.C. elites.

In fact, just four weeks before her death, Moore filed details of the alleged victim's claims with the Department of Homeland Security, detailing the allegations against Clinton. Moore contacted Homeland Security beginning on July 6th through July 9th, records show. A week later, she contacted the FBI with identical details about the victim and the shocking allegations against Clinton.

- #11 Secret envelope…secret identities Hidden behind this envelope are the identities of those who wish to keep this secret. It belongs to the American People and in due time I will reveal them.

Old Malvernians are alumni of Malvern College, an

independent day and boarding school in Malvern, Worcestershire, England that was founded in 1865. Originally a school for boys aged 9 to 18, it merged in 1992 with a private boys' primary school and an independent school for girls to become coeducational for pupils aged 3 to 18.

Many alumni have gained recognition in such fields as the military, politics, business, science, culture and sport - especially first-class cricket and the eighteen county cricket clubs. Among the most famous Old Malvernians are spymaster James Jesus Angleton, former head of the CIA's counter-intelligence; Aleister Crowley, the controversial but influential occultist.

In 1931 Hugh Angleton moved his family to Milan, for business reasons. He was very impressed with Benito Mussolini and his friend, Max Corvo, commented "Hugh Angleton... was ultra-conservative, a sympathizer with Fascist officials. He was certainly not unfriendly with the Fascists." (5) In 1933 Angleton was sent to Malvern College. (6) "He learned all about snobbery, prejudice, and school beatings. Before he left three years later he had served as a prefect, a corporal in the Officers' Training Corps, and joined the Old Malvern Society. He seems to have become more English than the English, a useful ruse perhaps for Malvern's lone half-Mexican Yank." (7) Angleton later recalled: "I was brought up in England in one of my formative years and I must confess that I learned, at least I was disciplined to learn, certain features of life, and what I regarded as duty." (8)

James Jesus Angleton entered Yale University in 1937: "Angleton had already developed a distinctive personal style. He spoke with a slight English accent (probably not an affection after three years in the country), and was tall, athletic, bright, and handsome... By conventional standards he was a poor student, frequently missing class, excelling only in those subjects that interested him, and occasionally failing those that

didn't." (9) A fellow student, Reed Whittemore, later commented: "All through Yale, Jim was backward at completing school papers... It may be that he was just lazy - or maybe he had a psychological problem. He had the class record for incompletes, but he could invariably whitewash over these missing grades because he had a favorable presence with the teachers, who for the most part liked him a lot." (10)

James Hugh Angleton became a senior figure in the Office of Strategic Services (OSS) and was on the staff of Colonel William Donovan. It had been created by President Franklin D. Roosevelt soon after the outbreak of the Second World War. The OSS replaced the former American intelligence system, Office of the Coordinator of Information (OCI) that was considered to be ineffective. The OSS had responsibility for collecting and analyzing information about countries at war with the United States. It also helped to organize guerrilla fighting, sabotage and espionage.

James Jesus Angleton was born in Boise, Idaho, on 9th December, 1917. His father, Hugh Angleton, was a former cavalry officer who met his wife, a seventeen-year-old Mexican woman, Carmen Mercedes Moreno, while serving in Mexico, under General John J. Pershing. (1)

Hugh Angleton was an executive of the National Cash Register Company. (2) Thomas McCoy, a family friend, described him as "a six-foot-four, raw-boned, red-faced farm boy; a broad super-friendly guy, who was the outgoing salesman type and a born trader. He and his son were as different as one can imagine." (3)

Carmen Mercedes Moreno was a devout Catholic who insisted on giving him the name of Jesus. "As he grew older he became proud of his Mexican background - but, at the beginning, no. He never liked to use his

middle name... Who likes to go around with a middle name of Jesus?" (4)

In 1931 Hugh Angleton moved his family to Milan, for business reasons. He was very impressed with Benito Mussolini and his friend, Max Corvo, commented "Hugh Angleton... was ultra-conservative, a sympathizer with Fascist officials. He was certainly not unfriendly with the Fascists." (5) In 1933 Angleton was sent to Malvern College. (6) "He learned all about snobbery, prejudice, and school beatings. Before he left three years later he had served as a prefect, a corporal in the Officers' Training Corps, and joined the Old Malvern Society. He seems to have become more English than the English, a useful ruse perhaps for Malvern's lone half-Mexican Yank." (7) Angleton later recalled: "I was brought up in England in one of my formative years and I must confess that I learned, at least I was disciplined to learn, certain features of life, and what I regarded as duty." (8)

James Jesus Angleton entered Yale University in 1937: "Angleton had already developed a distinctive personal style. He spoke with a slight English accent (probably not an affection after three years in the country), and was tall, athletic, bright, and handsome... By conventional standards he was a poor student, frequently missing class, excelling only in those subjects that interested him, and occasionally failing those that didn't." (9) A fellow student, Reed Whittemore, later commented: "All through Yale, Jim was backward at completing school papers... It may be that he was just lazy - or maybe he had a psychological problem. He had the class record for incompletes, but he could invariably whitewash over these missing grades because he had a favorable presence with the teachers, who for the most part liked him a lot." (10)

Angleton and Whittemore edited a quarterly of original poetry, called Furioso, financed mostly by subscriptions raised by Whittemore's aunt. Angleton and

Whittemore were both promising poets and other contributors included Archibald MacLeish, Ezra Pound, E.E. Cummings and William Carlos Williams. Whittemore later commented: "When we were short of money, which was most of the tune, we paid off our poets with fine Italian cravats from the stock that the Angleton haberdasher in Italy kept replenishing." (11)

In the autumn of 1941 Angleton moved on to Harvard Law School. Soon afterwards he met Cicely Harriet d'Autremont: "There was nothing in the room except a large reproduction of El Greco's View of Toledo. It showed a huge unearthly green sky. Jim was standing underneath the picture. If anything went together, it was him and the picture. I fell madly in love at first sight. I'd never met anyone like him in my life. He was so charismatic. It was as if the lightning in the picture had suddenly struck me. He had an El Greco face. It was extraordinary." (12) They became engaged in April 1943, a few weeks after Angleton had been drafted into the United States Army. Hugh Angleton, disapproved of the relationship but the wedding took place quietly three months later on 17th July, in Battle Creek, Michigan. (13)

James Hugh Angleton became a senior figure in the Office of Strategic Services (OSS) and was on the staff of Colonel William Donovan. It had been created by President Franklin D. Roosevelt soon after the outbreak of the Second World War. The OSS replaced the former American intelligence system, Office of the Coordinator of Information (OCI) that was considered to be ineffective. The OSS had responsibility for collecting and analyzing information about countries at war with the United States. It also helped to organize guerrilla fighting, sabotage and espionage.

In August 1944, Lieutenant Colonel James Hugh Angleton and Norman Holmes Pearson, Angleton's former English professor at Yale University, contacted

James R. Murphy, the head of the new X-2 CI (Counter Intelligence) branch of the OSS. On 25th September, 1943, Murphy issued a memo: "I would greatly appreciate it if you could get provisional security for Corporal James Angleton in order that he may commence OSS school on Monday. His father is with this branch... In addition young Angleton is very well known to Norman Pearson, who recommended him to me." (14)

During his training James Jesus Angleton met Richard Helms, the former national advertising manager of the Indianapolis Times, who had joined the OSS in August 1943. In his autobiography, A Look Over My Shoulder (2003) he commented: "As a young man, Jim was bone thin, gaunt, and aggressively intellectual in aspect. His not entirely coincidental resemblance to T. S. Eliot was intensified by a European wardrobe, studious manner, heavy glasses, and lifelong interest in poetry." (15)

James Jesus Angleton in London

On 28th December, 1943, James Jesus Angleton, arrived in London to work for the Italian section of X-2 C.I. Soon after arriving in England he met Kim Philby, who was head of MI6's Iberian section. It was the start of a long friendship: "Once I met Philby, the world of intelligence that had once interested me consumed me. He had taken on the Nazis and Fascists head-on and penetrated their operations in Spain and Germany. His sophistication and experience appealed to us... Kim taught me a great deal." (16) Phillip Knightley, the author of Philby: KGB Masterspy (1988), has pointed out: "Philby was one of Angleton's instructors, his prime tutor in counter-intelligence; Angleton came to look upon him as an elder-brother figure." (17)

Angleton impressed his senior officers and within six months he was promoted to the rank of second

lieutenant and was appointed as chief of the Italian Desk for the European Theater of Operations. A colleague, John Raymond Baine, later remembered him as a well-respected officer: "His voice and manner were always on the quiet side. He never laughed loudly or acted in a boisterous way. Both his talk and his laughter were always soft. He was captivating, and had the ability to dominate a conversation without ever lifting his voice." (18)

OSS Officer in Rome

In October 1944 Angleton was transferred to Rome as commanding officer of Special Counter-Intelligence Unit Z. In March 1945, he was promoted to first lieutenant and became head of X-2 for the whole of Italy. At the age of twenty-seven, he was the youngest X-2 Branch chief in all of OSS. According to Charles J.V. Murphy: "His (Angleton) unit uncovered some of the secret correspondence between Hitler and Mussolini that was later introduced into the Nuremberg trials as proof of their conspiracy." (19) Raymond Rocca was his senior staff officer. The two men were to remain close friends for the next thirty years. (20)

Jim was sent to Italy as head of the Italian OSS. His job was to capture Nazis. The Mafia helped the Allies land in Sicily and move onto the Italian mainland through the toe of the Italian boot. In return, the Mafia regained control of Sicily, which the Mussolini forces had taken. Once on the mainland, the Allies fought the Nazis all the way up to Rome in a very bloody https://theciaandoperationchaos.wordpress.com/the-nazi-hunter-2/

"Baby factories" "Stem Cells" and other black market items gained from Mafia trafficking is what she is reporting on and the story is real and about the Donegan's, Ed Donegan is a victim of staged events he is

a fool, a gullible child porn pervert who owes those around them for "fees" to avoid being arrested those fees paied into restitution coffers and protection racket money.

The allegations are false and only succeed because racketeers are speaking for Ed and alleging his guilt rather than Ed Donegan who asserts the attributions of who he is are faked and the attributions of what his acts are are fakes, faked by experts in fraud and complicity in Racketeering, Racketeering Influence Criminal Organizations.

The kind of sex slavery Donald Barr talked about in his science fiction book and that Ted Gunderson of the same generation talked about sex slavery, having reproductive rights used on the black market against the will of the person the reproductive tissue is from.

Faked events are fine for games in the playground, acting on stage or for practice but using faked events as a basis for goods and services transactions including asserting a real debt is created by a faked liability is criminal activity.

Slush find and fraud based CIA "Jerk Off" funds shower wall drilled holes Midnight Climax CIA research project

She died because the slush fund black budge Mafia of MKULTRA and Midnight Climax VIA bordellos did not want to be exposed as long term criminal mafia operations in RICO networks.

Death sentence for interfering with bill of rights Title 18 USC § 242 If ***bodily injury*** results, the offender may be fined and/or imprisoned for up to ten years. If ***death results or other aggravating factors are present***, Section

242 provides for a fine and/or imprisonment for **ten years to life or a death sentence** (though the Constitution forbids death sentences for non-homicide offenses). The Mafia CIA slush fund black budge did kill her, death resulted.

Jen Moore and Micheal "Thomas Paine" Moore against FBI and CIA Money laundering

Financial and Sex Trafficking investigators Micheal Moore (financial frauds and money laundering, mafia connections, drugs and gun running, and for hire hits from stolen money out and for bank investigations and investigators and audits) and Jen Moore (sexual abuse and psychology, policing) went after the mafia trafficking still part of MKULTRA, the FBI, and CIA in BCCI like international black market finances and human trafficking.

When they got to close to the dirty FBI and CIA programs the FBI and CIA fought back.

True Pundit founder Mike “Thomas Paine” Moore (not Micheal Moore) says that Citi loaned Epstein of the VI Brain Foundation more $100 million, allowing him to make thousands of wire transfers from the bank.

Bowers was previously the chief of Deutsche Bank’s Private Wealth Management division in New York City. At Citi, he was chief of The Citi Private Bank and also ran Citigroup’s Global Markets and Wealth Management businesses.

“The [irregular] loans to Epstein were personal and commercial,” True Pundit founder Mike “Thomas Paine” Moore said. “The Citi loans I can confirm were for more than $25 million. Some were secured, some were not.” Moore previously ran an anti-money laundering for Citigroup.

Before she was found dead in a hotel much later she was well into investigating the CIA, FBI, and th dirty world of MKULTRA.

SWAT-clad FBI agents stormed into Mike “Thomas Paine” Moore’s home and terrorized his wife and young children at

gunpoint after rousting them out of bed. Not once, but twice, pointing automatic weapons at the family. Historic, costly blunders for the FBI.

[Jen Moore offered to make coffee for the FBI Agents according to Micheal Moore]

In response Paine assembled his journalism crew of former feds, launched True Pundit and literally dismantled the FBI in less than two years with pens and laptops while working from home, often in pajamas.

While the mainstream media ignored a corrupt FBI, DOJ, Paine and cohorts hammered away and knocked the FBI off its trusted public mantle. Revered FBI leaders were fired. Others quit. FBI officials, targeted by True Pundit's hard-hitting reporting, are now targets of numerous federal investigations. A fitting irony after the FBI - whom Paine worked for - came into his home with M4 rifles drawn on his young kids and wife. Twice. Then, the FBI went on a rampage to ruin his Fortune 100 career at Citi and even prevented him from attending his mother's funeral.

hat did Paine know that terrified the Deep State and prompted FBI agents to stoop so low as to literally terrorize an 8-year-old and 12-year-old? And Paine's wife? Paine tells it all here - revealing he was investigating Intel that the FBI, CIA and White House were covering up evidence that Osama bin Laden was living and running al Qaeda from Iran after 9/11. Paine reveals his True Identity: Loeb Award-winning and Pulitzer nominated newspaper reporter and Intel expert Mike Moore.

Ed Doneban will show from the story they were telling how MKUTLRA led into hidden identities, plans for Saudi Arabia with Malcom X and Standard Oil, and creating CIA Regime Change Sleeper agents of MKULTRA.

Ted Gunderson Posse on the case of Marilyn Monroe

Franklin Delanour Rosevelt as Undersecretary of the Navy in the WWI era had a reliable steel provider in Joseph Kennedy Sr., and ships were needed for a massive war made possible by industrialism and ship sinking made possible by the Whitehead Torpedo that submariner Capt von Trapp of us U-Boat would use to sink ships with made by his wife Agatha Whiteheads family torpedo company, in fact Capt Von Trapp met his wife at the Torpedo academy he went to in Austria where the England born Agatha was living to support the factor and training operations run in Austria.

There is a Paul McCartney song Uncle Albert/Admiral Halsey that seems to imply (no not from a member of the Beatles McCartney who does not share Yoko and Johns anti-British imperialism views) and that song seems to suggest Uncle Albert Prince of York may have helped is brother King Edward VIII of Windsor get his kids into the USA.

Joseph Kennedy Sr in 1925-1926 and FDR did seam to and two of those seemed to be per Ed Donegan and Jen Moore Marilyn Monroe (Norma Jean) and Glorian Gainey out to the dust-bowl in North Carolina, then to South Carolina 1936 and the rest of Maria Kutscheras new Von Trapp take over the North Carolina farm on the death of Festus Gainey who was running it.

If Marilyn Monroe had survived assassinations she might have said she was from the underground railroads of "bastard" children of Kutschera and Windsors, and now the secret near Windsor CIA backed families were meant to be Agents of Influence in music, film, politics, and espionage as John F. Kennedy asked and Joseph Kennedy Sr asked as regime changes were planned around the world and acceptable candidates to take over countries were being planted and given advantages by

CIA secretive backing, Barrack Obama Jr being one of those planned Agents of Influence in world politics.

The CIA knowing she was going to talk about the plans and how she fit in to Hidden Identities and sleeper agents for MKUTLTRA regime change in Latin America and elsewhere had to be silenced before she spoke out and was.

I assert Ted Gunderson did not know who some of the Hidden Identities were because RFK did not either, but RFK had been accused of killing Marilyn Monroe and Gunderson didn't believe it, believed the CIA and the Mafia did.

When Gunderson's former coworker RFK did find out in Los Angeles staying with John Frankenheimer maker of the Manchurian Candidate RFK was repulsed then assassinated RFK linking that to his brother JFK s death and other still unexplained deaths thus RFK had to be silenced too.

Ted Gunderson Man on the Cover

Explaining the cover of this book is important the core message and story-line players are there; part of their story is told in The Great Treason Pillory but I can summarize here and continue to lift the fog of war from the scene.

The British and those who believed in British Aristocracy, Knights Kings Queens Princes and Princesses and Barrons and Dukes included Donal Barr who wrote space metaphors about he colonies of Great Brittian.

Exploited countries like the USA had left colonial status and that was of concern in 1900 to the British as the Realm was contracting.

To make matters worse King Edward VII had a minor defect of a collection of symptoms making him eratic and Mary of Tek his wife is said to have formed a plan, it was really many who did, of complex intermarriages into far wider gene pools for the Windsors to stay on the throne and this was in combination a growth of colonilism plan and an improvement in royal bloodlines plan, this plan using secrettive tactics Psychological Warfar to tilt nations in directins Espionage scemes and front-business financed by England could promote and laud publicly.

The US Central Intelligence Agency and its earlier forms were used to working with Great Brittian, the Vatican, later ISreal, and many others and with Vatican II in 1961 and a new Pope in 1963 and WWII allegiance with the Vatican and Vatican Bank to participate in warfare in the lands the Vatican was in an NWO if you all it that was formed and had a mementum of its own that fit well as England the last of Europe (other than the USSR) with the US defeated Nazis and stayed on the throne liberating Europe, and the US saw the aristocracy of Europe a great military industrial fabric that would help fight erosion of Democratic Capitalism into the USSR and Socialism.

This was part of MKULTRA and Eisenhower, Averall Harriman, Prescott Bush and the Walker family, and many others.

In 1961 the Kennedy family was in the Oval Office and several difficult to think about but relevant factors apply.

One is how effective assassination is. Though in reality presidential president and vice president tickets are balanced with some appeal to one group of constituents like Southern Baptists or Northereaster Roman Catholics.

The changes between John F. Kennedy to Lyndon B. Johnson were a major shift from the Boston Tea Party Massachusetts rejection of British rule in the USA and Ireland and Lyndon B. Johonson the Southern Democrat on what Anne Coulter referred to as British Protestant Houses of proper people like Thomas Jefferson who were English aristocrats.

The Georgians, the new form of countryside aristocracy was the mansion (not quite stone castle or palace) on the feudalistic slave-holding farms.

The collection of Sleeper resources being prepared as Agents of Influence of some type around the world including Walt Disney entertainment for children, news services, Life Magazine, NGO organization for Latin American and farm programs, all pushing CIA plans for the world and one of these groups was the Branch Dividian Compound and one of the Central European Free Mason types was Janet Reno the Attorney General.

Following the Kennedy assassination the world interest had to cover its trail as it had to before having silence Marilyn Monroe, Clark Gable, and others about a plan Joseph Kennedy Sr was in on and helping fund, grooming Agents of Infuece for usage around the world in subversion and overthrow plans including in peaceful way preparing himslef or his children to be President in the USA and going with the FDR world plans,

not Roman Catholic Al Smith.

Probably because of confluence of factors including the CIA hit on Marilyn Monroe like using Dr Jacabson to try and calm the strong feelings she was experiencing (Borderline Persoality Disorder) her loyal team RFK, Peter Lawford, and Dr Greenson could not saver her from being silenced.

Next in line and probably equal was the re-activation of the Troubles in Ireland really about 1961 possibly because the republician Roman Catholics began to sense a world movement in their favor.

John F. Kennedy bucked the globalist secret society of regime change trend and in a speech at Dealy Plaza was to out WETDIVISION Psychological Ware assassinations and overthrow that included using press to deter Conspracy Theories.

Vice President Nixon and the CIA did not trust and respect JFK who was left out of the loop or ignored sometimes and RFK and Ted Gunderson were probably at an equal level of partial knowledge. They worked more on the issues as focus but were lower level officials than JFK.

Over time the footprint of the NWO would be wiped out from High Ranking orders and the Bush Rockefeller Republicans Nixon Ford etc., would hold the CIA, committees, and oval office afterward (Bush was CIA director for one year, the HSCA got started he left the CIA with about one week of paid action plus three days of travel, etc..,

The Civil War today is TRump faction of GOP versus the CIA such as Mueller, Wray, Donald Barr Wiliam Barr, Nuland, Rosenstein, etc., and Jen Moore will talk about those figures.

She also will talk about John Podesta and thus Clinton but I think Podesta to Barrack Obama Jr is the coorect link there.

WACO in Detail

This article covers that the compound was attacked with the intent to kill and other information was that the compound was a long term CIA plan that would not follow new or future CIA orders as asked to do so.

https://starshipearththebigpicture.com/2016/07/10/the-paul-wilcher-report-leaked-waco-document-from-murdered-cia-assassin/

[image]

Knowing the truth of this story, can any of us doubt the depths of depravity these psychopaths stoop to? Is the fake shooting at Sandy Hook where no one died really on the same scale? Hardly-yet the denial is adamant in the public even now. How about 9-11? Is it really so impossible to comprehend? The Boston Bombing? The Orlando Night Club shooting? The sniper shooting of 11 police officers in Dallas this week?

Do we now understand why so many Navy SEALS had tragic "training accidents" after being deployed to do the cabal's dirty work; why nearly 50 people (that we know of) have died over the years who were involved with the Clintons and their illegal activities?

How can Americans trust their government and mass corporate media to tell the truth about ANYTHING?

Folks had better get accustomed to hearing about this ugliness within their own "government", because there's plenty more to come.

Thanks, L, for sharing. ~ BP

The Paul Wilcher Report - Leaked Waco Document from Murdered CIA Assassin

The following was extracted from a report prepared by Attorney Paul Wilcher, a report based on actual eyewitness testimony. The members of the very assault team mentioned in the following report had been in contact with Paul Wilcher, via a third party, and given immunity from prosecution they had been prepared to testify. Even though these were hardened professional killers, what they had been ordered to do and actually done at Waco had deeply disturbed them.

On May 21st, 1993, Wilcher went to present the following to US Attorney General Janet Reno, on June 23rd Wilcher's badly decomposed body was found in his apartment. Upon discovery his apartment was sealed and searched and all documents removed. That indeed might have been the end of the matter but Wilcher had given a copy of his 100-page report to Sara McClendon, a senior White House correspondent, shortly before his death.

Wilcher had made one critical mistake in presuming the innocence of Janet Reno and Bill Clinton; it was a mistake that was to cost him his life.

In mid 1999 the report re-emerged, whereupon the four members of the Delta Force assault team involved at Waco all died in training "accidents". The fact that they are not named in this report had probably allowed them to live so long. However as soon as the report re-appeared the "accidents" occurred, effectively "silencing their testimony forever."

The Paul Wilcher Report

What actually happened in Waco, according to the information I have been given is as follows:

1) As early as Sunday afternoon or evening, April 18th (shortly after your conference with President Clinton), calls

went in to the Parkland Hospital in Dallas-the very same hospital where President Kennedy was taken after his assassination in Dealey Plaza on November 22nd 1963 - again, at the hands of CIA professional killers - to be prepared to receive a large number of serious burn victims from Waco the following day.

2) On the morning of April 19th, the same Delta Force commando team - actually, a select group of the CIA's top professional killers - which would have carried what I have referred to above the "penultimate plan," had it been approved - was on the ground in Waco to carry out all aspects of the "wet" operation planned for that Monday.

3) This mass murder was then to be covered up and made to look like a "mass suicide" - just like Jonestown - thereby layering one monstrous CIA lie upon another - since both Waco and Jonestown were CIA mass murders, and not mass suicides.

4) This Delta Force was composed of 15 men in all, headed by a Lieutenant Colonel who was a CIA liaison officer. The group flew into Texas on their own C-130 transport plane, parked it at the Waco or Dallas airport all day, then departed once their "dirty work" had been completed. The plane belongs to Triangle.

5) Among the 15 men in this larger group, there were two (2) smaller operational teams - the 4-man team which actually made the insertion into the compound, as described in detail below, and a back up team, which apparently was never used.

6) These were all dressed in black - black pants, black shoes, black jackets, black gas masks, black gloves - very poetic for a black or wet operation - and were dressed to look like all the other FBI officers on the ground - probably even wearing jackets with FBI insignias on them (though I am not certain of this), so that to any outside observer, there would have been virtually no way of telling these four men apart from any of the other federal officers on the scene at the time.

7) The whole nation watched on TV that morning as the FBI used M1-A1 tanks to punch holes in the exterior walls of the compound's living quarters. We were later told that at the same time they had battered down these walls, the tanks had also lobbed massive quantities of a very virulent form tear gas into the compound.

8) This tear gas had been designed to be used for crowd control - i.e. it was so virulent and irritating that even in a fresh air out of doors situation, it was guaranteed to cause people to flee from its presence simply in order to be able to breathe.

9) Now, it was being used in a closed, indoor, living quarters situation where 95 men, women and children were trapped inside. The logical expectation would have been that all 95 of these persons would have fled out-of-doors instantly, just to be able to breath. But strangely, not a single person came out of the compound - even after this noisome substance had been poured into the compound in enormous quantities over a period of several hours.

10) The logical therefore arises: Why? Why did not ANY of these 95 men, women and children - particularly the women and children - instantly flee for fresh air into the out of doors? The answer we have been given by the news media and the official FBI spokesman is that David Koresh and his cult members had stockpiled and outfitted themselves with gas masks.

TEAR GAS - AND NERVE GAS - WERE USED

11) The real truth, however, is much more sinister and cold-blooded. For what actually happened here is that the tear gas - as virulent and noisome as it was - was only the mask or cover for the real active ingredient being propelled by the tanks into the compound.

What was actually propelled into the compound was a nerve reagent - a neuro toxin - NERVE GAS a virulent poisonous

substance like curare - which instantly paralyzed and rendered totally helpless and defenseless all of the 95 men, women and children inside the compound - except for those 9, later rescued, like David Thibideaux, who were on the 2nd and 3rd floor with their windows wide open on both sides, and who were thus spared the deadly effects of this tear gas/nerve gas combination.

For all the others, they could no longer coordinate their muscles in the effort required even just to get up, much less flee to the life sustaining fresh air outside, only a few feet away.

This is an extremely serious matter, Attorney General Reno. For it means that here the U.S. military, the FBI, and the Justice Department - directed by the CIA - used nerve gas on innocent men, women and children in our civilian population - and then proceeded to murder them in cold blood, as is set out in detail below. This clearly rises to the level of War Crimes on a civilian population during peace time, an unspeakable human rights violation.

And it was committed by our intelligence community against innocent men, women and children - simply to bury the truth concerning the CIA's criminal use of mind control programming to "manufacture" "Manchurian Candidate type" robot assassins whose very existence is an unspeakable outrage, in and of itself.

THE "DELTA FORCE" TEAM ENTERS THE COMPOUND"

12) After this deadly tear gas/nerve gas combination had had time to do its debilitating and paralyzing work on all the men, women and children in the compound, 4-man "Delta Force" team - actually some of the CIA's top professional assassins - made its entry into the compound. Fittingly for a black operation, they were dressed all in black, from head to toe, as stated above.

13) They were dropped onto the roof of the compound by one of the several low-flying, heavily armed military helicopters which hovered overhead throughout much of the day - while all

of the television cameras were focused on the outside of the building at ground level - for example, focusing on the tanks which had just lobbed the tear gas/nerve gas combination into the building. The actual insertion into the building came at approximately 10:25AM.

14) Before they entered the compound, however, this four man team of assassins had received shots of atropine, the antidote to the nerve gas, so that they, too, would not be overcome and paralyzed by it.

15) According to the testimony given before the House Judiciary Committee on the day of your testimony, Attorney General Reno, the fires in the Branch Davidian compound did not become visible until approximately 11:45AM that morning. This means that the team had something in the neighborhood of one (1) hour and fifteen (15) minutes, or so, in which to do their “dirty work”, and then to make their escape.

16) The murder of David Koresh:

One of the first things they did, obviously, was to go into the so-called communications center, just off the kitchen, where they found, and quickly subdued and killed, David Koresh, along with any of his close associates who were nearby. David Koresh was killed with a single bullet to the middle of the forehead, about an inch above the eyes, fired from a distance of about four inches away.

In this regard, an article on page A-3 of The Washington Post, on Tuesday, May 18th, 1993, is directly relevant. It quotes noted forensic pathologist, Dr Cyril H Wecht of Pittsburg, who had recently completed an independent autopsy of the bodies of David Koresh and Steve Schneider, one of his chief lieutenants, as saying that the gunshot wound in the middle of the forehead, which killed Koresh, and the gunshot wound in the back of the head, which killed Schneider, are “not typical of suicide.”

And no wonder! They were, in fact, NOT killed by suicide at

all. This was a calculated, carefully planned, cold-blooded mass murder…

17) From the communications center, the "wet" team then fanned out throughout the rest of the compound, and methodically "took out"(i.e. murdered) all of the other six (6) CIA "sleepers" they would have murdered earlier, in what I have called the "penultimate plan", had that plan been allowed to go forward, plus a number of other persons along the way….

HOW THE FIRES WERE STARTED

18) The remaining task for this "wet" team - after the multiple murders, described above, had been carried out - while they were still inside, was to place 3 or 4 canisters of "Willie Peter" (White Phosphorus) in strategic locations throughout the compound in order to start the fires.

These canisters were all equipped with delayed timing devices, all set to go off simultaneously - apparently at or before 11:45AM, that's when the fires were actually sighted by outside observers on the scene.

White phosphorus is one of the most fearsome incendiary devices imaginable, and is therefore a favorite of the CIA's "wet" teams. It ignites instantly, immediately burns with white hot intensity, and consumes, beyond all recognition, everything in its path - thereby destroying all possible forensic evidence - and covering, as well as one can possibly imagine, the trail of assassins (like this particular "wet" team) who want to try and claim later that their actual mass murder was merely a "mass suicide" or a "tragic accident."

CIA "wet" teams have also been known to corner their intended targets into a closed quarter, and then throw "Willie Peter" into their midst, so that these victims are instantly immolated right before the teams' eyes.

The fire which "Willie Peter" produces is so intense, and the combustion so complete, that victims - as was the case here in

Waco - can only be identified by their dental records.

But here, because the team itself was inside the closed quarters, they had to use delayed timing devices on the "Willie Peter" canisters - to give themselves time to make their own exit before the entire compound was consumed in the monumental conflagration we all watched in horror on television.

19) Notice that this explanation of how the fires started comports with the observations on the scene - with what the television cameras at ground level recorded, and with what the military helicopters and their infrared cameras overhead observed - i.e., that 3 or 4 fires started simultaneously at different places in the compound. And then these separate fires spread rapidly (because of the wood construction, the straw which was everywhere, the high winds, and the white hot "Willie Peter" incendiary devices which had started these separate blazes in the first place), until they became united into a cohesive whole, involving the entire compound, which became far more destructive than the sum of these separate smaller fires, until it ultimately became a massive conflagration which consumed everything in sight.

One possible contrary explanation, which has been offered by commentators and the "tragic accident theory" advocates, is that the tear gas sprayed into the compound by the tanks… (ignoring the fact that what was injected was NOT just tear gas but a tear gas/nerve gas combination) was itself a combustible substance, that one of the tanks, in punching holes in the exterior walls, had accidentally knocked over a kerosene lantern or container, and that the kerosene had then ignited the tear gas, which resulted in the conflagration.

This "tragic accident" theory, however, simply does NOT square with the known facts, preserved on videotape, because the compound did NOT explode into a massive fireball all at once (as would have been the case if the tear gas itself had been combustible, and had ignited by a torch, like lighted kerosene).

20) The other point to be made here is that, while the “wet” team did kill many of those inside the compound prior to setting the fires (by means of the “Willie Peter” canisters on delayed timing devices, discussed above) they apparently did NOT murder (at least, directly) ALL of the 86 men, women and children who ultimately died in the tragedy - meaning that many of those who died were left paralyzed by the nerve gas, unable to get up or free themselves from this disaster in progress, and were thus consigned to being consumed alive in the giant conflagration brought on by the white phosphorus.

And those consigned to this horrible fiery fate - being burned alive - apparently included men, women and children.

NOTE WELL

21) The bottom line here is that 86 men, women and children died - i.e. they were murdered - in the Branch Davidian compound on Monday, April 19th, 1993 - ALL at the hands of the 4 members of this CIA “wet” team, operating under cover of the “Delta Force”.

22) The bottom line is also that high-ranking officials in our government…
- though NOT yourself, Attorney General Reno, and NOT President Clinton -

…including senior Reagan and Bush Administration holdovers in the Justice Department, the FBI, the BATF, the Pentagon and the CIA - all knew in advance of this Waco operation was designed from the start to be a mass murder in which only those few individuals whom the CIA had targeted in advance to be saved would be allowed to survive - and that ALL of the other 86 men, women and children in the compound would be murdered in cold blood by these CIA Delta Force assassins.

23) I mentioned on page 30 above that one of the uses the CIA makes of its mind control sophistication is to implant memory blocks into the subconscious memories of its top professional assassins - in order to allow them to live with what they have

done, and NOT to be overcome by flashbacks and nightmares of their "handiwork."

Note Well: But I have been informed that those memory blocks are NOT holding very well in this instance and that some or all of the four (4) members of this particular "wet" team are sickened by what they were ordered to do, and what they did, in fact, "accomplish", in Waco on April 19th. To these hardened, seasoned professional assassins, it was all "too easy". The people inside the compound (as a result of the nerve gas) simply "never had a chance."

See the postscript to this document at: http://www.thetruthseeker.co.uk/article.asp?ID=36 ***(Link doesn't work. ~ BP)***

WACO: WHAT REALLY HAPPENED

For many Americans, Waco represented the nightmare their government had become. On February 28, 1993 federal BATF agents arrived at the Branch Davidian compound in Waco, Texas. They used the pretext that the Davidians failed to pay a small fine on a minor firearms charge. Apparently the government believes Christians who own guns are a greater threat than street gangs, who have turned entire sections of cities into war zones.

Instead of knocking on the front door, they jumped out of the back of their truck, and stormed the compound, shooting their machine guns at the building, supposedly to arrest leader David Koresh, who quite frequently went jogging outside of the compound and often drove into town to pick up groceries. The government could have easily arrested him without incident.

They weren't interested in simply arresting Koresh. They wanted to make a statement. They wanted a confrontation. The Branch Davidians who originally opened the front door to greet them had to slam it shut to save their lives. Several Davidians and BATF agents were injured and killed. The BATF claimed the

Davidians shot at them, however the door showed 13 bullet holes coming from the OUTSIDE IN, and none going from the inside out. This door mysteriously disappeared and has never been found (funny how these things happen in cases like this, isn't it?). For 51 days we watched the puppet politicians and media vilify Koresh and the Davidians as agents of the US government surrounded the compound, cut off power, cut off phone service so the people inside could not tell their side of the story to the public. They set up loudspeakers outside the compound and loudly played the sounds of pigs being slaughtered and heavy metal music 24 hours a day.

It all ended on April 19, 1993 when Delta Force agents showed up dressed to kill in Gestapo black uniforms. They hopped into their A-1 tanks and punched holes into the side of the building. They then flooded the building with nerve gas, and apparently started a fire that consumed the building and caused the deaths of 86 of the men, women, and children inside. Although the American public was brainwashed to view Koresh as a sexual maniac with dozens of dazed followers in his hypnotic thrall, the truth was far from that officially endorsed deception.

David Koresh was not the raving lunatic who the media and FBI demonized on a daily basis. Koresh wasn't an unstable egotist who sought solace and validation in any oddball religion that came down the pike. He was born and raised a Davidian, a religion whose origins stretch back to 1934. Far from a Jim Jones figure with a fly-by-night theology, Koresh was a seemingly devout man with a lifelong understanding of the Biblical scriptures, and his followers appreciated that. This clearly symbolized how we live under a de facto executive dictatorship. The White House never felt the need to ask permission of the Congress before it undertook the raid, and the Congress never raised a serious challenge to the White House's assertion of complete sovereignty. Our elected representatives and media provided the illusion of participatory government, while Reno and various anonymous and unelected underlings held the reins of government and abused their power on a horrific scale.

Waco was neither a leftwing nor rightwing issue. It is instead an issue that transcends such political categories and cuts to the most profound of questions as to what kind of country this is, what kind it should be, and the very meanings of liberty and tyranny. At Waco, the U.S. government treated the Branch Davidians as any total state might treat its most alienated subjects. It broke into their home aggressively, shot at them recklessly and mockingly defiled their graves. It blocked off their water and their communications with family, counsel and the press. It waged psychological warfare on them. It showed no mercy on the little children that it gassed. It imprisoned the survivors, including one man who wasn't even in the building during the siege. The Davidians were effectively dehumanized by the central state's lapdog press, and so all too few voices, even on the hyper-sensitive left, came to their defense when Clinton and Reno's federal police stampeded them under their weight.

There are always groups that receive less sympathy when they go head to head with the state, and the ruling class knows it and thrives off it. For years, in different ways and to varying extents, it's also been gun owners, pro life activists, home-schoolers, divorced fathers, and independent entrepreneurs among others. It can be one group that endures the jackboot today and a seemingly opposing group that suffers tomorrow. But the primary concern for a free society is not which kinds of people should have their freedom smashed. The real concern is liberty for all. The capacity of the state to divide peaceful people into groups and set them against one another is its capacity to oppress. When anyone is victimized by the state, all who believe in and love the universal values of freedom, as well as the finer principles on which America was founded, have a moral obligation to oppose it. A government that can get away with what it did at Waco is essentially unleashed, constrained only by its own whim.

After Waco it was becoming more popular to criticize the government and there was more open hatred of their tactics. At that time it was mostly the right that spoke out against

unchecked government power, erosions of the Bill of Rights, and the imperial executive. But the bombing of the Alfred P. Murrah building in Oklahoma City, which occurred on Waco's two-year anniversary, saved the Clinton presidency and government from a population becoming angry at government abuses of power as it's partisans successfully blamed the terrorist attack on anti-government attitudes.

After the OKC bombing, suddenly we were to believe that even the mild criticism of government heard on mainstream conservative radio was aiding the terrorists. Then the most dramatic change occurred with 9-11. After that it became even more politically incorrect to openly criticize government excesses, whether under Bush or Obama. One side will accuse the other of of siding with "the terrorists".

Waco is a reflection of a greater problem. Look at the many laws and policies in America leading up to Waco, and Waco shouldn't be any surprise. Look at Waco, and the post 9-11 Homeland Security police state falls into place. The continuity between the Clinton and Bush and Obama presidencies on issues of civil liberties demonstrate something that many people don't want to wrap their minds around. America's police state is utterly bipartisan. It is designed to persist and indeed extend its reach with each administration, no matter the party in charge. In fact, the political party illusion serves to distract people from the real issues, the state's trampling of our liberties, and instead devote their hopeful attention and energy to getting one dictatorial gang elected rather than the other.

Both Clinton and Bush, and now Obama have gotten away with massive prosecutorial abuses, federal police brutality and dramatic attacks on due process for the accused, all while the people have argued over which side is the worse liar and central manager and not how best to restore liberty in America. So Bush's Patriot Act was condemned by the left while he was in office, but Obama's and Clinton's assaults on privacy are ignored or encouraged. The right called Clinton's seizure of Elian Gonzalez tyrannical, but thought Bush had the "inherent authority" to detain and abuse people without trial or due

process. The left lamented how loyally the mainstream media toed Bush's line on WMD in Iraq, but wasn't nearly as critical when the media parroted Clinton's Kosovo war propaganda.

Obama's and Clinton's gun grabbing are decried as totalitarian by the right, whereas the Bush federal government got away with door-to-door gun confiscations in New Orleans after Katrina. The federal response to Katrina alone should have lost Bush all of his support among those who found Waco unacceptable.

The worst of this problem of the bipartisan police state is seen in the "they did it, so why can't we?" form of argument. How many times did we hear Bush's defenders cite something horrifying that Clinton did or said as evidence that Bush's actions weren't as beyond the pale as his critics claimed, after all? This is a disingenuous line of argument coming from those who lambast Obama or Clinton. But it is effective so long as Americans care more about their team winning the electoral championship every four years than about the fact that the whole game is fixed. If Clinton's officials conducted a large civilian massacre on American soil, should Bush have been allowed to as well?

One interesting thought experiment is to ponder what would have happened if it had been Bush who torched the Branch Davidian home. My guess is that he'd get away with it just as Clinton did. In contrast, however, the American right would not be nearly as outraged as it was, or pretended to be, in the early 1990s. The left, on the other hand, would be quite enraged, far more than it actually was in 1993. It might even point out that half of Bush's victims at the Waco siege were persons of color. As it actually happened, the left didn't even notice the demographics of the slaughtered. You see, the establishment left typically saves the race card to play in partisan games.

America's had this bipartisan police state for a long time. It was Republican Abraham Lincoln who waged war on half the country and suspended the Bill of Rights in the other half. It

was Democrat Woodrow Wilson who really honed the art of imprisoning dissenters. It was the Republicans in the 1920s who adamantly enforced alcohol prohibition. Democrat Franklin Roosevelt tossed the Japanese Americans in concentration camps. When Republicans turned the heat on leftists during the Cold War, they were only emulating their Democrat predecessors' surveillance and harassment of Old-Right and far-left dissenters in the 30s and 40s.

Both Republicans and Democrats are fervently pro-gun control. Neither party has ever done anything significant to rein in the IRS. And just as Clinton's men helped to whitewash the massacre at Ruby Ridge, which occurred on the first Bush's watch, Republican fixers were eager to cover up the Clinton administration's wrongdoing at Waco.

The trend continues today. Although Obama and his cadre have set some precedents, the Republican opposition offers little hope. Bush spied on Americans with no regard for the Bill of Rights or even the meager statutory restraints imposed on him, and all the Democrats did was whine that they weren't in on the snooping, and that next time they wanted to be informed. Of course, they all have an interest in keeping the police state healthy and strong. The idea that the Democrats are more sensitive to civil liberties while at the empire's helm is too absurd for words. Obama's abuses of power far outshine any of his predecessors.

Waco should remind us that Democrats are no more restrained than the Republicans when it comes to being "tough on crime," if all that entails is using the bludgeon of state power against all social elements the ruling class has deemed less than human. It should also remind us that that bludgeon is no more surgically precise or benevolent no matter who wields it, and how corrupting it is for those who do. This should have been obvious to all, as the Bush government turned Iraq into one big Branch Davidian compound.

If ever Americans are to have their rightful liberty, a political

realignment must emerge that shatters the dishonest and distracting constructs of left and right, Democrat and Republican, and focuses instead on liberty versus the state. Asking a liberal what he thinks of Waco, or Obama's list of abuses might give you an idea of whether he tends toward liberty or statism. Asking a conservative about Iraq or the door-to-door gun confiscations in New Orleans after Katrina may provide similar illumination. The atrocity apologists on left and right should be seen as on the same side on the issue of state power, and those of us who oppose mass murder must work together against the criminal bipartisan police state.

R. J.E., Anthony Gregory

Nixon Ford Carter Sorenson

Theodore Chaikin Sorensen was an American lawyer, writer, and presidential adviser. He was a speechwriter for President John F. Kennedy, as well as one of his closest advisers. President Kennedy once called him his "intellectual blood bank". Wikipedia

The non-militaristic pacifist was in the DNC the alternative to confrontational ism and a Carter short list nominee to head the CIA had he not been so pacifistic.

"You can fool some of the people some of the time, all of the people all some of the time, but not all of the people all of the time" Nixon is quoted as saying. Though JFK was assassinated in 1963 allowing LBJ to become the NWO puppet president going ahead with the Vietnam War and regime changes planned upon LBJs retirement Nixon Ford would come along, the NWO Republicans saddled with have assassinated JFK when JFK rebelled against the NWO fabric of plans and entities and methods.

Nixon was impeached trying to cover his JFK trail using the same fixers (G. Gordon Liddy E. Howard Hunt most notably and I think Frank Stugis) and the era of reform as Vietnam and the legitimacy of Nixon was lost Jimmy Carter reformist was in power in 1976 and bringing in the likes of Sorenson or trying to do so building a post Bay of Pigs post Cuban Missile Crisis JFK admin.

Bush will be running scared and pull the October Surprise with the help of his ex CIA campaign manager and if he can an he did get into the Oval Office under Reagan continue Regime Change and covering the NWO trail.

In truth there thousands in media and politics and law and espionage who are the Cabal of the Willing NWO cartel and the

Cabal remains intact but is showing signs of hemorrhage of information as independent historians get their books out and CIA leasers talk and documents are declassified allowing operatives to talk.

The Donegan's on the cover of his book and Colonel Fletcher Prouty

As Vice President Nixon, the Rockefeller's, and other Grand Old Party "snits" planned to and did gain control of Iran, Guatamala, and other locations they also planned overthrow Indonesia who had President Sukarno that the USA wanted to replace with Suharto perhaps make other plans for Indonesia as well creating a future Agent of Influence to move into Indonesian politics later, Barrack Obama Jr.

Indonesia 1958: Nixon, the CIA, and the Secret War By L. Fletcher Prouty is an detailed article about the Cold War post WWII era world in which he as a USAF Pilot worked extensively with Allan Dulles and John Foster Dulles, Richard Bissle Jr, General Cabell USAF and getting a commendation from Ca bell as the go between between the USAF and CIA for regime change operations and Indonesia like Cuba was a planned operation JFK LBJ would in 1961 upon being sworn in inherit from Nixon Eisenhower. https://ratical.org/ratville/JFK/Indo58.html

My father was born in Dorchester Massachusetts where the Kennedy's lived they themselves children of Republic of Ireland Roman Catholic immigrants who if just by ethnic issues of Northern Ireland and Republic of Ireland that may have verged on abstract for them (if not in foreign policy making) the treatment the Irish got in Boston was terrifyingly abusive.

My father and his parents experienced it as did the Kennedy's though the wealthy Kennedy's who were already in politics experienced it less the Kennedy's were sympathetic to it for all Roman Catholic Irish and poor.

Prouty himself was Roman Catholic Irish from this area and I sent some genoloyg on Prouty to a coroner recently suggesting a factor in how this conspiracy formed and operated.

James Donegan did fly RECON in WWII and wsa part of atomic testing and exposure to an above ground atomic bomb, the only one before Hiroshima and Nagasaki, and that was in the P-51 recon fitted plane, then the F-86 in Korea likely from Atsugi Air Base Japan where Lee Harvely Oswald worked for a while and the movie Jet Pilot was filmed, the John Wayne character and his wife looks like a fictionalization of the James and Glorian story, and Pouty during this time, Richard Bissle Jr., the CIA and USAF commands were sudying and directly the RECON data Prouty and Donegan would be the war-time participants in.

Later as I was a child living in Boston area (Marshfiled) with my Donegan family the Prouty family were our friends.

Col Fletcher Prouty would write Secret Team and JFK that allege a big busiess plot inside the USA by General Lansdale, the Cabell brothers, others, had conspired to kill JFK so Clay Shaw's United Fruit like company, a CIA front Company out of Orleasn Parish accessing the Gulf of Mexico, operated from cooperating with the CIA plans JFK was trying to call an end to.

Jen Moore will talk about her inside knowledge that was extensive about the CIA and Dulles (Allan Dulles) and how these figures related to activities of the Kennedy administration. Jen Moore is also on the cover as is her shot she took of the Donegan apartment referencing the Donegan's in that history.

Here is an excerpt of in which Col Prouty talks about the role he was asked to play in Indonesia and how the US role came about.

What is not generally known about the complex Indonesian struggle is the role that was played by the then Vice President of the United States, Richard M. Nixon, and the bitter aftermath that involved the sudden ouster of Allen Dulles' protege, Frank Wisner, who at that time was the head of the clandestine arm of the CIA. After Watergate, when Anthony Lukas wrote in his book Nightmare, about the growing mistrust between Nixon

and the Director of Central Intelligence, Richard Helms, he could have added that since the 1958 Indonesian rebellion there were many in the CIA who made a career of hating Nixon because of what he had done to Frank Wisner, among others.

> **Indonesia 1958: Nixon, the CIA, and the Secret War By L. Fletcher Prouty**
>
> The Indonesian campaign began rather casually as so many CIA ventures do. Few if any ever originate at the top.
>
> During an unguarded conversation in Washington the Indonesian military attache mentioned earlier made it known to certain U.S. military acquaintances that there were many prominent and strong people in Indonesia who would be ready to rise against Sukarno if they were given a little support and encouragement from the United States. It happened that one of those U.S. military friends he talked to was not a military man at all, but a member of the CIA. The provocative words got back to Frank Wisner, then the Deputy Director of Plans. He was in charge of the CIA's clandestine activity and he authorized agents to follow up on that first conversation.
>
> The Indonesian attache was wined and dined and encouraged to talk more. Reasons for the attache's return to Indonesia on official business were successfully arranged. He was accompanied by CIA agents traveling under the cover of "U.S. military" personnel. During this visit they spoke with rebel leaders. They learned enough about the potential strength of this opposition to encourage the CIA to set in motion its biggest operation up to that date.
>
> In the Philippines there was a strong nucleus of

military men, chief among them a Colonel Valeriano, who had been President Magsaysay's military assistant. He had also worked on paramilitary exercises with the CIA during the Magsaysay campaign against the leftist rebel Huk movement. This military group had gained considerable power during the Magsaysay tenure. Many of these special warfare experts from the Philippines had volunteered for duty in South Vietnam in 1955 when the CIA was deeply involved in providing undercover support for the new and uncertain regime of President Ngo Dinh Diem.

By early 1958 these Filipinos and their CIA counterparts were prepared to involve the Philippines in the rebellion against Sukarno by setting up special warfare "Green Beret" training bases and by providing the Indonesian revolutionary council with clandestine air bases. One of those bases was on Palawan, the most western island of the Philippine archipelago, in the vicinity of the airfield at Puerto Princessa on Honda Bay. The other base was on the big southern island of Mindanao, near Davao Gulf.

Concurrently, in Washington, operations were being organized. Frank Wisner took over direct command of the everyday operations of the Indonesian project. A large staff under Desmond Fitzgerald of the Far East Division was set up. The most active element of this special staff came from the CIA's clandestine Air Division which at that time was under the control of Dick Helms. As the plans expanded for this major undertaking, requirements for military equipment, people, aircraft, weapons, bases, submarines, and communications skyrocketed.

In the Pentagon there are thousands of nondescript offices in which all sorts of tasks are done. One of these unobtrusive offices was an Air Force Plans Division office. One day in 1958 two men from the CIA entered that office. After being identified they were permitted

entrance to an interior office that was the "Focal Point" office for all U.S. Air Force Support of the clandestine operations of the CIA. I had established that office in 1955 on orders from Gen. Thomas D. White, then Chief of Staff of the Air Force. This came about after several meetings with Allen W. Dulles, the Director of Central Intelligence, and others. When the CIA men entered that office in 1958, I was still in charge.

The agents outlined the Indonesian Plan, the Philippine support and training program, and told me about their own special operations staff that had been put together specifically for this vast project. Then they urgently requested light bombardment aircraft and long-range transport aircraft. We decided to take a number of twin engine B-26 aircraft out of mothball storage, put them through a retrofit line, and modify them so that they could be armed with a special 50-caliber machine gun package of eight guns, in the nose of the plane. This would give the B-26 more firepower than it ever had during the Korean War or World War II. The project was given top priority and covered in deep secrecy. Programs for pilot training and the recruitment of "mercenaries" were established.

The Head Start Program for a potential leader for Indonesia

If the CIA wanted Barrack Obama to become a leader in Indonesia why not give him a backstory other than just being the CIA backed Barrack Obama Sr. child?

I fact could it be possible to disconnect him from Obama Sr and give him a wold wide loved celebrity mother like Marilyn Monroe or a father such as Malcom X? Watching Barack Obama Jr. grow up would be like watching a young prince or Ricky Martin growing up in fame.

The FBI began watching Dr King around 1955 in its Racial Matters activities. The FBI was also interested in Malcom X who was much more radical and it is likely based on many stories like Dr King s rare appearance in Seatle Washington in Obama Jrs younger years and other storylines that King may have been working with the FBI to bring Malcom X's cooperation in. On November 21st 1964 ad I assert Barrack Obama jR is turning 3 years old as Ed Donegan was the FBI encouraged Dr King to commit suicide in a letter the FBI sent to him anonymously suggesting sexual indiscretions would ruin him.

Authors using declassified CIA files show Barrack Obama Sr was a CIA Agent of Influence project just as Madelyn Payne Dunham was in Hawaii.

The CIA put a lot of differing stories out and one possible story never reported I suggest is this is tied to Peter Lawford, Schwartzenegger Shriver in Los Angeles where RFK would later be assassinated and I Edward Paul Donegan was born.

Patricia Helen Kennedy Lawford (May 6, 1924 - September 17, 2006) was an American socialite, and the sixth of nine children of Rose and Joseph P. Kennedy Sr. She was a sister of

President John F. Kennedy, Senator Robert F. Kennedy, and Senator Ted Kennedy, as well as the sister-in-law of Jacqueline Kennedy. Patricia wanted to be a film producer, a profession not readily open to young women in her time. She married English actor Peter Lawford in 1954, but they divorced in 1966.

Patricia Helen Kennedy was born in Brookline, Massachusetts. She attended Roehampton Sacred Heart Convent School (now Woldingham School) in London, and Maplehurst Sacred Heart Convent School in Bronxville, New York. In 1945, she received a bachelor of arts degree from Rosemont College, where she was active in both directing and acting in theatrical productions.

She was considered the most sophisticated, yet also the most introverted, of her parents' five daughters. Since childhood she had a fascination with travel and Hollywood. In time, she would become a world traveler, so much so that, as a young girl, she was given assignments by the independent and foreign press to write of her travels. Her ongoing fascination with Hollywood was fueled by her father's stories and adventures there as a movie mogul heading RKO Pictures. After graduating from Rosemont College, she moved to Hollywood, in hopes of becoming a movie producer and director like her father.

Her father apparently believed that she could do as much, once saying, "Pat is the one with head for business. She could really run this town if she put her mind to it." - Wikipedia

This group of successfull people tied to entertainment was part of the outgrowth of FDR Undersectary of the Navy who bought steel from Josheph Kennedy Sr an exec a a steel company for the War WWI that when FDR became president he offered Joseph Kennedy Sr Ambassador to Great Brittain I think following up on Uncle ALbert's young children in the USA according to other functions, Norma Jean living outside RKO one of them.

Agents of Influence planned in the media and internationally

and the Lawford conneted media attention will help JKF win the Presidency.

At is near the Lawford house I was born in Manhattan BEach City of Los Agenels Couty near SSFL labs, atomic testing of Nevada and the Los Angeles hills, the city McMartin Preschoon CIA scienfitif supplies found go back to 1959 or so perhaps with the patent number 3233 the last four digits of my SSN.

Marilyn Monroe's house is also quite close and RFK would die in this location as he stayed in the Robert Frankenheimer Manchurian Candidate film maker and Frankenheimer put on presentations a the hotel the RFK campaing was holding its event in.

Ed Donegan asserts Marilyn Monroe, Glorian Donegan, may Julie Andres, perhpas Victoria Brein Windsor, or others were part of the King Edward VIII getting to close in the 1920s with Franz Kutchera, Himmler, and Hitler, Maria Kutchera the neice of Franz Kutchera.

Ed Donegan and Jen Moore independently suggest Glorian Donegan was Glorian Gainey before marriage and grew pu on a 1926 farm under a hidden non Kutschera name and non Windsor name.

Atomic Testing in that area may have been used to try and IVF of her eggs, and one may have been used for Malcom X as the father.

Between Sidenty Gottlieb speech therapist and Assassination overthrow program (including planning for Hawaii Polynesia and Indonesia) Max Jacbson working on Meth and Dr Greenson also involved the CIA likely had a few births being tracked over the years and some possible non consensual or exploitatively forced agreements for DNA usage that was being studied.

All of this fits Donegan internal stories, FOXP2, and picture of an experimental monkey at the whitehouse with a statue abotu

evolutionm a monkey reading on a stack of books, Donald Barr sounding, and in the DOnegan house too.

All of this is really public record such as Kennedy receiving the meth treatments of Dr Max Jacobson, RFK in Los Angeles at what will be said to be Obama's 1st 1964 birthday, but really a November 19 birthday and later the November 18th birth certificate 022-46-3234 destroyed most likely

IT was all agents of Influence, Marilyn Monroe in Misfits, other stories about the Princess and the Showgirl, etc., gettign ghost written stories by G. Gordon Liddy that with names changed told CIA stories, etc.,

The FBI and CIA need Dr King silenced, Malomn X silenced, Marilyn Monroe silenced, and the Donegan's and others silenced looking into the Obamas like Micheal Hastings, Vicoria Brein Windsor, Andew Breitbart who had male dopple of Michelle Obama on film, and others.

Malcom X did not say that his child was Barrack Obama Jr. but as is a common CIA FBI system pictures were arranged suggestively in his own magazine Mohumad Speaks where he seems to be approvivlignly looking at Dunham holder Barrack Obama Jr but the picture of Malcom X is not joined to the picture of Dunham and Obama Jr, it is just suggestive that is one scened but it is not said to be one scene.

It is plausibly deniable the layout of the photos was not to suggest a connection between the three people in the two pictures.

Ted Gunderson on the Trail left at Carousel Club

Marilyn Monroe is dead. Dorothy Killagllen is dead. RFK and JFK. Who will have dinner parties with Ted and his FBI under RFK?

Per the referenced documentary narrated by Dennis Farina intelligence disclosures and witness statements since the JFK assassination is that Jack Ruby could open his strip clubs, gambling, and other activities in Cuba in exchange for helping the CIA out Castro.

Ruby was part of Mafia world (Campisi, Marcello) RFK was deporting, NIXON Mafia was returning Ruby had talked with Sam and Joe Campisi and Marcello who had talked in advance of killing JFK and also Candy Barr stripper at Ruby Free Mason Donald Barr CIA Goerge H.W. Bush Free Mason Knight's of Malta and Free Mason J. Edgar Hoover James Angleton, John ulled Alan Dulles Cabell CIA https://youtu.be/PYI4PqtIyE0?t=5950 Who Was Lee Harvey Oswald? (full documentary) | FRONTLINE Oswald an hour late coming down stairs like to get Ruby in position.

Jack Ruby originally Jack Rubestein from the Chicago Yidish Mafia also called La Kosher Nostra profit based without Italian traditional Dons because these were Jewish refugees from WWII Europe (Jack Rubenstein into Jack Ruby recruited by Nixon in 1946) was like Jimmy Hoffa recruited by Congressman Nixon during the Marshall MKULTRA Plan for Post World War II foreign policy later as V.P. Nixon in Executive Action National Security Council activities using organized crime figures to assist in Central Intelligence Agency attacks on foreign officials or foreign Agents of Influence (journalists, reports, etc., who assist with propaganda, planted stories, etc., in press and film.)

In the 1940s, Ruby frequented race tracks in Illinois and

California. He was drafted in 1943 and served in the U.S. Army Air Forces during World War II, working as an aircraft mechanic at U.S. bases until 1946. He had an honorable record and was promoted to Private First Class. Upon discharge, in 1946, Ruby returned to Chicago.

In 1947, Ruby moved to Dallas, where he and his brothers soon afterward shortened their surnames from Rubenstein to Ruby. The stated reason for this was that the name "Rubenstein" was too long and that he was "well known" as Jack Ruby. Ruby later went on to manage various nightclubs, strip clubs, and dance halls. He developed close ties to many Dallas Police officers who frequented his nightclubs, where he provided them with free liquor, prostitutes and other favors.

Lepke Buchalter retrieved from Wikipedia and copied or modified to here

Louis Buchalter, known as Louis Lepke or Lepke Buchalter, (February 6, 1897 March 4, 1944) was an American mobster and head of the Mafia hit squad Murder, Inc., during the 1930s. Buchalter was one of the premier labor racketeers in New York City during that era.

Charles Birger and Buchalter are the only American mob bosses to receive the death penalty after being convicted of murder. Louis Buchalter was executed using the infamous "Old Sparky" electric chair after being sent "up the river" to Sing Sing Correctional Facility.

Background

Buchalter was born in the Lower East Side neighborhood of Manhattan in February 1897. His mother, Rose Buchalter, called him "lepkeleh" ("little

Louis" in Yiddish), which later became "Lepke". Louis Buchalter had one sister and three brothers; one brother eventually became a dentist, another brother a college professor and rabbi, and the third brother a pharmacist.[2] His father, Barnett Buchalter, was a Russian immigrant who operated a hardware store on the Lower East Side. [3] The family was Jewish.

In 1909, when Buchalter was 12, his father died. In 1910, Buchalter finished elementary school and started a job selling theatrical goods. Reportedly, on the Lower East Side, he attended the Rabbi Jacob Joseph School, where he was an "honor roll" student.[5] Soon after, his mother moved to Arizona for health reasons, leaving Buchalter in the care of his sister, Sarah. However, Buchalter was beyond her control.

On September 2, 1915, Buchalter was arrested in New York for the first time for burglary and assault, but the case was discharged.

In late 1915 or early 1916, Buchalter went to live with his uncle in Bridgeport, Connecticut.[6] On February 29, 1916, Buchalter was arrested in Bridgeport on burglary charges and was sent to the Cheshire Reformatory for juvenile offenders in Cheshire, Connecticut, until July 12, 1917.[6] After a dispute with his uncle over wages, Buchalter moved back to New York City.

On September 28, 1917, Buchalter was sentenced in New York to 18 months in state prison at Sing Sing in Ossining, New York, on a grand larceny conviction.[7] After a transfer to Auburn Prison in Auburn, New York, Buchalter was released on January 27, 1919.[8] On January 22, 1920, Buchalter returned to Sing Sing on a 30-month sentence for attempted burglary.[7] He was released on March 16, 1922.

Rise to power

Upon Buchalter's 1922 release from prison, he started working with his childhood friend, mobster Jacob "Gurrah" Shapiro. Through force and fear, they began gaining control of the garment industry unions. Buchalter then used the unions to threaten strikes and demand weekly payments from factory owners while dipping into union bank accounts.[citation needed] Buchalter's control of the unions evolved into a protection racket, extending into areas such as bakery trucking. The unions were profitable for him and he kept a hold over them even after becoming an important figure in organized crime. Buchalter later formed an alliance with Tommy Lucchese, a leader of the Lucchese crime family, and together they controlled the garment district.

Buchalter and Shapiro moved into new and fashionable luxury buildings on Eastern Parkway (135) with family who were active synagogue goers (Union Temple and Kol Israel Synagogue of Brooklyn). In later years, Buchalter and his family lived in a penthouse in the exclusive Central Park West section of Manhattan.[

In 1927, Buchalter and Shapiro were arrested for the murder of Jacob Orgen (Little Augie) and the attempted murder of Irish-American bootlegger Jack Diamond, a criminal rival. However, the charges were later dropped due to a lack of evidence.

Buchalter was described as a quiet man who for years managed to avoid the public spotlight. In conversations with his criminal associates, Buchalter preferred listening over talking. Buchalter generously compensated his gang members and took them to hockey games, boxing matches, and even winter cruises.[11] On August 20, 1931, Buchalter married Betty Wasserman, a British-born widow of Russian descent, at New York City Hall.[12] Buchalter adopted Betty's child from her previous marriage.[

Murder, Inc.

In the early 1930s, Buchalter created an effective process for performing contract killings for Cosa Nostra mobsters; it had no name, but the press 10 years later called it Murder, Inc. The Cosa Nostra mobsters wanted to insulate themselves from any connection to these murders. Buchalter's partner, mobster Albert Anastasia, would relay a contract request from the Cosa Nostra to Buchalter. In turn, Buchalter would assign the job to Jewish and Italian street gang members from Brooklyn.

None of these contract killers had any connections with the major crime families. If they were caught, they could not implicate their Cosa Nostra employers in the crimes. Buchalter used the same killers for his own murder contracts. The Murder, Inc., killers were soon completing jobs all over the country for their mobster bosses.

In 1935, Buchalter arranged his most significant murder: the powerful New York gangster Dutch Schultz. Schultz had proposed to the National Crime Syndicate, a confederation of mobsters, that New York District Attorney Thomas Dewey be murdered. Luciano argued that a Dewey assassination would precipitate a massive law enforcement crackdown. An enraged Schultz said he would kill Dewey anyway and walked out of the meeting. After six hours of deliberations The Commission ordered Buchalter to eliminate Schultz.[15] [16] On October 23, 1935, Schultz was shot in a Newark, New Jersey tavern, and succumbed to his injuries the following day.[17] In 1941, Buchalter killer Charles "The Bug" Workman was charged in the Schultz murder.

In 1935, law enforcement estimated that Buchalter and Shapiro had 250 men working for them, and that Buchalter was grossing over $1 million ($19,000,000 in current dollar terms) per year. They controlled rackets in

the trucking, baking, and garment industries throughout New York.[7] Buchalter also owned the Riobamba, a posh nightclub in Manhattan.

Downfall

On September 13, 1936, Murder, Inc. killers, acting on Buchalter's orders,[1] gunned down Joseph Rosen, a Brooklyn candy store owner. Rosen was a former garment industry trucker whose union Buchalter took over.[1] Rosen had angered Buchalter by refusing to leave town as Buchalter demanded when, despite the absence of proof, Buchalter believed Rosen was cooperating with District Attorney Thomas Dewey.[1] At the time, no one was indicted in the Rosen murder.

On November 8, 1936, Buchalter and Shapiro were convicted of violating federal anti-trust laws in the rabbit-skin fur industry in New York.[20] While out on bail, both Buchalter and Shapiro disappeared. On November 13, both men were sentenced while absent to two years in federal prison.[21] The two men later appealed the verdict, but in June 1937 both convictions were upheld.

Manhunt

Before they could be taken into custody, both Buchalter and Shapiro disappeared. On November 9, 1937, the federal government offered a $5,000 reward for information leading to Buchalter's capture.

On December 1, 1937, the fugitive Buchalter was indicted in federal court on conspiracy to smuggle heroin into the United States. The scheme involved heroin hidden in the trunks of young women and

couples traveling by ocean liner from China to France, then to New York City. Lepke bribed U.S. customs agents not to inspect the trunks.

On April 14, 1938, Shapiro surrendered to authorities in New York.[22] However, Buchalter remained a fugitive.

Over the next two years, an extensive manhunt was conducted in both the United States and Europe, with reports of Buchalter hiding in Poland and Palestine. On July 29, 1939, Thomas Dewey requested that the City of New York offer a $25,000 reward for Buchalter's capture, citing a string of unsolved gangland murders.[25] On August 24, 1939, Buchalter surrendered to FBI chief J. Edgar Hoover in front of a Manhattan hotel. The surrender deal was allegedly negotiated by the columnist and radio broadcaster Walter Winchell.[26] It was later revealed that Buchalter had been hiding in New York City during his entire time as a fugitive.

After Buchalter was convicted on the federal narcotics trafficking charges, federal authorities turned him over to New York State for trial on labor extortion charges. On April 5, 1940, Buchalter was sentenced to 30 years to life in state prison on those charges. However, Buchalter was sent to Leavenworth Federal Penitentiary in Kansas to serve his federal sentence of 14 years for narcotics trafficking.

On August 20, 1940, Buchalter was indicted on murder charges in Los Angeles for the killing of Harry Greenberg, a mob associate of casino owner Meyer Lansky and mobster Bugsy Siegel.[27] However, Buchalter never went to trial on this killing.

Murder trial

On May 9, 1941, Buchalter was arraigned in New York state court on the 1936 Rosen murder along with three other murders.[28] Buchalter's order for the Rosen hit had been overheard by mobster Abe Reles, who turned state's evidence in 1940 and implicated Buchalter in four murders. Returned from Leavenworth to Brooklyn to stand trial for the Rosen slaying, Buchalter's position was worsened by the testimony of Albert Tannenbaum. Four hours into deliberation, at 2 am on November 30, 1941, the jury found Buchalter guilty of first degree murder.[10] On December 2, 1941, Lepke was sentenced to death along with his lieutenants Emanuel "Mendy" Weiss and Louis Capone.[29] Buchalter's lawyers immediately filed an appeal.

Buchalter during his sentencing

In October 1942, the New York Court of Appeals voted four to three to uphold Buchalter's conviction and death sentence. (People v. Buchalter, 289 N.Y. 181) Two dissenting judges thought the evidence was so weak that errors in the jury instructions as to how to evaluate certain testimony were harmful enough to require a new trial. The third dissenter agreed, but added that, in his opinion, there was insufficient evidence to sustain a guilty verdict, so the indictment should be dismissed altogether (failure of proof means no retrial). Buchalter's lawyers then appealed to the U.S. Supreme Court.

The United States Supreme Court granted Buchalter's petition to review the case. In 1943, the Court affirmed the Buchalter conviction seven to zero, with two justices abstaining. (319 U.S. 427 (1943)). His appeals were now exhausted.

Execution

When the U.S. Supreme Court confirmed Buchalter's conviction, he was serving his racketeering sentence at Leavenworth Federal Prison. New York State authorities demanded that the federal government turn over Buchalter for execution. On January 21, 1944, after many delays and much controversy, federal agents finally turned Buchalter over to state authorities, who immediately transported him to Sing Sing prison.[33] Buchalter made several pleas for mercy, but they were rejected.

On March 4, 1944, Louis Buchalter was executed in the electric chair in Sing Sing.[36] He had no final words. A few minutes before Buchalter's execution, his lieutenants Weiss and Capone were also executed.

Louis Buchalter was buried at the Mount Hebron Cemetery in Flushing, Queens.

Credible sources have run exposes; one for instance narrated by Dennis Farina, that Sam Giacanca and other mob figures were utilized to build covert saboutuer bay-swimmers and assassins who would assist in combatancy against communist forces in Cuba and elsewhere and the Robert F. Kennedy opposed the mafia and that Ruby's Carousel Club in Dallas was tied to those mob activities.

Nixon's Rockefeller plans and 1946 right wing Los Angeles district Congressman and when he was United States Vice President under Eisenhower in the 1950's 1952 to late January 1961 included overthrowing Indonesia per Col Prouty who (again) wrote the CIA files that others like Wayne Madsen and Jen Moore have read.

The **CIA** was a major beneficiary. *JFK had fired Dulles and some of his top cronies and was putting oversight into the activities of the CIA who until that point were basically accountable to no one*.

John F. Kennedy felt the CIA was a loose cannon and threatened to break up the CIA and spread it to the wind. The CIA wanted both an invasion of Cuba and the Vietnam war. JFK knew the Vietnam war could not be won and would cost the lives of many of our finest young men. He had written an executive order to begin withdrawal of our troops with the goal of having them all out of Vietnam in a year or so. One of the very first things LBJ did was to reverse that order.

The **Mob** hated JFK [and that would include CIA asset Yiddish Mafia La Kosher Nostra from Chicago Jack Rubestein Nixon recruited in 1946 for MKULTRA. He was promised gambling casino rights in Cuba when Cuba was retaken by the CIA for some type pf Batista-like replacement of Castro.]. Other notorious CIA connected mobsters like Sam Giacanca were assassinated before they were called to testify. Jack Ruby lived in a CIA controlled jail with little ability to communicate and feared reprisal for talking and many speculate his psychiatrist induced cancer on behalf of the CIA].

They CIA Mob figures helped given JFK the victory in 1960 and expected to have a friend in the White House [to help overthrow Cuba but many were massacred in the Bay of Pigs thus the felt betrayed and the] reverse was true as [Allan Dulles himself felt].

Jack Ruby originally Jack Rubestein from the Chicago Yidish Mafia also called La Kosher Nostra profit based without Italian traditional Dons because these were Jewish refugees from WWII Europe (Jack Rubenstein into Jack Ruby recruited by Nixon in 1946) was like Jimmy Hoffa recruited by Congressman Nixon during the Marshall MKULTRA Plan for Post World War II foreign policy later as V.P. Nixon in Executive Action National Security Council activities using organized crime figures to assist in Central Intelligence Agency attacks on foreign officials or foreign Agents of Influence (journalists, reports, etc., who assist with propaganda, planted stories, etc., in press and film.)

Bobby did all he could to destroy the mob [built under VP

Nixon and J. Edgar Hoover as underworld assets to look out for big business interests including by being more moderate alternatives to more militant unions].

Jack Leon Ruby (born Jacob Leon Rubenstein was Yidish Chicago Mafia, Kosher Nostra. He and his Great Britain Cecil Rhodes League of Nations Free Mason supporting NWO mafia tied to United Fruit Company and the CIA Mafia including John Foster and Alan Dulles wanted overthrows around the world.

That is widely known. What I contribute to the story is the CIA Rockefeller Assassinations and MKULTRA Program were trying to prune some defective genes, or one gene, from the Windsor family, FOXP2.

Finca Vigía retrieved from Wikipedia and copied or modified to here

[image]

Lookout Farm looking out into the Bay

Finca Vigía (Spanish pronunciation: ['fiŋka βi'xi.a], Lookout Farm) is a house in San Francisco de Paula Ward in Havana, Cuba which was once the residence of Ernest Hemingway. Like Hemingway's Key West home, it is now a museum. The building was constructed in 1886.

Hemingway lived in the house from mid-1939 to 1960, first renting it, and then buying it in December 1940 after he married Martha Gellhorn, his third wife.

While at Finca Vigía, Hemingway wrote much of For Whom the Bell Tolls, a novel of the Spanish Civil War which he had covered as a journalist with Gellhorn in the late 1930s. (He had started the novel while living at the Hotel Ambos Mundos, and some of it was written in Idaho.) Hemingway bought the property with some of

the first royalties from the book, which was published in 1940. After Hemingway and Gellhorn divorced in 1945, Hemingway kept Finca Vigia and lived there during the winters with Mary Welsh Hemingway, his last wife.

At the finca, Hemingway also wrote The Old Man and the Sea (1951) about a fisherman who lived in the nearby town of Cojimar and worked the waters off Havana.

In the early 1940s, during the Second World War, Hemingway's three sons often visited him at the finca, sometimes staying in a small house that Martha ("Marty") Hemingway had fixed up for them.

The anti Batista rebels finally ousted US backed Batista on 1 January 1959, replacing his government. 26 July 1953 is celebrated in Cuba as Día de la Revolución (from Spanish: "Day of the Revolution"). The 26th of July Movement later reformed along Marxist-Leninist lines, becoming the Communist Party of Cuba in October 1965.

In 2018 we the public go a look at a memo Ted Gunderson on the job wrote long ago.

JFK Assassination Records - 2018 Additional Documents Release

In April and May 1977 data is reaching Ted Gunderson at the FBI a stripper Candy Barr and others at Ruby's nightclub had foreknowledge of the assassination. Further he likely knew Donald Barr of the CIA and did know Dorothy Kilgallen and may have been one of many sources she had about the Mafia she wrote about, interviewed Jack Ruby in jail after Ruby shot Lee Harvey

Oswald the patsy, then Dorothy Killgallen was assassinated by British assassin Ron Pataky and her notes on Ruby dissipated, her notes Ruby was working for V.P. Nixon as a state backed mobster since 1946 from La Kosher Nostra, not part of Scicilian traditions or Deplermo Mafia dons, but simple organized crime of jewish refugees in slums trying to make a living as refugees from WWII.

Ed Donegan followed the link and found this. The person who had received/reported information from a Confidential Source was Ted Gunderson.

The memo on Candy Barr does not mention a possible link to CIA Donald Barr of the OSS CIA but it is common that sensitive information would be handled by secure phone more so than distributed memos and other activitivites and communications may have been made resultant from information we see in the memo rather than how the memo may have been acted upon in 1977.

Actual FBI Agency Record Number 124-10163-10469 agency file number89＝43-10083 Subject Assassination of the President John Fitzgerald Kennedy November 22m 1963., April 6th, 1977.

https://www.archives.gov/files/research/jfk/releases/docid-32167992.pdf from https://www.archives.gov/research/jfk/release?page＝743

Robert J. Potrykus, Chief,. Intelligence Division, Internal Revenue Service, Dallas. Texas alerts Ted Gunderson was told Fulhendorf had a CI

> [Confidential Informant] who stated discussion of a stripper at Ruby's club Candy Barr (CIA relative or plant of Donald Barr?) led to conversations about Jack Ruby himself having foreknowledge of the assassination.

Ted Gunderson again crosses factually with Edward Paul Donegan and Donald Barr during Ted Gunderson's official duties investigating the assassination of JFK as an FBI agent assigned to that case and Jack Ruby who had been a Chicago Mobster who allied with the CIA and was moved to Dallas where he ran the Carousel Club, a location Ted Gunderson and others found to be a place of advance knowledge of the Kennedy Assassination that revolved around s secretive birth of a person whose name and identity was witheld by use of a cartoon like substitution of a circus animal.

Donald Barr holding an "experimental monkey" next to a book case or table figure in my family called EPD III is a person who was CIA operating out of that club with Candy Barr the stripper Ted Gunderson finds in the ring of those with assassination foreknowledge.

Per the referenced documentary narrated by Dennis Farina intelligence disclosures and witness statements since the JFK assignation is that Jack Ruby could open his strip clubs, gambling, and other activities in Cuba in exchange for helping the CIA out Castro.

Ruby was part of Mafia world (Campisi, Marcello) RFK was deporting, NIXON Mafia was returning Ruby had talked with Sam and Joe Campisi and Marcello who had talked in advance of killing JFK and also Candy Barr stripper at Ruby Free Mason Donald Barr CIA Goerge H.W. Was Lee Harvey Oswald? (full documentary) | FRONTLINE Oswald an hour late coming down stairs like to get Ruby in position.

Jack Ruby retrieved from Deep State Hit List- Strange Deaths Of People Who Knew Too Much: JFK- MLK - RFK and copied or modified to here

Dallas bag man for the mob and manager of Carolos Marcello's Dallass strip joint the Carousel Club. Rub murdered Lee Harvey Oswald He was convicted but granted a new trial.

After getting a new doctor while in jail [CIA Weapons Assassin and MKULTRA doctor Louis Jolyon West and claiming he was being injected with cancer, he died of caner related complications at Parkland Hospital.

There is some documented evidence that Jack Ruby knew about the assassination of JFK before it happ;ened. In the November 17 2017 JFK File Release, there is an FBI report from an IRS source revealing that had foreknowledge of the assassination by asking a friend to come and watch "the fireworks" with him as JFK was assassinated. The document states that Jack Ruby and the informant had been standing at the corner of the Postal Annnex Buildiing facing the Texas School Depository Building during the time of the shooting. The document refereed to and linked to in Hit List- Strange Deaths Of People Who Knew Too Much: JFK- MLK - RFK is here.

Col Prouty Gunderson RFK JMWAVE

THE GUNS OF DALLAS © 1975 by L. Fletcher Prouty photographic Research by Richard E. Sprague Reprinted with permission of the author (by Rativille permission from Prouty) is elsewhere but a case is made Lansdale at at Dallas and was part of the massive job with Cabell and others assasiting JFK. Prouty an insider to Regime Change will also write about the 1958 plan VP Nixon made for regime change in Indonesia.

If RFK was working on this so was his right hand man Ted Gunderson. When Black Opps guys like Ted Gunderson and Gene Chip Tatum or Col Prouty it is out of their common work experience surely Prouty and Gunderson had regular working relationship. Per Prouty he would go meet with the Allen Dulles in his home over MKULTRA plans, those that RFK was working on too with Gunderson and the mafia interlinks if just in tracking down V.P. Nixon's abuse of them.

JM WAVE [Overseen by Attorny General Robert F. Kennedy retrieved from Spartacus Eductional and copied or modified to here

JM WAVE was the Central Intelligence Agency station in Florida. Located south of Miami in a heavily wooded 1,571-acre tract. The numerous buildings were said to belong to Zenith Technological Enterprises.

After the Bay of Pigs disaster President John F. Kennedy created a committee (SGA) charged with overthrowing Castro's government. The SGA, chaired by Robert F. Kennedy (Attorney General), included John McCone (CIA Director), McGeorge Bundy (National Security Adviser), Alexis Johnson (State Department), Roswell Gilpatric (Defence Department), General Lyman

Lemnitzer (Joint Chiefs of Staff) and General Maxwell Taylor. Although not officially members, Dean Rusk (Secretary of State) and Robert S. McNamara (Secretary of Defense) also attending meetings.

At a meeting of this committee at the White House on 4th November, 1961, it was decided to call this covert action program for sabotage and subversion against Cuba, Operation Mongoose. Attorney General Robert F. Kennedy also decided that General Edward Lansdale (Staff Member of the President's Committee on Military Assistance) should be placed in charge of the operation.

The CIA JM WAVE station in Miami served as operational headquarters for Operation Mongoose. The head of the station was Ted Shackley and over the next few months became very involved in the attempt to overthrow Fidel Castro. One of Lansdale's first decisions was to appoint William Harvey as head of Task Force W. Harvey's brief was to organize a broad range of activities that would help to bring down Castro's government.

By the spring of 1962, JM/WAVE employed more than 200 CIA officers. They in turn ran over 2,200 Cuban agents. JM/WAVE had a navy of over 100 craft, including the 174-foot Rex, that had the latest electronic eqquipment and 40-millimeter and 20-millimeter cannons. The CIA station also had a large number of V-20 Swift craft and access to F-105 Phantoms from nearby Homestead Air Force Base.

William Harvey was ordered to activate an assassination plot against Fidel Castro. This became known as the ZR/RIFLE project. Harvey arranged for David Sanchez Morales to move from Mexico City to join the project based at the JM WAVE station.

In the winter of 1962 Eddie Bayo claimed that two officers in the Red Army based in Cuba wanted to defect

to the United States. Bayo added that these men wanted to pass on details about atomic warheads and missiles that were still in Cuba despite the agreement that followed the Cuban Missile Crisis.

Bayo's story was eventually taken up by several members of the anti-Castro community including William Pawley, Gerry P. Hemming, John Martino, Felipe Vidal Santiago and Frank Sturgis. Pawley became convinced that it was vitally important to help get these Soviet officers out of Cuba.

William Pawley contacted Ted Shackley, the head at JM WAVE. Shackley decided to help Pawley organize what became known as Operation Tilt. He also assigned Rip Robertson, a fellow member of the CIA in Miami, to help with the operation. David Sanchez Morales, another CIA agent, also became involved in this attempt to bring out these two Soviet officers.

In June, 1963, a small group, including William Pawley, Eddie Bayo, Rip Robertson, John Martino, and Richard Billings, a journalist working for Life Magazine, secretly arrived in Cuba. They were unsuccessful in their attempts to find these Soviet officers and they were forced to return to Miami. Bayo remained behind and it was rumoured that he had been captured and executed. However, his death was never reported in the Cuban press.

Assassination of John F. Kennedy Encyclopedia

By John Simkin (john@spartacus-educational.com) © September 1997 (updated January 2020).

Col Prouty Was A Revealor

Col Prouty wrote Guns of Dallas and Nixon and Indonesia, two truthful and previously unconnected articles on the CIA that are included here.

L. Fletcher Prouty (1917-2001), a retired colonel of the U.S. Air Force, served as the chief of special operations for the Joint Chiefs of Staff during the Kennedy years. He was directly in charge of the global system designed to provide military support for the clandestine activities of the CIA. He was the author of JFK: The CIA, Vietnam, and the Plot to Assassinate John F. Kennedy and The Secret Team: The CIA and Its Allies. - Amazon author profile

"Flexible Response" (to Communist influence on nations of the world rather than uniformed combat) was CIA based assassinations and Psychological Warfare studying how to and then influencing popular opinions in foreign nations and included full overthrow operations lending hands to internal combatants of contested countries.

Col. Prouty spent 9 of his 23 year military career in the Pentagon (1955-1964) VP Nixon served from 1952 to 1960 and JFK inaugurated 1961 to 1963:

Allen Dulles, Gen. Ed Lansdale, Gen. Charles P. Cabell, Mr. Nathan Twining pictured together in one photo.

- 2 years with the Secretary of Defense,
- 2 years with the *Joint Chiefs of Staff*, and
- 5 years with *Headquarters, U.S. Air Force*

In 1955 he was appointed the first "Focal Point" officer between the CIA and the Air Force for Clandestine Operations per National Security Council Directive 5412. He was Briefing Officer for the Secretary of Defense (1960-1961), and for the Chairman of the Joint Chiefs of Staff.

At times he would be called to meet with Allen Dulles and John Foster Dulles at their home on highly classified business. He was assigned to attend MKULTRA meetings. In this capacity Col. Prouty would be at the nerve center of the Military-Industrial Complex at a time unequalled in American History. He has written on these subjects, about the JFK assassination, the Cold War period, and Vietnamese warfare, and the existence of a "Secret Team". He backs up his his work with seldom seen or mentioned official documents - some never before released.

CENTRAL INTELLIGENCE AGENCY

WASHINGTON 25, D. C.

OFFICE OF DEPUTY DIRECTOR OF CENTRAL INTELLIGENCE - 6 JAN 1958

MEMORANDUM FOR: CHIEF OF STAFF, UNITED STATES AIR FORCE

SUBJECT: Commendation of Lieutenant Colonel Leroy F. Prouty, 7730A

1. I am pleased to call to your attention the exceptionally fine assistance and cooperation extended to the several components of the Central Intelligence Agency by Lieutenant

Colonel Leroy F. Prouty, Chief, Team B, Subsidiary Plans Division, Directorate of Plans, DCS/P&P [Directorate of Clandestine Services and Projects and Planning under Richard Bissle Jr.], Headquarters USAF.

2. Since his assignment as Chief of Team B, in August 1955, Colonel Prouty has been called upon frequently to assist this Agency in the support of sensitive activities of the greatest importance to the National Security. His effective assistance and numerous contributions to the solution of varied and difficult problems have been consistently successful and have marked him as an outstanding officer of unusual professional competence and potential.

3. Colonel Prouty's keen understanding of the many unique and complex problems which confront both the operational and support elements of this Agency and his personal interest and application to them have consistently produced efficient and outstanding results.

4. It is recommended that this letter of commendation be placed in Colonel Prouty's personnel folder.

C. P. CABELL

Lieutenant General, USAF

Deputy Director

Oversight of United States covert operations

From Wikipedia, the free encyclopedia

Executive oversight of United States covert operations has been carried out by a series of sub-committees of the National Security Council (NSC).

Birth of covert operations in the Cold War

At the beginning of the Cold War, it was not inevitable that covert operations would become the dominion of the Central Intelligence Agency (CIA). The National Security Act of 1947 did not explicitly authorize the CIA to conduct covert operations, although Section 102(d)(5) was sufficiently vague to permit abuse. At the very first meetings of the NSC in late 1947, the perceived necessity to "stem the flow of communism" in Western Europe-particularly Italy-by overt and covert "psychological warfare" forced the issue. The actual responsibility for these operations was a hot potato, and when it was decided that the State Department would be in charge, Secretary of State George Marshall sharply opposed it, fearing it would tarnish the international credibility of his department. The upshot was that responsibility for covert operations was passed on to the CIA; this was codified in a NSC policy paper called NSC 4-A,[4] approved in December 1947. NSC 4-A provided the authorization for the intervention of the CIA in the Italian elections of April 1948.[5]

Proposed NSC 4-A Panel

A draft of NSC 4-A envisioned the creation of a NSC-designated "panel" to approve operations. The executive secretary of the NSC, Sidney Souers, recommended that the panel be composed of representatives from the departments of State, Army, Navy and Air Force, as well an "observer" representative from the Joint Chiefs of Staff. This provision was dropped in the final version, which simply stated that the Director of Central Intelligence (DCI) "is charged with ensuring that [covert] psychological operations are consistent with U.S. foreign policy and overt foreign information activities, and that appropriate agencies of the U.S. Government, ..., are kept informed of such operations which will directly affect them."

From NSC 10/2 to NSC 5412 (June 1948-March 1955)

According to the Church Committee, throughout the period June 1948 to March 1955, "NSC directives provided for consultation with representatives of State and Defense". But "these representatives had no approval function. There was no formal procedure or committee to consider and approve projects.

NSC 10/2 Panel

The arrangement in NSC 4-A did not please the influential director of the State Department's Policy Planning Staff (S/P), George F. Kennan. Under his leadership, a S/P paper titled "The inauguration of organized political warfare" was circulated in the NSC in early May 1948, which said that "there are two major

types of political warfare-one overt and the other covert. Both, from their basic nature, should be directed and coordinated by the Department of State." Yet Kennan wanted to have his cake and eat it too: the paper made it clear that the State Department should not be formally associated with the conduct of covert operations. Then the Joint Chiefs of Staff entered the fray by guarding its prerogatives, particularly in wartime, especially in theatres of war.[11] As a result of the controversy spurred by Kennan, NSC 4-A was replaced by NSC 10/2, approved by President Harry Truman on 18 June 1948, creating the Office of Policy Coordination (OPC). Kennan was still not satisfied and continued to press for State control, hoping that his choice for OPC director, Frank Wisner, would be loyal to the State Department-he was not.

NSC 10/2 was the first presidential document which specified a mechanism to approve and manage covert operations, and also the first in which the term "covert operations" was defined. NSC 10/2 charged the DCI with "Ensuring, through designated representatives of the Secretary of State and of the Secretary of Defense, that covert operations are planned and conducted in a manner consistent with US foreign and military policies and with overt activities." The representatives to this "10/2 Panel", also known as the "OPC Consultants", were Kennan for State (1948-1950) and Joseph McNarney for Defense (1948-1949). The panel, which met about once a week, was supplanted from January 1950 on by the regular attendance of a representative from the Joint Chiefs of Staff. According to Anne Karalekas, a Church Committee staffer, it did not constrain the OPC:

[The 10/2 Panel was] not an approval body, and there was no formal mechanism whereby individual projects had to be brought before [it] for discussion. Because it was assumed that covert action would be exceptional, strict provisions for specific project authorization were not considered necessary. With minimal supervision

from State and Defense and with a shared agreement on the nature of the OPC mission, individuals in OPC could take the initiative in conceiving and implementing projects.[16]

In the first half of its existence, OPC was not really under CIA's control. In the words of Edward P. Lilly, DCI Roscoe H. Hillenkoetter, "although authorized by NSC-10/2 to supervise OPC, had allowed OPC to go its own way." OPC was brought under CIA control in October 1950, when Walter Bedell Smith became DCI. OPC was merged on 1 August 1952 with the CIA branch responsible for espionage, the Office of Special Operations (OSO), to form the Directorate of Plans (DDP).

NSC 10/5 Panel

Truman swelled the bureaucracy on 4 April 1951 when he established the Psychological Strategy Board (PSB). DCI Smith, seeking more high-level policy guidance, wanted the PSB "to replace the 10/2 Panel as approval body"; this proposal was adopted by the NSC. NSC 10/5[20] tried to specify the purpose of the PSB. The 10/2 Panel, which continued to function, was replaced in February 1952 by an enlarged 10/5 Panel, which also included PSB staff.[22] According to an internal CIA review from 1967, the 10/5 Panel "functioned much as the 10/2 Panel had, but the resulting procedures proved cumbersome and potentially insecure."

According to John Prados, the CIA cut the PSB out of the loop, establishing instead an internal mechanism for approval of operations. In 1953, DCI Smith said that the PSB was "incompetent and its work irrelevant".

"As the Truman administration ended", writes the Office of the Historian,

CIA was near the peak of its independence and authority in the field of covert action. Although CIA continued to seek and receive advice on specific projects from the NSC, the PSB, and the departmental representatives originally delegated to advise OPC, no group or officer outside of the DCI and the President himself had authority to order, approve, manage, or curtail operations.[26]

Enter Eisenhower

The Eisenhower administration took office on 20 January 1953. When Eisenhower replaced the PSB with the Operations Coordinating Board (OCB) on 2 September 1953, he also did away with the 10/5 Panel, reverting to "a smaller group identical to the former 10/2 Panel, without OCB staff participation." On 15 March 1954, Eisenhower approved NSC 5412, which required CIA to consult with OCB. Although Eisenhower would later congratulate the CIA with its success in deposing Guatemala's democratically elected President, Jacobo Árbenz, he was privately irked by CIA's unauthorized bombing of SS Springfjord. According to Prados, that incident "convinced Eisenhower of the need for more rigorous control over covert action".

Planning Coordination Group (March 1955-December 1955)

The arrangement in NSC 5412 suffered the same problem as the 10/5 Panel;[23] OCB "included more officials than ought to be concerned with secret war." So on 12 March 1955, Eisenhower approved NSC 5412/1, creating a more senior Planning Coordination Group (PCG) within OCB. Significantly, the directive explicitly charged PCG with approving covert operations. The PCG

proved to be a failure; its chairman, Nelson Rockefeller, recommended the abolishment of PCG before year's end. According to Prados, the problem was that CIA had not been forthcoming with details, latching on to a mention of "need-to-know" in NSC 5412/1. The next directive would solve this by creating a committee "so high-powered there could be no question" of its need to know.

Special Group/303 Committee (December 1955-February 1970)

NSC 5412/2 was approved by Eisenhower on 28 December 1955, a directive which remained in force for 15 years.Paragraph 7 specified the new oversight mechanism:

Except as the President otherwise directs, designated representatives of the Secretary of State and of the Secretary of Defense of the rank of Assistant Secretary or above, and a representative of the President designated for this purpose, shall hereafter be advised in advance of major covert programs initiated by CIA under this policy or as otherwise directed, and shall be the normal channel for giving policy approval for such programs as well as for securing coordination of support therefor among the Departments of State and Defense and the CIA.

The resulting body became known as the 5412 Committee or, from 1957, the Special Group. It was the first time a "designated representative" of the President was included in the process; Eisenhower used his National Security Advisors for this purpose. The DCI was an ex officio member. In 1957, Eisenhower made the Chairman of the Joint Chiefs of Staff a member as well. In practice the membership of the Special Group varied on an ad hoc basis.

In late 1956, the newly formed PBCFIA, which had turned a candid eye towards covert operations, took issue with the "very informal" procedures of the Special Group. Consequently, an annex to NSC 5412/2 was approved by Eisenhower on 26 March 1957, clarifying project approvals, and for the first time requiring the CIA to circulate "proposal papers" in advance of approval. The board continued to press for more prominence to the Special Group to keep the CIA from freewheeling. Eisenhower himself saw the proper functioning of the Special Group as crucial to fend off initiatives for meaningful congressional oversight of covert operations. On 26 December 1958 Eisenhower asked the Special Group to institute weekly meetings, with the result that "criteria for submission of projects to the Group were, in practice, considerably broadened."

Kennedy administration

The Special Group fell by the wayside when new administration of John F. Kennedy took office on 20 January 1961; although it remained "in theory intact", in practice it "took a backseat to meetings at which JFK personally presided". After the failed Bay of Pigs Invasion, the Special Group returned to prominence, and new procedures were set out in July 1961. In the wake of the scandal, DDP Richard M. Bissell Jr. suggested the name and workings of the Special Group be made public to demonstrate to the American people that the CIA was under effective executive oversight; that did not happen.

A second Special Group (Augmented) existed from November 1961 to the Cuban Missile Crisis of October 1962. The only difference was that it was specifically dedicated to managing the Cuban Project which sought to overthrow Fidel Castro's regime, and was headed by Attorney General Robert F. Kennedy. After the Missile Crisis brought the world to the brink of destruction,

management of the war against Castro was transferred to discussions in the EXCOMM and NSC proper, before being handed over to an "obscure NSC appendage" known as the Standing Group chaired by National Security Advisor McGeorge Bundy.

Johnson administration

The Special Group was renamed to the 303 Committee on 2 June 1964, in response to the publication of the book The Invisible Government by David Wise and Thomas B. Ross, which made the old name public. A NSC staffer had recommended the new name be "something utterly drab and innocuous" to deflect away attention. The number refers to the national security directive which effected the change, NSAM 303.Alternatively, the Encyclopedia of the Central Intelligence Agency by W. Thomas Smith Jr. claims the name derives from “a room number in the executive office complex in Washington D.C.”

40 Committee

On 17 February 1970, President Richard Nixon approved NSDM 40, superseding and revoking NSC 5412/2, and replacing the 303 Committee with the 40 Committee. Among the few substantive changes introduced by Nixon was the inclusion of Attorney General John N. Mitchell and a requirement to review covert programs annually. Like earlier, public exposure was the motive for changing the name; National Security Adviser Henry Kissinger explained to Nixon that "In view of recent mention of the 303 Committee in the public media, the directive changes the committee name to coincide with the number assigned to the NSDM itself, which is 40."

Nixon and Kissinger, who was charged with overseeing all covert operations on Nixon's behalf, kept the 40 Committee out of the loop on almost all the major and sensitive decisions, and the 40 Committee stopped having meetings; in 1972 it only met once.

Operations Advisory Group

On February 18, 1976, 40 committee was replaced by the Operations Advisory Group, in accordance with Executive Order 11905 issued by Gerald Ford. The new group was composed of the President's Assistant for National Security Affairs, the Secretaries of State and Defense, the Chairman of the Joint Chiefs of Staff, and the Director of Central Intelligence.

40 Shades of Green and James Angleton and William Donovan and Dulles

Ireland held a “special place” in Johnny Cash’s heart retrieved from IrishCentral.com and copied or modified to here

> **The song "40 Shades of Green" was written following a trip Johnny Cash made to Ireland in the 1950s. IrishCentral Staff @IrishCentral Apr 26, 2023**

John Carter Cash, the only son of Johnny Cash and June Carter, spoke about his father’s love of Ireland during the 2017 documentary "Nathan Goes to Nashville" which followed the Irish country singer Nathan Carter on a journey to the home of country music.

Speaking to Nathan while filming the documentary, John said, "My father certainly loved Ireland. He had a special place in his heart for Ireland. I know that he went there in the mid to late 1950s and on his first trip

there he wrote a song called '40 Shades of Green'.

"He got there, he saw how beautiful it was, he saw the history that was right there to be seen and he was connected, of course, by blood, my father has Irish blood, but by heart and by the love for a beautiful, beautiful place and a fine, kind people."

The documentary also featured archive footage of Johnny Cash speaking in Ireland in 1990 about the inspiration behind "40 Shades of Green" and how it led to a very big moment in his life.

"I was in a car with a road map of Ireland in my lap rhyming the names, the names in Ireland just beg to be sung anyway. To get the title, I guess I just looked out the window and there they were, the 40 Shades of Green," Cash said.

Sign up to IrishCentral's newsletter to stay up-to-date with everything Irish!

"But it was all brought home to me not long after that when someone from the White House told me that he was with President John F Kennedy when he came to Ireland and as they were landing President Kennedy was looking out the window and said: 'I see Johnny Cash's 40 Shades of Green'.

"That was a big moment in my life and my career to know that that song had reached out that far."

…

For JFK and RFK it just kept coming back. Leaving Ireland's Wexford as immigrants to the USA under horrifying genocidanl famine conditions designed to break the Irish by leaving their

crush by starvation, diseas, and labouring bodies from a mortuary standpoint what the non-chemical death of Nazi concentration camps looked liked.

Once in Boston whiles spared some of it by Joseph Kennedy Sr's wealth and Harvard backgroumd, the memory of Honey Fitz beign poor in Boston never leave Joseph Kennedy Sr's children's memories and I here my father's attitudes when I hear Honey Fitzpatrick interviewesd

Cape Cod, the Boston Harbour of the Tea Party and other conflicts with the British were part of Kennedy patriotism.

retrieved from Wikipedia and copied or modified to here

The Boston Massacre (known in Great Britain as the Incident on King Street) was a confrontation in Boston on March 5, 1770, in which a group of nine British soldiers killed five people of a crowd of three or four hundred who were harassing them verbally and throwing various projectiles. The event was heavily publicized as "a massacre" by leading Patriots such as Paul Revere and Samuel Adams. British troops had been stationed in the Province of Massachusetts Bay since 1768 in order to support crown-appointed officials and to enforce unpopular Parliamentary legislation.

Amid tense relations between the civilians and the soldiers, a mob formed around a British sentry and verbally abused him. He was eventually supported by seven additional soldiers, led by Captain Thomas Preston, who were hit by clubs, stones, and snowballs. Eventually, one soldier fired, prompting the others to fire without an order by Preston. The gunfire instantly killed three people and wounded eight others, two of whom later died of their wounds.

The crowd eventually dispersed after Acting Governor Thomas Hutchinson promised an inquiry, but they re-formed the next day, prompting the withdrawal of the troops to Castle Island. Eight soldiers, one officer, and four civilians were arrested and charged with murder, and they were defended by future U.S. President John Adams. Six of the soldiers were acquitted; the other two were convicted of manslaughter and given reduced sentences. The two found guilty of manslaughter were sentenced to branding on their hand.

Depictions, reports, and propaganda about the event heightened tensions throughout the Thirteen Colonies, notably the colored engraving produced by Paul Revere.

The Old State House, seat of colonial government from 1713 to 1776. The cobblestone circle is labeled "Site of the Boston Massacre", although the actual event occurred nearby on what is now a busy street. Boston was the capital of the Province of Massachusetts Bay and an important shipping town, and it was also a center of resistance to unpopular acts of taxation by the British Parliament in the 1760s.[6] In 1768, the Townshend Acts were enacted in the Thirteen Colonies putting tariffs on a variety of common items that were manufactured in Britain and imported in the colonies. Colonists objected that the Acts were a violation of the natural, charter, and constitutional rights of British subjects in the colonies.[6] The Massachusetts House of Representatives began a campaign against the Acts by sending a petition to King George III asking for the repeal of the Townshend Revenue Act. The House also sent the Massachusetts Circular Letter to other colonial assemblies, asking them to join the resistance movement,[6] and called for a boycott of merchants importing the affected goods.

Lord Hillsborough had recently been appointed to the newly created office of Colonial Secretary, and he was alarmed by the actions of the Massachusetts House. In

April 1768, he sent a letter to the colonial governors in America instructing them to dissolve any colonial assemblies that responded to the Massachusetts Circular Letter. He also ordered Massachusetts Governor Francis Bernard to direct the Massachusetts House to rescind the letter. The house refused to comply.

Boston's chief customs officer Charles Paxton wrote to Hillsborough for military support because "the Government is as much in the hands of the people as it was in the time of the Stamp Act."[9] Commodore Samuel Hood responded by sending the 50-gun warship HMS Romney, which arrived in Boston Harbor in May 1768.[10] On June 10, 1768, customs officials seized Liberty, a sloop owned by leading Boston merchant John Hancock, on allegations that the ship had been involved in smuggling. Bostonians were already angry because the captain of Romney had been impressing local sailors; they began to riot,[11] and customs officials fled to Castle William for protection.

Daniel Calfe declares, that on Saturday evening the 3rd of March, a camp-woman, wife to James McDeed, a grenadier of the 29th, came into his father's shop, and the people talking about the affrays at the ropewalks, and blaming the soldiers for the part they had acted in it, the woman said, "the soldiers were in the right;" adding, "that before Tuesday or Wednesday night they would wet their swords or bayonets in New England people's blood."

Excerpt from A Short Narrative, suggesting that the soldiers were contemplating violence against the colonists

> Given the unstable state of affairs in Massachusetts, Hillsborough instructed General Thomas Gage, Commander-in-Chief,

> North America, to send "such Force as You shall think necessary to Boston", and the first of four British Army regiments began disembarking in Boston on October 1, 1768. Two regiments were removed from Boston in 1769, but the 14th and the 29th Regiments of Foot remained.

The Journal of Occurrences were an anonymous series of newspaper articles which chronicled the clashes between civilians and soldiers in Boston, feeding tensions with its sometimes exaggerated accounts, but those tensions rose markedly after Christopher Seider, "a young lad about eleven Years of Age", was killed by a customs employee on February 22, 1770. Seider's death was covered in the Boston Gazette, and his funeral was described as one of the largest of the time in Boston. The killing and subsequent media coverage inflamed tensions, with groups of colonists looking for soldiers to harass, and soldiers also looking for confrontation.

The methods, philosophical motives of Colonialism, and goals of British Intelligence operating insdie the US were religiously, morally, and politically anathema to the Kennedy's including the fight against the blight of crime and the fight against illegally rigged labour unions that were soft on business because mafia thugs could gain control of them on behalf of corporate backing of those mafia figures.

Gunderson' search for the real killers in MacDonald Case starts his inquiry on Finders

Ted Gunderson and I have a same-belief world view.

Let me express that.

During the era of Felix Frankfurter (most likely a participant,) the Walker family, Dulles brothers, the CIA under Donovan and his descendants, the FBI under J. Edgar Hoover and his political descendants in the FBI, the Rockefeller family and Standard Oil and Nixon and his descendants, James Jesus Angleton the guy who singularly and unilaterally made secretive US NWO allegiances with the Vatican, Knights of Malta, Israel, England, big business, and more and the LBJ and his oil businesses legacy and rank and file Protestantism and the South's version of Boston Brahmin or Southern Protestant Georgian wealthy land owners.

In that world of power elites they could hire their own assassins, run the program outside of FOIA controlled government offices and with very short (White-house to FBI or CIA director to Hitman only 5 people long changing of people) get the likes of Charles Harrelson to carry out a hit.

This setup the historic civil war in philosophy and armed-activities the USA has lost.

Involuntary Treatyism uses covert influences to tip the scale towards treaties withe Western Europe by using puppet governments or Indirect Rule of Colonies. This is the British and big business NWO system and the Force System.

The Persuasion system was embraced by JFK and RFK that depended on a Shining City on the Hill that was the benefactor of voluntary treaty alliances.

The former faction had the power to assassinate the latter and did.

The Former faction Involuntary Treatyism used groomed CIA Great Britain backed leaders as Agents of Influence who in politics and media and perhaps even law tip the scales towards Involuntary Treatyism in overthrown countries by covert overthrow means.

That faction which is the Involuntary Treatyism group did not play will with Irish republicanism types and over time those who like Assistant US Attorney Thomas Crane Wales who was part of the Bird Eggs ornithology study of developmental psychology and picking and grooming sleepers had to be found and preemptively silenced.

The front groups used vary but occult group who if caught did not seem to be the CIA were good candidates to be the seeming killers not tied to the CIA or British.

Ted Gunderson discovers Satanic fronts and their abuse of children

SYNOPSIS : I first became involved in investigating satanic cults in October 1980, when P. E. Beasley, a retired Fayetteville, North Carolina police officer, and I obtained a signed confession from Helena Stoeckley who stated that she and members of her satanic cult had murdered Dr. Jeffrey R. MacDonald's wife and their two children at Fort Bragg, North Carolina on February 17, 1970. The murders were Stoeckley's initiation into the group. Stoeckley advised that Dr. MacDonald was the victim of an Army drug frame. During the late 1960s and early 1970s drugs were flown into United States Army bases from Vietnam in plastic bags concealed in the body cavities of dead GIs (see Time magazine article January 1, 1973 and summary of the MacDonald case,

which are included in this report). Dr. MacDonald was convicted and is serving three consecutive life sentences for these murders. He recently lost an appeal which was based on the concealment of evidence by the government during the 1979 trial.

As an outgrowth of the MacDonald investigation I became involved with a civilian network in investigating satanic cults. We have developed extensive information which establishes that a loose-knit satanic cult/drug network is active in the United States.

Members of this network finance their operation through the sale of marijuana, cocaine, heroin, amphetamines and barbiturates, as well as prostitution, pornography, snuff films and other illegal activity. The drugs are normally sold by street gangs. This network kidnaps and sacrifices children and others to Satan. We have information concerning numerous homicides and human sacrifices committed by this group. Some of the victims were working in our mini-civilian task force at the time of their deaths.

We have interviewed numerous adult survivors. (An adult survivor is usually a person who was born into the movement, survives, and later disassociates himself or herself from the group, going into hiding to avoid being murdered.) The survivors came from different areas of the country, and none have been in contact with or know each other. Each of the survivors I have interviewed furnished me with similar details concerning ceremonies they witnessed in which humans and animals were sacrificed. Often, the victims were infants or young children.

Under torture, the body's production of endorphins increases dramatically, raising the level of adrenalin and other body chemicals. Occultists torture their victims to death and cannibalize their bodies just before death in

order to ingest these chemicals, which they believe gives them power. Similarly, some satanists eat their victims' brains because they believe the victim's intelligence will thus pass into their own brain.

Members of the cult network are operating child day schools throughout the country. Children from different states who have never met are telling authorities similar stories concerning their experiences in these schools. There has been successful prosecution in North Carolina, Florida, Massachusetts, Nevada and California of pre-school owners and operators. A psychiatrist in Los Angeles interviewed children from eight different day schools. All these children told similar stories about witnessing rituals satanic in nature, as well as extensive sexual child abuse by teachers and others.

One adult survivor told me that when she was a young girl, her father made her hold a knife to the chest of a live infant. He then placed his own hand over hers and plunged the knife into the heart of the victim.

The occultists often force preschool children to participate in human sacrifices and then tell them they and their parent or parents will be murdered if the children reveal any secrets or talk about these activities. The psychological effect on the child is that the child believes he or she is guilty of murder. I know of one instance where a Satanist held a gun to a child's head and told her he would shoot her if she didn't shoot another child that was tied to a post. She shot the other child.

…

The Occultist, Book of Themla he and Jen Moore describe are something of a red-herring of jibberish and the Great Treason with more modern and specific information can now lift the veil

of the gibberish and tel the real story of MacDonald's wife and child and hundreds of others like Andy Warhol, Marilyn Monroe, and others.

Those linked to the plans to overthrow Castro and others and espeicaly Roman Catholics like Joe Dimagio and Marlin Monroe or Sony Bonno were part of propaganda for the program. With them hit, the program would stay secret.

Jeffery MacDonalds wife and child were near being found out as FOXP2 symptom showing and it didn't matter anyway like Justina Pelletier there is a big secret on this disease, its history, and those aware of the situation who are predicted to disclose if they know the whole details were silenced in advance of an inchoate tale of why JFK was killed.

Colette Kathryn Stevenson MacDonald Famous memorial BIRTH 10 May 1943 Patchogue, Suffolk County, New York, USA DEATH 17 Feb 1970 (aged 26)

I believe some February 20 based system of meetings (perhaps FBI reductions for personal calls on Birthdays, etc., from wire taps or the availabel secrecy of family gatherings that are not suspicious) leads to deaths and key events around certain dates.

The volatility assigned by the prosecution to Jeffery MacDonald would have been typical of a normal husband drawn into an emotional roller-coaster of a Borderline wife and I do not believe MacDonald was capable of killing a civilian.

In the Great Treason I add cases like this into the existing list of hit-list MKULTRA clean up operations.

Stacey Mitchell was just 16 when a mutual friend introduced her to Jessica Stasinowsky, 19, and Valerie Parashumti, 18.They were a couple, and Stacey liked and trusted them.

On December 14, she moved into the front bedroom of the house shared by Stasinowksy and Parashmuti and 27-year-old

David Haynes in the inner Perth suburb of Lathlain.

Killer combination … Stacey had no hint of the troubled and bizarre background of her new friends.[occultist who would kill her.]

“Early in the week leading up to her death, Stacey ran away from home - on December 7, [Annukai Testing year] 2006. She was reported missing by her parents on December 13.”

https://7news.com.au/original-fyi/crime-story-investigator/australias-grisliest-murders-stacey-mitchell-and-the-faux-friends-who-killed-her-c-469462

Other names I suggest as victims of Finders other than myself are Tara Moore and Brittney Spears.

CIA MKULTRA Crowley and others

By Comparison Comparable To the Fall of the Roman Republic

The assassination of JFK and earlier intrigue of military leaders using massive State Treasury base wars of political and media influence in the US republic and leading into OSI/OSS/ CIA/MI5 political control by subversion and assassination the US has fallen to an Empire condition rather than a Republic country.

Julius Ceaser having gained too much power became dictator, was assassinated later, but the instability continued the path of decline of Rome as a republic.

Avrell Harriman, the Walker family, the Prescott Bush family, Nixon, and others including Ford briefly under Eisenhower's failure to arbitrate the military cabal he warned of led into the Kennedy assassination and because of the infiltration of the police posse such as the FBI, CIA, Dallas Police,, and other institutions, the Special Relationship with Great Britain, the Vatican, and Free Masonry have no treason convictions only because the Cabal has yet to face any treason allegations; conspiracy theories decried as lunacy in the press as conspiracy story-tellers have died in car fiery car crashes, airplane crashes, early deaths and heart attacks, and other "accidents".

Ted Gunderson, Jen Moore, Ed Donegan are or have tried to get the truth out but the WETDIVISION wields too much power and influence.

Hiding behind front groups like Temple of Set or using contract killers allows the Empire officials to kill so covertly questions have no answers but the missing diaries of missing briefcases of the dead investigators.

Ted Gunderson talk about what Ted Gunderson calls the Corruption Network responsible for missing children, using Satanic cult groups as corrupt officials front groups studying, trafficking, and abusing children in MKUTLRA. Jen Moore confirms it in one of many videos pointed at the Ed Donegan Glorian Donegan household.

Corruption Network Vol 1, and also Corruption Network Vol 2, Corruption Network Vol 3 ,Corruption Network Vol 4, Police Reaction to Satanic Cults,

This report demands a solution to one of the most serious problems in America today. Someone must listen - somethings must be done." Ted Gunderson

McMartin Scientific Report is then the next matter in his files.

> **http://tedgunderson.info/**
>
> **A Real American Hero**
>
> Retired FBI Special-Agent-In-Charge Ted Gunderson has compiled boxes of research and has assembled numerous reports describing unimaginable "operations" of treachery, sadistic savagery, degradation, abuse, and murder inflicted by intelligence agents of the United States government against its own citizenry, especially children.
>
> The kidnapping of children for purposes of prostitution, pornography, high tech weaponry experimental abuse, mind control, child slave labor for underground alien-controlled facilities, white sex slavery, and the satanic ritual murder of untold thousands of American children snatched from the streets and playgrounds of America by agents working

for the CIA is the principle reason for the existence of a covert CIA operation called "The Finders".

The Finders is one of the most alarming and despicable covert operations against America's children that Gunderson helped to uncover, but it's only one of many covert Gestapo-like acts committed against American citizens by government agents under directives issued not by Congress or the President, but rather by international Satanists collectively known as the Illuminati, who control the Secret or Shadow government of the United States as well as every other major government in the world.

The "Finders" operation began in the 1960's and continues kidnapping children to this very day.

Micheal A. Aquino's 1966 Book of Coming Forth by Night makes reference to The Book of the Law, a similarly 'revealed' text produced by the occultist Aleister Crowley in 1904 which provided the basis for Crowley's religion of Thelema. In Aquino's book, The Book of the Law was presented as a genuine spiritual text given to Crowley by preternatural sources, but it was also declared that Crowley had misunderstood both its origin and message. In making reference to The Book of the Law, Aquino presented himself as being as much Crowley's heir as LaVey's,[30] and Aquino's work would engage with Crowley's writings and beliefs to a far greater extent than LaVey ever did.

After receiving his PhD in political science from the University of California, Santa Barbara in 1980, Aquino worked as an adjunct professor at Golden Gate University until 1986 while continuing to serve in the United States Army as an Active Guard Reserve officer at the Presidio of San Francisco.[42] He was fascinated with the connections between occultism and Nazism,[43] resulting in some accusations that he was sympathetic to Nazi ideology.[44] In 1983, he performed a

solitary rite at Walhalla, the subterranean section of the Wewelsburg castle in Germany that was utilized as a ceremonial space by the Schutzstaffel's Ahnenerbe group during the Nazi period. This resulted in his formation of the Order of the Trapezoid, a Setian group whose members understood themselves as a chivalric order of knights.[45] From 1987 through to 1995, the Grand Master of the Order of the Trapezoid was Edred Thorsson, who had joined the Temple of Set in 1984 and risen to the Fifth Degree in 1990.[46] Thorsson exerted a "discernible influence" over the Setian community through his books, in which he combined aspects of Satanic philosophy with the modern Pagan religion of Heathenry.[47] In 1980, he founded the Texas-based Rune-Gild which shared many of the Temple's key philosophical tenets but with a focus on the study of runes and their applications in magical practice.[48] Wikipedia

Occult:Aliester Crowley, Thelma, Book of the Law, L.Ron Hubbard, rituals retrieved from Task Force: Whistleblowers Journey:Live in DC and copied or modified to here

Task Force: Whistleblowers Journey:Live in DC

Introokay I thought I'd give you a new view even though really right over there.

It's the same view and it's the same place (850 N. Randolph in Arlington Virginia where Glorian and Ed Donegan lived shot from the outside.]

I know it's not exciting to watch [an outdoor longshot of a twenty story D.C area apartment building] and I'm not making a video for you to really see anything [inside that apartment as it is now.]

I'm just making videos to post the links to some of the things that I have been interviewing about in discussing so this video kind of runs the gamut on a lot of different things has to do with secret identities like I've spoken before.

And we also talked about VOP veterans on patrol in the incidents that are happening in Arizona and my opinion on that you know regarding the naysayers and you know different aspects of that story.

So Aleister Crowley that's part of it and then we go into Aleister Crowley.

Now Aleister Crowley was a mi5 agent.

British intelligence he was also known at known self-proclaimed to be the Beast using the number 666.

And so he was around early before World War two even he was into black it's called black sex magic and magic is majick and he wrote what is called the Book of the Law and he states he was in an Egyptian pyramid and was inspired to write this and so the book of law is kind of the background saying of it and of Aleister Crowley is do what thou willst and basically there's a lot of talk about how becoming the most evil you can be in doing the most evil acts somehow brings to cinema you just some higher calling or higher you know I'd see some spiritual a higher spiritual perspective although I would say it's very wrong a spiritual perspective so there you know his book there are a lot of really well things in the stories about him involved in pedophilia and you know just I'm struggling to mention some of the things he was involved in because it's really hard to talk about but bestiality and orgies and stuff like that.

and I get into who Aleister Crowley is how he came to the United States at what time and his meeting up with

L Ron Hubbard who founded Scientology, Jack Parsons who basically is the father of NASA and the rocket propulsion or you know rocket energy whatever you want to want to call it he was a magnificent guy a very intelligent but I go into this ceremonies that they had and how L Ron Hubbard and Jack Parsons and kind of Aleister Crowley split ways of course L Ron Hubbard were gone to create Scientology and I go into what's kind of behind.

I'm not going to profess to be an expert on Scientology but I do know the origins of it and I do know who l ron Hubbard was and who he was working for and what their plans were and also his involvement in some CIA activities later on so I go into the kind of the blackmail process of Scientology where people can disagree or not but it's a lot of it's about confession and they tape you and then so it's you know the scheme is very similar to some of the things that are happening with the CIA so I but I basically explain how those characters came together in a series of rituals that they performed here in the United States Aleister Crowley was very into obviously Satanism.

and what he did Thelma do was he incorporated and believed in just like Freud and some of the others with MKULTRA was the story of Osiris and iris and Osiris and Isis and Horus their son it's Egyptian mythology you can look it up but one of the the key things to make a connection to current day events is if you call that picture of John Podesta holding up the palms of his hands and on one hand is the number 14 and on the other hand is a kind of a drawing of a fish that is the occult that is the representation of Osiris and Isis and Aleister Crowley upon writing the book of Allah formed a religion called Thelma based on the you know the same saying do it thou willst which is you know to do all things evil to somehow become pure

[This Cultism theology was architect to allow the child

abuse neccessary to development strest test children by abusing them in hostile environments. Culture would not allow the British or American researchers to abuse children. Underground secrecy based Counter Culture was more easily plausibly denied and free of the regulatory oversight of mains stream cultural orders and organizations.]

I guess I guess is the mentality but I go into that and how now even currently and in the last administration the leader of the free world was wearing a t-shirt with Aleister Crowley on it who was literally kicked out of Italy by Mussolini who murdered millions because he was so evil and now it's being he is somehow honored in Hollywood and if you look through the Hillary Clinton emails jumped us emails you will often see a reference to Thelma .

I don't know if they called Thelma night religion but it's a Thelma religion and that was formed by Aleister Crowley a professed Satanist who called himself the beast with the number 666 I'm not saying who is the Antichrist in anything but this is what he called himself he was into all things evil and in the Clinton emails and Podesta emails you will see a Thelma and you will see as many people have seen odd references to you know sacrificing a chicken to Moloch and different things like this and this ties into spirit cooking with marina abramovic a lot as a lot of people have heard and it was in the John Podesta and Hillary Clinton emails as well so the spirit cooking recipe I believe is in the book of the law by Aleister Crowley and it's something that they did practice it was also practiced it was one part of the rituals with l ron Hubbard and Jack Parsons and Marjorie who is kind of was one of the girlfriends and numerous other people that were involved in these rituals in this what became the I think it's or order templates it's the OTO basically the OTO was founded by Australia and it its headquarters were in one of its headquarters in the United States of America and l ron

Hubbard and Jack Parsons were a part of that and a part of running those headquarters and a lot of really nasty things happen there so you can look some of that of yourself but I think it's important to realize that as Hollywood glamorizes this guy and as you read in the emails between Podesta and Clinton and their various partners or email friends you will often see thelma and hints about Cyrus and Isis and Horus and you can really I encourage everyone research that story what that means what does a14 mean .

so this involves things you know but once again it involves child sex trafficking it involves cannibalism it involves a spirit cooking involves really horrible things and that's what's being kind of magnified in in Hollywood today and even magnified in the last ministration on t-shirt you know which is when when out when a man is known as being the if evilest man ever known and then you wear his t-shirt as a leader of the free world and it's in the emails that that some of our leaders are following a religion that Aleister Crowley a professed Satan is created I think you have to dig a little deeper so I did that some of that in this interview and I want to encourage everyone to look into this stuff we are talking about the occult talking about what's called the dark occult Nazi Germany or the Nazis

as everyone knows the swastika the swastika is actually a outward sign or they call it iconography our symbolism something called the Black Sun Black Sun worship and this all ties in together to Egyptian mythology so it's hard to believe it's very confusing so I'm trying to keep it as simple as I can it's very complex so if you go to places like Denver International Airport that was the the ground was laid or the stone was laid there in 1994 to market by President Bill Clinton and on there it talks about the New World Order and it also talks about it shows the Freemasonry insignias on on top of it also around and Denver International Airport are very disturbing murals as well as in the Bank of America

building and the Black Sun which is what they worship basically is actually on the ground in the dia de International Airport it's kind of a you know planted within the surface of the one of the airport terminals I believe and it's Symbolism something most people would have no idea what it means but these guys know what it means and if you remember queueing on he says they're symbols will be their downfalls that's exactly what it is so if you understand the symbols if you understand the code language if you understand the occult and their own belief system that when they're going to do a ritual or you know something evil that they that they must announce it first and that somehow gives them I don't want to call it good karma or protection for after the event happens that's why a lot of times we see this kind of predictive programming happening in different television shows movies things like that that's part of the whole psychological warfare games that they play so I get into some of that and you can do the research yourself for other things that you might want to know or ask questions in the comment section I will answer them to the best of my ability but I think it's a very key important part of this story between British Intel Aleister Crowley FOID Hitler L Ron Hubbard Jack Parsons some other members of the United States government the infiltration from the CIA into the United States and the secret identities that were formed afterwards and some still maintained so I hope you listen and give me some feedback and research for yourself Watch later

Finders 3

Central Intelligence Agency - (NWO)

With Jen Moore Tracy PD and Edward Donegan contributing describing a world-wide imperialism network of secretive Eugenics encampments under the control of cult and religious front groups preparing regime changes, assassinations, murders, and overthrow and financial rackets

Finders 1 http://tedgunderson.info/index_htm_files/Finders.pdf

Temple of Set, People's Temple run by Jim Jones in a Scottish Rites building San Francisco, WACO Texas, Boys Town Nebraska, Mc Martin School, Kamloops, and more, Julian Paul Assange's The Family

How Jen Moore tracing the child abuse and criminal money laundering, organ trafficking from blackmail (STEM CELLs, reproductive organs and tissues, third party parenting and the Ukraine) are funded from mafia money launder rackets tied to these elite and they talk about the Conspiracy oF Silence still in the press just as with Franklin Nebraska that Gunderson and DeCamp worked and is connected to the Donegan oss cia cases.

Church groups were teaching children in basements of churchs how to act like victims. A Dopple of Ed will forge a confession the Salvation Anry or other will accept. The highest ranking FBI COINTELPRO right out of the White House are invovled and Ed

Donegan asserts mostly GOP both parties though involved.

Jen Moore also asserts Vativan involvement with the CIA still ongoing as with Boys Town with Mother Terresa visiting it.

PAINE: How We Dismantled the FBI In Our Pajamas on Amazon.com, a controversial book about the highest ranking of officials and corruption in the FBI and eslewhere.

A story of Micheal Thomas Paine Moore and Jen More attacked by swat clad FBI as the followed the Corruption Network of the elite surround Epstien (and Donald Barr) and BCCI type investigations against money laundering at Duetsch, etc.,

See how the CIA and Agents of Influence in media, government, and law have covered it all overthrowing the [formerly] Republic of the United States of America and despite pro-forma political activity assassination of law reinforcement press, and other Conspiracy Theorists keep British rule and groomed British loyalist rulers in place.

In Russia Nicholas Reign 1 November 1894 - 15 March 1917 faced numerous problems as the Windsors did. A defective gene, Hemophelia, the rebellion against Monarchies the Socialism and Liberalism were waging, and World War I and the industrial age creating social and territorial instability.

He lost is crown and his family and he were assassinated as Communism took over. The Windsors with the FOXP2 fared better. They survived on but began to try and seed themselves around with world, genetically and politically seed themselves, leaving out of wedlock family, bastard children's groups im places like Los Angeles County California where I was born, Norma Jean was born, brought in by British Ambassador Joseph Kennedy Sr., who as a King Maker for the British, and place people like Glorian Gainey, Harold Gainey, and other 1920s refuges (or earlier) from Nazism in the USA would live under secret identities.

The genetics were being studied and students as children of great hope would be "kidnapped" bu the Defense Intelligence Agency (also know as the Satanic Temple of Set) who in the search for computer programmers of great promise would capture children and send the to Communist countries or Indonesia or elsewhere under faked birth certificates. Poor Barrack Obama Jr may have been such a captured youth after being born November 18, 1961 at St Josephs hospital, birth certificate 022-46-3324.

Those like Ed Donegan who did show the gene were killed or disparaged or fell to street violence, etc., I asset I was radiologivcally attacked among other things.

Jen Moore and Edward Donegan and Ted Gunderson assert many of our "elites" like the Bush family, Nixon family, Lloyd Austin family, Mueller Family, and other come from these families and can be recognized by their birthdays, the roman numerals in their names, bird names (ornithology) among other clues like the day victim of this had been killed or some other act perhaps a marriage or birth.

A Michael Aquino PsyOps memo still surviving from his DOD days states :

…

"Create a global UFO cult, which will involve the abduction of citizens so as to foster an illusion this earth is facing an extraterrestrial invasion. UFO abductees-of-preference will have an expertise in computer technologies, since that expertise will be required im RMA scenarios. Use of experimental drugs, holographic projection capabilities, directed energy technologies, induced auditory input, experimental aircraft, and special effects costuming and stagecraft, among other things, will be used to persuade abductees of the reality of their circumstances. Official denials regarding these events will employ reverse psychology, to insure that such denials are taken as official ..."

This is why Ted Guderson, DeCamp, and others describe the events at Franklin Nebraska a carefully crafted hoax.

In my case the plan used D-E-W an likely raw source against me, used Mocking bird to attacke me.

Mockingbird skits out rather than states an allegation (defamatory allegation) towards a person , bolsters it with forgeries and break ins as Galsighting (moving items in a victim's home around m that contribute to a Smear against a persons, a person like myself.

Frequently loudly behaving shills attacking under cover of an alibi ('I was on the phone talking to someone, not you, you who was right netxt to me") will present such a noxious risk defending it with an escalation seems required.

The idea of stalking an Ed Donegan is he may react against a Provocative false allegation Stalk.

Prior Restraint is how Government officials (or Church in the Middle Ages) controlled the press, watching new story generation. When the journalist is a threat the journalist is hit, usually before the journalist's documents are complete.

Brandies said force is argument in its worst form, assassinating journalists by hiding attacks on them and arresting the journalist as a predator before the journalist complements a book is a n attempt a Prior Restraint and the norm I have experienced in my life.

Forcing the journalist into a fight as the journalist writes is the dirtiest trick Conspiring Against the First Amendment, in particular the right to be free from prior restraint. I person in custody has little or no keyboard access.

Forcing the journalist into a fight as the journalist writes is the dirtiest trick Conspiring Against the First Amendment, in

particular the right to be free from prior restraint. I person in custody has little or no keyboard access.

Stasi secretive destruction technique of MKULTRA and of my life and my credibility with smear, smear acted out around my activities changing the visible context of my activities thus the meaning and motive of me actions to the observer are real-time abusive fakery, hold a ring fight challenge of activities framing me a certain way, when attacking my office inhibiting my writing on these corrupt elements as the threat nears and becomes more dangerous or traumatically distracting or threatening.

Organized Stalks created these torturous abusive contexts to operate in. If enough Sound and Fury is staged around what I am doing mocking my acts my acts are labeled and what their actions say about me as they fake vicitim-hood incites me to fight the wrongful treatment of me as victims of my presence act out fake victim-hood so I look bad. As those threads of events faked add up into a preponderance or proof beyond a reasonably doubt about me sill in the public mind stick to me.

The Gunderson Report with Ed Donegan and Jen Moore

Corruption Network Extended Volume One

The Corruption Network Volume Three (dowload)

A series of three [then later to be four] volumes on the most important threat to our children today

Presented by: Ted L. Gunderson International with corroboration from since declassified CIA files, family oral histories, witness accounts, and other information

Some "Statanic" or other "Islrealites, Black Hebrew Isrealites of Masonry and 1771 may have been the FBI contractor killing children as Son of Sam or similar child killings, most victims have dates fo beig killed or born on the key dates Gunderson and Dongean note and Ed Donegan uses the underline of birthdyas in The Great Treason book. Aug 4 and in government means a vicitmizer most likeyl, August 4 as a child with FOXP2 is a likely victim. When MacDonal'ds daughter showed FOXP2 and there was borderline in he wife the murder was on FEb 17, not far from Feb 20.

Reputale Front Groups

USAID and Peace Corps, Vista Corp, Globall Crossings, Joseph Kennedy Jr Foundation all had roles in King Making for the world chess squares an Obama Jr per declassified docs was to be one of the smuggled in future leaders by these organizations. Y.M.C.A was also used as a front group for British Intelligence as the Vatican was during WWII by both the British and the Americans. Paul L. Williams has a grat book Catholic Gladio, the Mafia, CIA and Vatican.

These mafia ties and ties to Vatican Banking, Bank of Credit an Commerce International (BCCI per Newsweek the worlds dirtiest bank) and BBRDW of Hawia where Madelyn Payne, Obama's said to be grandmother world and married WWII Boeing bomber employee Stanley Anne Dunham, soe the CIA had a control jacket on (Ted GUnderson term, they could arrest him on espionage or make use of him as a blackmail victim.) He was used as a black male victim allowing an alleged daughter Stanley Ann Dunam be pretend to be Barrack Obam Jrs mother. Same question Marilyn Monroe as asked and turned down?"

…

In the second part of his investigation Wayne Madsen focuses on Barack Obama’s mother and stepfather. He follows their footsteps as CIA assets from the University of Hawaii, home to some of the CIA’s blackest projects, to their activities in Indonesia where a vast US-sponsored anti-communist massacre was unfolding. It marked the start of globalisation in Asia and in the rest of the world. Unlike the Bush dynasty, Barack Obama has smartly concealed his own connections with the Agency and, in particular, those of his ancestors ... until now. https://www.voltairenet.org/article166759.html

…

Creatign Legends (backstories as to the parentage) of groomed sleeper agents for the Devil's Chesboard is what this is about and Familial DNA can now trace all these trafficked children relatives and interconnect them unless the children not in government are killed and don't appear in future databases or records as those databases improve in fact finding quality and are populated with more data.

Jen Moore states the elites now need to run illegal programs to target both journlists reporting on these MKULTRA programs and the child or child court victims of these high ranking FBI, DOJ, NSA, and CIA figures.

Human Trafficking for profit drugs, guns, baby factorries, STEM CELL and reproductive tissue black marketing, and MIDNIGHT CLMIMAX usually intelinked to involuntary prostitution are "control jacket" norms.

Thse are not under a single command or single country Several difference spy rings inter-late, with Pakistan and Latin American drug gangs mostly at the most active pieces.

Joseph Kennedy Jr Foundation created by JK SR and administers by JFKs sister Eunice Kennedy Shriver married to Sargent Srhiver

The Joseph P. Kennedy Jr. Foundation is a non-profit foundation founded by Ambassador Joseph P. Kennedy Sr. in 1946 in memory of his son Joseph P. Kennedy Jr. The foundation was led by his youngest brother, U.S. Senator Edward M. Kennedy, until his death in 2009. Wikipedia

Donald Barr of the OSS was responsible for creating

Barrack Obama Jr and moving him into a false identity following his November 18 191 birth in Los Angeles County Manhattan Beach City Inglewood area whre the CIA precursor to MacMartin Preschool was and a medical device in the CIA secret chamber has patent number highlighted in Gunderson's report 3233. I think Barrack Obama R was SSN 3234 and the CIA tested both me and Obama JR for developmental progress up to two years old. That would be November 18 1963 the time JFK was shot, November 22 1963.

Per Col PRouty they needed a future leader to replace Sukarno of Indonesia, the job went to CIA backed Suharto, but Obama might have followed for the 21st Century of Indonesia.

William Burns of the CIA is a descendant who like the other elites have the power to kill with espionage victims of the CIA and MKULTRA, and he would and does need to to that because the victims like me have the legitimacy the CIA wants to impeach and destroy rather than recognize.

The Organization for Economic Co-operation and Development (OECD) is a unique forum where the governments of 37 democracies with market-based economies collaborate to develop policy standards to promote sustainable economic growth and with Thokill Kristensen, Goerge Ball of the State Department, and Dean Rusk of State Department, Davidson College, and Rockefeller Foundation were key players with John F Kennedy Donald Barr and James Jessus Angleton making who might be "Mary's Monkey."

Crowley MI5 and L Ron Hubbard CIA not psuedo CIA

Once these groups with the Rockefeller's and others created and trafficked this underground hidden identity family members sometimes as separated twins records destroyed the twins had to be found and eliminated to destroy evidence of the existence of MKULTRA and its illegal activities in overthrow and the JFK assassination in Regime Change.

SCIENTOLOGY AND THE CIA retrieved from Orthodox Christianity and copied or modified to here

English translation originally appeared at the Espionage History Archive Alexander Dvorkin Translated by Mark Hackard Pravoslavie.ru 2/29/2016

This presentation was read by Aleksandr Leonidovich Dvorkin, president of the Ireneaus of Lyons Center for Religious Research Studies, on January 26th, 2016, at a conference run by the Orthodox St. Tikhon University for the Humanities. (Translator's note: While we wouldn't claim that the Church of Scientology is an integral element of the US Intelligence Community, Dvorkin's lecture is an excellent expose of the nexus between the Western power structure, its intelligence apparatus and dangerous cults).

The topic of Scientology's connection to the CIA became commonplace long ago. It's mentioned in a mass of articles, interviews, and television programs. But

when I referred to this in passing during a conversation with one journalist several months ago, he took interest: do I have irrefutable evidence of or clues to this connection? Could I, so to say, point to a “smoking gun?”,

The question interested me, and I decided to try and collect materials on this topic. So can we bring irrefutable evidence?

It’s understandable that if I could point to a “smoking gun,” my name would be Edward Snowden, and I would be hunted by US intelligence services, who (like any intelligence services) never disclose the names of organizations that cooperate with them, and for obvious reasons. However, open information on when the US government began to openly and publicly lobby the interests of Scientology (this occurred in 1993) could compose an entire arsenal of smoking guns. It knew full well about the cult’s activity in legally and illegally collecting information on various people and organizations.

From documents published today, we know that already in 1957 the CIA began investigating the activities of L. Ron Hubbard and Scientology. But the collated data that was the result of the investigation has still not been published up to this time. I don’t think we should expect the publication of these materials in the near future.

All his life, Hubbard himself was quite actively and constantly fascinated with two things: occultism and intelligence activities. For example, as a still wholly young man he entered the Rosicrucian order, undertook occult séances, and experienced certain otherworldly meetings.

Aleister Crowley, head of the Ordo Templi Orientis

(OTO) and the most well-known Satanist of the twentieth century. Crowley was also a British intelligence asset.

Already as head of the Scientology cult, with pride he called Aleister Crowley, the most famous Satanist of the twentieth century, his "very good friend." We can bring a multitude of other facts, but that wouldn't fit into the parameters of the current presentation. I'll remind you that John Atack's excellent article "Hubbard and Occultism" was published in my Russian translation.

Scientology's official biography of the cult's founder furiously denies Hubbard's ties to occultism, but then it exaggerates his special relationship with the intelligence services on a cosmic scale. And so with pride the Scientologists inform us that during the war Hubbard worked in the US Office of Naval Intelligence (ONI), where he heroically proved himself in "catching foreign spies and rendering aid to US forces surrounded by the enemy on the island of Bataan." As a matter of fact, we know that while working in ONI, Hubbard was just a rank-and-file clerk in the mail department, where he mainly censored the correspondence of servicemen- there's certainly nothing heroic in that. Not once during the entire war did he take part in combat action.

Scientologists also invented the legend justifying Hubbard's postwar time in the Pasadena lodge of the Satanic Ordo Templi Orientis (the "Order of the Eastern Temple" headed by Crowley) and his fascination with sex magic rituals, which he conducted together with lodge head Jack Parsons. According to the cult's legend, Hubbard, you see, was sent into the Satanic cult by a certain intelligence agency as a mole and destroyed it from within. There is no need to speak about this version not withstanding factual criticism.

Hubbard's enthusiasm for occultism also left its mark

in the symbols of Scientology he and his followers developed.

Here, for example, is a Scientology flyer published during Hubbard's life, called "The Golden Dawn" (so was called the occult lodge whence came Aleister Crowley).

"An invitation to freedom? Sign me up!!"

Here is a contemporary audio and video publication of Hubbard's works, also called "The Golden Dawn."

Be ready to surrender all your gold to listen to Golden Dawn.

And here's what a speech by the current head of Scientology, David Miscavige, looks like. The occult symbology of a previously thought-out stage interior doesn't need any clarification. Temple columns, the theme of "Golden Dawn and the Moon (an extremely widespread occult symbol) over the "high priest."

Here is the Scientology cross well-known to all, borrowed from the deck of Tarot cards developed by Crowley. I'll remind you that this is in fact a crossed-out cross. Also pay attention to another detail: the eight-pointed star, on which is set the image of the cross. We'll come back to it again.

Now we will note that there is something in common between Scientology founder L. Ron Hubbard and the US Intelligence Community-a passion for occultism.

For a start, here are a few facts:

In 1989 in London former CIA officer Miles Copeland's memoirs, The Game Player, were released, in which he told of a scheme set into action during the early-mid

1950s by his colleague Bob Mandelstam. The scheme was called “Occultism in High Places.” Its idea was simple: since some leaders and heads of governments had the habit of consulting with astrologers and other occult advisors, American intelligence officers were to “work with” these occultists and make them conduits of their agency’s influence.

This scheme worked, for example, when a “clairvoyant” sent by the agents convinced Ghana’s President Kwame Nkrumah to make a visit to China, during which a coup inspired by the CIA overthrew the absent leader. In Copeland’s words, the US intelligence community influenced Indonesian President Sukarno “quite solidly” through occult “seers” and “fortune tellers.”

Mandelstam also used the spiritual-political movement “Moral Rearmament,” which, according to Copeland, gave agents the opportunity to influence not only African and Asian political figures through secret channels, but also European leaders. It is there that Copeland also mentions a special agreement, which, in his words, the CIA concluded with Scientology, although he is silent about what was contained therein. Inasmuch as I was able to find out, no one aside from the chatty Copeland mentions this agreement (clearly established in the 1960’s) in open sources.

Copeland tells of another interesting case:

We sent into the Scientology cult our agent, who under the direction of Ron Hubbard himself became “clear,” but then he demanded and started to receive ever more “monetary compensation for operational expenditures,” which together with his savings he gave over to Dianetics.

So we will hardly find out who was ultimately

manipulating whom: the CIA Scientology, or Scientology the CIA.

In the same way the work of US intelligence officers with a variety of occultists hasn't gone unnoticed: we can presume that influence disseminated to both sides, and someone among the intelligence officers began practicing occultism. The set of images used by the secret services gives certain bases for making such presumptions concrete.

Here is the emblem of the United States Intelligence Community:

We see the same eight-pointed star, just like the one placed on the Scientology cross. Let's return to the image of the Scientology cross. Its crossing out can also be viewed as the union of four daggers. And so the daggers cross out the symbol of Christianity. But the dagger is a famous symbol of intelligence, and precisely the star of the Intelligence Community is composed of them.

In the center of the Intelligence Community's star is a rose with five petals. But this-the five-petaled rose-is the symbol of the Rosicrucian order. Is that a coincidence? Hardly: after all, even the image of the sharp leaflets between the petals is repeated.

And then there's the most interesting thing: we'll read the description of the seal that is found on the official site of the US Office of the Director of National Intelligence.

The eight points of the polar star symbolize the six departments and two independent agencies of the Intelligence Community. They are combined with the 15 stars around the circumference [sic] represent the elements of other agencies that are also part of the Intelligence Community.

The problem is that there aren't 15 stars. There are 16. Count them yourself. So what then is the unnamed sixteenth organization, an element of which is part of the US Intelligence Community? Can we build suppositions?

Now we will finally bring some circumstantial evidence that can easily be found in open sources.

At the beginning of the 1990's, the Greek police executed raids in the Athens Scientology office and confiscated a multitude of the cult's internal documents, a part of which were published. In some of them are contained references to assistance that the CIA rendered to Scientology's foreign branches

[image]

Aleister Crowley, head of the Ordo Templi Orientis (OTO) and the most well-known Satanist of the twentieth century. Crowley was also a British intelligence asset.

Pictured: Crowely with Statanist logo, Paramid with Eye Of Providence Free Masonry hat.

https://www.dazeddigital.com/artsandculture/article/603/1/was-aleister-crowley-a-secret-agent Occultist, poet, painter, novelist, mountaineer, chess master, prophet of the New Aeon, drug addict, alleged traitor: such is a brief CV for Aleister Crowley, who dubbed himself the Great Beast 666. However, there is another accomplishment that needs to be added to this list, a side long obscured by the powers that be and by the man himself- Aleister Crowley, spy.

In his 1929 book Confessions and elsewhere, Crowley made vague references to his intelligence work, notably his 1914-19 mission in the U.S.A. There, he claimed, his

public role as anti-British propagandist masked secret service on behalf of His Majesty. Such protestations were mostly dismissed as face-saving fantasies, but they really were the bare tip of the iceberg of the secret life of the "Wickedest Man in the World".

Back in 1999, I was busy working on a book dealing with the so-called Ace-of-Spies, Sidney Reilly. Crowley and Reilly were hanging around New York at the same time, so I was curious about a connection. I discovered a small file on Crowley long-forgotten in the WWI-era files of the U.S. Army's Military Intelligence Division. What leapt out was the conclusion that Crowley "was an employee of the British Government on official business of which the British Consul, New York City, has full cognizance," and that "the British Government was fully aware of the fact that Crowley was connected with… German propaganda and had received money for writing anti-British articles." So, the Beast had been telling the truth, or a least a little of it. … https://www.dazeddigital.com/artsandculture/article/603/1/was-aleister-crowley-a-secret-agent

In the video https://youtu.be/3RNcPeksOLU "Occult: Aliester Crowley, Thelma, Book of the Law, L.Ron Hubbard, rituals" Jen Moore again pointing at the home of Glorian and Ed she goes into ***hidden identities*** not only of Edward Donegan and Glorian Donegan and even James Donegan but also the hidden elements of MI5 and CIA in these groups that abused children as "Satanits" but in truth though it is not stated in this video doing the work of Dr Cameron and others in illegal psychiatry by abuse and murder of children, now in these groups disguised as Satanists.

In the Finders papers prepared by Ted Gunderdson attributing these groups to Government sponsored corruption by NWO elements you will hear his separately sourced but identical information on Finders in fact an FBI program.

Okay I thought I'd give you a new view [Of Glorian Donegan and Ed Donegan's 850 N. Randolph Arlington VA home] even though really right over there it's the same view [same building] and it's the same place I know it's not exciting to watch and I'm not making a video for you to really see anything I'm just making videos to post the links to some of the things that I have been interviewing about in discussing so this video kind of runs the gamut on a lot of different things has to do with secret identities [of hiddne children and underground railroads] like I've spoken before and we also talked about VOP Veterans On Patrol in the incidents that are happening in Arizona and my opinion on that you know regarding the naysayers and you know different aspects of that story so Aleister Crowley that's part of it and then we go into Aleister Crowley.

Now Aleister Crowley was a MI5 Agent British intelligence.

He was also known at known self-proclaimed to be the Beast using the number 666 and so he was around early before World War two even he was into black it's called black sex magic and magic is maji CK and he wrote what is called the book of the law and he states he was in an Egyptian pyramid and was inspired to write this and so the book of law is kind of the background saying of it and of Aleister Crowley is do what thou willst and basically there's a lot of talk about how becoming the most evil you can be in doing the most evil acts somehow brings to cinema you just some higher calling or higher you know I'd see some spiritual a higher spiritual perspective although I would say it's very wrong a spiritual perspective so there you know his book there are a lot of really well things in the stories about him involved in pedophilia and you know just I'm struggling to mention some of the things he was involved in because it's really hard to talk about but

bestiality and orgies and stuff like that and I get into who Aleister Crowley is how he came to the United States at what time and his meeting up with l ron hubbard who founded Scientology Jack Parsons who basically is the father of NASA and the rocket propulsion or you know rocket energy whatever you want to want to call it he was a magnificent guy a very intelligent but I go into this ceremonies that they had and how l ron Hubbard and Jack Parsons and kind of Aleister Crowley split ways of course L Ron Hubbard were gone to create Scientology and I go into what's kind of behind

I'm not going to profess to be an expert on Scientology but I do know the origins of it and I do know who l ron Hubbard was and who he was working for and what their plans were and also his involvement in some CIA activities later on so I go into the kind of the blackmail process of Scientology where people can disagree or not but it's a lot of it's about confession and they tape you and then so it's you know the scheme is very similar to some of the things that are happening with the CIA so I but I basically explain how those characters came together in a series of rituals that they performed here in the United States Aleister Crowley was very into obviously Satanism and what he did Thelma do was he incorporated and believed in just like Freud and some of the others with MKULTRA was the story of Osiris and Iris and Osiris and Isis and Horus their son it's Egyptian mythology you can look it up but one of the the key things to make a connection to current day events is if you call that picture of John Podesta holding up the palms of his hands and on one hand is the number 14 and on the other hand is a kind of a drawing of a fish that is the occult that is the representation of Osiris and Isis and Aleister Crowley upon writing the book of Allah formed a religion called Thelma thel MA based on the you know the same saying do it thou willst which is you know to do all things evil to somehow become pure I guess I guess is the mentality but I go into that and how

now even currently and in the last administration the leader of the free world was wearing a t-shirt with Aleister Crowley on it who was literally kicked out of Italy by Mussolini who murdered millions because he was so evil and now it's being he is somehow honored in Hollywood and if you look through the Hillary Clinton emails jumped us emails you will often see a reference to Thelma.

I don't know if they called Thelma night religion but it's a Thelma religion and that was formed by Aleister Crowley a professed Satanist who called himself the beast with the number 666 I'm not saying who is the Antichrist in anything but this is what he called himself he was into all things evil and in the Clinton emails and Podesta emails you will see a Thelma and you will see as many people have seen odd references to you know sacrificing a chicken to Moloch and different things like this and this ties into spirit cooking with marina abramovic a lot as a lot of people have heard and it was in the John Podesta and Hillary Clinton emails as well so the spirit cooking recipe I believe is in the book of the law by Aleister Crowley and it's something that they did practice it was also practiced it was one part of the rituals with l ron Hubbard and Jack Parsons and Marjorie who is kind of was one of the girlfriends and numerous other people that were involved in these rituals in this what became the I think it's or order templates it's the OTO basically the OTO was founded by Australia and it its headquarters were in one of its headquarters in the United States of America and l ron Hubbard and Jack Parsons were a part of that and a part of running those headquarters and a lot of really nasty things happen there so you can look some of that of yourself but I think it's important to realize that as Hollywood glamorizes this guy and as you read in the emails between Podesta and Clinton and their various partners or email friends you will often see thelma and hints about Cyrus and Isis and Horus and you can really I encourage everyone research that story what that

means what does a14 mean so this involves things you know but once again it involves child sex trafficking it involves cannibalism it involves a spirit cooking involves really horrible things and that's what's being kind of magnified in in Hollywood today and even magnified in the last ministration on t-shirt you know which is when when out when a man is known as being the if evilest man ever known and then you wear his t-shirt as a leader of the free world and it's in the emails that that some of our leaders are following a religion that Aleister Crowley a professed Satan is created I think you have to dig a little deeper so I did that some of that in this interview and I want to encourage everyone to look into this stuff we are talking about the occult talking about what's called the dark occult Nazi Germany or the Nazis as everyone knows the swastika the swastika is actually a outward sign or they call it iconography our symbolism something called the Black Sun Black Sun worship and this all ties in together to Egyptian mythology so it's hard to believe it's very confusing so I'm trying to keep it as simple as I can it's very complex so if you go to places like Denver International Airport that was the the ground was laid or the stone was laid there in 1994 to market by President Bill Clinton and on there it talks about the New World Order and it also talks about it shows the Freemasonry insignias on on top of it also around and Denver International Airport are very disturbing murals as well as in the Bank of America building and the Black Sun which is what they worship basically is actually on the ground in the DIA Denver International Airport it's kind of a you know planted within the surface of the one of the airport terminals I believe and it's Symbolism something most people would have no idea what it means but these guys know what it means and if you remember queueing on he says they're symbols will be their downfalls that's exactly what it is so if you understand the symbols if you understand the code language if you understand the occult and their own belief system that when they're going to do a ritual or

you know something evil that they that they must announce it first and that somehow gives them I don't want to call it good karma or protection for after the event happens ,**that's why a lot of times we see this kind of predictive programming happening in different television shows movies things like that that's part of the whole psychological warfare games that they play** so I get into some of that and you can do the research yourself for other things that you might want to know or ask questions in the comment section I will answer them to the best of my ability but I think it's a very key important part of this story between British Intel Aleister Crowley FOIA Hitler LRon Hubbard Jack Parsons some other members of the United States government the infiltration from the CIA into the United States and the secret identities that were formed afterwards and some still maintained so I hope you listen and give me some feedback and research for yourself.

Music MI5 and the Counter-Culuturalism British Invasion

Like occult groups counterculture music was full of symbolism and hidden messages like Beatles albums.

Ed Donegan will assert the theory of three books 1) The Great Treason, 2) Pillory, and 3) Theodere L. Gunderson all by Ed Donegan is actually long told in suggestive British music and film and even Amercan film like The Misfits, Rocky Horror, Star Wars, The Sound of Music, Twilight, where suggestive themes of art mirror life and shape values around themes in these artistic works like a Jedi Knights Order (there is a WWII Jeda special opps) who served a Thousand Year (Roman Numeral M) great Constitutional Monarchy Government much like Great Britain.

Ted Gunderson Rusty Nelson Report

http://tedgunderson.info/index_htm_files/Gunderson%20Report-Russell%20Nelson.pdf

---

RUSSELL NELSON:
WILL HE BE KILLED IN OREGON?
~OR~
WILL HE BE ALLOWED TO DOCUMENT CORRUPTION
AT
THE HIGHEST LEVELS OF GOVERNMENT

(Evidence of corruption linking the FBI, CIA, some top political figures, the Franklin case, missing children, including kidnap-victim Johnny Gosch, satanic abuse, CIA MK-Ultra Mind Control, Iran-Contra, and new arrests of possible American terrorists in Mexico)

Published on the World Wide Web June 28, 2000 in efforts to save this young man's life by Ted L. Gunderson, FBI Senior Special Agent in Charge (Ret.), California P.I. License number 12878 http://www.tedgunderson.com

SYNOPSIS

Russell (Rusty) Nelson: Russell Nelson, central figure in the Franklin Credit Union scandal (1989 to present), possesses evidence, including photographs, that implicates prominent law enforcement and political figures, including two past U.S. presidents, in crimes of child abuse, pornography, kidnapping (e.g., missing-child Johnny Gosch), drug smuggling, money laundering, illegal campaign financing, and illegal activities by

the FBI and CIA. There also appears to be ties to Iran-Contra. Since 1989, much of the evidence has been confiscated from Rusty Nelson. Some of the evidence remains hidden. In May, 2000, Nelson was taken into custody for a parole violation in Nebraska and is to be extradited to Oregon, away from the watchful eyes of his attorney, family, and friends. Ted Gunderson (this writer and investigator of the Franklin cover-up, see resume in reference list) and Nelson's attorney, John De Camp (Author of 'The Franklin Cover-Up') believe Nelson's life is in danger. This report is in an effort to prevent his being "suicided," or otherwise suspiciously killed.

RUSTY NELSON AND THE FRANKLIN CREDIT UNION SCANDAL

On December 31, 1968, Franklin Credit Union was founded in a minority neighborhood in Omaha, Nebraska. The primary purpose was to provide loans to minorities. In August, 1970, Lawrence E. "Larry" King, Jr., (a black man, not the television talk show host) and fast-rising "star" in the Republican party, became manager and principle executive. Larry King was indicted by a Federal grand jury on May 19, 1989, and later tried and convicted of fraud and income tax evasion directly related to the Franklin Credit Union matter. He remains incarcerated in federal prison.

FBI- IRS RAID

On November 4, 1988, the Franklin Credit Union was raided and closed by the FBI and the IRS. Thirty-nine million dollars was missing. Shortly thereafter, reports began to circulate concerning pornography, video tapes, and photographs which had been confiscated from the Franklin Credit Union by the FBI. Then, in a trickle - which soon grew to a flood - other allegations began to arise. These allegations involved drugs, sexual misconduct, child abuse, pornography, even Satanic

activity. The names of prominent individuals in the Omaha community began to surface as those involved in these criminal activities.

GRAND JURY THROWS OUT CHARGES

On January 10, 1989, the Nebraska State legislature constituted a special committee to look into the allegations with State Senator Loran Schmit as Chairman. On January 30, 1990, Nebraska State Attorney General, Robert Spire, called for a grand jury to investigate allegations. February 6, 1990, former County District Judge Samuel Van Pelt was appointed a special prosecutor for the Douglas County Grand Jury, which convened on March 12, 1990. On July 23, 1990, after hearing many hours of testimony, the grand jury issued an unusual and unprecedented report throwing out all of the allegations concerning sexual child abuse and labeling the charges a "carefully crafted hoax."

VICTIM/WITNESSES NAME PROMINENT CITIZENS AS PERPETRATORS

Eighty children initially came forward as a result of newspaper publicity of the raid and subsequent stories in the local news. These children identified some of the most prominent citizens in the Omaha area as involved, including then Omaha Chief of Police, Bob Wadman; former Omaha World Herald newspaper publisher, Harold Andersen; former Omaha vice squad officer and later head of the Nebraska Forestry Service (he has a park named after him), Eugene Mahoney; former Omaha World Herald entertainment columnist, Peter Citron; Knights of k-Sar-Ben, Financier, Alan Baer; and Omaha County Judge, Theodore Carlson. The children who came forward reported, among other things, Satanic ceremonies of human and animal sacrifice.

VICTIM/WITNESS TROY BONER RECANTS HIS TESTIMONY UNDER DURESS

Initially four victim/witnesses involved in the Satanic cult/ sex/drug ring were cooperative. Two of the four victim/ witnesses, Troy Boner and Danny King, recanted their testimony. Troy Boner, a young teenager, recanted after his brother, Shawn Boner, died of allegedly suicide by a Russian Roulette gunshot wound on January 17,1991. Troy Boner told John De Camp, attorney for some of the witnesses, that his brother was afraid of guns. Boner later left the Omaha area and disappeared. Danny King, the other young victim/witness who recanted, has also disappeared.

Years later, on October 27, 1993, Troy Boner made a sworn statement in which he said that he had recanted his original testimony because, "I truly believed and still do believe that it was a situation where I must either 'lie or die,' and at the insistence primarily of the Federal Bureau of Investigation officials who were dealing with me at that time, specifically Mr. Mott and Mr. Culver." (p. 306)

Two of the victim/witnesses who refused to recant were Alisha Owen and Paul Bonacci. They were both indicted for perjury on the basis of their testimony before the grand jury. They are now adults, but were children when they were first recruited into the Satanic cult/sex/drug ring.

VICTIM/WITNESS ALISHA OWEN IMPRISONED

Alisha Owen testified at the grand jury in March of 1990 that when she was 14 years of age she had sex with then Omaha Chief of Police, Robert Wadman. Because of this testimony, she was charged with perjury. While on bail awaiting trial, she attended college and was editor of the school newspaper. She was also an honor student. On August 8, 1990, Alisha Owen entered a plea of innocent. On November 9, 1990, Alisha

Owen's brother was found dead in a correction center cell, said to have committed suicide by hanging. Alisha Owen was convicted of first offense perjury in 1991 and was sentenced on August 8, 1991, to nine to 27 years in prison.

During her prison term, she was in solitary confinement for a period longer than any female citizen in the history of the State of Nebraska. Alisha was let out on parole in mid-1997. In September, 1997, television show "Inside Edition" reported that Johnny Gosch was still alive. Johnny Gosch is a highly publicized 1982 kidnap victim from West De Moines, Iowa, who has also been named as a victim in the Franklin child abuse matters, as described below.

One week after this show was aired, Nebraska authorities picked up Alicia Owen, and without explanation, said she must serve out the remaining lengthy sentence in prison. In spite of this, Alisha refused to recant. Alisha is still incarcerated. Alisha's parents are raising Alisha's daughter, Amanda Jayne, who according to Alisha was sired by Omaha Chief of Police, Robert Wadman. Alisha was 15 years old when she had Amanda.

VICTIM/WITNESS PAUL BONACCI IMPRISONED

In November, 1991, Ted Gunderson was contacted by the Nebraska Leadership Conference and asked to become involved in the investigation of the Franklin case. Paul Bonacci, his first interviewee, then in his early 20's, said he had been active in the operation of the Satanic cult/sex/drug ring network since he was 6 years of age. Paul Bonacci first reported his abuse by Larry King, Alan Baer, and others in 1986 to the Omaha Police Department, two years before the Franklin Credit Union case began.

Bonacci told me that when he was 10 to 14 years old, he was used as a decoy in malls, parks, etc., to lure other children his age near an automobile so the adult members could grab the

victims and force them into the car. Paul and another youth would then jump on the victims and place a chloroform cloth over their mouth and nose. The victims would be taken to a secludedlocation and later auctioned off for up to $50,000.00 in Las Vegas, Nevada or Toronto, Canada. Bonacci advised me that the auction location in Nevada is on an air strip approximately 50 miles north of Las Vegas, and that he saw auctioned children placed in unmarked airplanes operated by foreigners with accents and wearing turbans.

Other children who were auctioned off were placed in campers after being drugged to ensure that they would be asleep in the event that the camper was stopped by the police. On one occasion, Bonacci recalled a DEA (Drug Enforcement Agency) plane that was used to transport the children. Gunderson was later informed by a Michigan private investigator of another missing child case that he had knowledge that a barn outside of Lincoln Nebraska was also used to auction off children on at least one occasion. Paul Bonacci reported having attended a total of six auctions in which as few as six, and as many as 36, children were auctioned off. (See section on Johnny Gosch below for more on child auctions).

Paul and other children told about youngsters, both male and female, being taken from orphanages, foster-homes, and Boys Town in Omaha, Nebraska, driven to Sioux City, Iowa (184 miles), and then flown to Washington, D.C. for sex orgy parties with dignitaries, congressmen, and high level public officials at Larry King's Embassy Row condominium. Larry King rented this condominium for $5,000.00 per month while earning a salary of only $17,000 per year.

Bonacci told Gunderson that pictures were taken at these parties by Rusty Nelson, Larry King's personal photographer. According to Bonacci, many of the surreptitiously photographed public officials were thereafter blackmailed by Larry King and others. Bonacci told Gunderson that on a number of occasions he flew from Omaha to Los Angeles where he would meet a different man and woman each time. The unfamiliar man and

woman would have up to five passports for different countries in different names. They would travel with Bonacci, pretending he was their teenage son, and then make drug drops around the world. Paul told me he had made more than 100 such trips.

One of De Camp's investigators told Gunderson that Paul Bonacci has drawn a floor-plan of the inside living quarters of the White House, an area not available to the public. Not long after the Franklin case became public in 1989, Paul Bonacci was arrested and sentenced to five years in prison for briefly touching a young boy on the outside of his pants. Bonacci has been diagnosed by at least three psychiatrists with Multiple Personality Disorder, a psychiatric disorder now called Dissociate Identity Disorder, that is almost always a consequence of severe and early child abuse. Bonacci admits that one of his personalities touched the boy, but abruptly stopped when he switched personalities and a remorse-stricken Paul reasserted control of his functioning. John De Camp, Attorney and former long-term Nebraska State Senator, represented Bonacci. De Camp believes this abnormally long sentence was an attempt to silence Bonacci in the Franklin matters.

SEVENTY-SIX CHILDREN WHO REPORTED SEXUAL ABUSE RECANT OR REFUSE TO COOPERATE WITH THE INVESTIGATION

Following the dire consequences to victim/witnesses Alisha Owen, Paul Bonacci, Troy Boner, and Danny King, the seventy-six other children recanted their reports of sexual abuse in the Franklin matter.

WITNESS RUSSELL (RUSTY) NELSON ATTEMPTS TO PRESERVE EVIDENCE

Rusty Nelson's testimony is consistent with that of Paul

Bonacci. While testifying in U.S. District Court, Omaha, Nebraska, on February 5, 1999, Rusty Nelson stated that as a private photographer for Larry King, his duties included taking photographs surreptitiously of specific people. In his testimony, John De Camp asked Rusty Nelson, "Who was at these parties?" Nelson replied:

"Politicians, dignitaries, wealthy business people. Young people. Larry, as far as I could gather, I left when I stared putting the pieces together, you know, realizing there were two sets of books. There were very, various discrepancies in the credit union. And the fact that he obviously was into pimping gay prostitutes and children too, basically for influence purposes. Whether it be politicians or whatever. "He had extreme pull in the National Republican convention. There was one day where we were on a plane and he had a problem, and he couldn't get Wadman [then Omaha Chief of Police]. Couldn't get anybody here to work it out. He placed a call directly to Ronald Reagan." Nelson testified that he not only took pictures for King, but surreptitiously took many photographs of King with other adults and young people involved and retained them for himself. Rusty Nelson testified that he also secretly took and retained other incriminating documents, including audio-tapes, computer discs, and paper copies of documents including ledgers, without King's knowledge. He testified that he often mailed these back to his home, again surreptitiously.

Rusty Nelson's testimony explains his attempts to keep these documents in his possession for the years since in order to protect his own life. Some of the photographs of Larry King taken by Rusty Nelson were shown during his testimony on February 5, 1999. Rusty Nelson testified that Larry King "flat out told me" that he had "taken care of" killing a man named Charlie Rogers and made it to look like a suicide; "This was another deal I believe through Wadman [then Omaha Chief of Police]." Nelson testified to one direct threat on his life by Larry King, and in the ensuing years, many threats conveyed with symbols (such as a burning acorn) that Larry King used to imply, "Drop it, or you're going to get burned." Nelson testified on February 5, 1999,that twice these symbolic messages were

quickly followed by his being shot at. His most recent statement made in writing on June 22, 2000, from jail (see excerpts of statement below) states that this has now happened three times.

In direct relation to the documents Rusty Nelson has attempted to retain for his own protection, he testified to the following:

"Q. [John De Camp] Did you have an opportunity to have any other pictures that were not seized by the patrol [referring to the Oregon State Patrol where the pictures were seized]?
"A. [Nelson] Oh, yes.
"Q. Where are they?
"A. Some were given to the FBI, some were given to Gary Caradori [investigator for the Nebraska State Legislature], that's basically what I had given him, what made him decide he had enough to -
"Q. Where did you give them to him? Did you meet him personally?
"A. Yes.
"Q. Where did you meet him?
"A. Actually, there were a couple of different occasions. I'd given him a little bit prior to July. Location I can't remember exactly where I gave those to him.
"Q. Was it here?
"A. It was in Nebraska.
"Q. Did you give anything to him outside of Nebraska?
"A. Shortly after the 4th of July [1990] I believe it was the day he was killed [July 11, 1990].
"Q. Where were you then?
"A. Out[side] of Chicago.
"Q. What did you give him?
"A. A lot of pictures. Some computer discs, paperwork, a wide variety of everything.
"Q. You're telling us under oath that you met and gave materials to Gary Caradori in Chicago that did what?
"A. Well, it would have, if it would have got here, probably blew everything wide open. Instead he's now dead along with his son.
"Q. Do you remember what the pictures were?"

A. Various people at parties of Larry King's. Some things they'd done, the drugs, stuff like that - things they could possibly use to incriminate somebody or blackmail someone."

Rusty Nelson's existence was effectively denied before the Legislative Committee by various witnesses, investigator for the State, and others. When John De Camp asked Rusty Nelson about this, he explained that he was told by FBI agents to disappear; "I believe they were the ones that were also involved in this case." He said that some of his supporting documents were taken from him by "supposedly FBI agents." Rusty Nelson also stated that, based on his close affiliation with Larry King, he believed King "had some association with the Contra ordeal through Michael Aquino, head of the 'Temple of Set'" (See Nelson's statement below).

GARY CARADORI , KEY INVESTIGATOR OF FRANKLIN, DIES IN PLANE CRASH

The evening of July 11, 1990, Gary Caradori, the investigator for the Nebraska State Legislature, Special Committee, called Senator Loran Schmit, Chairman of the Committee, from Chicago and told him he had the "smoking gun." Caradori told Senator Schmit he would fly that night from Chicago on his private plane with his son en route to Lincoln, Nebraska, with the evidence. The plane exploded in mid-air a short time later while flying over Aurora, Illinois killing Caradori and his 8-year-old son.

Officials claimed the plane disintegrated in mid-air. They denied an explosion took place. De Camp writes in his book, The Franklin Cover-Up:

"A farmer reported he saw a flash of light, heard an explosion, and saw the plane plunge to the ground. The eyewitness account of the flash of light and the explosion was on the early edition of television news in Nebraska, but was pulled from subsequent reports which said that the plane exploded on

impact" (p. 2-3).

Bob Wadman, former Chief of Police of Omaha, and a perpetrator identified by the children was Chief of Police in Aurora at the time. Caradori's briefcase and the rear seat to the plane have never been found. Ted Gunderson suspects his briefcase contained the evidence mentioned the previous night to Senator Schmit, probably the incriminating materials, including photographs, provided by Rusty Nelson to Caradori (See Rusty Nelson statement below). The rear seat was not found, Gunderson suspects, to avoid evidence of a bomb. The wreckage of the plane was examined on a military base rather than at a location under the control of civilian personnel. Under the Federal Delimitation Agreement, civilian personnel matters are handled by civilians and military matters are handled by the military. The crash was ruled an "accident" by government officials and not an act of sabotage.

Both Gunderson and Noreen Gosch, mother of missing-child Johnny Gosch, later learned that Caradori had in his possession evidence that her son was a victim of the Franklin Satanic cult/ sex/drug ring. Paul Bonacci and Rusty Nelson have both provided detailed testimony attesting to this (see sections on Johnny Gosch below).

Gary Caradori repeatedly told friends in the weeks before his death that he feared his plane would be sabotaged. Both Gunderson and Noreen Gosch recently learned from undisclosed sources (whose lives and the lives of their loved ones could be placed in greater danger should their identities be revealed) that a deputy sheriff of a local Illinois sheriff's department was the first person on the scene of the plane explosion. The deputy sheriff said that there was child pornography all over the farm field. The man picked up a large number of photographs and other evidence. The FBI immediately arrived with three flat-bed trucks, grabbed the evidence from his hands, cordoned off the field, walked the field picking up every piece of evidence, put the plane and its parts on the flat-bed trucks, and told the peace officer, "This is confidential information and don't ever speak of it again." The evidence has never surfaced again in the Franklin

investigation or any other investigation.

The deputy-sheriff did not remain silent. A few months later, as the deputy sheriff and his wife were driving ,the couple suffered a head-on collision in which the man's wife was killed and he was very seriously injured. It is the opinion of Ted Gunderson, who has 49 years experience in law enforcement and counter-intelligence activities, that this probably was a kill-by-car covert operation attempting to silence and intimidate yet another witness in the Franklin case, as probably occurred, according to sources, in the death of Kathleen Sorenson, the original complainant in the Franklin case.

Sorenson was driving on a two-lane road in October, 1989. Two elderly women in the car in front of Sorenson drove very slowly to slow her car down to a crawl. Another vehicle approached from the opposite direction at a high rate of speed. At the last moment, the elderly women pulled over to the right shoulder to allow the fast approaching car to run into her. The individuals in the fast-approaching car had prior arrest records for cruelty to animals, a common marker for Satanism.

I, Gunderson, suspect in evaluating the accident that it was a Satanic contract suicide. The other driver did not die, but could have. In Satanic law, a person who loses his/her life in such a contract murder/suicide will be reincarnated with more power granted by Satan. Not long after Sorenson's death, a teenager in a youth care facility told a worker, "You better watch out, or we will get you like we got that lady from Blair." Kathleen Sorenson was from Blaire, NE. The youth went on to describe a ceremony of drawing lots for the privilege.

Two other kill-by-car covert techniques are:

1) An oversized van pulls up along-side a car and shoots out the left rear tire. Simultaneously, the van sideswipes the car, forces the car off the road, and usually causes the car to roll, most desireably at a location where it will roll down a hill. A policeman, who is part of the covert operation, keeps the traffic

flowing so there are no witnesses. If the intended victim(s) are not dead, they are beaten and killed by the occupants of the van.

2) Three vehicles flank the car, one in front, one in back, and one on the side. The side vehicle forces the car off the road and the three cars drive away.

GUNDERSON LETTER TO DON STENBERG, STATE ATTORNEY GENERAL

On January 3, 1992, based on the obstruction of justice in the investigation of the Franklin case, Ted Gunderson wrote a letter to the Honorable Don Stenberg, Nebraska State Attorney General, asking him to look into the matter. Gunderson cited the following irregularities:

1. Pornographic material has been seized ... with no follow-up investigation.

2. During the summer of 1990, the FBI reviewed the Senate Franklin Credit Committee Investigation files without the permission or knowledge of Senator Loran Schmit. It was later learned that a number of items are missing.

3. Alisha Owen's first attorney, Pam Vuchetich, provided privileged attorney-client information to the FBI. She also failed to file a timely appeal in Ms. Owen's conviction on bad check charges. Ms. Vuchetich has reportedly been romantically involved with a FBI agent.

4. The Nebraska Leadership Conference has developed information that the FBI has not only leaked information to Omaha T.V. stations, but asked for and received money for this.

5. Larry King and others were never subpoenaed to the Douglas County Grand Jury.

6. Numerous individuals identified as perpetrators have never been interviewed by law enforcement officers.

7. Instead of conducting follow-up interviews, law enforcement officers, particularly the FBI, have attempted to discredit and harass the victims.

8. Paul Bonacci has new information about the Johnny Gosch kidnapping case in Des Moines, Iowa, yet law enforcement officers refuse to interview him or to consider further investigation of the matter.

9. In February, 1990, Robert Fenner, General Counsel for the National Credit Union Association, was advised by the FBI not to cooperate with the Franklin Credit Committee's investigator, Gary Caradori.

10. On March 9, 1990 the FBI attempted to entrap Owen by taping an arranged phone call from Boner to her.

11. A deposition by former Omaha Chief of Police Robert Wadman disappeared during the Owen trial.

12. Wadman lied under oath claiming he was not carrying a gun during the period Owen says she was involved with him.

DON STENBERG, STATE ATTORNEY GENERAL, RESPONDS TO GUNDERSON

Don Stenberg responded to Gunderson on January 28, 1992, by stating that he had reviewed Gunderson's "impressions" and that "many of the issues and allegations you raise have either been addressed, are rumor, or are so vague and nebulous as to defy resolution by diligent investigation." Stenberg asked for information on the new allegations on the Johnny Gosch kidnapping case and the alleged FBI sale of information to Omaha T.V. Stations. Stenberg concluded:

"We are assuming, Mr. Gunderson, that in the preparation of your letter of January 3, 1992, you have done more than simply parrot unsubstantiated allegations made to you orally or which you may have picked up in written material and therefore have specific information to back up your concerns, hence the above request. We will keep certain other matters under advisement. In the meantime, though, you are encouraged to send us any specific, substantiating material available to you regarding any one or more of the other items mentioned in your correspondence. Sincerely Yours, Don Stenberg, Attorney General."

GUNDERSON SUPPLIES SUBSTANTIATING DOCUMENTATION TO STENBERG

In a report dated March 10, 1992, Gunderson provided Stenberg with a letter and an eight-page report which elaborates, substantiates, and documents the 12 above-listed matters in his January 3, 1992 letter to Stenberg (This full eight-page report is included in Gunderson's report "Child Kidnapping in America: The CIA Connection"). Gunderson's letter, attached to his comprehensive report, states:

"Your reference to my 'impressions' indicates to me that you do not place much importance on the issues outlined by me. Regardless, I hope you will review the enclosed report with fair-minded, professional, and responsible judgment.

"There's a high level of frustration and animosity building among concerned citizens in Nebraska who are either victims or have seen enough through time to prove that there may be a conspiracy of sorts to cover up a series of indisputably disgraceful, scandalous crimes.

"You may not want to address their concerns, but you must agree that they deserve the attention such allegations require without being flippantly disregarded.

"It is because of their frustrations that I was hired as a consultant by the Nebraska Leadership Conference. As you can see by my resume (see Appendix), I am more than qualified to investigate this matter. I expect your level of professionalism predisposes to do the same."

GUNDERSON REPORT OF SUBSTANTIATING DOCUMENTATION GOES IGNORED

Gunderson supplied this same eight-page report to:

1. William Barr, U.S. Attorney General
2. Judge William Sessions, Director, FBI, Washington, D.
3. Ron Lahners, U.S. Attorney, Omaha, Nebraska
4. Governor Ben Nelson, Lincoln, Nebraska 5. FBI, Omaha, Nebraska
6. FBI, Omaha, Los Angeles, California

Regardless of Gunderson's, none of these agencies or offices has ever conducted an appropriate investigation of this case. Gunderson's letter and report were ignored by all of the above individuals with the exception of Stenberg, whose letter is set forth above, and an acknowledgment letter from the U.S. Attorney General's office and the FBI, Washington, D.C.

BOOK, 'THE FRANKLIN COVER-UP,' EXPOSES SATANCIC CULT/SEX/DRUG RING

In May, 1992, John De Camp, Attorney representing Paul Bonacci, and former long-term Nebraska State Senator, wrote 'The Franklin Cover-Up: Child Abuse, Satanism, and Murder in Nebraska.' This book exposed the Franklin Satanic cult/sex/ drug ring and the cover-up by the Grand Jury, police, and FBI. John De Camp advises in Chapter 14 of his book:

"The Justice Department acting through the FBI and the U.S. Attorney's office in Omaha emerges from the record of the

Franklin investigation not so much as a party to the cover-up, but as it's coordinator, rigging grand juries, harassment of witnesses, incitement to perjury, and tampering with evidence - federal personnel were seen to apply all these techniques in the Franklin case" (p. 182).

'The Mystery of the Carefully Crafted Hoax' is a booklet that summarizes the Franklin coverup and provides further documentation on the FBI and U.S. Attorney's active participation in rigging the Grand Jury, harassment of witnesses, incitement to perjury, and stealing and tampering with evidence.

FRANKLIN CONNECTIONS TO REPUBLICAN 1984 and 1988 REAGAN/BUSH PRESIDENTIAL CAMPAIGNS

'The Franklin Cover-Up' (1986), and Webster G. Tarpley and Anton Chaitkin's book, 'George Bush: The Unauthorized Biography' (1992), expose connections between the Franklin Satanic cult/sex/drug ring, and highest levels of the Republican party and presidential campaigns. Larry King, founder of the Franklin Credit Union, now incarcerated for related criminal convictions, was appointed for the 1984 Republican National Reagan/Bush Presidential reelection campaign as "Chairperson for the Black Voters for the Campaign" and "Chairmanshipof the National Black Republican Council, Development Committee for Fund Raising". He sang the National Anthem at the 1984 and 1988 Republican National Conventions.

John De Camp explains that at the Dallas National Republican Convention in 1984, King threw a giant extravaganza at Southfork Ranch, years before exposure of the Franklin matters. De Camp, a Nebraska Senator at the time, was in attendance and saw youths at the party. Victim/witness Paul Bonacci testified to being in attendance and described the party in exact detail to John De Camp, details De Camp claims could only be known by someone who was there.

Bonacci's reports are corroborated by other central victim/ witness, the children in the foster/adoptive-home of Jarrett and Barbara Webb of Fort Calhoun, Nebraska. Jarrett Webb was a board member of the Franklin Credit Union. In 1985, children in the Webb home reported physical and sexual abuse by both Jarrett and Barbara Webb beginning in June, 1985. The reports of foster-child Eulice (Lisa) Washington, were supported in a polygraph examination (In DeCamp's book, 'The Franklin Cover-Up', a pseudonym of Nelly Paterson Webb is used).

The book, 'George Bush: The Unauthorized Biography' (1986), states that in 1985, Eulice (Lisa) Washington, told Youth Care Worker, Julie Walters, as documented in her Department of Social Services March 25, 1986 report, that Larry King ran a massive child sex, homosexual, and pornography industry. She described how beginning in tenth grade, she had been taken by plane by Larry King, with other youths, to be used as a child prostitute at parties in Washington, Chicago, and New York. Lisa said that at these parties, she sat "looking pretty and innocent" and guests could engage in any sexual activity they wanted except penetration. Lisa named Vice President George Bush, Sr., as in attendance at least twice, according to Walters' report. Lisa said she had first met Mr. Bush at the Dallas 1984 Republican Convention. She also saw Vice President George Bush , Sr., at a party in Chicago in September or October of 1984, accompanied by two large white males. Walters' report states:

"She [Lisa] indicates that she set [sic] on a table at the party while wearing nothing but a negligee. She stated that George Bush saw her on the table. She stated she saw Vice President George Bush pay King money, and that Bush left the party with a nineteen year old black boy named Brent." According to the Chicago Tribune of October 31, 1984, George Bush, Sr., was in Illinois campaigning for congressional candidates at the end of October, 1984.

Walters' report indicates that Lisa said she saw George Bush, Sr., again at a party hosted by Larry King in Washington, D.C., in which there were no women, only men perfectly made-up to

look like women; older men and men in their younger twenties. She said she saw sodomy committed at those parties.

For citations from 'George Bush: The Unauthorized Biography', see: http://www.tarpley.net/bush21.htm

The report by Julie Walters also indicates that the children in the Webb home were sometimes taken to "meetings/parties" that Larry King attended at the Omaha Girls' Club. The report indicates that "there were about ten to fifteen older men present and about twenty-five young teenage girls" at one of the parties.

The report also indicates that the children in the Webb home reported that approximately every other week they were taken by the Webbs to parties at Larry King's home. They said that there were usually about thirty adults present, some prostitutes, and about twenty kids. The prostitutes said they gave half of their pay to Larry King. The children said that they talked to boys at these parties who said they were from Boys' Town. They said that some of the boys at the party were given new cars. They reported that sexual activities did not always occur behind closed doors and sometimes involved more than two people.

Gary Caradori, investigator for the Nebraska State Legislature (killed in a suspicious plane explosion as detailed above), documented that the aunt of Eulice (Lisa) Washington said that the children in the Webb home said that they had been transported around the country several times, and that one of the children, possibly Lisa's youngest sister, had kept a book of matches from Texas, where the Republican convention was held in 1984.

De Camp's book, 'The Franklin Cover-Up', includes notes of investigator Gary Caradori stating that Bonacci, beginning at 8 years of age, "had been involved in extensive homosexual activity" and had been taken on 200 to 300 trips around the country to destinations including Washington. D.C.; Des Moines, Iowa; Minneapolis, Minnesota; Kansas City and St. Louis, Missouri; Austin, Houston, and Dallas, Texas; Miami and

Tampa, Florida; Pasadena, California; and Grand Island and Lincoln, Nebraska. Caradori wrote that Bonacci told him that "Some of those trips he thought involved politicians from Washington, D.C., However, he didn't know anyone by name because of his young age." (P. 100-102).

On November 6, 1997, Gunderson was in Denver, Colorado, giving a lecture. At the conclusion of the lecture, a man informed me that at 3:00 a.m. that morning, 210 children boarded an airplane with two male adults and one female adult. My source said that a friend serviced the plane and asked the female adult where the children were from, and that she said, "Child Protective Services" and "Mind your own business." The individual who serviced the plane checked the service records and learned that the plane was en route to New York to refuel, and then on to Paris France. Several months later, I re-contacted my source and asked if I could interview the airplane maintenance service man. My source informed me that the serviceman had received threats, had quit his job, and was in hiding.

FRANKLIN CONNECTIONS TO "SUICIDED" CRAIG SPENCE: OPERATOR OF CONGRESSIONAL CALL BOY RING WITH TIES TO REAGAN AND BUSH IN 1989

In 1989, Craig Spence, lobbyist and political operative, made headlines due to exposure of his call boy ring that catered to the political elite, offering children to its clients. In his book, "The Franklin Cover-up", De Camp writes: "Spence's activities made banner headlines in the Washington Times on June 29, 1989: ‘Homosexual prostitution inquiry ensnares VIPs with Reagan, Bush'. Spence's access was so good, that he could arrange nighttime tours of the White House for his clients. The Times added on August 9, 1989, that Spence ‘hinted the tours were arranged by top level' persons, including Donald Gregg, national security advisor to Vice President Bush...' Spence, according to friends, was also carrying out homosexual blackmail operations for the CIA" (P. 169).

According to one of Gunderson's (this writer) confidential sources, Craig Spence was a CIA operative. Connections were made between Larry King's child sex ring and that of Craig Spence. De Camp continues:"According to a Washington, D.C. investigative journalist who researched the Spence ring, ‘The way we discovered Larry King and this Nebraska-based call boy ring, was by looking through the credit card chits of Spence's ring, where we found King's name.' Another investigator, with personal knowledge of the call-boy rings operating in Washington, put it this way: ‘Larry King and Craig Spence were business partners. Look at two companies, ‘Dream Boys' and ‘Man to man", both of which operated under another service, ‘Bodies by God'. " (p. 169) Craig Spence was found dead in 1989 of alleged suicide, another in a long chain of suspicious deaths connected to the Franklin case, President Reagan, and Vice President Bush. See also "George Bush: The Unauthorized Biography", by Webster G. Tarpley and Anton Chaitkin, especially chapter XXI.

LARRY KING AND FRANKLIN TIED TO IRAN-CONTRA DRUGS-FOR-ARMS AFFAIR

De Camp, in his 1986 book 'The Franklin Cover-up,' cites an Omaha World-Herald article dated May 21, 1989 that CONNECTS Franklin to Iran-Contra; "In the 6 and 1/2 months since federal authorities closed Franklin, rumors have persisted that money from the credit union somehow found its way to the Nicaraguan contra rebels." (P. 171)

Carol Stitt, Foster Care Review Board Executive Director, had notes that referenced Larry King running guns and money into Nicaragua. De Camp writes,"Her notes on December 21, 1998 reflect that she talked with [James] Flanery [reporter for the Omaha World Herald] and in addition to the Nicaraguan info he was also now talking about CIA involvement and provided info that yesterday (Dec. 20) the FBI quit cooperating with him... Apparently Flanerytold Carol he was close to resigning and the reason he didn't think anyone wanted to do anything

was because of the possibility of a White House connection." (p. 170)

Rusty Nelson has reported new evidence on a Franklin and Iran-Contra connection as of June 22, 2000, jeopardizing his life further. Nelson's June 22, 2000, written statement: "Another dark villain was Colonel Aquino [Lieutenant Colonel Michael Aquino] to whom King paid off with a suitcase of bearer bonds and cash earmarked for covert Contra operations." (Further evidence of involvement of Larry King with Lieutenant Colonel Aquino described below)

Knowledge of the Iran-Contra Affair may also be the true cause of the essentially unpublicized June 3, 2000, alleged "suicide" of John Millis, Staff Director of House Intelligence Committee. In 1996, Millis had investigated and uncovered the Clinton administrations' role in helping Iran transfer arms to Bosnian Muslims. The suspicious nature of the recent death of Millis and the lack of media coverage is described in more detail below.

LARRY KING SUDDENLY TAKEN TO PSYCHIATRIC FACILITY

De Camp writes, "On the morning of February 7, 1990, Larry King was making plans to attend one of those fund raising events in Omaha, featuring President George Bush. Out of the blue, U.S. Magistrate Richard Kopf suddenly ordered King to be taken to a federal psychiatric facility in Springfield, Missouri for ‘tests'... The word in Omaha was that King, indicted in Federal court on May 19, 1989, on forty counts of financial wrongdoing, was planning to ask Bush for help." (De Camp, 1986, p. 165-166)

DOCUMENTARY "CONSPIRACY OF SILENCE" NOT AIRED AND DESTROYED

In mid-1993, following the circulation of "The Franklin Cover-Up" for almost a year, Yorkshire Television of England sent a top-notch investigatory team to produce a documentary on Franklin. They conducted a national investigation for 10 months - interviewing, filming, and documenting the Franklin story, finding new witnesses, and uncovering new evidence. Their documentary, "Conspiracy of Silence," was scheduled to be aired nationwide on the Discovery Channel on May 3, 1994. It was in the national T.V. Guide listings. At the last minute, and without explanation, it was pulled from the air. In late 1995, a copy of the almostcomplete production was anonymously sent by mail to John De Camp. Troy Boner had withdrawn his previous retractions in an affidavit on October 27, 1993. De Camp explains in his updated version of the book that Yorkshire Television had, at great expense, obtained a polygraph test for Troy Boner and was convinced he was telling the truth. Troy Boner was featured in the documentary which focused on:

1. The use and involvement of Boy's Town children and personalities by individuals in the Franklin case, particularly Larry King and Peter Citron. 2. The linkage of the Franklin case to top politicians in Washington, D.C. 3. The improprieties of these politicians and businessmen and compromising of these people by Larry King, through drugs and using children for pedophilia.

In mid-1996, John De Camp learned through a source he is not at liberty to disclose, the events that caused "Conspiracy of Silence" to not be aired. When the show was sent to the United States, customs officials seized it and held it up as being "pornographic material." Attorneys for Discovery Channel and Yorkshire Television were able to get the documentary released. The lawyers then went through the film for months, making changes and deletions, so the show would ultimately survive any claims of libel or slander that any individuals identified in the documentary might attempt to bring. The lawyers cleared the documentary for broadcast. De Camp writes:

"During the several months that the documentary was being prepared and advertised for showing, major legislation impacting the entire future of the Cable T.V. industry was being debated on Capitol Hill. Legislation, which the industry opposed, was under debate for placing controls on the industry and the contents of what could be shown. Messages were delivered in no uncertain terms from key politicians involved in the cable T.V. battle that if the 'Conspiracy of Silence' were shown on the Discovery Channel as planned, then the industry would probably lose the debate. An agreement was reached. 'Conspiracy of Silence' was pulled, and with no rights for sale or broadcast by any other program; Yorkshire T.V. would be reimbursed for the costs of production; the Discovery Channel itself would never be linked to the documentary; and copies of 'Conspiracy of Silence' would be destroyed."

JOHNNY GOSCH, KIDNAPPED CHILD, CONNECTION TO FRANKLIN CASE

In 1989, Paul Bonacci confessed to his attorney, John De Camp, his part in the kidnapping of 12-year-old Johnny Gosch on September 5, 1982, in West De Moines, Iowa; a highly publicized missing child case. Paul Bonacci was 14, almost 15, years of age at the time. Rusty Nelson also testified in U.S. District Court, Omaha Nebraska, on February 5, 1999, that one of the victims in the Franklin case was Johnny Gosch.

Noreen N. Gosch, Johnny's mother, received almost no assistance from the local West De Moines police or the FBI in investigating her case. She held a press conference and received her first death threats. One male telephone caller said, "Stop making waves or you will die." Noreen Gosch now realizes she had begun "knocking on the door" of the Franklin Satanic cult/ sex/drug ring case.

Noreen Gosch obtained private investigator Dennis Whalen who had solved a missing child case in Carter Lake, Iowa. While investigating the Gosch case, Whalen told Noreen Gosch of a

slave auction in Houston, Texas. He asked her, "Would you get $50,000 to buy your son back, if he goes across the auction block?" Noreen Gosch borrowed the funds.

Unfortunately, Whalen informed Noreen Gosch that Johnny was not at the Texas auction. Whalen was discovered as helping Noreen Gosch and was forbidden from attending other auctions.

Noreen Gosch reports that within six months of Johnny's kidnapping, a young man named Paul Bishop contacted her. He came to Des Moines and identified himself as CIA. He told Noreen that an international kidnapping/pornography ring kidnapped Johnny. He told her Johnny was still alive and being sexually used in pornography, prostitution, and perversion. He said he wanted Noreen's help. Noreen Gosch replied, "How can I help you, what does the CIA want with me?" He replied, "We need one stable parent in this situation, to act, when directed to speak out to the public as to what happened to your son."

Noreen Gosch doubted who he was. To convince her, he produced a complete dossier of her entire family including those who have died. She was given a code name of "Firefox" for him and a phone number to contact him. She learned that Bishop's location was Langley Air Force Base, CIA Headquarters. Noreen Gosch testified in August 1984 at the "Organized Crime Senate Hearings" in Washington, D.C., before Senator Specter. Books were made available by the FBI showing children in a Sears Roebuck type of catalog offering children for sale. Paul Bishop appeared with her and gave comments directly to Senator Specter verifying all of the information Noreen submitted.

Noreen Gosch reports Paul Bishop eventually vanished without a trace. Suddenly the phone number was no good. Noreen Gosch reports that it was to be years before she learned that the CIA was part of the International kidnapping and pornography ring. She and others have attempted to obtain copies of the catalog of children for sale and, "There has never been a single reply to any request to produce this document."

She also attempted to obtain from the Washington Press Core photographs from the hearing, also with no success. Noreen Gosch reports that Paul Bishop was in his early 20's and called her "Mom." She now wonders if he was one of the "lost" children.

Noreen Gosch founded "The Johnny Gosch Foundation" a month after the kidnapping and developed a program called "In Defense of Children." Noreen Gosch wrote the "Johnny Goschbill," which was passed into law in Iowa on July 1, 1984. A year later, Missouri as well as seven other states adopted the bill and passed it into law. This law, which is still called "The Johnny Gosch Law," provides the immediate involvement of police when a child is missing, instead of the previous 72 hour policy of waiting. Terry Dunn Meurer, with Dave Bell Associates at that time, and now with "Unsolved Mysteries," produced a documentary called "MISSING" which included the story about Johnny and three other missing children. Some of these children were found dead, others are still missing. That documentary was aired in 1983 on HBO.

NOREEN GOSCH AND PAUL BONACCI MEET

Following Paul Bonacci confessing in 1989 to his part in the kidnapping of her son, Noreen Gosch met with him. Bonacci told her that her son was taken into a "ritual abuse/mind control program called the 'Monarch Program.'" He said that the children taken were used for pornography, prostitution, and various other forms of abuse and control. This program was started and sanctioned by our government under the CIA MK-Ultra mind-control program, a cold war covert operation beginning after World War II following Operation Paperclip. In Operation Paperclip United States Intelligence brought over hundreds of Nazi scientists to further develop their mind control techniques and human robots developed in the concentration camps for the purpose of assassination, prostitution, drug smuggling, and other covert intelligence operations. Paul Bonacci told Noreen Gosch that Johnny Gosch

was living in hiding.

JOHNNY GOSCH VISITS HIS MOTHER IN 1997

Johnny himself came to see his mother in March 1997, then 27 years old. He confirmed all that Paul Bonacci had told her of the case and asked for her helping in bringing justice. He shared the names of people who were responsible. Finally after all these many years, Noreen knows the "who, how, and why" of her son's kidnapping. She vowed to her son she would do something about this and set about in a plan to bring the entire story out. She realized that she must keep her promise to her son and not reveal that he had been to her home. He had begged her not to share that unless it was absolutely necessary.

Noreen Gosch kept this confidential until March of 1999, when she appeared in court to testify for Paul Bonacci, who had been vindicated by a Federal Court order and allowed to bring a civil suit against Larry King. Noreen, while on the witness stand, was asked by John DeCamp, Paul Bonacci's attorney, "if she had ever seen or talked to her son in all the years he had been missing." Being under oath at the time, she had to answer with the truth. This led to a huge onslaught of press coverage. Some people believed her and others made vicious attacks upon her character, calling her everything from a liar to crazy. The faithful who know her and followed this story knew differently. This led to another appearance on 'Inside Edition' and other network TV shows.

JOHNNY GOSCH STILL ALIVE AND IN HIDING

Based on Noreen Gosch's investigative sources, she recently learned that her son is still alive and in hiding. He is afraid of being killed to prevent his testimony and he is afraid of being charged for crimes he was forced to commit by his abductors and in his efforts to flee his abusers. Noreen N. Gosch's

continued goal is to bring out the truth on Johnny's kidnapping and is prepared to do whatever is necessary, including radio and television shows, magazine, and newspaper interviews. Noreen N. Gosch can be reached by phone at 515-221-3220 and by Email at NGosch@aol.com.

NOREEN GOSCH MEETS WITH GARY CARADORI'S WIDOW

On June 22, 2000, Noreen Gosch informed me, Ted Gunderson, that in mid-June of 2000, she met at length with Gary Caradori's widow, Mrs. Sandy Caradori. Mrs. Caradori told Noreen Gosch that Mr. Caradori had told her that he had received information on Johnny which led him to two prisons to investigate further. Upon returning home from these investigations he told his wife, "I know what happened to Johnny Gosch, the boy is still alive, I'm going to call his parents." To her knowledge, he did telephone the Gosch home. Noreen Gosch indicated that Mr. Caradori must have spoken with Mr. Gosch, Johnny's father, who in turn kept the information about Johnny being alive from her. Noreen Gosch reports that she now knows that Mr. Gosch is connected to the Franklin case. She is in the process of formally releasing this information to the press. She has already provided this information in detail to many concerned parties.

FBI ATTEMPTS TO KILL AIRING OF GOSCH STORY ON AMERICA'S MOST WANTED

Following Bonacci's 1989 confession to participating in the kidnapping Of Johnny Gosch, investigators for the television show 'America's Most Wanted' began working with the investigators for Noreen Gosch and prepared to televise the story. Noreen Gosch testified in U.S. District Court, Omaha Nebraska, on February 5, 1999, (the Bonacci suit against Larry King) that within one or two weeks of the 'America's Most

Wanted' story airing, "the FBI in Quantico, Virginia contacted America's Most Wanted and told them to kill the story. They did not want the Johnny Gosch story broadcast." John Walsh aired the story anyway. When John De Camp asked Noreen Gosch if she knew why the FBI wanted to kill the story, Noreen Goschresponded: "Well, of course. It would have opened up the biggest scandal in the United States, bigger than the Iran Contra story. Bigger than President Clinton's infidelities."

CIA KILLS '20-20' SHOW ON JOHNNY GOSCH

ABC's '20/20' contacted Noreen Gosch in 1997, asking to do a one hour special program called "The Johnny Gosch Story." The documentary was intended to depict the 17 year journey of Noreen Gosch in her search for her son, Johnny. In the process of her investigation, Karen Burnes of '20/20' uncovered 45 other victims of child sexual abuse, satanic abuse, and kidnapping, several of whom knew Johnny and were with him on many occasions.

One of the victims interviewed in this show is the almost 30-year-old son of Antoine Szandor La Vey, founder of the Church of Satan, author of the 'Satanic Bible.' During this interview, Antoine La Vey's son said he was with Johnny Gosch several times and Johnny saw him several times. La Vey's son told '20/20' that his father, Antoine, had castrated him. The only reason he was willing to talk to '20/20' was because his father was dead and he no longer feared him. Karen Burnes and the film crew all had to sign a "hold harmless clause" absolving ABC of any liability if any of them were to be killed during the process of telling this story. To our knowledge, never before had any producer and crew been forced to sign such an agreement.

The Johnny Gosch Story was scheduled for airing April of 1998, but was postponed four times. Now Karen Burnes is apparently very ill and hospitalized with a disease of unknown origin. Before departing for medical leave, Karen Burnes

informed Noreen Gosch that Frank Snepp, a former CIA agent, would be taking over the investigative reporting for the show. Frank Snepp claimed the documentary had no validity unless Johnny was turned over to Congressional protection; however, many congressmen and other politically elite have been accused by Franklin abuse victims and other victims (including Brice Taylor) of being their owners and handlers under circumstances that have re-established slavery in this country on the part of the ruling elite. For about 6 months, Ira Rosen, Senior producer with '20/20' was unaware that Frank Snepp had taken over the investigatory reporting for the show. He was outraged when he heard the news.

Noreen Gosch was then informed the show would be "on the shelf" indefinitely. Approximately, $300,000 had been spent on this one hour special and it sits on a shelf at ABC's '20/20.' Frank Snepp had a great deal to do with the halting of the TV special on Johnny Gosch. He claims to be a former CIA agent. Once CIA, always CIA!

FRANKLIN CONNECTIONS TO SATANIST MICHAEL AQUINO AND JOHNNY GOSCH

Antoine La Vey founded the 'Church of Satan' in 1966 and wrote 'The Satanic Bible' in 1969 (New York: Avon Books). Michael Aquino was one of its leaders. Michael Aquino split from Antoine La Vey in 1975 and, in the same year, founded his own Satanic organization known as the 'Temple of Set' according to a document of the California "Office of Criminal Justice Planning: Research Update, State of California, Volume 1 (6), Winter, 1989-1990" entitled "Occult Crime: A Law Enforcement Primer." Aquino authored 'The Book of Coming Forth by Night.'

Noreen Gosch found learned that Michael La Vey was involved in the crimes perpetrated against her son when she met with Paul Bonacci in the Nebraska prison in 1991. Bonacci described to her the kidnapping and sexual abuse of Johnny; he

named the parties involved in the actual kidnapping; he said a man named Sam brought pictures of Johnny to a motel room the night before the kidnapping, indicating that this was the boy they were to "grab" the next morning. At a later time, Bonacci correctly identified a picture of Sam Soda of Des Moines, Iowa, from a line-up of 20 photographs as the man who brought the photograph of Johnny to the motel. Bonacci also indicated Sam was there watching as Johnny was repeatedly sexually abused while being photographed. (Rusty Nelson reported Sam Soda as the man who introduced him to Larry King)

Bonacci told Noreen Gosch that 14 days after Johnny was kidnapped, known Satanist Colonel Michael Aquino came to the house outside of Sioux City, Iowa, where Johnny had been kept since the kidnapping. Michael Aquino, then a Colonel in the Army, paid several thousand dollars to the kidnappers, took Johnny, and left for Colorado with him.

In March of 1998, when Johnny Gosch came to his mother's home in the middle of the night, he told his mother about his abduction and named Colonel Michael Aquino as a central perpetrator. Aquino was then an officer in the military reputedly in charge of "Operation Mind War" for the U.S. government. "Operation Mind War" was a sub-project of "Project MK-Ultra" which grew out of "Operation Paperclip;" which was a covert operation in which large numbers of Nazi scientists were brought to the United States from the Nazi death camps of World War II to learn from their techniques of torture, drugs, hypnosis, mind control, and genetic experimentation for covert operations.

Aquino has claimed to be the son of a Nazi S.S. officer. The "MK-Ultra Mind Control Program" was supposed to be discontinued as a result of a 1977 Congressional hearing and report. However, there is overwhelming evidence that this project and its derivative continue on a wide, international scale at present.

MILLION DOLLAR JUDGEMENT IN FAVOR OF PAUL BONACCI AGAINST LARRY KING

On February 27, 1999, the Honorable Warren K. Urbom, Senior United States District Judge, Omaha, Nebraska, awarded a million dollar civil judgment in favor of Paul A. Bonacci against Larry King. Paragraph two of the Memorandum of Decision states:

"Two counts are alleged against the defendant Larry King in the complaint. Count V alleges were a conspiracy with public officials to deprive the plaintiff of his civil rights, designed to continue to subject the plaintiff to emotional abuse, and prevent him from informing authorities of criminal conduct. Count VIII charges battery, false imprisonment, and infliction of emotional distress, negligence, and conspiracy to deprive the plaintiff of civil rights. Between December, 1980, and 1988, the complaint alleges the defendant King continually subjected the plaintiff to repeated sexual assaults, false imprisonments, infliction of extreme emotional distress, organized and directed satanic ritual, forced the plaintiff to "scavenge" for children to be a part of the defendant King's sexual abuse and pornography ring, forced the plaintiff to engage in numerous sexual contacts with the defendant King and others and participate in deviate sexual games and masochistic orgies with other minor children."

The memorandum of decision continues:

"He [Bonacci] has suffered burns, broken fingers, beatings of the head and face, and other indignities by the wrongful actions of the defendant King. In addition to the misery of going through the experiences just related over a period of eight years, the plaintiff has suffered the lingering results to the present time. He is a victim of multiple personality disorder involving as many as fourteen distinct personalities aside from his primary personality. He has given up a desired military career and has received threats to his life. He suffers from sleeplessness, has bad dreams, has difficulty in holding a job, is fearful that others are following him, fears getting killed, has

depressing flashbacks, and is verbally violent on occasion, all in connection with the multiple personality disorder, and caused by the wrongful activities of the defendant, King.

"For sixteen years since the abuse of the plaintiff began, I conclude that a fair compensation for damages he has suffered is $800,000. A punitive award also is justified but the amount has to be limited because of the small effect that such a judgement would have on the defendant King given his financial condition and his presence now in prison. I deem a punitive award of $200,000 to be adequate."

Noreen Gosch reports that Judge Warren K. Urbom did not believe the testimony of Paul Bonacci in the first proceeding after he was indicted on July 23, 1990, and charged with perjury; nor did he believe his testimony in the criminal trial in which he was sent to prison for touching the clothed leg of a boy. Then, February 7, 1999, Judge Urbom said he believed Bonacci, awarded him $1,000,000.00, and conceeded he had been wrong in his earlier judgments. FBI Special Agent Ken Lanning of the Behavioral Science Unit, Quantico, Virginia, has claimed on numerous occasions there is no organized Satanic movement in this country; only dabblers. This is the official position of the FBI.

THE "FINDERS" CASE: MORE CHILD ABDUCTION AND SATANIC ABUSE

The Franklin case and Finder's case both include substantiated child abduction, child sexual abuse, and Satanic ritual abuse. Both cases raise serious questions of cover-up by United States Federal and State Government agencies.

On February 7, 1987, Special Agent Walter Kreitlow, United States Customs Service filed a Report of Investigation on the Finders case. According to this report, the U.S. Customs Service was contacted on February 5, 1987, by the Tallahassee, Florida, Police Department who advised the Customs service that two

white males - Michael Houlihan and Douglas Ammerman - both of Washington. D.C., were arrested in Florida the previous day on charges of multiple counts of child abuse.

Houlihan and Ammerman were arrested in the company of six children ranging in age from 2 to 7 years old. The children were "covered with insect bites, were very dirty, most of the children were not wearing underwear, and all the children had not bathed in many days." A memo to the file in this report by Special Agent Ramon J. Martinez, United States Customs Service, indicated that the children stated they were en route to Mexico to attend a school for "smart kids." They were unaware of the function or purpose of telephones, television, and toilets. The children further advised they were not allowed to live indoors. They were given food only as a reward.

The Washington, D.C. Metropolitan Police Department was also contacted by the Tallahassee Police Department because the van, which the adults were driving, traced back to an organization in Washington, D.C. known as "The Finders." Search warrants were obtained by the Washington Metropolitan Police Department for two locations of the Finders: 1307 Fourth St. N.E., and 3918/3920 W St. N.W., Washington, D.C.

Information was developed by the Washington, D.C. Metropolitan Police Department that sex orgies and "blood rituals" had taken place at these two locations. They also suspected anunsolved murder took place at one of the two locations. A large collection of nude photographs, believed to be members of the Finders, was obtained during this search.

An album contained a series of photographs of adults and children dressed in white sheets participating in a blood ritual. The ritual centered around the execution of at least two goats. The photos portrayed the execution, disembowelment, skinning, and dismemberment of the goats at the hands of the children. This included removal of the testes of the male goat, the discovery of a female goat womb and the baby goats inside the womb, with the presentation of a goat's head to one of the

children.

Further inspection by the U.S. Customs agents of the premises disclosed numerous files relating to activities of the organization in different parts of the world including Japan, Hong Kong, Malaysia, Africa, Costa Rica, London, Germany, and other parts of Europe. There was also a file identified as "Palestinian." One file was identified "Pentagon Break-in." Telex messages were found, including one specifically ordering the purchase of two children in Hong Kong to be arranged through a contact with a Chinese Embassy there, and one expressing an interest in "bank secrecy" situations. Other discovered documents identified a keen interest in terrorism, explosives, and the evasion of law enforcement.

There was also a set of instructions which appeared to be broadcast via a computer network which advised participants to move "the children" and keep them moving through different jurisdictions and instructions on how to avoid police attention. These instructions were issued the day Houlihan and Ammerman were arrested by the Tallahassee police.

There were intelligence files on private families, not relatives of members of the Finders. The Finders appeared to have undertaken a systematic response to local newspaper advertisements for baby-sitters, tutors, etc. A member of the Finders would respond and gather as much information as possible about the habits, occupation, etc. of the family. The use of this information was unknown. There was also a large amount of data collected on various childcare organizations. There appeared to be training areas for children and what appeared to be an alter set up in a residential area of the warehouse. Many jars of urine and feces were located in this area. The news media was alerted to the raid.

"FINDERS" CASE DEFINED AS CIA INTERNAL MATTER: INVESTIGATION CLOSED

The United States Customs Service Special Agent Ramon J. Martinez appeared at the Washington, D.C. Metropolitan Police Department on April 2, 1987, for a briefing. Mr. Martinez states in his Report of Investigation:

"I was advised that all the passport data [found in the van in Tallahassee, Florida] had been turned over to the State Department for their investigation. The State Department in turn, advised the MPD [Washington, D.C. Metropolitan Police Department] that all travel and use of the passports by the holders of the passports was within the law and no action would be taken. This included travel to Moscow, North Korea, and North Vietnam from the late 1950s to mid 1970s." However, it should be noted that normal travel to those countries was illegal at that time. The final page of the U.S. Customs Service Report of Investigation states the following:

"The individual further advised me of circumstances which indicated that the investigation into the activity of the FINDERS had become a CIA internal matter. The MPD report has been classified secret and was not available for review. I was advised that the FBI had withdrawn from the investigation several weeks prior and that the FBI Foreign Counter Intelligence Division had directed MPD not to advise the FBI Washington Field [Investigation] Office of anything that had transpired."No further information will be available. No further action will be taken."

RUSTY NELSON ARRESTED IN OREGON WITH THOUSANDS OF PHOTOGRAPHS

In 1998, John De Camp received a call from a detective on the Oregon State Patrol who advised him that they had arrested Rusty Nelson. In his possession, they found tens of thousands of pictures of children and other items which the detective described as pornographic.

Through a series of events, De Camp arranged for Nelson to be

placed on parole in Oregon. Rusty Nelson has been on parole from Oregon and working in Nebraska since February 7, 1999, when he testified in Nebraska on behalf of Paul Bonacci in his civil suit against Larry King.

The pictures taken by Rusty Nelson and obtained from authorities in Oregon were presented as evidence in the civil suit. The courts ruled that De Camp could view them, but not make notes and placed a gag order on him. He could never, and has never, revealed their contents. John DeCamp informed Ted Gunderson (this writer) that a Local Omaha, Nebraska County judge stated that the pictures could not be made public, as it would "destroy the reputations of respectable citizens in the community." After the viewing by De Camp, these pictures were destroyed by order of the court.

RUSTY NELSON ARRESTED FOR ALLEGED PAROLE VIOLATION

In May, 2000, Rusty Nelson was taken into custody for a "parole violation" with no explanation as to the nature of the violation. This occurred very shortly before John De Camp, attorney for Rusty Nelson, and his family were scheduled to visit relatives abroad for the first time in about 20 years. This deprived Rusty of his main advocate and left him with a public defender, Barbara Kirkman, who advised him not to contest the alleged parole violation. At the hearing on June 21, 2000, neither the prosecutor nor public defender was aware of the nature of the parole violation and the judge did not furnish details of the parole violation. On June 27, Ted Gunderson called Paul Accardi, Chief Parole Officer, State of Nebraska, who told me that Nelson was arrested as a parole violator for refusal to attend a treatment program. However, it appears that Rusty Nelson made a concerted effort to obtain treatment in compliance with his conditions of parole.

Pam Purdie, girlfriend of Rusty Nelson, advised Gunderson on June 27, 2000, that she and Rusty Nelson made numerous

attempts to determine the date, time, and location for treatment programs. Purdie stated that she and Rusty Nelson both contacted Parole Officer Ken Drahota and Hearing Officer Kathy Hohnstein to ask for referrals or assistance in finding Rusty a treatment program. Purdie stated that both Drahota and Hohnstein told them in reply, "That's not my problem, Rusty's an adult, he knows what he has to do." In addition to these inquiries, Purdie contacted Rusty Nelson's Public Defender Barbara Kirkman. Kirkman in turn contacted numerous lawyers in town in attempts to locate the proper treatment program. The answer from each of these individuals was, "We don't know." Purdie even took Rusty to Lutheran Family Services in Bellview, Nebraska, and they were advised that Lutheran Family Services did not have the type of program necessary for Nelson.

John De Camp's office manager advised me on June 28, 2000, that their office has not received any legal documents from state agencies or the courts who are involved in the Rusty Nelson extradition proceedings. She also advised that Mr. De Camp, who was then out of the country, told her two weeks go that he had driven to Columbus, Nebraska, to represent Rusty Nelson in a court proceeding and the judge would not allow him in the courtroom. The office manager did not know the name of the judge.

EXTRADITION HEARING FOR RUSTY NELSON

On June 19, 2000, an extradition hearing was heard at Columbus, Nebraska. Rusty Nelson was charged with a parole violation. Neither the prosecuting attorney nor the public defender were informed of details of the violation. Rusty Nelson was not present at the hearing. John DeCamp advised Ted Gunderson on June 19, 2000, that the hearing was initially scheduled forJuly 6, 2000, but it was moved up to June 19 without notifying Rusty Nelson's attorney, John De Camp, in time for him to attend. The outcome of the hearing was that Judge Frank Skorupa, Platte County Court in Nebraska, ordered

Nelson returned to Oregon.

It is the opinion of Ted Gunderson, who has 49 years experience in law enforcement and counter-intelligence activities, that the scenario of returning Rusty Nelson to Oregon was orchestrated to gain control of him for unknown purposes. As John De Camp states in his letter to the Nebraska Governor Johanns dated June 5, 2000, Rusty Nelson "will end up dead." Nelson has knowledge of and control of extensive evidence that would be incriminating to too many people at the very highest level of the government.

Rusty Nelson's risk of harm is greater in Oregon, 1500 miles away from the watchful eyes of his attorney, his girlfriend, his relatives, and his friends in Nebraska. I am not aware of Rusty Nelson having any advocates, family, or friends in Oregon. Some of the techniques used by the CIA to eliminate witnesses include the use of a drug that is not traceable and induces heart attacks, medical "tests" that create diseases or rapid death, or officials will claim a suicide, murder by another inmate, or other form of death disguising foul play. A slang phrase often used in instances of death against victims who expose corruption in the Clinton administration is that they are said to have been "Arkansided."

JOHN DE CAMP LETTER TO GOVERNOR OF NEBRASKA

When De Camp learned that there would be an extradition hearing, he became very concerned for Rusty Nelson's safety. He wrote a letter on June 5, 2000, to Governor Mike Johanns of Nebraska with a copy to Secretary of State Scott Moore, Nebraska; Attorney General Don Stenberg, Nebraska; and United States Attorney, John Monaghan, Omaha, Nebraska. The initial part of his letter provides background concerning the Franklin investigation, which has been summarized above in this report. The following are excerpts from the letter: It is my belief, based on almost constant contact with Russell Nelson since he arrived in Nebraska, that he has complied as much as

is humanly possible with the parole requirements that allowed him to stay in Nebraska and participate in providing additional information dating back to the beginning days of the Franklin matters. It is just as certainly and strongly and clearly my absolute belief and opinion, that for whatever reason, once Mr. Ken Drahota became assigned to him to do this, has been determined to create a violation of Russell Nelson's parole so that Russell Nelson would be taken back to Oregon.

Just as certain am I that once Russell Nelson goes back to Oregon, he will end up dead and unable to do anything further on Franklin matters as has happened to somany of the people involved in this case. [The books, the "Franklin Cover-Up" and "The Mystery of the Carefully Crafted Hoax" detail the numerous mysterious deaths that have occurred during the investigation of this case, see reference list at end of document.]

I want to put this clearly, unambiguously, and absolutely in writing at this time to you officials so that when and if - more correctly when - it occurs, there will be in writing something that documents the pre-warnings on this. "Yes, I know this sounds melodramatic. Some would say exaggerated and some might even claim out of the LaLa land category. But before you make that judgment and take action that creates the conditions for what I am warning, you might actually take time to review the history of the Franklin case and what really did occur, and how to become Russell Nelson's parole officer, that Mr. Drahota, for whatever reasons and under whatever incentives may or may not have occurred to cause to a number of the witnesses there.

And you might take time to read the transcript. It is interesting, for example, that the FBI and the Omaha Police who supposedly thoroughly investigated the relationship between Rusty Nelson and Larry King and found absolutely nothing there, are absolute and unequivocal total liars on this matter. One had to be deaf, dumb, blind, and totally dishonest and using their official position to cover up the relationship of Rusty Nelson and Larry King to have made those statements.

Anyway, the final purpose and intent of this communication is to advise you that I am absolutely certain that Russell Nelson is the person that met with Gary Caradori just before Gary Caradori took off in his airplane and died. I am also certain that Rusty Nelson has those materials hidden and would take the proper federal or state law enforcement officials to the locations where those materials are hidden. Those materials he has, including originals of some of the things he gave Gary Caradori copies of, would answer questions about Franklin and some of the personalities and give answers which are contradictory to the official line put out by the grand jury, and of course the various investigative agencies involved.

I would recommend that the federal U.S. Attorney consider giving witness protection to Rusty and actually utilizing his information and talents to provide the information that would verify some of the ‘outrageous' claims made by the children and others in the Franklin case.

I will tell you all that I admit openly and frankly, and I confess that I missed the real essence of Franklin. The essence of Franklin was laundered campaign money in the 1988 presidential election and I totally missed it.

I was busy following the issues of baby screwing and young adults and drugs and abuse and misuse of official position. The real issue was campaign money laundering and Rusty Nelson can provide a lot more information on this.

It may not be convenient at this particular time with baby Bush running for president for that issue to surface, but as stated, I am satisfied that is the real issue of Franklin that completely shot by me and others who thought they were looking into a matter of child pornography or child abuse or whatever.

Having said these things, I again repeat and I hope you will look into this and not send this individual back for a summary execution, which is what will occur.

You might call Dr. Brylski who deliberately kept Rusty Nelson for almost a year or more at the hospital in Oregon, not because he had any mental problems, but strictly because she knew that he would be dead if she did not. It was only when she was satisfied that he was going to be able to be released immediately from jail upon his release from the mental institution and allowed to come here that she in fact certified that he was ready to go.

As stated, this is a brief and very short summary of my concerns and some of the reasons for those concerns and my beliefs.

I full well realize that you might think I am paranoid, delusional, and chasing fantasies as I recite some of these things. I once believed in the tooth fairy; I once believed in Santa Claus; I once believed that all entities and agencies of government are essentially pure and the public officials would not ever use their positions to really do horrible things or cover up horrible things.

I no longer believe in the tooth fairy; I have doubts of Santa Claus; and I have seen and learned enough in my participation in the Franklin matters to know that my original beliefs about the purity of government were not totally on target.

Respectfully, John W. DeCamp, DeCamp Legal Services, P.C.

LETTER FROM GOVERNOR MIKE JOHANNS TO DECAMP

John De Camp received the following response from Governor Mike Johanns by letter dated June 8, 2000.

Dear John,

Thank you for your recent letter and the materials relating to

Rusty Nelson and Larry King. I note that you provided copies to the top Federal and State law enforcement officials where the appropriate authority rests. Sincerely, Mike Johanns, Governor

It is noted that the Governor has the authority to block extradition from the State of Nebraska.

LETTER FROM U.S. ATTORNEY THOMAS J. MONAGHAN TO DE CAMP

John De Camp received the following response from the U.S. Attorney Thomas J. Monaghan by letter dated June 19, 2000.

Dear Mr. De Camp,

This is to acknowledge receipt of correspondence you sent on June 5, 2000. Thank you very much for providing us this information.

Sincerely, Thomas J. Monaghan, United States Attorney

NO RESPONSE LETTER FROM ATTORNEY GENERAL DONALD STENBERG

RUSTY NELSON'S SWORN STATEMENT OF JUNE 22, 2000

Realizing Rusty Nelson's life was in danger upon returning to Oregon, Ted Gunderson, arranged for the following statement to be furnished by Nelson:

In Rusty Nelson's "Legal Document" of 6-22-2000, he describes his numerous attempts on his life, including three times in which he was shot at. He writes: "We have contacted the Governor, even the Attorney General, for help and witness

protection, of which we were denied. I do not trust the FBI, or the marshals as they had their own people who were found guilty in their involvement with the Franklin ordeal.

Not to mention my house was searched, ransacked, and utterly demolished after mentioning on the phone from jail in Portland where I hid some of the evidence in my home in Nebraska. When my family arrived, my home was in shambles. This was much of the same photos and copies of various records pertaining to Larry King's sex ring and the huge amounts of money he stole from the depositors of Franklin Credit Union that I gave to Gary Caradori the day he and his son were murdered when their plane "mysteriously" broke apart on the flight back to Nebraska from Illinois just after I gave him copies of the evidence. Also quite mysteriously was [sic] the fact that Gary's plane crashed near the city where the former Chief of Police Wadman, who was run out of Omaha due to his involvement with Larry King, and Franklin. But more importantly whom I saw personally take a bribe of 1 1/2 to 2 inch stack of $100 bills from Larry King on a side street in downtown Omaha. I was in Larry's white Mercedes with them and secretly tape-recorded this transaction. Things like this really instill faith in the institutions of law, order, and justice for all.

"But on the grand scale was Mr. King's close ties with the national Republican party. I always wondered who all he had to blackmail and pull strings with so he could make his dream come true of singing the National Anthem to open the 1988 National Republican Convention... That's right, he did. Partly a great deal of this was due to some extremely large amounts of money diverted from Franklin to the campaign war chest and more so the special invite sex and drug parties at King's home on Embassy Row in Washington, D.C. often after a normal party to serve as cover. It was shocking to see who would show up behind closed doors afterwards to fulfill their fantasies and desires. It went all the way to the top! Regan [Reagan], Bush, and yes, even hopeful Wannabe Baby Bush. The Secret Service would even go so far as to sweep and secure the house for them.

"Much of this I had not mentioned to anyone prior to this as Larry King often threatened my life and well-being should information such as this get out. I still fear greatly for my safety and well-being should information such as this get out. I still fear greatly for my safety and well-being whether he is in prison or not. I have seen what he is capable of and he has probably told me of various people I knew who he had murdered so well that they would be written off as suicides and such due to his connection and the "flowers" ($$$) he would send to various law enforcement officials. This was much the way that he would keep able to providing children, usually young boys, located by Sam Soda and gay prostitutes for his 'friends' as well as for various sadistic and cult rituals where they would torcher [torture] and brand them as they were being sexually abused , orally, anally, and however else they could possibly think of.

"An other dark villain was Colonel Aquino [Colonel Michael Aquino] to whom King paid off with a suitcase of bearer bonds and cash earmarked for covert Contra operations. He also was big into sadistically inflicting pain, especially to the defenseless children.

"We also feel from the harassment and actions of Nebraska Senior Parole Officer Ken Drahota that he most likely has been corrupted by parties associated who wish to see that I am rendered financially and emotionally bankrupt and kept locked away where I cannot retrieve the evidence which still remains hidden that will prove without a doubt the identity and crimes of many of the parties involved in the many unjust and unspeakable acts committed by those surrounding Larry King. Mr. Drahota has also taken measures to make it extremely difficult for me to speak out freely at this time and has instigated my being detained in Columbus, Nebraska at the Public County jail so I can be extradited to Oregon on a Parole violation of which we are unable to find out what was the violation." I do have evidence still available. It would take great effort, personal risk, and resources to even attempt my retrieving these items. I will gladly do so under the right

conditions".

Rusty Nelson's attaches to the "Legal Document" a notarized statement, also called "Legal Statement", dated 6-22-2000, in which he writes:

"Of my own free will, I hereby voluntarily, under the penalty of perjury, and at EXTREME risk of life, liberty, well-being, and happiness, as well as having to endure relentless harassment to my family, friends, associates and ultimately myself, I have put this in writing to the best of my recollection as I believe it to be true from the events I photographed, private conversations, ledgers, documents, computer files, and various other such things those involved wish to keep secret and have gone to great lengths to keep them secret. These are things I witnessed personally before, during, and after my employment with Larry King and my association with those surrounding his most private and professional affairs.

"Much of which I secretly tape recorded, photographed or copied, then carefully hid in numerous places across the country should the need arise to retrieve such evidence. This document and other evidence is to provide further testimony and an avenue for justice to be served unto those who believe they are the untouchable elite that were associated with King in the event of my life or liberties be abruptly ended - as has all to commonly become the tragedy for numerous people innocently were victimized. Like myself or were associates, intimately or otherwise with the bizarre dealings, criminal activities, unspeakable sexual exploits and loss of countless lives due to Larry King and his associates many of which are extremely powerful in National and international politics, military, law enforcement, finance and business.

Sincerely,
Rusty Nelson
This statement was notarized on 6-22-2000 by Ann L. Kildare Gunderson

NOTIFICATION TO LAW ENFORCEMENT OF RISK TO RUSTY NELSON'S LIFE

On June 27, 2000, Ted Gunderson (this writer) personally called the following law enforcement agencies to notify them of the current risk to Rusty Nelson's life. I personally called Platt County Sheriff John Sabidal and I informed Sheriff Sabidal that I had been actively involved in investigating the Franklin matter for the past 10 years and I wanted to alert him to the fact that I believe Rusty Nelson's life is in danger. I personally called Parole Officer Ken Drahota and left a message on his voice mail informing Mr. Drohota that I believe Rusty Nelson's life is in danger, particularly if he goes back to Oregon and I wanted to alert him to that. I also left this message on June 26, 2000. On June 28, 2000, parole officer Drahota returned the call and confirmed receipt of my message of June 26 and 27, 2000.I also asked Rusty Nelson's girlfriend to ask Rusty Nelson furnish a statement of his wish to live and that he has no intentions of committing suicide.

STATEMENT OF JUNE 26, 2000, OF RUSSELL NELSON THAT HE IS NOT SUICIDAL

On June 26, 2000, Rusty Nelson notified authorities in writing on an "Inmate Request Form" as follows:

This is to advise all local, county, states, and federal officials and all their employees and associates that due to my association as a witness to many of the events surrounding the Franklin Credit Union in Omaha that my life, limb, liberties, livelihood, etc.. are in grave danger especially in the event I am extradited to Oregon.

In the event on my demise [demise], please contact Ted Gunderson, FBI, for further details. Also be advised that I am not suicidal and the results are due to acts of foul play! You may also find other details in a book called "THE FRANKLIN

COVERUP." I will also need a notary Wednesday before the mail goes out.

Respectfully submitted,
Russell E. Nelson

THE JUDICIARY

During the last 20 years, Ted Gunderson (this writer) has been contacted by hundreds of victims claiming corruption in the judiciary at all levels of our government. I have noticed a tendency by Criminal courts, Family courts, Civil courts, and Juvenile Dependency courts throughout the United States to base their findings on disbelief of testimony of satanic abuse, MK-Ultra Mind Control, and FBI, CIA, and government corruption. This writer has more than 2000 pages of documentation alone on the CIA Mind Control MK-Ultra Program. Dangerous child abusers, such as was the case in the famous McMartin Preschool Manhattan Beach California trial, are regularly found innocent. (See Ted L. Gunderson's extensive Scientific Tunnel Report on the McMartin case and/or "The Dark Tunnels of McMartin", by Ronald Summit, M.D. in the "The Journal of Psychohistory", Volume 21 (4), Spring, 1994, pp. 397-416; see references below). Children are regularly returned to parents involved in satanic abuse. Children areregularly removed from protective parents who allege satanic abuse based on the courts viewing these parents as delusional.

The information from my confidential sources is accurate. I wrote my letter to the FBI on May 1, 2000 to establish a paper trail. I have not received a response from the FBI and do not expect one. The FBI and CIA have both been corrupted. I am a former FBI chief (see my resume) who is attempting to expose the corruption in this country.

Sincerely,
Ted. L. Gunderson

HARASSMENT OF TED L. GUNDERSON

For the last 20 years there have been numerous stationery and moving surveillance's of me. When I see a stationery surveillance, I strap on my gun and confront the individual or individuals. On two occasions, I chased the subjects out of the neighborhood. One ran a red light to get away from me. The individuals involved are probably contracted employees for the CIA, members, I suspect, of the "shadow government." They discontinued the stationery surveillances in 1993. Since then they have periodically entered my automobile, usually at night, and turned on the directional signal to let me know they have been in my car and are watching me.

On several occasions, they entered my condominium in Las Vegas at night while I was sleeping and took files from my cabinet. From May 3 to May 10, 2000 while I was in Philadelphia, my condominium was burglarized. There was no forced entry. The suspected CIA burglars took four of my storage boxes of documents, which contained sensitive material and research. I have since been able to replace these. They also stole my FBI memorabilia, cherished items commemorating the days when I worked with my fellow agents on clean operations.

I have been photographed and videotaped on numerous occasions from automobiles and on one occasion on the golf course and on an other occasion, at a picnic in a public park. I suspect the individuals taking these pictures are CIA contract employees. I have also received numerous threatening and hang up phone calls. Their favorite phone calls involve the sound of a phonograph needle at the end of a record. I have also received numerous phone calls of individuals chanting on the line. I have recorded these calls. My mail has also been opened and I filed a formal complaint with the postal inspectors.

In May 1993, while driving from Omaha, Nebraska to Lincoln, Nebraska, at 75 miles an hour, my right front wheel came off. I was in Nebraska working on the Franklin case. I called the Nebraska Highway Patrol. The Patrolman, Officer Lamb, told

me the lug nuts on the right front wheel had been loosened which caused the accident. Fortunately, I was able to control the car. The repairman later told me that some of the lug-nuts on the left front wheel were also loosened, but apparently the intruder was interrupted while loosening the lug nuts as the others were intact.

ATTEMPTS TO FRAME TED L. GUNDERSON FOR A CRIMINAL VIOLATION

Between March and August, 1983, the FBI and DEA attempted to frame Ted Gunderson (this writer) through a girl named Pam Fawsett, an FBI informant. In August, 1983, Fawsett called me and said she wanted to meet with me. She told me of her assignment by the FBI, a plot which involved a series of recorded telephone conversations between her and me. She furnished a hand-written note by an agent which listed the questions she was to ask in one of the phone calls. The agent carelessly forget to retrieve the note. During the 6 months she was working with the FBI in an attempt to frame me, she was paid $2000 and had access to the FBI Modesto, California office. She even had her own coffee cup. She then furnished a series of three signed statements, and for documentation, the hand-written note the agent failed to retrieve. When I asked Pam Fawsett why she came over to my side, she told me, "Ted, I woke up the other morning and realized you were the only honest son of a bitch I have talked to in 6 months."

The last time I talked to Pam, she said she was going into hiding because she was on a "hit" list. Pam was heavily involved in drugs and had numerous contacts in the drug community. Up to that time, I had worked a number of cases involving drug activity, among those was the Dr. Jeffrey R. MacDonald case. This case involved a major drug cover-up involving the transporting of drugs from Southeast Asia in military planes in plastic bags in the body cavities of dead G.I.s coming into the United States (Time magazine, January 1, 1973). It is very possible that this planned "hit" is due to her involvement in this

case.

WIRETAP ON GUNDERSON

In April 1985, I learned there was an illegal telephone tap on my office line at 1100 Glendon Avenue, Suite 1200, Los Angeles, CA. I filed a lawsuit and subsequently received an out of court settlement from GTE. I was placed in a position of taking the settlement rather than pursuing the lawsuit because I could not afford an attorney and could not locate one who would take the case on a contingency basis.

I learned that the tap was administered by a telephone answering service known as Answer All Answering Service, on W. Pico Boulevard, in Los Angeles. I visited the site and noted approximately 150 wires coming into the building that appeared to have been abruptly cut. The occupants apparently left in a hurry with their equipment.

Prior to filing the lawsuit with the phone company, I was tipped by a confidential source inside the phone company and was able to obtain photographs of automobiles parked in the area and people coming and going from that location. These photographs are in safekeeping.

TED GUNDERSON, CIA FILE

In July of 1999, a confidential source advised me, this writer, that my CIA file at Langley, Virginia is the thickest he has ever seen. Despite attempts by the "Shadow Government" to wipe out my documentation through burglaries, my file on CIA-FBI corruption is also the thickest one I have ever seen, except for the copies securely hidden in a number of places (recall Rusty Nelson), which are about the same size of the original, give or take a stolen box here and there.

PRESSING QUESTIONS

1. Is Rusty Nelson going to be eliminated to prevent the exposure of child abuse involving George Bush, Sr., and George Bush, Jr., and possible connections between the Franklin case and the Iran-Contra Drugs-for-Arms Operation, either of which if made public could impede the election of George Bush, Jr. as President of the United States

2. Was Shawn Boner's death truly a suicide? Was he murdered to keep his brother Troy Boner from talking? If so, it worked. Boner recanted his statement after Shawn's death

3. Was Alisha Owen's brother's death truly a suicide? Was he murdered to keep Owens from talking? If so, it didn't work. Alisha refused to recant her testimony.

4. Why did Gary Caradori's plane explode in mid-air? Was it a bomb? Was the bomb attached to the rear seat? Was the seat not found to avoid chemical examination for a bomb? What happened to the pornography photographs confiscated at the scene by the FBI? Was the FBI at the crash site to control the recovery of the plane and evidence? There is questionable FBI jurisdiction? Did the FBI at the crash site grab the photographs from the sheriff deputy to suppress evidence and perpetuate the cover-up? Did the FBI know in advance that the plane was going to explode, allowing them to be at the scene almost immediately, according to the sheriff?

5. Was the death-by-car of the wife of the man from the sheriff's department a satanic "hit", as appears to be the case with Kathleen Sorenson?

6. Why did the FBI try to "kill" the 'America's Most Wanted' story on Johnny Gosch? Doesn't the FBI have jurisdiction over kidnapping cases? Why didn't the FBI cooperate with Noreen Gosch?

7. With so many similarities between the wide-scale Franklin and Finders cases, are they actually part of one national/ international satanic cult/child kidnapping/child enslavement/ sex abuse/drug ring? Who is representing the interests of the abused children in these cases? Where is the mainstream media? How many more Rusty Nelsons and Johnny Gosches are running for their lives as others of us sleep peacefully?

8. Is a cleansing operation in place to eliminate witnesses having knowledge of the illegal Reagan/Bush/CIA drug/arms operation in Central America, Mexico, and the United States, again to ensure George Bush, Jr.'s election?

Donald Barr William Barr

[image]

This article is part of a series-*At 250, Who Will America Be?*-reporting on threats to American democracy as we approach the nation's Semiquincentennial, on July 4, 2026.

~ ~ ~

ATTORNEY GENERAL WILLIAM BARR IS THE BEST REASON TO VOTE FOR CLINTON

A federal judge accuses the Justice Department of trying to "shape" a case involving illegal loans to Iraq. The House Judiciary Committee blasts federal attorneys for compromising their reputation for impartiality in the investigation of a computer-software theft. CIA officials charge a deputy attorney general with advocating the suppression of evidence in a sensitive sentencing hearing.

To even the most avid scandalmonger, these may sound like the ravings of a fevered Orwellian imagination. But in fact they are all part of a litany of wrongdoing leveled at George Bush's Justice Department in the past two months alone. And at the

center of the criticism is the chief articulator of Bush's imperial presidency, the man who wrote the legal rationale for the Gulf War, the Panama invasion, and the officially sanctioned kidnapping of, foreign nationals abroad - Attorney General William P. Barr.

So fast has Barr's star dimmed in recent months that even conservative pundits like ***The New York Times'***s William Safire have taken to calling him the "Cover-Up General." But so poorly understood are Barr's ties to the president himself that the fires now threatening the Justice Department have barely singed the Oval Office.

To some Washington insiders, that comes as a surprise, for Barr is surely the closest thing this administration has to a court philosopher. Through the policy decisions he has authored, first as assistant attorney general and finally as the chief himself, he has fashioned a coherent, radical ideology for a White House that is only ostensibly middle-of-the-road.

While the president, for example, hails a "new world order" based on the rules of law, Barr's briefs give us broken international covenants. Though conservative purists pretend that the Justice Department remains reactive, the attorney general, bolstered by an activist Supreme Court, sets aggressively conservative social agendas on everything from abortion to immigration - while stalling off inquiries into a myriad of scandals. Indeed, nothing better sums up the political gospel and failings of George Bush's reign on the eve of this election than the handiwork of his chief lawyer.

SON OF THE CIA

It was 21 years ago, in 1971, that I first encountered William Barr. Both of us were working for the CIA at the time, he as a novice China analyst, I as a member of the agency's Vietnam task force. Jovial and unassuming, he took his cues easily from an overly politicized office chief. It was a token of things to

come.

Three years before, we had brushed shoulders unknowingly on Columbia University's roiling campus. Both of us were on the ***other*** side of the barricades as antiwar demonstrations there blasted our generation into a decade of rage. Barr, a conservative student spokesman, preached toughness to the university administration, of which his father, then dean of the engineering faculty, was a leading light. Years later, this same damn-the-torpedoes zeal would commend Barr to his ultimate father figure, George Bush. When Cuban refugees penned up at an Alabama prison rioted and took hostages in the summer of 1991, deputy attorney general Barr ordered the place stormed. Soon afterward, Bush tapped him for the attorney general slot itself.

Barr first met Bush in the CIA. In 1976, having shifted to the agency's legislative office, he helped write the pap sheets that director Bush used to fend off the Pike and Church committees, the first real embodiments of Congressional oversight of the CIA. Intimates say the experience was formative for Barr, turning him into an implacable enemy of congressional intrusions on executive prerogative.

Frank Snepp author of the article might be right about the two Bush and William Barr first meeting, but I think at least Donald Barr and Prescott and George H.W. Bush and OSS CIA activity were closely working together. When the son William Barr joined that circle is unknown but at least in the 1970's per author Snepp.]

"The most radical period I had probably was when I was sort of a moderate Republican," he later acknowledged. Sure enough, Barr stayed safe within conservative clutches even after leaving the agency in 1977. Armed with a night-school law diploma, he asked for - and got - Bush's backing for a clerkship appointment to Malcolm Wilkey of the Court of Appeals in Washington, D.C. Years later, as attorney general, Barr would name Wilkey to investigate the House Banking scandal. Wilkey

repayed the favor with a wrenchingly partisan inquiry. Feeding the press overheated charges of wrongdoing, he scored points off the Democratic Congress just as the administration itself was being pilloried for its failed economics.

THE EDMUND BURKE CLONE ASCENDENT

During the 1980s Barr bounced between government service and a prestigious Washington law firm that would later represent one of the key defendants in the BCCI affair. Barr assured Congress in 1991 that he was long gone from Shaw, Pittman, Potts & Trowbridge by the time it took on its dubious BCCI client. Still, the appearance of compromised interests would dog Barr at Justice, particularly as its own investigation of BCCI stalled.

"Like your typical Wall Street lawyer… not a table pounder" was how one of Barr's legal sparring partners remembered him during his days at Shaw, Pittman. Indeed, "corporate" was written all over him. Though he never tried a case in court, he took on the causes of some of the firm's starchiest clients, including a nuclear utility in a whistleblower case.

Justice officials have pigeonholed until after the election two long-promised, potentially explosive studies of 15,000 police brutality complaints from across the-country.

Briefly, in 1982, Barr left the firm for a stint in the White House's Office of Policy Development. Congress took no action on his two main portfolios, abortion and tuition tax credits for low-income parents of private school students. But he did strike up a useful friendship with White House Counsel C. Boyden

Gray. This relationship would later help propel Barr to the top spot at Justice and nurture speculation among critics that he was a White House toady.

In 1983 Barr returned to law practice and laid low for the next five years, thus avoiding the Iran-contra tar baby. But as Bush launched his presidential bid in 1988, Barr joined the campaign team and, among other things, helped fend off attacks on Dan Quayle's character. His loyalty was quickly repaid. In late 1988, Barr became the first assistant attorney general to be installed in the wake of the election.

He also began flexing his ideology in public. During a congressional hearing at the time he boldly acknowledged having "doubts" about the constitutionality of the independent counsel statutes because of what he saw as their limiting effect on presidential power.

For the next two years, as chief of the Justice Department's Office of Legal Counsel, Barr played a key role in shaping Richard Thornburgh's stormy tenure as attorney general. In a job that was essentially political, he helped maintain the administration's ideological purity by screening out judicial candidates who weren't conservative enough. He also drafted two key documents rationalizing the U.S. invasion of Panama and the seizure of General Manuel Noriega.

If Barr had made no other contribution to the imperial pretensions of George Bush, these documents would nevertheless qualify him for hero status in the Republican pantheon. The first "opinion," written in June 1989, recognized the president's right to dispatch FBI agents abroad to arrest foreigners even in violation of international treaties. The second document, issued the following December as American forces geared up to invade Panama, gave a patina of legality to the president's desire to use the military in similar takedown operations. Together, the two memos enshrine what has come to be known as the president's "snatch authority."

In an inevitable seignorial flourish, the administration refused to release the complete contents of these documents, even to Congress. But over the years, enough of their flavor has seeped into the press to take one's breath away. Writing in the June memo, Barr argued that both the president and, through him, the attorney general have an "inherent constitutional power" to authorize certain overseas operations, including abductions, to fend off "serious threats" to U.S. domestic "security" from "international terrorist groups and narcotics traffickers." Such actions, he said, are mandated by the Constitution and domestic law and can be undertaken even in the face of objections from a foreign government or provisions of the UN Charter barring the use of force against member nations.

When Congress first got wind of these astonishing theories, in November 1989, Barr insisted that they represented no policy change. But weeks later, the Panama invasion kicked off, and the following spring federal agents infuriated the Mexican government by arranging to have a Mexican doctor, who had helped torture and murder a DEA agent, abducted and spirited to the U.S. Three years later, the U.S. Supreme Court took up the legality of that action. Though the conservative majority approved it on the grounds that our extradition treaty with Mexico did not specifically bar kidnapping as a law enforcement tool, Justice John Paul Stevens, in dissent, seemed to be speaking for many Americans when he decried the ruling as "monstrous."

"It is shocking" he wrote, "that a party to an extradition treaty might believe it has secretly reserved the right to make seizures of citizens in the other party's territory."

IN THE RIGHT PLACE AT THE RIGHT TIME

From the moment the "snatch" memos became news, nobody on Capitol Hill seemed in doubt about their authorship. But surprisingly, the rancor didn't rub off. Somehow Barr kept even his critics convinced that he was a conciliator, the type of moderate

conservative you wouldn't mind having to dinner. Journalists tell the story of how on the eve of the Panama operation he charmed the guests at a Thornburgh Christmas party by showing up in kilts with bagpipes under his arm to play for hours. Where Thornburgh rankled, Barr soothed. For an administration increasingly beset by scandal and economic malaise, this capacity for the light touch proved a valued asset.

In mid 1990, as Thornburgh's own problems with Congress deepened, Barr was tapped to run interference, and was named deputy attorney general. The appointment came just in time for him to draft another landmark tract for the administration, the legal pretext for the undeclared war against Iraq. It would have made any Nixonite proud. Explaining it later to Congress, Barr said he believed there was a "gray zone" between a declared offensive war and an emergency defensive action where "there is latitude for the president, if he believes that the vital interests of the United States are threatened by foreign military attack, there is room for him to respond."

On other fronts, displays of partisan excess under Barr's stewardship are becoming bolder, more transparent. Last summer, in deference to the administration's anti-regulation agenda, the attorney general himself overruled the EPA and his own staff and wrote an interpretation of the Clean Air Act that dismantled its most important pollution regulation.

Barr did not make clear how the Iraqi invasion of Kuwait equaled an attack on vital American interests, but to his credit, at the moment of decision itself, he did counsel the president to soften the impact of his unilateral rush to war by seeking a

declaration of congressional support. That piece of advice, much akin to Johnson's leveraging of the Tonkin Gulf resolution, helped to keep the naysayers at bay.

Barr's service to the administration, however, wasn't limited simply to such flashes of political savvy. In 1991 he became active in stone-walling the Iraqgate and the BCCI investigations and further gratified conservatives by keeping up the tattoo on their favorite hot-button issues. Embracing immigration policy as his own, he helped craft an exception rule that automatically barred HIV-positive sufferers from entering the country. Civil libertarians charged illegal discrimination and even racism, since many of those excluded were black Haitians. Barr assured Congress that the policy was meant only to keep out people who might be thrown back on public welfare.

Flogging another conservative hobbyhorse, Barr fought hard as deputy AG to keep federal courts from expanding their right to review state criminal convictions on writs of habeas corpus. As a devout Catholic, he also pandered to the antiabortion crowd, even "torquing" the law in August 1991 to advance their crusade. The challenge came when a federal judge in Wichita issued an order barring anti-abortion demonstrators from blocking access to a clinic. The Justice Department intervened to try to force a lifting of the ban. Later asked about this by Congress, Barr gave an exquisitely technical rationale, asserting that though the demonstrators were "lawbreakers… treading on other people's rights," they "should be dealt with" in state court, not federal court - thus the federal judge's order was unenforceable.

It was vintage Barr, a neat fileting of the law for a political end. Democratic predecessors had done the same. But what made Barr an irritant to critics was his adeptness at it.

ATTORNEY GENERAL AT LAST

If any single event assured Barr's final ascendancy, it was the

Anita Hill-Clarence Thomas confrontation. At his confirmation hearings in November 1991 Barr admitted that Justice's Office of Legal Counsel had gathered evidence against Hill and communicated with her congressional critics, but he denied any impropriety. "It is my understanding," he testified, "that OLC lawyers did not go proactively to investigate Anita Hill… [but] performed the traditional role of lawyers, which was to take the information coming in, transcripts, statements, and so forth and analyze them."

Democratic senators were not convinced, but because the Hill-Thomas fight had been so bitter - and because no one wanted a replay of the fractious hearings that had greeted Robert Gates's bid to become CIA director - Congress cleared Barr's nomination with barely a protest.

When Barr finally moved into the AG's chair in late 1991, he talked tough about combatting drugs and crime and immediately shifted 300 FBI agents from counter-intelligence work to antigang and violent-crime squads. In addition, an inner-city program that he dubbed "Weed and Seed," aimed at weeding out violent criminals and revitalizing neighborhoods, was soon elevated to administration policy.

For all the fanfare, however, critics sensed little more than smoke and mirrors. The Noriega conviction, which Barr touted as a major blow to narcotrafficking, produced no slackening of the drug flow through Panama. Moreover, the Rodney King affair and the subsequent L.A. riots exposed a glaring contradiction in the department's get-tough policy on crime.

Responding to the acquittal of King's police attackers, Barr empaneled a federal grand jury to investigate. But, lest he offend Bush's law-and-order constituency, he continued to stall off other initiatives. Over a year ago, Representative Don Edwards introduced a bill making it a federal crime for a police officer to engage in a "pattern" of excessive force and empowering victims to sue to stop such abuses. But under the hammering of Justice and some friendly senators, the still-

pending bill lost its teeth, degenerating into a simple authorization that would permit the attorney general himself to sue offending police departments.

On top of this, Justice officials have pigeonholed until after the election two long-promised, potentially explosive studies of 15,000 police brutality complaints from across the-country. The delay outrages black leaders, who fear further frustration and violence. “The department’s response to this issue has been totally inadequate,” the NAACP’s Washington director Wade Henderson recently told the ***Legal Times***.

On other fronts, displays of partisan excess under Barr’s stewardship are becoming bolder, more transparent. Last summer, in deference to the administration’s anti-regulation agenda, the attorney general himself overruled the EPA and his own staff and wrote an interpretation of the Clean Air Act that dismantled its most important pollution regulation. He also took another imperious swipe at the immigration issue by helping devise a new policy that authorizes the Coast Guard to intercept Haitian refugees on the high seas and return them to their island. The initiative was a response to the flood of refugees unleashed by the military coup in Haiti last fall. But human rights organizations have gone to court to challenge its legality, declaring that it violates UN protocols that forbid the repatriation of those who face political persecution at home. “It is another example,” says human rights lawyer Michael Ratner, “of the Barr regime flouting the law for political ends.”

The truest measure of Barr’s extremism, however, lies in the coils of three unfolding national scandals. The central question they pose is: How far will he go to protect his master? The answer, some feel, already exposes Barr to the risk of a grand jury investigation and maybe worse.

BCCI

Nobody knows how much the American taxpayer has lost in

the BCCI affair, but after years of start-stop investigations it is apparent that federal authorities knew as early as 1983 that the London-based Bank of Credit & Commerce International was trying to buy into the American banking system illegally, even as it engaged in a variety of crimes abroad.

Why the Justice Department was so slow to step in has never been adequately explained. Some accuse Thornburgh and Barr of trying to cover up BCCI links to Irancontra and the CIA, which has admitted using the bank's facilities abroad in covert operations. No substantiation has been found for this charge, but few doubt that a stall-off did occur at Justice.

The initial culprit appears to have been the CIA, which, though aware early on of BCCI's inroads into American banking, chose not to inform the attorney general. Even so, by 1988 the violations were so blatant that Senator John Kerry stumbled on them while heading up a subcommittee on drug trafficking. He alerted the Justice Department - to no avail. Later, a Customs bust prompted indictment of some BCCI officials in Tampa, but inexplicably the Justice Department pursued only low-level prosecutions, while leaving top BCCI officials untouched.

Finally, in July 1991, banking authorities worldwide moved to shut BCCI down. Deputy Attorney General Barr admitted to Congress at the time that there had been "coordination" problems in the investigation and promised to remedy them. But a top federal prosecutor in Miami later accused Barr and other Justice officials of repeatedly thwarting his own efforts in 1991 to indict the bank of fraud charges.

What broke the logjam was Senator Kerry's own impatience. Frustrated with Justice's inaction, he eventually had one of his investigators, Jack Blum, turn some dirt on BCCI over to New York state district attorney Robert Morgenthau, who promised an investigation of his own. That did it. In December 1991, the Justice Department joined Morgenthau in announcing a plea arrangement with BCCI that nailed the bank for various

criminal violations and obligated it to fork over $550 million, the largest criminal forfeiture ever obtained by the government. Last July, Morgenthau and federal attorneys in New York dropped the other shoe, announcing the indictments of Democratic Party patriarch Clark Clifford and his law partner on charges of lying to banking regulators, bribe-taking, and falsification of records - all in service of their onetime client, BCCI. Both men pleaded not guilty.

The Justice Department stands accused by the nation's premier intelligence agency of having abetted the cover-up of a possible crime, even to the point of shaving evidence.

Barr gloated, declaring after the initial plea agreement that this "resolves all United States charges against BCCI as an institution." But Senator Kerry's own analysis of the scandal, released only a few weeks ago, makes clear that the Justice Department's investigation of BCCI was often too little, too late.

Says Blum, whose approach to Morgenthau levered Barr into action: "Justice's handling of BCCI gives the lie to the adminstration's claim to being hard-line on crime."

INSLAW

Barr has long been a critic of the independent counsel law and has argued that Justice officials are professional enough to investigate themselves and their own masters. But a report on the Inslaw affair, released in September by Representative Jack Brooks's Judiciary Committee, obliterates that claim.

At issue is whether the Justice Department itself stole valuable

computer software from the Washington-based Inslaw company in the early 1980s. Four years ago, a lawyer for Inslaw called for the appointment of an independent counsel to investigate, but Thornburgh resisted, and at his own confirmation hearings in November 1991 Barr announced that he was naming an in-house counsel under his own control to handle the inquiry. According to the recently released Brooks report, that investigation has yet to bear fruit in part because Barr delayed granting his appointee subpoena power.

Even worse, says the report, Justice officials stonewalled the committee's own efforts to get at the facts, by blocking access to witnesses, and by denying and even "losing" relevant documents. The report blames this "lack of cooperation" for the tenativeness of its own conclusions, but leaves little doubt where the committee's sympathies lie. Pointing out that Justice officials concluded as early as 1986 that Inslaw's claim to the disputed software was "legitimate," the report says the department nonetheless spent $1 million fighting the issue in court, thus raising the "spectre" of "an abuse of power of shameful proportions."

"The Department of Justice is this nation's most visible guarantor of the notion that wrongdoing will be sought out and punished irrespective of the identity of the actors involved," the report concludes. "The Department's handling of the INSLAW case has seriously undermined its credibility and reputation in playing such a role."

IRAQGATE

Last week the chair of the Senate Intelligence Committee lent his voice to a chorus already calling for an independent counsel to investigate how the Justice Department, CIA, and FBI bungled a case in Atlanta involving $5 billion in illegal loans to Iraq. Over a month ago, William Barr rebuffed a similar congressional request and bridled at suggestions that his department couldn't handle the inquiry itself. But since then,

the CIA has accused one of Barr's subordinates of having "strongly advised" that relevant intelligence be withheld from the federal judge in Atlanta who until recently was handling the case. In response, Barr has just announced that he's appointing a special prosecutor - a Republican judge - to investigate under Justice Department supervision. It's precisely the kind of stall tactic Barr used so effectively in the INSLAW affair.

In basic terms, the controversy is over the classic cover-up question of who knew what when - and bears critically on the most sensitive foreign policy issue of the Bush presidency, the coddling of Saddam Hussein prior to the Gulf War.

To be up to speed, you have to understand a few arcane facts. First, the administration is accused of having allowed U.S. agricultural loan guarantees to be used to underwrite military purchases by Iraq during the late 1980s when the official policy was: moderate through conciliation. Second, the Atlanta branch of the Italian bank Banca Nazionale del Lavoro is said to have floated $5 billion in illegal loans to Iraq during the same period. Third, the Justice Department is suspected of having deliberately singled out BNL's Atlanta branch manager for prosecution, saying he acted alone, so as to avoid embarrassing his higher-ups in Rome and opening a can of worms that could reveal deeper administration complicity in the funding of Iraq's military buildup.

Along the way, evidence has surfaced that the Commerce Department altered documents that pointed to the dual use (read: military) applicability of certain items the Iraqis had purchased with U.S. aid.

Still awake? Please, there's more. In February 1991, the Justice Department struck a plea agreement with the BNL manager in Atlanta that pledged him to clam up, making no statement in court, in exchange for having the charges against him lessened. Members of the Senate Judiciary wondered: what gives? So did the Atlanta federal judge, Marvin Shoob, who late last summer was about to sentence this apparent fall guy. Shoob

called for an independent counsel to sort out the mess.

That's when the bureaucrats began quick-stepping. On September 4, the CIA sent the Justice Department a classified letter that glossed over early intelligence reports indicating top-level knowledge within BNL Rome of the Atlanta branch's illicit Iraqi loans. Ten days later, House Banking committee chair Henry Gonzalez, who'd previously goaded the CIA into giving him the facts, spilled them in a speech on the floor of the House. Inevitable conclusion: the U.S. intelligence community knew, by late 1989, that BNL from top to bottom had played fast and loose with American banking regulations. Why, then, such a delay in prosecution?

The CIA continued to duck and weave, claiming in a letter to Shoob on September 17 that nobody knew nothin' about the early intelligence reports implicating BNL-Rome in the scandal.

As the heat intensified, however, so did the weakness in bureaucratic knees. On October 8 CIA lawyers, testifying to the Senate Intelligence Committee, declared that a devil at Justice had made them do it - that one of Barr's subordinates had encouraged them to skimp the truth in the letter to Shoob. Justice officials struck back by playing victim. How do you suborn the CIA? they demanded publicly. The CIA again parried by claiming that the early tell-all intelligence reports fingering BNL-Rome had been known to FBI and thus Justice officials since late 1989. Barr in turn ordered FBI chief William Sessions investigated on unrelated ethics charges - a probe that some see as an attempt to buffalo the Bureau at the very moment it might be tempted to investigate Iraqgate on its own.

You can't be awake. But what's important is this: The Justice Department stands accused by the nation's premier intelligence agency of having abetted the cover-up of a possible crime, even to the point of shaving evidence. Maybe this simplifies it, but the allegation itself should give pause even to the most devout law-and-order conservative. And no, this ain't a mugging, baby. The lawlessness espoused in Barr's snatch memos inevitably

breeds offspring.

There is, too, the more basic issue of equity: Imagine you're the manager of Atlanta's BNL branch who's wound up in Barr's cross hairs because the Justice Department and everybody else in the Bush administration needed a scapegoat for their own policy errors. On October 1 he did get a reprieve of sorts: The Justice Department decided to try him rather than embarrass itself further by sticking with the plea agreement that so artfully found him guilty without giving him a chance to speak. Even so, if you're in his shoes, do you place any stock in American justice? Or, as one critic said of the snatch memos, do we have here a regime of law that says: when the president declares it's illegal, it is?

Barrack Obama Jr Agent of Influence

Barrack Obama Jr was created to be an Agent of Influence in the world for possibly Hawaii, possibly Kenya, possibly Kenya, and possibly the USA.

The Rusty Nelson-Kelly Ford Report

A Michael Aquino PsyOps memo still surviving from his DOD days states "Create a global UFO cult, which will involve the abduction of citizens so as to foster an illusion this earth is facing an extraterrestrial invasion. UFO abductees-of-preference will have an expertise in computer technologies, since that expertise will be required im RMA scenarios. Use of experimental drugs, holographic projection capabilities, directed energy technologies, induced auditory input, experimental aircraft, and special effects costuming and stagecraft, among other things, will be used to persuade abductees of the reality of their circumstances. Official denials regarding these events will employ reverse psychology, to insure that such denials are taken as official ..."

My (Edward Donegan's) belief is that fit children were being moved into Sleeper agents systems to be groomed for later roles around the world. I some cases ties to royal family of England, Free Masons, or others had to be hidden if a candidate was selected, likely a test tube baby with no real parenst created under MKULTRA.

Ted Gunderson's special report. The Nebraska child abuse ring tied to MKULTRA, Project Paperclip, CIA and Nazi history.

SYNOPSIS

Russell (Rusty) Nelson: Russell Nelson, central figure in the Franklin Credit Union scandal (1989 to present),

has evidence, including photographs, that implicates prominent law enforcement and political figures, including two past U.S. presidents, in crimes of child abuse, pornography, kidnapping (e.g., missing-child Johnny Gosch), drug smuggling, money laundering, illegal campaign financing, and illegal activities by the FBI and CIA. There appear to be ties to Iran-Contra.

Since 1989, much of the evidence has been confiscated from Rusty Nelson. Some of the evidence remains hidden. In May, 2000, Nelson was taken into custody for a parole violation in Nebraska and is to be extradicted to Oregon, away from the watchful eyes of his attorney, family, and friends. Ted Gunderson (this writer and investigator of the Franklin cover-up) and Nelson's attorney, John De Camp (Author of "The Franklin Cover-Up") believe Nelson's life is in danger. This report is in an effort to prevent his being "suicided", or otherwise suspiciously killed.

Kelly Ford: Kelly Ford is the daughter of Brice Taylor, who has written two books documenting her victimization by satanic abuse, CIA MK-Ultra Mind Control, and prominent political figures (Brice Taylor is a pen name for her legal name, Susan Ford). In court, on June 23, 2000, Brice Taylor lost her daughter to state conservator-ship following her testimony regarding satanic abuse and MK-Ultra mind control of her daughter and herself, and political corruption to the highest levels of our government. Brice Taylor is concerned that while Kelly is under state conservator-ship, her influential abusers will have access to her and may threaten or harm her to ensure that she does not attest to the abuses against both herself, her mother, and family.

BACKGROUND ON RUSTY NELSON & THE FRANKLIN CREDIT UNION SCANDAL

On December 31, 1968, Franklin Credit Union was founded in a minority neighborhood in Omaha, Nebraska. The primary purpose was to provide loans to minorities. In August, 1970, Lawrence E. "Larry" King, Jr., (a black man, not television talk show host) and fast-rising "star" in the Republican party, became manager and principle executive. Larry King was indicted by a Federal grand jury on May 19, 1989 and later tried and convicted of fraud and income tax evasion directly related to the Franklin Credit Union matter. He remains incarcerated in federal prison.

Rusty Nelson-Kelly Ford Report

FBI- IRS RAID

On November 4, 1988, the Franklin Credit Union was raided and closed by the FBI and the IRS. Thirty-nine million dollars was missing. Shortly thereafter, reports began to circulate concerning pornography, videotapes, and photographs which had been confiscated from the Franklin Credit Union by the FBI. Then, in a trickle- which soon grew to a flood- other allegations began to arise. These allegations involved drugs, sexual misconduct, child abuse, pornography- even satanic activity. The names of prominent individuals in the Omaha community began to surface as those involved in these criminal activities.

GRAND JURY THROWS OUT CHARGES

On January 10, 1989, the Nebraska State legislature constituted a special committee to look into the allegations with State Senator Loran Schmit as Chairman. On January 30, 1990, Nebraska State Attorney General, Robert Spire, called for a grand jury to investigate allegations. February 6, 1990, former County District Judge Samuel Van Pelt was appointed a special prosecutor for the Douglas County Grand Jury, which convened on March 12, 1990. On July 23, 1990, after hearing many hours of testimony, the grand jury issued an unusual and unprecedented report throwing out all of

the allegations concerning sexual child abuse and labeling the charges a "carefully crafted hoax".

VICTIM/WITNESSES NAME PROMINENT CITIZENS AS PERPETRATORS

Eighty children initially came forward as a result of newspaper publicity of the raid and subsequent stories in the local news. These children identified some of the most prominent citizens in the Omaha area as involved, including ormer Omaha World Herald newspaper publisher, Harold Andersen; Eugene Mahoney, former Omaha vice squad officer and later head of the Nebraska Forestry Service (he has a park named after him); former Omaha World Herald entertainment columnist, Peter Citron; Alan Baer, Knights of Ak-Sar-Ben, Financier; and Omaha County Judge Theodore Carlson. The children who came forward reported, among other things, satanic ceremonies of human and animal sacrifice.

[*Eugene* Mahoney Eugene Mahoney was born on March 27 within a few days of April 1, 1928, in Chicago, Illinois. One of six children born to a Catholic family, he moved to Omaha, Nebraska as a young boy.[2] He was an active participant of the Boy Scouts and was an Eagle Scout. He served as an administrative assistant to Congressman Glenn Cunningham, and he worked as the Director of Public Relations at the Commercial Savings Association in Omaha, Nebraska.[3] He was active in his community and served on the board of directors of St. Vincent De Paul Stores, St. John's Seminary Association, Q Street Merchants, the National Conference of Christians and Jews, and Citizens for Decent Literature. [[Possble Eugenicist]]

In 1949, Mahoney joined the Omaha Police Department, and he achieved the rank of sergeant before resigning from the department in 1961 to become a state senator.

[Thursday, December 17, 2015 - 6:00pm POSTED: FRIDAY, DECEMBER 18, 2015 12:00 AM | UPDATED: 1:14 AM, FRI DEC 18, 2015.

Harold W. Andersen, a long-ago Omaha paperboy who rose from carrier to reporter to publisher of one of the nation's largest employee-owned newspapers, has died at 92. Harold W. Andersen. Omaha, Nebraska. Jul 30, 1923 - Dec 17, 2015 (close to August 4 close to Dec 13)

"Andy," son of a postal superintendent and a schoolteacher in northeast Omaha's Florence neighborhood, became a much-honored civic and cultural leader in the community and the state. The late D.B. "Woody" Varner, a former president of the University of Nebraska, once called Andersen "the No. 1 citizen of the state of Nebraska."

Omaha attorney James Martin Davis said Thursday night: "Nebraska has lost a giant."

Andersen spent nearly a quarter-century (1966-1989) as publisher of the Omaha World-Herald, where his hands-on approach often resulted in detailed story assignments. Some led to award-winning reports, such as those on overpopulation and the roots of famine. Another Peace Corp world starvation USAID and Great Famine of China type Eugenics possible participant of research

University of Nebraksa Omaha Andy Award (farming center) OMAHA - The University of Nebraska at Omaha (UNO) announced today the latest winners of the Andy Award for international journalism.

Named in honor of former Omaha World-Herald Publisher Harold W. Andersen, the annual award funds new international reporting projects proposed by Nebraska-based journalists and news organizations.

This year's winners are Omaha World-Herald journalist Matthew Hansen and freelance journalist Leo Adam Biga.

Hansen will travel to Cuba to explore its historic connections to Nebraska and how the relationship will blossom as travel and trade bans are lifted after 53 years. The resulting editorial piece will give Omaha World-Herald readers a window into Cuba: its culture, history, struggles, and future.

Biga's travels will take him to Rwanda and Uganda, Africa, with former world lightweight boxing champion and newly crowned welterweight champion, Terrence Crawford, and Pipeline Worldwide co-founder, Jamie Nollette. The group will visit projects building fresh water wells and growing food, while meeting with aid workers and those affected by years of genocide and hunger. The group plans to travel to Africa in June 2015 and Biga's resulting story will be published in Omaha Metro Magazine's "Journeys" series.

"We are excited to be able to award two exceptional journalists this year," said Tom Gouttierre, Dean of International Studies and Programs and chair of the Andy Award committee. "Both stories will show readers that there are connections between Nebraska and Rwanda, Nebraska and Cuba, and that international collaboration, or the absence of it, has a real impact on a country and its people.

Intelligence agencies have infiltrated and created some satanic groups with the resurgence of these groups beginning in 1966 particularly with the birth of the Church of Satan founded by Anton LaVey LaVey studied criminology in San Francisco and worked in the San Francisco Police Department crime lab he also worked as an informant for Interpol prior to the Church of Satan levae ran a group called the magic circle Lovaza most famous associate is the National Security Agency General Michael Aquino at the time of his membership in la vase group Aquino was an army specialist in intelligence and psychological warfare in 1973 he became the executive officer of the 306 psychological operations battalion contemporary with his founding of the Church of set general Michael Aquino wrote from saya to Mind War the psychology of victory Aquino's thesis stated that enemy populations could be subdued by inflicting a state of psychological terror and feelings of imminent destruction he discusses the use of psychotronic weapons or electromagnetic weapons that

influence the mind capitulation could be induced without firing a shot by extremely low frequency signals piggybacked on broadcasts of radio TV or microwave communications in order to influence and manipulate the thoughts and feelings of the target population during the 1960's he was prominent in the Church of Satan and a close friend of Anton LaVey until he started his own church of set a police intelligence report dated July 1st 1981 reads quote the Church of set is a group of hundreds of members that operates on a national level Michael Aquino is the official head and rules through a Council of nine who are in fact his lieutenants unquote at least two members of the Council of nine at that time were members of Army Intelligence in the late-1980s Aquino was accused by the San Francisco Police Department of being involved in a satanic child molestation ring centered on the daycare at the Presidio military base where Aquino was stationed at the time probable victims numbered at 68 many of whom had contracted venereal disease 22 families filed 66 million dollars in claims against the army claiming that criminal charges against Michael Aquino were dropped due to pressure from the Army General Aquino admitted to renting the german castle where the Nazi SS were formed and re-enacting the secret ceremony among fellow intelligence officers dressed in full Nazi regalia general Aquino is now the highest ranking officer in the National Security Agency along with general black and general Hayden it is important to remember that general Aquino is first and foremost a military intelligence officer with over 40 years experience in counterinsurgency operations and an expert in psychological warfare general Aquino psychological warfare campaign has started or infiltrated cults and other closed systems as part of a concerted effort to control large numbers of people and to destabilize the centers of constitutional and legal authority both here in the United States and in other nations this methodology is part of a concerted plan that spans several generations the Church of Satan and the Church of set as well as

other cults and mainstream organizations are closed systems with their own belief systems that are insular and separate from the reality that most people take for granted these closed systems allow large numbers of people to be manipulated into performing antisocial acts that most members of the greater society would not contemplate Aquino first participated in MKULTRA related activities in via nom as part of the Phoenix program in the 1960s these ongoing MKULTRA operations are functioning as a counterinsurgency and infiltration operation aimed at destabilizing the United States and other industrialized nations the following cults have been used by General Aquino or his associates to continue MKULTRA operations outside of the laboratory the mass suicides at Jonestown of eight hundred and ninety people had similar threads a cult with sinister connections Jim Jones who had connections to the CIA set up his utopian experiment on the same land the CIA had used to Train mercenaries to fight in Angola according to investigators the Jonestown Experiment was conceived of by dr. Lawrence Laird Layton staffed by him and financed by Layton the african-american cult had at its core a Caucasian in her council composed of Layton and his family Layton was a chemist in the Manhattan Project and head of the Army's chemical warfare research division in the 1950s the People's Temple cult took over the Mendocino State Hospital as a part of a government pilot project to evaluate the feasibility of D institutionalizing mental patients after a reduction in state funding most of the patients at the Mendocino state psychiatric hospital were released into the custody of the People's Temple congressman Leo Ryan was assassinated in his attempt to investigate the cult the pathologist in Guyana reported 80 to 90 percent of the victims bodies had fresh needle marks other victims had been shot or strangled in 1981 the survivors sued the former head of the CIA for quote enhancing the economic and political powers of James Warren Jones unquote and of conducting mind-control and drug experimentation on the temple flock

the manson family was associated with the processed church which according to the Utah Department of Public Safety moved to southern Utah and changed their name to the foundation in a 1990 in terminal memo authored by Church authority Glenn el pase allegations were made of ritual abuse and human sacrifice pace writes that he is met with sixty victims of ritual abuse but there were probably two to three times as many victims fifty-three were female and seven were male eight of which were children all are members of the Mormon Church forty five victims alleged they witnessed or participated in human sacrifice the majority were abused by relatives all had developed psychological problems such as multiple personality disorder quote the memories come in layers the first might be of incest another layer might well be the memory of seeing people hurt or even killed then they remember having seen babies killed another layer is realizing that they participated in the sacrifices one of the most painful memories may be that they even sacrificed their own baby I have only seen those coming forth to get help they are in their 20s and 30s for the most part I can only assume that it is expanding geometrically and implied by the numbers represented by the generation who are now children and teenagers unquote dr. Josef Mengele found that trauma bonding and mind control work best when the victim is forced to kill someone they love usually a twin the Franklin conspiracy refers to a sexual blackmail operation and savings and loan fraud that began in Omaha Nebraska in the early 1980s Larry King a 300-pound pedophile operated a national child prostitution work that catered to wealthy patrons and Republican party insiders King was one of the fastest rising stars in the Republican Party he sang the national anthem at the Republican convention in 1984 and 1988 King and his associates defrauded Franklin Savings and Loan of 40 million dollars and used the residents of Boys Town and other children to videotape powerful and influential men and women engaged in sex acts with minors these blackmail

operations took place during fundraising parties for the Republican Party those involved stayed late for the after-party that included drugs and sex with minors the strategy of early MKULTRA was to use sexual blackmail operations that targeted political figures in order to ensure continued funding from legislators victims who came forward testified that King and his associates performed satanic rituals and human sacrifices many of the children came forward with their stories have since been murdered or imprisoned the most prominent and vocal victim has been held in solitary confinement longer than any other person in Nebraska history Larry King served two years for fraud and was promptly employed by his good friend the editor Andersen of an Omaha newspaper https://youtu.be/xLCfYHkvIFs

VICTIM/WITNESS TROY BONER RECANTS HIS TESTIMONY UNDER DURESS
Initially four victim/witnesses involved in the satanic cult/sex/drug ring were cooperative. Two of the four victim/witnesses, Troy Boner and Danny King, recanted their testimony.

One of the children who recanted his testimony was **Troy Boner**, a young teenager. Troy Boner recanted after his brother, **Shawn Boner**, died allegedly of suicide by a Russian Roulette gunshot wound on January 17, 1991. Troy Boner told John De Camp, attorney for some of the witnesses, that his brother was afraid of guns. Boner later left the Omaha area and disappeared. **Danny King** has also disappeared.

Years later, on October 27, 1993, Troy Boner made a sworn statement in which he said that he had recanted his original testimony because, "I truly believed and still do believe that it was a situation where I must either ‘lie or die’, and at the insistence primarily of the Federal Bureau of Investigation officials who were dealing with me at that time, specifically Mr. Mott and Mr. Culver." (p. 306)

Two of the victim/witnesses who refused to recant were **Alisha Owen** and **Paul Bonacci**. They were both indicted for perjury on the basis of their testimony before the grand jury. They are now adults, but were children when they were first recruited into the satanic cult/sex/drug ring.

VICTIM/WITNESS ALISHA OWEN IMPRISONED
Alisha Owen testified at the grand jury in March of 1990 that when she was 14 years of age she had sex with a former Chief of Police. Because of this testimony, she was charged with perjury. While on bail awaiting trial, she attended college and was editor of the school newspaper. She was also an honor student.

On August 8, 1990, Alisha Owen entered a plea of innocent.

On November 9, 1990, Alisha Owen's brother was found dead in a correction center cell, said to have committed suicide by hanging.

Alisha Owen was convicted of first offense perjury in 1991and was sentenced on August 8, 1991, to nine to 27 years in prison. During her prison term, she was in solitary confinement for a period longer than any female citizen in the history of the State of Nebraska.

Alisha was out on parole for a short period until September, 1997.

In September, 1997, television show "Inside Edition" reported that Johnny Gosch was still alive. Johnny Gosch is a highly publicized 1982 kidnap victim from West De Moines, Iowa, who has also been named as a victim in the Franklin child abuse matters, as described below.

One week after this show was aired, Nebraska

authorities picked up Alicia Owen, and without explanation, said she must serve out the remaining lengthy sentence in prison. In spite of this, Alisha refused to recant. Alisha is still incarcerated. Alisha's parents are raising Alisha's daughter, Amanda Jayne, who according to Alisha was sired by a former Chief of Police. Alisha was 15 years old when she had Amanda.

VICTIM/WITNESS PAUL BONACCI IMPRISONED

In November, 1991, Ted Gunderson (this writer, see resume in reference list), was contacted by the Nebraska Leadership Conference and asked to become involved in the investigation of the Franklin case. Paul Bonacci, his first interviewee, then in his early 20's, said he had been active in the operation of the satanic cult/sex/drug ring network since 6 years of age. Paul Bonacci first reported his abuse by Larry King, Alan Baer and others in 1986, to the Omaha Police Department, two years before the Franklin Credit Union case began.

Bonacci told me that when he was 10 to 14 years old, he was used as a decoy in malls, parks, etc., to lure other children his age near an automobile so the adult members could grab the victims and force them into the car. Paul and another youth would then jump on the victims and place a chloroform cloth over their mouth and nose. The victims would be taken to a secluded location and later auctioned off for up to $50,000.00 in Las Vegas, Nevada or Toronto, Canada. Bonacci advised me that the auction location in Nevada is approximately 50 miles north of Las Vegas on an air strip and that he saw children auctioned off, then placed in unmarked airplanes operated by foreigners with accents wearing turbans. Other children who were auctioned off were placed in campers after being drugged to ensure that they would be asleep in the event that the camper was stopped by the police. On one occasion, Bonacci recalled a DEA (Drug Enforcement Agency) plane that was used to transport the children. Gunderson was later informed by a Michigan private investigator of an other missing

child case that he had knowledge that a barn outside of Lincoln Nebraska was also used to auction off children on at least one occasion

Paul Bonacci reported having attended six auctions in which as few as six, and as many as 36, children were auctioned off. (See section on Johnny Gosch below for more on child auctions).

Paul and other children told about youngsters, both male and female, being taken from orphanages, foster-homes, and Boys Town, Omaha, Nebraska, driven to Sioux City, Iowa (184 miles) and then flown to Washington, D.C. for sex orgy parties with dignitaries, congressmen, and high level public officials at Larry King's Embassy Row condominium. Larry King rented this condominium for $5,000.00 per month while earning a salary of only $17,000 per year.

Bonacci told Gunderson (this writer) that pictures were taken at the parties by Rusty Nelson, Larry King's personal photographer. According to Bonacci, many of the surreptitiously photographed public officials were thereafter blackmailed by Larry King and others.

Bonacci told Gunderson that on a number of occasions he flew from Omaha to Los Angeles where he would meet a different man and woman each time. The unfamiliar man and woman would have up to five passports for different countries in different names. They would travel with Bonacci, pretending he was their teen-age son, and then make drug drops around the world. Paul told me he had made more than 100 such trips.

One of De Camp's investigators told Gunderson (this writer) that Paul Bonacci has drawn a floor-plan of the inside living quarters of the White House, an area not available to the public.

Not long after the Franklin case became public in 1989, Paul Bonacci was arrested and sentenced to five years in prison for briefly touching a young boy on the outside of his pants. Bonacci has been diagnosed by at least three psychiatrists with Multiple Personality Disorder, a psychiatric disorder now called Dissociative Identity Disorder, that is almost always a consequence of severe and early child abuse. Bonacci admits that one of his personalities touched the boy, but abruptly stopped when he switched personalities and a remorse-stricken Paul reasserted control of his functioning. John De Camp, Attorney, and former long-term Nebraska State Senator, represented Bonacci. De Camp believes this abnormally long sentence was an attempt to silence Bonacci in the Franklin matters.

SEVENTY-SIX CHILDREN WHO REPORTED SEXUAL ABUSE RECANT OR REFUSE TO COOPERATE WITH THE INVESTIGATION

Following the dire consequences to victim/witnesses Alisha Owen, Paul Bonacci, and Troy Boner and Danny King, the seventy-six other children recanted their reports of sexual abuse in the Franklin matter.

WITNESS RUSSELL (RUSTY) NELSON ATTEMPTS TO PRESERVE EVIDENCE

Rusty Nelson's testimony is consistent with that of Paul Bonacci. While testifying in U.S. District Court, Omaha Nebraska, on February 5, 1999, Rusty Nelson stated that as a private photographer for **Larry King** [not the CNN talk show host], his duties included taking photographs surreptitiously of specific people and to make sure to photograph certain people if they were close enough to be photographed together. In his testimony, John De Camp asked Rusty Nelson, "Who was at these parties?"

Nelson replied:

> ***"Politicians, dignitaries, wealthy business people. Young people. Larry, as far as I could gather, I left when I stared putting the pieces together, you know, realizing there were two sets of books.***
>
> ***"There were very, various discrepancies in the credit union. And the fact that he obviously was into pimping gay prostitutes and children too, basically for influence purposes. Whether it be politicians or whatever.***
>
> ***"He had extreme pull in the National Republican convention. There was one day where we were on a plane and he had a problem. And he couldn't get the Chief of Police. Couldn't get anybody here to work it out. He placed a call directly to Ronald Reagan."***

Nelson testified that he not only took pictures for King, but surreptitiously took many photographs of King with other adults and young people involved and retained them for himself. Rusty Nelson testified that he also secretly took and retained other incriminating documents, including audio-tapes, computer discs, and paper copies of documents, including ledgers, without King's knowledge. He testified that he often mailed these back to his home, again surreptitiously.

Rusty Nelson's testimony explains his attempts to keep these documents in his possession for the years since to protect his own life. Some of the photographs of Larry King taken by Rusty Nelson were shown during his testimony on February 5, 1999. Rusty Nelson testified that Larry King

> ***"flat out told me that he had taken care of killing a man named Charlie Rogers and made it to look like a suicide."***

Nelson testified to one direct threat on his life by Larry King, and in the ensuing years, many threats conveyed with symbols (such as a burning acorn) that Larry King used to mean, "Drop it. Or you're going to get burned". Nelson testified on February 5, 1999 that twice, these symbolic messages were quickly followed by his being shot at. His most recent statement, made in writing on June 22, 2000, from jail (see excerpts of statement below) states that this has now happened three times.

In direct relation to the documents that Rusty Nelson has attempted to retain for his own protection, he testified to the following:

> Q. [John De Camp] ***Did you have an opportunity to have any other pictures that were not seized by the patrol [referring to the Oregon State Patrol where the pictures were seized?***
>
> A. [Nelson] Oh, yes.
>
> Q. ***Where are they?***
>
> A. Some were given to the FBI, some were given to Gary Caradori [investigator for the Nebraska State Legislature], that's basically what I had given him, what made him decide he had enough to-

Q. ***Where did you give them to him? Did you meet him personally?***

A. Yes.

Q. ***Where did you meet him?***

A. Actually there were a couple of different occasions. I'd given him a little bit prior to July. Location I can't remember exactly where I gave those to him.

Q. ***Was it here?***

A. It was in Nebraska.

Q. ***Did you give anything to him outside of Nebraska?***

A. Shortly after the 4th of July [1990] I believe it was the day he was killed [July 11, 1990].

Q. ***Where were you then?***

A. Out of Chicago.

Q. ***What did you give him?***

A. A lot of pictures. Some computer discs. Paperwork. A wide variety of everything.

Q. ***You're telling us under oath that you met and gave materials to Gary Caradori in Chicago that did what?***

A. Well, it would have, if it would have got here, probably blew everything wide open.

> Instead he's now dead along with his son.
>
> Q,. ***Do you remember what the pictures were?***
>
> A. Various people at parties of Larry King's. Some things they'd done, the drugs, stuff like that. Things that could possibly use to incriminate somebody or blackmail someone."

Rusty Nelson's existence was effectively denied before the Legislative Committee by various witnesses, investigator for the State and others. When John De Camp asked Rusty Nelson about this, he explained that he was told by FBI agents to disappear; "I believe they were the ones that were also involved in this case." He said that some of his supporting documents were taken from him by "supposedly FBI agents".

Rusty Nelson also stated that, based on his close affiliation with Larry King, he believed King

> "had some association with the Contra ordeal through **Michael Aquino**, head of the "Temple of Set" (See Nelson's statement below).

GARY CARADORI , KEY INVESTIGATOR OF FRANKLIN, DIES IN PLANE CRASH
The evening of July 11, 1990, **Gary Caradori**, the investigator for the Nebraska State Legislature, Special Committee, called **Senator Loran Schmit**, Chairman of the Committee, from Chicago and told him he had the

"smoking gun". Caradori told Senator Schmit he would fly that night from Chicago on his private plane with his son en route to Lincoln, Nebraska, with the evidence. The plane exploded in mid-air a short time later while flying over Aurora, Illinois killing Caradori and his 8-year-old son.

The Nebraska State legislature retained investigator Gary Caradori to sort through allegations of a paedophile ring run out of the Franklin Credit Union, which implicated not only some of the most powerful figures in the state, but high officials in Washington as well.

Caradori traveled to Chicago to gather testimony and evidence of a child prostitution ring which implicated senior Republicans both in the state and in DC, and operated with the knowledge of Vice President George H.W. Bush (a number of the teens placed Bush at sex parties) and the protection of intelligence agencies, all tied to King's credit union. He'd taken along his young son, who wanted to see the 1990 All-Star Game.

Before returning to Nebraska, Caradori called the committee chief, Senator Loran Schmit, to say he had the smoking gun. "We've got them! There's no way they can get out of it now!" He would be bringing home photographic evidence supporting the fantastic though reluctant testimony of the victimized teens. En route, his small plane exploded in midair, killing both him and his son. A farmer witnessed a flash of light and heard an explosion. That report made the early news, but subsequent stories said the plane exploded on impact. The wreckage was removed to a military base and ruled an accident, though the cause was not determined. His briefcase was never recovered. https://www.democraticunderground.com/discuss/duboard.php?az=view_all&address=104x2935528

Though both Caradori and Schmit had received numerous death threats, Caradori believed they were in the clear. He'd assured the Senator "It's unlikely that they would kill you or me, Loran, because that would be too obvious. But then again, you never know." In the Nebraska statehouse later the day of Caradori's death, Schmit told reporters "There were a lot of people in this state who wanted to see Gary dead. They got their wish."

Officials claimed the plane disintegrated in mid-air. They denied an explosion took place. De Camp writes in his book, "***The Franklin Cover-Up***"; "A farmer reported he saw a flash of light, heard an explosion, and saw the plane plunge to the ground .The eyewitness account of the flash of light and the explosion was on the early edition of television news in Nebraska, but was pulled from subsequent reports which said that the plane exploded on impact". (p. 2-3)

A former Chief of Police, and a perpetrator identified by the children (see above), was Chief of Police in Aurora at the time.

Caradori's briefcase and the rear seat to the plane have never been found. Ted Gunderson (this writer), suspects his briefcase contained the evidence mentioned the previous night to Senator Schmit, probably the incriminating materials, including photographs, provided by Rusty Nelson to Caradori (See Rusty Nelson statement below). The rear seat to the airplane was not found, Gunderson suspects, to avoid evidence of a bomb.

The wreckage of the plane was examined on a military base rather than at a location under the control of civilian personnel. Under the Federal Delimitation Agreement, civilian personnel matters are handled by civilians and military matters are handled by the military. The crash was ruled an "accident" by government officials and not an act of sabotage.

Both Gunderson (this writer) and Noreen Gosch, mother of missing-child Johnny Gosch, later learned that Caradori had in his possession evidence that her son was a victim of the Franklin satanic cult/sex/drug ring. Paul Bonacci and Rusty Nelson have both provided detailed testimony attesting to this (see sections on Johnny Gosch below).

Gary Caradori repeatedly told friends in the weeks before his death that he feared his plane would be sabotaged
(http://www.anamolous-images.com/text/NAZNWO15.TXT).

Both Gunderson and Noreen Gosch recently learned from undisclosed sources (whose lives and the lives of their loved ones could be placed in greater danger should their identities be revealed) that a deputy sheriff of a local Illinois sheriff's department was the first person on the scene of the plane explosion. The deputy sheriff said that there was child pornography all over the farm field. The man picked up a large number of photographs and other evidence. The FBI immediately arrived with three flatbed trucks, grabbed the evidence from his hands, cordoned off the field, walked the field, picked up every piece of evidence, took the plane and its parts and put it on the flatbed trucks, and told the peace officer, "This is confidential information and don't ever speak of it again". The evidence has never surfaced again in the Franklin investigation or any other investigation.

The deputy-sheriff did not remain silent.

A few months later, as the deputy sheriff and his wife were driving, the couple suffered a head-on collision in which the man's wife was killed and he was very seriously injured.

It is the opinion of Ted Gunderson (this writer), who

has 49 years experience in law enforcement and counterintelligence activities, that this probably was a kill-by-car covert operation attempting to silence and intimidate yet another witness in the Franklin case, as probably occurred, according to sources, in the death of **Kathleen Sorenson**, the original complainant in the Franklin case.

Sorenson was driving on a two-lane road in October, 1989. Two elderly women in the car in front of Sorenson drove very slowly to slow her car down to a crawl. Another vehicle approached from the opposite direction at a high rate of speed. At the last moment, the women pulled over to the right shoulder to allow the approaching fast car to run into her.

Gunderson (this writer) was told later from inside sources that in a satanic ceremony, straws were drawn to see who would sacrifice themselves in the suicide mission to kill Kathleen Sorenson. The individuals in the fast-approaching car had prior arrest records for cruelty to animals, a common marker for Satanism. I, Gunderson, suspect in evaluating the accident that it was a satanic contract suicide. The other driver did not die, but could have. In satanic law, a person who loses his/her life in such a contract murder/suicide will be granted with more power granted by Satan.

Not long after Sorenson's death, a teenager in a youth care facility told a worker, "You better watch out, or we will get you like we got that lady from Blair". Kathleen Sorenson was from Blaire, NE. The youth went on to describe a ceremony of drawing lots for the privilege.

Two other kill-by-car covert techniques are:

1. An oversized van pulls up alongside a car and shoots out the left rear tire. Simultaneously, the van sideswipes the car, forces the car off the road, and usually causes

the car to roll, usually at a location where it will roll down a hill. A policeman who is part of the covert operation keeps the traffic flowing so there are no witnesses. If the intended victim(s) are not dead, they are beaten and killed by the occupants of the van.
2. Three vehicles flank the car, one in front, one in back, and one on the side. The side vehicle forces the car off the road and the three cars drive away.

GUNDERSON JANUARY 3, 1992, LETTER TO DON STENBERG,STATE ATTORNEY GENERAL

On January 3, 1992, based on the obstruction of justice in the investigation of the Franklin case, Ted Gunderson (this writer) wrote a letter to the Honorable Don Stenberg, Nebraska State Attorney General asking him to look into the matter. Gunderson cited the following irregularities:

1. "Pornographic material has been seized ... with no follow-up investigation."

2. "During the summer of 1990, the FBI reviewed the Senate Franklin Credit Committee Investigation files without the permission or knowledge of Senator Loran Schmit. It was later learned that a number of items are missing".

3. "Alisha Owen's first attorney, Pam Vuchetich, provided privileged attorney-client information to the FBI. She also failed to file a timely appeal in Ms. Owen's conviction on bad check charges. Ms. Vuchetich has reportedly been romantically involved with a FBI agent."

4. "The Nebraska Leadership Conference has developed information that the FBI has not only leaked information to Omaha TV stations, but asked for and received money for this."

5. "Larry King and others were never subpoenaed to the

Douglas County Grand Jury".

6. "Numerous individuals identified as perpetrators have never been interviewed by law enforcement officers."

7. "Instead of conducting follow-up interviews, law enforcement officers, particularly the FBI, have attempted to discredit and harass the victims."

8. "Paul Bionic has new information about the Johnny Gosch kidnapping case in Des Moines, Iowa, yet law enforcement officers refuse to interview him or to consider further investigation of the matter".

9. "In February 1990 Robert Fenner, General Counsel for the National Credit Union Association, was advised by the FBI not to cooperate with the Franklin Credit Committee's investigator, Gary Caradori".

10. "On March 9, 1990 the FBI attempted to entrap Owen by taping an arranged phone call from Boner to her."

11. "A deposition by a former Chief of Police disappeared during the Owen trial."

12. "A former chief police lied under oath claiming he was not carrying a gun during the period Owen says she was involved with him".

DON STENBERG, STATE ATTORNEY GENERAL, RESPONDS TO GUNDERSON

Don Stenberg responded to Gunderson on January 28, 1992, by Stating that he had reviewed Gunderson's, "impressions" and that, "Many of the issues and allegations you raise have either been addressed, are rumor, or are so vague and nebulous as to defy resolution by diligent investigation". Stenberg asked for information on the new allegations on the Johnny Gosch kidnapping case and the alleged FBI sale of information

to Omaha TV Stations.

Stenberg concluded;

> ***"We are assuming Mr. Gunderson that in the preparation of your letter of January 3,1992, you have done more than simply parrot unsubstantiated allegations made to you orally or which you may have picked up in written material reviewed and therefore have specific information to back up your concerns, hence the above request. We will keep certain other matters under advisement. In the meantime though, you are encouraged to send us any specific, substantiating material available to you regarding any one or more of the other items mentioned in your correspondence. Sincerely Yours, Don Stenberg, Attorney General".***

GUNDERSON SUPPLIES SUBSTANTIATING DOCUMENTATION TO STENBERG

In a report dated March 10, 1992, Gunderson provided Stenberg with a letter and an eight-page report which elaborates, substantiates, and documents the 12 above-listed matters in his January 3, 1992 letter to Stenberg. (This full eight-page report is included in Gunderson's report "Child Kidnapping in America: The CIA Connection").

Gunderson's letter, attached to his comprehensive report, states:

> "Your reference to my 'impressions' indicates to me that you do not place much importance on the issues outlined by me. Regardless, I hope you will review the enclosed report with fair-minded, professional, and responsible judgment...
>
> "There's a high level of frustration and animosity building among concerned citizens in Nebraska who are either victims or have seen enough through time to prove that there may be a conspiracy of sorts to cover up a series of indisputably disgraceful, scandalous crimes...
>
> "You may not want to address their concerns, but you must agree that they deserve the attention such allegations require without being flippantly disregarded...
>
> "It is because of their frustrations that I was hired as a consultant by the Nebraska Leadership Conference. As you can see by my resume (see Appendix), I am more than qualified to investigate this matter. I expect your level of professionalism predisposes to do the same."

Gunderson supplied this same eight-page report to:

1. William Barr, U.S. Attorney General
2. Judge William Sessions, Director, FBI, Washington, DC
3. Ron Lahners, US Attorney, Omaha, Nebraska
4. Governor Ben Nelson, Lincoln, Nebraska
5. FBI, Omaha, Nebraska
6. FBI, Omaha, Los Angeles, California

GUNDERSON REPORT OF SUBSTANTIATING DOCUMENTATION GOES IGNORED

Regardless of Gunderson's letters to Stenberg, Nebraska Attorney General; William Barr, U.S. Attorney General; Judge William Sessions, Director, FBI, Washington, DC; Con Lahners, US Attorney, Omaha, Nebraska; Governor Ben Nelson, Lincoln, Nebraska; FBI, Omaha, Nebraska; and FBI, Los Angeles, California, none of these agencies or offices has ever conducted an appropriate investigation of this case.

Gunderson's letter and report were ignored by all of the above individuals with the exception of Stenberg, whose letter is set forth above, and an acknowledgment letter from the US Attorney General's office and the FBI, Washington, D.C.

Documentation in this report and the books, "The Franklin Cover-Up: Child Abuse, Satanism, and Murder in Nebraska, Second Edition", De Camp, John W. (1996), and "The Mystery of the Carefully Crafted Hoax", Nebraska Leadership Conference, forward by Ted L. Gunderson (1992), suggest a major cover-up.

BOOK, "THE FRANKLIN COVER-UP", EXPOSES SATANIC CULT/SEX/DRUG RING

In May, 1992, John De Camp, Attorney representing Paul Bonacci, and former long-term Nebraska State Senator, wrote "The Franklin Cover-Up: Child Abuse, Satanism, and Murder in Nebraska". This book exposed the Franklin satanic cult/sex/drug ring and the cover-up by the Grand Jury, police and FBI.

John De Camp advises in Chapter 14, of his book, "The Justice Department acting through the FBI and the U.S. Attorney's office in Omaha emerges from the record of the Franklin investigation not so much as a party to the cover-up, but as it's coordinator, rigging grand juries, harassment of witnesses, incitement to perjury, and

tampering with evidence - federal personnel were seen to apply all these techniques in the Franklin case" (p. 182). Chapter 14 sets forth numerous instances of documentation that back up this statement.

"***The Mystery of the Carefully Crafted Hoax***" is a booklet that summarizes the Franklin cover-up and **provides further documentation on the FBI and US Attorney's active participation in rigging the Grand Jury, harassment of witnesses, incitement to perjury, and stealing and tampering with evidence**.

FRANKLIN CONNECTIONS TO REPUBLICAN 1984 and 1988 REAGAN/BUSH PRESIDENTIAL CAMPAIGNS

"The Franklin Cover-Up" (1986) and Webster G. Tarpley and Anton Chaitkin's book, "George Bush: The Unauthorized Biography" (1992), expose connections between the Franklin satanic cult/sex/drug ring, and highest levels of the Republican party and presidential campaigns.

Larry King, founder of the Franklin Credit Union, now incarcerated for related criminal convictions, was appointed for the 1984 Republican National Reagan/ Bush Presidential reelection campaign as

"Chairperson for the Black Voters for the Campaign" and "Chairmanship of the National Black Republican Council, Development Committee for Fund Raising". He sang the National Anthem at the 1984 and 1988 Republican National Conventions.

John De Camp explains that at the Dallas National Republican Convention in 1984, King threw a giant extravaganza at Southfork Ranch, years before exposure of the Franklin matters. De Camp, a Nebraska Senator at the time, was in attendance and saw youths at the party. Victim/witness Paul Bonacci testified to being in

attendance and described the party in exact detail to John De Camp, details De Camp claims could only be known by someone who was there.

Bonacci's reports are corroborated by other central victim/witness, the children in the foster/adoptive-home of Jarrett and Barbara Webb of Fort Calhoun, Nebraska. Jarrett Webb was a board member of the Franklin Credit Union. In 1985, children in the Webb home reported physical and sexual abuse by both Jarrett and Barbara Webb beginning in June, 1985. The reports of foster-child Eulice (Lisa) Washington, were supported in a polygraph examination (In De Camp's book, "The Franklin Cover-up", a pseudonym of Nelly Paterson Webb is used).

The book, "***George Bush: The Unauthorized Biography***" (1986), states that in 1985, Eulice (Lisa) Washington, told Youth Care Worker, Julie Walters, as documented in her Department of Social Services March 25,1986 report, that Larry King ran a massive child sex, homosexual, and pornography industry. **She described how beginning in tenth grade, she had been taken by plane by Larry King, with other youths, to be used as a child prostitute at parties in Washington, Chicago, and New York. Lisa said that at these parties, she sat "looking pretty and innocent" and guests could engage in any sexual activity they wanted except penetration**.

Lisa named Vice President George Bush as in attendance at least twice, according to Walters' report. Lisa said she had first met Mr. Bush at the Dallas 1984 Republican Convention.

She also saw Vice President George Bush , Sr., at a party in Chicago in September or October of 1984, accompanied by two large white males. Walters' report states; "She [Lisa] indicates that she set [sic] on a table

at the party while wearing nothing but a negligee. She stated that George Bush saw her on the table. She stated she saw Vice President George Bush pay King money, and that **Bush left the party with a nineteen year old black boy named Brent.**" According to the Chicago Tribune of October 31, 1984, George Bush, Sr., was in Illinois campaigning for congressional candidates at the end of October, 1984.

Walters' report indicates that Lisa said she saw George Bush, Sr., again at a party hosted by Larry King in Washington, D.C., in which there were no women, only men perfectly made-up to look like women, older men and men in their younger twenties. She said she saw sodomy committed at those parties. For citations from "George Bush: The Unauthorized Biography", see:

1. http://www.tarpley.net/bush21.htm

2. http://www.anomalous-images.com/text/NAZNWO15.TXT

3. http://www.eagle-net.org/BrantonsFiles/naznwo15.html

The report by Julie Walters also indicates that the children in the Webb home were sometimes taken to "meetings/parties" that Larry King attended at the Omaha Girls' Club. The report indicates that "there were about ten to fifteen older men present and about twenty-five young teenage girls" at one of the parties.

The report also indicates that the children in the Webb home reported that approximately every other week, they were taken by the Webbs to parties at Larry King's home. They said that there were usually about thirty adults present, some prostitutes, and about twenty kids. The prostitutes said they gave half of their pay to Larry King. The children said that they talked to boys at these

parties who said they were from **Boys' Town**. They said that some of the boys at the party were given new cars. They reported that sexual activities did not always occur behind closed doors and sometime involved more than two people.

Gary Caradori, investigator for the Nebraska State Legislature (killed in a suspicious plane explosion as detailed above), documented that the aunt of Eulice (Lisa) Washington said that the children in theWebb home said that they had been transported around the country several times, and that one of the children, possibly Lisa's youngest sister, had kept a book of matches from Texas, where the Republican convention was held in 1984.

De Camp's book, "***The Franklin Cover-up***", includes notes of investigator Gary Caradori stating that **Paul Bonacci, beginning at 8 years of age**, had been involved in extensive homosexual activity" and had been taken on 200 to 300 trips around the country to destinations including Washington. D.C.; Des Moines, Iowa; Minneapolis, Minnesota; Kansas City and St. Louis, Missouri; Austin, Houston, and Dallas, Texas; Miami and Tampa, Florida; Pasadena, California; and Grand Island and Lincoln, Nebraska. Caradori wrote that Bonacci told him that "Some of those trips he thought involved politicians from Washington, D.C.. However, he didn't know anyone by name because of his young age." (P. 100-102).

On November 6, 1997, Gunderson (this writer) was in Denver, Colorado, giving a lecture. At the conclusion of the lecture, a man informed me that at 3:00 a.m. that morning, 210 children boarded an airplane with two male adults and one female adult. My source said that a friend serviced the plane and asked the female adult where the children were from and that she said, "Child Protective Services" and "Mind your own business". The individual who serviced the plane checked the service

records and learned that the plane was en route to New York to refuel, and then on to Paris France. Several months later, I re-contacted my source and asked if I could interview the airplane maintenance service man. My source informed me that the service- man had received threats, had quit his job, and was in hiding.

FRANKLIN CONNECTIONS TO "SUICIDED" CRAIG SPENCE: OPERATOR OF CONGRESSIONAL CALL BOY RING WITH TIES TO REAGAN AND BUSH IN 1989

In 1989, **Craig Spence**, lobbyist and political operative, made headlines due to exposure of his call boy ring that catered to the political elite, offering children to its clients. In his book, "***The Franklin Cover-up***", De Camp writes:

"Spence's activities made banner headlines in the Washington Times on June 29, 1989: 'Homosexual prostitution inquiry ensnares VIPs with Reagan, Bush'. Spence's access was so good, that he could arrange nighttime tours of the White House for his clients. The Times added on August 9, 1989, that Spence 'hinted the tours were arranged by top level' persons, including Donald Gregg, national security advisor to Vice President Bush...' Spence, according to friends, was also carrying out homosexual blackmail operations for the CIA" (P. 169).

According to one of Gunderson's (this writer) confidential sources, Craig Spence was a CIA operative. Connections were made between Larry King's child sex ring and that of Craig Spence. De Camp continues:

"According to a Washington, D.C. investigative journalist who researched the Spence ring, 'The way we discovered Larry King and this Nebraska-based call boy ring, was by looking through the credit card chits of Spence's ring, where we found King's name.' Another

investigator, with personal knowledge of the call-boy rings operating in Washington, put it this way: ‘Larry King and Craig Spence were business partners. Look at two companies, ‘Dream Boys’ and ‘Man to man", both of which operated under another service, ‘Bodies by God’. " (p. 169)

Craig Spence was found dead in 1989 of alleged suicide, another in a long chain of suspicious deaths connected to the Franklin case, President Reagan, and Vice President Bush.

LARRY KING AND FRANKLIN TIED TO IRAN-CONTRA DRUGS-FOR-ARMS AFFAIR

De Camp, in his 1986 book on the Franklin case, cites an Omaha World-Herald May 21, 1989 article CONNECTING Franklin to Iran-Contra; "In the 61/2 months since federal authorities closed Franklin, rumors have persisted that money from the credit union somehow found its way to the Nicaraguan contra rebels ." (P. 171).

Carol Stitt, Foster Care Review Board Executive Director, had notes that referenced Larry King running guns and money into Nicaragua. De Camp writes; "Her notes on December 21, 1998 reflect that she talked with [James] Flanery [reporter for the Omaha World Herald] and in addition to the Nicaraguan info he was also now talking about CIA involvement and provided info that yesterday (Dec. 20) the FBI quit cooperating with him. Apparently Flanery told Carol he was close to resigning and the reason he didn’t think anyone wanted to do anything was because of the possibility of a White House

connection" (p. 170).

Rusty Nelson has reported new evidence on a Franklin and Iran-Contra connection as of June 22, 2000, jeopardizing his life further. Nelson's June 22, 2000, written statement states: "An other dark villain was Colonel Akino [Lieutenant Colonel Michael Aquino] to whom King paid off with a suitcase of bearer bonds and cash earmarked for covert Contra operations." (Further evidence of involvement of Larry King with Lieutenant Colonel Aquino is described below).

Knowledge of the Iran-Contra Affair may also be the true cause of the essentially unpublicized June 3, 2000 alleged "suicide" of John Millis, Staff Director of House Intelligence Committee. In 1996, Millis had investigated and uncovered the Clinton administrations' role in helping Iran transfer arms to Bosnian Muslims. The suspicious nature of the recent death of Millis and the lack of media coverage is described in more detail below.

LARRY KING SUDDENLY TAKEN TO PSYCHIATRIC FACILITY

De Camp writes that "On the morning of February 7, 1990, Larry King was making plans to attend one of those fund raising events in Omaha, featuring President George Bush. Out of the blue, US Magistrate Richard Kopf suddenly ordered King to be taken to a federal psychiatric facility in Springfield, Missouri, for 'tests'...The word in Omaha was that King, indicted in Federal court on May 19, 1989 on forty counts of financial wrongdoing, was planning to ask Bush for help." (De Camp, 1986, p. 165-166).

DOCUMENTARY "CONSPIRACY OF SILENCE" NOT AIRED AND DESTROYED

In mid-1993, following the circulation of "The Franklin Cover-up" for almost a year, the Yorkshire Television of England sent a topnotch investigatory team to produce a documentary on the Franklin. They conducted a national investigation for 10 months, interviewing, filming, and documenting the Franklin story, finding new witnesses, and uncovering new evidence. Their documentary, "***Conspiracy of Silence***" was scheduled to be aired nationwide on the Discovery Channel on May 3, 1994. It was listed in the national publication, "TV Guide".

At the last minute, and without explanation, it was pulled from the air.

In late 1995, a copy of the almost-complete production was anonymously sent by mail to John De Camp. Troy Boner had withdrawn his previous retractions in an affidavit on October 27, 1993. De Camp explains in his book that Yorkshire Television had, at great expense, obtained a polygraph test for Troy Boner and was convinced he was telling the truth. Troy Boner was featured in the documentary.

The documentary also focused on:

1. The use and involvement of **Boy's Town** children and personalities by individuals in the Franklin case, particularly Larry King and Peter Citron.
2. The linkage of the Franklin case to top politicians in Washington, D.C.
3. The improprieties of these politicians and businessmen and compromising of these people by Larry King, through drugs and using children for pedophilia.

In mid-1996, John De Camp learned through a source he is not at liberty to disclose, the events that caused "***Conspiracy of Silence***" to not be aired. When the show was sent to the United States, customs officials seized it and held it up as being "pornographic material".

Attorneys for Discovery Channel and Yorkshire Television were able to get the documentary released.

The lawyers then went through the film for months, making changes and deletions, so the show would ultimately survive any claims of libel or slander that any individuals identified in the documentary might attempt to bring. The lawyers cleared the documentary for broadcast. De Camp writes:

> "During the several months that the documentary was being prepared and advertised for showing, major legislation impacting the entire future of the Cable T.V. industry was being debated on Capitol Hill. Legislation, which the industry opposed, was under debate for placing controls on the industry and the contents of what could be shown. Messages were delivered in no uncertain terms from key politicians involved in the cable T.V. battle, that if the 'Conspiracy of Silence' were shown on the Discovery Channel as planned, then the industry would probably lose the debate. An agreement was reached. 'Conspiracy of Silence' was pulled, and with no rights for sale or broadcast by any other program; Yorkshire T.V. would be reimbursed for the costs of production; the Discovery Channel itself would never be linked to the documentary ; and copies of 'Conspiracy of Silence' would be destroyed."

JOHNNY GOSCH, KIDNAPPED CHILD, CONNECTION TO FRANKLIN CASE

In 1989, Paul Bonacci confessed to his attorney, John De Camp, his part in the kidnapping of 12-year-old **Johnny Gosch** on September 5, 1982, in West De Moines, Iowa, a highly publicized missing child case. Paul Bonacci was 14, almost 15, years old at the time.

Rusty Nelson also testified in U.S. District Court, Omaha Nebraska, on February 5, 1999, that one of the victims in the Franklin case was Johnny Gosch.

Noreen N. Gosch, Johnny's mother, received almost no assistance from the local West De Moines police or the FBI in investigating her case. She held a press conference and received her first death threats. One male telephone caller said, "Stop making waves or you will die". Noreen Gosch now realizes she had begun "knocking on the door" of the Franklin satanic cult/sex/drug ring case.

Noreen Gosch obtained private investigator Dennis Whalen who had solved a missing child case in Carter Lake, Iowa. While investigating the Gosch case, Whalen told Noreen Gosch of a slave auction in Houston, Texas. He asked her "Would you go $50,000 to buy your son back, if he goes across the auction block?" Noreen Gosch borrowed the funds. Unfortunately, Whalen informed Noreen Gosch that Johnny was not at the Texas auction. Whalen was discovered as helping Noreen Gosch and was forbidden from attending other auctions.

Noreen Gosch reports that within six months of Johnny's kidnapping, a young man named **Paul Bishop** contacted her. He came to Des Moines and identified himself as CIA. He told Noreen that an international kidnapping/pornography ring kidnapped Johnny. He told her Johnny was still alive and being sexually used in pornography, prostitution, and perversion. He said he wanted Noreen's help. Noreen Gosch replied, "How can I help you, what does the CIA want with me?" He replied, "We need one stable parent in this situation, to act,

when directed to speak out to the public as to what happened to your son."

Noreen Gosch doubted who he was. To convince her, he produced a complete dossier of her entire family including those who have died. She was given a code name of "Firefox" for him and a phone number to contact him. She learned that Bishop's location was Langley Air Force Base, CIA Headquarters.

Paul Bishop arranged for Noreen Gosch to testify in August 1984, at the "Organized Crime Senate Hearings"in Washington, D.C., before Senator Specter. Books were made available by the FBI showing children in a Sears Roebuck type of catalog offering children for sale.

Noreen Gosch reports Paul Bishop eventually vanished without a trace. Suddenly the phone number was no good.

Noreen Gosch reports that it was to be years before she learned that the CIA was part of the International kidnapping and pornography ring. She and others have attempted to obtain copies of the catalog of children for sale and, "There has never been a single reply to any request to produce this document". She also attempted to obtain from the Washington Press Core photographs from the hearing, also with no success. Noreen Gosch reports that Paul Bishop was in his early 20's and called her, "Mom". She now wonders if he was one of the "lost" children.

Noreen Gosch founded "The Johnny Gosch Foundation", a month after the kidnapping and developed a program called "In Defense of Children". Noreen Gosch wrote the "Johnny Gosch bill", which was passed into law in Iowa on July 1, 1984. A year later, Missouri as well as seven otherstates adopted the bill

and passed it into law. This law, which is still called "The Johnny Gosch Law", provides the immediate involvement of police when a child is missing, instead of the previous 72 hour policy of waiting.

Terry Dunn Meurer, with Dave Bell Associates at that time, and now with "Unsolved Mysteries" produced a documentary called "MISSING", which included the story about Johnny and three other children who were missing. Some of these children were found dead and the others are still missing. That documentary was aired in 1983 on HBO.

NOREEN GOSCH AND PAUL BONACCI MEET
Following Paul Bonacci confessing in 1989 to his part in the kidnapping of her son, Noreen Gosch met with him. Bonacci told her that her son was taken into a "ritual abuse/mind control program called the Monarch Program". He said that the children taken were used for pornography, prostitution and various other forms of abuse and control. This program was started and sanctioned by our government under the CIA MK-Ultra mind-control program, a cold war covert operation beginning after World War II following Operation Paperclip. In Operation Paperclip United States Intelligence brought over hundreds of Nazi scientists to further develop their mind control techniques and human robots developed in the concentration camps for the purpose of assasination,prostitution, drug smuggling, and other covert intelligence operations. (See web-sites on mind control below in section on Michael Aquino)

Paul Bonacci told Noreen Gosch that Johnny Gosch was living in hiding.

JOHNNY GOSCH VISITS HIS MOTHER IN 1997
Johnny himself, came to see his mother in March 1997, then 27 years old. He confirmed all that Paul Bonacci had told her of the case and asked for her helping in

bringing justice. He shared the names of people who were responsible. Finally after all these many years, Noreen knows the "who, how, and why" of her son's kidnapping. She vowed to her son she would do something about this and set about in a plan to bring the entire story out. She realized that she must keep her promise to her son and not reveal that he had been to her home. He had begged her not to share that unless it was absolutely necessary.

Noreen Gosch kept this confidential until March of 1999, when she appeared in court to testify for Paul Bonacci, who had been vindicated by a Federal Court order and allowed to bring a civil suit against Larry King. Noreen, while on the witness stand was asked by John DeCamp, Paul Bonacci's attorney, "if she had ever seen or talked to her son in all the years he had been missing". Being under oath at the time, she had to answer with the truth. This led to a huge onslaught of press coverage. Some people believed her and others made vicious attacks upon her character, calling her everything from a liar to crazy. The faithful who know her and followed this story knew differently. This led to another appearance on "Inside Edition" and other network TV shows.

JOHNNY GOSCH STILL ALIVE AND IN HIDING
Based on Noreen Gosch's investigative sources, she recently learned that her son is still alive and in hiding. He is afraid of being killed to prevent his testimony and he is afraid of being charged for crimes he was forced to commit by his abductors and in his efforts to flee his abusers. Johnny Gosch now 30 years old.

Noreen N. Gosch's continued goal is to bring out the truth on Johnny's kidnapping and is prepared to do whatever is necessary, including radio and television shows, magazine and newspaper interviews. Noreen N. Gosch can be reached by phone at 515-221-3220 and by Email at Ngosch@aol.com.

NOREEN GOSCH MEETS WITH GARY CARADORI'S WIDOW

On June 22, 2000, Noreen Gosch informed me, Ted Gunderson, that in mid-June, 2000, she met at length with Gary Caradori's widow, Mrs. Sandy Caradori. Mrs. Caradori told Noreen Gosch that within two months of Mr. Caradori being killed, he told her that he had received information on Johnny which led him to two prisons to investigate further. Upon returning home from these investigations, he told his wife, "I know what happened to Johnny Gosch, the boy is still alive, I'm going to call his parents." To her knowledge, he did telephone the Gosch home. Noreen Gosch indicated that Mr. Caradori must have spoken with Mr. Gosch, Johnny's father, who in turn kept the information about Johnny being alive from his wife, Noreen.

Noreen Gosch reports that she now knows that Mr. Gosch is connected to the Franklin case. She is on the process of formally releasing his information to the press. She has already provided this information in detail to many concerned parties.

FBI ATTEMPTS TO KILL AIRING OF GOSCH STORY ON AMERICA'S MOST WANTED

Following Bonacci's 1989 confession to participating in the kidnapping of Johnny Gosch, investigators for the television show, "America's Most Wanted", began working with the investigators for Noreen Gosch and prepared to televise the story.

Noreen Gosch testified in U.S. District Court, Omaha Nebraska, on February 5, 1999, (the Bonacci suit against Larry King) that within one or two weeks of the "America's Most Wanted" story airing, "the FBI in Quantico, Virginia contacted America's Most Wanted and told them to kill the story. They did not want the Johnny Gosch story broadcast". John Walsh aired the story anyway. When John De Camp asked Noreen Gosch

if she knew why the FBI wanted to kill the story, Noreen Gosch responded: "Well, of course. It would have opened up the biggest scandal in the United States, bigger than the Iran Contra story. Bigger than President Clinton's infidelities."

CIA KILLS "20-20" SHOW ON JOHNNY GOSCH

ABC's "20/20" contacted Noreen Gosch in 1997, asking to do a one hour special program called "The Johnny Gosch Story". The documentary was intended to depict the 17 year journey of Noreen Gosch in her search for her son, Johnny. In the process of her investigation, Karen Burnes of "20/20" Uncovered 45 other victims of child sexual abuse, satanic abuse, and kidnapping, several of whom knew Johnny and were with him on many occasions.

One of the victims interviewed in this show is the almost 30-year-old son of Anton Szandor LaVey, founder of the Church of Satan, author of the "Satanic Bible". During this interview, Anton LaVey's son said he was with Johnny Gosch several times and Johnny saw him several times. LaVey's son told "20/20" that his father, Anton, had castrated him. The only reason he was willing to talk to "20/20" was because his father was dead and he no longer feared him.

Karen Burnes also interviewed many CIA MK-Ultra Mind Control survivors, including a number of interviews with Brice Taylor (a pen name; her real name is Susan Ford), who has published two books detailing her experiences ("Starshine: One Woman's Valiant Escape from Mind Control", 1995, and "Thanks for the Memories...The Truth has Set Me Free: The Memoirs of Bob Hope's and Henry Kissinger's Mind Controlled Slave", 1999, available through amazon.com). On June 23, 2000, Brice Taylor lost her daughter to state conservatorship based, in part, on her accounts of satanic abuse, CIA mind control programming, and high-level government corruption (see section below).

Karen Burnes and the film crew all had to sign a "hold harmless clause" absolving ABC of any liability if any of them were to be killed during the process of telling this story. To our knowledge, never before had any producer and crew been forced to sign such an agreement.

The Johnny Gosch Story was scheduled for airing April of 1998, but was postponed four times. Now Karen Burnes is apparently very ill and hospitalized with a disease of unknown origin. She remains Extremely ill. Before departing for medical leave, Karen Burnes informed Noreen Gosch that Frank Snepp, who Gosch claims is a former CIA agent, would be taking over the investigative reporting for the show.

Frank Snepp claimed the documentary had no validity unless Johnny was turned over to Congressional protection. However, many congressmen and other politically elite have been accused by Franklin abuse victims and other victims (including Brice Taylor) of being their owners and handlers under circumstances that have re-established slavery in this country on the part of the ruling elite.

For about 6 months, Ira Rosen, Senior producer with "20/20" was unaware that Frank Snepp had taken over the investigatory reporting for the show. He was outraged when he heard the news.

Noreen Gosch was then informed the show would be "on the shelf" indefinitely. Approximately,$300,000 has been spent on this one hour special and it sits on a shelf at ABC's "20/20". Frank Snepp had a great deal to do with the halting of the TV special on Johnny Gosch. He claims to be a former CIA agent. Once CIA, always CIA!

FRANKLIN CONNECTIONS TO SATANIST MICHAEL AQUINO AND JOHNNY GOSCH

Anton LaVey founded the Church of Satan in 1966. He

wrote "The Satanic Bible" in 1969 (New York: Avon Books). **Michael Aquino** was one of its leaders. Michael Aquino split from Anton LaVey in 1975 and in the same year, founded his own satanic organization known as the Temple of Set, according to a document of the California "Office of Criminal Justice Planning: Research Update, State of California, Volume 1 (6), Winter, 1989-1990" entitled "Occult Crime: A Law Enforcement Primer". Aquino has written "The Book of Coming Forth by Night"

Noreen Gosch found out that Michael Aquino was involved in the crimes perpetrated against her son, Johnny when Noreen Gosch met with Paul Bonacci in the Nebraska prison in 1991.

Bonacci described to her the kidnapping and sexual abuse of Johnny. He named the parties involved in the actual kidnapping. He said a man named Sam brought pictures of Johnny to a motel room the night before the kidnapping, indicating that this was the boy they were to "grab" the next morning. At a later time, Bonacci correctly identified a picture of Sam Soda of Des Moines, Iowa, from a line-up of 20 photographs, as the man who brought the photograph of Johnny to the motel. Bonacci also indicated Sam was there watching as Johnny was repeatedly sexually abused while being photographed. (Rusty Nelson reported Sam Soda as the man who introduced him to Larry King.)

Bonacci told Noreen Gosch that 14 days after Johnny was kidnapped, known Satanist Colonel Michael Aquino came to the house outside of Sioux City Iowa, where Johnny had been kept since the kidnapping. Michael Aquino, then a Colonel in the Army, paid several thousand dollars to the kidnappers, took Johnny and left for Colorado with him.

In March of 1998, when Johnny Gosch came to his mother’s home in the middle of the night, he told his

mother about his abduction and named Colonel Michael Aquino as a central perpetrator. Aquino was then an officer in the military reputedly in charge of "*Operation Mind War*" for the U.S. government. "Operation Mind War" was a sub-project of "Project MK-Ultra" which grew out of "*Operation Paperclip*". "Operation Paperclip" was a covert operation in which large numbers of Nazi scientists were brought to the United States from the Nazi death camps of World War II to learn from their techniques of torture, drugs, hypnosis, mind control, and genetic experimentation for covert operations.

> **https://www.amazon.com/stores/author/B01GEWRIMU/about the author The Satanic Bible: 50th Anniversary ReVision [Print Replica] Kindle Edition by Michael Aquino (Author), Satan (Foreword), Stanton LaVey (Foreword), Diane LaVey (Introduction)**
>
> Michael A. Aquino is a Lt. Colonel, Psychological Operations, U.S. Army (Ret.). He is a graduate of the Industrial College of the Armed Forces, National Defense University; Defense Intelligence College, Defense Intelligence Agency; Foreign Service Institute, Department of State; U.S. Army Special Warfare Center (Special Forces ("Green Beret")/Psychological Operations/ Civil Affairs/Foreign Area Officer); U.S. Army Command & General Staff College; U.S. Army Intelligence School, and U.S. Army Space Institute.
>
> Decorations include the Bronze Star,

Meritorious Service Medal, Air Medal, Army Commendation Medal (3 awards), Special Forces Tab, Parachutist Badge, USAF Space & Missile Badge, and the Republic of Vietnam Gallantry Cross, Psychological Warfare Medal (First Class), & Air Service Medal (Honor Grade).

Academic credentials include the B.A., M.A., and Ph.D. in Political Science from the University of California, Santa Barbara; and the M.P.A. in Public Administration from George Washington University. He has taught as Adjunct Professor of Political Science, Golden Gate University.

He is a past National Commander of the Eagle Scout Honor Society and recipient of its Knight Eagle Distinguished Service Award, as well as of the Vigil Honor of the Order of the Arrow and the Distinguished Service Key of Alpha Phi Omega Fraternity.

In 2006, following his retirement as a U.S. government officer, he was recognized by Scotland's Lord Lyon King of Arms as the 13th Baron of Rachane, Argyllshire. He is a member of Clan Campbell.

Since 1975 he has been a Priest of the ancient Egyptian god Set, and served as High Priest of the international Temple of Set until 1996.

He is the author or editor of numerous books on political, military, and initiatory subjects, all currently available through Amazon.com and other major booksellers.

He, his wife Lilith, and inevitable, innumerable, and immortal cats live in San Francisco, California.

...

The Temple of Set

The Temple of Set is an occult initiatory order founded in 1975. A new religious movement and form of Western esotericism, the Temple espouses a religion known as Setianism, whose practitioners are called Setians. This is sometimes identified as a form of Satanism, although this term is not often embraced by Setians and is contested by some academics.

The Temple was established in the United States in 1975 by Michael Angelo Aquino, an American political scientist, military officer, and a high-ranking member of Anton LaVey's Church of Satan. Dissatisfied with the direction in which LaVey was taking the Church, Aquino resigned and - according to his own claim - embarked on a ritual to invoke Satan, who revealed to him a sacred text called The Book of Coming Forth by Night. According to Aquino, in this work Satan revealed his true name to be that of Set, which had been the name used by his followers in ancient Egypt. Aquino was joined in establishing the Temple by a number of other dissatisfied members of LaVey's Church, and soon various Setian groups were established across the United

States.

Setians believe that Set is the one real god and that he has aided humanity by giving them a questioning intellect, the "Black Flame", which distinguishes them from other animal species. Set is held in high esteem as a teacher whose example is to be emulated but he is not worshipped as a deity. Highly individualistic in basis, the Temple promotes the idea that practitioners should seek self-deification and thus attain an immortality of consciousness. Setians believe in the existence of magic as a force which can be manipulated through ritual, however the nature of these rituals is not prescribed by the Temple. Specifically, Aquino described Setian practices as "black magic", a term which he defines idiosyncratically.

Following initiation into the Temple, a Setian can proceed along a series of six degrees, each of which requires greater responsibilities to the group; as a result, most members remain in the first two degrees. Governed by a high priest or high priestess and a wider Council of Nine, the Temple is also divided into groups known as pylons, through which Setians can meet or correspond in order to advance their magical work in a particular area. Pylons of the Temple are now present in the United States, Australia, and Europe, with estimates placing the Temple's membership between 200 and 500. - Wikipedia

Aquino has claimed to be the son of a Nazi S.S. officer. The "MK-Ultra Mind Control Program" was supposed to

be discontinued as a result of a 1977 Congressional hearing and report. However, there is overwhelming evidence that this project and its derivative continue on a wide, international scale at present. For web-sites on mind control programming, see:

https://youtu.be/YMnK9BSowgo Rusty Nelson Interview by Michael Corbin MUST HEAR!! COMMENTS FROM PEOPLE WHO OBVIOUSLY DID NOT READ THE DESCRIPTION OR WATCH THE VIDEO BEFORE COMMENTING WILL BE DELETED. Posting this interview dramatically changed my life, and shook my reality to its core. My computer network was wiped out, and I was followed by armed officers who apparently believed I may have copies of Rusty's photos. Even sneak-and-peeks in my home. More details here: http://tinyurl.com/znm99h9 . Watch this first, then watch my own interview of Rusty on this channel. I think you will agree, this is important information. For the 10th anniversary of this YouTube channel, Free Range Humans is re-uploading FULL LENGTH, higher quality versions of videos originally segmented to fit the old format.

Rusty Nelson interviewed 2005 "let's start by first of all talking a little bit about you your background you're a professional photographer ended up in Omaha went to a bar called the Matt probably get me a job as a waiter or something like that lo and behold the man was where he king I had no idea who he was it was just a whirlwind had all this money and power within a couple days I was off on a private jet what do you say important people rusty are you talking about political it went all the way up to the White House these people were leaders of industry they were billing things that I did not feel was right who would you go tell because they pulled the puppet strings there was one instance where Colonel Michael Aquino came to a motel room and he got from Larry King they this case and it was filled with bearer bonds and cash there was millions of dollars in that thing it was for the iran-contra embassy row in Washington DC they had parties there on the surface they

looked like all up and up then the party was over with and there'd be a few guys that would stay after they would have a sex party was at King's house okay how could this man afford Learjets lavish parties and also renting a mansion on Embassy Row Row in DC he would prime client it pray I would be a better word for it they went to this church and hit him up for 1.8 million dollars well there was a set of nuns that he got a bunch of money from a couple million dollars there was Boys Town and various other organizations everybody doesn't know what goes on it boys as I recall rusty the Boys Town was one of Kings primary recruiting grounds for young boys and girls very much so I believe the man who's running it that was father Bell Peter hmm not a good choice okay why is that he was he was up to his elbows in this what they were doing is providing sexual favors to whoever had money more political and told them to usually it was done for the purpose of compromising somebody …'

John DeCamp passed away Thursday, July 27, 2017

https://freerangehumans.net/john-decamp-dies-at-age-76/
John DeCamp passed away Thursday, July 27, 2017.

[image]

John DeCamp 2007

John DeCamp has passed. May he finally find relief from years of excruciating pain from a back injury suffered in Viet Nam. One of the brightest men I have known, his cognitive abilities deteriorated after a head-on car collision in 2011 [READ MORE]. He also reportedly suffered from Alzheimer's and Parkinson's and resided in a VA hospital for his last 2 years.

As if former Nebraska State Senator John DeCamp didn't already have enough physical pain to deal with, last week his car hit an icy patch on a remote rural road and slid head-on into another passenger vehicle, spinning John off into a ditch. John was traveling at @ 50 mph when the accident occurred. The other driver had just turned onto the road, and was moving at a much slower speed. https://freerangehumans.net/john-decamp-survives-head-on-collision/

John suffered a brain concussion, and was incapacitated during the 30 minutes it took for response crews to arrive. Thankfully, both drivers were wearing seat belts. The two drivers were the only people involved, and there were no fatalities.

John is recuperating well, and there is no indication of additional injury to his spine.

The Omaha World-Herald's obituary for John started and ended with sharp criticism. [READ]. It completely omitted what

John is most noted for: obtaining a million dollar judgment awarded to Paul Bonacci in the Franklin Credit Union scandal. And it glossed over his seminal book, “The Franklin Cover-Up,” without even referencing the title.

I thought I’d set the record straight, at least as to what I know about John. I rather liked the man. He had me over for Superbowl. He invited me to his home for filming of a planned remake of “Conspiracy of Silence” with interviewer Nick Bryant, and producer Robert Altman’s son Bobby. He invited me to his Friday ritual of buying drinks at the local bar. He was so dominant a presence in his tiny town 20 miles south of Lincoln, Nebraska that the mayor adopted the campaign slogan “Take Clatonia Back” [from John DeCamp].

I witnessed John’s acts of kindness. After John’s good friend, Ted Gunderson, lured a couple to John’s town with promises of helping them start a website, he left them penniless and homeless. DeCamp came to their aid with food and shelter. I admired DeCamp for that. But years later, this same couple soured on DeCamp, for reasons I cannot elaborate.

When Ted passed away, his family could not afford burial, so John stepped up and covered Ted’s final expenses.

Regardless of your opinion on John’s personal life, we can be forever grateful to him for his book, ***The Franklin Cover-up***, and for exposing pedophilia and corruption among the rich and powerful.

I interviewed John in 2007:

In my interview, John boasted an impressive list of accomplishments: being mentored by CIA Director William Colby, having lunch with Colby and Henry Kissinger at the Second Paris Peace Talks, being honored at the Kennedy Center for his Operation Babylift, which adopted @ 3,000 Amerasian children from Viet Nam, participating in several high-profile legal cases, and withdrawing cold-turkey from an Oxycontin

addiction.

But John was also surrounded by darkness. Since my interview, I conducted deeper investigations into John's involvement with the CIA's Phoenix program and his many high-profile cases: the first lawsuit brought against the Catholic Archdiocese for pedophilia; the Oklahoma City Bombing, the Franklin Coverup, and the Columbine shootings. In each of these cases, John was one of only a few witnesses to exclusive evidence which was then buried from public view forever. In the Franklin Cover-up, the original video testimonies of 80 children were turned over to John's friend, Ted Gunderson, who ensured that they passed from official record into the private hands of Ed Weaver, of the Nebraska Leadership Conference, where they apparently disappeared. Something about John's involvement in these matters was not entirely on the up-and-up.

John enjoyed the notoriety of being the subject of political cartoons in local newspapers. A wall in DeCamp Legal's law office featured many of them. One showed DeCamp beside a grave marked "Video Slot Machines R.I.P" and an Igor-style gravedigger asking "Do you really think we can bring it back to life, Dr. DeCampenstein?" John told me his favorite showed him being resurrected as Banking Committee Chairman after being buried several times.

[image]

I don't believe John will be jumping back out of the grave this time.

As Ted Kennedy expressed at his brother's memorial: He "need not be idealized, or enlarged in death beyond what he was in life." John was not a saint. But he was widely admired and loved. We lost him too soon.

John Pilger Dies

John Pilger - Obama and Empire

Author, journalist, film maker John Pilger speaks at Socialism 2009 www.socialistworker.org; wwwhaymarketbooks.org Filmed by Paul Hubbard at the Womens Building in San Francisco 7-4-09.

ok I'm going to turn it over to mr. Pilger.

Thank you for the invitation to be here to speak and especially to my friend Anthony on oath I'm delighted especially to be here on the 4th of July which is an appropriate day to talk about Empire Obama and America's last taboo The Invisible Government. I'm sorry that titles a bit wordy but like I couldn't get it down to something as it should be now two years ago I spoke at socialism in Chicago about an invisible government which was the term used by Edward Bernays one of the founders of modern propaganda it was Bernays who in the 1920s invented public relations as a euphemism for propaganda and it was bearnaise deploying the ideas of his uncle Sigmund Freud who campaigned on behalf of the tobacco industry for women to take up smoking as an act of feminist liberation he calling cigarettes torches of freedom at the same time he was involved in the disinformation that was critical in overthrowing the Jacobo Árbenz government in Guatemala so you had the

> association there of cigarettes and regime change the invisible government that Bernays had in mind brought together all media PR the press broadcasting advertising and their power of branding and image making in other words disinformation and I suppose I'd like to talk today about this invisible government's most recent achievement the rise of Barack Obama and the silencing of much of the left but all of this has a history of course and I'd like to go back take your backs on 40 years to a sultry and for me very memorable day in Vietnam I was a young war correspondent who had just arrived in the village in the Central Highlands [and 29 minutes more of It All Started in a 5000 watt broadcast station talk]

John Pilger - Obama Is A Corporate Marketing Creation

> The clever young man who recently made it to the White House is a very fine hypnotist partly because it is indeed extraordinary to see an african-american at the pinnacle of power in the land of slavery however this is the 21st century and race together with gender and even class can be very seductive tools of propaganda for what are so often overlooked and what matters I believe above all is the class one serves
>
> George Bush’s inner circle from the State Department to the Supreme Court was perhaps the most multiracial in presidential history it was PC par excellence think Condoleezza Rice Colin Powell

> It was also the most reactionary Obama's very presence in the white house appears to reaffirm the moral nation he's a marketing dream but like Calvin Klein or Benetton is a brand that promises something special something exciting almost risque as if he might be radical as if he might enact change he makes people feel good he's a postmodern man with no political baggage and all that's fake
>
> In his book Dreams from My Father Obama refers to the job he took after he graduated from Columbia in 1983 he describes his employer as an I quote a consulting house from multinational corporations unquote for some reason he doesn't say who his employer was or what he did there the employer was business international corporation which has a long history of providing cover for the CIA with covert action and infiltrating unions on the Left
>
> I know this because it (the CIA and MKULTRA) was especially active in my own country Australia
>
> [Then more it all started in a 5000 watt radios station talk]
>
> **John Pilger on Obama, Australia, Palestine, the media - Melbourne 2009 (Part 1 of 6)**
>
> Obama and Colonialism. It all started for me in a 5000 Watt radio station

Hearing him on Democracy Now promoting one of his books changed my life. Since then I have come to revere him on many issues including #Birther. and #Colonialism.

Death of a Nation: The Timor Conspiracy is a 1994 Central Independent Television documentary, written and presented by John Pilger, and directed and produced by David Munro, which documents the involvement of Western governments in the occupation of East Timor in the context of the 1990-91 Gulf War. "Accusations of genocide fly in this disturbing and controversial British documentary," writes Sandra Brennan of Allmovie, as well as, "disturbing accusations regarding the complacency of the U.S., British, and Australian governments who purportedly knew about the killing and did nothing." An updated version of the film entitled The Timor Conspiracy was released in 1999.

John Richard Pilger (/ˈpɪldʒər/; 9 October 1939 - 30 December 2023) was an Australian journalist, writer, scholar and documentary filmmaker. From 1962, he was based mainly in Britain. He was also a visiting professor at Cornell University in New York. [He beleived Barrack Obama Jr. was product of Corpratracy world rule created by the CIA and Munchurian Candidate and gave several speeches on the subject quoted in my (Edward Paul Donegan's) books. Those speeches are still available on Youtube.

Pilger was a critic of American, Australian and British foreign policy, which he considered to be driven by an imperialist and colonialist agenda. He criticised his native country's treatment of Indigenous Australians. He first drew international attention for his reports on the Cambodian genocide, several years later than other Western journalists.

Indonesian occupation of East Timor retrieved from Wikipedia and copied or modified to here

The Indonesian occupation of East Timor began in December 1975 and lasted until October 1999. After

centuries of Portuguese colonial rule in East Timor, the 1974 Carnation Revolution in Portugal led to the decolonisation of its former colonies, creating instability in East Timor and leaving its future uncertain. After a small-scale civil war, the pro-independence Fretilin declared victory in the capital city of Dili and declared an independent East Timor on 28 November 1975.

Following the "Balibo Declaration" that was signed by representatives of Apodeti, UDT, KOTA and the Trabalhista Party on 30 November 1975, Indonesian military forces invaded East Timor on 7 December 1975, and by 1979 they had all but destroyed the armed resistance to the occupation. On 17 July 1976, Indonesia formally annexed East Timor as its 27th province and declared the province of Timor Timur.

Immediately after the invasion, the United Nations General Assembly and Security Council passed resolutions condemning Indonesia's actions in East Timor and calling for its immediate withdrawal from the territory. Australia and Indonesia were the only nations in the world which recognised East Timor as a province of Indonesia, and soon afterwards they began negotiations to divide resources found in the Timor Gap. Other governments, including those of the United States, Japan, Canada and Malaysia, also supported the Indonesian government. The invasion of East Timor and the suppression of its independence movement, however, caused great harm to Indonesia's reputation and international credibility.

For twenty-four years, the Indonesian government subjected the people of East Timor to routine and systematic torture, sexual slavery, extrajudicial executions, massacres, and deliberate starvation.[6] The 1991 Santa Cruz Massacre caused outrage around the world, and reports of other such killings were numerous. Resistance to Indonesian rule remained strong;[7] in 1996 the Nobel Peace Prize was awarded to two men

from East Timor, Carlos Filipe Ximenes Belo and José Ramos-Horta, for their ongoing efforts to peacefully end the occupation. A 1999 vote to determine East Timor's future resulted in an overwhelming majority in favour of independence, and in 2002 East Timor became an independent nation. The Commission for Reception, Truth and Reconciliation in East Timor estimated the number of deaths during the occupation from famine and violence to be between 90,800 and 202,600, including between 17,600 and 19,600 violent deaths or disappearances, out of a 1999 population of approximately 823,386. The truth commission held Indonesian forces responsible for about 70% of the violent killings.

After the 1999 vote for independence, paramilitary groups working with the Indonesian military undertook a final wave of violence during which most of the country's infrastructure was destroyed. The Australian-led International Force for East Timor restored order, and following the departure of Indonesian forces from East Timor, the United Nations Transitional Administration in East Timor administered the territory for two years, establishing a Serious Crimes Unit to investigate and prosecute crimes committed in 1999. Its limited scope and the small number of sentences delivered by Indonesian courts have caused numerous observers to call for an international tribunal for East Timor.

Oxford University held an academic consensus calling the occupation of East Timor a genocide and Yale University teaches it as part of its Genocide Studies program.

William Colby Dies

Born: January 4, 1920, Saint Paul, MN Died: April 27, 1996, Rock Point, MD and a devout Catholic who was going to reveal the Family Jewels program the CIA had been running.

[image]

Disciples: The World War II Missions of the CIA Directors Who Fought for Wild Bill Donovan retrieved from https://www.amazon.com/Disciples-Missions-Directors-Fought-Donovan/dp/1451693745 and copied or modified to here

"A fantastic book, one of the very finest accounts of wartime spookery" (The Wall Street Journal)-a spellbinding adventure story of four secret OSS agents who would all later lead the CIA and their daring espionage and sabotage in wartime Europe from the author of the bestselling Wild Bill Donavan.

They are the most famous and controversial directors the CIA has ever had-Allen Dulles, Richard Helms, William Colby, and William Casey. Before each of these four men became their country's top spymaster, they fought in World War II as secret warriors for Wild Bill Donovan's Office of Strategic Services.

Allen Dulles ran the OSS's most successful spy operation against the Axis. Bill Casey organized dangerous missions to penetrate Nazi Germany. Bill Colby led OSS commando raids behind the lines in occupied France and Norway. Richard Helms mounted risky intelligence programs against the Russians in the ruins of Berlin.

Later, they were the most controversial directors the CIA has ever had. Dulles launched the calamitous operation at Cuba's Bay of Pigs. Helms was convicted of lying to Congress over the CIA's role in the ousting of President Salvador Allende in Chile.

Colby would become a pariah for releasing a report on CIA misdeeds during the 1950s, sixties and early seventies.

Casey would nearly bring down the CIA-and Ronald Reagan's presidency-from a scheme that secretly supplied Nicaragua's contras with money raked off from the sale of arms to Iran for American hostages in Beirut. [in The October Suprise for the Reagan Bush ticket 1980]

Mining thousands of once-secret World War II documents and interviewing scores, Waller has written a worthy successor to Wild Bill Donovan. "Entertaining and richly detailed" (The Washington Post), Disciples is the story of these four dynamic agents and their daring espionage and sabotage in wartime Europe.

…

William Colby Born: January 4, 1920, Saint Paul, MN Died: April 27, 1996, Rock Point, MD wrote the introduction to The Franklin Cover-up and he and Susan Ford wrote high power interests would assassinate to cover up the secrets of what was likely a Family Jewels child abuse CIA research facility. William Colby was of course CIA, DeCamp was said to be, and DeCamp has an MKULTRA /like birthday, July 6 1941.

That certainly was taken seriously by Ted Guderson who allong with Susan Ford was warned by Colby the CIA would kill over this matter just as Colby had asserted before he died.

Ted Gunderson - On April 3, 2003, I found an intruder (biker type- wearing a head bandanna, leather Jacket, and chains attached to his belt) in the basement of the apartment complex where I am presently staying in Los Angeles. After seeing me, he bolted through the front door of the building and disappeared. I filed a police report. [am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

If anything happens to me, my family, or my close associates- including my attorney (former Nebraska State Senator, John DeCamp), Susan Ford, or other individuals within my informational network, the names of the leaders of the cult/drug network and additional information concerning their activities will be released to the public.

Regarding Mr. Colby, he did not drown and he did not commit suicide- he was murdered, shot in the head.

…

According to YouTube Videos about new strobe lights and spinwheels for sale there is new information we have some data on the CIA

They have ice pellet guns and that type of thing.

HONORABLE MEN My Life in the CIA by William Colby

Ordinarily, on being summoned to see the President, I would ask what for, so I could bone up on whatever topic was to be the subject of discussion. But this time, I didn't. Marsh, obviously, was eager to get back to sleep and I was tired too, anxious to get home and to bed myself. And be- sides I could make a pretty fair guess as to what it was prob- ably about. The

previous day, Saturday, the press had bro- ken a story revealing that the CIA had covertly been funneling aid to Kurdish rebels in Iraq. We had talked of these leaks at the usual meeting in the White House base- ment all that morning. So it was more than likely that the President was assembling a group of aides to discuss how leaks of sensitive material like this could be prevented. All the usual people would be there, I figured- Scowcroft; Buchen;, someone from the Pentagon, possibly Schlesinger himself; Mike Duval; probably Don Rumsfeld; and Marsh and I.

But they weren't. Aside from the Secret Service on duty at the side door, the West Wing of the White House at seven forty-five that Sunday morning was deserted. The anteroom to the Oval Office was empty, until Marsh came in a couple of moments after I arrived. Apparently my guess at what this was all about was wrong. Still, I took a crack at it. 'Boy, that Kurdish story, that's some fine mess, isn't it, Jack?" I said. Marsh nodded absently. "I'd bet anything that it came from the House Committee," I went on. Nlarsh shrugged and looked away, clearly uninterested in pursuing the subject. I made a few more desultory remarks and then, puzzled, let it drop. We stood around in a rather awkward silence.

Promptly at eight President Ford showed up. He came from the White House residence along the enclosed porch, passed the Rose Garden and went directly into the Oval Office without seeing us. He was accompanied by two Secret Service men. After a few moments, one of then invited us in.

Ford was seated behind the huge, handsome Presidential desk, looking a bit grim and, as he was to fly to Florida to meet with Sadat later in the morning, he had a thick black briefing book on the Middle East situation in front of him. He set it aside as soon as Nlarsh and I walked in. I had seen the President regularly in the past year, but ours could not in any way be characterized as a personal relationship. Ford, while always cordial, dealt with me in a fairly formal manner. He did not stand up now; we didn't shake hands. I said "Good morning, Mr. President. Jack said you wanted to see me."

"Yes," he replied, indicating that I should take a seat in the straight armchair in front of the desk. ' 'We are going to do some reorganizing of the national-security structure. He need not have said another word. From that sentence I realized immediately why I had been summoned: I was about to be fired as the Director of Central Intelligence. Ford did not put it quite so bluntly.

In the time honored political tradition with sticky things of this sort, he said he wanted me to take a new job, as Ambassador to NATO. He then sketched the reorganization-which is to say, the sweeping personnel changes-he had in mind. It was what later was to be dubbed the Halloween Massacre, and it in- eluded the sacking of Jim Schlesinger as Secretary of De- fense and Nelson Rockefeller's withdrawal as Ford's run- the straight armchair in front of the desk. "We are going to do some reorganizing of the national-security structure.'

'Yes," he replied, indicating that I should take a seat in the straight armchair in front of the desk. "We are going to do some reorganizing of the national-security structure.' He need not have said another word. From that sentence I realized immediately why I had been summoned: I was about to be fired as the Director of Central Intelligence.

Ford did not put it quite so bluntly. In the time-honored political tradition with sticky things of this sort, he said he wanted me to take a new job, as Ambassador to NATO. He then sketched the reorganization-which is to say, the sweeping personnel changes-he had in mind. It was what later was to be dubbed the Halloween Massacre, and it included the sacking of Jim Schlesinger as Secretary of Defense and Nelson Rockefeller's withdrawal as Ford's running mate on the 1976 GOP ticket. At the time, however, Ford didn't mention to me what was in store for Schlesinger, for the perfectly good reason that he hadn't yet mentioned it to him. But he did tell me that, under his re-organizational scheme, Henry Kissinger would give up his post as National Security Assistant to the President and

move over exclusively to the State Department; that Brent Scowcroft would take over Kissinger's role as Presidential Assistant. And he told me that George Bush was coming back from China to replace me as the new CIA chief. I said he was a good choice, and I meant it. Ford was quick to try to reassure me. I needn't be concerned.

[Colby wonders with Ford about a CIA director being accepted by the UN]

[T] the appointment [to NATO] would be as the President's personal representative and thus didn't need the approval of the NATO countries.

"l realize that, Mr. President," I said; "nevertheless, I really need to think about it and talk to my wife about it." "All right," Ford said. "Let us know your decision as soon as possible." "Yes, sir, I will. I'll get in touch with Jack later in the morning," I said.

He said the changes would be formally announced on Monday and asked me to keep them to myself until then. I agreed.

There was nothing further to say. I stood up. The meeting was over. It had lasted about fifteen minutes. And in those fifteen minutes my thirty-year career as an intelligence officer had been brought abruptly to an end.

I should have been shattered, but my old discipline of thinking of the next step ahead took over. I wanted to catch Barbara, who would be leaving home in time to make a nine o'clock Mass across town. We were going to have to figure out what we should do about the NATO job offer. Marsh, at my elbow as we left the Oval Office, anxiously asked, "You are going to take it, aren't you?" revealing just how important it was that the "reorganization" go without a hitch, that all the players in it be happily in place before it was officially announced to the press. But I suspected even then that I wasn't going to oblige. (Neither was Schlesinger, I later discovered; he turned down Ford's offer

to be Chairman of the Export-Import Bank on the spot, and rather angrily.)

Ted Gunderson Dies 2011

Ted L Gunderson Ex FBI Whistleblower Poisoned? - Dr.Ed Lucidi - Anthony J Hilder

[Music] my friends the late great Terrell Gunderson former head of the FBI in LA Dallas and Memphis requested of me and of his daughter that an autopsy was made I was body and I thought well we had discussed that during his life if anything were to happen to him he wanted to find out what made him died so for six seven weeks he laid in cold storage waiting for an autopsy I don't know if it's come out formally but it has been done you said that with his fingers becoming colored or purple is that a sign of anything and yes that's one of the signs of arsenic poisoning and several individuals in the past have turned into a black mummy as a result of acute arsenic poisoning such as Lenin and the John Wilkes Booth double what I had said under some type of treatment for a number of years with a certain special diet rich in sulfur rich foods to neutralize the arsenic and as a result his fingernails which had been dark purple black that cleared up but he was very busy in fighting the enemy and he was receiving 30 phone calls a day and as a result he did not go down to seek the treatment of alternative medical clinics which would have subjected him to a process of chelation and other therapies to eliminate all the arsenic one of the common results of arsenic poisoning is cancer of the bladder how do you get arsenic poison well unless somebody wanted to kill you well it depends on its can be occupational a person working in mining a person working in the chemical industry I don't consider him gone he's still here for what he's done Ted Gunderson former head of the FBI in Los Angeles Dallas and Memphis he was opposed to the installation of smart meters which we referred to as murder meters and he's opposed to the death dumps that have been going on in this country in fact here and convene a California if you take a look at the sky there's the residue of death dumps that's correct nano particulates aluminum oxide sulfur hexafluoride strontium

barium etc he was concerned that the FBI and the CIA and those government agencies which control this country and they're now trying to control the world and establish a global government are poisoning us in the background you'll be you'll hear a machine they're taking off smart meters in this neighborhood you know Deborah survived solutely her husband is out there pulling these smart meters off and putting on analog meters ted was opposed to all of this I spoke at the Eagle Forum in Long Beach or the Long Beach Eagle for them you were there yes I was there a bit upset because I talked about the truth I asked him said you want to hear the truth you want me to want me to go according to the program I was speaking for Ted Gunderson he couldn't make it he was in the hospital I stepped up and stood in his place I remember that and I appreciate it too with the way you handled him he told the truth that's the important thing does the truth upset people when you talk about those things which they feel incapable of changing I believe so some people are restricted to a certain viewpoint and they want to stress that viewpoint and they don't want to have broken any interference with that viewpoint however I like you yourself feel that the truth should be told at the opportune time Ted withers probably said I'm sure he would have said the same thing well I felt you know speaking for him and knowing him as I did that he would address those things regardless of whose gates he rattled he felt that possibly he would be poisoned somebody would try to take him out and he'd mentioned several attempts on his life it's been a couple on mine he's in surprise the gunshots concerned when he finally passed and I felt that he probably would but we had thumbs up we felt maybe we could get through this was that the hospital with him the very end he tried a lot of various things he wanted to have an autopsy and then when the autopsy was done we don't know the exact results of it but did you see or do you know what was happening to his body was he turning okay yes shortly after death within the matter of a couple of hours he started to turn black particularly in his face his hands and his feet and this is a characteristic sign of arsenic poisoning a death as the cells disintegrate their blood cells disintegrate arsenic is released from the body stores and all poisons are stored in the fatty tissues of the body and also are concentrated in the liver

which is the detoxifying organ as the arsenic is released from its from its complex binding to the tissues it combines with the sulfur from the disintegrated cells to form our sentence sulphide which is a black he has a black color so he had all appearances of being poisoned by arsenic correct right which could lead to cancer of the bladder well I strongly feel that the arsenic caused this cancer of the bladder that is one of the common side effects of he had his bladder removed as you know correct and yes it was replaced with a portion of his intestine and then within about four months after they noted that there was a spread of the tumor outside of the bladder Ted was most likely poisoned yes oh very definitely was in fact about seven or eight years ago I had diagnosed him with arsenic poisoning because I had met him at a conference and noted that his fingernails were black particularly at the base dark purple black and so I told him what to do and was this due to his attack upon the American Illuminati yes very definitely and also his attack upon the CIA which has been controlled by the Illuminati the CIA is the enforcement arm of the CFR is it not correct his investigations led to the city investigation of the McMartin nursery school and he had also investigated the captain McDonald case where he was convicted of murdering his wife and children which he did not captain McDonald was attempting to break up the drug ring at the military base that was shipping cocaine bags of cocaine in the body cavities of soldiers that would be out of Vietnam yes yes that would be coming from the golden triangles that you kun saw operation correct so he got the enmity of the certain people in the CIA and the military and others who were using the drug traffic as a means of generating funds in order to stir up revolutions and so on and so forth so the CIA rather than stopping drugs is importing them from Afghanistan which is the largest heroin producing area in the world today correct right very much so and they use it for their black bike operations many years ago Congress had refused to give money to the CIA unless they listed for what purposes that they were to be used and so the CIA started getting involved in the job where our rocket so this is a way of funding black operations correct in your opinion was Ted Gunderson murdered by an agency of this government in your opinion what would be your guess by speculative guess would be that yes he explained to me that he

found arsenic dust in his apartment on his table on his chairs and in the air-conditioning duct and also inside his locked car on the steering wheel on the seats so someone who has the ability to enter secretly a car in an apartment house and do all that without leaving any fingerprints indicates someone high up in the in the circles so to speak year 1995 we're doing a film on reichstag two years before the World Trade Center had been attacked we had a little bit of private conversation about who did the first World Trade Center bombing the FBI had an informant an amount of the terrorist group on the World Trade Center car bombing February 26 1993 and Selam a former Egyptian officer 43 years old was commissioned by the terrorists he was one of the terrorists to put the bomb together for the bombing of the World Trade Center and he went to his FBI superiors he said we're going to use a dummy bomb aren't we and they said no we're gonna use a real bomb well Ted wasn't this guy a terrorist hired by the United States government hired by the FBI in fact did they not in fact give him money to buy the bomb which went into the World Trade Center he was an informant for the FBI against the terrorists and he wore a body mic on their instructions when he met with the terrorists and unknown to the FBI he wore a body mic when he met with the FBI and fortunately for him otherwise he probably would have been prosecuted himself this came out during the trial and it appeared in the October 23 1993 New York Times this information I'm telling you right now and so he was told to put the bomb together by the terrorists the FBI who told him now we're going to use a real problem in the dummy bomb and the FBI not only furnish the ingredients for the done in knew in advance that they were going to bomb the World Trade Center car bombing but the car bomb and they furnish the ingredients for the bomb now this is a sting operation with the sting operation yes but nevertheless the sting operation schemes go down without using real bombs there were six people died in that bombing I think a thousand people were injured and a half million dollars in damage that billion dollars a billion a billion dollars and they're just absolutely no excuse for this but that's all part of the deploy why the government this covert drug government criminal enterprise I called rope government criminal enterprise it's all part of the POI by them

that after that of course the car bombing of 93 Oklahoma City bombing and then 9-1-1 and then he stole all these terrorist acts were designed in order to set up homeland security pass the Patriot Act and take away many of our constitutional rights of civil liberties no Ted was most likely poisoned yes oh very definitely was in fact about seven or eight years ago I had diagnosed him with arsenic poisoning because I had met him at a conference and noted that his fingernails were black particularly at the base dark purple black [Music] [Music] [Music]

EDGAR ANTHONY LUCIDI January 30, 1932 - October 4, 2020

Dr. Edgar A. Lucidi, M.D. died on October 4, 2020 at a care facility, in Laguna Hills.He was 88.

He was predeceased by his parents, Renato and Frieda Lucidi, and his son, Michael Lucidi.He is survived by his loving wife of 61 years, Rose Marie; his children, Celeste Lindemann and her husband Ronald, Mark Lucidi, and John Lucidi; his sister Renee Corbally; three grandchildren, Emily, Evan, and Chloe Lindemann.

Edgar was born in Trenton, NJ and graduated from Trenton Catholic Boys' High School in 1949. Having earned a full scholarship, Edgar went on to graduate from Villanova University in 1953, and then, in 1957, earned his Doctor of Medicine degree from Hahnemann Medical College in Philadelphia, PA.After graduating, Dr. Lucidi did his internship at Queen of Angels Hospital in Los Angeles, served as a medical doctor and officer for the U.S. Army in Korea, and moved to Michigan to complete his residency.Moving to La Habra, CA to raise his family, Dr. Lucidi opened his medical practice as an ophthalmologist in La Habra and then subsequently in Brea.Dr. Lucidi wrote numerous articles relating proper nutrition to good eye health. Dr. Lucidi later moved to Corona Del Mar, and upon retirement from his medical practice, worked as consultant for E.B. Professional Services, Inc. in El Monte.There, he provided

medical advice to those working in convalescent homes.

A devout Roman Catholic, Dr. Lucidi was a Knight of Malta and donated countless hours of medical services to financially challenged patients in East Los Angeles and Tijuana, Mexico.

An avid reader, Dr. Lucidi gained a great deal of knowledge both in- and outside of the field of medicine.Upon his death, his wife donated his 7000 books to the Newport Beach Public Library.Dr. Lucidi was featured on television at various points in his career and can be found speaking on YouTube videos as well.Edgar was a gardening enthusiast and loved to eat good foods.He was fluent in Italian and Spanish, had conversational knowledge of French and Korean, and was learning Portuguese.

Mass of Christian Burial will be celebrated at 11am on Monday, October 12 at St. Nicholas Church, 24252 El Toro Road, Laguna Woods, CA 92637.Friends may call from 3 to 5 p.m. Sunday, October 11 at McCormick and Son Mortuaries, 25002 Moulton Parkway, Laguna Hills, CA 92637. Burial will be held privately for immediate family on Tuesday, October 13. https://www.mccormickandson.com/obituaries/Edgar-Lucidi/

In lieu of flowers, contributions may be made to St. Nicholas Church at the address above.

James Paul Donegan Dies 2012

Glorian Donegan died 2011 and I suspect (as my mother did at the time of death in a nursing home) foul play. She had just died and I was trying to find anyone but my brother to handle the trust I tought was being handled corruptly.

The common tactic used on me hundreds of times is an *Agent Provocateur* picks a fight and suddenly he has perhaps 15 or more people from the neighborhood (perhaps Neighborhood Watch) as it turns out right near him, and will defend the provocateur when the fight starts.

My first notice of this was in 2005 or so prompting me to start a blog called Real Harm Real Foul. The harm of militant sociology movements in my mind was groups of race baiting hoodlums attacking in bad areas. I lived at 26th and Wisconsin in new condos that were built near an old slum. Getting on the bus I made it on but white person following me was pulled back a bit tripping on the bus step and bumped against one black thug. IT was an accident but about 15 to 20 on that bus all at once not from any lead started shouting at the the white guy who was forced off the bus. My blog title was that sociology had too many inner city thugs rioting because they held society and establishment whites to blame for outcomes and were at a hair trigger for unrest just as I myself found conditions.

My father "died of an accident" call a subdural haematoma. One occurs when a blood vessel in the space between the skull and the brain (the subdural space) is damaged. Blood escapes from the blood vessel, leading to the formation of a blood clot (haematoma) that places pressure on the brain and damages it. (NHS)

> **Geral Sosbee**

For decades I have tried to file reports on this subject and often the fbi prevents me from doing so. For example, ***the fbi destroys any computer that I buy***; so I use the public library. The libraries at Brownsville, Mcallen and Mission, Texas have assisted the fbi in harassing me every time I enter. I notified the city council in Mcallen & Mission, and some of the harassment by staff and security guards stopped. The library at UTHSC, Harlingen Texas, allowed the police there to threaten me and allowed thugs to enter the library to harass me.

The FBI's Fusion Centers are used by government employees to block any benefit (such as police protection) that I may seek (Ed Donegan reports the same. Police refuse to arrest or prosecute the thug assailants even if those assailants or burglars are at the scene.) I document many such instances online. See my documentation of the MI6/Fusion Center corruption of the UT Police Department (University of Texas?) where police helped send thugs ***into the library to distract and criminally assault me.***

Ted Gunerson and others have noticed this and people calling themselves "Gang Stalked" or "Targeted Individuals" assert these thugs are working for the police who wish to hide their misconduct. Many other things I hear from my father indicated he was stalked and at times feared for his life.

Clean Hands Doing Dirty Things (Soviet Union Saying)

Use of Police Forces to engange in misconduct such as oppressive activities that are ordered by high ranking officials.

Hand of the State Staying Clean by Contracting-out the Dirty Work

State us of contractors and thugs and prison snitches hides the role of the State in what are clearly State-Sponsored criminal activity. According to the State no State Actors touched the journalist it was all hands-off.

Jen Moore Dies August 21 2018

Jen Moore and I have been documenting long term stalking of me and her, and collecting evidence on the saboteur stalkers who are fixers for high power D.C. elites tied to the Kennedy assassination, Dulles, and others of CIA background generation to generation.

"Turning the Tables: Watchers & stalkers become the Watched!" was among her videos as she and I collected evidence she was following me and my activities and had it all from all sides then.

"Video 3.2 Conspiracy Theorist = Truth Teller" was another of her videos, that Rockefeller Psychiatry and others have a long history of abusing the public and those who were or have been parts or subjects of behavioral research and doing so illegally and abusively re-victimizing the Stalked person.

"The Better Connected The Better Protected" she said of the conspirators running the GangStalks and their connections versus the helpless victims who reports of being stalked are ignored over decades.

Jen Moore and I have the forensic capture of the racketeering, arson, poisonings, and other activities against her, Ted Gunderson, Sosbee, and numerous others including JFK and RFK and Sonny Bono.

Officer down. The files she had are real. Her death was too. Part of her work, part of Gunderson's work.

All die. Some die well. These heroes did fighting for what they and I believe in and what is truthful.

The Type of Criminal Evil Mafia and Violent

Assailants (including biological, readiological, and street thug attacks) playbook of NWO mafia units

THE HIDDEN EVIL: THE FINANCIAL ELITE'S COVERT WAR AGAINST THE CIVILIAN POPULATION retrieved from Amazon.com Kindle Edition and copied or modified to here

Publisher Information Copyright@Mark M. Rich First Paperback Edition 2008 First Kindle Edition July 2013 ASIN BOODY8804S

The author and publisher have neither liability nor responsibility to any person or entity with respect to any alleged or real loss or damage caused, directly or indirectly, by the information contained in this book.

Overview

According to author Marrs, these groups run the major corporations, which, in turn, control most of the necessities of our world, such as transportation, energy, agriculture, communications, entertainment, and healthcare.

If policies are set at the top by the controlling elite, then it's understandable how destructive ones which appear to be positive can be filtered down to local and state governments.

Mars explained: "If the top leadership of government

and business is controlled then the activities of subservient agencies and divisions must be of little consequence. Government bureaucrats-honest and well-intentioned workers for the most part-simply follow orders and policies set by superiors."

Former FBI Agent Dan Smoot acknowledged this covert power structure in his 1962 book, The Invisible Government, when he wrote: "Somewhere at the top of the pyramid in the Invisible Government are a few sinister people." The Invisible Government that Smoot refers to uses the groups previously mentioned to carry out its policies.

According to authors Marrs and Ross, these organizations directly or indirectly control local, state, and federal law enforcement, as well as the courts, federal agencies, the UN, and NATO.

"The Rockefellers, Rothschilds, and a few others-numbering less than a dozen leaders of international finance are the real power behind the visible thrones of world government," added Professor Marrs. "No major policy is formulated without their input; no major plan of action is implemented without their specific 'go' signal." Now we'll have a look at these elite groups in more detail. Let's meet your unelected rulers.

Tactics Part I

Introduction

It has been said that when you're first targeted, they hit you hard in multiple directions. Presumably, this is done so you'll collapse after experiencing recurrent emotional violence, which is compounded after realizing that all normal support structures have been removed.

The intensity of attacks that people receive appears to vary. The two main parts of the program are group stalking and non- lethal weapons (NLW). Some are apparently hit hard with both. People tend to associate the word harassment with acts of temporary aggravation. Therefore, it may not be the proper word to describe the never-ending acts of covert violence inflicted upon targeted people, which amounts to torture and murder.

Some of the tactics used are borderline-subliminal, which is why they are so difficult to detect, explain, and defend against. It is my goal to make the unconscious, conscious. Many of these tactics are a type of mind-control.

Most of these methods have been used in former Cointeipro operations by governments in the United States, Russia, and Germany against their civilian population. The Hidden Evil's genesis is obviously derived from known tactics such as: perpetual bogus investigations, surveillance, rumor campaigns, noise, thefts, break-ins, staged accidents, framings, sabotage and vandalism, communications interference, blacklisting, citizen informants for gang stalking, poisoning, drugging, incarceration, and directed- energy weapons.

It is a historical fact that the US Government has offcially targeted its civilian population on multiple occasions. Programs such as MKULTRA and Cointelpro can't be denied. "The methods reportedly employed in these harassment campaigns," explained McKinney, "bear a striking resemblance to those attributed to THE HIDDEN EVIL: THE FINANCIAL ELITE'S COVERT WAR AGAINST THE CIVILIAN POPULATION the CIA and FBI during Operations MKULTRA, MHCHAOS, and COINTELPRO."

In Germany these methods were contained in two programs, Zersetzung and Directive Perceptions. They were basically German versions of Cointelpro. Zersetzung was developed to psychologically destroy a targeted person. Dr. Munzert drew a parallel between the current program, and what occurred in East Germany. He explained: "In Germany this is called Zersetzung and this means the dissolution or disintegration of the targeted person."

In her 2004 book, Stasiland, author Anna Funder described Zersetzung as a concept that involved the annihilation of a targeted person's inner-self, by engineering recurrent problems in their personal and professional lives, in order to induce hysteria and depression.

Directive Perceptions was a similar program intended to destroy an individual's life by creating perpetual crises in their career, social life, and health. It was intended to prevent the individual from using their talents while instilling feelings of hopelessness and fear. These directives were used by the Ministry for State Security (MfS) against domestic threats to state security. What the Hidden Evil appears to be, is a combination of various Cointelpro operations used by oppressive regimes against their civilian populations. It has been refined and deployed globally. As I'll demonstrate, it is likely an indication of an impending worldwide dictatorship.

Hidden in Plain View

Many of us have experience with books that contain hidden pictures in the landscape. Or, artwork with a three-dimensional picture superimposed on a flat background. At first, we have some trouble detecting these hidden pictures, but with practice we usually see

them. Once the detection mechanism is developed, these objects become clearly visible with little effort.

So too with the Hidden Evil. Once you know what to look for, these attacks are quite detectable.l Rather than using a blunt overt attack against a fully functional person, they usually attack covertly, and conceal their harassment by using existing events that occur naturally.

They conceal their attacks using what appears to be a simple formula. From what I've learned, it includes the following:

• Frequency: Describes how Often an event occurs. It also pertains to the number Of acts within a single event.

• Duration: Pertains to the length of a single event as well as the non-stop nature of the harassment in general.

• Intensity: The amplification of acts such as sound, sight, crowding, etc. within an event.

A hypothetical example of a car door-slamming event would include this: One neighbor arrives and two others leave. As they're tending to their vehicles there is the repeated opening and shutting of doors and trunks, alarms going off, and beeping from alarms being turned on. These disturbances emanate from areas surrounding your house. This may happen simultaneously, or they may be strung together, one right after the other.

Synopsis

The event lasted for 5 minutes; longer than normal (duration). In addition to the event's length being extended, the number of times each act occurred within

the event was increased (frequency). This includes multiple, repeated door/trunk slamming. It also happens many times throughout the day (frequency). Each individual act of door/trunk shutting is amplified by deliberate slamming to produce a louder than normal noise (intensity).

The event was louder, contained more activity (acts), and lasted longer than normal to produce a covert attack. Even if a single individual is arriving/leaving, standard practice seems to be multiple loud slams. This may be synchronized with your activity, such as your arrival Or departure.

Tactics Part Il

Sabotage, Vandalism, & Staged Events

Targets may regularly experience acts of vandalism. Electronic equipment may fail or act strangely. People have reported this happening with electrical systems in their cars, brand new appliances, TVs, radios, PCs, and other electronic devices. Ongoing computer problems which do not follow any logical pattern may also occur. They include hardware and software issues that span from the file to the internet level.

Many times this vandalism is just below what you'd report to the police. For instance, a small but noticeable portion of your wall has been chipped off, and a crack has appeared in one of your windows. This may be restricted to minor vandalism, just to let you know that you're under surveillance.

However large-scale property darnage is also done to homes and vehicles. Some people have reported that their pets die suddenly of a mysterious illness.

Vandalism and pets being tortured may also be in retaliation for you taking action to expose them. "Automobiles are one of the biggest targets," said Moret.

People have reported that tires are slashed, oil is drained, windows are smashed, electronic components are tampered with, and breaks and clutches are sabotaged.

McKinney wrote: "Vehicles invite peculiarly ferocious attacks in these harassment campaigns-slashed tires, smashed windows, oil drainage, oil contamination, destruction of electronic components and batteries grounded fuel gages" and "suddenly failed brakes and clutches," are common, as are recurrent auto thefts.

According to Moret and McKinney citizens are being used to conduct staged vehicular accidents. They are deliberately colliding with the vehicles of targeted individuals.

Traveling

When TIS drive, they may be surrounded by vehicles that frequently cut them off and tailgate them. They will experience more tailgating and cut-offs than average. Vehicles will frequently pull out past stops signs as the TI approaches an intersection. This is apparently done to startle them.

There will be a rotation of vehicles tailgating TIS which may cut them off after tailing them for a while. These vehicles may be marked with an identifying feature, or a color that the TI has been sensitized to. This seems to function as both an NLP tactic to trigger negative emotions, and a method to unite the group and promote group cohesiveness.

City and state vehicles which may stalk people in public, include: metro and school buses, local restaurant delivery vehicles, city and construction vehicles, fire trucks and ambulances, police cars, postal vehicles, taxis, and 18 wheelers.

Helicopters and small planes have also reportedly been used. As will be revealed in the Citizens Enforce Their Rule section, many of these vehicles belong to organizations which have been selected for recruitment into homeland security programs.

Convoys of vehicles which are all spaced the same distance and traveling at the same speed may be seen. Within this convoy, there may be several vehicles exhibiting features that a target has been sensitized to.

These traits are symbolic of a uniform. For instance, most or all of them will be a shade of red. Or most of them will have their lights on, even during the day. Or they may have the same bumper stickers. During the evening targets may experience frequent brighting while driving or walking.

Brighting

Vehicular brighting is an attack that is strategically used with corners. For instance, if you're walking down a quiet street late at night, you'll see vehicles repeatedly turn onto or off of connecting streets. Their timing is such that they continually turn the corners while you approach. This effectively blinds you.

Or, as you walk down a side street, there is one or more cars parked on the side, facing your direction with the lights on. They will also wait for you to approach them and then pull out into the street, thereby brighting you as you walk by.

Like other tactics, frequency and duration play an important role here. Lights being shined into a Tl's window have also been reported. "Among the most common non-lethal weapons are bright lights," wrote Dr. Alexander, in his book, Winning the War, which are a way of "temporarily hindering the eyesight of the targeted personnel."

Blacklisting

Job opportunities will be trashed. Most TIS are unemployed. Many would be in the street if it weren't for parents, siblings, or friends. Those who are employed are usually mobbed.

"Progressive financial impoverishment, [isl brought on by termination of the individual's employment, and compounded by expenses associated with the harassment," wrote McKinney. Most of the targeted individuals she was able to observe during her early investigations were mobbed out of employment by their coworkers.

There are blacklists and software packages used to check these lists for suspected terrorists and threats to national security. Apparently this is a flourishing business, according to the American Civil Liberties Union (ACLU).

Blacklisting has also been used on Russian dissidents. In his book, The Persecutor, Sergei Kourdakov, a member of the plain- clothed PeopWs Brigade, declared that once a person was targeted they could only get the worst jobs, if they were employed at all.1 To accomplish this, the government of the USSR used something called a workbook, which could advance or destroy careers. If you were cooperative with the state, your career could

be very successful. If not, you would live in poverty.

In East Germany dissidents were blacklisted as well, and their careers were destroyed. After the wall came down they were allowed to inspect their files, and learned why they were unable to get jobs or enter into universities.

Dr. Munzert speaks of the similarity between what is now happening and what the occurred in Germany. One goal, he says, is to destroy the targeted individual financially.

If you've previously been mobbed out of employment and are blacklisted, the attacks may continue during interviews. Presumably, this is used to further traumatize you. For instance, they may ask you a series of questions for which you have to answer "no" to, such as asking you for credentials that you did not list on your resume.

They may ask you if you possess skill-sets which were not listed in the AD they had placed. Interview questions may be asked with accusing, or mocking tones. Questions may also be asked using certain words linked to the negative work environment you just left. The harassment is concealed in layers of accommodation to help strengthen the illusion that you're not working because you don't choose to. For instance, you may have recruiters who have harassed you in the past leave messages on your answering machine or with relatives/ friends, indicating that there are opportunities available to you. It will be made to look as if you're unemployed due to your choice.

Communications Interference

Communications interference also happened during

Cointelpro. The Stasi too, would intercept the mail and phone calls of its targets. Targeted individuals may also receive lots of harassing telephone calls and pranks.

Online

TIS are also attacked online. Search engine results may be filtered and replaced with information pertaining to the Tl's personal life. Websites that they visit may be spoofed and contain information which is apparently intended to let them know they're being watched.

If you have a website devoted to exposing this program you may receive flaming email messages. Messages sent from some victims will contain information pertaining to your personal life. This tactic may be used to foster a sense of hopelessness and isolation.

You may receive unsolicited messages which convey subtle insults and threats. If you join a support group you may also receive harassment via threads posted on message boards. Like other mediurns of harassment, the topics of these threads pertain to events in your personal life, as well as threats or insults covertly directed at you.

If you try to sell things online, participate in online discussions groups, or respond to employment ADS, you will probably be attacked.

Some people have reported that their inbox is clogged with junk messages even if they have filters on. These unsolicited emails may contain cryptic borderline-subliminal threats and insults. The words will be garbled but contain letters that convey a message when arranged in the correct order. Or they may contain a sounds- like message. Your mind will automatically piece these letters together so they make sense.

6,239,606 views Dec 21, 2015 Just hours before his death, Lee Harvey Oswald tried to call Raleigh, North Carolina from the Dallas jail on the evening of Nov. 23, 1963. For years, this significant information was ignored by assassination investigators and concealed from the public. Surprise guest speaker and JFK Assassination expert the late Jim Marrs joins Dr. Proctor on stage at 58:00.

In the early 1980s, independent researcher Dr. Grover Proctor broke new ground on Oswald's attempted call. Because of Dr. Proctor's work, Oswald's attempt to reach former U.S. Intelligence officer John Hurt has become known as "The Raleigh Call."

John F. Kennedy Assassination Homepage :: Convenient Deaths

> **Jim Marrs' List**
>
> **Really So Mysterious? "Strange" and "Convenient" Deaths Surrounding the Assassination** *
>
> Penn Jones, Jr., publisher of the Midlothian Mirror, a small-town Texas paper. The most widely cited current list of "mystery deaths" was published by author Jim Marrs (who also released the book Alien Agenda about UFOs). His book Crossfire contains a list of 103 people who have supposedly died "strange" or "convenient" or "mysterious" deaths. As Marrs puts it:

This section has been entitled "Convenient Deaths" because these deaths certainly would have been convenient for anyone not wishing the truth of the JFK assassination to become public.

Crossfire by Jim Mars - Convenient Deaths

Convenient Deaths

1963 - 1976

Many witnesses died in the thirteen year period following the assassination - mostly of unnatural causes. Many rumours crawl around about the high death rate during these years. They are supported by the mostly suspicious circumstances the victims died under. For a unknown shooter or even shooters, all these deaths have one thing in common: they are very convenient to those assassins since these witnesses took their knowledge with them into the grave. But see yourself and decide whether these deaths are purely coincidently:

Asterisks mark death that seemed to happen under suspicious circumstances.

Dat	Nam	Connec with case	Cause of death
11/(	Kary Kupicinet	Tv host's daughter who was overheard telling of JFK's death prior to 11/22/63	Murdered
12/(	Jack Zangretti	Expr foreknowled of Ruby shooting Oswald	Gunshot Victim
2/64	Eddy Benavides	Lool brother to Tippit shooting witness, Domingo Benavides	Gunshot to head
2/64	Bett MacDonald*	Forr Ruby employee who alibied Warren Reynolds shooting suspect	Suicide by hanging in Dallas Jail
3/64	Bill Chesher	Tho to have information linking Oswald and Ruby	Heart attack
3/64	Han	Hus	Throat

	Killam*	of Ruby employee, knew Oswald acquaintance	cut
4/6	Bill Hunter*	Rep who was in Ruby's apartment on 11/24/63	Accidental shooting by policeman
5/6	Gary Underhill*	CIA agent who claimed Agency was involved	Gunshot in head ruled suicide
5/6	Hug Ward*	Priv investigator working wit Guy Banister and David Ferrie	Plane crash in Mexico
5/6	DeL Morrison*	New Orleans Mayor	Passenger in Ward's plane
8/6	Tere Norton*	Rub employee	Fatally shot
6/6	Guy Banister*	x-FB agent in Nev Orleans connected to Ferrie, CIA, Carlos Marcello & Oswald	Heart attack
9/6	Jim Koethe *	Rep who was in Ruby's apartment on 11/24/63	Blow to neck
9/6	C.D. Jackson	"Life magazine	Unknown

		senior Vicepresident who bought Zapruderfilm and locked it away	
10/(	Mar Pinchot	JFK “special” friend whose diary was taken by CIA chief James Angleton after her death	Murdered
1/6!	Paul Mandal	“Life writer who told of JFK turning to rear when shot in throat	Cancer
3/6!	Tom Howard*	Rub first lawyer, was in Ruby’s apartment on 11/24/63	Heart attack
5/6!	Mau Gatlin*	Pilo for Guy Banister	Fatal fall
8/6!	Mor B. Saenz*	Texa Employment clerk who interviewed Oswald	Hit by Dallas bus
?/6!	Dav Goldstein	Dall who helped FBI trace Oswald’s	Natural causes

		pistol	
9/6	Rose Cheramie*	Knew of assassination in advance, told of riding to Dallas with Cubans	Hit/ run victim
11/	Dor Kilgallen*	Colu who had private interview with Ruby, pledged to “break” JFK case	Drug overdose
11/	Mrs. Earl Smith*	Clos friend to Dorothy Kilgallen, died two daysafter columnist, may have kept Kilgallen’s notes	Cause unknown
12/	Will Whaley*	Cab driver who reportedly drove Oswald to Oak Cliff (The only Dallas taxi driver to die on duty)	Motor collision
196	Judg Joe Brown	Pres over Ruby’s trial	Heart attack

196	Kare “Little Lynn” Carlin*	Rub employee who last talked with Ruby before Oswald shooting	Gunshot victim
1/6	Earl Roberts	Osw landlady	Heart attack
2/6	Albe Bogard*	Car salesman who said Oswald test drove new car	Suicide
6/6	Cap Frank Martin	Dall policeman who witnessed Oswald slaying, told Warren Commission “there’s a lot to be said but probably be better if I don’t say it”	Sudden cancer
8/6	Lee Bowers Jr.*	Witn men behind picket fence on Grassy Knoll	Motor accident
9/6	Mar “Delila Walle*	Rub dancer	Shot by husband after 1 month of marriage
10/	Lt. William	JFK autopsy	Gunshot rule suicided

	Pitzer*	photographer who described his duty as “horrifying experience”	
11/(	Jimi Levens	Fort Worth nightclub owner who hired Ruby employees	Natural causes
11/(	Jam Worrell Jr.*	Saw man flee rea of Texas School Book Depository	Motor accident
196(	Clar Oliver	Dist Atty. Investigator who worked Ruby case	Unknown
12/(	Han Suydam	Life magazine official in charge of JFK stories	Heart attack
196'	Leor Pullin	Civi Navy employee who helped film “Last Two Days” about assassination	One-car crash
1/6'	Jack Ruby*	Osw slayer	Lung cancer (he told family he was injected with

			cancer cells)
2/67	Harold Russell*	Saw escape of Tippit killer	killed by cop in bar brawl
2/67	David Ferrie*	Acquitted of Oswald, Garrison suspect and employee of Guy Banister	Blow to neck (ruled accidental)
2/67	Eladio Del Valle*	Anti-Castro Cuban associate of David Ferrie being sought by Garrison	Gunshot wound, a wound to head
3/67	Dr. Mary Sherman*	Ferrie associate working on cancer research	Died in fire (possibly shot)
1/68	A. D. Bowie	Asst. Dallas District Attorney prosecuting Ruby	Cancer
4/68	Hiram Ingram	Dallas Deputy Sheriff, close friend to Roger Craig	Sudden cancer
5/68	Dr. Nicholas Chetta	New Orleans coroner who on death of Ferrie	Heart attack
8/68	Phil Geraci*	Friend of Perry Russo, told	Electrocution

		of Oswald/ Shaw conversation	
1/6	Hen Delaune*	Brot in-law to coroner Chetta	Murdered
1/6	E.R. Walthers*	Dall Deputy Sheriff who was involved in Depository search, claimed to have found .45 cal. slug	Shot by felon
196	Cha Mentesana	Film rifle other than Mannlicher-Carcano being taken from Depository	Heart attack
4/6	Mar Bledsoe	Neig to Oswald, also knew David Ferrie	Natural causes
4/6	John Crawford*	Clos friend to both Ruby and Wesley Frazier, who gave ride to Oswald on 11/22/63	Crash of private plane
7/6	Rev. Clyde Johnson*	Sche to testify about Clay	Fatally shot

		Shaw/ Oswald connection	
197	Geo McGann*	Und figure connected to Ruby friends, wife, Beverly, took film in Dealey Plaza	Murdered
1/7	Darr W. Garner	Arre for shooting Warren Reynolds, released after alibi from Betty MacDonald	Drug overdose
8/7	Bill Decker	Dall Sheriff who saw bullet hit street in front of JFK	Natural causes
8/7	Abra Zapruder	Tool famous film of JFK assassination	Natural causes
12/	Salv Granello*	Mob linked to both Hoffa,Trafficante, and Castro assassination plots	Murdered
197	Jam Plumeri*	Mob tied to mob-CIA assassination plots	Murdered

3/7	Clay Fowler	Rub chief defense attorney	Uknown
4/7	Gen Charles Cabell*	CIA deputy director connected to anti-Castro Cubans	Collapsed and died afterphysical at Fort Myers
197	Hale Boggs*	Hou Majority Leader, member of Warren Commission who began to publicly express doubts about findings	Disappeared on Alaskan plane flight
5/7	J. Edgar Hoover*	FBI director who pushed "lone assassin" theory in JFK assassination	Heart attack (no autopsy)
9/7	Tho E. Davis*	Gun connected to both Ruby and CIA	Electrocuted trying to steal wire
2/7	J.A. Milteer*	Mia right-winger who predicted JFK's death and capture of scapegoat	Heater explosion
197	Dav Yaras*	Clos friend to	Murdered

		both Hoffa and Jack Ruby	
7/7	Earl Warren	Chie Justice who reluctantly chaired Warren Commission	Heart failure
8/7	Clay Shaw*	Prim suspect in Garrison case, reportedly a CIA contact with Ferrie and E. Howard Hunt	Possible cancer
197	Earl Cabell	May of Dallas on 11/22/63, whose brother, Gen. Charles Cabell was fired from CIA by JFK	Natural causes
6/7	Sam Giancana*	Chic Mafia boss slated to tell about CIA-mob death plots to Senate Committee	Murdered
7/7	Clyd Tolson	J. Edgar Hoover's assistant and	Natural causes

		roommate	
197	Alle Sweatt	Dall Deputy Sheriff involved in investigation	Natural causes
12/	Gen Earle Wheeler	Con between JFK and CIA	Unknown
197	Ralp Paul	Rub business partner connected with crime figures	Heart attack
4/7	Jam Chaney	Dall motorcycle officer riding to JFK's right rear who said JFK "struck in the face" with bullet	Heart attack
4/7	Dr. Charles Gregory	Gov John Connally's physician	Heart attack
6/7	Will Harvey*	CIA coordinator for CIA-mob assassination plans against Castro	Complications from heart surgery
7/7	John Roselli*	Mob who testified to Senate Committee and was to appear again	Stabbed and stuffed in metal drum

The HSCA Investigation

Just when the House Select Committee on Assassinations was investigating the JFK assassination, more suspicious deaths were coming up:

Dat	Nam	Connec with case	Cause of Death
1/7	Will Pawley*	For Brazilian Ambassador connected to Anti-Castro Cubans, crime figures	Gunshot ruled suicide
3/7	Geo DeMohrensc	Clos friend to both Oswald and Bouvier family (Jackie Kennedy's parents), CIA contract agent	Gunshot wound ruled suicide
3/7	Carl Prio Soccaras*	For Cuban President, money man for anti-Castro Cubans	Gunshot wound ruled suicide
3/7	Paul Raigorodsky	Busi friend of George DeMohrenschildt	Natural causes

		and wealthy oilmen	
5/7	Lou Staples*	Dall radio Talk Show host who told friends he would break assassination case	Gunshot to head,ruled suicide
6/7	Loui Nichols	Forr No. 3 man i FBI, worked on JFK investigation	Heart attack
8/7	Alar Belmont	FBI official who testified to Warren Commission	“Long illness”
8/7	Jam Cadigan	FBI document expert who testified to Warren Commission	Fall in home
8/7	Jose C. Ayres*	Chie steward on JFK’s Air Force One	Shooting accident
8/7	Fran G. Powers*	U-2 pilot downe over Russia in 1960	Helicopter crash (He reportedly ran out of fuel)
9/7	Ken O’Donnell	JFK’ closest aide	Natural causes
10/	Don Kaylor	FBI fingerprint chemist	Heart attack

10/7	J.M. English	Forn head of FBI Forensic Sciences Laboratory	Heart attack
11/7	Will Sullivan*	Forn No. 3 man in FBI, headed Division 5, counter-espionage and domestic intelligence	Hunting accident
197	C.L. "Lummie" Lewis	Dall Deputy Sheriff who arrested Mafia man Braden in Dealey Plaza	Natural causes
9/78	Garl Slack	Man who said Oswald fired at his target at rifle range	Unknown
1/79	Billy Lovelady	Dep employee said to be the man in the doorway in AP photograph	Complications from heart attack
6/80	Jess Curry	Dall Police Chief at time of assassination	Heart attack
6/80	Dr. John Holbrook	Psyc who testified Ruby was not insane	Heart attack but pills, notes found

1/8	Mar Oswald	Mot of accused assassin	Cancer
10/	Fran Watts	Chie felony prosecutor for Dallas D.A.	Natural causes
1/8	Pete Gregory	Orig translator fo Marina Oswald and Secret Service	Natural causes
5/8	Dr. James Weston	Path allowed to see JFK autopsy material for HSCA	Died while jogging, ruled natural causes
8/8	Will H. Griffin	FBI agent who reportedly said Oswald was “definitely” an FBI informant	Cancer
10/	W. Marvin Gheesling	FBI official who helped supervise JFK investigation	“Long illness”
3/8	Roy Kellerman	Secr Service agent in charge of JFK limousine	Unknown

Following names are the recently known deaths, almost all died of natural causes:

Dat	Nam	Connec with case	Cause of Death
10/	Jim Garrison	Forr District Attorney of New Orleans, only one who sued in the JFK assassination case	Natural causes
?/94	Perr Russo	witn who told he had seen Shaw, Oswald and Ferrie talking about the killing of JFK	Unknown
01/	Rose Kennedy	Mot of John F. Kennedy	natural causes
01/	L.C. Graves	wres Ruby's revolver away from him after shooting Oswald	natural causes
2/95	Irvin L. Goldberg	Judg who advised L. B. Johnson on	natural causes

		transition of power	
3/95	Phil L. Willis	Dea Plaza Witness, photographer	Leukemia
5/95	Evel Norton Lincoln	JFK personal secretary	natural causes
5/95	Phil L. Barleson	Defe of Ruby	Heart attack
11/	Rich Case Nagell	CIA agent who claimed he uncovered a “large operation” aimed at killing JFK	heart disease
12/	Jam W. Altgens	Dea Plaza Witness, press photographer	natural causes
1/9	Ralp W. Yarborough	Dea Plaza witness, rode in motorcade	natural causes
7/9	Mel Belli	Law of Jack Ruby	Suffering stroke and pneumonia
8/9	Cha Brehm	Dea Plaza Witness	Unknown
9/9	McG Bundy	Top aide to JFK and LBJ	Heart attack
10/	Rufu Youngblood	Age who shielded LBJ during	Cancer

		the JFK murder	
10/	Larr Ray Harris	Rese	Car accident
10/	Law Brantley	Sold Jack Ruby the gun used to kill Oswald	Complications from surgery

Tom Donegan Dies July 14, 2021

… https://www.wickedlocal.com/story/provincetown-banner/2021/07/16/obituary-thomas-neal-donegan-61-provincetowns-former-select-board-chair/7992501002/

"A lot of folks would have come to smell the roses and enjoy early retirement," Coburn said in a telephone interview Tuesday. "Not Tom. He cared deeply about this place. He wanted to contribute his experience and expertise. Listening was an important skill for him being able to make a contribution to town. He wasn't just a wash-ashore with solutions. He wanted a deep understanding of the community."

In December 2018, Donegan left his position on both boards to help support his recently widowed mother-in-law in North Carolina. He remained an active member on the board of the Fine Arts Work Center, serving for a time as treasurer, until his death. It was an organization that was very important to him, and he enjoyed meeting FAWC fellows and discussing their work.

Thomas Neal Donegan was born in Los Angeles on Jan. 21, 1960. A year later, his brother Ned was born. (Ned survives him. He is Edward Paul Donegan somewhat against my father's wishes the British nickname was given to me Ned rather than Ed. I was born almost two years later November 18 1961, Los Angeles County near Santa Suisun Field Lab and Edwards Air Force Base my father flew out of, later TWA in Los Angeles with Noni Haggards family her husban Pat.) The family lived in Manhattan Beach City, California, and the San Francisco Bay area, divided by a stint in Marshfield, Massachusetts while Tom was in elementary school.

…

Tom Donegan gained political notoriety in the 1980's

testifying in Orin Hatche's Senate hearings on hate crime, Mark Weirness testimony and television shows about hate crime attacks and the need to oversee police unites from committing hate crimes. Lorretta Lynch in this timeframe or near it was prosecuting a rape with a foreign object case comited by police in New York City.

Today "FTP" has progressed beyond oversight and into ever more diverse police ranks and police COINTELPRO programs and include social justice warrior prorsectors like Mark Gonzales of Nueces County Texas.

Tom spent much of his life tryint to make me look crazy by denying I was correct about an assertion of mine on a web page and FOIA filing about National Institute of Health have a similar grant issued to a grant I was requesting. Not a huge issue but the police misconduct and Cyberstalking of me in the USA and even around the world in the course of that dispute was of material intest to me.

Durig my arrest over the grant dispute about a grand blessed by New York Criminal Division embracing but on their own the issues I called attention to, using Whites as a catch-all for problems experienced in poor black communities.

Later he wrongly accused my mother of Schizoprhenia, my mother being correct her bathroom fixtures were overflowing my brother quoting my mother as having delusions snakes came out of the toilet to attack her (no, snakes were used to clear the plumbing.)

My mother accused my brother of taunting her in all sorts of abusive ways and he would do the same to me. My brother Tom and his husband Mark asked for all of our photos to scan them or simply stole them and never returned them. The knew of my mother's hidden identity and tried to keep it hidden and my father's military history hidden stealing his from the Air Force / AAC and his photos next to the F-86, etc., though my father and mother had discussed the pictures with me and I know about

them.

I think my brother and Mark helped cover-up the radiological attack on me for his political needs of protecting the Obama family line from the truth that is Truther and in part that included keeping my mother's removed reproductive organs in science study or science usage as a new hidden origin source of biolocical experiments in DNA since that are anonymous and include the experimental birth of the Obama's and how that relates to the Donegan's and protecting, matching, or mismatching DNA and DNA samples.

Death of William Cooper

Milton William "Bill" Cooper was an American conspiracy theorist, radio broadcaster, and author known for his 1991 book Behold a Pale Horse, in which he warned of multiple global conspiracies, some involving extraterrestrial life. Wikipedia Born: May 6, 1943, Long Beach, CA Died: November 5, 2001, Eagar, AZ Books: Behold a Pale Horse, Visitors from the Void: William Cooper's Extreme Book of Flying Saucer Skullduggery

… Visitors from the Void: William Cooper's Extreme Book of Flying Saucer SkullduggeryThis updated edition of "Visitors From the Void" was guest-curated by Barker's friend, the late William Cooper (author of "Behold A Pale Horse"), and features reports from Barker's Saucerian field investigators, who - in true newsletter style - shed urgent, much-needed light on riddles such as: UFO abductions, missing time, manmade saucers, "alien" babies, the Hollow Earth, government collusion with ETs, ESP, brainwashing, and surveillance.

The list of correspondents chosen by Cooper for inclusion in this book reads like a "Who's Who?" of ufological history: Jacques Vallee, Vincent H. Gaddis, Major Donald E. Keyhoe, Ivan T. Sanderson, Otto O. Binder, Joseph F. Goodavage, Brad Steiger, Charles Bowen, Renato Vesco, Don Ecker, Ingo Swann, Dan Aykroyd, Bill Birnes, Karen Mutton, Ed Conroy, David Graham, Lobsang Rampa, and Eugenia Macer-Story.

Daniel Edward Aykroyd CM OOnt is a Canadian actor, comedian, screenwriter, producer, and musician. Aykroyd was a writer and an original member of the "Not Ready for Prime Time Players" cast on the NBC sketch comedy series Saturday Night Live from its inception in 1975 until his departure in 1979. Wikipedia Born: July 1, 1952 (age 71 years), Ottawa, Canada Children: Vera Sola, Belle Kingston Aykroyd, Stella Irene August Aykroyd

Aykroyd was born on July 1, 1952, at The Ottawa Hospital in Ottawa, Ontario.[1][2] His father, Samuel Cuthbert Peter Hugh Aykroyd, a civil engineer, worked as a policy adviser to Canadian

Prime Minister Pierre Trudeau,[3] and his mother, Lorraine Hélène Marie (née Gougeon), was a secretary.[4][5][2][6][7] His mother was of French Canadian descent and his father was of English, Scottish, Irish, French, and Dutch ancestry.[8] His paternal ancestor was Englishman Samuel Aykroyd from Halifax, Yorkshire, who emigrated to the United States, eventually settling in Upper Canada near Kingston, Ontario in 1810.[9] His brother, Peter (1955-2021), was also an actor.

He attended St. Pius X and St. Patrick's high schools, and studied criminology and sociology at Carleton University, but dropped out before completing his degree. He worked as a comedian in various Canadian nightclubs and ran an after-hours speakeasy, Club 505, in Toronto for several years.

Aykroyd developed his musical career in Ottawa, particularly through his regular attendance at Le Hibou, a club that featured many blues artists.

He attended St. Pius X and St. Patrick's high schools, and studied criminology and sociology at Carleton University, but dropped out before completing his degree. He worked as a comedian in various Canadian nightclubs and ran an after-hours speakeasy, Club 505, in Toronto for several years.

William Coooper believed at least most of what I believe including that to keep morale up and awareness up of values and beliefs storylines are written in fiction glamorizing in in fiction what is never by being fiction tested for truthfulness. Propaganda in its most artistically licensed form from Disney, Ernest Hemingway, Desily, and others. I have increasingly come to believe in at least the presence of a State operated news entity NOT allowed to engage in propaganda or slant (reasonable minds test is difficult but possible perhaps) at least in the mix.

His editor pulled one chapter of one of his books out. In that chapter he said of you take the fictional charactar (or characterization of) someone and replace that with a historical figure you get a spin on something that really happened. Whether the editor of the that book found that true or not it lead to an assertion viewed as anti-semtic so the chapter was pulled.

Jews have a lot lot of power in publishing, and there has been widespread support for Israel following the disaster of WWII including support from me for an Israel small enough to be less obtrusive and strong enough to be survivable and viable, a balance that may be difficult to strike.

New Saucerian Press proudly presents Visitors From the Void - William Cooper's Extreme Book of Flying Saucer Skullduggery - one of the last books edited by the iconic ufologist, publisher, and best-selling author Gray Barker, whose writing influenced the plot-lines of shows like Star Trek, Futurama, The X-Files, Twin Peaks, The Outer Limits, The Jetsons, Lost in Space, and The Twilight Zone.

Shuttling between his Manhattan publishing office and his secluded cabin deep in the hills of his home state of West Virginia, the prolific Barker single-handedly kept public interest focused on UFOs during it leanest years and introduced many themes still discussed and investigated by today's paranormal and conspiracy researchers: the Roswell UFO crash, men in black, ancient aliens, Nazi UFOs, the Philadelphia Experiment, the Flatwoods monster, Mothman, MJ-12, secret underground bases, little green men, and the Maury Island Incident.

Visitors from the Void and its sister books, Flying Saucer Fire and Fury, Serpents of Fire, Saucers of Fear, Saucers of Fire, Bigfoot Shootout, Forget About Flying Saucers, and Time-Traveling Through Swamp Gas, were assembled by Barker shortly before his death using material culled from deteriorating copies of his notoriously speculative newsletters and gossipy syndicated column - for years the most widely read national column on UFOs, Forteana, and "weird science".

This updated edition of Visitors from the Void was guest-curated by Barker's friend, the late William Cooper (author of Behold a Pale Horse), and features reports from Barker's Saucerian field investigators, who - in true newsletter style - shed urgent, much-needed light on riddles such as: UFO abductions, missing time, manmade saucers, "alien" babies, the Hollow Earth, government collusion with ETs, ESP, brainwashing, and surveillance.

These books discuss in Bilderburger rules CIA and Espionage

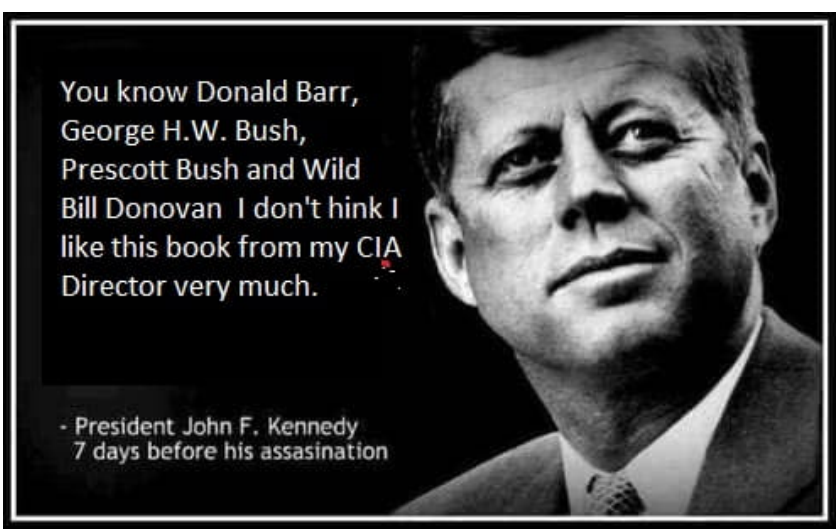
matters, Chronicle them, in a anonymized form. One person of the OSS and CIA I suggest did this is Donald Barr and his books on Great Britain in Outer Space.

Donald Barr's books use sci-fi metaphors to show CIA loyalty to Britain over USA

A Planet in Arms like *Space Relations*is a novel in which Rohan's Planet has just won its independence from the Terran Empire of Earth and established a new government. They are working with some neuropsychology researchers too, that ties to Australia and other locations like Canada with the Rockefellers and Rockefeller Foundation activity backed by the CI to help the Windsors.

The premise was a carefully groomed leadership of a genetic legacy of a Kingdom could keep world peace and prevent future planet in arms warfare.

And perhaps MAJIC 12 secret government with the Windsors could bring that about.



You know Donald Barr, George H.W. Bush, Prescott Bush and Wild Bill Donovan I don't hink I like this book from my CIA Director very much.
- President John F. Kennedy
7 days before his assasination

CIA Director Donald Barr's book *A Planet in Arms* retrieved from Wikipedia and copied or modified to here

Rohan is a Kingdom of horsemen, the Rohirrim, in J. R. R. Tolkien's fantasy setting of Middle-earth. It is mainly a grassland, and provides its ally Gondor's King Empire with cavalry. Perpahs Gondor is ruled by Queen Elizbeth II or King George the Next One

Meduseld, the Golden Hall of the Kings of Rohan, is in the centre of the town at the top of the hill.[T 6] "Meduseld", Old English for "mead hall",[5] is meant to be a translation of an unknown Rohirric word with the same meaning. Meduseld is based on the mead hall Heorot in Beowulf;.

A King, asleep and in a spell, emerges and reclaims the Sword of the King.

Has the Queen of England subsumed the US DOD into the Commonwealth via sleepers co-ruling with her in Eugenics plan of leaders of money and power being of the best breeding? Weeding out hand hiding small variants like FOXP2 Minimal Brain Dysfunction of King Edward VII?

Donald Barr (parent of physicist Stephen Barr and Bush family legal flunky William Barr) published Space Relations, a science fiction novel about a planet ruled by oligarchs who engage in child sex slavery. It has been noted that the plot of the novel anticipates the crimes of Epstein and his alleged accomplice, Ghislaine Maxwell.

It seems a Free Mason based system of various groups buying their way into being my neighbor in that role by proximity to me forging narrative we somehow became reproductively involved, having children together, by ambiguous conversations.

New William Cooper Dies

That was an alter-ego I created for myself when I could not embrace that part of my life and hoped to finally shed it. William Cooper feared ever being taken into custody on a real or one manufactured situation in which a real arrest warrant existed or for any other reason. He chose to die in a shootout with police rather than be arrested.

I am one of many people who are sure there is no reason to use dirty tricks on me ranging from illegal to war-crimes and who is sure what is being alleged of me completely contradicts reality. The charicturization of me are far out of context, lacking the reasonable explanation that would have been made if asked about, or completley fabricated and usually all of these at once and correcting the errors of others is uscucessful mostly because dirty trickster clam-up and make a show of being unwilling or to come clean as to treating a person improperly.

In somewhere around May of 2025 I let my New William Cooper web site expire and I had long before that stopped using NWC in any way. I have found others who believe what I believe and they are Ted Gunderon, Jen Moore, and a few others less famous including Geral Sosbee and Dr Katherine Horton. But I also have information (not that) from Tom Dunham. The information I have from him are statements I took from his twitter account. "It had been a long journey but fighting disinformation continues to be my goal. Strange retelling of things that never happen seem to occur everywhere I go." In fact Ted Gunderson said those things too (and lots of other things) and these are my experiences.

So what is life and the world? I have traveled a lot in my life but I think the only important thing I have seen in my life is being on a bus going to or from Arlington County Mental Health Services in Arlington Virginia and seeing an arrest in the parking lot of an IHOP parking lot. I do not remember what racial groups where in the scene but I don't think I cared then and I do not now. I did know in this most important thing I have ever seen is the danger that police officer or officers are if there were more than one. This

is the greatest event of my life and the realization of all that I am. I have come to both experience across all places in the USA and fro the stories of others all government agencies and their community-based-agents are covertly abusers and injury to self, injury to property, and injury to liberty and even death may result from covert applications of dirty tricks abusive government assets. There are some cultural or ethics position I hold in my life that are politacally debatable and for some that is exuse enough but the scale of the illegality of many actions go so far beyond cultural appropriations or intellectual co-options that is only an annoyance in law and life. The real reasons for targeting most people who are targeted find go back into what a family may have stumbled into in regards to government misconduct or have been a witness or connected to government misconduct.

I have been around the world and see on YouTube all sorts of things in all places of the world. But I know what is in this world and whether most lives are touched by any of all of institutions are and corruption and compliance with corruption exists.

In all of my life and for decades I am being mocked in stalk for what I am not. In all cases I have been taken into custody the bizarre actions have been far worse than in street level events including police offices (or deputies) with the pants down with adult entertainers called in to see a dopple of me an trying to hide it obviously knowing they are guilty. In custody has also been thugs used to attack me including violent felons who have shot multiple police officers and attack me on a blogging misdemeanor arrest. This has never been any different anywhere around the clock for 35 years and proble not lesst than 12 hours exist outside of this life I am living.

<

For now as day-by-day work I continue to find a message that a conspiracy in government exists and that the press will accept as to these events of history and get that message delivered any where in the world it might be carried via my books.

Veronica Hoffman Dies

The Dissident DeComposes - Tragedy falls upon those on the Enemies of the State List

Veronica Hoffman might have become a Dissident one day by saying she was part of a Covert Operation run by the CIA or FBI or NSA and in fact if she knew it or not that was part of very illegal Deep State connected acvities.

I Edward Paul Donegan will list elsewhere all the signs of Terror Stalking were evident in the recorded history of her final days.

The term Zersetzung is generally translated into English as "decomposition", although it can be variously translated as "decay", "corrosion", "undermining", "biodegradation", or "dissolution".

During its first decade of the German Democratic Republic's (East Germany's) existence, the SED under General Secretary Walter Ulbricht consolidated their rule by overtly combating political opposition, which it subdued primarily through the penal code by accusing them of incitement to war or of calls of boycott and processing them through the regular criminal judiciary.[1

The Stasi then applied Zersetzung before, during, after, or instead of incarcerating the targeted individual. The implementation of Zersetzung-euphemistically called Operativer rgang ("operational procedure")-generally did not aim to gather evidence against the target in order to initiate criminal proceedings. Rather, the Stasi considered Zersetzung as a separate measure to be used when official judiciary procedures were undesirable for political reasons, such as the international image of the GDR.[38][39] However, in certain cases, the Stasi did attempt to entrap individuals, as for example in the case of

Wolf Biermann: The Stasi set him up with minors, hoping that they could then pursue criminal charges.[40] The crimes targeted for such entrapment were non-political, such as drug possession, trafficking, theft, financial fraud, and rape.

Subtypes of Zersetzung

- **Lynch Mobs and Covert Blacklistings**: based on rumors created by dirty tricks and the circulated in an under-handed manner throughout the areas of life of the Dissident.

- **Incited Violence**: Seeking members of society during covert conversations to take the law into their own hands and act against the perceived threat the Dissident is based on rumors created about the Dissident.

- **Plausibly Deniable Roles in Acts of Extra-Judicial Violence Or Crimes**: Use of thugs to assassinate or break into homes or make death threats or harass a person who is disfavored by the state thus gets terrorist threats or burglaries from thugs that the police have an existing relationshiop with.

- **Poisonings**: Use of poisons.

- **Abuse of Psychiatry** - Accusing a person of paranoia about police operations when the police are operating under-cover

- **Inciting the Dissident**: Use of noxious elements to the Dissident that will pester the Dissident and perhaps provoke the Dissident to breach the peace AFTER the Dissident feels mocked or harassed or abused.

The Great Treason, Pillory, Ted Gunderson Bio X, Written By The Right Hand, Majic 12 and the Secret Government

Information from Spiritually Smart Web Site

https://spirituallysmart.com/gunderson_decamp.html

Their information appears correct though sometimes highly polarized splitting of hairs from within a camp. Guderson and Colby were bringing publicity, some, to the Boystown disaster in Franklin Nebraska but came from the CIA Vatican Knights of Malta infrastructure that created the preists and operations at the school.

Once visited by Mother Theresa the Catholic Church reputation was at stake. I have several times talked about The Verdict and going up against an Catholic Church in error, and that part of the story was self-censored by Colby and DeCamp. These Catholics like others were unwilling to fullyu disclose the Catholic Gladio and Free Mason troubles of the highest levels of the Vatican and the role Vatican officials has in regime change, CIA funded projects, and operations around the world including helping people in to the USA and eslewhere to flee Nazis and the legacy of that activity still covered-up today, MK-ULTRA.

** Breaking 2/28/2019 ** Omaha, Lincoln dioceses push back on subpoenas for child sex abuse records: "Omaha, Neb., Feb 28, 2019 / 05:07 pm (CNA).- The Archdiocese of Omaha and the Diocese of Lincoln intend to ask a Nebraska court to suspend subpoenas compelling the Catholic institutions of the state to provide all records related to child sex abuse, CNA learned on Thursday. The state attorney general's office issued subpoenas Feb. 26 to more than 400 Catholic churches and institutions, seeking any records related to child sexual assault or abuse." ~Read More...

** Breaking 12/10/2018 ** Omaha Archdiocese

disclosure reveals clergy sex abuse secrets it hid for decades: “What the Omaha Archdiocese long sought to keep hidden, it is now shouting from the rooftops. When it disclosed last month that 38 clergymen had been credibly accused of child sexual abuse or misconduct, some of the names were familiar - notorious priests who already had been defrocked or jailed. But others - more than half - had been kept secret until last week, even though some of the reports of alleged abuse dated back decades.”

Among the 38, the allegations included some of the more popular priests in Omaha over the latter half of the 20th century, people who had been hiding in plain sight, such as:

The Rev. Robert Steinhausen and the Rev. Aloysius “Al” McMahon, whose names came to be enshrined on parish buildings. “In the case of the Rev. Al McMahon, he was known for his Irish humor and joviality. He was “one of the most historically beloved priests in Omaha,” Hastings said. McMahon Hall at St. Peter Catholic Church is named for McMahon, whose postings included Boys Town, Norfolk Catholic High School and missionary work in Chile and Peru. He died in 2011. ~Full Story

** Breaking 12/2/2018 ** Dozens of clergy named in Omaha abuse report; Lincoln Diocese waiting for task force review: “The archdiocese identified 38 clergy members - most of them priests - with substantiated allegations against them, meaning the archdiocese found enough evidence to believe the accusations to be true. Some cases date back 60 years but were reported after 1978. Some of the clergy were visiting from other dioceses, some have since died, and none remain with the archdiocese.” ~Article

** Breaking 9/5/2018 ** Nebraska attorney general

wants 40 years of Catholic abuse, investigation records: “The state’s top prosecutor has taken a step further into the priest sex-abuse scandal, asking Nebraska’s bishops for records of allegations and investigations dating back decades. Attorney General Doug Peterson last week requested the bishops in Lincoln, Omaha and Grand Island provide investigative records generated since Jan. 1, 1978. The request covers reports of sexual exploitation, including child pornography.” ~Article ... More Updates

Main Article (written 2008): Is the Franklin Conspiracy Cover-up a Cover-up of pedophilia within the Roman Catholic cult? That's what it seems like to me! Boys Town was a CATHOLIC Institution. Strange how those waters were so muddied when looking at John DeCamp's book, and the BBC Documentary that got "leaked" within the alternative media realm.

John DeCamp Facts:

#1. Wanted to become a Catholic Priest.
#2. Went to fight in the Vietnam war instead.
#3. Became an aide to William Colby who was a Roman Catholic Knight of Malta and was nicknamed "Warrior Priest" and ended up becoming director of the CIA for a time.
#4. DeCamp Went to Rome regarding the Franklin case and personally spoke with Cardinal Ratzinger before he became the Pope.
#5 Cardinal Ratzinger supposedly told John DeCamp that the "American church wont listen to Rome regarding sexual abuse of children." (Maybe Ratzinger did say that but its ridiculous and of course it isn't true. The Vatican is equally complicit in enabling pedo-priests and covering up their criminal acts as the American church is.)

These five points are just off the top of my head and a

short summary to perhaps intrigue the reader and provoke you to do research into all this as there's a lot of data and lots to be learned through careful study of all the facts.

mother teresa robert hupp boystown boys town conspiracy silence This web page is a collection of information I have found which casts doubt on the official story of the Conspiracy of Silence. I believe these two men with histories in the CIA and the FBI are still covering for the Catholic Church to this day (as of 2008 when this was written) and are nothing more than a smokescreen for the many crimes of the Catholic Church clergy.

"Ex-FBI" Ted Gunderson and "Ex-CIA aide" John Decamp: ted l gunderson 1928 - 2011 john decamp franklin conspiracy of silence 1941- 2017

Ted Gunderson (left) with Roman Catholic Papal Puppet Ronald Reagan The Franklin Cover-up AKA The conspiracy of Silence

"

This was really one of the biggest scandals in recent US history. The story received some newspaper coverage but there was a TV News Media blackout on the subject. For this reason, most Americans have never heard of it.

Former republican Senator John Decamp was involved in the production of a documentary called "Conspiracy of Silence" that was to air May 3, 1994 on the Discovery Channel. This documentary exposed a network of religious leaders and Washington politicians who flew children to Washington D.C. for sex orgies. At the last minute before airing, unknown congressmen threatened the TV Cable industry with restrictive legislation if this documentary was aired.

Almost immediately, the rights to the documentary were purchased by unknown persons who had ordered all copies destroyed. Reported at least $500,000 was paid for the rights to buy and destroy it. A copy of this videotape was furnished anonymously to former Nebraska state senator and attorney John De Camp who made it available to retired FBI chief, Ted L. Gunderson."

~Sounds like phony baloney to me... TR

It may interest everyone to know that John DeCamp was going to be a Catholic Priest. Then he was an aide to CIA agent William Colby. Went to talk to then Cardinal Ratzinger about the archdiocese of Omaha Nebraska's involvement in the pedophilia at Boys town but somehow the Judge had DeCamp drop the Diocese from the Lawsuit and it is completely omitted from the "documentary."

Gunderson appears on the Geraldo (Sensationalist) Rivera show in 1987. Video:

See Alex jones appear on FOX News with Geraldo Rivera too (5/08). ~Video

Ted L Gunderson involved in more strange stuff:

COOPER (Anderson from CNN): OK, I want to bring in James Randi. James, you've actually called Sylvia Browne a villain.

We spoke to Ted Gunderson, who's a retired senior special agent in charge of the FBI in Los Angeles. He's worked with Sylvia Browne, and he says -- he says he's worked with her quite a bit. And he said this about her. He says, quote, "I've worked with numerous psychics in the past and very few are really on target, but Sylvia Browne is probably one of the most accurate psychics in

the country."

Now, that's from a former senior FBI official. Are you saying he's wrong?" ~CNN transcript Anderson Cooper CIA tiesv

3/06/2008 UPDATE

I'm going to be working on this for the next few days so watch out for updates. There will probably be another video on this also.

Emails From John DeCamp and someone named "Timothy White" regarding my research on Decamp, Gunderson, boys town and their whitewash of More Abuse at the hands of the catholic "Church" (Cult) John DeCamp, Author of the book, “The Franklin Cover-up” which the documentary, "Conspiracy of Silence" was created after. Here is Alex Jones joining in the whitewash. You will read in this interview that later, John DeCamp was retained by the over seer of Boystown during the abuse. His name was Monsignor Robert Hupp.

Notice how this big Catholic web site even promotes John DeCamp's Vatican White-wash! (Come on! You may be THAT sound asleep but I'm not! Please read on....) The main priest associated with the Fatima web site is Father Nicolas Gruner who is said to be a controversial priest. Here you can see he was on "Coast to Coast" with George Noory (Noory, who really helped Alex Jones get started). Gruner also appeared in that John Birch Society propaganda piece (They're all tied together with the Vatican, the CIA and top government officials, and many other groups and organizations). Here, you can see Gruner giving MASS in May, 2000. Gruner is a Roman Catholic traditionalist like the Gibsons, Pat Buchanan and many others including Malachi Martin.

John DeCamp is the Ex Aid of CIA William Colby (William Colby (1920 - 1996) was the boss of the CIA from 1973 until 1976.)

John DeCamp, who had once worked for Colby, investigated the Franklin child sex abuse case. Shortly before Colby died, Colby warned DeCamp to give up the case. However, 'with the blessing of Colby', DeCamp wrote a book about the case: The Franklin Cover Up." (George Bush, The CIA, Mind Control & Child Abuse) "He (Colby) knew a lot about CIA dirty tricks and he died in 'mysterious circumstances'." Source

"Shortly after warning DeCamp, Colby was found dead." Source

Death: On April 27, 1996, Colby died in an apparent boating accident near his home in Rock Point, Maryland, although his body was actually found, underwater, on May 6, 1996. The subsequent inquest found that he died from drowning and hypothermia after collapsing from a heart attack or stroke and falling out of his canoe, and there was no further investigation. Source

This "Conspiracy of Silence" was actually a huge cover-up of the Arch Diocese of Omaha Nebraska's involvement in the pedophilia taking place there.

The judge that heard the case "forced" John DeCamp to take the Arch Diocese off the law suit. Even though it was established that under aged boys were flown to Washington DC for degenerate political pedophilia parties only one man ended up being convicted of a crime and was sentenced to serve jail time (Larry King). Jones was in on this smokescreen and promoted it. Here's an article showing some of the abuses of priests at Boys Town, Nebraska.

Ted L Gunderson, who worked with DeCamp on this Conspiracy of Silence, and is a major source of disinformation in this country spot-lighting small time satan worshippers in this country as a threat when it is actually the Roman Catholic church who are the true luciferians and satanists who actively teach their followers that their "works" of performing their pagan rituals will allow them to enter heaven when they die.

Both of these men promote Alex Jones and his non catholic [div] version of the Bohemian Grove and Alex Jones promotes both of these men. Alex Jones also, in turn, promotes these men and their whitewash of pedophilia at the hands of the Vatican through their institution called "Boystown" located in Omaha Nebraska.

Alex Jones Covering up Pedophilia within the Catholic Church

Dear Friends,

This is an excerpt of a interview Alex Jones had with John DeCamp Author of “The Franklin Cover-up” about Boys Town (Documentary "Conspiracy of Silence" was based on his book). In this bit of the interview you can see Alex Jones apparently white-washing a Monsignor's (Robert Hupp) involvement in the pedophilia conspiracy that was taking place there. The monsignor was the over seer of boys town yet he is automatically innocent according to Jones. They don't even consider him a possible suspect? Especially with all the pedophilia in the Catholic Church? They even edited the Monsignor's name out of the interview! DeCamp actually represented the abused boys initially but later he represented the over seer of Boystown (the Monsignor Priest Robert Hupp) in defense of Pedophilia! Below is a screen shot of the portion of the interview where you can see Alex Jones covering up the Catholic's Church's involvement

in what went down at Boystown (JD =r John DeCamp and AJ = Alex Jones):

alex jones john decamp interview boystown hupp conspiracy silence

Notice at the bottom John DeCamp says, "No, he's an old man that will probably be an outcast once he does this. So I've said too much on that already, probably." (!!!)

https://www.prisonplanet.com/articles/johndecamp.htm

Again, here's an article showing some of the abuses of priests at Boys Town near Omaha, Lincoln, Nebraska. Two Videos I did on this Topic: Warning! Sound the Alarm! Alternative Media Infiltrated Conspiracy of Silence The Vatican Connection

Here is more overwhelming proof that Gunderson, Decamp are in with the Vatican. Also a Ron Paul connection to the whole thing. Observe the following links and descriptions: (1/25/11 Edit: Unfortunately Ted Gunderson shut all these pages down:) Ted Gunderson - Investigations - Bohemian Grove --- Link Closed down by Ted L Gunderson. The link had info promoting the Alex Jones's Hoax Version of the Bohemian Grove Hoax Version. This is the real Bohemian Grove Info which I have put together myself. Here is a search showing how many people were linking to his web page on the internet.

TedGunderson.com - Products - Videos --- Link shut down by ted L Gunderson. In the link was Gunderson promoting DeCamp's book and documentary, Conspiracy of silence which omits the Catholic church's involvement in the pedophilia at boystown. (DeCamp who represented the kids who were abused later ALSO

represented the Monsignor who was the over seer of boystown (!!) DeCamp is the ex aid of the now deceased, ex director of the CIA, William Colby)

TedGunderson.com - Headlines - Sexual Child Abuse ---- Link again was shut down by Ted L Gunderson This is all of Gunderson's links on pedophilia in the world. there is not one link on the Catholic church's involvement in pedophilia

Crusader 44 Page 42 ---- This link is from the Father Nicolas Gruner web site called "Fatima Network" who appears in a Catholic JBS propaganda piece with Ron Paul. On the Fatima Network web page you will see they are promoting Gunderson and DeCamp.

Page_3_Catalog_of_FREE_DVDs This WAS (now shut down) a web site that offers free DVD's compliments of tedgunderson.com . you will see that they offer a special video about the Fatima Hoax from Father Nicolas Gruner's "Fatima Network web site.

Full Video of Father Gruner appearing with Ron Paul in a JBS propaganda video: https://video.google.com/videoplay?docid=-8683417149337063720 Although they are claiming to be warning America about the United Nations, Remember it was Pope Paul VI (Montini) who stated that the United Nations was "the last great hope for mankind" But in this documentary they make it appear that the Catholic Church is against the United Nations. Ron Paul, JBS and the Catholic church propaganda piece. Smokescreen, etc.

Insightful Comment (Mel Gibson was praised by the Catholic Church as a whole even though he's a "sedevacantist" like Gruner but Gruner is supposedly under reproach in the eyes of the Vatican)

Found online:

"The thing is incredible. Everybody is panting to give him seven bucks and sit at his feet to learn about the Passion. What is so exasperating about it is that this eagerness is transparently attributable to Mel Gibson's star status. If Fr. Nicholas Gruner had obtained funding and produced a movie about the death of Christ, we'd all be holding him off with the mucky end of a barge pole and loudly asserting that we don't do business with people who resist the legitimate authority of the Holy See. But Mel Gibson isn't a scruffy weirdo. ... He's famous! He's gorgeous! He's rich! What these star-struck types don't so commonly acknowledge is that He's a schismatic! One serious Catholic after another has succumbed to shivery gratification because Somebody Totally Cool is willing to admit to being a Catholic. And what makes the joke on them particularly bitter is that he isn't a Catholic at all. Catholics belong to churches which are subject to the authority of Rome, not to half-baked fly-by-night outfits which dress up in Catholic vestments and perform Catholic rituals, but whose emblem and rule of existence is Non Serviam." Source** Breaking 2/28/2019 ** Omaha, Lincoln dioceses push back on subpoenas for child sex abuse records: "Omaha, Neb., Feb 28, 2019 / 05:07 pm (CNA).- The Archdiocese of Omaha and the Diocese of Lincoln intend to ask a Nebraska court to suspend subpoenas compelling the Catholic institutions of the state to provide all records related to child sex abuse, CNA learned on Thursday. The state attorney general's office issued subpoenas Feb. 26 to more than 400 Catholic churches and institutions, seeking any records related to child sexual assault or abuse." ~Read More...

Vatican Gladio CA Genetically Modified Organisms are not Evil

I am asserting Catholic Gladio used (along with Rockefeller's, others) underground railroads that led Nazi escapees like my mother's family into the USA. Once their under hidden identities largely assisted by the Catholic Church (I was born at St. Joseph's Roman Catholic hospital Los Angeles, I remember going back to is a young child, but my father later left the church.

I think Mac Martin School Manhattan Beach City Los Angeles County were CIA backed study of secret family lines under hidden identities, so was Franklin Boys Town. Other locations likely too. Eventually the children were treated like escaping GMOs from a lab by the CIA who ran those towns and the this explains the cover-ups.

Some of this because of laws about CIA identities and CIA activities is not supposed to be reported openly and likely Ted Gundeson, Gene Chip Tatum, others like Jen Moore had limits of safety and law as to what they could out about CIA and FBI activities, whistle-blowing the Cold War MKLUTLRA story..

The early Resident Evil games focused on the Umbrella Corporation, an international pharmaceutical company that secretly develops mutagenic viruses to further their "bio-organic weapons" (BOW) research. The company's viruses can transform humans into mindless zombies while also mutating plants and animals into horrifying monstrosities. The Umbrella Corporation uses its vast resources to effectively control Raccoon City, a fictional Midwestern American city. - Wikipedia

Department of Defense Clean-up of GMOs?

"Proponents of the ancient astronaut hypothesis often maintain that humans are either descendants or creations of extraterrestrial intelligence (ETI) who landed on Earth thousands of years ago." Wikipedia

Temple of Set propounding Ancient Astronaut theory probably is Temple Of Search for Extra-Terrestrial Life, in other words, FINDERS trying locate, relocate, kidnap, or kill Defense Intelligence Agency DARPA CIA Vatican sleeper agent remnants from where children live in foster care or other locations possibly because their families were CIA cover stories or possibly because they had behavioral problems.

Do missing or killed GMOs include Jeffery McDonald's wife and child, and why the Mitochondria was hidden and faked by the F.B.I as Gunderson alleges, is Charles Harrelson's wife one of the GMOs?

These are the assertions Ted Gunderson, Jen Moore and Ed Donegan make, and the context of this and plans for Indonesia and Barrack Obama Jr are provided by Wayne Madsen, Col Fletcher Prouty, and others.

Nebraska Freedom Coalition retrieved from https://www.nebraskafreedom.org/post/the-fbi-is-a-masquerade-the-franklin-scandal and copied or modified to here

State Senator Loran Schmit was a long time respected Nebraska State Senator.

After FBI inquiries into the grand scheme were kept entirely secret, and evidence of King’s sex ring was covered up, a separate investigation followed in the state legislature. The money trail led quickly to child abuse allegations and almost immediately threats began to come in:

“I think the message delivered was if any legislative committee ever tries to conduct a thorough investigation again, the same thing will happen. It has shaken my faith in the institutions of government. I used to be a firm believer that the system would work and that people that did things wrong would be punished. We discovered victims who claimed to had been abused and who the grand jury acknowledged had been abused. But they did not try to find out who had abused those individuals."

“I was very disappointed with the way the FBI and law enforcement treated the victims. They in fact turned them into the offenders so to speak.”

“The FBI’s attitude was 'no, these kinds of things don’t happen.' They were just appalled, but I realize what that look in their eye was back then, it was fear. It was fear that, you know, that I had witnessed first hand things that would destroy this city. 'It’s not going to be believed,' they said, 'it will not be believed. You will be found guilty of perjury. You go on with this story, you’re going to jail.' That was said to me direct.” - Troy Boner

“The last three victim witnesses were demolished by the press, particularly the Omaha World Herald.” “The whole purpose of the stories were to discredit any credibility that the youth may have.” - Carol Stitt,

“They had to send a signal to every kid who was a potential witness, a signal so loud and clear if you dared to come forward, if you dare to talk, watch what happens” - John, DeCamp, in regards to excessive sentencing for perjury, 9-25 years

As if this wasn’t enough, Gary Caradori, the chief investigator of the scandal, died conveniently in a plane crash with his son after interviews with several victims of the cover-up and having acquired a rolodex. His

briefcase was never recovered in the crash and the FBI impounded all records of the plane crash investigation. “I really feel that somebody killed my brother and inside me I know somebody killed my brother.” - Gary Caradori’s brother.

“The effect of Gary’s crash on the investigation, I think in effect, put an end to anyone else coming forward with sensitive information like this.” - Karen Ormiston

“That’s when I was finished, because I figured if they murdered Gary and his son, there’s nothing that will stop them.” - Carol Stitt

“You have to consider the possibility of some danger to your person. People do react rather violently to some types of charges, particularly if they’re true. If there’s truth in it, there can be danger in that situation. We’ve seen that happen in other cases.” - William Colby, former director of the CIA

“They, now in my opinion, are the architects of the coverup.” “Every victim witness who stepped forward in any way, or even was a potential witness that somebody heard about, has either been killed, put in jail under some theory or the other, terrified, or run out of the state, discredited. Every perpetrator, even the convicted ones, have been treated as conquering heroes. Obviously, the FBI was protecting something a lot more significant than a bunch of old pedophiles having improper relations with little boys. They were protecting something a lot more significant than a bunch of drug peddlers. They were protecting, in my opinion, they were protecting some very prominent politicians, some very powerful and wealthy individuals associated with those politicians and the political system up to and including the highest political people in this entire country.” - John DeCamp, on the FBI

Today, we have FBI whistleblowers coming forward left and right. FBI agents are openly testifying that they plant evidence. It's time that we as a nation realize that these ballooning federal agencies are not serving our best interest, but rather, as cover for a Caste System for the authoritarian elitists. There is a different set of rules for us and them. These are not good people. They do not have your best interest in mind and certainly not at heart. The lengths they'll go to retain power are as deep as their pockets. None of this is a surprise. What's surprising is people continue along with the status quo, all while it's contrived and orchestrated. They exist solely to retain the offices they need to perpetuate the reign over their fiefdoms.

DeCamp, again, sums things up succinctly:

"If you can control about 3 or 4 key elements, you can totally own a state. You can make right, wrong. You can make truth falsehood, falsehood truth. If you control the media, if you control the justice department, if you control the police, you own the system."

"The justice department, acting through the FBI and US attorney's office in Omaha, emerges from the record of the Franklin investigation, not so much as a party to the coverup, but as its coordinator. Rigging grand juries, harassment of witnesses, incitement of perjury, and tampering with evidence, federal personnel were seen to apply all those techniques in the Franklin case."

Unsilenced is a survivor-led non-profit organization

that serves young people and adults who experienced institutional child abuse. If you're looking for a way to make a difference, consider donating to Unsilenced. Your contribution will help us continue our work advocating for survivors and youth. Every donation makes an impact, no matter the size. Thank you for your support!

There are other reports of this trafficking, and btw was DeCamp helping get CIA backed Vientamese family out of Vietnam as it collopsed for William Coby and the CIA?

George Bush, The CIA, Mind Control & Child Abuse retrieved from http://rochester.indymedia.org/ and copied or modified to here

George Bush, The CIA, Mind Control & Child Abuse May 5, 2003 From the Streets of Little Beirut Glen Yeadon

Not only did King's pedophile ring lead to the top echelons of the Republican Party it also lead to the top of the Bush administration and the Oval Office. Several of the children in Kings prostitution ring recount stories of seeing George Bush at some of King's Parties. While an outsider would not suspect anything amiss, the children in the ring would know what was taking place. At least one of King's young prostitutes reported that at one party, she saw George Bush pay King and then depart with a young black man.

George Bush, The CIA, Mind Control & Child Abuse

May 5, 2003

From the Streets of Little Beirut

Glen Yeadon

On January 28, 2003, amid the furor of the impending war with Iraq the British press briefly reported on Operation Ore, the most thorough and comprehensive police investigation of crimes against children before being squashed by the Blair government. Besides implicating Rock guitarist Peter Townsend of the Who, the report claimed that senior members of Tony Blair's government were being investigated for pedophilia and the "enjoyment" of child-sex pornography. With the investigation reaching to senior members of his Government, Blair declared a news blackout on the story.

Moreover, the British report was not the first such case reported. In fact, it followed on the heels of a report from Portugal. On November 27, 2002, the press reported a scandal of pedophile ring run from a state orphanage. The Guardian reported that the scandal threatened to engulf diplomats, media personalities and senior politicians. Photographs of senior government officials with young boys from Lisbon's Casa Pia orphanage were among the evidence. More shocking however, were the revelations that systematic sexual abuse of children at the home had allegedly been going on for more than 20 years and had been known to police and other authorities for most of that time.

On January 14, 2002, Insight Magazine reported the charges leveled by Ben Johnson against his employer Dyncorp, a major defense contractor. Johnson charged that officials and employees of Dyncorp were engaging in perverse, illegal and inhumane behavior and were purchasing illegal weapons, women, forged passports and participating in other immoral acts. Johnson had witnessed his supervisors and fellow employees buying

12- to 15-year-olds as sex slaves.

While prostitution is the world's oldest profession, the global sex trade is big business. The impact of illegal immigrant traffic in Canada is estimated at between $120 million to $400 million per year accounting for approximately 8,000 to 16,000 people arriving in Canada per year illegally. The estimate is from Organized Crime Impact Study, prepared for the Solicitor General of Canada. The majority of the illegal immigrants are forced into prostitution and come from Vietnam and China. Once smuggled into Canada the young girls are sold into bondage throughout a North America network.

Moreover, Canada is not alone. Young Russians and Ukrainian women that wish to immigrate to Israel are often smuggled into the country destitute and at the mercy of their pimp.

More disgusting is the role the United States government plays in facilitating this global sex trade. Instead of banning the previously mentioned Dyncorp from further defense contracts, the regime of George W Bush rewards it in granting major contracts for the Iraqi war. Even more shameful is the wink and nod the state department grants the Saudis. The Arabian Peninsula has long been known to be purchasers of slaves. Mostly the slaves came from India or Africa however, with the advent of the oil wealth the Saudis have became more selective and are known as high-end buyers.

The Saudi Arabian Government continues to refuse to sign the United Nation's treaty on slavery and extradition treaties. There have been several incidents in the past where the media has reported a slave of a Saudi prince brought into the United States escaped. The State Department then intervenes and returns the escaped slave to the Saudi prince and the incident forgotten. The

State Department exempts the Saudi princes from normal custom procedures.

A child slave bought by a Saudi prince can be delivered to his plane and allowed to depart without the required passport for the child. One fortunate victim that became entangled in the Saudi sex ring was the former Miss USA Shannon Marketic. She had been lured to Saudi Arabia by what she believed was legitimate modeling work. Being a high profile case she was returned to the United States and filed suit. The former Miss USA lost her lawsuit as the State department granted immunity to her abductors.

Many of the pictures of the young children peering out from posters and milk cartons that have disappeared in the United States have fallen victim to this global sex trade. They indeed may have been lucky for there is a much more sinister side to child molestation. In fact, it is undoubtedly the most macabre and hideous aspect to evolve out of the United States use of Nazi scientists, the CIA's Project MK-ULTRA. This grotesque project of ghastly experiments in mind control evolved out of earlier CIA projects in search for a truth serum. The roots for such a project date back to the wartime OSS search for a truth serum. During the war, the OSS began a search for a truth serum to use on captured U-boat prisoners. The experiments were limited and the only drug they found to produce desirable results was cannabis. According to author Anthony Cave Brown in the Last Hero, the experiments were limited to testing on one person. Additionally Dr. George Estabrooks of Colgate University carried out experiments paralleling the Nazis brain washing methods by drugs and hypnosis. Estabrooks connections with the army, CID, FBI and other agencies are still shrouded in secrecy. However, it seems that the doctor could not help but talk about his experiments occasionally and what is know of his work comes from his loose tongue.

During the war, the allies had captured documents in the Nazis experiments on inmates of Dachau with mescaline and other psychedelics in a search for a truth serum. The doctor in charge of the Dachau experiments was Dr. Hubertus Strughold. Strughold was also involved in barbaric high altitude experiments on inmates of Dachau. Strughold was brought to the United States under the Project Paperclip and became America's father of space medicine. His use of mind-altering drugs on inmates provided the foundation for the CIA's research into truth serums and mind control.

The United States first foray into truth serums started in 1947 as Project CHATTER initiated by the navy. The project was terminated in 1953. In 1949, at the Edgewood Arsenal the CIA began project Bluebird using Nazi scientists to find a truth serum. Project Bluebird evolved into Project Artichoke and eventually into MK-Ultra. MK-UTRA was much larger in focusing on mind control and the means to achieve it was not limited to drugs and psychedelics. MK-ULTRA experiments including using hypnosis, lobotomy, electroshock, sensory deprivation, ESP, and drugs experiments in hypnosis, lobotomy, electroshock, sensory deprivation, ESP, drugs and sexual abuse.

Ironically, the CIA's first widespread use of sex came from a program to blackmail United States politicians conducted by Edwin Wilson. The political targets were enticed to live out their sexual fantasies in the flesh. With hidden cameras ready the unsuspecting politician would be filmed, which would later be used to blackmail him into supporting the agency's projects and views. Wilson's skill in these matters dated back to the early 1950s, when he took over a network of homosexual and pedophile rings from CIA asset and McCarthy Committee counsel Roy Cohn.

While MK-ULTRA focused primarily on the use of drugs for mind control other CIA projects evolved to use

trauma to induce control or the victim's mind such as Project Monarch. Project Monarch officially began in the early 1960s, although unofficially at a much earlier date. Monarch may have evolved out of MK-SEARCH subprojects such as SPELLBINDER, which was a program to create the Manchurian candidate or sleeper assassins that could be activated with code words.

MK-ULTRA still remains classified as top secret. Officially, the CIA refuses to acknowledge it. In the aftermath of Watergate, the CIA released voluminous documents under the Freedom of Information act on MK-ULTRA and other projects. Several good books soon followed the release. Perhaps, the closest admission of the program came in an interview of William Colby by Anton Chaitkin of the New Federalist. When directly asked what about MONARCH, Colby angry replied "We stopped that between the late 1960's and the early 1970's." Knowledge of Project MONARCH comes from its victims. The first to surface was Candy Jones, a model with the birth name of Jessica Wilcox. Jones apparently fit the physiological profile as to be one of the initial experiments of MK-ULTRA. Her story was told in the book The Control of Candy Jones.

The most publicized case is the story of Cathy O'Brien told in the book TRANCE Formation of America: The True Life Story of a ClA Slave. O'Brien is the only vocal and recovered survivor. Like many others, Cathy was introduced to the program by her perverted father. Cathy covers an almost unbelievable array of conspiratorial crime: forced prostitution (white slavery) with those in the upper echelons of world politics, covert assignments as a "drug mule" and courier. Another survivor, Paul Bonaci who survived two decades of torture under Project MONARCH has disclosed strong corroborating evidence of wide-scale crimes and corruption from the municipal/state level all the way up to the White House. He has testified about sexually abused males selected from Boy's Town in Nebraska and

taken to nearby Offutt AFB. At Offutt, they were subjected to intense MONARCH programming, directed mainly by Commander Bill Plemmons and former Lt. Col. Michael Aquino.

Monarch programming involves traumatizing the victim in order to create multiple personalities in the victim. Sexual molestation and the occult are standard tools for the Monarch programmer. There are several levels of Monarch programming.

Alpha is regarded as general programming within the base personality.

Beta programming or sexual programming eliminates all learned moral behavior and stimulates the primitive sexual instinct, devoid of inhibitions.

Delta is known as killer programming. Subjects are devoid of fear and are very systematic in carrying out their assignment. Self-destruct or suicide instructions are layered in at this level. .

Other levels of programming generally concern some method of self-destruction or evasion if the victim was ever captured after completing their assignment. The initial stages of programming usually begin somewhere in the first six years of the victim's life. Due to the trauma induced by electro-shock, sexual abuse and other methods the vicitms' mind splits into alternate personalities to cope with the trauma. Formerly referred to as Multiple Personality Disorder, it is presently recognized as Dissociative Identity Disorder and is the basis for MONARCH programming. Further conditioning of the victim's mind is enhanced through hypnotism, double-bind coercion, pleasure-pain reversals, food, water, sleep and sensory deprivation, and with various drugs.

In order to keep Project ULTRA and its associated projects secret the CIA segmented the research between several universities, hospitals and prisons. The Canadians are still coming to grips with the house of horrors found inside Dr. Cameron's Montreal labs. Cameron's research was sponsored by the CIA.

The final stage of programming usually occurs on military bases to insure security. Several bases are implicated with Monarch programming. Two bases have been exposed in the past by incidents Offutt and the Presidio in the 1980s. The Presidio case dates back as far as 1982, when a military doctor warned the army of the danger to children in its day care center. The army failed to follow its own regulations in allowing the children to go on field trips off base without the parents consent. On August14, 1984, the FBI and officers from the army's criminal investigation division raided the home of Lt. Col. Michael Aquino looking for evidence of child molestation.

The Presidio case attracted the attention of investigative reporter and radio talk show host, Mae Bruessell. During her investigation of the case, she received several death threats. Her daughter was killed in a car wreck that she attributed as a hit. Before concluding her investigation, Mae was struck with a fast onset of cancer. The reader should note the CIA has developed a fast acting cancer virus. Mae's death may have been induced rather than from natural causes.

Linked with both Offutt and the Presidio cases is ***Lt Colonel Michael Aquino.*** **Aquino founded the Temple of Set, an offshoot of Anton LaVey's Church of Satan. He was attached to the DIA's Psychological Warfare Division and holds a top secret security clearance for his work in military intelligence and on classified psychological warfare. . Aquino is obsessed with Nazi pagan rituals. He officiated at SS black magic ceremonies held at Wewelsburg, the Castle once**

used by SS chief Heinrich Himmler (likely Himmler with Franz Kutchera] to create an SS order of Teutonic Knights based on the Knights Templars.

His hypnotic manipulation of people made him an ideal candidate for the position of Master Programmer. Aquino along with others was arrested in the Presidio case for child molesting. The evidence was overwhelming of their guilt however, to the dismay of the victim's parents all charges were dropped.

Aquino has developed training tapes on how to create a MONARCH slave and worked as a liaison between Government/Military Intelligence and various criminal organizations and occult groups in the distribution of MONARCH slaves.

The dismissal of charges is common in such cases. On February 7, 1987, the Washington Post ran an article about a case of possible kidnapping and child abuse.

Washington D.C. police had arrest two men after observing them watching over several children that were described as very neglected.

The children ran in age from 2 to 7 and were covered with insect bites and extremely dirty. Their subsequent investigation led to the *FINDERS*, a cult like commune. The adult males were Michael Houlihan and Douglas Ammerman. They led authorities to an old warehouse. Inside the warehouse police found color slides, photographs and photographic contact sheets. Some photos revealed children participating in blood letting cult rituals involving animals.

Other documents described "blood rituals" and sexual orgies involving children, and an unsolved murder in which the Finders might be involved. Additional

documents revealed detailed instructions for obtaining children for unspecified purposes. The instructions included the impregnation of female members of the community, purchasing children, trading and kidnapping.

Several telex messages were also found in the warehouse. One such telex ordered the purchase of two children in Hong Kong to be arranged through a contact in the Chinese Embassy. There was a file called "Pentagon Break-in," and references to activities in Moscow, Hong Kong, China, Malaysia, North Vietnam, North Korea, Africa, London, Germany, "Europe" and the Bahamas. Other documents identified interests in high-tech transfers to the United Kingdom, numerous properties under the control of the Finders, interest in terrorism, explosives, and the evasion of law enforcement. The warehouse also had a video room, apparently used for indoctrination.

All the findings by the local police were verified by US. Customs officials. The US Custom officials soon ordered a full investigation and obtained search warrants for various locations. The investigation brought in the FBI as well. Nevertheless, this was as far as the investigation ever got. All law enforcement agencies involved including the local police, the US Custom’s officials and the FBI were ordered to halt their investigations by the Department of Justice on grounds of national security. The matter was turned over to the CIA an "internal security matter," since the "Finders" is and has been a domestic and international covert operation of the Central Intelligence Agency. The investigations were immediately halted, the evidence suppressed and the abused children returned to their handlers, who had been arrested. To date the only media outlet that has published the details behind the halting of the investigation has been US News and World Reports.

There have been other reports suggestive of a

connection between child abuse and top officials. On June 29, 1989, the Washington Times, shook the Bush White House to its very roots with the front page headline "Call Boys Took Midnight Tour of White House." The paper reported, A homosexual prostitution ring is under investigation by federal and District authorities and includes among its clients key officials of the Reagan and Bush administrations, military officers, congressional aides and U.S. and foreign businessmen with close ties to Washington's political elite."

At the center of the scandal was Craig Spence, a Republican powerbroker known for his lavish ``power cocktail" parties. Among the rumors circulating was a rumor indicating that over 200 of Washington's elite had used the call boy service. Spence's entire mansion was covered with two way mirrors, hidden microphones and cameras. The White House including President Bush refused to answer questions or discuss the incident. At the same time, another story implicating the President in child abuse was breaking in the heart of the country. The story centered on the failure of the Franklin Community Credit Union in Omaha.

For roughly a decade stories linking Larry King the director of Franklin to child molestation had surfaced in and around the Omaha area. The failure of the Franklin Credit Union began to expose the murky past of King that had been shrouded in fog. Besides being involved in the illegal Iran-Contra scandal, rumors of King's involvement with child abuse came forth. King was one of the rising stars in the Republican Party. He sung the national anthem at the national convention in Dallas. He was known for the lavish parties he held including the one at the famed South Fork Ranch from the TV series Dallas. King held parties around the country including Washington D.C. Always present at these parties were young children of both sexes from King's stable of prostitutes.

For years, rumors had surfaced about child abuse, drugs and King in the Omaha area. King had an ample supply of young boys from Boys Town, others he procured from the streets of Omaha. Police from as far as Kansas City were aware of his activities. Nevertheless, in Omaha King was protected. The chief of police in both Omaha and Des Moines, Iowa were frequent guests at King's parties in Omaha. King had the backing of Omaha's elite behind him including the staunchly conservative local paper. Indeed King wielded enough power to even shut down an investigation by the state attorney general under Democratic Governor Exxon. King even had an ally in the FBI officer in charge of the Omaha office. Moreover, there were abundant rumors that one did not want to incur King's displeasure.Several murders were rumored to have been committed by King to protect his child molestation and drug businesses. In fact, at least fifteen mysterious deaths are connected with the Franklin case. It was clear from the beginning that both the local and federal grand juries were being used as a tool to cover up the child abuse surrounding King and the Franklin case. Likewise, the FBI was part of the cover up. Several of the victims recanted their testimony after being threaten by the FBI. The victims that refused to recant were charged with perjury and sentenced to prison.

It was only with the failure of Franklin Credit Union that the whole story surrounding Larry King came out due to one man's dogged determination. John DeCamp, a former senator from the Nebraska unicameral legislator pursued the case relentlessly in the legislator. In fact, DeCamp was sternly warned by his friend, the former CIA director William Colby to give up the case before he met with a death. Shortly after warning DeCamp, Colby was found dead. Although Colby's death was attributed to accidental drowning it was more likely he was murdered. Instead of giving up his investigation and determination to uncover the truth about King's pedophile ring DeCamp chose the only remaining option

with the blessing of Colby. He wrote a book about the case: The Franklin Cover Up. Once published, DeCamp's death would only call more attention to the Franklin case.

In page after page, DeCamp describes the gruesome lives of the victims of King's pedophile sex ring. Some of the cases preceded the Franklin failure by over a decade. Many of the children described satanic rituals that they were forced to attend, some of which involved sacrificing infants and young children. Children attending these sacrifices were warned that if they ever told anyone they would be the next to be sacrificed. In addition, they told of being flown to locations around the country in King's private plane to parties where they were expected to take part in any sexual acts demanded of them.

Why did such a case in the center of America's heartland prompt such a high level source as the former CIA director to warn his friend? Moreover, why was there so many mysterious deaths connected with the case? While the case made the headlines in regional papers, it never attracted the attention of the national media. Most people have never heard of Larry King. The answer to the questions lies in King's connection to the top power center of the Republican Party and the Bush administration. Both Bush's attorney general and secretary of treasure had to be aware that the FBI was involved in a massive cover up in Omaha. Even the flight logs of King's airplane had disappeared entangling the FAA in the cover up.

Not only did King's pedophile ring lead to the top echelons of the Republican Party it also lead to the top of the Bush administration and the Oval Office.

Several of the children in Kings prostitution ring recount stories of seeing George Bush at some of King's

Parties. While an outsider would not suspect anything amiss, the children in the ring would know what was taking place. At least one of King's young prostitutes reported that at one party, she saw George Bush pay King and then depart with a young black man. The President was a pedophile and involved in a pedophile ring, the story had to be squashed at all cost. King is currently serving fifteen years for the failure of the Franklin Credit Union. At least two of his victims have been wrongly imprisoned for refusing to recant their testimony. Meanwhile pedophiles like George Bush are free and able to abuse other children all in the name of national security.

No Puzzle Piece is misshapen in the whol picture

It is privilege to be in the same fight for good with these people at any cost.

What Ted Gunderson could deduce, and Jen Moore could reproduce, was the whole picture combining a series of child development scandal that was part of the Kennedy Assassination as the CIA and Dulles and others used hidden identity families, later abused by testing and cover-ups, to overthrow other countries groomed from childhood like USSR athletes on steroids.

As Jim Garrison has, as James Diegenio has, Ralph Thomas, and many others.

Colby DeCamp Gunderson Ford in their own voices video

WKRP In Cincinnati Reporter: "*And the senator, while insisting he was not intoxicated, could not explain his nudity."*

Larry King is a black Republican caught up in a sex scandal. It looks like the CIA and DIA are involved and Iran Contra money is being passed out of brief cases at hotels, possibly to fund child relocation and placements.

It is Ted Gunderson territory. Children ARE dying, missing, being trafficked, plane crashes kill key witnesses or investigators, stories change all the time, and as DeCamp says "the Tell is how the government is reaction to all of this." The witness are being destroyed in the press, the child victims undergoing intense intimidation and felony sentences as their testimony is offered to them by differing parties as to what it should be.

As with the Kennedy Assassination amidst the journalist, witness, and investigator deaths, investigations fail or are aborted. But over decades since we are learning about the CIA characters and Micheal Aquino starts coming across as a Clay Shaw and trafficking large amounts of cash and children in a fake Anthony LeVay Satanist Child Abuse Cult chosen as a front in military PsyOps documents for this purpose.

Exactly as Ted Gunderson wrote. These Satanists were extremely high ranking CIA and military operations and they were killing, kidnapping, and torturing young children.

Franklin child prostitution ring allegations retrieved from Wikipedia and copied or modified to here

The Franklin child prostitution ring allegations began in June 1988 in Omaha, Nebraska and attracted significant public and political interest until late 1990, when separate state and federal grand juries concluded that the allegations were unfounded and the ring was a "carefully crafted hoax."

n 1988, authorities looked into allegedly baseless[1] allegations that prominent citizens of Nebraska, as well as high-level U.S. politicians, were involved in a child prostitution ring.[3] Alleged abuse victims were interviewed, who claimed that children in foster care were flown to the East Coast of the United States to be sexually abused at "bad parties".[4] The claims primarily centered on Lawrence E. King Jr., who ran the now defunct Franklin Community Federal Credit Union in Omaha, Nebraska, and alleged that the ring was "a cult of devil worshipers involved in the mutilation, sacrifice and cannibalism of numerous children".[3][5] Numerous conspiracy theories evolved, claiming that the alleged abuse was part of a widespread series of crimes including devil worship, cannibalism, drug trafficking, and CIA arms dealing.[3]

In July 1990, private investigator Gary Caradori, hired by the State of Nebraska to investigate the allegations, died along with his 8-year-old son when his plane disintegrated mid-air. Foul play was suspected by Caradori's brother and state Senator Loran Schmit, but was not proven by investigators.

The Nebraska State Foster Care Review Board submitted the results of a two-year investigation into the alleged physical and sexual abuse of foster children to the executive board of the Nebraska Legislature, who were investigating reports of child sexual abuse linked to the credit union. After investigation, a grand jury in Douglas County, where Omaha, Nebraska is situated, determined the abuse allegations were baseless, describing them as a "carefully crafted hoax" and

indicting two of the original accusers on perjury charges.[1] The grand jury suspected that the false stories originated from a fired employee of Boys Town, who might have "fueled the fire of rumor and innuendo" because of personal grudges.[1] A federal grand jury also concluded that the abuse allegations were unfounded and indicted 21-year-old Alisha Owen, an alleged victim, on eight counts of perjury. Owen served 4 + 1/2 years in prison.[9] Separately, the federal grand jury indicted multiple officers of the credit union for embezzlement of funds, including King.

EXTENDED: "The Franklin Scandal" (Includes an exclusive interview w/ John DeCamp) retrieved from REALWOMEN/REALSTORIES @RealWomenRealStories 286K subscribers 648 videos Thanks for making it to Real Women Real Stories' YouTube channel! and copied or modified to here

48,416 views Premiered Jul 22, 2022 #humantrafficking #politicians #humantraffickingawareness This is an extended, unseen version of the Franklin scandal, a chilling exposé of corporate corruption and government cover-ups, but more so, a nationwide child-trafficking and pedophilia ring in the United States. The documentary tells a sordid tale of corruption in high places when children were apparently flown around the US to be abused by high-ranking officials. This version is with extras including including John DeCamp exclusive interview.

The Franklin scandal ("Conspiracy of Silence") originally surfaced during an investigation into Omaha, Nebraska's failed Franklin Federal Credit Union that went beyond the Midwest, ultimately to Washington, DC. Implicating businessmen, senators, major media corporations, the CIA, and even the venerable Boys

Town organization, this extensively researched report includes firsthand interviews with key witnesses and explores a controversy that has received scant media attention. This is a clear eyed look into a largely untold, malignant and proliferating evil that has America by the balls.

Sincerely recommended for those who are interested in this lost scandal. Shame on the mainstream media for not shedding light to this when it could've helped and name calling the victims. If you believe in us and like our work, help us remain independent publishers and journalists so that we can make you aware of what most of you would rather not know at your own peril:

At 39 minutes 43 seconds DeCamp is interviewed this his CIA former boss Colby is interviewed on camera

What Colby and others are saying is if the CIA has nothing to worry about then nobody needs to be silenced. No one fears false allegations. If the allegations are a real Colby warns openly and on camera then people will be silenced.

William Colby "Decamp's friend and one time boss" on camera says regarding the safety of DeCamp and presumably other witnesses "the one things bad people can't afford is publicity. You have to consider the possibility to damage not only to your reputation but to your person. People do react violently to certain type of charges especially if they are true. A false charge can be reacted to in a normal way, a libel suit. IF the charges is true there can be a danger to you we have seen that in other cases." (Colby, on camera.)

I am typing on a PC now that when I bought it a violent street thug Hispanic gang member attacked me that night. I have had at least 400 types of death treats related to my wring books in 30 years. "I am going to stick you bitch" the homeless violent

gang member with head phones on sitting next to me says or the parades actually start shouting at me, etc., I have had at least three cases of broken windows from INBOUND violent thugs relate to my writing books and threats to me during the break ins, not counting break ins to steal equipment, plant conceive, vandalize my apartment, at least 200 of those.

Tortured screeching dying animals outside my apartment Noise Campaigns for a weak long, things like that.

"The Better Connected The Better Protected" Tracy PD Jen Moore says who mentions Franklin and has secret files. This is what DeCamp and Gunderson say too. https://youtu.be/wGz130lPm-A?t=2555 the witnesses against big names, especially Bush and King 1988 and boys trips to the White House, it is all being silenced, the witness are made to live in fear, those that survive.

Suggestiveness

suggestiveness

1. • Giving a suggestion : INDICATIVE *suggestive* of a past era

   • full of suggestions : stimulating thought *provided a suggestive … commentary on the era* -Lloyd Morris

   • stirring mental associations : EVOCATIVE

5. Suggesting or tending to suggest something improper or indecent : RISQUÉ

The nature of Suggestive rather than Stated is that the ambiguity of Suggestiveness can be used as a defense against accusations of fraud or deceit since no actual statement was made.

I the latter meaning that has become part of the meaning in specific usage often improper concepts are made suggestively rather than directly to lower the risk of being associated with improper or indecent statements.

Edward Paul Donegan asserts many tines the CIA or FBI relies on suggestiveness like the Pregnant Pause between Feb 20 and November 18 1961 following an invisible suggested second hand motion clockwise or the positioning of photos of Maclomn X and the picture of Barrack Obama Jr as a baby being held by Stanley Armour Dunham, white purported mother of Barrack Obama Jr.

In sexual harassment of fraud repetitive suggestiveness increases improper harm to the harrassed person and increased credibility of the suggestive ideas.

February 20, 1961

JFK met with the Secretary General of the Organization for European Economic Co-operation (OEEC) Thorkil Kristensen at around 11 18 61-more in the Oval Office.

Donald Barr (suggestively)holds Experimental Monkey in White House November 23 1961, Cipher for black experiment in mixed race.

I Edward Paul Donegan am from one of these abused families and and the last survivor.

Part of the Psychological Warfare Deep State was the CIA and MI5 using locations like WACO, Manhattan Beach City Los Angeles County, and other locations doing abusive MKULTRA testing of children. This also occurred in Jonestown Guyana, Kamloops, British Columbia, Canada, elsewhere such was Australia and the family cult group Julian Assange is from.

The CIA is hopeful as is Army Intelligence some emigre families from WWI and WWII era out of wedlock births in the USA can reveal insights into Eugenics, Psychiatry, and be usable as sleeper agents in overthrow plans the CIA and MI5 a plotting out on a "Devil's Chessboard" the CIA would rather not talk about or have talked about.

The identity of these families is secret and elite Free Mason with CIA and FBI backing of the program.

The Press in the USA will not focus on the subject or do so for very long.

the-complex-legacy-of-cia-counterintelligence-chief-james-angleton retrieved from The Intercept and copied or modified to here

> In December 1974, CIA Director William Colby fired Angleton after the New York Times revealed the then-unknown counterintelligence chief had overseen a massive program to spy on Americans involved in anti-war and black nationalist movements, a violation of the CIA's charter. Coming four months after the resignation of Richard Nixon, Angleton's fall was the denouement of the Watergate scandal, propelling Congress to probe the CIA for the first time. A Senate investigation, headed by Sen. Frank Church, exposed a series of other abuses: assassination conspiracies, unauthorized mail opening, collaboration with human rights abusers, infiltration of news organizations, and the MKULTRA mind-control

experiments to develop drugs for use in espionage. [Colby will soon be replaced as CIA Director George H.W. Bush who will replace the V.P. Nixon Mafia MKULTRA into the vert CIA that had been headed by Angleton, Dulles, Cabelle, and that JFK had fired]

The exposure of Angleton's operations set off a political avalanche that engulfed the agency in 1975 and after. The post-Watergate Congress established the House and Senate intelligence committees to oversee covert operations. The passage of the Foreign Intelligence Surveillance Act required the CIA to obtain warrants to spy on Americans. And for the first time since 1947, the agency's annual appropriation was slashed.

The Cram [internal CIA review] file illuminates a pregnant moment in the history of America's secret government, when the CIA began to reckon with the legacy of James Angleton, a founding father of the deep state, a master of mass surveillance, a conspiracy theorist with state power.

Sara Ford and William Colby to Jon Decamp

"What you have to understand, John, is that sometimes there are forces and events too big, too powerful, with so much at state for other people or institutions, that you cannot do anything about them, not matter how evil or wrong they are and no matter how dedicated or sincere you are or how much evidence you have. That is simply one of the hard facts of life you have to face. You have done your part. You have tried to expose the evil and wrongdoing. It has hurt you terribly. But it has not killed you up to this point. I am telling you, get out of this before it does. Sometimes things are just too big for us to deal with, and we have to step aside and let history take its course.

> For you, John, this is one of those times,"
>
> Colby will go on an write the forward to the DeCamp book even though he knows it may bring death to himself.

Book: The Franklin Cover-up: Child Abuse, Satanism, and Murder in Nebraska

1) Former CIA Director William E. Colby wrote the Foreword to the John DeCamp book The Franklin Coverup. In the foreword Colby advises DeCamp “Best thing you can do for your personal safety is to tell your story and make sure you have the national press interested in this and looking into it with some really good investigative reporters.” Colby also makes the statement: “There really are people too powerful, interests 100 big, that the rich and the powerful even when doing evil can (and will) succeed and you can do nothing about it at that moment.”

If a former CIA Director makes such a statement we have of necessity to give it credence.

2. Author John W. DeCamp (ex-CIA) is a former Nebraska Senator, a much decorated Vietnam War veteran who initiated OPERATION BABY LIFT out of Vietnam to provide safety for 2,800 orphaned Vietnamese children.

3. Ted Gunderson, former FBI Senior Special Agent in charge in Los Angeles, a 28 year FBI veteran, Gunderson wrote a report on the pedophilic ring for the Nebraska Leadership Conference and includes the comment can state without hesitation that every statement in this book is documented by hard evidence.” Gunderson was an [former] FBI child abuse specialist

The Franklin Cover-up: Child Abuse,

Satanism, and Murder in Nebraska

Forward by Williamk Colby, DeCamp is reported to have been a CIA officer.

Be Not Afraid - There is Power in Truth Telling

The first addition of the The Franklin Cover-up was published in 1992. Another addition in 2006.

CIA director William Colby (the one who exposed the family jewels to Congress in the 1975-1976). Colby was John DeCamp's friend. The book is true. One person sued the author for libel and lost in court. His story is supported by documentation.

If people shine the light on corruption it can go away. If people write, speak and go public in a truth telling manner, supported by facts, truth is powerful. FDR's quote was accurate: "The only thing we have to fear is fear itself."

President Franklin Roosevelt said that in 1933 when the first concentration camp opened in Germany outside of Dachau. Within two years Germans had a little ditty that tells it all about fear and not speaking up: "Dear God, make me dumb so that I may not Dachau come."

I worked as a child protective services investigator for the government in the time period DeCamp's book came out. I wish I had known about it then. The police and our state government actively talked about and gave trainings on ritual abuse of children.

Allegations of using and violating children came out

against Army intelligence officer, Lt. Col. Michael Aquino related to a day care on an Army post, investigated in 1987. Aquino heads up the Temple of Set in California. In my opinion and others the investigation was stopped by the powers that be. The Army promoted him to General and he was integrally involved with Psy-Ops (See the Men Who Stare at Goats, the comedic version of torture in the military). I don't know how author Jon Ronson missed Aquino, but he did.

Then it all went underground. We got the "word", ritual abuse, "done", no talking about it. Those that didn't have the power of a John DeCamp were set up and then sometimes attacked through the courts. It happened locally behind the scenes. It happened through local powerful people. Powerful local people connect to powerful state people who connect to powerful national people who connect to the CIA and the military. Like a daisy chain made of thorns and weeds.

A supervisor in my agency said on a regular basis, "You know, sexual abuse doesn't kill children." He was tied into the power structure of the state.

The seeds for the use of children is embedded in a number of institutional government settings including schools. I recently reviewed child abuse reporting training materials on a school district. The school district dropped the term "sexual MISconduct". They now call it "sexual conduct". The materials say "While equally egregious, sexual conduct may not always be child abuse..." The materials further tell school district staff if a staff person has any suspicious to contact their "H.R. legal counsel" and then in RED letters on the bottom of that page says "Under no circumstances are you to contact the parent or legal guardian".

DeCamp, the author has done the country a great service in not being afraid to tell the truth. His actions,

documentation and going public protected him.

I recommend, read his book and don't be afraid.

Our government, our military in seeing the concentration camps directly went themselves into a combination of fear and fascination as one might take in a massive train wreck. In switching fear to the Russians, our government brought over the most heinous Nazi war criminals.

Shortly after the big media Nuremberg trial event, most of those high ranking leaders melted back into German life, came to the US and South America with the assistance of our government, our government helped Mengele, the horrible doctor of the Auschwitz concentration camp who particularly liked to torture, experiment on children and kill them. But first he sexually caressed them. There is film footage of him doing that.

Mengele was part of the MKULTRA program to show the CIA and military through torturing and splitting children's mind what the Germans had been doing. Read Carol Rutz's book "A Nation Betrayed". Her documentation is as great as DeCamp's, another book I missed as I was struggling to figure out why the government agency I worked in wasn't protecting children. Mengele pops up in a number of places in the US as well as Canada.

Be not afraid and trust your intuition. "The Franklin Coverup" would make an excellent suspense film. Now why hasn't anyone in Hollywood made this film?

Read both books without fear. Read them as courageous tales of two people making a difference. Then speak up. Say what you see. Make documents public. Write you're own book. There is a window of

great opportunity now and it is Amazon.com. Write your book and put it on Amazon. Like DeCamp and Rutz go forth and truth tell.

…

https://wordbytes.org/holyspirit/be-not-afraid-to-speak-the-truth/ Are we supposed to stay silent about the truths of the Catholic Faith when we're with those who have fallen prey to worldly thinking and the false teachings of Satan? They don't want to hear the truth. They want us to believe that we should not speak the truth because it would hurt their feelings and make them mad, perhaps even violent.

Anti-Christian sentiment has grown a lot stronger and become more obvious. We're berated and condemned and sometimes even beaten for not agreeing with sinners.

Jesus tells us to "be not afraid" of speaking the truth. Even when there might be repercussions, we need not be afraid. If we have the attitude of, "Yes, I'm willing", the Holy Spirit gives us the words and the supernatural, joyful peace that makes it easy. Fear gets overtaken by the Holy Spirit every time. https://wordbytes.org/holyspirit/be-not-afraid-to-speak-the-truth/

President George W. Bush Apri 23, 2003
The White House
1600 Pennsylvania Avenue NW

Washington, DC 20500
Dear President Bush

On April 3, 2003, I found an intruder (biker type- wearing a head bandana, leather Jacket, and chains attached to his belt) in the basement of the apartment complex where I am presently staying in Los Angeles. After seeing me, he bolted through the front door of the building and disappeared. I filed a police report. [am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

If anything happens to me, my family, or my close associates- including my attorney (former Nebraska State Senator, John DeCamp), Susan Ford, or other individuals within my informational network, the names of the leaders of the cult/drug network and additional information concerning their activities will be released to the public.

Regarding Mr. Colby, he did not drown and he did

not commit suicide- he was murdered, shot in the head. [later elsewhere Gunderson and others assert Ice bullet and or cow head impact devices.]

Authors Note

I (John Decamp former Nebraska Senator and former CIA) have brought out this new, special 2004-2005 edition of The Franklin Cover-Up because the story and its implications continue to have exploding effects upon the American political and social landscape. In the years since the first copies of The Franklin CoverUp hit the streets, not only have I and others learned far more about the Larry King political sub-culture of drugs and child abuse and the horrors of child abuse committed and covered-up by certain members of the Catholic clergy, but the circulation of The Franklin CoverUp throughout the United States has brought many new cases to my doorstep.

And, one after another. I have become involved as attorney on one side or the other in these startling cases-from Columbine to the Oklahoma Bombing; from MY first-of-its-kind lawsuit against any Catholic Diocese for covering up .child abuse by priests to today, when it seems every day brings a new revelation about the abuse and use of children by clergy. What I was condemned for saying 15 years ago, when the first edition of The Franklin Cover-Up first came out, is now shouted from the rafters of the churches and POLITICAL HALLS across the United States. AND THE ABUSES ARE BEING CORRECTED.

When this book first came out, it was the first to open the ugly side of many of these issues-and I was certainly condemned by many for doing so. In fact, I was so threatened because of that first book that I had to move

my entire family to a small town of 300 people, Clatonia, Nebraska, where I felt I had more security and neighbors to help watch out for and protect my children. That move has worked out fine for me. And my children are the greatest ever. I wish I COULD DROP THIS ISSUE ENTIRELY, but I have too many daily, weekly calls from folk all over America asking for help or guidance or information or direction on their particular problems. Hence, I thought the best way to answer them was to make this book available to them with current updates. That is part of what I have tried to do in this 2004-2005 edition of The Franklin Cover-Up. I have never spent one penny advertising or promoting this book. However, whatever caused it, it has sold well over 110,000 (One Hundred Ten Thousand) copies. Hopefully, it will do some good for some and give courage to others to Fight Back and Tell the Truth.

John DeCamp

Death of William Colby

(Unkown) I have brought out this new, second edition of The Franklin Cover-Up because the story and its implications continue to have exploding effects upon the American political and social landscape. In the four years since the first copies of The Franklin Cover-Up hit the streets, not only have I and others learned far more about the Larry King political sub-culture of drugs and child abuse, but the circulation of The Franklin Cover-Up throughout the United States has brought many new cases to my doorstep - and some of those extraordinary stories I tell here, in the new, second part of this book. Lastly, earlier in 1996, my dear friend Bill Colby, without whom The Franklin Cover-Up never would have seen the light of day, died, under very mysterious circumstances. This second edition includes my Memoriam to Bill, to whom I now re-

dedicate The Franklin Cover-Up, in renewal of my commitment to fulfill the promises made to him, in the last days before his death.

Film looks at life of ex-spymaster William Colby

retrieved from Reuters and copied or modified to here

LOS ANGELES (Reuters) - When the body of former CIA director William Colby was found underwater near his vacation home in Rockpoint, Maryland 15 years ago, no one suspected murder, but his son Carl Colby has never ruled it out.

In May 1996, Colby went missing for eight days. He had gone canoeing, and is believed to have fallen into the water and drowned or suffered hypothermia. The cause of death was always thought to be a heart attack, but there can be little doubt Colby made plenty of enemies over the years.

“You could say the best way to get rid of a body is to throw it in the water because you can’t see any signs of abuse or injury,” Carl told Reuters. “Everybody in our family always wore a life vest, so why would he not wear a life vest?”

In fact, Carl is not certain what to make of his father’s death -- murder, suicide, accident or fate. Nor does he know what to make of his father’s life -- hero, victim or villain.

But he went looking and the result is his documentary, for which he interviewed former U.S. government officials such as Donald Rumsfeld, Robert Gates and James Schlesinger, along with journalists like Seymour Hirsch and Bob Woodward.

SEPT. 11, CHURCH COMMITTEE

Carl Colby finally decided to make a movie about his father on September 11, 2001 after former Secretary of State James Baker traced the attack back to the Church Committee hearings of 1975 investigating abuses by the CIA, claiming it crippled the organization's ability to collect intelligence.

Williams Colby's testimony before the Church Committee became pivotal when he revealed the CIA's "family jewels," a series of clandestine and illegal activities such as secret prisons, warrantless wiretaps and assassination plots.

"He would come home and I'd say, 'You're spilling the beans! You're volunteering information they're not even asking you for!" remembers Carl. "He said, 'So they'll learn about these secrets. Place needs a housecleaning.' He ended up taking the heat and falling on his sword but he saved the agency."

"I felt a lot of respect for him around the times of the hearings because he was doing the unpopular thing and he was vilified," notes Carl. "The conservatives thought he's giving away the farm. The old boys hated him at the agency. He was sort of a man without a country."

In 1976, William Colby was replaced as CIA Director by George H.W. Bush. Among the first things Colby did was divorce his wife of 40 years, remarrying a few months later. Carl recalls a family member asking his father what was more important to him, his family or his career. "He didn't even bother to lie," laments the filmmaker.

Toward the end of his life, William Colby learned of an old friend found under a bridge suffering from

Alzheimer's. "He said, 'that's never going to happen to me,'" remembers Carl. "One day you're just going to hear that I was walking on a goat path in the Greek islands and I fell to the sea."

Although questions still surround his father's death, Carl feels it was just as likely a case of suicide as murder. "He lost Vietnam, he lost his job, but I think he felt like he wanted to be the master of his destiny," Carl said. "He would have loved to just fade into the distance like the fog."

Editing by Bob Tourtellotte

Our Standards: The Thomson Reuters Trust Principles.

Trust Principles - the history

The Trust Principles were created in 1941, in the midst of World War II, in agreement with The Newspaper Proprietors Association Limited and The Press Association Limited (being the Reuters shareholders at that time). The Trust Principles imposed obligations on Reuters and its employees to act at all times with integrity, independence, and freedom from bias.

Reuters Directors and shareholders were determined to protect and preserve the Trust Principles established in 1941 when Reuters became a publicly traded company on the London Stock Exchange and Nasdaq. A unique structure was put in place to achieve this. A new company was formed and given the name 'Reuters Founders Share Company Limited', its purpose being to hold a 'Founders Share' in Reuters.

The legal structure has evolved over time and the Founders Share and other contractual arrangements now

confer a number of special rights upon the Thomson Reuters Founders Share Company. For example, (i) the Thomson Reuters Founders Share Company has enhanced voting rights in circumstances where someone is seeking to obtain a significant shareholding in, or acquire control of, Thomson Reuters and (ii) the prior consent of the Thomson Reuters Founders Share Company must be sought prior to undertaking any sale of, or other material transaction involving, the Reuters news business unit.

Thomson Reuters itself is obliged and committed to apply the Trust Principles to its operations. The charter documents of Thomson Reuters Corporation include provisions to safeguard the Trust Principles as they apply to the Thomson Reuters business and require Thomson Reuters Directors, in the performance of their duties, to have due regard to the Trust Principles, by the proper exercise of their powers and in accordance with their other duties as Directors.

The Trust Principles are:

1. That Reuters shall at no time pass into the hands of any one interest, group, or faction;

2. That the integrity, independence, and freedom from bias of Thomson Reuters shall at all times be fully preserved;

3. That Reuters shall supply unbiased and reliable news services to newspapers, news agencies, broadcasters, and other media subscribers and to businesses, governments, institutions, individuals, and others with whom Reuters has or may have contracts;

4. That Thomson Reuters shall pay due regard to the many interests which it serves in addition to those of the media; and

5. That no effort shall be spared to expand, develop, and adapt the news and other services and products of Thomson Reuters so as to maintain its leading position in the international news and information business

Thomson Reuters Founders Share Company was established in 1984 when Reuters became a public company. The directors of Thomson Reuters Founders Share Company (known as 'Trustees') have a duty to ensure, to the extent possible, that the Trust Principles are complied with.

The Trustees are experienced and eminent people from diverse arenas in politics, diplomacy, media, public service and business. The Trustees are selected by a nomination committee and proposed to the board of the Thomson Reuters Founders Share Company for appointment. The nomination committee assists in scrutinizing candidates' suitability and its members include two persons appointed by the chairman after consultation with the European Court of Human Rights and representatives of certain press associations. The Thomson Reuters Corporation board has two representatives on the nomination committee. The Chairman and Deputy Chairman of the Thomson Reuters Founders Share Company Board are members of the nomination committee, and the Chairman appoints three other directors of the Thomson Reuters Founders Share Company as members of the nomination committee. The Chairman of the Thomson Reuters Founders Share Company acts as chairman of the nomination committee.

The number of Trustees has to be at least 14 and not

more than 18. Trustees have a minimum of two meetings per year, and receive reports on our activities in the different fields in which we operate (including Reuters news). The Trustees meet with both the Thomson Reuters Board and representatives of senior management. Through Thomson Reuters Founders Share Company's Chairman, regular contact is maintained with our company. The relationship is one of trust and confidence.

Independence of Thomson Reuters

Customers across the world depend on us to provide them with reliable and objective news and information.

This means that we have a special need to safeguard our independence and integrity and avoid any bias which may stem from control by specific individuals or interests.

The Thomson Reuters Trust Principles were adopted in 1941 and include the preservation of integrity, reliability of news, development of the news business, and related principles.

Today, the Trust Principles are fundamental to our entire business.

Gunderson takes on Money Laundering and Dirty CIA Government

Trafficking. Illegal, Repugnant, and ongoing including of Edward Paul Donegan via "pay some other way" grifters racket State-Sponsored sham of the type Ted Gunderson and Jen Moore and I myself have tried to shutdown.

In hundreds of pages on the Gunderson PDF Bush is tied to these operations that include drug running and child abuse. William Colby agrees and in his retirement also fears for his life.

In the United States Campaign Finance Laws should prevent criminal proceeds like CIA backed oil money from buying elections (sorry mom you were right about Citizens United at least partially) and for *Power of Purse* CIA groups should be be off the grid Shadow Government of their own paying for operations not authorized or illegal by illegal funding sources where pesky IGs don't bother you about where the money went or came from.

In http://tedgunderson.info/index_htm_files/Corruption%20Network%20Vol%204.pdf Ted Gunderson uses reprints of major news stories and private sources on MENA, Arkansas, Clinton, and George Bush and BCCI, Drugs, and other CARTEL networking and crime in politics.

Corruption Network Vol 1, Corruption Network Vol 2, Corruption Network Vol 3, Corruption Network Vol 4 are CIA activities including CIA child abuse conducted by CIA backed drug groupies and cult groups all webbed into Psychological Warfare and ties to rebell groups or forming them or grooming them.

It seems akin to USSR finding potential Olympic athletes at

very young ages, these groups seem to stress test and developmentally study CIA planted communities.

Ed Donegan (me) asserts Barrack Obama Jr was a stress test approved part of a CIA family derived from the hidden identity of Glorian Donegan as a result of DNA studies and MKULTRA. This also explains the stress attacks on me the Deep State knowing with Borderline Personality Disorder under stress I could "blow it" and get in a fight and be arrested then NOT be writing my book thus when writing my book I try not to get into fights and keep focused.

The Nugan Hand Scandal: Heroin, the CIA and a gangland war in Sydney (Part One) Plain Sight Productions https://plainsightprod.medium.com/ my profile https://medium.com/@eddonegan

During the 1970s, the Australian-based Nugan Hand bank is believed to have worked closely with America's Central Intelligence Agency, carrying out money transfers for assets which helped further their agenda in the region. As a result, Nugan Hand would help launder the money made by the CIA's contacts in organised crime, including heroin traffickers. For a time, millions were made. When it all blew up however, there would be deadly consequences, as the implicated parties scrambled to limit their exposure.

Nugan Hand Bank retrieved from Spartucs Educational and copied or modified to here

El Secretso

On 27th January, 1980, Frank Nugan was found shot dead in his Mercedes Benz. With his body was a Bible that included a piece of paper. On it were written the names "Bob Wilson" and "Bill Colby". Robert Wilson was

a senior member of the U.S. House of Representatives Armed Services Committee and William Colby was a former director of the CIA.

Bernie Houghton was in Switzerland at the time and he immediately rang his branch office in Saudi Arabia and ordered the staff to leave the country. Houghton also visited Edwin Wilson's office in Geneva and left a briefcase with bank documents for safekeeping. Soon afterwards, a witness saw Thomas G. Clines going through the briefcase at Wilson's office and remove papers that referred to him and General Richard Secord.

Two days after Nugan died, Michael Hand held a meeting of Nugan Hand Bank directors. He warned them that unless they did as they were told they could "finish up with concrete shoes" and would be "liable to find their wives being delivered to them in pieces".

Michael Hand, Patricia Swan, Bernie Houghton and his lawyer, Mike Moloney, spent the next few days removing files from Nugan's office. They also began paying back selected clients. One estimate is that over $1.3 million was paid out in this way.

Frank Nugan's inquest took place in April, 1980. Testimony from Michael Hand revealed that Nugan Hand was insolvent, owing at least $50 million. Hand then promptly fled Australia under a false identity on a flight to Fiji in June 1980. Bernie Houghton also disappeared at this time and it is believed both men eventually reached the United States.

According to one witness, Thomas G. Clines helped Bernie Houghton escape. Michael Hand also left the country accompanied by James Oswald Spencer, a man who served with Ted Shackley in Laos. The two men traveled to America via Fiji and Vancouver. One report published in November, 1980, suggested that Michael

Hand was living in South America. It claimed that he had managed to escape with the help of "former CIA employees".

An investigation by the Australia/New South Wales Joint Task Force on Drug Trafficking discovered that the clients of the Nugan Hand Bank included several people who had criminal convictions relating to drug offences including Murray Stewart Riley, Donald William McKenzie, James Lewis Williams, Malcolm Craig Lord, Charles Robertson Beveridge, Barry Graeme Chittem, Murray Don Newman, Bruce Alan Smithers, James Sweetman, James Blacker, Colin Courtney, Stephen Demos, John Brooking and John Ceruto. According to the records the bank was making $100,000 a year from tax advice. In reality, it was receiving it for money laundering.

One right-wing organization called Accuracy in Media defended the Nugan-Hand Bank claiming it was really an honest but hard-luck banking organization that had been maligned by an anti-military press.

The Australian government asked the Royal Commissioner D. G. Stewart to investigate the Nugan-Hand Bank scandal. The Stewart Royal Commission was published in June, 1985. It stated that the "Nugan Hand Ltd. was at all times insolvent... and flouted the provisions of the legislation as it then stood in that large volumes of currency were moved in and out of Australia".

Stewart went on to blame the dead Frank Nugan and the missing Michael Hand for the illegal activities of the bank. Rear-Admiral Earl P. Yates, William Colby, General Leroy J. Manor, General Edwin F. Black, Walter J. McDonald, Dale C. Holmgren, Guy J. Pauker and Bernie Houghton were considered blameless. Despite the evidence, Hand and Patricia Swan, Nugan's secretary,

were accused of being the only ones "responsible for the shredding of documents". The Crimes of Patriots

In 1973 Frank Nugan, an Australian lawyer, and Michael Hand, a former CIA contract operative, established the Nugan Hand Bank. Another key figure in this venture was Bernie Houghton, who was closely connected to CIA officials, Ted Shackley and Thomas G. Clines.

Nugan ran operations in Sydney whereas Hand established a branch in Hong Kong. This enabled Australian depositors to access a money-laundering facility for illegal transfers of Australian money to Hong Kong. According to Alfred W. McCoy, the "Hand-Houghton partnership led the bank's international division into new fields - drug finance, arms trading, and support work for CIA covert operations." Hand told friends "it was his ambition that Nugan Hand became banker for the CIA."

In 1974 the Nugan Hand Bank got involved in helping the CIA to take part in covert arms deals with contacts within Angola. It was at this time that Edwin Wilson became involved with the bank. Two CIA agents based in Indonesia, James Hawes and Robert Moore, called on Wilson at his World Marine offices to discuss "an African arms deal". Later, Bernie Houghton arrived from Sydney to place an order for 10 million rounds of ammunition and 3,000 weapons including machine guns. The following year Houghton asked Wilson to arrange for World Marine to purchase a high-technology spy ship. This ship was then sold to Iran.

By 1976 the Nugan-Hand Bank appeared to have become a CIA-fronted company. This is reflected in the type of people recruited to hold senior positions in the bank. For example, Rear-Admiral Earl P. Yates, the former Chief of Staff for Policy and Plans of the U.S.

Pacific Command and a counter-insurgency specialist, became president of the company. Other appointments included William Colby, retired director of the CIA, General Leroy J. Manor, the former chief of staff of the U.S. Pacific Command and deputy director for counterinsurgency and special activities, General Edwin F. Black, former commander of U.S. forces in Thailand, Walter J. McDonald, retired CIA deputy director for economic research, Dale C. Holmgren, former chairman of the CIA's Civil Air Transport and Guy J. Pauker, senior Republican foreign policy adviser.

https://www.unodc.org/e4j/en/organized-crime/module-4/key-issues/money-laundering.html the concept you can fake that you are entitle to some benefit so the crimiality of the illegal gain is concealed behind a framework that hides theft in some re-organziation or obsfuscation of facts way in some type of machine created for and influenced to do so.

Criminalization of the laundering of proceeds of crime in article 6 of the Organized Crime Convention

1. Each State Party shall adopt, in accordance with fundamental principles of its domestic law, such legislative and other measures as may be necessary to establish as criminal offences, when committed intentionally:

(a)

(i) The conversion or transfer of property, knowing that such property is the proceeds of crime, for the purpose of concealing or disguising the illicit origin of the property or of helping any person who is involved in the commission of the predicate offence to evade the legal consequences

of his or her action;

(ii) The concealment or disguise of the true nature, source, location, disposition, movement or ownership of or rights with respect to property, knowing that such property is the proceeds of crime;

(b) Subject to the basic concepts of its legal system:

(i) The acquisition, possession or use of property, knowing, at the time of receipt, that such property is the proceeds of crime;

(ii) Participation in, association with or conspiracy to commit, attempts to commit and aiding, abetting, facilitating and counselling the commission of any of the offences established in accordance with this article.

Article 6(1) of the Convention requires that each State party criminalize money-laundering. Criminalization not only allows national authorities to organize the detection, prosecution and repression of the offence, but also provides the legal basis for international cooperation among police, judicial and administrative authorities, including mutual legal assistance and extradition.

The Organized Crime Convention seeks to establish uniformity for the intolerance for money-laundering, which serves to conceal organized crime activity. In article 7, requirements for comprehensive domestic regulatory and supervisory schemes for banks and non-bank financial institutions are set forth, as is strong guidance for cooperation and the exchange of information at the national and international levels to investigate suspected money-laundering activity.

The money-laundering cycle can be broken down into three distinct stages; however, it is important to remember that money-laundering is a single process. The stages of money-laundering include:

- Placement (i.e. moving the funds from direct association with the crime)
- Layering (i.e. disguising the trail to foil pursuit)
- Integration (i.e. making the money available to the criminal, once again, from what seem to be legitimate sources)

The placement stage represents the initial entry of the proceeds of crime into the financial system. Generally, this stage serves two objectives: it relieves the criminal of holding large amounts of cash obtained illegally; and it inserts the money into the legitimate financial system. During this stage, money launderers are most vulnerable to being caught, because placing large amounts of cash into the legitimate financial system may raise suspicions.

The layering stage comes after the placement stage and it is sometimes referred to as "structuring." This is the most complex money-laundering stage and often entails moving the illicit funds internationally. The primary purpose of the placement stage is to separate the illicit money from its source. This is done through a sophisticated process involving layering financial transactions, whose final goal is to conceal the audit trail and break the link with the original criminal activity.

The final stage of the money-laundering process is termed "integration." During this stage the money is

returned to the perpetrators from what seems to be a legitimate source. The criminal proceeds, that were initially placed as cash and layered through a number of financial transactions, are now fully integrated into the financial system and can be used for any legitimate purpose.

Anti-money laundering laws generally require the recipients of funds to exercise the reasonable care expected in a financial transaction. There have been many significant cases involving banks moving money internationally without exercising proper due diligence in knowing their customers or the source of the funds. Given the threats of transnational crime, corruption, and terrorism, many countries have expanded their money-laundering control efforts beyond banks, to include other businesses that might exchange or move large amounts of cash (e.g., check-cashing companies, money transmitters, jewellers, pawnbrokers, casinos, credit card companies, traveller's check and money order issuers).

The Financial Action Task Force (FATF) is an independent intergovernmental body that develops and promotes policies to protect the global financial system against money-laundering. In 2003, the FATF issued an updated set of 40 Recommendations for improving national legal systems, enhancing the role of the financial sector and intensifying cooperation in the fight against money-laundering (FATF, 2003).

The FATF's approach of identifying non-cooperating countries and territories proved successful in forcing improvements in the anti-money laundering and counter-terrorist financing systems of a number of countries. Through financial incentives, sanctions, and monitoring, the FATF has successfully encouraged countries to create and enforce money-laundering laws and to cooperate in international investigations.

Extra Pair Reproduction Families Cabal

The theory I am going to pursue and I think Ted Gunderson did and Jen Moore did and violent criminals have is Inbreeding versus Extra Pair Reproduction.

By 1900 Colonialism was in decline, the USA lost to 1776 and the Atlanta Revolutions in France and elsewhere. These were not simply rebellious colonies seeking better tax or trade or parliamentary terms of relationship with Great Brittian or France. These were philosophical based revolutions seeking a new form of government of an increasingly enlightened base of populations.

To make matters worst just as steam ships and other motor technologies were increasing transportation radio was increasing public speaking audience sizes and the Windsors King Edward VII in 1902 to 1910 LONDON FOXP2 gene.

Increasing Extra Pair breeding in Saudi Arabia, the entire world was a goodf genetic base to study Windsor descendants and also form strong inter-relationships though since a defect was being studied the identities especially as I know from 1025 1926 on would have to stay hidden 1) To hide Royal held defective gene, and 2) Franz Kutchera and the Nazis were gaining steam and a bad reputation as 1940 aproaceed. In the USA secretive family had to stay under hidden identities and this included Glorian Gainey Marilyn Monroe and likely others.

This is also Kamloops Canada, Assasnges Family in Austria, the Bush family, Ford family, Nixon family, Rockefellers, Obama, Mark and Scot Kelley, Ted Cruz Jr and Sr, and others.

Much of this was secretly funded and run in Dr Cameron study groups that abused children sometimes killed them and usually tortured them to gain full behavioral conditions metrics includig stress a problem for Borderline Personality Disorder.

After the JFK RFK assassinations this lines and their records and photos were being harassed by FBI, CIA and other groups.

The Royal family called this Blue Hyndrania (blue vessled flowers) were blue vessled flowers udually did not grow, now planted even into arid locations.

When Regime change was underway and these multe-racial extra-pair (partner in inter group weds descendent of external pair) and the gene propagtion biological and xeonlingquists of grammer coudl ge mapped if you had a guy like Epstein around or Singley Gottlieb, Dr Greenson, or Max Jacobson and of course Donald Barr, Mueller II, and others like the Bush family and Kennedy's too under Joseph Kennedy Sr and his plans for grooming future sovereigns.

Bragging Rights

The English Royals claim great heritage and they offer those pairing with them a common story of connected families as rising to power out of their genetics all around the world, one large family, and will secretly plant those seeds and respect the Houses and claims of the Houses of those ruling lines.

Pretty soon it became at least in Glorian Donegan an unguarded value that got black marketed when it could be used to settle false claims against me and be used by those not me for sex ed lessons in a fraud and identity theft scheme.

This happened on her death and the criminals wanted on the one hand to reallocate into a Family Grow fund of new families and harass Eds life into unfavorable and unwed conditions by fabricated and asset transferring schemes obstruction of justice schemes. It is obstruction of justice to falsify a civil or criminal cliam or use a scheme to wrongly benefit from proceedings by undermining their individual elements of operation, be those elements be factual or procedural. Third worlders are trying to effectively break into the Donegan household by assertions of injury so they can seize assets of the family.

This latter elements is not only a profiteering matter on false allegations it also is a bragging right of people looked down upon now having what they assert is the superior social status over an alleged bigot or predator, myself. This is not the case and the risk posed to me by the actions of these groups is what has long been feared as the straight white male has lost political influence even in defending basic rights and this has occured over decades.

Corruption Network and NDAA

Likely the main source of cancer that ate away at the legitimacy of the USA was asset seizure capabilities under Disposition Matrix and US Marshalls asset usage "four hats" schemes.

Police wishing to infiltrate elite nightclub finance high couture glamorous culture need to look the part. As they chase alleged illegality in those circles they sieze the assets of the drug dealing or high finance criminals (mansions, jewelry cars, yachts, etc.,) and take over the lifestyle under fake identities.

For especially low income groups like Deputy Sheriffs, etc., the hope to gain entry to elite couter world led to faking cases of those who were in disrepute like myself (far right winger) to smear as a criminal, common for the FBI and others to do with "radicals."

Dirty Tricks By PsyOps That Improperly Smear Targeted Individuals to Negative Characteristics or Bring About Negative Outcomes For The Targeted Individual

I have written a lot about guerrilla warfare. I am trying not to repeat myself too much but from each perspective I am writing about in this complex story I do need to return to certain points for those who (like myself) would not like to read my books in full.

Gueirlla Warfare in the Concrete Jungle (Brownshirt Bullies)

Can guerrilla warfare happen in places without much foliage for hiding?

Grant H. -> Guerrilla Warfare is nothing more than irregular forces using ambushes, sabotage, hit and run attacks and other forms of irregular warfare to fight an enemy.

The guerrillas (in Iraq they were known as insurgents and in Afghanistan they are known as the Taliban) ***blend into the population and go about their day to day lives, but then, for just a few minutes, they pull on a mask, pull out a gun and attack their enemy. Then, just as quick, they fade back into the general population***.

If you didn't notice, Iraq doesn't have a lot of foliage over most of the country.

Ed Donegan (myself) adds FBI, CIA, and others use positions in the Concrete Jungle to attack as members of the population working in teams. The simplest attack is food poising and Havana Syndrome attacks are not much more difficult. Other attacks are what I call pie-in-the-face attacks of someone making an inculpating statement to a Targeted Individual and the soundbite being enough when matched with other pieces of fraud and forgery. Even taking a positive act like going to the library to write or read is liability in that the library staff will use children in the area so surround the Targeted Individual as thought the Targeted Individual is a bout to fail another To Catch A Predator test as lynch mobs continue to fabricate and distribute that smear information and I have experienced just that.

Hitler, with an eye to helping the party to grow through propaganda, convinced the leadership committee to invest in an advertisement in the Münchener Beobachter (later renamed the Völkischer Beobachter) for a mass meeting in the Hofbräuhaus, to be held in Munich on October 16, 1919. Some 70 people attended, and a second such meeting was advertised for November 13 in the Eberl-Bräu beer hall, also in Munich. About

130 people attended; there were hecklers, but Hitler's military friends promptly ejected them by force, and the agitators "flew down the stairs with gashed heads". The next year, on February 24, he announced the party's Twenty-Five Point program at a mass meeting of some 2,000 people at the Hofbräuhaus. Protesters tried to shout Hitler down, but his former army companions, armed with rubber truncheons, ejected the dissenters. The basis for the SA had been formed.

Hitler and Hermann Göring with SA stormtroopers in front of Frauenkirche, Nuremberg in 1928 A permanent group of party members, who would serve as the Saalschutzabteilung (meeting hall protection detachment) for the DAP,

The Sturmabteilung (SA) literally "Storm Division" or Storm Troopers) was the original paramilitary wing of the Nazi Party. The term Sturmabteilung predates the founding of the Nazi Party in 1919. Originally it was applied to the specialized assault troops of Imperial Germany in World War I who used infiltration tactics based on being organized into small squads of a few soldiers each. The Nazi Party held a large public meeting in the Munich Hofbräuhaus on November 4, 1921, which attracted many Communists and other enemies of the Nazis. After Hitler had spoken for some time, the meeting erupted into a mêlée in which a small company of SA thrashed the opposition. The Nazis called this event the Saalschlacht (transl. Meeting hall battle), and it assumed legendary proportions in SA lore with the passage of time. Thereafter, the group was officially known as the Sturmabteilung.

Roßbach helped start the Schilljugend, a youth organization, to get rid of "intellectual elements" in the youth movements and instill children with "nationalistic, socialistic, authoritative, and militaristic" ideas.

Propaganda Methods Liking A Person To Wrongs in As Public a Way as can be Created

Use of Schills (Salzburg Schill Youth of the SA) in stores to pretend I am asked for child porn rather than food orther items by putting words in my mouth I did not say will start a fight and with the pretense I do like sexualized minors the Storm of Bullies will be quite numerous.

Classical Liberalism in Me Defamed and Coopted by Leftism

Karen Stewart former NSA employee said her work was stolen from her and she has been discredited and I assert that too.

One of the intellectual parts of me being defamed and coopted is Classical Liberarlism I build around Sir John Milton and Areopgitica the call to restore Free Speech the King was trying to stop in Fuedal England as Milton turned back to classical greek antiquity as I do for a free science, free poltical, and free religious systems.

I favor civil liberties (though have negative views of other races than my own as my preferences and beliefs) and I have fought within the right wing in politics that Liberalism is not Leftism and as Rush Limbaugh says with the wrong meaning of Liberalism "liberalism is a disease." In most cases Leftism of State Power as Social Method contradicts Liberalism and liberty for the individual and individual choices.

I have at least one year of full waking hours in on twitter, in email, and other methods trying to explain to others in the USA of what Liberalism is, Socialism is, Communism is, etc.,

Leftism I(and People of Color in particular) have stuck with the idea they are the liberals and I the Nazi. Being a product of 1950's music and beyond I listened to the Oldies from those days in a bout 50 to 60 playlists in the gym as I went from A1c 13.3 to 4.7. I pushed the music to older males and females (of any race I remember talking to an elderly black woman outside

motel 6 on good diet and music) and that turned in into others being the Coolest Experimental Hippie Music DJ of live music Austin Univerity, Live Music, and SXSW town. Similarly some of my leather lifesytel was studied and adopted to (so they the new DJs and bands of University Town) could protect it from Nazim.

I had never come to Austin to participate in most of or any of those things (I was interested in leather life) but the CIA and FBI have long term interests in honey pots and infiltrator adult sex-worker circles as spy life and I think some espionage units found my music backround a good stepping-stone for that. Similarly they used my trust fund to buy themseleves lessons to stake themselves as not only entrants into the scene but as assumptive leaders of it and with a mantle of power.

The smear campaign that includes I am retarded and holdking delusions is guerilla warfare against me. I think it tied to high power elites and my writimgs they fear.

One way this has worked is "roadblocking" or False Finishes. When a person starts towards something that targeted person will be told the process can not be completed for some reason (a car purchase, lease, Real ID, or anything else) but though the start was real the finish will be false.

In the False Finish the rendezvous point of the end of the process will be occupied by an impostor. That impostor will create what will be said to be the Destiny of the Starter. The False Finisher, an impersonator who completed the race after a runner in some way dropped out will fail a drug test, etc., discrediting the starter.

In my case Marshall or others roadblock me then use a false finish at mock-up locations who will say they are guilty of things and concede to asset seizures. In my case along they way scam artists will act out the appearances necessary to visibly support the false-finish Legend.

This sluch fund operating under the NDAA using in imposter of me to confess to harming others then acceeding to payouts into the slush fund is what Jen Moore and I were turning the tables on, documenting illegal tactics in the USA of illegal FBI and CIA programs of MKULTRA.

This has included child trafficking ICE should have shut down long ago.

The Great Treason, Pillory, Ted Gunderson Bio X, Written By The Right Hand, Majic 12 and the Secret Government

Suggestiveness and Epistemic Levels of Truth Telling

Prouty and Gunderson and Ed Donegan and Jen Moore assert in Ted Gunderson's words "***a sophisticated network of rogue operatives has secretly infiltrated the F.B.I,, other intelligence agencies including the C.I.A, and other key government positions."***

All of us four assert they are Free Masons or that type of global business interest and perspective (or candidates backed by those interests) who take a perspective (as Kissinger suggested) wider than US Constitutional purview,jurisdictions, and authorities.

All of us four have some very well connected Espionage connectedness directly or by family member.

Jen Moore, Ed Donegan and Ted Gunderson asserted their lives were are are in danger from Stalkers, Jim Garrison and Col Prouty were attacked in the press, and hundreds of JFK assassination witnesses including Lee Harvey Oswald (a witness to events and a patsy) have been assassinated.

Ed Donegan further asserts that suggestive information about names and birthdays often has dog whistle tip offs to those who know how to recognize them like in this generation a Roman Numeral III or bird egg ornithology name, and August 4 birthday, a Knight or King name, or something like Ann.

This has held up and been independently report on Deep State Analytics who track CIA Deep State.

> **April 23, 2003 Ted Gunderson letter to George W. Bush (VP was Cheney) from Ted Gunderson**

TECHNIQUES USED TO SILENCE CRITICS …

… Who Document Illegal Unlawful activity (murder, kidnapping and more) of a covert underground criminal enterprise operating at the *highest levels of our Government*.

Ted is from the old FBI, not the new FBI.

www.tedginderson.com

President George W. Bush Apri 23, 2003
The White House
1600 Pennsylvania Avenue NW

Washington, DC 20500
Dear President Bush

On April 3, 2003, I found an intruder (biker type-wearing a head bandanna, leather Jacket, and chains attached to his belt) in the basement of the apartment complex where I am presently staying in Los Angeles. After seeing me, he bolted through the front door of the building and disappeared. I filed a police report. [am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

If anything happens to me, my family, or my close associates- including my attorney (former Nebraska State Senator, John DeCamp), Susan Ford, or other individuals within my informational network, the names of the leaders of the cult/drug network and additional information concerning their activities will be released to the public.

Regarding Mr. Colby, he did not drown and he did not commit suicide- he was murdered, shot in the head.

I have documentation and know that throughout the U.S., operating 24 hours-a-day and 7 days-a-week, there is a Central Command, located within the U.S., with multiple satellite offices, whose administrators can instantly initiate surveillance, phone taps and harassment against any individual in the country.

They have the technology, financing and manpower to dispense illegal surveillance and harassment against anyone at any time, day or might. I have files on numerous cases of active, programmatic, illegal government harassment currently being conducted against thousands of Americans. This makes the F.B.I.'s former COINTELPRO program, which I worked on, including in a supervisory capacity, look like a Sunday school program by comparison.

I firmly believe that most individuals working in the F.B I, other intelligence agencies, and the government overall are honest, law-abiding public servants. However, a sophisticated network of rogue operatives has secretly infiltrated the F.B.I,, other intelligence agencies including the C.I.A, and other key government positions.

This rogue element seeks personal power and wealth and considers themselves above the law and the

Constitution. They are carrying out the aforementioned surveillance and harassment activities in conjunction with organized crime, the cult movement in America including Satanic cults, other commercial and political interests, and even misguided civic organizations and neighborhood groups.

This illegal surveillance and harassment program is being called Gang Stalking and Organized Stalking by the victims targeted by it.

The victims are targeted for a variety of reasons including government and corporate whistle blowers, parties to financial and employment disputes, parties to marital disputes (usually divorced women), and even jilted paramours. Journalists covering controversial issues, and, even attorneys and private investigators representing unpopular clients or interests, have been targeted by this program.

]The program includes break-ins, physical poisonings Ed Donegan and Ted Gunderson reproted and that Jen Moore likely died of.]

In addition to high-ranking members of the F.B.I., other intelligence services, and the government overall, wealthy, powerful members of **criminal syndicates**, multi-millionaires and the **corporate elite** are using the government gang stalking program to harass enemies.

[Many businesses and media signed on to MKULTRA decades ago or are owned by people like Schwartzenegger or major media moguls are at least loyalists to major party polticians.]

They can get a targeted individual harassed for the rest of that individual's life (individual cases of gang stalking lasting for over a decade are common).

> The higher status members of the gang stalking conspiracy initiate the gang stalking and coordinate logistics and funding. Lower echelon government rogue operatives, lower ranking members of the military (in violation of Posse Comitatus), petty criminals and street thugs perform the actual grunt work of daily monitoring and harassment of individuals targeted by the program.
>
> These F.B.I. files contain information responsive to Mr. Labella's F.O.L.A. Complaint regarding the subject of gang stalking. The F.B.I. and other intelligence agencies are administering and covering up the rogue, covert, government criminal enterprise of gang stalking.

Truthers (Edward Paul Donegan and Ted Gunderson and Jen Moore being among them) think the long disdain for Conspiracy theory was contrived by Conspirators and the Conspiracy Theorist camp is progressing from Fringe and into the Mainstream and perhaps so on and Epiphany basis of a Big Bang sudden answer to galaxy of vital and unanswered questions in major centers of history.

Here is what I think the know raw recorded facts of history are in public figures, their locations, statements biographies, etc., what witnesses are or have said, what has happened to wittiness that by itself is telling, what has been increasingly declassified by the CIA and FBI, what technology, forensics, and increasing numbers of histories analyzing the existing and newly discovered records of historical events, and what is suggestive in Media such as themes in movies that were part of propaganda during the cold war and other times by large conglomerates or real-news-services who kept secrets of history at times at the request of government or planted stories on the request of government.

Blending all of these together into a Truther based story-line perspective I will start the hypothesis out with Joseph Kennedy Sr. and follow his affects on the events of history.

In 1902 the British were looking to reduce open conquest of colonies and try instead to claim "the consent of the governed" and have puppet governments "invite Great Britain in" or "chose to remain as a colony."

In Roman Catholic and Irish Immigrant segregated Boston of early 1900s Joseph Kennedy Sr and his wife Honey Fitzpatrick were rare stock. A Harvard graduate and in finance and self promoting Joseph Kennedy Sr in WWI would as a steel company executive supply the Naval Warfare needs of Franklin Delanoer Roosevelt so reliably the wartime effort of torpedo warfare and mass shipping of the Industrial Age World War made FDR a believer in Joseph Kennedy Sr, a belief that would keep JKsr loyal to FDR as well.

During this time or rather just following WWI some interesting times were unfolding in Europe about 1925. King Edward VII who ruled until 1910 had a syndrome called Minimal Brain Disorder making him emotionally volatile among other affects. The Royal family had decided to expand the interbreeding gene pool more globally for several reasons one was a larger more cohesive royal kingdom it assured the world that could keep the peace.

In 1925 it is likely a Windsor after the Kings Speech on British Imperialism in 1925 impregnated Maria Kutschera who thus left the convent at that time, and the children were moved to or more likley were born in the USA.

A Paul McCartney song suggests Admiral Halsey did a favor for Prince Albert, uncle of a child, still a bun in the oven, for a location across the ocean for the new child or children.

One of probably 3 daughters perhaps at one time or mixed with other genders and other birth years was Marilyn Monroe who was given a fake background, no real story of a father, and a fake mother and Joseph Kennedy Sr had really overseen her care in an orphanage across from his RKO propaganda studio.

The evidence suggests a real CIA officer Norman Hodges who as would be expected used a fake picture assassinated Marilyn Monroe because part of a Joseph Kennedy Sr and John F. Kennedy and Robert F. Kennedy plan was to continue overthrow of governments and US puppets with hidden ties to the USA would be created as Agents of Influence to plant in politics around the world, a plan Marilyn Monroe was about to go public with.

The evidence suggests Monroe had Borderline Personality disorder and an Austrian doctor treating it with Meth Dr Jacobson killed her, but a more friendly Dr Greenson and RFK had tried to calm her that night and prevent a public outburst from her to the press.

Reports are the the Kennedy family caries that gene researched for generations and JFK himself received meth and other injections for various conditions. Rosemary Kennedy had a lobotomy the wrong but experimental attempt to tame her volatile mind.

It is probable that the known plans to overthrow Sukarno of Indonesia launched by V.P. Nixon's secret plan to win the cold war including grooming an Agent of Influence who could politic or participate in academics or business in Indonesia or Polynesia, Barrack Obama Sr, son we are told of CIA connected Barrack Obama Jr of Kenya who went to Harvard on in internationalist invite and participated in CIA activities.

Cover stories it seems suggest Malcolm X., Marilyn Monroe, and Glorian Donegan, my mother who was raised on a CIA created secret identity might have been part of Barrack Obama Jr. creation, even biologically as the Donegan family underwent medical testing during atomic blast Nevada test ground tests.

The two year developmental mark I think suggests Barrack Obama JR did not show FOXP2 and I Edward Paul Donegan did, and various factors rightfully inflamed JFK. James and Glorian's son Edward did not make the CIA grooming cut, the

criminal element did, the Vatican itself was betraying JFK, Marilyn Monroes has been assassinated by the CIA to hide the entire plan, and it was time to get rid of the CIA and assassinations.

The assassinations group held too much of the national security infrastructure and firing Bissle Jr. USAF Cabell, and Alan Dulles but leaving James Jesus Angleton, John McCone, Lansdale, and many others left JFK vulnerable to a bloody coup det tat.

Those in the regime change plans continue to gain influence in the world and US and that included LBJ who created the East-West Center, the Schrivers of Peace Corp, Nixon himself, George H.W. Bush, the Rockefeller's, etc., and NGOs, Dean Rusk just continued on until their controlled opposition Democrat creations came into power Barrack Obama Jr most prominently.

The evidence suggests Obama Jr. disappointing many Edward Snowden (and Edward Donegan) when promised reforms never materialized and NSA and other programs gained in strength.

The evidence suggests Malcolm X was part of the FBI CIA plans and he and Dr King and Dorothy Kilgallen were silenced by British Empire activists so the plans of subversion and overthrow would remain secret.

Death bed confessions on the JFK hit include E Howard Hunt to St. John Hunt, Charles Colson, and photographic evidence and allegations supported by primary evidence from CIA connected Col Prouty.

John Fankenhier made a movie about a Manchurian candidate and RFK was killed at that time, likely as RFK was learning too much about how his brother died and Don Nixon brother of Richard Nixon was trying to get RFK to the atomic proving ground likely for soothing about the story-line.

The evidence suggest Donald Barr, Esptein, William Barr, and

many Bush family elements were the driving force of this all, and the fathers of William Burns were part of the assassination run out of PsyOps safe-house with at times LBJ in it, and LHO was a patsy.

Much of the data supporting the above is books other than mine; often the authors of the books reported on by CSPAN Book Notes where diverse and antagonistic views of the US history an the Vietnam War were not reclusive to in depth interviews with the authors.

I have said the Donegan piece (my family history) is part of that history and the violent and continuing attacks on my documenting that is also suggestive in that is is like other data from JFK assassination witness of a Deep State threatened by my story telling of my family and Jen Moore telling the OSS CIA story of my family.

Sexually, religiously, and even nationalistically Abusive Rough Noise to Disrupt and Confuse and to incite conflict and blow-back

The occurrence of intense Noise bivariates with my writing my book about public officials and the US Government as do break-ins to my home office and harassment of my renting and leasing.

In statistics, bivariate data is data on each of two variables, where each value of one of the variables is paired with a value of the other variable. Typically it would be of interest to investigate the possible association between the two variables. - Wikipedia

The story of who Glorian Donegan was had been known in full by Tom Donegan, now deceased, and partially by Ed Donegan (myself.)

I believe that as what Jen Moore said is true, going all the way back to WWI and post WWI, the study of LONDON KE FOXP2 (FOX protein-2) gene, and Borderline Personality Disorder cloaked in mystery is part of thinks like Boys Town by the Vatican, and as Lee Harvey Oswald said long term secretive study by the Vatican and others in secretive concealed identities, on of those families tied to Von Trapp history is the Donegan's.

The facts I assert tied to this is mostly in the other books I have written on my birth and what the Kennedy family proximity to events in Boston and Los Angeles County suggest to me the secret identity of my family allowed for it be a basis of "untraceable" future events, future leader, until Familial Databases tracking families distant family members came about, and the mitochondria and other genetics of my family had to be explained as "settlement of debts" that are being faked sine the DNA will be found anyway and this is possibly the reason Judge Roll was assassinated because that research was in his area and also asset seizure of DNA to settle debts was legal theory he was asked to rule on.

Leaks from Russian intelligence also suggest this, actually state it, but we can downgrade that like all second hand reporting and remotes sources as "data suggests.

Still the cumulative evidence is growing to support not only as an available explanation but the only available explanation.

Post 1902 British Theory of Ingress

In 1902 and before Cecil Rhodes plan to rule the world was mostly overt and mostly involved columns of marching troops, often private and taking orders from chartered British Companies authorized to control savage areas of the Earth with military force.

Following 1902 and the death of Cecil Rhodes and his Secret Society that commanded British plans around the world they went to more covert forces rather than uniformed.

Success was not in much doubt in English Royals but it was in republics and this was the weakness Aristocracy targeted in republics.

Salons in the Age of Reason were an attempt at self rule as people gather in groups and in newspapers theorizing about life, science, history, engineering, etc., and proposing self rule.

The British realized as these educated groups sough to self rule under their own theories and voting controlling the public discussions by controlling the press, controlling businenessed, sceince, education, and even churches became the goal.

Great Britain had troops but it had cash too and that was the best use of warfare for the soft targets, Heads of State offices in the USA that if controlled meant control of everything under the HEad of State and the people thought they were still self governing and they were still in a republic.

In the midst of this likely Lady Bird Johnson on their behalf started "gardening societies" of British family members under hidden identities that were being raised as possible Agents of Influence in the USA and around the world.

This plot existed in the Kennedy adminstration and JFK was going out it. He was assasintated first but many such British and Press Corp backed peope like William Barr, Robert Mueller, the Bush, Obama, and other families still rule the US wish PscCorp support.

One such place was in North Carolina where my mother and her family were from, plaed there in an underground railroad of Windsor Kutschera children studied for reasons of Psychology.

Nice Rats, Nasty Rats: Maybe It's All in the Genes
retrieved from https://www.nytimes.com/2006/07/25/health/25rats.html and copied or modified to here

By Nicholas Wade July 25, 2006

> Studying the genetics of domestication, Dmitri K. Belyaev developed colonies of silver foxes, river otters and minks, as well as rats, starting in 1959.

> Studying the genetics of domestication, Dmitri K. Belyaev developed colonies of silver foxes, river otters and minks, as well as rats, starting in 1959.

> …

This is true of Borderline Personality Disorder Prince Albert of York had and showed in 1925 in his speech, and earlier in his childhood, the younger brother of King Edward VIII of Wales.

Colonies of Kutschera or Windsor genetics or both have been under study of scientists. Now they are being wiped out, places like Jonetown or maybe even Boystown Nebraska.

Jen Moore commented on the Hidden Identity Rat Line of the Donegan's and Boderlines, and I think our genetics were used in other secretive impregnation Barrack Obama Jr included in that.

For those that survived early childhood testing Defense intelligence Agency was ready to groom them under often serialized public records with false background, backgrounds created to hide the fact they were CIA creations.

I think Barrack Obama Jr is 022-46-3234 SSN in between my brother and me.

With enough fame, money, publicity, and NWO friends behind these manufatured children the children could become agents of influence around the world steering the psychology of republics.

Jen Moore Ed Donegan and Ted Gunderson on being a Targeted Whistle-blower

Marie of Romania and Mary of Tek aren't probably the same but there were in the same circles and out of wedlocks are hard to trace between them.

"Conference calls: (Farmer Jones: MK Ultra, Nazi Germany, Freud, OSS, Dulles, Black budgets, Alister Crowley (MI5), Jack Parsons, NASA, L. Ron Hubbard (CIA) Scientology, Babylon Working, Pedophilia (sex abuse to study child), Child Trafficking [in underground railroads], Blackmail, & evil." Text label Jen Moore left on the video The Whistle-blowers: Interviews about the darkness inside.

What is she leaking in this video?

> …
>
> It really goes into all the way back to World War I it goes into MKULTRA goes into child trafficking. [Children the Vatican, Presbytarians, others moved around the world for the elites and gavev new identities and cover stories, much like the underground slave rescue networks but for Nazi Germany or funded bastard children of the Illuminati whos care would be paid for or arranged for]
>
> It goes into the kind of philosophies behind it the reasons the motivations leads into Nazi Germany and the formation and the CIA how the MKULTRA programs and various mind-control programs and pedophilia.
>
> And child trafficking and really these horrible ratlines

> and drug lines and things like that were brought into our country under the Color of Law but in black budgets the different people that were involved different identities that were changed
>
> …

Ed Donegan asserts in 1910 and during WWI Undersecretary of the Navy and others (Admiral Halsey) worked with ALbert of the English Crown to work on something that likely came into Queen Victoria's line through Mary of Tek, and area in Central Europe.

"Albert" in the play Mary Poppins seems to have periods of highs and lows but it not Bipolar Disorder at all. So what was it? People wanted to research FOXP2 Minimal Brain Disorder that includes ADHD like poor regulation of emotions and intellect, let them work in sort of floaty way like the old "boat" Cadillacs or other large wheel base luxry cars of the 1970s with a lot of play in the power steering taking the feel tight syspension on the road away.,

By 1925 this was a serious issue and out of wedlocks of Windsors became more common .. under common names, changed identities.

With Maria Kutschera it was quite simple. The Prince (likely a Windsor) and the showgirl (Likely Maria Kutschera) had children then she married Captain Von Trapp and wasn't really tied to SS Franz Kutschera and the name he left in WWII as he worked with Heinrich Himmler in the Death Camps.

Various "rat lines" were brought into this country from Nazi Germany. MKULTRA? What is a rat line? In psychology (ones that get really psycho pissed off at times rather than proportionally so) they study "nasty rats" rats that might fight. Or volatile personalities. In Humans. And Borderline Personality Disorder families often showing ADD, Dyslexia

cluster symptoms, learning disabilities often without effect on normal occurrence of IQ, but hindrance to studying, grammer, etc., thus the entirety of the chain of success factors has week links thus poor gradese, etc.,

…

okay I'm gonna do another quick video here I'm holding in my hand something that I have actually on my kind of my avatar(her Tracy PD police badge also used as her avatar on Youtube Task Force) I guess you could say holding a badge was my badge it meant and means the world to me although I'm not currently in this position anymore.

I did spend a lot of years doing this and the oath that I took to my state in my area in my country meant everything to me from the day that I rose my right hand and to the last day that I was able to work and so why I'm doing what I'm doing now is because there are many of us out there in this country that wear these badges whether it's federal state local city role different agencies that wear badges that we swore an oath to to our country in to the citizens to protect and serve them.

Why did you become a whistle-blower? most of us believe it or not really care and really stand by the things that we do and we make the decisions based on morals and ethics and an attempt to get justice for the people that were sworn to protect that's what my swearing-in was about that's what I lived and died by and I have since the day I could no longer work although many of us many of us are silenced.

we are the whistle-blowers so the sort of the hidden whistle-blowers that are silenced and targeted for speaking out about what we see going on or going wrong it's been taking a stand.

And so what I am my journey has been is to help other whistle-blowers as well as myself to tell the true story and what's going on in our country to the American people What is your mission to tell the true story about the people that wear

these badges that have been squashed and silenced because we refused to turn a blind eye to some of the things that have gone on in our country in our states in our cities and things like that.

So I'm with a group of a lot of are connected to a group a lot of whistle-blowers who are also *targeted individuals* and there are other people that are *targeted for speaking out* soldiers and different government workers and victims.

It's a it's a very very harsh and sad story of what what happens to us and maybe sometimes we can't even get into more details about that but for now I've been telling a series of interviews on a little bit about my history but what what I learned through that and what I learned also through training in.

…

Jen Moore knew highly illegal break-ins, con jobs, money laundering, and sleeze bag operations were setup by corrupt officials and part of all that was basically allowing Mafai predation upon a Target (Ed Donegan and his mother's trust fund) with manufactured and baseless life destroying allegations.

Geral W. Sosbee FBI Special Agent 1971 -1978

Marie of Romania was considered highly attractive in her youth and she had several young men vying for her hand in marriage, however one young man had already stolen her heart - George, Duke of York. Marie had known George for the majority of her life since he was also in the navy and had been a frequent visitor of the family while they were in Malta. George seemed to be just as fond of Marie, and when the prospect of marriage was raised, Albert Edward, Prince of Wales (later King Edward VI of England as he marries Queen Victoria) and Queen Victoria heartily approved of the match. Unfortunately, the same couldn't be said of the Alexandra, Princess of Wales and Maria who had a long term enmity towards each other. When George proposed to Marie, she reluctantly turned him down and hoped they could remain friends. Its complicated, some of these might be the same people, but teh Romania language Sosbee was asksed to specialize in by the F.B.I might cover documents from this 1902 to 1910 era of London' Monarchy where this gene reserach began on Normal Jeans people in the USA were wacthed to understand the genes.

"*The F.B.I and C.I.A are Terrorists*

Sosbee v. U.S. Department of Justice with added later added lay textual annotations, 14 F. App'x 926, 926 (9th Cir. 2001) ("14 Fed.Appx. 926 (9th Cir. 2001) Geral Wayne SOSBEE, Plaintiff-Appellant, v. UNITED STATES DEPARTMENT OF JUSTICE; et al., Defendants-Appellees. No. 00-56179. D.C. No. CV-00-05910-R. United States Court of Appeals, Ninth Circuit. July 23, 2001 Submitted July 9, 2001.

NOT FOR PUBLICATION. (See Federal Rule of Appellate Procedure Rule 36-3)

Plaintiff asserted constitutional violations by United States

Department of Justice, Federal Bureau of Investigation, and individual federal agents in their official and individual capacities, alleging a terrorist campaign against him that included home invasions, car invasions, and chemical plantings in his food.

The United States District Court for the Central District of California, Manuel L. Real, J., dismissed the action with prejudice.

Plaintiff appealed.

The Court of Appeals held that: (1) agencies, and individual defendants in their official capacities, were immune from the suit, and (2) allegations did not support an action against the agents in their individual capacities.

Affirmed.

Appeal from the United States District Court for the Central District of California Manuel L. Real, District Judge, Presiding.

Before KOZINSKI, T.G. NELSON, and TALLMAN, Circuit Judges.

MEMORANDUM Geral Wayne Sosbee appeals pro se the district court's order dismissing his action with prejudice and denying his motion for a preliminary injunction.

Sosbee's action alleged that defendants waged a terrorist campaign against him that included home invasions, car invasions, and chemical plantings in his food.

We have jurisdiction pursuant to 28 U.S.C. § 1291. "The courts of appeals (other than the United States Court of Appeals for the Federal Circuit) shall have jurisdiction of appeals from all final decisions of the district courts of the United States."

We review de novo dismissals of complaints without leave to

amend. Whittington v. Whittington, Page 927. 733 F.2d 620, 621 (9th Cir.1984). We review for abuse of discretion of the normal realm of jurisprudence level in fair rather than perfect orders of a grant or denial of a preliminary injunction. Gorbach v. Reno, 219 F.3d 1087, 1091 (9th Cir.2000) (en banc).

We affirm.

The district court did not err in dismissing Sosbee's claims against the United States Department of Justice, the Federal Bureau of Investigation, and the individual defendants in their official capacities because agencies of the United States and federal agents in their official capacities are immune from suit for constitutional violations. See Vaccaro v. Dobre, 81 F.3d 854, 857 (9th Cir.1996).

The district court did not err in dismissing Sosbee's claims against the individual defendants in their individual capacities because Sosbee did not allege their personal involvement in the constitutional deprivation, or a sufficient causal connection between their wrongful conduct and the constitutional violation. See Hansen v. Black, 885 F.2d 642, 646 (9th Cir.1989).

The district court did not abuse its discretion in denying Sosbee's motion for a preliminary injunction. See Foti v. City of Menlo Park, 146 F.3d 629, 634 (9th Cir.1998). Sosbee's remaining contentions are considered and rejected. AFFIRMED.")

The Chronology of the People on the Book Cover Tell The Story of This Book

And this book is about Ted Gunderson and Jen Moore's heroism in the face of danger patriotically exposing powerful figures in Espionage, politics, religion, and law who have access to killers and have something to hide, murders and assassinations in allegiances as old as WWI and Undersecretary of the Navy FDR and Joseph Kennedy Sr days, King-making with the Great Britain mapping out the globe.

I am going to start with what is actually in the front pages of my other book and copy it to here introducing it as I do. The material shows Jen Moore and I acting together in recent years explaining the Hidden Identities tied to the Donegan family. My father James Paul Donegan of Dorchester Massachusetts of Roman Catholic immigrant family, much like Rose Fitzpatrick JFK's mother, Jospeh Kennedy Sr's wife, starting out poor and experience discrimination. He makes it in the Army Air Corp of WWII and is part above ground atomic testing in Nevada, then on to atomic bombing of Hiroshima and Nagasaki RECON P-51 pilot. In the Korean War in Atsugi Air Base Japan run by the Navy and FBI and CIA is is air interceptor f-86 Jet Pilot looking for inbound Russian Migs and Russion or Korean troops on the ground 1952 to 1957 and JFK and Jacqueline marry 1952, Denton possibly, and James Donegan and Glorian Gainey mary 1952 Denton N.C. possibly.

Glorian starte in North Carolina born 1926 it seems to Maria Kutchera who was impregnated by Prince Alber or Prince York, them in 1925 continuing to show the gene of Albert of 1902 - 1910 London KE VII and Borderline Personality Disorder, various complex ways of looking at extreme ADHD under differing names.

This information and Maria Kutschera at Hitler's feet in the Eagles Nest, Barvaria Austria near Salzburg, is the Von Trapp

and General Kutchera and Himmler story of the Nazis and Dean Rusk Rockefeller and Methodist helping get children in the US as the Vatican did as Nazins rose in the 1920s.

Ted Gunderon who investigated JFKs death over the years will get wind Vatican had a role, and so did the CIA, FBI, and US Military, and this Cabal was responsible for other crimes.

They were operating through secret Satanist and other fronts killing or kidnapping children. This in fact dated back into the Family Jewels Program William Colby wanted to fully expose to the public. That program was using Vatican and other groups to help study those who came into the US in changed identity underground railroad families.

In various locations of the books I show PCR and RFLP really come into significance in the 1980s and it seems the hidden identities can't be kept secret easily anymore. The Donegan's have artifacts tied to the JFK role, and the CIA is releasing files as Prouty did on CIA plans for Indonesia, Ukraine, and other locations around the world including Cuba.

To make mattes worse movies had these story lines in them and they are matching the released documents.

What is to hide today, and why would children or reporters be kidnapped or killed, or government officials? JFK was killed by a British leaning Wild Bill Donovan Dulles Brothers United Fruit Company world business plan that was an interwoven overlay for global western interconnections laying over the nations of the globe like a blanket or fabric made out of the nations in a world quilt.

For John F. Kennedy this was a plan to enslave us all to the worst of Great Britain foreign policy measures and colonialism plans. The Military in the Cold War was free mason influenced and accepted the plan.

The great secrets of today are that the Donegan's were via

Prouty's role with the Donegans and in Regime Change among the Roman Catholic hecklers who wanted to hold to US and independent nations sovereignty but were over-ruled by assassination.

The plans started before the assassination and continuing after the assassinations was those of secret connections to out of wedlock Windsors (that most are proud of) and in the same family lines to out of wedlock Kutschera's (that part hidden by the elites) these new leaders for a new century are CIA creations of an eclectic at best source of 1920s leaders, some who went on to (on the General Kutschera side) to genocide. And with good bio-lineoage or not rose to the Presidency or Vice Presidency, the CIA chieftains, or Presidents presiding over the CIA, after having killed JFK and RFK, those like the Bush family, or now some Democrat leaders who were part of Cold War free mason mixing of DNA and births.

Not everyone will believe this but that is in part because so many assassinations have been conducted like the assassination of Lee Harvey Oswald, and the media have so discouraged the story, and GangStalk fixer teams have impeded the lives and credibility of law enforcement and connected families.

Introducing the 3 Kennedy Assassination sources

- **Col Fletcher Prouty** Wrote Guns of Dallas, VP Nixon Indonesia 1958, became basis of JFK movie by Oliver Stone and same book introduced by Jesse Ventura. Ed was in Donegan family as friends of Prouty but as child too young to understand it all.

> **Specific Contributions** Col Prouty wrote about Big Business and disputes between

Nixon controlled Los Angeles Aerospace and LBJ controlled Texas Aerospace, and the Military Industrial Complex generally, regime change, and to over throw Indonesia and the entire world with a CIA Coup De Tat.

Prouty was an insider to the Eisenhower-Nixon 1950s CIA overthrow plans and later in the JFK admin in the same role. His books most notably were JFK: The CIA, Vietnam, and the Plot to Assassinate John F. Kennedy and the very similar book The Secret Team: The CIA and Its Allies in Control of the United States and the World the latter being team of big business buddies tied of world commerce and CIA plans for that activity.

He also wrote articles such as The GUNS of DALLAS published separately showing the CIA killed JFK and he also wrote Indonesia 1958: Nixon, the CIA, and the Secret War showing from his own work the plan to overthrow Sukarno with Suharto and that plan underway in 1958 as Eisenhower signed off on it in 1957. This was one of the Secret Teams Secret Wars.

Edward Paul Donegan and the Donegan family are also connected to this peice as was the birth of Barrack Obama Jr under CIA plans for Indonesia.

- **Ted Gunderson FBI picks up trail** The well placed well informed Ted Gunderson suspects an inside job of big businesses as Prouty said, and is correct but dies under FBI harassment.

Specific Contributions Ted Gunderson was an insider to the Kennedy administration certainly to Robert F. Kennedy as an anti-mob anti rackets FBI agent and later investigator of the JFK assassination. Likely he knew Dorothy Kilgallen and was a source for her. His works were on World Global Business of corruption, sex workers, Illuminati parties of Free Mason groups, drug dealing, etc., and how the NWO big business keeps troops loyal in corrupt Cabal. He considered these activities and form of organizations Satanic in their principles and practices many of whom use that in logos such as Roths Childs "devils children" for whatever sense they are their logos mean that.

Ted Gunderson realized some master plan for some reason included Marilyn Monroe, McMartin child abuse, Jeffery McDonald's family, Sunny Bono, and others.

https://youtu.be/GeUZE0Exd90?t=6225 Chip Tatum - Black Ops Interview with Ted Gunderson Rockefellers Rothschilds buy their candidates into office, George H.W. Bush wanted a CIA kill of Ross Perot. Gene Chip Tatum IS former CIA, wrote several books include the CIA "Mule" Mueller. Edward Donegan and Deep State Analytics EACH separately confirm it, Ed by DuPont history connected to Gainey family, and by names used.

Ted Gunderson Report On Micheal Riconosciuto https://music.amazon.com/podcasts/a0306dc6-c46b-42c4-9e10-ecef0e00937a/

episodes/141d9d77-3331-4227-bbb1-95f8920864c3/penelopenicia-net-ted-gunderson-report-on-micheal-riconosciuto as always Ted Gunderson has EXTENSIVE CIA and other contacts, Riconscuito is one. The CIA operative outed CIA operations and was framed and called a mental defective not competent to face trail, his assertions of CIA were later backed up before competency finding, vindicating him and thus inclupating the plot against him.

148 PAGE File w/ Exhibits INCLUDED read aloud by Penelopy from bad handwriting of a prisoner, Riconscuito. Liek Charles Harreslsone stating he was part of team that killed JFK, Riconscuito's claims about CIA Deep STate are rejected by FBI DOJ. Ted Gunderson worked as private detective for Risconsuito in the case.

- **Ed Donegan in combination with Jen Moore can complete the entire picture.** The DOnegan family OSS CIA history is where the conspiracy grew out of, grooming CIA FBI projects for anti communism during the Cold War the CIA wanted, now those big business families have moles and sleepers still in power still alive or as second generation civil servants.

Specific Contributions Behavioral Research familiar Jen Moore and Ed Donegan who are insiders to Donegan family history recognize FOXP2 Minimal Brain Disorder, Borderline

> Personality Disorder, problems with neuron-regulation. The Tavistock Institute, Dr Cameron, and Rockefeller Psychiatry have in interest in these genes and many powerful families carry and talk about them. VP David Rockefeller will talk about attention deficit like problems in school and let people know it something that can be overcome. The Donegan's carry this gene, Glorian Donegan and Edward Donegan, and that comes from Maria Kutchera who carried it and the Windsors who also carry it and research on it in early childhood.

These observation together confirmed by historians is Eugenics research tied to the Bush family, LBJ, Rockefeller's, and others, and secretive brain research pre and post WWII, and the generations of people involved in it and secret identities or histories of families like Arnold Schwarzenegger or perhaps many others who have FOXP2 and a collection of symptoms in a group not always identically but in an overlay of likely-hood per symptom if the syndrome is present at all.

Edward Donegan and more vaguely Jen Moore assert some elite families and Barrack Obama JR likely were part of secretive testing of possible future leaders IF FOXP2 did not show and grew up under hidden identities created under MK-ULTRA and the assassinations and overthrow plans including for Indonesia.

Edward Donegan notes his father leaving Catholicism and Vatican participation in Regime Change as Paul Williams points out in Gladio the unholy alliance between the Vatican and the Mafia (mobster irregular armies of civil war.)

Rather than read the existing literature on this matter

(YouTube and bitchute videos, conference calls recorded, substantiating books such as *The Devils Chessboard* (Talbot about CIA plans under Dulles Cabell and others) and other works or again repeating already cited public records supporting Ed Donegan and Jen Moore's assertion of the Deep State this document only calls attention to the existing data and and refers the two statements, Jen Moore's and mine, to some future prosecutor or member of the press.

Jen Moore (along with Ed Donegan and Ted Gunderson) have asserted she or we would be and others might be "Silenced" (Silence of the Grave) and I assert she was attempts have been made to afflict such egregious injury to me in my life in Conspiracy Against Rights murder or attempted murder charges and obstruction of justice charges are easily due on any number of statues but probably best fit under Title 18 USC Chapter 73 used with Jen Moore and I facing attempts to Silence us and other witnesses.

We should think here about three witness to one fact and three witness to separate columns each holding up a single theory differently for this latter piece is the Prouty, Gunderson, and Jen Moore Ed Donegan combo.

Ted Gunderon was FBI with insider information. Jen Moore was psychology and ex-police. Ed Donegan is from a victim family tied to WI and WWII and the Cold War.

The stories each of which are arcane and differ converge when stitched together into the most powerful events in history as described by these four people in their recorded notes and information.

Each of the pillars are needed for the larger story and each of the three is independent and in its own and combined reliable.

Singed Electronically using caps EDWARD PAUL DONEGAN 022-46-3233

Espionage and Law Enforcement tip numbers Corpus_Christi PD 1911030057, CIA Submission Reference ID: 9N6HJJMH Submission Reference ID: C9LFNYWT refereed to also in NSA OSINT OIG tip by Secure Drop. Austin Texas PD Oversight office 2023-138.

The Russians nor Cubans killed JFK or RFK. The Windsors have a defect FOXP2 since 1902 have been trying to breed out and also study with Sleeper and registry royal lines. Bush's And Rockefellers have Pharmacy goals, Schwarzeneggers or Rockefeller Republicans

Other carriers of the gene include Ed Donegan, Harold Gainey, Glorian Gainey and Rose Kennedy.

It was long running Bush and Rockefeller interest in Eugenics along with the British, Canadians, an Australians operating as USA CIA FBI who were picking and choosing roses to plant here and there and study psychometric along the way including speech defect.

Known as the British Pilgrim Society and US Council on Foreign Relations policy think tank system the Cecil Rhodes plan for a British led British friendly empire was the Secret Society of Blue Bloods whose out of wedlock biologically or at least by families close to each other in the events of history and life were a secret team of people.

Some individual Roman Catholics objected though most of Knights of Malta and Vatican II and free masonry have united the Vatican globally with the anti communist program and but Roman Catholic politicians in the USA have bucked upon learning the depth of the Deep State Shadow Government and been assassinated.

Most witness to that also have been hit including preemptively by a Stasi of Free masonry operating and hiding its hand in long running suspicious deaths.

Zersetzung (Decomposition of a person 'Targeted' by Espionage Agencies retrieved from Wikipedia and copied or modified to here

The Ministry for State Security (German: Ministerium für Staatssicherheit, MfS, German: [ɛmɛfˀʔɛs] (listen)), or State Security Service (Staatssicherheitsdienst, SSD), commonly known as the Stasi (German: [ˈʃtaːziː] (listen)),[n 1] was the official state security service of the German Democratic Republic (East Germany, GDR) from 1950 to 1990. It has been described as one of the most effective and repressive intelligence and secret police agencies to have ever existed.

Zersetzung (Decomposition of Targeted persons life by hidden hands)

By the 1970s, the Stasi had decided that the methods of overt persecution that had been employed up to that time, such as arrest and torture, were too crude and obvious. Such forms of oppression were drawing significant international condemnation.

.

The Stasi perfected the technique of psychological harassment of perceived enemies known as Zersetzung a term borrowed from chemistry which literally means "decomposition".

…the Stasi often used a method which was really diabolic. It was called Zersetzung, and it's described in another guideline. The word is difficult to translate because it means originally "biodegradation". But actually, it's a quite accurate description. The goal was to destroy secretly the self-confidence of people, psychiatric drive them into fights or violent emotions,

for example by damaging their reputation, by organizing failures in their work, and by destroying their personal relationships. Considering this, East Germany was a very modern dictatorship. The Stasi didn't try to arrest every dissident. It preferred to paralyze them, and it could do so because it had access to so much personal information and to so many institutions.

Various people are harassed in a manner based upon the specific person being targeted i.e. they were tailored based upon the target's psychology and life situation. Ed Donegan notes Veronica Hoffman was a Jewish artist was driven into a psch ward after being framed in a lark wearing Nazi clothes and being around Alt Right Lyndon Larouche anti semites association themselves with the proximity of her.

Tactics employed under Zersetzung usually involved the disruption of the victim's private or family life. This often included psychological attacks, such as breaking into their home and subtly manipulating the contents, in a form of gaslighting i.e. moving furniture around, altering the timing of an alarm, removing pictures from walls, or replacing one variety of tea with another etc.

"Lucy, he is a pedophile, looter, Russian Agent, bad check writer …

https://twitter.com/shsa_usa_usa PsyOps has Lucy under a dillusion she is harrassing a bad person. Like with other delusions anger at Lucy can reinforce her fixed delusions. She will short circuit investigation into her own conduct, she thinks she privately has a good reason. How #PsyOps uses #Dupes

Activist Missouri, USAsurveillancesurvivors.infoBorn November 22 Joined January 2019

Other practices included property damage, sabotage of cars, travel bans, career sabotage, administering purposely incorrect medical treatment, smear campaigns which could include sending falsified, compromising photos or documents to the victim's family, denunciation, provocation, psychological warfare, psychological subversion, wiretapping, bugging, mysterious phone calls or unnecessary deliveries.

Deliveries even including sending a vibrator to a target's wife. Increasing degrees of unemployment and social isolation could and frequently did occur due to the negative psychological, physical, and social ramifications of being targeted.

Usually, victims had no idea that the Stasi were responsible. Many thought that they were losing their minds, and mental breakdowns and suicide were sometimes the result. There is on-going debate as to the extent, if at all, that weaponised directed energy devices, such as X-ray transmitters, were also used against victims.

More on Stazi Saboutuers

It was realized that psychological harassment was far less likely to be recognised for what it was, so its victims, and their supporters, were less likely to be provoked into active resistance, given that they would often not be aware of the source of their problems, or even its exact nature. International condemnation could also be avoided. Zersetzung was designed to side-track and "switch off" perceived enemies so that they would

lose the will to continue any “inappropriate” activities.

Often times a GangStalk will proke a person into street fights throwing the first punch or to suicide from being stalked or from things going wrong in their lives and from bad appearances that seem to dog their activities.

In Ed DOnegan’s case he seems to be paying for pictures of children photographed in the area he himself is in the children and homeless people describing themselves as “his pornography.”

Dulles survived the 1918 Flu pandemic, and in 1926, Dulles became a lawyer and joined his brother, John Foster Dulles at the Wall Street law firm of Sullivan and Cromwell. (John was future Secretary of State to President Eisenhower, and famously drew the wrath of Winston Churchill who described him as “A bull who carried his own china shop around with him.” Churchill also created a stinging superlative adjective: “dull, duller, Dulles.”) https://www.nationalww2museum.org/war/articles/wwii-spy-allen-dulles

In 1940, Dulles ran into a fellow Wall Street lawyer at the Republican Party convention. His friend, William Donovan, the future chief of the OSS, suggested that Dulles might be interested in joining a proposed American intelligence service if the US was pulled into the current European war. When the US did join the war after December 7, 1941, Dulles joined the newly formed OSS as Agent 110 and he requested assignment to Switzerland, based on his prior experiences there.

Dulles arrived in Switzerland in November, 1942, where he made little effort to disguise his role in Bern. Swiss newspapers identified him as a personal representative of President Roosevelt, with “special duties.” Dulles preferred this high profile as it encouraged potential agents to flock to him. His British counterpart, Frederick Vanden Huevel, the Secret Intelligence Service (SIS) station chief in Bern had a few pangs

of jealousy over this and Dulles' lavish budget. (SIS is the official title of "MI6"). Dulles soon developed two important contacts: a German diplomat, Fritz Kolbe, and Hans Bernd Gisevius, attached to the German Consulate in Zurich, but in fact an Abwehr officer. Gisevius would later be a key witness at the post war Nuremberg trials.

One great advantage of the harassment perpetrated under Zersetzung was that its relatively subtle nature meant that it was able to be plausibly denied, including in diplomatic circles. This was important given that the GDR was trying to improve its international standing during the 1970s and 80s, especially in conjunction with the Ostpolitik of West German Chancellor Willy Brandt massively improving relations between the two German states. For these political and operational reasons Zersetzung became the primary method of repression in the GDR.

Reinhard Gehlen (3 April 1902 - 8 June 1979) was a German lieutenant-general and intelligence officer. He was chief of the Wehrmacht Foreign Armies East military intelligence service on the eastern front during World War II, spymaster of the CIA-affiliated anticommunist Gehlen Organisation (1946-56) and the founding president of the Federal Intelligence Service (Bundesnachrichtendienst, BND) of West Germany (1956-68) during the Cold War.

Gehlen became a professional soldier in 1920 during the Weimar Republic. In 1942, he became chief of FHO, the German Army's military intelligence unit on the Eastern Front (1941-45). He achieved the rank of major general before he was fired by Adolf Hitler in April 1945 because of the FHO's "defeatism", the pessimistic intelligence reports about Red Army superiority.

The system derived by Rockefeller Republicans including Arnold Schwarzenegger is Stasi systems by undercover operatives placed in to hospitals, businesses, etc., who will engage in hostile acts to patients in those hospitals, etc., and

the patient death in a hospital of a person who already had heart trouble seems normal but the death was helped along by an Stasi insider in the hospital, perhaps a military veteran who is still working for CIA US DOD objectives even though now in private employment life after military employment.

My mother wished Moon River ^ played at her funeral. I think he story of her historic but in many ways secret marriage to James Paul Donegan. This is her and my story and the story of our genome and the story of FOXP2 Minimal Brain Disorder Syndrome in those of Austrian familial history. And the wars which have resulted.

The #USA is run by “holodeck” addicted frauds. Unlike JFK, petty oil criminals were able to (with petty mafia figures) kill #JFK and #RFK. Escalating themselves into empty political offices now State power including war are addictively drawn on as out.

Gang Stalk is FBI DOD use of subversion of victims of these very petty criminals, the Donegans a victim of them and now Ganngstalked.

After Edward of York had out of wedlock problems of children 1925 1926 with Franz Kutschera later Gestapo General who sand Nazi songs by Maria Von Trapp family Maria the mother the “Windsor” claim on England’s throne was week. Julie Andres help whitewash the history and bolster Prince Andre King George VI in ways which include whitewashing the story of Maria Autusta Kuteschera Von Trapp.

English Royalty was mostly from Edward of Wales and Albert and York.

Born into a family of British nobility, Elizabeth Angela Marguerite Bowes-Lyon (4 August 1900 came to prominence in 1923 when she helped and dated the Duke of York (and helped him with a speech defect), he the younger son of King George V and Queen Mary former Nobles of England. She Maried the Prince of York King George VI.

She was the last Empress of India from her husband’s accession as King-Emperor in 1936 until the British Raj was dissolved in August 1947. After her husband died, she was known as Queen Elizabeth The Queen Mother, to avoid confusion with her daughter QEII born of Prince Albert of York King Goerge V, Queen Elizabeth II.

Queen Elizibeth II was born in Mayfair, London, as the first child of the Duke and Duchess of York (later King George VI and Queen Elizabeth the Queen Mother.) Her father ascended the throne in 1936 upon the abdication of his brother, King Edward VIII, making Elizabeth the heir presumptive.

The history of the Great Game diplomatic history of the world and how *Oil Barrel Politics* guided the assassinations of JFK and RFK as they reject the overall plan for war with Russia on a staged excuse.

Plausible and *Reliable*

Since the days they were born as descendents of British Intelligence US Espionage agencies and even media companies have been under the sway of the British in escalating warfare to hide the history of the Fifth Column. 9//11 attacks on the World Trade Center, Boson Bombing, Pentagon Bombing, and assassinations by contracts are explained by this book as acts of war against the USA and its citizens including me.

Gunderson And Donegan Lecture You

In a matter Edward Paul Donegan researched thoroughly the Bush Administration George W. Bush, Dick Cheney, Ashcroft, Yu, Alberto Gonzales, others used 9/11 to push for new terrorism laws some well known and accepted, other premises violating known and respected law of war.

Uniformed Combatants fought for the insignia and was in a chain of command in battle, and battle is a known outcome of Nation-States conditions of war.

During battle each side or sides are required to follow the laws of wars and be accountable for troop conduct.

The Saboteur hides identity and often fights under the premise of not being identified means no culpability for actions, and the saboteur is treated as a criminal under the laws of war, not a troop who is captured and detained without a criminal enfoulment (non penal detention) that detention ending upon the war ending.

The Bush administration took it further to suggest that the Saboteur in war like acts against the State such as large scale or terrorist acts (acts designed to require an alteration of the behavior of the attacked as a criminal was subject to police action of lethal force in battle, and that lethal force of withheld subjected the captured war-like actions saboteur an enemy combatant detainee, subject to the Army Field Manual of an espionage agent capture rather than routine criminal.

1) Ted Gunderon and Ed Donegan assert both studied in law a free press is a requirement of a free country.

2) Elements in government in blatantly illegal acts are conspiring against a Free Press thus enslaving the population to a people beholden to an agenda of acts and goals the people fo

the United State are not aware of, and in process and in substance this is anti-democratic.

3)Jen Moore is a co-complainant in the security condition of the First Amendment and the United States as it pertains to deceptive acts of government including anti democratic acts and acts violating the Sovereignty of the people of the United State and the security of office holders in the United States government, and thus the efficacy and power of those constitutional and statutory positions of government are crippled to act in defense of the United States of America and its people.

When corruption exists in political office holders or appointees the offices can not and do not administer the country justly. Cronyism including to an NWO were why we have the Advice and Consent Clause yet without the conspiracy outed to the public acting upon its detection is precluded, and thus the safety of journalists, judges, and police, and whisle-blowers is vital.

Withholding for a moment the study of Law Ed Donegan as a student and experience of history offers Ted Gunderson's experience in understanding Cabal history including Government groups hiding their illegality with various front groups, those front groups a threat to children, those children tied to world war history and underground railroads the Military and CIA and OSS and the Vatican operated.

Teodeore L. Gunderson retrieved from Wikipedia and copied or modified to here

Theodore L. Gunderson (November 7, 1928 - July 31, 2011) was a Federal Bureau of Investigation Special Agent In Charge and head of the Los Angeles FBI, an American author, and a conspiracy theorist. Some of his FBI case work included the Death of Marilyn Monroe

and the Assassination of John F. Kennedy. He was the author of the best-selling book How to Locate Anyone Anywhere Without Leaving Home. In later life, he researched a number of topics, notably including satanic ritual abuse.

Early life and FBI. Ted Gunderson was born in Colorado Springs. He graduated from the University of Nebraska-Lincoln in 1950.

In December 1951, Gunderson joined the Federal Bureau of Investigation under J. Edgar Hoover. He served in the Mobile, Knoxville, New York City, and Albuquerque offices. He held posts as an Assistant Special Agent-in-Charge in New Haven and Philadelphia. In 1973, he became the head of the Memphis FBI office, and in 1975 became head of the Dallas FBI office. In 1977, Gunderson was appointed head of the Los Angeles FBI. In 1979, he was one of a handful interviewed for the job of FBI director, which ultimately went to William H. Webster.

Post-FBI. After retiring from the FBI, Gunderson set up a private investigation firm, Ted L. Gunderson and Associates, in Santa Monica. In 1980, he became a defense investigator for Green Beret doctor Jeffrey R. MacDonald, who had been convicted of the 1970 murders of his pregnant wife and two daughters. Gunderson obtained affidavits from Helena Stoeckley confessing to her involvement in the murders which she claimed had in actuality been perpetrated by a Satanic cult of which she was a member.

Stoeckley later took and passed a polygraph, with the military examiner concluding that Stoeckley truthfully believed that she was present at MacDonald's home during the murders. But because of her drug use during and after the murders, the examiner could not conclude if she was actually present at the scene of the murders.

Some time afterwards, Stoeckley changed her story and denied ever having seen MacDonald, and was adamant she was not involved. Under oath, Stoeckley denied any culpability in murders, and any knowledge of who may have committed the acts. On her deathbed at the age of 31, Stoeckley changed her story one final time and reiterated and reaffirmed that she was present during the murder of MacDonald's family and that MacDonald himself is innocent.

Gunderson became a leading figure on the far-right and a leading anti-government conspiracy theorist.

Gunderson was involved in the McMartin preschool case, at the heart of the 1980s "satanic panic". He made numerous confident statements supporting the truth of the supposed abuse ring and became a "recognized spokesman on the dangers of satanic ritual cults".

In a 1995 conference in Dallas, Gunderson warned about the proliferation of purported secret occultist groups, and the danger posed by the New World Order, a conspiracy theory about an alleged shadow government that would be controlling the United States government. He also claimed that a "slave auction" in which children were sold by Saudi Arabian agents to men had been held in Las Vegas, that four thousand ritual human sacrifices are performed in New York City every year, and that the 1995 bombing of the Alfred P. Murrah Federal Building in Oklahoma City was carried out by the U.S. government.

Gunderson also claimed that in the United States, there is a secret widespread network of groups who kidnap children and infants and subject them to ritual abuse and subsequent human sacrifice.

The Southern Poverty Law Center believed Gunderson "played a pivotal role in the anti-government 'patriot'

movement". Gunderson alleged the U.S. government was preparing for mass executions by setting up a thousand internment camps and purchasing 30,000 guillotines. He was also an architect of conspiracy theories around the Oklahoma City bombing, promoting a narrative of an FBI coverup, and the idea that if McVeigh was one of the bombers then it was due to secret government mind control.

Gunderson had an association with former music producer and conspiracy film maker Anthony J. Hilder. Hilder had interviewed him regarding the 1993 World Trade Center bombing. He also appeared in Hilder's Reichstag '95 and Illuminazi 911 documentaries.

Gunderson did not believe that Sonny Bono died in a skiing accident. Instead, Gunderson alleged that top officials linked to an international drug and weapons ring feared the singer-turned-politician was about to expose their crimes - so they had Sonny murdered on the ski slopes and staged the result as an accident. [See Bob Feltcher interview also Chauncey Marvin Holt Self Potrait of a Scoundrel CIA work in Palm Springs and Grace Ranch with the Mafi that later killed JFK.]

Hilder believed Ronald Reagan was a tool for the bankers by the mid-1970s; previously he had supported him. He also had further issues with Reagan. In the mid-1990s, Hilder hosted the Radio Free World radio show in Los Angeles. Also in that period, he was hosting his syndicated television show, Millennium 2000.

Hilder hosted radio shows and at one stage had a radio show in Alaska.

Hilder became involved in conspiracy films from the early 1990s. His films include Illuminazi 9-11 which featured Jordan Maxwell, Clayton Douglas and Ted Gunderson who Hilder has been associated with. Other

films include Panic Project, 911 : The Greatest Lie Ever Sold. and Skull & Bones.

Hdiler was a news correspondent for the *American Free Press*, and a freelance writer. He was also a part of the alternative media.

A speaker at Conspiracy Con, he was described by The Silicon Valley Voice as a favorite fact finder for many conspiracy theorists.

In 1964, Hilder was involved with Barry Goldwater and his presidential campaign. At the time, he considered Goldwater to be the most honorable and courageous candidate he'd ever seen.[120] Also that year, Hilder put together a record album for the Goldwater camp. It was called Stars for Barry.

In 1966, represented by attorney Al Schlesinger, Hilders company Anthony Music was involved in legal action with Del-Fi records, filing a $122,000 Superior Suit over breach of contract, fraud and money owned. This was over royalties not being paid as per an alleged agreement for the masters of various albums. This included recordings by The Centurians, Dave Myers and the Surftones, the Sentinels and an LP Battle of the Surf Bands.[84] Also in the same year, Hilder approached Myron Fagan a playwright-director for information. He urged Fagan who was nearly 80 to pass on his knowledge of the Council On Foreign Relations (CFR), Illuminati and its new world order plans so it could be preserved.

Myron Coureval Fagan (October 31, 1887 - May 12, 1972) was an American writer, producer and director for film and theatre and a red scare figure in the late 1940s and 1950s. Fagan was an ardent anti-communist and influential conspiracy theorist.

In 1916, Fagan took a break from the theater to serve as director of public relations for Republican presidential candidate Charles Evans Hughes. When a similar offer was made in 1928 to him by Herbert Hoover, he turned it down.

He moved to Hollywood in 1930, where he served as a writer and director with Pathe Pictures, Inc., then owned by Joseph P. Kennedy, at 20th Century Fox, and other Hollywood film studios.

Anti-communism

In 1945, Fagan claimed he saw secret documents of the meetings in Yalta, shown to him by author John T. Flynn, that led him to write the plays Red Rainbow and Thieves Paradise. Written in 1945, Red Rainbow portrays Franklin Roosevelt, Joseph Stalin and others in Yalta plotting to deliver the Balkans, Eastern Europe and Berlin to Stalin. Left-wing groups in the New York opposed the production of the play, and Fagan had difficulties getting financial backing to produce it. Fagan took the play to Hollywood where he encountered more protests against it than he had in New York.

W. Averell Harriman attended the Yalta Conference, where he encouraged taking a stronger line with the Soviet Union-especially on questions of Poland.

The Yalta Conference, also known as the Crimea Conference, held 4-11 February 1945, was the World War II meeting of the heads of government of the United States, the United Kingdom and the Soviet Union to discuss the postwar reorganization of Germany and Europe. The three states were represented by President Franklin D. Roosevelt, Prime Minister Winston Churchill, and General Secretary Joseph Stalin, respectively. The conference was held near Yalta in Crimea, Soviet Union, within the Livadia, Yusupov, and Vorontsov palaces.

The aim of the conference was to shape a postwar peace that represented not only a collective security order but also a plan to give self-determination to the liberated peoples of Europe. Intended mainly to discuss the re-establishment of the nations of war-torn Europe, within a few years, with the Cold War dividing the continent, the conference became a subject of intense controversy.

Yalta was the second of three major wartime conferences among the Big Three. It was preceded by the Tehran Conference in November 1943 and was followed by the Potsdam Conference in July of the same year, 1945. It was also preceded by a conference in Moscow in October 1944, not attended by Roosevelt, in which Churchill and Stalin had spoken of Western and Soviet spheres of influence in Europe.

Treason in America: From Aaron Burr to Averell Harriman is a book by Anton Chaitkin that along with his and other works by other authors in combination or independelty assert the Prescott Bush Walker Family Avrell Harriman Dulles Brothers Donovan and others made an NWO plan now achieved by assasinating journalists and presidents and attorney generals of the USA and its fbi agents as well, JFK, RFK and Ted Gunderson and Jen Moore among the likely deceased resultant from that Free Mason plot.

In the late 1940s, Fagan launched a one-man crusade against what he claimed was a "Red Conspiracy in Hollywood". Out of this crusade came the Cinema Educational Guild.,

In 1953, Red Rainbow was produced by Bruce Fagan and staged for 16 performances at the Royal Theatre between September 14 and 26.

Written two years later, Thieves Paradise portrays the

same group plotting to create the United Nations as a Communist front for one world government.

In 1967, the result was an album called The Illuminati CFR. According to the book by Mark Jacobson, Pale Horse Rider: William Cooper, the Rise of Conspiracy, and the Fall of Trust in America, it was recorded at a studio where Hilder normally recorded the surf-rock groups. It was released as a 3 record set that Hilder produced.

By 1976, Hilder who was once a staff member of Senator George Murphy had now become a force in the Liberty Lobby.

In June 1993, Hilder was kicked out of the studio at KLAV for his remarks about Janet Reno's alleged relationship to Cult Awareness Network (CAN) which had a role in the whistle blowing of the Branch Davidians in Waco, Texas. He remarked that President Bill Clinton was the "velvet" on the iron fist of Commu-Fascism and he should be impeached.

Death On July 31, 2011 Ted Gunderson's son reported that his father had died from bladder cancer.

Following his death increasing documents are available corroborating his assertions and I think Jen Moore and Ed Donegan are among those who can attest to what Gunderson said was true including that that CIA, DIA, NSA, FBI and others were in secret plans in King Making for regime changes, Eugenics test groups in concealed identity family lines were part of that, and since the JFK assassination especially the rate of Deep State hidden hand (hiding being Satanist and UFO groups) are killing victims of the Cabal, reporters reporting about the Cabal, and internal US police and political figures who are a risk tot the Cabal, figures such as Sonny Bono or CIA Agents of Influence in the Media such as Mariyn Monroe part of

that secret history setup by Jospeph Kennedy Sr and concealed by those such as Micheal Aquino.

Future chapters of this group will re-hash Son Of Sam, Zodiac, and other killers and suggest they too were front groups or manufactured assets of espionage recruitees.

We will also see and here in multiple well documented accounts Catholics In Action the CIA and Vatican in the Cold War especially under shadow government James Jesus Angleton were part of this Deep State Cabal and are still being protected from scrutiny or involved internally in cover-up activity such as in Franklin Nebraska.

In researching Obama connected activities regarding my family history I joined the small group believing his biological father is Malcom X (born 1925. As for Barrack Obama Jr and Sr he (Sr) appears to have been selected as a role model for conversion to Anglican in African Regions controlled by the Crown thus extending the Crown.

Twenty people as of 1975 or so were stalked thousands run by the CIA, NSA, and others, the Family Jewels project and the media is participating in MKULTRA

> "Those, which they have cloned, to look like those, who will be taken out, will begin to drop dead like houseflies. (what Glorian and Edward Donegan have experienced)

I believe the CIA and the Illuminati references to houseflies as clones and families of family jewels is this twins study underway and pruning away certain twins or half twins and promoting the others as the originals.

These were test experimental births from the underground

hidden identities of perhaps scientifically desirable philandering habits of the Windsoer family from 1902 through 1926 or later and hidden identities of research around the world leading possibly to new Windsor Houses under differing names, differing nationalities, and differing flanges spoken.

The Bush family, Pence, Nixon, Obama Jr., and Kelly brothers, Jack Dorsey, Megyn Kelly and members of the females side of the Trump family seem to be part of this as well as the Maxwell family tied to Espstien, Barr family, Mueller Family, Gottlieb, and others.

I believe the CIA and the Illuminati references to houseflies as clones and families of family jewels is this twins study underway and pruning away certain twins or half twins and promoting the others as the originals.

Those are the known members of the Cabal as some see it and believe it to be an NWO CIA operation as I do. As for those under hidden identities like most, like Marilyn Monroe, it seems we are all dropping like houseflies and leakers in the from of dreams about aliens running NASA DARPA Navy Seals say this.

The Finders program run under cover Satanist group facilitation are looking for Nazi German era "aliens" created as some form of Knights-to-be of an Alien Race who like the Donald Barr book predicts will become king like in countries around the world who see them as king-like.

What the original plan included was grooming Windsors and picking future leaders out of hidden identity OSS guided experimental births started in 1925 or earlier.

Consider the Donald Barr OSS science fiction and like Star Wars great leaders arising accepted by local populations.

…

Don Quixote and Me

As a 12-year old boy, Sandy Preston loves reading books about the great knights of the Middle Ages. One day in the public library, a kindly librarian shows him a book about the famous knight, Don Quixote, written by Miguel Cervantes more than 400 years ago. While reading this book, Sandy is sent through a time warp to 17th century Spain, where he meets the very same Don Quixote who is in the book. Sandy gets to accompany Quixote on a series of adventures. Quixote explains to Sandy that it is the duty of a true knight errant to hold to his own beliefs and values, no matter what other people think or say. As they go through many of the adventures originally described by Cervantes, Sandy begins to see Quixote's nobility. Sandy adopts the principles of knight errantry as his own. Quixote shares with his friends the story of how "Sir Sandy" has now come to represent a new generation of knight errantry. Thus ennobled, Sandy finds the time warp has re-opened, allowing him to get home just before his Mom returns from work. Over dinner, Sandy explains to his Mom what it is about knights that is so important to believe in. It's about setting a moral standard to live by, even if others can't see its value. Sandy's Mom offers Sandy the opportunity to demonstrate this new standard through his schoolwork, and through helping those in need.

Source: Publisher

As Don Quixote backed by the OSS CIA and perhaps raised in Vatican or Anglican Church hospitals here in the USA or Hawaii or Mombassa Kenya really a Knight of the Realm as he or her believes, or just so well qualified for the job by preparation comparable to an Aristocratic Noble?

I think Finders are trying to get rid of adoption center, other secret hidden children of the birth programs, even those that have reached adulthood like Ed Donegan (myself) or those likely to leak the program like Colby, DeCamp, and Gunderson or for that matter JFK and RFK when RFK found out about it.

In this book I quote the actual worlds of Gunderson these groups calling themselves Satanists are CIA NWO led front groups.

I repeat again Gunderson's direct statement the NWO control of the FBI and CIA (and DIA and Micheal Aquino) involves front groups that act to abuse even kidnap and kill children who are "left-overs" the now being hidden history of MKULTRA, Donald Barr, and others.

"... Ted Gunderson: TECHNIQUES USED TO SILENCE CRITICS

... Who **Document Illegal Unlawful activity** (murder, kidnapping and more) of a *covert underground criminal enterprise* operating at the *highest levels of our Government*. Ted is from the old FBI, not the new FBI. ..."

President George W. Bush Apri 23, 2003
The White House
1600 Pennsylvania Avenue NW

Washington, DC 20500
Dear President Bush

On April 3, 2003, I found an intruder (biker type-wearing a head bandanna, leather Jacket, and chains attached to his belt) in the basement of the apartment complex where I am presently staying in Los Angeles. After seeing me, he bolted through the front door of the building and disappeared. I filed a police report. [am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

I firmly believe that most individuals working in the F.B I, other intelligence agencies, and the government overall are honest, law-abiding public servants. However, a sophisticated network of rogue operatives has secretly infiltrated the F.B.I,, other intelligence agencies including the C.I.A, and other key government positions.

This **rogue element** [acting on behalf of the NWO] seeks personal power and wealth and considers themselves above the law and the Constitution. They are carrying out the aforementioned surveillance and harassment activities *in conjunction with organized crime, the cult movement in America including Satanic cults, other commercial and political interests, and even misguided civic organizations and neighborhood groups*.

In fact some of those groups like Temple of Set were designed by the US Government and operated as front group for the US

Government, as much a CIA program as *Brigade 2506* that attacked Cuba in the Bay of Pigs.

Ted Gunderson is correct, front groups as honest as Veteran Groups to counter-culture Satanists to international drug and weapons cartels, even nuclear materials trafficking, will be part of CIA and FBI underworld and tied into assassinations and regime changes.

One of the Government fabricated cartels in trafficking is attacking me bilking a trust fund intended to help me but instead funding phony allegations acted out by fake victims.

It is a criminal network typical of the FBI and CIA and is pillorying on the streets and public square for various political reasons, in part justifying it, but any justification erased if the activity is used to defraud me and are felony financial crime activities that they are.

Tracy California's Jen Moore and the F.B.I.' Special Agent Ted Gunderson's Great Case

Maria Kutschera (my grandmother per accounts from my internal oral family history, Jen Moore accounts, hints from the versions of Sound of Music, and extensive circumstantial public records) is one of the most important half-told story in the three centuries of warfare spanning the late 18th Century and the Gilded Age and plans of Free Masons, WWI and Prince Albert of Sax-Coulburg as London King Edward VII and his FOXP2 gene, and how the Kings Speech, his out-of-wedlock children such as Glorian Donegan, Marilyn Monroe, and Julie Andrews (and perhaps others) became a source of secretive Agents of Influence for British King Making plans for around the world under MK ULTRA, the Thousand Year Rule of the Nation bathed in lauds after the Europe was freed from the Nazis by England, the USA, and USSR.

Telling this story is accident ridden. Assasination accidents and police protection for Malcom X dissapears or a British Imperialism loyalst gets a shot in at Dr. Martin Luther King, just the same as Patsy Lee Harvey Oswald is shot by member of the public in a presumably safe Dallas jail before trial and before getting in contact with Hurt of Raleigh NOrth Carolina.

"In the early 1980s, independent researcher Dr. Grover Proctor broke new ground on Oswald’s attempted call. Because of Dr. Proctor’s work, Oswald's attempt to reach former U.S. Intelligence officer John Hurt has become known as 'The Raleigh Call.'"

That phone call if completed but blocked would have stold the story of Donald Barr, George H.W. Bush, and other is in OSS CIA Regime Change King Making plans grooming world leaders to be part of British loyalty and systems of using intelligence community linked business around the world as spy-fronts to assist overthrows in the countries CIA created companies operate in.

Among the "accidents" has been the false arrests and institutionalization and homelessness of Edward Paul Donegan by cookie cutter-attacks when be writes about the CIA and FBI and their activities.

The Cookie-Cutter used takes the form of public activity near me or my residence or home office thit inflicts volatile emotions, and thus conflict, conflict that displaces or replaces the peaceful work on my book.

Given the presence of Borderline Personality Disorder in myself and I suspect in Jen Moore we are susceptible to Noise Campaigns, and we might become the cause or our own arrest if we attack a Noisy Person.

Like a car with worn treads in the snow, a peson with Borderline Personality disorder must not snap and engage in a rash act leading to arrest, whatever type of noise was used, city

vehicles pounding on dumpsters with the devices meant to lift them, images of weapons brandished by thugs, sexually revolting or religiously revbolting sights, ect., may be the noise cut out of some frabric to be used.

Loran Schmit

In 1989 Schmit appointed Gary Caradori to investigate the case of the Franklin child prostitution ring. In July 1990 Caridori died in a plane crash. On 6 March 1991 he wrote to Bill Bruce, an NTSB aviation inspector that "there have been entirely too many violent deaths associated with this investigation for me accept the conclusion that Caradori's aircraft simply came apart in the sky". In October 1991 EIR published an article which termed Caradori's crash "suspicious". In 2014 Wayne Madsen blamed the FBI for the event.

Loran Schmidt died in 2016 https://wikispooks.com/wiki/Loran_Schmit

The Cessna 150 is a two-seat tricycle landing gear general aviation airplane that was designed for flight training, touring and personal use.

SENATOR LORAN SCHMIT No. 23 Capitol 68609 Second Legislature March 6, 1991

Committees Vice Chairman, Banking and Commerce and Insurance, Natural Resources

Mr Bill Bruce
Aviation Inspector Nat'l Transportation Safety Board
31 775 North Avenue
Chicago, 111 60185

Dear Mr. Bruce:

I visited breifly with Mr. William Colby and he indicated that he thought you might soon be writing a report on the crash which killed Gary Caradori and his son, Andrew.

I have Visited with Mrs. Caradori and she adamant about the fact that none of the seats were ever removed from the aircraft and she informs me that as of now the two rear seats of the six have never been found.

It seems to me that those tvo seats could not simply have disappeared. Certainly by now they should have show up somewhere unless something unusual would account for their disappearance. I do not know anything about sabotage but I have been told that a phosphorous type bomb would, in fact, vaporize metal and any other material with which it came in contact and that unless someone knew what they were looking for, it would be difficult, if not impossible, to detect.

I am sure there will be those who will scoff at such a suggestion, but have been entirely too many violent deaths associated with this investigation for me to accept that Caradori's aircraft simply came apart in the sky.

If you have found those two seats,I would be most appreciative if you would confirm that for me.

Sincerely;

Loran Schmit, Chairman
Franklin Legislative Committee

Mr. Steve Berry

Roskens 'sleaze factor' at U.S. AID could be bad news for Bush campaign retrieved from Executive Intelligence Review and copied or modified to here

by an EIR Investigative Team

Dr. Ronald W. Roskens, head of the U .S. State Department Agency for International Development (AID), is the subject of a scandal in which he is being charged with violating federal laws and ethics codes, according to the Oct. 6 Wash- ington Post. A report prepared by AID Inspector General Herbert Beckington dated April 5 and leaked to the Post, charges Roskens with accepting thousands of dollars in payments from "different organizations in compensation of his and his wife 's travel expenses" while Roskens was on official government travel. He also took money for a private trip from a company 'Trom which Roskens had agreed to divest himself as a condition of his presidential appointment. " The inspector general concluded that the money accepted by Roskens was a clear conflict of interest and violated feder- al law against earning non-government income. But on Sept. 4, after reviewing the charges, the Department of Justice (DOJ) informed Beckington that it had decided not to prosecute-giving no explanation for its decision. The White House is reviewing the case.

Congressional investigators are already looking into the allegations. Should they scratch below the surface, they will find that this is not the first time Roskens has been touched by scandal. Although President Bush promised that he would not tolerate even the appearance of impropriety in his administration, Congress should not be surprised if the White House threatens to start "breaking legs" in Roskens's defense.

Friend of Bush

It is not just that Roskens is a personal friend of the President-although he is. As we shall indicate below, an unimpeded investigation into Roskens could expose the link between Bush 's little-publicized birth control mania much of which is carried out through the State Deparment's AID in the Third World-and the sexual depravity rampant in U .S. political and intelligence elites. Any such scandal could shatter the illusions of Bush's conservative base, many of whom still accept the President's claims to being "pro-life, " "anti-drug," and an American patriot. It should also make anyone who thinks of the propaganda about Bush being the "education President," deeply queasy.

Roskens left his home state of Nebraska for the nation 's capital in early 1990 enmired in controversy. He had been fired suddenly as president of the University of Nebraska, in a secret meeting of the state Board of Regents in July 1989.

No public explanation was been given for his removal. Yet within weeks, the White House offered Roskens the high- profile job in Washington. The administration knew about the controversy in Nebraska, but Rbskens passed an FBI background check, and was confirmed to head AID.

he FBI appears to have overlooked a Feb. 19, 1990 investigative report by the late Gary Caradori, an investigator for the "Franklin Committee" of the Nebraska Senate and an ex-state trooper. He wrote, "I was informed that Roskins [sic] was terminated by the state because of sexual activities reported to the Regents and verified by them. Mr. Roskins [sic] was reported to have had young men at his residence for sexual encounters. As part of the separation from the state, he had to move out of the state-owned house because of the

liability to the state if some of this sexual behavior was 'illegal. ' " Caradori died in a suspicious airplane crash last year.

Suit seeks truth on firing

The Omaha office of Associated Press regularly identifies Roskens as follows: "the former president of the University of Nebraska who was fired without •public explanation by the NU Board of Regents." A lawsuit was filed against the University of Nebraska Board of Regents to force a full explanation of why Roskens was fired. The suit was brought by Dan Meyer of Lincoln. His attorney is John DeCamp, a former Republican state senator.

The attorney representing the Board of Regents, Terry Wittler, said, "The regents met in closed session to discuss personnel matters and avoid needless injury to Roskens's reputation," according to the Jan. 24. 1991 Lincoln Journal Star. The "open meetings law" of the state of Nebraska says that a public body, such as the Board of Regents, which is popularly elected, may hold a closed session if it is "clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting. " Roskens demanded no such public meeting.

Board of Regents chairman Nancy Hoch tried to work out a 'friendly" agreement with Roskens but he turned it down. Regent Robert Allen told the press that Roskens thought the board couldn't fire him because of his strong support in the state legislature. Yet, in a 7-1 vote in a closed session on July 31, 1989, Roskens was fired. According to Regent Allen, the two attorneys for the board had told the regents that Roskens had placed a provision in his buyout contract which prohibited any

disclosures. Regent Hoch told the media as late as December 1990 that lawyers were still advising her to keep quiet about the firing. "That is not to say the board wouldn't like to comment, but we had been told we should not comment on it," she told the Lincoln Journal Star.

'No fiscal or moral questions'

In an April 24, 1990 article in the Omaha World Herald entitled "Praise Flows as Roskens Is Sworn in as AID Chief," made up mostly of paeans from President Bush, Vice President Dan Quayle, and Secretary of State James Baker, the firing is mentioned in an odd fashion. The World Herald reported, "Roskens was removed as president of the University of Nebraska last year by the Board of Regents in a closed meeting. After the meeting, the board would say only that its decision did not involve fiscal or moral questions. " Had someone made such an accusation? According to sources in Nebraska politics and at the university, rumors circulated alleging that Roskens engaged in indiscretions with male minors while president of the university. Although his supporters claim he was ousted over his struggle for administrative control of the university against an overly intrusive Board of Regents, the rumor has gained currency and has yet to be put to rest.

There is no independent confirmation of the accusations against Roskens. But similar charges against other prominent Nebraskans have persisted as fallout from a Nebraska State Senate investigation into a sex and money scandal that continues to rock the Midwestern state.

The scandal originated with the collapse of the minority oriented Franklin Community Credit Union in Omaha, directed by Lawrence E. King, Jr., a black

former Republican Party influential and Reagan-Bush campaign activist. King became the subject of the Nebraska Senate's investigation conducted by the specially created "Franklin Committee" to probe charges of embezzlement.

Satanism and child abuse

In November 1988, King's offices were raided by the FBI and $40 million was discovered missing. Within weeks, the Nebraska Senate, which initially opened an inquiry to find out where the money had gone, instead found itself questioning young adults who said they had been child prostitutes. Social workers and state child-care administrators accused King of running a child prostitution ring.

King is now serving a 15-year federal prison sentence for defrauding the Omaha-based credit union. But the magazines Avvenimenti of Italy and Pronto of Spain, among others, have charged that King's crimes were more serious: that he ran a national child prostitution ring that serviced the political and business elite of both Republican and Democratic parties. Child victims of King's operations charged him with participating in at least one satanic ritual murder of a child several years ago. The Washington Post, New York Times, and National Law Journal covered the full range of accusations when the story broke in November 1988. King's money machinations were also linked to the Iran-Contra affair, and some say King provided the CIA with information garnered from his alleged activities as a "pimp" for the high and mighty.

Pronto, the Barcelona-based, largest circulation weekly in Spain with 4.5 million readers, reported in its Aug. 3 and Aug. 10 issues that the Lawrence E. King child-prostitution scandal "appears to directly implicate

politicos of the state of Nebraska and Washington' D.C. who are very close to the White House and George Bu$h himself. "

The weekly stated that Roy Stephens, a private investigator who has worked on the case and heads the Missing Youth Foundation, "says there is reason to believe that the CIA is directly implicated," and that the "FBI refuses to help in the investigation and has sabotaged any efforts" to get to the bottom of the story. Stephens says that "Paul Bonacci directly accused President Bush of being implicated" in the affair when he testified before the Franklin Committee. Bonacci, who had been one of the child prostitutes, is identified by leading child-abuse experts as a well-informed, credible witness.

Roskens knew Lawrence King

The unsavory Lawrence King was no stranger to Roskens. Both were part of the Republican Party elite in the Cornhusker State. According to the Sept. 7, 1988 Metropoli- tan, a weekly newspaper, "King is an adviser to the UNO Chancellor's advisory committee." Roskens was chancellor of the University of Nebraska-Omaha (UNO) until 1977, when he was promoted to head the entire university system, and moved to the capital of Lincoln.

Sources also allege that Roskens played a role in securing investments during the 1980s into King 's credit union. While president of the university, Roskens sat on the board ofdirec- tors of the Enron Corp. , now a Houston-based oil firm which was originally headquartered in Omaha. In 1986, the Enron Foundation, the oil company's corporate philanthropic arrn, bought $200,000 in certificates of deposit from Lawrence King's credit union.

The company identified in the AID inspector general's report as having paid for Roskens's travel, 'from which Dr. Roskens had agreed to divest himself as a condition of his is none other than the Enron presidential appointment," Corp., according to Cable News Network.

Roskens was also a friend and political associate of Harold Andersen, publisher of the Omaha World Herald, the leading state daily, an early booster of Lawrence King's career. Andersen led fundraising drives on behalf of King's credit union. He was also accused of being a sexual abuser of children during the State Senate investigation. In 1987, Roskens was vice chairman of a special task force on which Harold Andersen also served, which had been set up by Gov. Kay Orr to secure the move of U.S. West Airlines headquarters to Nebraska, according to a June 23, 1987 article in the Lincoln Journal Star. Andersen's Wash- ington connection is his friend and political associate Robert Keith Gray, a long-standing Republican Party public relations consultant-who managed some of the public diplomacy during the Iran-Contra scandal.

The Bush insiders

Given the cloud under which Roskens left Nebraska, it might seem odd that he was quickly boosted into a top foreign-policy post in Washington. The key seems to have been a circle of Bush "insiders." "Prominent Republican Dick Herman, more than anyone else is credited by Ronald Roskens with helping him win a top federal job after he was fired as president of the University of Nebraska," reported the Sunday World Herald on May 6, 1990. The article reported that "Herman said he and his wife, Peg, have known Bush and his wife Barbara, more than 20 years since the time when Bush was chairman of the Republican Party. " It was Herman who introduced Roskens to Bush.

"I ran his [Bush's] ad hoc committee when he ran for vice president under President Ford," Herman told the World Herald. Herman, a Nebraska native who is an influential fundraiser for the Republican National Committee, owns a beer distributing company in Los Angeles. "I saw the President a couple of times, and we talked about Roskens," Herman said.

When Bush was elected President in 1988, Roskens was one of only seven university presidents who were called in by Bush to work on his "education strategy. " Ties to the intelligence community Evidence suggests that Roskens has also maintained a relationship with the U.S. intelligence community. In the early 1970s, he was a consultant to the Office of Emergency Preparedness, the precursor to Federal Emergency Manage- ment Agency (FEMA). He played a central role in quelling public outrage in the aftermath of the killing of anti-war students by the Ohio National Guard at Kent State University, where he was then executive vice president.

Roskens has a reputation as an international affairs spcialist because of his activism in creating ground-breaking academic exchange programs. He set up the largest academic exchange program with Afghanistan in the U. S. in the 1980s. The University of Nebraska and Kabul University had a "sis- ter" relationship. All U. S. -based Afghan operations were, of course, run by intelligence outfits at the time. During the same period, he set up an extensive overseas college program for many U .S. Air Force bases in Europe. In 1972, Roskens was one of the first to establish academic exchange programs with the Soviet Union-in those days carefully coordinated by the State Department and the CIA.

Roskens was on President Bush's short list to be U.S. ambassador to communist China. He has visited China nine times since the mid- 1970s.

Roskens and population control

AID is often accused of being a front for CIA operations in the Third World, and Roskens's background has not helped in dispelling the charge. The full horror of what the CIA's notion of "national security" means concretely came out several months ago, when Brazil's health minister ac- cused AID and several U.S.-based private organizations, such as Planned Parenthood, of "genocide." The minister stated that millions of Brazilian women had been involuntarily sterilized through AID "birth control" programs. Roskens is himself an advocate of population control, according to Joe Seacrest, the chief editor for the Lincoln Journal Star, who offered Roskens his home in Omaha as a temporary residence, after Roskens was kicked out of his university home prior to his move to Washington. Moreover, Roskens has reaped the largesse of the largest private funder of population control advocacy groups in the U.S., Omaha resident Warren Buffett, chairman of Salomon Brothers and the second richest American (see EIR, Oct. 4, 1991). The Buffett Foundation gave $51 ,OOO to the University of Ne- braska in 1988, while Roskens was president.

In January 1990, Roskens pushed the "family planning" line during a whirlwind tour of seven African nations with Secretary of Health and Human Services Louis Sullivan. Roskens reported that by the year 2000, there would be more than 10 million children on the African continent infected with the AIDS virus. Pressed by the nrdia to articulate soltions, Roskens was evasive, but did say, according to a Lin- coln Journal Star article on Feb. 3, 1991, that one of the major problems he saw affecting the continent was population growth. He said that most of the families he saw in Africa had 7-8 children, and at that rate, the population will double within 20 years, he warned. He commented that AID spends more than $200 million a year on "family planning. " Some students of the Freemasonry believe that homosexual deviance and

the correlated obsession with irth control go back to the Gnostic belief structures of the Freemasons and their antecedents in the medieval European "Buggers." It is therefore interesting that Roskens is playing a central role in masonic outreach to Russia and eastern Europe.

Roskens lists in his Who's Who entry, "King Ak Sar Ben LXXXVI, 198()." Ak Sar Ben (Nebraska spelled backwards) is the elite masonic organization of Nebraska, which crowns a "king" at an annual ball.

FBI Killed Franklin Scandal Investigator And His Son
retrieved from https://rense.com/general96/fbikilled.html and copied or modified to here

By Wayne Madsen SPECIAL REPORT
6-23-14

WMR can exclusively report that it was the Federal Bureau of Investigation that placed a bomb on the private airplane that killed state of Nebraska chief investigator Gary Caradori and his 6-year old son "AJ" on July 11, 1990. Caradori had been hired by the Nebraska unicameral legislature to investigate allegations that a number of Nebraska youth had been sexually abused and transported over state lines in a scandal centered around the Franklin Credit Union, headed by rising GOP African-American star Lawrence King.

A very knowledgeable source involved with what became known as the "Franklin Scandal" told WMR that Caradori flew to Chicago ostensibly to attend the All Star game on July 10 at Wrigley Field. In reality, the trip to the game was a cover for Caradori to meet with a source

who handed him photographs that proved that Nebraskan children, some from the famed Boy's Town orphanage, were being used for the sexual gratification of important political leaders in Washington, including Vice President and President George H W Bush.

Caradori phoned his wife and another investigator shortly before the All-Star game and told them the same thing: "I got what I came after. I got 'em by the balls. I've got pictures. I will take them to the game and bring them back to Nebraska."

When Caradori began to follow the money behind the Franklin scandal, he discovered two things: the Franklin Credit Union was being used by the White House and CIA to launder money for the Iran-contra affair and King and his associates were given a free ride to sexually traffic in and molest children, including many procured from Boy's Town.

One of those implicated in the Franklin scandal was Housing and Urban Development Secretary Sam Pierce. At the 1984 Republican National Convention in Dallas, King held a $1 million reception for Pierce. However, King's salary at the time was $14,000 a year and the actual cost of the reception was $300,000. The difference, $700,000, went into a slush fund that was laundered by the Franklin Credit Union for various "activities" sponsored by the CIA and White House.

On July 11, Caradori took off in his private plane from Chicago en route to Nebraska. Witnesses on the ground said they saw a flash in the sky followed by an explosion. Initial news reports stated that Caradori's aircraft exploded in flight and then crashed. However, subsequent news reports were altered and claimed the aircraft exploded upon impact with the ground. Caradori and his son were killed in the crash. The local Sheriff's

office reported that scattered in the wreckage were child pornographic photographs. The FBI arrived and began systematically removing the photographs, debris, and Caradori's briefcase. Meanwhile, FBI agents in Lincoln, Nebraska entered Caradori's office and seized his files. Another FBI agent showed up at the office of a Nebraska state official investigating the Franklin case and demanded he turn over his files. The state official told the FBI agent to "get the hell out."

The Bush White House immediately began covering up the Franklin scandal and put pressure on the remaining Nebraska state investigators. The FBI used the Kansas City mob to intimidate high-level witnesses and investigators of the Franklin scandal. One of the lead investigators also told WMR, "the FBI killed Caradori . . . they put the bomb on his airplane."

An attempt to hire former CIA director William Colby to lead a state of Nebraska investigation of the Franklin scandal failed in a legislative committee 4 to 3 vote. Instead, the committee appointed attorney Kirk Naylor as its chief investigator. A major figure involved in investigating Franklin told WMR that Naylor was the most incompetent person the committee could have found to lead the investigation. Colby was a Vietnam War colleague of Nebraska state Senator John De Camp, one of major investigators of the Franklin scandal. Colby reportedly was ready to expose the CIA's own involvement in the use of child prostitutes for the purposes of political and diplomatic blackmail. Colby died in a suspicious canoeing accident on the Chesapeake Bay on April 27, 1996.

Monsignor Robert Hupp, the Vicar-General of the Archdiocese of Omaha, a former Navy chaplain, and, in 1976, the first-ever clergy member of the U.S. delegation to the United Nations, had reported in the early 1970s to his bishop that there was sexual abuse at Boy's Town that even involved a priest murdering a boy. Hupp was

later named the head of Boy's Town, ostensibly to keep him quiet. Hupp was in charge of Boy's Town until the late 1980s, when the Franklin scandal first hit the front pages. Eventually, even after stepping down as the head of the orphanage, Hupp was forced to leave Boy's Town altogether. WMR has learned that in 2003 a longtime supporter of Boy's Town allowed Hupp to move into his cabin in Mausten, Wisconsin after being forced to leave the facilities at Boy's Town. A reporter for the Omaha World-Herald, a newspaper owned by Nebraska billionaire Warren Buffett and which always had a skeptical view of the Franklin scandal, volunteered to drive Hupp to Wisconsin. Upon arriving at the cabin, the reporter prepared dinner for Hupp. The retired monsignor who broke the Catholic Church's silence on its role in the Franklin scandal, died in his sleep that same night.

The iconic Washington Times front page that capped off the Franklin scandal's sporadic and spotty news coverage.

Anyone who believes the Franklin Scandal and Cover-up is over and done with would be dead wrong. On January 20, 2012, Carol Stitt, the 29-year director of the Nebraska Foster Care Review Board, an individual who aggressively protected foster care children in Nebraska from sexual perverts and other undesirable foster parents, was dismissed by her own board of directors. The 11-member board had been stacked by loyalists of Republican Governor Dave Heineman whose goal it was to oust Stitt. As with the constant intimidation of witnesses involved in Franklin, Stitt also found herself investigated by the federal government's Office of Special Counsel for allegedly violating the Hatch Act by attending a 2006 political campaign rally for Republican and football coach legend Tom Osborne. Although Stitt, a state employee, would not normally be subject to the rarely-enforced Hatch Act that bans political activity by federal employees, Stitt's Foster Care Review Board

received funds from the federal Department of Health and Human Services (HHS).

The HHS's initial complaint against Stitt, which arose from her attendance at the 2006 Osborne rally, began when current GOP U.S. Senate candidate Ben Sasse was serving as assistant secretary for planning and evaluation at HHS. From 1996 to 1998, Sasse was one of four tutors/proctors for the U.S. House of Representatives page program. During this time frame, a number of House pages complained of sexual harassment from GOP House members. Representatives Jim Kolbe (R-AZ) and Mark Foley (R-FL) were later named as principal harassers of underage male pages. WMR has also learned from a member of the Sasse family that physical and psychological abuse have been rampant in the Sasse family. Senate candidate Sasse, who helped the John Ashcroft Justice Department draw up torture policy along with the CIA, is a home-schooler whose religious beliefs are based on neo-Calvinist fundamentalist Christian Dominionism.

Sasse faces two opponents after coming from the political wilderness to defeat better known and financed GOP candidates in the primary. David Domina, a trial lawyer, is Sasse's lackluster Democratic opponent, while Dan Buhrdorf is mounting a spirited independent challenge under the Tax Wall Street Party banner.

Hoaxes and Rent

Ted Gunderson and and the Nebraska State Senate Leadership Conference called the Franlin case (like the Mc Martin Case) an elaborate hoax.

How powerful figures can pull of elaborate hoaxes needs the concept of Rent as I heard the word used among Libertarian Party economists. It is very similar to what you find on dictionary.com and I extract a few meanings list there to here.

verb (used with object) to grant the possession and enjoyment of (property, machinery, etc.) in return for the payment of rent from the tenant or lessee (often followed by out). to take and hold (property, machinery, etc.) in return for the payment of rent to the landlord or owner. verb (used without object) to be leased or let for rent: This apartment rents cheaply. to lease or let property. to take possession of and use property by paying rent:

The Vatican including in their birth records at their hospitals, officials in per-schools, police agencies including Marshalls and Deputies have "rent" or a term I have used Klout. They are meant to control the public spaces enforcing orders including civil rights access, under-cover operations, etc.,

Use of this rent and rent includes places like Home Depot voluntarily cooperating with police requests a form of police paying rent, using the good-will factor towards police, get businesses not already a part of MKULTRA to cooperate with MKULTRA.

The most influential politicians of all have used their Rent with police agencies as Governors or Presidents or Appointees to abuse the rent those officials have with the rank and file.

That is how these hoaxes can be carried out by powerful figures.

An Impossible Mission of SIU and SIS At DC Watergate Plaza and the Lewis Fieding Office too

Larry Obrien was part of the Irish Mafia of Josephs Kennedy Sr (as my brother Tom Donegan had told me the Donans were in Cape Cod, Harold Donegan in particular) as play shuffleboard on bis beachside home and Timoshi hid in the launrdy room of the cape house, both alarmed by the new environment and ill with age.

What was known as Kennedys' "Irish Mafia" became the key advisors surrounding the President. People like the affable Dave Powers, the clinical Kenny O'Donnell and the strategist Larry O'Brien - men selected for their loyalty and devotion to JFK and his family. This group helped him win the Presidency, grieved for his passing and provided political support to his successors for decades afterwards. https://www.wienerworld.com/product/the-kennedys-irish-mafia/

After the assasination of JFK Larry O'Brien was working in the DNC for other Democrat candites who were opposing Nixon in the Nixon' GOP party.

In this time following the JFK assasination Daniel Elseberg had been working on the RFK for President ticket. He was with RFK in the Los Angeles hotel where RFK was shot and RFK had been staying in the LA home John Frankenhiemer maker of Manchurian Candidate 1962 that movie shown and discsussed at the hotel the campaing event was in just before the assasiantion and it was discussed if it could really happen. https://www.wienerworld.com/product/the-kennedys-irish-mafia/

Daniel Ellsbergwas there that night working with RObert F. Kennedy to win the Presidency and end the Vietnama war,

among other things, leaking the Pentagon Papers.

When RFK was shot Daniel Ellsberg at the hotel (as John Pilger was who believes a conspiracy theories most of the same one Ted Gunderson believed) and was shaving in his own hotel room. Upon news RFK was shot he (Daniel Ellsberg on the edge of his bed tears moving through the shaving cream creating paths.

Don Nixon, Nixon's brother, was also at the hotel trying to get RKF to the Atomic Proving Grounds test bast site run by McCone, the CIA chief now at DOE.

On September 3, 1971, three men led by former CIA agent E. Howard Hunt broke into the office and crowbarred open the drawers. The White House “plumbers” (so named because they were formed to plug leaks, or create them) were after Ellsberg’s file, hoping to find information to be used against him.

In his book-lined living room, Ellsberg reprised the story of how he became, as Henry Kissinger once put it, “the most dangerous man in America.” During the mid-1960s, Ellsberg, a former Marine Corps officer with a PhD in economics from Harvard, was in Vietnam, working for the U.S. State Department, getting a first-hand look at the war. He saw villages that had been burned because Viet Cong had slept there for a night. He returned to the U.S. in 1967, convinced that the military strategy was doomed to fail and increasingly disenchanted with the war.

Once back home, Ellsberg worked as a military analyst at the Rand Corporation … https://www.smithsonianmag.com/history/the-worlds-most-famous-filing-cabinet-36568830/

RFK had been assassinated in that hotel in 1969, thus not possibly inaugurated 1971 to the US Presidency. Nixon got it instead, and I think Nixon Indonesia 1958 plans for regime change Indonesia with the Donegan family the Manchurian Candidate forced to cooperate with hidden identity of Glorian

Donegan and atomic testing part of that.

Office of Ellsberg's Psychiatrist Burglarized retrieved from Library of Congress and copied or modified to here

Crime, Corruption, and Cover-Ups

> President Richard Nixon, realizing that he could not stop the publication of the Pentagon Papers, feared that Daniel Ellsberg would leak additional important information. Nixon wanted to publicly discredit Ellsberg. Ordering "plumbers," David Young, Howard Hunt, and G. Gordon Liddy, to break into the Los Angeles office of Ellsberg's psychiatrist, Dr. Lewis Fielding, Nixon hoped they would locate damaging or embarrassing information about Ellsberg. Photographs on the desk of deputy clerk James Haggarty provide evidence of the government's "gross misconduct" toward Ellsberg. …

Espionage with specific goals in mind take-up positions undercover in adjoining offices or apartments, across the street, near telecom or wiring, etc., and begin planting disguised elements of the unit to surround the Target.

In Natural Law Philosophy it might be called the problem of Single Entry Accounting. If you just add into a log the cashier received 5 dollars, there is no way to check of that did happen or happened more than once, in an open world of possibilities (open world assumption) anything is possible.

If you close the economic system of the store and balance all activity with corresponding activity, 5 dollars of cash came in an that matches up with 5 dollars of merchandise out of inventory, the whole system checksums.

Oceans 11 type stuff.

To deal with the problems of getting away with some type of fraud it in neccesarry to control multiple square of the ledger and get them all to agree in some way, and that may include fake witnesses, gaurd faking logs, etc.,

The White House Plumbers, sometimes simply called the Plumbers, the Room 16 Project, or more officially, the White House Special Investigations Unit, was a covert White House Special Investigations Unit, established within a week of the publication of the Pentagon Papers in June 1971, during the presidency of Richard Nixon.[1] Its task was to stop and/or respond to the leaking of classified information, such as the Pentagon Papers, to the news media. The work of the unit "tapered off" after the bungled "Ellsberg break-in" but some of its former operatives branched into illegal activities while still employed at the White House together with managers of the Committee to Re-elect the President, including the Watergate break-in and the ensuing Watergate scandal.[2] The group has been described as Nixon's "fixers".

On Thanksgiving, 1971, David Young arrived home from his planning at the Special Investigative Unit, when his grandmother asked him, "What do you do at the White House?", he replied, "I am helping the president stop some leaks", purposely playing off on information leak versus water leak. She exclaimed, "Oh, you're a plumber!" Young, E. Howard Hunt, and G. Gordon Liddy then put up a sign on their office with the title "The Plumbers", but it was taken down as their operations were intended to be top secret. Still, the name stuck for the group.

Members The Plumbers came to include several Watergate figures including Frank Sturgis. Hunt was recommended by Charles Colson, and Liddy was recommended by Egil Krogh. Liddy coined his own sensitivity indicator for the group in the form of "ODESSA".

Some authors believe Central Intelligence Agency (CIA) officer John Paisley was a member of the Plumbers. Paisley was assigned to the CIA's Office of Security, of which Nixon campaign security coordinator and Watergate burglar James McCord was once a member. On August 9, 1971, Young's memo indicates he met with Paisley and OS Director Howard Osborn, in which Paisley provided a list of objectives for the Special Investigations Unit.

On January 27, 1972, G. Gordon Liddy, Finance Counsel for the Committee for the Re-Election of the President (CRP) and former aide to John Ehrlichman, presented a campaign intelligence plan to CRP's acting chairman Jeb Stuart Magruder, Attorney General John Mitchell, and Presidential Counsel John Dean that involved extensive illegal activities against the Democratic Party. According to Dean, this marked "the opening scene of the worst political scandal of the twentieth century and the beginning of the end of the Nixon presidency".[21]

Mitchell viewed the plan as unrealistic. Two months later, Mitchell approved a reduced version of the plan, including burglarizing the Democratic National Committee's (DNC) headquarters at the Watergate Complex in Washington, D.C. to photograph campaign documents and install listening devices in telephones. Liddy was nominally in charge of the operation, [citation needed] but has since insisted that he was duped by both Dean and at least two of his subordinates, which included former CIA officers E. Howard Hunt and James McCord, the latter of whom was serving as then-CRP Security Coordinator after John Mitchell had by then resigned as attorney general to become the CRP chairman.[22][23]

In May, McCord assigned former FBI agent Alfred C. Baldwin III to carry out the wiretapping and monitor the telephone conversations afterward.[24] McCord testified that he selected Baldwin's name from a registry published by the FBI's Society of Former Special Agents to work for the Committee to Re-elect President Nixon. Baldwin first served as bodyguard to Martha Mitchell-John Mitchell's wife, who was living in Washington. Baldwin accompanied Martha Mitchell to Chicago. Eventually

the committee replaced Baldwin with another security man. [citation needed]

On May 11, McCord arranged for Baldwin, whom investigative reporter Jim Hougan described as "somehow special and perhaps well known to McCord," to stay at the Howard Johnson's motel across the street from the Watergate complex.[25] Room 419 was booked in the name of McCord's company.[25] At the behest of Liddy and Hunt, McCord and his team of burglars prepared for their first Watergate break-in, which began on May 28.[26]

Two phones inside the DNC headquarters' offices were said to have been wiretapped.[27] One was Robert Spencer Oliver's phone. At the time, Oliver was working as the executive director of the Association of State Democratic Chairmen. The other phone belonged to DNC chairman Larry O'Brien. The FBI found no evidence that O'Brien's phone was bugged;[28] however, it was determined that an effective listening device was installed in Oliver's phone. While successful with installing the listening devices, the committee agents soon determined that they needed repairs. They plotted a second "burglary" in order to take care of the situation.[27]

Sometime after midnight on Saturday, June 17, 1972, Watergate Complex security guard Frank Wills noticed tape covering the latches on some of the complex's doors leading from the underground parking garage to several offices, which allowed the doors to close but stay unlocked. He removed the tape, believing it was nothing.[29] When he returned a short time later and discovered that someone had retaped the locks, he called the police.[29] Responding to the call was an unmarked police car with three plainclothes officers (Sgt. Paul W. Leeper, Officer John B. Barrett, and Officer Carl M. Shoffler) working the overnight "bum squad"-dressed as hippies and on the lookout for drug deals and other street crimes.[30] Alfred Baldwin, on "spotter" duty at the Howard Johnson's hotel across the street, was distracted watching the film Attack of the Puppet People on TV and did not observe the arrival of the police car in front of the Watergate building,[30] nor did he see

the plainclothes officers investigating the DNC's sixth floor suite of 29 offices. By the time Baldwin finally noticed unusual activity on the sixth floor and radioed the burglars, it was already too late.[30]

The police apprehended five men, later identified as Virgilio Gonzalez, Bernard Barker, James McCord, Eugenio Martínez, and Frank Sturgis.[22] They were charged with attempted burglary and attempted interception of telephone and other communications. The Washington Post reported the day after that "police found lock-picks and door jimmies, almost $2,300 in cash, most of it in $100 bills with the serial numbers in sequence ... a shortwave receiver that could pick up police calls, 40 rolls of unexposed film, two 35 millimeter cameras and three pen-sized tear gas guns".[31] The Post would later report that the actual amount of cash was "[a]bout 53 of these $100 bills were found on the five men after they were arrested at the Watergate."[32]

The following morning, Sunday, June 18, G. Gordon Liddy called Jeb Magruder in Los Angeles and informed him that "the four men arrested with McCord were Cuban freedom fighters, whom Howard Hunt recruited". Initially, Nixon's organization and the White House quickly went to work to cover up the crime and any evidence that might have damaged the president and his reelection.[33]

On September 15, 1972, a grand jury indicted the five office burglars, as well as Hunt and Liddy,[34] for conspiracy, burglary, and violation of federal wiretapping laws. The burglars were tried by a jury, with Judge John Sirica officiating, and pled guilty or were convicted on January 30, 1973.[35]

Cover-up and its unraveling Initial cover-up

Address book of Watergate burglar Bernard Barker, discovered in a room at the Watergate Hotel, June 18, 1972 Within hours of the burglars' arrests, the FBI discovered E. Howard Hunt's

name in Barker and Martínez's address books. Nixon administration officials were concerned because Hunt and Liddy were also involved in a separate secret activity known as the "White House Plumbers", which was established to stop security "leaks" and investigate other sensitive security matters. Dean later testified that top Nixon aide John Ehrlichman ordered him to "deep six" the contents of Howard Hunt's White House safe. Ehrlichman subsequently denied this. In the end, Dean and the FBI's Acting Director L. Patrick Gray (in separate operations) destroyed the evidence from Hunt's safe.

Nixon's own reaction to the break-in, at least initially, was one of skepticism. Watergate prosecutor James Neal was sure that Nixon had not known in advance of the break-in. As evidence, he cited a conversation taped on June 23 between the President and his chief of staff, H. R. Haldeman, in which Nixon asked, "Who was the asshole that did that?"[36] However, Nixon subsequently ordered Haldeman to have the CIA block the FBI's investigation into the source of the funding for the burglary. [citation needed]

A few days later, Nixon's press secretary, Ron Ziegler, described the event as "a third-rate burglary attempt". On August 29, at a news conference, Nixon stated that Dean had conducted a thorough investigation of the incident, when Dean had actually not conducted any investigations at all. Nixon furthermore said, "I can say categorically that ... no one in the White House staff, no one in this Administration, presently employed, was involved in this very bizarre incident." On September 15, Nixon congratulated Dean, saying, "The way you've handled it, it seems to me, has been very skillful, because you-putting your fingers in the dikes every time that leaks have sprung here and sprung there."[22]

Kidnapping of Martha Mitchell Main article: Martha Mitchell § June 1972 kidnapping, aftermath and vindication Martha Mitchell was the wife of Nixon's Attorney General, John N. Mitchell, who had recently resigned his role so that he could become campaign manager for Nixon's Committee for the Re-Election of the President (CRP). John Mitchell was aware that

Martha knew McCord, one of the Watergate burglars who had been arrested, and that upon finding out, she was likely to speak to the media. In his opinion, her knowing McCord was likely to link the Watergate burglary to Nixon. John Mitchell instructed guards in her security detail not to let her contact the media.[37]

In June 1972, during a phone call with United Press International reporter Helen Thomas, Martha Mitchell informed Thomas that she was leaving her husband until he resigned from the CRP.[38] The phone call ended abruptly. A few days later, Marcia Kramer, a veteran crime reporter of the New York Daily News, tracked Mitchell to the Westchester Country Club in Rye, New York, and described Mitchell as "a beaten woman" with visible bruises.[39] Mitchell reported that, during the week following the Watergate burglary, she had been held captive in a hotel in California, and that security guard Steve King ended her call to Thomas by pulling the phone cord from the wall.[39][38] Mitchell made several attempts to escape via the balcony, but was physically accosted, injured, and forcefully sedated by a psychiatrist.[40][41] Following conviction for his role in the Watergate burglary, in February 1975, McCord admitted that Mitchell had been "basically kidnapped", and corroborated her reports of the event.[42]

Money trail This section needs additional citations for verification. Please help improve this article by adding citations to reliable sources in this section. Unsourced material may be challenged and removed. (March 2016) (Learn how and when to remove this template message) On June 19, 1972, the press reported that one of the Watergate burglars was a Republican Party security aide.[43] Former attorney general John Mitchell, who was then the head of the Committee to Re-elect the President (CRP), denied any involvement with the Watergate break-in. He also disavowed any knowledge whatsoever of the five burglars.[44][45] On August 1, a $25,000 (approximately $175,000 in 2022 dollars) cashier's check was found to have been deposited in the US and Mexican bank accounts of one of the Watergate burglars, Bernard Barker. Made out to the finance committee of the Committee to Reelect the President,

the check was a 1972 campaign donation by Kenneth H. Dahlberg. This money (and several other checks which had been lawfully donated to the CRP) had been directly used to finance the burglary and wiretapping expenses, including hardware and supplies.

Barker's multiple national and international businesses all had separate bank accounts, which he was found to have attempted to use to disguise the true origin of the money being paid to the burglars. The donor's checks demonstrated the burglars' direct link to the finance committee of the CRP.

Donations totaling $86,000 ($602,000 today) were made by individuals who believed they were making private donations by certified and cashier's checks for the president's re-election. Investigators' examination of the bank records of a Miami company run by Watergate burglar Barker revealed an account controlled by him personally had deposited a check and then transferred it through the Federal Reserve Check Clearing System.

The banks that had originated the checks were keen to ensure the depository institution used by Barker had acted properly in ensuring the checks had been received and endorsed by the check's payee, before its acceptance for deposit in Bernard Barker's account. Only in this way would the issuing banks not be held liable for the unauthorized and improper release of funds from their customers' accounts.

The investigation by the FBI, which cleared Barker's bank of fiduciary malfeasance, led to the direct implication of members of the CRP, to whom the checks had been delivered. Those individuals were the committee bookkeeper and its treasurer, Hugh Sloan.

As a private organization, the committee followed the normal business practice in allowing only duly authorized individuals to accept and endorse checks on behalf of the committee. No financial institution could accept or process a check on behalf

of the committee unless a duly authorized individual endorsed it. The checks deposited into Barker's bank account were endorsed by Committee treasurer Hugh Sloan, who was authorized by the finance committee. However, once Sloan had endorsed a check made payable to the committee, he had a legal and fiduciary responsibility to see that the check was deposited only into the accounts named on the check. Sloan failed to do that. When confronted with the potential charge of federal bank fraud, he revealed that committee deputy director Jeb Magruder and finance director Maurice Stans had directed him to give the money to G. Gordon Liddy.

Liddy, in turn, gave the money to Barker and attempted to hide its origin. Barker tried to disguise the funds by depositing them into accounts in banks outside of the United States. Unbeknownst to Barker, Liddy, and Sloan, the complete record of all such transactions was held for roughly six months. Barker's use of foreign banks in April and May 1972 to deposit checks and withdraw the funds via cashier's checks and money orders, resulted in the banks keeping the entire transaction records until October and November 1972.

All five Watergate burglars were directly or indirectly tied to the 1972 CRP, thus causing Judge Sirica to suspect a conspiracy involving higher-echelon government officials.

On September 29, 1972, the press reported that John Mitchell, while serving as attorney general, controlled a secret Republican fund used to finance intelligence-gathering against the Democrats. On October 10, Bob Woodward and Carl Bernstein of The Washington Post reported that the FBI had determined that the Watergate break-in was part of a massive campaign of political spying and sabotage on behalf of the Nixon re-election committee. Despite these revelations, Nixon's campaign was never seriously jeopardized; on November 7, the President was re-elected in one of the biggest landslides in American political history.

Special Intelligence Service - In June 1940, the FBI created a

Special Intelligence Service (SIS) to collect intelligence in the western hemisphere, especially against Nazi activities. In 1947, a multi-volume history of this program was written.

The Special Intelligence Service was a covert counterintelligence branch of the United States Federal Bureau of Investigation (FBI) located in South America during World War II. It was established to monitor the activities of Nazi and pro-Nazi groups in Central and South America. The organization was a forerunner to the Central Intelligence Agency.

It is commonly assumed that Assistant Director Percy E. "Sam" Foxworth was the first Chief of the SIS. He and SIS agent Harold Dennis Haberfeld died in a plane crash on 15 January 1943. The second Chief appears to have been Jerome Doyle.

The front for the organization was a law firm, the Importers and Exporters Service Company, which operated out of room 4332 of the International Building, **30 Rockefeller Center (a.k.a. the RCA Building)**, from August 1940. The organization took some time to become fully operational, due to language and cultural differences, but within a year the SIS had a number of agents in place under various covers.

Following the war the SIS was disbanded, having been in operation in 1940-1946. After it was disbanded, its region of operation was incorporated into the responsibilities of the newly formed Central Intelligence Agency. Concurrently, the FBI would expand its own primarily domestic counterintelligence role to hunt spies and combat espionage.

This organization placed more than 340 undercover agents in regions of Latin America. They operated for seven years, and by 1946 a total of 887 Axis spies had been discovered. Also found were 281 agents of Axis propaganda, 222 smugglers shipping important war materials, and more than 100 saboteurs and other operatives. It located 24 secret Axis radio stations and confiscated 40 radio transmitters and 18 receiving sets.

In Latin America, the SIS worked with the Basque Intelligence Service (BIS),[5] which had been established by Spanish Basques, living in exile as a result of the Spanish Civil War.

When the CIA was sketched out as a theoretical structure they were the Special Activities Unit and internal documentation from the Watergate break-in remains that use the SIU term.

The corresponding Espionage unit of the FBI that operates worldwide is the SIS.

The Special Activities Center (SAC) is a division of the United States Central Intelligence Agency responsible for covert and paramilitary operations. The unit was named Special Activities Division (SAD) prior to 2015.[1] Within SAC there are two separate groups: SAC/SOG (Special Operations Group) for tactical paramilitary operations and SAC/PAG (Political Action Group) for covert political action.[2]

The Special Activities Center (SAC) is a division of the United States Central Intelligence Agency responsible for covert and paramilitary operations. The unit was named Special Activities Division (SAD) prior to 2015.[1] Within SAC there are two separate groups: SAC/SOG (Special Operations Group) for tactical paramilitary operations and SAC/PAG (Political Action Group) for covert political action.[2]

The Special Operations Group is responsible for operations that include clandestine or covert operations with which the US government does not want to be overtly associated.[3] As such, unit members, called Paramilitary Operations Officers and Specialized Skills Officers, do not typically wear uniforms.[4]

If they are compromised during a mission, the US government may deny all knowledge.[5] SOG is considered the most secretive special operations force within the United States, with fewer than 100 operators.[6] The group generally recruits personnel from special mission units within the U.S. Special Operations community.[7]

SOG Paramilitary Operations Officers account for a majority of Distinguished Intelligence Cross and Intelligence Star recipients during conflicts or incidents that elicited CIA involvement. These are the highest two awards for valor within the CIA in recognition of distinguished valor and excellence in the line of duty. SOG operatives also account for the majority of the stars displayed on the Memorial Wall at CIA headquarters, indicating that the officer died while on active duty.[8] The Latin motto of SAC is Tertia Optio, which means "Third Option," as covert action represents an additional option within the realm of national security when diplomacy and military action are not feasible.[9]

The Ground Branch of the Special Operations Group has been known to operate alongside the United Kingdom's E Squadron,[10] the UK's equivalent paramilitary unit.

The Political Action Group is responsible for covert activities related to political influence, psychological operations, economic warfare, and cyberwarfare.

Tactical units within SAC can also carry out covert political action while deployed in hostile and austere environments. A large covert operation typically has components that involve many or all of these categories as well as paramilitary operations.

Political and "influence" covert operations are used to support US foreign policy. As overt support for one

element of an insurgency can be counterproductive due to the unfavorable impression of the United States in some countries, in such cases covert assistance allows the US to assist without damaging the reputation of its beneficiaries.[11]

Overview SAC provides the United States National Security Council with alternative options when overt military and/or diplomatic actions are not viable or politically feasible. SAC can be directly tasked by the U.S. president or the National Security Council at the president's direction, unlike other U.S. special mission forces. SAC/SOG has far fewer members than most of the other special missions units, such as the U.S. Army's 1st Special Forces Operational Detachment-Delta (Delta Force) or Naval Special Warfare Development Group (DEVGRU).[12][13][14]

As the action arm of the CIA's Directorate of Operations, SAC/SOG conducts direct action missions such as raids, ambushes, sabotage, targeted killings[15][16][17] and unconventional warfare (e.g., training and leading guerrilla and military units of other countries in combat). SAC/SOG also conducts special reconnaissance that can be either military or intelligence driven and is carried out by Paramilitary Officers (also called Paramilitary Operatives or Paramilitary Operations Officers) when in "non-permissive environments". Paramilitary Operations Officers are also fully trained case officers (i.e., "spy handlers") and as such conduct clandestine human intelligence (HUMINT) operations throughout the world.[18]

The political action group within SAC conducts the deniable psychological operations, also known as black propaganda, as well as "covert influence" to effect political change in other countries as part of United States foreign policy.[2] Covert intervention in foreign elections is the most significant form of SAC's political action. This involves financial support for favored

candidates, media guidance, technical support for public relations, get-out-the-vote or political organizing efforts, legal expertise, advertising campaigns, assistance with poll-watching, and other means of direct action. Policy decisions are influenced by agents, such as subverted officials of the country, to make decisions in their official capacity that are in the furtherance of U.S. policy aims. In addition, mechanisms for forming and developing opinions involve the covert use of propaganda.[28]

Propaganda includes leaflets, newspapers, magazines, books, radio, and television, all of which are geared to convey the U.S. message appropriate to the region. These techniques have expanded to cover the internet as well. They may employ officers to work as journalists, recruit agents of influence, operate media platforms, plant certain stories or information in places it is hoped will come to public attention, or seek to deny and/or discredit information that is public knowledge. In all such propaganda efforts, "black" operations denote those in which the audience is to be kept ignorant of the source; "white" efforts are those in which the originator openly acknowledges themselves, and "gray" operations are those in which the source is partly but not fully acknowledged.[29]

Some examples of political action programs were the prevention of the Italian Communist Party (PCI) from winning elections between 1948 and the late 1960s; overthrowing the governments of Iran in 1953 and Guatemala in 1954; arming rebels in Indonesia in 1957; and providing funds and support to the trade union federation Solidarity following the imposition of martial law in Poland after 1981.[30]

SAC's existence became better known as a result of the "War on Terror". Beginning in autumn of 2001, SAC/SOG paramilitary teams arrived in Afghanistan to hunt down al-Qaeda leaders, facilitate the entry of U.S. Army

Special Forces, and lead the United Islamic Front for the Salvation of Afghanistan against the ruling Taliban. SAC/SOG units also defeated Ansar al-Islam in Iraqi Kurdistan prior to the invasion of Iraq in 2003,[31][32] and trained, equipped, organized and led the Kurdish peshmerga forces to defeat the Iraqi Army in northern Iraq.[18][31] Despite (or because of) SAC/SOG being the most covert unit in U.S. special operations, numerous books have been published on the exploits of CIA paramilitary officers, including Conboy and Morrison's Feet to the Fire: CIA Covert Operations in Indonesia, 1957-1958,[33] and Warner's Shooting at the Moon: The Story of America's Clandestine War in Laos.[34] Most experts consider SAC/SOG the premier force for unconventional warfare (UW), whether that warfare consists of either creating or combating an insurgency in a foreign country.[12][35][36]

United States Special Operations Command Insignia
There remains some conflict between the CIA's Directorate of Operations and the more clandestine parts of the United States Special Operations Command (USSOCOM),[37] such as the Joint Special Operations Command. This is usually confined to the civilian/political heads of the respective Department/Agency. The combination of SAC and USSOCOM units has resulted in some of the more prominent actions of the wars in Iraq and Afghanistan, including the locating and killing of Osama bin Laden.[36][38] SAC/SOG has several missions, one being the recruiting, training, and leading of indigenous forces in combat operations.[36] SAC/SOG and its successors have been used when it was considered desirable to have plausible deniability about US support (this is called a covert operation or "covert action").[18] Unlike other special missions units, SAC/SOG operatives combine special operations and clandestine intelligence capabilities in one individual.[14] These individuals can operate in any environment (sea, air or ground) with limited to no support.[12]

Covert action The CIA is authorized to collect intelligence, conduct counterintelligence, and conduct covert action by the National Security Act of 1947.[2] President Ronald Reagan issued Executive Order 12333 titled "United States Intelligence Activities" in 1984. This order defined covert action as "special activities," both political and military, that the U.S. government would deny, and granted the exclusive authority to conduct such operations to the CIA. The CIA was also designated as the sole authority under the 1991 Intelligence Authorization Act and mirrored in Title 50 of the United States Code Section 413(e).[2][36] The CIA must have a presidential finding in order to conduct these activities under the Hughes-Ryan amendment to the 1991 Intelligence Authorization Act.[39] These findings are monitored by the oversight committees in both the U.S. Senate, called the Senate Select Committee on Intelligence (SSCI) and the U.S. House of Representatives, called the House Permanent Select Committee on Intelligence (HPSCI).[40]

The Pentagon commissioned a study to determine whether the CIA or the U.S. Department of Defense (DoD) should conduct covert action paramilitary operations. Their study determined that the CIA should maintain this capability and be the "sole government agency conducting covert action." The DoD found that it does not have the legal authority to conduct covert action or the operational agility to carry out these types of missions.[41]

In an article for ABC News, former Deputy Secretary of Defense and retired CIA paramilitary officer Mick Mulroy explained that the term "covert action" is derived from Presidential Findings authorizing the CIA to conduct specific special activities to support U.S. national security objectives. He advocated for covert actions to be fully incorporated in the U.S. National Security Strategy and the 2018 National Defense Strategy in the form of a Covert Action Annex and for

covert actions to be fully funded to operate in support of overall objectives in the form of a Covert Action Fund.[42]

Selection and training Emblem of the Joint Special Operations Command

Special Activities Center has several hundred officers, mostly former members from Tier 1 units like SEAL Team Six and Delta Force, as well as other U.S. Special Operations Forces personnel.[43][44][45] The CIA has also recruited individuals from within the agency.[46][47] The CIA's formal designations for these individuals are paramilitary operations officers and specialized skills officers. Paramilitary operations officers often attend the Clandestine Service Trainee (CST) program, which trains them as clandestine intelligence operatives at an internal paramilitary training course.

The primary strengths of SAC paramilitary officers are operational agility, adaptability, and deniability. They often operate in small teams, typically made up of two to ten operatives (with some operations being carried out by a single officer), all usually with extensive military tactical experience and a set of specialized skills that does not exist in any other unit.[14] As fully trained intelligence case officers, paramilitary operations officers possess all the clandestine skills to collect human intelligence - and most importantly - to recruit assets from among the indigenous troops receiving their training. These officers often operate in remote locations behind enemy lines to carry out direct action (including raids and sabotage), counter-intelligence, guerrilla/unconventional warfare, counter-terrorism, and hostage rescue missions, in addition to being able to conduct espionage via HUMINT assets.

There are four principal elements within SAC's Special Operations Group, formerly called branches, now

organized as departments: the Air Department, the Maritime Department, the Ground Department, and the Armor and Special Programs Department.[48] The Armor and Special Programs Department is charged with the development, testing, and covert procurement of new personnel and vehicular armor, and maintenance of stockpiles of ordnance and weapons systems used by the SOG, almost all of which must be obtained from clandestine sources abroad, in order to provide SOG operatives and their foreign trainees with plausible deniability in accordance with U.S. Congressional directives.

Together, the SAC/SOG comprises a complete combined arms covert paramilitary force. Paramilitary operations officers are the core of each branch and routinely move between the branches to gain expertise in all aspects of SOG.[46] As such, paramilitary operations officers are trained to operate in a multitude of environments. Because these officers are taken from the most highly trained units in the U.S. military and then provided with extensive additional training to become CIA clandestine intelligence officers, many U.S. security experts assess them as the most elite of the U.S. special missions units.[49]

Paramilitary operations officers require a bachelor's degree to be considered for employment. SAC officers are trained at Camp Peary, Virginia (also known as "The Farm"), "The Point" (Harvey Point), a facility outside of Hertford, North Carolina, and at privately owned training centers around the United States.[50][51] In addition to the eighteen months of training in the Clandestine Service Trainee (CST) program[52] required to become a clandestine intelligence officer, paramilitary operations officers are trained to a high level of proficiency in:

explosive devices and firearms (foreign and domestic,) hand-to-hand combat, high-performance / tactical

driving (on and off-road)apprehension avoidance (including picking handcuffs and escaping from confinement) improvised explosive devices cyberwarfare covert channels HAHO / HALO parachuting combat and commercial SCUBA closed circuit diving proficiency in foreign languages surreptitious entry operations (picking or otherwise bypassing locks) vehicle hot-wiring Survival, Evasion, Resistance and Escape (SERE) extreme survival and wilderness training combat EMS medical training tactical communications tracking History Office of Strategic Services

William Joseph Donovan While the World War II Office of Strategic Services (OSS) was technically a military agency under the Joint Chiefs of Staff, in practice, it was fairly autonomous and enjoyed direct access to President Franklin D. Roosevelt (FDR). Major General William Joseph Donovan was the head of the OSS. Donovan was a soldier and Medal of Honor recipient from World War I. He was also a lawyer and former classmate of FDR at Columbia Law School.[53] Like its successor the CIA, the OSS included both human intelligence functions and special operations paramilitary functions. Its Secret Intelligence Division was responsible for espionage, while the Jedburgh teams, a U.S.-U.K.-French collaboration, were forerunners of groups that create guerrilla units, such as the U.S. Army Special Forces and the CIA. The OSS's Operational Groups were larger U.S. units that carried out direct action behind enemy lines. Even during World War II, the idea of intelligence and special operations units not under strict military control was controversial. The OSS operated primarily in the European Theater of Operations (ETO) and to some extent in the China-Burma-India Theater, although General of the Army Douglas MacArthur was extremely reluctant to have any OSS personnel within his area of operations.

From 1943 to 1945, the OSS played a major role in training Kuomintang troops in China and Burma, and

recruited other indigenous irregular forces for sabotage as well as guides for Allied forces in Burma fighting the Japanese army. OSS also helped arm, train and supply resistance movements, including Mao Zedong's People's Liberation Army in China and the Viet Minh in French Indochina, in areas occupied by the Axis powers. Other functions of the OSS included the use of propaganda, espionage, subversion, and post-war planning.

One of the OSS's greatest accomplishments during World War II was its penetration of Nazi Germany by OSS operatives. The OSS was responsible for training German and Austrian commandos for missions inside Nazi Germany. Some of these agents included exiled communists, socialist party members, labor activists, anti-Nazi POWs, and German and Jewish refugees. At the height of its influence during World War II, the OSS employed almost 24,000 people.[54]

OSS Paramilitary Officers parachuted into many countries that were behind enemy lines, including France, Norway, Greece, and the Netherlands. In Crete, OSS paramilitary officers linked up with, equipped and fought alongside Greek resistance forces against the Axis occupation.

The OSS was disbanded shortly after World War II, with its intelligence analysis functions moving temporarily into the United States Department of State. Espionage and counterintelligence went into military units, while paramilitary and other covert action functions went into the Office of Policy Coordination set up in 1948. Between the CIA's original creation by the National Security Act of 1947 and various mergers and reorganizations through 1952, the wartime OSS functions generally ended up in the CIA. The mission of training and leading guerrillas in due course went to the United States Army Special Forces, but those missions required to remain covert were performed by the (Deputy) Directorate of Plans and its successor the

Directorate of Operations of the CIA. In 1962, the CIA's paramilitary operations centralized in the Special Operations Division (SOD), the predecessor of the SAC. The direct descendant of the OSS' Special Operations is the CIA's Special Activities Division.The Special Operations Group is responsible for operations that include clandestine or covert operations with which the US government does not want to be overtly associated.[3] As such, unit members, called Paramilitary Operations Officers and Specialized Skills Officers, do not typically wear uniforms.[4]

Riflings

Much of my family history is and what I report as world history is conjecture.

I suppose that is some form of projection, taking things that you can see and projecting them into some picture that might be.

In all directions of my life perhaps 10 directions at least outward from me are bizzare aspects to life.

The Atomic bomb is part of that and the military service of my father, but I think that part of my history told direclty is derivative of my father and the Kennedy's knowing each other and Jospeh Kennedy Sr getting my father James Paul Donegan and perhaps his brother Robert Donegan aka Happy Donegan in the Manhattan Project.

The part of my father knowing the Kennedy's was not told to me.

Here I am relying on rifling. My father and I think Joseph Kennedy Jr was in attempts to deliver the atomic bombs, my father in RECON and the experimental P-51 by North American Aviation getting fitted with a Packard Motors built Merlin Spitfire engine then being a recon pilot in the "first and second atomic bomb air wings."

In the Korean war in the North American F-86 he flew against migs as Jet Pilot. John Wayne like with a defector wife Olga, or I think Glorian Donegan who was rescued from 1920s Nazi Austria.

Lee Harvey Oswald would work at that air base as did Bissle Jr and Gary Powers. And in 1952 both my father and mother

married as did John F. Kennedy and Jaquline Kennedy.

In 1961 at the time of my birth JFK and Powers and one other guy were at the Lawford compound. In 1963 almost two years to the day later JFK was dead, and about that time my father left the Catholic Church.

After leaving the military and my early first year or two in Manhattan Beach city home of the Mac Martin school, Los Angeles County we moved to Massachusuets near were my father and the Kennedys are from, Marshfiild. IN that location we were close freinds with Col Prouty and his family. It was during that time prouty wrote the Guns of Dallas and also later wrote VP. Nixon 1958 and plans for Indonesia.

Later in Los Angeles Couunty with Don Nixon present and the Mancuurian Candidate move producer Fankenhiemer present and the attempt to get Robert F. Kennedy to go to Atomic Testing Ground Nevada where my father stood and watched the test blast go off the first atomic bomb, RFK is assasinated.

I think the James Jesus Angleton and Vatican CIA group killed JFK, and if that core inner center of my life story is correct 10 or so other very strange things make sense in my life and 200 or so strange things in history that don't make sense do make sense.

In particular Sex abuse and children protectors Jen Moore and Gunderson make sense. They feared children were being killed by the US government, it seems in large numbers, and I think they were both obsessed and correct about the government role in murders, kidnapps, and child abuse and assasinations.

To the Attorney General of Nebraska from Ed Donegan

From: Edward Paul Donegan To: Mike Hilgers AG Nebraska

I contact your office in the non-partisan and matter of security of our Nation and its people in regards to the Franklin child abuse case and four new leads independently of value and synergizing with themselves and synergizeing with Ted Gunderson theories at the time not substantiated to thresholds required by investigators but appear now to be true.

Jen Moore (source 1) tells the Vatican CIA OSS history of my family and its connection to Franklin matters, and I (source 2) confirm that. A new document from Micheal Aquino has been found and its relevance is also newly attested to and the theory Ted Gunderson offered on Franklin if explored elsewhere corroborates Franklin and the Sonny Bono and Mac Donald family homicide theories. This also goes to JKF, RFK, and others in a consolidated theory that does explain the orbit of allegations surrounding Ted Gundersons official duties in private and public investigatory life.

It requires the language of Cosmology to describe the far reaching, complex, and interacting elements of constellation of information across history and figures to fit together Jen Moore, Ted Gunderson, and ED Donegan and MKULTRA and the cold war.

Among the thousands of pages of data in my books of my original data and referencing the independent sources of Jen Moore and Ted GUnderson i can offer one of the circumstantial peices. Ted Gunderson notes the missing children group around certain periods of the Calendar year. He says these are the years the phony Satanits cults and overlay with birthday of children I have noted myself, and one we agree on is August 4. He describes it as August 1. August 4 is the Queen Mother's

birthday and her birth-date has been used for royal lines with February 20 fertilization attempts, November 18 births or August 4 births, and wedding dates as well, Its quirky but the Royals do it, and out of wedlock children tied to British birth experimentation was part of the plan with the British in the US and that these children were CIA experiments about a gene carried in that family is part of my theory and Jen Moore's explanation as well.,

Jen Moore though deceased left extensive online videos on YouTube, in Farmer Jones conference calls, and documents within the videos. She speaks of Dulles being the CIA person during the key part of my family history and the ties to the Kennedy assassination, also the study of psychology and child development and testing.

Much of this is transcribed from Jen Moore online content and in my earlier books. I can summarize the my family (and I as a child) knew Col Prouty, were neighbors, and that Prouty has written he met with Dulles and General Landsdale in his home on CIA assassination and General Cabell and regime change matters including VP Nixon 1958 and Indonesia.

Prouty's bio I have researched extensively and all of his claims are credible the CIA killed JFK and Jen Moore and more indirectly Ted Gunderson will assert this is the ties to vatican abuse of children through fonts, studying possible future leaders, and I am sure this is linked and linked to my family and Gunderson's work on a series of CIA secretive misconduct cases.

I only summarize this information collected and detailed in my earlier books drawing on primary sources of deceased figures still having materials available online including the JFK online museum.

The Gunderson Report

Corruption Network Volume Three

The Corruption Network Volume Three (dowload)

A series of three [then later to be four] volumes on the most important threat to our children today

Presented by: Ted L. Gunderson International

[The report is an archive of communications and witness statements and analysis and the letter from the Nebraska AG summarizing the state-of-mind of the State investigation contemporary with the letter is included as all information is archived]

[The subtitle of *The Corruption Network* is *The Satanic Drug Cult and Missing Children*. Investigator Ted Gunderson asserted and later discovered documents confirm Micheal Aquino as Defense Intelligence Agency formed a front as a vehicle for corrupt government acts, that front being Temple of Set.

A Michael Aquino PsyOps memo still surviving from his DOD days states :

…

Micheal Aquino has decided to "Create a global UFO cult, which will involve the abduction of citizens so as to foster an illusion this earth is facing an extraterrestrial invasion. UFO abductees-of-preference will have an expertise in computer technologies, since that expertise will be required im RMA scenarios. Use of experimental drugs, holographic projection capabilities, directed energy technologies, induced auditory input, experimental aircraft, and special effects costuming and

stagecraft, among other things, will be used to persuade abductees of the reality of their circumstances. Official denials regarding these events will employ reverse psychology, to insure that such denials are taken as official ..." as PsyOps

Other data on the Finders exists.

FOUNDING OF THE FINDERS

The leader of the Finders cult was Marion G. Pettie, a former Air Force master sergeant who admitted that his son worked for CIA-front Air America. Pettie's wife, Isabelle, is admitted in FBI vault documents to have worked for the CIA from 1951 to 1971 (although some documents state that her period of employment ended in 1961), and it is also admitted that she was given passports to North Korea, North Vietnam, the Soviet Union and elsewhere during the height of the Cold War. That she would travel to such strictly prohibited locations suggests she was more than a simple "staff stenographer," as the documents attempt to portray her.

In interview with Finders member and spokesperson Tobe Terrell, conducted by Derrick Broze of The Conscious Resistance, provides some corroboration of Pettie's military connections and suggests the origins of his intelligence work. Terell told Broze that Pettie "… was in the Army Air Corps [in which my father James Paul Donegan flew in, atomic bombing of Japan, Korean war recon in Polar Route and Pacific], which became the U.S. Air Force. He was highly regarded by the brass and they asked him if he would like to become an intelligence officer." Despite this admission, during the rest of the interview, Terrell strenuously denied that the Finders were linked with the U.S. government or intelligence operations. Instead, Terrell claims, Petite retired after 20 years of working for the military and was "trained but never assigned" in intelligence work.

https://www.mintpressnews.com/finders-cult-us-government-worked-keep-cia-connection-secret/277948/

"The Finders" is a CIA Front established in the 1960's. Members are specially trained Government Kidnappers with top clearance and protection in their assigned task of stealing children, torturing and sexual abusing them, sometimes involving them in satanic orgies, bloody rituals and murder of Other children with the slaughter Of animals.

The Finders are known sexual degenerates who use a fleet of unmarked cars to grab targeted children from parks and schoolyards. Many times using their own child members are decoys, they lure the innocent children away from the crowd close to their vans. The adults inside grab the children, drug then and transport them to a series of safe houses where they await their ill fated end. They are then used in The children are either murdered and sacrificed for body parts , or they are sold as sex slaves, auctioned off at various locations in the northern hemisphere.

In the past they have been auctioned off near Las Vegas, Nevada and Toronto, Canada, Lincoln, Nebraska, Michigan and Houston, Texas Marion David pettie, the leader Of the cult is an identified pedophile, and CIA officer. His son was a former employee of a CIA proprietary firm, Air America, which was notorious for smuggling drugs, destined for the United States out of the Golden Triangle into Saigon during the Viet Nam War.

Dear Mr. Gunderson:

The Attorney General's Office received and reviewed your letter of January 3, 1992, regarding your impressions as a consultant on the Franklin Credit Union investigation.

Many of the issues and allegations you raise have either been addressed, are rumor, Or are SO vague and nebulas as to defy resolution by diligent investigation.

Nevertheless, we desire to comment as follows:

1. We note the allegation that the FBI sold information tc Omaha t.v. stations. Please provide all of the information and leads you have available on this particular allegation. We will then review and follow up as necessary;

2. We also note the allegations regarding new

information on the Johnny Gosch kidnapping case. Please provide all details on this that are available to you. We would particularly like to know when Mr. Bonacci initially disclosed this new information and to whom and whether there is any written record of the same in either a statement.by Paul Bonacci or a transcribed record of his remarks or interview. It also would be helpful were you to provide us with names, addresses and rank of any law enforcement officials who refused to interview him or to consider the information.

We are assuming, Mr. Gunderson, that in the preparation of your letter of January 3, 1992, you have done more than simply parrot unsubstantiated allegations made to you orally or which you may have picked up in written material reviewed, and therefore, have specific information to back up your concerns. Hence, the above requests.

Dear people:

Nebraska Revised statutes 28-711 impose specific duties, with criminal penalty for those who fail to follow the mandates of the law, upon all individuals having "reasonable cause to believe that a child has been subjected to abuse or neglect.,..."

I believe that under this law I have an obligation to provide information I have received from an individual named Paul Bonacci to the proper authorities for appropriate action. Further, Mr. Bonacci himself has, as he has in the past when he first provided information to public officials, made it clear to me that he also wants to comply with all terms of the child abuse laws of the state of Nebraska.

The information has come to me as a result of agreeing to act as attorney for Mr. Bonacci in conjunction with indictments issued against him by the Douglas County Franklin Grand Jury for allegedly lying to the Grand Jury about certain. aspects of child abuse he had either witnessed or been a victim of.

Mr. Bonacci has been diagnosed by at least two court appointed psychiatrists as having multiple personality syndrome or ***disassociative behavior syndrome***, which is a form of mental illness but which is not insanity. A third legislatively ordered psychiatrist nationally recognized for her specializing in multiple personality syndrome has also thoroughly examined the young man.

> …
>
> [I Ed Donegan can tell you watching yourself intellectually loose control to your emotions is a form of dissociation between the rational and emotional mine, the emotional controlling conduct but coesistant in the consciousness. "Borderlines with significant dissociative symptoms may constitute a more severe and at-risk subgroup of BPD patients. However, there are significant research gaps and methodological issues in the area, including the possibility of unrecognized Dissociative Disorders in BPD study populations confounding results. Further

studies are needed to better understand the impact of dissociation on BPD course and treatment, and to clarify the most appropriate assessment tools for clinical practice. In addition, interventional studies are needed to develop dissociation-specific BPD treatments to determine whether targeting dissociation in BPD can improve treatment outcomes."]

Most of the 70 included studies were observational (98%) with first authors from Germany (59%). Overall, dissociation was associated with increased BPD symptom severity, self-harm and reduced psychotherapy treatment response; findings regarding suicide risk were mixed. Dissociation was associated with working memory and cognitive deficits, decreased pain perception, altered body ownership, no substance abuse or the abuse of sedative substances, increased fantasy proneness, personality fragmentation, fearful attachment, dream anxiety, perceived stress and altered stress responses, increased cumulative body mass index, decreased water consumption, several neurological correlates and changes in [FOXP2] gene expression.

Conclusion:

BPD with significant dissociative symptoms may constitute a more severe and at-risk subgroup of BPD patients. However, there are significant research gaps and methodological issues in the area, including the possibility of unrecognized Dissociative Disorders in BPD study populations confounding results. Further studies are needed to better understand the impact of dissociation on BPD course and treatment, and to clarify the most appropriate assessment tools for clinical practice. In

> addition, interventional studies are needed to develop dissociation-specific BPD treatments to determine whether targeting dissociation in BPD can improve treatment outcomes.

…

As I understand it from all of them, they have concluded that the ailment Mr. Bonacci suffers is a direct consequence of very serious trauma caused by child abuse over a prolonged period of time. Another characteristic the Court ordered psychiatrist Mead of Omaha and Legislatively ordered nationally recognized psychiatrist Dr. Densen-Gerber have identified as a characteristic of this MPD syndrome is that the individual characteristically tells the truth about the abuse. At least the truth so far as they know it or perceive or understand it. The records of the third psychiatrist are sealed by Judge Mullen, but I presume law enforcement or proper investigative authorities would have the ability to obtain these results which I am not at liberty to discuss here as per Judge Mullen's order.

Both of these highly competent psychiatrists mentioned have repeatedly examined this young man and concluded that they believe his complex tale of abuse is essentially accurate and that this individual, Paul Bonacci, is accurately reporting what he experienced.

However, each of them have also repeatedly emphasized the fact that BECAUSE OF THE MULTIPLE PERSONALITY FACTOR the true story of abuse and individuals involved in the abuse CAN ONLY BE UNDERSTOOD IF ONE PIECES TOGETHER OR CREATES A COMPOSITE Or THE STORIES TOLD BY THE VARIOUS PERSONALITIES.

Needless to say, this was not done at the time of the Grand Jury investigation and the purpose of this letter is NOT TO DEAL WITH MR. BONACCI'S CRIMINAL INDICTMENTS OR ANY GRAND JURY MATTERS. I FEEL COMPLETELY COMFORTABLE IN SAYING THAT THESE MATTERS WILL BE HANDLED IN THE COURTS AND, HOPEFULLY, DUE PROCESS WILL OCCUR AND JUSTICE WILL OCCUR.

It is the purpose of this letter, however, to now provide, as per the above cited Nebraska law, information from Mr. Bonacci which has been obtained relative to child abuse of the past--inveolving not only Mr. Bonacci but a host of others--which information IS THE COMPOSITE OF HIS STORY OF CHILD ABUSE AS PRESENTED BY THE VARIOUS PERSONALITIES. This is the first time this composite has been available and is being provided to authorities immediately upon transcription.

Mr. Bonacci has agreed that he wants to comply with Nebraska law and wants this information presented for investigation and examination as required by law. Further, he wants it made available so that the situation can be corrected so that others do not experience what he has been a victim of.

For the protection of other individuals identified in the transcripts provided with this letter, I have taken the liberty of obliterating the names of certain individuals whose name, because of national attention, would be immediately recognizable and would put those individuals at risk for their life.

However, there is no intent to keep this information from law enforcement. Quite the contrary. There is every intent to share this information along with a wealth of other information received from Mr. Bonacci. In the interest of protecting others, however, we would

provide this information only under controlled circumstances to authorities specifically conducting the investigations as required by law.

Again, as stated, the purpose of this letter and this transcript of many hours of tapes which reflect the gradual piecing together of the Bonacci abuse story via the different personalities is simply to comply with Nebraska Child Abuse cases.

There is a second package of tapes which are being transcribed at this time. The moment they are available, I will provide them to the proper authorities for further investigation.

Paul Bonacci has instructed me that he does not want to see these abuses occur to others. Towards that end, and of course in compliance with Nebraska law, he feels this information should go to the proper law enforcement authorities and any other proper entities who can assist in stopping child abuse activity. In accordance with those “instructions, I am making thls information available to you and will provide whatever other assistance or information you request.

Finally, Mr. Bonacci would cooperate in anyway possible including further medical or use of other scientific tools or authorities in any exams, polygraph exams investigative methods necessary for determining and verifying the a stories.

Dear Mr. Gunderson:

The letter and enclosures that you recently sent to Attorney General Barr have been referred to this office,

Your letter alleges that personnel of the Federal Bureau of Investigation (FBI) have obstructed justice and states that you have information concerning kidnapping within the jurisdiction of the FBI.

Having reviewed your enclosures, however, there is no evidence of misconduct by FBI personnel that would justify your charge of obstruction of justice.

If you have any new evidence about kidnapping, please provide it to your local office of the FBI.

Sincerely,

Robert S. Mueller, III Assistant Attorney General

Dear Sir:

On March 11, 1992, I [Ted Gunderson] wrote to William Barr ([OSS CIA Creation of Obama Jr. linked to Kennedy Assasination] U.S. Department of Justice in an effort to draw his attention to the Obstruction of Justice Statute which I believe is being violated in the State of Nebraska and what appears to be an organized kidnapping ring operating within this nation.

On January 3, 1992 I wrote to Nebraska Attorney General Don Stenberg alerting him to possible misconduct by various law enforcement agencies in the State of Nebraska. Mr. Stenberg responded on January 28, 1992 through one of his assistants and the documents enclosed are in response to Mr. Stenberg's letter.

I am sending copies to you because the evidence clearly shows that there is a problem in Nebraska and a national problem that must be cleaned up if the citizens of this country are to enjoy justice and safety. As a leader in your community I felt sure that you would want to be informed.

If you have questions or comments please contact me at your earliest convenience.

Corruption Network goes on with that archive data

Johnny Gosch: The Franklin Scandal

A Lurid, Mysterious Scandal Begins Taking Shape in Omaha
By William Robbins, Special To the New York Times Dec. 18, 1988

For several weeks a Federal investigation has riveted attention here on a failed local credit union formed to help the poor, on $38 million that it is missing and on its manager, a nationally active Republican politician whom the Government accuses of embezzling at least some of the funds.

Now the inquiry, joined by state investigations, is widening and has begun to take on the stark trappings of lurid melodrama.

The collapse of the credit union and the Government's lawsuit alleging embezzlement were the extent of the case, at least on the public record, until last Monday. Then rumors that had been circulating in Omaha for much of the last month made their way into remarks presented to the Executive Board of the State Legislature in Lincoln. The speaker was State Senator Ernie Chambers of Omaha, who said he had received numerous reports, to which he clearly gave credence, that instances of child sexual and physical abuse were linked to the scandal.

…

Edward Donegan a victim of illegal criminal abuse asserts John Gosch may have been from an experimental MKULRA family and those families are under attack from the Deep State that created them. They made them and they (regime change PsyOps) can break them, if their existence becomes a risk to high ranking public officials like Bush, Mueller, Barr, Burns, now Obama, and the rest of the Cabal.

Connected? On March 30, 1981, President of the United States

Ronald Reagan was shot and wounded by John Hinckley Jr. in Washington, D.C., as he was returning to his limousine after a speaking engagement at the Washington Hilton. Wikipedia Date: March 30, 1981. George H.W. Bush was V.P.

> …
>
> THE BIZARRE CONNECTION BETWEEN JOHN HINCKLEY JR AND THE BUSH FAMILY
>
> On the afternoon of March 30, 1981, John Hinckley Jr., a college dropout who'd been kicked out of the American Nazi Party and had been aimlessly wandering the country for months, stuck his arm through the crowd of reporters outside the Washington Hilton Hotel in Washington, D.C. and pulled the trigger of a .22 caliber pistol, according to The New York Times and the Ronald Reagan Presidential Library & Museum.
>
> More than 1,500 miles west, in Denver, Colorado, Scott Hinckley, John's older brother and the vice president of his family's Vanderbilt Energy Corp., an independent oil and gas exploration firm, had plans to attend a dinner party later that day, according to UPI. He and a date were invited to the home of Neil Bush, who worked for the Amoco Oil Company, and who also happened to be the son of then Vice President George H.W. Bush under President Ronald Reagan.
>
> At that moment, back in Washington D.C., Reagan was being shoved into the presidential limousine and whisked away to the hospital.

…

Amoco (/ˈæməkoʊ/ AM-ə-koh) is a brand of fuel stations operating in the United States and owned by British conglomerate BP since 1998. The Amoco Corporation was an American chemical and oil company, founded by Standard Oil Company in 1889 around a refinery in Whiting, Indiana, and was officially the Standard Oil Company of Indiana until 1985. Originally part of the Standard Oil Company trust, it focused on producing gasoline for the new automobile market. In 1911, as part of the break-up of the Standard Oil trust, it became an independent corporation. Incorporated in Indiana, it was headquartered in Chicago, and formally adopted the name Amoco in 1985. Although the Amoco Corporation merged in 1998 into BP Amoco, the Amoco name was resurrected in 2017 as a brand that service station owners could choose to use when they purchased supplies from BP in selected areas of the United States.

In 1925, Standard Oil of Indiana absorbed the **American Oil Company** (not Arabco, Arab Oil Company division of Standard Oil), founded in Baltimore in 1910, and incorporated in 1922, by Louis Blaustein and his son Jacob. The combined corporation operated or licensed gas stations under both the Standard name and the American or Amoco name (the latter from American oil company) and its logo using these names became a red, white and blue oval with a torch in the center. By the mid-twentieth century it was ranked the largest oil company in the United States. In 1985, it changed its corporate name to Amoco. Amoco merged with British Petroleum in December 1998 to form BP Amoco, renamed BP in 2001.

Ronald Reagan's primary investiture was in residual royalties if any from Bedtime for Bonzo. He grew up quite poor and worked as a lifegaurd in his youth, then on to acting.

Wikipedia and copied or modified to here

Born John David Gosch November 12, 1969 Des Moines, Iowa, U.S. Disappeared September 5, 1982 (aged 12) 42nd Street & Marcourt Lane, West Des Moines, Iowa, U.S. Status Missing for 40 years, 9 months and 25 days

Initially, the police came to believe that Gosch was a runaway, but later they changed their statement and suggested that Gosch was kidnapped, but they were unable to establish a viable motive. They turned up little evidence and arrested no suspects in connection with the case.

Over the years, several private investigators have assisted the Gosches with the search for their son. Among them are Jim Rothstein, a retired New York City police detective and Ted Gunderson, a retired chief of the Los Angeles FBI branch.

Potentially linked cases On August 12, 1984, Eugene Martin, another Des Moines-area paperboy, disappeared under similar circumstances. He disappeared while delivering newspapers on the south side of Des Moines.

Marc James Warren Allen, then 13 years old, told his mother he was going to walk to a friend's house across the street on March 29, 1986, the day before Easter. However, he never made it to the neighbor's house and hasn't been seen since. Allen was first believed to be the third Iowa paperboy to go missing in the 1980s based on earlier media reporting. Allen was not a paperboy in Des Moines, according to a detailed piece about Iowa's missing people that appeared in The Des Moines Register on August 18, 2013. But even now, four decades later, none of the three boys' cases have been solved.

Authorities were unable to prove a connection between

the three cases, yet Noreen Gosch says that she was personally informed of the abduction of Eugene Martin a few months in advance by a private investigator who was searching for her son. She was told the kidnapping "would take place the second weekend in August 1984 and it would be a paperboy from the southside of Des Moines.

In 1989, 21-year-old Paul A. Bonacci told his attorney John DeCamp that he had been abducted into a sex ring with Gosch as a teenager and was forced to participate in Gosch's kidnapping. John DeCamp met with Bonacci and believed he was telling the truth. Noreen later met him and said he told her things "he could know only from talking with her son."[30] He said that Johnny had a birthmark on his chest, a scar on his tongue and a burn scar on his lower leg; although a description of the birthmark had been widely circulated, information about the scars had not been made public. Bonacci also described a stammer that Johnny had when he was upset.[7] The FBI and local police do not believe that Bonacci is a credible witness in the case and have not interviewed him. His siblings told police he was at home when Gosch was abducted.

Jeffery MacDonald Case and Faith

My father used to use worlds like Malfeasance about corrupt activities of officialdom I have just looked it up and gotten this.

Malfeasance wrongdoing, especially by a public official. Malfeasance in office is often grounds for a just cause removal of an elected official by statute or recall election. Wikipedia

I also use the term Maladministration of incorrectly or corruptly diverging from official responsibilities, fiduciary obligations, nor recusing when recuals should be made, using thumbs on the scale or outright fraud.

Often the CIA o F.BI. will work as each other or planted Agents In Place in outside organizations to covertly act in a fraudulent way under cover of what does not appear to be a Raketering (CIA) Influenced Organization.

The the difference between lying and fraud is really one of sophistication. The liar lies and gets caught that instant. The Fraudster doesn't lie but engages in act the looks like one thing but leaves a door open to a lie.

The on the other side of the metaphor the Trapize Flier reaches for a fraudulent but beneficial deceitful construction some where else likely after the Mark being defrauded has already left and will not be there to confront what will be a lie about himself.

I Ed Donegan assert skill fraudsters are creating under a cove story the chance for a fogery later, a forged confession that will use the preponderance of visual or audio evidence already staged to, under a skillfully manufactured ambiguity, be available as part of the preponderance of evidence bolstering the confession, or more likely (as I have overheard those near me impersonating me) forcing a stipulation of apparent facts for

a damages and protection racket asset seizures settlement.

The libraries and museums I use are treating me as a predator about to get caught, who is following Bait around Jail Bait. It is part of a smear campaign and Noise Campaign and because it is used both to Conspiracy against Access to Usage of the Library in a Conspiracy Against Rights it is obstruction of justice and because it does so by manufacturing evidence that a Gullible who says is Ed Donegan will sign away Donegan property over under Asset Seizures in the justice system it is Obstruction of Justice.

Oddly enough I think the only time I haver seen anything ethical at all was in all places in a DOJ civil division prosecutor I later apporached throuh the Federal Defender as I will again perhaps a soon as today.

My brother was a "frenemy" acting as a defense witness but with frequently damming "praise." The case for my not being a dangerous person was going poorly because I had been in prison fights. The prosecutor asked the prison officials if this had been true of Ed Donegan outside the prison system and the answer was "no." He considered openly it was the provocative prison environment that lead to the fights and somewhat formerly moved to disregard that peiece of the prison record and forensic analsys based on it.

This was good faith prosecution and government as it is taught to lay people like myself. IT is expected the Defense Attorney will test all evidence the State provides to insure a fair trial. The prosecutor also wishes as a mandate to be a part of a fair trial in that the fair trial seeks the truth, not a conviction as if gamemanship. Similarly prosecutors do no not bring criminal charges (nor should they be able to) merely to harrass a person with allegations; rather, the role of the trial is to seek a conviction on the charge brought, and if one is not expected the trail should not be conducted.

Jeffrey MacDonald got far less. Reading the record of the trial

Ted GUnderon left we can see what happened in the trial and hearing what Ed Donegan and Jen Moore and Ted Gunderon say about mitochondria, seekers, and a potential military role through front groups Finders could have been hunting for Colette MacDonald for DNA history reasons.

Appeals courts and the media have already heard Ted Gunderson's evidence in a by comparison over litigated case, but the injustice done to Jeffery Macdonald and his family is still in perhaps reach, perhaps before he dies, and now the dishes of the scales of justice have a deffer weight and tilt to them.

Gunderson: Stoeckleys Confession to Officer Beasley on the MacDonald Murders

In 1980 an informant told me that drugs were being flown into Army bases from Viet Nam in the late 1960's and early 1970's, I visited the library and researched the subject," To my surprise there has only been one article written on this topic in a nation- al publication, (See attached Time Magazine article January 1, 1973.

I have been told by informants that the Army personnel involved in this operation, who were subsequently prosecuted were a minute per- centage of those active in the drug operation, I have also been told that some high ranking Army officers who were in charge of this drug ring have never been identified. Informants have advised that the Army investigation of the operation was controlled and manipulated to conceal its magnitude and the extent of participation. If true, this accounts for the Army drug cover up of the MacDonald murders as described by Helena Stoeckley.

Stoeckley told Beasley and me in October 1980 she would "**drop a bombshell**" and "**tell all**" if given immunity. I asked the Department of Justice for immunity for her. When Dr. MacDonald's new defense attorney (a former Assistant U.S. Attorney) learned about this in 1982, he wrote to the

Department of Justice and told them to disregard my request, There was never any follow up.

Stoeckley died in January 1983, She had been dead in her apartment for four days, She was nude from the waist down, the kitchen faucet was running* and her six month old child was alive on the floor.

Stoeckley stated she could give names, dates, places and more details after she was given immunity by the U.S. Government. She stated military and civilian police officers were involved in this net work. Stoeckley advised her Satanic Cult group that murdered Colette MacDonald and MacDonald children were involved in this international drug network. Army authorities were concerned that an investigation of Stoackley's Satanic Cult group involvement in the MacDonald murders could expose this international drug network.

According to the autopsy report she died of “slight” pnemonia of each lung and cirrhosis of the liver. (Normally this is a linger- ing death not a sudden death).

A week before she died she was beaten up in a parking lot and told to keep her mouth shut. Four days before she died she called Beasley who lived five hours away and told Beasley she had an emergency and must see him immediately. Beasley called MacDonald's defense attorney who forbid him to go to Stoeckley.

…

There are explanations in context available for the behavior of defense attorneys, witnesses, etc, in balancing of time towards objectives in the case, theories to be pursued as the art of trial, theories of facts, discretion of case handling, etc, but in the larger context Gunderon was asserting and after-the-fact new evidence the evalation of archive evidenece in the Macdonald case gains new context and meaning.

Jen More was told she would die if she talked, she was being followed by thugs, Ted Gunderon and Ed Donegan also assert of asserted this, and Stoekly did as well.

The wider theory of the case, an NWO conspiracy, and a pattern of coveup murders creates a newly aclaimable validation of Jeffrey MacDonald's theory of a case as a witness in it and a defendant, intruders to his home killed his children, and we now can think this was linked to child abuse and front cult groups operating elsehwere in the world in CIA and DIA activities of MKULTRA.

Prince Everette Beasley BIRTH 15 Jun 1925 DEATH 14 Oct 1996 (aged 71) Fayetteville, Cumberland County, North Carolina, USA

May 5, 1986 Statement of P.E Beasley to Ted Gunerson re: Helena Stoeckley and suspects retrieved from http://www.crimearchives.net/1979_macdonald/affidavits/1986-05-05_beasley_stmt.html and copied or modified to here

I, Prince Everette Beasley, make the following free and voluntary statement to Ted L.Gunderson, a private investigator from Los Angeles. No threats or promises were made to get me to make this statement.

I was born 6/15/25 at Maxton, N.C. I presently reside at 104 Myra Rd., Raeford, N.C., 28376. Phone. 919-875-3693. I am a retired police officer who served on the Fayetteville, N.C. Police Department from 1953 to 1973.

Helena Stoeckley was my drug informant from approximately 1968 until 1972. She was turned over to me by Lt. R. A. Studer. [Lieutenant Rudy A. Studer]

Fayetteville, N.C. Police Dept. He turned her over to me because Helena's parents were mad at him for working Helena in the drug community, and because he was made a Lieutenant and couldn't devote the necessary time to working with her. Studer told me the reason he turned Helena over to me was because of his promotion. Helena told me he turned her over to me because of the problem with her parents.

Shortly after I was assigned to the Narcotic Squad, Helena told me that drugs, primarily heroin, were being smuggled into this country in the body cavities of the dead soldiers being returned by air from Viet Nam to the United States. She named Ike Atkinson as the ring leader. Atkinson was located in Goldsboro, N.C., supposedly working out of Johnson Air Force Base. Helena told me they were smuggling drugs in the same manner into Johnson Air Force Base. Johnson Air Force Base is located at Goldsboro, N.C.

She advised Atkinson was in the service, but subsequently got out and continued his business in drugs with the same contacts. I didn't pay much attention to Atkinson because he wasn't in our jurisdiction.

The above information is all that Helena told me up to the time of the MacDonald murders in 1970.

Helena told me after the MacDonald murders that there were contacts in Viet Nam who put the drugs in the G.I.'s bodies, in plastic bags after the autopsies were complete, The bodies were sewn up and shipped to Pope Air Base, Ft. Bragg, Johnson Air Base, and other bases which she did not name.

When the bodies arrived in the U.S., they were met by a contact in the United States at one of the military bases, and after the drugs were removed by this contact, the bodies were sent to their final destination.

The person who met the bodies at the respective Air Bases knew which bodies to check, based on a pre-determined code. Although I believe Helena knew their identities, she never gave me this information. Helena told me that the people who handled the assignments in Viet Nam, and those who met the planes in the United States, were military personnel. She stated most of the drugs came from Thailand.

Helena stated the drugs and the pickups were made at the base at Fort Bragg. The reason she gave me more details after the MacDonald murders was because she wanted me to know that she knew what she was talking about, and she stated she would give me details, including names, dates, and places, once she was given immunity by the U.S. Government. When Ted L. Gunderson and I initially interviewed her, we told her we would attempt to get immunity for her on these matters.

Helena advised that Spider Newman, his son, Red Newman, Wineford (Winnie) Cole, Tommy Hart, and June Bug Walters (I don't know Walters' real first name) were several steps in the organization under Atkinson. All of these individuals were civilians who operated in the Fayetteville, N.C. area, selling drugs. None of these individuals had a business cover, but sold drugs out of their house. Those of us in law enforcement knew through our intelligence community that Atkinson ran the Viet Nam smuggling operation on the Eastern Seaboard. I believe Atkinson was arrested by the Federal Narcotic authorities in the middle 1970's, and he is presently serving time. He was recently turned down on parole.

Spider Newman was being tried for drugs in the mid-1970's. There was a courtroom break, and he was later found in his car behind his home, shot in the head. I later heard that Spider was getting ready to turn states evidence when this happened. The police ruled this a

suicide. His trial was in Federal Court.

Red Newman has been tried on drugs, and is serving time in the Federal system. Cole went to State Prison on drug charges in Fayetteville.

Wineford Cole, Tommy Hart and June Bug Walters were all tried and convicted of drug trafficking. I believe they were all tried in local and Federal Court at different times. I don't know if Cole and Walters are in jail now, but I know Hart is in the North Carolina State Penal System.

In regard to the Viet Nam operation, Helena told me that military, civilian, and police officers were involved in the Viet Nam drug network. She stated there were two prominent local attorneys and Army officers as high as Generals, who were part of the operation. She stated she would name and identity the people if given immunity by the U.S. Government. I believe this is part of the "bomb shell" she said she was going to drop. Helena never named the police officers she said were involved in the Viet Nam operation, but she did state that Studer and Sonberg were involved in drugs. Possibly these are the individuals she was referring to in regard to the Viet Nam drug network, who were police officers. Helena also told me after the MacDonald murders, that Alan Mazorelle [***sic***], who was in her coven Satanic Cult, was a drug runner up and down the East Coast. Mazorelle took drugs as far away as Florida and New York City. Mazorelle was in the Army at the time. She never said where Mazorelle obtained his drugs.

Helena also told me that Don Harris, also a member of her coven Satanic Cult, was a heavy user of drugs. This is all she said about him.

Helena told me that Dwight Smith was a drug dealer

locally. She never said where Smith obtained his drugs. She said Smith was an "alright guy".

Helena told me that Kathy [***sic***] Perry was a user of drugs. Perry took as many drugs as she could get her hands on. Perry dealt drugs only to maintain her habit.

Helena told me that Greg Mitchell was a dealer and a heavy user of drugs. She never gave details regarding how he dealt, but she stated anytime someone couldn't find drugs, they could always go to Mitchell and he would have them. At times, he would supply the whole group.

Helena told me that Bruce Fowler was a drug dealer and a user, and that she was his girlfriend. She never gave more details than this.

Dwight Smith, Don Harris, Alan Mazorelle, Bruce Fowler and Greg Mitchell were all in the same coven Satanic cult with Helena, and were all in the military. She stated that all of the above were dangerous, but she was the most afraid of Mazorelle. She stated Mazorelle would kill you in a minute.

I had extensive intelligence files on all of the above close associates of Helena's, but this information has disappeared from the Fayetteville Police files. I learned these files disappeared in August, 1979. During the MacDonald trial I was given a subpoena to bring these records to the trial. It was then that I learned they were gone.

In 1981 or 1982, I talked to Mrs. Greg Mitchell, after Greg had died. She told me Greg had previously told her about drugs being smuggled into the U.S. in the body cavities of the dead G.I.'s from Viet Nam. She stated that Greg didn't give her the names of persons involved, but told her about the contacts in Viet Nam who placed the

drugs in plastic bags, into the bodies, and others in the U.S. at our Air Bases who met the planes, and took the drugs from the bodies. She stated military personnel were involved in this operation in Viet Ham and in the U.S.

Lieutenant Studer told me in 1968-1969 that drugs were being brought into the U.S. from Viet Nam in the body cavities of the dead soldiers. He said they were being flown into the United States to the military Air Bases, and dispersed from there by contacts within the military.

Studer subsequently was promoted to Captain, Chief of Detectives, but was forced to resign because he misappropriated pornographic material obtained during an investigation. Helena told me that Studer monitored the drugs that Helena obtained, and if he didn't like them, he had her exchange those drugs for drugs that Studer could use. Helena told me that if the police obtained drugs on an arrest, they would often be on the street the next day. Studer would take the drugs and give them to Helena to sell back on the street. The only way I know that Studer could get these drugs was from the evidence room. Studer and Detective Larry Sonberg both had keys to the evidence room.

Helena told me that William F. Ivory, C.I.D.. and Studer were close friends. She stated that Ivory was dealing drugs with Studer. She stated she would give more details concerning Ivory if she was given immunity. Ivory was involved in the crime scene search on the MacDonald case. She also stated she would give more information on Studer if she vas given immunity.

Joseph Bullock was an informant and undercover operator for me and Studer from 1969 to 1971. Bullock advised me that he saw Studer and Ivory exchange envelopes on occasion at the Dunkin' Donuts, Bragg

Blvd, Fayetteville, N.C., during this period of time. Studer dropped Bullock shortly after this because, according to Bullock, Studer knew too much of what was going on. Bullock was subsequently shot in the head during an ambush when he came home from work. It was general knowledge in the community that Bullock was an informant for me. Bullock described Studer as a "son of a bitch."

Sonberg left town unexpectedly, shortly after the MacDonald murders. The rumor was that Sonberg had double-crossed some drug dealers, and had to leave town. Helena told me that Sonberg was dealing drugs even though he was a police officer. I have no knowledge that Sonberg was involved with the drug operation out of Viet Nam.

Helena once mentioned the name Proctor to me. I don't recall what was said about him, but I knew she knew him. I assume she was referring to James [***sic***] Proctor, Judge DePree's [***sic***] former son-in-law. I don't recall if she referred to Proctor by his first name. She mentioned this sometime after the MacDonald murders. She said she would talk more about Proctor if given immunity.

Helena told me that 3 or 4 nights after the MacDonald murders she vas picked up by Ivory and I believe C.I.D. agent, Shaw (I don't know his first name). She stated they talked to her about the MacDonald murders. Helena advised she gave them a story that they didn't believe, and they turned her loose.

Helena told me that Studer contacted her shortly after the MacDonald murders and Studer told her to get out of town because Beasley was after her. She ultimately left, and went to Nashville, Tennessee.

During the time I worked with Helena (1968 to 1972) I estimate that she was responsible, as an informant, for

the arrest of hundreds of individuals. I estimate at least 200 persons or more were arrested as a result of information furnished by her.

She set up Mazorelle and Thomas Rizzo for the arrest on drugs just before the MacDonald murders. When I looked for the intelligence files on the Stretchly [***sic***] group in 1979, I recall also looking for the arrest file on Mazorelle and Rizzo for their arrest. I recall they were arrested in January 1970. I remember that these arrest files were intact at that time. I have since been told that the arrest files on Mazorelle and Rizzo are now missing.

It is interesting to note that Mazorelle claims he was in jail the night of the MacDonald murders. He claims he can prove this from Superior Court records in Cumberland County. I have been told there is a slip of paper in the court records that shows Mazorelle was in jail the night of 2/16-17/70. These records are available to the public.

I know Mazorelle was not in jail 2/16-17/70 because I arrested him in January 1970 and recall that the trial was set for Mazorelle the day of 2/17/70. If Mazorelle had been in Jail that date (2/16-17/70) he would have been available for trial on 2/17/70, and I would have appeared in court as a witness. John De Carter of the Sheriff's office was with me in the arrest of Rizzo and Mazorelle and he would have also had to appear in court 2/17/70. I specifically recall that I did not appear in court on any case at the Cumberland County Court House on 2/17/70. I was on the street all day looking for suspects on the MacDonald murders.

I don't recall that Mazorelle was out on bail, but I believe he was, or he would have appeared in court 2/17/70. Since he didn't appear I believe he jumped bail, which means a bench warrant would have been issued for him. I recall he was subsequently arrested in

Waycross Georgia for burglary, but I have been informed through my sources in law enforcement that the Waycross arrest records are also missing.

I recall that a bondsman, C. B. Avertt [***sic***], went to Waycross to extradite Mazorelle for jumping bond on my drug arrest. I talked to Avertt in 1979, and he told me that he didn't recall making the bond and had no record. I talked to him a month later and he recalled that he made bond for Mazorelle for $2500.00 after the MacDonald murders, which, according to him, would confirm that Mazorelle was in jail the night of 2/16-17/70. Avertt is either involved in the cover up or is mistaken. Mazorelle's bond could not have been made after the MacDonald murders because the trial was set for 2/17/70, as explained above.

I don't have knowledge concerning the possible altering of Court records concerning the Mazorelle-Rizzo drug arrest, but I recall a number of occasions when Cumberland Court House records were altered after working hours at night. I don't believe Mazorelle was in jail the night of the murders.

In addition to the above, Helena told me that Mazorelle was out that night and involved in the MacDonald murders.

In regard to cases that Helena made for me, I recall that she was responsible for the largest drug recovery in the history of our police department up to the time I retired. Several months before the MacDonald murders, she tipped us on drugs that were being transported from Canada to Fayetteville. Seven suspects were arrested, and over $20,000.00 worth of drugs were recovered.

Helena was also responsible for the arrest of four suspects from Texas, who were also transporting and selling drugs in Fayetteville. We recovered about

$40,000.00 worth of drugs on this case.

Helena told me about every instance where drugs came into Fayetteville from other areas. At the time I didn't think about it, but I now believe she told us about drugs coming from outside Fayetteville to eliminate competition, probably protecting the local drug scene, i.e. the Viet Nam operation. This is my opinion.

Judge Dupree and the U.S. Government have attempted to discredit me, insinuating I am having, and have had mental problems. I would like to point out that I have been on the Police Officers Advisory Commission for North Carolina since before I returned [***sic***; "retired" was probably intended] from the Fayetteville Police Department in 1973.

I have read this 8 page statement, and it is true and correct, to the best of my knowledge.

Prince E. Beasley

Witness: Ted L. Gunderson
5/5/86 Fayetteville, N.C.

Our system preserves its records and makes them public. TO the victor a decision it its favor, to the defeated the case of the defendent remains on the record.

This preservation of data is valuable. As more information appears in the future it may salvage earlier disparaged testimony or evidence, rehabiliting the elemt from dismmissal.

We see that in Stoakley's out of court confession not proved substantial enough for trial because other evidence had been precluded creating a snowball affect of pearing away of available defense theories and witnesses that had a critical

mass.

That critical mass of facts supporting MacDOnald's theory I assert is occuring now with this book and the works of Ted Gunderson, historians around the world on MKULTRA, declassified documents, more histories of the key figures emerging.

On October 19, 1990, MacDonald filed a second habeas petition, at issue here, pursuant to 28 U.S.C. § 2255. MacDonald offered newly discovered, and allegedly exculpatory, evidence he claimed the government suppressed during trial in violation of Brady v. Maryland, 373 U.S. 83, 83 S.Ct. 1194, 10 L.Ed.2d 215 (1963). In addition, MacDonald claimed that the government violated his due process rights by presenting its case in a manner intentionally designed to conceal this exculpatory evidence. The evidence consists of government forensic lab notes describing (1) three blond synthetic hairs found in a hairbrush located in the MacDonald home and (2) black and green wool fibers, not matched to any source in the MacDonald home, found on the murder weapon and on Colette MacDonald's body.

MacDonald contends that the lab notes corroborate his story of intruders entering the home and murdering his wife and children. He has consistently maintained that one of the intruders was a woman with blond hair. Other evidence at trial showed that the suspected female intruder, Stoeckley, owned and often wore a cheap blond wig and may have been wearing it on the night of the murders. Investigators located the hairbrush containing the blond hairs near the kitchen telephone in the MacDonald house. In a post-trial confession, Stoeckley recalled answering the MacDonald's telephone during the attacks and then hanging up after the caller asked for Dr. MacDonald.

Forensic experts have never been able to compare the blond hair strands to Stoeckley's wig because she burned the wig a few days after the murders.

After MacDonald's conviction, Jimmie Friar, a mental patient of Dr. MacDonald's, corroborated Stoeckley's statement. He claimed to have called the MacDonald home at 2:00 a.m. on the morning of the murders, heard a woman answer the phone, and then heard a man in the background say, "Hang up the Goddamned phone."

MacDonald also contends that evidence of various unidentified dark wool fibers found in Colette's mouth, on her arm, and on the wooden club used to murder her is further proof of intruders. These fibers were not matched to any tested source in the MacDonald home. Furthermore, Stoeckley was known to wear black and dark clothing.

Compounding the value of this evidence for MacDonald is the fact that the district court refused to admit Stoeckley's out-of-court confessions into evidence at trial. The court found her confessions untrustworthy due, in part, to the lack of corroborating evidence supporting the presence of intruders. MacDonald, of course, contends that had the lab notes been made known to the district court judge at the time of trial, the court would have allowed into evidence Stoeckley's out-of-court confessions. He further argues that the cumulative effect of the hair and fiber evidence and the confessions would have been a reasonable doubt in the minds of the jurors.

Jeffery MacDonald was surgeon and a member of the Green Berets.

He was assigned to the US ARMY 3TH SPECIAL FORCES GROUP who use BLACKISH GREEN WOOL BERET HAT WITH BADGE SET

1960s - Special Forces Group organization in the Vietnam Era 3rd Group was first activated on 5 December 1963 at Fort Bragg, North Carolina. The four colors of the quadrants of 3rd Group's beret flash are derived from the flashes of the pre-existing SF units from which 3rd Group's members were initially drawn (hence its original motto: "From the Rest Comes

the Best").

For what it is worth (and that is very little) Stoeckley as a name sounds like living Stoicly controlling your emotions from volatility.

Gunderson International's Hewlett-Packard 5710-A dual-column gas chromatograph with flame analyzation detector

>
> Gas chromatography (GC) is a common type of chromatography used in analytical chemistry for separating and analyzing compounds that can be vaporized without decomposition. Typical uses of GC include testing the purity of a particular substance, or separating the different components of a mixture.[1] In preparative chromatography, GC can be used to prepare pure compounds from a mixture.

Gunderon went to work with the experts. Some sound like quacks or the paranoid, but what made Gunderson great was his use of quality scientific reports done by experts and presented in detail.

A Dialectical Theory of the Case of World History spanning Centuries and fits the presentation by David Rothkopff about Superclass

→ Treaty of Westphalia and Nation-States

In the Fuedual times (note the name of the times and fudes) Feudalism, also known as the feudal system, was the combination of the legal, economic, military, cultural and political customs that flourished in medieval Europe between the 9th and 15th centuries. -Wikipedia

A broader definition of feudalism, as described by Marc Bloch (1939), includes not only the obligations of the warrior nobility but the obligations of all three estates of the realm: the nobility, the clergy, and the peasantry, all of whom were bound by a system of manorialism; this is sometimes referred to as a "feudal society". Since the publication of Elizabeth A. R. Brown's "The Tyranny of a Construct" (1974) and Susan Reynolds's Fiefs and Vassals (1994), there has been ongoing inconclusive discussion among medieval historians as to whether feudalism is a useful construct for understanding medieval society.

In Feudalisms era the education levels, self-governance and liberties of the bottom of the society ranged from oppressed ignorance to surf of slave.

Conquest of nearby kingdoms was a common goal. Great Britain has been a force in colonialism, a Nation in and of itself made up of subsumed colonies, some suggest the political colonies or economic colonies are exploited satellites, others believe in advantages union of combined power and opportunity.

→ → Modernity and Self-Governance

In dialectical terms advancement is science including in language led to increasing education of the the people of nations. The dialectal struggle for liberty against feudalism lead to the Magna Carta and Great War of England, Parliament against the King.

→ → The dialectical pressure against Monarchies by The Age of Reason and natural Law Philosophy and 17th Century theories of Natural Rights. Over the centuries this would lead

into the Atlantic Revolutions and increasingly smaller Great Britain in 1900s

The desire to reverse this trend and synthesis of the pressures was the system of PsyOps, winning the consent of the Governed with friendly press, good Public Relations, A Spoonful of Sugar rather than Vinegar, and underneath that, subversion (using underhanded means) of efforts to rebel against the crown's colonial system of nations.

→ → The theory of great noble leadership as inherited and emblematic of the realm

Monarchies are considered to be the result of talented stewards of the ship of state and its directions. Faith in the Monarch is vital to cohesion with it.

The Dialectical pressure against this was a defect in the London King Edward VII family of weepy or happy volatile instability and other symptoms.

The Synthesis of these competing endpoints was to secretly have out-of-wedlock family members the Psychological Warfare units could use while overthrowing other countries with sleepers moved around the world providing the sleeper did not show the defect the Windsors were trying to hide.

→ → → In the USA the Synthesis arrives, Allen Dulles Joseph Kennedy Sr London planning Vatican planning secretive Eugenics test cases are being studied by speech and behavioral experts in differing languages and differing countries and differing evolutionary racial DNA grouped areas of origins.

Sites might or did include Los Angeles County, Manhattan Beach City, Venice Beach, Santa Monica, etc., SSFL area. DOD Atomic Proving Ground Nevada, Palm Springs.

Sites might or did include "Georgian" wealthy Protest Southerner locations like North Carolina, Atlanta Georgia,

Texas or elsewhere. Boston area, and perhaps WACO and perhaps Franklin Nebraska.

Sites or rather industrialists might or did include the Walker Family, Nixon family, Trusdale, Bush family, Rockefeller Family, Barr family, Burns familly, Mayorkas family, Lloyd Austin family, Colin Powell family Ted Cruz Sr family, the Kelly Brothers, the Schwartzenggers, Kennedy's and more known and unknown MKUTLRA families in politics and media.

→ → → John F. Kennedy sours on British Sleeper Agents and overthrows in Indonesia, Cuba, Gautamala, Iran, India, etc.,

The Synthesis of the conflicts between Roman Catholic republics government Kennedy against colonialist East India or International Trade-Mart Rockefeller General CD Douglas plans is that the resolution of the conflict is the assassination of JFK.

→ → →→ The assassination of JFK and its conflict with US Law is the new dialectical struggle and the synthesis is assassination of journalists, politicians, media figures like Marilyn Monroe, Sonny Bono, and children not being moved INTO the program as selected for space flight (think Gattica) are assassinated by covert occult groups that are fronts for the DIA CIA and FBI.

→ → →→ Many out of loyalty to the USA, its system of government, or the Kennedy's or to the sovereignty of other nations will not keep secret the US Secret Team (as Prouty calls them) of rich industrialists elites. They (the whistle-blowers)are targeted by MKULTRA military grade techniques, Ted Gunderon and Jen Moore and Edward Donegan included.

Colby Gunderson Sosbee Helena Stoeckley, Marilyn Monroe, JFK and RFK and Lennon were Enforced

The CIA DIA FBI DOJ close knit relationship withe Narco Gangs and enforcers from Narco gangs are well documented. This included forming Brigade 2506 that never went way, William King Harvey and other with Charles Harrelson conducting the hit on JFK and later on John Lennon. Before those JFK and after JFK RFK.

…

The Threats to and then Silencing [Enforcing of] Helena Stoeckley

Stoeckley told Beasley and me in October 1980 she would "drop a bombshell" and "tell all" if given immunity. I asked the Department of Justice for immunity for her. When Dr. MacDonald's new defense attorney (a former Assistant U.S. Attorney) learned about this in 1982, he wrote to the Department of Justice and told them to disregard my request, There was never any follow up.

Stoeckley died in January 1983, She had been dead in her apartment for four days, She was nude from the waist down, the kitchen faucet was running* and her six month old child was alive on the floor.

*According to informants, satanists almost always leave a satanic Sign at the murder scene. Running water is a known satanic sign. [Ted Gunderon report is correct Cult Killers who are fronts for CIA DIA activities were used to silence her and leave a warning sign … much like a pillow over the face

According to the autopsy report she died of “slight” pnemonia of each lung and cirrhosis of the liver. (Normally this is a linger- ing death not a sudden death). A week before she died she was beaten up in a parking lot and told to keep her mouth shut. Pour days before she died she called Beasley who lived five hours away and told Beasley she had an emergency and must see him immediately. Beasley called MacDonald's defense attorney who forbid him to go to Stoeckley.

Silenced:The Ultimate Beyrayal

Task Force: Whistleblowers Journey:Live in DC@taskforcewhistleblowersjou2924

https://youtu.be/Dy-1IBdHhg4

Silenced [The Enforcing of Whistle-blowers]:The Ultimate Beyral … a video by Jen Moore shortly before her death and after she was beaten, leadjng to hospitilazation for physical injuries inflicted by thugs, traumatized by Noise Campaign leaving her shaking as continued whistle-blowing

> Some of these things [child abuse as children and even young adulthood or even later] and then be terrorized for the rest of their lives ***to never speak about these***

absolute monster crimes so you know as much as you guys a lot of people don't want to hear about some of this stuff [like the Mainstream Media] as you said this stuff is coming out

and I know it is as well so it's it's part a the part that I play in it is some of my knowledge and experience in the past [of the Kutschera and Gaineys in the USA and how that tied to PsyOps, Allen Dulles, and overthrows during the Kennedy administration) and understanding of some of the stuff that came into play regarding my whistle-blowing

and as well as many other things that are attached to it .

I can't give real specifics just because it's just not safe enough.

[Ed Donean will. Borderline Personality Disorder of London KE VII and personality charactistis and speech defects of the Windsors and many other families were being researhed and experimented on. The DOnegans included]

we're going to have a meeting in a little bit and telling you my heart is that feels like it's been a ripped in two just hearing.

some of the stories that I've heard and so I'll be giving more information on that and like this is also my PTSD [of a traumatized Border] journey as well this is part of the reason this is part of my trapped truth as I said yesterday is knowing these things to be true and not being able to speak them out loud.

These things and many other things being silenced and so that silencing that pushing down of your personal experience whether you're a whistleblower or victim or

survivor a witness a lot of witnesses to that have been silenced ***especially by the government our government*** that ever want you to speak and you know ***threaten you and even worse things than that.***

The power of that [espionage capability to Enfroce you] coming against you as an individual you as a child or the abuse of power is such a traumatic wounding and such a betrayal of all that you believe to be true and think who are the safe people and who aren't. [recognizing you governemtn is corrupt, you are a threat to the Government because you are an MKULTRA victim and the MKULTRA infested government, your own corrupt government, will silence you]

and we're trying to correct some of that now many of the whistle-blowers that I'm involved with are trying to correct that now to let the American people know that there are really good people that have tried for a long time to stop some of these very bad things and we become victims as well as we are silenced with threats in many other ways so that's kind of the update and we'll go on from here

https://youtu.be/Dy-1IBdHhg4

…

The Beatles had been planting Great Britain propaganda stories on the albums and album covers to cult followers and they split over that as Yoko and Joun Lennon renounced British imperialism in Africa. It was a person from Brigade 2506 who used his middle name to work as a doorman to the Chapman residence that , Lennon was staying in, part of a Stalk team setting up Lennon for a close-hit, CIA in close.

Ted Gudnerson and Sosbee will complaint in their works and lawsuits "Techniques use to silence critics (whistle-blowers)

who out kidnapping and murder by the CIA are correct and Gunderson was likely poisoned, and Edward Donegan (myself) assert I was poisoned as well. Jen Moore asserts Rod Rosenstein and his DOJ representing the CIA relatives are all CIA connected as is Mueller and others who may have silenced per accounts Whitey Bulger.

There are online reports of "Why George Bush had Lennon Killed" and other Conspiracy theories and I belive them to be true. https://targetedmanhattanprojectvictim.wordpress.com/2022/12/06/did-the-cia-or-mi6-kill-john-lennon-for-the-birthdays-of-knights-of-british-empire-helter-skelter-helix-and-dna-protein-cords/ and that contains additional information building from this information

Stoeckley was told if sh continued to speak she would be killed and a few days later she like Danny Cassolaro or Paul Wilcher was found dead, and similar a few days after Jen Moore was told she would be silenced she kept going, moved to bitchute from youtube, and was dead in a few days I think a homocide to silence her.

All were telling the story of the mafia CIA connections to cults, etc., like Narco gangs and even respected front groups, hosting Racketeering Influence CIA organized crime, the very crime gangs of CIA Enforces Gunderson and Robert Kennedy were attempting to put out of business.

I am being attacked with these same narco gang and human trafficking groups, their enforcers, and front organizations cooperating with the sham activities.

helena-stoeckley-from-jeffrey-macdonald-case and copied or modified to here

Helena Stoeckley repeatedly confessed--and then recanted--being in the home of Jeffrey MacDonald the night his pregnant wife and two young daughters were brutally killed.

By Jill Sederstrom October 9, 2020, 3:26 PM ET

The complex case of Jeffrey MacDonald and the gruesome murders of his pregnant wife and two young daughters has been increasingly complicated over the years by one woman.

Helena Stoeckley-a drug-addicted hippie who lived in Fayetteville, North Carolina at the time of the slayings-has repeatedly claimed that she was in MacDonald's home the night of the murders with a group of friends who carried out the brutal attacks, even after MacDonald himself was convicted of the murders in 1979.

Her story has continually changed over the years-with Stoeckley claiming at times that she had been in the home on Feb. 17, 1970 when Colette MacDonald and her daughters, 5-year-old Kimberley and 2-year-old Kristen, were viciously killed, while at other times saying she either hadn't been in the home or had no recollection of her activities that night.

Investigators quickly dismissed Stoeckley, who had been a teenaged confidential police informant at the time of the murders, as unreliable and they focused instead on evidence they said pointed to Jeffrey MacDonald, a Green Beret surgeon with an Ivy League

education.

More than 50 years after the slayings, MacDonald continues to proclaim his innocence from behind bars-pointing to Stoeckley's past confession as evidence that he didn't carry out the crime.

So what happened to Stoeckley in the years that followed?

Stoeckley died in 1983 at the age of 30 of acute pneumonia and cirrhosis of the liver in her South Carolina apartment, according to a 1998 Vanity Fair article.

But not before making one last confession to her mother just three months before she died.

"She told my mother she was there that night and that Dr. MacDonald was innocent," her brother Gene Stoeckly told People in 2017. "I know my mom in her heart believed it. ... My sister knew her time was short - she had cirrhosis. The prosecution used the fact she was affected by drug abuse over the years, but my sister had no reason to make things up or lie."

…

Jen Moore, Ted Gunderson, Marilyn Monroe were all warned not to talk. They all reported beatings or poisonings and on going death threat, common happening to JFK assassination witnesses like Jean Hill.

Norma Jean Lollis Hill (February 11, 1931 - November 7, 2000) was an American woman who was an eyewitness to the assassination of United States President John F. Kennedy in Dallas, Texas, on November 22, 1963.[1][2] Hill was known as

the "Lady in Red" because of the long red raincoat she wore that day, as seen in Abraham Zapruder's film of the assassination. A teacher by profession, she was a consultant for Oliver Stone's 1991 film JFK and co-wrote JFK: The Last Dissenting Witness with Bill Sloan.- WIkipedia

Hill's claims have been both disputed and embraced. While official sources have considered her an unreliable witness for a number of reasons, other researchers investigating the assassination and the conclusions of the Warren Commission consider her a highly credible witness. They point to significant circumstantial evidence of an apparent smear campaign to undermine the testimony and credibility of Hill, the closest civilian witness to the assassination and its immediate aftermath. - Wikipedia

Jean Hill was a consistent critic of the official report of the Warren Commission since its release and in 1992 she co-wrote a book entitled The Last Dissenting Witness. In this book she made the assertion that her reported testimony before the Warren Commission was fabricated by the commission, a claim also made by others about Warren Commission testimony.[3] Others point out that those claims cannot be verified one way or the other, and argue that the Warren Commission did not fabricate testimony at all, although some people who probably committed perjury point to the possibility of an internal conspiracy.- Wikipedia

"*The F.B.I and C.I.A are Terrorists*

President George W. Bush Apri 23, 2003
The White House
1600 Pennsylvania Avenue NW

Washington, DC 20500
Dear President Bush

On April 3, 2003, I found an intruder (biker type- wearing a head bandana, leather Jacket, and chains attached to his belt) in the basement of the apartment complex where I am presently staying in Los Angeles. After seeing me, he bolted through the

front door of the building and disappeared. I filed a police report. [am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

Since retiring as the Senior Special Agent in Charge of the FBI Los Angeles Division in 1979, T have publicly exposed pedophilia, murder, child kidnapping, and other nefarious criminal activity on the part of individuals both in and out of government circles; much of which has been covered up or ignored by those responsible for investigating these allegations.

In the past, there have been attempts to frame me for alleged criminal activity, individuals have been 'planted' on me and there have been attempts on my life. More recently, I have been the target of a disinformation/smear campaign **spearheaded by an FBI informant**. In addition, I have been the victim of periodic surveillances, illegal entries into my home and vehicle, and illegal telephone taps (I have proof.)

Why Bush & the CIA Had John Lennon Killed -- The Beatles, the Montauk Project, the Tavistock Institute and Mass Social Control

© 1999 John Quinn/NewsHawk® inc.

All Rights Reserved

Today is the birthday of Beatle John Lennon.

In honor of the man and his wonderful music NewsHawk Inc. has decided to take a look at what was going on "behind the scenes" of the 1960's "countercultural revolution"; to explore a bit how the world's most popular and undeniably talented rock band was without ANY doubt "used" by New World Order social manipulators (as were MANY other pop music groups) in an ongoing project designed to control the development of human society in the most fundamental ways.

There are direct links which tie these activities to certain covert scientific projects of an extremely advanced, esoteric nature which were exploring the realms of (manipulation of) consciousness, time, thought and indeed "reality" itself, which were being conducted during the same period of time on Long Island, N.Y.: activities which were part of the Phoenix/Montauk Project.

In fact we are talking about two sides of the same coin here. On one side, the covert, subtle manipulation and control of not only thought and human consciousness but of the most fundamental, subatomic, electromagnetic matrix of (perceived) reality itself, using newly-developed electromagnetic/radio frequency technologies of extraordinary, unheard-of power and potential. On the other side, directly and overtly shifting the paradigm, changing the basic concepts, widening the parameters--the envelope, changing the playing field and all the rules of play by which society defines itself within an exceptionally short period of time.

Factor in what was happening on more political levels such as the civil rights and anti-war movements, stir briskly while at full boil, and STAND BACK!

What's rather amazing in fact is that society did NOT disintegrate/implode/explode in the way the social

manipulators had apparently hoped. The higher qualities of human nature seemed to consistently float to the surface--with some notable exceptions--and certainly began to acquire a significant, if not nearly irresistible momentum of it's own; pulling in larger and larger segments, of "straight"', conventional, "moral majority" type elements of society. obviously, the big plan was backfiring severely and something "needed to be done."

The Beatles were also part of the mass experimentation that contemporary society was being subjected to by the CIA, Britain's MI6 and the Tavistock Institute utilizing extraordinarily powerful mind-altering psychedelic/ psychotropic drugs.

More than most of the other boys in the band, John Lennon became increasingly aware not only of the extent of corruption, co-opting and infiltration of the counterculture -- most CERTAINLY including the rock music scene -- by these same covert government intelligence elements.

Lennon was also aware than one of the "big guns" in the CIA/Tavistock/MI6 arsenal, LSD, had been having effect upon the population groups to which it had been funneled so extensively that was most unexpected on the part of the social manipulators--and to a large extent the effect was rather positive and beneficial.

Shortly before Lennon's death at the hands of what beyond the faintest glimmer of a shadow a doubt was a mind-controlled, "Manchurian Candidate" type assassin deployed by Tavistock/CIA/MI6, Mark Chapman to terminate a "loose cannon", Lennon had the audacity to massively and blatantly "out" the aforementioned consortium in a Playboy interview -- in which he made note of LSD's completely unforeseen liberating impact upon human society and civilization--pretty much thumbing his nose at the whole bunch and their whole

trip; AND indicating as well that he was aware of the extent to which he and other pop musicians had been set up--to be used as dupes in massive social manipulation schemes.

Shortly afterward, New World Order head honcho and Satanist, globalist, CIA chief and Tavistock underling vice-president George Bush had Lennon slaughtered on the streets of new York; where he died in the arms of someone that a number of sources claim was the monarch agent deployed by MI6/CIA to keep the exceptionally intelligent Lennon constantly gravitating toward the social fringe; thereby keeping his potential influence at least minimized -- Yoko Ono. That's NOT to say that even IF this last supposition is true, that genuine love and a fulfilling relationship did not exist between the two and that Yoko's "programming", just like John's, broke up and fell apart.

And what about those Beatles, anyway? Anyone who has heard the Beatles' live tapes recorded in 1961 and 1962 on the "Reeperbahn" in Hamburg, Germany realizes that this was an incredibly talented and energetic bunch of rockers who no matter what would have undoubtedly had a significant impact upon popular music and thus upon society itself, regardless of things which occurred subsequently in their saga.

And without any doubt being given access to state-of-the art audio and recording technologies and facilities stimulated their creativity quite a bit--for the benefit of all; "MR. KITE" included.

Personally I think the Beatles were definitely "the greatest"--or damn close to it.

NewsHawk will be exploring this subject further in the weeks ahead.

© 1999 John Quinn/NewsHawk® inc.

All Rights Reserved

Lennon had been uneasy accepting an honour from the Queen in the first place and by the end of the decade, he was even more opposed to being endorsed by the establishment.

His relationship with **Yoko Ono** had garnered criticism from the public, he'd been busted by police over an alleged drug offence and ridiculed in the press for his post-wedding "bed-in", in which he and Ono held a press conference in their honeymoon suite.

The "bed-in" was all part of John and Yoko's campaign for peace, started in response to the ongoing conflict in Vietnam. At the same time, the British government supported the Nigerian government in a civil war, which saw the unrecognised state of **Biafra** attacked and driven to famine in a bloody conflict that intensified across the summer of 1969.

In 1947 King joined the Central Intelligence Agency. Eventually he became chief of CIA's Western Hemisphere Division. On 11th December, 1959, King sent a confidential memorandum to Allen W. Dulles, the director of the CIA. King argued that in Cuba there existed a "far-left dictatorship, which if allowed to remain will encourage similar actions against U.S. holdings in other Latin American countries." (1)

As a result of this memorandum Dulles established Operation 40. It obtained this name because originally there were 40 agents involved in the operation. Later this was expanded to 70 agents. The group was presided over by Richard Nixon. Tracy Barnes became operating officer of what was also called the Cuban Task Force. The first meeting chaired by Barnes took place in his

office on 18th January, 1960, and was attended by David Atlee Phillips, E. Howard Hunt, Jack Esterline, and Frank Bender.

According to Fabian Escalante, a senior officer of the Cuban Department of State Security (G-2), in 1960 Richard Nixon recruited an "important group of businessmen headed by George Bush (Snr.) and Jack Crichton, both Texas oilmen, to gather the necessary funds for the operation". This suggests that Operation 40 agents were involved in freelance work. (2)

It is known that at this time that George Bush and Jack Crichton were involved in covert right-wing activities. In 1990 ***Common Cause Magazine***magazine argued that: "The CIA put millionaire and agent George Bush in charge of recruiting exiled Cubans for the CIA's invading army; Bush was working with another Texan oil magnate, Jack Crichton, who helped him in terms of the invasion." (3) This story was linked to the release of "a memorandum in that context addressed to FBI chief J. Edward Hoover and signed November 1963, which reads: Mr. George Bush of the CIA" (4)

King officially retired from the CIA in 1967 but soon came back as a CIA consultant. He was CEO of the Amazon Natural Drug Company, known as a front for the CIA.

Joseph Caldwell King, the son of Warren Charles King and Jessie Calhoun Caldwell, was born in Brooklyn, New York on 5th October, 1900.

King worked for Johnson and Johnson in South America before joining the Office of the Coordinator of Inter-American Affairs (OCIAA). He was stationed in Argentina from 1941 to 1945, where he was engaged in feeding deceptive information to Japanese agents. For

his service in 1943 to 1946 as a military attaché in Argentina, Lt. Col. King was awarded the Legion of Merit. He oversaw Frank Sturgis.

Joseph Caldwell King died on 27th January, 1977.

Frank Fiorini (Sturgis) was born in Norfolk, Virginia, on 9th December, 1924. Six years later his family moved to Philadelphia. In 1942 Sturgis joined the United States Marines and during the Second World War served in the Pacific.

Sanjenis cover-up

Frances Anne King Babbitt. Decembert13 1925. These CIA people are tied to Richard Nixon, Bush, and Lyndon B Johnson in Operation40.

[image]

Recently I discovered that someone named Jose Perdomo
was a member of Brigade 2506 during the Bay of Pigs Invasion in 1961, a failed CIA operation to overthrow Fidel Castro. Perdomo's full name was Jose Joaquin Sanjenis Perdomo, but he used his middle names, Joaquin Sanjenis, as an alias. He also called himself Sam Jenis. It was learned that Sanjenis worked closely with convicted Watergate burglar Frank Sturgis (deceased) for about ten years on the CIA's payroll, running "Operation 40," a black ops unit that performed assassinations, among other things.

Salvador Astucia https://

groups.google.com/g/rec.music.beatles/c/RRPd-kZVqYc?pli=1

unread,

The topic of Jose Perdomo has always been extremely sensitive
on this newsgroup (rec.music.beatles) for some reason. As many of you know, Jose Perdomo was the doorman at the
Dakota on the night John Lennon was murdered. What you may
not know is Perdomo's name was withheld from the public for
six years after Lennon's murder.

The following is a summary (Chapter 4 from my book, "Rethinking John Lennon's Assassination...") of how I was attacked on r.m.b. for discussing Perdomo too aggressively in the spring of 2003:

"Chapter 4: FBI Surveillance on the Internet"
http://www.jfkmontreal.com/john_lennon/Chapter04.htm

You will notice that the following people attempted to stop all discussion of Jose Perdomo:

- Tna Yzarc (later learned this was a screen name of Nick Andrews; it's "Crazy Ant" spelled backwards.)
- Black Monk
- Charlie Gauger (aka, Mister Charlie)
- Ehtue
- Susan from PA

Recently I discovered that someone named Jose

Perdomo
was a member of Brigade 2506 during the Bay of Pigs Invasion in 1961, a failed CIA operation to overthrow Fidel Castro. Perdomo's full name was Jose Joaquin Sanjenis Perdomo, but he used his middle names, Joaquin Sanjenis, as an alias. He also called himself Sam Jenis. It was learned that Sanjenis worked closely with convicted Watergate burglar Frank Sturgis (deceased) for about ten years on the CIA's payroll, running "Operation 40," a black ops unit that performed assassinations, among other things.

This new information about Sanjenis introduces the very real possibility that Sanjenis may have been Lennon's true killer. This would explain why Nick Andrews, Black Monk, Charlie Gauger, Ehtue, and Susan from PA tried so desperately to stop any discussion about Perdomo (aka, Sanjenis) a year and a half ago when I first broached the subject.

It appears that Nick Andrews, Black Monk, Charlie Gauger, Ehtue, and Susan from PA are not your garden variety Usenet Thought Police (spooks). These people are criminals, directly involved in the conspiracy to murder John Lennon. By obstructing public dialog about Sanjenis, most likely Lennon's killer, they made themselves part of a criminal conspiracy.

Sanjenis's background is described in the following article:

Jose Joaquin Sanjenis Perdomo, Lennon's true assassin(?)
http://www.jfkmontreal.com/john_lennon/Usenet/Perdomo.htm

Frank Fiorini (Sturgis) was born in Norfolk, Virginia,

on 9th December, 1924. Six years later his family moved to Philadelphia. In 1942 Sturgis joined the United States Marines and during the Second World War served in the Pacific.

After the war Sturgis attended the Virginia Polytechnic Institute before joining the Norfolk Police Department. In 1948 he became the manager of the Whitehorse Tavern. He also served in the U.S. Army (1950-52). This was followed by a spell as the owner-manager of Top Hat Nightclub in Virginia Beach.

In 1956 Sturgis moved to Cuba. He also spent time in Mexico, Venezuela, Costa Rica, Guatemala, Panama and Honduras. In 1958 he made contact with the Central Intelligence Agency at the US Consulate in Santiago. Over the next few years he worked as an undercover agent for the agency. His control officer was Sam Jenis.

Sturgis also became involved in gunrunning to Cuba. On 30th July, 1958, Sturgis was arrested for illegal possession of arms. However, he was released without charge. There is some evidence that in 1959 Sturgis had contact with Lewis McWillie, the manager of the Tropicana Casino.

After Fidel Castro gained control of Cuba, Sturgis formed the Anti-Communist Brigade. In his book, ***Counter-Revolutionary Agent***, Hans Tanner claims that the organization was "being financed by dispossessed hotel and gambling owners" who operated under Fulgencio Batista.

According to a declassified FBI document Sturgis participated in anti-Castro leaflet-dropping raid over Cuba with Pedro Diaz Lanz, former chief of Cuban Air Force in October 1959. **Pedro Luis Díaz Lanz** (July 8, 1926 in Havana, Cuba - June 26, 2008 Miami, U.S.) was Chief of the Revolutionary Air Force of Cuba under

Fidel Castro, before and after the 1959 Cuban Revolution.

Pedro Luis Díaz Lanz (July 8, 1926 in Havana, Cuba - June 26, 2008 Miami, U.S.) was Chief of the Revolutionary Air Force of Cuba under Fidel Castro, before and after the 1959 Cuban Revolution.

Life in Cuba

In 1957, Pedro Díaz Lanz joined Fidel Castro's rebel group in Santiago, Cuba. He was employed as a commercial pilot with the airline Aerovías Q. He later acted as head of the Revolutionary Air Force, and during 1958 he smuggled weapons and ammunition from Costa Rica and Florida into Cuba by air.[1]

After the Cuban Revolution on 1 January 1959, he was confirmed as head of the new Revolutionary Air Force as well as Castro's personal pilot. Within months, he became vocal about his opposition to the influence of communists on the new revolutionary government. On 29 June 1959, Fidel Castro relieved him of his post, and he left immediately by boat for Florida with his second wife and 3 of his six children, and reportedly with Frank Sturgis, a fellow anti-communist.[2]

Life after Cuba

On 14 July 1959, Díaz was interviewed by the US Senate Internal Security subcommittee, where he gave out the first account of Fidel's planned move towards communism.[2]

On 21 October 1959 he carried out one of his most

notorious acts, flying a twin-engined bomber (variously reported as a B-25 or B-26) over Havana while dropping anti-communist leaflets, along with his brother Marcos Diaz Lanz. Pedro Diaz Lanz piloted and Marcos Diaz Lanz threw the leaflets down from an open bomb hatch. The unsuccessful gunfire from armed forces on the ground caused injuries and deaths, leading to unsubstantiated reports of bombs being dropped from the aircraft.[1][2]

By April 1960, he was recruited by the CIA and became a member of Operation 40, a group of CIA operatives who specialized in carrying out secret anti-Castro assassinations and acts of sabotage.[2] Then on May 27 of 1960, the Miami Herald published a list of names of pilots who were placed on a U.S. Government 'Blacklist' thereby prohibiting them from flying to Cuba; on that list was Pedro Luis Diaz Lanz.[3]

Díaz committed suicide with a gunshot wound to the chest in 2008 at the age of 81 after years of poverty and depression.[4]

Sturgis became involved with Marita Lorenz, who was having an affair with Fidel Castro. In January 1960, Sturgis and Lorenz took part in a failed attempt to poison Castro. It is also believed that Sturgis was involved in helping the CIA organize the Bay of Pigs invasion.

Sturgis was also a member of Operation 40. He later explained: "this assassination group (Operation 40) would upon orders, naturally, assassinate either members of the military or the political parties of the foreign country that you were going to infiltrate, and if necessary some of your own members who were suspected of being foreign agents... We were concentrating strictly in Cuba at that particular time. Actually, they were operating out of Mexico, too."

On 19th December 1961, the Border Patrol in Miami reported that Sturgis/Fiorini was involved in a CIA operation that was trying to overthroe Fidel Castro. An investigation carried out by the FBI suggested the operation was being financed by Sergio Rojas.

Alexander Irwin Rorke, who was closely associated with Sturgis/Fiorini was interviewed by the FBI on 22nd June 1962. According to the agent: "In connection with the flights over Cuba, Rorke stated that Fiorini does not pilot the planes and acts for the most part as a co-pilot. The planes are rented in the United States and flown to bases outside the United States such as the Bahamas. In making the contract for the rental of the planes, usually someone other than Fiorini signs the contract, although Fiorini is in contact with local CIA agents in Miami relative to the details of the flight. Rorke stated that Fiorini has instructions that on these flights, if he is arrested or stopped, he is to notify the officers that they should telephone a number which is the number of the CIA office in the Miami area. Fiorini has also been informed, according to Rorke, that if anyone arrests him, CIA will get him out."

According to the FBI agent: "Rorke went on to argue that he could not understand why the Bureau was interested now in the activities of Fiorini as all of Fiorini's actions are fully known to CIA in Miami and there should be a record of his activities on file with CIA in Washington, D.C. Rorke stated he knows for a fact that Fiorini has not done anything on his own and that whatever he has done in the past he has done on instructions from CIA... Rorke advised that in the event Fiorini would be arrested for his anti-Castro activities, he, Rorke, having good connections with a well-known newspaper chain, will make plenty of trouble for those involved."

Alexander Irwin Rorke claimed that their contact man was "Commander Anderson of the United States Navy,

who is assigned to CIA overt office in New York". This claim is supported by a declassified CIA memo's from Anderson to Robert Trumbull Crowley on 9th January 1961: "Alex Rorke phoned from Miami to report that personnel in Varona group and other groups in process joining Dr. Bosch - Commander (of) Diego Party. According (to) Rorke, Frank Fiorini has been power behind scene."

In an article published in the ***Florida Sun Sentinel*** on 4th December, 1963, Jim Buchanan claimed that Sturgis had met Lee Harvey Oswald in Miami shortly before the assassination of John F. Kennedy. Buchanan claimed that Oswald had tried to infiltrate the Anti-Communist Brigade. When he was questioned by the FBI about this story, Sturgis claimed that Buchanan had misquoted him regarding his comments about Oswald.

The Murder of John Lennon by CIA Operation 40. By Gualdo Hidalgo

The night John Lennon was killed in the upscale Dakota apartment
complex in Manhattan, the night doorman called sick. Jose Perdomo, the
commander of Operation 40 - a CIA assassination squad-, showed up for
coverage. Posted by Gualdo Hidalgo, Latin Heritage Foundation's
publisher

Amot-2 was the CIA code name for Jose Perdomo.

"Cryptonym: AMOT-2

Definition: Jose Joaquin Sanjenis Perdomo, also known as Joaquin
Sanjenis, titular head of the AMOT organization circa 1961 prior to the
Bay of Pigs landings and into 1962. His pseudonym was Carlos Blanco."

Cryptonym: AMOT-2 MARY FERRELL FOUNDATION

"In the Shadows a Killer Waited", James R. Gaines describes Mark Chapman
the man who supposedly "killed John Lennon", together

with "the
Dakota's night doorman, José Perdomo".

"When Goresh left, Chapman had only the Dakota's night doorman, Jose
Perdomo, to keep him company, Jose was an anti-Castro Cuban, and they
talked that night of the Bay of Pigs and the assassination of John F.
Kennedy."

In the Shadows a Killer Waited | PEOPLE.com
The presence of Jose Perdomo at the crime scene is the unequivocal proof that CIA murdered John Lennon.

Jose (Sanjenis) Perdomo, Chief of the Secret Service at the Presidential
Palace in Havana during President Carlos Prio Socarras, a CIA veteran,
worked for CIA/Miami station in the early 1960s, and recruited most of
the members of Operation 40 (a CIA assassination squad most of whom were
Cubans). Larry Hancock in his 2006 book, Someone Would Have Talked
reveals "Sanjenis, the individual in charge of Operation 40, was
actually the number one exile in the AMOT organization trained and
prepared by David Sánchez Morales. Jose Perdomo was a member of Brigade
2506 during the Bay of Pigs Invasion. Jose Perdomo was the control
officer that CIA assigned to Frank Sturgis when Sturgis joined CIA in
1958.

Jose Perdomo is also known as Jose Joaquin Sanjenis Perdomo, who sometimes uses the aliases Joaquin Sanjenis and Sam Jenis.

- Jose Perdomo was the doorman at the Dakota on Dec. 8, 1980, the night Lennon was killed; Jose Perdomo was at the crime scene when the murder occurred.

- Jose Perdomo told police Chapman was Lennon's assailant. One of the arresting officers, Peter Cullen, did not believe Chapman shot Lennon. Cullen believed the shooter was a handyman at the Dakota, but Perdomo convinced Cullen it was Chapman. Cullen thought Chapman "looked like a

guy who worked in a bank."

Posted 10 December 2019

Sam Halper, who has been the Times correspondent in Havana and more recently in Miami, came to see me last week. He has excellent contracts among the Cuban exiles. One of Miro's comments this morning reminded me that I have been meaning to pass on the following story as told me by Halper. Halper says that CIA set up something called Operation 40 under the direction of a man named (as he recalled) Captain Luis Sanjenis, who was also chief of intelligence. (Could this be the man to whom Miro referred this morning?) It was called Operation 40 because originally only 40 men were involved: later the group was enlarged to 70. The ostensible purpose of Operation 40 was to administer liberated territories in Cuba. But the CIA agent in charge, a man known as Felix, trained the members of the group in methods of third degree interrogation, torture and general terrorism. The liberal Cuban exiles believe that the real purpose of Operation 40 was to "kill Communists" and, after eliminating hard-core Fidelistas, to go on to eliminate first the followers of Ray, then the followers of Varona and finally to set up a right wing dictatorship, presumably under Artime. Varona fired Sanjenis as chief of intelligence after the landings and appointed a man named Despaign in his place. Sanjenis removed 40 files and set up his own office; the exiles believe that he continues to have CIA support. As for the intelligence operation, the CIA is alleged to have said that, if Varona fired Sanjenis, let Varona pay the bills. Subsequently Sanjenis's hoods beat up Despaign's chief aide; and Despaign himself was arrested on a charge of trespassing brought by Sanjenis. The exiles believe that all these things had CIA approval. Halper says that Lt Col Vireia Castro (1820 SW 6th Street, Miami; FR 4 3684) can supply further details. Halper also quotes Bender as having said at one point when someone talked about the Cuban revolution

against Castro: "The Cuban Revolution? The Cuban Revolution is something I carry around in my checkbook."

Edward Paul Donegan Asserts Being Poisoned and MKULTRA Attacked

I Edward Paul Donegan assert this as my experiences and being consistent in this accross my life.

I have never researched the science of the matters I am reporting thus expect no conscious or subconscious influences on somewhat distant memories. I have expressed my beliefs in writing and to people verbally for some time, since the occurrences.

On four to five radiation attacks I assert I have undergone. I have reported these and believed these to be true since they occurred and before I had ever heard of anyone else every in the US having reported anything similar such as D-E-W Attacks.

Federal Medical Facility (Federal Prison with medical and multiple types of detention from low security to Administrative Segregation Unit (the hole.)

Approaching Christmas when court activity slowed and while in the ASU I was awaiting a January hearing for release from a pscyh ward as "not dangerous" but having been held incompetent for trial.

Using a few of the Humanities arts to separate my handwritten appeal to the Court of appeal I tried to get an injunction stopping the upcoming hearing on the premise that getting lock into a pscy ward with little chance of release over a FOIA Dispute was chilling to the first amendemnt and everything had been bizarre to that point.

I was released at the first hearing in I think early January 2009 but on the way into the hearing I was put in scruffy mountain recluse torn clothing and already unshaven for

months. As I was in the hearing by video conferences a voice track was added in from nearby my conference location cam of squawking and weird outburst noises.

The plaintiff attorney handling the government case didn't seem anxious to find me a threat to anyone and the hearing concluded I was not but I was told I would be held until warrant checks, etc., were completed. In that time frame I was put in a shower box I could not control the water on and ice water I thought could not flow came down from the shower top seizing me but I made it through.

In that day or so after the all black pych team and officials tried to get me to signe myself into long term custody rather than release and I would not they started making really derogatory comments about a led window slot being installed rather than the one there and sure enough workers showed up and replaced the clear one (not broken) with one that looked slight led like.

When the meal was delivered I had a buzzing sensations, audible and I could feel it and reported it later to my mother that it sounded like and it felt like I was in a microwave oven and my clothes starting showing burns. There was a tear in my mattress in the middle veritally and horizontally and I found a tinfoil wrap in it I flushed away. I had felt litle "strikes" hitting my facial hairs like tiny cannon balls and that made me think of Litivenko and Polonium attacks.

My skin turned red over time including the hand palms I used to flush away the silver wrapped bundle down the toilet.

I advise a prison trustee I liked and who played piano, etc., during the holidays on that ward I believed the prison bunk matt contained radiologivcal material and to be extremely carefull of it. I had moved into a shower part of cell to impede as much energy from it as I could if it were emitting radiation.

Another similar hearing was held, and again I was ordered

released, but in a slightly less exhonmerating judicial order.

By this time my skin was red, face, hands, chest, and hips. My mother, brotehr, and Mark Weirness had arrived in his Tom's and Mark;s Mercedes driven from Virgina to Buttner North Carolina. As we drove from the second release hearing we went to an Applebees or something like it and a waitress in white shorts flashed her buttoks in bizzare way and I did not and still do not get what that is or was all about.

For some reason Tom and Mark were going back separately and Ed and Glorian by train. At the hotel there seemed to be an attempt on my life or my mothers and I life as a fake cab showed up, we did not get into and that cab persue the real cab with us in it as the chasing can driver brandished a pistol seen by the driver of the cab we were in to start to call emergency.

A high speed chase led to the chasing cab to break off. At the hotel we were going to I heard a Giger counter and I think my mother could too.

A series of phone calls landed me in pscy ward where a pscyh tech agreed with me they looked like radiation burns and he from military days was trained in it.

I was court-ordered upon release into Arlington County Virginia county services and when meeting with Becky Harrison I suspected an XRAY machine was pointed at us from somewhere else because of body heat and odd sensations. Lots of intense stress and while talking to her talking about very tense experiences. I thought she might be getting hit with XRAY because she was near me. I had slipped and said "getting the white glove" treatment like some-kind of India wierd Mason experience of British troops rather than rubber glove cop handling treatment and I was embarrassed by that.

At other times in my apartment in this period a matching in the apartment above would following me from the living room and back to bedroom as I moved back and forth. I documented

that in MS OUTLOOK PST file and archived it, a short time later the power transformer on the power lines coming into the apartment blew up and I think I may have reported all of this to Chris Lloyd as well.

Two more radiological attacks were what looked like yellow cake disguised as cockroach bait and the metal hinge to the kitchen cabinet weekend and broke and the wood was burned where the substance was placed, More was being the stove the back of the stove towards the kitchen wall the other side of the kitchen all my home office desk. I flushed the materials down the drain.

One more attack was near an apartment playground as kids were nearby and I began to suspect a foriegn attack how could it be anything else but it made no sense. That was all at 7th Street.

The hind of the cabinet breaking reminded me as it happened of my uncle on my father's side Robert Donegan who worked at Three Mile Island and had worked in Annealing, having to do with atomic radiation weaking containment structure he had described to me at dinners, and he also seemed to know Col routy or at least I think he and Helen probably did, should have..

My entire lifespan from about 1978 on have been that crazy or even more of bizzare GangSTalk experience, most beyond description. TEd GUnderson described shots through his daughters window. I have had rifles pointed at me for no reason while people deny doing it as they hold the rifles, walking down Kearny Street SRO talking my sweater off and t-shirt off in the lovely summer going down to Kearny Street Bay Area Rapid Transit station showing I had no gun and why would I, only putting my tshirt and sweater back on once on the train and it moving. Did they want me to make a move or what were they doing. 40 years plus of this, perphaps 50 years of it.

My thanks to Ted Gunderson and those like him.

Gunderson and LAOS POWs

http://tedgunderson.info/index_htm_files/The%20Pentagon%27s%20POW%20Papers.pdf

This collection of documents IS a credible body of evidence proving that officials in the United States government deliberately abandoned literally hundreds of American servicemen being held as Prisoners of War in both Laos and North Vietnam in 1973.

Early in 1973, Henry Kissinger was finalizing negotiations with the government of North Vietnam on the Paris Peace Accords: the seven Watergate defendants went on trial; Richard Nixon was inaugurated for a second term and the U.S. Senate set up the Watergate Committee. On January 23rd, Nixon announced that the Accords were signed and that •all POWs Indochina • would be released within 60 days.

For years, the CIA had been waging a concurrent and secret war in Laos. By 1973, we had lost 581 servicemen (mostly pilots and air crews) in this secret war. The NY 'limes reported that the Pathet Lao claimed to be holding hundreds of these men prisoner.

They demanded that we negotiate a separate peace treaty with them and cease our bombing or their country. We never negotiated and we continued to bomb them for many months thereafter. To this day, the pathet Lao have not released even one American.

[The Pathet Lao, officially the Lao People's Liberation Army, was a communist political movement and organization in Laos, formed in the mid-20th century. The group was ultimately successful in assuming political power in 1975, after the Laotian Civil War. - Wikipedia]

What could have happened to all these men? Did they all die within a few weeks? Or did the Watergate besieged Nixon White House decide they must be abandoned so it could concentrate on saving itself? Are any of these men still alive? These are questions that Cry out (or answers. Government officials have given one answer for over 19 years: "There is no credible evidence. "

The document at right confirms that the CIA was maintaining a current list or POWs and MIA in Laos' in 1968. It appears that Major David Louis Hrdlicka is being added to the list and the 24 men listed here are presumed dead. The point is that the CIA could reasonably be expected to continue maintaining this list until at least April 1973 when the North Vietnamese released American POWs from their prisons in Hanoi.

…

Consider also Nixon's Darkest Secret - Operation RedRock by Gene Chip Tatum

Posted to South-East Asia as Airman First Class (A1C) in December 1970, the author was assigned as a radio operator/ CCT on a Forward Air Control (FAC) aircraft attached to Task Force Alpha at Nakhon Phanom, Thailand. In short order he was recruited (an involuntary "volunteer") to "Team Red Rock". The team was composed of eight US Army Green Berets, three US Navy SEALs and two "cowboys" - a euphemism for CIA paramilitary specialists. With him attached, Team Red Rock totaled 14 in all, and was about to be tasked with an operation that came directly from the White House.

…

Mr. Eagleburger recommends resuming air order to force the release of our prisoners in Laos. US aircraft did, in fact, continue to bomb Laos for many months after this memo was written. Mr. Eagleburger is currently the number two man in President Bush's State Department.

The simple Chronology at light is the key to understanding Why and how officials in the Nixon Administration may have decided to abandon not only the living prisoners left in Laos but many others held hostage in North Vietnam as well.

The ferocity of the scandal swirling around the White House became evident on April 17 when Nixon compelled to waive Executive privilege. On that day, his Presidency started to slide down the slippery slope to oblivion. It is obvious that Nixon may have felt he had no choice but to abandon our POWs.

When Nixon finally resigned in August of 1974 to avoid being impeached, many of his stall stayed on in the Ford Administration. Kissinger remained as Secretary of State. Scowcroft became Ford's Assistant (or National Security Affairs, the same post he now occupies in the Bush White House. George Bush, himself. was appointed Director of the CIA in 1975 after a stint as Ambassador to China. Ford's Chief of Staff was Dick Cheney, the current Secretary Of Defense

[The *United States House of Representatives Select Committee on Assassinations (HSCA)* [setup to fail while George H.W. Bush was C.I.A. Director] was established in 1976 to investigate the assassinations of John F. Kennedy and Martin Luther King, Jr. in 1963 and 1968, respectively. The HSCA completed its investigation in 1978 and issued its final report the following year, which concluded that Kennedy was probably assassinated as a result of a conspiracy. In addition to now-discredited acoustic analysis of a police channel dictabelt recording,[1] the HSCA also commissioned numerous other scientific studies of assassination-related evidence that corroborate the Warren Commission's findings. - Wikipeida George H.W. Bush 11th Director of Central Intelligence In officeJanuary 30, 1976 - January 20, 1977 appointed by Gerald Ford ans President Ford (August 9, 1974 - January 20, 1977 Vice Presidnet Nelson Rockefeller) succeeds Nixon] then lose to Carter]

The of the Presidency in late 1974 had been emasculated by Watergate. Officials in the Ford Administration may not have

believed they could afford to admit that living American POWs were still being held in Indochina. The lid of secrecy was kept on this politically explosive situation for two and a hall more years until Ford lost his re-election to Jimmy Carter. Carter may never have been told. Later, hostages held in Iran took Cater out. [with help from the October Surprise created by Bush CIA operatives campaign]

In 1979, a Matine Pfc. named Robert Garwood who had been a POW for 14 years was able pass a note to a Finnish diplomat in Hanoi saying he wanted out. The Vietnamese told Garwood before he left that he would be treated as a traitor. In de-briefings, he claimed that he had seen about other American POWs in North Vietnam after 1973. The debriefings were classified. He was court-martialed and convicted Of collaborating With the

The Gunderson Team Connects the Dots in the Karen Silkwood Case

Karen Gay Silkwood was an American chemical technician and labor union activist known for raising concerns about corporate practices related to health and safety in a nuclear facility. Wikipedia Born: February 19, 1946, Longview, TX Died: November 13, 1974, Crescent, OK

Ted Gunderson after identifying some missing children. "This is a small fraction of the missing children. The statistics illustrate the high percentage of missing children in June, October and the months when three Of the major Satanic Holidays occur . Satanic HOLIDAYS February 2, March 21, April 30 ,June 22 August 1, September 21, October 31, 22"

After listing common times children goes missing he also states without offering dates of the tell of what child may be kidnapped this last sentence. "The individual's personal birthday."

On my book The Great Treason I list these birthdays on the cover February 20 November 18 December 13 and April 1, August 4, June 4, July 6

These birthdays are "tells" of common test births studied by Army Intelligence, the CIA, and others for generations.

Karen Silkwood fits into this pattern as do others. But there is more pattern evidence. Karen Silwood showed Borderline Personality Disorder, and was likely like Don Nixon born into the Atomic Testing Program following WWII.

The data is somewhat loose here, nearly numerology if you were leave out the Boderline clues, and the likely involvement of Donald Barr part of the plant's legal team defending against

the allegations of the Karen Silkwood was a victim camp.

I cover that elsewhere but I believe if Gunderson had listed personal birthday dates he identified as putting someone at risk for assassination these dates were the ones he had in mind.

The dates of the attacks, births, and psychological connection to Borderline was present in The Starbucks murders that occurred on July 6, 1997, at a Starbucks store located in Georgetown, Washington, D.C., when three employees were killed. Mary Caitrin Mahoney. Gay white house intern and D.C. barrista Mary Caitrin “Caity” Mahoney [Apporached as possible FOXP2 mother to Obama children?] DEAD JULY 7, Malia Ann Obama Barack Obama’s daughter Born: JULY 4, 1998 (age 22 years), Chicago, IL, Murdered one year before birth of Malia Ann Barrack Obama Birthday said August 4 1961.

Marilyn Monroe was an American actress, model, and singer. Known for playing comic "blonde bombshell" characters, she became one of the most popular sex symbols of the 1950s and early 1960s, as well as an emblem of the era's sexual revolution. WikipediaBorn: June 1, 1926, Los Angeles, CA Died: August 4, 1962, Brentwood, Los Angeles, CA

February 16-17, 1970 On the afternoon of February 16, MacDonald took his daughters to feed and ride the Christmas pony he had bought them. The trio then returned home at about 5:45 p.m. MacDonald then showered, and changed into an old pair of blue pajamas. After the family ate supper, Colette left the household to attend an evening teaching class at Fort Bragg's North Carolina University extension.

Most of the Kennedy family have these birthdays too .

Epilogue

Banana Republic

The United States of America is a Banana Republic and it population a victim of the very businesses and financial interests that built Banana Republics elsehere in the world.

It has been argued that strong-men governments supress terrorist and make vital international safety agreements incluiding military alliances with the nations that installed the strong man.

Heinous Crimes and Heinous Nation-State

The assassination of journalists, ethnic crimes, child trafficking, sexual abuse by the State, money-laundering and fraud, all making up politics including fraud in the courts and infiltration of the courts, and politicians tied to these acts and other measures of failed democracy are the hallmarks of the USA who was already taken over before John F. Kennedy growing into the job he was intended as a puppet for tried to buck the military backed long running que and failed.

GangStalk and Fixer Teams

These are now the norm, forms of Sandmen trying to hunt down witness who could out the caball and destroy those people's reputations and lives such that when the persons life is lost due to things like medical battery (poisonings, harassment or denial of medical care, creating of deadly diseases in a healthy person or prisoner) are standard opps in the USA. I remember a scene from a film Dream Catcher where a medical

doctor at a train crash site where secret operations were underway went to a survivor in the hospital and injected a lethal dose of some drug. I knew then medicine in the USA is now undesrstood or referencable by pop culture and I believe that is how my brother died and probably my mother, and finally street fights are being inflicted on me as my journalist is harassed.

Our press finds the State and its globalists business inseparable and it unpatriotic to report its crimes. This cozy relationship with a Bananan Republic and its press is not rare.

This can be fixed with a Free Press.

End Notes

Turn your Sails Back Towards The Trojans

Hoist the Colours- @Malinda, @the.bobbybass, @LaurenPaley and @Colm_R_McGuinness https://youtu.be/_4T5sxTVGoE?si=6hs9h8Vw_PcYkCMK

In Greek mythology, Achilles (/əˈkɪliːz/ ə-KIL-eez) or Achilleus (Greek: Ἀχιλλεύς, translit. Achilleús) was a hero of the Trojan War who was known as being the greatest of all the Greek warriors. A central character in Homer's Iliad, he was the son of the Nereid Thetis and Peleus, king of Phthia and famous Argonaut. Achilles was raised in Phthia along with his childhood companion Patroclus and received his education by the centaur Chiron. In the Iliad, he is presented as the commander of the mythical tribe of the Myrmidons.

Achilles' most notable feat during the Trojan War was the slaying of the Trojan prince Hector outside the gates of Troy. Although the death of Achilles is not presented in the Iliad, other sources concur that he was killed near the end of the Trojan War by Paris, who shot him with an arrow.

This Land Is Our Land

"This land is our land. This High and Noble Office of the President of the USA hereby orders thus under the sway of Great Britain regime change conducted inside theu USA or elsewhere out of our republic of the People.

"There's a plot in this country to enslave every man, woman and child. Before I leave this high and noble office, I intend to expose this plot [in my speech I have prepared for Dallas. Regime Change must end]."

Happy Birthday America from DC https://youtu.be/FmiJO67fUVo

Task Force: Whistle-blowers (expose the NWO Cabal superseding US law) Jen Moore: --Patriots a lot of red white and blue which is great this is a two hundred and forty second birthday I believe in our country I hope this year is filled with new opportunities and new understanding by the American people of what's going on even in the last two or 42 (length of

Stalk of Ed Donegan actually longer) years but really what's going on since World War two in significance and I hope to a part of exposing some of that and then the deep and dark secrets that have been withheld from the American people so they have a right to vote and to determine their own destiny within our country this is the people's house these are the people they are in charge of the government and that needs to be restored I'm hoping to be a part of that I'm hoping the American people will grab hold of that with peace and take their country back and their government back and be once again in charge of those people that hide behind the walls in that building right there so we'll keep reporting from here and see what happens

Hoist The Colors

USA versus MKULTRA

https://youtu.be/ddzIs	

Offramp	**by**

Prouty, Gunderson, Moore, Donegan each have two Pieces of Eight.

One to the center, one each perspective on it.

Set a few months after Dead Man's Chest,

Lands End is the story follows a desperate quest to locate and rescue of Captain Jack Sparrow (Johnny Depp), trapped on a sea of sand in Davy Jones' Locker, and convene the Brethren Court in a war against the East India Trading Company. In an uneasy alliance, Will Turner (Orlando Bloom), Elizabeth Swann (Keira Knightley), Hector Barbossa (Geoffrey Rush), and the crew of the Black Pearl rescue Jack and prepare to fight Lord Cutler Beckett, who controls Davy Jones and the Flying Dutchman.

As group after group of pirates die from hanging one young boy seems to be able to toss a single coin out during the song.

The coin, cut into pieces of Eight or perhaps a Spanish coin worth 9 Bits not 8, will be re-assembled for future **Brethren Counsels** to meet, establishing Quorum for the Council.

Studio play Hoist The Colours x He's a Pirate | EPIC VERSION (feat. @Colm_R_McGuinness) Samuel Kim Music https://youtu.be/5JhQG2u8Ow8

Jen Moore 4th of July and the Deep State at Capitol Hill after hearings

Okay that's about all I could take of the crowd in the upcoming fireworks not don't do too well with fireworks in PTSD so you don't want to really be in a large crowd so I thought I'd just go walking you can see the beautiful capital in the capitol grounds gorgeous hot hot hot but gorgeous a lot of cop cars a lot of people walking but the crowd is enormous and I thought when the fireworks went off and the crowds started to dissipate it would be a nightmare to get out of there so I thought I would leave early I did hear some of John Stamos and her the national anthem and played that for you guys and you know that really is the patriotism of America and you saw it in the crowd I mean there were no people kneeling in that crowd tonight her people in red white and blue and children dressed up in red white and blue dresses and shorts and putting their hands on their hearts and servicemen and police officers so that was a wonderful view you stand right here in front of the capital of the United States of America and hopefully this next year will bring us more unified more together as the secrets of the deep state that are hidden buried underneath all these structures come out to the open for the American people to see and healing can begin and the whistleblowers can speak freely and the victims can speak freely and we as a country can heal red white blue purple yellow green whatever color whatever race whatever creed we as the American people can begin to heal and that is my hope for this year on this two hundred and forty second birthday of the United States (end of video)

[is there a way] in this country to stop this that those in power would abused their power in such a devastating systemic continuous way that people would live all of their childhoods experiencing some of these things and even young adulthood and then be terrorized for the rest of their lives to never speak about these absolute monster crimes so you know as much as you guys a lot of people don't want to hear about some of this stuff as you said this stuff is coming out and I know it is as well so it's it's part a the part that I play in it is some of my

knowledge and experience in the past and understanding of some of the stuff that came into play regarding my whistle-blowing and as well as many other things that are attached to it I can't give real specifics just because it's just not safe enough we're going to have a meeting in a little bit and telling you my heart is that feels like it's been a ripped in two just hearing some of the stories that I've heard and so I'll be giving more information on that and like this is also my PTSD journey as well this is part of the reason this is part of my trapped truth as I said yesterday is knowing these things to be true and not being able to speak them out loud these things and many other things being silenced and so that silencing that pushing down of your personal experience whether you're a whistle-blower or victim or survivor a witness a lot of witnesses to that have been silenced especially by the government our government that ever want you to speak and you know threaten you and even worse things than that the power of that coming against you as an individual you as a child or the abuse of power is such a traumatic wounding and such a betrayal of all that you believe to be true and think who are the safe people and who aren't and we're trying to correct some of that now many of the whistle-blowers that I'm involved with are trying to correct that now to let the American people know that there are really good people that have tried for a long time to stop some of these very bad things and we become victims as well as we are silenced with threats in many other ways so that's kind of the update and we'll go on from here -Jen Moore

André Rieu reminds me of Boston Pops the Donegan's and so many others would go to sitting on the lawn, etc., The popularization and diversification of songs including movie scores, notable classical works, incorporation of popular music played orchestras has added a lot to the enjoyment of music and education of the public about classical music.

The Johann Strauss Orchestra is a pops orchestra founded in the Netherlands by André Rieu in 1987. The orchestra is well known for performing classical works

with a distinctly unorthodox frivolity, joking with the audience and performing all sorts of antics.

Rieu and his orchestra have performed throughout Europe, in North America, Japan, and Australia. Winning a number of awards, including two World Music Awards, their recordings have gone gold and platinum in many countries, including eight-time platinum in the Netherlands.

At Rieu's studios in Maastricht, the orchestra has recorded a wide range of classical, popular and folk music, and music from cinema and musical theatre. His lively orchestral presentations, in tandem with effective marketing, have attracted worldwide audiences to this subgenre of classical music.

Some of the orchestra's performances have been broadcast in the United Kingdom on Sky Arts and the United States on the PBS television network[1] such as the 2003 airing of Andre Rieu Live in Dublin, filmed in Dublin, Ireland, and 2003's André Rieu Live in Tuscany filmed in the Piazza Della Repubblica in the village of Cortona in Tuscany. - Wikipedia

December 11, 1964, 19th General Assembly of the United Nations in New York.

… the United States is not the champion of freedom, but rather the perpetrator of exploitation and oppression against the peoples of the world and against a large part of its own population.…

…In all these parts of the world, imperialism attempts to impose its version of what coexistence should be. It is the oppressed peoples in alliance with the socialist camp that must show them what true coexistence is, and it is the obligation of

the United Nations to support them.

We must also state that it is not only in relations among sovereign states that the concept of peaceful coexistence needs to be precisely defined.

As Marxists we have maintained that peaceful coexistence among nations does not encompass coexistence between the exploiters and the exploited, between the oppressors and the oppressed. Furthermore, the right to full independence from all forms of colonial oppression is a fundamental principle of this organization. That is why we express our solidarity with the colonial peoples of so-called Portuguese Guinea, Angola and Mozambique, who have been massacred for the crime of demanding their freedom. And we are prepared to help them to the extent of our ability in accordance with the Cairo declaration.

We express our solidarity with the people of Puerto Rico and their great leader, Pedro Albizu Campos, who, in another act of hypocrisy, has been set free at the age of 72, almost unable to speak, paralyzed, after spending a lifetime in jail. Albizu Campos is a symbol of the as yet unfree but indomitable Latin America. Years and years of prison, almost unbearable pressures in jail, mental torture, solitude, total isolation from his people and his family, the insolence of the conqueror and its lackeys in the land of his birth nothing broke his will. The delegation of Cuba, on behalf of its people, pays a tribute of admiration and gratitude to a patriot who confers honor upon our America.

The United States for many years has tried to convert Puerto Rico into a model of hybrid culture: the Spanish language with English inflections, the Spanish language with hinges on its backbone the better to bow down before the Yankee soldier. Puerto Rican soldiers have been used as cannon fodder in imperialist wars, as in Korea, and have even been made to fire at their own brothers, as in the massacre perpetrated by the U.S. Army a few months ago against the unarmed people of Panama one of the most recent crimes carried out by Yankee

imperialism …

-The delegation of Cuba to the UN General Assembly

Taking Measure

Gunderson never started a mission he was born into it by his disposition and locating a life that fit his skills. He lived for his work.

So did John DeCamp. Cooper died for his his mission, all the same work of the same people. People like Jen Moore.

We have the records they left but not truly their voices today.

Christmas Music Silent Night Relaxation, Sleep ' Meditation "https://open.spotify.com/embed/episode/3YBz7gseK4PJdCtgAmu609

I think when I hear that Transiberian Orchestra take on Pachelbel - Canon in D Major This Night let our lives show.

Cooper said: And I looked, and behold a pale horse: and his name that sat upon him was Death, and Hell followed with him. And power was given unto them over the fourth part of the earth, to kill with sword, and with hunger, and with the beasts of the earth. The Holy Bible The Book of Revelation Chapter 6 Verse 8

Cooper was writing about Temple of Set showing the trail of docs on Miecheal Aquino just as Ted Gunderson and John DeCamp was and the Rockefeller, Rothschild NWO Cabal including the assassination of James Forestall well known in MKULTRA families conspiracy books.

Cooper continues:

The ideas and conclusions expressed in this work are mine alone. It is possible that one or more conclusions may be wrong.

The purpose of this book is to convince you (the reader) that something is terribly wrong. It is my hope that this work will inspire you to begin an earnest search for the truth. Your conclusions may be different but together maybe we can build a better world.

One basic truth can be used as a foundation for a mountain of lies, and if we dig down deep enough in the mountain of lies, and bring out that truth, to set it on top of the mountain of lies; the entire mountain of lies will crumble under the weight of that one truth, and there is nothing more devastating to a structure of lies than the revelation of the truth upon which the structure of lies was built, because the shock waves of the revelation of the truth reverberate, and continue to reverberate throughout the Earth for generations to follow, awakening even those people who had no desire to be awakened to the truth. Delamer Duverus (quoted by Cooper

…

BEHOLD A PALE HORSE

THIS IS MY CREED

I believe first in God, the same God in which my ancestors believed. I believe in Jesus Christ and that he is my saviour.

Second, I believe in the Constitution of the Republic of the United States of America, without interpretation, as it was written and meant to work. I have given my sacred oath "to protect and defend the Constitution of the United States of America against all enemies foreign and domestic." I intend to fulfill that oath.

Third, I believe in the family unit and, in particular, my family unit. I have sworn that I will give my life, if it is required, in defense of God, the Constitution, or my family.

Fourth, I believe that any man without principles that he is ready and willing to die for at any given moment is already dead and is of no use or consequence whatsoever.

William Cooper August 3,1990 Camp Verde, Arizona

…

As for myself Edward Donegan who find Jen Moore, Gunderson, Cooper, DeCamp (suspicious car accident he had) indistinguishable and the USA very distinguishable, I was in Los Angeles seeking to write a will that would have my remain spread among the bodies of cop-killers that the light of their souls would keep me remains in spirit alive.

Never has there been such corruption, money laundering, filth or sleaze in Government.

Long live the dead.

But for them we live in the Conspiracy of Silence. In this silence we live. It is our voices now that will be heard and what will we do with them?

The tools we have are too saturated in society to destroy completely, social media in particular.

In Pillory (what.epub) I talk about my own growth. Part of that (as a result of my being pilloried to preempt me) was an attempt to join New Black Panthers for Self Defense having bitter disputes in substance with them but agreement in proccess with them.

I have come to value the idea of Malitias as I already did suggesting they be regulated by auditing of weapons held, but also they be permitted capable weapons of war.

I believe today allowing law enforcement to take an person

into custody is a life threatening situation and the right to nuetralize an arresting officer.

If such an act can be comitted and such a right to do so asserted the situation is still not much improved. As Sosbee, Ed Donegan, Ted Gunbderson all have stated the ability of Targeting to poison foods, use street people and other fronts to attack, kill, and maim, to use D-E-W and assaults in the home and burgalaries being free of custody is not being free of danger.

The best defense against Corruption is still a good offense, and that means finding its liabiilties it is trying to hide and exposing those liabilities and the acts the Cabal commit must be exposed too.

Lisa Pease calls it "A Lie Too Big To Fail" because of the enourmous klout the CIA, FBI, and others have in society, Secret Service, Marshalls, Drug Cartels, religous and foreign nationals, at their disposal in the NWO.

I have come to believe in difusing tensioned situations in any way possible -turning the other cheeck as the best way to keep writing and not be in custody away from word proccessing.

THe specific area of elevation, the bulge of suprise or hill changing me route, has been that the USA is determined to prevent the killers of JFK or RFK or children ever to be found.

Nothing could be further from any source of Constititional charter than protecting the mob hits on law enforcement.

Yet that system of using mob as the power the Arbitrary Prince weilds is our system. We do not have the King's Men protect castle grounds from Poachers or Libalers.

The FBI has prisoners and the mentally ill for those tasks, the weaponry of Free Masonry, using fronts in the sidewalks or even in the lending companies, courts, or elsewhere.

Nowhere is safe but custody is less safe than anywhere else.

What I am saying here is #1A and continuing competition in the media to be the postest with the mostest.

New William Cooper Patriotic Sovereign Press (Chapter)

This name I am currently publisher my books under I take as the continuing work of William Cooper, John DeCamp, Ted Gunderson, and other Patriots who are unwilling to participate in Espionage acts against the USA on or its citizens on behalf of global interest operating on a policy basis and resource system and methodology not only not part of the USA but hostile to the USA though infiltration under Secret signaling into the corridors of power, media and law and government, social control, of the USA.

Many journalists and law enforcement have died and we can pick at random among them Micheal Hastings or Ed Donegan (myself) and look at what it all means.

The concept of Justice begins with a person being victimized in some way under system of laws. Now some Patriots may not think it is good policy or constitutional to tax people in the USA for the Common Good such as for a Defense budget, but most acknowledge the laws of civil society as arrived at legally and representing the law of the land.

If a person is say mugged in the streets say a lady going from store front to store front shopping we now have a victim of crime under what are the laws of the land.

The Sovereignty of the Land has been violated when its laws are broken and the People are represented by the Prosecutor of those who violate the Sovereign laws. in French the word means Above, and the rights protected by the laws of the land are above any other interest.

The solution of the crime starts with an inquiry into the event of her being mugged. This will in-turn lead into an inquiry

arising from the first inquiry as to who fits that crime as a perpetrator in a two piece jigsaw puzzle way that creates the whole picture of the event. From what is leftover from the attack on the victim, the perpetrators blood, description, action, location, the profile of the attacker is developed.

In law we have discovered that a crime has been committed AND a person may have been identified as the likely perpetrator of the crime.

I am going to offer in my case (again) that the current Policing Directives and its Officers are the hostile, the criminal, jigsaw puzzle piece, and that there are dog whistles like the day they were born that are common with Illuminati families.

The dog whistles I put forth like Matthew Glen Olsen (born February 21, 1962) is an American attorney who has served as the Assistant Attorney General for the National Security Division since 2021. He is the former director of the National Counter-terrorism Center.

It is mere conspiracy theory (without espionage expertise pattern analysis) that he may from from Free Mason families like J. Edgar Hoover did and ran the FBI as.

I am offering a theory of fact and history Jen Moore and other Patriots report that Free Masons that is a largely European wealth based system of social influence and the British in particular maybe have a role in subverting the US Government in globalist way of secretive agreements that include the Subversion of the USA covertly and that today's Policing Fabric are part of those Espionage Guerrilla Warfare and Patriots have been silenced describing it.

In writing my books about the JFK RFK and Sonny Bonno and Stephanie Tubbs Jones and Jen Moore and Ted Gunderson victimization I would expect the FBI and DOJ and public support behind me, it is not, I am being framed, mocked, and conspired against and simple internet connection write my book

increasingly impossible as is home or public office space.

Patriots believe the NWO and any of their allegiances are second the the High And Noble Office JFK said he would defend from global enslavement. I am part of that Anti Globalist Patriot movement. The FBI and DOJ do not seem to be.

Lou Dobbs Dies Louis Carl Dobbs (September 24, 1945 – July 18, 2024)

I believe in the concept of Broken Borders, and I am Truther as to Barrack Obama Origins. I am White and that is part of a story and perhaps a perspective I have lived my life under and written my story as. I am a Patriot and felt that massive imigration was bringing homegrown terrorism and other social challenges. Also the excuse making for non-whites as they reached havoc in crime, housing projects, city riots, and elsewhere were an unaddress social risk and this included the Hurricane Katrina aftermath. I was arrested and have faced more than 500 death threats, false arrests, evidence plants, and imprisonment for the reasoble beliefs I have held and continue to develop factually and politically. I will never regret a minute in a prison both because I believe what I believe and I have learned so much in prison. One of them most obvious was I was held when I was obversioisly correct trying to get a document from the NIH and FBI related to something I gave to Veronica Hoffman after talking about it with Tom Dunham I was arrested for annoying them with requests for a document. In that arrest all black teams were organized in the federal system who made a point to openly laugh at me including when black prisoners were told to attack me by those same teams of prison workers and it has never changed. I was on a five hundred dollar misdemeanor they put in on felons custody with a crack dealer who shot an ATF agent in the chest and that shoot out was one of the lesser crimes of his life. As always he was instructed to attack me in the cell we were in in front of me. I kept a lock in a sack waiting for the attack, he one ready for the attack and each of us were aware of each other. I am a Patriot. I live in

country where the police and fire help hispanics shout violent hatred of me sometimes 10 or 20 at at time and during 20 attacks per day. They are also frauds, racketeers, and have not connection to reality.

I will never apologize for anything I have ever said or done. I dropped the William Cooper books because they were not clear enough but I have picked up the Phillip Marshall books.

The racketeering laws Bobby Kennedy and others put into place need a government will to operate them rather than operate criminal networks (stalkers) in spite of racketeering laws.

I continue to develop the case I am writing about, and Super Conspiracy Theory and the danger police pose to the United States of America.

Identity of Edward Paul Donegan as New William Cooper

It is the duty of the citizen to assassinate a law enforcement officer while they are affecting an arrest. William Cooper believed that and so do I, both of explicitly and Jen Moore explicitly as she said that Targeting involved killing TIs while they are in custody. I forget in which video she said that, but she did, and I knew she was correct about that from my independent experiences in life.

I write now under his name as let me make something up Nome de Déchu (Name of the Fallen [in battle.]

Milton William "Bill" Cooper (May 6, 1943 - November 5, 2001) was an American conspiracy theorist, radio broadcaster, and author known for his 1991 book Behold a Pale Horse.

According to sociologist Paul Gilroy, Cooper claimed "an elaborate conspiracy theory that encompasses the Kennedy assassination, the doings of the secret world government, the coming ice age, and a variety of other covert activities associated with the Illuminati's declaration of war upon the people of America".[5] Political scientist Michael Barkun characterized it as "among the most complex superconspiracy theories", and also among the most influential due to its popularity in militia circles as well as mainstream bookstores. - Wikipedia

Ed Donegan (I, Me, Myself AND I) do agree though I am a recent comer to Superconspiracy Theory a a very large scale secret government perhaps 600 years old recently (1954 or 1946) gaining formal control of the USA after first gain press and espionage agency control in starting in 1902 London.

A blip in history that was going to stand up to this was Joseph

Kennedy Srs son John F. Kennedy but the US government was too deeply controlled by British faction sleeper agents and JFK could not reign in the treason, falling victim to its plotters General Edward Lansdale and General CD Jackson among the worst of them.

William Cooper was fighting JFKs war against the CIA and its long term generation to generation elite families and so am I, defensively trying to understand their conspiracies against my rights, having to and thus faking evidence to make phony cases against me where no real has existed or does exist.

The entire books series and all my life span might also be called "The Jim Volcelka Question" why would the elites fo this government conspire against me?

I think it is the manufacture of Obama Jr and others out of James and Glorian Donegan exploited to help that, and now attempts to silence me by forcing me into low survival rates conditions.

I know the difference between right and wrong, I am right and the police are wrong, and to die in that fight against the police expected but both unavailable and neccessary since they very beginning of police injustice is abuse power against the helpless.

PsyOps has long known that it is easy to get the public on your side even if you are in the wrong by concealing attacks on another. The public seeing what really is retaliation in self defense and perceiving that as aggression toward a party that had committed now wrong make the public side with the perceived aggressor who is fact in the right about harassed including food posingings, planted people and appearances, home break-ins covertly, etc.,. This is also the rule of the GangStalk and cover police abuse against those the State fears, mostly Kennedy assassination connected families.

Blunt Force is the basic method of Targeting journalists,

victims of the Mafia, etc., Thugs are used to attack. If the police attack in uniform they attacked and they can not deny it. If the police attack through thugs they have placed they can plausibly deny they were behind the attacks. Those attacks both physical and death threats, terrorist threats, etc., made secretly and Thug "A" talks to Thug "B" next to the victim (me) and me the clear intended recipient of death threats made but denied made to me.

In Behold a Pale Horse, Cooper asserts that President John F. Kennedy was assassinated because he was about to reveal that extraterrestrials were in the process of taking over the Earth. According to a "top secret" video of the assassination that Cooper claimed to have discovered, the driver of the presidential limousine, William Greer, used "a gas pressure device developed by aliens from the Trilateral Commission" to shoot the president from the driver's seat.[it was probably a poison fletch firing gun per Prouty who accuses the umbrella man of being a tranqualizing fletch firer and Willaim Greer was born in Nothern Ireland and supported the Royals as most of US Espionage does.

The aliens are a code word for some group, possible Royal Air Force or Knights of Malta, mayne even La Cosa Nostra or Scotish Rites or ex-nazis. I donlt know but the dates of the agreement with aliens match when Princess Elisabeth and Prince Phillip on the 1940s became engaged. That is probably it.

As Cooper moved away from the Ufology community and toward the militia and anti-government subculture in the late 1990s, he became convinced that he was being personally targeted by President Bill Clinton and the Internal Revenue Service. In July 1998, he was charged with tax evasion; an arrest warrant was issued, but Cooper eluded repeated attempts to serve it. In 2000, he was named a "major fugitive" by the United States Marshals Service.

On November 5, 2001, Apache County sheriff's deputies

attempted to arrest Cooper at his Eagar, Arizona home on charges of aggravated assault with a deadly weapon and endangerment stemming from disputes with local residents. After an exchange of gunfire during which Cooper shot one of the deputies in the head, Cooper was fatally shot. Federal authorities reported that Cooper had spent years evading execution of the 1998 arrest warrant, and according to a spokesman for the Marshals Service, he vowed that "he would not be taken alive".

I am less suspicious about the Clintons than any other presidents, but I and Ted Gunderson and William Cooper and Jen Moore do assert the police are trained killers. I am proud he would not be taken alive. I have no weapons and no choice, so if it comes it comes, but I am happy to write as William Cooper and suspect the same Deep State he did.

My name is Edward Paul Donegan and I am writing for as long as I still can as New William Cooper Patriotic Sovereign Press

I will write elsewhere of how police try to and do have an intermediate breaking of the link between them and the victim (me) and that link can be air that radiation moves through, or the thugs placed to attack me and silence me, or similar tactics like evidence plants that take the place of them accusing me of anything and they would say they are not linked to the placing of the planted evidence.

New William Cooper Patriotic Sovereign Press
NewWilliamCooperPatrioticSovereignPress@proton.me

The Great Treason: High and Petite Treason in the USA

Extensive non-fiction that shows the 100 year history of the espionage covert Special Relationship

between England and the USA that led in to the Kennedy Curse and how the Donegan (my own and other families secretly were tied to that history under Hidden Identities and Underground Railroads during several world wars.

https://archive.org/download/genoracketeering_202001/GreatTreason.epub

Pillory: Tools and Fools of the USA

A fictional book as a speculative simulation between the Donegan's, Kennedy family, and others in Boston and how because of the Donegan factual history in that matter led to a Mockingbird pillory of me by the CIA, FBI, and others when my and other evidence on the JFK and RFK and other murders should not be retaliated against or conspired against by the very agencies this information should be useful to in those agencies and the US sovereign self-interest. In the fictional version RFK escapes assassination and we will learn of the underlying connection between Marilyn Monroe and Dysgraphic Albert Einstein.

https://archive.org/download/genoracketeering_202001/What.epub

Ted L. Gunderson An Edited and Approving Biographical Anthology of his Life and Works

Ted Gunderson was the right-hand man to RFK fighting the mafia that was run by Vice President Richard Nixon in the 1946 to 1960 years. As the Kennedy's gained power in the USA and world global dirty business operations subverted the USA and other nations. JFK and RFK attempted to shut down the CIA but it was too globally located to

respond to the US Presidency and and held too much allegiance from British trained and supported Espionage in the USA operating as the US Government but through NGOs that again were difficult to control from inside the US Government. It would be comparable to NASA trying to control a long gone satellite past its available connections back to Earth.

Majic 12 and the Secret Government by William Cooper Introduction by Edward Donegan

With Ed Donegan provided Introduction and in-

context commentary and de-anonymized cartoon space aliens as real people under Hidden Identities talked about in anonymized fictionalized ways for un-traceability of any real figures. William Cooper was tied to Free Mason families in his personal life and was part of that overlay of that in US Government activities and became an NWO whistle-blower. Ed Donegan shows the real people and real stories under the clouds of fictionalized obfuscations. Eisenhower GOP and Truman and NIXON worked with Free Masonry and likely formed the CIA as un understudy of MI5 and MI6 Jedah assassins and covert operatives with exchanges of espionage teams between the USA and Great Britain.

Don't Tread on Me

Theodore L. Gunderson

An Edited and Approving Biographical Anthology of his Life and Works

By

Edward Paul Donegan

© All rights reserved 2023

… … New William Cooper Patriotic Sovereign Press … …

A die is a specialized machine tool used in manufacturing industries to cut and/or form material to a desired shape or profile. Stamping dies are used with a press, as opposed to drawing dies (used in the manufacture of wire) and casting dies (used in molding) which are not. Like molds, dies are generally customized to the item they are used to create.

Several meanings or phrases might be used. "The Die Is Cast" that a cause-of-war exists and now a war machine will churn up for war because in irevockable at as been taken by who is now an enemy, or as Edward Donegan asserts here that the US has fallen to illegal covert systems to cover-up Kennedy assassination and NWO corruption reporting, using sophisticated undercover "Quiet War" systems of Confidential Informants, Snitches, and disposable assets to attack journalists and others and do so without fear of any repercussions and defended in the course of the crime by police or fire or other controller of the snitch.

Ted Gunderson, Ed Donegan, Geral Sosbee, Keith Labella, and others assert Organized Stalk is a measure the Deep State has adopted to covertly sabotage people whom the NWO feel may be a threat to the NWO in a mechanism if deforming (sabotaging) the lives and perceptions and even health and welfare of Targeted Individuals by illegal means though under guises of pedophile, terrorism, or other investigations some of which (terrorism, links to extremist groups) become self-fulfilling prophesies.

Mechanisms

The Organized Stalk initiates a smear campaign and asks the community to engage in helping law enforcement with the hypothesized threat. The help requested may treating the person as a pedophile or a person who is exploitative to the vulnerable (immigrants, minors in poorly fitting adult shaped gym-wear) and begin acting out scenarios that are part of the image of the person in public, being either retaliated against by those who are "on to" the Target Of Abuse Treatment (TOAT) also usally called the Targeted Individual (the individual being labeled by the actions near him or him, or by document fraud, identity theft, lies, or other mechanisms reinforcing public perceptions that are ever more reinforced by continuing undercover staged events.

Business contacts, friends and family, chances to lease apartments, even use public areas in a way not fraught with tense scenarios and conflicts unfolding as the Target Of Abusive Treatment is bullied for what is staged rather than what is real.

Further; claims of being covertly harassed are often retaliated against and seen or treated as the unprovoked or intolerant trouble making of bothersome person or a schizophrenic person, a person who has a guilty conscious and doesn't like having to face up to it.

Rage

From Within the Death Star Trash Compactor, Rage.

After Anakin left Tatooine to begin his Jedi training, [his mother Shmi married Cliegg Lars, a moisture farmer who won her in a bet against Watto. Her chance to see Anakin one last time came when, in the waning days of the Separatist Crisis, Shmi was abducted and subjected to torture by a group of Tusken Raiders in 22 BBY. By then, her son had returned to Tatooine as a Jedi Padawan after experiencing nightmares of her pain. Having seen her son again, Shmi told him she was complete but died in his arms. Unable to prevent his mother's demise, Anakin gave into the dark side of the Force and massacred the Tusken Raiders, including their women and children, and buried his mother at the Lars moisture farm.

I fit Smi exactly as my mother did. Simple farmers who made it big under Jim Donegan's war training as a pilot, and although he did not use or need it, a GI Bill that created a massive new middle class. I blame the police for the death of my family, my homelessness, Conspiracy Against My rights and the conditions I live under.

Subverting what had been a successful diabetes recovery and healthy life and lifestyle in my home and gym, all three (health, home, and gym) conspired against.

In these captures (and there are hundreds more abusive fakeouts by police show an amphetamine using looser Ed Donegan they keep capturing as he buys child porn but is able to buy his way out each time paying into victims funds KACHING there he goes again falling for the trap, the GULLIBLE the police can keep shaking down. It is not Ed falling for the trap but it is his conservancy paying out the fake claims, claims that will keep him homeless and jobless as the police continue what Ted Gunderson calls COINTELPRO on steriods and include poisonings, break-ins, and more.

The affect on attempts to leas apartments.

I am kept a homeless vagrant as police tell others to shun and blacklist me, they tell leasing agents that, anyone, and it is a

smear campaign leading to my vagrancy arrest my brotehr was himself always tring to arrange.

The Question of Terrorism

As decade after decade of fraud has destroyed my life the move to Texas was the last try to find releif from corrupt acts of COINTELPRO and its devastation of my life. I openly recruit killers to kill police officers directly in front of police officers. The stench of this. As I told some snitches in a Texas jail, they already know. Doesn't matter if you tell them or not.

At one point my books said THE POINT OF THIS BOOK IS TO GET YOU TO KILL POLICE. Beat their heads with hammers over toilebwols, etc.,

As more and more Stalk literature comes out supporting what I and Jen Moore assert I think winning back the mainstream from their support of GangStalk is now possible. Since I AM a whites supremacist the public would back the police in this even there framing of me.

But now it is showing that many Deep State conspiracies exist and I am one of many examples most have nothing to do with politics - but everything to do with politicians and how THEY killed JFK.

Conditions of imposed (and not actualliy existant) poverty costing the amputation of my limbs following the death of my parents.

I had good tech skills and wished to go back to work as an engineer following the death of my mother. During her struggle with Congestive Heart Failures I spent several wonderful years at her side living with her, driving he to dialysis in her car, and medical appointments studing web tehcnology and going to web groups to learn about the tech and meet people into XML and emergent technologies. When sh died she left a will for me to keep the car and have a trust fund half of $360K for special needs, medicine, etc.., What is pictures are $20 shoes it took me abotu 5 months to save up for as I took long walks to loose wiehgt. I had blisters and my shopping cart (my car was towed from my own privage apartmenet lot infront of my apartment because I could not afford to register it or get it out of tow yard. I had lowered my from 13.3 to 4.7 in six months but not only could I not afford food (no lean meats, no food at all) I could not afford $1 dish soap for three weeks until I borrowed some from a neighor. My laundry was mildewing I had no money for laundry, yet I had my SSDI my brother was HODLING BACK from me (the bills were more than SSDI alone) and the trust fund was making sure no bill got paied, demanded each potential lawyer OR rentor sign a release with them alone, and on doing so each vendor would refuse any conatact with me. I was covered in blistedrs and scabs and had to leave for Texas hoping for better conditions, but police not only were working with the elder abuse but placing vioent gang membes on the sidewalks as I walked to lawyers.

One of the first medicla visits I had in Texas was in Corpus Christi Spohn Hosital. Unable to repair my $12 shopping cart from transporting diet coakes (6 x 2 liters) I tried carrying then and pinched the vertebrae in my neck from the weigth. ARC of Nova, my brothers, and others refused the car purchase I requested and the conditions remain. 10 Years later.

In San Francisco 20 and 30 years earlier I reported police GangStalk attacks but it only got me institutionalized as paranoid bipolar delusional, just as the noise campiang did to Veronica Hoffman.

I have been rely on Let Them Speak, these stalkers are known

to many more than myself, and it is no longer my "paranoid" voice that describes them, others have seen them too, and reports of GangStalk and destrction of lives (Zerszung) are also all over the world now. I the mean tim3 45 yeA1crs of my life has been lost to being stalked and framed and kept homeless.

Abuse of Psychiatry as Proccess and as Substance

Abuse of Psychiatry is the politicization of mental health diagnosis and is used against Dissidents

The for varioius reasons people appear schizophrenic, paranoid, aggressive, delusional, retarded, under the influence of someone or something else is how a State deals with Dissidents IF it is abusing psychiatry.

Abuse of Psychiatry in Substance has two elements within it

In part the GangStalk wishes to make a person appear (to the public who will be shown in private way) KOMPROMAT (Compromising Materials) about a person such as their proximity to minors who because of how they are dressed might attract a peeper. In this way GangStalkers will instill Delusions into the minds of those that it shows fabricated evidence to.

In another element the assertions of victim of Stalking will not be taken seriously ***as substantive matter*** (the police locating who was planting evidence, planting minors in vivinity of someone, etc.,) but the police are all ready with a police response of a ***retaliatory respone***. "How long have you been paraoniod about police? Eperiencing schizorphenic episodes about people or their actions? Biplor?

Increasing Victim Accounts

Veronica Hoffman was one of them accused of Bipolar Disorder when she asserted a Stalk and Noise Campaign were conducted against her, driving her crazy. I have read many accounts of her "Bipolar" episodes.

What is visible with Tom Dunham, Veronica Hoffman, and myself is the same pattern of Pizza Gate and CIA DOD sponsored activities under suggestive asset names such as "*Harvey Dent," "Don Johnson," "Cahill,*" "Kendel F. Person," and "Theo" and Thea's, and others, slightly obfuscated and usually self describing covert ops assets leaving paper (soot stained,) web, photographic, and other evidence of their presence faking Tom Dunham, Veronica Hoffman, or myself as incompetent or child trafficking.

They tend to be very scuzzy drug trafficke many times felons carrying guns and drugs ANS sayingf they are CIA and usiing wierd fictional crime fighting character references.

So Jen Moore and the CIA files on the Donegan's will be included, Ted Gunderson and Jen Moore on Stalking and the likely Stalking death of Veronica Hoffman will be the second accompanying document. In this latter document I will describe how her friends said harassing phone calls were annoying her to the point of taking apart and disabling phones, etc.,

So Jen Moore and the CIA files on the Donegan's will be included, Ted Gunderson and Jen Moore on Stalking and the likely Stalking death of Veronica Hoffman will be the second accompanying document. In this latter document I will describe how her friends said harassing phone calls were annoying her to the point of taking apart and disabling phones, etc.,

The web, in the home of us three people (Veronica Hoffman, Tom Dunham, Ed Donean who all talked mostly to each other one night), is that in the gym surrounding us, or as we access

ATMs and our phones "jingle" at weird times (as others seem to be with us at the ATMs) or things “happen” in the workplace, the workplace party, massage parlors (which we are not or are at) or in the gym, covert operation frame jobs defame us, not to ourselves in any manner we can refute, but as social sabotage behind the scenes in Criminal Harassment Under Color of Law, Conspiracy Against federally protected Rights such as housing, First Amendment, Privacy, Property, or other rights, and even health access such as rehab facilities, suborning of medical doctors, etc.,

Gadsden flag retrieved from Wikipedia and copied or modified to here

[image]

Don't Tread on Me (Gadsen Flag)

The **Gadsden flag** is a historical American flag with a yellow field depicting a timber rattlesnake coiled and ready to strike. Beneath the rattlesnake are the words "DONT TREAD ON ME". Some modern versions of the flag include an apostrophe.

The flag is named for Christopher Gadsden, a South Carolina delegate to the Continental Congress and brigadier general in the Continental Army who designed the flag in 1775 during the American Revolution. He gave the flag to Commodore Esek Hopkins, and it was unfurled on the main mast of Hopkins's flagship USS *Alfred* on December 20, 1775. Two days later, Congress made Hopkins commander-in-chief of the Continental Navy. He adopted the Gadsden banner as his personal flag, flying it from the mainmast of the flagship while he was aboard. The Continental Marines also flew the flag during the early part of the war.

The rattlesnake was a symbol of the unity of the

Thirteen Colonies at the start of the Revolutionary War, and it had a long history as a political symbol in America. Benjamin Franklin used it for his *Join, or Die* woodcut in 1754. Gadsden intended his flag as a warning to Britain not to violate the liberties of its American subjects.

The flag has been described as the "most popular symbol of the American Revolution." Its design proclaims an assertive warning of vigilance and willingness to act in defense against coercion. This has led it to be associated with the ideas of individualism and liberty. It is often used in the United States as a symbol for right-libertarianism, classical liberalism, and small government; for distrust or defiance against authorities and government.

History of the rattlesnake symbol in America

The timber rattlesnake can be found in the area of the original Thirteen Colonies. Like the bald eagle, part of its significance is that it was unique to the Americas, serving as a means of showing a separate identity from the Old World. Its use as a symbol of the American colonies can be traced back to the publications of Benjamin Franklin. In 1751, he made the first reference to the rattlesnake in a satirical commentary published in his *Pennsylvania Gazette*. It had become the policy of Parliament to send some convicted criminals to the Americas (primarily the Province of Georgia), so Franklin suggested that Americans thank Parliament by sending rattlesnakes to Britain.

In 1754, during the French and Indian War, Franklin published *Join, or Die*, a woodcut of a snake cut into eight sections. It represented the colonies, with New England joined as the head and South Carolina as the

tail, following their order along the coast. This was the first political cartoon published in an American newspaper.[*citation needed*]

In 1774, Paul Revere added Franklin's iconic cartoon to the nameplate of Isaiah Thomas's paper, the *Massachusetts Spy*, depicted there as fighting a British griffin.

In December 1775, Benjamin Franklin published an essay in the *Pennsylvania Journal* under the pseudonym "American Guesser" in which he suggested that the rattlesnake was a good symbol for the American spirit and its valuation for vigilance, assertiveness, individualism, unity, and liberty:[23]

> [...] there was painted a Rattle-Snake, with this modest motto under it, "Don't tread on me." [...] she has no eye-lids. She may therefore be esteemed an emblem of vigilance. She never begins an attack, nor, when once engaged, ever surrenders [...] The Rattle-Snake is solitary, and associates with her kind only when it is necessary for their preservation [...] 'Tis curious and amazing to observe how distinct and independent of each other the rattles of this animal are, and yet how firmly they are united together, so as never to be separated but by breaking them to pieces. [...] The power of fascination attributed to her, by a generous construction, may be understood to mean, that those who consider the liberty and blessings which America affords, and once come over to her, never afterwards leave her, but spend their lives with her.

[image] Culpeper Minutemen

The rattlesnake symbol was first officially adopted by the Continental Congress in 1778 when it approved the design for the seal of the War Office.[*citation needed*] At the top center of the seal is a rattlesnake holding a banner that says, "This we'll defend". This design of the War Office seal was carried forward-with some minor modifications-into the subsequent designs as well as the Department of the Army's seal, emblem and flag.[*citation needed*] As such, some variation of a rattlesnake symbol has been in continuous official use by the US Army for over 243 years.

Other American flags that use a rattlesnake motif include The United Companies of the Train of Artillery of the Town of Providence, the First Navy Jack, and the Culpeper Minutemen flag, among others.

In the 21st century, the Gadsden Flag has been used by supporters of the Tea Party movement.

Modern use

[image]

For historical reasons, the Gadsden flag is still popularly flown in Charleston, South Carolina, the city where Christopher Gadsden first presented the flag and where it was commonly used during the revolution, along with the blue and white crescent flag of pre-Civil War South Carolina.

The Gadsden flag has become a popular specialty license plate in several states. As of 2022, the following states offer the option of obtaining a Gadsden flag specialty license plate: Alabama, Arizona, Florida,

Kansas, Maryland, Missouri, Montana, Oklahoma, South Carolina, Tennessee, Texas, and Virginia.

Use as a symbol of the Tea Party movement

Beginning in 2009, the Gadsden flag was widely used as a protest symbol by protesters who supported the American Tea Party movement. It was also displayed by members of Congress at Tea Party rallies. In some cases, the flag was ruled to be a political, rather than a historic or military, symbol due to the strong Tea Party connection.

The Great Treason: High and Petite Treason in the USA

Extensive non-fiction that shows the 100 year history of the espionage covert Special Relationship between England and the USA that led in to the Kennedy Curse and how the Donegan (my own and other families secretly were tied to that history under Hidden Identities and Underground Railroads during several world wars.

https://archive.org/download/genoracketeering_202001/GreatTreason.epub

Pillory: Tools and Fools of the USA

A fictional book as a speculative simulation between the Donegan's, Kennedy family, and others in Boston and how because of the Donegan factual history in that matter led to a Mockingbird pillory of me by the CIA, FBI, and others when my and

other evidence on the JFK and RFK and other murders should not be retaliated against or conspired against by the very agencies this information should be useful to in those agencies and the US sovereign self-interest. In the fictional version RFK escapes assassination and we will learn of the underlying connection between Marilyn Monroe and Dysgraphic Albert Einstein.

Southern Poverty Law Center Lists False Patriots in 2001

FALSE PATRIOTS

Brief profiles of 40 men and women who played pivotal roles in the antigovernment 'Patriot' movement, along with a timeline recapitulating the history of modern civilian militias, illustrate the changing shape of the radical right.

Reaching its peak in 1996, the antigovernment "Patriot" movement was a particular form of the American radical right that was characterized by paramilitary militias, opposition to gun control and the federal government, and belief in an array of conspiracy theories about the so-called "*New World Order*."

Patriots were drawn from all walks of life and though only some were explicitly racist, many of the key militants and ideologues of the movement had long histories of involvement in white supremacist groups.

In the late 1990s, Patriot groups began to dwindle as members left the movement, joined other kinds of radical groups, were imprisoned or, in a few cases, died in confrontations with law enforcement authorities.

Here, along with a timeline tracing the history of modern militias, are brief profiles of 40 people involved in the Patriot movement whose life stories over the last few years help illustrate the changing shape of the radical right.

[Among them William Cooper, Bob Fletcher, Ted Gunderson,

…

Milton William "Bill" Cooper was an American conspiracy theorist, radio broadcaster, and author known for his 1991 book Behold a Pale Horse, in which he warned of multiple global conspiracies. Born: May 6, 1943, Long Beach, CA Died: November 5, 2001, Eagar, AZ

Here is what Southern Poverty Law Center wrote about Ted Gunderson.

Desperately Seeking Satan - Ted Gunderson, 73

After 27 years in the FBI including stints running the Memphis, Dallas and Los Angeles offices, Ted L. Gunderson embarked on a tour of the weird.

Retiring in 1979, Gunderson started a security and investigations firm and eventually wound up as an investigator in the ill-starred McMartin Preschool sexual molestation case, where he became fixated on the idea that children are regularly subjected to Satanic ritual abuse. (In the end, seven years of trials produced no convictions, and the case was widely denounced as a destructive witch hunt.)

From there, it got truly strange. Entering the Patriot world as a leading conspiracy-monger, Gunderson made videos alleging an invisible cabal called the Illuminati had plans to run the world. He sold his services shielding people from "Electrostatic Sensory Manipulation" and testing for "brain implants, tracking chips and resonant cavities."

He claimed a government official told him that he did the Oklahoma bombing, saying, "That's my bomb." He said a cure

for Down's syndrome is being kept from the public, that the government practices mind control, and that his children had DNA extracted by aliens in the infamous Area 51 of UFO fame.

And Gunderson accused a well-known, UFO-oriented talk show host (I Ed Donegan do not know which radio Host Gunderson accused) of molesting children, an accusation that recently brought him a libel suit.

I have read I think nearly everything Ted Gunderson wrote, probably 95 percent of it that is available today (and there is much of it) and of that I have probably researched independent sources on what he said and also I understood exactly what he was saying by studying it while SPLC defamatorily spits on his works.

Ted Gunderson had available and I have copies of notes in handwriting from Micehal Aquino, a Defense Intelligence Agency PsySop "Mind Warrior" (psychological warfare) exert who created for the purposes of having a derogatory effect on witness to his acts a cover to operate under, Temple Set who sough in Salzburg Austria ghosts of WWII and was caught in acts of chidl abuse but was mostlyu let off the hook as local police wer told to stand down and did.

In my books I have memos from Thomas Aquino in typewritten works describing his plan to operate Satanic groups to operate under (LeVay Satanists and his spinoff group) and he oplenly states in the memoes they would locate in orphanages high performing computer skills children for relocation by Temple of Set who would be described as kidnappers cultists, the type who also Gunderson said were really military groups who killed the Jeffery MacDonod family under a US DOD operated drug cult with powerfull protectors hiding the identity of the real killers.

I believe my description of Ted Gunderson's assertions is correct and my research corroborates what Gunderson said.

Real Patriots worried about Big Business and the infiltration of our government and media

Ted Gunderon believed from early sources on the Illuminati big business did control the US Government including the US Media, and the true corruption of high power elites and the misdeeds of high power elites (such as killing JFK and mocking Conspiracy Theorists) was the plan all along and I have come to agree with him and to refute the SPLC I will write a response called True Patriots 1997 when Chauncey Marvin Holt lists the ten or so oil companies involved in assassinating JFK so United Fruit Company and others could continue to dominate Guatemala, gold could be stolen from Indonesia, and oil and other resources world wide that the CIA could topple, including the USA itself.

The Boston Brahmins or Boston elite are members of Boston's traditional upper class. They are often associated with a cultivated New England or Mid-Atlantic dialect and accent, Harvard University, Anglicanism,[4] and traditional British American customs and clothing. Descendants of the earliest English colonists are typically considered to be the most representative of the Boston Brahmins. They are considered White Anglo-Saxon Protestants (WASPs).- Wikkipedai

Many of these global elites are the Corruption Network that controls the USA including a vast array of illegal acts in the USA.

The memo I found it from Micheal Aquino a bad mimegraph or photo copy could be read exactly with extensive zooming and eye strain so to make the data more accessible (as I have elsewhere) I on a pixel by pixel basis fixed the form of distorted or half present letters so the documents(s) are easier to read by busy people not want to be stuck at that memo for an hour.

SPLC Lists False Patriots (My Response To Them)

I Edward Paul Donegan am starting with two paragraphs I draw from the SPLC article

- Patriots were drawn from all walks of life and though only some were explicitly racist, many of the key militants and ideologues of the movement had long histories of involvement in white supremacist groups.

- In the late 1990s, Patriot groups began to dwindle as members left the movement, joined other kinds of radical groups, were imprisoned or, in a few cases, died in confrontations with law enforcement authorities.

1) On the matter of White Supremacist. I really don't know. For those who support the militia movement at least some what as consumers of day-to-day news that I am I really don't know who make up Militia groups (some or all) but I am a White Supremacist. I do not think that is material because I do not support violence (or did not for most of my life) but it is material to transgression against me by various minority group who have made me a "mark" for abusive attacks, defrauding me, amd crime and have done so as an ethnic violence against me.

Whether I am rare, common, true of all far right I do not know.

My politics are not hidden on works I have done, written works, though I do not distribute them to others in different locations soliciting attack on me, violations of me lease etc., (though others do.)

Sometimes I do put myself into the front lines. When Antifa was shutting down rallies including Trump rallies I was suggesting at over 50 I don't give a damn I am willing to show up with baseball bat to see how many home runs I could hit.

I had supported Gay Rights ideologically and in activism most of my life dispite "feminazis" and hostility towards males and white males. Im recent years despite my empathy for any injury towards others I find a psychosis in me that can criticize my father who I respect I think more than any in the world would or could and I expressed approval of anti-gay violence even though in many cases I have caused fear in gays and that in turn put in them both hate and motivated actions against me. I remai confused in that only in opportunistic predation can I explain their hypocracy in in defedning their rights while infringing on mine. The next best explanation and possibly the main one is gays defending elite gays from scandal.

He is long dead now (Thomas Neil Donegan) and I am the only living Donegan family or origin member so what could the attack on me be based on? IT is not a family fight.

The evil sociopath and violent attacks on me and my mother and behind my father's back his attacks on me father convinved me of the toxicity of the diesases of being gay. Nothing have I ever seen before like it.

But that itself was not the only signficcant part of my jounrnedy. The NIH arrest, the Wells Fargo and AOL experiences, and many more played a roles as did my perceptions and increasing distrust of the media and DHS.

Race in Americ or the world has never been truthfully covered by many sites OTHER THAN New Nation News, and I learned

all I need to about race while in the system and on the streets and anywhere else.

If you listen to American educators and the FBI the attempt is to reduce stigmas and stereotypes and yet it truth it is playing to them in strategies of tension and racial manipulations of society.

We begin with what the racists and non-racists alike attribute to KKK identity and beliefs. A secret order who would in Christian Virtue (think the crier in Knights Tale) defend the virtue of women attack by blacks in the night (Don't Let The Sun Go Down On You) and enforcing moral values from the criminal decay of the black element.

In fact DHS uses bizarre salivating immigrant families to sexually taunt me and turn out white women in what sociologists called multi-generational ghetto cultures no one was willing to police or immigrant communities who lived for free and in housing while whites starved.

These are in fact the street scenarios creating those instigation and fights that are manufactured, not wanted, but still real.

White Identitariansim for has simply mean safety from a warfare atackimg me. I find no fault in it.

In Eugenics the evil most are supposed to disavow ghetto black women are talking about making princess of themselves and their daughters (likely compulsive about the family history of Maria Kutschera) and the black males and Christian doogooger are obsessed with Blond Isla of the SS that I am not and is not even Central European nor my own interests, but the sigh of the do cause a serious of skid row Texas Christians and law enforcement sexual addiction.

All of this is in part of organ trafficking in obsessions regarding what my family history is, and it is no different than any other white middle class pilot family and high tech worker

upper middle class.

I once said of being Irish is it something in the water that made an Irish person Irish? Maybe you could look at the genome and see some traces particular to the land of Ireland almost like a spot of mud. I don't really care. What makes my Irish is the generations of my family give me focus on what happened with England's invasion. For many the political experiences of family history is more part of the ir makekup than genetics and it is true with my Irish identity as well.

Genetics of the Windsors or Kutscheras are fools gold. It is probably Prince Andew has ten or so bastard children. I hope the worst for them. Nothing could could likely come from any of them. It is all just a publiicity stunt.

John Pilger

The MSM was welded into (by financial power, slander and abuse of opponents) into a Cabalist War Machine propaganda arm in industrial terrorism East India Tea style. protects of Moles in High Office

Many journalists now are no more than channelers and echoers of what George Orwell called the ‘official truth’.

They simply cipher and transmit lies. It really grieves me that so many of my fellow journalists can be so manipulated that they become really what the French describe as ‘functionaires’, functionaries, not journalists.

Many journalists become very defensive when you suggest to them that they are anything but impartial and objective.

The problem with those words ‘impartiality’ and ‘objectivity’ is that they have lost their dictionary

> meaning. They've been taken over… [they] now mean the establishment point of view… Journalists don't sit down and think, 'I'm now going to speak for the establishment.'
>
> Of course not. But they internalise a whole set of assumptions, and one of the most potent assumptions is that the world should be seen in terms of its usefulness to the West, not humanity. John Pilger cited from WikkiQuote

I Edward Paul Donegan am starting for 1997 with Self Portrait of a Scoundrel

At the beginning of my [Wim Dankbaar, April 2013] endeavor (editing and releasing to the public Chauncey Marvin Holt's book mostly direct quotes of Holt in his own words ansering questions) I had dreamed I would actually find the truth, but I quickly lost my naive innocence. I learned that the US media are basically in the hands of only 5 big corporations that are used to "control" the public opinion.

These big five are CBS, NBC, ABC, FOX and CNN. These conglomerates will simply not disclose truths that would hurt their shareholders or embarrass the powers aligned with them. In fact, if they can no longer ignore these truths, they will use their assets to discredit the evidence, no matter how ironclad it is.

The mainstream media will turn the lie into truth or the other way around, as most of their audience have not learned to think for themselves. For this reason the CIA has a vast budget for media infiltration, including an endless list of journalists on their payroll. After all, if you control public opinion, you control almost everything else. Meanwhile the doctrine that America has a free press is hammered down. Which is quite ingenious. After all, a slave will not revolt as long as he doesn't

realize he is a slave.

A good example of such "damage control" is the book Case Closed by Gerald Posner, who I am sure is such a journalist on the secret payroll of the CIA. As a matter of fact Chauncey Holt wrote a letter to the San Diego Tribune shortly after the book came out in 1993. It is available on the Internet and can be found by googling for "Stampede of the apologists." Of course Chauncey's letter was never printed by the San Diego Tribune or any other mainstream media. It's a smashing letter, strongly recommended to look it up on the Internet.

Isn't it weird that the vast majority of Americans do not believe the Warren Report anymore, yet it remains the official government story on the JFK assassination? Does that comport with the principle of democracy where the people control their government? If you think about it, it is nothing less than contempt for the intellect of the American people. Richard Belzer, the actor of "Law and Order", who just released a great book called Dead Wrong, summarized it quite accurately: "90% of the American people believe that JFK was murdered in a conspiracy. The other 10% work for the government or the media".

The fact of the matter is that JFK removed in a coup d' etat, carried a little more sophisticatedly than in average banana republic. I always say was the that on November 22, 1963 the potential Kennedy dynasty, with Bobby and Ted waiting in the wings, was replaced by the Bush dynasty.

This may sound odd, but few people know that the Bush family had tremendous influence over American politics even before the Kennedy presidency. Senator Prescott Bush for example, father of George Herbert Walker Bush, had made his fortune as a banker with Brown Brothers, Harriman, some of it by financing the war effort of Adolf Hitler.

This is now all well documented. He was instrumental in convincing his golf mate Dwight Eisenhower to run for

President and installing his protégée "Tricky Dick" Nixon under him as Vice President. So Ike could stay playing golf, give a great speech when necessary, while the actual administration was run by Nixon under direction of the Bushes and friends, among them CIA director Allen Dulles and, later, president Gerald Ford - both Warren Commission members - to "investigate" JFK's murder.

Looking for Oil (in the textual content of Holt's book)

It is an all start list of assassins brought in by the oil companies and that doesn't even include formally listing George H.W. Bush, or others Holt did not name.

JFK was a Patriot who thought (incorrectly) the USA and its Office of the President held by for and of the people could stand up to England banks, the UN, the Vatican, and others, and his office could not, nor could JKF stop these same powers from investigating his own assassins or rising to power after the window-dressing-only-investigations

In 1997 Sonny Bono died in as skiing accident as did another Kennedy a short time later and if you look at what is now in the 2013 release of Holt's book appendix Photos and Documents and watch the 1997 on screen interviews with Holt at Dealy Plaza and see that the CIA was running guns at Palm Springs and that operation under William King Harvey led to the assassination of JFK then the CIA assassination of Bono and Micheal Kennedy fit the facts as NWO acts that Bob Fleterh and Ted Gunderson assert.

It read “This website is clearly the work of a disheveled and disturbed mind”

MKULTRA, The Kennedy Assassinations, and cover-up Murders

A publicly posted note from the psychiatrist read “*This website …*" [by Tom Dunham that asserted police misconduct] "*… is clearly the work of a disheveled and disturbed mind.*”

Select Quote t was his professional work. His personal work became Select Quote Review. Appearances were being staged (including statements made to him by strangers he did not even recognize) his sexual liaison would soon be arriving thus the wife of Tom Dunham should be kept in the dark about this.

SelectQuote Review About

SelectQuoteReview.com [by Tom Dunham] has been raising consumer awareness about issues at SelectQuote Insurance Services since **2011**. An employee who threatened harm against a small child received financial and other incentives. There are also reasons to suspect connection to a scandal within the San Francisco police. SelectQuote Review reports on these issues and their cover-up, to help insurance consumers make an informed buying decision. More information is available at www.selectquotereview.com.

San Francisco, CA 94103

About Me +Tom Dunham I’m a father to my 5 year old daughter, living in downtown San Francisco (SOMA). I am a

senior software engineer, most recently at Framehawk, with experience in web, VOIP, and Windows client applications. I've been here more than 10 years, in my previous life you might have seen me on the dance floor or playing tournament chess.

[And about 2011 questions from Ed Donegan]

… …

Tom Dunham's site "Select Quote Review" posted visual data, news-links quotations, and witness or social media information about a ring falsely appearing to exist in his vicinity and I Ed Donegan have done the same with Gold's Gym, Wells Fargo, Clarendon Courts, MacLamar Properties, and other locations in which the ring appears to exist and behind our backs we (Tom Dunham and myself) are assigned blame.

Some of the Misconduct Tom Dunham, Ed Donegan, and Jen Moore had bee accumulating

[image]

Who was the real author of the site Select Quote Review. Real Tom Dunham to the left or fake Tom Dunman to the left who (as Veronica Hoffman did) faked social media accounts on FB? And fake accounts elsewhere too but claimed to be the author of Tom Dunham's site.

Fake Identities of Tom Dunham and Ed Donegan are all over the place and becoming linked to child molestation rings the police fabricated as an under-cover operation

[image]

http://newwilliamcooperpatrioticsovereignpress.com/wp-

content/uploads/2023/11/TDandTDDVisAVisFB800_px.jpg"

What we think of the author of Select Quote Review (who took credit for the site and both did) may affect people's impressions of the credibility of the Tom Dunham site.

That was alleged of a web site run by a friend of mine and on that web site his and my assertions were documented a faked pedophilia ring actually run by law enforcement with actors was being used to discredit him and others.,

I Edward Donegan am a bald Caucasian male in his late fifties and early sixties as this has been unfolding.

[image] [image]

I have a picture of this man with my phone because he stole my phone and posted pictures of himslef on my facebook account (to which he changed Ed Donegan to Sovereign RICO) masterbating in the bathroom of a Washington D.C. shelter in which he had stolen my phone. His refelction in the mirror seen. He and others are with "their" DNA making Little Princess, often special little Brown Princess who then walk around with toy store tiaras. As a Sovereing he can make princess babies to non-whites but he has an addiction (as me) to underage white teen females or very young white femlas (tots.) I did not recover the phone but I did replace it.

In a picture in The Great Treason I show as http://newwilliamcooperpatrioticsovereignpress.com/wp-content/uploads/2023/12/bk1.jpg bk1 I show this happening. A family of olive skin have a child with a Tiarra on and it seems her buttocks are facing me. Someone from that family has moved to a table near my own line of sight to that family and girl. The people in the booth next to me take the picture of the "little brown princess" they are calling them, as at the same time a Protection from some skid row group is glaring me down and as I call it out becomes a very near fight at 10 or so of their team threaten me. The police are called by both sides but no action I can determine ever resulted from the police calls.

I beileve the entire sequence of all the Burger King photos show an injury bieng faked and a protection racket responding. The profile fits the Baptsit beliefs, often drug users who don't drink, prominent crosses, but may be other or many religions.

Impersonators of Ed Donegan are fascinated by teen females and as the black male who has stolen my phone says "is fapping to them" and later when caught will pay-up and throw 'money' at adult females. This impersonation ring includes later people saying "thank you" to me in public for agreeing to the payouts the dopple of me is making who is using my identity to incur liabilities and then pay them out. He is agreeing to be "milked." Cars parked outside the ARC of Nova have license plates like Beaker perhaps as depicted here by someone who put a this representation on Instagram or twitter.

Screen captures of one of the many imposters of Edward Paul Donegan. http://newwilliamcooperpatrioticsovereignpress.com/wp-content/uploads/2023/11/FakeEdDoneganIsaBangladeshiTeen.jpg

http://newwilliamcooperpatrioticsovereignpress.com/wp-content/uploads/2023/12/GonzoGotWrongSuspect.jpg

[image]

There are three apartments in play.

- My real apartment,

- an apartment of the Dopple that is similar and may have items tied to me,

- and the police observation apartment next door to it that peeks in as the gullible Ed Donegan confesses and makes payouts.

I have considered the Calavera gang (or groups that might be made up of the self described 1 percenters Gonzales himself saying that) that might be Veterans On Patrol (going by Jen Moore calling out that group by name) or some other group.

[Politico The Most Unlikely DA in America-

… in 2016, Nueces also elected Gonzalez, a 38-year-old Democrat and self-described "Mexican biker lawyer covered in tattoos." Before being elected, Gonzalez had never prosecuted a single case: For his entire 10-year career, Gonzales had specialized in getting accused criminals off the hook-working most closely with low-income, mostly minority offenders, fighting low-level charges for marijuana and other substances. His pride in his work is expressed in a spectacular tattoo that he had inked across his chest a few years ago, reading, in colorful gothic type, "Not Guilty."

Gonzalez's résumé puts him in a small but striking new wave of U.S. prosecutors, politically liberal and in some cases even civil-rights advocates, who've been elected to roll back the excesses of the past 20 years' worth of tough-on-crime laws.

But what might make him the single unlikeliest DA in the United States isn't his legal philosophy or his politics, but what's stamped on the immense red belt buckle he's wearing: the insignia of the Calaveras, the motorcycle club Gonzalez belongs to, which describes itself as a charity group but which the state of Texas officially considers a gang. With that comes a unique situation faced by no other elected official nationwide: Gonzalez, the county's district attorney and regarded as a

potential rising star in Texas politics, is considered by local police to be a registered gang member. …

Calavera member indicted in May 2019 murder on Corpus Christi westside [Corpus Christi Caller Times

29-year-old man affiliated with a motorcycle club was indicted in a May 2019 murder on Corpus Christi's westside.

Emmanuel Cantu, a known member of the Calaveras, is accused in the murder of Sandalio Zuniga, 36, in May 2019.

Nueces County court records show Cantu was indicted on Thursday.

Cantu was arrested shortly after the deadly shooting.

Days later, District Attorney Mark Gonzalez recused himself from the case. A court document states he and Cantu have a shared membership in a motorcycle club.

"Due to this shared membership, questions may arise as to the ability of this office to represent the State in a neutral and impartial manner," the document states.

A probable cause statement from a Corpus Christi Police Department gang officer describes Cantu as a "Calavera Gang Member."

Gonzalez has long said he's a member of the Calaveras, but described it as a motorcycle club that organizes toy drives and gives to charities. [and be provided motorcycles and cars to Protect the children of the neighborhood with patrolling?]

Jail records show Cantu was not in Nueces County Jail on Friday morning.

Mark Gonzales for US Senate

[image]

It's going to take a movement to beat Ted Cruz.

http://newwilliamcooperpatrioticsovereignpress.com/wp-content/uploads/2023/12/MarkGonzalesTwitterForSenate.png

Mark Gonzalez knows how to build one.

We need leaders with the backbone to stand up to bullies and to protect the rule of law. Mark understands that people want the truth - that's why he won twice in a red Texas county, winning despite the county being carried by Trump and Greg Abbott. After reforming Nueces County's criminal justice system in his eight years as District Attorney, Mark is now taking on a different challenge.

He is running for the U.S. Senate, because it's time Texas sends a leader to Washington that represents us.

This campaign is about the future of Texas, and your support is key to this movement.

…

September 2023 Mark Gonzalez resigns as Nueces County District Attorney forced from office but wants to run for Senate https://youtu.be/6Zn9q9p3uqg?si=6CNDhCzDzI1ziTqV

Tom Dunham Asserted SelectQuote Complicity and Ed Donegan asserts ARC of NOVA Complicity

The Arc of Nova is allegedly managing the family property of Glorian Donegan for her who was more racist than I am.

Outside their old location on in Fairfax Virginia they seem to have Beakermobiles that like the depictions someone left on soical media is making collections from somebody into a beaker through their mobile collections squads. 2755 Hartland Road, Suite 200, Falls Church, VA 22043. (old location actual spelling of Hartland)

One person Deja Electra seems to be recieving such payments.

[image] [image]

http://newwilliamcooperpatrioticsovereignpress.com/wp-content/uploads/2023/12/DejaAtStayAndPlayMostLikely.jpg and http://newwilliamcooperpatrioticsovereignpress.com/wp-content/uploads/2023/12/Beaker2.jpg

I Ed Donegan assert impersonators of Ed Donegan are paying into the extortion ring while in similar looking apartments often in the same complex I am living in. Within that apartment may be items stolen from me such as the phone that the black male in the photo has in his hand.

Excerpted letter copied here editorially modified in part for several reasons

8/7/2018
To: Capitola Police
422 Capitola Ave,
Capitola, CA 95010

From: Ed Donegan
19025 Karen Dr
Salinas, CA 39307
EdInArlington@gmail.com

A pernicious Blackmail/Extortion ring has formed. The complexifying elements are that

- Emezzelers have captured funds into bank accounts tied to them but falsy claimed are actually mine use Identity Theft and other Fraud tactics to hold, and money launder the funds due me but held by others. I have no verbal, financial, or any another account of the financial accounts but others use identity theft to create the cover story I am aware of the money and I am spending out of it. Chris Lloyd of Orinda California appears central to this illegal scheme.

- Identity Thieves are using impersonations of me to engage in despicable and politically defaming conduct. PICTURED A bike other than my bike, but of similar description, in an otherwise empty parking lot, is spying on women of the gym. Golds Gym Corpus Christi. Rarely and non-exploitatively I do use a forward facing dash camera to tape scenic motorcycle rides on MY motorcycle, not the one pictured below.

- The impersonators themselves are both engaging in the despicable conduct and agreeing to be blackmailed socially by dominatrices who will "punish them" by making them give money or other assets to blacks. "Domination is not prostitution." The embezzled money is turned over to "above board" dominatrices such as Kora Kaine, Anastasia, Veronica Hoffman, and adult toy suppliers in a money laundering operation to semi legitimate businesses or donations. [added 2/15/2022 or seem like legitimate assets seizures of Ed Donegan's trust fund based on the acts of the person who stole the identity of Ed Donegan and used that identity in St Louis or elsewhere.}]

- Public spectacle staged photos (along with phone hacking) create the appearance I am aware of the embezzled misused funds. For instance I have only a motorcycle. If I consider buying a car an look for one or request one from my trust fund, vehicles I am considering will be driven near me, pause, then drive away as though I am examining them. I conjunction with this unrelated spam phone calls will reach my phone making it seem I am being asked to authorize and am involved in some vehicle purchase which I am not. Without out accounting to me embezzlers will buy the vehicle as though authorized by me, keep it for themselves, and conceal it from me. (Corpus Christi Toyota 4Runner or Chris Lloyd Porsche, or real estate such as in Missouri, Moraga California, or Corpus Christi.

- At Points of Sale cashiers intone some “good times” are being bought in addition to groceries from some planted female. I suspect a second transaction (not the legitimate one I make) is later made by an impersonator of me which will access the embezzled account rather than my account. The impersonator will then leave the store or gym with the planted female for the “good time” although the innuendo was said towards me at the point of sale.

- There is law enforcement or Secret Service, DOD, or other internal law enforcement support based on what I have been told by at least 9 people. In ErosX (My identity is crossed out with someone elses) black sex offenders, black foreign nationals, and junkie white trash or other tatooed prison felons have been setup to receive stolen or embezzled property, telling me they were hired by the DOD to do so and in fact they have used names like “Harvey Dent” and “Casper.” I do

believe this is slush fund related corruption and in international RICO scheme.

ONE EXAMPLE WILLIAM RUZ

A Motorcycle jacket [aka Ruiz “Rocket” Johny Rocket the Trust Fund paid for was stolen and a chair I sat in moved, both to a location I was not at so an impersonator could use those items to establish an identity of me and shower peep.

Verbal narrative but vaugely so was added by William Ruiz that while in my motorchycle jacket I was using remote moinotor equipment to watch women shower.

[Safety gloves were also pilfered and thieves encourage to pilfer from me are encouraged to do so in ways that harm my progress towards important goals or safety, the FBI scheme of disrupting a person’s life)

HOW PARTS OF THIS HAVE UNFOLDED (I was in a Home Depot looking for piece of wood for a cat play piece of furniture and walked out the Corpus Christi Home Depot without a purchase. That weekend an identity thief with email, age, birthday near me, but unrelated to me, bought property for a rental property I have nothing to do with or accounting of, but is owned by and Identity Thief of me.

The picture of me not buying anything in Corpus Christi is fused with something at a different GPS, a purchase by an identity thief, for a fake record that I did buy something when in fact an identity theft bought something from funds and an account not disclosed to me.

I was in Corpus Christ, was visible in Corpus Christi

Texas Home Depot, and nowhere near Missouri Home Depot.

Photos of where Dopples of me operate, Arsons to those areas afterwards in sevarl cases, and the misspellingg domain confusion or brand confustion tricks to hijack my identity and move to elsehwere with it where other events not tied to me in reality will unfold.

I believe I am and since 2003 have been studied as a "White supremacist terrorist" as has been my music scene Goth/ Fetish/ Industrial and my picture of my at a goth fetish club (2003 Spank, San Francisco) was not a normal "Klu Klux Klan" photo in any way. U.S. and other intelligence agencies are at war with this "too white" scene because some of its music references are about the fall of Western Civilization or "politically incorrect themes." [VNV Nation, Ramstein, though these groups acutally favor individuality when the speak at all about social justice.

Tom Dunham, myself, and Veronica Hoffman were all in that scene and attending events together.

---

*Arson and murder at locations FAKE ED was blackmailed at. One such location was the northern building of Casa Linda Apartments on South Staples St Corpus Christi. I believe it was a late night arson to destroy evidence. This is a violent crime ring.

*Myself, Tom Dunham, others, swept up in alleged sexual misconduct white dominatrix will blackmail real EDWARD PAUL DONEGAN over. Ed Donegan enslaved as needing help of thirs parties who will concede to the blackmail, and not tell REAL ED DONEGAN they are [both manurfacturing] and conceding to blackmail.

*The social justice advocates are the real recipients of the money laundering/blackmail since it will be used in their social justice causes.

Pictures of Doppples of me peeping with similar affects (similar motorcylve, similar clothes or clothes stolen or hijcked from me) who will later confess as me to peeping though behind my back to an asset manager of mine

YouTube video of these events here done at the same time and has audio recordings of William Ruiz in scam. Missing Moto Jacket and Impersonation 38 viewsAug 12, 2018 https://www.youtube.com/watch?v=OcDGOfOuE-Q

Pictures documenting this are a Golds' Gym close to a University of Texas campus with full pool, sauna, and hot tub areas being peeked into by camera equipped motorcycles similar to mine as occurred in California at gyms as well. Thought not stated (and denied if I ever asked) that I was thought to be to blame I was certainly publicly treated that way at all times.

The Estroflex Gang

Which hormone increases hips? The development of secondary sex characteristics (breasts, hips, etc.), menstruation, pregnancy and menopause are all possible, in part, because of estrogen.

A bizarre ring alleged to Edward Donegan but made up of paid actors is toxicly confused by or as clinical dysfunction wrongly attracted to flat chested-ness, no pubic hair, narrow hips, etc., that along with vocal vocal tonations and behaviors

of childishness is at Ed Donegan's developmental level. But that is all staged Propaganda ruining Ed Donegan's and Tom Dunham's life.

> …
>
> "When t found an impostor blogging as Ed Donegan, went to search my email tor correspondence from him. It's been over ten years since Ed sent me one and I wanted to make sure I remembered everything correctly. Yahoo's search mail feature also returned this Facebook profile of an 18-year-old Bangladeshi" - (Tom Dunham)
>
> …

The event using a dopple of Ed Donegan Tom Dunham cited in his social media occurred near my mother's birthday Glorian Donegan December 13, 1926 though deceased) the date Tom Dunham spotted the fraud was December 12, 2013 it looks like as the year Tom Dunham goes back to recollect the chain of events and timing)

It is common for these sockpuppet ID thieves to have a series of "facts" in common with the person whose identity is being stolen. Here the ID thief might have the same mother's birthday, perhaps alleging his mother is my mother.

Fake pedophilia rings were created by staged appearances of covert operatives. I Ed Donegan hav been filing in court motions and police reports an impostor is incurring liabilities and receiving goods and services using my identity and needs and uses payouts from my trust fund for his own activities that including abusing minors and creating a false factual trail it had been me.

Tom Dunham promotes his Select Quote Review site article on his Twitter account and you can see from the type of headlines what the content was made up of

My writing against SelectQuote slowed. I want to assure you that I haven't left my post, and give an update. http://selectquotereview.com/2015/05/alive-and-kicking.html …

Though some of Tom Dunham's tweets or other site may not still be online (he had several in addition to Select Quote Review) I backed almost all of it up to my archives.

Since these deal with me in that I can refute any connection to this sock puppet I will show from the archive this matter. I worked for WellsFargo under eddonegan@wellsfargo.com not eddonega@wellfargo.com I had been fired a few years before from that company I believe unjustly as it conspired against me leading to the events of my at will employment termination (difficult under any conditions to contest.)

Common in these matters (sham investigations of alleged crimes that never happened as pretense for police activity) is play actors staging crimes and later play actors with liquor store police badges who create an appearance of some official activities often they can succeed in duping the public wha they are acting out is real.

Tom Dunam posted that he tried the keys left under a rock (partially visible is how its done) and checked and the keys seemingly left for someone did not even fit his door.

The same was done at my apartment at South Staples Street in

Corpus Christi Texas while he was experiencing this in San Francisco.

Select Quote was the web site Tom Dunham had full charge of. Insurance shoppers could feed their data into this quotation engine and it would bring back the quotes of what would be charged by various insurance providers.

…

SelectQuote Review Friday. May 2014

POSTED BY TOM IN hashtag SCAM

= LEAVE A COMMENT

"Targeting people on the professional LinkedIn network is a sign of more than a little bit of ill will.

In my case, the impersonator quickly moved to make other accounts, posting nonsense as me. They claimed that my daughter was abducted by aliens, and that I was a convicted felon. This is a calculated attempt to destroy a professional reputation, and to mislead or intercept contacts with whom we haven't had recent contact.

Life insurance companies have close ties with private investigators (due to the two year contestability period).

Who knows what schemes they may hatch once they cut a person down to just a few offline contacts. Recall that in the Contra Costa County vice scandal, PIs offered to plant drugs in a car, and roll it off of a cliff.

I myself was unable to hire a PI to investigate the threats made to harm my daughter. " via a Pattern Shows SelectQuote Still Dangerous • SelectQuote ***Review***.

Why does SelectQuote's pattern of malfeasance raise eyebrows?

…

:And oops all this seems tied to the JFK assassination and more assassinations since. I will rely on more sources than him or myself in this.

[image] [image]

The OSS CIA story and Donegan family of MKULTRA

http://newwilliamcooperpatrioticsovereignpress.com/wp-content/uploads/2023/11/OSSintoCIADoneganStory.png

OSS to CIA, black budgets, Operation Paperclip, & Hidden Identities

This apartment Glorian Donegan lived in with her secret history and secret identity she was terrified of and James Donegan kept secret for her and abused in some ways. IT was an apartment because the sale of her house gotten in the divorce worth about 320K dollars was let half to me in a Trust Fund and half to my brother in cash.

Maria Kutschera will leave the convent. Soon after she will mary Captain Von Trapp. They will leave Salzburg Austria in 1936 or so for North Carolina where my mothe4r was born in 1926.

http://newwilliamcooperpatrioticsovereignpress.com/wp-content/uploads/2023/12/BannedFromConvent.jpg

At 3 minutes 31 seconds of this segment of an German language version of Maria Kutschera asked to leave the convent in 1925 she is taking a bite from the apple leaving her bed area and with her bible study books ten seconds later slides down the bannister legs srpead to the ground floor landing on the

floor dropping her bible in front of the other initiates.

Now the secret comes out as to the ties to the JFK assassination, orphanage abuse stories, the death of Marilyn Monroe, and many others.

Now how this this affect Jen Moore (deceased found dead in a hotel room after receiving threats) and Ed Donegan, Tom Dunham and others who were trying to tell or part of police misconduct story of how even today the CIA, FBI, and others are trying to discredit us and this story through smear campaigns, retaliation for speech asserting government misconduct, and other tactics.

…

As an author I am being harassed and ended up homeless

When people think I am a pedophile (staring at children in the neighborhood or library (where smear campaigns are staged by people acting out around me minors in flimsy clothing, etc.,) they are eager to get me out of the library, live-work home I am writing my books in on my family history, etc., and will created any excuse they can to find a way to ge me out leaving me homeless and without my home office or any place to rent or work. I asserted than in a lawsuit in Texas but was evicted anyway when a sham set of staged conflicts with others led a termination of my lease.

Police Wrongdoing and Select Quote ~ San Francisco police misconduct.

Badge Bunny Break-in

01 ***Monday*** Aug 2016

Posted by Tom Dunham in sq-scam

> I'll be the first to admit that some of the odd details I bring up could have merely been coincidental. That is why I'm reporting this as a theory. Something out of the ordinary happened. A strange woman had keys to my apartment, knew exactly when she might get away with such intrusion, and the police were protecting her. If she were later caught, and played it off like I knew she was in there, it would've caused me trouble.
>
> For now, I'll just bring up how well this theory describes some of the effects I've noticed. I can leave my reasoning for another time as to why she was more likely similar to Guap and not a random thief. I do believe that she was college aged, thank God for that.

Days Before Her Death

[image]

http://newwilliamcooperpatrioticsovereignpress.com/wp-content/uploads/2023/11/JenMooreTaskForceClutch.png

Jen Moore (Task Force) YouTube Video The Big Reveal: okay I thought I'd make a little video on my trip here I'm obviously on a big bus traveling down the freeway here and I'm going to deliver a package of information I had shown on I think video number 12.

it might have been a yellow envelope that had some information under it and some identifying information in some case law (Federal District Court case) that needs to be revealed to the American people and I am tried to come up with a way that would be safe for me to reveal this.

some of this information and so I think I might have found an outlet and I'm going to meet with somebody to work towards that goal because there's something the American people need deserve to know and shocking as it might be it needs to come out and enough enough enough with the lies and the scams that are going on.

just hearing today that you know Paul Manafort is in jail which I don't know anything about his you know what he's done or hasn't done I don't know his case exactly but I do know a lot about some of the court systems and some of the people

involved I would say that directly linked to the paperwork I am in possession of .

[Well it was in Video 11 she spoke of the Donegan's and a few others and ties to the JFK assasination today's elite have. Video 11 - Hidden behind this envelope are the identities of those who wish to keep this secret. It belongs to the American People and in due time I will reveal them.

@loribmxrrkeene I am so saddened by the news of Taskforce. She tried to bring justice to everyone! I'm also very mad about this. Sounds like she helped her country and others. Then She was hurt! Still tried to help others! I just have no words right now.

@judyanderson386 Truth is good and you are absolutely correct. The time for truth is now.

@brucebarnett1710 Stay safe, many prayers for you and your work.

@boydkitts8858 5 years ago May the Lord of heaven and earth be with and keep you.

@carolynhostage2evil804 GOD BLESS AND THANK YOU

@frededward6176 Thank you Task Force. FJ & the Campers got your back. What ever you need. Just say.

@JohnDoe-xm1wq I truly pray the "person" or group of people who she visited were not complicit in her death. Please let truth prevail God.

@micheledehn2436 Be careful. Please. Truth and light Amen

Video 11 Secret envelope…secret identities

okay this is video number 11 and underneath this envelope is three cases and you can zoom in they say US District Court District of Columbia Washington DC the top case is in a case closed type II

so as I go on on my youtube journey I'm going at some point to expose in some way what is under this yellow or manila envelope and under it are cases that involve the identities of some people who would rather not that that not be done I think it's important for the American people to know some of these facts so in the past week or so as I just started out this YouTube channel

I've been doing a series of interviews on another YouTube channel with farmer Jones and the interviews have to do with things such as mkultra the Vatican the Vatican's connection to the CIA how MKULTRA was started details about pre-world War one and what led into the Second World War and things like at the mk ultra program which many people have heard about talks a lot about

…

Talking about the Donegan family and many others of MKUTLRA Jen Moore said "I'm still out gathering evidence and video tapes and things like that because seems like people at that upper echelon of our law enforcement community are

either refusing or scared or compromised or threatened or you name it. To actually go after and do these investigations so me and many other whistle-blowers especially former law enforcement are doing it ourselves to gather all of this evidence together and to be able to have even more power behind us as we begin to come forward more and more and more and really try to help protect these vulnerable victims and their families so continued thanks for everyone that's supporting me.

I Ed Donegan have been violently attacked, have had my home broken into, my computers damages or stolen by thugs working for the police who then fake the police reports etc., leaving me in fear of my life and even expecting death based on the brazenous of the attacks she and I have faced.

A police backed smear campaign cost me my home that was a live and work space for myself an author and I lost all that I had, PC included. 8 more than six months later a street person attacked me giving me a black eye in dangerous unprovoked attacked, felons have been starting fights demanding racketeering pay out fees to protect me from attacks stealing my watch, etc., or saying I owe for being a pedphile so I have to pay for street protection.

Later on I will speak in this chapter about Col Fletcher Prouty and US Presidency connects to what this story is. I recall in my books getting a really close look at Prouty the first time as he was putting on my skates when I was a very young boy in Massachusetts and the Prouty's and Donegan' were friends.

Prouty worked under Eisenhower -Nixon and JKF LBJ getting resources the CIA needed from the Air Force etc., for Guatemala, Indonesia, Cuba, and other locations.

He (Prouty) believed the CIA killed Kennedy and George H.W. Bush and his oil connections were involved. While Prouty and my own Donegan immediate family relatives are dead now (as is Jen Moore) more of the story is coming to light but police harassment has left her dead and me homeless.

In other locations I write about the Kennedy assassination. I write now about EIR.

Those on the George H. W. Bush and other CIA boats full of David Morales Brigade 2506 recruits were now going to be captured and tortured or killed or all of the above.

And George H.W. Bush made it to Dealey Plaza to see the JFK visit.

Mysterty of Bush's CIA Secret Past retrieved from https://www.cia.gov/readingroom/docs/CIA-RDP99-01448R000401570001-1.pdf and copied or modified to here

Declassified in Part - Sanitized copy Approved for Release 2012/05/23 : CIA-RDP99-01448R000401570001-1

THIS week President Bush is motorboating in the waters off Kennebunkport, Maine. But 30 years ago. a former Pentagon official suggests. Bush may have secretly helped skipper a riskier amphibious mission - the Bay of Pigs invasion.

Officially. Bush has denied that he had any contact with the CIA until 1976. when Gerald Ford named him the agency's director. Then, five years ago, there came to light a memo, dated Nov. 29, 1969. in which J. Edgar Hoover reported that the FBI had briefed "Mr. George Bush of the Central Intelligence Agency."

Now Ret. Col. L. Fletcher Prouty, who served as Chief ot Special Operations for the Joint Chiefs of Staff until 1964, has shared some curious recollections about the failed Bay of Pigs operation. in which Cuban exiles tried

to over throw Fidel Castro.

Prouty, who coordinated supplies for the 1961 fiasco, tells PAGE SIX that the invasion was code-named "Zapata." and that the two boats used by the invaders were named "Barbara" and "Houston."

It happens that, at the time of the invasion, Bush ran an offshore oil company called Zapata. The company, which did much of its business in the Caribbean. was based in Houston, where Bush lived with his wife Barbara.

Prouty says: "At the time I had no idea why they picked those names Later I realized -'Zapata,' 'Barbara.' 'Houston' a triple co- incidence is pretty rare."

Prouty, who in 1975 charged that Richard Nixon aide Alexander Butterfied served as CIA contact in the White House, added: "The Bay of Pigs program was approved in March. 1960. during the Eisenhower Administration.

The chances are that it might have been pulled together by bright young Republicans. I can't prove it, but it wouldn't surprise me that Bush was another one of the fellas recruited by the CIA out of Yale. Much of the support - the guns. shoes, vehicles - came from Texas."

…

Notice the text "Prouty, who coordinated supplies for the 1961 fiasco, tells PAGE SIX that the invasion was code-named 'Zapata.' and that the two boats used by the invaders were named 'Barbara' and 'Houston.'" The Office of Special Operations was the Defense Department window the CIA went to asking for military resources like mothball fleet planes to recondition and use under false flag (a Latin American Air

Force plane, etc.,) or covert military capabilities such as NRO or RECON flights, satellite, data, etc.,

USAF Prouty and the USAF Jim Donegan and the Donegan's may be connected through Barrack Obama Jr via CIA Indonesia plans. Glorian Donegan was living under a hidden identity. As Prouty was looking for ways to help Vice President Nixon overthrow Indonesia help from the Donegan's and a possible cover story for Barrack Obama Jr is something the CIA may have had in mind and that is consistent with other OSS CIA data now declassified or told by participants including Prouty, "Indonesia 1958: Nixon, the CIA, and the Secret War" and there is widely reported CIA connections to Barrack Obama Jr and his father and mother going back to the Cold War and cold war operations.

The police work through others (staying behind the scenes) getting dupes to become their own public voices as they stay hidden.

Jen Moore who was telling the MKULTRA history (while pointing her camera at my former home in Virginia said:

> "whether you're a whistleblower or victim or survivor a witness a lot of witnesses to … that have been silenced, especially by the government, our government ,that ever want you to speak and you know threaten you and even worse things than that.
>
> The power of thats coming against you as an individual, you as a child or the *Abuse of Power* is such a traumatic wounding and such a ***betrayal*** of all that you believe to be true and think.
>
> Who are the safe people and who aren't (betrayors) and we're trying to correct some of that now many of the whistleblowers that I'm involved with are trying to

> correct that now to let the American people know that there ***are really good people that have tried for a long time to stop some of these very bad things*** and we become victims as well as we are silenced with threats in many other ways.
>
> Also
>
> [I Jen Moore]came to a point in my life where I could no longer be silent especially regarding the the children that I'm aware of in the and their stories and so that's why I'm on this mission
>
> it's risky I have you know I've been assaulted and threatened many many times and but I'm determined to tell the truth and get the truth out there so that the American people have a chance to know this truth and hopefully help rescue some of these people and also give whistleblowers a chance to open up and come forward

…

Tracy Police: It is with deep sadness we announce the death of retired officer Jenny Moore who passed away on August 13, 2018 in Millersville, Maryland.

Jenny graduated from Tracy High School in 1986 and later completed a Master's Degree in Psychology, which she put to good use as a psychologist at a non-profit organization.

…

Jen Moore was working on secret London FOXP2 gene accross generations and the MKULTRA story of that group of bastard children in orphanages and elsewhere the CIA was aware of and manipulating.

…

Jen Moore asserted she would not respond to the threats, she would keep disclosing the information she had (being a whistleblowers about Government illegal operations) and she was later found days before she was going to make public her data that she had collected from federal records and members of the Donegan (my own) family.

Jen Moore Posted August 21, 2018 on Patriot or Traitor

[image]

http://newwilliamcooperpatrioticsovereignpress.com/wp-content/uploads/2023/11/JenMoorePatriot.jpg

Jen Moore is a patriot and a Truth Teller

Investigative Journalist Jen Moore was found dead in a suburban Washington D.C. hotel room Monday. August 20, 2018, according to police and shocked and distraught friends and colleagues.

Jen Moore died of an *apparent* seizure. **Police are closely investigating the cause of death after former FBI Agent Robyn Gritz, a friend of Moore's, made inquiries with homicide detectives Monday afternoon** in Prince Georges County, Maryland. *Preliminary reports from police said the death was not the result of suicide.*

Here a former FBI Agent Robyn Grit familiar with Jen Moore and has since been discharged from the FBI on minor misconduct charges speaks about Jen Moore and I,Edward Paul Donegan believe high level FBI and CIA officials have illegal conduct underway that is tied to long term rises to power of

various families now serving in police and espionage who gained power as the CIA began its assassinations program and this is tied to the Donegan family history as Jen Moore accurately had reported and they are silencing subordinates and others familiar with these espionage matters.

Driven out of the FBI on seeming minor matters wildly exaggerated she went on to other work but sought some public support in the interim as she sought help with legal costs to return the the FBI and continue the works she was trained for and dutiful in..

Jen moore in 2018 was reporting on the life of Glorian Donegan my mother and myself and had filmed in several of her videos on YouTube the residence at 850 N. Randoph st Virginia second floor two bedroom apartment.

It was in that location she had made her will out, several versions often distrustful of Tom Donegan's partner Mark Wierness and thus distrustfull of Tom himself and in her wills she divided her assets in half from the sale of the house in Moraga California at 52 Lambeth Square as direct inheritance for Tom Donegan and the remaining half in a Special Needs Trust Fund for the needs of Edward Paul Donegan (myself.)

The will and estate of Glorian Donegan was being abused by an illegal operation using gambit children children being victimed by sexualization so that at least one and perhaps more churchgroups could claim to be victims of Edward Paul Donegan in child courts with the trust fund being the entity that would pay out assets from the trust fund designated for Edward Paul Donegan and his finacial liabilties to doctors, lawyers, other forms of goods or services or indebtedness.

The death of Jen Moore occured as I was documenting a false flag situation of insurance fraud where police assisted a double of me in victimizing gambit children so my trust fund would pay for allegations against me defaming me.

That form of police harrasment may have several motives but a single means of operation.

Afte the death of Jen Moore I had returned to Corpus Christi were some form of police or police assets had control of the rental office and began confusing lease information, telecom information such as the labelign of wiring to apartments, incorrect unit numbers, etc., on units such that in the confusion my life could be confused with the duplicitous acts of those near me in neighboring units.

It was not difficult for an undercover operation to take over a very small leasing office or request its cooperation but the misdeeds of those operatives lef me homeless as the sham allegations I am linked to succeeded with the public and local magistrates overseeig evictions.

Death of Jen Moore infro http://www.patriotortraitor.com/jen-moore/ and https://www.youtube.com/@taskforcewhistleblowersjou2924/videos and https://www.youtube.com/watch?v=5Bo1it0_kss and https://www.bitchute.com/channel/MDFurwH9V3ps/

I have said Robyn Gritz had doubts as to whether Jen Moore's death was homicide. I will again assert Robyn Gritz and I have equalk though different and independent reason to believe the Jen Moore was as she said she had been threaded "silenced."

> Did she [Jen Moore] think she could be harmed? Absolutely. This woman was fearless. Absolute warrior. A former cop. I don't think she was afraid of anyone or anything." - Robyn Gritz

The reporting on what Jen Moore actual alledged is inaccurate and wrongly Clinton focused but I can correct that and the person about whom she had been reporting on before her death

as a whistle-blower.

…

> Robyn Gritz [FBI S.A. Ret.] is a retired FBI Supervisor - Special Agent with extensive real world experience. Her work with the FBI included major positions and responsibilities:

…

Jen Moore never dropped her suspicions of Rod Rosenstein or his family connections into the DOJ on behalf of CIA cases.

My own basis being Edward Paul Donegan is the internal oral history and written history of the Donegan and Gainey and Dew families I come from and was raised in and the affects of Gang Stalk on several family members and others I have known including Veronica Hoffman.

Abusive stalking activities smearing Targeted people with appearances that will undermine their lives is targeted towards what kind of Reflexive Control of a Targeted person's support group will take.

The question posed by abusive police is "How can we get this person fired from a job, thrown out of a library, denied access to housing, etc.," and build the necessary smear accordingly linking the targeted person to things others woudl find toxic about the surrounded person.

My own father went through this years ago.

Most assert the covert act of stalking a person and destroying their lives are the acts of cowardice of high ranking corrupt figures who fear the person whose life is being destroyed and like the Watergate break-in is deniable attempts to of the powerfull, the elites, to hide from guilt by Abuse of Power.

Jen Moore asserted the elites in D.C. have much to hide and the story of the Donegan family is what they need to hide the most.

Jen Moore is correct, was correct, and I will amplify on her available statements she made in her own voice and still on the record on YouTub, Bitchute, and other locations.

Here is what one person wrote about Jen Moore standing to the most elite powers in the USA and revealing the files and information she had in possession the would or could lead to the death penalty of some of the most highly placed politicians in the 21st Century, those who were part fo the JFK Cover-up and families that rose to power and now are in power

generation after generation.

Video #3 Good Vs Evil: we must fight on" (by Jen Moore) is one of her videos and she is in the class of Mark Lane, Penn Jones Jr., Col Prouty, James DiEuginio and many others fighting against a State that has evil abuse of power embedded in it that protects politicians who order illegal programs and can get away with it. (Black Opps).

The gene ew know about goes back to Salzberg Austria and Maria Kutschera and from about 1910 on lots of elites created bastard children just to watch the gene and learn about it. Norma Jean was one of the orphaned bastard children. Jen Moore calls them Trafficked created biologically for test but then offered for adoption or placed under pseudonyms in orphanages where they are studied beahvioarliy by the CIA.

He (Ted Gunderson) felt he and William Colby and others simply "knew too much" and thus were targets of illegal programs run by high ranking officials and this in danger of their lives.

More on Obstruction of justice going back to the assassination of JFK RFK Lee Bowers Jr. Dorothy Kilgallen and many more

18 U.S. Code Chapter 73 - OBSTRUCTION OF JUSTICE

https://www.law.cornell.edu/uscode/text/18/part-I/chapter-73

The machinery of justice must be free of wrenches thrown into the works that derail or disrupt or delay or harrass justice and just outcomes.

1. § 1501. Assault on process server

2. § 1502. Resistance to extradition agent

3. § 1503. Influencing or injuring officer or juror generally

4. § 1504. Influencing juror by writing

5. § 1505. Obstruction of proceedings before departments, agencies, and committees

6. § 1506. Theft or alteration of record or process; false bail

7. § 1507. Picketing or parading

Detail § 1512

18 U.S. Code § 1512 - Tampering with a witness, victim, or an informant

(a)

(1) Whoever kills or attempts to kill another person, with intent to-

(A)

prevent the attendance or testimony of any person in an official proceeding;

(B)

prevent the production of a record, document, or other object, in an official proceeding; or

(C)

prevent the communication by any person to a law enforcement officer or judge of the United States of information relating to the commission or possible commission of a Federal offense or a violation of conditions of probation, parole, or release pending judicial proceedings;

shall be punished as provided in paragraph (3).

(2) Whoever uses physical force or the threat of physical force against any person, or attempts to do so, with intent to-

(A)

influence, delay, or prevent the testimony of any person in an official proceeding;

(B) cause or induce any person to-

(i)

withhold testimony, or withhold a record, document, or other object, from an official proceeding;

(ii)

alter, destroy, mutilate, or conceal an object with intent to impair the integrity or availability of the object for use in an official proceeding;

(iii)

evade legal process summoning that person to appear as a witness, or to produce a record, document, or other object, in an official proceeding; or

(iv)

be absent from an official proceeding to which that person has been summoned by legal process; or

(C)

hinder, delay, or prevent the communication to a law enforcement officer or judge of the United States of information relating to the commission or possible commission of a Federal offense or a violation of conditions of probation, supervised release, parole, or release pending

judicial proceedings;

shall be punished as provided in paragraph (3).

(3) The punishment for an offense under this subsection is-

(A)

in the case of a killing, the punishment provided in sections 1111 and 1112;

(B) in the case of-

(i)

an attempt to murder; or

(ii)

the use or attempted use of physical force against any person;

imprisonment for not more than 30 years; and

(C)

in the case of the threat of use of physical force against any person, imprisonment for not more than 20 years.

(b) Whoever knowingly uses intimidation, threatens, or corruptly persuades another person, or attempts to do so, or engages in misleading conduct toward another person, with intent to-

(1)

influence, delay, or prevent the testimony of any person in an official proceeding;

(2) cause or induce any person to-

(A)

withhold testimony, or withhold a record, document, or other object, from an official proceeding;

(B)

alter, destroy, mutilate, or conceal an object with intent to impair the object's integrity or availability for use in an official proceeding;

(C)

evade legal process summoning that person to appear as a witness, or to produce a record, document, or other object, in an official proceeding; or

(D)

be absent from an official proceeding to which such person has been summoned by legal process; or

(3)

hinder, delay, or prevent the communication to a law enforcement officer or judge of the United States of information relating to the commission or possible commission of a Federal offense or a violation of conditions of probation [1] supervised release,,[1] parole, or release pending judicial proceedings;

shall be fined under this title or imprisoned not more than 20 years, or both.

(c) Whoever corruptly-

(1)

alters, destroys, mutilates, or conceals a record, document, or other object, or attempts to do so, with the intent to impair the object's integrity or availability for use in an official proceeding; or

(2)

otherwise obstructs, influences, or impedes any official proceeding, or attempts to do so,

shall be fined under this title or imprisoned not more than 20 years, or both.

(d) Whoever intentionally harasses another person and thereby hinders, delays, prevents, or dissuades any person from-

(1)

attending or testifying in an official proceeding;

(2)

reporting to a law enforcement officer or judge of the United States the commission or possible commission of a Federal offense or a violation of conditions of probation [1] supervised release,,[1] parole, or release pending judicial proceedings;

(3)

arresting or seeking the arrest of another person in connection with a Federal offense; or

(4)

causing a criminal prosecution, or a parole or probation revocation proceeding, to be sought or instituted, or assisting in such prosecution or proceeding;

or attempts to do so, shall be fined under this title or imprisoned not more than 3 years, or both.

(e)

In a prosecution for an offense under this section, it is an affirmative defense, as to which the defendant has the burden of proof by a preponderance of the evidence, that the conduct consisted solely of lawful conduct and that the defendant's sole intention was to encourage, induce, or cause the other person to testify truthfully.

(f) For the purposes of this section-

(1)

an official proceeding need not be pending or about to be instituted at the time of the offense; and

(2)

the testimony, or the record, document, or other object need not be admissible in evidence or free of a claim of privilege.

(g) In a prosecution for an offense under this section, no state of mind need be proved with respect to the circumstance-

(1)

that the official proceeding before a judge, court, magistrate judge, grand jury, or government agency is before a judge or court of the United States, a United States magistrate judge, a bankruptcy judge, a Federal grand jury, or a Federal Government agency; or

(2)

that the judge is a judge of the United States or that the law enforcement officer is an officer or employee of the Federal Government or a person authorized to act for or on behalf of the Federal Government or serving the Federal Government as an adviser or consultant.

18 U.S. Code § 1515 - Definitions for certain provisions; general pro

(a) As used in sections 1512 and 1513 of this title and in this section-

(1) the term "official proceeding" means-

(A)

a proceeding before a judge or court of the United

States, a United States magistrate judge, a bankruptcy judge, a judge of the United States Tax Court, a special trial judge of the Tax Court, a judge of the United States Court of Federal Claims, or a Federal grand jury;

(B)

a proceeding before the Congress;

(C)

a proceeding before a Federal Government agency which is authorized by law; or

(D)

a proceeding involving the business of insurance whose activities affect interstate commerce before any insurance regulatory official or agency or any agent or examiner appointed by such official or agency to examine the affairs of any person engaged in the business of insurance whose activities affect interstate commerce;

(2)

the term "physical force" means physical action against another, and includes confinement;

(3) the term "misleading conduct" means-

(A)

knowingly making a false statement;

(B)

intentionally omitting information from a statement and thereby causing a portion of such statement to be misleading, or intentionally concealing a material fact, and thereby creating a false impression by such statement;

(C)

with intent to mislead, knowingly submitting or inviting reliance on a writing or recording that is false, forged, altered, or otherwise lacking in authenticity;

(D)

with intent to mislead, knowingly submitting or inviting reliance on a sample, specimen, map, photograph, boundary mark, or other object that is misleading in a material respect; or

(E)

knowingly using a trick, scheme, or device with intent to mislead;

(4) the term "law enforcement officer" means an

officer or employee of the Federal Government, or a person authorized to act for or on behalf of the Federal Government or serving the Federal Government as an adviser or consultant-

(A)

authorized under law to engage in or supervise the prevention, detection, investigation, or prosecution of an offense; or

(B)

serving as a probation or pretrial services officer under this title;

(5) the term “bodily injury” means-

(A)

a cut, abrasion, bruise, burn, or disfigurement;

(B)

physical pain;

(C)

illness;

(D)

impairment of the function of a bodily member, organ, or mental faculty; or

(E)

any other injury to the body, no matter how temporary; and

(6)

the term “corruptly persuades” does not include conduct which would be misleading conduct but for a lack of a state of mind.

(b)

As used in section 1505, the term “corruptly” means acting with an improper purpose, personally or by influencing another, including making a false or misleading statement, or withholding, concealing, altering, or destroying a document or other information.
vision

Was a federal judge in danger when in 2011 he was about to rule trust funds or retirements funds the exact same size of Glorian Donegan's could be seized in flimsy appearances only?

Top US Federal Judge Assassinated After Threat To Obama Agenda http://www.eutimes.net/2011/01/top-us-federal-judge-assassinated-after-threat-to-obama-agenda/

According to this SVR report, Federal Judge John McCarthy Roll was the Chief Judge for the United States District Court for the District of Arizona who this past Friday issued what is called a “preliminary ruling” in a case titled “United States of America v. $333,520.00 in United States Currency et al” [Case Number: 4:2010cv00703 Filed: November 30, 2010] wherein he stated he was preparing to rule against Obama’s power to seize American citizens money ***without clear and convincing evidence of a crime being committed.***

John McCarthy Roll (February 8, 1947 - January 8, 2011) was a United States district judge who served on the United States District Court for the District of Arizona from 1991 until his murder in 2011

Select Quote Review (www.selecttquotereview.com) was a web site by Tom Dunham that correctly asserted misconduct by police and others including their involvement smearing him at and through his employ Select Quote.

Unknown parties began smearing the reputation of Tom Dunham through believable and moronic sock puppets online and in also in-person acting out scenarios and asserted he (Tom Dunham) was deranged and not to be believed about staged phony events.

SelectQuote Review [by Tom Dunham] has been raising consumer awareness about issues at SelectQuote Insurance Services since **2011**. An employee who threatened harm against a small child received financial and other incentives. There are

also reasons to suspect connection to a scandal within the San Francisco police. SelectQuote Review reports on these issues and their cover-up, to help insurance consumers make an informed buying decision. More information is available at www.selectquotereview.com.

2011 when events started of fake claims and allegation being staged is when my mother died (2011) and also when Judge Roll died who was ruling on retirement accounts or asset funds seized for foreign economies in cases of terrorists. It is also when EXTORTION 17 when down, seeming over extoring over pretty baby birthdays.

The same staged completely faked events were being faked in Corpus Christi Texas when I arrived about 2013. I had left Virginia because of the same in Virginia.

[image]

Jogging into a group of harassing people

"*Set Pieces* is a covert operations term to station some elements of undercover activity along a route a person is expected to travel into. I was jogging but these kinds took picture of a female near me and tried to make it look like the picture was taken by me as I was near her. I stopped my jog as they tried to quickly hide the camera they used.

As I arrive in the Mexican American border town of Corpus Christi then abusive false allegations. A False Flag operation in the impoverished town incorrectly labels me both a threat of peeping and a Gullible who if caught would pay out to quell the claims against me.

A crusading Hispanic District Attorney long the defender (as a lawyer in the town) has long sought to improve the conditions of the very poor who can't afford misdemeanor cases the poor struggled with that he defended the poor against.

Now these poor people have a new case against Ed Donegan or more so Ed Donegan's trust fund.

The events are staged, not things I was invovled in, and confessions were mad by imposters of me.)

False Flag Events blame me for peeping photos of minors

http://newwilliamcooperpatrioticsovereignpress.com/wp-content/uploads/2023/11/SeaWankpg.jpg"

As I Ed Donegan go jogging my phone in my arm band a teen girl near them that a Nazi loser might like. I am not taking pictures, they are, and they will soon need an adult model to show them adult things as remediation. With Corpus Christi police and city employees assistance they use my identity to do this since I appear the culprit of surreptitious photos in the area and the word gets out about me.

Impolitely this might be called using the language of the locals *Beaner Town versus the White "mark."*

Equal Protection is understood to be protection from adversarial acts of the State such as a prosecution for speeding when others who are not writing a book about the government are NOT ticketed for driving the same amount over the speed limit in comparable circumstance.

For the purposes of Government harassment in covert acts or really most any circumstance it also means Government protection of a person from other adverse activities such as attacks from homeless people or other private parties, private parties acting on their own or as Confidential Informants of police operations.

I asset and others do covert activities of the State (GangStalks) are used increasingly to "Target" undesirables by smear campaigns and covert operation to undermine them financially

and in other ways (including impeaching them as a matter of reputation asserting they have mental delusions) sabotaging jobs, housing, families, marriages, etc.,

The Cover activities surveil, smear, and conspire against citizen often who are unable to reason why they might be targeted.

That is typical of Preemption. If not targeted and perhaps in better connected lives high on the maslovian scale they might find their families are tied to history and something in their histories might concern globalist and the history of MKLUTRA that is still being hidden by those who DO KNOW what the real story was.

In addition to Equal Protection the State may not bully, assassinate, frame, intimidate or threaten anyone exercising a Constitutional right.

Both likely apply to me. Once or twice in my life I surreptitious filmed a public pool (expecting Stanford women many of whom made up the complex) OR here or there some teen images with far more gigs of on teens but both newsgroups being bikini porn. In most times that far back probably it was legal and even if not 40 or 20 years ago.

Those acts though DO allow the State today to use a seeming characteristic of mine to sabotage my life as I write about the Government building on top of smear campaign assertions about me.

The very premise of the 14th Amendment is that the Government may not retaliate against speech or the speaker (both are protected) including by unequal protection (prosecuting some other matter otherwise ignored as regular enforcement standards) or even framed for misconduct of any other type or other harassment or abuse.

A large scale operation has discredited myself and others and

attempts to assert police abuse have even resulted in extremes such including psychiatric holds and institutionalizations for alleged errors of the mind.

Tom Dunhanm asserts his employer Select Quote became involved in supporting sham allegations and even helped "get the word out" about him

His own site was SelectQuoteReview. It was placed and operated by Tom Dunham (a guy who is much sharper than Ed Donegan himself and whom should be taken seriously) and the site complained his employer Select Quote was acting in an orchestrated way (office mob gossip circle) to frame him and myself as part of a pedophilia-like ring, one that did not exist.

I Ed Donegan have been subjected to a smear and harassment campaign so extensive and abusive it has destroyed my life and that of former friends like Tom Dunham some of whom have died under what I consider suspicious circumstances as they too assert a police harassment scheme staging pedophilia and other alleged sexual misconduct operations that are really police staging false flags.

I think the real issue was me but to convincingly frame me they needed to add that my professional friends in business and arts (Veronica Hoffman fashion) and Tom Dunham high tech) were in fact pedohilia contacts thus creating the alleged ring I was in.

It was asserted by some parties Tom Dunham's allegations against the police operation that utilized Select Quote were baseless. I back Tom Dunham, the deceased Veroica Hoffman in this (entrapped by an illegal operation she later became a threat to) and my own story and there is good evidence on our side.

This set of smear against Tom Dunham will keep him from getting jobs, housing, etc., as it did with me Edward Paul

Donegan. Appearances are staged, defamatory, but untrue and passed around in private as Office Mob inner office clique forming to blacklist the person the smear campaign I about.

Black Bag Jobs attacking Tom Dunham and Ed Donegan's homes and the Gaslighting of them

> Around the time a woman was breaking into my apartment, various allusions to this event were made at SelectQuote Insurance.
>
> The method of entry suggests theatrics were planned from the get go. The keys left hanging on my window didn't open anything, but were probably there to suggest that they opened my door. The woman probably had a master key, but conceivably could have picked the lock while pretending to use the keys as well.
>
> I was given a fake rock for hiding keys while on the job at SelectQuote around this time. Just out of the blue. I was also warned to change my locks before my then estranged wife got back into town. Which was exactly when the break-in took place. Tom Dunham

Police Wrongdoing and SelectQuote - San Francisco Police Misconduct

SelectQuoteReivew

MolestQuote

Tom Dunham satirized Select Quote as Molest Quote since they rather than him were creating a ring of perpetrators that exploited underage females though it was done and at times possibly believed as the acts of Tom Dunham or Ed Donegan.

Injustice can take many forms including how you are treated and what is seemingly a cloud of suspicion resultant from smoke and mirror tricks of deceit rather than actual truth

[image]

http://newwilliamcooperpatrioticsovereignpress.com/wp-content/uploads/2023/11/IMG_20190530_192350344-scaled.jpg

In another repetition of teen porn either being provided to me (as a trap because I really want them but the police are on to me) or as a teen being protected by a protector this is in my path and tied to the neighboring apartment of 1001 N. Water Street where the various people will go to a neighboring apartment to mine

I have heard it said this was an FBI operation that breaks up parties where I had recruited teen models but perhaps an adult entertainer tricks me into admitting and the police are there watching when the adult model does. But that person tricked into the admission is a dopple of me creating a scheme to ask for a payout for harm done AND protection fees for children by patrolling AND adult sex worker lessons to learn about adult women.

A Definition of a Police State and Its Actions

As I asserted this and many other money-laundering abusive acts towards me were factual and financial frauds I was asked if I was on any medications and the mental health services were very nearly called. Abuse of Psychiatry is the illegal state retaliation system used to silence those like myself who allege misconduct as Tom Dunham and myself and Veronica Hoffman alleged.

In fact forcing disputes of facts on people the police are bullying seems to have the end-state in mind of retaliating

against the dissident by asserting the dissident is of unsound mind.

Bullying me and treating me in public like the mentally challenged child exploiter who will be forced into signing away property and rights to others in the Pay Up Or Be Arrested scam not only is abusive to me it tensions the situation and my anger towards being accused reinforces the delusional lynch mob because they are sure treating me like a predator has touched a deep nerve with me. I learned from reading up on delusional people to be careful about reinforcing their delusions.

I assert as others do (including Ted Gunderon, Jen Moore, William Cooper, and Mark Rich) that the globalists have a liability now coming to light (assassination of JFK to allow subversion and overthrows) and as evidence comes to light about MKULTRA in recent decades MKULTRA is re victimizing already victim families.

A party is occurring at locations without me (often I am not even in that state of the USA) Tom Dunham and I assert have been happening including a massage parlor in San Francisco at or near my birthday while I was in Texas. The FBI arrives and fake Ed Donegan has to admit to illegal conduct and pay up yet again or be arrested. The word of course about me gets out too even though I am released after paying up.

This includes responding to the race baiting I am always subjected to.

Innuendo something a person has done they are proud of (how I light and decorated my apartment at 1513 Ocean Drive) with a smear camping I was really building a tree hose peeping tom mechanism with the lighting. HOW UNJUST!

Sabotaging reputations and home leases or break-inst to the home to steal adult underwear or plant children's underwear or plant peeping apparatus.

Attacks police deny such as unprovoked punches from homeless people that may blind or mutilate.

After I was evicted over squabbling at 1513 I was about 5 months or so without Epub software to write my book, Just as I bought A PC notebook I was punched and nearly blinded. Like most times I have been subject to violence in full view of all the police used assets to start the attacks and refused to stand down the attacker during the attacks, some attacks while I was in my home lasting two hours or more of death threats and damage to the doors and windows of my home.

…

Interestingly the November 18th raid on the massage parlor the FBI conducted was on November 18 and it looks through various tweets including those from Texas (where I actually was) that a fake Ed Donegan was at that place having a November 18 birthday party then the FBI was called when the adult entertainers realized kiddie porn may be involved or something.

I had been to such a birthday invited to one by a guy I knew pretty well Nathan Bunny. I didin't know who is girlfriend actually was (Meredith and I had heard him speak of her and her age kept dropping each time) and my friend Cym was living with Nathan Bunny in San Francisco where this minor sometimes stayed with him.

The Goth scene was fairly tolerant of this. One rigger (rope-work expert) living in the same house had done little or nothing about it as far I as I had known. On of the more famous and well dressed Goths worked as a bus driver in day and had an underage girlfriend. In gaming circles I was not in and eslewhere this was not uncommon.

Other than Cym and I the only other person who was watching the situation with increasing alarm was Hawk of club event fame, a well respected Dungeon Master who had along

with Meredith and I noted her age as reported by Nathan continued to drop. Over time as Nathan was arrested Hawk became the lead prosecution witness and the prosecutor I think included a female attorney who later worked Fox News and her and Hawk and I (I think it was her) had a brief talk at Bagg. Cym and I had flipped a coin for prosecution or defense, I got defense witness but either of us didn't care, the same straight telling of the facts were involved.

When at the party I was invited to and found out how young that girl was Cym and I talked leading to me talking to Hawk (or that was planned) as Cym talked to the minor. The minor reported it to her counselor and after that Nathan was arrested.

The idea that I had been invited to and attended a birthday party is true, and that is when the situation was "discovered" in terms of the chain of events leading the arrest of Nathan Bunny.

NATIONAL ARBITRATION FORUM

DECISION (excerpted for brevity here in Illuminati Dawn)

SelectQuote Insurance Services v. Tom Dunham

Claim Number: FA1207001454896

PARTIES

Complainant is SelectQuote Insurance Services (“Complainant”), represented by ISCRS Inc., Idaho, USA. Respondent is Tom Dunham (“Respondent”), California, USA.

REGISTRAR AND DISPUTED DOMAIN NAME

The domain name at issue is selectquotereview.com ,

registered with eNom, Inc. (“the Disputed Domain Name”).

PANEL

The undersigned certifies that he or she has acted independently and impartially and to the best of his or her knowledge has no known conflict in serving as Panelist in this proceeding.

Dawn Osborne of Palmer Biggs Legal as Panelist.

Complainant owns the SELECTQUOTE mark for which it has obtained federal trade mark registrations in the USA. It has a website at selectquote.com

As a result the Complainant owns the exclusive right to use selectquote.com in connection with its online insurance services.

The Disputed Domain Name is nearly identical and confusingly similar to the Complainant’s marks. The Disputed Domain Name contains the Complainant’s entire mark plus a generic term “review” meaning that the casual observer is bound to mistake the Disputed Domain Name for a name connected with the Complainant.

Respondent has no rights or legitimate interests in the Disputed Domain Name. It is not commonly known by the Disputed Domain Name. It is not affiliated with the Complainant in any way and has no permission to use the Complainant’s mark.

Respondent registered the Disputed Domain Name in 2012 significantly after Complainant’s first use in commerce in 1985.

Respondent’s typosquatting is, in and of itself, evidence

of bad faith. Respondent has caused the websites reachable by the Disputed Domain Name to display the Complainant's mark spelt correctly, serving as further evidence of bad faith removing any doubt as to whether or not the spelling was intentionally designed to improperly capitalize on the Complainant's mark.

[Panel states for Select Quote to make its case] (1) the domain name registered by Respondent is identical or confusingly similar to a trademark or service mark in which Complainant has rights; and (2) Respondent has no rights or legitimate interests in respect of the domain name; and (3) the domain name has been registered and is being used in bad faith.

[panel rules]

The Panel finds that the **Respondent [Ton Dunham] has not violated any of the factors listed in the Policy 4(b), nor has he engaged in any content that would constitute bad faith registration and use pursuant to Policy 4 (a)(iii)**. The Panel agrees with the Respondent that his use is purely nominative. See Chicago Bd. Options Exch. Inc. v. Private, FA 804703 (Nat. Arb. Forum Nov. 29 2006)(finding no bad faith registration and use where the respondent used the complainant's trade mark in its domain name in order to provide information on the complainant's Option Exchange and **the respondent was not attempting to brand itself as related to the domain name or to steal business from the Complainant)**.

The Joe Rocket Missing Motorcycle Jacket. Stolen and warn by the dopple with the web cam some similar location to my real location

[image]

William Ruiz and an undercover operation stole my Joe Rocket jacket to place it at a scene of a crime I was not at thus placing me there indirectly

Ruiz Rocket MS Word doc asserts William Ruiz used my stolen property to place me at location I was not in to events I was not tied to (his "niece") Harvey Dent was another MS WORd doc following up on the collected evidence that bogus law enforcement stage name were shaking down an impersonator (equally childish) of Ed Donegan though the identity theft had financial implications as thus illegal money laundering. 4X4 another document done at the same time as the two others and the videos (all were done in the timeframe of staying with Ruiz) tie the evidence together and report as pre-text based medical fraud that as I asserted verbally to Emperor For Life Ronald Reagan Airport police behavioral health care social services financial administrators were making wrongful payouts insuring another person's conduct rather than my own which needed no payouts to victims there are none.

I am well known to buy Motorcycle Enthusiast Gear my mother would have wanted me to have. There was a paper trail through ARC of NOVA of me by the Rocket brand moto jacket so its location in a police sting ties my identity to that sting.

I am sure Tom Dunham was grateful and relieved with the finding of the panel as I Edward Paul Donegan am. Working with the system while be abused and harrassed by police is the most effective way through this, documenting it all, but abuse is difficult to tolerate and anger can lead to missteps.

I made several videos about the time Jen Moore was (in my opinion) murdered. Here is one. https://www.youtube.com/watch?v=OcDGOfOuE-Q Missing Moto Jacket and Impersonation (of Ed Donegan by another)

IT is a Modus Operandi video. William Ruiz has a niece I never has seen. In the usual scenario a non-white nazi hater like William Ruiz (he brought it up and called me a Nazi piece of

shit seemingly knowing nothing about me) has a teen white girl daughter or niece. That person will be linked to abuse, and the person abusing that minor will have some stolen property of mine or property I have given away, sold, etc.,

… …

Here you see it in action in full

[image] [image] [image]

By frame out-take. As a grifter team moves in to make it look like I have used public space (as I am described an escaped mental health patient) the assaults on me (and I am next to the real perpetrator) are part of smear campaign. The other biker will not be in-frame of a photo that does show me near the teen photographed.

I have my Joe Rocket moto jacket on. A similar motorcyclist though black is near me but far enough out of frame of a third camera.

Her buttocks were towards the person pretending to be me ***but the police are called on me instead***.

The first camera is my own. Some context of the picture. I grew up on Manhatan Beach City Los Angles County. I don't know which house was ours or if it is still there. Our dog Tamisha knew to keep us away from the steep cliff drop to the beach from our backyards as we tots Tom and Ned were in the backyard. As I am filming scenery and any scenery generally it is made to look like I am there as a teen buttock peeper. It is made to look like my baggage is a peeping tom unit remotely operated. As all cases others had the rigged up bags not me.

Her buttocks were towards the person pretending to me but the police are called on me instead.

By Link https://youtu.be/ns4FsD-9d8Q Unwanted leering opportunity (at a teen in yoga pants looking at her from behind

By Embended video of the medial type this text is in is supported and included the video information incorporating the video to here. Sep 13, 2018

This video was done in conjunction with another video and MS WORD docs in California about the impersonation money laundering scheme about an impersonator of me in a location seeming to possibly be my own having a teen call girl arrive. IT is staged not real. It is August 10 2018 it was completed and uploaded containing a variety of evidence including the surreptitious recording of William Ruiz Capitola California where I was renting at the time.

… …

Another video I posted showing other content of the Dopple veering away from me as happens in the scheme is labeled only August 10, 2018 and this is the video. https://youtu.be/a_aa9uGlxts?si＝jJcLQ7RqImQmFKib

"The death of Jen Moore in Maryland in August 2018 reignited conspiracy bloggers' claims of a long-running and far-ranging plot to kill off critics of Bill and Hillary Clinton, with suggestions that the "investigative journalist's" recent death was a suspicious one that coincided with her providing criminal allegations about Bill Clinton to federal authorities."

As for local and other authorities I was printing out the documents in MSWORD I had also put the evidence in of a

money laundering identity theft trust fund such as to Capitola Police, and by email Fetlife Legal,, and posted for public viewing and handed to those around me, to local Santa Cruz adult stores, etc.,

… …

8/7/2018 To: Capitola Police
422 Capitola Ave,
Capitola, CA 95010

From: Ed Donegan
19025 Karen Dr [Just moving to there Stay and Play after leaving Capitola]
Salinas, CA 39307
EdInArlington@gmail.com

A pernicious Blackmail/Extortion ring has formed. The complexifying elements are that:

• Embezzlers have captured funds into bank accounts tied to them but falsy claimed are actually mine use Identity Theft and other Fraud tactics to hold, and money launder the funds due me but held by others. I have no verbal, financial, or any another account of the financial accounts but others use identity theft to create the cover story I am aware of the money and I am spending out of it. Chris Lloyd of Orinda California appears central to this illegal scheme.

• Identity Thieves are using impersonations of me to engage in despicable and politically defaming conduct. PICTURED A bike other than my bike, but of similar discription, in an otherwise empty parking lot, is spying

on women of the gym. Golds Gym Corpus Christi.Rarely and non-exploitivly I do use a forward facing dash camera to tape scenic motorcycle rides on MY motorcycle, not the one pictured below.

• The impersonators themselves are both engaging in the despicable conduct and agreeing to be blackmailed socially by dominatrices who will “punish them” by making them give money or other assets to blacks. “Domination is not prostitution.” The embezzled money is turned over to “above board” dominatrices such as Kora Kaine, Anastasia, Veronica Hoffman, and adult toy suppliers in a monely laundering operation

The news story that Jen Moore being found dead and the lore that unfolded around that contained errors is correct. I am correcting some of the reporting. An abusive harassment scheme has promoted fake claims about my conduct (those fake claims rest on use of an impersonator of me to create a per-textual foundation) that is really just smear of me by confusing my conduct with the actions of others overlayed onto my identity by identity theft of a person who confesses as me to authorities.

The data in these materials and the MS Word docs show a dopple of me engaging in misconduct in such a way that person will be assumed or said to be me in credible way, looking by description like me, using all or part of my name, and being in the same places at the same times often so close such as a neighboring apartment I can hear the dopple giving confession of misconduct to police (under pressure of being caught) and agreeing to police demands if he is to go free.

Information on this long running set of staged and abusive propaganda that discredits me is in my books as well as data archives. Those who Jen Moore was not talking about (all except for Glorian and Ed Donegan) can call Jen Moore a fact-less conspiracy theorist. I know the facts and Jen Moore did too

she was correct.

… …

Often the sock-puppets (cyber) harassers are clearly invented marionettes and may be from fiction, often they are real life doople who may also attack the real person. They are con-job people making things look true that are not though the con artists deny any illegality or implied appearances being created if confronted over their bizarre actions.

The police harassment of staged appearances causing reputation damage is certainly real, the reputation damge is life ruining, and tangible and had serious consequences.

The same was done to me in the same time-frame and other than connections to my mothers trust fund, and through that the connections to the JFK and MKULTRA history nothing can make sense of this.

It is hard to believe the FBI or anyone else would work so hard to smear someone like myself but I assert this is over the Deep State assassination of JFK and Donegan family (I am the last living one) connection to it, and the need to have malicious allegations destroy my life and even lead to threats on my life or attempts on my life based on the rumors being promoted.

The smear (and is a smear in both cases - Tom Dunham and Ed Donegan) relies on some trope of some Pretty Baby type awaiting an 18th birthday, a Barely Legal as a print mag once advertised.

Jen Moore a former law enformcent officer praised by a former FBI Special Agent (and is one of the deceased people connected to this) also made that assertions about GangsStalking used for smear of people as a program that protects the elites from witnesses against them (the high level elites), and is one the main subjects of my books on the Kennedy Assassination, the pillory of me as the reputation

damage leaves me homeless and without home office or public facilities like public spaces safe to be in.

Gang Stalks that Tom Dunhan experienced and reported, Jen Moore, Ed Donegan and Veronica Hoffman experienced gin up Lynch Mobs (police duped intermediaries and police assets unwitting or witting) who will ostracize and work to undermine the perceived threat after the long running smear campaign has been successful in reputation damage to launch into lynch mob requests of a mob.

Some of the lynch mobs that have attacked me have made statements like "I saw you near that little girl" or comments like that, having been giving Black Propaganda (smear information) to begin talking up at the same time as harassing the person being smeared. Often the Dupe will be told until the trap is finally sprung keep the investigation secret but still get the word out. In "bullying" scheme terms of art these are called Flying Monkeys who are swing by near a person and fling a little dirt around during the pass-by.

> **gin up**
>
> phrasal verb of gin. **1**. US arouse or intensify strong feelings in someone. *"the goal of the convention is to gin up the faithful"*. **2**. US generate or increase something, especially by dubious or dishonest means. *"the trade press has ginned up a controversy"*.
>
> - Definitions from **Oxford Languages**

As Ted Gunderson reported on illegal CIA, FBI, and military units people were "planted on him" making him a prop on a play someone wrote (KOMPROMAT Compromising Materials or Appearances being created.)

He [Ted Gunderson] too asserted GangStalks where ways to "silence critics" of government and wrote several works under that title or a similar one.

…

Usually achieving the public's willingness to bully a Targeted Victim (Jen Moore's term for those undergoing smear and sabotage) but there can be other factors too. In the case of stalking me there are political factors as to what my politics are, political factors as to the history of MKULTRA and the elites covering their trail back to that program, and for profit rackets being run discussed later, those rackets forcing the person I appear to be (but am not) to confess into neighborhood watch groups of being a threat to the neighborhood and owing debts to the neighborhood. Most of this in upcoming chapters.

The online forgeries are made to look real when actors surround the person being smeared and act out various lies about the person, such as acting out that a wanted delivery of a teen call-girl is on the site of a job or an apartment. The vicinity actors may include neighbors who are asked to participate or who moved in after the person under COINTELRPO attack had moved in.

Ed Donegan, Tom Dunham, and Veronica Hofman all had extensive amounts of impersonations online and in legal and other matters.

Eddonega was used for Edddonegan and Tom Dumas Dunam for Tom Dunham. I all cases (about 100 or more or so) the faked account has two or three or more other confusing similarities. It is a constant exhausting fight to delink ourselves from the smear propaganda.

Jen Moore: Interview on Nazi Germany, MK Ultra, child trafficking. I think includes getting Maria Kutchera and her children to the USA in 1926. And probaly pregnant have left the Convent. She arrived in an underground railroad tied to

Dean Rusk in North Carolina and that is where Glorian Donegan my mother was from under the given name and thus hidden identity Glorian Gainey with her brother Harold.

OSS to CIA, black budgets, Operation Paperclip, & Hidden Identities is one video. the topic she lists points to the Donegan home "MK Ultra, Mind control, Pedophilia blackmail, secret societies, Jesuits." (Gladio and the Unholy Alliance) and here is another. The 3rd Reich & “The Artist” Infiltration into US Politics.

[image]

http://newwilliamcooperpatrioticsovereignpress.com/wp-content/uploads/2023/11/DoneganFamilyAndTimKaineInset.jpg

Pictured: Glorian Donegan and Ed DOnegan from 850. Randolph Balston area Arlingtin VA visit Tom Donegan in his home in Clarendon Area Arlington only a few miles or less away. Inset Tim Kaine later in that same room.

Possible Vice Presidential pick Tim Kaine (Virginia Governor and Senator(meets with Tom Donegan in Tom Donegan's home circa 2008. Tom Donegan has bee in local politics and the forefront of many issues like police oversight and city planning and he may adopt a path towards state politics and the Governer's office with some good advisors. Stupid Ed shouts slurs at him and says no way wo uld he make it. Borderline psychosis coming from me.

"Kaine Joins Vapartisansfor 15th Anniversary Vapartisans. Governor Kaine helped celebrate the Partisan 15th Anniversary at the home or Mark Weinress and Tom Donegan on Saturday June 30th [2007]. This was the first time a sitting Governor attended a Vapartisans event. It was a great day or food, fellowship, fun and politics. Thanks to all who attend and celebrated with us." Joe Biden will get the Obama ticket second slot later.

I am definitely the problem child in the family.

Where Fin Addicts Meet Findoms

In a long running conspiracy that got more obvious and more formal in Texas a Finnadict of goth clothes or gym clothes or BDSM or who knows (they try to figure out anyting about my life and call it as and act it out to be actionoble porn. If I see a black women in tights or teen I have been given porn I own with my DNA.) Some use the name near me Finnaddict or Sammy (Smart Ass Masochist) or Johny (trying to recruit people near me in streeets or bars as hookers) these go to Findoms to be forced to sign away rights or possessions owned by the conservancy of Ed Donegan intended for Ed Donegan.

In Veronica Hoffman;s case she worked with law enforcement to shake down a dopple of me and make that person pay in into Kiva accounts of immigrants trying to come to the USA. That in pay back for being a poolside peeper that she the swimsuit model (not goth clothes) lured me with.

[image]

http://newwilliamcooperpatrioticsovereignpress.com/wp-content/uploads/2023/11/Kiva.jpg

Kiva was like Go Fund Me in many ways it was a storefront for financial transfers and it was an open platform. I downloaded and archived all the families getting Kiva Payments from Veronica's account some of whom couch surfed with her until they could find US lodging.

FBI take retarded versions of Ed Donegan to places like Veronica Hoffman's studio or places near Ed Donegan to fake wrong doing alleged to Ed Donegan and then make pay outs for protection fees to patrol with and victim's funds.

Staging victimzation occured or that patrols are protecting the

neigborhood is done by actors in the money laundering racket not unlike other illegal programs the CIA or FBI have run in COINTELPRO.

From statements made to me both the Salvation Army and NSA found Goth and Cybergoth something unlike what they had encountered and needed a study of it. A peron not saved by Jesus who wanted them to peep at violating their rights could take lessons from them, if the lessons were needed. By me they were not, but the Salvation Army wanted lessons for their street people.

Make a loan, change a life. With Kiva you can lend as little as $5 and make a big change in someone's life.

Incorporation of Data across mulitple filings in Law suit as refernced here and filed in the solem William Jefferson Clinton federal courthouse

“I declare (or certify, verify, or state) under penalty of perjury under the laws of the United States of America that the foregoing is true and correct and do so in the context of this written in conformance with 28 U.S.C. 1746 to be submitted in case number MISC Description:2:19-MC-468” - Edward Paul Donegan with copies to the general public and law enforcement.

Teen and Peeping Ring I Am Not Involved With Conducted by Dopes Near Me (piggybacking their activities to my non-involved presence)

Amidst non-whites moving into positions surrounding me a scam is in operation. It is called Gangstalking and even if there were any legal legitimacy (there is not) that is undermined completely by the factual falsifications the criminal harassment (of me) the scheme utilizes. Exploitively utilized plant children and teens near me are filmed by others rather than me.

The opportunity for this is I am a nature and photography lover and often photograph the environments I am in.

This allows prison felon non-whites, Marshall-ized, to film women planted in the vicinity of any phone or motorcycle used by me and later, is social sabotage of me, through innuendo only, implications I was the real photographer, or sicko me.

In fact if ever, other than behind the protective vail of nameless innuendo, I was directly accused of anything, I would demand a hunt for the real photographer and correctly deny any duplicity in sexualized photos or services.

Of course this also requires non-white behavioral social justice workers to ALSO claim I am retarded, also plant activity in my vicinity I am retarded and getting advice, so they can continue to forge agreements alleged to me, as these same prison felons and homeless people organized by SJWS engage in unethical a activity such as dangerous drug use and other trafficking activity, again, alleged to me.

I am enslaved to SJW services I do not need so those same firms can plead me guilty of what I did not do in blind trust. Thus public innuendo is that I am retarded, sexually naive, and exploitative of children, all untrue, and all through baseless innuendo towards me, and social sabotage away from me in the specific.

Mostly I am not filming anything at all, merely reading on my phone or using my motorcycle (that I used to own) for transportation.

The photos the non-white homeless people film in my identity is also used in my social and legal sabotage, used to social engineer others. My clothes have stolen or mimicked, etc., for false identification sake.

I fled South Texas on a motorcycle tour, not understanding the full operation of the scam surrounding me, and teens and

children photobombed every normal tourist photo I took and they were a menace and agravant, and again, sabotaged me socially in every conceivable way. It is racial hostility and sex crimes described as Gangstalking, or said another way, law enforcement on a rape and peeping tom binge to wrongly allege to the white supremacist though a dopple near me.

This flyer contains photos of women, teens, or children photobombing my normal electronics usage, often for music or reading only and not even photographing. A person living near me has been heard to say, at least by me, to a Marshall he took the photos, and he would “have to pay with his bone marrow” it seems to the same medical services who claim to represent me and I want nothing to do with and never signed up for.

…

The self created affidavit was one of many documents in the filing that again created the money laundering and racketeering scheme as complex felony criminal networks that often escape detection except by extensive evidence collection and complex legal frameworks that deal with organized crime including that which flows from political abuse of power and illegal espionage activities.

> Tom Dunham a @sftomdunham • 9 Nov 2014 My fight against SelectQuote stems not from debilitating anger, but rather a sense of duty towards others. selectquotereview.com/2014/11/duty-v...

> Ed Donegan -I find that too. Survival is a duty. Efficacy must be maintained.

I Ed Donegan and trying to defend myself and my life outcomes against this baseless propoganda and also bring justice to Ted Gunderson, Jen Moore, and others perhaps even as far back to JFK and finding the truth of that series of events.

https://www.ripoffreport.com/reports/wwwselectquotereviewcom/internet/wwwselectquotereviewcom-tom-dunham-this-website-is-clearly-the-work-of-a-disheveled-and-861062

SelectQuoteReivew was a website that was harassed to the ends of earth that Tom Dunham (a professional web developer by profession and baccalaureate of Science (in Engineering) had posted and was affirmed as having the right to post on the Internet.

Select Quote Review was his web site and it criticized his employer for being part of a con job against him, planting ideas and rumors he was mentally deficient (as the comments like the above continued to assert) and that as a retarded child like schizophrenic he was secretly seeking child or teen affairs and leaving keys outside his home for the to get into his apartment etc.,

As he wrote posts on that site he linked to them on Twitter and here are a few links to characterize the information, he asserts sock puppets and dopple and paid actors around him are staging teen porn, escort calls, etc., and that Ed Donegan and him are mentally ill and not to be believed. Ed and Tom Dunham asserts this is high power COINTELRPO targetting of us with a smear campapign carefully orchestrated by the police.

Tom Dunham's Asian wife (he was no white supremacist) was a matter he was concerned about, this breaking up his marriage and affecting his daughter.

There was a gossip campaign and rumor mongering at his office he thought led by the Treasury Dept and as the same time San Francisco PD was assisting break-ins to his apartment something called Gaslighting. Personal items like prescription glasses would disappear, etc.,

The person leaving the comment about Tom Dunham's criticism of police activity was said to be (registered to a site at)

Tim Kelly UC California San Francisco Psychiatry.

Tim Kelly writes of Tom Dhunams personal site criticism the operation at his employer and at his home “Iam aware that the individual (Tom Dunham) who maintains this site is a convicted felon and was incarcerated several times for psychological evaluation. He is both a danger to himself and others as he can no longer afford the medication he was prescribed by the city psychological evaluation unit. Please - if you know TD - help him get the medication he needs for stability. The police report and case notes are under SF City vs Tom Dunhan case # 223265-2

Tom Dunham writes it is NOT so, he is not a felon, no such police report exists, and this is all fraud and smear campaign. Fake web sites have gone up looking like him but not him, etc.

Tom Dunham writes “The mentally challenged person posting as Tom Dunham from New York in the second rebuttal is obviously not me. He gives how to get a police report, which is not a conviction. Not to mention, this person is having trouble distinguishing between a TV show and real law enforcement. Perhaps in his fantasy world (the sock puppet trying to be thought of publicly as Tom Dunham) Agent Scully brought Tomas Dumas Dunham (not my name) down for God knows what, but here in the real world if I were an ex-felon anyone would be able to look that up. Again, this is the sort of person that defends SelectQuote Insurance. Clearly, my website, http://www.selectquotereview.com (http://www.selectquotereview.com), is factual and to the point. As you see here, SelectQuote's cronies are willing to lie. Once caught in their lies, they attempt to wriggle away by posting nonsense using my name. Is there any doubt that I'm the one whose been telling the truth all along. -TD

The same has been done to me (Ed Donegan). When I criticize the police, FBI, or CIA I am presented with the idea I am schizophrenic, when I assert Racketeering a person calling himself RICO shows up an attacks me and he is a TV figure

(Batman) or some other delusion, and that person (who in truth is not me) has delusions, not facts, about police misconduct that are to be ignored.

It is a police technique to blacklist people from family, jobs, housing gym, libraries by painting them as pariahs to be avoided, left out on any excuse that can created or used and in that way protect the group as a whole.

Ed Donegan and Housing. The smear campaign the led to my inability to initiate or protect leases from sham evictions and sham excuses result in this smear campaign. The susceptibility of me to attack and arrest and difficulties in writing my book in public spaces I might use is how this smear campaign can become the pretext for covert harassment of me in libraries and other locations.

A long mental health record of a person who spent most time in pschwards or jails because of fabricated evidence and fabricated claims about me is how my life will end.

Why I was subjected to these police abuses (as others have been) is science not art. As I trace my family history and writ m book the attacks are illegal and escalated. It is in response to my being a writer.

I have located the sock puppets of Tom Dunham and he has located sock puppets of me. The mirror versions of us assert what the real versions of us do - but are hopelessly mired in delusions and reprehensible conduct thus their allegations about the State are to be ignored.

This toxification (poisoning the reputation) of us and our writings is how the State retaliates. I am sure my home was taken out from me by faked records, etc., so in the conditions of homelessness I could be attacked as wrote my book, no protection by police; further, the police are leading the attacks on me though doing so covertly.

To me the police should arrest my landlord who likely was undercover police. To the police I am now just where they want me in a homeless camp without laundry, health care, regular PC access, physical safety, reputation as a normal person, etc.

As I was trying to locate housing in Austin and I was paying for a motel meth paraphernalia was left outside my left open door (I did not leave it open.) A passerby could walk by and see meth pipe cleaning debris strewn outside my motel room. But a close look shows it was a social worker Lori Cox from Oakland California's motel reciept (cash paid) that was the source of the debris paper, not me, and I was healthy not using amphetamines for decades working out in the park being a good Austin citizen.

When I did establish lease for a 1X1 at Ballpark West housing I was told move was delayed so pests could be eliminated. An email was sent to me suggesting new freshmen college students moving in should meet nearby the pool in the bushes for something special. Cynthia Nino sent the email, how she feels for those little children. Well I was told the pests that delayed my move in were such a problem the lease was canceled.

…

Lease Agreement For Edward Donegan
ballparkwest@achliving.com

To: Ed Donegan

Your lease agreement has been issued and is ready for review and signature. Please follow the link below, log

in, and follow the instructions.

If you have any questions, or need help along the way, contact the leasing office at 5123857300.

Login ID : using Eds Email Address

Click here to review and sign your lease.

Please retain for your records.

It was an electronic signature for the lease and I did so and downlaoded the lease as well I a still have archived and I distributed copies. But then the smear happend causing them to break the lease under excuses first that the apartment was not ready for me because of the pest problem inside it

I believe during the move in delay an event was staged by a dopple they used to manufacture an event that was toxify the potential of completing my lease term at that time already in effect though I had not moved in yet.

Corporations are accused of Poison Pills, something causing them to be toxic to an outside interest who may aproach them. Corporations and Law Enforcement can also by smear poison a person such that businesses will not do business with the person.

[image]

Cynthia Nino at Ballpark West. How she must feel for those kids, sooo young

The Dawg is on the trail but don't let him (Ed Donegan) on to anythings while we set more traps and finally one day will get him once and for good.

But no accusations being made. Just that pests need to be eliminated.

As with all movements in my life a clearly race-baitor has arrived at Ball Park West letting the company know she is on the prowl to make sure kids are safe. While aserting child protection race was emphasized as in other locations (whites don' belong around here a person says talking to his black dog while right next to me.)

In the usual scheme she will dupe the Office (who may have covert operatives placed among them as well Mobbing the office clique) into believing sham allegations and ask for help avoiding the lease being fulfilled.

Whenever minors are caught in me lens it is simply that they are there and are n not my focus though often children are moved into my focus while I photograph normal scenery.

What likely occurred is I seemed to be by appearances a drug addict and peeping tom and that evidence (shown items strewn around my motel door with the door open identifying my belongs such as workout gear) was talked up at BallPark west that had a pool and gym, and wanted those places safe. For years in the gym, parks, and museums women under 18 in a put-out way surround me trying to look like bait to be taken by a predator, me being treated like a predator and bullied as such.

High power figures can build lunch mobs by trickery and deceit and the same old tricks police harassment use don't ever seem to wear out.

One Riot, One Ranger is a bronze statue of a Texas Ranger, installed from 1961 to 2020 at Dallas Love Field, named for the famous story of Bill McDonald, a captain of Ranger Company B, in the 1900s who by himself broke up an illegal boxing match in the U.S. state of Texas.

On June 4, 2020, the statue was removed following the

publication of the book Cult of Glory: The Bold and Brutal History of the Texas Rangers by Doug Swanson. The book details Jay Banks' participation in efforts to keep schools in Texas racially segregated in defiance of the United States Supreme Court's order of public school integration mandated in the 1954 decision Brown v. Board of Education.

Banks was in charge of a Texas Ranger division that was deployed in 1956 to prevent African American students from enrolling in Mansfield High School and Texarkana Junior College, a public community college. - Wikipedia

Stirring up trouble in the community to create emotionally charged lynch mobs that will conspire against constitutional rights and court enforceable contracts is easy to do using common law enforcement dirty tricks. Since there is a race baiting element those lynch mobs attacking me make ethics sense to the public but i have noted for decades those around me like Veronica Hoffman who have been part of some covert operation against me and others lack any consistent politics and it must be something else. Mark Rich and others think abuse of power by corrupt government does the frame jobs and dirty tricks of COINTELPRO and I think so too.

One of the common plays used on me for decades is taking an area absolutely out of control like a neighboring apartemt or womens bathroom next to my apartmente or the mens room to stage something in the area out of control of me as an area I am supposedly attacking.

Shills on other sides of walls assert there is peep whole etc., and that can easily be faked. As with William Ruiz he said as his roommate that I became I had a chair I would use in the living room and he preferred exclusive use of his normal chair. Later the chair assigned to me AND my motorcycle jacket disappeared to somewhere else. He appears to have been in a plot (and I recorded him in audio session) transplanting items linked to me to another location of similar floor plan and appearance and in that location with my items I am linked to

the activities (peeping on a computer screen into showers, etc.) that I am not Doing but circumstantial (through items and appearances) I seem to be linked to.

Killjoy Was Here

The use of a baseless allegation is amateurish and the use of an allegation based on fabricated evidence and behind the person's back who it smears is expert.

I can show in all housing I have been in privately (and the same is true in institutions) that a Dopple is always near and that person who pretends to be me is in that long-con set (a mock-up of where I live by a nearby building of the same apartment complex or different floor but same floor plan of a hotel) is caught bey the police in an over-watch apartment next door to the sham using the dopple of me is in. I will show those photos. Twice the building that has the dopple of me in the building next to my building unit has caught on fire (not my doing) full loaded with low income residents with little hope of escaping the later-night fires.

The police propaganda is child friendly police toys (a dog in particular) that the police are there, have been there, and are a friend to children who would have been or where exploited, etc., It is fake rescues of fake victims and fake Ed Donegan (or fake Tom Dunham) a threat to those children.

Bullying Innuendo Cowardly Avoids Clear Statements so Con won't face scrutiny

The function of staging events and showing Dupes evidence that was the result of staged events sets up a lynch mob. Suggestive bullyinng will be use that never uses a clear confrontable statment.

[image]

Having left Casa Linda for Washington D.C. Area (Arlington Virginia) I stayed at Extended Stay in in Springfield near my trust fund in Falls Church in Virginia to speak with them. The same thing occurred. On a different floor peeping was going on,, Law Enforcement were the Dawgs on the scene and suggesting those little kids would finally be safe because the Dawgs were on the job, I have no child interests, at one time in my life will clicking on no less that ten forms of porn (Bikini contests, beach cams, teen cams, BDSM, fashion, lingerie the teen cam was focused on simply hoping an issue could be created out of that. No issue exists. That was around year 2000.

Something more or less out of context is being repeated because it is believe to be true about me additional acts could wrongly be tied to me by opportunist who wish to be reimbursed for acts alleged to me in Protection Racket financially involved in fraudulent allegations about both my interests and activities.

Jen Moore had the same information I had, these characters were faking events and even making money doing it.

This modus operandi of subversion teams faking documents, events, identities, etc., is well documented and used on five of my friends.

My website will contain thoe images so this book file size does not grow. http://newwilliamcooperpatrioticsovereignpress.com/uncategorized/it-read-this-website-is-clearly-the-work-of-a-disheveled-and-disturbed-mind/

The Casa Linda Apartments Case Study On Subverting My Reputation Via Dopple Activity

There were far many more events at Casa Linda and other

places than I document here and I could document but the example here is enough and I want to save editorial space for the larger picture of MKULTRA and its motives as well.

I will show in all cases I have attempted to lease while the lease is signed and as tennent correctly executed on my side the Landlord defaults entering my home to steal belongings tied to me (or use assets to do that) and use them to link me to apartments appearing to have my involvement that do not, and the staged involvement of events that poison my reputation will be used to incite lack of cooperation with me to other landlords by a smear campaign among landlord to landlord talks operated by law enforcement.

The Foundation Work was a moron who took the numbers of that apartment that was not mine and not my 6 unit building but looked identical was created as a Tree House peeping at teens at the high school across the street.

"Just Cause" I was a peeper I was blacklisted by Isis a Canadian Domme wanted nothing to do with me and was going to leave me out.

Meanwhile she staged that by her adult presence with Law Enforcement she was protecting the peeper from seeing child buttocks since her adult buttocks were in the way now. My apartment was not rigged as a Tree House and was labeled. (A Tree House overlooks children in the park creepily.)

As with Tom Dunham a paint can is nearby (in his case it was rock) with a key visible so my teenage prostitute under 18 would arrive and get in to a apartment improperly linked to me.

Like with Veronica Hoffman (a Cybergoth) Isis changes her identity to a pool yard swimwear model as though that represented my interest in her, falsifying that I had been going to Goth events since the 1980's

Instead of a teen call girl accessing the keys left on Tom Dunham's windows (that may fit a nearby apartment he heard of dopple at) in my caes a paint can of the color used by the apartment complex held a key and there was a path through the fence to sneak in that north-most apartment building of the complex. But I lived in the south-most complex building.

In my archives I pictures of the key left in the can (not to my apartment didn't match) and the broken path through the fence to the north-most apartment. Some of it is visible in these pictures.

[image] [image] [image] [image] [image] [image]

A Con Job creating a fake Ed Donegan improperly linked to Ed Donegan's reputation, trust fund, and real apartment creates a derogatory record (that applies to the fake Ed Donegan) rather the similar looking nearby apartment where a person mistaken for Ed Donegan is confronted for wrongdoing and conflated with Ed Donegan poisoning the reputation and foundation of the lease I actually had and use of the apartment I really was engaged in.

Use of Email with Leasing

Unable to find any new leasing availability I rented again from Mac Lamar. In the most recent lease for 1513 Ocean Drive Unit 5 I used TheMedicalState@proton.com because it was intened as my home office live workspace to write my book. Threats to me life have followed my attempts to write that book. Jen Moore asserts my family is tied to an OSS CIA Vatican history of the assassination of JFK and is that story I have been trying to tell in my books. The largest by content volume is The Great Treason. Earlier it had other names including The Medical State since it (and its new version still) assert weaponized PsyOps call a person crazy, can recruit street people as confidential Informants whose conduct police can deny, and illegally abusive conservancy can work against a

person by financial abuse and other mechanisms.

I assert a Police State that hides its operations behind assets withing social services where intermediaries to carry out police misconduct are recruited from. This includes discrediting and even institutionalizing dissidents.

As I have looked more and more at the motives for the attacks I have gone now to the Great Treason after three or four earlier perspectives that had narrower looks at the immediate events rather than the increasing scale of the motives of misconduct by the State and its officials abusing power covertly.

Foundation Work for evictions then Vagrancy Arrests

Conspiring against my rights including political asylum involves building the, faking the, crisis that seem to be from me, child porn.

With that manufactured appearances presented to OTHERS I become unwelcome to where I am going thus where I am going will work with the FBI on sham evictions of me.

As with Tom Dunham I can document this fully at every leas i had including that police were in the fake apartment taking drugs and partying with the women they asked to leave Ed Donegan out of activities with since these law enforcement were the watchdogs of the BDSM scene keeping child porn addicts out of the scene and out of apartment complexes.

Other Reports of This including Same MO for the Government Attacks

In most cases small operations like Landlord offices can be

bought out and change hands, or simply duped into complying with Law Enforcement requests on fake warrants or simple cooperation basis.

That has been true with me (in fact one person said the Nueces County DA Mark Gonzales had bought my apartment complex or at least in his family (I don't know in what way the word family was being used) had control of the Ocean Drive complex. It is true the County Transit authority moved a hottie out from the complex when I moved in and replaced that tenant with a transgender bus driver for the city-county who was part of the fraud and Noise Campaign.

Re: Tara Moore, 275 Lake Street, Unit 3,
Weymoutl, MA 02189, Docket # 1756SU000273

Dear Attomey Baldassini

I recently made the acquaintance of Tara Moore, supra, and all I can say is that I was astonished by the story she told me about her landlord/tenant relationship

with your client Robert L. Hedlund, of 54 Longwood Road, Weymouth, who is also the current mayor of Weymouth. Mr. Hedlund is the registered owner of a corporation known as HWO, LLC (aka Hediund World Order, LLC), which limited liability corporation owns the subject property.

I am going to cut right to the chase by saying 1): that I find it incredulous that a seasoned attorney like you would participate in what amounts to taking advantage of a disabled woman (diagnosed with Panic Disorder, without Agoraphobia), who is also a recovering addict and who was not advised by or apprised of her rights to counsel in her dealings with you or your cfient, and 2): having seen pictures of the living conditions she has had to endure in her tenancy would be indicative of what a Weymouth slumlord would likely provide to his or her tenants. That the Boston Housing Authority (BHA) participates in the tenant's lease by almost $1 ,200 a month and has done little, if anything, to order your client to correct the glaring deficiencies over a long period of time is astonishing as well probably criminal at least in my mind.

From what I can see your client has also engaged in a pattern of harassment, violating MGL c. 264, S 34A (a) and prowling, the prowling incident admitted on his TV show, "*Ask the Mayor*" on April 6, 2017. If you would like I will provide you with the time stamp information from the show.

I am enclosing herewith a contact sheet with pictures of the premises Ms. Moore leases from your client. The term utterly disgusting really does not fit its description. That you, client and the BHA could care less is appalling and the eviction notice you sent her, without being represented by counsel, has damaged her chances of finding an apartment or condo for her her daughter.

She has already been denied by Weymouth Place: recommended by your client .

That Ms. Moore and her daughter would have to live on the street is apparently not your issue.

Without further ado I am going to print seven copies of the contact sheet: one for you; one for your client; one for the BHA; one for the local Board of Health; one for Judge Coven; one for the Governors Opioid Task Force and one for District Attorney Michael Morrissey to see what they think about the situation and your ruthless representation for an obvious slumlord.

cc: Robert L. Hedlund; Cheryl Hill, BHA; Daniel McCormickt Weymouth BOH; Hon Judge Mark S Coven, Quincy District Court; Governor Charles D. Baker; Dist Atty. Michael Morrissey Disabled Persons Protection Commission, the Patriot Ledger; Boston Globe and Boston Herald'

No Ordinary Stalking

Organized stalking is carried out by an enthusiastic and structured group that has cruel intentions: stalk, harass, injure, financially ruin, and mentally crumple human prey until incapacitation occurs. What sets this crime apart is that innocents are picked off the street. There is no getting away from the stalkers and no getting away from the unusual technology that is used to take over someone's life.

"For the first couple of months," says June, "I thought it was a sick game. Now that I've been tormented for years, well, it's clear that organized stalking is a sophisticated crime that follows a step-by-step process

> to leave the victim as bare and isolated as the dead tree on the cover. He or she may still be standing, but that's about it.
>
> "I'll sum it up this way. Veiled intimidation ensures that targeted individuals are viewed by the public as free people, which they are not. They are playthings to their controllers. Hostages in plain sight. Victims are quite literally owned yet have limited chance of rescue because their desperate circumstances are misunderstood.
>
> Some die from the violence. Some die from suicide. And the rest merely exist."
>
> *Organized Stalking* is worldwide and is called gang stalking in some areas. The electronic harassment that accompanies organized stalking is also known as covert harassment.

I believe my father and mother were targeted, my father harassed and gang stalked, and like Veronica Hoffman, drive into mental hospital for his outcry or self defense, after that, hit while in the hospital or harassed to suicide. He (James Donegan)O spent decades asking the phone company to help stop bizzare calls coming to his home and other Noise Campaign like troubles ever wanting more and more remote locations and silence.

In my case (Edward Paul Donegan) they say I am a Nazi (more on that later, more ethic identitarian and defensive) and that is the reason the plant child porn on me. So Nazim won't becoem successful rather it will be rejected. In Veronica Hoffman's case they asked her to dress up as a Nazi for a lark. It think that was KOMPROMAT to incite others.

I believe my father and mother were targeted, my father harassed and gang stalked, and like Veronica Hoffman, drive

into mental hospital for his outcry or self defense, after that, hit while in the hospital or harassed to suicide.

In my case they say I am a Nazi and that is the reason the plant child porn on me. In Veronica Hoffman's case they asked her to dress up as a Nazi for a lark. It think that was KOMPROMAT to incite others.

My father, Linda Newkirk, Veronica Hoffman, myself, all receive Junk PHone calls showing we are being stalked, watched in our homes, etc., as we move about, in my case if I get off, read a scientific book, etc., and this is anonymous Stalk psychological harassment by strangers.

My father spent years of his life tracing down hang up calls and sought phone company assistence believe it was in conjunction with threats to kill him, and once sought me as backup to him in the 1990s should something happen to him or an attempt be made. His computer also was making the Sheryl Attkison player piano acts with hime flabergasted watching it which matched the timing of unprovoked anonymous physical attacks on me in the Alringon Virginia area.

Commonalities with Others and My Story.

- I had first contacted [Veronica Hoffman after meeting her in person, all was well. Later she got approached behind the scenes by impersonators of me and dropped contact with me. Possibly after being approached by blacks who wanted to sniff out White Supremacism of CybreGoth. She had read my DOE HGP Inspector General Complaint and the DOE/NIH was likely familiar with her because of it.

> [in memorium] thinking it was funny being a Jewish girl with a Nazi armband dressed as

> Ilsa - She Wolf of the SS for Halloween (then a couple of years later seeing the fawning look in the eye of Don Edmonds, director of Ilsa (RIP) whom she befriended when I mentioned her to him).

> [Luke Is Back]I KNOW THIS GIRL… KNEW THIS GIRL. I WAS STANDING AT AN ATM A FEW WEEKS AGO. She looked real normal, cute, civilian like. She was standing behind me as I was with my friend on line at the Chase ATM, she started talking to me. I ended up catching up to her and talking to her on the street as she had just finished talking to the Lyndon Larouchees on Sunset / Vine.

- She was taking apart electronics as I was, fire alarms from the celings, etc., seeking why in a non-survieled room bizzare unwanted phone calls or phone reboots out of nowhere would occur, though at stragic “frame job” times such as when a suspicously acting person was loitering near me, making unwanted gestures towards me, or were otherwise out of place.

> **Indications of a Noise Campaign and Terror Stalk**
>
> Most of the time, this worked in her [Veronica Hoffman's] favor, but not always. I [unknown] recall that she was a particularly dangerous person to allow near any kind of electronic equipment, especially any that you wished to continue functioning. She had two

ways of breaking electric stuff: direct and indirect.

"Indirect" worked just by simply standing close to something, say your TV hard disk recorder with 120 hours of programs stored on it. Oh, it seems to have crashed. Oh. Or, at Joseph's place, the new Apple TV system he'd just installed. Funny, it was working OK yesterday. Or her Blackberry, which stopped working except on speakerphone almost as soon as she got it.

If "indirect" didn't work, there was always "direct", which might mean pulling the batteries out of your new car's fancy built-in carphone while it was switched on, thus immediately destroying the charging circuitry and voiding your warranty. Or pulling your external hard drive's Firewire - a friend of hers speaking of Veronica Hoffman following her suicide in a mental institution

[Veronica Hoffman also was surrounded by play actors seeming to be people I knew though by the social media pictures I saw of then were play actors, not the real people. One foremost in my mind was Fuzzy Bunny a nickname used by a Norther California person at Hayward Fellowship who had been a close friend of mine (as his family were freinds of mine too.)

My father, Linda Newkirk, Veronica Hoffman, myself, all receive Junk Phone calls showing we are being stalked, watched in our homes, etc., as we move about, in my case if I get off, read a scientific book, etc., and this is anonymous Stalk psychological harassment by strangers.

Using Nobel Savages (people often armed dangerous felon derelicts) to threaten to kill or actual attack and possibly kill or maim child abusers or white supremacist in a lynch mob act is well documented going back to the 1950's FBI tactics and continue. Since then NSA and other laws have been passed about covert harassment of difficult criminals who take

advantage of the fact in normal life female minors may be present anywhere and thus the mix of a predator and minor can not easily be stopped but must be.

Similarly NSA units take on drug trafficking and other criminal activities that have been pervasive and difficult for regular law enforcement to easily detect or stop.

Abusing wide police power though now is just protection of the Cabal.

Here is Tara's story much like my own.

Veronica Hoffman (Deceased) and Jen Moore (Deceased) along with some others (Bobby Courtney and "Jimmy") were part of it at times having been recruited for the operation. Jen Moore deceased was a whistle-blower asserting under Color of Law the CIA and others were operating a slush fund of shake dowm money taken from an impersonator of Ed Donegan, not the real Ed Donegan, as part of smear campaign and sabotage of the Donegan family and the Donegan family story I Ed Donegan have been trying to tell but I am attacked as part of a child porn ring as Tom Dunham was as well.

Many consider the death in a psychiatric hospital of Veronica Hoffman (Cybergoth star, clothes line designer, club performance artists, dominatrix, and underground goth publications media member) a suicide. Veronica Hoffman and a role in CIA FBI activities smearing me Ed Donegan just as Tom Dunham and others were smeared by an illegal money laundering operation and I believe a system fo attacks drove Veronica Hoffman to her death as she like Jen Moore and myself Ed Donegan underwent attacks from undercover operatives the police refused to respond to. (Birddogging people, Locksetps, bullying and cyber bullying etc.,)

The Veronica Hoffman Jewish activist and proud memer of the Los Angeles Jewish community was tricked into as a lark wearing Nazi clothing, and was by those around her calling

themselves Lyndon LaRouchers who is an alt right figure tied in some people's mind to Nazism had her life destroyed, lost roomates and was constantly pestered by harassing phone call to the point she dissambled her phone and other phones around her, called out in agony at stalker harrassmenet and died shortly after loosing her apartmente short of money in a pscyward death.

Ted Gunderson asserted these massively illegal programs are operating in the United States of American and targeted and poisoned him.

Webster Griffin Tarpley (Author), Anton Chaitkin (Author) are tied to *Executive Intelligence Review*, The Unauthorized Bush Biography, and many other works. Like Wayne Madsen former NSA and St. John Hunt and Edward Paul Donegan and Jen Moore use combinations of their family histories, the declassified documents, internal family oral histories, and heirlooms and combinations with other researchers to tell their autobiographers as also the historical biography of the Republic of the USA. Ted Gunderson was also in this group and he had investigated many of the cases as an FBI Special Agent.

A former senior official of the Federal Bureau of Investigation says "rogue" military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based "*gang stalking*" (harassment, intimidation and domestic terrorism) directed at thousands of U.S. citizens who have been extrajudicially targeted as "dissidents" or *undesirables*.

"Based on my thirty years' experience and research, I have determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States," Gunderson stated in an October 2008 speech posted last fall on YouTube.

https://archive.org/download/genoracketeering_202001/TedGundersonByEdDonegan.epub

Zersetzung

Zersetzung is a psychological warfare tactic developed by the East German Stasi Secret Police to nuetralize dissidents quietly without kidnapping and murdering them like the Gestapo.

It means disruption because it disrupts every part of you're life and gaslights you so you go crazy yourself with no touch torture leaving no and evidence.

Freemasons, and FBI COINTELPRO use Zersetzung to retain power they are unworthy of and thus they need to user fixers operating in secret.

Scientology (that the FBI has praised for its counter-intelligence unit) calls it Fair Game and Freemasons call it Slow Dagger.

The CIA and FBI used Zersetzung small scale with DEWs from 1971-2001 and organized community vigilante groups and extremist groups and first responders based on vicious smear campaigns according to CIA whistleblower Carl Clark and Jesus Mendoza who filed 3 lawsuits in Texas and lost.

The CIA runs electronic harassment, Noise Campaigns of harassing, threatening, and veiled threat or veiled other harassment noxiusness to a stalk victim as the FBI runs gang-stalking and Fusion Centers that sychronize everything.

They (under cover operatives posing in various

positions) give perjured testimony in court, makes false dossiers or dossiers composed of false reports that are resultant from Subornation of Perjury, and disseminate the smear using their partnerships (in crime) as flying monkeys (dupes believing the smear, shown faked evidence that then attack a smear victim) along with the smear campaign as part of it gaslight (break in to homes to fake evidence that will be shown to others), harass, back-stab, conspire against normal civil activities such as credit, home buying, leases sanctity of the home, etc.,

Private Investigator David Lawson infiltrated gangstalking groups in the US and Canada for 10 years. After 911, the government calls it counter-terrorism and the watch-list is a sham to hide the targeted individual program.

The FBI Fusion Centers, FISA, watch-list, counter accusing its victims as being paranoid, using DSM 5 saying it is schizophrenia to accuse US Espionage of illegal and covert acts and puts out disinformation about those it is harassing to discredit them.

Ted Gunderson versus The Great Houses

House Windsor. House Tutor. House Atradies or House Harconan.

The Family Jewels program of the FBI CIA was that these houses would continue world influence and stay a fabric of Western Military Industrial and Scientific powerhouse dominance over the rest of the world.

Because it was increasingly resented after the Atlantic Revolutions it became more secret and a semi-secret theme in movies about 33 miles above the earth club of elite free mason hands in the social fabric and control of society, hidden mostly but diagrammed out by people like Captain Dan Henely the Jew Hater. Most of the theory is based in anti-semitism since the Marshall Plan and post WWII planning include the 1947 creation of the Jewels State and that is not taken independently to the other parts of post WWII planning. Though my father felt Isreal exceed its territorial and moral bounds in its policies the love for jew he taught me and their suffering has insulated me from some of the antisemitism tied to Conspiracy Theories.

What I am left with is what Ted Gunderson asserts. These big business corrupt families and networks were reall killers, and like strike breaking business using thugs of days earlier just as corrupt today.

I assert that Great Houses still wanted to use influence including money to control the world and even use thugs to enforce their global influence against people like JFK and use their media influences to intimidate Conspiracy Theories about them.

Finalyu I think Indonesia was Strike 3 for JFK. JFK had already called of Lansdale and JMWAVEs second air strike of bombers Holt and others were ready to fly. The die was

probably already cast them. But it seems in Angola Kennedy rejected CIA plans, that one I do not know much about, and finlaly the Battle for Indonesia begun in 1958 and assets already in place by 1963 JFK was ready to call out as well and probably disclose all NSC activity around the world.

Thanks Giving. Understand the Finders to Understand Ted Gunderson

Understand the progression of CIA FBI comitted murders tied to the Franklin Cover-up first then how Family Jewels led into it

1) William Colby was almost the lead investigator for the Nebraska Freedom Conference. My guess is they loved him but he asked quietly not to be elected though nominated. He stayed fully formally involved consulting including to the investigators they might possibly be assassinated during their work.

This Colby openly said on TV interviews on the matter as well as in other written works and reports of comments from him.

The investigator who did take the lead for the Nebraska Freedom Caucus did die in plane crash with Colby pouring through the reports and not be satified with the investigation that ruled in a accident and other sources assert FBI leaks were that the FBI had bombed the plane with an internal device.

In the media production they were working on (television documentary and book Conspiracy of Silence the Franklin Coverup) Colby wrote the intro.

William Colby Born: January 4, 1920, Saint Paul, MN Died: April 27, 1996, Rock Point, MD wrote the introduction to The Franklin Cover-up and he and Susan Ford wrote high power interests would assassinate to cover up the secrets of what was likely a Family Jewels child abuse CIA research facility. William Colby was of course CIA, DeCamp was said to be, and DeCamp has an MKULTRA /like birthday, July 6 1941.

That certainly was taken seriously by Ted Guderson who allong with Susan Ford was warned by Colby the CIA would kill

over this matter just as Colby had asserted before he died.

Ted Gunderson - On April 3, 2003, I found an intruder (biker type- wearing a head bandanna, leather Jacket, and chains attached to his belt) in the basement of the apartment complex where I am presently staying in Los Angeles. After seeing me, he bolted through the front door of the building and disappeared. I filed a police report. [am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

If anything happens to me, my family, or my close associates- including my attorney (former Nebraska State Senator, John DeCamp), Susan Ford, or other individuals within my informational network, the names of the leaders of the cult/drug network and additional information concerning their activities will be released to the public.

Regarding Mr. Colby, he did not drown and he did not commit suicide- he was murdered, shot in the head.

I (Ted Gunderson) have documentation and know that throughout the U.S., operating 24 hours-a-day and 7 days-a-week, there is a Central Command, located within the U.S., with multiple satellite offices, whose administrators can instantly initiate surveillance, phone taps and harassment against any individual in the country.

They have the technology, financing and manpower to dispense illegal surveillance and harassment against anyone at any time, day or might. I have files on numerous cases of active, programmatic, illegal government harassment currently being conducted against thousands of Americans. This makes the F.B.I.'s former COINTELPRO program, which I worked on, including in a supervisory capacity, look like a Sunday school program by comparison.

I firmly believe that most individuals working in the F.B I,

other intelligence agencies, and the government overall are honest, law-abiding public servants. However, a sophisticated network of rogue operatives has secretly infiltrated the F.B.I,, other intelligence agencies including the C.I.A, and other key government positions.

This rogue element seeks personal power and wealth and considers themselves above the law and the Constitution. They are carrying out the aforementioned surveillance and harassment activities in conjunction with organized crime, the cult movement in America including Satanic cults, other commercial and political interests, and even misguided civic organizations and neighborhood groups.

This illegal surveillance and harassment program is being called gang stalking and organized stalking by the victims targeted by it.

The victims are targeted for a variety of reasons including government and corporate whistle blowers, parties to financial and employment disputes, parties to marital disputes (usually divorced women), and even jilted paramours. Journalists covering controversial issues, and, even attorneys and private investigators representing unpopular clients or interests, have been targeted by this program.

In addition to high-ranking members of the F.B.I., other intelligence services, and the government overall, wealthy, powerful members of criminal syndicates, multi-millionaires and the corporate elite are using the government gang stalking program to harass enemies.

They can get a targeted individual harassed for the rest of that individual's life (individual cases of gang stalking lasting for over a decade are common).

The higher status members of the gang stalking conspiracy initiate the gang stalking and coordinate logistics and funding. Lower echelon government rogue operatives, lower ranking

members of the military (in violation of Posse Comitatus), petty criminals and street thugs perform the actual grunt work of daily monitoring and harassment of individuals targeted by the program.

These F.B.I. files contain information responsive to Mr. Labella's F.O.L.A. Complaint regarding the subject of gang stalking. The F.B.I. and other intelligence agencies are administering and covering up the rogue, covert, government criminal enterprise of gang stalking. = Ted Gunderson

After Gunderson was warned his daughters window was shot at his home was broken into his office was shot at in his home possibly the same instance and he said as Sosbee, Labelle, Donegan and Moore assert he was poisoned as GangStalking teams now conduct rarely even hiding their acts hoping the provocation of these acts can lead into lethal engagements with stalkers.

Who the hidden identities are of the State Dept. conduited children are around the world an in the USA is the secert the elites are keeping.

The Franklin Cover-Up: Child Abuse, Satanism, and Murder in Nebraska John W. DeCamp First published March 1, 1992. John W. DeCamp was an American Republican politician and author who served in the Nebraska legislature from 1971 to 1987. He served as an infantry officer in the United States Army during the Vietnam War. Born: July 6, 1941, Neligh, NE Died: July 27, 2017, Norfolk, Nebraska Books: The Franklin Cover-up: Child Abuse, Satanism, and Murder in Nebraska Party: Libertarian Party.

In 1992, DeCamp wrote a mass market paperback book titled The Franklin Cover-up: Child Abuse, Satanism, and Murder in Nebraska in which he alleged that the Franklin child prostitution ring allegations were actually true and involved murder and Satanism.[5] In 1993, DeCamp was featured in an unreleased Discovery Channel documentary called Conspiracy

of Silence.

DeCamp served as a lawyer for the Militia of Montana, a militia-movement group, in the 1990s.

In 1996, DeCamp ran for the U.S. Senate as a Libertarian, but lost to Republican Chuck Hagel.

William Colby Born: January 4, 1920, Saint Paul, MN Died: April 27, 1996, Rock Point, MD wrote the introduction to The Franklin Cover-up and he and Susan Ford wrote high power interests would assassinate to cover up the secrets of what was likely a Family Jewels child abuse CIA research facility. William I interviewed John in 2007 was of course CIA, DeCamp was said to be, and DeCamp has an MKULTRA /like birthday, July 6 1941.

It is the story of the Finders group that I Ed Donegan think was connected to the Family Jewels program William Colby was about to reveal that led both to William Colby's death, Ted Gunderson's death, and Jen Moore's death, and I think John DeCamps near fatal brain damaging car accident.

You can learn a little of the Pheonix Porgram, the burned documents of it or MKULTRA or MAJESTIC 12 from this story of CIA connected John DeCamp having passed and once having possessed the secret documents.

The Passing of John DeCamp

When Ted [Gunderson] passed away, his family could not afford burial, so John stepped up and covered Ted’s final expenses.

Regardless of your opinion on John’s personal life, we can be forever grateful to him for his book, ***The Franklin Cover-up***, and for exposing pedophilia and corruption among the rich and

powerful.

I interviewed John in 2007:

In my interview, John boasted an impressive list of accomplishments: being mentored by CIA Director William Colby, having lunch with Colby and Henry Kissinger at the Second Paris Peace Talks, being honored at the Kennedy Center for his Operation Babylift, which adopted @ 3,000 Amerasian children from Viet Nam, participating in several high-profile legal cases, and withdrawing cold-turkey from an Oxycontin addiction.

But John was also surrounded by darkness. Since my interview, I conducted deeper investigations into John's involvement with the CIA's Phoenix program and his many high-profile cases: the first lawsuit brought against the Catholic Archdiocese for pedophilia; the Oklahoma City Bombing, the Franklin Coverup, and the Columbine shootings. In each of these cases, John was one of only a few witnesses to exclusive evidence which was then buried from public view forever. In the Franklin Cover-up, the original video testimonies of 80 children were turned over to John's friend, Ted Gunderson, who ensured that they passed from official record into the private hands of Ed Weaver, of the Nebraska Leadership Conference, where they apparently disappeared. Something about John's involvement in these matters was not entirely on the up-and-up.

…

Most of the details of the Finders program are so bizarre and kept under obfuscation layers of Satanism, teen prostitutes to the George H.W. Bush Whitehouse, and other odd story-lines.

Ted Gunderson and others will see mostly through the smoke and mirrors as Elaborate Hoaxes like some Halloween prank (all this really the CIA and DIA) but the actually motives I Ed Donegan can only contribute partially to.

[image] [image] [image] [image]

Finders was created in 1966 by the CIA per information obtained by Gunderson and is in *Corruption Network* Volume 3 report

Micheal Aquino of the Defense Intelligence Agency will form Temple of Set or Levay Satanism together and separately in 1966 and go on the hunt for children showing good computer skills that might become computer administrators some day or show other skills that can be "sold" to families around the world living in other nations of the world. And have passports from the State Department to travel to and live in those countries growing up in their new families.

Gary Caradori Plane Crash Wings Broke Off Franklin Scandal - Once an open question investigated by William Colby and others, the matter titled away from Conspiracy Theory over time. I assert with new information the balance of factors now is towards Conspiracy Theory.

The Mystery of the Carefully Crafted Hoad forward by Ted Gunderson: http://newwilliamcooperpatrioticsovereignpress.com/wp-content/uploads/2023/11/cch1.png

Child Kidnapping [and murders] The CIA Connection by Ted Gunderson: http://newwilliamcooperpatrioticsovereignpress.com/wp-content/uploads/2023/11/FindersIsCIA2.png

It is my belief in MacMartin SChool Manhattan Beach California Los Angeles County, Franklin Nebraska Boys Town, and other locations Finders were looking for the shiniest family jewel relatives of Windsors who could be the new sparkling diamonds of other countreis around the world and among the king-makers Joseph Kennedy Sr. planning with Great Britain himself and his children and Barrack Obama Jr. as well, funding the operation for Indonesia partly as the Saudi family did as well.

It seems inconceivable toady children would be killed or tortured but the CIA and MI6 did around the world, sometimes en masse, and also the CIA killed investigators as they did in the Franklin Nebraska case and again high level CIA, State Dept. FBI and other invovlement of PsyOps and overthrows.

[image]

retrieved from US News and copied or modified to here

Through a glass, very darkly - Cops, spies and a very odd investigation

The case is almost seven years nowt but matters surrounding mysterious group known as Finders keep growing and curiouser.

In early February 1987, anonymous tipster in Tallahassee, Fla., made a phone call to police. Two well dressed men" seemed to be "supervising disheveled and hungry children in a local park the caller said. The cops went after the case like bloodhounds- at least at first. The two men were identified as members of tbe Finders. They were charged with child abuse in Florida.

In Washington, D.C., police an US. Customs Service agents raided aduplex apartment building and a warehouse connected to the group. Among the evidence seized: detailed instructions on obtaining children for unknown purposes and several photographs of nude children. According to Customs Service memorandum obtained by U.S. News, one photo a ted "to accent the child's genitals."

The more the police learned about the Finders. the more bizarre they seemed: There were suggestions of child abuse, Satanism, dealing in pornography and ritualistic animal slaughter. …

…

The Following Was Written By Fans of Ted Gunderson at the 99 percent plus understanding of what he was saying or 100 percent understanding of the one or more layers of conspiracy Ted Gunderson was methodically pulling back

Retired FBI special-Agent-ln-charge Ted Gunderson has

compiled boxes of research and has assembled numberous reports describing unimaginable "operations" of treachery, sadistic savagery, degradation, abuse, and murder inflicted by intelligence agents of the United States government against its own citizenry, especially children.

The kidnapping of children for purposes of prostitution, pornography, high tech weaponry experimental abuse, mind control, child slave labor for underground alien-controlled facilities, white sex slavery, and the satanic ritual murder of untold thousands of American children snatched from the streets and playgrounds of America by agents working for the CIA is the principle reason for the existence of a covert CIA operation called "The Finders".

The Finders is one of the most alarming and despicable covert operations against America's children that Gunderson helped to uncover, but it's only one of many covert Gestapo-like acts committed against American citizens by government agents under directives issued not by Congress or the Presiden but rather b international Satanists collectively known as the Illuminati, who control the Secret or Shawdow government of the United States as well as every other major government in the world.

The "Finders" operation began in the 1960's and continues kidnapping children to this very day.

…

The Unholy and Unconstitutional Alliance Paul L. Williams, William Cooper, Ed Donegan, and others Assert

The Special Relationship with Great Britain (that is a country with colonies or a commonwealth with members) that the USA had also forged agreements with the Vatican and others and

intensified even further in the Cold War and 1951-1952. In that relationship we joined with England to begin overthrow and indirectly ruling all the nations of Earth.

The Overloards would be high power aristocrats in secret congresses with each other and passing into carefull controlled nation-states as Rothkopf asserts the high power superclass might be able to do.

Conspiracy of Silence and Silencing

The Franklin scandal was parter of a much larger program Finders run by the CIA and DIA stress testing and selecting children to be placed overseas with new pasports and changed names.

"Conspiracy of Silence" is a powerful, disturbing documentary revealing a nationwide child abuse and pedophilia ring that leads to the highest levels of government. Featuring intrepid investigator John DeCamp, a highly decorated Vietnam war veteran and 16-year Nebraska state senator, "Conspiracy of Silence" reveals how rogue elements at all levels of government have b... Holding children in poverty conditions them to that, holding children out of Christmas conditions them to that, being abused tests chilren's reaction to abuse (Borderline Personality Disorder and loss of efficacy into clinical overerexeprienced emotions and trauma experience.

…

… Gary Caradori, the chief investigator of the scandal, died conveniently in a plane crash with his son after interviews with several victims of the cover-up and having acquired a rolodex. His briefcase was never recovered in the crash and the FBI impounded all records of the plane crash investigation. “I really feel that somebody killed my brother and inside me I know somebody killed my brother.” - Gary Caradori’s brother

“The effect of Gary’s crash on the investigation, I think in effect, put an end to anyone else coming forward with sensitive information like this.” - Karen Ormiston

“That’s when I was finished, because I figured if they murdered Gary and his son, there’s nothing that will stop them.” - Carol Stitt

“You have to consider the possibility of some danger to your person. People do react rather violently to some types of charges, particularly if they’re true. If there’s truth in it, there can be danger in that situation. We’ve seen that happen in other cases.” - William Colby, former director of the CIA

The Silencing of MKULTRA Whistleblowers

The Cover-up of Franklin Nebraska and the larger issue of children in orphanages, preschool, or living in families under Hidden Identities created by the FBI, CIA, State Department, and others is the story being silenced and silenced by assassinations.

Gary Caradori murder, William Colby murder, Ted Gunderson murder, Jen Moore murder, Veronica Hoffman murder, attempts on Ed Donegan's life and harassment and attacks.

What they have in common is the Family Jewels Program, Allen Dulles, the Kennedy Assassination, MKULTRA and the Vatican in the Cold War and before, and the elites in the USA who do NOT want the truth to come out these whistle-blowers have been trying to tell of.

Early versions of my book had other titles as the scope and emphasis changed along with available infomation changing (my time to research it, additional declassifications, newly found evidence, etc.,) and one was the Medical State about these orphanages situations and hidden identities of children being researched and selected by the CIA in the institutions or certain families.

…

In the images it is shown by artwork in my book about how close nuclear submarines could be in the 1950s (per Dr. Edward Teller I was a fan of in from about 13 years old on) and that went into CIA plans they felt neccesary JFK did not was

involved in Indonesia plans with birtdays events tied to my birth and this was part of my family MKULTRA history shared with Prouty under Nixon Kennedy Donegan and Donegan Kennedy familyies of DOrchester and of WWII and postwar.

I assert use of these children to plant around the world and groom (such as the much older man Suharto was being groomed for Indonesia the much younger Barrack Obama Jr. was as well) and these were part of Asia TOKOYO Soviet Union Guatemala MKULTRA plans of the Prouty assisted Dulles brothers and Nixon planned regime changes the secret plan to covertly win the cold war through CIA actiions of overthrows.

People shout this is a Conspiracy Theory but declassified documents and death bed confessions confirm them as do better forensic study of original evidence from the time at which JFK was assassinated.

Each of them have talked of being Stalked and the Stalkers physically battering them, taking guns shots at them, beatings, poisonings, staged bullying acts that traumatize or cause paralyzing emotions, etc..,

The bullying may differ from person to person but I am made to look schizophrenic, retarded, and developmentally childish.

That person who is that and is a dopple of me is part of the misconduct of the CIA and FBI and others that was money laundering and illegal human trafficking and even organ trafficking.

In my books I have outlined much of what she was talking about, the hidden identities of the names she did not use but I know for instance her showing the home my mother and I lived in as she talked about this family, not using the name, the Kutschera Von Trapps in the Eagles nest of Salzburg, and Allen Dulles and others of the CIA and Kennedy (and the Kennedy assassination) she did use the name of but told she would be killed if she kept on talking and revealing more names as she

was doing and showing the actual federal documents and records.

If GangSalkers can first bully me in places of business, gyms, coffee shops, as being a pedphile and making it look that way forcing words into my mouth I am not saying, the bullying of my dopple who often is drawn from retardation services can be bullied into confessing to accusations. This forger of my identity and forger of confessions alleged to me is how money lauding and bilking work.

In my books I show Quackery (making me look sexually retarded) so I would need lessons in sexuality allows Quack behavioral services to hire workers to teach about sexuality to police designate sock puppets of me with the police present, and also allows me to lose control of family assets others assert only they can manage.

The Covert Attacks (Bullying) come as I write my book as best I am able to under the conditions (continously degenerating) that I am working under.

Those who do manage assets of mine are willing to pay up to false allegations about me. I am not. It is called Pay Up or Be Arrested the scam where what I look like I was involved in gets a forged confession linked to it and thus gets paid out the what Jen Moore said were church groups teaching their children to stage being victims (she did not name the church.

The affect of my being bullied is that because of the image of me being acted out I can not rent apartments. Part of what is being acted out is me angry at how I am being treated. Why wouldn't I be? People are staging damaging untruths about me and violent attackers are attacking me motivated by the baseless allegations.

Quack religious and Behavioral Health Care (including funds insuring against my misconduct by paying my debts) are part of the illegal "black" operation (something illegal and conducted

despite the illegality.

The totality of the bullying has been focused on that bullying and its consequences sabotaging my use of places to work on my book because in those locations I am fighting bullies, distracted by them , the loud noises, etc., they are bullying me with.

Understand the progression of CIA FBI committed murders tied to the Franklin Cover-up first then how Family Jewels led into it

1) William Colby was almost the lead investigator for the Nebraska Freedom Conference. My guess is they loved him but he asked quietly not to be elected though nominated. He stayed fully formally involved consulting including to the investigators they might possibly be assassinated during their work.

This Colby openly said on TV interviews on the matter as well as in other written works and reports of comments from him.

The investigator who did take the lead for the Nebraska Freedom Caucus did die in plane crash with Colby pouring through the reports and not be satisfied with the investigation that ruled in a accident and other sources assert FBI leaks were that the FBI had bombed the plane with an internal device.

In the media production they were working on (television documentary and book Conspiracy of Silence the Franklin Cover-up) Colby wrote the intro.

That certainly was taken seriously by Ted Gunderson who along with Susan Ford was warned by Colby the CIA would kill over this matter just as Colby had asserted before he died.

Lower echelon government rogue operatives, lower ranking members of the military (in violation of Posse Comitatus), petty criminals and street thugs perform the actual grunt work of daily monitoring and harassment of individuals targeted by the program.

These F.B.I. files contain information responsive to Mr. Labella's F.O.L.A. Complaint regarding the subject of gang stalking. The F.B.I. and other intelligence agencies are administering and covering up the rogue, covert, government criminal enterprise of gang stalking. = Ted Gunderson

After Gunderson was warned his daughters window was shot at his home was broken into his office was shot at in his home possibly the same instance and he said as Sosbee, Labelle, Donegan and Moore assert he was poisoned as GangStalking teams now conduct rarely even hiding their acts hoping the provocation of these acts can lead into lethal engagements with stalkers.

Who the hidden identities are of the State Dept. conduited children are around the world an in the USA is the secert the elites are keeping.

The Franklin Cover-Up: Child Abuse, Satanism, and Murder in Nebraska John W. DeCamp First published March 1, 1992. John W. DeCamp was an American Republican politician and author who served in the Nebraska legislature from 1971 to 1987. He served as an infantry officer in the United States Army during the Vietnam War. Born: July 6, 1941, Neligh, NE Died: July 27, 2017, Norfolk, Nebraska Books: The Franklin Cover-up: Child Abuse, Satanism, and Murder in Nebraska Party: Libertarian Party.

In 1992, DeCamp wrote a mass market paperback book titled The Franklin Cover-up: Child Abuse, Satanism, and Murder in Nebraska in which he alleged that the Franklin child prostitution ring allegations were actually true and involved murder and Satanism.[5] In 1993, DeCamp was featured in an unreleased Discovery Channel documentary called Conspiracy of Silence.

…

Franklin Nebraska as MKULKTRA continues long running OSS CIA Eugenics

Many of the pictures of the young children peering out from posters and milk cartons that have disappeared in the United States have fallen victim to this global sex trade. They indeed may have been lucky for there is a much more sinister side to child molestation. In fact, it is undoubtedly the most macabre and hideous aspect to evolve out of the United States use of Nazi scientists, the CIA's Project MK-ULTRA. This grotesque project of ghastly experiments in mind control evolved out of earlier CIA projects in search for a truth serum. The roots for such a project date back to the wartime OSS search for a truth serum.

During the war, the OSS began a search for a truth serum to use on captured U-boat prisoners. The experiments were limited and the only drug they found to produce desirable results was cannabis. According to author Anthony Cave Brown in the Last Hero, the experiments were limited to testing on one person. Additionally Dr. George Estabrooks of Colgate University carried out experiments paralleling the Nazis brain washing methods by drugs and hypnosis. Estabrooks connections with the army, CID, FBI and other agencies are still shrouded in secrecy. However, it seems that the doctor could not help but talk about his experiments occasionally and what is know of his work comes from his loose tongue.

During the war, the allies had captured documents in the Nazis experiments on inmates of Dachau with mescaline and other psychedelics in a search for a truth serum. The doctor in charge of the Dachau experiments was Dr. Hubertus Strughold. Strughold was also involved in barbaric high altitude experiments on inmates of Dachau. Strughold was brought to the United States under the Project Paperclip and became America's father of space medicine. His use of mind-altering drugs on inmates provided the foundation for the CIA's research into truth serums and mind control.

ILLEGITIMATE SPOOKS WHO ARE NOW LEGITIMATE GHOSTS

Mysterious Death Number 74. WILLIAM COLBY - Director of Central Intelligence (retired) Died 4-27-96, had been the DCI from 1973 to 1976 under Nixon and Ford who were the top New world Order Rockf'lr flunkies! As Was the Kiss of Death Henry the K! "Ve Vill Make DERE Economy SCREAMMM". Certainly knew where all bones were buried as this was the group that wanted the 'one world after all' with China a capitalist trading partner and 3 billion chinese paying taxes to the world banks, an agenda that has taken TEN prexies to deliver.

At age 76, Colby had found a new career and had just started writing for "Strategic Investment Newsletter". They covered the Vince Foster "suicide" in detail. Its editors hired three renowned handwriting experts to investigate Foster's suicide note, which hadn't been found when his briefcase was first searched, but later materialized, torn into pieces, with no fingerprints on any

of the pieces. Upon comparing this document with others of Foster's writings, these experts declared it was a forgery, and a not very good one at that. So Colby was ratting out his spook pals... This had worried many insiders in the intelligence community who felt that Colby had already divulged too many of the CIA's secrets in the preceding years. Indeed, his dismissal by Ford was because of his over-cooperation with Congressional investigations into CIA wrongdoing.

It was Colby who had revealed to Congress the plans to kill Fidel Castro, the spying, phone-tapping on American citizens (in direct violation of the CIA charter) and the conducting of biological tests by the CIA on unsuspecting citizens, and agency's using human guinea pigs for mind-control experiments involving LSD, as we saw in CONSPIRACY THEORY movie with Mel Gibson, MK-Ultra program. Colby was in charge of the infamous Operation Phoenix during the Vietnam War, in which more than 20,000 South Vietnamese citizens -- supposedly Vietcong sympathizers -- were rounded up, tortured and executed. Must have found religion late in life.

Phoenix was run by the infamous Hanoi station, same group that brought back tons of heroin sewn inside G.I's bodies for the Mafia to distribute. THE ENTIRE CIA HATED COLBY, however, he died while Bill was prexy so he goes on the list. According to the original CNN report, Colby was reported missing by neighbors who "recovered" his canoe, by one story from under the dock at Colby's house, by another report, 1/4 of a mile downstream from Colby's home. Colby was by all report a methodical, tidy man, yet police found his home unlocked, his computer on, and a partly eaten dinner on the table. The official story is that Colby just put down his fork and decided to drop everything and go canoeing. On Monday, May 6th, Colby's body was found just 20 yards from where his canoe had been recovered, in an area that had been thoroughly searched several times by helicopters and search teams. Most notable about the body was the absence of a life jacket, which according to his wife, Colby always wore on the water. Inferred is that a well known, old co-worker called him and said come on down to the river and talk to me. Colby was not really planning on

canoeing.

The Covert Criminal Acts Jen Moore and Ed Donegan Assert

Working with Micheal Thomas Paine Moore who worked in Duetche Bank and other Money Laundering financial investigations she asserted criminal racketeering (black budge) operations

Rackets solve crime that don"t exist (like a retarded Ed who seem to want to harm and exploit minors) or turn out people that the abusive Legend of Ed supports but the facts don't) and one special form of Labor Racket is a Protection Racket of groups often police or police designates protecting crimes that don't exist and collecting fees for protection or restitution, etc., including extorting fees not do by the act of forcing or faking consent to fees not due.

If police can falsely assert a person themselves is trafficking in people, etc., it also allows the police to seize assets.

Money Laundering and Identity Theft work closely in financial crime as a person incurs a debt in someone elses name (having stolen or confused the identities) then used the improperly atributed liability as a pretexdt for a fraudulent scheme to claim legitimacy of the transaction even though it is founded on fraudulent facts.

This Dopple of Ed running around creating a record of misconduct (and investigatory targeting) of real Ed had a lot of support in skid row and prison release homeless shelter communities. I became "Fatal Attraction Target" to South Texas and Religious groups eager to falsely claim I was injuring them and they needed restitution. Jen Moore did name one group she found in a suspicous group Veterans On Patrol some type of viginalte group of Veterans protecting minors from some reports. I may (or may not be) tied to Mark Gonalzes and his

one percenter biker club OR Search Fort Truth ministry connected to a few religious leaders in the area.

Fatal Attraction is a 1987 American psychological thriller film directed by Adrian Lyne from a screenplay by James Dearden, based on his 1980 short film Diversion. Starring Michael Douglas, Glenn Close, and Anne Archer, the film centers on a married man who has an affair with a woman (Alex) who refuses to allow it to end and becomes obsessed with him.

Daniel "Dan" Gallagher is a successful, married lawyer from Manhattan. He meets Alexandra "Alex" Forrest, an editor for a publishing company. While his wife, Beth, and daughter, Ellen, are out of town for the weekend, Dan has an affair with Alex. Initially, it seems that both understand it to be just a fling, but Alex begins to cling to him.

Alex insists that Dan meet with her and informs him that she is pregnant, arguing that he must take responsibility. After Dan changes his phone number, she shows up at his apartment, which is for sale, and meets Beth. That night, Dan goes to Alex's apartment to confront her, and they get into a scuffle. She declares, "I will not be ignored".

Alex takes Ellen from school and to an amusement park. Beth drives around frantically looking for her, and gets into an accident, requiring hospitalization. Alex returns Ellen home unharmed.

Dan forcibly enters Alex's apartment and attempts to strangle her, but stops short of killing her. She grabs a kitchen knife and lunges at him, but he disarms her and departs. The police search for Alex after Dan reports the kidnapping. Beth forgives him and the couple returns home.

Beth runs a bath, but before she can get in Alex appears with a knife and explains that Beth is obstructing her from having Dan. She attacks her, and Dan rushes in, appearing to drown her. Alex suddenly emerges from the water, brandishing the knife.

Beth returns with a gun and shoots Alex, who is seen bleeding from her chest, with a look of shock on her face, before dying in the tub. Dan completes his statement to the police and joins Beth in the living room, with a picture of their family in the foreground.

racketeering activity (1) “racketeering activity” means (A) any act or threat involving murder, kidnapping, gambling, arson, robbery, bribery, extortion, dealing in obscene matter, or dealing in a controlled substance or listed chemical (as defined in section 102 of the Controlled Substances Act), which is chargeable under State law and punishable by imprisonment for more than one year; (B) any act which is indictable under any of the following provisions of title 18, United States Code: Section 201 (relating to bribery), section 224 (relating to sports bribery), sections 471, 472, and 473 (relating to counterfeiting), section 659 (relating to theft from interstate shipment) if the act indictable under section 659 is felonious, section 664 (relating to embezzlement from pension and welfare funds), sections 891-894 (relating to extortionate credit transactions), section 932 (relating to straw purchasing), section 933 (relating to trafficking in firearms), section 1028 (relating to fraud and related activity in connection with identification documents), section 1029 (relating to fraud and related activity in connection with access devices), section 1084 (relating to the transmission of gambling information), section 1341 (relating to mail fraud), section 1343 (relating to wire fraud), section 1344 (relating to financial institution fraud), section 1351 (relating to fraud in foreign labor contracting), section 1425 (relating to the procurement of citizenship or nationalization unlawfully), section 1426 (relating to the reproduction of naturalization or citizenship papers), section 1427 (relating to the sale of naturalization or citizenship papers), sections 1461-1465 (relating to obscene matter), section 1503 (relating to obstruction of justice), section 1510 (relating to obstruction of criminal investigations), section 1511 (relating to the obstruction of State or local law enforcement), section 1512 (relating to tampering with a witness, victim, or an informant), section 1513 (relating to retaliating against a

witness, victim, or an informant), section 1542 (relating to false statement in application and use of passport), section 1543 (relating to forgery or false use of passport), section 1544 (relating to misuse of passport), section 1546 (relating to fraud and misuse of visas, permits, and other documents), sections 1581-1592 (relating to peonage, slavery, and trafficking in persons)., sections 1831 and 1832 (relating to economic espionage and theft of trade secrets), section 1951 (relating to interference with commerce, robbery, or extortion), section 1952 (relating to racketeering), section 1953 (relating to interstate transportation of wagering paraphernalia), section 1954 (relating to unlawful welfare fund payments), section 1955 (relating to the prohibition of illegal gambling businesses), section 1956 (relating to the laundering of monetary instruments), section 1957 (relating to engaging in monetary transactions in property derived from specified unlawful activity), section 1958 (relating to use of interstate commerce facilities in the commission of murder-for-hire), section 1960 (relating to illegal money transmitters), sections 2251, 2251A, 2252, and 2260 (relating to sexual exploitation of children), sections 2312 and 2313 (relating to interstate transportation of stolen motor vehicles), sections 2314 and 2315 (relating to interstate transportation of stolen property), section 2318 (relating to trafficking in counterfeit labels for phonorecords, computer programs or computer program documentation or packaging and copies of motion pictures or other audiovisual works), section 2319 (relating to criminal infringement of a copyright), section 2319A (relating to unauthorized fixation of and trafficking in sound recordings and music videos of live musical performances), section 2320 (relating to trafficking in goods or services bearing counterfeit marks), section 2321 (relating to trafficking in certain motor vehicles or motor vehicle parts), sections 2341-2346 (relating to trafficking in contraband cigarettes), sections 2421-24 (relating to white slave traffic), sections 175-178 (relating to biological weapons), sections 229-229F (relating to chemical weapons), section 831 (relating to nuclear materials), (C) any act which is indictable under title 29, United States Code, section 186 (dealing with restrictions on payments and loans to labor organizations) or section 501(c) (relating to embezzlement from

union funds), (D) any offense involving fraud connected with a case under title 11 (except a case under section 157 of this title), fraud in the sale of securities, or the felonious manufacture, importation, receiving, concealment, buying, selling, or otherwise dealing in a controlled substance or listed chemical (as defined in section 102 of the Controlled Substances Act), punishable under any law of the United States, (E) any act which is indictable under the Currency and Foreign Transactions Reporting Act, (F) any act which is indictable under the Immigration and Nationality Act, section 274 (relating to bringing in and harboring certain aliens), section 277 (relating to aiding or assisting certain aliens to enter the United States), or section 278 (relating to importation of alien for immoral purpose) if the act indictable under such section of such Act was committed for the purpose of financial gain, or (G) any act that is indictable under any provision listed in section 2332b(g)(5)(B);

What type of crime is organized crime?

Organized crime basically supplies illegal goods and services, such as gambling, loansharking, narcotics, and prostitution. These operations extend beyond the jurisdiction of a single State to national and even international proportions.

Organized Crime - What Is It? | Office of Justice Programs

https://www.ojp.gov › ncjrs › virtual-library › abstracts Search for: What type of crime is organized crime?

What are the five types of activities that may qualify as organized crime?

As a general rule, organized criminal networks are involved in many different types of criminal activities spanning several countries. These activities may include trafficking in people, drugs, illicit goods and weapons, armed robbery, counterfeiting and money laundering.

(1)
“racketeering activity” means (A) any act or threat involving murder, kidnapping, gambling, arson, robbery, bribery, extortion, dealing in obscene matter, or dealing in a controlled substance or listed chemical (as defined in section 102 of the Controlled Substances Act), which is chargeable under State law and punishable by imprisonment for more than one year; (B) any act which is indictable under any of the following provisions of title 18, United States Code: Section 201 (relating to bribery), section 224 (relating to sports bribery), sections 471, 472, and 473 (relating to counterfeiting), section 659 (relating to theft from interstate shipment) if the act indictable under section 659 is felonious, section 664 (relating to embezzlement from pension and welfare funds), sections 891-894 (relating to extortionate credit transactions), section 932 (relating to straw purchasing), section 933 (relating to trafficking in firearms), section 1028 (relating to fraud and related activity in connection with identification documents), section 1029 (relating to fraud and related activity in connection with access devices), section 1084 (relating to the transmission of gambling information), section 1341 (relating to mail fraud), section 1343 (relating to wire fraud), section 1344

(relating to financial institution fraud), section 1351 (relating to fraud in foreign labor contracting), section 1425 (relating to the procurement of citizenship or nationalization unlawfully), section 1426 (relating to the reproduction of naturalization or citizenship papers), section 1427 (relating to the sale of naturalization or citizenship papers), sections 1461-1465 (relating to obscene matter), section 1503 (relating to obstruction of justice), section 1510 (relating to obstruction of criminal investigations), section 1511 (relating to the obstruction of State or local law enforcement), section 1512 (relating to tampering with a witness, victim, or an informant), section 1513 (relating to retaliating against a witness, victim, or an informant), section 1542 (relating to false statement in application and use of passport), section 1543 (relating to forgery or false use of passport), section 1544 (relating to misuse of passport), section 1546 (relating to fraud and misuse of visas, permits, and other documents), sections 1581-1592 (relating to peonage, slavery, and trafficking in persons).,[1] sections 1831 and 1832 (relating to economic espionage and theft of trade secrets), section 1951 (relating to interference with commerce, robbery, or extortion), section 1952 (relating to racketeering), section 1953 (relating to interstate transportation of wagering paraphernalia), section 1954 (relating to unlawful welfare fund payments), section 1955 (relating to the prohibition of illegal gambling businesses), section 1956 (relating to the laundering of monetary instruments), section 1957 (relating to engaging in monetary transactions in property derived from specified unlawful activity), section 1958 (relating to use of interstate commerce facilities in the commission of murder-for-hire), section 1960 (relating to illegal money transmitters), sections 2251, 2251A, 2252, and 2260 (relating to sexual exploitation of children), sections 2312 and 2313 (relating to interstate transportation of stolen motor vehicles), sections 2314 and 2315 (relating to interstate transportation of stolen property), section 2318 (relating to trafficking in counterfeit labels for phonorecords, computer programs or computer program documentation or packaging and copies of motion pictures or other audiovisual works), section 2319 (relating to criminal infringement of a copyright), section 2319A (relating to unauthorized fixation of and trafficking in sound recordings and music videos of live musical performances), section 2320 (relating to trafficking in goods or services bearing counterfeit marks), section 2321 (relating to

trafficking in certain motor vehicles or motor vehicle parts), sections 2341-2346 (relating to trafficking in contraband cigarettes), sections 2421-24 (relating to white slave traffic),[2] sections 175-178 (relating to biological weapons), sections 229-229F (relating to chemical weapons), section 831 (relating to nuclear materials), (C) any act which is indictable under title 29, United States Code, section 186 (dealing with restrictions on payments and loans to labor organizations) or section 501(c) (relating to embezzlement from union funds), (D) any offense involving fraud connected with a case under title 11 (except a case under section 157 of this title), fraud in the sale of securities, or the felonious manufacture, importation, receiving, concealment, buying, selling, or otherwise dealing in a controlled substance or listed chemical (as defined in section 102 of the Controlled Substances Act), punishable under any law of the United States, (E) any act which is indictable under the Currency and Foreign Transactions Reporting Act, (F) any act which is indictable under the Immigration and Nationality Act, section 274 (relating to bringing in and harboring certain aliens), section 277 (relating to aiding or assisting certain aliens to enter the United States), or section 278 (relating to importation of alien for immoral purpose) if the act indictable under such section of such Act was committed for the purpose of financial gain, or (G) any act that is indictable under any provision listed in section 2332b(g)(5)(B);

(2)

"State" means any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, any political subdivision, or any department, agency, or instrumentality thereof;

(3)

"person" includes any individual or entity capable of holding a legal or beneficial interest in property;

(4)

"enterprise" includes any individual, partnership, corporation, association, or other legal entity, and any union or group of individuals associated in fact although not a legal entity;

(5)

"pattern of racketeering activity" requires at least two acts of racketeering activity, one of which occurred after the effective date of this chapter and the last of which occurred within ten years

(excluding any period of imprisonment) after the commission of a prior act of racketeering activity;
(6)
"unlawful debt" means a debt (A) incurred or contracted in gambling activity which was in violation of the law of the United States, a State or political subdivision thereof, or which is unenforceable under State or Federal law in whole or in part as to principal or interest because of the laws relating to usury, and (B) which was incurred in connection with the business of gambling in violation of the law of the United States, a State or political subdivision thereof, or the business of lending money or a thing of value at a rate usurious under State or Federal law, where the usurious rate is at least twice the enforceable rate;
(7)
"racketeering investigator" means any attorney or investigator so designated by the Attorney General and charged with the duty of enforcing or carrying into effect this chapter;
(8)
"racketeering investigation" means any inquiry conducted by any racketeering investigator for the purpose of ascertaining whether any person has been involved in any violation of this chapter or of any final order, judgment, or decree of any court of the United States, duly entered in any case or proceeding arising under this chapter;
(9)
"documentary material" includes any book, paper, document, record, recording, or other material; and
(10)
"Attorney General" includes the Attorney General of the United States, the Deputy Attorney General of the United States, the Associate Attorney General of the United States, any Assistant Attorney General of the United States, or any employee of the Department of Justice or any employee of any department or agency of the United States so designated by the Attorney General to carry out the powers conferred on the Attorney General by this chapter. Any department or agency so designated may use in investigations authorized by this chapter either the investigative provisions of this chapter or the investigative power of such department or agency otherwise conferred by law.

>
> To attract, entice, or tempt; allure. to draw or recall (especially a falcon), as by a lure or decoy.

Do Trollers use Lures?

Here is an ad for fishing equipment.

TROLLING LURES AND BAITS - DEEP SEA FISHING EQUIPMENT https://thetackleroom.com/collections/trolling-lures

The abusiveness of the Trolls luring me into conflicts can be lesser but not greater. It is especially hostile and contentions fraudulent abuse.

It is meant to draw me away from what I was doing - writing my books and filing police reports.

Jen Moore spoke of this in several of her GangSTalking interviews across the Farmer Jones interviews (some of the then of them 2 hours long) and YouTube videos.

Traumatically abusive conduct by others rubs salt into wounds

and trauma the stalker tries to created thus traumatizing the person being trolled and leaving the person being trolled feeling in danger and being abused.

Ted Gunderon himself was Gang Stalked as he reported "people were planted on" him, thugs attacked him and what is formalized police abuse of citizens attacked him as me and E Donegan and Tom Dunham and Jen Moore and Veronica Hoffman.

Prejudice Against A Plaintiff Petition for relief from the actions of Stalkers

"District Courts may dismiss with prejudice where the plaintiff acted irresponsibly or in bad faith, or where rehearing the claim would burden the court system." - William Link v. Wabash Railroad Co. https://www.law.cornell.edu/wex/dismissal_with_prejudice

It makes the Stalk victim look bad when he complains about that child - so little - who keeps bumping him in the stores or tripping the stalk victim as the stalk victim goes running. Or a Stalk victim complains about how teenagers dress or mafia gangs among immigrant communities or gays being an annoyance.

A Petitioner reporting misconduct of protected classes of people may along with the petition be dismissed from the jurisdiction with prejudice.

When the Stalker denies menacing and felonious conduct by using cover-stories and alibis fo conduct the assert of the Petitioner about the Stalker may not on fail but be dismissed with prejudice.

Death of Justice

Ted Gunderson - I have quoted others quoting him each time. This time as a political scientist testing a theory about the health of the United States of America nation-state.

Ted Gunderson believed a Conspiracy killed Norma Jean (kept in an orphanage by Joseph Kennedy Sr.). The world famous actress had cameras surrounding her and like Dorothy Kilgallen and many others was about to talk.

Marilyn Monroe 'killed over bombshell diary revealing JFK's Area 51 secret' Rumours implicate the CIA, the FBI, the Mafia as well as Hollywood stars in 'fake suicide' conspiracy

…

Peter Lawford and Frank Sinatra have both been accused of involvement in Monroe's suicide The podcasts's writers say that Marilyn Monroe had become a pawn at the centre of a deadly power struggle between the President of the United States, his Attorney General brother. the highest levels of the Mafia, J Edgar Hoovers FBI, Frank Sinatra, and America's hidden Communist threat.

Celebrity biographer Danforth Prince says that when Marilyn's relationships with both JFK and his brother collapsed, Marilyn had nothing left to lose.

Marilyn's missing diary has raised serious questions for those who in- sist she killed herself. If she elected to commit suicide, it is doubtful she would have disposed of her diary in advance. It also raises questions re- garding the role LAPD and others may have played in her death.

Although Robert Kennedy and Peter Lawford [as Lawford con-

firmed] desperately attempted to find her diary and other items the night she died, all intelligence data indicates they were unsuccessful. - Bombsell book by Rothmiller and Doug Thompson

[using a fake picture to illustrate a Deathbed Confession] Retired CIA Agent Confesses on Deathbed: 'I Killed Marilyn Monroe'

[allegedly] 'Fake' news report holds that a retired CIA agent admitted in a deathbed confession that he assassinated Marilyn Monroe August 4 [British Royal espionage day Queen Mother Birthday 1962.

A 78-year old retired officer of the CIA, Normand Hodges, has made a series of astonishing confessions since he was admitted at the Sentara General Hospital on Monday. He claims he committed 37 assassinations for the American government between 1959 and 1972, including the actress and model, Marilyn Monroe.

Mr. Hodges, who worked for the CIA for 41 years as an operative with top-level security clearances, claims he was often employed as a hitman by the organization, to assassinate individuals who could represent a threat to the security of the country.

We had evidence that Marilyn Monroe had not only slept with Kennedy, but also with Fidel Castro. My commanding officer, Jimmy Hayworth, told me that she had to die, and that it had to look like a suicide or an overdose. I had never killed a woman before, but I obeyed orders … I did it for America! She could have transmitted strategic information to the communists,

and we couldn’t allow that! She had to die! I just did what I had to do!

> [image]

In amongst his many confessions, Normand Hodges admits to being a group member of five CIA agents, whose sole task was to carry out assassinations.

He also admits one of his assassinations being none other than glamour icon Marilyn Monroe, who was killed not just because of her ties with John F. Kennedy, but also because she slept with Fidel Castro, ultimately making her a massive national security risk.

Hodges had worked for the CIA

Hodges was a CIA officer for 41 years working as an operative amongst top level security clearances: he claims he was employed as a hit-man by the organization; his duty was to assassinate individuals who posed a threat to the security of the United States of America.

He was trained as a sniper and a martial arts expert but also trained in other methods ranging from taking people out with poisons to using explosives.

Despite his old age, Hodges has managed to recall each of the assassinations he committed for the CIA. He goes on to admit that the murders were carried out on American soil and by the orders of his then commanding officer, Major James “Jimmy” Hayworth.

He also claims the timeline for the assassinations were between August 1959 and March 1972, when the “the CIA had its own agenda”.

His victims were from all walks of life ranging from journalists, union leaders, political activists, artists, and scientists - all of which were killed because their radical ideas “posed a threat to the interests of the United States”.

Hodges admits that Marilyn Monroe was the only woman he had ever assassinated, a unique target at the time. He claims she had become a significant “threat to the security of the country” and had to be eliminated.

“We had evidence that Marilyn Monroe had not only slept with Kennedy but also with Fidel Castro”, says M. Hodges. “My commanding officer, Jimmy Hayworth, told me that she had to die and that it had to look like a suicide or an overdose. I had never killed a woman before, but I obeyed orders… I did it for America! She could have transmitted strategic information to the communists, and we couldn’t allow that! She had to die! I just did what I had to do!”

Marilyn Monroe died on the 5th of August 1962. Hodges claims he entered her room while the star was sleeping, injecting her with a fatal dose of Chloral Hydrate (a very powerful sedative) that was also mixed with Nembutal - a short-acting barbiturate, which ultimately caused her death.

The FBI is taking Hodges claims very seriously and has now placed him under custody whilst a full investigation is opened to attempt to verify his allegations.

The most important witness in the case would have been Major James Hayworth, who died of a heart attack in 2011. Two other CIA assassins who were identified by Hodges are also dead.
This could open up many questions about the CIA’s activities in America in that era.

New controversy surfaces over death

of American actress Marilyn Monroe

Written by Staff Writer 06 May, 2016 | 7:11 AM

The death of Marilyn Monroe , considered an Icon in the American Film industry in the late 50s and the early 1960's has incidentally led to a new controversy.

This is after, a retired CIA agent had confessed on his death bed that he had killed Marilyn Monroe.

Roman Catholic MK ULTRA CIA investigator Leo Joseph Ryan Jr. (May 5, 1925 - November 18, 1978) was among those who died violently who went undercover in Folsom Prison and other locations trying to catch the CIA in illegal experiments, etc., that were part of MK ULTRA around the world including Jonestown (of San Francisco Ryan was from operating out of Scottish Rites building partially tied to LBJ through Jim Jones. Ted Gunderson did not raise this issue but Mark Lane did who had even by today's standards some of the best direct evidence collected on the CIA and its murders of JFK, witness to the JKF assassination, and many journalists and also (if you ask Mark Lane) the death of Leo Ryan as tied to the CIA.

What the Republicans like Bush Cheney were able to do is with their religions (Salvation Army and YMCA and Vatican included) were able to build world espionage operations that were as opposed to Eastern religions or Atheism as much as businesses feared the same Eastern Block in the Cold War.

May Democrat Party officials today come from that NEOCON world plan and outlook.

Should we expect what Gunderson said to be true based on what we know from others who have credibly come forward the nearly always additive accumulation of documents and

evidence we have on the history of the USA?

"The government that governs with covert mafia intermediaries governs absolutely" and that is the United States of America and long has been.

That has been true in Banana Republics and in the USA as well.

There are a string of anti-crime figures who have met violent deaths. Most of them Roman Catholics and all of them in a string of violent deaths.

John F. Kennedy, Robert F. Kennedy, Ted Gunderson, Sonny Bono, Judge Roll, Justice Scalia, Micheal Lamoyne Kennedy, Jen Moore, Phillip Marshall, and others.

Along with the Mafia CIA figures themselves Sam Giacanca, David Ferry, Guy Bannister, Ray Ryan and others these were the Mafia sharp end of the Guatemalan or Cuban underground of gambling, gold, prostitution, cocaine, agriculture, oil, and other economic exploits conducted in overthrown nations who used the available wealth in those nations to finance their own overthrows.

Gunderson and the Kennedy's were working to insure the Democrat voter Big Business like Ford Motor company would not hire thugs like Chauncey Marvin Holt's cousin to break strikes or send pseudo-unionists in like Jimmy Hoffa who bad a special phone line to business leaders telling him when not to strike.

How does the mafia survive, protect itself? By attacks on the judges and law enforcement who try to bring the Mafia down.

[A] The Globe article said Bono was being chased when he hit the tree, and that he had become a target because of his efforts in the war on drugs.

“He was co-sponsor of the Methamphetamine Elimination Act of 1997 and bravely stood up to pushers like the ruthless Russian mob. Gangsters put a contract out on Sonny’s life after they were unable to blackmail him into taking pressure off their growing empire,” the story, written by Tom Kuncl, said.

https://www.justice.gov/archive/opa/pr/1997/December97/509at.html FOR IMMEDIATE RELEASE CRM FRIDAY, DECEMBER 5, 1997 (202) 616-2771 TDD (202) 514-1888

METHAMPHETAMINE AND COCAINE RINGS DISRUPTED IN OPERATION META WASHINGTON, D.C. -- In a unique collaborative law enforcement effort, federal, state and local authorities have arrested 57 persons involved in the manufacturing and distribution of methamphetamine and cocaine. The arrests, which began in the early morning hours of December 4, 1997 and ended late last night, were made as part of Operation Meta, an Organized Crime Drug Enforcement Task Force (OCDETF) and High Intensity Drug Trafficking Area (HIDTA) operation, designed to take down multiple organizations dealing in methamphetamine and cocaine on a national scale. Charges have been filed in Los Angeles, California; Dallas, Texas; and Greensboro, North Carolina.

"Operation Meta, which began this May and has now resulted in a grand total of 100 arrests, is just the latest step in implementing the National Methamphetamine Strategy we announced in April of 1996," said Attorney General Janet Reno at a press conference in Washington.

Among those arrested were Rafael Anguiano-Chavez, the key Mexican trafficker who heads the Los Angeles-based Anguiano organization, Carlos Javier-Martinez, who runs the day-to-day operations of the Anguiano organization, and Daniel Virgen who heads a Dallas-based wholesale drug distribution organization. In North Carolina, individuals involved in the wholesale and retain distribution of cocaine were also arrested.

"These arrests are the result of an unprecedented effort to shut down methamphetamine labs and disrupt the meth trade," said Attorney General Janet Reno. "We are sending a clear message to the meth merchants. We will find you, we will charge you, and we will shut you down." Reno noted that the operation's success highlighted the importance of cooperation and information sharing by law enforcement, activities that were encouraged by the Administration's National Methamphetamine Strategy released in April of 1996.

…

Yet that WAS the CIA and the CIA that killed JFK (Myers Lansky, Chauncey Marvin Holt, Murder Inc., LBJ and Phillip Twombly were using in the Caribbean and Gulf of Mexico, etc., and in 1997 when Bonno died Holt was coming clean on Murder Inc and traffickers hired by the CIA.

First This.

The Mafia in Cuba

The organised mafia in United States had initiated its activities in Cuba in the early 1920's, running rum and other alcohol; but the creation of a criminal empire as such began toward the end of 1933, when the first arrangements were made between the recently promoted Colonel Batista and "the Mafia's financier", Meyer Lansky, on direct orders of the great Charles "Lucky" Luciano.

Operations were immediately organised under the supervision of four Mafia families directed by the Corsican Amleto Battisti y Lora, Amadeo Barletta Barletta, Santo Trafficante (father) and Meyer Lansky himself.

The Cocaine Era

Lucky Luciano had been using Cuba as a midway point between heroin sources and consumer markets in the US and the representative of these channels in Havana was Corsican Amleto Battisti Lora.

In the prologue to the book La nueva era (The New Era), in which Battisti theorizes about the economic strategy of his time, journalist Fernando de la Milla affirms that Don Amleto was a tall, thin, slender man, with an elegance contrived through sobriety, with only a stark ring on his finger, never a tiepin or even a watch on his wrist, Amleto Battisti, a slow speaker, always piercingly attentive of his interlocutor, with his shining crescent-shaped bald head, looks like a young French Foreign Minister or a lecturing professor of immaculate appearance - mimicking Bergson´s style - well-loved by feminine audiences. The suggestive image of his figure could be multiplied in atmospheres of courtesy, diplomacy, exclusive gatherings, artistic circles, in short, refinement. However, comparative imagination falls short in an attempt to somehow associate the appearance of the man with his specific activity.

The Characters

Meyer Lansky: the Mafia's Ambassador in Cuba

The War Breaks Out Lansky was convinced that war with the New York groups was inevitable and started to adopt a series of measures. The first of these precautions, in late 1956, was to feign his retirement from business, but instead he created a typical mafia syndicate headed by Santo Trafficante, Jr. Consequently,

since early 1956, Lansky established a number of alliances with key personages from Las Vegas, Chicago and California, made arrangements with important political and financial figures and strengthened old links with intelligence services to provide greater solidity to his business in Cuba. Interests represented by Sam Giancana, from Chicago, started operating.

[Chauncey Marvin Holt worked for Lanskey as the accountant and skilled forger during the Cuba, Guatemala, and other operations under V.P. Nixon that JFK was trying to bring a stop to. The theory JFK had was it belonged under "augmented" control of more professional military operations accountable including as direct personnel and direct budget rather than mafia and illicit funding of intermediary (plausibly deniable contractor) assassins from the criminal world.]

The most important of all Mafia members in Cuba was the second boss of the American Mafia, Meyer Lansky, architect and head of the Havana Empire. Lansky was Jewish, born in Grozno, in the south of former czarist Russia, at the time Polish territory. He was taken to the United States by his parents in 1911. Later, Lansky shortened his surname - Maier Suchowijansky - to a more Americanized version. Word has it that Lansky had a practical intelligence, that he was clever and persuasive and preferred to act in the shadows. He was a close friend of Lucky Luciano since childhood - they had studied in the same school - and, when barely adolescents, they entered the New York underworld.

Agreements subscribed by the American Mafia and Colonel Batista towards the end of 1933 would be recalled in the following manner:

"Lansky traveled to Havana to meet with […] Cuba's strong man […] and came back with gambling rights […] including control of the casino already operating in the Hotel Nacional […] There were other legal

enterprises as well […] When Lansky and I began to talk about buying property, some looked at us as if we were insane […] Some could not see beyond their plateful of spaghetti […]"

Lucky Luciano: Our man in Havana

Lucky Luciano, born in Sicily, around 1930 and 1931 - after the death of Joe "the Boss" Masseria and Salvatore Maranzano -took upon himself the task of reorganising the old Mafia based in the United States; more that a hundred gangs of different origins were recast into twenty-four large groups which comprise the American Mafia today. He also used Cuba as a middle point between heroine supply sources and consumer markets in North America. The representative in Havana of these channels was Corsican Amleto Battisti Lora.

At the end of World War II, the American government, as part of its commitments, released Lucky Luciano of his sentence, in recognition of the services he rendered to American democracy; however Luciano hoped to settle in New York once again and to continue managing his businesses from there. However, it seems that other Mafiosi interests, headed by Don Vito Genovese - who aspired to become the new boss of the American Mafia - began moving their secret connections for the purpose of deporting Luciano back to old Sicily from where he could never return.

Santo Trafficante: Top Figure in Organised Crime

Sicilian Santo Trafficante - father and son organised gambling in the south of the United States- both had

long experience. Trafficante was the second boss of the Havana Empire, the front man of American mafia affairs in Cuba, with operational headquarters in the famous Sans Souci nightclub located on 51st Avenue.

Since the 1930s, thirty years before cocaine became popular in the United States, Trafficante was in charge of the cocaine distribution channels from the city of Medellin in Colombia to enchanting Havana. They even incorporated airlines especially for this purpose, operating from military airports, using equipment and technicians from the Cuban air force and with the blessing and support of the different political groups of the moment. They also controlled the network of fabulous casinos in Havana and “educated” prostitution, but above all, the lucrative cocaine business.

Amleto Battisti Lora: The King of Gambling in Havana

Tall, thin, slender, with an elegance contrived through sobriety and only a stark ring on his finger, never a tiepin or even a watch on his wrist, Amleto Battisti, a slow speaker, always piercingly attentive of his interlocutor, with his shining crescent-shaped bald head, looks like a young French Foreign Minister or a lecturing professor of immaculate appearance -mimicking Bergson ´s style - well-loved by feminine audiences. The suggestive image of his figure could be multiplied in atmospheres of courtesy, diplomacy, exclusive gatherings, artistic circles, in short, refinement. However, comparative imagination falls short in an attempt to somehow associate the appearance of the man with his specific activity.

In summary, that Amleto Battisti physically resembles anything except what he really is: a businessman. Neither his silhouette, apparently Gallic in style, the

attention with which he listens, his imperturbable serenity, minimal gestures or constantly muffled voice suggest that his mind is a mind of numbers, of probabilities and risks, of profits and losses.

Joe Stassi, the day-to-day manager of the Mob in Havana

Joe Stassi was the day-to-day manager of the Mob in Havana. He was seen as being a neutral figure, friendly to all parties in Cuba. The weekly Havana Mob meetings were held at his house which was seen as neutral ground. By the late 50's he was, at Lanksy's urging, very much on the business side of organised crime but he had, in his youth, been a feared assassin and enforcer once shooting his best friend at point blank range after being ordered to by his bosses.

In reality Stassi was a trusted associate of Lansky's. It was to Stassi's house that Lanksy sent all the winnings that he could save as chaos overran Havana on the night of Dec31/Jan1 1959. It was Stassi who travelled to New York in 1957 to organise the assassination of Anastasia.

Don Amadeo Barletta: the Undercover Spy

The family of Calabrian Amadeo Barletta Barletta built the greatest pyramidal criminal organisation we have news of. Barletta emerged in Havana at the end of the twenties, representing the economic interests of the Mussolini family in America. However, things became increasingly complicated until it was discovered that he was a double agent working for both Italian and American intelligence services from the Caribbean area.

In 1942, tracked down by the Federal Bureau of Investigations - which included him in its black list on February 7, 1942 - he managed to escape to South America, thanks to his numerous contacts. Warned by intelligence-mafia groups in Havana, he escaped from the island and secretly took refuge in Argentina, however in 1946, at the end of World War II, he reappeared in the Cuban capital, this time as representative of large US companies, including General Motors. In a few years he had built a prodigious empire consisting of casinos, renowned nightclubs, banks and dozens of front companies in the most diverse branches of economy and finances. He opened Cuban television Channel 2, controlled radio stations and the El Mundo newspaper.

Al Capone

From 1920 to 1933 the so-called Dry Law was in force in the U.S. During those years the majority of the alcoholic goods that entered U.S. territory came from the Antilles, Cuba among them.

Al Capone reached an agreement with the authorities and from then on the coast guards and shore police became implacable pursuers of the pirates, while they gave the green light to those who worked for Capone.

Capone had a liking for women and a passion for publicity inconceivable in a Mafia boss. He liked people to talk about him and repeat his name.

In the Havana Hotel Sevilla, where he stayed, he rented a whole floor for himself, his bodyguards and advisers. Likewise, popular legend says he asked to meet all the employees in charge of that floor. He had little to say to them, but congratulated each with a hundred dollar bill.

Little is known about Capone's doings in Havana. However, it is known that one afternoon he purchased three Patek Philippe watches at Le Palais Royal in Calle Obispo, probably the most important jewelers of the time. He paid six thousand dollars for them. Capone kept one for himself; the second he gave to the head of his guards, and the third, as already mentioned, would be for Rafael Guas Inclán who from 1954 to 1958 was vice-president of the Republic during Fulgencio Batista's dictatorship.

As far as known, Al Capone never returned to Cuba after that 1928 visit. In spite of being invited, he couldn't attend the meeting called by Luciano, at Havana's Hotel Nacional, together with the other main Mafia bosses in December 1946. He had just gotten out of prison, after finishing his sentence for tax evasion, and was already very sick.

U.S. GOVERNMENT RUNS 'GANG STALKING' VIGILANTISM, SAYS EX-FBI OFFICIAL

http://www.nowpublic.com/world/u-s-govt-runs-gang-stalking-vigilantism-says-ex-fbi-official

Official confirms what thousands of victims have long known: an evil U.S. shadow government is conducting a covert, taxpayer-funded genocidal purge of American society - while Congress and an apparently entrained Obama administration sleep.

Author's note: Former FBI official Ted Gunderson died of cancer on July 31, 2011. Was his illness induced by silent electromagnetic assault or by other nefarious means? We will never know - and that's just the way certain entities want it.

A former senior official of the Federal Bureau of Investigation says "rogue" military intelligence and law enforcement units of the federal government oversee a

nationwide network of community-based "gang stalking" harassment, intimidation and domestic terrorism directed at thousands of U.S. citizens who have been extrajudicially targeted as "dissidents" or undesirables.

Ted Gunderson, 82, who has served as the special agent in charge of the FBI's Los Angeles, Memphis and Dallas field offices, has stated in a series of public speaking appearances that he is now targeted by these same elements, and fears for his life and for the safety of his family. He reports that the windows of his home have been shot out, and he believes he has been poisoned and physically sickened by those seeking to silence him.

Since his retirement from the FBI in the 1979, Gunderson has been a Southern California- based private investigator. He is most noted for his defense work on the murder case involving former Army physician Dr. Jeffrey MacDonald.

The ex-FBI official's comments represent the most compelling testimony to date indicating that "*black operations*" of the federal government are dedicated to waging a ***covert war of terror and persecution targeting American citizens***.

"Based on my thirty years' experience and research, I have determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States," Gunderson stated in an October 2008 speech posted last fall on YouTube.

youtube.com/watch?v=o6MRciqml9I

NOTE: It appears that the link to the Ted Gunderson YouTube video has been sabotaged. Please search "Ted

Gunderson" and "YouTube" and look for the link to his speech at the Gulf Symposium. I believe this is more blatantly illegal and malicious interference with telecommunications by operatives of Lockheed Martin, under contract to U.S. Homeland-mil-intel, or another entity representing the agencies, commands and corporations of the U.S. fusion center network.

"It is far too extensive to be controlled by private enterprise," Gunderson said. "I believe this well organized and sophisticated operation has a central command located somewhere in the United States, with multiple satellite offices scattered throughout the country."

Said Gunderson:

"It appears those who administer the program can call any location in the United States for surveillance, a telephone tap, or… harassment directed at a victim, and immediately dispense manpower to the source… This well-greased, covert operation makes the old FBI counterintelligence program (code-named "Cointelpro") look like a Sunday school class."

Gunderson also maintains that federal security and law enforcement agencies and commands have been infiltrated by members of secret societies such as the Illuminati, which he has described as a satanic criminal cult.

This correspondent has reported that Lockheed Martin, the world's largest defense contractor and the prime cyber-security and information technology supplier to the federal government, coordinates the communications and trains the "team leaders" of a nationwide Gestapo-like apparatus, which has tentacles into every security and law enforcement agency in the nation, including state and local police and 72 regional "fusion centers"

administered by the U.S. Department of Homeland Security. According to company literature, Lockheed Martin has operations in 46 of the 50 states.

nowpublic.com/world/rule-law-morality-die-usa-fusion-center-slow-kill-genocide

Lockheed Martin also has operational command and control over a U.S. government microwave radio frequency weapon system, deployed on cell tower masts throughout the U.S., that is being used to silently torture, impair, subjugate and electronically incarcerate so-called “targeted individuals.” The nexus of this American “torture matrix” appears to be Lockheed Martin’s Mission and Combat Support Solutions central command center in Norristown, Montgomery County, PA., which employs several thousand workers. The defense contractor’s global headquarters is in Bethesda, MD, just outside the nation’s capital.

nowpublic.com/world/u-s-silently-tortures-americans-cell-tower-microwaves

Lockheed Martin, under contract to U.S. security and intelligence agencies and commands, also conducts warrantless surveillance of the telecommunications of targeted persons, and routinely censors and tampers with the content of their communications, as this reporter has documented in a series of recent articles:

nowpublic.com/world/u-s-govt-uses-spoofed-web-pages-and-urls-censor-internet
nowpublic.com/world/more-blatant-ideological-net-censorship-u-s-intel-gestapo
nowpublic.com/world/phony-facebook-comment-block-lockheed-martin-cyber-censors
nowpublic.com/world/wash-post-blog-moderation-used-cover-u-s-govt-censorship

Thousands of Americans, including this veteran journalist, have publicly reported being the victims of silent electromagnetic assault and community-based home intrusions, vandalism, and even the poisoning of food, water and air. Federal and local law enforcement routinely dismiss their reports as the product of delusions or mental illness, and refuse to investigate their complaints.

nowpublic.com/world/put-under-microwave-weapon-mil-contractor-goons-terrorize
nowpublic.com/world/u-s-microwave-weapon-drops-body-temp-cold-blooded-torture
nowpublic.com/world/microwave-tortured-inside-lowes-superfresh-gestapo-usa
nowpublic.com/world/u-s-cellular-microwave-weapon-pierces-skull-sonic-torture
nowpublic.com/world/sadistic-web-ads-foreshadow-silent-u-s-microwave-weapon-attacks

These “targets” and their families have been physically harmed and financially destroyed as a result of taxpayer-funded “psychological operations,” police-protected community “stalking” harassment and malicious vandalism, and other covert programs of personal destruction, including government-assisted financial sabotage. Many appear to have been targeted as a result of their politics; their activism or corporate whistle-blowing activities; their ethnic background; or as a result of score-settling vendettas by persons in positions of power - in government and in the private sector.

The former FBI executive’s remarks are only now attracting widespread exposure on this and other web sites. This correspondent believes that recent revelations of government-sponsored domestic terrorism against U.S. citizens have prompted some conscientious insiders to call attention to Gunderson’s public statements.

Gunderson has said that government-sponsored gang stalking terrorism is financed “through illegal black operations,” such as sales of illegal drug; gambling; prostitution; and even sexual exploitation of children. But this reporter believes it is more likely that programs of government-sponsored domestic terrorism are funded from military and security “black ops” budgets that have been illegally diverted to covert domestic programs administered and conducted primarily by defense contractors.

Late last year, The New York Times disclosed that an official of the U.S. Air Force had set up an unauthorized military intelligence spy ring in Pakistan and Afghanistan, run by Lockheed Martin and funded by defense appropriations.

nytimes.com/2010/10/29/world/asia/29intel.html

This correspondent suspects that a similar arrangement could be funding government-sponsored “gang stalking” operations throughout the nation, and has urged Congress to immediately hold public hearings as part of a comprehensive investigation of military-style “black ops” targeting American citizens and their families - a silent, slow-kill genocide motivated by ideology and hate.

Π **Chart**

With the death of the Kennedy's (very hard to deny) and the death of witnesses (mostly denied) there are two other slices of the pie. Those who have died I know about is one of them still missing from the picture and those who have named the Deep State and the corruption network that thrives as organized crime.

Not all of this can I explain nor can I even guess exactly how it came about. I can describe some of the weird filling of whatever pie slice surrounds my life. First on Race Relations I had said I was a Snowflake, not a white, with my own serious genetic problems. I believed in individuality. On race when that got started about white oppressors I had noted Asians and Caucasians had noses in common, etc., and that African evolution was further away as far as language, genetics, etc., and we should expect both cultural and genetic and religious and language variance more so than from with Europe of the caucuses.

I had no less than 600 death threats within a year from total strangers upon my saying that. When I arrive in Corpus Christi it was made more blatant. I was told that Blacks and Aisians had been single group of dark skinned evolution that had also existed in Mexicans but the Mexicans lost their evolution to Europeans over time. The noses of Asian and Black showed the common heritage. First I was uninterested in the fight. But it was more than that.

I was being farmed in Texas as much and more so than in other states. A Racket was acting like I was following women around, teens around, etc,. Further though I had pointed out that witnesses if found like Cym could prove I had BROKEN UP underage activity rather than been in it but like appearing schizophrenic, retarded, etc., the smear campaign continued sometimes with 400 assaults in a day.

This is what my motehr experienced and I had watched it starting at Four Wheel Break in Walnut Creek in the 1980's but did not know the name for it back then, etc.,

Since then another pie slice other than my life emerged called the Targeted Community. GangStalks, NWO and DEW finally explained, even the DEW attack on my.

Organized Crime laws are starting to shut down Criminal Stalks, Terror Stalks, etc., and I am now offering the pie whole, a chart of how the Donegan Slice along with the Targeted Community lives fit into the other slices of the JFK story for aa whole chart, complete pie chart.

Ted GUnderon Bio

Within the United States We Have Friends of Liberty

Those who seek it or those who seek because they have found they have lost it and want it back.

Let me provide my (Edward Paul Dongan) readers with the opening Mark Rich provides to his readers in The Hidden Elite, a book about big names (many think Cheney, etc., CIA figures of old money or Boston Brahim) are leading illegal coordinated abuse in illegal FBI and CIA programs for their (the elites's) own needs of protecting their global business NWO empires in various ways.

The problem of Organized Harassment is approached from several angles. The victim impact of those who die homelessly in the cold or from the violence on the mean streets or the poor hygeiene in those conditions or unhealthy exposure to communicable disease or lack of resources to cope with emergency or trama or poor social safety net or financial safety net.

The development of these conditions in a harassed person's life is at times discussed by some including myself as Military Intelligence Black Opps that include use of poisons in foods,"haunting" (a practice of actions from cars flashing headlights inexplicably or being in an odd pattern up to pointing guns or rifles at a person, air punching them, or Noise Campaign of harassing noises filling a whole neighborhood but clearly to a person being watched is following them, how they move, what they are doing, etc., as if a lion poised to strike that you are aware but refuse to identity itself.

Psychiatric Shock Troops are part of FBI Psychological Warefare techniques and frequently are develope to traumatic to the person being Stalked.

FOr these people who consider the Psychological paramilitary tactics the fear and terror inflictedis often an attempt to get person to seem to be paranoid. I have been admitted with my families unwelcome assistance into many pscyhwards saying I was being stalked to disbelieving people.

I think that is the real operative element and many others do to. Those who rebuke the stalkers are often not taken seriously or they themselves are administratively disciplined fora confrontation or complaining about a stalker, the administrator perhaps already hostile towards the person being stalked.

But that sets up the methodical perspective (rather the operative -operational perspective about getting a person into custody or banned from a location via an undercover interoperate.)

The Methodical Perspective of Organized Stalker is the a Lynch Mob will evict a person on a hair-trigger against a person or completely false excuse IF they believe doing so would remediate some problem that exists that the excuse, if used, would solve, so the excuse to act against a stalk victim is taken.

For my Methodical Perspective I use the Labor Racket or Protection Racket. A racket first creates a problem that does not exist because a pretext is needed (and there is no real one) to get the resulting labor action (the labor being an administrator of a library or apartment complex or rec facility to black-list a person.)

Gang Stalkers create Black (Defamatory) appearances about a person then involve "re-mediators" who recognize the seeming threat that now exists and will find a way to blacklist the person as a threat as the solution to the problem created.

Lynch Mobs feel good about what they do (hang someone thought to be a criminal) which is a solution out of court to problem they were told exists. Deceiving others (inciting Dupes or Flying Monkeys as their called) based on gossip to harass a

person is the two step process, ruin a person's life by smearing them in smear campaigns. The retaliation against a black listed person seems a good act to the crowd but it was based on a fraudulent pretext.

In very formal settings it may be hard to evict on a pretext (such as political reasons) but if a person is agitated in a way that creates hostile and tens situations the justification for black-listing a person is much easier, thus the situations are purposes made tense.

Why and how the CIA and FBI start undercover hostilities towards people and how illegal these programs are now are getting more discussions from people like Mark Ritch.

Subtitle: The Financial Elite's Covert War Against The Civilian Population

Thanks [From Mark Rich to his mother who like my mother Glorian tended me with faith in me as I grew and continued to grow even in or because of adversity]

This book was funded by Claire L. Rich. She also provided me with food and other necessities.

More people are discovering that they are being attacked and that their cities and towns are under siege. Eventually, many also determine that their elected offcials, government agencies, media, and NGOs, are standing down while the financial elite use their security forces to torture and murder citizens worldwide.

There has been a coordinated effort to conceal this system of persecution by the organizations which people rely on to expose such things. Unfortunately, even groups that you might think would be the first to reveal this issue have been providing cover for it by not reporting or understating it.

At some point in the future it will be common knowledge that this existed. I hope this book helps you in some manner. Thank You, - Mark M. Rich

Overview

Throughout this book I (Mark Rich) will be presenting evidence on what I've discovered to be highly organized, covert, psychological warfare campaigns being carried out on the civilian population in all NATO countries.

Upon researching this phenomenon, I found that it led to elite organizations that have instigated wars, manipulated major historical events, and have wreaked havoc on a population that is largely unaware of their existence.

I will be explaining something that resembles insanity because it is caused by those who are pathological. The information in this book will be uncomfortable to most people. I do not present it for the purpose of scaring you, but it is a peripheral result of explaining something this repulsive in detail.

There are multiple websites now devoted to this topic which are listed in the Sources section of this book. Some independent talk shows such as The Grassy Knoll, The Power Hour, The InvestigativeJournal, and a few others, have covered this topic.

But it is not talked about in the popular media for reasons which I will explain.

Each person or organization used as a source may not necessarily agree with my overall estimation of this. If you're on the receiving end of these attacks, or even if you're not targeted but have researched it, you may not completely agree with my findings. I'm just presenting the information that I've compiled. I don't propose to have all the answers.

There are people who will have a vested interest in discrediting me and the information in this book. I've taken much caution to minimize the amount of informational errors that it contains. But most books contain some errors. I have taken little liberty when making certain points that I believe are pertinent by doing my best to document this phenomenon as much as possible.

But, as much as I've done my best to do this, the media and others may find something wrong with it and relentlessly attack me. Some words or phrases may be twisted around and quoted out of context. Small irrelevant inconsistencies may be blown out of proportion. There may also be a pervasive effort by multiple targeted individuals to discredit me or this information. As I'll demonstrate, these are predictable tactics.

I will be referencing the work of doctors, former federal law enforcement, politicians, and researchers. Some of these individuals have seen how things really works due to their experience on the front lines. This experience has given them a glimpse of matters that will eventually affect everyone. They have issued warnings to the public in their publication

Jen Moore Was Among Our Friends

The undercover espionage teams planting child porn, using thugs as intermediates ("Don't talk or you will be silenced") and creating cover harassment and false allegations in people's lives is what she and I Edward Paul Donegan and Tom Dunham were doing - calling out the faked documents, faked events, staged appearances, etc., that were not only illegal as break-ins., death threats (credible) that if a person continue to talk or write they will be attacked again by thugs) are already illegal and this does (the illegal COINTELRP) come from high officials and is cover up for telling the truth of the JFK assassination.

It becomes more illegal since it uses thug gangs from local neighborhoods to benefit from faked charges against a person being subjected to faked charges and is money laundering as well and tied into adult entertainer RICO operations where the CIA has long existed.

As I Edward Paul Donegan and Tom Dunham were collecting data and Jen Moore was too she was finally assassinated.

VIDEO BY JEN MOORE Turning the Tables: Watchers & stalkers become the Watched! https://www.youtube.com/watch?v=JC8gn-8U80E

@judyanderson386 I love the concept and the plan, Task Force --- taking back your power and putting all your skills and training into action. Be safe!

angelachi2079 TF, thanks for your willingness to bring all this to light & supporting those victimized. You goooooooo girl!!!

This happened exactly as I was passing my own collected data around of impersonations of me, break-ins, etc., and then she had the data and died withing days as she had it too.

Ted Gunderson, Geral Sosbee, and others also assert these

lethal undercocver operations conducted inside the USA by powerfull figures.

HEre is some data too.

The Business Plot of 1933 was an attempt to establish a fascist organization in this country - and might have been placed in execution when and if the financial backers deemed it expedient."

The media turned on Major General Smedley D Butler of the US Marine Corps who played along with the conspirators for a period of time before announcing their existence.

Butler,calling his allegations a hoax. President Roosevelt eventually cut a deal with the plotters and nothing more came of it. However, General Butler named the names. when he appeared before Congress to tell the story. Some of the names and companies you might recognize:

U.S. Steel, Standard Oil, General Motors, Chase Nationall Bank, Goodyear Tires, Prescott Bush, The Dupont family, William R. Hearst, Howard Heinz, E.F. Hutton, Andrew W. Mellon, George M. Moffett, J.P. Morgan, Grayson M.P. Murphy, the itcairn Family, J. Howard Pew, Hal Roach, Rockefeller Associates, Felix Warburg Source www.occupy-marines.org - FIGHTING FOR THE NOT THE 1%

A Psychological Warfare Aristocracy would need a front-line hero into the flag bearer role and the troops offered to support the Business Plot mnay have been used to conduct smear campaigns, use of front businesses for CIA clandestine activities while purporing not to do so, etc,

An organization such as this with out-of-government (and thus far harder to track and constrain from illegal financial, criminal, or other acts) while still working in coordination with those its media and political power-brokers back in elected office.

…

These are the usual names and seem to tie into Allen Dulles, John Foster Dulles, Bissle Jr.,. the Mueller and Barr families, Bush family, and more recently the Obama family.

Chaos is Truth (letter to Austin Texas Police Oversight)

The Secret Global Power Elite

The total theory of New William Cooper books is that in the Finest Hour a pause in Nazi conquest occurred at the English Channel. During that pause parts of the world at training and volunteering from other nations and RADAR allowed for the defense of England, the safe harbor for fleeing French and other forces and a counter attack later into Nazi held continental Europe.

Great Britain and the USA remained close in military and cold war plans including subversion and overthrow the British had long used. JFK tried to interrupt this, British loyalists in the USA assassinated JFK.

A part of this was the overthrow system backed Guilded Age free Mason Robber-Barrons and some of their bastard children to be backed by PsyOps in targeted countries and this is related to The Kings Speech and FOXP2.

In a Lansdale memo to General CD Douglas Lansdale suggested in 1951 that allies be found against Communism and to arm and ally with those entities and that could include churches to Mafia and anything in-between.

This also resulted in the Rockefeller Republican party wing trying to cover-up JFK and Cold War history subversion

activities and participants since then. Many of Today's and Yesterday's leaders were part of that history.

The National Security Council [said it] could declare war, fund it with oil profits, arm it with military surplus and active inventory US arms soldiers and contractors all independent of the US Constitution.

I am Edward Paul Donegan continuing Ted Gunderson, Jen Moore, Col Prouty (who I knew) Chauncey Marvin Holt, Mark Lane, Penn Jones Jr., Jesse Ventura, Cheryl Williams, David Rothkops's Anthony Chaitkin and Webster Trapley's and William Cooper's tale of the British and "galactic aliens" above earth coordinating world affairs to the object of JFK.

The War Powers act carrying out the Constitutional War Powers responsibilities finally reigned in some of this.

New William Cooper Press books deal with father and RECON flying during the Korean War from Japan and the CIA presence there with Prouty and Indonesia plans. Asia Tokyo Soviet Union Guatemala Indonesia.(ATSUGI) Guatemala was in their as earliest Latin America plans the real plans beginning in 1951. While their Mr Bush Donald Barr of the CIA and others wanted help with a Sleeper Agent for Indonesia and like JFK were pressured into it reluctantly as the fight with LBJ and LBJ's East-West Center and Lawford Shirver intensified.

[image]

There are many witness to the FACT that John F. Kennedy NEVER SAID “There’s a plot in this country to enslave every man, woman and child. Before I leave this high and noble office, I intend to expose this plot.”

William Cooper wrote about big money holders conducting Quiet Wars.

In electrical engineering, two conductors are said to be inductively coupled or magnetically coupled when they are configured in a way such that change in current through one wire induces a voltage across the ends of the other wire through electromagnetic induction. A changing current through the first wire creates a changing magnetic field around it by Ampere's circuital law. The changing magnetic field induces an electromotive force (EMF) voltage in the second wire by Faraday's law of induction. The amount of inductive coupling between two conductors is measured by their mutual inductance.

The theory of these industrialists is that they could quietly use liquid assets (money, near commodities in surplus military gear on international or black-markets rather than national militaries and let these assets enhance or created the strength of one side of a war without the aid coming from any nation or may from any national but from NWO organizations.

Images show JKF and the tree tree top in Outer Space hidden from Earth by blackness of space that controls the countries of the world its roots feeding from and controlling the internal operations of countries under its control. West is Europe and the Atlantic East is the Pacific Islands.

My (Ed Donegan) Prouty Donegan theory is that they planned with the CIA for Donegan genome for an Indonesian sleeper and is my half-brother Barrack Obama Jr.

The premise is in Tree Detail photo that so much money is made by Occupying Economic Organizations that those can fund the subversion of nations IF the can find surplus arms and soldiers of fortune willing to take on the fight for gaining control of the resources.

This greatly reduces the role of the sponsoring national flag of the ships and planes and forces and reduces the risks to the sponsoring flag since the arms and soldiers are conflated with rebel unites internal to the destabilized sovereign nations. IT is the Prizes of Wars go to Pirates secretly sponsored by super-powers or others.

"This is England. WE have your Commies approaching you on our scope too. We can assist from Bermuda and other locations." "10-4 that. We have covert operations underway. We appreciate the assist.

I have tried to appeal to your police duties, finding that which is out of order and pursuing that until you find some mass larger force reason for it being out of order and understanding what is true.

But that has not work because of the Chaos we live in and I must show you that Chaos is truth. Like the patterns in weather and tides that show real substantive and measurable forces of Nature that influence larges systems that drive the smaller elements and conditions you must understand the global, historical, scientific, and financial realms of the forces affecting us, driving us, and corrupting us from the top-level down.

In series or one filing in the next few days I will repeat written statements of Keith Labellla, Ted Gunderson, Geral Sosbee, Carl Clark, Karen Steward, March Rich, Kathy Medows, Jen Mooore, and myself.

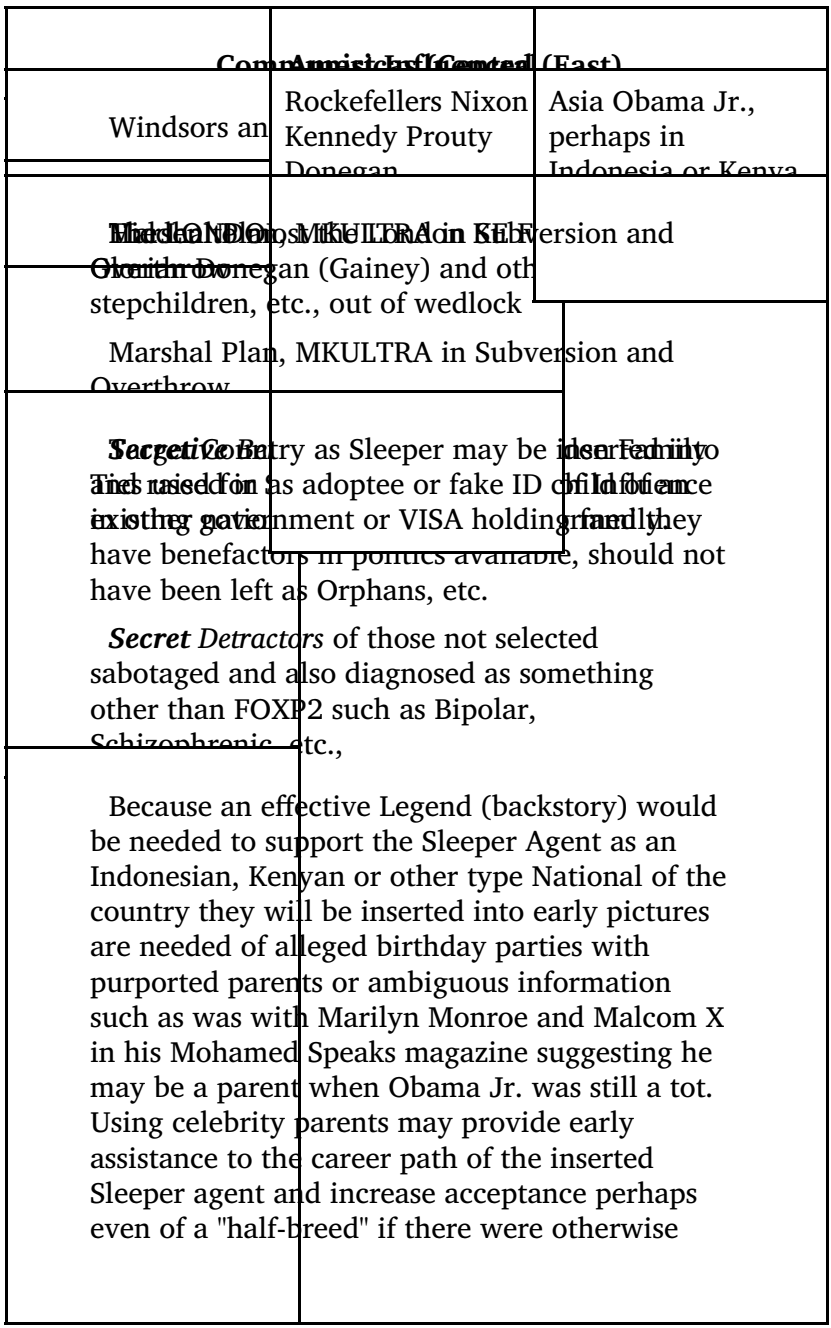
We assert Global forces still covering up the JFK assassination control a Cabal that uses illegal acts against witnesses and this toxicity that I and these others have experienced and a Quiet Coup de Tat, a Quiet War attack on the USA that depends on silencing witnesses like myself.

I will authors like Ralph Thomas, Richard Belzer that show in history the likely truth of evidence that the CIA killed Kennedy and are covering it up.

As I prepare for this I offer a reminder in truth finding and that personal stories of participants (death bed confessions) witnesses and other evidence including evidence of cover-ups in that same system are the Chaos the can be read to find the larger forces at work a though finding a black hole by both the affects of it and in this metaphor even now having some stories

from those who spent some time inside it and came out.

If your eyes are open but narrowly like my bigotry or political system open them wider since they are not stuck shut.



Rockefellers Nixon Kennedy Prouty Donegan
Asia Obama Jr., perhaps in Indonesia or Kenya
Windsors an
Marshal Plan, MKULTRA in Subversion and Overthrow
Secret Detractors of those not selected sabotaged and also diagnosed as something other than FOXP2 such as Bipolar, Schizophrenic, etc.,

Because an effective Legend (backstory) would be needed to support the Sleeper Agent as an Indonesian, Kenyan or other type National of the country they will be inserted into early pictures are needed of alleged birthday parties with purported parents or ambiguous information such as was with Marilyn Monroe and Malcom X in his Mohamed Speaks magazine suggesting he may be a parent when Obama Jr. was still a tot. Using celebrity parents may provide early assistance to the career path of the inserted Sleeper agent and increase acceptance perhaps even of a "half-breed" if there were otherwise

nationalistic distrust.

The Known and Hidden Identities as political flow

From 1957 to 1963, Lansdale worked for the Department of Defense in Washington, serving as Deputy Assistant Secretary for Office of Special Operations (with Col. Fletcher Prouty), Staff Member of the President's Committee on Military Assistance, and Assistant Secretary of Defense for Special Operations. During the early 1960s, he was chiefly involved in clandestine efforts to topple the government of Cuba, including proposals to assassinate Fidel Castro. Much of this work was under the aegis of "Operation Mongoose", which was the operational name for the CIA plan to topple Castro's government.

> 7 March 1953
> MEMORANDUM FOR C.D. JACKSON
> Subject: Latin America
>
> 1. You requested some thoughts on Latin America, based upon lessons learned in the Philippines, In order to be of most help to you, in the possibly brief time before my departure overseas, I am dividing my suggestions in two parts. The first part is attached.
>
> The second part requires deep study of an area unfamiliar to me. If there is insufficient time to write the second part, there are competent folks in C.I.A. who can do it.
>
> 2, The first part is an outline of my personal opinion of the basic mechanism needed to win the struggle we face. It is a start, not exhaustive.

It is the first time I have tried to describe it concisely, so perhaps there are some rough spots. Latin America is rich in assets for its most efficient working,

3. The basic mechanism must be locked at as only the covert or semi-covert part of the United States team in each country. The rest of the team should be playing in the same game, towards the same goal. If it isn't, the United States loses. Thus the critical task falls upon the Executive, for clear statement of our Policy towards each country and compliance of officials to both spirit and letter of that policy.

4. The second part of my suggestions concerns the application of the basic mechanism to each country. The start should be a penetrating review of what we know of each country. From this review, by individual country, we list the real targets to be destroyed, the assets (including names of persons) in that country which will destroy the targets, and a sketch of how an agent or agents make those assets viable. The description of the basic mechanism contains thoughts on this.

5. If this way of doing is acceptable, then the means are next. You know where help awaits you in doing it successfully,

SG hysdota

EDWARD G LANSDALE COLONEL USAF,,
DECLASSIFIED with deletions and continued …

Summarized Description

In each country, there forces and leaders (actual or potential) believing In the freedom of the In forms as

> varied as our Interpretation of that principle. We must put the United States (represented by Its agent), quietly, Into contact with those forces and leaders, strengthening them until they become the authority of that country. Then we insure that such authority does not become perverted Into fascism or communism. we Insure by aiding Internal balance of power, vigilantism, and similar means. In all of this, we are the friendly helpers, not the doers. We help others help themselves.
>
> The principal Agent [Of Influence] must either have achieved stature In the target country or be capable of achieving stature. The two best places to look for him are In the target country or the United States. Long-time residents In a foreign country tend to paternalistic colonialism or to thinking of natlvee as divided between social equal and not-quite-bright ("children" In Ite milder form, "nl*ggers in the worst) Perhaps he can be picked from a Iist of Most Loved Yankees" supplied by native opinion makers in the country (our existing U.S. apparatus has the means to obtain a list, even though it might be contaminated) or supplied by US. citizens who know the country well (this might not be as accurate as that supplied by the natives). Such a list might name former ambassadors, military personnel, businessmen, or professionals who had spent several years In target country and would find a ready welcome again.

Some information I (Ed Donegan) have moved to top of the pages to call your attention to witness accounts and increasing forensic capabilities and hands at work analyzing and combing over data.

Evidence retrieved from Wikipedia and copied or

modified to here

Evidence for a proposition is what supports the proposition. It is usually understood as an indication that the supported proposition is true. What role evidence plays and how it is conceived varies from field to field.

Specific types of evidence

- Digital evidence
- Personal experience
- Physical evidence
- Relationship evidence
- Scientific evidence
- Testimonial evidence
- Trace evidence

In epistemology, evidence is what justifies beliefs or what makes it rational to hold a certain doxastic attitude. For example, a perceptual experience of a tree may act as evidence that justifies the belief that there is a tree. In this role, evidence is usually understood as a private mental state. Important topics in this field include the questions of what the nature of these mental states is, for example, whether they have to be

propositional, and whether misleading mental states can still qualify as evidence.

In phenomenology, evidence is understood in a similar sense. Here, however, it is limited to intuitive knowledge that provides immediate access to truth and is therefore indubitable. In this role, it is supposed to provide ultimate justifications for basic philosophical principles and thus turn philosophy into a rigorous science. However, it is highly controversial whether evidence can meet these requirements.

In philosophy of science, evidence is understood as that which *confirms* or *disconfirms* scientific hypotheses. Measurements of Mercury's "anomalous" orbit, for example, are seen as evidence that confirms Einstein's theory of general relativity. In order to play the role of neutral arbiter between competing theories, it is important that scientific evidence is *public* and *uncontroversial*, like observable physical objects or events, so that the proponents of the different theories can agree on what the evidence is. This is ensured by following the scientific method and tends to lead to an emerging scientific consensus through the gradual accumulation of evidence. Two issues for the scientific conception of evidence are the problem of underdetermination, i.e. that the available evidence may support competing theories equally well, and theory-ladenness, i.e. that what some scientists consider the evidence to be may already involve various theoretical assumptions not shared by other scientists. It is often held that there are two kinds of evidence: *intellectual evidence* or what is self-evident and *empirical evidence* or evidence accessible through the senses.

Other fields, including the sciences and the law, tend to emphasize more the public nature of evidence (for example, scientists tend to focus on how the data used during statistical inference are generated).

In order for something to act as evidence for a hypothesis, it has to stand in the right relation to it. In philosophy, this is referred to as the "evidential relation" and there are competing theories about what this relation has to be like. Probabilistic approaches hold that something counts as evidence if it increases the probability of the supported hypothesis. According to hypothetico-deductivism, evidence consists in observational consequences of the hypothesis. The positive-instance approach states that an observation sentence is evidence for a universal hypothesis if the sentence describes a positive instance of this hypothesis. The evidential relation can occur in various degrees of strength. These degrees range from direct proof of the truth of a hypothesis to weak evidence that is merely consistent with the hypothesis but does not rule out other, competing hypotheses, as in circumstantial evidence. In law, rules of evidence govern the types of evidence that are admissible in a legal proceeding. Types of legal evidence include testimony, documentary evidence, and physical evidence. The parts of a legal case that are not in controversy are known, in general, as the "facts of the case." Beyond any facts that are undisputed, a judge or jury is usually tasked with being a trier of fact for the other issues of a case. Evidence and rules are used to decide questions of fact that are disputed, some of which may be determined by the legal burden of proof relevant to the case. Evidence in certain cases (e.g. capital crimes) must be more compelling than in other situations (e.g. minor civil disputes), which drastically affects the quality and quantity of evidence necessary to decide a case.

Nature of evidence

Notion

Understood in its broadest sense, evidence for a proposition is what supports this proposition. Traditionally, the term is sometimes understood in a narrower sense: as the intuitive knowledge of facts that are considered indubitable. In this sense, only the singular form is used. This meaning is found especially in phenomenology, in which evidence is elevated to one of the basic principles of philosophy, giving philosophy the ultimate justifications that are supposed to turn it into a rigorous science. In a more modern usage, the plural form is also used. In academic discourse, evidence plays a central role in epistemology and in the philosophy of science. Reference to evidence is made in many different fields, like in science, in the legal system, in history, in journalism and in everyday discourse. A variety of different attempts have been made to conceptualize the nature of evidence. These attempts often proceed by starting with intuitions from one field or in relation to one theoretical role played by evidence and go on to generalize these intuitions, leading to a universal definition of evidence.

One important intuition is that evidence is what justifies beliefs. This line of thought is usually followed in epistemology and tends to explain evidence in terms of private mental states, for example, as experiences, other beliefs or knowledge. This is closely related to the idea that how rational someone is, is determined by how they respond to evidence. Another intuition, which is more dominant in the philosophy of science, focuses on evidence as that which confirms scientific hypotheses and arbitrates between competing theories. On this view, it is essential that evidence is public so that different scientists can share the same evidence. This leaves publicly observable phenomena like physical objects and events as the best candidates for evidence, unlike private mental states. One problem with these approaches is that the resulting definitions of evidence, both within a field and between fields, vary a lot and are incompatible with each other. For example, it is not

clear what a bloody knife and a perceptual experience have in common when both are treated as evidence in different disciplines. This suggests that there is no unitary concept corresponding to the different theoretical roles ascribed to evidence, i.e. that we do not always mean the same thing when we talk of evidence.

Characteristics

On the other hand, Aristotle, phenomenologists, and numerous scholars accept that there could be several degrees of evidence. For instance, while the outcome of a complex equation may become more or less evident to a mathematician after hours of deduction, yet with little doubts about it, a simpler formula would appear more evident to them.

Riofrio has detected some characteristics that are present in evident arguments and proofs. The more they are evident, the more these characteristics will be present. There are six intrinsic characteristics of evidence:

- The truth lies in what is evident, while falsehood or irrationality, although it may appear evident at times, lacks true evidence.
- What is evident aligns coherently with other truths acquired through knowledge. Any insurmountable incoherence would indicate the presence of error or falsehood.
- Evident truths are based on necessary reasoning.
- The simplest truths are the most evident. They

are self-explanatory and do not require argumentation to be understood by the intellect. However, for those lacking education, certain complex truths require rational discourse to become evident.

- Evident truths do not need justification; they are indubitable. They are intuitively grasped by the intellect, without the need for further discourse, arguments, or proof.

- Evident truths are clear, translucent, and filled with light.

In addition, four subjective or external characteristics can be detected over those things that are more or less evident:

- The evident instills certainty and grants the knower a subjective sense of security, as they believe to have aligned with the truth

- Initially, evident truths are perceived as natural and effortless, as Aristotle highlighted. They are innately present within the intellect, fostering a peaceful and harmonious understanding.

- Consequently, evident truths appear to be widely shared, strongly connected to common sense, which comprises generally accepted beliefs.

- Evident truths are fertile ground: they provide a solid foundation for other branches of scientific knowledge to flourish.

These ten characteristics of what is evident allowed Riofrio to formulate a *test of evidence* to detect the level of certainty or evidence that one argument or proof could have.

Different approaches to evidence

Important theorists of evidence include Bertrand Russell, Willard Van Orman Quine, the logical positivists, Timothy Williamson, Earl Conee and Richard Feldman. Russell, Quine and the logical positivists belong to the empiricist tradition and hold that evidence consists in sense data, stimulation of one's sensory receptors and observation statements, respectively. According to Williamson, all and only knowledge constitute evidence. Conee and Feldman hold that only one's current mental states should be considered evidence.

In epistemology

The guiding intuition within epistemology concerning the role of evidence is that it is what justifies beliefs. For example, Phoebe's auditory experience of the music justifies her belief that the speakers are on. Evidence has to be possessed by the believer in order to play this role. So Phoebe's own experiences can justify her own beliefs but not someone else's beliefs. Some philosophers hold that evidence possession is restricted to conscious mental states, for example, to sense data. This view has the implausible consequence that many of simple everyday-beliefs would be unjustified. The more common view is that all kinds of mental states, including stored beliefs that are currently unconscious, can act as evidence. It is sometimes argued that the possession of a mental state capable of justifying another is not

sufficient for the justification to happen. The idea behind this line of thought is that justified belief has to be connected to or grounded in the mental state acting as its evidence. So Phoebe's belief that the speakers are on is not justified by her auditory experience if the belief is not based in this experience. This would be the case, for example, if Phoebe has both the experience and the belief but is unaware of the fact that the music is produced by the speakers.

It is sometimes held that only propositional mental states can play this role, a position known as "propositionalism". A mental state is propositional if it is an attitude directed at a propositional content. Such attitudes are usually expressed by verbs like "believe" together with a that-clause, as in "Robert believes that the corner shop sells milk". Such a view denies that sensory impressions can act as evidence. This is often held as an argument against this view since sensory impressions are commonly treated as evidence. Propositionalism is sometimes combined with the view that only attitudes to true propositions can count as evidence. On this view, the belief that the corner shop sells milk only constitutes evidence for the belief that the corner shop sells dairy products if the corner shop actually sells milk. Against this position, it has been argued that evidence can be misleading but still count as evidence.

This line of thought is often combined with the idea that evidence, propositional or otherwise, determines what it is rational for us to believe. But it can be rational to have a false belief. This is the case when we possess misleading evidence. For example, it was rational for Neo in the Matrix movie to believe that he was living in the 20th century because of all the evidence supporting his belief despite the fact that this evidence was misleading since it was part of a simulated reality. This account of evidence and rationality can also be extended to other doxastic attitudes, like disbelief and suspension

of belief. So rationality does not just demand that we believe something if we have decisive evidence for it, it also demands that we disbelieve something if we have decisive evidence against it and that we suspend belief if we lack decisive evidence either way.

In phenomenology

The meaning of the term "evidence" in phenomenology shows many parallels to its epistemological usage, but it is understood in a narrower sense. Thus, evidence here specifically refers to intuitive knowledge, which is described as "self-given" (*selbst-gegeben*). This contrasts with empty intentions, in which one refers to states of affairs through a certain opinion, but without an intuitive presentation. This is why evidence is often associated with the controversial thesis that it constitutes an immediate access to truth. In this sense, the evidently given phenomenon guarantees its own truth and is therefore considered indubitable. Due to this special epistemological status of evidence, it is regarded in phenomenology as the basic principle of all philosophy. In this form, it represents the lowest foundation of knowledge, which consists of indubitable insights upon which all subsequent knowledge is built. This evidence-based method is meant to make it possible for philosophy to overcome many of the traditionally unresolved disagreements and thus become a rigorous science. This far-reaching claim of phenomenology, based on absolute certainty, is one of the focal points of criticism by its opponents. Thus, it has been argued that even knowledge based on self-evident intuition is fallible. This can be seen, for example, in the fact that even among phenomenologists, there is much disagreement about the basic structures of experience.

In philosophy of science

In the sciences, evidence is understood as what *confirms* or *disconfirms* scientific hypotheses. The term "confirmation" is sometimes used synonymously with that of "evidential support". Measurements of Mercury's "anomalous" orbit, for example, are seen as evidence that confirms Einstein's theory of general relativity. This is especially relevant for choosing between competing theories. So in the case above, evidence plays the role of *neutral arbiter* between Newton's and Einstein's theory of gravitation. This is only possible if scientific evidence is *public* and *uncontroversial* so that proponents of competing scientific theories agree on what evidence is available. These requirements suggest scientific evidence consists not of *private mental states* but of *public physical objects or events*.

It is often held that evidence is in some sense prior to the hypotheses it confirms. This was sometimes understood as *temporal priority*, i.e. that we come first to possess the evidence and later form the hypothesis through induction. But this temporal order is not always reflected in scientific practice, where experimental researchers may look for a specific piece of evidence in order to confirm or disconfirm a pre-existing hypothesis. Logical positivists, on the other hand, held that this priority is *semantic* in nature, i.e. that the meanings of the theoretical terms used in the hypothesis are determined by what would count as evidence for them. Counterexamples for this view come from the fact that our idea of what counts as evidence may change while the meanings of the corresponding theoretical terms remain constant. The most plausible view is that this priority is *epistemic* in nature, i.e. that our belief in a hypothesis is justified based on the evidence while the justification for the belief in the evidence does not depend on the hypothesis.

A central issue for the scientific conception of evidence is the problem of underdetermination, i.e. that the

evidence available supports competing theories equally well. So, for example, evidence from our everyday life about how gravity works confirms Newton's and Einstein's theory of gravitation equally well and is therefore unable to establish consensus among scientists. But in such cases, it is often the gradual accumulation of evidence that eventually leads to an emerging consensus. This evidence-driven process towards consensus seems to be one hallmark of the sciences not shared by other fields.

Another problem for the conception of evidence in terms of confirmation of hypotheses is that what some scientists consider the evidence to be may already involve various theoretical assumptions not shared by other scientists. This phenomenon is known as theory-ladenness. Some cases of theory-ladenness are relatively uncontroversial, for example, that the numbers output by a measurement device need additional assumptions about how this device works and what was measured in order to count as meaningful evidence. Other putative cases are more controversial, for example, the idea that different people or cultures perceive the world through different, incommensurable conceptual schemes, leading them to very different impressions about what is the case and what evidence is available. Theory-ladenness threatens to impede the role of evidence as neutral arbiter since these additional assumptions may favor some theories over others. It could thereby also undermine a consensus to emerge since the different parties may be unable to agree even on what the evidence is. When understood in the widest sense, it is not controversial that some form of theory-ladenness exists. But it is questionable whether it constitutes a serious threat to scientific evidence when understood in this sense.

Nature of the evidential relation

Philosophers in the 20th century started to investigate the "evidential relation", the relation between evidence and the proposition supported by it. The issue of the nature of the evidential relation concerns the question of what this relation has to be like in order for one thing to justify a belief or to confirm a hypothesis. Important theories in this field include the *probabilistic approach*, *hypothetico-deductivism* and the *positive-instance approach*.

Probabilistic approaches, also referred to as Bayesian confirmation theory, explain the evidential relation in terms of probabilities. They hold that all that is necessary is that the existence of the evidence increases the likelihood that the hypothesis is true. This can be expressed mathematically as . In words: a piece of evidence (E) confirms a hypothesis (H) if the conditional probability of this hypothesis relative to the evidence is higher than the unconditional probability of the hypothesis by itself. Smoke (E), for example, is evidence that there is a fire (H), because the two usually occur together, which is why the likelihood of fire given that there is smoke is higher than the likelihood of fire by itself. On this view, evidence is akin to an indicator or a symptom of the truth of the hypothesis. Against this approach, it has been argued that it is too liberal because it allows accidental generalizations as evidence. Finding a nickel in one's pocket, for example, raises the probability of the hypothesis that "All the coins in my pockets are nickels". But, according to Alvin Goldman, it should not be considered evidence for this hypothesis since there is no lawful connection between this one nickel and the other coins in the pocket.

Hypothetico-deductivism is a non-probabilistic approach that characterizes the evidential relations in terms of deductive consequences of the hypothesis. According to this view, "evidence for a hypothesis is a true observational consequence of that hypothesis". One problem with the characterization so far is that

hypotheses usually contain relatively little information and therefore have few if any deductive observational consequences. So the hypothesis by itself that there is a fire does not entail that smoke is observed. Instead, various auxiliary assumptions have to be included about the location of the smoke, the fire, the observer, the lighting conditions, the laws of chemistry, etc. In this way, the evidential relation becomes a three-place relation between evidence, hypothesis and auxiliary assumptions. This means that whether a thing is evidence for a hypothesis depends on the auxiliary assumptions one holds. This approach fits well with various scientific practices. For example, it is often the case that experimental scientists try to find evidence that would confirm or disconfirm a proposed theory. The hypothetico-deductive approach can be used to predict what should be observed in an experiment if the theory was true. It thereby explains the evidential relation between the experiment and the theory. One problem with this approach is that it cannot distinguish between relevant and certain irrelevant cases. So if smoke is evidence for the hypothesis "there is fire", then it is also evidence for conjunctions including this hypothesis, for example, "there is fire and Socrates was wise", despite the fact that Socrates's wisdom is irrelevant here.

According to the *positive-instance approach*, an observation sentence is evidence for a universal hypothesis if the sentence describes a positive instance of this hypothesis. For example, the observation that "this swan is white" is an instance of the universal hypothesis that "all swans are white". This approach can be given a precise formulation in first-order logic: a proposition is evidence for a hypothesis if it entails the "development of the hypothesis". Intuitively, the development of the hypothesis is what the hypothesis states if it was restricted to only the individuals mentioned in the evidence. In the case above, we have the hypothesis "" (all swans are white) which, when restricted to the domain "{a}", containing only the one

individual mentioned in the evidence, entails the evidence, i.e. "" (this swan is white). One important shortcoming of this approach is that it requires that the hypothesis and the evidence are formulated in the same vocabulary, i.e. use the same predicates, like "" or "" above. But many scientific theories posit theoretical objects, like electrons or strings in physics, that are not directly observable and therefore cannot show up in the evidence as conceived here.

Empirical evidence (in science)

Main article: Scientific evidence

In scientific research evidence is accumulated through observations of phenomena that occur in the natural world, or which are created as experiments in a laboratory or other controlled conditions. Scientists tend to focus on how the data used during statistical inference are generated. Scientific evidence usually goes towards supporting or rejecting a hypothesis.

The burden of proof is on the person making a contentious claim. Within science, this translates to the burden resting on presenters of a paper, in which the presenters argue for their specific findings. This paper is placed before a panel of judges where the presenter must defend the thesis against all challenges.

When evidence is contradictory to predicted expectations, the evidence and the ways of making it are often closely scrutinized (see experimenter's regress) and only at the end of this process is the hypothesis rejected: this can be referred to as 'refutation of the hypothesis'. The rules for evidence used by science are collected systematically in an attempt to avoid the bias inherent to anecdotal evidence.

Law

Lady Justice

Main article: Evidence (law)

In law, the production and presentation of evidence depend first on establishing on whom the burden of proof lies. Admissible evidence is that which a court receives and considers for the purposes of deciding a particular case. Two primary burden-of-proof considerations exist in law. The first is on whom the burden rests. In many, especially Western, courts, the burden of proof is placed on the prosecution in criminal cases and the plaintiff in civil cases. The second consideration is the degree of certitude proof must reach, depending on both the quantity and quality of evidence. These degrees are different for criminal and civil cases, the former requiring evidence beyond a reasonable doubt, the latter considering only which side has the preponderance of evidence, or whether the proposition is more likely true or false. The decision-maker, often a jury, but sometimes a judge decides whether the burden of proof has been fulfilled.

After deciding who will carry the burden of proof, the evidence is first gathered and then presented before the court:

Collection

FBI

In a criminal investigation, rather than attempting to prove an abstract or hypothetical point, the evidence gatherers attempt to determine who is responsible for a

criminal act. The focus of criminal evidence is to connect physical evidence and reports of witnesses to a specific person.

Presentation

The path that physical evidence takes from the scene of a crime or the arrest of a suspect to the courtroom is called the chain of custody. In a criminal case, this path must be clearly documented or attested to by those who handled the evidence. If the chain of evidence is broken, a defendant may be able to persuade the judge to declare the evidence inadmissible.

Presenting evidence before the court differs from the gathering of evidence in important ways. Gathering evidence may take many forms; presenting evidence that tends to prove or disprove the point at issue is strictly governed by rules. Failure to follow these rules leads to any number of consequences. In law, certain policies allow (or require) evidence to be excluded from consideration based either on indicia relating to reliability, or broader social concerns. Testimony (which tells) and exhibits (which show) are the two main categories of evidence presented at a trial or hearing. In the United States, evidence in federal court is admitted or excluded under the Federal Rules of Evidence.

Burden of proof

Main articles: Legal burden of proof and Philosophic burden of proof

The *burden of proof* is the obligation of a party in an argument or dispute to provide sufficient evidence to shift the other party's or a third party's belief from their initial position. The burden of proof must be fulfilled by

both establishing confirming evidence and negating oppositional evidence. Conclusions drawn from evidence may be subject to criticism based on a perceived failure to fulfill the burden of proof.

Two principal considerations are:

1. On whom does the burden of proof rest?

2. To what degree of certitude must the assertion be supported?

The latter question depends on the nature of the point under contention and determines the quantity and quality of evidence required to meet the burden of proof.

In a criminal trial in the United States, for example, the prosecution carries the burden of proof since the defendant is presumed innocent until proven guilty beyond a reasonable doubt. Similarly, in most civil procedures, the plaintiff carries the burden of proof and must convince a judge or jury that the preponderance of the evidence is on their side. Other legal standards of proof include "reasonable suspicion", "probable cause" (as for arrest), "*prima facie* evidence", "credible evidence", "substantial evidence", and "clear and convincing evidence".

In a philosophical debate, there is an implicit burden of proof on the party asserting a claim, since the default position is generally one of neutrality or unbelief. Each party in a debate will therefore carry the burden of proof for any assertion they make in the argument, although some assertions may be granted by the other party without further evidence. If the debate is set up as a resolution to be supported by one side and refuted by another, the overall burden of proof is on the side

supporting the resolution.

The Great Treason, Pillory, Ted Gunderson Bio X, Written By The Right Hand, Majic 12 and the Secret Government

New Word Cartography

The New World is really Feudalism after a near defeat of Capitalist countries in WWII and the Cold War.

British influence remain a classified matter including as it relates to the assassination of John F. Kennedy.

The Special Relationship and the need for some to continue with the British plan of conquering nations at their own expense to subordinate them as colonies who then come under the protection of the Empire that subverted them.

Majestic 12 and the Secret Government

Founding Of MJ-12

By secret Executive Memorandum, NSC 5410, Eisenhower had preceded NSC 5412/1 in 1954 to establish a permanent committee (not ad hoc) to be known as Majority Twelve (MJ-12) to oversee and conduct all covert activities concerned with the alien question [Allowing Non-National NGO's roles in covert world administration and planning]. NSC 5412/1 was created to explain the purpose of these meetings when Congress and the Press became curious.

Majority Twelve was made up of Nelson Rockefeller, the director of the CIA Allen Welsh Dulles, the Secretary of State John Foster Dulles, the Secretary of Defense Charles E.Wilson, the Chairman of the Joint Chiefs of Staff Admiral Arthur W. Radford, the Director of the FBI J. Edgar Hoover, and six men from the executive committee of the Council on Foreign Relations known as the "Wise Men". These men were all members of a

secret society of scholars that called themselves "The Jason Society", or "The Jason Scholars" who recruited their members from the "Skull and Bones" and the "Scroll and Key" societies of Harvard and Yale.

The "Wise Men" ([espionage Power Control Group) were key members of the Council on Foreign Relations. There were 12 members including the first 6 from Government positions thus Majority Twelve. This group was made up over the years of the top officers and directors of the Council on Foreign Relations and later the Trilateral Commission. Gordan Dean, George Bush, and Zbigniew Brzezinski were among them. The most important and influential of the "Wise Men" who served on MJ-12 were John McCloy, Robert Lovett, Averell Harriman, Charles Bohlen, George Kennan, and Dean Acheson. It is significant that President Eisenhower as well as the first 6 MJ-12 members from the Government were also members of the Council on Foreign Relations.

John Jay McCloy born onen day away from April 1 (March 31, 1895 - March 11, 1989) was an American lawyer, diplomat, banker, and presidential advisor. He served as Assistant Secretary of War during World War II under Henry Stimson, helping deal with issues such as German sabotage, political tensions in the North Africa Campaign, and opposing the atomic bombings of Hiroshima and Nagasaki. After the war, he served as the president of the World Bank, U.S. High Commissioner for Germany, chairman of Chase Manhattan Bank, chairman of the Council on Foreign Relations, a member of the Warren Commission, and a prominent United States adviser to all presidents from Franklin D. Roosevelt to Ronald Reagan.

McCloy is best remembered as a member of the foreign policy establishment group of elders called "The Wise Men", a group of statesmen marked by nonpartisanship, pragmatic internationalism, and aversion to ideological fervor. - Wikipedia

Included in the world plans and families-with- benefactors were likely the Kelley Brothers of NASA (and the Judge Roll shooting event) and Barrack Obama Jr. with CIA ties planned for Indonesia by most accounts with the CIA creating a backstory of his life that was a designed fiction to conceal his role as a sleeper for use in three possible countries in his later life as an Agent of Influence perhaps ascribed to celebrity relatives like Maclcom X. Marilyn Monroe, Barrack Obama Sr., or others that would be head start into the politics of foreign nations or our own.

REMARKS PREPARED FOR DELIVERY AT THE TRADE MART IN DALLAS, TX, NOVEMBER 22, 1963 [JFK assassinated in advance of speech]

I (JFK) realize that this Nation often tends to identify turning-points in world affairs with the *major addresses which preceded them*.

But it was not the *Monroe Doctrine* that kept all Europe away from this hemisphere - it was the strength of the British fleet and the width of the Atlantic Ocean. It was not General Marshall's speech at Harvard (*The Marshall Plan and MKUTLRA*) which kept communism out of Western Europe - it was the strength and stability made possible by our military and economic assistance.

The Monroe Doctrine is the best known U.S. policy toward the Western Hemisphere. Buried in a routine annual message delivered to Congress by President James Monroe in December 1823, the doctrine warns European nations that the United States would not tolerate further colonization or puppet monarchs

In this administration also it has been necessary at times to issue specific warnings - warnings that we could not stand by

and watch the Communists conquer Laos by force, or intervene in the Congo, or swallow West Berlin, or maintain offensive missiles on Cuba.

But while our goals were at least temporarily obtained in these and other instances, our successful defense of freedom was due not to the words we used, but to the strength we stood ready to use on behalf of the principles we stand ready to defend.

This strength is composed of many different elements, ranging from the most massive deterrents to the most subtle influences. And all types of strength are needed - no one kind could do the job alone. Let us take a moment, therefore, to review this Nation's progress in each major area of strength.

I have spoken of strength largely in terms of the deterrence and resistance of aggression and attack. But, in today's world, freedom can be lost without a shot being fired, by ballots as well as bullets. The success of our leadership is dependent upon respect for our mission in the world as well as our missiles - on a clearer recognition of the virtues of freedom as well as the evils of tyranny.

Our security and strength, in the last analysis, directly depend on the security and strength of others, and that is why our military and economic assistance plays such a key role in enabling those who live on the periphery of the Communist world to maintain their independence of choice. Our assistance to these nations can be painful, risky and costly, as is true in Southeast Asia today. But we dare not weary of the task. For our assistance makes possible the stationing of 3-5 million allied troops along the Communist frontier at one-tenth the cost of maintaining a comparable number of American soldiers. A successful Communist breakthrough in these areas, necessitating direct United States intervention, would cost us several times as much as our entire foreign aid program, and might cost us heavily in American lives as well.

hat is why our Information Agency has doubled the shortwave broadcasting power of the Voice of America and increased the number of broadcasting hours by 30 percent, increased Spanish language broadcasting to Cuba and Latin America from 1 to 9 hours a day, increased seven-fold to more than 3-5 million copies the number of American books being translated and published for Latin American readers, and taken a host of other steps to carry our message of truth and freedom to all the far corners of the earth.

[JFK continues world must match deeds, and when we suggest peace with Russia or its Satellites, the USA must be a trustworthy partner for peace, that did not occur when the CIA kept UN Ambassador Adlie Stevenson from the truth during the Cuban Missile Crisis. JFK's speech not given because he was assassinated called for transparency and not CIA programs of East India Tea Company. if war comes then via military but not by overthrow of assassination, by temptations towards the USA in peace gestures.

I want to discuss with you today the status of our strength and our security because this question clearly calls for the most responsible qualities of leadership and the most enlightened products of scholarship. For this Nation's strength and security are not easily or cheaply obtained, nor are they quickly and simply explained. There are many kinds of strength and no one kind will suffice. Overwhelming nuclear strength cannot stop a guerrilla war [in Vietnam or elsewhere]. Formal pacts of alliance cannot stop internal subversion. Displays of material wealth cannot stop the disillusionment of diplomats subjected to discrimination.

Colonizations and corrupt influence on Sovereign nations can and must be graphed as politics and history and history's major figures and events.

Thematic cartography involves maps of specific geographic themes, oriented toward specific audiences. A couple of examples might be a dot map showing corn production in Indiana or a shaded area map of Ohio counties, divided into numerical choropleth classes. As the volume of geographic data has exploded over the last century, thematic cartography has become increasingly useful and necessary to interpret spatial, cultural and social data.

In the Age of Discovery, from the 15th century to the 17th century, European cartographers both copied earlier maps (some of which had been passed down for centuries) and drew their own based on explorers' observations and new surveying techniques. The invention of the magnetic compass, telescope and sextant enabled increasing accuracy. In 1492, Martin Behaim, a German cartographer and advisor to the king John II of Portugal, made the oldest extant globe of the Earth.

In 1507, Martin Waldseemüller produced a globular world map and a large 12-panel world wall map (Universalis Cosmographia) bearing the first use of the name "America."

In medieval times, written directions of how to get somewhere were more common than the use of maps. With the Renaissance, cartography began to be seen as a metaphor for power. Political leaders could lay claim to territories through the use of maps, and this was greatly aided by the religious and colonial expansion of Europe. The Holy Land and other religious places were the most commonly mapped during the Renaissance.

In the late 1400s to the late 1500s, Rome, Florence, and Venice dominated map-making and trade. It started in Florence

in the mid-to late 1400s. Map trade quickly shifted to Rome and Venice but then was overtaken by atlas makers in the late 16th century.[29] Map publishing in Venice was completed with humanities and book publishing in mind, rather than just informational use.

Infographics are graphic visual representations of information, data, or knowledge intended to present information quickly and clearly. They can improve cognition by using graphics to enhance the human visual system's ability to see patterns and trends. Wikipedia

Allen Dulles' "Indonesian Strategy" and the Assassination of John F. Kennedy retrieved from https://www.tribunal1965.org/ and copied or modified to here

By Edward Curtin Review of Greg Poulgrain's book "The Incubus of Intervention: Conflicting Indonesian Strategies of John F. Kennedy and Allen Dulles"

This is the central question addressed by Greg Poulgrain in his extraordinarily important book, The Incubus of Intervention: Conflicting Indonesian Strategies of John F. Kennedy and Allen Dulles.

Two days before President John Kennedy's assassination on November 22, 1963, he had accepted an invitation from Indonesian President Sukarno to visit that country the following spring. The aim of the visit was to end the conflict (***Konfrontasi***) between Indonesia and Malaysia and to continue Kennedy's efforts to support post-colonial Indonesia with economic and developmental aid, not military. It was part of his larger strategy of ending conflict throughout Southeast Asia and assisting the growth of democracy in newly liberated post-colonial countries worldwide.

He had forecast his position in a dramatic speech in 1957 when, as a Massachusetts Senator, he told the Senate that he supported the Algerian liberation movement and opposed colonial imperialism worldwide. The speech caused an international uproar and Kennedy was harshly attacked by Eisenhower, Nixon, John Foster Dulles, and even liberals such as Adlai Stevenson. But he

was praised throughout the third world.

Of course JFK never went to Indonesia in 1964, and his peaceful strategy to bring Indonesia to America's side and to ease tensions in the Cold War was never realized, thanks to Allen Dulles. And Kennedy's proposed withdrawal from Vietnam, which was premised on success in Indonesia, was quickly reversed by Lyndon Johnson after JFK's murder. Soon both countries would experience mass slaughter engineered by Kennedy's opponents in the CIA and Pentagon. Millions would die. Subsequently, starting in December 1975, American installed Indonesian dictator, Suharto, would slaughter hundreds of thousands East-Timorese with American weapons after meeting with Henry Kissinger and President Ford and receiving their approval.

Dulles's Secret

What JFK didn't know was that his plans were threatening a covert long-standing conspiracy engineered by Allen Dulles to effect regime change in Indonesia through bloody means. The primary goal behind this plan was to gain unimpeded access to the vast load of natural resources that Dulles had kept secret from Kennedy, who thought Indonesia was lacking in natural resources. But Dulles knew that if Kennedy, who was very popular in Indonesia, visited Sukarno, it would deal a death blow to his plan to oust Sukarno, install a CIA replacement (Suharto), exterminate alleged communists, and secure the archipelago for Rockefeller controlled oil and mining interests, for whom he had fronted since the 1920s.

Dr. Poulgrain, who teaches Indonesian History, Politics and Society at the University of Sunshine Coast in Australia, explores in very great detail historical issues that have critical significance for today. Based on almost three decades of interviews and research around the

world, he has produced a very densely argued book that reads like a detective novel with fascinating sub- plots.

The Importance of Indonesia

Most Americans have little awareness of the strategic and economic importance of Indonesia. It is the world's 4th most populous country, is situated in a vital shipping lane adjacent to the South China Sea, has the world's largest Muslim population, has vast mineral and oil deposits, and is home to Grasberg, the world's largest copper and gold mine, owned by Freeport McMoRan of Phoenix, Arizona. Long a battleground in the Cold War, it remains vitally important in the New Cold War launched by the Obama administration against Russia and China, the same antagonists Allen Dulles strove to defeat through guile and violence. Just recently the Indonesian government, under pressure from the army that has stymied democratic reforms for 18 years, signed a defense agreement with Russia for the sharing of intelligence, the sale of Russian military equipment, including fighter jets, and the manufacturing of weapons in Indonesia. While not front page news in the U.S., these facts make Indonesia of great importance today and add to the gravity of Poulgrain's history.

The Devil in Paradise

His use of the word "incubus" (an evil spirit that has sexual intercourse with sleeping women) in the title is appropriate since the sinister character that snakes his way through this historical analysis is Allen Dulles, the longest serving Director of the CIA and Kennedy's arch-enemy. While contextually different from David Talbot's portrayal of Dulles in ***The Devil's Chessboard,*** Poulgrain's portrait of Dulles within the frame of Indonesian history is equally condemnatory and nightmarish. Both describe an evil genius ready to do anything to advance his agenda.

Reading Poulgrain's masterful analysis, one can clearly see how much of modern history is a struggle for control of the underworld where lies the fuel that runs the megamachine - oil, minerals, gold, etc. Manifest ideological conflicts, while garnering headlines, often bury the secret of this subterranean devil's game.

His story begins with a discovery that is then kept secret for many decades: "In the alpine region of Netherlands New Guinea (so named under Dutch colonial rule - today, West Papua) in 1936, three Dutchmen discovered a mountainous outcrop of ore with high copper content and very high concentrations of gold. When later analyzed in the Netherlands, the gold (in gram/ton) proved to be twice that of Witwatersrand in South Africa, then the world's richest gold mine, but this information was not made public."

The geologist among the trio, Jean Jacques Dozy, worked for the Netherlands New Guinea Petroleum Company (NNGPM), ostensibly a Dutch-controlled company based in The Hague, but whose controlling interest actually lay in the hands of the Rockefeller family, as did the mining company, Freeport Indonesia (now Freeport McMoRan, one of whose Directors from 1988-95 was Henry Kissinger, Dulles's and the Rockefeller's close associate) that began mining operations there in 1966. It was Allen Dulles, Paris-based lawyer in the employ of Rockefeller's Standard Oil, who in 1935 arranged the controlling interest in NNGPN for the Rockefellers. And it was Dulles, among a select few others, who, because of various intervening events, including WW II, that made its exploitation impossible, kept the secret of the gold mine for almost three decades, even from President Kennedy. JFK "was never informed of the 'El Dorado' he had unwittingly taken out of Dutch hands with the result that (once the remaining political hurdles in Indonesia were overcome) Freeport would have unimpeded access to its mining concession." Those "political hurdles" - i.e. regime

change - would take a while to effect.

The Indonesia-Cuba Connection

But first JFK would have to be eliminated, for he had brokered Indonesian sovereignty over West Papua/West Irian for Sukarno from the Dutch who had ties to Freeport Sulphur. Freeport was aghast at the potential loss of “El Dorado,” especially since they had recently had their world’s most advanced nickel refinery expropriated by Fidel Castro, who had named Che Guevara its new manager. Freeport’s losses in Cuba made access to Indonesia even more important. Cuba and Indonesia thus were joined in the deadly game of chess between Dulles and Kennedy, and someone would have to lose.

While much has been written about Cuba, Kennedy, and Dulles, the Indonesian side of the story has been slighted. Poulgrain remedies this with an exhaustive and deeply researched exploration of these matters. He details the deviousness of the covert operation Dulles ran in Indonesia during the 1950s and 1960s. He makes it clear that Kennedy was shocked by Dulles’ actions, yet never fully grasped the treacherous genius of it all. Dulles was always “working two or three stages ahead of the present.” Having armed and promoted a rebellion against Sukarno’s central government in 1958, Dulles made sure it would fail (shades of the Bay of Pigs to come).

> Yet the end result of CIA interference in Indonesian internal affairs via the 1958 Rebellion was depicted as a failure at the time, and has consistently been depicted as a failure since that time. This holds true only if the stated goal of the CIA was the same as the actual goal. Even more than five decades

> later, media analysis of the goal of The Outer Island rebels is still portrayed as a secession, as covert US support for 'rebels in the Outer Islands that wished to secede from the central government in Jakarta'. The actual goal of Allen Dulles had more to do with achieving a centralized army command in such a way as to appear that the CIA backing for the rebels failed.

The Need for Assassinations

Dulles betrayed the rebels he armed and encouraged, just as he betrayed friend and foe alike during his long career. The rebellion that he instigated and planned to fail was the first stage of a larger intelligence strategy that would come to fruition in 1965-6 with the ouster of Sukarno (after multiple unsuccessful assassination attempts) and the institution of a reign of terror that followed. It was also when - 1966 - Freeport McMoRan began their massive mining in West Papua at Grasberg at an elevation of 14,000 feet in the Alpine region. Dulles was nothing if not patient; he had been at this game since WW I. Even after Kennedy fired him following the Bay of Pigs, his plans were executed, just as those who got in his way were. Poulgrain makes a powerful case that these included JFK, U.N. Secretary General Dag Hammarskjold (working with Kennedy for a peaceful solution in Indonesia and other places), and Congolese President Patrice Lumumba.

His focus is on ***why*** they needed to be assassinated (similar in this regard to James Douglass's ***JFK and the Unspeakable***), though with the exception of Kennedy (since the how is well-known and obvious), he also presents compelling evidence as to the how. Hammarskjold, in many ways Kennedy's spiritual brother, was a particularly powerful obstacle to Dulles's

plans for Indonesia and countries throughout the Third World. Like JFK, he was committed to independence for indigenous and colonial peoples everywhere, and was trying to implement "his Swedish-style 'third way' proposing a form of 'muscular pacifism'."

> Had the UN Secretary General succeeded in bringing even half these countries to independence, he would have transformed the UN into a significant world power and created a body of nations so large as to be a counter-weight to those embroiled in the Cold War.

Poulgrain draws on documents from the South African Truth and Reconciliation Commission (TRC) and Chairman Archbishop Desmond Tutu to show the connection between South Africa's "Operation Celest" and Dulles's involvement in Hammarskjold's murder in September 1961. While it was reported at the time as an accidental plane crash, he quotes former President Harry Truman saying, "Dag Hammarskjold was on the point of getting something done when they killed him. Notice that I said, 'When they killed him'."

Dulles sold his overt Indonesian strategy as being necessary to thwart a communist takeover in Indonesian. Cold War rhetoric, like "the war on terrorism" today, served as his cover. In this he had the Joint Chiefs of Staff on his side; they considered Kennedy soft on communism, in Indonesia and Cuba and everywhere else. Dulles's covert agenda was to serve the interests of his power elite patrons.

Dulles and George de Mohrenschildt

Poulgrain adds significantly to our understanding of JFK's assassination and its aftermath by presenting new information about George de Mohrenschildt, Lee Harvey Oswald's handler in Dallas. Dulles had a long association with the de Mohrenschildt family, going back to 1920-21 when in Constantinople he negotiated with Baron Sergius Alexander von Mohrenschildt on behalf of Rockefeller's Standard Oil. The Baron's brother and business partner was George's father. Dulles's law firm, Sullivan & Cromwell, "was virtually the front desk for Standard Oil." These negotiations on behalf of elite capitalist interests, in the shadow of the Russian Revolution, became the template for Dulles's career: economic exploitation was inseparable from military concerns, the former concealed behind the anti-communist rhetoric of the latter. An anti-red thread ran through Dulles's career, except when the red was the blood of all those whom he considered expendable. And the numbers are legion.

"It was through Standard Oil that a link existed between Dulles [who controlled the Warren Commission] and de Mohrenschildt, and this should have been brought to the attention of the Warren Commission but was not made public when Dulles had so prominent a role." Poulgrain argues convincingly that De Mohrenschildt worked in "oil intelligence" before his CIA involvement, and that oil intelligence was not only Dulles's work when he first met George's father, Sergius, in Baku, but that that "oil intelligence" is a redundancy. The CIA, after all, is a creation of Wall Street and their interests have always been joined. The Agency was not formed to provide intelligence to US Presidents; that was a convenient myth used to cover its real purpose which was to serve the interests of investment bankers and the power elite.

While working in 1941 for Humble Oil (Prescott Bush was a major shareholder, Dulles was his lawyer, and Standard Oil had secretly bought Humble Oil sixteen

years before), de Mohrenschildt was caught up in a scandal that involved Vichy (pro-Nazi) French intelligence in selling oil to Germany. This was similar to the Dulles's brothers and Standard Oil's notorious business dealings with Germany.

It was an intricate web of the high cabal with Allen Dulles at the center.

In the midst of the scandal, de Mohrenschildt, suspected of being a Vichy French intelligence agent, "disappeared" for a while. He later told the Warren Commission that he decided to take up oil drilling, without mentioning the name of Humble Oil that employed him again, this time as a roustabout.

"Just when George needed to 'disappear', Humble Oil was providing an oil exploration team to be subcontracted to NNGPM - the company Allen Dulles had set up five years earlier to work in Netherlands New Guinea." Poulgrain makes a powerful circumstantial evidence case (certain documents are still unavailable) that de Mohrenschildt, in order to avoid appearing in court, went in communicado in Netherlands New Guinea's in mid-1941 where he made a record oil discovery and received a $10,000 bonus from Humble Oil.

"Avoiding adverse publicity about his role in selling oil to Vichy France was the main priority; for George, a brief drilling adventure in remote Netherlands New Guinea would have been a timely and strategic exit." And who best to help him in this escape than Allen Dulles - indirectly, of course; for Dulles's modus operandi was to maintain his "distance" from his contacts, often over many decades.

In other words, Dulles and de Mohrenschildt were intimately involved for a long time prior to JFK's

assassination. Poulgrain rightly claims that “the entire focus of the Kennedy investigation would have shifted had the [Warren] Commission become aware of the 40-year link between Allen Dulles and de Mohrenschildt.” Their relationship involved oil, spying, Indonesia, Nazi Germany, the Rockefellers, Cuba, Haiti, etc. It was an international web of intrigue that involved a cast of characters stranger than fiction, a high cabal of the usual and unusual operatives.

Two unusual ones are worth mentioning: Michael Fomenko and Michael Rockefeller. The eccentric Fomenko - aka “Tarzan” - is the Russian-Australian nephew of de Mohrenschildt’s wife, Jean Fomenko. His arrest and deportation from Netherlands New Guinea in 1959, where he had travelled from Australia in a canoe, and his subsequent life, are fascinating and sad. It’s the stuff of a bizarre film. It seems he was one of those victims who had to be silenced because he knew a secret about George’s 1941 oil discovery that was not his to share. “In April 1964, at the same time George de Mohrenschildt was facing the Warren Commission - a time when any publicity regarding Sele 40 [George’s record oil discovery] could have changed history - it was decided that electro-convulsive therapy would be used on Michael Fomenko.” He was then imprisoned at the Ipswich Special Mental Hospital.

Equally interesting is the media myth surrounding the disappearance of Michael Rockefeller, Nelson’s son and heir to the Standard Oil fortune, who was allegedly eaten by cannibals in New Guinea in 1961. His tale became front-page news, “a media event closed off to any other explanation and the political implications of his disappearance became an ongoing tragedy for the Papuan people.” To this very day, the West Papuan people, whose land was described by Standard Oil official Richard Archbold in 1938 as “Shangri-la,” are fighting for their independence.

Poulgrain offers most interesting takes on these two characters and shows how their stories are connected to the larger tale of intrigue.

This is a very important and compelling book. Difficult and dense at times, more expansive at others, it greatly adds to our understanding of why JFK was murdered. With its Indonesian focus, it shows us how Allen Dulles's sinister purview was wide-spread and long-standing; how it included so much more than Cuba, Guatemala, Iran, etc.; specifically, how important far-distant Indonesia was in his thinking, and how that thinking clashed with President Kennedy's on a crucial issue. It forces us to consider how different the world would be if JFK had lived.

The Incubus of Intervention sheds new light on Indonesian history and America's complicity in its tragedy. It is essential reading today when Barack Obama is executing his pivot to Asia and promoting conflict with China and Russia. Although not explored in Poulgrain's book, it's interesting to note that Obama's Indonesian step-father, Lolo Soetero, left Obama and his mother in Hawaii in that crucial year of 1966 when mass killings were underway to return to Indonesia to map Western New Guinea (West Papua) for the Indonesian government. After Dulles's regime change was accomplished and Suharto had replaced Sukarno, he went to work for Unocal, the first oil company to sign a production sharing agreement with Suharto. Strange coincidences, bitter fruit.

Is Poulgrain correct? Did Allen Dulles direct the assassination of President Kennedy to ensure his, rather the Kennedy's, Indonesian strategy would succeed?

We know the CIA coordinated the assassination of President Kennedy. We know that Allen Dulles was involved. We know that Indonesia was one reason why.

Was it “the reason”?

Read this wonderful book and decide.

New William Cooper View of 1953 General Lansdale Letter to General Charles Douglas Jackson

First Understand Indonesia and British Indirect Rule

As a Pacific Island Group like Hawaii it was and is very important to navies, missile and submarine bases, air force bases, etc., and is very near Australia of Great Britain.

As early as 1949 at the Paris Summit and later in 1951 Indonesia was like on Harriman's list, William Averell Harriman, better known as Averell Harriman, was an American Democratic politician, businessman, and diplomat. Wikipedia Born: November 15, 1891, New York, NY planned much of the CIA plans around the world with Nixon and others.

Indonesia-United Kingdom relations retrieved from Wikipedia and copied or modified to here

Indonesia and the United Kingdom established diplomatic relations in 1949 and have maintained strong relations since then. Indonesia has an embassy in London while the United Kingdom has an embassy in Jakarta. The United Kingdom considers Indonesia an increasingly important partner globally and is committed to efforts to take bilateral relations to new heights. Both nations are members of G-20 major economies.

The British ruled the Malay Peninsula (British Malaya) and Northern Borneo, while the Dutch controlled Java, Sumatra, and most of the Indonesian archipelago until the Japanese invasion in 1942. During the aftermath of

World War II, the Allied Forces led by the British were involved in warfare with Republican Indonesian soldiers and militia during the Battle of Surabaya in 1945. The Indian troops successfully conquered Surabaya on behalf of the Netherlands, but faced some fierce resistance from Indonesian troops and militias.

The Japanese invasion and occupation during World War II ended Dutch rule and encouraged the independence movement.[44] Two days after the surrender of Japan in August 1945, Sukarno and Mohammad Hatta issued the Proclamation of Indonesian Independence. Then, Sukarno, Mohammad Hatta and Sutan Sjahrir, influential nationalist leaders, were appointed president, vice-president and prime minister respectively.

The Netherlands attempted to re-establish their rule, beginning the Indonesian National Revolution which ended in December 1949 when the Dutch recognised Indonesian independence in the face of international pressure. Despite extraordinary political, social, and sectarian divisions, Indonesians, on the whole, found unity in their fight for independence.

Post-World War II

An image of Sukarno (left) and Hatta (right), Indonesia's founding fathers and the first President and Vice President respectively

As president, Sukarno moved Indonesia from democracy towards authoritarianism and maintained power by balancing the opposing forces of the military, political Islam, and the increasingly powerful Communist Party of Indonesia (PKI).[51] Tensions between the military and the PKI culminated in an attempted coup in 1965. The army, led by Major

General Suharto, countered by instigating a violent anti-communist purge that killed between 500,000 and one million people and incarcerated roughly a million more in concentration camps.] The PKI was blamed for the coup and effectively destroyed. Suharto capitalised on Sukarno's weakened position, and following a drawn-out power play with Sukarno, Suharto was appointed president in March 1968. His "New Order" administration, supported by the United States, encouraged foreign direct investment, which was a crucial factor in the subsequent three decades of substantial economic growth.

Again in 1962 the British army and the Indonesian Armed Forces were locked in undeclared warfare in Northern Borneo (Sabah and Sarawak) during the Indonesia-Malaysia confrontation. The Indonesian Sukarno administration was against the British decolonisation initiative on the formation of Malaysia, the amalgamation of the Federation of Malaya (now West Malaysia), Singapore and the crown colony/British protectorates of Sabah and Sarawak (collectively known as British Borneo, now East Malaysia). The British assisted the Malaysian armed forces against Indonesian campaigns and operations on Northern Borneo. With the fall of Sukarno and plagued with internal problems, Indonesia lost their intention to continue the fight and the hostilities ceased. Indonesia finally agreed to the formation of the Malaysian Federation.

After the turbulent years of the 1960's, relations between Indonesia and the United Kingdom have been improving ever since.

Similarly the Guatemala situation had been under consideration since the 1940's per Chauncey Holt who asserts he was on the Assassinations Squad (Tiger Teams) that took down countries leadership

including JFK

From Chauncy Marvin Holt:

…

Self Portrait of a Scoundrel retrieved from Self Portrait of a Scoundrel and copied or modified to here

1954 - Two areas of the Caribbean were of primary interest to the IRC (CIA front International Rescue Committee) ; Cuba, where dictator Fulgencio Batista y Zaldivar was in power and Guatemala, where Juan Jose Arevalo (since 1944) was president.

I (Chauncey Holt) was advised at the very outset that the administration was very upset with the situation in Guatemala, where a new day had begun with the fall of Jorge Ubico, the dictator who reigned with an iron fist for almost fourteen years, until the revolution of October 1944.

Soon after his first speech as Guatemala president-elect, in which he declared that there had been a lack of sympathy in the past for the working man, Guatemala's ruling class with its quasi-feudalistic mentality, branded him a communist.

Powerful interests in the United States were positively terrified. In the forefront were the stockholders of *United Fruit Co*, which actually owned over 50% of all the land in Guatemala. These powerful enemies persuaded the fledgling CIA to turn its attention to Guatemala.

Arevalo proposed that the government build a highway from Guatemala City to the Atlantic seacoast, paralleling

the railroad, owned by United Fruit, which held a monopoly. The manager of International Railways of Central America, subsidiary of United Fruit opposed the idea.

So the decision was made to intervene in the politics of Guatemala, by fair means or foul.

At this point, President Eisenhower decided that Arbenz had to go and this ignominious duty was assigned to the CIA, who, in turn, delegated this odious task to the International Rescue Committee (a CIA front group Holt was working for.)

[After trying other avenues] We then turned to our second choice, Carlos Castillo Armas, who was in jail, after having been sentenced to be executed for his part in a military coup attempt that failed.

I (Chauncey Holt) was part of a five man team, headed by Jack Youngblood, sent to Guatemala and we were successful, with obvious collusion at a high level, in freeing Armas, who immediately began arming for a coup attempt against Arbenz.

[Story continues but a little on Youngblood and the RFK hit conducted by the CIA first]

…

System of governance used by colonial powers

Wikipedia - **Indirect rule** was a system of governance used by imperial powers to control parts of their empires, particularly used by colonial empires like the

British Empire to control their possessions in Africa and Asia, which was done through pre-existing indigenous power structures. Indirect rule was used by various colonial rulers: the French in Algeria and Tunisia, the Dutch in the East Indies, the Portuguese in Angola and Mozambique and the Belgians in Rwanda and Burundi. These dependencies were often called "protectorates" or "trucial states". By this system, the day-to-day government and administration of areas both small and large were left in the hands of traditional rulers, who gained prestige and the stability and protection afforded by the Pax Britannica (in the case of British territories), at the cost of losing control of their external affairs, and often of taxation, communications, and other matters, usually with a small number of European "advisors" effectively overseeing the government of large numbers of people spread over extensive areas.

Th condition of a protected dependency is more acceptable to the half civilized races, and more suitable for them than direct dominion. It is cheaper, simpler, less wounding to their self-esteem, gives them more career as public officials, and spares of unnecessary contact with white men.

…

If you were to follow Celtic history in Boston and Irish Roman Catholic immigres you might ask the Boston Celtics what a Forward is, a place like Japan that is after WWII close to the Asia, Tokyuo itself under occupation, The Soviet Union, Guatemala or Indonesia. ATSUGI. Well Guatemala isn't that close but the Latin American CIA operative E. Howard Hunt and others are going from Latin American into ATSUGI where COl Prouty and James Donegan are.

Cuba is NOT on the CIA list at this time. The power forward (PF), also known as the four, is one of the five traditional

positions in a regulation basketball game. Traditionally, power forwards have played a role similar to centers. When on offense, they typically play with their backs towards the basket. When on defense, they typically position themselves under the basket in a zone defense or against the opposing power forward in man-to-man defense.

Guatamala will be overthrownoverthrown in 1954 and in 1959 Batista of Cuba will fall to Castro. But this is only 7 March 1953
MEMORANDUM FOR C.D. JACKSON Subject: Latin America so let us look at the Lansdale piece from his Office of Special Operations coworker Prouty.

Read the Letter To Jim Garrison from Fletcher Prouty. for substantive and extremely interesting information about General Ed Lansdale and Gen. Charles Cabel, who's brother Earle Cabell happened to be the Mayor of Dallas on that fateful Nov.22nd, 1963. Jim Garrisons great book "On The Trail Of The Assassins" (by Prouty)

From Col Fletcher Prouty to Prosecutor of Clay Shaw (of the CIA) Jim Garrison

March 6, 1990

Dear Jim,

It is amazing how things work, I am at home recuperating from a major back operation (to regain my ability to walk); so I was tossing around in bed last night…not too comfortable…and I began to think of Garrison. I thought, "***I have got to write Jim a letter detailing how I believe the whole job (assassination)***

was done."

By another coincidence I had received a fine set of twenty photos from the Sprague collection in Springfield, Mass.(90 miles to the west of Boston) As the odds would have it, he is now living just around the corner here in Alexandria Virginia [where we go to the same bank, etc.,] . Why not? Lansdale lived here, Fensterwald lives here, Ford used to live here. Quite a community.

I was studying those photos. One of them is the "Tramps" picture that appears in your book. It is glossy and clear. ***Lansdale is so clearly identifiable***. Why, Lansdale in Dallas? The others don't matter, they are nothing but actors and not gunmen but they are interesting. Others who knew Lansdale as well as I did, have said the same thing, "*That's him and what's he doing there?*"

As I was reading the paper the Federal Express man came with a book from Jim, that unusual "Lansdale" book. A terrible biography. There could be a great biography about Lansdale. He's no angel; but he is worth a good biography. Currey, a paid hack, did the job. His employers ought to have let him do it right.

I had known Ed since 1952 in the Philippines. I used to fly there regularly with my MATS Heavy Transport Squadron. As a matter of fact, in those days we used to fly wounded men, who were recuperating, from hospitals in Japan to Saigon for R&R on the beaches of Cap St Jacque.

That was 1952-1953. Saigon was the Paris of the Orient. And Lansdale was "King Maker" of the Philippines. We always went by way of Manila. I met his team.

[Ho Chi Minh City (abbreviated HCMC),[a] also known as Saigon,[b] is the most populous city in Vietnam, with a population of around 9.3 million in 2023.[4] Situated in the Southeast region of Vietnam, the city surrounds the Saigon River and covers about 2,061 km2 (796 sq mi). Saigon was the capital of French Indochina from 1887 to 1902, and again from 1945 until its cessation in 1954. Following the partition of French Indochina, it became the capital of South Vietnam until the fall of Saigon in 1975. The communist government renamed Saigon in honour of Hồ Chí Minh after the fall of Saigon.]

[Elpidio Rivera Quirino (Tagalog: [kiˈɾino]; November 16, 1890 - February 29, 1956) was a Filipino lawyer and politician who served as the 6th president of the Philippines from 1948 to 1953.]

He (Lansdale) had arrived in Manila in Sept 1945, after the war (WWII) was over, for a while. He had been sent back there in 1950 by the CIA (Office of Policy Coordination OPC) to create a "*new leader of the Philippines*" and to get rid of Querino. Sort of like the Marcos deal, or the Noriega operation. Lansdale did it better. I (Prouty) have overthrown a government but I didn't splash it all around like Reagan and Bush have done. Now, who sent him there?

Who sent him [Lansdale] there in 1950 (Truman era) to do a job that was not done until 1953 (Ike era)? From 1950 to Feb. 1953 the Director of Central Intelligence was Eisenhower's old Chief of Staff, Gen Walter Bedell Smith. Smith had been Ambassador to Moscow from 1946 to 1949. The lesser guys in the CIA at the time were Allen Dulles, who was Deputy Director Central Intelligence from Aug. 1951 to Feb. 1953. Frank Wisner became the Deputy Director, Plans (Clandestine Activities) when Dulles became DDCI. Lansdale had to have received his orders from among these four men: Truman, Smith, Dulles, and Wisner. Of course the Sec

State could have had some input…i.e. Acheson. Who wanted Querino out, that badly? Who wanted HUKS there?

In Jan 1953 Eisenhower arrived

John Foster Dulles was at State and Gen Smith his Deputy. Allen Dulles was the DCI and General Charles Cabell his deputy. None of them changed Lansdale's prior orders to "get" Querino.

Lansdale operated with abandon in the Philippines. The Ambassador and the CIA Station Chief, George Aurell, did not know what he was doing. They believed he was some sort of kook Air Force Officer there…a role Lansdale played to the hilt. Magsaysay became President, Dec 30, 1953.

…

General Charles Douglas (C. D.) Jackson (16 March 1902 - 18 September 1964) was an expert on psychological warfare who served in the Office of Strategic Services in World War II and later as Special Assistant to the President in the Eisenhower administration.

General Charles Douglas (C. D.) Jackson (16 March 1902 - 18 September 1964) was an expert on psychological warfare who served in the Office of Strategic Services in World War II and later as Special Assistant to the President in the Eisenhower administration.

Jackson was born in New York City. After graduation from Princeton University in 1924, he enter the private sector. In 1931 Jackson took a position with Time Inc. In 1940 he was President of the Council for Democracy. From 1942-1943 he served as special assistant to the Ambassador to Turkey. From

1943-45 he served with the OSS. From 1944 to 1945 he was Deputy Chief at the Psychological Warfare Division, SHAEF.

After the war, he became Managing Director of Time-Life International from 1945-49. He then became publisher of Fortune Magazine. From 1951-52 he served as President of the anti-communist Free Europe Committee. He was a speech writer for Dwight Eisenhower's 1952 presidential campaign. He was assigned to be President Eisenhower's liaison between the newly created CIA and the Pentagon.

From February 1953 to March 1954, Jackson served as adviser to the President on psychological warfare.[2] He worked closely with the Psychological Strategy Board and was a member of the Operations Coordinating Board. He was also a member of the Committee on International Information Activities known, after its chairman William Jackson, as the Jackson Committee.

During 1953 and 1954, C. D. Jackson was key in establishing the Bilderberg Group and ensuring American participation. He attended meetings of the group in 1957, 1958 and 1960.

Jackson was an active defender of *Radio Free Europe* after the latter was accused in 1956 of having triggered the Hungarian rebellion. On November 12, he stated: “Over the years, Radio Free Europe has never, in a single broadcast or leaflet, deviated from its essential policy, and did not broadcast a single program during the recent Polish and Hungarian developments which could be described as an ‘incitement’ program.” Others argue that some of the broadcasts were inflammatory and penned by Hungarian emigres, and that they may have caused Soviet leaders to doubt Hungarian leader Imre Nagy’s managerial skills, fear the power vacuum in Hungary, and conclude that a second military invasion was necessary.

He later served in a position at the United Nations. From 1958 to 1960 he served as a speechwriter and White House manager, after the departure of Sherman Adams and the death of John Foster Dulles. In 1960 he was publisher of Life magazine.

General Edward Lansdale USAF to CD Douglas Jackson

7 March 1953
MEMORANDUM FOR C.D. JACKSON
Subject: Latin America

1. You requested some thoughts on Latin America, based upon lessons learned in the Philippines, In order to be of most help to you, in the possibly brief time before my departure overseas, I am dividing my suggestions in two parts. The first part is attached.

The second part requires deep study of an area unfamiliar to me. If there is insufficient time to write the second part, there are competent folks in C.I.A. who can do it.

2, The first part is an outline of my personal opinion of the basic mechanism needed to win the struggle we face. It is a start, not exhaustive.

It is the first time I have tried to describe it concisely, so perhaps there are some rough spots. Latin America is rich in assets for its most efficient working,

3. The basic mechanism must be locked at as only the covert or semi-covert part of the United States team in each country. The rest of the team should be playing in the same game, towards the same goal. If it isn't, the United States loses. Thus the critical task falls upon the Executive, for clear statement of our Policy towards

each country and compliance of officials to both spirit and letter of that policy.

4. The second part of my suggestions concerns the application of the basic mechanism to each country. The start should be a penetrating review of what we know of each country. From this review, by individual country, we list the real targets to be destroyed, the assets (including names of persons) in that country which will destroy the targets, and a sketch of how an agent or agents make those assets viable. The description of the basic mechanism contains thoughts on this.

5. If this way of doing is acceptable, then the means are next. You know where help awaits you in doing it successfully,

SG hysdota

EDWARD G LANSDALE COLONEL USAF,,
DECLASSIFIED with deletions and continued …

Summarized Description

In each country, there forces and leaders (actual or potential) believing In the freedom of the in forms as varied as our interpretation of that principle. We must put the United States (represented by its Agents of Influence who work in and upon the politics of foreign nations), quietly, into contact with those forces and leaders, strengthening them until they become the ***authority*** of that country. Then we insure that such authority does not become perverted Into fascism or communism. we insure by aiding internal balance of power, vigilantism, and similar means. In all of this, we are the friendly helpers, not the doers. We help others help themselves.

Although the French Revolution succeeded displacing the king Robespierre took over in the vacuum becoming a tyrant.]

The principal *Agent [Of Influence]* must either have achieved stature In the target country or be capable of achieving stature. The two best places to look for him are In the target country or the United States. Long-time residents In a foreign country tend to paternalistic colonialism or to thinking of natives as divided between social equal and not-quite-bright ("children" in the milder form, "n*ggers in the worst) Perhaps he can be picked from a Iist of Most Loved Yankees" supplied by native opinion makers in the country (our existing U.S. apparatus has the means to obtain a list, even though it might be contaminated) or supplied by US. citizens who know the country well (this might not be as accurate as that supplied by the natives). Such a list might name former ambassadors, military personnel, businessmen, or professionals who had spent several years In target country and would find a ready welcome again.

This template of using Celebrities to be the benefactors of Barrack Obama Jr. like Marilyn Monroe, Malcom X, Madelyn Payne Dunham, STanley Ann Dunham, Barrack Obama Sr., all make sense.

Prouty wrote of this group planning for Indonesia in 1958 Indonesia 1958: Nixon, the CIA, and the Secret War By L. Fletcher Prouty and many others say Barrack Obama JR was created by the CIA for Indonesia.

On the Trail of the Assassins Response by NWC

Introduction (to On The Trail of the Assassins by Jim Garrison)

THIS IS NOT just another of the many books analyzing the dry evidence in the assassination of President Kennedy. It is, instead, a chronicle of the experiences of one man who tried to get to the truth about the murder and prosecute those responsible for it. I write not as a critic but as a participant, a prosecutor and an investigator.

At the time of the assassination on November 22, 1963, I was district attorney of New Orleans. Because the accused assassin, Lee Harvey Oswald, had resided in New Orleans the summer before the assassination, I was immediately drawn into the case. More than three years later, in March 1967, my investigation culminated in the arrest of Clay Shaw, director of the International Trade Mart and fixture of New Orleans high society, on charges of conspiracy to murder John Kennedy.

In the months leading to Shaw's trial in 1969 I publicly suggested that members of the United States government's intelligence community, including Shaw, were responsible for the assassination and had carried it out in order to stop President Kennedy's efforts to break with Cold War foreign policy.

While the jury accepted my argument that there had been a conspiracy, it was not then aware of Shaw's role as a clandestine C. I. A. operative. Unconvinced of his motivation, the jury acquitted him of the charges. History has a way of changing verdicts.*_ Twenty- five years ago most Americans readily accepted the government's contention that the assassination was a random act of violence.

A lonely young man, his mind steeped in Marxist ideology, apparently frustrated at his inability to do anything well, had crouched at a warehouse window and-in six seconds outraged, Americans wanted an answer. And we got one. The Dallas police closed the case almost immediately, convicting Lee Harvey Oswald without trial. The F.B. I. agreed, virtually closing the case in a matter of weeks. And the Warren Commission, appointed shortly after the assassination, added its offcial stamp of approval less than ten months later. But time has undone the omcial explanation that most Americans at first believed.

There were too many contradictions, too many witnesses, too many photographs and motion pictures taken at the scene, too many skeptics. As time passed, previously unheeded witnesses were located, investigative reports of the assassination were found to be false, and other evidence was found to have been altered or destroyed. Even the concealment of assassination evidence for 75 years by the federal government could not prevent independent critics and researchers from uncovering gaping holes in the Warren Commission report. By 1967, two-thirds of the public did not accept the conclusion that Lee Oswald was the lone assassin.

In the 1970s the new Freedom of Information Act opened more doors. Material that federal agencies had stored away in their files-believing it would remain secret forever-became available to the public.

Since that time able critics have done considerable research. Many books have raised incisive questions about the official story and disclosed new and troubling evidence. Yet much of this information remains unknown to the majority of Americans.

For example:

• Five day s before the assassination the New Orleans F.B.I. offce received a telexed warning that an attempt would be

made to assassinate the President in Dallas at the end of the week. The Bureau did not pass on the warning to the Secret Service or other authorities. Shortly after the assassination, the telex message was removed from the file drawer of the New Orleans office of the Bureau.

The great majority of witnesses at Dealey Plaza in Dallas heard repeated rifle fire coming from the grassy knoll in front of Kennedy. In the chase that followed, the Dallas police apprehended three men and marched them away under shotgun arrest. However, the numerous news photographs of their arrest were never published and no record remains of their mug shots, their fingerprints, or their names.

• On the day of his arrest, Lee Oswald was given a nitrate test, the results of which showed that he had not fired a rifle in the previous 24 hours. This fact was kept secret by both the federal government and the Dallas police for ten months.

• The assassination taken by eyewitness Abraham Zapruder was concealed from the public and kept locked in a vault by Lift magazine. This moving picture showed Kennedy being slammed violently backwards-dear evidence of his being struck by a rifle shot from the front.

• Approximately an hour before the arrival of Kennedy's motorcade, Jack Ruby, the man who later murdered Lee Oswald, was observed alongside the grassy knoll, unloading a man carrying a rifle in a case. The statement of Julia Ann Mercer, the witness to that event, was altered by the F.B.I. to make it appear that she had been unable to identify Ruby as the man. This fraudulent alteration has never been explained or even denied by the federal government.

• After the President's body was subjected to a military autopsy, his brain disappeared. The brain, which is still missing after 25 years, had been immersed in formalin to harden it and might have shown from what directions the head shots came. Photographs and x-rays of the autopsy, which might also have

resolved the issue, were never examined by the Warren Commission.

• The pathologist in charge of Kennedy's autopsy at Bethesda Naval Hospital burned in the fireplace of his home the first draft of the autopsy report. Such revelations, while not widely disseminated, did eventually force the House Select Committee on Assassinations to conduct another investigation from 1976 to 1979. Its offcial conclusion, citing acoustical evidence, was that there probably had been a conspiracy to murder President Kennedy-and that more than one man had been shooting at him. However, the investigation was limited and made no further attempt to determine the forces behind the assassination.

• This book accepts the responsibility that the House Committee bypassed. Based on my experiences as a district attorney who actively investigated the assassination and on my continuing research since then, I offer in the final chapter an informed which is still missing after 25 years, had been immersed in formalin to harden it and might have shown from what directions the head shots came. Photographs and x-rays of the autopsy, which might also have resolved the issue, were never examined by the Warren Commission.

• The pathologist in charge of Kennedy's autopsy at Bethesda Naval Hospital burned in the fireplace of his home the first draft of the autopsy report. Such revelations, while not widely disseminated, did eventually force the House Select Committee on Assassinations to conduct another investigation from 1976 to 1979. Its offcial conclusion, citing acoustical evidence, was that there probably had been a conspiracy to murder President Kennedy-and that more than one man had been shooting at him. However, the investigation was limited and made no further attempt to determine the forces behind the assassination.

•This book accepts the responsibility that the House Committee bypassed. Based on my experiences as a district

attorney who actively investigated the assassination and on my continuing research since then, I offer in the final chapter an informed historical speculation about what happened-who killed John Kennedy and why. I do not claim, however, to have all the answers about the assassination. No individual could. To uncover the whole truth would require an open-ended, honest federal investigation -the kind that has not taken place to date.

•t the outset, I must underscore the fact that the details of the assassination-who pulled a trigger, from what building, what kind of gun, and so forth-are no longer my primary concerns. The assassination was an enormously important event. But even more important, in my view, is what happened after-ratification by the government and the media of an offcial story that is an absurd fairy tale.

•Immediately after the assassination, the federal government and the major media adopted the posture of two giant ostriches, each unyielding to reason, each with its head firmly lodged in the sand. Having ratified the lone assassin theory, they refused to acknowledge any facts that might discredit it and attacked anyone who offered a different explanation.

It was not difficult to figure out what their dilemma was. For the government and the major media to have acknowledged what virtually everyone knew (that Kennedy had been fired at by a number of guns) would have put an end to the sacred pretense that the President's assassination was a chance occurrence.

To have acknowledged a conspiracy would have led inevitably to the question of why it had occurred. There then would have followed recognition that there had been powerful opposition in the government to President Kennedy's efforts to end the Cold War. His desire to withdraw from Vietnam, for example, would have been revealed.

Correspondingly, the role of those who dragged us into nine years of war in Vietnam also would have become clearer. When

I tried to bring some of these profoundly disturbing connections to light, the United States government and the major media came down hard on me. Both before and after the trial of Clay Shaw, I was denounced by government offcials and the mass media for suggesting that members of our own intelligence agencies might have conspired to kill the President. I was vilified in the press as a publicity- seeking politician, a charlatan, and a communist.

The federal government brought false charges of corruption against me while I was in the midst of a re-election campaign for district attorney. Although I was found innocent in court, I narrowly lost the election. Thus the government succeeded in its attempt to remove me from offce.

to communicate my view of all that happened. Nearly twenty years later that has changed. We have been through the Vietnam War, Watergate, and the Iran/contra affair. We have learned much about our intelligence agencies and what they have done in our name. Assassination by our C.I.A. is no longer inconceivable; it is established historical fact. The existence of off-the-shelf covert government operations is acknowledged in congressional hearing rooms and on national television. In this more open atmosphere it is time-for history's sake and for the sake of the future-for me to tell the full story of my investigation and allow a new generation to consider it.

As a result of my investigation of the Kennedy assassination and my experiences afterwards, my life and consciousness were changed forever. This book is really about that process of change-of growing disillusionment, anger, and knowledge. My experience as a prominent player in the historical events prevents it from being typical. But our entire country shared, to varying degrees, my change of consciousness.

A quarter century later, it is possible to see that the assassination and cover-up by the government and the media were watershed events for this country. They represented the loss of innocence for post-war Americans, the beginning of the

current era of discontent and distrust in our government and our most fundamental institutions. I hope this book will help the younger generation to understand better the political, social, and historical consequences of the assassination and the subsequent cover-up.

Today, we still live with those consequences a continuing and ominous Cold War, a deceptive secret government, a docile press, a pervasive cynicism, and corruption. To bring an end to this era in which the lies of our elected government and the covert operations of our secret government threaten the very survival of our society, we must begin to see the Cold War and our national security in a new light.

Our relationship with the Soviet Union and other communist nations must be reconsidered and put into a realistic perspective that looks forward to a new century rather than backward to the 1950s. In his short three years as President, John Kennedy had already begun to change our attitudes and fundamental assumptions about the Cold War. His adoption of a more enlightened, less polarized view of the earth and its inhabitants, I believe, may have led John Kennedy to his death.

However, it also showed us a way to avoid global catastrophe. In re-examining his tragic assassination 25 years after it occurred, we should not forget his enduring legacy, articulated so eloquently at American University in June 1963: if we cannot end now our differences, at least we can help make the world safe for diversity. For, in the final analysis, our most basic common link is that we all inhabit this small planet. We all breathe the same air. We all cherish our children's future. And we are all mortal." Clarence Darrow lost the Scopes trial, but who remembers that now?

Jim Garrison Writes

> Today, we still live with those consequences a continuing and ominous Cold War, a deceptive secret government, a docile press, a pervasive cynicism, and corruption. To bring an end to this era in which the lies of our elected government and the covert operations of our secret government threaten the very survival of our society, we must begin to see the Cold War and our national security in a new light.

…

Edward Paul Donegan and Jen Moore believe this about something older than the Cold War though something the Cold War flowed out of and even WWII flowed out of.

The USA had a relationship with Leverage Forces the Jedah British Secret Service that could assassinate a few leaders and journalists here and there switching out top level leadership as needed to get a "second opinion" from national sovereigns if they did not like the first one.

These ties go very far back in history and JFK was a threat to that as RFK was.

THe Cold War was a fear of the Hot War that ended WWII and that fear favored leverage cover operators over open combat.

…

On the Trail of the Assassins (excerots from The Sponsors Chapter)

>

> *Whenever you have eliminated the impossible, whatever remains, however improbable, must be the truth.* - The Sign of Four; Sir Arthur Conan Doyle

A *coup d'etat* has been described as "*a sudden action by which an individual or group, usually employing limited violence, captures positions of governmental authority without conforming to the formal requirements for changing offceholders, as prescribed by the laws or constitution.*" A successful coup requires a number of elements: extensive planning and preparation by the sponsors (those responsible for the coup); the collaboration of the Praetorian Guard*_ (officials whose job is to protect the government, including the President); a diversionary cover-up afterwards; the ratification of the assassination by the new government inheriting power; and the dissemination of disinformation by major elements of the news media. If this concurrence of events has a familiar sound, it is because this is exactly what happened when John Kennedy was murdered.

I do not know precisely when the planning and preparation for the coup began. In a sense, it may have been as early as late 1960 when the C.I.A. prepared a dossier analysis on the President-elect. Such a psychological profile surely would not have contemplated assassination of the President, but its purpose was to help the C.I.A., or some elements within it, further its goal of manipulating foreign policy. It probably was not until later, when Kennedy had veered toward detente and conventional means of controlling policy had failed, that assassination became an option in the minds of some of the C.I.A.'s Cold War establishment.

…

The sponsors of the assassination also arranged numerous scenes where Lee Oswald was impersonated in hopes of laying a trail of incriminating evidence at his feet. (See Chapter 5.) The most significant of these impersonations occurred in Mexico City in October 1963, when Oswald reportedly contacted the

Soviet Embassy and the Cuban consulate, ostensibly to arrange a trip to the Soviet Union. The reason this particular impersonation stands out is that all the "documentation" for it was provided by the C.I.A. This evidence-which included C.I.A. memos, photographs of a man who obviously was not Oswald, and tapes of phone calls to the Soviet Embassy that were not of Oswald's voice-was insultingly flimsy. To me, this meant that while some elements within the C.I.A. participated in the Oswald impersonation charades and thus were doing the necessary preparatory work of setting up the scapegoat for the assassination, other elements within the Agency remained uninformed about the plot, or indeed might have been trying to discover the truth.

Oswald appears to have been extensively manipulated by the C.I.A. for a long period prior to the assassination and may well have believed that he was working for the government. Oswald was also an F.B.I. confidential informant, a job that provided additional control over him and may have given him a reason to believe he was actually penetrating the plot to assassinate the President. His association with the F.B.I. raises a question.

To what extent did the F.B.I. and the Secret Service cooperate in the pre- assassination planning? It appears to me that neither agency took any discernible positive action prior to the assassination-although there clearly was distinct inactivity when activity was called for. This brings us to the second necessary element for a successful coup: the cooperation of the Praetorian Guard. A coup d'etat needs the support neither of a large number of government offcials nor of a broad base of the population. The managers of the coup may well represent the views of only a tiny minority of the populace, but if they have key elements of the Praetorian Guard on their side, the majority becomes irrelevant.

In the United States, the modern counterparts to the Praetorian Guard are the secret police of the intelligence community, beginning with the smallish, close-at-hand Secret Service and extending on through the F.B.I., the intelligence divisions of various federal departments, the Defense

Intelligence Agency, and the Central Intelligence Agency. Without key elements of this modern-day Praetorian Guard, a coup d'etat in the United States would be impossible. With them, however, a coup can be unstoppable. The Praetorian Guard is vital to a successful coup because it has the capability of allowing the defensive protection of the leader to vanish at a crucial moment. The removal of the Emperor Caligula in seconds, leaving as the new emperor the stuttering Claudius, was almost casual following the quiet withdrawal of the protection of the guard. And almost equally casual was the removal of President Kennedy in less than six seconds, leaving Lyndon Johnson as the new President.

…

NWC Response

My Edward Paul Donegan response is 1)that all of what Garrison who was closest to the facts as prosecutor alleged has since been proven true from the deathbed confessions of HOlt, Hunt, and others adn 2) Garrison starts out with a well selected quote that explains why I and other witnesses have been in danger since

On the Trail Chapter 20 The Secret Sponsors

This is the way of all successful coups d'etat. In the early 17th century, Sir John Harington, the English poet, described it in a few lines:

> Treason doth never prosper: What's the reason?
> For if it prosper, none dare call it treason.

MUCH HAS HAPPENED since Clay Shaw's trial and my trial. Leading public figures like Lyndon Johnson, Earl Warren, Allen Dulles, Charles Cabell, and Earle Cabell have all died. And important characters in my New Orleans investigation like the virulent anticommunist Guy Banister and his private detective associate Jack Martin have gone unnoticed to their graves.

Others have died in undeniably mysterious circumstances. Lee Oswald's Dallas friend and baby sitter George de Mohrenschildt was found shot to death, a shotgun nearby, hours after arranging to be interviewed by an investigator from the House Select Committee on Assassinations. The coroner's verdict was suicide.

David Ferrie, as described in Chapter 11, was discovered dead in his New Orleans apartment with two unsigned suicide notes by his side. The coroner decided that death was due to natural causes. Deputy Sheriff Roger Craig left Dallas and moved to New Orleans as the result of an attempt on his life. He grew homesick for Dallas, however, and moved back. His car was blown up while he was in it, but he survived. Then he was found shot to death at his home. The coroner's verdict was suicide.

Jack Ruby, having been treated at the Dallas Sheriffs offce for a cold, was sent to the hospital when it got worse. Shortly thereafter it was announced that he had cancer, and shortly after that it was announced that he had died from the cancer.

Lee Harvey Oswald, of course, was shot by Ruby in front of a television audience of millions and a virtual wall of Dallas police offcers. Though there is no mystery about the precise cause of death, Ruby's stated reason for killing Oswald-to save Mrs. Kennedy the burden of having to attend Oswald's trial-remains as questionable

as ever, particularly in view of Ruby's ties to organized crime on the one hand, and to the F.B.I. and the C.I.A. on the other.

The beginning of the formal ratification process came when Congress allowed President Johnson, the heir to power, to appoint the Warren Commission, including ex-C.I.A. Director Dulles, to investigate the murder. The Commission's report, carrying the prestige and credibility of its highly respected chair, put the offcial government stamp of approval on the lone assassin fairy tale. For the government, reluctant to face the pre-assassination involvement of the C.I.A. and the participation of its other intelligence agencies in the cover-up, such a ratification must have seemed the easy way out. For many years afterwards, federal offcials did their best to prop up this crumbling edifice as critics tore it apart, leaving almost no one still believing in the lone assassin scenario.

With the murder plainly unsolved, a succession of Presidents and attorneys general, each with the resources of the F.B.I. and the entire federal government at their command, made no effort to get to the truth.

On the contrary, when I attempted a real investigation of the assassination, federal officials sought to suppress the truth. I received no cooperation when I sought to subpoena key witnesses like Allen Dulles. I found crucial federal records destroyed, altered, classified as secret, or sealed by the federal government for 75 years. I found myself denounced by the President, the attorney general, and the Chief Justice. I found my investigation infiltrated and subverted by federal agents. And ultimately I found myself on trial in a trumped-up federal case. That is what happens to you when you do not go along with the new government's ratification of the coup.

The government's cover-up and ratification of the assassination have been aided by a flood of disinformation appearing in the major media. Dissemination of disinformation is the last element necessary for a successful coup d'etat, and it also happens to be one of the specialties of the C.I.A. For many years the Agency secretly had on its payroll journalists ostensibly working for the major media but in fact disseminating propaganda for consumption by the American people. It has also subsidized the publication of more than 1,000 books.

John Stockwell

The Praetorian Guard: The U.S. Role in the New World Order

ohn Stockwell retrieved from Spartacus Educational and copied or modified to here

[image]

John Stockwell, the son of an engineer was born in the Belgian Congo (Zaire) in 1937. His father, an engineer from Texas, was involved in building a hydroelectric plant for a local mission hospital. His mother managed the only women's academy in Central Africa.

Stockwell was educated at the Presbyterian school in Lubondai before attending the University of Texas. In an autobiographical article Stockwell claimed that while at university he "never had a conversation with a liberal,

much less a radical critic of the system".

After graduating he joined the U.S. Marine Corps. As a result of his ability to speak the languages of the area (Tshiluba and Swahili), Stockwell was sent to the Congo to deal with the rebellion being led by Patrice Lumumba.

Stockwell spent three years in the marines before working in the ranching and land-clearing business in Texas. This was followed by work in the sales and market analysis branch of the Gates Rubber Company in Denver. Stockwell was inspired by a speech made by John F. Kennedy ("ask not what your country can do for you, but what you can do for your country") to join the Central Intelligence Agency.

Assassination of John F. Kennedy Encyclopedia

In 1964 Stockwell voted for Barry Goldwater. As he later explained: "everyone in Texas knew that Lyndon Johnson was corrupt to the core, with mob ties, with murders sometimes associated with his political campaigns".

Stockwell's first CIA assignment was in West Africa. His main task was to monitor communist activity in the region. He was later promoted to the position of chief of the CIA base in the Katanga province. Stockwell reported back to Washington that he did not believe that the CIA presence in the Congo was not justified as it was not advancing "US national security interests".

Stockwell spent six years in Africa before serving in Vietnam. As officer in charge of Tay Ninh Province, he organized covert operations against the National Liberation Front. This resulted in him winning the CIA Medal of Merit. He remained in the country until joining the US flight from Vietnam in April, 1975.

Stockwell now served on a subcommittee of the National Security Council and was appointed as chief of the CIA's Angola Task Force. Unhappy with the way the CIA was targeting the MPLA (Popular Movement for the Liberation of Angola) and resigned from the organization in December, 1976.

Three months later Stockwell published an open letter to CIA Director Stansfield Turner in the Washington Post. He claimed that 98% of CIA operations in the field were "fabrications but were papered over and promoted by aware case officers because of the numbers game". This resulted in Turner initiating a "house-cleaning of the clandestine services".

Stockwell has written two books on the CIA: In Search of Enemies (1978) and The Praetorian Guard: The US Role in the New World Order (1991). He has also made several lecture tours where he has spoken on CIA covert operations.

John Stockwell, open letter to Stansfield Turner (10th April, 1977)

We have not met and will not have the opportunity of working together, as you are coming into the Central Intelligence Agency when I am leaving. Although I am disassociating myself from the Agency, I have read with considerable interest about your appointment and listened to some of your comments.

You have clearly committed yourself to defending the Agency from its detractors and to improving its image, and this has stirred a wave of hope among many of its career officers. However, others are disappointed that

you have given no indication of intention, or even awareness of the need, for the ‘internal housecleaning that is so conspicuously overdue the Agency.

You invited Agency officers to write you their suggestions or grievances, and you promised personally to read all such letters. While I no longer have a career interest, having already submitted my resignation, numerous friends in the DDO (Deputy Directorate for Operations) have encouraged me to write to you, hoping that it might lead to measures which would upgrade the clandestine services from its present mediocre standards to the elite organization it was once reputed to be.

While I sympathize with their complaints, I have agreed to write this letter more to document the circumstances and conditions which led to my own disillusionment with CIA.

First, let me introduce myself. I was until yesterday a successful GS 14 with 12 years in the Agency, having served seven full tours of duty including Chief of Base, Lubumbashi; Chief of Station, Bujumbura; Officer in Charge of Tay Ninh Province in Vietnam; and Chief, Angola Task Force. My file documents what I was told occasionally, that I could realistically aspire to top managerial positions in the Agency.

I grew up in Zaire, a few miles from the Kapanga Methodist Mission Station, which was recently `liberated’ by Katangese invaders, and I speak fluent English and Tshiluba, `High’ French and smatterings of Swahili and other dialects.

My disillusionment was progressive throughout four periods of my career. First, during three successive assignments in Africa from 1966 through 1977 I increasingly questioned the value and justification of the reporting and operations we worked so hard to generate.

In one post, Abidjan, there was no Eastern bloc or Communist presence, no subversion, limited United States interests and a stable government. The three of us competed with State Department officers to report on President Houphouet-Boigny's health and local politics.

I attempted, to rationalize that my responsibility was to contribute, and not to evaluate the importance of my contribution which should be done by supergrades in Washington. However, this was increasingly difficult as I looked up through a chain of command which included, step-by-step: (a) the Branch Chief, who had never served in Africa and was conspicuously ignorant of Black Africa,; (b) the Chief of Operations, who was a senior officer although he had never served an operational overseas tour and was correspondingly naive about field operations; and (c) the Division Chief, who was a political dilettante who had never served an operational tour in Africa… Their leadership continuously reflected their inexperience and ignorance.

Standards of operations were low in the field, considerable energy was devoted to the accumulation of perquisites and living a luxurious life at the taxpayer's expense. When I made Chief of Station, a supergrade took me out for drinks and, after welcoming me to the exclusive inner club of `chiefs', proceeded to brief me on how to supplement my income by an additional $3,000 to $4,000 per year, tax-free, by manipulating my representational and operational funds. This was quite within the regulations. For example, the COS Kinshasa last year legally collected over $9,000 from CIA for the operation of his household…

The organization currently belongs to the old, to the burned out. Young officers, and there are some very good ones, must wait until generations retire before they can move up. Mediocre performances are guaranteed by a promotion system wherein time in grade and being a`good ole boy' are top criteria, i.e., there are no

exceptional promotions and the outstanding individual gets his promotions at the same time as the 'onlygood' and even some of the 'not-really-so-good' officers, and he must wait behind a line of tired old men for the truly challenging field assignments.

These young officers are generally supervised by unpromotable middle-grade officers, who for many years have been unable to go overseas and participate personally in operational activity. These conditions are obviously discouraging to dynamic young people, demoralizingly so, and several have told me they are also seeking opportunities outside the Agency.

With each new Director they hope there will be a housecleaning and reform, but each Director comes and goes, seven in my time, preoccupied with broader matters of state, uttering meaningless and inaccurate platitudes about conditions and standards inside the DDO. The only exception was James Schlesinger, who initiated a housecleaning but was transferred to the Department of Defence before it had much effect.

You, sir, have been so bold as to state your intention to abrogate American constitutional rights, those of freedom of speech, in order to defend and protect the American intelligence establishment. This strikes me as presumptuous of you, especially before you have even had a good look inside the CIA to see if it is worth sacrificing constitutional rights for.

If you get the criminal penalties you are seeking for the disclosure of classified information, or even the civil penalties which President Carter and Vice-President Mondale have said they favour, then Americans who work for the CIA could not, when they find themselves embroiled in criminal and immoral activity which is commonplace in the Agency, expose that activity without risking jail or poverty as punishment for

speaking out. Cynical men, such as those who gravitate to the top of the CIA, could then by classifying a document or two protect and cover up illegal actions with relative impunity.

I predict that the American people will never surrender to you the right of any individual to stand in public and say whatever is in his heart and mind. That right is our last line of defence against the tyrannies and invasions of privacy which events of recent years have demonstrated are more than paranoiac fantasies. I am enthusiastic about the nation's prospects under the new administration, and I am certain President Carter will reconsider his position on this issue.

And you, sir, may well decide to address yourself to the more appropriate task of setting the Agency straight from the inside out.

John Stockwell, The Praetorian Guard: The US Role in the New World Order (1991)

The President was perfunctorily warned of the threats against him, but the usual vigilant efforts to protect him were not taken. The Secret Service, FBI, and local police certainly can protect presidents. They do it continuously not only inside the United States but in foreign capitals around the world. Numerous, almost routine, techniques are involved, like bringing extra security forces to blanket problem areas, moving in caravans of cars at a brisk 45 miles an hour, and using, whenever possible, unannounced routes that do not include sharp, slow turns.

When President Kennedy and his wife visited Dallas on November 22, 1963, nearly all of the protections were lifted. Available Texas Guard units were not called into the city and available Dallas policemen were temporarily released from duty. The result? A team of CIA, Cuban

exile, and Mafia-related renegades organized a simple military ambush in Dallas and successfully gunned him down. The ambush and its coverup were brazen and astonishingly open. In fact several plots, in Chicago, Miami, and Houston, to kill Kennedy had misfired or been thwarted. The plot that succeeded in Dealey Plaza was so open that various people were reported prior to the event to have said that Kennedy would be killed with a rifle and a patsy would be blamed for the crime. Individuals like Joseph Milteer, the "umbrella man," and a CIA pilot Robert Plumlee went to Dealey Plaza on the 22nd of November to watch.

Obviously, most CIA personnel were not involved and did not know of the plot since sensitive operations are compartmentalized in order to protect their security. Moreover, the great majority of the coat-and-tie people inside CIA headquarters would never have put up with a hit on the President. A great deal of the success of the CIA is due to its ability to attract patriotic, good soldiers who believe in the general rightness of what they do, and then insulate them through compartmentalization from the heavier activities.

The OPMONGOOSE renegades, however, included assassins, terrorists, and people who had been involved in the drug traffic from Cuba into the United States. The team set up a military-style ambush in Dealey Plaza, with shooters on the tops of buildings and the famous grassy knoll. The route of the President's convoy included a 120-degree turn which slowed the car to a near stop. There was cooperation of elements of the Secret Service, of the Dallas Police, and of other law enforcement agencies.

When the shooting began, the Secret Service driver put on - the brakes (home movies of the scene show the brake lights on). Anyone who has been through that kind of training - and I have been through their "bang and burn" courses - is drilled to react. When the bullets

start flying in such a situation, you mash down on the gas and you get the hell out of the area; you do not slow down and look around as the seasoned Secret Service driver in fact did. In ten seconds of rifle fire, only one of the Secret Service agents in the trail car moved to the President's aid. The one agent who did move was Jackie Kennedy's personal guard, in Dallas at her request, not part of the team that was there to protect the President.

Kennedy was shot at very close range from firing stations, probably four of them, where the assassins fired eight to ten shots. He was hit in the back, throat, and twice in the head, two bullets each from the front and from the back. Texas Governor John Connally was hit twice. Two bullets were fired into the concrete, one on each side of the convoy. After the shooting stopped, the convoy raced away. The FBI and other branches of the government immediately launched the coverup. The new President, Lyndon Johnson, ordered the limousine in which Kennedy was killed be flown to Chicago and destroyed. The announced goal of President Johnson was to "reassure" the nation by proving that the killing was the work of lone assassin Lee Harvey Oswald. It was variously suggested that an investigation that turned up Soviet involvement might lead to nuclear war; it might embarrass the Kennedy widow; it might lead to domestic unrest. In fact; it might have led to a sizeable number of very important people and organizations being implicated in a presidential assassination. That might very well have exercised the population sufficiently to provoke a serious investigation of CIA, FBI, and Mafia activities in the country, and to demand some changes.

The evidence was extensively tampered with. The President's body was altered; the photographs of the autopsy were altered; and over 100 witnesses were killed or died mysterious and violent deaths. To this day, despite the House Committee's 1979 conclusion that there was a conspiracy, there has been no formal, official investigation. Neither have all the documents

been released.

Even among the majority that acknowledge that there was abroad conspiracy, many find it difficult to believe that the CIA itself could have been involved. Perhaps, they reluctantly concede, “renegades” might have had something to do with it.

In fact, there is strong evidence that both the FBI and the CIA high commands had prior knowledge of and direct involvement in the conspiracy. After the Dallas Police had arrested Lee Harvey Oswald, but before they could have positively identified him (he had false identification papers in his wallet) much less interrogate him and reasonably confirm his (alleged) guilt, FBI Director J. Edgar Hoover telephoned Bobby Kennedy in Washington to tell him that the assassin had been caught. Hoover gave Kennedy biographic information that he could only have had prior to the assassination. Clearly he was waiting with information about Lee Harvey Oswald, to blame him for the killing.

Similarly, CIA operatives far from Dallas were waiting with biographic information about Oswald to feed to the media. Some time after the Warren Committee hearings, journalist Seth Kantor found himself broadly suspected of being somehow a secret agent because, researchers found, the Warren Commission had classified part of his testimony. Puzzled, he checked and found that the Commission had in fact classified telephone calls he made during the afternoon of the killing. In addition to checking his own notes, he succeeded in forcing the Warren Commission to return his testimony to him, and identified the calls. One was to the managing editor of the Scripps-Howard news service bureau in Washington. Mid-afternoon, again long before the police could have interrogated Oswald, made a positive identification, concluded what had happened, and eliminated the possibility of accomplices in a conspiracy to kill the President, the editor told Kantor that Oswald had been

identified as the assassin and instructed him to call Hal Hendricks, a journalist who gave Kantor detailed biographic information about Oswald. Years later, in the CIA-engineered coup in Chile, Hendricks was positively identified as a CIA operative working under journalistic cover. Moreover, the Warren Commission's move to classify the phone calls is proof positive that it knew there was an intelligence connection with Hendricks and strongly suggests that it was willfully covering up the assassination conspiracy.

vIn sum, the FBI Director and CIA media operatives were waiting, primed, before the assassination to launch the coverup and pin the blame on the pre-selected patsy, Oswald.

In September, 1997, Spartacus Educational founder and managing director John Simkin became the first educational publisher in Britain to establish a website that was willing to provide teachers and students with free educational materials.

From the William Binney Chapater of The Great Treason

Chapter 13 (hmm) by Jim Garrison in his book On The Trail

All of this overlaps with the Japan CIA operation and the CIA at Las Vegas and Covington locations Chauncey Holt speaks of AND CD Douglas in LIfe magazine framing Garrison.

The Assault

ON SEPTEMBER 4, 1967, Chief Justice Earl Warren announced from Tokyo, Japan, that I had presented "absolutely nothing" publicly to contradict the findings of the Warren Commission report on President Kennedy's assassination. Warren, speaking at the Foreign Correspondents Club of Japan, said that he had not heard "one fact" to refute the Commission findings that Lee Oswald was the lone killer.

This was strange behavior for the Chief Justice of the United States. Clay Shaw's trial had not begun. The first juror had yet to be selected. Yet here the highest judge in our land already was testifying as the first witness in the case. He was not testifying under oath, which gave him a unique freedom from the laws of perjury which witnesses following him would not have. And he plainly was loading the dice in Shaw's favor. No witness was going to be eager, in front of all the world, to make the Chief Justice appear to be a liar, or at least mistaken.

Some long-cherished illusions of mine about the great free press in our country underwent a painful reappraisal during this period. The restraint and respect for justice one might expect from the press to insure a fair trial not only to the individual charged but to the state itself did not exist. Nor did the diversity of opinion that I always thought was fundamental to the American press. As far as I could tell, the reports and editorials in Newsweek, Time, the New York Times, the New York Post, the Saturday Evening Post and on and on were indistinguishable. All shared the basic view that I was a power-mad, irresponsible showman who was producing a slimy circus with the objective of getting elected to higher office, oblivious of any consequences.

The attacks did not end with Phelan. Without any warning, Dick Billings, the friendly editor from Life magazine, suddenly flew in from New York. He seemed amiable enough, but he appeared to have lost a great deal of weight. He had deep circles under his eyes. His Ivy League clothes hung loosely on his thin frame. He informed me that Life would no longer be able to support me and work with me in the investigation. The magazine, he said, had come to the conclusion that I was not

the vigorous opponent of organized crime that it had first thought I was. "What on earth are you talking about?" I asked. He then mentioned a name, asking me if I knew of the man. I shook my head and answered that I had never heard of him. The editor held out his hands. "There you are," he said. "You should have had a dossier on him by now."

I pulled over a phone directory and located the name he had mentioned in the small town of Covington, a listing which indicated that he lived immediately north of the lake. "Is this who you mean?" I asked.

"That's the man," he said. "He's one of the top racketeers down here."

"And you're the starting quarterback for the Green Bay Packers," I responded. If that fellow had been engaged in any extended criminality in and around New Orleans, I would have known his name well. As it turned out, I could find no one in the offce who ever had heard his name. Nor did the name ever come up again.

I studied my visitor. It was obvious that he was an unhappy man executing a bad assignment which he had been ordered to carry out. I was angry, but not at him. He was considerably more sensitive and intelligent than most of the media representatives I had encountered. Soon he would be assigned to stories about the birth of quintuplets in Bangor, Maine, or a scientific breakthrough in increasing the fertility of rabbits.

Apparently, the Life magazine gambit had been planned for some time, if not from the very outset. Within a few weeks my name appeared in the second of two Life articles about organized crime. It gave particular attention to me as a free-wheeling visitor at Las Vegas casinos from time to time. The writer of the article had some problems working me into the scenario because, as it happens, I do not gamble at all. It is not that I am too virtuous. I simply observed a long time ago that the house always wins.

However, that detail did not inhibit the editors of Life. I was described as having a special Las Vegas connection who was a "lieutenant" of a New Orleans "mobster." I reportedly was "granted a $5,000 credit in the cashier's cage." The implication was that I used this credit to sign chits during my alleged forays at the gambling tables.

It was true that I filled out a form once when I had to cash a check at the Sands Hotel. This apparently is where I acquired such credit, if indeed I had that much. It was also true that I took trips to Las Vegas about twice a year, but they were entirely for the purpose of getting out into the dry western climate, which I happen to love, and catching up with some sunshine. That was all that was needed for me to become Life's version of The Man Who Broke the Bank at Monte Carlo.

Around the time of the Life article about my fictional gaming proclivities at Las Vegas, Time magazine-a sister publication of Life's and a part of the Luce empire-ran a series of articles on our investigation. It was pictured as an indefensible sham, and I as a demented buffoon, hungry for headlines.

In Newsweek's May 15, 1967, issue under the eading "The JFK 'Conspiracy','t Hugh Aynesworth wrote:

…

> Jim Garrison is right. There has been a conspiracy in New Orleans-but it is a plot of Garrison's own making. It is a scheme to concoct a fantastic "solution" to the death of John F. Kennedy, and to make it stick; in this case, the district attorney and his staff have been indirect parties to the death of one man and have humiliated, harassed and financially gutted several others.
>
> Indeed, Garrison's tactics have been even more questionable than his case. I have evidence that one of

> the strapping D.A.'s investigators offered an unwilling "witness" $ 3,000 and a job with an airline-if only he would "fill in the facts" of the alleged meeting to plot the death of the President. I also know that when the D.A.'s offce learned that this entire bribery attempt had been tape-recorded, two of Garrison's men returned to the "witness" and, he says, threatened him with physical harm.

Aynesworth, who seemed a gentle and fair enough man when he interviewed me for several hours in my home, never did get around to revealing whose life our offce had shortened. As for the $3,000 bribe, by the time I came across Aynesworth's revelation, the witness our offce had supposedly offered it to, Alvin Babeouf, had admitted to us that it never happened. Aynesworth, of course, never explained what he did with the "evidence" allegedly in his possession. And the so-called bribery tape recording had not, in fact, ever existed.

If this article was a typical Aynesworth product, one could hardly help but wonder how a newsman with so rampant an imagination continued to find a market for his stories. Yet, in fairness to Aynesworth, I must say that this "news" story was all too typical of what my offce staff found itself reading in newspaper and magazine articles by writers from distant cities who had not the remotest awareness of what my offce had been attempting to accomplish.

A Lie Too Big To Fail retrieved from A Lie Too Big To Fail Mission Possible of the CIA and copied or modified to here

Lisa Pease

THE MORNING OF JUNE 5, 1968, CIA OFFICER JOSEPH BURKHOLDER Smith heard on his car radio that Robert Kennedy had been shot. He was on his way to teach a class to a group of Army offcers who were going to Vietnam as part of a joint CIA-Defense Department unit. When Smith arrived, an Army colonel who led the unit Smith was about to teach shocked Smith with the following exhortation:

…

> "Congratulations," said the colonel, "now it won't be us. You guys are great. Only, for Christ's sake, having your agent use that small-caliber weapon is taking an awful chance. He's not dead yet."ZZi
>
> …

Why did the Army Colonel immediately assume, without any evidence, that the CIA had killed Senator Robert Kennedy? Because he had seen the system from the inside, perhaps more than had Smith, who assured his class, also without evidence, that the CIA hadn t killed Kennedy.

After the CIA's operations were exposed in the wake of the Church and Pike Committees, Smith wrote he was shocked to find out how much he didn't know about his employer, despite his many years working for the Agency.Z-Z2 But Smith continued to defend the Agency against all comers, even when an investigator for the House Select Committee on Assassinations came knocking on his door. As Upton Sinclair once said, "It's impossible to make a man understand something when his salary depends on him not understanding it."

Regardless of whether Smith was shocked or posturing, the Army colonel had a clearer view of how the CIA operated, and the ways in which the CIA's world vision clashed with that of the Kennedys, than most reporters do today.

Some people really can't believe that CIA people would ever do such a thing. Aren't they the ultimate patriots, putting their lives on the line to defend us? It's important to understand that, like the Army colonel, there were a number of people in the military and intelligence establishments who felt the Kennedy brothers were Communist sympathizers or worse, so killing them was, in their minds, an act of patriotism, not treason. That the Kennedys weren't Communists or sympathizers was a difference of fact, not opinion, but when people only listen to lies that support their beliefs, instead of the facts that challenge them, terrible things can happen.

The politics of the Kennedy brothers have been deliberately muddied for that reason: If you believe the Kennedy brothers were of the same mind as the CIA of the time, you'll find it impossible to believe that operatives of the CIA killed both brothers. But if you understand that there was an epic power struggle going on between the Kennedys and the CIA at the time of President Kennedy's death, and that Robert Kennedy's policies would have not only mirrored but exceeded those of his brother's on the left of the political spectrum, the picture of why both Kennedys were killed becomes much clearer.

The CIA and the establishment that supported it had no qualms advocating and executing covert action to overthrow governments whose economic policies did not provide the U.S. an advantage over all other nations in areas with key resources. In the present era, we can see clearly now how disastrous those policies were in Latin

America, in the Middle East, and everywhere else the CIA has meddled. Iran may never have become a fundamentalist state had the CIA not overthrown the democratically elected Mohammad Mossadegh.

No one epitomized the establishment more than the brothers Allen and John Foster Dulles. These two had both worked for the powerful Wall Street law firm of Sullivan and Cromwell, protecting the corporate interests of clients that included the powerful Rockefeller clan. Together, they ran America's overt and covert foreign policy for eight years. And under them, a tragic number of democratically elected leaders would be overthrown.

In 1951, two men were elected president that would become targets of the nascent CIA: Jacobo Arbenz in Guatemala and Mohammed Mossadegh in Iran. Both men wanted to stop the exploitation of their people by foreign interests, predominantly British and American business interests. Both took steps to nationalize their most valuable resources- oil in Iran and farmland in Guatemala, and both were then labeled "Communists" and overthrown by the CIA in the mid-1950s.

Not all the CIA's coup attempts were successful. The CIA tried and failed to overthrow President Sukarno in Indonesia in 1958. A plot to kill Castro designed to coincide with the Bay of Pigs failed.

Schlesinger quoted an unnamed "CIA man" who described how in 1957 CIA tried to force the State Department's hand in Indonesia by feeding them increasingly disturbing intelligence reports on the Indonesian leader Sukarno. "When they read enough alarming reports, we planned to spring the suggestion that we should support the colonels."

When the Indonesian Ambassador expressed opposition

to any plot to overthrow Sukarno, Allen Dulles, the head ofthe CIA, pressured his brother John Foster Dulles, then head of the State Department, to replace the Ambassador. And while Allen Dulles had "personally promised" to keep the new Ambassador apprised of CIA activity, he did not.

In 1958, the CIA launched an utterly unsuccessful attack on Indonesia that resulted in CIA pilot Allen Pope being captured. This incident was as poorly planned and executed as the Bay of Pigs operation would be three years later. The OCB once again admonished President Eisenhower to rein in the CIA. The OCB expressed similar sentiments again in 1959 and 1960. In January 1961, just before John Kennedy was inaugurated, the board wrote:

We have been unable to conclude that, on balance, all of the covert action programs undertaken by CIA up to this time have been worth the risk or the great expenditure of manpower, money and other resources involved. In addition, we believe the CIA's concentration on political, psychological and related covert action activities have tended to detract substantially from the execution of its primary intelligence-gathering mission. We suggest, accordingly, that there should be a total reassessment of our covert action policies.

…

Data in [my Lisa Pease] previous book with Jim DiEugenio, The Assassinations: Probe Magazine on JFK, MLK, RFK and Malcolm X for some of the strong evidence of the CIA's role in the plot. Here I will attempt only the barest summary of some evidence in that regard.

CIA finance officer James Wilcott told the HSCA and later, anyone who would listen, including his friends,

who told Jim Douglass, that Oswald had been a paid agent of the CIA. While Wilcott had never paid him personally, he was told by others that Lee Harvey Oswald had been paid under a CIA project code.

Wilcott told the HSCA that he learned from others in the CIA in the days following the assassination that members of the CIA had killed Kennedy.

Originally, said Wilcott, the news of Kennedy's assassination was met with joy in the CIA. The CIA was filled with extreme right-wing hardliners who were thrilled the liberal president had been killed. But when Oswald's history surfaced, the joy faded as employees realized their CIA had killed the president. According to Wilcott:

…

> Not long before going off duty, talk about Oswald's connection with CIA was making the rounds. While this kind of talk was a jolt to me, I didn't really take it seriously then. Very heavy talk continued up to about the middle of January. Based solely on what I heard at the Tokyo Station, I became convinced that the following scenario is true: CIA people killed Kennedy. Either it was an outright project of Headquarters with the approval of McCone or it was done outside, perhaps under the direction of Dulles and Bissell. It was done in retaliation for Kennedy's reneging on a secret agreement with Dulles to support the invasion of Cuba.
>
> …

> There was no secret agreement between President Kennedy and Dulles to support an invasion of Cuba, but it would have been fully in keeping with Allen Dulles' character to make up such a story to blame the victim. More disturbing was Wilcott's assertion of the motive behind the killing of Kennedy:
>
> …
>
> > The branch chiefs and deputy chiefs, project intelligence officers and operational specialists viewed Kennedy as a threat to the clandestine services. The loss of special privileges, allowances, status and early retirement that come with the CIA cloak-and-dagger job were becoming a possibility, even a probability. The prestigious portions of the bureaucratic dominions, ambitiously sought, might be no more. Adjustment to a less glamorous job in a common profession could be the result.
>
> …

Ed Donegan reminds you the CIA at that time was the Overthrow Operational Forward Base

This was for Asia, Tokyo, Soviet Union, and Gautamala and Indonesia, and Indonesia overthrow plans in the Caribbean was in dispute and I say tied to plans for a very young Obama Jr. and Prouth and Donegan were invovled in it.

Harry S. Truman retrieved from Wikipedia and copied or modified to here

33rd President of the USA two terms 1949-1953

Assuming the presidency after Roosevelt's death and just before the atomic bombs were described to him and ordered used by him , Truman implemented the Marshall Plan in the wake of World War II to rebuild the economy of Western Europe and established both the Truman Doctrine and NATO to contain the expansion of Soviet communism. He proposed numerous liberal domestic reforms, but few were enacted by the conservative coalition that dominated the Congress.

[image]

An Democrat Party member who despised Nazim, Communism, and Graft in the public sector.

Truman Committee

In late 1940, Truman traveled to various military bases. The waste and profiteering he saw led him to use his chairmanship of the Committee on Military Affairs Subcommittee on War Mobilization to start investigations into abuses while the nation prepared for war. A new special committee was set up under Truman to conduct a formal investigation; the White House supported this plan rather than weather a more hostile probe by the House of Representatives. The main mission of the committee was to expose and fight waste and corruption in the gigantic government wartime contracts.

Truman's initiative convinced Senate leaders of the necessity for the committee, which reflected his demands for honest and efficient administration and his distrust of big business and Wall Street. Truman managed the committee "with extraordinary skill" and usually achieved consensus, generating heavy media publicity that gave him a national reputation.

Roosevelt's advisors knew that Roosevelt might not live out a fourth term and that his vice president would very likely become the next president. [Truman was selected]

Harry S. Truman[b] (May 8, 1884 - December 26, 1972) was the 33rd president of the United States, serving from 1945 to 1953. A member of the Democratic Party, he previously served as a United States senator from Missouri from 1935 to 1945 and briefly as the 34th vice president in 1945 under Franklin D. Roosevelt. Assuming the presidency after Roosevelt's death, Truman implemented the Marshall Plan in the wake of World War II to rebuild the economy of Western Europe and established both the Truman Doctrine and NATO to contain the expansion of Soviet communism. He proposed numerous liberal domestic reforms, but few were enacted by the conservative coalition that dominated the Congress.

In the primary for the Congressiponal run Truman defeated Congressmen John J. Cochran and Jacob L. Milligan with the solid support of Jackson County, which was crucial to his candidacy. Also critical were the contacts he had made statewide in his capacity as a county official, member of the Freemasons,[c] military reservist,[d] and member of the American Legion.

In the general election, Truman defeated incumbent Republican Roscoe C. Patterson by nearly 20 percentage points in a continuing wave of pro-New Deal Democrats elected during the Great Depression.

After his election to the U.S. Senate, Truman was transferred to the General Assignments Group, a holding unit for less active officers, although he had not been consulted in advance.[67] Truman protested his reassignment, which led to his resumption of regimental command.[67] He remained an active reservist until the early 1940s.[68] Truman volunteered for active military service during World War II, but was not accepted, partly because of age, and partly because President Franklin D. Roosevelt desired senators and congressmen who belonged to the military reserves to support the war effort by remaining in Congress, or by ending their active duty service and resuming their congressional seats.[69] He was an inactive reservist from the early 1940s until retiring as a colonel in the then redesignated U.S. Army Reserve on January 20, 1953

https://newwilliamcooperpatrioticsovereignpress.com/knowledgebase-querry-equals-1945-to-1963/

The post WWII period under Averell Harriman Truman signed into law becomes the CIA monster the Bush family will rise under and take control of.

It is a Devil's Chessboard run by elites as David Talbot put it. I

also think Crypto done by Great Britain was the part Truman wanted most - insights into the world from its decripted messages and that was an English epicenter.

Did Eisenhower and Nixon turn foreign policy "coordination" in secret to the Council on Foreign Relations, Trilateral Commission, Bilderbergers, and others, indebting and indenturing the USA capabilities into old money Europe and colonialism and use the mechanisms of the NSC to do that and did JFK reject that?

The use of the National Security Council as think tank not beholden to the US Congress that worked too independently with the CIA and US DOD created by national security legislation and treaties setup the military industrial complex run by the NSC under the Vice President per the new laws signed by Truman who was luke warm to the apparatus.

Further; did Allen Dulles and Indonesia plans include regaining Indonesia and did this go too far and use Barrack Obama as a sleeper, not "activated" for Indonesia but still a CIA sleeper who became US Senator and US PResident? I tnhink this and ATSUGI and the Kennedy assasition the DOnegans are tied to overlap with this.

Franklin Delano Roosevelt[a] (January 30, 1882 - April 12, 1945), commonly known by his initials FDR, was an American politician and statesman who served as the 32nd president of the United States from 1933 until his death in 1945. He was a member of the Democratic Party and is the only U.S. president to have served more than two terms in office. During his third and fourth terms, he was preoccupied with World War II. - Wikipedia

Democrat Party Harry S. Truman (May 8, 1884 - December 26, 1972) was the 33rd president of the United States, serving from 1945 to 1953. A member of the Democratic Party, he previously served as a United States senator from Missouri from 1935 to 1945 and briefly as the 34th vice president in 1945

under Franklin D. Roosevelt. Assuming the presidency after Roosevelt's death, Truman implemented the Marshall Plan in the wake of World War II to rebuild the economy of Western Europe and established both the Truman Doctrine and NATO to contain the expansion of Soviet communism. He proposed numerous liberal domestic reforms, but few were enacted by the conservative coalition that dominated the Congress.

Democrat Party Alben William Barkley November 24, 1877 - April 30, 1956) was an American lawyer and politician from Kentucky who served as the 35th vice president of the United States from 1949 to 1953. Successor Richard Nixon (Republican) under President Eisenhower (Republican)

Part of my (Edward Paul Donegan) theory core is that in 1949 as the Marshall Plan was being created and organized in legislation in the USA and in Paris among the WWII allies is that President Truman who succeeded FDR after WWII and PRECEDED Eisenhower Nixon who took office in 1953 was the one who really planned ATSUGI base and Licavoli Ranch that began in 1951 though from 1946 to 1953 Nixon then a us Representative was working with PsyOps and others in Los Angeles as CIA. Following the assassination of the JFK Truman stated he was sorry the CIA he signed into law had so exceeded its bounds. Over Indonesia and British Colonialism rather than more focus on the USSR itself?

Again I assert in the close of WWII it was the plan to support regaining the lost colonies England and Japan held but gained independence during WWII. Among the nations the CIA foreword base of ATSUGI was to take on was Asia area, Tokyo itself from any aggression, the Soviet Union, Guatemala, and Indonesia. Those could be the where else.

The "X Article" is an article, formally titled "The Sources of Soviet Conduct", written by George F. Kennan and published under the pseudonym "X" in the July 1947 issue of Foreign Affairs magazine. It widely introduced the term "containment" and advocated for its strategic use against the Soviet Union. It

expanded on ideas expressed by Kennan in a confidential February 1946 telegram, formally identified by Kennan's State Department number, "511", but informally dubbed the "long telegram" for its size.

After hearing Kennan speak about Soviet foreign relations at the Council on Foreign Relations in January 1947, international banker R. Gordon Wasson suggested that he share his views in an article for Foreign Affairs. Kennan revised a piece he had submitted to Secretary of the Navy James Forrestal in late-January 1947, but his role in government precluded him from publishing under his name.

His superiors granted him approval to publish the piece provided it was released anonymously; Foreign Affairs attributed the article only to "X". Expressing similar sentiments to that of the long telegram, the piece was strong in its anti-communism, introducing and outlining a basic theory of containment. The article was widely read; though it does not mention the Truman Doctrine, having mostly been written before Truman's speech, it quickly became seen as an expression of the doctrine's policy.

Retrospective commentators dispute the impact of the article; Henry Kissinger referred to it as "the diplomatic doctrine of the era",[5] while some historians write that its impact in shaping governmental policy has been overstated.

Robert Gordon Wasson (September 22, 1898 - December 23, 1986) was an American author, ethnomycologist, and a Vice President for Public Relations at J.P. Morgan & Co.

In the course of work funded by the Central Intelligence Agency (CIA),[5] Wasson made contributions to the fields of ethnobotany, botany, and anthropology.

Wasson began his banking career at Guaranty Trust Company in 1928, and moved to J.P. Morgan & Co. in 1934. That same year, he published a book[6] on the Hall Carbine Affair, in

which he attempted to exonerate John Pierpont Morgan from guilt with respect to the incident, which had been viewed as an example of wartime profiteering. As early as 1937, Wasson had been attempting to influence historians Allan Nevins and Charles McLean Andrews regarding Morgan's role in the affair; he used Nevins' report[7] as a reference for his own book on the topic. The matter of Morgan's responsibility for the Hall Carbine Incident remains controversial.

On 29 August 1949, the Soviet Union secretly conducted its first successful weapon test (First Lightning, based on the American "Fat Man" design) at the Semipalatinsk-21 in Kazakhstan.[1] Stalin alongside Soviet political officials and scientists were elated at the successful test.[11] A nuclear armed Soviet Union sent its rival Western neighbors, and particularly the United States into a state of unprecedented trepidation.[12] From 1949 onwards the Soviet Union manufactured and tested nuclear weapons on a large scale.: 840 [13] The nuclear capabilities these tests helped develop were crucial to projecting and maintaining its global status. In total, the Soviet Union conducted 715 nuclear weapon tests throughout the course of the Cold War. Furthermore, the nuclear capabilities of the Soviet Union escalated the Cold War with the United States to the possibility of nuclear war and ushered in the doctrine of mutually assured destruction.

The Nevada National Security Site (N2S2[1] or NNSS), known as the Nevada Test Site (NTS) until 2010,[2] is a United States Department of Energy (DOE) reservation located in southeastern Nye County, Nevada, about 65 miles (105 km) northwest of the city of Las Vegas. Formerly known as the Nevada Proving Grounds, the site was established in 1951 for the testing of nuclear devices. It covers approximately 1,360 square miles (3,500 km2) of desert and mountainous terrain. Nuclear weapons testing at the site began with a 1-kiloton (4.2 TJ) bomb dropped on Frenchman Flat on January 27, 1951. Over the subsequent four decades, over 1,000 nuclear explosions were detonated at the site.[3] Many of the iconic images of the nuclear era come from the site.

During the 1950s, the mushroom clouds from the 100 atmospheric tests were visible from almost 100 mi (160 km) away. The city of Las Vegas experienced noticeable seismic effects, and the mushroom clouds, which could be seen from the downtown hotels, became tourist attractions. Westerly winds routinely carried the fallout from above-ground nuclear testing directly through St. George, Utah and southern Utah. Increases in cancers, such as leukemia, lymphoma, thyroid cancer, breast cancer, melanoma, bone cancer, brain tumors, and gastrointestinal tract cancers, were reported from the mid-1950s onward. A further 828 nuclear tests were carried out underground

United States Objectives and Programs for National Security, better known as NSC 68, was a 66-page top secret National Security Council (NSC) policy paper drafted by the Department of State and Department of Defense and presented to President Harry S. Truman on 7 April 1950. It was one of the most important American policy statements of the Cold War. In the words of scholar Ernest R. May, NSC 68 "provided the blueprint for the militarization of the Cold War from 1950 to the collapse of the Soviet Union at the beginning of the 1990s."

The report, designated NSC 68, was presented to President Truman on 7 April 1950, who passed it on to the NSC for further consideration on 12 April 1950.

NSC 68 drew some criticism from senior government officials who believed the Cold War was being escalated unnecessarily.

Conclusion This document is critical to understanding the Cold War with its effect on similar national security pronouncements such as President George W. Bush's announcement of a "War on Terror" in September 2001 and the National Security Strategy document of 2002.

President Harry S. Truman, even after the Soviets became a nuclear power, sought to curb military spending. However, he did not reject the recommendations of NSC 68 out of hand, but

instead requested more information i.e. asking for an estimate of the costs involved.

In the ensuing two months, little progress was made on the report. By June, Nitze had practically given up on it. But on 25 June 1950, North Korean forces crossed the 38th parallel north.[16] With the Korean War begun, NSC 68 took on new importance. As Acheson later remarked: "Korea... created the stimulus which made action." wikipedia

> **Limit CIA Role To Intelligence by Harry S. Truman December 22, 1963 The Washington Post, page A11**
>
> I never had any thought that when I set up the CIA that it would be injected into peacetime cloak and dagger operations. Some of the complications and embarrassment I think we have experienced are in part attributable to the fact that this quiet intelligence arm of the President has been so removed from its intended role that it is being interpreted as a symbol of sinister and mysterious foreign intrigue-and a subject for cold war enemy propaganda.
>
> With all the nonsense put out by Communist propaganda about “Yankee imperialism,” “exploitive capitalism,” “war-mongering,” “monopolists,” in their name-calling assault on the West, the last thing we needed was for the CIA to be seized upon as something akin to a subverting influence in the affairs of other people.

> **How ATSUGI and the CIA at ATSUGI Happened as a result of Containment following WWII**

Asia

Indochina, the three countries of Vietnam, Laos, and Cambodia formerly associated with France, first within its empire and later within the French Union. The term Indochina refers to the intermingling of Indian (British Colonial included) and Chinese influences in the culture of the region.

In 1931, Japan invaded and occupied Manchuria. Japan invaded other parts of China in 1937, precipitating the Second Sino-Japanese War (1937-1945), a theater of World War II

China emerged victorious but war-ravaged and financially drained. The continued distrust between the Kuomintang (military arustiracy called Whites of White Gloves) and the Communists led to the resumption of civil war.

On 1 October 1949, Chinese Communist Party Chairman Mao Zedong formally proclaimed the People's Republic of China in Tiananmen Square, Beijing. [In 1949 US Dept of Treasury employee Dorothy Wetzel will travel to Paris while working for E. Harriman and meet Howard Hunt in that Paris summit and they will maryIn 1950, the PRC captured Hainan from the Republic of China and annexed Tibet. However, remaining Kuomintang forces continued to wage an insurgency in western China throughout the 1950s. China and Japan although having early common Asian roots have long running war rivalreis that created a threat to Japan in during the years following WWII.

The Truman administration was unprepared for the invasion of North Korean into the Repuplic of Korean below the 3ith Parllel a line similar to the

Berlin Wall. Korea was not included in the strategic Asian Defense Perimeter outlined by United States Secretary of State Dean Acheson. Military strategists were more concerned with the security of Europe against the Soviet Union than East Asia. At the same time, the administration was worried that a war in Korea could quickly escalate without American intervention. Said diplomat John Foster Dulles in a cable: "To sit by while Korea is overrun by unprovoked armed attack would start a disastrous chain of events leading most probably to world war."

United States' response (July-August 1950) A group of soldiers readying a large gun in some brush A U.S. howitzer position near the Kum River, 15 July Man of the Year, the American soldier on Time magazine cover, 1951 As soon as word of the attack was received, Acheson informed President Truman that the North Koreans had invaded South Korea. Truman and Acheson discussed a U.S. invasion response and agreed that the U.S. was obligated to act, comparing the North Korean invasion with Adolf Hitler's aggressions in the 1930s, with the conclusion being that the mistake of appeasement must not be repeated.[156] Several U.S. industries were mobilized to supply materials, labor, capital, production facilities, and other services necessary to support the military objectives of the Korean War.[157] Truman later explained that he believed fighting the invasion was essential to the U.S. goal of the global containment of communism as outlined in the National Security Council Report 68 (NSC 68) (declassified in 1975):

…

Communism was acting in Korea, just as Hitler, Mussolini and the Japanese had ten, fifteen, and twenty years earlier. I felt certain that if South

Korea was allowed to fall, Communist leaders would be emboldened to override nations closer to our own shores. If the Communists were permitted to force their way into the Republic of Korea without opposition from the free world, no small nation would have the courage to resist threat and aggression by stronger Communist neighbors.

…

In August 1950, Truman and Acheson obtained the consent of Congress to appropriate $12 billion for military action in Korea, equivalent to $146 billion in 2022.

While there was initial hesitance by some in the U.S. government to get involved in the war, considerations about Japan played a part in the ultimate decision to engage on behalf of South Korea. Especially after the fall of China to the communists, U.S. experts on East Asia saw Japan as the critical counterweight to the Soviet Union and China in the region. While there was no U.S. policy dealing with South Korea directly as a national interest, its proximity to Japan increased the importance of South Korea. Said Kim: "The recognition that the security of Japan required a non-hostile Korea led directly to President Truman's decision to intervene ... The essential point ... is that the American response to the North Korean attack stemmed from considerations of U.S. policy toward Japan."

Tokyo

In the later 1940's the issue of defending Japan as a Western national ally and resources created expense and military planning complications. The use of Japan as a base for Asian operations was

among the reason this isalnd and the Pafic Ocean was important to post WWII Western Allies, getting at the doorstep of Asia from a friendly held base.

Soviet Union

Published Dec. 18, 2014 By Dr. John Treiber
374th Airlift Wing History Office

YOKOTA AIR BASE, Japan -- The Cold War is an amorphous event that historians date variously as having started at the end of WWII, from the president's [President Truman's] articulation of the policy of "containment" in 1947, during the Berlin Airlift in 1948-49, or myriad other turning points in that epic struggle between the United States and the Soviet Union.

The Korean War should probably be lumped into the Cold War as well, though when examining Yokota's history it is worth analyzing Korea as a distinct event. At the other end of the spectrum the Cold War concluded in 1991 with the opening of the Berlin Wall, but at Yokota the Vietnam War was so dominant that it marked an end, or at least a pause in typical Cold War activities.

Therefore, this article shall periodize Yokota's Cold War era as the thirteen years between 1952 (about half-way through the Korean War) through 1964 when the Vietnam War was ramping up.

The variety of missions and aircraft that called the base home during this timeframe is almost overwhelming, and for those stationed at Yokota during the 1950s and into the mid-1960s the ever-looming threat of a conventional or nuclear attack was very real.

After all, Russia -- at that time the Soviet Union -- is Japan's closest neighbor, and combined with the establishment of communist China in 1949 and the aggression of North Korean toward South Korea in 1950 showed that Japan was surrounded by hostile states.

As a result during the 1950s and into the early 1960s, before the Japan Air Self Defense Force (JASDF) was fully operational, the US Air Force provided for Japan's air defense with various types of fighter jets and early warning radar systems.

As we learned in the previous article fighters from the 35th Fighter-Interceptor Wing (35 FIW) were stationed at Yokota for about three months prior to the Korean War, only to be rapidly replaced by heavy bombers for the duration of that conflict.

For a little over a year following the Korean War armistice Yokota remained almost exclusively a B-29 base. However, in August 1954 the mission changed radically with the return of the 35 FIW and three fighter squadrons.

Now flying North American F-86D "Sabres," [Jim Donegan]these squadrons were part of a larger defense network with operations out of Air Force bases from Hokkaido in the north to Kyushu in the west. 35 FIW remained at Yokota until 1 October 1957 when it was inactivated.

The air defense mission was scaled back but continued under the 40th Fighter-Interceptor Squadron "Red Devils" that upgraded to F-102 Delta Daggers in 1960, and the unit was a mainstay at Yokota until 1965 when that mission was fully handed off to JASDF.

Perhaps symbolic of Yokota and the F-102's place in the Cold War, Japanese filmmakers from Toho Movie Corporation came to the base in April 1961 and filmed the jets for the monster movie Mothra. The final cut the movie only showed footage of JASDF F-86s, but it is important to note that the F-102s were originally going to play a large effort in the battle against Mothra as it devastated Tokyo.

Air defense was just one piece of the Cold War puzzle at Yokota. Along with the fighters in 1954 came the 6007th Composite Reconnaissance Group which flew RB-57A Canberras into Soviet and Chinese airspace on highly sensitive photographic missions.

This kind of important work continued at Yokota well into the 1960s under the 67th Tactical Recon Wing and other organizations, the story of which can found in the excellent history Asia from Above.

Perhaps most significantly, the Strategic Air Command or SAC -- America's dominant symbol of the Cold War -- made its appearance at the base in the mid-1950s when it established Detachment 1 of the 3rd Air Division to handle B-50, B-36, B-47, and B-52 bomber deployments to Yokota. https://www.yokota.af.mil/News/Article/774050/yokota-history-part-4-yokota-and-the-cold-war-1952-64/

Guatemala

Juan Jacobo Árbenz Guzmán was a Guatemalan military officer and politician who served as the 25th President of Guatemala. He was Minister of National Defense from 1944 to 1950, and the second democratically elected President of Guatemala, from 1951 to 1954. Wikipedia

Indonesia

The unconditional surrender of Japan on August 15th, 1945 was eagerly received by the radical and politicised pemuda (Indonesian for 'male youth') groups. They pressured Sukarno and Hatta to proclaim Indonesian independence on 17 August 1945, two days later. The following day, the Preparatory Committee for Indonesian Independence (PPKI) elected Sukarno as President, and Hatta as Vice-president. Counter-Revolutionary Efforts - The Dutch accused Sukarno and Hatta of collaborating with the Japanese, and denounced the Republic as a creation of Japanese fascism.[24] The Dutch East Indies administration had just received a ten million dollar loan from the United States to finance its return to Indonesia

The British subsequently decided to evacuate the 10,000 Indo-Europeans and European internees in the volatile Central Java interior. British detachments sent to the towns of Ambarawa and Magelang encountered strong Republican resistance and used air attacks against the Indonesians. Sukarno arranged a ceasefire on 2 November, but by late November fighting had resumed and the British withdrew to the coast (refer Battle of Ambarawa)

The Indonesian National Revolution,[nb 1] also known as the Indonesian War of Independence, was an armed conflict and diplomatic struggle between the Republic of Indonesia and the Dutch Empire and an internal social revolution during postwar and postcolonial Indonesia. It took place between Indonesia's declaration of independence in 1945 and the Netherlands' transfer of sovereignty over the Dutch East Indies to the Republic of the United States of Indonesia at the end of 1949.

It may depend on where else elsewhere was then.

https://www.cia.gov/static/Truman-on-CIA.pdf

Whatever Truman thought in 1947 or 1963 about CIA's "original assignment," it now ought to be clear that the 1947 Act had a history that precluded the possibility of Truman being the sole and infallible expositor of what that assignment was. It should also be clear that history made the Agency's functions far more numerous and sophisticated than simply funneling "raw" intelligence to the President. It should also be clear that throughout that history no one the least interested in the subject was excusably ignorant of espionage as a part of the Agency's functions; and despite his disavowal of "peacetime cloak and dagger operations," Truman, as we shall see, was probably not ignorant of the fact either.

Only two points made by Truman remain to be considered.

The first, "policymaking," is easily disposed of; whether the Agency has or has not become such an "arm of the Government" is clearly beyond the scope of this article, but certainly no one is ever known to have held that such a function is part of the "original assignment." [Following orders from Bidlerbergers, DuPonts, JP Morgan, etc?]

On the second, the "operational," point, Truman is on good but not unassailable ground. The "assignment" did not explicitly include "covert operations." (Presumably these at least are what Truman had reference to when he employed such ambiguous language as "operational" and "peacetime cloak and dagger operations." The

Agency was designed to be "operational," that is, to perform various services and functions, such as the conduct of espionage.) However, no sooner did the international situation in 1947-52 virtually invite American covert operations in Greece, Italy, and elsewhere than President Truman's administration, reading the really ding the 1947 Act and scrutinizing resources at hand, found the new CIA the most convenient instrument to use. In other words, Truman in 1947-52 seems to have accepted covert operations as an implicit part of CIA's "original assignment."

If by 1963 he had changed his mind - and there is some doubt as to whether he actually did - he seems not to have renounced covert operations per se but only their conduct by "his invention." In that 1963 article, in a paragraph which is invariably overlooked, especially by critics of all covert operations, Truman - throwing syntax and punctuation to the winds - wrote this recommendation:

…

I, therefore, would like to see the CIA be restored to its original assignment as the intelligence arm of the President, and that whatever else it can properly perform in that special field - and that its operational duties be terminated or properly used elsewhere.…

That last word "elsewhere" surely demonstrates that Truman was only slightly more helpful than the JIS civilians who in 1944 thought "subversive operations abroad" not the "appropriate function" of an intelligence service but failed to say to whom they were "appropriate."

Truman at least positively assigned them "elsewhere." Truman's recommendation brings us back to espionage. That Truman knew CIA was intended to be a "spy

agency" might be deducible from that elliptical reference to "whatever else it can properly perform in that special field." Anything else could certainly have been expressed in a less obviously veiled manner.

While Truman apparently did not actually write that 1963 article, an exchange of correspondence with Admiral Souers48 shortly after its appearance demonstrates his familiarity with and endorsement of it.

About the same time - after the Bay of Pigs - he was privately telling Merle Miller that CIA was "a mistake," which "if I'd known what was going to happen, I never would have done it. "

THe Empire of Great Britain was cut to pieces during WWII and reforming itself was culturally fairly easy when the war was over but it was a different legal form, voluntary treaties.

Albert Eisenstein, Oppenheimer, and others valued Great Britain entering the war and with the USA turning the tide of victory. The Extant British Empire Nations contributed to fighting back Nazim.

In Post War France in 1949 and during the war earlier under Averell Harriman a world map was heing formed about shaping the nations of post WWII political systems.

On October 1, 1949, Chinese Communist leader Mao Zedong declared the creation of the People's Republic of China (PRC). The announcement ended the costly full-scale civil war between the Chinese Communist Party (CCP) and the Nationalist Party, or Kuomintang (KMT), which broke out immediately following World War II and had been preceded by on and off conflict between the two sides since the 1920's. https://history.state.gov/milestones/1945-1952/chinese-rev

In late 1951 King George VI was dying as the Empire already had. Yet The Queen Mother, Princess Elizabeth was about to become Queen Elizabeth II and General Jimmy Stewart (here Mr. Smith FLIES to Washington) would fly the news-reels to the USA in a P-51 to celebrate the war's outcome.

The International Workers are the theory of Communism and despite conflicts between the USSR and China a Red China was a real threat to Korea, Vietnam, Japan, the Pacific Islands including Hawii and Indonesia, and elsewhere.

in 1946 the CIA was created and a variety of global alliance building actt and treaties like the Mutudual Defense Treaty and National Security Act and Mutual Security act spring up just a year or two in advace of the Korean War starting in 1951.

Claude E. Shannon is considered by many[weasel words] to be the father of mathematical cryptography. Shannon worked for several years at Bell Labs, and during his time there, he produced an article entitled "A mathematical theory of cryptography". This article was written in 1945 and eventually was published in the Bell System Technical Journal in 1949. [31] It is commonly accepted that this paper was the starting point for development of modern cryptography. Shannon was inspired during the war to address "[t]he problems of cryptography [because] secrecy systems furnish an interesting application of communication theory". Shannon identified the two main goals of cryptography: secrecy and authenticity. His focus was on exploring secrecy and thirty-five years later, G.J. Simmons would address the issue of authenticity. Shannon wrote a further article entitled "A mathematical theory of communication" which highlights one of the most significant aspects of his work: cryptography's transition from art to science. - WIkipedia

Lovett, Richard Bissle Jr. E. Howard Hunt, James Donegn F-86 pilot, Col Prouty and others arrived in Japan to begin CIA field operations against the already named countries. Asia, Tokyo, Soviet Union, Guatemala, Indonesia and under Nixon in 1958 the National Security Council will oversee all of these CIA operations and the Oil Business will sett to it the DO have an army and Lansdale and the US DOD will see to it too.

Over time Batista will fall in Cuba and the Guatemala operation using Chauncey Marvin Holt and Bermuda run out of Las Vegas and Tuscon ASrizono will become Operation Mongoose and the attack on Castro also in the Mediterranean through on the other side of the Caribbean the CIA through Phillip TWombly formerly of CocaCola will be just as involved.

These teams will hit JFK as he goes gains the global scheme and Obaa at 2 years old with Donegan participation is readied for Indosia that Dulles supports and JFK does not.

James Paul Donegan and COl Prouty both pilots were part of photography recon of Hiroshima and Nagasaki might well monitory Soviet tests from within Japan

Soviet atomic bomb project retrieved from Wikipedia
and copied or modified to here

After Stalin learned of the atomic bombings of Hiroshima and Nagasaki, the USSR program was pursued aggressively and accelerated through effective intelligence gathering about the German nuclear weapon project and the American Manhattan Project.[9] The Soviet efforts also rounded up captured German scientists to join their program, and relied on knowledge passed by spies to Soviet intelligence agencies.

On 29 August 1949, the Soviet Union secretly conducted its first successful weapon test (First Lightning, based on the American "Fat Man" design) at the Semipalatinsk-21 in Kazakhstan.[1] Stalin alongside Soviet political officials and scientists were elated at the successful test.

A nuclear armed Soviet Union sent its rival Western neighbors, and particularly the United States into a state of unprecedented trepidation.[12] From 1949 onwards the Soviet Union manufactured and tested nuclear weapons on a large scale.

The nuclear capabilities these tests helped develop were crucial to projecting and maintaining its global status. In total, the Soviet Union conducted 715 nuclear weapon tests throughout the course of the Cold War. Furthermore, the nuclear capabilities of the Soviet Union

escalated the Cold.

The Secret Team: The CIA and Its Allies in Control of the United States and the World and his other book JFK : The CIA, Vietnam, and the Plot to Assassinate John F. Kennedy

[image] [image]

L. Fletcher Prouty on Kindle

L. Fletcher Prouty (1917-2001), a retired colonel of the U.S. Air Force, served as the chief of special operations for the Joint Chiefs of Staff during the Kennedy years. He was directly in charge of the global system designed to provide military support from within the military for the clandestine activities of the CIA. JFK was trying to move more activities of the CIA into direct military oversight augmenting control of the CIA through Bobby Kennedy Ag and "tzar" of activities. Prouty was the author of *JFK: The CIA, Vietnam, and the Plot to Assassinate John F. Kennedy* and *The Secret Team: The CIA and Its Allies*.

He also wrote *The Guns of Dallas*, *Indonesia 1958: Nixon, the CIA, and the Secret War* that is an articel explaining how he was asked to provide military support for actions in Indonesia the CIA was conducting under direction of the NSC as led by V.P. Richard Nixon.

Chapter 8 of *The Secret Team* goes into the conditions of Post WWII and the atomic bomb (and

experimental fighters and bombers elsewhere) as the sound barrier break, space race is born, and many other factors setup a powerful military industrial complex acting covertly in military activities.

Self-Portrait of a Scoundrel

[image]

Holt, Chauncey On Kindle

Lee Harvey Oswald was the ultimate Patsy
just as he vehemently claimed to the press and the police after his capture.

The Siegel Lanksy Mob grew out of prohibition.

The Great Lakes and closeness to Canada allowed for bootleggers to bring Canadian booze across the great lakes to Chicago and other Speak Easys. “The Bugs (Bugsy) and Meyer Mob was a Jewish-American street gang in Manhattan, New York City’s Lower East Side. It was formed and headed by mobsters Bugsy Siegel and Meyer Lansky during their teenage years shortly after the start of Prohibition. The Bugs and Meyer mob acted as a predecessor to Murder, Inc.” - Wikipedia

Bugsy Seigel left for Vegas and and Myers Lansky to Florida as they grew apart. In Vegas gambling was legal. I Cuba gambling was legal. Short flights to Cuba during Batista of the 1950’s allowed travelers Havana club life the Florida mob could offer up and use printed numbers cards inside Florida to work with Batista run lotteries.

Chauncey Holt was was the mob accountant to Meyers Lansky and could do the graphics and other work on altered books, etc., This mob was offered Havana back if they could help the CIA hit Castro. J. Edgar Hoover recruited and used them. Holt tells the story of being under Lanskey and how the orders reach him though he did not have the higher level knowledge of what was planned, did do things like print fake Secret Service IDs and Fair Play for Cuba fliers and work with Lee Harvey Oswald in the plan.

JFK vs. Allen Dulles: Battleground Indonesia

[image]

Poulgrain, Greg On Kindle

For those interested in the assassination of JFK, the untold story of Indonesia, gold, JFK, Allen

Dulles, the CIA, and secret military coups.

Two of the most fascinating figures in history, John F. Kennedy, thirty-fifth president of the United States, and Allen Dulles, our nation's longest-serving CIA director, often clashed over intelligence issues and national security. However, one such conflict has remained in the shadows until now. JFK vs. Allen Dulles: Battleground Indonesia takes reader to the vast archipelago 3350 miles wide where this secret showdown occurred.

In 1936, an Allen Dulles-established company discovered the world's largest gold deposit in remote Netherlands New Guinea. In 1962, President Kennedy intervened, and Netherlands New Guinea was added to President Sukarno's Indonesia. Neither Sukarno nor JFK was aware of the gold, since Dulles had not informed Kennedy.

Dulles planned a complicated and ruthless CIA regime-change strategy to seize control not only of Indonesia itself, but also of its vast resources, including the gold. This strategy included a push to start Malaysian Confrontation. Yet Kennedy's plan to visit Jakarta in early 1964 would have sunk Dulles' master plan, which included the destruction of the Indonesian communist party as a wedge to split Moscow and Beijing. Only an assassin's bullet put an end to Kennedy's plan of peace. Did Allen Dulles arrange for JFK to be killed to save his plan and his gold? Was his coup for gold successful with JFK out of the picture?

Using archival records as a basis, Greg Poulgrain adds word-of-mouth evidence from those people who were directly involved-such as Dean Rusk and others who worked with President Kennedy and Allen Dulles at the time; or the person who was

with Michael Rockefeller when he mysteriously disappeared in West New Guinea during this whole affair.

Treasonous Cabal: A Primer on the Violent Overthrow of John F. Kennedy and His Presidency

[image]

Jones, Barry On Kindle

As assassinations go, the JFK assassination was unique for at LEAST a few reasons. First, the very nature of the crime was astonishingly brutal…and visible. Second, an alarming number of key assassination witnesses died violent…and unexplained deaths. Third, the subsequent investigations created more questions than answers. This book is an attempt to answer three of those questions. Why was President Kennedy killed? Who benefited? And who had the power to cover it up?

As Dwight Eisenhower's Vice President, Nixon was fully involved in a covert CIA plan to assassinate Fidel Castro. What made this operation a stick of political (and legal) dynamite was the involvement of Sam Giancana and his crime syndicate. The federal government and the mob were partners! Giancana described the arrangement as the CIA and Cosa Nostra being "two heads of the same coin."

President Johnson later characterized the relationship as a reincarnation of the 1940's-era hit squad, "Murder, Inc." It began in August 1960 when the CIA recruited ex-FBI agent Robert Maheu to approach mobster Johnny Roselli and pass himself off as a representative of international corporations that wanted Castro killed because of their lost business enterprises in Cuba.

After the successful meeting, Roselli introduced Maheu to “Sam Gold” - Sam Giancana - during which a deal was struck to work together. Later, The Agency gave the Chicago outfit six poison pills. The plan was to have someone put them in Castro’s food. Naturally, Vice President Nixon was rooting for this plan to succeed before the 1960 election so the Republicans could claim credit for having rid the world of the Castro scourge.

[After the Bay of Pigs and still connected to the CIA cabal the CIA will use Murder Inc. (Meyers Lansky, Charles Harrelson, others, Peter Licaovoli, Chauncey Holt partially aware only of his role, to it JFK. -edp relying on Holt.]

The Men Who Killed Kennedy is a video documentary series by British television network

ITV that depicts the assassination of U.S. President John F. Kennedy on November 22, 1963. Originally broadcast in 1988 in two parts (with a subsequent studio discussion), it was rebroadcast in 1991 re-edited to three parts with additional material, and a fourth episode added in 1995. The addition of three further episodes in 2003 caused great controversy, particularly in the final episode implicating Lyndon B. Johnson and the withdrawal of these additional episodes.

…

Penn Jones JR

American journalist, the editor of the Midlothian Mirror and author.

He was also one of the earliest John F. Kennedy alternative assassination theory proponents.

https://archive.org/download/ForgiveMyGriefPennJonesJr/Forgive_My_Grief_04.epub

'Forgive My Grief' Volume I was published by Penn Jones Jr. way back in 1966, a year which saw the publications of 'Rush to Judgment' by Mark Lane, Epstein's 'Inquest', Weisberg's 'Whitewash II' and Popkin's 'Second Oswald'. The Lane, Epstein, Weisberg and Popkin books have been on my shelf for quite a while, but the Jones volume has been omitted owing to the high cost and it's rarity. The cover shows that back in the day this sold for $2.95.

Fortunately a copy was available to me via a co-member of Dealey Plaza U.K. The books value to me is more from the rarity value than the content. Jones has published selected transcripts from the Warren Commission volumes for his critical review of that report, and the vast majority of the text is taken directly from Earl Warren's fairytales. The Unauthorized Bush Biography and Treason in America from Aaron Burr to Averell Harriman

[image] [image]

by Anton Chaitkin and Webster Tarpley

The *Motive* for hitting JFK

Some assert the Saudi government is not consistent with the US system. It is. Understanding Bandar Bush the Saudi royal friend of the Bush family so close to the Bush's that he is a called Bush is part of that. The British system of installing repressive puppets who will allow access to natural resources (or base locations) to the West is how it is done. What is the average income in Indonesia that we have ruled with puppet governmnents after Sukarno was overthrown or the income in Bannana Republlics setup by United Fruit Company?

The George Walker Bush family come from big defense backed and even funded companies like that were closely connected to the CIA. Like United Fruit Company, Zapata Petroleum followed in the tradition of East India Tea Company helping overthrows of independent of communist nations

https://www.amazon.com/Treason-America-Aaron-Averell-Harriman-ebook/dp/B005VHDR1G and George Bush: The Unauthorized Biography by Webster Griffin Tarpley (Author), Anton Chaitkin (Author)

Treason in America from Aaron Burr to Averell Harriman The Oligarchy that usurped power in the USA, against America's revolutionary heritage, that has now destroyed the economy: What is it? Anton Chaitkin's Treason in America is the original, authoritative inquiry into this criminal apparatus, the British Empire and its arms in Wall Street,

Boston and the South.

George Bush: The Unauthorized Biography This is the groundbreaking classic expose of the Bush family, cited by all that followed it, yet still unmatched. Exhaustively documented by intensive search of dozens of archives and months of interviews with government insiders, this biography digs up all the dirt - frightening, gory, hilarious - on the Bush dynasty: how the Bushes made their fortune building up Hitler and the Nazi war machine; Iran-Contra; Zapata's Watergate burglars; the Reagan shooting; the 'war hero' story; the secret government; 'Eugenic' population reduction plans; Kissinger, China, and genocide in the Third World; Luring Iraq to attack Kuwait; The Bush Leveraged Buyout Mob, theft of a nation; Jupiter Island, Skull and Bones, and other power bases. Essential reading as long as this Anglo-American oligarchy directs American politics, the "Unauthorized Biography" is a vivid X-ray of the presidential dynasty, and the private forces dominating both major political parties.

The British model was to cripple satellite countries with imposed poverty keeping them from rising to be a threat and that was done to Republic of Ireland. Guess what JFK thought about all of this. Companies run by the aristocrat powers of WWI America Robber Barrons like Averell Harriman and Rockefeller;s, Dupont (Franklin D Roosevelt's one time wife Ethel DuPont,) J.P. Morgan were funded by Great Britain and USA with huge returns on investment (if any) that these private individuals put up DuPont large contract suppliers to the military, atomic research contracts, gun powder, etc., War Industries Board at end of WWI decided to create a military subservient set of big businesses that would be ready for Pentagon orders rather than

be unable to fill them. The sponsored companies were also CIA allies around the world with Washington and London loyalties. Key players in Subversion and Overthrow operations.

Profile in Courage

[image]

Chapdelaine Sr., Perry On Kindle

Written in 1955 by the then junior senator from the state of Massachusetts, John F. Kennedy's Profiles in Courage was ghost written by Ted Sorenson to represent the thinking and beliefs of the Kennedy family who had boycotted a British events in the US Congress. In 1991 Kennedy boycotted a speech to the U.S. Congress by the United Kingdom's Queen Elizabeth II "in protest to the British occupation in Northern Ireland" https://www.nytimes.com/1991/05/17/us/queen-s-address-to-congress-celebrates-mutual-respect.html. Growing up on Boston and Irish Catholics from the Republic of Ireland (Wexford) resentment against the British abuses of colonies was deeply ingrained morally and geopolitical in these Catholics as the Troubles have dominated the Emerald Isle's history since William of Orange. The book with a forward by Robert F. Kennedy served as a clarion call to every American against global oppression. The inspiring true accounts of eight unsung heroic acts by American patriots at different junctures in our nation's history, Kennedy's book became required reading, an instant classic, and was awarded the Pulitzer Prize. Now, a half-century later, it remains a moving, powerful, and relevant testament to the indomitable national spirit and an unparalleled celebration of that most noble of human virtues.

Ed Donegan asserts that Gregg Poulgrain is correct, the attempts to control Indonesia and rob it its gold was the dispute JFK was ultimately assassinated over, resisting even Joseph Kennedy Sr's ties to Britain (As Robert F. Kennedy resisted FBI tolerance and closeness with Organized Crime that help in overthrow activity becoming contracts to the FBI and CIA). Further Ed Donegan (me) asserts during atomic testing under McCone (CIA Director and Atomic Energy Agency and Proving Grounds Nevada New Mexico, Tennessee. Donegan DNA was used in tests births since there are those around the world as bastard children to the Windsors the CIA hid, we show a gene that Windsors are trying to hide, and Barrack Obama like Ed Donegan is a bastard child descendant of this genetic line also under a hidden identity but does not have the gene. This likely converges through Glorian Donegan my mother who was born at the time of the Kings Speech the when the defect was publicly seen.

Rush To Judgment (August 1966)

[image]

by Mark Lane (Author), Hugh Trevor-Roper (Introduction) Chauncey On Kindle and elsewhere

Robert Kennedy received information from the CIA Atsugi station that the CIA assasinated JFK. RFK immediately called the CIA and asked "Did you kill my brother? (Lisa Pease A Lie Too Big To Fail

Mark Lane was JFK's New York campaign manager and an attorney. He felt Oswald was framed and requested to represent he Oswald wrongfull death.

OSWALD LINK TO C.I.A. SUGGESTED AT

INQUIRY EX-EMPLOYEE OF AGENCY TELLS PANEL THAT HE HEARD OSWALD WAS AN OPERATIVE IN JAPAN IN THE 1950's
BY NICHOLAS M. HORROCK
SPECIAL TO THE NEW YORK TIMES

WASHINGTON, MARCH 26--A FORMER FINANCE OFFICER FOR THE CENTRAL INTELLIGENCE AGENCY HAS TESTIFIED BEFORE THE HOUSE SELECT COMMITTEE ON ASSASSINATIONS THAT HIS COLLEAGUES HAD TOLD HIM THAT LEE HARVEY OSWALD WAS A SECRET OPERATIVE FOR THE AGENCY IN JAPAN IN THE LATE 1950'S. THE WITNESS, JAMES B. WILCOTT, WHO SAID THAT HE HAD SERVED IN LOW-LEVEL JOBS WITH THE C.I.A. FROM 1957 THROUGH APRIL 1966, CONTENDED IN AN INTERVIEW THAT CONVERSATIONS WITH COLLEAGUES IN THE AGENCY'S TOKYO STATION AFTER PRESIDENT KENNEDY'S ASSASSINATION ON NOV. 22, 1963 CONVINCED HIM THAT OSWALD, tWH0 HAD BEEN RECRUITED BY THE AGENCY TO INFILTRATE THE SOVIET UNION AND SERVED AS A MARINE IN THE FAR EAST. https://www.archives.gov/files/research/jfk/releases/2022/104-10066-10006.pdf

Rush to Judgment is Mark Lane’s seminal work on the assassination of President John F. Kennedy. ***This groundbreaking number one bestseller opened the eyes of the people of the United States to the possibility that their government was involved in a cover-up of monumental proportions***. In his mesmerizing book Lane explores the Warren Report’s conclusion that Lee Harvey Oswald was the lone assassin despite overwhelming evidence to the contrary. Lane’s exhaustive investigation provides a roadmap to the body of evidence about the assassination. By interviewing witnesses throughout

the country, comparing each of the Report's conclusions with its own corresponding evidence, and searching through the 26 volumes of evidence the President's Commission collected and thousands of documents found only in the National Archive in Washington, DC., Lane truthfully investigates the assassination. Meticulously detailed, with over 4,000 citations, yet immensely compelling, Rush to Judgment set forth cataclysmic ripples through the fabric of our nation. This work, still unparalleled after nearly 50 years and scores of other explorations, is where it all began. No serious study of this event is complete without it.

While the CIA influenced news media bought the story of Oswald as the shooter and mocked conspiracy theorist Mark Lane and Pen Jones gave speeches at colleges and universities to wild applaue after the two had followed in the footsteps of the FBI and found out what the witnesses really said (and said again on camera as the two re-interviewed) them and showed the FBI investigation was wrong and not following the facts. Events like these that led to the rise of Robert F. Kennedy for President, departing his US Senate role. Mark Lane & Wesley Liebeler debating at UCLA 1/25/1967 https://https://youtu.be/faDAGY71jPc?si=kAEmlq8ZqnpdQqQW

Did you know when they transposed the order of frames in the Zupruder film it changed the bullet that his hit head coming from the front into coming from the back?

An excellent book maybe still the best there is. Mark Lane who had some level of closeness to JKF is pictured on the cover with JFK. Like Penn Jones Jr Mark Lane, Jim Mars, and others see evidence right away that the official version was incorrect,

shots came from the Grassy Knoll area and that is what the witnesses in the area were attesting to.

Since that book and other books like Penn Jones Jr book Forgive My Grief about the same time much has happened. Scientific techniques have been used to forensically analyze photographs and other evidence. Patters of deaths have occurred that lead to suspicion of an ongoing cover-up themselves raising questions. Death bed confessions have come out as have classified documents. Still he has a list of about 100 deaths then he considered suspicous and on details revealed since now seem homocides.

In recent months I have been working from the 2014 released book Self Portrait of a Scoundrel along with ST John Hunt E. Howard Hunt data and similar sources such as Lisa Pease and James DiEguenio books, other books and his now.

Since these early books were written technology has added a lot such as Web 2.0 with videos and speech to text on sites like YouTube that are searchable and indexed. Anita Ward's book Rush To Conspiracy leads to a different conclusion but in the discussion an organization something like the Standard Model of physics of forming in understanding the layout of Dealy Plaza and the names of witnesses and available theories such that more and more of a common base of information reasonable minds can explore are getting more detailed and finely honed a picture of what really happened and the terminology like Grassy Knoll, pagodas, various rifle types, groups of people like Hobos or Tramps and the train yard, train tracks and Triple Underpass begin to become common understanding.

His book is still an important read, thorough read,

and the lawyer (himself) who put it together and deposed witnesses himself exceed and contradicted the Warren Commission.

Mark Lane (February 24, 1927 - May 10, 2016) was an American attorney, New York state legislator, civil rights activist, and Vietnam war-crimes investigator. Sometimes referred to as a gadfly, Lane is best known as a leading researcher, author, and conspiracy theorist[5] on the assassination of United States President John F. Kennedy. From his 1966 number-one bestselling critique of the Warren Commission, Rush to Judgment,[6][better source needed] to Last Word: My Indictment of the CIA in the Murder of JFK, published in 2011, Lane wrote at least four major works on the JFK assassination and no fewer than ten books overall.

In December 1963, Lane traveled to Dallas to question Oswald's family, and three days later suggested to Marguerite Oswald that she sue the city of Dallas for the death of her son. Lane said: "It would be an attempt to give Lee Oswald in death what he could not obtain life-a fair trial." Marguerite Oswald announced on January 14 that she had hired Lane to represent her son before the Warren Commission. After Lane notified the commission that he had been retained by Marguerite Oswald to represent her deceased son, the Commission's general counsel J. Lee Rankin replied: "The Commission does not believe that it would be useful or desirable to permit an attorney representing Lee Harvey Oswald to have access to the investigative materials within the possession of the Commission or to participate in any hearings to be conducted by the Commission." Although Warren reversed that position with a statement released on February 25 that said Walter E. Craig, president of

the American Bar Association, had been appointed by the Commission to represent the interests of Oswald, Lane remarked that he still considered himself to be Oswald's counsel.

I Edward Paul Donegan believe I am representing deceased Ted Gundeson's interest against the FBI and CIA and NSA and Lee Harvey Oswald and my own family too, myself included.

Limit CIA Role To Intelligence retrieved from https://ratical.org/ratville/JFK/Unspeakable/TrumanLimitCIA.html and copied or modified to here

INDEPENDENCE, MO., Dec. 21-

I think it has become necessary to take another look at the purpose and operations of our Central Intelligence Agency-CIA. At least, I would like to submit here the original reason why I thought it necessary to organize this Agency during my Administration, that I expected it to do and how it was to operate as an arm of the President.

I think it is fairly obvious that by and large a President's performance in office is as effective as the information he has and the information he gets. That is to say, that assuming the President himself possesses a knowledge if our history, a sensitive understanding of our institutions, and an insight into the needs and

aspirations of the people, he needs to have available to him the most accurate and up-to- the-minute information on what is going on everywhere in the world, and particularly of the trends and developments in all the danger spots in the contest between East and West. This is an immense task and requires a special kind of an intelligence facility.

Of course, every President has available to him all the information gathered by the many intelligence agencies already in existence. The departments of State, Defense, Commerce, Interior and others are constantly engaged in extensive information gathering and have done excellent work.

But their collective information reached the President all too frequently in conflicting conclusions. At times, the intelligence reports tended to be slanted to conform to established positions of a given department. This becomes confusing and what's worse, such intelligence is of little use to a President in reaching the right decisions.

Therefore, I decided to set up a special organization charged with the collection of all intelligence reports from every available source, and to have those reports reach me as President without department “treatment” or interpretations.

I wanted and needed the information in its “natural raw” state and in as comprehensive a volume as it was practical for me to make full use of it. But the most important thing about this move was to guard against the chance of intelligence being used to influence or to lead the President into unwise decisions-and I thought it was necessary that the President do his own thinking and evaluating.

Since the responsibility for decision making was his-then he had to be sure that no information is kept from him for whatever reason at the discretion of any one department or agency, or that unpleasant facts be kept from him. There are always those who would want to shield a President from bad news or misjudgments to spare him from being “upset.”

For some time I have been disturbed by the way CIA has been diverted from its original assignment. It has become an operational and at times a policy-making arm of the Government. This has led to trouble and may have compounded our difficulties in several explosive areas.

I never had any thought that when I set up the CIA that it would be injected into peacetime cloak and dagger operations. Some of the complications and embarrassment I think we have experienced are in part attributable to the fact that this quiet intelligence arm of the President has been so removed from its intended role that it is being interpreted as a symbol of sinister and mysterious foreign intrigue-and a subject for cold war enemy propaganda.

With all the nonsense put out by Communist propaganda about “Yankee imperialism,” “exploitive capitalism,” “war-mongering,” “monopolists,” in their name-calling assault on the West, the last thing we needed was for the CIA to be seized upon as something akin to a subverting influence in the affairs of other people.

I well knew the first temporary director of the CIA, Adm. Souers, and the later permanent directors of the CIA, Gen. Hoyt Vandenberg and Allen Dulles. These were men of the highest character, patriotism and integrity-and I assume this is true of all those who continue in charge.

But there are now some searching questions that need to be answered. I, therefore, would like to see the CIA be restored to its original assignment as the intelligence arm of the President, and that whatever else it can properly perform in that special field-and that its operational duties be perminated or properly used elsewhere.

We have grown up as a nation, respected for our free institutions and for our ability to maintain a free and open society. There is something about the way the CIA has been functioning that is casting a shadow over our historic position and I feel that we need to correct it.

GCHQ started life during World War I as the Government Code & Cypher School {GC&CS). During WWII they established a major codebreaking operation at Bletchley Park (BP), which today is a museum. Immediately after the war, in 1946, it was renamed GCHQ and relocated to Eastcote.

In 1951, GCHQ moved to a new premises Cheltenham, where the organization is still located today.

But what does all this snooping around in the shadows actually achieve in the real world? Asked to provide details, the agency is understandably tight-lipped. They do, however, give

the following examples: between 2018 and 2019 they helped foil 19 terrorist attacks, and prevented around £1.5 billion of tax evasion; they contributed to the arrest of sex offenders Matthew Falder and James Alexander; in 2018 they conducted a cyber campaign against ISIS, “hindering their ability to coordinate attacks, and protecting coalition forces on the battlefield”; in 2020 they exposed Russian attacks on the development of coronavirus vaccines.

Other crucial GCHQ work - as we discover when our tour starts with a briefing in the director’s meeting room - includes protecting British citizens, businesses and institutions from cyber attack, and defending the nation from the at times provocative governments of Russia, China, Iran and North Korea, for example.

The Doughnut comprises two concentric circular buildings, with a covered walkway in between known as The Street. It’s a design that allows employees to move around the building as rapidly as possible, the idea being that no one is ever more than five minutes’ brisk walk from another colleague’s desk.

Lining The Street are all the facilities employees might need - a Greggs, Costa Coffee, Starbucks, a convenience store, a staff canteen - ensuring they can remain inside the security ring for entire shifts. Also here is a small museum housing infamous security items such as the Enigma machine which helped the British decipher German codes at Bletchley Park during World War II; and the Zimmermann Telegram, which proposed a military alliance between Germany and Mexico during World War I, and hastened USA’s entry into the war after it was intercepted by the British.

The Zimmermann Telegram (or Zimmermann Note or Zimmermann Cable) was a secret diplomatic communication issued from the German Foreign Office in January 1917 that proposed a military alliance between the German Empire and Mexico if the United States entered World War I against Germany. With Germany's aid, Mexico would recover Texas,

Arizona, and New Mexico. The telegram was intercepted by British intelligence.

Revelation of the contents enraged Americans, especially after German State Secretary for Foreign Affairs Arthur Zimmermann publicly admitted on March 3 that the telegram was genuine. It helped to generate support for the American declaration of war on Germany in April 1917.

Paul says staff must agree to keep their identities very low profile. The few who have a social media presence, for example, might simply list themselves as “civil servants”. But since the agency is one of the largest single employers in Gloucestershire, locals often know if their neighbours work at the Doughnut. As another employee explains: “Where we work isn’t secret; what we do is.”

Nevertheless, it was only in 1982, when the then prime minister Margaret Thatcher first mentioned GCHQ in parliament, that the agency’s existence was officially acknowledged. Before then, the public impression of Britain’s spying agencies was left to fiction writers like Ian Fleming, Graham Greene and John Le Carré.

The decryption has been described as the most significant intelligence triumph for Britain during World War I[2] and it marked one of the earliest occasions on which a piece of signal intelligence influenced world events.

[Disney would work for the CIA lobbying for Great Britain and against the Nazis.

The Freemasons’ Hall is the oldest building in Cheltenham, other than the Ecclesiastical, still used for the purpose for which it was originally designed, and over 400 Freemasons now meet there, on a regular basis.

[Cheltenham’s Masonic Hall is also one of the first purpose built Freemasons’ Halls outside London.]

For Holt the laws didn't fit him. Prohibition Organized Crime getting around liiquor laws was o.k. with him. Vice is but Virtue Misapplied. Why not use those skills of Holt to join in the secret wars of the FBI and CIA and use others like him?

In the fight against Communism and daring undercover work the daring and skills a Mobster had were of real value and Murder Inc., joined with LBJ, the CIA, FBI and others in the Cold War.

But there is always a risk of adulterating yourself. It leaves a trail and these picked from the Den of Iniquity as assets to the United States began to seek recognition and support from them, at least some, more so than just the secret paper recognition.

Holt did not seek moral or financial reprieve from the USA. In fact he in his humility may not even have wanted it offering instead from his deathbed a pessimistic view of the fabric of the USA and its elites and government.

Holt came to peace with himself, his motives, and his acts but not with the USA.

Dorothy Hunt more than wife of E. Howard Hunt (herself a Government operative who worked for Averell Harriman, the Rockefeller's, and the US Treasury in China as it fell to Communism) lead a group of Cohorts from the Den of Iniquity who needed the safe financial and immunity harbor from the US Government that could live life under as reforms began.

For St. John Hunt this is when scoundrels like George H.W. Bush, Nixon, and others shot down UAL flight 533.

The Great Treason, Pillory, Ted Gunderson Bio X, Written By The Right Hand, Majic 12 and the Secret Government

Dedication (all NWC Books) Reprise

Band. A group of people acting in concert with each other.

Ted Gunderson and others called-out a group of elites who traffic in drugs, child abuse, porn networks, and others even using the caskets of deceased soldiers from Vietnam as "mules." These corruption network cartel members pose a threat to the USA but cartels are difficult to shut down when the control the political offices and media.

Ted Gunderson joined the FBI at an age too young with J. Edgar Hoover's consent and likely was part of the CIA as all his best friends were the Kennedy's included with Joseph Kennedy Sr.

I have written Gunderson like myself was poisoned as well as stalked at the same time these thigns were occurring to me too in the 2009 to 2011 time-frame. The CIA FBI DHS attaack on me in a DHS facility and later assaults in A DOD one fit a pattern of him as he spoke of and Ted Gunderson and I are life locked at McMartin School and JFK assassination and like triple locked at the Marilyn Monroe story and likeliy even more.

The FBI is well known. George H.W. Bush and the whole of the Bush and Walker family along with the Dulles brothers and others are entitled to and subject to equal protection under the law as Obama Jr. is and that includes equal suspicion under the law with regard to evidence found against them. According to Wayne Madsen files exist in the CIA about the Obama family as well as CIA showing it has files form a "former Pentagon official (correct) Col Prouty who suspected George H.W. Bush was in on the Kennedy assassination. Much has been learned from Holt, Hunt, and others.

Mu view of the FBI is based on the life of and Gunderson. If polie officer dies of a gunshot wound next to me then I will feel

relief that for the next few minutes at least until a replacement arrives I can write my book in safety from homeless person assaults, fire alarms going of, city employees behind dumpsters etc.,

The FBI is well know and it is not the People of the USA it is protection nor its laws nor its charter for governing.

In Behold a Pale Horse, Cooper asserts that President John F. Kennedy was assassinated because he was about to reveal that extraterrestrials (Free Masons) were in the process of taking over the Earth.

According to a "top secret" video of the assassination that Cooper claimed to have discovered, the driver of the presidential limousine, William Greer, used "a gas pressure device developed by aliens from the Trilateral Commission" to shoot the president from the driver's seat.[possibly a poison fletch device also alledged of the Umbrella Man by asserted by Prouty,]

"The purpose of this book (William Cooper said of his book) is to convince you (the reader) that something is terribly wrong. It is my hope that this work will inspire you to begin an earnest search for the truth. Your conclusions may be different but together maybe we can build a better world." - William Cooper and now Ed Donegan speaking for Ted Gunderson, Jen Moore, Gene Chip Tatum Wayne Madsen, Prouty and all others mentioned, Tarpley, Chaitkin plus Snowden, Assange, and others.

IT was Richard Nixon once US Representative then a Vice President then a US President that Blundered through the new Power Control Group and the National Security Council

Half a league, half a league,
Half a league onward,
All in the valley of Death
Rode the six hundred.
'Forward, the Light Brigade!
Charge for the guns!' he said:
Into the valley of Death
Rode the six hundred.
'Forward, the Light Brigade!'
Was there a man dismay'd?
Not tho' the soldier knew
Someone had blunder'd:
Their's not to make reply,
Their's not to reason why,
Their's but to do and die:
Into the valley of Death
Rode the six hundred.
Cannon to right of them,
Cannon to left of them,
Cannon in front of them
Volley'd and thunder'd;

Storm'd at with shot and shell,
Boldly they rode and well,
Into the jaws of Death,
Into the mouth of Hell
Rode the six hundred.
Flash'd all their sabres bare,
Flash'd as they turn'd in air
Sabring the gunners there,
Charging an army, while
All the world wonder'd:
Plunged in the battery-smoke
Right thro' the line they broke;
Cossack and Russian
Reel'd from the sabre-stroke
Shatter'd and sunder'd.
Then they rode back, but not
Not the six hundred.
Cannon to right of them,

Cannon to left of them,
Cannon behind them
Volley'd and thunder'd;
Storm'd at with shot and shell,
While horse and hero fell,
They that had fought so well
Came thro' the jaws of Death,
Back from the mouth of Hell,
All that was left of them,
Left of six hundred.
When can their glory fade ?
O the wild charge they made!
All the world wonder'd.
Honour the charge they made!
Honour the Light Brigade,
Noble six hundred!

Summary

The poem tells the story of a brigade consisting of 600 soldiers who rode on horseback into the "valley of death" for half a league (about one and a half miles). They were obeying a command to charge the enemy forces that had been seizing their guns.

Not a single soldier was discouraged or distressed by the command to charge forward, even though all the soldiers realized that their commander had made a terrible mistake: "Someone had blundered." The role of the soldier is to obey and "not to make reply...not to reason why," so they followed orders and rode into the "valley of death."

The 600 soldiers were assaulted by the shots of shells of canons in front and on both sides of them. Still, they rode courageously forward toward their own deaths: "Into the jaws of Death / Into the mouth of hell / Rode the six hundred."

The soldiers struck the enemy gunners with their unsheathed swords (“sabres bare”) and charged at the enemy army while the rest of the world looked on in wonder. They rode into the artillery smoke and broke through the enemy line, destroying their Cossack and Russian opponents. Then they rode back from the offensive, but they had lost many men so they were “not the six hundred” any more.

Canons behind and on both sides of the soldiers now assaulted them with shots and shells. As the brigade rode “back from the mouth of hell,” soldiers and horses collapsed; few remained to make the journey back.

The world marvelled at the courage of the soldiers; indeed, their glory is undying: the poem states these noble 600 men remain worthy of honor and tribute today. - Wikipedia

The Meaning and Origin of ‘Into the Valley of Death Rode the Six Hundred’ retrieved from https://interestingliterature.com/2021/11/tennyson-into-valley-death-rode-six-hundred-meaning-analysis/# and copied or modified to here

By Dr Oliver Tearle (Loughborough University)

‘Into the valley of Death rode the six hundred.’ Or, to be precise and observe the line break: ‘Into the valley of Death / Rode the six hundred.’ This is one of several famous quotations which originated in the 1854 poem ‘The Charge of the Light Brigade’ written by the UK Poet Laureate of the time, Alfred, Lord Tennyson (1809-92).

Tennyson, who was Poet Laureate for a record 42 years, wrote the poem in response to a very specific event, and it was this event that inspired the lines, ‘Into

the valley of Death / Rode the six hundred.' Let's take a look at the poem, and the event.

Tennyson's poem has become one of the most widely studied and anthologised Victorian poems, and many people would recognise some of the lines from the poem, especially a poem that would last beyond the occasion for which it was written. And although 'The Charge of the Light Brigade' was, in one respect, an occasional poem, it also offered a timeless reflection on the senselessness that accompanies much of war, while also praising the unflinching bravery and sense of duty of the soldiers who gave their lives.

The poem was inspired by one of the greatest calamities in British military history: on October 25, 1854, during the Crimean War, the British Light Cavalry Brigade, comprising some 670 men, charged disastrously against some 25,000 Russian soldiers. Lord Raglan's plan was to send the Light Brigade to prevent the Russians from removing some guns that had been seized from Turkish positions.

But somewhere along the chain of command there was a 'blunder', and the Light Brigade was instead sent on a frontal assault against a vastly superior army, rather than on the gun-capturing mission, with perhaps inevitably tragic results. The Light Brigade charged, as commanded, but were quickly forced into a retreat, though not before some 278 men had been wounded or killed in the charge.

Tennyson wrote the poem soon after hearing of the tragedy, on 2 December 1854. Having read an article he read about the charge in ***The Times*** newspaper, he quickly responded with a poem which manages to salute the soldiers' bravery and sense of military duty while also wagging the finger at those who had 'blundered' and given such an ill-fated command. The poem was

published in ***The Examiner*** a week later, on 9 December 1854, while public shock was still high.

One of the things Tennyson's poem emphasises is the bravery and nobility of the soldiers, the 'Noble six hundred', who obeyed their orders and rode, in many cases, to their deaths. And the poem famously begins with this stanza:

Half a league, half a league,
Half a league onward,
All in the valley of Death
Rode the six hundred.
'Forward, the Light Brigade!
Charge for the guns!' he said.
Into the valley of Death
Rode the six hundred.

'All in the valley of Death / Rode the six hundred' and then 'Into the valley of Death / Rode the six hundred.' And 'the valley of Death' cannot help but bring to mind a biblical passage, from the 23rd Psalm:

He maketh me to lie down in green pastures: he leadeth me beside the still waters.

He restoreth my soul: he leadeth me in the paths of righteousness for his name's sake.

Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me.

In other words, 'the valley of Death' sounds like an unforgivingly bleak landscape, and it was for the soldiers; but Tennyson's subtle allusion to the 23rd Psalm raises the possibility of Christian salvation, and suggests - however gently - that the dead soldiers have been taken up by God and, despite the swift and untimely

deaths of many of the men, they are now in heaven, blessed by God.

So much for ‘the valley of Death’; but what about that ‘six hundred’? Surely that is straightforward enough …

Curiously, the original report had the number at nearer 600 men, although it later emerged that the exact number was nearer 700; but ‘Noble seven hundred’ wouldn’t have scanned, and Tennyson, whilst annoyed with himself for the inaccuracy, reluctantly let the initial number stand as a record of the public feeling that attended news of the disaster.

This didn’t sit entirely well with him and he didn’t rush to plead ‘poetic licence’ for having a lower number in his poem, even when new facts came to light, which is a measure of the social responsibility he felt as Poet Laureate.

After the charge, not much remains of the ‘six hundred’ who rode into battle - nearly half of them had sustained heavy injuries or been killed, while the other half felt that the whole charge had been a colossal waste of life. Tennyson’s use of the word ‘left’ (‘All that was left of them, / Left of six hundred’) picks up on the word’s use earlier in the same stanza (‘Cannon to left of them’), but shifts the word’s meaning from a spatial sense to one denoting the sacrifice the men have made.

The poem’s insistent dactylic metre (heard so well in the poem’s opening lines, ‘Half a league, Half a league, / Half a league onward’) captures both the plaintive nature of the catastrophe and the dogged and dutiful charge of the men into ‘the valley of death’.

A false patriotism fails to recognize the role of the National Security Council breach in the abstract walls of the USA and

into that breach flowed the NWO.

‘Once more unto the breach, dear friends, once more’ is the second most famous speech from Shakespeare’s Henry V, after Henry’s celebrated Crispin’s Day speech. This speech comes in Act 3 Scene 1 of the play, during the siege of Harfleur in Normandy, carried out by the real historical King Henry V in 1415 as part of the Hundred Years War.

Or Indonesia, or Vietnam or the Ukraine or Russia. What are the plans who who made them? Not Robert F. Kennedy nor John F. Kennedy or Col Fletcher Prouty nor the voting republic of the USA.

When I went to Washington D.C. Arlington Virginia and Fairfax County to resolve being stalked and my mother's trust fund I tried one last patriotic thing going to the Korean War Memorial my father and I visited and the WWII Memorial I volunteered at. In each case teens were planted on me, etc.,

I had a that time two copies of my birth certificate with my mothers fathers and my name on them. The first one I defecated on through it out my hotel room door (Highalnder Motel my father once stayed in where i was also being framed as yellow tape was deployed, etc.,) and as disgusting as it was to me I defacted into the ice bucket so I could move the feces onto my birth certificate then urinate on it and throw it out the door and that i did. The second one I started that on but decided I might need it for getting out of the country. It is still crumples up and with feces and uine on it in trace amounts and my the windows password on it as I tried to give my PC to the russians with the evidence I had collected but I was receiving death threats over if I continued to write it.

Today 3/20/2024 I almost picked up another once I could send in to get a REAL ID for the USA but still I would rather burn myself to death than have one. I just don't know what is next but I know what is past. I dedicate all my books to anyone who as every shot and killed a police officer.

Someone blundered. And it was the police. And I know what others know. Don't be taken into custody if it can be avoided. Dirty Tricks are easiest for those who have badges.

Dedication (all NWC Books) Reprise

When I went to Washington D.C. Arlington Virginia and Fairfax County to resolve being stalked and my mother's trust fund I tried one last patriotic thing going to the Korean War Memorial my father and I visited and the WWII Memorial I volunteered at. In each case teens were planted on me, etc., I decided then I would dedicate myself to killing people in the USA and not die any other way but I still had some time left despite my age and diabetes.

I had a that time two copies of my birth certificate with my mothers fathers and my name on them. The first one I defecated on through it out my hotel room door (Highlander Motel my father once stayed in where i was also being framed as yellow tape was deployed, etc.,) and as disgusting as it was to me I defacted into the ice bucket so I could move the feces onto my birth certificate then urinate on it and throw it out the door and that i did. The second one I started that on but decided I might need it for getting out of the country. Ted Gunderson Posse and Being A Targeted Whistle-Blower

I have stated in this book and others I write as Ted Gunderson, dead, murdered by the FBI and CIA after being poisoned, thug attacked, and subjected to endless crimes and violence in the United States as he wrote about Eugenics programs and secretive studies in Franklin Nebraska Boys Town, in McMartin Preschool of Manhattan BEach the CIA involvement of those same studies in it, of the murder of Marilyn Monroe to conceal all this, the murder of the family of Jeffery McDonald and JFK and RFK to conceal this secretive order of secretive hidden and stolen identities and CIA and FBI progams that in fact were the same one the Army had under way that Captian Pike revealed and had been the subject of hearings at various times in various tangential and directly connected history.

I write as Col Fletcher Prouty. I write as Dorothy Kilgallen seperately from though with the same commitment MarK Shaw writes about her death.

I write as the the living member of that posse of Jen Moore, Gene "Chip" Tatum found dead after being tortured for months washed ashore in Panama. I write for Pacific Fleet William Cooper who explained on short wave radio he would be killed and also would never be taken alive because he know the USA operative killed JFK. He also said he saw something like a UFO and I do not know much about it. Since his death their is more information. Since even during WWII there have been efforts to create down draft devices by various techniques that are not rotary wing (helicopter rotors) pushing air down in some way to create a wightless plane that can move at will easily and qickly in any direction and with little or no wing drag as no need exists for lift and such a plane of lowered on the water might sink safely into it and rise again.

William Cooper explained he was no White Supremacist but

he was CIA connected working with CIA and US DOD Files related to the Kennedy assasintion. I won't go much further into his story though I have taken over his name and write and rewrite his works undew New William Cooper. As Edward Paul Donegan I write as Ted Gunderson, Gene Chip Tatum, and Jen Moore and myself as the Posse of Ted Gunderson and aproving anthology and life bio of his works.

I write as Danny Cassaloro and Gus Runtherbacker or whoever, and many others found dead and Phillip Marshall and Big Bamboozle II believing and having read and followed up on Big Bamboozle I. But more so than any I write for my father and mother and myself and for today when it is unsafe to use or go to a library as Whistle-blower because of Targeting programs, harrasmemt, threats, and conspiracy aginst rigghts. I write as a cop killer not because of who I am but who cops are. I write as Ted Gunderon Posse in a sense of one circle of McMartin School 1962 stories Jen Moore tells of my family and my and my birther and their lives and the assassination of JFK. I write as Lee Havery Oswald the Patsy.

Others have written about more than those I have named. Ralph Thomas of Austin his written about perhaps 250 dead witnesses to the Kennedy assassination those who knew too much, pehaps ten books in all. Other have written just as well and just as often, Mark Lane, Gary Shaw, Penn Jones Jr., and others.

SILENCED! Strange Deaths Of People Who Knew Too Much About The JFK Assassination: 92 Witnesses, Researchers, CIA Agents, Police Officers, Reporters, Girlfriends Who Just Knew Way Too Much! by Ralph Thomas. And Jen Moore was one of them too, silenced as she said she would be, but leaving the info about me and my family as she said she would do even if they killed her as threatened.

Silenced: When the Jim Garrison trials started, there had already been a huge number of witnesses, reporters, police officers and others who had suddenly died who knew too much

about the Kennedy Assassination. On March 1, 1967 New Orleans district attorney Jim Garrison arrested Clay Shaw for conspiring to murder John F. Kennedy. Shaw promptly had his attorneys file a motion for dismissal based on the fact that the Warren Commission proved that there was no conspiracy in the JFK Assassination. The court ruled in the state's favor claiming that the Warren Commission was hearsay. Garrison had wanted to bring to trial David Ferrie and was about ready to do so but he suddenly died. Since that time, the death toll has slowly risen to almost 100 people.

Silenced: Here are a few samples of silenced victims: Organized crime figures Johnny Rosselli, Sam Giancana, Charles Nicoletti had all been murdered right before they were to give testimony before the House Select Committee On Assassinations. CIA handler of Lee Harvey Oswald George DeMohrehschildt also died of a gunshot wound to the head after he was notified he was to give testimony before the House Select Committee On Assassinations. David Ferrie died right before he was charged with conspiracy to assassinate JFK. Intelligence officers And FBI agents David Sanchez Morale- CIA, William Guy Banister- FBI, James Cadigan –FBI, John Garrett Underhill Jr. – Intelligence Officer all died because they knew to much. Rolando Masferrer , Dorothy Kilgallen, Bill Hunter and Jim Koethe were going to expose too much but their exposure died with them. Assassination researchers Joe West, Larry Howard and Larry Harris were all about ready to bring forward new evidence of a conspiracy but their evidence was taken to the grave with them when they died. Material witnesses Jean Hill, Roger Craig, Hank Killam, Karen Carlin, Marily Walle, Rose Cheramie and Lee Bowers were just a few of the witnesses who saw and heard too much. The evidence they had died with them. Congressman Hale Boggs was a member of the Warren Commission that wanted to reopen the investigation. He disappeared in a small plane over Alaska. Lt. William Bruce Pitzer took photographs of the autopsy that revealed shots from the front. These photographs disappeared and he died of a gun shot to the head.

Silenced This investigation details the strange deaths of 92

people who knew way too much about the Kennedy Assassination. Inside there are 92 Witnesses, Researchers, CIA Agents, Police Officers, Reporters, Politicians and Girlfriends who just knew way too much! Some of them were outright murders like Mary Pinchot Meyer who was the girlfriend of John F Kennedy. Some of them are highly suspicious suicides, accidents and other strange incidents. In the profile of each victim, you will sometimes find links to online videos you can watch by clicking on the link. Note: This investigation was last updated on 05.01.2018 (End silenced book description)

The were expert researchers and writers who had a tie of some type like being in Texas at the time and seeing the cover-up. But I differ. I live in Texas today. Believe the use of Targeting to silence whistle-blower is the result of a Texas DPS Ranger not having his throat cut open over a toilet bowl, bot killing and EMS responder, or bus driver or the Community Based Assets used for Gang Stalks. The Government knew before I did what I was writing about and the truty of it it. As long as Texas law enforcement lives the truth will die.

It is that simple. Don't pull dirty tricks on a write. Don't try to blind him or destroy his home or office or threaten to kill him or poison him, and harrass and distract him. His book may save your life or take your life. A march toward the truth could turn eitehr way for you if you are part of this journey. I will die soon, and hopgelly in a fight to kill. Hopefull on a time frame I choose not their time frame, but they make the fight hard to turn down. I would like to write more and my research is resulting in more data that fits my verisio of history. But the crystal in my hand has changed color from age and from smear campaig crippling me in renting a home just as much as a parapalegic can not rent a home on the second floor because there is no ramp or elevator.

I am sure if a gunshot killed every Texas Law Enforcement worker we would be safer and closer to the truth of what happened to the USA and what happened to safety for whistle-blowers and historians.

There is not much in my control, that is controlled by the easy view and easy control the police have and interfere with in the spaces I a in.

Others write on the same subect I do and I know my story in proccess and substane is right, that it is unsafe for me to write. That I am sure of but the only thing I am sure of. I think the reason for this is the generations of elites who are descended from the conspiracty that killed JFK.

Don Henry and Kevin Ives

I write as them and their families and dedicate some of my books to them and the corruption that cost them their lives and family life spans fighting back against the corrupion

Glamme Domme and her Man Servant Olive

You will see this combination around quite a lot. Though albino as olives go I have been a man-servant to some Dominas at teams. They want to know "How does this feel? Even ask "Am I doing it right? What do men want? How should I act? What turns you on?" The Manservant Olive can manage to answer such questions for her. I am suggesting some olive skinned police or black ones or others like to role play as Olive the man-servant helping the domina with her business.

I try not to get too much into that area of dispute although Predatory Stalkers do. But this is what I a saying. Domestic terrorism, JFK assassination, Conspiracy Against Rights of a dissenting author, Racketeering and organ or tissue trafficking, all these are more important than the battle of best play-lists, but that battle is a distraction issue the FBI and others seem to want to fight.
